Matilda council

No more verbal agreements

CATHERINE THOMPSON
Leader staff

BRINSTON — Matilda councillors have learned from bitter experience not to make any more verbal agreements.

"We'll put up with the present waste disposal/fire agreement with Iroquois for nine months, but the next council should have all parts of the agreement in writing," said Lorne Mellan, Reeve of Matilda Township at a meeting here last Thursday.

In the original 1986 Fire and Waste Disposal Agreement, Matilda included a condition that Iroquois' heavy metal objects such as refrigerators be excluded from ordinary garbage.

Not wanting the stipulation written into the agreement, Iroquois made a gentlemen's agreement to separate heavy metals from other garbage, says Mellan.

A letter from Reeve Mellan to Iroquois Reeve Frank Rooney, dated February 4, states that because it is against environmental regulations and impossible to compact trenches properly, the Township could no longer accept mixed loads.

On February 18, the Village of Iroquois wrote back that the 1986 Firefighting and Waste Disposal agreement should be honored in its present form until the end of 1988, with the inclusion of mixed garbage as part of the agreement.

The Matilda dump site was visited by Environmental Officer Rheal Delaquis in late January.

Mellan said that Delaquis was satisfied with the operation of the site with the exception of a small amount of plastic which should not be burned with other garbage. In addition, large metal objects could not be properly compacted, and trenches would fill more quickly, said the Environmental Officer.

There is nothing addressing the segregation of garbage in the site's Certificate of Approval, according to Rick Eamon Ministry of the Environment representative. However, adequate compacting and covering of garbage is required by the certificate and by Regulation 309.

In a telephone conversation on Friday, Reeve Frank Rooney stated that he cannot remember the verbal agreement requiring Iroquois to separate heavy metals from its garbage. However, he has instructed the village foreman Ray Delegarde to put large metal objects on the back of the truck and take them to the back of the disposal area. But he is uncertain whether the trucks can get over that road this time of year.

Fire department searches for a new dispatch system

JUDITH O'BRIEN
Leader staff

MORRISBURG — The Morrisburg Fire Department is looking for a new paging system.

For the past eight years, fire calls have been answered and dispatched by employees of the St. Lawrence Ambulance Service.

But the ambulance service is moving its dispatching headquarters to Prescott this summer and has notified Fire Chief Les Bilmer that it will no longer accept calls after that point.

On Monday Bilmer approached village council and asked permission for a new system from CanPage Communications Ltd. of Cornwall.

"Iroquois, Newington and Ingleside have CanPage doing their calls now and as far as I know they are all happy," he told councillors. "Our only cost will be to set up. No one else I know could do this in town."

In addition to dispatching firemen, Bilmer said the company records all telephone conversations and manually logs each call.

There will be a one time set-up cost of $7,000 to $8,000 to establish equipment compatable to the CanPage system plus a monthly operating fee of $250.

Experienced

"This group is looking after the City of Cornwall at the present time," said deputy-reeve Bill Shearing. "They are experienced. If we go ahead with this Les will have to provide information on the volunteers, telephone numbers, details on our coverage area, key businesses and locations of hydrants."

"They will even, in dispatching a crew, identify the nearest hydrant for firemen. They help in the initial planning of the fire call."

Bilmer said the ambulance service has been handling fire calls as a favor to the department but now that the service will be moving the department must move quickly.

"Our crystals and pagers have to be changed," he said.

Following the discussion councillors gave Bilmer permission to proceed with the new system. There are 19 volunteer firemen in Morrisburg.

Trial changes locale

CORNWALL — James Henry Wise, a 44-year-old Chesterville man charged with toppling a Bell Canada communications tower near Williamsburg, requested a change of venue in District Court here last Tuesday.

A motion was made to change the location of the trial to the Ontario Supreme Court where he is to appear April 8.

"Then a date will be made for another trial which will most likely take place in Toronto," said Wise's defense lawyer David Scott. Scott would make no further comment on the case.

During a three day preliminary inquiry held in Morrisburg Provincial Court in February, Provincial Court Judge Ron McFarlane deemed there was sufficient evidence for the accused to stand trial.

Find waste solution for next year: MOE

CATHERINE THOMPSON
Leader staff

WINCHESTER TOWNSHIP — Steering committee members were warned at a meeting here Wednesday that the Ministry of the Environment may start to charge municipalities of the Grenville-Dundas waste management study which are not meeting their standards.

"Municipalities whose sites are nearly at capacity should develop a strategy for the next two years as well as the next 20," said Don Cook, of the Environmental Abatement section of the Kingston MOE office.

The Grenville-Dundas study is seeking a waste facility that will accommodate the area's garbage for the next two to four decades. A new regional landfill site may take four to five years before it is approved.

The lifespan of the present dumps in the 13 municipalities of the study area ranges from a few months to 11 years. "Almost every site has its problems," said Cook.

According to the Stage 2a draft report of the waste study, the Bouck's Hill site is almost at capacity. It has some operational difficulties such as uncontrolled burning and will be reviewed by the Ministry shortly.

The Church Road site has a remaining life of 11 years, which may change after review by MOE. A study conducted in 1977 revealed no offsite leachate. The site is small, well screened with a good buffer zone, but there is inadequate site operation.

The Matilda site is fairly large but the dry waste is not covered with adequate fill material. Local groundwater recharge conditions are suspected, and a groundwater taking permit is located nearby. The remaining life of 10 years may be adjusted after MOE review.

As a regulatory agency, the Ministry may issue tickets for infractions under the Provincial Offenses Act, similar to speeding tickets. In November 1987, Cardinal was fined $14,000 for improper burning and failure to compact and cover garbage.

"There are several options available to sites with little or no capacity," said Cook.

— A site with no life may be built up for a couple of years.

— A contract may be made with a private waste disposal firm, or with other municipalities.

— An Emergency Certificate of Approval may be obtained but only after engineering work. No certificate will be granted to a site with an environmental problem.

Brockville has had a $300,000 leachate collection system designed to prevent contaminants from entering Grant's Creek.

"If the Ministry approves the design, it may be easier for Brockville to apply for an emergency certificate," said Cook.

The Brockville site has two to three years capacity according to the Draft 2a report.

"Landfill sites of the future should be a far cry from present sites," said the environmental officer. A popular misconception about landfill sites stems from the time they were called "dumps" prior to 1971.

But apart from the taking of inventory and the covering of garbage, the operation now is not much different from the old

continued on page 3

High rates

JUDITH O'BRIEN
Leader staff

MORRISBURG — A report circulated by Ontario Hydro indicates that Morrisburg residents pay some of the highest hydro rates in Eastern Ontario but the figure can be misleading according to a Hydro spokesman.

A comparison of rural and average municipality residential bills released by the company, shows Morrisburg residents pay $62.13 per 1,000 kilowatt hours use.

A resident of Cardinal pays $56.18 for the same amount of use. In Iroquois the rate is $58.66. Campbellford had the lowest rate of $49.85 while the highest rate was recorded in Rockland at $64.20.

"It is a way for utilities to look at themselves and compare to other utilities in the same geographic area," said Ashley Labelle of Ontario Hydro.

Labelle said the rate charged depends upon various factors including whether municipalities charge different rates for the first 250 kilowatt hours use, whether utilities have their own generator, use diesel or water power, the number of customers served, the number of lines installed and the amount of future work to be done.

"Eighty to 85 per cent of the cost is usually determined by power consumption and the rest is capital work," said Labelle. "If the plant is older and needs more replacements the cost might go up."

"There are 11 utilities above Morrisburg out of 70 in terms of cost," he said. "If there are many electric heat customers it puts a strain on services."

Morrisburg Hydro is planning to build a new sub-station north of Hwy. 2 to alleviate the strain on its existing station and Labelle said that type of work could push costs up.

The hydro rates were based on 1,000 kilowatt hours use in non-electric heated homes.

Legislation will not affect rural trustees

CORNWALL — Proposed provincial legislation that would change the distribution of school board trustee seats will not affect the number of rural trustees on the Stormont, Dundas and Glengarry County Board of Education.

The legislation, known as Bill 76, has received first reading at Queen's Park and could become law before the November municipal elections.

Members of the S.D.&G. board originally thought the bill would reduce the number of rural trustees from eight to six and double the number of Cornwall seats to six.

The legislation was incorrectly interpreted, however, and the number of English-language rural trustees will actually increase to 10, while the number of Cornwall seats will increase to four.

Bill 76 says the number of trustee seats should be distributed on the basis of population. Board officials assumed that meant overall population but in reality it refers only to the number of school board supporters.

The 1985 census shows over 35,000 of the board's 50,000 supporters live outside of Cornwall in rural areas. It also reveals 68 per cent of the city's 45,000-plus school supporters belong to the separate school board system.

Despite the misinterpretation, county school board trustees have called on the Government of Ontario to include a clause in Bill 76 guaranteeing rural representation will not be reduced.

Additional boxes added to post office

MORRISBURG — For those suffering with a general delivery address, there is some good news—the Morrisburg Post Office has expanded its number of post office boxes.

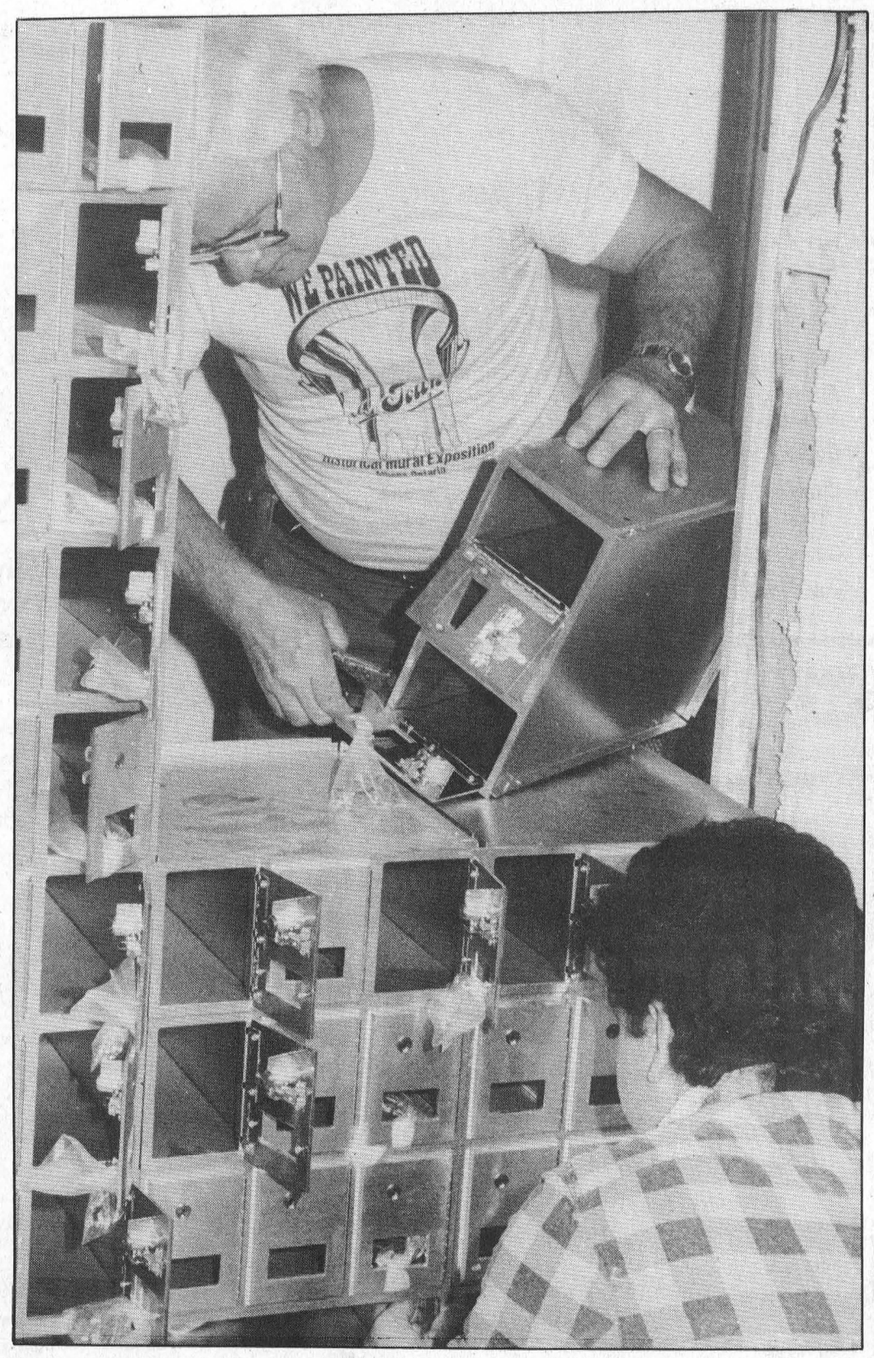
Work began last week to add 224 boxes to the existing 1,020 boxes and Postmaster Glen Cougler said there are enough to satisfy people on the waiting list and more.

"We had 66 people on the waiting list who see the attractiveness of the boxes," he said. "But we have boxes left over so we have people taking them who weren't on the list."

The majority of new boxes are small size with eight or 10 of the larger drawer size. Small boxes cost $6.74 per year to rent plus $2 per key which is refunded when keys are returned. Drawer sizes cost $20.22 per year plus the key charge.

Cougler said the shortage of post office boxes in Morrisburg has been a concern for the past three or four years. Each year when a report is done on the operation of the local post office a request for additional boxes has been made.

The work was undertaken by Lee Easter Construction of Athens.



Work that's "letter" perfect

Over 200 new post office boxes were added to the existing boxes at the Morrisburg Post Office last week. Above, crews from Lee Easter Construction of Athens are busy putting the finishing touches to the latest additions. —O'Brien photo

Happy 99th birthday

Celebrating her 99th birthday at the home of her daughter, Mrs. Jack McCracken on March 9th, was Mrs. Mary Johnston. Mrs. Johnston, who was born in Glasgow, Scotland in 1889 first came to Canada with her husband and daughter in 1923 where they settled in Saskatchewan. The lack of work forced the family to return to their homeland where an advertisement on Canada, again had them ocean-bound. This time they settled in Valleyfield where they remained until 20 years ago when they moved to Morrisburg. In good health, with a keen wit, Mrs. Johnston vaguely recalls the Boer War and of course both World Wars. She has lived through the reign of five monarchs beginning with Queen Victoria. A resident of Long Sault Parkway Lodge, she was honored by her family at her daughter's home last weekend and on the day of her birthday she was visited by several close friends. Daughter May, who is an avid golfer here in Morrisburg recalls that her mother tried the game when she was in her early 70s but didn't take to it. She preferred spending her time at crocheting and needlepoint from which her family now possesses several beautiful pieces. McNairn photo

Paper carrier wins Florida trip

CATHERINE THOMPSON
Leader staff

MORRISBURG — Through wind, rain, sleet or snow, newspapers must be delivered. But this week Lynne Serviss, an eleven-year-old Morrisburg girl, isn't delivering the papers because she is in Florida for the spring break.

Lynne is to visit Disney World, Epcot Centre, Sea World and Wet and Wild, as a result of a draw taken February 23 among Ottawa Citizen paper carriers. Twenty-eight names were drawn from carriers who had added five customers to their list.

"When Mom told me I was going to Florida, I said 'That's nice, Mom.' But when she said she was sending me to Florida for some peace and quiet, I started jumping up and down. And I ran off in my sock feet to tell the neighbours."

Lynne has learned much from four years as a paper carrier. She related these experiences in a prize winning speech recently at the Iroquois-Matilda Legion Lions speak-off.

Most of her customers are very nice and she does extra things for them, and is rewarded with tips and Christmas presents.

Senior citizens like to talk to her, and sometimes she has to help them. Some seniors forget where their money is, and one day, a senior paid her with a Bingo chip.

Some customers aren't so easy to please — like the man who yelled at her while his dog barked. Lynne has learned not to touch dogs, having been bitten once on the leg, and once on the seat.

There is no lack of advice from other family members — older brothers Dave and Steven are both paper carriers, and Dave won the trip when he was nine.

In sunny climes
Lynn Serviss headed south last week with 27 other paper carriers.
—Thompson photo

Ingleside Trinity UCW meet

INGLESIDE — The UCW meeting of Trinity United Church was held March 2, and opened with a poem by President Amy Pollock titled "I met a Friend the Other Day."

Unit 1 was in charge of the program. Joan Poapst conducted the worship including readings by Lavina Blue.

A food and farm facts quiz introduced the mission study. Members watched a film "Creation in Crisis" and discussed the plight of the Canadian farm and fisher families and the role of the church in meeting their needs.

The Presbyterial Annual Meeting was announced for April 13 at Prescott United Church. The Presbyterial Executive will meet June 14. Summer Event will be held July 15 to 17 at Kemptville College.

Lunch was served by Unit 3. Fellowship was enjoyed by all.

Council ponders the environment

IROQUOIS — Environmental issues are a growing concern throughout the province and one resident here wants council to make villagers more aware of their surroundings.

At their meeting Tuesday, councillors discussed a letter received from Claire Theismeijer urging council to hold an information session about the Grenville-Dundas Waste Management Plan and the village's recycling program starting in May.

Mrs. Theismeijer wrote in her letter that everyone needs to be made more aware of environmental issues and educated about them.

Councillors agreed with Mrs. Theismeijer and referred her letter to the Waste Management Public Liaison Committee along with correspondence from Environment Canada concerning Environment Week May 30 to June 5.

The members felt there were too many groups and individuals pursuing the same goals but working independently of one another. They would like all interested parties to approach the PLC and formulate an environmental plan acceptable to council.

•

Council has turned down a request to hold a teen dance with parent chaperons at the Civic Centre.

The refusal was based on the same reasons given for not allowing dances to be held on school board property.

•

In response to a request from Clare Graham, Publicity Chairperson, Iroquois-Matilda Cancer Society, council has declared April to be Cancer Awareness Month.

A resolution was passed at the meeting notifying the City of Brockville the municipality of Iroquois has agreed to contribute to the Brockville Recycling Feasibility Study.

•

Councillors decided against attending an Architectural Conservation Advisory Committee Conference in Sault St. Marie.

TOWNSHIP OF WILLIAMSBURG

NOTICE

DISPOSAL SITE HOURS

The following disposal site hours will take effect on April 1, 1988 and continue until September 30, 1988.

Bouck's Hill	Monday to Saturday	9 a.m. to 12 Noon
Church Road	Monday to Saturday	12:30 p.m. to 3:30 p.m.
	Tuesdays	6:30 p.m. to 8:30 p.m.

Gates at both sites will be locked at all other times.

Child Care: Opening New Doors

The availability of quality, affordable and flexible child care is a key to opening up the future for many women in Canada.

The Government of Canada has recognized the importance of accessible child care in assuring women's economic equality by introducing The National Child Care Strategy—a balanced mix of program initiatives, offering a wide range of choices to women who work inside or outside the home.

Highlights of the program include:
- the addition of 200,000 new child care spaces;
- the creation of a $100 million Child Care Initiatives Fund for developmental projects for child care and special needs groups;
- the increase of the Child Care Expense Deduction from $2,000 to $4,000 for children six and under or with special needs;
- the phase in of a $200 supplement to the Child Tax Credit for children six and under.

As Minister Responsible for the Status of Women, I invite you to learn how you and your family can benefit from the National Child Care Strategy.

Please write to me:
Barbara McDougall, Minister Responsible for the Status of Women, House of Commons Ottawa, Ontario KIA 0A6

Morrisburg council

Hot air warning is in effect

MORRISBURG — They say politicians blow a lot of hot air but councillors in Morrisburg have that angle covered.

March 30 has been declared Tornado Awareness Day.

The declaration was made at a council meeting Monday night following a request from the Ministry of the Solicitor-General.

●

A letter from the firm Totten Sims Hubicki Associates notified council the company could find solutions to the traffic problem at the corner of Fifth and Ottawa Streets for a fee of $3,500.

A representative of the firm has already made some suggestions to council including replacing the diagonal parking in front of the post office with parallel parking; closing the entrance/exit to Mac's Milk on Ottawa Street and closing the shopping centre entranceway on the same street.

"It seems to me that until we have the retirement centre finished we don't know for sure how much it will affect traffic," said councillor Gerry Rosenquist.

Deputy-reeve Bill Shearing was in favor of getting the study done.

"I think it will magnify the problem," he said. "I think we have a problem and we should address it. If we know what the answers are why haven't we done something about it."

Councillors suggested possible fencing in front of Mac's Milk on Ottawa Street and eliminating the diagonal parking at the post office but will make definite recommendations at next month's meeting.

●

The Minister for Senior Citizens Affairs notified council about its Senior Achievement Awards to be given out this summer.

The ministry is seeking seniors who have made significant contributions to their community.

Councillors agreed to forward the information to seniors' groups in the village.

●

In response to a letter from Morrisburg Public School principal Dick Turner to solve a traffic problem at the corner of St. Lawrence and Third Streets, council has agreed to install signs and meet with the school committee.

The crosswalk lines will be repainted and school crossing signs will be erected on St. Lawrence Street.

In addition, bus loading area signs will be installed behind the school to warn clinic traffic away from the area.

Councillors will meet with the school committee to present further recommendations, including making Clinic Road a one-way street and enforcing a no parking and no stopping rule around the crosswalk area.

●

Rosenquist told his fellow councillors that he would have to resign as the village representative to the Grenville-Dundas Waste Management Study.

He said all meetings were held in the morning or afternoon and he could not possibly attend.

Reeve Bill Dillabough has agreed to represent the village on the study.

●

Councillors supported a motion by the Association of Municipalities of Ontario not to make Sunday shopping a referendum item on the municipal ballot in November.

●

The successful Junior Men's Curling Team from the Morrisburg Curling Club will receive some financial assistance from council.

The team, skipped by Daryl Morrell, will represent Ontario at the national championship in Vancouver later this month and council has agreed to provide the four curlers and their coach with $50 each for incidental expenses. They will also contribute $50 towards the reception for the team March 20 at the curling club.

Councillors were pleased to receive a letter from Shirley Testerink of Questers Giftware praising the village crew for their quick work during a water line break February 25.

Testerink said the crew were thoughtful and quick to complete their job.

"People are often quick to criticize the town staff but it's nice to see people commend their fine work," said councillor Al Belanger.

Court News

MORRISBURG — Fifty-one year old Eric Barton was given 12 months recognizance yesterday here if he promised to keep the peace and be of good behaviour. Barton was charged March 8 with assaulting his father George Barton causing bodily harm. The two men live together on a farm in Matilda Township.

Keith Charles Casselman was charged with mischief February 19 for damaging a window. The 18 year old was refused a drink at the Loyalist Hotel and kicked the window on the way out. He pleaded guilty to the charge, was given six months probation and ordered to pay $274 restitution.

Waste site

continued from page 1

dumps.

"A properly constructed and monitored landfill site should operate with no environmental problems. Peel Valley in Toronto is an example of a well constructed site," added Cook.

A public meeting concerning the choice of a new landfill site will be held in the Williamsburg Legion Hall east of Bouck's Hill March 24, at 7:30 p.m. Williamsburg Township has five candidate areas for a site, Matilda Township has two.

A dramatic moment

Students at Rothwell-Osnabruck High School are busy preparing for the Seaway Drama Festival to be held in Cornwall March 25 and 26. The high school was the big winner last year. They will be performing "A Separate Peace" by Tom Stoppard. The play is directed by Clive Marin and features Mike Bird (in bed) and l-r Cameron Dixon, Karen Prieur, Sally Dewey, Laura Wereley and Heather MacLean.

Information available

The Prime Minister of Canada last week demanded that the Leader of the Opposition in Parliament break the law (The Official Secrets Act), by disclosing information about the invoking of The War Measures Act, nearly twenty years ago.

Unlike the Leader of the Opposition who is bound by his oath of secrecy, several of Mr. Mulroney's own people on the government side could easily fill him in on some of the pertinent discussions at that time.

The Hansard report for October 19th, 1970, page 335, records the motion to support the government's action, as follows:

Government Orders: National Security: Apprehended Insurrection - Motion under S.O. 43 to Approve Action of Government in Invoking War Measures Act.

The House resumed from Saturday, October 17th, consideration of the motion of Mr. Trudeau:

That the House approves the action of the government in invoking the powers of the War Measures Act to meet the state of apprehended insurrection in the Province of Quebec as communicated to the Prime Minister by the Government of Quebec and the civic authorities of Montreal and further approves the orders and regulations tabled today by the Prime Minister on the clear understanding that the proclamation invoking the powers as contained in the regulations will be revoked on or before April 30, 1971, unless a resolution authorizing their extension beyond the date specified has been approved by the House.

When the vote was subsequently called on the motion, the House divided on the issue, with 190 voting yea, and 16 members of the New Democratic Party voting nay.

The present Prime Minister was not then a member of the House of Commons. But many of his colleagues, past and present, were. And, to a man, they voted in favor of Mr. Trudeau's motion. Some of the better-known names supporting the motion were: Robert Coates, John Diefenbaker, Don Flemming, George Hees, Don Mazankowski, Pat Nowlan, Robert Stanfield, and many others.

This belated attempt to embarrass the Opposition Leader, before a generation which does not even remember "the Quebec crisis", has already rebounded. Almost every political journalist in the country has assessed it as an attempt to divert attention of voters from the scandals and bumbling which have plagued the Mulroney government since shortly after its formation.

Plastics in our daily life

So many things are now made of various plastics which are a part of our everyday life, it seems that some of these useful substances have been with us for centuries. But they have assumed their present importance only in the past forty years or so.

Today, you can live longer, eat better and drive your car more economically due to the versatility of these amazing substances, of which there are more than fifty types.

The medical profession has been able to extend the lifespan of many people through the use of plastic prosthetics and organs. Lightweight, plastic automotive components provide savings in gasoline consumption and costs.

Many countries now have nation-wide food distribution systems thanks to plastic food packaging. And closer to home, three plastics used primarily in household products are polyethylene, polystyrene and polivinyl chloride (PVC).

Polyethylene is used for making bottles to hold milk, bleach and detergent, as well as for refuse bags. You'll find polystyrene in such products as clear tumblers and medicine bottles, coffee cups, food and meat trays. And PVC is a major component in food packaging, floor covering, wall paper and house sidings.

Remarkably energy-efficient, petrochemical feedstocks to make all these varied plastic products in Canada, require only 1.5 per cent of the nation's total natural gas and petroleum usage.

Marijuana vs. Tobacco

It has been a common practice for marijuana users to argue that smoking pot is a harmless pleasure involving little, if any, risk. Whatever comfort they may have derived from that rationalization has now been dashed.

In a study conducted at the University of California at Los Angeles, and published in the New England Journal of Medicine, it was found that a single marijuana cigarette may be as unhealthy as five tobacco cigarettes.

The study involved 15 men who had smoked both marijuana and tobacco for at least five years. Measurements were taken after they had smoked one or the other substance, as well as after they had smoked marijuana from which the active agent THC had been removed.

Carbon monoxide levels, associated with coronary heart disease, were nearly five times higher after using pot than after smoking tobacco. Marijuana also produced three times the inhaled tar, with one-third more tar being retained in the lungs and other parts of the respiratory system.

The THC, present or absent, made little difference in the degree of respiratory pollution. The greater impact of marijuana is attributed to the way it is smoked — inhaled more deeply and held in the lungs for a longer period than tobacco smoke, for greater effect.

Prior studies by the same UCLA group had concluded that smoking three or four marijuana cigarettes a day caused the same degree of bronchitis symptoms and lung cell damage as smoking 20 tobacco cigarettes.

While the cry to legalize pot may still be heard from time to time, it can no longer be based on the proposition that smoking marijuana involves no health risk. On the contrary, the tobacco coffin nail, bad as it is, is not nearly so deadly as the marijuana spike. — Tampa Tribune.

This Week In Morrisburg's History

Compiled from The Leader's fyles by Bonnie McNairn

1978

Headlines in the March 15th, 1978 issue of The Leader read Youth severely injured during hockey game here. Steve Gorman, an 18-year-old Kemptville Juvenile hockey player was seriously injured in a tournament game when he was checked and fell against the boards. Reports indicated Gorman was paralyzed from the neck down but was conscious and able to talk. Although his condition was stable he remained in intensive care at the Ottawa Civic Hospital.

After three hours of jigging, Dalton Barkley of Williamsburg and Rick Froats of Morrisburg pulled an 18 pound pike through the ice where they were fishing near the Crysler Park Marina.

The Morrisburg Junior B Lions wrapped up their best-of-seven series against the Cardinal Broncos 4-1 finishing it off with back-to-back victories of 14-3 and 8-5. Leading the scoring in the final game were Leo Lafortune, with three goals and Jim Whelan with a pair. In other action the Prescott Saints ousted the Winchester Hawks in four games straight, their final victory a 5-0 showing. The Gill Cup showdown was now set to begin, the Lions looking for their third consecutive championship.

In the Meet Your OPP column, Constable John Ralko of Kenora, Ontario was introduced. Constable Ralko joined the OPP in 1975 and was posted to Morrisburg in 1976.

At Heinz Food Market, a two-litre container of Sealtest ice cream was $1.89 and a 26.4 ounce bottle of Pepsi was 29 cents.

1968

The March 15th, 1968 issue of The Leader reported that 12-year-old Cindy Cook received the Gloria Colburn Trophy for being the most improved figure skater in the Morrisburg Club. A good crowd was on hand to be entertained at the club's annual ice show.

Sap was running at the sugar bush and the sugaring-off was at hand. An extremely cold winter with plenty of snow pointed to a bumper harvest this year.

At the Dominion, sirloin steak was 98 cents a pound and white grapefruit were 10 for 69 cents.

In ODMHA playdowns, the Morrisburg peewees defeated Carlton Place 14-0, the latter conceding the series after the one game. Scoring for Morrisburg were David Cassell, David Hess, and Kevin Duvall with three goals each, Doug McNairn and Tommy Cassell with two and Ernie Duval with a single.

1958

The March 14, 1958 issue of The Leader reported that in the short time that had elapsed since the loss of the Morrisburg arena, the citizens of Morrisburg and district had lined themselves behind the committee which pledged to build a sports centre for the youth of the area. Contributions had already started to come in, the fund reaching $900. Plans were progressing favorably but before they could be finalized it was necessary to secure consent of a majority of the stockholders of the former arena to turn over their shares to the new committee.

At the curling club the rink of Stan Finnie, H.J. Johnston, S. Campbell and D. Hutt won the Pat Lid trophy.

1948

It was reported in the March 19th, 1948 issue of The Leader that the Gill Cup series was over and the Morrisburg Krafts had won the trophy defeating the Iroquois Indians. After the final game the Harry Duval trophy, for most valuable player, was presented to Jack Deeks.

Pictured on the front page was nine-year-old Barbara Langabeer of Morrisburg who was seriously injured in an accident more than a year earlier at school. Through the Crippled Children's Society, Barbara received special treatment and was equipped with a leg brace and special shoe. The society was kicking off its annual Easter Seal Campaign.

Mr. and Mrs. Edmund H. Thompson of Williamsburg celebrated their 57th wedding anniversary.

The Windsor House, on Lock Street, one of Morrisburg's oldest and most widely known hostelries had been undergoing a face-lift and now had increased accommodation in both the men's and ladies' beverage rooms.

Merrill's Furniture and Electric Store was featuring the new Philco "706" automatic radio-phonograph. No more fussing with lids, tone arms controls or needles, just put any size record in the slot, close the door and it played.

1938

The March 18th, 1938 issue of The Leader reported that taxi-driver, Alfred Snyder, was seriously injured when his taxi was struck by an automobile as he backed out of the driveway of the Millward-Bateman farm west of Morrisburg.

N.A. Myers of R.R.1, Iroquois was one of the 45 surveyors of the contingent of the 7th Fusiliers which left London, Ont., in 1885 for service in the Northwest Rebellion. He had been invited to attend an old boys reunion in London.

At Becksted and Rae a two-pound tin of Bee Hive corn syrup was 19 cents and T-bone steak was 21 cents a pound.

Mr. and Mrs. Adam Strader of Brinston were preparing to celebrate their 60th wedding anniversary.

Radio licenses on battery sets were to remain at $2 per year while for other radios the fees went to $2.50.

Dundas County was proud not only of its early settlers but of the scores of descendants who had reached the pinnacle of success in their chosen fields. One such family was the McMillans — descendants of Squire George McMillan — talented musician and vocalists who had stirred the hearts of many in bygone days. Three members of the noted family, Amelia, Alice and Lucy were presently in Hollywood and had been heard over the radio. Squire McMillan was a noted horticulturist and was responsible for spreading the fame of the McIntosh apples by planting hundreds of orchards throughout the county. The Squire accompanied his musical family on concert tours throughout the Ottawa Valley, the family making up an orchestra of seven pieces. As well, Amelia McMillan (Lamkin) was the author of several books one of which, "Ermine and Buckskin", won for her considerable fame.

You can beat high blood pressure

As we age, so do our hearts and blood vessels, putting us at greater risk of heart attacks, strokes and high blood pressure. But we don't have to "miss a beat" as we grow older if we take our blood pressure to heart.

Blood pressure is the push of blood against the walls of the arteries. Uncontrolled high blood pressure or hypertension, places an increased strain on the heart as it works harder to pump blood through the arteries. This could lead to an enlarged heart, increased hardening of the arteries and kidney disease.

Although high blood pressure is common in seniors — 25 per cent of those over 65 are hypertensive as compared to 10 to 15 per cent of the general population — many don't know they have it and don't have it under control.

Since high blood pressure generally produces no symptoms or distress, it can only be diagnosed through an accurate blood pressure test.

So, the first recommendations of Dr. Clair Williams, Director of Nephrology at Toronto's Wellesley Hospital is to be aware that your potential for high blood pressure increases with age.

"You may be in your older years and feel well, but still have high blood pressure. It's important that older Canadians have their blood pressure checked at least once a year through visits to the doctor or community clinic," he said.

If these check-ups reveal that you have high blood pressure, you shouldn't become alarmed. Even though hypertension cannot be cured, it can be controlled through minor lifestyle changes such as proper diet and exercise. In some cases, medication is prescribed.

Recent advances in medical science have brought development such as A.C.E. (angiotensin converting enzyme) inhibitors to the market. If used as prescribed, A.C.E. inhibitors can bring high blood pressure under control without some of the side effects of other anti-hypertensive medications.

In addition to medication, Dr. Williams suggests that if you have high blood pressure, you should reduce your salt intake and eat a balanced low fat, low cholesterol diet. He also recommends quitting smoking and taking up some moderate activity such as walking or swimming.

Whatever the course of treatment prescribed, it's important that you understand your doctor's instructions and follow them carefully.

"The best treatment plan is to follow your doctor's advice and keep him informed of any difficulties so he can consider changes in your treatment," says Dr. Williams. "And then just keep on living a normal life."

OBITUARIES

John Banford

A native and lifelong resident of R.R.2 Iroquois, John Banford, retired farmer, died at Winchester District Memorial Hospital on Friday, March 11th. He was 96 years of age.

Born in Matilda Township, September 23rd, 1891, he was a son of the late William Banford and his wife, the former Isadora Hanes.

He attended the area schools, and in Mountain Township on June 30th, 1915, he was married to Esther Smith, who predeceased him in 1973.

He is survived by five sons: Alex and Edmund, both of Smiths Falls, Charles of Pefferlaw, Rae of Dixons Corners and Clair of R.R.2, Iroquois; also surviving are nine grandchildren and 16 great-grandchildren. He was predeceased by a daughter Marian Locke; by six sisters: Carrie Strader, Louella Hamilton, Laura Montgomery, Blanche Reid, Emma Ball and Kathleen Fader; also by two brothers: Hanes and Richard Banford.

Friends were received at the C.W. Marsden Funeral Home, Iroquois, where funeral service was held on Sunday, March 13th at 2:00 p.m. with Rev. Allan Tysick officiating. Interment will be at Hanesville cemetery, later in the spring.

Pall bearers were: Carl Seeley, Cecil Locke, Stanley Jordan, Glen Johnson, Newell Hanes and Basil Fader.

Lera Edna Rutherford

A lifelong resident of this area, Mrs. Lera Edna Rutherford died suddenly at her home on Monday, March 1st. She had suffered from diabetes for the past ten years, and her death was attributed to a heart attack. She was 69 years of age.

Born near Osnabruck Centre in March 1920, she was a daughter of the late Nathan and Mary Gallinger. She attended the area school, and was married at Morrisburg to Basil H. Rutherford who survives.

She is also survived by a daughter, Mrs. John A. Larmour, and a grandson, John Christopher Larmour of R.R.1 Morrisburg; a sister Florence Runions of Cornwall and numerous nephews and nieces. She was a member of Lakeshore Drive United Church, Morrisburg.

Friends were received at the Fairbairn Funeral Home, Morrisburg, where service was held on Thursday, March 3rd at 2:00 p.m., with Rev. Don Smith officiating. Interment will be at Iroquois Point Cemetery later in the spring.

Pall bearers were: Allen Baker, Daryl Runions, Keith Runions and Robert Graham.

Women's Institute

The Williamsburg Women's Institute met in the Senior Citizen's room on March 9.

President Mrs. Clair Algire opened the meeting with the "Ode and Collect". Ten members answered the Roll Call, "A change that has occurred in the educational system since your school days".

The motto for the March meeting was "A busy mind is never a bored one."

Mrs. Arden Trickey, convenor of Education and Cultural Activities" introduced her guest Miss Olive Warren, who showed the ladies how to do "Macrame", which was most interesting.

Mrs. Ralph Casselman thanked the guest and presented her with a small gift of appreciation.

Lunch was served by the hostesses Mrs. Norma Herriman and Mrs. Clair Algire.

Local & General

Winners of the recently held euchre were Lynn Gilmour, ladies 1st, Doris Hill, ladies 2nd; Kezia Wells, men's 1st, Doug Gow, men's 2nd;.

Door prize winners were Edith Capstick and Doug Gow.

Bridge winner was Barbara Gaiser.

Half and half draw winners were Barbara Gaiser, Verna Beckstead, Dick Gaiser, Sylvia Jones and Phyllis Jones.

Correction

An error in last week week's Leader reported that both Julie Strader and Allison Scott won the Junior Bronze Freestyle at a skating competition in Cornwall.

In fact Julie placed third in Junior Bronze Freestyle while Allison was first in Senior Bronze Freestyle.

The Leader apologizes for the error.

IN MEMORIAM

LAPIERRE — In loving memory of a dear husband and father Tim LaPierre who passed away March 13th, 1986.
Each morning when I awake and know you are gone.
No one knows the heartache as I try to carry on.
My heart still aches in sadness
A secret tear will flow
What it meant to lose you Tim
No one will ever know.
My thoughts are always with you.
Your place no one can fill
In life I loved you dearly
In death I love you still.
They say that time heals everything
But that is not so
Because it hurts as much today
As it did two years ago.
Our family chain is broken
and nothing seems the same.
But as God calls us one by one
The chain will link again
I only have your memory
To remember my whole life through
Sadly missed and always loved by wife Flossie, daughters, Shirley, Lorraine and Karen, son-in-laws Bud and Harold
11pd

CASSELMAN — In loving memory of a dear mother and grandmother, Mary Ann Casselman, who passed away March 18, 1985.
Always so loving, thoughtful and kind,
Few on this earth, her equal we find,
Honorable and upright in all her ways,
Loyal and true to the end of her days.
God knew that she was suffering
That the hills were hard to climb
So he closed her weary eyelids
And whispered peace be thine.
So please God just take a message
To mother in heaven above.
Tell her how much we miss her
And give her all our love.
Sadly missed and always remembered by daughter Evelyn, granddaughters Connie and Carolyn and son-in-law Neil Carmichael
11c

BILLINGS — In loving memory of our dear son Joe who passed away March 19th, 1981.
He had a smiling pleasant way
A helping hand to all he knew
He was so kind so generous and true
On earth he nobly did his best
Grant him Jesus heavenly rest.
Sadly missed by
Mom and Dad
11pd

LAFORGE — In loving memory of a dear friend, Carole who passed away March 17, 1987.
When evening shades are falling,
And we sit in quiet alone,
To our hearts there comes a longing
If she only could come home.
Friends may think we have forgotten
When at times they see us smile.
But they little know the heartache
Our smiles hide all the while.

Open house June 15

Playhouse to begin fifth season

MORRISBURG — A double bang marks the kick-off of Upper Canada Playhouse's fifth season beginning in June.

"My Darling Judith" will open June 25. On the next night, "Lucien" is back. "Bordertown Cafe" will open July 16 and "The 401 Show" on August 11. The Upper Canada Children's Festival begins with a matinee August 7 and continues August 8 and 9.

"My Darling Judith" is the newest comedy by Canada's most-produced playwright, Norman Foster.

Set in a summer cottage in rural Ontario, this hilarious modern comedy of manners deals with the folly of a man who makes too much money. The play will make its Ontario premier at the Playhouse.

"Lucien", the Acadian millworker is back for a very limited engagement. Written and performed by UCP's Artistic Director Marshall Button, and recently returned from a successful coast to coast tour, "Lucien" is stocked with fresh material.

Many disappointed customers were turned away from last year's sold out performance so check this year's dates so you don't miss "Lucien" this season.

"Bordertown Cafe" by Kelly Rebar is a captiviating play set in a roadside diner near the Canadian-American border.

The story features the struggle of a young man torn between adolescence and adulthood.

In the days of free trade and Shamrock summits, Jimmy's identity struggle provides both an entertaining drama and a platform for the Canadian consciousness.

"The 401 Show" written by Button with music by Susan Wesson, is a musical revue inspired by the most boring highway this side of Saskatchewan.

A highway with more than enough characters depending on it for their livlihood, recreation or their ticket to somewhere else.

The idea for the Upper Canada Children's Festival grew out of the success of last year's children's play, "The Lion, The Witch and The Wardrobe."

Entertainment for the young and the young at heart will include Ottawa's nationally acclaimed "Rag and Bone Puppet Theatre" a musical entertainer and more.

Help needed

CORNWALL — Volunteer listeners and readers are required in Cornwall and in S.D.&G. and Prescott-Russell to monitor coverage of health issues in the media — newspapers, radio and television, including community channels. Anglophones and Francophones are needed.

This work can be done at home and anyone interested should contact Dr. John Darbyshire at Cornwall 933-1385 or at 1-800-267-7120 if calling from out of the city.

BIRTH ANNOUNCEMENT

CASSELL — Douglas and Nancy are proud to announce the birth of their first child, a boy, Andrew Douglas, on March 13, 1988, weighing 7 lbs, 1 1/2 ozs. First grandchild for Andrew and Ali Van Beilen and seventh for Charles and Shirley Cassell.

Hello, my name is Lauren Catherine Keyes, I arrived at the Salvation Army Grace General Hospital in Ottawa at 10:45 p.m. March 6th, 1988, I weighed in at 8 lbs. 3 oz. and I'm 20 1/2 inches long. Me and my parents, Shari and Kevin Keyes would like to thank Dr. Hulley, and the ladies at the office, Alexis and all the nice nurses at the hospital for my safe arrival and all their help. And we would like to thank our family and friends for all their support and beautiful gifts.
11pd

number of 12 hour licence suspensions	4
number of vehicles checked	236
number of liquor licence act charges	2
number of criminal code driving offences not arising from RIDE program	1

CARD OF THANKS

My parents, Fred and Zella Cunningham, have asked that I thank all those who were kind enough to visit or send cards or letters to them while they were residing in the Mayfield Retirement Home in Prescott, and during my mother's 3-month stay at Brockville General. It was a very traumatic experience for them to have to move from their home in Morrisburg but to know they were not forgotten helped to ease the pain. They are now residing in Carveth Care Centre, 375 James Street, Gananoque, Ontario. K7G 2Z1. Your cards, letters and/or visits will not be more welcome than ever since they feel so far away from home. I too express my sincere thanks.
Hilda Cunningham
Gananoque
11pd

I wish to extend my sincere thanks to Doctors Coolican, Rosenquist, Nicholson and Houze and to the staff in I.C.U. and second floor at Winchester Hospital for the excellent care extended to me during my recent stay.
Vera Pharaoh
11pd

Williamsburg Cubs, Beavers, Brownies and Guides thank all who helped to make their annual banquet on February 25 a success. Special thanks to UCW Auxiliary and to generous sponsors Williamsburg Oddfellows, Williamsburg Legion and United Church. Thanks to Butch Foley for great entertainment.
11nc

I wish to thank all my friends and relatives for their cards and welcome visits while I was a patient in Winchester Hospital. Special thanks to Dr. Nicholson and nurses on the first floor.
Muriel Gow
11pd

I wish to express my sincere thanks to everyone for their many gifts, cards, prayers and visits during my lengthy stay in hospital at Kingston.
Terri Stitt
11pd

The Morrisburg and District Co-Op Preschool would like to thank the following businesses for their kind contributions to our raffle. Thanks to their generosity and that of our friends who bought tickets, our raffle was a great success. Crowder Monuments, Charlie's Sport Shop, Upper Canada Motor Sales, Stedman's, Cook's Corner, Stewart's Electronics, Allison's Real Estate, Seaway Valley Pharmacy, Edie's House of Fashion, Village Green, Hair Studio, Whitteker's Meat Market, Laurin Laurin, Barclay's, Odonto, Lisa's Hair Loft, Mr. Grocer, Spinning Wheel Restaurant, Morrisburg Leader, Morrisburg Building & Plumbing, Freshmart, Morrisburg Deli, Village Stylists, Centennial, Eat N' Run, House of Carpet, Biba, Home Hardware, Seaway Video, Canadian Tire, Morrisburg Animal Hospital, Seaway Gas Bar, Rhom & Haas, Edgerton Baker, Strader Motor Sales, BrisBar.

Island subdivider must meet conditions

OSNABRUCK CENTRE—An 83 lot multi-million dollar subdivision on Ault Island can not be put on hold but the township can make sure conditions are met before signing an agreement. At a meeting here on Monday, Planning Board Chairman Bob Cottrell stated that all the stipulations would be set out in writing before forwarding to Nepean developer Bill Buchanan.

Mr. Buchanan is eager to go ahead with the subdivision. "This has dragged on long enough: let's not have an overkill situation."

His proposed subdivision would be placed on 63 acres of vacant land on Ault Island west of Ingleside along Lake St. Lawrence, with lots from 25,000 square feet to one acre costing about $30,000 each. Residents are concerned about the effects the project would have on their wells and septic systems and upon the island's wildlife.

However, the subdivision has met Ontario Municipal Board approval if 18 conditions are met. On Monday, the Township spelled out a number of conditions they will insist on.

— WIllbruck Drive would have to be upgraded with cost sharing by the developer.

— Financial conditions must be met — either a performance bond or letter of credit for the developer.

— The drainage plan must be more detailed. "Our policy in the last two years has been to show placement of well, septic systems, and tile beds so that the distance among these required by the Eastern Ontario Health Unit may be maintained," said Special Projects Officer Bart Whitton.

"A topographical map establishing grades for individual lots should be shown. We don't want one lot to be flooded by water from another lot," Whitton continued.

Buchanan said he would be willing to show approximate locations of structures, buildings and facilities, but Whitton replied that there could be no deviations from Ministry requirements.

Residents were concerned about the effects that large infilling might have upon their septic systems and drainage. Buchanan replied that he needed to see the engineer's comments before he could comment.

The developer stated he had not made contact with the Ministry of the Environment because he was awaiting municipal approval of his project, and the Ministry was backlogged. However, he would be willing to send the plan drawings to the Ministry.

Hydrogeological Report Changes Outlook

The results of a hydrogeological report that the township had prepared by Golder Associates would indicate that the soil might not support the density of the proposed population. Eastern Ontario Health Unit had conducted four percolation tests to evaluate the soil for installation of septic tile fields, however Water, Earth Sciences had not conducted percolation tests.

The Eastern Ontario Health Unit recommends that new percolation tests be carried out after surface grading and drainage of the site is completed in order to determine the size of tile fields. Thus final lot size could be altered after these tests are performed.

Other concerns

The Township complained about future maintenance problems with a chain link fence which the St. Lawrence Parks Commission had requested to protect Ministry of Natural Resources nesting areas. Buchanan replied that the township should write to the SLPC requesting that the condition of a fence be removed.

The Planning Board was not pleased with the secondary access route to Willbruck Drive which was approved by the OMB. "In case of emergency the intersection here with Williamsburg Township could be blocked," said Carson Elliott.

One councillor thought that two more test wells should be drilled before the whole environmental picture could be known. "There is a real question whether the subdivision can support the density of population, and further tests are required for sewage disposal," said Don McElheran.

Condition No. 10 or MOE requirements with regard to wells and septic systems should be settled before the other conditions can be discussed, according to Cottage Association representative Morris Davison. "Also, park land should be centrally located on Willbruck Drive, and more of the engineering costs of all this work should be borne by the developer," said Davison.

Although no quick approval for the subdivision was forthcoming, the planning board will send the developer stipulating conditions after receiving the engineer's report on Willbruck Drive.

TOWNSHIP OF OSNABRUCK

NOTICE

DOG LICENSING & REGISTRATION

Summary of By-law No. 88-09 which was passed in open Council March 7, 1988.

This By-law applies to:

1) All dog owners
2) The owner of every dog in the Township shall pay a licence fee (before or on 31st day of March, each year) to the Animal Control Officer, Judy Scharf, Phone No. 984-2294, of:
   (1) $12.00 each male or female dog,
   (2) $25.00 for a Kennel License.

A Kennel is defined as any premises where more than **three purebred** dogs of the **same breed** including at least one male and one female are lodged, treated, kept or boarded.

(3) The Dog Control Officer may seize any dog found running at large and released to the owner on payment of $12.00 plus $6.00 per day (board fees) to a maximum of three (3) days. Any dog should be claimed in three (3) days. The three (3) days do not include the day caught, holidays and weekends.

(4) No person is allowed to keep more than two (2) dogs in or about a dwelling unit in the areas defined as:

1 – Ingleside	– Schedule A-1 Zoning By-law 79-44
2 – Newington	– Schedule A-4 Zoning By-law 79-44
3 – Osnabruck Centre	– Schedule A-2 Zoning By-law 79-44
4 – Lunenburg	– Schedule A-3 Zoning By-law 79-44
5 – Long Sault	– Schedule A-5 Zoning By-law 79-44

By-law No. 88-09 is open to inspection at the Township Office, 8:30 a.m. - 12:00 noon, 1:00 p.m. - 4:30 p.m., Monday to Friday.

Dreams, Twisters set sights on town hockey league silverware

MORRISBURG — Led by a five-goal performance from Allen McNairn, Sweet Dreams posted a 12-5 victory over the Blues in Town Hockey League action here Thursday night and they will now advance to the best-of-five championship against the Twisters.

The Dreams opened the series against the Blues with a 10-9 overtime victory but the Blues held off elimination in game two with a 6-5 win.

In game three, the Dreams started strong building a 3-1 first period lead and they remained out front 7-5 after two. The Blues were unable to beat goaltender Jack Bjergso in the third, while the Dreams carved another five for the 12-5 victory.

McNairn had an outstanding game opening the scoring at 10:15 of the first and less than a minute later Donald Black added one. McNairn then hit for the next four in a row, the first coming with three seconds left in the first frame and his final with 2:19 left in the second period.

Frank Hummell opened the Blues' scoring midway into the first frame and then, starting at 4:26 Kevin Duvall took charge with three goals which momentarily put them back in the game.

After Duvall got it rolling with his first tally Bob Deleavey stepped in for a single and then it was back to Duvall with counters at 5:47 and 5:55.

His final goal tied the game 5-5.

But it wasn't long before Sweet Dreams were back in control, McNairn's final tally giving them a 6-5 lead. With 1:51 left in the second Larry Gallinger put them up by two.

Third period action was dominated by the Dreams who collected another five goals. Donald Black struck for two to complete a three-goal performance and Tim Gleason, Larry Gallinger and Sean Boulerice had singles.

The Leader Sports

Junior B hockey

Lions trail Glens by two games

MORRISBURG — Although the season is not over yet, the situation isn't looking good for the Morrisburg Junior B Lions who now trail the Alexandria Glens, 2-0, in the best-of-seven St. Lawrence division semi-final.

The Lions and Glens opened the series Friday night in Alexandria where the Glens posted an 8-5 win and Sunday night in Morrisburg they upped their advantage to two games with a 6-2 victory.

"They are hungry and playing good hockey," said Lions' coach Kevin Casselman. "Their American additions on defence have made quite a difference."

During regular season play the Lions had little trouble against the Glens who finished second overall in the league, just ahead of the Lions.

"We're coming up short," says Casselman. "We're not getting any breaks and we're not getting the work from the players."

"If we can get a break, we can get back in the series," he added. "We have a better hockey club than we are showing."

Open on short-handed goal

Friday in Alexandria, the Glens got it going with a short-handed goal one minute into the game and from there they went on to build a 3-2 period lead. Two goals were traded in the second, allowing them to carry a one goal advantage into the final where they outscored the Lions 3-1 for the 8-5 win.

Glen Campbell and Andrew McCormick had three goal performances for the Glens, Campbell registering a hat trick, with goals at 17:44 of the second and 0:56 and 9:17 of the third.

Completing the Glens' scoring were Andre Lapansee and Andy Meth with singles. Danile Brunet was between the pipes for the win.

Johnny Morrow and Rod Lemieux provided two goals each for the Lions, Lemieux getting both when the Lions were enjoying the powerplay, and Randy Jodoin added a single.

Andy Cummins was between the Morrisburg pipes and faced 39 shots to Brunet's 30.

The Lions handled six minor penalties, two double minors and a five minute fighting major and game misconduct to Dan Dupelle. The Glens sat out 10 minors.

Short on offence

Sunday night in Morrisburg the Lions again came up short in the offence department managing only two tallies against the Glens' six.

The Glens led 2-1 after the first period and 4-1 heading into the third.

Andy Cummins was between the Lions' pipes for the first two periods, and Kent Pilon, who has been side-lined for the last three weeks with an injury, relieved him for the third. Brunet again handled the action for the Glens.

Chris Carney led the Glens' scoring with two goals and Glen Campbell, Andre Lapansee, Leonard Sequin and Andy Metch had singles.

Bobby Jack Hart and Randy Mullin counted for the Lions.

The Glens handled 10 minor penalties and the Lions had seven.

Heading into game three last night (Tuesday) in Alexandria the Lions were faced with a must-win situation.

Crucial game

"Tuesday's game is a crucial one," said Casselman. A win here would have the Lions returning to the Morrisburg Arena tonight (Wednesday) behind 2-1 with home ice advantage. But the two losses now force the Lions to win two games on Alexandria ice.

Even though they've bolstered their defence, we're not out of it yet," said Casselman who was hoping to have Mike Casselman in the lineup for Tuesday's game.

"Mike could be the spark we need," said Casselman. "He would definitely be an asset to our offence."

Mike, who played for Clarkson University this year has just wrapped up the season there and was signed to a Lions' card prior to the February 10 cutoff.

If the Lions hold on, game five of the series will be played in Alexandria Friday, March 18 at 8:30 p.m. and game six will be in Morrisburg Sunday, March 20 at 2:30 p.m.

In the other St. Lawrence division semi-final, the CharLan Rebels are holding a 3-1 lead over the Winchester Hawks.

The Rebels won game one, 7-1, but the Hawks came back in game two for a 7-4 victory. CharLan then posted back to back, 5-2 and 5-3 victories, to take the 3-1 series lead.

Game five is Wednesday night in Williamstown and game six, if necessary, will be played in Winchester Friday, March 18.

Figure skaters have good test day results

MORRISBURG — It was a good weekend for Morrisburg and District skaters who produced 17 passes in skate tests held in Cornwall Saturday and Morrisburg Sunday.

At the centralized test day in Cornwall, Kristen Crocker passed the 14 Step and Terri Kennedy the Rocker. Trisha Elliott received her pass in the American, Juli Strader in the Starlight and Kilian, and Lydia Paulino in the Vienese.

At the low test day in Morrisburg, Sunday Melanie Warren had a big day with passes in Preliminary Freestyle, and the 10 Fox and Fiesta dances.

Also getting good results were Becky Strader with passes in Preliminary Freestyle and the Swing dance.

Pam Barsi picked up her Junior Bronze Freestyle and First Figure and Julie Wells passed her first figure.

Crystal Hummel passed the Dutch Waltz, Leanne McNairn the Swing and Angela Bowers the Fiesta.

Atom Bs lose in tourney final

BROCKVILLE — March break provides plenty of time for hockey tournaments and the Morriburg Atom B Lions made sure they were in the action when they worked their way to the B final of a tournament played here Monday.

The Lions opened with a 7-2 loss to Gardon which knocked them into the B side of the affair. Here they produced a 4-2 victory over North Dundas to advance to the final against the Athens Flyers, but they were turned away by a 6-1 score.

The Lions fell behind Gardon in the opening period of their first game, 3-0. They managed one counter in the second and another in the third.

Providing the Lions' scoring were Jamie Helmer and Jonathan Saunders, both goals unassisted.

For game two the Lions got on the right track for a 4-2 victory over North Dundas. But they didn't find the track until the third period when they struck for all four goals.

North Dundas got on board in the second with goals from Adrian Pancriprov and Murray Link. The Lions came charging back in the third, Jonathan Saunders getting it going with two in a row. Jason Rice got the winner midway into the frame and Saunders completed his three-goal performance with three seconds showing on the clock.

In the B championship the Lions managed their lone tally in the third period from Saunders with Jamie Helmer assisting.

Bantam B Lions trail Iroq-Card

CARDINAL — Iroquois-Cardinal opened the Upper Canada Minor Hockey League's Bantam B championship series here last Tuesday night with a 3-2 victory over the Morrisburg Lions, the winning goal coming with 37 seconds left in the game.

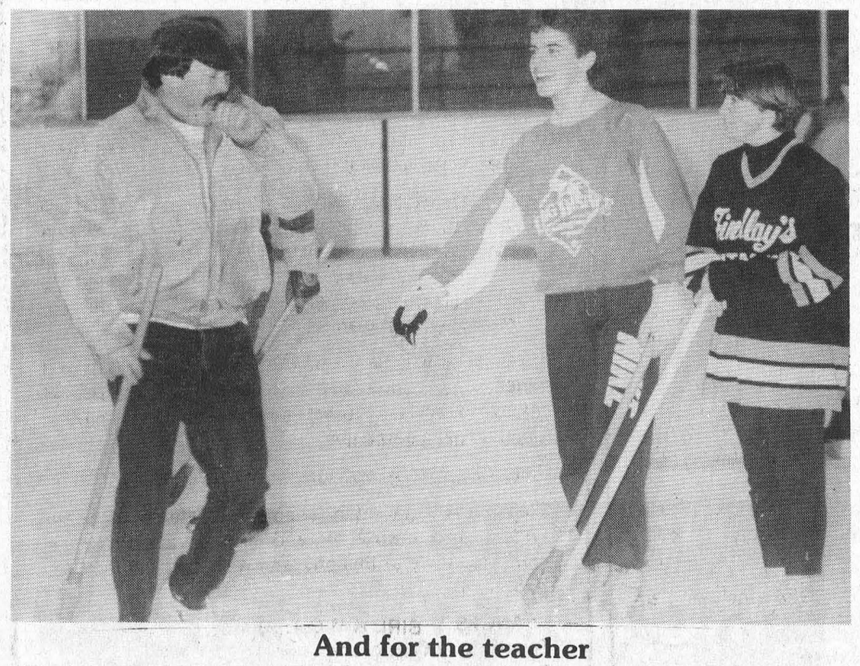
Tory Deschamps supplied the winner with Mike Whittaker assisting, to give Iroq-Card a one-game advantage.

Iroq-Card started it strong with single goals in each of the first and second periods. The Lions finally got on board in the third when they came back and tied it 2-2.

Early in the first period Marty Hoy opened the scoring for Iroq-Card and, with 2:14 left in the second, Terry Hamilton increased the advantage to 2-0.

David Foster got it rolling for the Lions early in the third with an unassisted tally and at 4:10 he tied it with help from Dale Serviss.

The Lions handled four minor penalties and Iroq-Card had two.



And for the teacher

Morrisburg Public School principal, Dick Turner gets a word of encouragement from students during a student-teacher broomball game last Friday. The game, part of the school's annual winter carnival, was won by the students quite handily. McNairn photo

Legion Darts

MORRISBURG — Only three points separated the top three teams in Legion Darts, after it was all over here last Tuesday night.

As was expected it came down to the wire, the Kings and Queens and B52s both moving past the first place Spoilers, who were sitting out the evening bye.

The B52s produced four wins to move into first and then waited it out as the Kings and Queens went after their third win of the night to oust the B52s and take first by one point.

The wait didn't take long as Pat Filiou found the spot the Kings and Queens needed and the season was settled.

The Kings and Queens took first, the B52s second and the Spoilers third.

The Kings and Queens, who were playing the Strangers, had outs from Orval Jackson, Larry Ashforth and Pat Filiou and for the Strangers, Gail Kelly had two and Terry Laurin and Floyd Elliott singles.

The B52s produced their 4-3 win over the Double Ones, Brian McNairn leading the way with three outs and Karen Beckstead adding a single.

Minnie Vaughan had two for the Ones and Roy Lapierre a single.

The fourth place Arrows suffered a 4-2 loss and settled for one tie against the Odd Ones. Gerry Roberts led the latter with two wins and Audrey Henophy and Ted Jarvis had singles.

Bonnie McNairn and Mary Baker had the Arrows' wins.

Led by the four-win performance of Alec Whittaker, the Flyers finished the season with a 5-2 win. Mary Barclay backed Whittaker with a single and Lyndon Casselman and Charlotte Cougler had the No Outs wins.

The battle for the league's basement position, between Daredevils and Awesomes, went to the Daredevils despite a 5-2 win.

Guy Hart and Bob Henophy had two each for the Daredevils and Dalton Dawley had a single. Judy Laurin and Alice McNairn had the Awesomes' wins.

Top five throwers: Brian McNairn 140; Bobby Jack Hart 120-100; Judy Laurin 117; Gail Kelly 103; Mary Ann Whittaker 102.

FINAL STANDINGS

Kings and Queens	171
B52s	170
Spoilers	169
Arrows	159
Strangers	153
Double Ones	144
No Outs	132
Odd Ones	131
Flyers	117
Awesomes	100
Daredevils	94

Legion bowling

INGLESIDE — After holding the position for just one week, the Bad News Bears fell out of first place Thursday night and the Cyclones and Silver Bullets were only too happy to fill the spot.

The Bears split the four points with the Dipsticks and were forced to drop back into second place when the Cyclones defeated the Three Ballers 4-0 and Silver Bullets won against the Back Spinners 4-0.

Frank Marriner led the Cyclones with a 678 cross on single games of 217-248-213 and Morita Morin was top roller for the Three Ballers.

The Silver Bullets picked up their share of first with a four-point win over the Back Spinners. Gary Cryderman led the Bullets with a strong 738 (295-201-242) and George Baker was the top Spinners' roller.

The Bears fell out of first when they split the night with the Dipsticks, Linda Stata leading their effort with an impressive 734 (324-184-226). Nora Markell had a good night for the Dipsticks with a 712 cross (264-192-256).

The Go Getters moved all alone into third place with a 3-1 win over the Basement Team. They had high crosses from Gary Brewer with a 619 (141-224-254) and Barb Marriner with a 600 (205-195-200).

Answering for the Basement Team were Carmen Massie with a 612 (182-206-224) and Hilton Cryderman with a 617 (217-210-190).

The regular season wraps up this Thursday night, the top spot still very much up for grabs.

Cyclones	51
Silver Bullets	51
Bad News Bears	50
Go Getters	48
Back Spinners	45
Three Ballers	44
Basement Team	42
Dipsticks	37

Bantam C

Overtime goal ends it

MORRISBURG — An overtime goal from Kevin McCormick lifted Long Sault to a 4-3 victory over West Carleton and the A championship of a Bantam C hockey tournament played here Saturday.

Long Sault worked their way to the championship game with preliminary round wins over Alymer 9-1 and Morrisburg 10-2.

In the final they fell behind their opponents 2-1 in the first but came back in the second for two tallies to West Carlton's one, to tie it and force overtime.

Also scoring for the champs were Brent Starzacher, Mark Telewiak and David Hehir. Answering for West Carlton were Matthew Friedrick, Robin McMillan and Adrian Croft.

West Carlton defeated Cornwall Township 3-2 and Riverside 3-2 in preliminary round action to finish on top of their division.

Close B final

The championship was won by Alymer with a 2-1 decision over Riverside. Alymer took the lead in the first period on a goal from Keith Bourgean and then held on until late in the third when Riverside got it back.

With 1:27 showing on the clock Dal Hine struck for the winner giving Alymer the championship.

Alymer advanced to the final with a one win-one loss record in division play, their win against Morrisburg 4-1. Riverside also posted a single win in their division over Cornwall Township 5-4.

The Morrisburg Lions did not fare well in the day's action, losing first to Long Sault 10-2 and then to Aylmer 4-1.

Scoring for the Lions against Long Sault were Chris Hanes and Bob Boulerice and Trevor Beckstead had the lone tally against Aylmer.

Junior B

Rookie leads way for Junior B

MORRISBURG — Rookie Randy Jodoin had quite a season for the Morrisburg Lions this year, leading the Lions team scoring with 71 points.

Jodoin put together 24 goals and 47 assists to finish as the Lions' top scorer with 71 points followed by Johnny Morrow who had 67 points on 27 goals and 40 assists.

Two weeks ago Jodoin was named the St. Lawrence Division's Rookie of the Year and Morrow was named to the division's second all star team.

Actually Jodoin led the team in almost all categories racking up 134 minutes of penalties during the year, followed by Andy Lee who drew 98.

Team captain Bobby Jack Hart had the most goals with 28, Morrow was next with 27, Rod Lemieux had 26, Jodoin 24 and Mike Lamarche 22.

Jodoin had the most assists at 47, followed by Morrow with 40, Hart with 27, Lamarche with 26, Lemieux with 23 and Jim Bennis with 21.

Following Jodoin and Morrow with the most points were Hart with 55, Lemieux with 49, Lamarche with 48 and Randy Mullin and Bennis tied with 33.

Lamarche was third in most penalty minutes with 86 and Shawn Lapier had 79.

The least penalized Lions' player this year was Randy Mullin with just 14 minutes and Johnny Morrow was next with 43.

Goaltender Andy Cummings played in 23 games for a total of 1,315 minutes and gave up 110 goals and Kent Pilon saw action in 14 games for 738 minutes and gave up 70 goals.

CORRECTION

An error in last week week's Leader reported that both Julie Strader and Allison Scott won the Junior Bronze Freestyle at a skating competition in Cornwall.

In fact Julie placed third in Junior Bronze Freestyle while Allison was first in Senior Bronze Freestyle.

The Leader apologizes for the error.

Curling chatter

MORRISBURG — The season is quickly coming to an end at the Morrisburg Curling Club, our closing the two biggest event remaining.

Of special note is the sendoff we are planning for our junior men's team of Daryl Morrell, Scott Lane, Gord Johnston, Chris Lane and Sid Morrell on Sunday, March 20th at 7:30 p.m.

It's a rather informal evening and everyone in the community, curlers, non-curlers, friends, relatives and well-wishers are invited to stop in at the club and give the boys the send-off they deserve, as they head for the Canadian Championship in Vancouver.

Because the boys and Sid will be in Vancouver on April 2nd, we have had to cancel the "Sid Morrell Appreciation Night" planned for Sid who has been coaching high school curling for 25 years.

We are, however, not forgetting it entirely and will make it a part of the send off for the boys. So all you former high school curlers who were planning on being at the "Appreciatin Night" come on out to the club on March 20th.

Our mixed draw wrapped up last week with a Calypso night which featured some very exciting curling attire.

The winners of the final mixed draw were Don O'Brien, Linda Loucks, Allen Brunt and Betty Wild.

Also last week, our club champions were crowned. This year's winners of the Dodge trophy were John Allison, Steve Byvelds, Ian Wilson and Stuart Bedingfield.

The affair got going with play between two men's evening teams and two teams representing the afternoon curlers.

The evening men wrapped this up, Graham Houze defeating Mac Currie and John Allison taking the win over Gerald Adams.

This left Allison and Houze to meet for the championship, which was close until the ninth end when Allison put it away.

Playing for Graham were Don O'Brien, Tom Tindal and Allen Herriman.

The fundraising drive for money for a new roof is underway and pledges are being accepted from members.

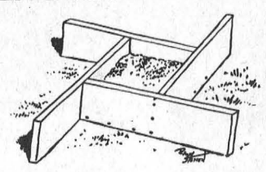
Dundas County 4-H HORSE CLUB
HORSEMEN'S TIP:



THIS ONE comes from Texas and it's a good idea for anyone who puts out horse minerals. It will take just a few minutes to nail the 1x8s together as shown. A board bottom completes the holder that is hard to tip over, and it will also do a good job of keeping minerals off the ground.

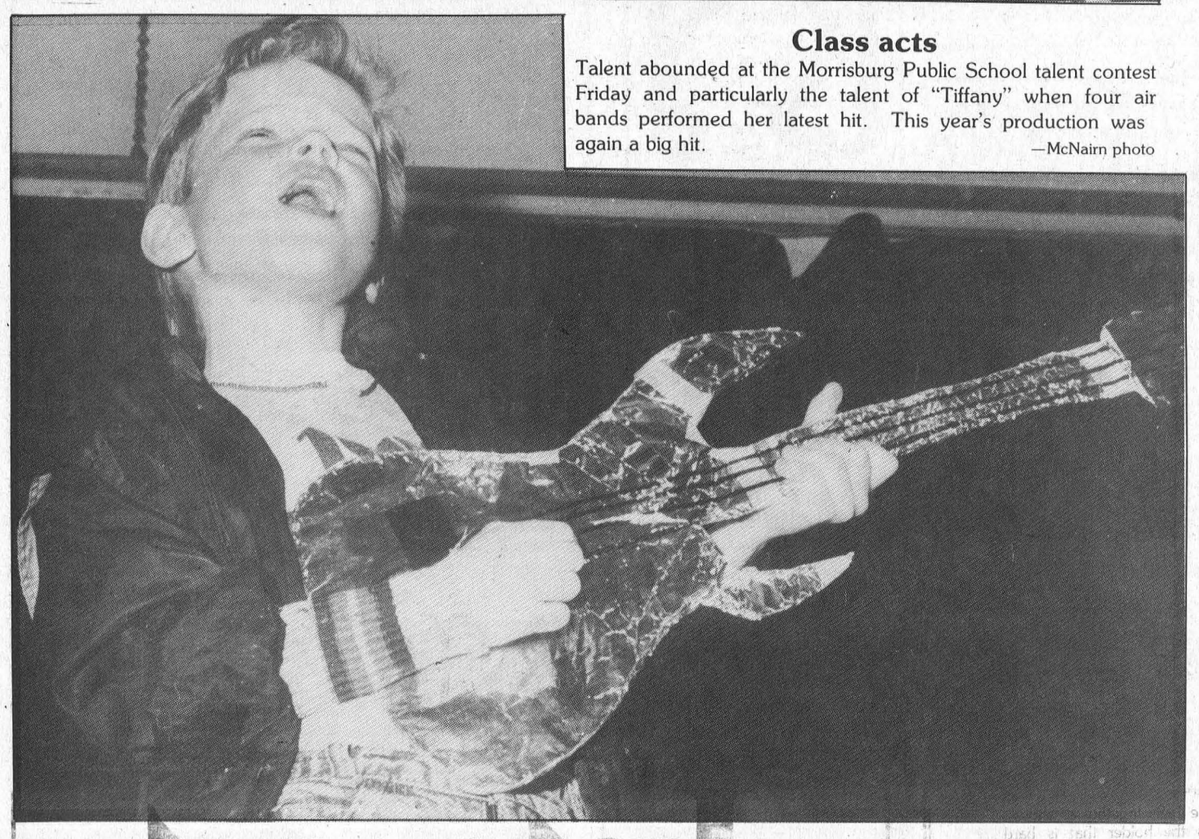
Class acts

Talent abounded at the Morrisburg Public School talent contest Friday and particularly the talent of "Tiffany" when four air bands performed her latest hit. This year's production was again a big hit.

—McNairn photo



Talent abounds at local school

MORRISBURG — Talent abounds at Morrisburg Public School and it was evident at the annual Talent Contest staged last Friday afternoon in conjunction with the school's winter carnival.

The day kicked off with skate races at the Morrisburg arena followed by a broomball game between the students and teachers.

The game was won by the students who had their work cut out for them against the talents of the teachers. Principal Dick Turner's performance was matched only by the work of Betty Lou Casselman and Shirley Alguire on defence.

Teacher goaltender, Lydia Eamon, also put in a spectacular performance.

After lunch the talent contest got underway and this year it was broken into two divisions, primary which included grades 1-4 and senior for the grades 5 and up.

Winning the primary division was the grade 4 comedy act of Scott Barkley and John Noon who performed the infamous skit "Who's on First".

Second place went to tap dancer Erin Howle of grade three and the "Whitney Houston", airband consisting of lead singer Hollie Duvall, Melissa Baker, Amy Hodgson and Laura Barkley won third.

For the seniors, Grade 5 comedian Jon Domanko with his routine, "It's tough being a kid" took first place and the Invincibles airband of Lisa Jacques, Sherry Dolan, Laurel Brister and Becky Strader placed second.

The "Tiffany" airband of Morning Hunter, Stacey Clackston, Sarah MacDonald, Katie Wereley and Greta Wemerman was third.

Students raise money

IROQUOIS — Students at Seaway District High School spent their final day before the March break skipping rope to raise money for the Heart and Stroke Foundation of Ontario.

On Friday afternoon approximately 125 students working in teams of four to six, spent two hours jumping rope and having a good time for a good cause.

Don Fairweather, who organized the event, said SDHS was one of the first schools in Stormont, Dundas and Glengarry to participate in the "Jump Rope For Heart" program five years ago and has been involved ever since.

Six schools in S.D.&G. participated this year.

Each student was responsible for signing sponsors. The group managed to raise $3,500 this year.

Happy Birthday Ben

WE TURN THE TABLES ON UNWANTED FAT.

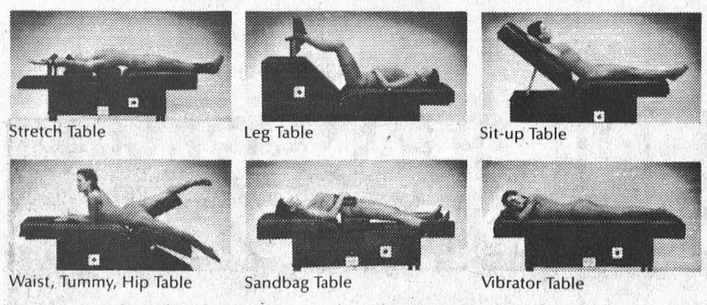
If you subscribe to the "no pain, no gain" theory of inch loss, you're in for a pleasant surprise. Because at Slender You® Figure Salons, six motorized tables do the hard work for you. It's a concept we call the No-Sweat Workout™

HOW DOES IT WORK?
Unlike traditional forms of exercise, which often build muscle (and lead to strain and soreness), the Slender You® No-Sweat Workout™ tones and firms your body, while breaking down unwanted "cellulite."

Each table exercises a different part of your body—hips, stomach, legs and upper arms. And afterward, you actually feel refreshed and invigorated, not tired and out of breath.

YOUR FIRST VISIT'S FREE.
At Slender You®, your first workout and figure analysis are absolutely free. No gimmicks. No obligation. Just give us a try, and then decide whether to make another appointment.

NO MEMBERSHIP FEES.
We're not asking for a commitment. There are no contracts to sign, and no expensive memberships. Simply pay as you go and quit whenever you like. So try the Slender You® workout. It's a great way to turn the tables on those extra pounds and inches.



Slender You® Figure Salons

Committee seeks forum for discussion

CATHERINE THOMPSON
Leader staff

WINCHESTER TOWNSHIP — The steering committee of the Grenville-Dundas waste management study agreed at a meeting here last Wednesday that there is a need to get together with other steering committees of similar studies in Eastern Ontario to discuss common difficulties and share joint meetings.

They will be drafting a letter to Environment Minister Jim Bradley asking him to initiate a forum for agreement.

Ministry of the Environment representative, Dan Cook, agreed that there is unnecessary overlapping when one study doesn't know what the other studies are doing. At present, there are at least 50 waste management studies in Ontario.

"A resolution for province-wide co-ordination will be presented to the Association of Ontario Municipalities March 17," said Brockville Mayor Steven Clark.

Chairman of the Grenville-Dundas waste study, Alan Gillis said that representatives of Prescott-Russell, Stormont, Dundas and Glengarry have approached him for a co-ordinated effort from the Eastern Ontario corridor. They also wanted information since "our study was further advanced."

The wardens of the United Counties of Prescott-Russell, Stormont, Dundas and Grenville as well as Leeds and Grenville would be included in discussions for an overview. The City of Cornwall would also be approached.

A major player in this overview would be Andre Lafleche, a Roxborough Township resident who has bought 140 acres in Moose Creek Bog hoping to set up an energy from waste plant here.

The proposed plan would involve source separation at the plant, and fuel pellets created here would heat greenhouses to grow tomatoes for export.

The proposal has received support from councillors in Prescott-Russell, Stormont, Dundas and Glengarry, and from the Public Liaison Committee of the Grenville-Dundas study.

Edwardsburgh Township representative Marguerite Glenn presented a resolution of the Grenville-Dundas Public Liaison committee that a serious feasibility study on the Lafleche proposal be undertaken with other counties.

However, MOE representative Dan Shatil stated that the project had yet to be presented in a scientific way to either the steering committee or the Ministry.

If incineration or energy from waste is the solution undertaken by the waste study, the project would only be feasible on a regional basis since a municipal energy from waste plant needs a minimum of 30 tons a day to operate.

Seaway Citizens for Recycling and the Environment, a group of about 20 citizens called SCORE, should wait for Brockville's feasibility report on recycling before meeting with Ministry of the Environment and Ontario Multi Material Recycling representatives March 24, said Dick Cave, consultant for the study.

"Brockville has taken the lead on this matter, and MOE and OMMRI prefer a regional program," said Cave. "Brockville has the facilities to process and collect the materials."

An administrative structure, similar to the Ontario Waste Management Corporation, as well as a forum for discussion may be necessary to co-ordinate the different studies for the South Eastern Region.

Engineer report on Kraft foods

CORNWALL — Kraft Foods of Ingleside, Ontario will have to do something to clean up its act, say Ministry of Environment officials.

According to the results of a 1986 report on industrial discharges in Ontario, Kraft is a major polluter province-wide and an odoriferous presence in the community of Ingleside.

McLaren Consulting Engineers of London, Ontario has completed a report which should Foods Ltd. to Hoople Creek and also its odour problem. The report was ordered by the Ministry of the Environment and is now being examined by the ministry.

Kraft was previously allowed a discharge of 50 milligrams a liter of suspended solids and biological oxygen demand into the Hoople Creek.

Biological oxygen demand is a material in sewage which reduces the oxygen level in the receiving stream.

MOE now wants this figure reduced to 15 mg/L for biological oxygen demand, and 15 parts per million for suspended solids.

"Poor treatment is the cause of the problem," said Helliar. "In the spring, the waste treatment plant isn't able to handle the load of the company's effluent. Anaerobic conditions are caused and the effluent goes septic."

"We will offer the plant two courses of action. They may clean up the problem on their own, or they may work with the Village of Ingleside to combine treatment of the village and Kraft's waste stream. If we decide on an abatement program, we will set up a schedule of deadlines and conditions for Kraft to meet."

Helliar hopes for construction in the summer and perhaps a solution next year.

Got the flu?

TORONTO — A new type of influenza A virus, commonly known as the Shanghai flu, is spreading amongst North Americans.

The Centre for Disease Control in Atlanta, Georgia said the flu had reached epidemic proportions in nine states three weeks ago.

Statistics Canada has also reported a sharp rise in patients with the flu in the past several weeks.

There are two types of influenza viruses. The A-type lives longer and can cause widespread winter epidemics which recur every two years and the shorter-lived B-type virus, which is responsible for more local outbreaks and is difficult to vaccinate.

The Shanghai flu, discovered in April in China can cause fever and fatigue that lasts for several weeks. It can also cause sore throats, bad coughs and muscle aches.

Dominion tape wins contract

CORNWALL — Dominion Tape of Canada Ltd. of Cornwall has won a Government of Canada contract worth nearly $118,000 to manufacture transparent adhesive tape for Supply and Services Canada.

Member of Parliament for Stormont-Dundas, Norman Warner, made the announcement recently on behalf of the Honourable Stewart McInnes, Acting Minister of Supply and Services Canada.

The tape will be delivered as required to Supply and Services' Regional Supply Centres in Dartmouth, Nova Scotia; Edmonton and Ottawa until January 13, 1989.

Dominion Tape submitted the lowest of three bids for this tape requirement.

This Morrisburg rink, consisting of l-r: Scott Lane, third; Chris Lane, lead; Daryl Morrell, skip; Gord Johnston, second and Sid Morrell, coach, are the new Ontario Junior Men's Curling Champions. We congratulate them one and all.

Our Champs Deserve Everyone's Congratulations!

A reception will be held at the Morrisburg Curling Club, Sunday, March 20th at 7:30 p.m. to honour the Ontario Junior Men's Curling Champions from Seaway District High School and the Morrisburg Curling Club. All curlers, past and present, students of Seaway High, and members of the community are cordially invited to wish the team "Good Luck" at the National Championships in Vancouver. 11NC

SNRCA proposes new funding for large projects

CATHERINE THOMPSON
Leader staff

BRINSTON — Last Thursday, Matilda councillors here discussed a proposal by the South Nation River Conservation Authority that could help with financing the proposed work on the South Branch.

Large scale agricultural water management projects larger than 3000 hectares, where at least 50 per cent of the flood damage occurs to agricultural lands, could be considered for the following funding, says an authority discussion paper.

The Conservation Authority, with 75 per cent provincial funding, would provide to the requesting municipality a report to satisfy Drainage Act requirements, and process it through the approved procedure for Conservation Authority projects (i.e. environmental assessment where necessary, benefit comparisons, and hydrologic review of downstream effects).

Twenty-five per cent of the design cost could be collected by the conservation authority with a special levy on the municipalities affected by the work.

The requesting municipality becomes the initiating municipality under the Drainage Act, constructs the project with the one-third construction grant, and maintains it.

The grant rate would be approximately 50 per cent midway between the Drainage Act and the Conservation Authority program.

Councillor Norm Tinkler will seek further information from the General Manager of the Authority, Dennis O'Grady.

Council examines Land Stewardship program

After examining a proposal from Agriculture and Food on the Land Stewardship Program, council decided to have drainage superintendent John Stidwell draw up a list of drains that would be applicable for a grant to cover 75 per cent of the cost of engineering reports to a maximum of $3,000 per drain.

Rezoning Proposal

Cumming Cockburn (Universal Terminals) proposes a development which would include five new warehouses on Lot 8 and Lot 7, Concession 1, and a salt storage area to the south of one warehouse. A public meeting would be required to discuss zoning industrial and special industrial land.

Council will refer the nomination for Senior Achievement Awards to Joan Zandbergen, Matilda Township resident.

The Township will contact Alan Brunt of the Morrisburg Curling Club for Matilda caps and pins to be given Sid Morrell and his winning team.

The four players, all Seaway District High School curlers won the recent Ontario Junior Men's Curling Championship in London and will proceed to the Canadian Championship at the end of the month in Vancouver.

Tornado awareness declared: Matilda

BRINSTON — March 30 marks the beginning of the severe weather season in Ontario. In response to a request by the office of the Ministry of the Solicitor General, Matilda Township has declared this date a Tornado Awareness Day.

Each year, an average of 25 tornadoes touch down in Ontario. Some are minor and cause little damage, others such as the central Ontario tornado in 1985, are major and cause injuries and deaths.

The Atmospheric Environment Service of Environment Canada, together with Emergency Planning Ontario, the Wellington-Dufferin District Health Council, and the Wellington County Council, is sponsoring Project Tornado on March 30th, marking Tornado Awareness Day in Ontario.

Tornado Tips

Weather watches and warnings

Environment Canada issues weather watches and warnings when anticipated weather poses a threat to public safety. This information is relayed to the public by radio or television.

A severe weather watch is issued up to six hours in advance to alert the general public that, for a specified portion of Ontario, there is a high potential for dangerous thunderstorm weather, which may be accompanied by a tornado.

A severe weather warning is issued to alert the public that severe thunderstorms or tornadoes are imminent in the warning area — i.e., a severe thunderstorm is in progress or expected to occur within two hours.

Tornado safety hints

A personal tornado awareness program should include:

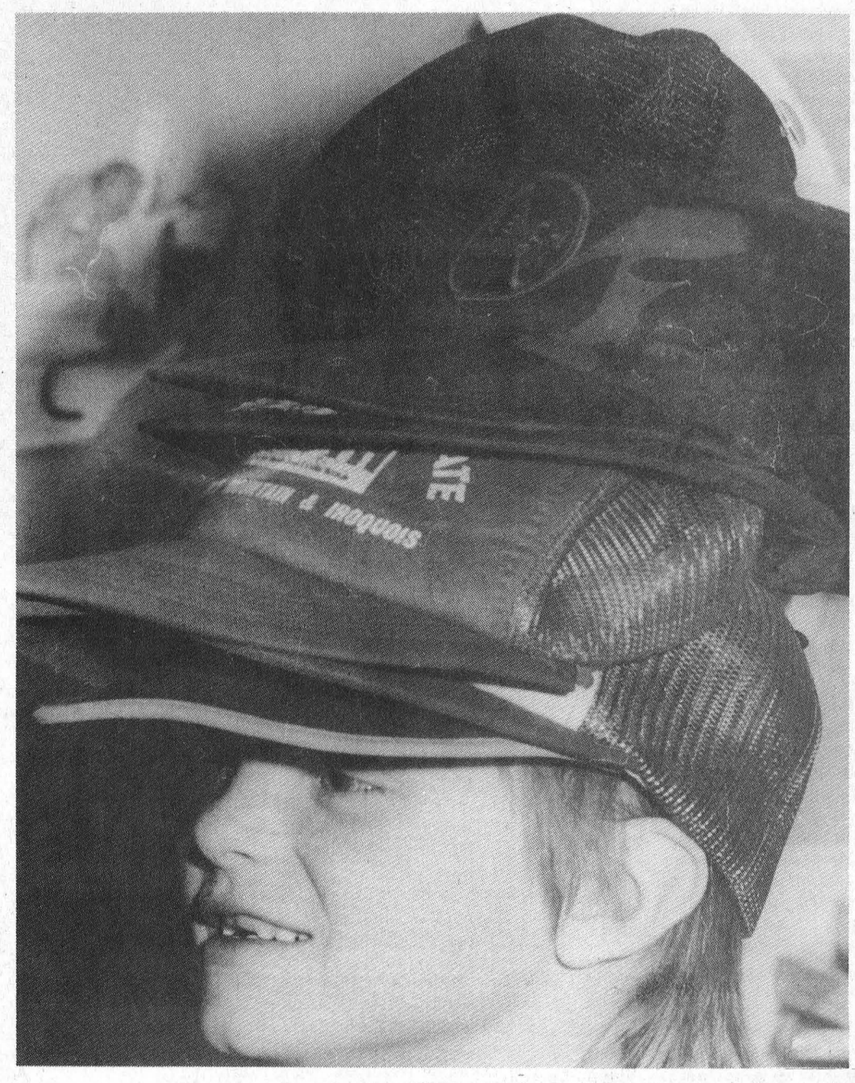
— being aware of the weather, knowing the radio or television stations which broadcast up-to-the-minute weather information

— knowing the name which Environment Canada refers to your forecast region when they issue weather forecasts

— reviewing your plans of action

When a tornado threatens

1. Stay away from windows, doors and outside walls. Protect your head.
2. For maximum safety, go down to the basement or seek shelter under a stairway or sturdy table, or in a closet.
3. Try to reach the centre of the house or the side away from the storm.
4. Avoid buildings with large areas of unsupported roof, including arenas, barns or supermarkets. If caught in such a building, seek out the lowest floor, an inside hallway or small interior windowless room, or get under something sturdy.
5. If caught in the open, try to determine the tornado's direction of travel and move at right angles to sit. If you cannot avoid the storm, find a ditch, ravine or other depression and lie flat. Do not remain in your car. Many people have been killed trying to ride out a tornado in their car.
6. If no shelter can be found, hang on to the base of a small tree or shrub.
7. Remember that damaged and weakened structures, fallen debris, downed hydro wires, and gas leaks are potential dangers after a storm has passed.



Hats off (or on)

Students at Morrisburg Public School got into the act Friday, sporting a wide variety of hats and head apparel. It was a light-hearted day, being the last day of school before spring break. This grade 2 student got to wear more than his fair share of hats during a game of Peddlar.

—O'Brien photo

Riverside Heights women's meeting

RIVERSIDE HEIGHTS—March meeting of Riverside Heights Women's Institute was held at the home of Janny van der Baaren, convenor was Mrs. Van der Baaren with Tweedsmuir History as the topic.

Motto was "Men who make history have no time to write about it."

Roll call "Bring your oldest book or treasure" was answered by seven members.

Mrs. van der Baaren had a Dutch Bible date 1682. Evelyn Wells brought two old readers of 1895 which then cost 25 cents and an arithmetic which was very old. Janny van der Baaren had an autograph album of 1933.

Ladies voted to serve the Grade 8 graduation and Jr. B hockey dinner.

The district director's meeting will be held at Bouck's Hill Legion on March 29 at 1:00 p.m. The annual dinner will be held on April 12 at 6:30 at Lee's Restaurant.

Grandmothers were entertained, winners were, most grandchildren and newest grandchild, Ruby Smith and Jane Shorey; oldest grandmother, most great grandchildren and biggest show, Betty Cayer; youngest grandmother and smallest shoe, Cecile Langlotz; shortest hair and wearing most green, Janny van der Baaren, whitest hair.

Meeting concluded with a tasty lunch.

A trip to the bush yields family sweetener

CATHERINE THOMPSON
Leader staff

MORRISBURG — The season is again at hand for the making of maple sugar, as a trip to Crysler Park Maple Sugar Bush Sunday has shown. About 1800 taps have been placed in a large bush of sugar and black maple trees here.

The season for sugar making lasts from late February through early April, with the best sugar made in the earliest part of the season. Sap runs best after cold nights followed by warm sunny days.

Although sugar making can be a very laborious task, it can also provide an enjoyable social occasion. A horse drawn wagon, an outing to the bush, and the sweet rewards of freshly made maple sugar are a few pleasures of the excursion.

Sugar making in the 1860's

Wooden spiles were placed in the trees for the gathering of sap which was gathered by horse drawn wagons and placed in storage barrels. Wooden yokes were another means of transportation.

The sap was poured into large kettles for boiling. After the liquid had been somewhat reduced by boiling in the first kettle, it was ladled into the other kettles. The first kettle was then refilled from the storage barrel.

Clarifying took place in the last kettle with the addition of eggs and skim milk to curdle the syrup. Impurities attached to the curdles were then skimmed off.

For sugar making, the syrup would be brought to 238 degrees Fahrenheit. Evaporation at a ratio of 40 parts to one produced a syrup with high sugar content. Further concentration crystallized the sugar into maple butter or maple sugar.

The thick syrup was poured into molds: sugar was more frequently made than syrup due to a lack of containers, and because of sugar's better keeping qualities.

History of Maple Products

The origin of maple sugar making is lost in history. There is no mention of "boiling down" in Jacques Cartier's record of his first stay in Canada from 1535 to 1536, according to a report of the Maple Products Industry from the Canadian Archives.

However, in Spain the art of condensing juices into thicker syrups was an established industry.

But by 1708, many attempts in North America are recorded. Sarrazin-Vaillant of Quebec relates "This tree furnishes a great quantity of sugar, which commences to rise from the first days of April and continues until about the 15th of May. The North Americans, Indians as well as French, knew that this sap was sugary. They have done and do every year evaporate the sap until it becomes sugar."

The Loyalist refugees who settled what is now Ontario in 1783 knew the maple tree. William Clow and family who landed at Cole's Ferry in 1784 with an axe, a log canoe and two iron kettles, tapped maple trees in the spring of 1785, stored the sap in the canoe and boiled it down in the iron pots.

By the early 1800's, the making of sugar was established, although the techniques were modified. The hatchet of the 1700's was replaced by the auger; bark troughs gave place to hollow logs and wooden pails.

Iron cauldrons were used for boiling sap and wooden pails, spiles and the neck yoke were common during this period of sugar making. By the mid 1800's evaporating pans marked the next stage.

Change from Maple sugar to Cane sugar

One of the greatest changes in dietary history took place from 1810 to 1910 with a decline in popularity of maple sugar and the rising use of cane sugar. In the early 1800's, maple sugar provided a cheap sweetener which was commonly used in North America instead of expensive white sugar.

However, improved transportation through steamships and railway brought about the replacement of maple products by cane sweetener.

Simultaneously, the amount of sweetener used multiplied greatly. In the early years of the nineteenth century, there is evidence to suggest that individuals in eastern North America consumed seven to eight pounds of sugar a year, mostly in maple products.

After the introduction of railroads, from 1825 to 1850, consumption rose to 30 pounds per person, with more cane sugar consumed. Maple sugar declined in use as a food, and became more of a luxury item.

Switch to syrup production

New techniques of evaporation in the mid 1800's and the invention of the tin can brought about a switch from the production of sugar to syrup. Today, few maple products are sold as sugar.

In 1926, production reached a peak in Ontario at 800,000 gallons of syrup and 700,000 pounds of sugar. Then production declined until 1945 with 123,000 gallons production and 7,000 pounds of sugar.

In 1965, the Ontario ministries of agriculture and lands and forests established a production and marketing program. Mechanical tappers, plastic tubing as a collector system and germicidal tablets improved the quality of sap.

Official grades were established under the Farm Product Grades and Sales Act, and clear labelling was introduced to indicate pure maple products, blends or substitutes.

Hard work yields a sweet reward

Kevin Robertson will be setting up pails and taps in the bush. Horses are Dottie and Jean. —Thompson photo

Annual Miss Eastern Ont. pageant

PERTH — Wayne Rostad and the town of Perth are once again gearing up for the 34th Miss Eastern Ontario Pageant, Saturday, April 9th, 1988.

Entry forms are steadily arriving, and the cut-off date is March 28th.

Prizes for this year's winner are a six month modelling course, a fur jacket, a diamond ring, and a three day golf weekend for two at Mont St. Marie. All contestants will receive prizes.

For audience participation, door prizes include a weekend for two at Ottawa's Skyline Hotel, a night's stay at Ottawa's Westin Hotel, and an Ottawa Rough Rider's autographed football.

CJOH's own anchorwoman, Leigh Chapple, will be presenting their trophy this year, and CJET's morning man, Hal Botham, will be co-hosting the program.

For entry information and tickets call the Perth Chamber of Commerce at 1-613-267-3200.
