RELIC DISCOVERED IN SOUTH MOUNTAIN HOME

While doing some renovating in one of South Mountain's oldest homes recently, Mr. Gordon Monteith came across an old dance advt. in the form of a card. He discovered the card between the partitions of the house being renovated. The card advt. was four inches long and two inches wide, printed in black and red on a white background. It announced the Holiday Ball at the Ontario House in South Mountain on the evening of Dec. 26th, 1881—69 years ago. We checked with a few of the older residents of South Mountain and none of them seem to remember the exact location of the old Ontario House. Some of the names printed on the ticket, which could be one of your great grandfathers, were: Wm. Denesha, Morrisburg; M. Vancamp, Oxford Mills, and R. Bowen, South Mountain, as Floor Managers. The Committee of Management consisted of: Robert Parker, West Winchester; Daniel Keeler, Spencerville; Horace Baggs, Iroquois; M. McGannon, Cardinal; Wm. Shaver, Kemptville; Alex McKenzie, Winchester Springs; Joseph Mulloy, Inkerman; Richard Keating, Hallville; Geo. Seeley, North Augusta; Ed. Garman, West Winchester.

The advt. went on to say that there would be first-class music, and apparently dances were just as popular then as they are now because the tickets were worth $1.50 each.

Royals Bow To Stittsville

In the second game of the Eastern Ontario Softball semi-finals, played at the 100 Club Community Park last Monday evening, Stittsville edged out a 3-1 victory over Winchester Royals, taking the best of three semi-final series two games to none. Stittsville had previously won the first game last Friday evening on their home diamond, under lights, by a score of 5-1.

On Monday evening both teams were gunning for a win and consequently Winchester and district fans saw one of the fastest and best exhibitions of softball played here in a long time. The only home run of the game and of the series came in the last half of the seventh inning. Winchester was down one run, and with nobody out, Bill Crummy stepped up to the plate and knocked a four-bagger that almost left the park. Stittsville came right back in the eighth and with a little luck on their side and a bit of bad luck on the part of Winchester, the team from the north collected two runs. The ninth inning went scoreless and the final count stood at 3-1 for Stittsville.

Monday night's game concluded the Royals' activities for the season and allowed Stittsville to continue in the final round. For Winchester no single player in this crucial game could be chosen as a special star as all players on the team were "in there" all the time. They played near-perfect ball and all deserve honourable mention for representing Winchester in the playdowns as well as they did. With players like Harvey McIntosh, who is probably one of the best sportsmen in the district and without doubt one of the best pitchers, as he so well gave evidence in this past series, not to mention Stirl. Dawley, as consistent a catcher as you will find, Dalt. Kenney a 3rd baseman and a pitcher, Norm. Utman who did well on 1st base, Hughie Stewart—where could you find a better fielder, Bill Crummy who can hit a home run if he wants to, Frank Dunlop—a new but effective player, Bert Locke,a good batter, Ron Workman plagued with injuries but nevertheless a good man, Bobbie Plantz who played well at shortstop, and Arn. Riley who can play any position quite capably and is one of the keenest competitors in the game, the team has nothing to be ashamed of in losing a series.

As for managing, coaching and giving the team inspiration, we don't think anyone will doubt our choice when we pick "Cy" Helmer. He was "fighting" in every game as much as any player.

Stittsville have a good team and will be worthy competitors in the softball finals. Best of luck to them and our congratulations to the Royals for the fine showing they made this season.

A meeting of the Royals' club members will be held in the Town Hall this (Thursday) evening, at 8.15 p.m. All players are requested to attend to settle business matters for the year.

The line-ups for Monday's game were as follows:

Stittsville—O. Porteous, lf; D. Porteous, 2b; Romhild, ss; McCaffrey,1b; Craig, 3b; Neil, p; Argue, c; Hobin, cf; Parks, rf.

Winchester—Riley, 2b; Plantz, ss; Dunlop, lf; D. Kenney, 3b; Crummy, rf; MacIntosh, p; Dawley, c; Stewart, cf; Utman, 1b.

WOLF CUB MEETING

The Wolf Cub Pack will resume their meetings at the Public School on Tuesday, Sept. 19th, at 6.00 p.m. All boys must be between the ages of 8 to 12. Pack fee is 5c a meeting. A corn roast in store, Cubs!

Is Your Son A Cub?

The aim of Cubbing is to produce the kind of citizens Canada needs—strong, decent men—the kind of men you'd like your sons to be—the kind of neighbours you would like to have—real Canadians in every sense of the term. Over 110,000 young Canadians, through this programme, are being developed spiritually, mentally and physically. See that your son enrolls with the local pack. If only more boys learned to "Play the Game," there would be greater prosperity and happiness throughout the world; there would be brought about at last that condition which has so long been looked for—of Peace and good-will among men.

WINCHESTER GIRL WINS $100 BURSARY

Word has been received from the Department of Education that Miss Dorothy McRobbie has been awarded a Dominion-Provincial Bursary for Grade XIII, valued at $100. Dorothy is the daughter of Mrs. Chas. McRobbie, of Ormond. These bursaries are awarded for high standing in the work of Grade XIII. Since entering W. H. S., Dorothy has maintained an honour standing in all courses.

DISTRICT MEMORIAL HOSPITAL AUXILIARY

The District Memorial Hospital Auxiliary met in the Town Hall on Thursday evening, Sept. 7th at eight o'clock, after a two months' recess. The president, Mrs. Raymond Summers, presided, and called on the secretary, Mrs. C. R. Robinson, to read the minutes of the June meeting. These minutes recalled the different items of interest dealt with in June.

The treasurer, Miss Nora Elliott, gave a detailed report of the Auxiliary's finances. After several bills had been paid there stood to the credit of the Auxiliary $1480.94.

It was decided that the financial statement of the Auxiliary be printed in the Chesterville Record and the Winchester Press.

Miss Madge Coons, the convener of the Buying Committee, reported that several articles had been purchased for the hospital kitchen.

Miss H. C. Wilson, Superintendent of the Hospital, voiced the appreciation of the staff for the new sinks in the hospital kitchen and also for the finished articles of sewing received since the last meeting. In her report, Miss Wilson stated how grateful the nursing staff was to Miss Violet McConnell for keeping the hospital linen so beautifully mended and to Miss Nora Elliott, convener of the Sewing Committee, for delivering all finished and mended articles to the hospital.

At this meeting Miss Elliott reported that there were several dozens of articles to be sewn. Some bundles were taken. If any person not at the meeting wishes to assist in the sewing for the hospital, she will find these articles at Miss Elliott's home.

The Auxiliary appreciates the gift of a box of books for the Hospital Library, received from Mrs. Rose Forrester, of Toronto, a former resident of Winchester. Mrs. David Melvin and Mrs. Melvin Scott very kindly conseted to catalogue these and other books received for the Hospital Library.

Several Auxiliary units reported on their summer's activities for the hospital. The Auxiliary is making plans to serve lunch at their annual meeting in October. A full attendance of all units is requested for this very important meeting when the year's work will be reviewed, new officers appointed and work planned for the new year.

The meeting closed with the singing of the National Anthem, with Mrs. Eric Casselman, of Chesterville, at the piano.

OBITUARY

LATE JOSEPH WYLIE

Having suffered a heart attack last Friday morning, Mr. Joseph William Wylie, a highly esteemed resident of Mountain and Winchester, died suddenly at the home of his daughter, Mrs. George Atchison, Winchester. Mr. Wylie was in his 83rd year. He had been in fair health until last Friday, and his death came as a shock to his family and friends.

Born in Mountain Township, he was the son of the late John Wylie and Nancy Dicen, of South Gower. For over sixty years Mr. Wylie was a well-known farmer in both Mountain and Winchester Townships. In 1938 he retired from farming and moved to Winchester where he resided until his death last week.

Mr. Wylie was a loyal member of the former Orange Lodge at Hallville and attended Orange Walks for over fifty years. He was a member of the United Church.

In 1897 he married Elizabeth Baxter and together they celebrated their their Golden Wedding Anniversary three years ago. Mrs. Wylie survives her husband. Other surviving members are two sons, Cecil and Clifford, of Mountain Township, and three daughters, Mrs. George Atchison (Jennie), of Winchester; Mrs. Carman Boyd (Tena), of Ottawa, and Mrs. Ronald Carkner (Stella), of Vernon. One son, Glen, died as a result of a traffic accident 12 years ago. Also surviving are two sisters and one brother, Mrs. George McConnell, of Reids Mills; Mrs. Alexander Kerr, of Hallville, and Mr. Sam Wylie, of Kemptville; eleven grandchildren and five great grandchildren.

A largely attended funeral was held in the United Church, Winchester, on Sunday afternoon with Rev. N. J. Thomas officiating. Interment was made at Maple Ridge Cemetery. The pall-bearers were Messrs. Willis VanAllen, Wm. Barkley, Wm. Leslie, Peter McGregor, McKinney Rodney and Kenneth Guy.

Testifying to the high esteem in which the late Mr. Wylie was held were the following floral tributes:—

Pillow—The Family.

Wreath—Mr. and Mrs. Geo. McConnell and family.

Sprays—Mr. and Mrs. Alex Kerr, Mr. and Mrs. Harold Smith, Mr. and Mrs. Harold Sheldrick, Mr. and Mrs. Peter Cummings,

EVENING AUXILIARY

Nineteen members of the Evening Auxiliary and four visitors attended the September meeting of the Evening Auxiliary, which was held at Rideau Hill Camp on Tuesday evening, September 11th.

A delicious pot-luck supper was served, after which Mrs. Byers introduced the new Study Book, "The United Church Re-enters Japan," with the assistance of Mrs. M. Rundle, Mrs. E. F. Helmer and Mrs. S. Ball. The theme of the meeting was the "Spirit of the Cross," and through this the people should still find in their hearts love for the Japanese people, who were once their enemies, and help them re-build a Christian faith by helping them through L.A.R.A.

Mrs. Carlyle heard the various reports and Mrs. Crummy moved a vote of thanks to Mrs. Byers and her committee for such an inspiring meeting. Mrs. Thomas closed the meeting with prayer, after which all repeated the Mizpah Benediction.

LOCAL COUNCIL MEETING

With a heavy slate of business to be discussed, the monthly meeting of the Municipal Council was held on Tuesday evening, September 5th, in the Council Chambers, and did not adjourn until 1 o'clock a.m. Present at the meeting were Reeve Walter Moffat, Councillors H. Fetterly, H. S. Lannin, Hugh Wilson and A. B. Summers; Clerk C. R. Robinson and Fire Chief Gilbert Raistrick.

Building permits were issued to Mr. J. H. Keyes to erect an addition to his store on the corner of St. Lawrence and Main Streets, a one-storey structure of granite blocks; and to the Canadian Legion for alterations to their newly purchased block on Centre Street. On a petition from Mr. Basil Dawley, he was granted a permit to connect Hydro power to his feed room on Main Street West.

During the meeting the Council considered the cost of purchasing several items for the Winchester Fire Dept., and after a lengthy discussion the purchase of two smoke masks and four firemen's helmets were authorized. Petition was made for the interim payment of the statutory grant of $1,811.00 for maintenance of roads and bridges, as of Aug. 31st, 1950.

Messrs. S. G. Ault and K. Summers represented the Chamber of Commerce and waited on the Council in an effort to encourage new industries and asked for a report to submit to their September meeting of the Chamber members.

Municipal Orders were passed for $700 and Hydro Orders for $2,167.00.

UNITED CHURCH W. A.

The first meeting of the fall term of the United Church W. A. was held on Tuesday, September 5th, in the Sunday School Rooms. The president, Mrs. John Moffat, presided, with Mrs. Bower Potter acting as secretary in the absence of Mrs. P. Durant, who, we are sorry to report, is in the hospital.

Following the singing of the theme song, the devotional service "The Kingdom of God," was taken by the President. The parsonage committee reported considerable work done at the parsonage. Thanks was tendered the floral committee for the beautiful flowers placed in the church during the summer months. A new carpet is to be purchased for the choir loft, by Mrs. W. J. Stewart and Mrs. Faye Scott, and a landscape committee was appointed to look after the beautification of the church lawn.

An Anniversary Supper is to be held on Monday, October 23rd.

A Christian Name contest was given out by Mrs. H. Robinson and Mrs. S. Christie, conveners of the social committee, and was won by Mrs. G. McIntosh.

Dainty refreshments were served, and a vote of thanks to the committee was voiced by Mrs. Wm. Lannin.

WINCHESTER THEATRE NEWS

Donald O'Connor, the lad who helped the old army mule put "Francis" across with such conspicuous success, is the star of this week-end's feature picture, "Curtain Call At Cactus Creek." Donald's role as advance man for a pioneer repertoire troupe gives him full play for his talents as a comedian. When a big bank robbery is pulled off with Donald on the side lines, the fun is really on. Filmed in technicolor, with a wild west setting, the picture is a riot of laughter. The supporting cast, including Gale Storm and Walter Brennan, is good.

"Under My Skin," starting on Monday next, is a drama of the racing world. Based on an Ernest Hemingway novel, the story is that of jockey (John Garfield) barred from the American tracks who tries his fortune on the continent of Europe. There is intense, touching, tender drama, involving the crooked jockey, his much loved son and the girl whom he loves. Much of the picture was filmed in Rome and Paris; and it provides the introduction to American pictures of a French Star, Micheline Prelle, who is said to be in the top rank of talented, beautiful actresses.

The third feature picture of the period is "Sierra," with Audie Murphy, who made such a hit in "The Kid From Texas," as the headliner. This is an adventure film reaching to terrific heights of excitement. There is a thrilling man hunt in the mountain wilds, and there is the stalking of the last of the wild horse herds. This picture is also in technicolor, showing natural scenes of unbelievable beauty.

Record Crowds at District Fairs

With fair weather prevailing, Fall Fairs in this district have been attracting near-record crowds. Chesterville and Russell reported large crowds, with Chesterville having one of the finest fairs in the Association's history. All classes were heavily contested with many features being added for the final day's entertainment. Over 100 Ayrshires paraded before the judges' stand to make the Seventh Red & White Show a fine success. Other features of the day were domestic exhibits, farm machinery and automobile displays. Although midway attractions were curtailed due to the recent rail strike, the booths and other concessions did a bang-up business.

Over in South Mountain the Mountain Township Agricultural Society were more than pleased with the turnout of people for their 58th annual fair. Commonly known as one of the best small fairs in Ontario, this year's fair set an all-time record in attendance and exhibits. Over 4000 people passed through the gates on the last day of the fair. Featuring the day was the Dundas lBack & White Show, with the senior female champion award and grand champion going to W. R. McMenomy & Son, of Inkerman; senior champion bull and grand champion award went to W. J. Fawcett, Winchester, on Willola Supreme Bellringer, and reserve grand and senior champion honours went to Willola Steve Bellringer, owned by W. T. H. Lennox, of Spencerville.

Two harness races were run off during the afternoon, with G Girl winning the 2.25 class, and Lee Volo and Leyte splitting top money in the Free-For-All.

Large crowds attended Steel's Western Revue, held at the grand stand both evenings. Climaxing the fair's activities was the gala dance held on Friday evening in the I.O.O.F. Hall.

At Russeell, an unofficial record was set for the race track there when the racer, "The Corsair," owned by Mr. Almon McIntosh, of Inkerman, ad driven by Mr. Geo. Timmins, also of Inkerman, won the Free-For-All race in 1.59 flat.

NEW BUILDING BEING ERECTED

Excavation has started on another modern store for Winchester on the Keyes' lot, immediately south of the big store. When completed in early November it will be the new home of Harry's Sport Shop. The new building will be erected of cement blocks with a modern granite-faced front. The store proper will measure 28x54 feet with a three-car garage at the rear of the building. It is expected this new store will have all the conveniences and modern designs to make it one of the smartest sports shops in Eastern Ontario.

FEED NEWS

Following is a Government report on Timothy Seed production just received from the Department of Agriculture:

PRELIMINARY ESTIMATE OF TIMOTHY SEED PRODUCTION 1950 CROP

A preliminary estimate of timothy seed production indicates a 71 per cent. increase over that of 1949. The crop has been placed at 12,630,000 pounds of cleaned seed, which is 39 per cent. more than the 13-year average. If this amount is realized it will be the biggest crop since 1946. Total supply will be largely confined to current production as carry-over at June 30, 1950, was the second lowest on record.

The record price for timothy seed which prevailed during the last two seasons has encouraged farmers in established producing areas and elsewhere to harvest seed. Production in northern areas of Quebec and Ontario has been stimulated and, as a result, a considerable volume of seed is expected from these relatively new production areas. There may be a larger percentage than usual of low quality seed offered because of stepped-up production by farmers who are not experienced in the production of timothy seed. Increased acreage has been attributed in part to the failure of much of the 1949 seeding of clovers, which encouraged a volunteer replacement by timothy. The hay crop in many areas also amounted to more than had been expected early in the season and some unfavourable haying weather occurred, which together prompted farmers to leave a further area for seed production.

In some areas of Ontario yields have been reported as high as 300 pounds per acre. However, in most districts yields will average about 200 pounds per acre, which exceeds the average of recent years. The timothy seed crop in the Maritimes is not expected to approach that of last year but is, nevertheless, considerably above normal for that area. In British Columbia there is some increase in acreage, but yields are reported to be rather light due to a dry growing season. Little seed has been moved out of growers' hands in any district, with prices offered showing a wide range.

Production of timothy seed in the United States has been estimated by the United States Department of Agriculture on August 24th at 53,145,000 pounds compared with 33,232,500 pounds in 1949 and the 10-year average of 54,893,250 pounds. Current supplies of timothy seed in the United States, including production this year and carry-over, are estimated at 55,131,500 pounds, being 56 per cent. more than the supplies last year but about one-third less than the 10-year average.

Monthly meetings of the Winchester 100 Club will resume tomorrow (Friday) evening, September 15th. With a full slate of business to be discussed including the past summer activities and future plans for the Fall term. All Centurians, if possible, are requested to attend this meeting.

The guest speaker for this first meeting will be Mr. W. J. Cairns, of Ottawa, former vice president of the Bell Telephone Co. of Canada, and until very recently the head of the Board of Trade in Ottawa. Mr. Cairns is well known as an after-dinner speaker and as he has been quite active in various service organizations throughout Canada, his address should prove highly interesting to all Centurians.

Let's all turn out for this first Fall meeting.

Several cities throughout the Dominion are organizing civil defence corps in case of a sudden enemy invasion. Emphasis is being stressed in the possibility of an atomic attack. One Toronto newspaper heading read: "York Spends $15 On Atom Defence." Hurrah for the people of York Township in cutting down expenses! Or could this be a slip in type of the Toronto paper?

Last Thursday evening we received a let-down—a very enjoyable letdown. Finance Minister Douglas Abbott's increase on Canadian taxes was not as severe as we had thought it would be. True, Canadians will be paying more for certain commodities, but personal income tax will remain the same. However, too many people judge our yearly budgets by the increase or decrease in income tax. Without doubt it is the most imoprtant item as far as the average Canadian citizen is concerned—but not the only one.

In Mr. Abbott's recent talk to the Canadian people he stated that the new taxes would not all be imposed this year. Some of the items included in his new tax report were: an increase in corporation taxes, a 5 to 10 per cent. tax on automobiles, thirty per cent. excise tax on soft drinks, chocolate bars, gum, etc.; a fifteen per cent. tax on household effects excluding washing machines, refrigerators and stoves. We have heard very little criticizing of Mr. Abbott's new tax laws but wonder

IMPORTANT BUSINESS

One of the casualties of the rail strike was the annual convention of the Canadian Weekly Newspapers Association of which this newspaper is a member.

The convention, now at least temporarily postponed, would have made few headlines, even in the press of the host province. But that does not mean it would not have been important.

The very fact that the representatives of over five hundred newspapers, representing communities large and small from British Columbia to Newfoundland, take time out for a get-together is in itself big news.

Annual conventions of the Canadian Weekly Newspapers Association are a form of Dominion-Provincial conference minus the constitutional problems. They are meetings of minds at which common and uncommon problems are explored by men and women whose job it is to work with opinion.

Weekly newspaper editors are important people, even if they do say so themselves. They are important not because of who they are but because across their desks flow the cross-currents of community life at a level at which it can be interpreted relatively accurately.

From the editorial and news columns of the weekly newspapers of Canada can be gained a sure insight into the inner workings of the nation.

The town and village press is a true reflector and a true light, interpreting and guiding. It is a Gallup poll whose accuracy has never been questioned.

Publishing a weekly newspaper is, indeed, a much bigger and more important business than most of its editors believe.

MAKE HUNTING A SAFER SPORT

Within the next few weeks hunting, one of Canada's favourite sports, will be in full swing. Unfortunately, a number of Canadian citizens will meet unnecessary deaths while this hunting season is on, due to some carelessness on the part of themselves or another hunter.

At least 95 per cent. of all hunting accidents each fall can be avoided if every hunter acquaints himself with the fundamentals of safe gun handling and constantly practices them. These fundamentals are simple and serve a dual purpose: they help keep hunting a safe sport and make for better marksmanship.

There is no excuse for carelessness in gun handling, whether the weapon is loaded or not. The cardinal rule of gun safety is "treat every gun with the respect due a loaded gun." Always remember—never point a gun at anything you do not want to shoot. Never leave your gun unattended unless you unload first. Never climb a tree or a fence with a loaded gun.

Carry only empty guns—taken down or with the action open—into your automobile, camp or home. Whenever you pick up a gun, indoors or outdoors, always first point the muzzle in a safe direction and examine the piece carefully to make sure whether or not it is loaded.

Pointing a loaded gun towards a companion is the unpardonable sin of shooting ethics. Do it just once and you have lost the respect and comradeship of your friend, and branded yourself a thoughtless novice or a careless, dangerous shooter with whom it is unsafe to go afield.

It is a compliment to be invited to go hunting with an experienced gunner. It means he believes you will observe all safety rules and practice good sportsmanship. Don't let him down by taking chances and you'll help make hunting a safer sport. It's just as easy to be careful as careless

RURAL YOUNG PEOPLE

Helping to make rural life more attractive than in the past, with the hope of keeping young people on the farm and making farming and its kindred branches their life work, is the aim of the junior farmers' organizations.

Junior Farmers' Club and institutes have become a strong feature of the rural life of today. Years ago it was said the country boy and girl could not interest themselves on the farm. Today there are as interesting times and as delightful social gatherings there as in the city. They are fewer, of course, a decidedly desirable factor.

It is an old saying that if the girls can be persuaded to remain on the farm and its life can be made pleasing and desirable, the drudgery eliminated and city conveniences enjoyed, then the boys could not be driven from the farm. The saying may be accepted as generally true.

Thus, to enable girls to make farm life attractive as well as profitable, they have to be helped by those who have made a scientific study of the subject. And this applies to the boys as well. The Junior Farmers' work is effecting a transformation that is pleasing. The girls are being taught the theory and practice of household science. They are shown how dairying on a small scale can be made a delightful occupation, how clothes can be made as nice as professional dressmakers make them, the science of cooking dishes that are tasty and healthful and the cultivation of all those finer qualities of womanhood. These are taught and the teaching is acceptable and delightful, for the old methods that have sufficed for generations past no longer appeal.

Rural boys are being given practical demonstrations in every phase of farm practice. Encouraged to raise live stock of their own and exhibit it at all the fall fairs, they learn to take a keen interest in everything about the farm.

It is timely that the government interest itself thus in the welfare of rural youth. Agriculture is the backbone of the country, and the youth is its strong right arm. In the cities vocational schools are provided for young people, but until comparatively recently the rural schools have been more or less neglected, except to the imparting of the essentials of education. To-day there are many of the cities who envy the country boys, their health and vigor and the independence of life and work.

SHOULD ABOLISH COUNTY COUNCILS?

Not infrequently someone jumps into print with the assertion that county councils have outlived their usefulness, that they are now just a bill of expense and should be abolished, states The Pembroke Standard-Observer. Quite true! It is, however, not often that such an opinion is voiced by a member of a county council, as it was at Cobourg the other day.

A member of the Northumberland and Durham council said that county councils were all right in the horse and buggy days, but all they have to do now is to duplicate what is just as easily done by township councils. He claimed he did not earn the $70 he received for attending the session and that the other members did not earn their money either.

It is quite true that the functions and authority of county councils have in large measure been taken away from them and assumed by central governments and their agencies, but we think it would be too bad to see them disappear altogether. Township reeves are close to the people and their problems, much closer than any central government could possibly be, and that is something much to be desired. Members of the county councils, knowing the ability of their ratepayers to pay taxes, are much less likely to spend money wastefully than those who are farther away from the source of revenue. Rather than abolish county councils, it might be a good idea to restore to them some of the functions of which they have in the past been deprived.—Smiths Falls Record-News.

EDITORIAL NOTES

Harold Nicolson, famous English writer and politician, says, "I think a lot of historians forget that one purpose at any rate of writing a book is that someone should read it." Personally we think many historians just forget—and fill in the gaps with what they believe should have happened. An example of this is the controversial writings on the death of General Wolfe at the Plains of Abraham. History texts to-day differ in the actual account of Wolfe's death, and even the picture published in all of our public and high school books is now considered an inaccurate representation of the tragedy.

According to word received from the Industrial Accident Prevention Association, September has been proclaimed "clean-up" month in preparation for the "No Accident" campaign in October. Industries should take note of this "clean-up" period and advise their personnel of such a campaign. Cleaning up does not mean only the sweeping of floors and the removal of tripping hazards, but it means the clearing away of hazards which may cause accidents. Every employee can aid in this worthwhile campaign by reporting or clearing away any potential accident hazards. Clear up your work place this month and keep next month free of accidental injuries.

H. S. SCHOLARSHIPS

(Petrolia Advertiser-Topic)

In scanning the scholarship results of High School students, appearing in our weekly "exchanges," we have failed to see any that has a record to come near that set by Petrolia High School. Students from the local school, who won scholarships totalling more than $6,000 and likely more to come, are to be congratulated in bringing such renown to the district high school here.

ATTENTION, HOUSEWIVES!

(Brockville Recorder & Times)

Housewives will probably welcome the newest aid to good housekeeping, dust mops with a bend in the handle so the ladies will not have to bend their backs while mopping under couches, etc. However, according to beauty experts, they are not getting the "break" that they would imagine. The experts have long been advocates of just such forms of housework to keep slim, trim figures. We wonder how many will pass up a chance to try out the latest improvement, preferring beauty to comfort.

FUEL OIL INCREASE

(Smiths Falls Record-News)

Announcement was made recently (and it came as a bit of a surprise), that furnace fuel oil prices would be boosted one to one and one-half cents a gallon, immediately in Eastern Canada. The increase also applies to stove and diesel oils. Why? According to annual reports of Oil Companies, which we have perused, the net profits were enormous. Perhaps the sole reason for the jump in price of this fuel, (there seems little other justification), is because the Oil Companies are afraid the Government will carry out its intimation of freezing prices, on a wartime basis, and as a result of the present war in Korea.

INCREASING CHURCH ATTENDANCE

(St. Mary's Journal-Argus)

We heard a bit of good advice concerning church going recently. A citizen said: "Ask your friends to come to church on Sunday. Tell them what it means to you and to others who are there."

It is true. The ones who are regular churchgoers sometimes seem almost as ashamed of it as those who seldom walk through the church door. They leave it entirely to the minister to encourage attendance.

If you are one of those who go to church with some regularity, don't you think it would be a simple way of doing a good deed to offer an encouraging invitation to a friend or a neighbouring family?

EXCHANGE OF POWER

(Cornwall Standard-Freeholder)

The tone of the news these days is so gloomy that one tends instinctively to look for the brighter notes that creep in sometimes. Such as the story of a simple deal between France and Spain to exchange power between the two nations.

Spain generates nearly all her electric power by means of water-power installations. France depends on fuel-powered generators to a greater extent. Both countries have been troubled with periodic shortages for several years.

Spain is a dry, hot country, especially in the late summer months. The power will flow into Spain from installations in France during this time of year. In winter, the demand for electricity reaches a peak in France, and exceeds capacity. But the winter rains fiill the Spanish rivers, and hydro plants work at peak output. The current flow will be reversed and the power sent in from the north will be paid for, kilowatt hour for kilowatt hour.

This marks an important change from the days before World War II when the stuggle for self-sufficiency weakened every country in Europe.

Talk about irony! Last week the Arnprior Chronicle heard the fire alarm ring in that town and the staff rushed out to the street in search of a late news item for their paper. Much to their amazement they were confronted with onrushing firemen entering their office. Not knowing why the firemen were entering their premises, they were told that there was smoke coming from the windows of the overhead apartment. This was quite true. Although there wasn't a fire in the apartment, someone had left some food burning on the stove and the smoke was pouring through the windows.

The very next day the Chronicle was struck by fire and, according to reports, several thousand dollars worth of damage was done to the plant. Although you could call this "hot news in the home office," it is quite serious as the Chronicle is forced to cease publication for at least two weeks. All hope the extent of the fire damage was not too severe and that the Arnprior paper will be going again very shortly.

OBITUARY

LATE MRS. M. McLENNAN

Mrs. Malcolm McLennan died at the home of her daughter on August 26th after an illness of two years. She was born in Edwardsburg in 1872 and was the daughter of the late Peter Riddell and his wife, Carolyne Weston. Her maiden name was Doretta Riddell.

She was married in 1888 to the late William McMenomy, and of this union five children were born. Her husband predeceased her in 1905, also three sons, Lindsay, in 1913, age 21 years; Burton in 1942, age 44; Lorn, inn 1948, age 51, also her second husband, Malcolm McLennan, in 1948. She is survived by one son, William R. McMenomy, of Inkerman, and one daughter, Bessie, Mrs. A. Rombough, of Monkland, and five grandchildren and eight great grandchildren. Three brothers, Elisha Riddell, of Prescott; Thos. Riddell, of Winchester and Alva Riddell, of Brownlee, Sask., and one sister, Mrs. John Girard, of Toronto, also survive.

The service at the home and graveside was conducted by Rev. D. MacDonald, of St. Andrew's Presbyterian Church, Avonmore. Relatives and friends placed many lovely floral tributes about the casket, evidence of the esteem in which Mrs. McLennan was held. The pall-bearers were Messrs. W. E. Hill, E. Jackson, Harry Miller, W. A. Johnson, Smith Ferguson and D McNeil. Interment was made in the Knights Cemetery at Inkerman.

LATE MRS. JOSEPH SMIDT

Funeral services for Mrs. J. Smidt (nee Zella Sharpe), who died on September 3rd, were held in Ottawa on September 5th at 2 p.m., with Rev. Mr. Bruce, rector of All Saints' Anglican Church, Ottawa, officiating. Interment was made in Maple Ridge Cemetery with Rev. L. B. G. Adams, rector of St. Matthias' Anglican Church, conducting the service.

MOUNTAIN TOWNSHIP COUNCIL

The regular meeting of the above council was held in the I.O.O.F. Hall, Mountain, on Tuesday, Sept. 5th, at one p.m. Reeve Wm. A. Cameron occupied the chair, with Deputy Reeve Harry Williams and Councillors Joseph A. Hyndman, John Loughlin and John Corry all present.

The minutes of the last meeting were read and adopted. A communication was received and read from W. E. Steele, of the Dept. of Lands and Forests, re open season for deer hunting in Mountain Township. He also visited at the council meeting, and the matter is to be taken up at a special County Council meeting to be held soon.

The adjourned Court of Revision on the Moffat-Kennedy Drain was closed.

Mr. Gordon Robinson was appointed by By-Law No. 976 to be assistant treasurer until such time as his successor in office is appointed. The Assessor's Roll for the year 1951 was accepted from the assessor, Gordon Robinson. Mr. Robinson was instructed by Council to institute proceedings to confiscate properties on which taxes are unpaid at the end of September, 1950, according to law.

The following accounts were passed: Frank V. Milne, part salary, $150.00; G. Corry, for Veterans, $100; Gordon Robinson, Assessor, $500; Federation of Agriculture, $347.48; C. W. VanAllen, bulbs, Mountain Village, $14.80; Afred E. Burd, Mountain lights, $13.25; S. E. Lapp, charity, $36.42; A. E. Erwin, charity, $24.50; Province of Ontario, Insulin, $6.91; Earl Bailey, postage, etc., $10.93; Ed. Bush, preparing Deeds, $10.00; Mrs. L. Cassidy, care, $75.00; G. Robinson, services, $24.70; Robt. Bryan, I.O.O.F. Hall, $5.00; E. VanBridger, P.V.S.M., $5.67; J. Cameron, P.V.S.M., 75c; Cecil Wylie, Road Voucher No. 8, $1708.58.

Council adjourned to meet in the I.O.O.F. Hall, South Mountain, on the 2nd day of October, 1950, at 1 o'clock in the afternoon.

ANNIVERSARY SERVICES AT HALLVILLE

St. Andrew's Church in Hallville, established in 1834, celebrated its anniversary on Sunday with Rev. E. C. Kelloway, of Carleton Place, taking the morning service. In the evening, Rev. M. Reader, of Morrisburg, was guest preacher and spoke on "The Horizons of the Church." Rev. N. T. Holmes, the pastor, took the Sunday services at Carleton Place and Morrisburg.

On Monday evening an Anniversary supper was largely attended in the basement of the church, followed by a programme in the auditorium. Rev. C. R. Sutherland, of Inkerman, was the guest speaker, and the popular Hallville male octette sang several negro spirituals. Rev. Mr. Holmes presided as chairman, and Mrs. Logan was pianist. In his address, Mr. Sutherland, a former missionary in Korea, commended his audience to a wider interest in foreign missions. He said one of the greatest needs of church members of all denominations was a more charitable attitude towards other nations.

LOCAL H. S. COURSES EXTENDED

The Department of Agriculture, which was last year introduced to the course of study of Grade 9 of the local High School, will this year be extended to include Grade 10. This is in keeping with the Provincial Department of Education policy to develop courses suitable to the various types of communities in the province. The course in Agriculture has been designed for rural agricultural regions. It gives both practical and theoretical instruction in such phases of agriculture as animal and field husbandry, dairying, soils, fertilizers, engineering, farm mechanics, horticulture, botany and zoology, etc. Some sixty-eight of Ontario's leading high schools and collegiates, including Niagara Falls, Napanee, Belleville, Perth and Renfrew, have set up departments for instruction in agriculture.

The provincial authorities, after a survey of results obtained in agricultural instruction in the United States and other parts of Canada, are encouraging the development of such instruction in Ontario by giving generous grants which enable local boards to organize such instruction without increasing the local tax rate. Grants include allowances to cover the major cost of such items as school lunches, transportation, open nights, and the use of the school by community organizations.

Departmental agriculture is at present taught to boys only. The girls are given extra periods in all phases in Home Economics. It is reported by schools with long established Departments of Agriculture that more students attend schools for a longer time, and that the Upper School pass rate is better than in schools without these Departments.

Practical work, carried on in such an Agricultural program, includes the propagation and growing of small fruits, vegetables, perennials, experimental and demonstration plots for forage and grain crops, gardening, the development of tree nurseries and orchard, the brooding and rearing of chicks, judging of farm animals and crops, etc.

The local high school board, composed of W. J. Cass, K.C., chairman, F. Erle Helmer, Kenneth Ault, Robert Woods and Walter MacDonald, have already made considerable progress in developing the Agricultural Course in the local school by providing the necessary equipment and library books. The Board has made arrangements to obtain four acres of land to be used in the new course offered.

The teacher in charge of developing the new course in the school is W. A. Servage, B.A., a graduate of the local school, and of Queen's University, Kingston. During the past summer Mr. Servage successfully completed the Specialist's Course in Agriculture given at the Ontario Agricutural College, Guelph. In addition he already holds certificates in Farm Mechanics, Shop Work, Guidance and Counselling, and Cadet Instruction. Previous to returning to Winchester, Mr. Servage was with the Royal Canadian Air Force, attached to The British Commonwealth Air Training Plan as an instructor and administration officer. For a year after the war he was a Liaison Officer acting as mediator in the many difficulties arising in the process of rehabilitation.

Since the school is well equipped and well staffed to carry on a successful course of study in Agriculture, it is hoped that the students of this district will avail themselves in this latest opportunity offered.

SHUR-GAIN FEED SERVICE

MR. FARMER:

When you think about Practical Feeds you are thinking about SHUR-GAIN.

Why SHUR-GAIN?

SHUR-GAIN Feeds are the ONLY feeds that offer you the twin advantages of:

LOCAL MANUFACTURE AND CONTROLLED QUALITY

SHUR-GAIN Feeds are manufactured right here—they are fresh, but, more important, all SHUR-GAIN Feeds are under constant test at the SHUR-GAIN Demonstration Farm.

Practical minded farmers who are interested in making their feeding operations PAY are more and more turning to SHUR-GAIN.

WINCHESTER ROYALS

Our Winchester Royals, their title sustained
In this last season, and winners remained
Until at last with Stittsville they lost,
It was no disgrace, though heavy the cost.

Unlike other teams, they have pitchers galore,
No matter who pitches, can keep down the score;
Can change their players wherever they choose,
These changes do not 'ere cause them to lose.

Two catchers have they, yes, second to none,
A Dawley, a Riley, 'tis surely some fun
To listen to Riley when behind the bat,
He can excite batters till out they go flat.

Three pitchers have they, but if there should be
A corner real tight from which to get free,
They put on a two hundred pounder by weight
Who can, with great speed, fan some at home plate.

This MacIntosh man, though heavy, can run,
To watch him run bases is surely great fun,
Although big and heavy, with speed he gets there,
And to obstruct him not many would dare.

But take them all round, they fill well their place,
In field or on bases they ne'er bring disgrace,
The bunts are well watched, the flies are all caught
And grounders picked up, sent to first while they're hot.

Mr. Helmer, their coach, knows well how to place
His men in the field that they might efface
All errors that would unknowingly come,
To tell far ahead is surely not dumb.

Now one of our stars, first baseman was he,
Stuck out his left paw, coming swift as could be,
It was a great play, he held it right there,
As good as I've seen, I sure do declare.

The next star was a homer by Crummy, that boy,
The only run scored that brought the crowd joy.
He drove it so far the ball came too late
To keep Bill from landing safe on home plate.

And now of our Royals we surely are proud,
Who have, at all games, secured a good crowd
Of supporters who gave them their aid and good will,
May they, for some years, be victorious still.

—John Reoch, Winchester.

FAMILY OF SIX WINS MORRIS CAR

Mr. G. P. Keating, of 4709 Papineau Ave., Montreal, is the winner of a recent "Win A Morris" contest, sponsored by Toledo Motors Ltd. Above from left to right are Mr. and Mrs. Keating, and their children, George, Caroline, Marlene and Jimmy. Standing beside the prize—a new 1950 Morris Minor Convertible—is Mr. W. S. Kickley, President of Toledo Motors Ltd., of Montreal, distributors of several leading makes of British cars in Canada.

WINNER OF MORRIS CAR NEEDS DRIVING LESSONS

Had Gerald P. Keating been an optimist, he would have started to take driving lessons the moment he sent in his entry form to the "Win a Morris" contest sponsored by Toledo Motors Ltd., of Montreal, distributors of these fine British cars.

As it turned out, tall, handsome, Gerald Keating was caught napping. Recently, he received the keys of his brand new Morris from Mr. W. S. Kickley, President of Toledo Motors, but he will have to wait for his license before he can drive it home. His 10-year-old son, George, was treating his father to a few "I told you so's" while they were choosing together the right colour and model. George feels responsible for his father's predicament: It was he who picked up the entry form at Papineau Motor Sales Ltd., next door to their house.

"He gave me no peace until I mailed that form," Mr. Keating said. "He took me down to have a good look at those neat Morris cars so I would know just what to say about their five outstanding features."

Mr. Keating's entry was judged best of many that were carefully examined by Toledo Motor Ltd. and their advertising agency, The F. H. Hayhurst Co. Limited.

WILLIAMSBURG TOWNSHIP COUNCIL

The Williamsburg Township Council met on the 2nd day of September. The previous minutes were read and adopted.

A By-law, prohibiting the discharge of rifles during the open deer season in any year, was given the final reading. The Clerk was instructed to send a copy of the Moffat-Fetterly Drain By-Law to the Municipal Board of Ontario for their approval. A By-law, for levying the tax rates for the year 1950, was given the final reading and the rates are as follows: County rate, 12.4 mills; Township rate, 4.0; Township school grant, 4.5; Trustee school levy, 3.5; Relief, indigents, charity, 0.5; Federation of Agriculture, 0.2; P. V. Winchester Springs, 9.0; P. V. Williamsburg, 12.0.

The Reeve, Clerk and Road Supt. were authorized to petition the Dept. of Highways for the interim payment of the statutory grant under the Highway Improvement Act on expenditures made to the end of August, 1950.

The following accounts were paid: Roads and Bridges, $1379.12; Direct Relief, $56.00; P. V. Williamsburg, sidewalks, $590.28; Personal services, $137.66; Postage, telephone, excise, $7.65; Salvation Army, $25.00; M. Thom, renewal bond dog tax collector, $7.50.

Council adjourned to meet again on October 7th at 1 p.m.

MacINTOSH CLAN GATHERING HELD AT IROQUOIS

The 11th annual basket picnic of the MacIntosh Clan was held on Labor Day, Monday, September 4th, at Doran's Point, one mile east of Iroquois, for all descendants and in-laws of John MacIntosh (born August 12, 1777, and died September 21, 1845). This year an exception was made and the picnic was thrown open to the public. Regardless of the weather, a good crowd gathered.

Dr. P. A. MacIntosh, of Spencerville, acted as chairman for the program. Bob McVey's pipers furnished music throughout the day. Addresses were given by Hon. Solon Low, Social Credit member in the House of Commons in Alberta; Hon. H. H. Hatfield, a member of the House of Commons, Nova Scotia; W. Floyd Gilliland, M.L.A., Peace River, Alta.; and Orville Seeley, Reeve of Matilda Township.

The picnickers were entertained by various dance numbers, Highland Fling, tap dancing, etc.

The baptism of the small daughter of Mr. and Mrs. Denzil Hart, of Aultsville, took place, with Rev. John Hurst, of Shanly, officiating.

Two small Hammerley boys, recently arrived from Switzerland, and now living at Maitland, gave musical selections on accordians.

The program closed with "God Save The King." Sports followed, conducted by Mrs. J. Davidson, of Winchester Springs.

CALFHOOD VACCINATION NOTES

TO THE FARMERS OF DUNDAS COUNTY

ARGUMENTS AGAINST CALFHOOD VACCINATION

No legitimate reason can be given for the discontinuing of Calfhood Vaccination. Approximately a million calves have been vaccinated to date, and in only a few instances have complaints been voiced. These may be summarized as follows:

1. A few breeders have claimed that calves vaccinated at six to nine months of age may not conceive readily when they reach breeding age. This argument does not withstand the practical test; a careful survey has revealed that this is not true. At no time has the failure to conceive been due to calfhood vaccination.

2. There are those who will maintain that it is dangerous to vaccinate calves with a living vaccine when the herd is blood-negative, that is, listed or under listing. This statement is entirely without foundation, because we have learned by experience that calfhood vaccination has been practised and vaccinated calves maintained in the same building as the blood-negative adult animals, without any evidence of spread of the disease. Since Strain No. 19 is not a transmissible strain, no owner or breeder should hesitate to use it on each and every heifer calf.

3. It has been said that the degree of protection afforded by the vaccination procedure diminishes after the first and second gestation. Here, an owner may re-vaccinate if the infection rate in his herd is high. However, the interval of time which elapses between calfhood and maturity in an animal is usually sufficient for the owner to build up a Bangs-resistant herd.

For Parents Only

(By Nancy Cleaver)

NUMBERS FOR TINY TOTS

"My little girl had a terrible struggle with Arithmetic in public school. When I tried to help her, it just seemed to confuse her. She would burst out crying, "You don't do it teacher's way!" Her brother is six years younger and although he is only four he is beginning to know his numbers."

How many parents have had a similar experience to the one related by this mother? It is true that some youngsters seem to be just naturally bright in mathematics, a large group get along without too much difficulty. But in every class there are likely some children to whom Arithmetic is indeed a perplexing subject. Is there anything which parents can do to help their little folk in their first acquaintance with numbers?

The old fashioned counting rhymes cast their spell over many children. Perhaps you can remember saying over in a kind of a chant, as a small child, some version of—

One, two, buckle my shoe; three, four, knock at the door; five, six, pick up sticks; seven, eight, lay them straight; nine, ten, a good fat hen."

Or perhaps the "one little, two little, three little Indians," counting song was a favourite with you. Some modern educationalists pour scorn on Nursery Rhymes but they have survived for a good many years. A child has fun while he and mother repeat or sing them together, and he does learn the name of the lower digits.

The new emphasis in learning is to relate it to life situations. Thus a mother who wants her child's first introduction to Arithmetic to be a pleasant one at school, prepares him for it by certain simple counting experiences at home. Three and four year olds love to help mother put away the groccries. As mother sorts the canned goods she can say out loud, "One can of corn, one, two cans of tomatoes, one, two, three cans of soup." The child who is almost ready for school may want to count the oranges to see if there are a dozen.

In a home where the clock strikes the hour, many youngsters like to count the number of strikes. Because Roman Numerals are used on many clocks, these are a bit puzzling. It is easier for a child to learn the time on a clock with ordinary numbers. If there is an old clock around the house which does not run any more, use it in teaching a child about the hour and the minute hand. Let him turn the hands and make the clock say: Dinner time or twelve o'clock, or bed time or seven o'clock. A little toy clock face can be made with cardboard and with an hour and a minute hand fastened to the centre so they will revolve.

When a child is old enough to run on errands to the grocery store, counting money and change is another interesting number experience. Parents should take time to explain the value of nickels and dimes and quarters in terms of coppers.

It is easy to invent simple problems and make a game out of them as "Here is a foot ruler, and here is a yard stick. How many rulers would make one yard stick?" "Mother has a quarter and a dime. How many nickles could she change them for?" or "This is Wednesday. Count on the calendar how many days are left in this week."

The child who has had opportunities to try to figure out the answers to simple problems is taking his first steps in an important part of mathematics. Mother finds that it takes a little longer, but it is worthwhile to give Junior these simple exercises in measuring space in inches, feet and yards, or time or money.

Instead of cutting up a large apple for Junior and three chums, ask: "How would you give each boy a fair share?" Use the terms "half" and "a quarter" related to material he can see, and then fractions won't be such a mystery when he gets to them at school!

Methods of teaching are constantly changing—and most of the changes are improvements. Thus mother and dad, if they try to solve Junior's arithmetic problems following the methods they learned two decades ago, are bound to get into an argument! When in doubt, follow Junior's teacher's way. She won't appreciate your boy saying "My mother says—or dad does it this way!" Play safe, encourage him to do his own homework himself—and don't muddle his young brain with two different ways of dividing—even if they both arrive at the same answer!

Grows Large Tomato.

This week we were the recipient of one of the largest tomatoes we have ever seen. We knew that the vegetable crops were good this year but this tomato takes the cake. It came from the garden of Mr. Henry Lennox and measured 18 inches in circumference and weighed a little better than 1¾ lbs. Yes sir, these Winchester tomatoes are really something!

Will Celebrate 55th Anniversary.

Congratulations are extended to Mr. and Mrs. Luther Barkley, of Williamsburg, who will celebrate their 55th Wedding Anniversary this Sunday, September 16th.

25th WEDDING ANNIVERSARY

On Saturday evening, September 9th, Mr. and Mrs. Robin Campbell, of Metcalfe, celebrated their 25th Wedding Anniversary when a group of friends and relatives gathered at their home. Best wishes were extended on behalf of the group by Mrs. E. T. Cowan, and the couple were presented with numerous gifts. Mr. and Mrs. Campbell also received flowers and many messages of congratulations. After a social time spent, a dainty lunch was served.

TWIN SHOWERS HELD

On Thursday evening last, at the home of Mr. and Mrs. A. K. MacDonald, Ormond, a twin shower was held for Miss Dallas MacDonald (who was married on Saturday) and Mrs. Dick Marshall (nee Ann MacDonald), of Montreal. The brides were seated in two chairs which were decorated for the occasion, after which Miss Mary MacDonald read an address to Ann, and the Misses Betty McIntosh and Betty Duncan presented her with a tri-light lamp, a Kenwood blanket and pillow cases. Miss Martha Carkner then read an address to Dallas, and a purse of money was presented to her by Miss Isobel Carkner. Both girls replied, expressing their appreciation of the gifts.

During the evening Miss Mary Kyle, of Scotland, gave two humourous readings. Lunch was served at the close. Hostesses for the evening were Mrs. Hubert Carkner and Mrs. Doug. McIntosh.
