\$50,000 TO LOAN on first mortgage on good improved farm lands at reasonable rate of interest.

Suicide at Ottawa.

Ottawa, March 30.—Mrs. W. Johnson, the wife of a street car conductor, apparently committed suicide this afternoon. Owing to the mystery of her death, the coroner will consult the Crown Attorney to-morrow on the matter. The husband says she was in good spirits all day and they were preparing to return to England to live. He says they were happy. He was not at home when the woman was found dead.

Penny Banks a Success.

The March statement of the penny banks of the Ottawa Public Schools, shows total deposits of \$12,234, which is an increase of \$670 in the last month. There is 19 schools represented and the system established there about a year ago modeled on that of Toronto, is proving successful beyond all expectations.

Make your House Cleaning easy and pleasant by renting one of the celebrated Regina Pneumatic Cleaners from R. Harrop, at \$1.00 per day. It not only does away with all hand laborous work, but will also clean your carpets, squares, mats, mattresses, curtains, upholstered furniture, etc., much better than it can be done in any other way and without causing any dust through the house.

Result of Exams. at Dairy School.

The Dairy School term at the Guelph Agricultural College, closed on Friday March 24. Thirty-two students wrote on the final examinations, 26 in the Factor Class, and six in the Farm Dairy Class, including representatives from Nova Scotia in the East to British Columbia in the West.

According to the department all the students have positions awaiting them, and applications have been made for a dozen or more, which cannot be filled. There appears to be a great demand especially for buttermakers, and room exists for a number of bright young men, who can qualify as buttermakers and creamery managers. These positions are worth \$60 to 75 a month, or more. Quite a number of the class left at once to take charge of official cow testing until their factories open. There is a large demand for competent men to test cows, though the work is more or less irregular.

Express Rates on Cream Reduced.

The Railway Commission is issuing an order which practically restores the express rates on shipments of cream for butter making to the rates existing prior to the increases made by the express companies some three years ago. Representatives of the creamery shippers of Ontario and Quebec appeared before the Commission some weeks ago to protest against the present rates, which are about fifty per cent. higher than they were in 1907. The board has found their complaint well founded, and has accordingly ordered substantial reductions.

The charge for returning empty cans is however, left at five cents per can, instead of the cans being returned free of charge, as formerly. Shippers will thus be able to hold the express companies responsible for any loss through failure to return empties.

Chinaman in Smith's Falls Under Arrest.

A Montreal Chinaman named King Tung Soon was arrested at Smith's Falls, Wednesday, charged with attempting to blackmail a couple of local Chinamen. The Montreal man, it is said, is suspected of levying toll upon his more innocent countrymen under one pretext or another in all parts of the country, and the police of several cities have long been on the lookout for him, but so far nothing has been proved against him. He accused the Smith's Falls Chinamen of sending liquor into a prohibited district, but offered to fix the matter up with them on payment of one hundred dollars. The accused however, were not to be caught so easily and they communicated with Hum Quon, of Ottawa, who is the head counsellor of the Chinamen in Canada. He took the matter up, got Mr. Henderson, barrister, of Ottawa, and with him arrived in Smith's Falls last night. As a result Tung Soon was placed under arrest.

Miss L. Gauthier, Crysler, cordially invites you to inspect her Opening Display of Spring Millinery, April the 7th and 8th. She has Miss Anderson for milliner. Orders filled promptly.

Chesterville, Ont., Branch.

MANAGER.

Personal.

Rev. S. F. Newton of Elma, and Rev. W. H. Stevens of this place exchanged pulpits on Sunday.

Mr. W. B. Campbell of Winchester, was in town yesterday. Mr. Campbell intends going abroad for the benefit of his health. His family will accompany him.

Mr. D. G. Whidden has returned to town from a month's business trip in the west in the interest of the Canadian Condensing Co. of this place.

Mr. and Mrs. Lindsay Mackie of Cambridge, visited the latter's father, Mr. Archie McNeill last week.

Mr. and Mrs. Alex Lough of Ormond, visited their daughter, Mrs. James McNeill, this week.

Mr. Archie McNeill, Mrs. Jas. McNeill and daughter, Jennie, visited Mrs. Lindsay Mackie at Cambridge a couple of days the first of the week.

Docking of Horses.

The Toronto Humane Society has decided to prosecute all owners of docked horses, where the evidence of eye-witnesses of the docking can be obtained. There is no specific law prohibiting docking, but the society will invoke the general provision against cruelty to animals found in the Criminal Code.

Nine Divorces Granted.

At a meeting of the Private Bills Committee of the Commons at Ottawa, bills from the Senate were reported, granting divorces to Geo. Brown, of Port Hope; Gertrude Grant, Winnipeg; Mary Johnson, Toronto; Dalton Mable Stapleton, Toronto; Lorne F. Robertson, Stratford; Cecil E. Freeman, Eglinton; Ethel Mary Howell, Toronto; Pauline Verena Meyer, Toronto; and Maggie F. Sadler, Toronto.

Geo. Dillen of Morrisburg Dead.

George Dillen, sr., one of Morrisburg's oldest and most highly respected residents, passed away Saturday morning after an illness of several weeks, in the 90th year of his age, up to a couple of years ago he had been in good health and had retained all his faculties, when he was stricken with paralysis. Although recovering from the effects of the stroke, his health was not the best, but he was able to be about until some weeks ago.

The late George Dillen was born in Ireland in 1821, and came to this country when a young man, settling in Morrisburg. During his life time he served several terms on the village council, and was also a member of the board of education. He was a staunch Conservative, and during several elections in the time of Conservative rule he was deputy returning officer in Dundas county.

He was twice married, his first wife predeceasing him several years ago, while his second wife survives. He is also survived by two sons and one daughter by the first marriage viz: George Dillen, jr., butcher; R. Johnston Dillen, registrar of deeds for Dundas county, and Mrs. G. W. Tracy, all residing in Morrisburg.

Strangers Cordially Welcomed.

Child Burned to Death.

Mrs. Alexander Demartin of Cornwall, sustained injuries which will probably result fatally, and her only child, a two-year old boy was burned to death yesterday afternoon as the result of the mother mistaking a can of gasoline for coal oil. Both mother and child were taken to the General Hospital, where the child died. The doctors do not think that the mother can recover.

Sadden Death at Russel.

Mr. James Matheson, a prominent merchant of Russel and a highly esteemed citizen, died very suddenly Monday. He about was business as usual on Monday, paying a visit to Ottawa. He returned on the evening train and spent the evening in his store until after eleven o'clock. He went to his home where he was in the act of preparing for bed when he fell on the bed and died in a few minutes. His wife was present at the time. Dr. McDougall was immediately called but Mr. Matheson was dead when he arrived.

The death came as a shock to the community where he was very popular. He leaves a wife and one child to mourn him, besides an aged father and mother at Shawville and four sisters. He was buried on Thursday at Russel. The funeral was conducted by the I. O. O. F. and I. O. F. lodges at Russel, both of which Mr. Matheson was a prominent member. Interment was in the Methodist cemetery. He was a prominent member of the Methodist church. Rev. Dr. Lamour conducted the church services. P. G. W. Lowrie conducted the I. O. O. F. services and W. H. Lowrie, P. H. C. R., conducted the service for the Foresters.

MISS F. HUMMEL.

Mr. Mathews Heard From Again.

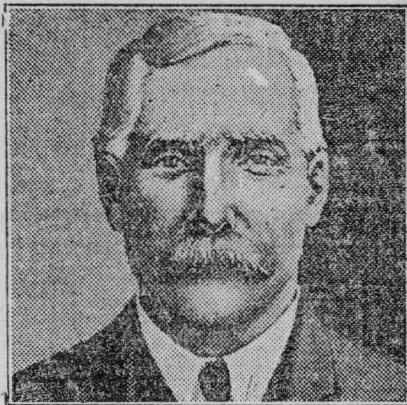

To the Editor of the Chesterville Record:

We have noted our sea voyage and been over some hunting ground here so now we will look over some farming land and see what the prospects are for the farmer, the fruit grower, and the stock raiser. The land here is abundantly productive and, at no time of year, ceases to produce. It matters not when you plant, for in due time you will reap. The land is mostly owned in large tracts from a thousand acres up and mostly unimproved, as we would term it, excepting what the natives think necessary to the raising of stock, from his point of view, which isn't much. Here is where the quick and easy money is, at present, in cattle and hogs. Both find their natural living here in most places with very little effort or preparation on the part of the owner. But if one wishes to fatten to suit our Northern market, then he must feed corn or provide the proper kind of grass, which is not hard to do. Although this land is selling very cheaply and it is being taken up very rapidly, it is hard to buy except one has a little knowledge how to go about it. One can do the best through some agent, who makes that his business for if one goes to make a bargain with a native he had better have the money in his pocket to secure it, if he says the word, for tomorrow he may double his price. He, only in rare cases, cares anything for money. He has little or no use for money except to buy a few light garments to cover a part of his body and he cares little whether he does that or not. It is the presence of the foreigner that makes him wish for any garments. While these large stock raisers have their thousands in the bank, what use is it to them? It has no influence on his manner of life. He continues to live in the same kind of a house, eats the same food and he produces these off his own land. He doesn't care to go only where he can go with his pony or canoe. So what use has he for money? Why need he sell? But this must all change before the country can be developed. Landlordism is to be prevalent for the good of anyone and must and will soon be changed. If you can persuade him to sell, his titles are good. The titles of most of the large farms of Mexico are perfect, being grants from the king of Spain, confirmed by the federal government. The Mexico of to-day is a new world. If you have any Bible pictures of olden times you will see natural Mexico, for instance, oxen hitched to carts by the horns, women, mostly barefoot some with sandals, carrying their water jars on their heads. It is surprising what loads they will carry with apparent ease. It must be admitted that the reputation of the old way for safety and stability is not of the best, but reform has been abroad in the land and within the last thirty years a silent revolution

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-tives"

SHANLY, ONT., Sept. 23rd, 1910. "You certainly have the Greatest discovered Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from Headaches caused by Stomach Disorders. "One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications. "I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying "Fruit-a-tives".

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years". W. M. PITT As Mr. Pitt says "Fruit-a-tives" is the greatest headache cure in the world. Dealers everywhere have "Fruit-a-tives" at 50c. a box, 6 for \$2.50 or trial size, 25c. or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

has been taking place in the republic. This reformation is a wonder of the century to everyone who has given it attention and by the way, I suppose Canadian people are seeing big headlines about open revolution here now but we hear nothing about it only what we see in the northern papers. Although there is a revolution in progress here it is not one of burning powder or spilling blood it is going on and eventually will win out and many improvements will be the result. Foreigners may now come with the utmost degree of confidence and hope into this progressive and well protected country, favored with climate and soil unequalled, able to offer small tracts of land to purchasers for the first time under its new regime, able to guarantee safety to all and to assure to all equality before the law. The difficulties which the Canadian settler might at first think unsur-

mountable such as the difference in language and customs will be found on trial to be largely imaginary. When we consider the facilities available to-day the fact, that the settler in Mexico has a climate, which is never severe either in heat or cold, that no lurking savage threatens danger or death, and further that the people among whom he goes welcome him and work for and with him to bring quick results, leads us to think that the Canadian will find in Mexico infinitely more pleasant and helpful conditions than he finds in going to the great Canadian North West to suffer from drouth in summer and cold in winter. All the various climates of Mexico resemble each other in certain particulars. We have no sudden changes, no extremes of heat and cold and no heavy prolonged storms. There is but a small difference in the temperature between summer and winter. No country in the world is probably more richly endowed with agricultural resources than Mexico. On first investigation one is immediately struck by their wonderful varieties as much as by their richness, for there are few countries, within a radius of three hundred miles, that can produce the crops of the tropical and semi-tropical and temperate zones. Yet Mexico can do this because of her varied altitudes, the land rising rapidly from the coast to the centre of the country and the climate becoming cooler with the higher elevation even though in the tropics. Thus the prospective agriculturist can have his choice of many crops and climate and in certain localities can raise on the same farm both tropical and temperate zone products, for instance, oranges, bananas, coffee and cattle. An excellent opportunity is found in fruit raising. Strange to say in this country generally adapted to fruit growing there is hardly enough grown to supply the local demands. First class fruits of all kinds are occasionally raised here but at present, the quality is liable to be poor and far behind the demand. Surely there is a fortune awaiting efforts of men, having a determination common sense, and a little money and who thoroughly understand one line of fruit raising and who will study carefully the market demands. The government seems more than anxious to encourage agriculturists. They offer every inducement known to them in the way of free seeds and fruit plants, as also does the express companies and in some cases the R. R. companies. I think one could sit and write for a week and not exhaust the supply of telling of the good things in view in this country of Mexico. Some may wish to ask "What are its drawbacks?" I fail to see any excepting what will be overcome just as many drawbacks have disappeared in other new countries. All that is required to do it is to have someone or many to help push the thing along. My next will tell you of my trip to the mountains and some experience with the Indians. R. W. MATHEWS.

Williamsburg Council.

Pursuant to adjournment, the council met in Barkley's hall, Bouck's Hill, on Saturday, March 18th. Members all present. Minutes of the previous meeting were read and adopted. The engineer's report re Grantley Creek drain was read, considered and adopted. David E. Bouck was changed from road division 29 to road division 54; Alex Shennett sr., Owen Coughler, Ralph Coughler, Jefferson and Matthew Plantz were given permission to build wire fence at fifteen cents per rod. Geo. Vassaw sr. was appointed pathmaster and poundkeeper in place of W. A. Plantz, Darwin Weegar in place of Frank Todd, and Arthur Beckstead in place of William Collins. W. H. Magwood, C. E. of Cornwall, was appointed to prepare an amending report re Gogo drain. Orders were passed in favor of the following:—Dalton Saddle-mire, storing grader, \$2; W. I. Beckstead winter work on gravel road, \$1.61; Dalton Saddle-mire, \$4; Stanley Saddle-mire, \$5.70; Reuben Hunter, \$2; Nathan Murphy, 31c; James Watkins, 31c; John Janack \$1.25; H. Robinson, 93c; N. Hunter, 93c; W. H. Lane, work and hired help \$7.55; M. Hanifee, fee as fence viewer, \$2; Dalton Saddle-mire, work with team, west townline, \$2; Stanley Saddle-mire, work on west townline, \$1.20; John Janack \$1; Rev. G. S. Henderson, relief of Mrs. Gonyai for the months of February and March, \$10; J. D. McDonald part payment on 29 cords of stone, \$13.50; J. M. McDonald, burial expenses of Jane Myers \$13.00; Mrs. Agnes Dardis, rent of ground \$4.00; Leader, advertising abstract statement, \$4.60; Geo. Lane, postage and stationery, \$5.05; C. A. Stilson, refund of statute labor, 1910, work performed, \$1.50. The Council adjourned to meet at Bouck's Hill on Saturday, April 22nd, at 10 o'clock a. m. GEO. LANE, Clerk.

Canadians Eat Eggs from Many Countries.

We Bought over Nine Million Eggs from the United States Last Year and Large Quantities from China.

Canada imported 893,324 dozen eggs during the fiscal year ending March 31, 1910, from the United States alone 757,316 dozen eggs came to Canada. China sent us 87,075 dozen and Hong Kong 41,245 dozen, while small quantities came from Great Britain, France and Japan.

Our egg exports amounted to 164,835 dozen, but only 39,917 dozen went from Canada to United States, so that we bought from the Americans 717,399 dozen more eggs than we sold to them. Canada sold 33,465 dozen eggs to Great Britain, 20,947 dozen in Newfoundland, 10,700 dozen in Bermuda, 2,196 dozen to the British West Indies, 44,100 dozen to Cuba 12,555 to St. Pierre and a few dozen to British Guiana, Mexico and China.

Deducting our total exports of eggs from our total imports of eggs it will be found that Canadians consumed 728,489 dozen more eggs than the total production of eggs in Canada.

The duty on eggs coming into Canada is three cents per dozen. If the Reciprocity Agreement goes into effect this duty will be removed and the importations of eggs will greatly increase.

A board of tariff experts, recently appointed by the United States Government to compare Canadian and American prices, has reported on the prices of eggs at Buffalo, Toronto, Burlington, Vt., Montreal, Lancaster, N. H., Sherbrooke, Que., Ogdensburg, N. Y., Prescott, Ont., Bangor, Eastport and Calais, in Maine,

and St. Stephen, N. B.

The statement of prices prepared is for the month of January, 1911, and the result of the enquiry is shown in the following table:

Place	Wholesale Price per doz.
Buffalo, N. Y.....	36
Toronto, Ont.	40
Ogdensburg, N. Y.	30
Prescott, Ont.	32
Lancaster, N. H.	28
Sherbrooke, Que.	32
Burlington, Vt.	27
Montreal, Que.	35
Bangor, Me.	30
Calais, Me.	28
Eastport, Me.	26
St. Stephen, N. B.	33

It will be noted that the prices in Canada were considerably higher than in the United States.

Reciprocity will give Canadian farmers the privilege of selling their eggs in the United States at lower prices than they can get for them in Canada, and it will give farmers of Australia, the United States and twelve other foreign countries the right to send eggs into Canada free of duty.

The report of the United States Government experts also deals with the prices of other farm products in the two countries. The Canadian Century will publish the figures in future issues and those who read them will be convinced that Canadian farmers have nothing to gain by Reciprocity with the United States.

BERWICK.

All are glad to see Rev. Mr. Belton back again after his recent illness.

Mr. and Mrs. Sim Johnson have moved to Pendleton, Ont., where Mr. Johnson is running a store.

Mrs. E. Muir of Lachine, Que., is visiting her sister, Mrs. William Meldrum, and other friends here.

The many friends of Master Alex Stark will be pleased to learn that he is recovering from his recent illness.

W. Bogart, a highly esteemed resident of this village died on Saturday, March 18, after a brief illness. He was operated upon for appendicitis a week previously and seemed to be steadily improving but took a bad turn on Saturday morning and, his heart giving out, he passed away aged 41 years. He was a son of the late John Bogart of this place. Besides his wife and five sons he leaves to mourn his loss three brothers, Robert, John and Percy Bogart at home and two sisters, Gordon Bogart of Kingston, also two sisters, Mrs. Swerfeger of Berwick and Mrs. A. Hawn of Newington. Deceased was a blacksmith by trade and had a good business here.

The funeral took place on March 20, from his late residence to the Methodist church and cemetery, Berwick. Rev. A. J. Belton of Finch officiated assisted by Rev. S. Bridgette of Newington. The pall-bearers were: Angus Patterson, Archie Henry, Charles Beehler, Merdie McQueen, and J. McIntyre and Charles Miller all members of the Independent Foresters of which order the deceased was a member.

There was a very large attendance of friends and relatives; in fact the crowd was so large that many were unable to get into the church. Among the floral tributes was a beautiful wreath from village friends.

Among the relatives present from a distance were:—Dr. G. Bogart of Kingston, brother, and Mrs. A. Hawn of Newington, sister of the deceased.

April 4th, 1911.

Miss B. McDonald of Harrison spent Sunday with Miss Veral Hutt.

Mr. L. Helmer left on Monday for Ottawa where he has secured a position.

Miss Nettie Pollock left last week for Cawod Que., where she is engaged in teaching school.

Mrs. S. Hutt spent last week with friends in Ottawa.

Mr. John Jordan of Chesterville made a business trip through here on Saturday.

Mr. Geo. Servage and family have moved to Cahore.

Mr. Fred Ouder Kirk has rented the blacksmith shop of the late W. Bogart.

Mrs. John Price is seriously ill.

Mr. Ed. Blair, sr. visited friends in Ottawa recently.

Mr. Jas. Pollock made a business trip to Cornwall last week.

Mr. S. Johnson and family left last week for Pendleton where they intend to reside.

Miss Annie Campbell is visiting relatives here.

Mr. and Mrs. A. Blair spent Sunday last with friends at Avonmore.

MOREWOOD.

Miss Catharine Gallagher visited Ottawa on Saturday.

Misses Carrie and Zoe Hunter of Inkerman and Winchester Springs respectively spent Saturday and Sunday with their parents here.

Quite a number attended the Welsh concert in Chesterville on Wednesday evening. All report a good time.

Mr. David Moffat and family have recently moved to the village.

Mrs. I. York and master Frank spent the past week the guest of friends in Metcalfe.

Mr. R. McCormick of Chesterville was in town on Saturday.

Miss Elva Shaver, Grantley spent the week end at her home here.

Miss Jennie Stephenson spent a few days last week at Chesterville.

Mr. and Mrs. McKendry of Metcalfe were renewing old acquaintances here last week.

Mr. Roy Baker of Winchester, passed through our town on Sunday.

Miss Margaret McVey spent Saturday and Sunday at her home in Marvelville.

The Mayor of London, Ont., has made a demand that Mrs. Thornley either retract or prove her statements reflecting on the morals of the school children. Mrs. Thornley replies, adding details to her former statement.

Eight foreigners were arrested at Windsor for smuggling them selves into Canada. It is said a favorite route is through the Michigan Central tunnel.

GRANTLEY.

Mr. Wallace Myers had a large chopping bee last Friday.

Mr. Will Sutherland spent a few days at the Capital recently.

Mr. Tom Sutherland is building a new barn this spring.

Miss Runions, of North Star, is visiting her sister, Mrs. John Shaver.

Mr. Donald Carr purchased a \$400 team from Mr. John Barkley recently.

Mrs. Norman Weaver had an auction sale of household furniture at Mr. Jas. Carr's, on the 24th.

Mr. Alex. Gordon received fine team of blood horses from his son, Thomas, in Montreal, last week.

Mr. John Dunbar is building a new house and barn on the farm he purchased from Mr. Dan Lapierre.

Mrs. Broder Robinson and son, of Morrisburg, are visiting the former's father, Mr. Jas. Sutherland.

Friends of Mr. Claude Helmer, of Lunenburg, in this vicinity learned of his death with deep regret.

Mrs. Chas. Helmer and Miss Jean Gordon, of Montreal, were visiting at Mr. Alex. Gordon's recently; also Mr. Kenneth Alguire, of North Valley.

Friends of Mr. John McCullough will be sorry to hear of his death at the Hotel Dieu, Cornwall, last week. Mr. McCullough was a highly respected citizen of this place. The remains were sent to Morrisburg for interment.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

What Will The "Average Cow" Do?

Dairy farmers are rapidly awakening to the necessity of weighing and testing each individual cow in the herd. Twenty new cow testing associations have been organized in Quebec since the beginning of this year; twelve new ones have commenced operations in Ontario; two more in Nova Scotia, and one more each in Prince Edward Island and New Brunswick. This means at least four thousand more cows being checked up each month in addition to the 11,800 in 1910. Probably many more members will be added this month.

The extension work provided for by the establishment of Dairy Record Centres is proceeding briskly. Centres are already in working order in Oxford and Peterboro Counties, Ont., St. Hyacinthe, Que., and at Kensington, P.E.I., with others contemplated. A supervisor has been appointed to extend cow testing in British Columbia.

Some cows have started with excellent records for January and February: yields of 1,690 and 1,490 pounds of milk and over 50 pounds of fat for the two months, and good indications of dairy possibilities for this season. What is the "average" cow intending to do this year?

Forms for recording weights of milk are supplied free on application to the Dairy Commissioner, Ottawa. When applying, the number of cows should be stated and whether forms are required for weighing daily or on three days each month.

Liquor Seizures.

A report just issued by the provincial police shows that in 14 months liquor valued at \$8,000 in Toronto or Montreal but worth at least \$50,000 in northern Ontario after being diluted and doctored has been seized in transit and confiscated. Considerable beer also was seized but the analysis showed that it did not contain more than regulation amount of alcohol for non-intoxicating liquor and it was allowed to go in. These seizures amounted to 10,368 bottles of whiskey, 145 gallons of whiskey, 126 gallons of highwines, 9 barrels of whiskey, 12 barrels of wine, two cases of cider, 153 cases of beer and 47 kegs of beer. In the same time 105 prosecutions were made and 34 convictions secured.

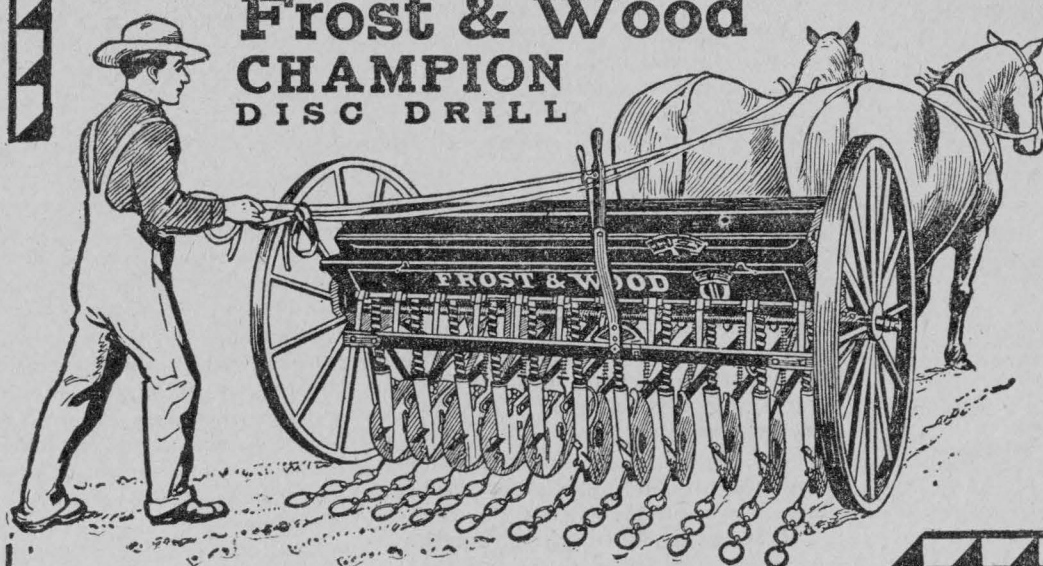

The stuff seized was shipped as hardware, butter, packed in apple barrels, hidden in lumber and in almost every other conceivable way.

The disc drill that can't stall

Built with more strength than it will probably ever need. Continuous steel axle from wheel to wheel, with frame and seed-box solidly attached. Seed-box down low and easy to fill. Tested indexes tell just how much you are sowing. Champion does not compel you to fit the shift-lever precisely into such-and-such a notch. Vary the seed-feed to suit yourself—do it in a second. Champion disc hubs are really dustproof, and are fitted with ball-bearings same as a good automobile. Direct down-pressure on EVERY disc-hub avoids side-strain. No neck-weight on team.

ANY disc drill economizes seed, time and labor as compared with other ways of seeding. But a FROST & WOOD CHAMPION excels all in accurate sowing, money-saving and the certainty of bigger crop-production. It sows right under hardest conditions.

Macdonald Agricultural College praises its CHAMPION DRILL. So do the Experimental Farms throughout Canada. Profit by their experience.

Concrete Fence Posts Like These

are slightly, strong, permanent.

Concrete is, in many localities, cheaper than wood, for fence posts, and more durable than stone, brick or iron. Our book,

"What The Farmer Can Do With Concrete" is sent FREE.

It tells how to make, not only fence posts, but walks, curbs, horse blocks, barn foundations, feeding floors, well curbs, drinking troughs, silos, dairies, and many other farm utilities where cleanliness, strength and durability are required.

Many of these things are simple and inexpensive to make, and may easily be put together in

your spare time. The book carefully and simply tells all. The regular price of the book is 50c. We are distributing free, a limited number, however, and charging up the cost to advertising. That's why you get your copy free, if you sign the coupon and send it to-day. Do it now.

You may send me a copy of "What the Farmer Can Do With Concrete."

MACHINERY DELIVERY.

Will Be Handed Down as a Notable Event in Chesterville's History.

It will be remembered by a large number of the people of this district that on March 26th of last year Mr. F. W. Merkley of this place, agent for the Frost & Wood Machinery Co., of Smith's Falls, had a very successful delivery of agricultural implements on that date, and when it was made known that he was to have another delivery this spring and the date set for April 5th, it was evident that something more than ordinary was going to take place on the day set. While we knew that he was a little nervous, in that he had been following the weather prophets for a few days, and when the morning of the day arrived it did not appear very encouraging, but before noon the heavens cleared and everything was pleasant. During the forenoon the parties who had purchased machines of different kinds put in an appearance and loaded same on their rigs at the C. P. R. yards, until two car loads of machinery was ready to be taken to their respective homes. After this part of the programme was completed Mr. Merkley invited the purchasers and their friends to dine with him at the Flynn House, and the Dunbar Band, which he had taken precaution to secure, were invited to the McCloskey House.

After all had done ample justice to the inner man, Mr. J. E. Ruby, general manager of the Frost & Wood Co., was called on, and proceeded to tell his hearers of the different lines of goods they were manufacturing and the material they used, and many other points of interest relative to farming machinery.

Mr. G. F. McKinn, editor and proprietor of the Rideau Record at Smith's Falls, was the next to speak to the gathering and delivered a neat and spicy address of about twenty minutes.

The procession was then formed, headed by the Dunbar Band, when the principal streets of the town were paraded, finally calling a halt at the post office corner, where Mr. Merkley took occasion to thank his numerous customers for their liberal patronage in purchasing from him machines that were second to none which were manufactured in the Dominion, and also he felt grateful to them for their presence, which went to make the delivery the success it was. At this junction a hearty three cheers was given Mr. Merkley and also the Frost & Wood Co. after which the procession disbanded.

Besides the above named gentlemen Mr. J. R. Fetterly, general agent for this district, and who has been assisting Mr. Merkley in the work, was present, but he is like many others, seen but not heard, and that was his attitude yesterday when the speeches were in vogue.

The Dunbar Band enlivened the proceedings very much with a number of their selections.

There is nothing like looking forward, and from what Mr. Merkley stated, he expects next year will still be far in advance of the delivery yesterday.

Township Council Meets.

The Winchester Township Council met at Winchester on Monday.

Members all present.

Moved by Dillabough and seconded by Countryman, that all correspondence in Clerk's hands be reads.

Moved by Dillabough and seconded by Countryman, that by-law no. 169 be amended by appointing Henry Dillabough overseer of gravel pit instead of J. B. Bogart.

For path masters:—Ward Pitcher instead of Kenneth Woods; George Empey instead of Rodney Marsellis; James Cain instead of James Kearns; Arthur Henry instead of Henry Elliott.

Moved by Bogart and seconded by Dillabough, that the engineer's report on the Black Creek drain be received and adopted by this Council and a by-law be prepared according.

Moved by Dillabough and seconded by Countryman, that By-law no. 172 of the township of Winchester, in the County of Dundas, entitled a By-law to provide for the issue of debentures of the township of Winchester, in the County of Dundas, to raise by way of loan the sum of nine thousand dollars for permanent improvements for Morewood Continuation school district, be read a first time.

Moved by Dillabough and seconded by Countryman, that by-law no. 172 be read a second time.

Moved by Bogart seconded by Rae, that By-law no. 172 be read a third time, passed, signed and sealed in duplicate in open council.

Moved by Countryman and seconded by Bogart, that Treasurer and Solicitor be authorized to remit amounts due Township of Williamsburg on Whittaker and Barclay drain.

Moved by Bogart and seconded by Rae, that this Council adjourn to meet at Morewood on Monday, May 1st at 10 a. m.

New Director of experimental Farms.

An order in Council was passed Saturday appointing Mr. J. H. Grisdale, formerly Dominion Agriculturist, as director of Experimental Farms, to succeed Dr. Wm. Saunders, who recently retired. The new appointment takes effect at once.

Mr. Grisdale, who is 40 years old, is a thoroughly trained scientific agriculturist, well qualified to carry on the progressive work of Dr. Saunders and to broaden the experimentation, which has yielded great benefits to Canada during the administration of Hon. Sydney Fisher. The son of Albert D. Grisdale and Elizabeth Simpson, Mr. Grisdale was born at St. Mary's Quebec. He married Miss Laura Vipond of Hudson, Que. Mr. Grisdale received his education at Vankleek Hill, at Albert College, Belleville, Toronto University, the Ontario Agricultural College, and the Iowa State College of Agriculture at Ames, Iowa. A farmer's son he taught school for a few years to earn the money necessary for this course of instruction. He was gold medallist at the Ontario Agricultural College, and took first class honors at Ames, which ranks as probably the foremost agricultural school in the United States.

The Oddfellows of Williamsburg made merry on Monday evening of last week. A goodly number of the members turned out to give Bro. Boyce, who is about to take his departure from their midst, a good send-off. After the lodge was closed, the members adjourned to Mr. H. M. Ouderkirk's dinning hall, where a sumptuous repast was served. Bro. Boyce has been an active member of Williamsburg lodge, No 349, occupying all the important positions. He was appointed D. D. G. M. for this district and filled the office in an able manner. Bro. Boyce will be greatly missed in No. 349. After the members had supplied the inner-man, the smoke had cleared away, toasts and speech-making were quite in order. Bro. Ed. Beckstead was elected toast master and surprised all present with his ability and able manner to fill the important position. The toast to "the King" was proposed by the toastmaster and responded to by Bros. Reuben Loucks and J. Weston; a toast to "Our Order" was responded to by Bros. E. C. Merkley and W. C. Lane; a toast to Bro. Boyce on the eve of his departure was responded to by Bros. Genzmer Barkley and H. M. Ouderkirk; a toast to "the Host of the Inn" was responded to by Bros. Boyce and Stanley Whitteker.

FULTON BROS.

Dominion Farmer's Truck Scale

2,000 lbs. capacity.

We are proud of this scale and we believe that in the Dominion Farmer's Truck Scale the weighing problem for the farmer, who does not wish to purchase a wagon scale, has been solved.

This scale has a very large platform 26 x 34½ in. and the platform is only 11½ inches from the floor and 25½ inches from the floor to the top of pillar cap.

The rear wheels are strong and heavy and the swivel casters in front, which permits the scales to turn easily, are of the very latest Ball Bearing Pattern.

The scale is equipped with Patent Drop Lever, which relieves the weighing mechanism from all jars and strain when load is placed upon the platform. The beam and pillar are protected from injury by a strong bag rack, which will be convenient indeed when weighing bags, &c.

The Heavy Brass Beam has sliding poise equipped with set screw. Beam is graduated 100 lbs. x ½ lbs. and weights are furnished to make up the balance of the capacity of 2000 lbs.

We are selling this Scale at Exceptionally Low Price of
\$25.00.

Excellent Value in

Family Scales!

A convenient scale for Household use, weighing 24 lbs. by ounces. You should have one.

Only \$2.00.

P.S.—If you want a Coal Oil that will give you satisfaction use our 15c American Oil. It will please you.

FULTON BROS.

CHESTERVILLE, ONT.

YOUR notions of Boy's Clothing are apt to be revolutionized this season by our wonderfully attractive showing. Why shouldn't the big boy's or the little boy's clothing have style and cost no more of it? Easy enough if the maker takes pains. But the way has been not to take pains, and the result has been disappointment.

A lasting impression is what we make in boy's clothing. All our boys' garments are liberally cut, allowing plenty of straining, and all moderately priced. The little fellows of yesterday are the big boys of tomorrow and the men of the future. We want their trade later and give better value than anyone.

tomorrow and the men of the future. We want their trade later and give better value than anyone.

IT'S a toss - up with many men what kind of Clothing they shall wear. Some will buy anything that sells itself at a cheap price, while others know by experience the general excellence of our kind of Clothing. We know all about it from cloth to finish, and stake our reputation on its wearing qualities. You pay as little here as anywhere -- very often less. All sizes are ready, and we guarantee a perfect fit.

It's worth something to be able to select your clothes where there's nothing but good quality to choose from; and variety enough for every man. Always a pleasure to show goods.

SOLE AGENTS FOR BUCKLEY HATS.

GUARANTEE.--Buckley Hats are absolutely guaranteed as to color and wear; also against accidental breakage within four months from date of purchase. We will replace Buckley Hats under above guarantee.

Woman's World

No Career Greater Than Home-making, Says Miss Tarbell.

© by J. E. Purdy.

MISS IDA M. TARBELL.

This is what Miss Ida Tarbell, the biographer of Standard Oil and author of "Life of Lincoln," has to say about woman's civic duty:

"The most valuable citizen in the world is the woman who stays at home and properly brings up a family of children.

"A woman's first and most important duty to the state is the same as it always has been since the beginning of things—the rearing of good citizens.

"There is no achievement, literary, artistic, what you will, which a woman can perform that is of the same vital significance to the nation as the rearing of a family of mentally, morally, physically healthy boys and girls. There is no profession containing such real honor for a woman as that of homemaking. And it is the great national job for the majority of us. Let us see that we stick to it. We can't do anything better."

Miss Tarbell's interviewer here interposed that it was not possible for all women to marry, and she was asked what civic duties were best performed by the single ones.

Miss Tarbell said: "They still serve the state in many ways. The highest service that they can perform is to become teachers. Women do excellent work on boards of hospitals, reformatories, prisons, asylums and schools. Indeed, there should be a proportion of women on all such boards, though there should be men also.

"As factory and milk and tenement house inspectors women do splendid service. There should be many more women probation officers. All state institutions taking care of women and children should be largely administered by women."

Household Economics.

To make biscuits light—drench with gasoline and ignite before serving.

To keep servants—chloroform and lock in the cellar.

To get rid of peddlers—buy all they have.

To remove fruit stains from linen—use the scissors.

To keep rats out of the pantry—put all the food in the cellar.

To entertain women visitors—let them read all your private papers.

To entertain men visitors—feed the brutes.

To keep children at home—lock 'em in the garret.

To keep hubby at home—lock up all his clothes.

To prevent accidents in the kitchen—fill the kerosene can with water.

To stop leaks in pipes—send in a hurry up for the nearest plumber.

To economize on coal—get a gas range.

To test freshness of eggs—drop on hard surface.

To propitiate the janitor—you can't do it.—Lippincott's.

Large Waists.

The Venus de Milo dressed in Parisian modes might pass muster now. Thirty inches is none too big for a waist. Paris made the law, and every one followed it joyously. Even the says, pull as you may, will not give you a small waist. It is even rumored that Frenchwomen pad the front of the figure to cause it to appear straight, but the one desideratum is to keep the hips to the straight line.

Catherine de' Medici when she introduced the bone corset made thirteen inches the right size for the waist, and many a woman at court sacrificed her life to attain it. There is no necessity to have long bones to keep in the hips. Coutil or brocade may be cut so as to confine the dimensions. Digestive organs are now left full and easy play.

Good Form

Correct Letter Writing.

A communication or gift received by a person in social life must be acknowledged. This is a rule so emphatic that it has no exceptions.

And equally is it the rule that if the communication be a card or note it must be responded to in precisely the same form. Acting upon this, no woman need fear making a mistake in this branch of her social duties.

A visiting card, slight as it is, should not be ignored unless it bears the letters "P. O." In that instance it is an answer to courtesies received as well as an announcement of departure and therefore might be said to close communication.

A receipt of a card following an event of importance to the family requires a card in return. For example, after a birth or death or other occasions less momentous it is not uncommon for friends to post visiting cards as indicating that they are aware of the happening. Sometimes merely a word or line is written on the card, as "Condolences," "Felicitations," according to the nature of the event. The return card, which should be sent within a couple of days, may have the word "Thanks" written on it, or it may be blank except for the engraved name and address.

It is not considered good form to answer a note with a card save after a death, when a bereaved family is permitted to make little effort, and its members may spare themselves the work of writing notes.

Invitations are always to be answered in the same form in which they are received, so that if a note comes written in the first person the response also should contain the personal pronoun. More formal invitations, in which the third person is employed, require the third in return.

Incidentally a person who is unaccustomed to writing this most formal communication, which takes the third person, must be careful that in answering the response continues to contain the third at the end as at the beginning.

More than one person has committed the error of beginning correctly with the third and ending with the first person.

A Few Table Rules.

A woman who gives much attention to diet and lives up to the best ideas in this line has the following rules neatly framed in a conspicuous place in her dining room where the family may be impressed with them:

First.—Five or ten minutes before beginning to eat a meal drink a glass of cold water. This will leave the stomach before the food reaches it and will carry with it any mucus which has accumulated since last eating, thus leaving the walls of the stomach clear and ready to be activated by the newly arrived food.

Second.—Never take a second cup of coffee. You will not care for a second if you moisten your food sufficiently with saliva. Take dinner coffee always with dessert or after rather than before, as it thus aids digestion.

Third.—Never wash your food down with liquids, but masticate each mouthful well and it will be sufficiently moist and will promote the flow of gastric juices, thereby preparing the stomach still further for its work.

Fourth.—Never eat "until too full." By a little attention to the matter you will learn when to stop and thus avoid the consequences of overeating. One mouthful too much is apt to cause disarrangement of the digestive system. This may seem like putting it rather strong, but you know that even a teaspoonful too much will cause a dish to overflow, and the same applies to the closely packed organs of the human body, where disarranged gastric fluids will produce illness.

Telephone Invitations.

When accepting an invitation over the telephone it is the part of wisdom to follow it with a written acceptance, in which the day, date and hour are repeated. Only in this way can a woman be certain that no error is made in the time, and the sense of security given is worth the effort.

Telephonic invitations will always appear to be informal and sometimes are, but a woman will have no difficulty in deciding the point if she gives heed to the hour appointed. A luncheon at half past 1 o'clock, to play bridge afterward, may be regarded as formal; dinner at any time after a quarter to 7 is also formal.

Earlier than these hours is considered to be informal.

Synopsis of Canadian Northwest Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency, or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of the homesteader.

Duties.—Six months, residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn the homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot take a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

W. W. CORY,

Deputy of the Minister of the Interior.

Read the RECORD.

School Inspector's Report.

Mr. Arthur Brown of Morrisburg, in-
spector of public schools for Dundas
county, is "pleased to be able again to
report a prosperous year," in his pro-
nouncement upon the public schools of
the county for 1910, lately issued from
the press. There was an increase in the
salaries paid teachers; there occurred a
slight increase in the number of male
teachers; there was a decided increase in
the number of second-class normal trained
teachers, of whom there were no fewer
than seventy-three. This number of well
trained teachers, along with seven hold-
ing certificates of the first class, Mr.
Brown believes to be a record in the east-
ern portion of the province. He finds
that the fear he expressed in his former
report that, owing to the lapses of third
class certificates, the supply of trained
teachers for 1911 might be lessened, has
not been verified. At the time of the com-
pilation of this annual report—February
28th—second-class teachers had increased
to 76, which number was expected to be
considerably augmented after Easter.
Although salaries have increased, Mr.
Brown finds that no additional burden
has been imposed upon the ratepayers—
those of the rural sections—because of
generous township and county and gov-
ernment grants, which in all amounted
to \$33,347. Some sections required to
make no trustees' levy whatever. Pupils
of the county enrolled in 1910 were 4,120
which was 70 more than in the previous
year, but for some reason there was a
falling off in the aggregate attendance.
Average salary of male teachers in 1910
was \$609.25, a growth of \$70.58 from
1909—a very material advance indeed.
Female teachers, who in 1909 were paid
an average salary of \$422.44, got \$466.74
1910. Taking entrance examinations as a
test, results were not so good in 1910 as
in 1909, but this was no doubt owing to
the standard having been raised. Over
all the province entrance candidates were
plucked right and left in 1910. In the
promotions by classes 1910 also made a
less favorable showing than the year pre-
ceding, but promotions from the 4th form
being made by entrance the slaughter in
that test had the effect of pulling down
the totals. In a comparative standing of
schools for 1910, the Morrisburg school
is first among those of the incorporated
villages, with Chesterville rather a dis-
tant second Iroquois a good third after
Chesterville. Winchester gets no rating
in this column because there the uniform
promotion examination is not taken. In
the entrance examination pupils writing
at Winchester did not excel, while the
average age of candidates was higher
than anywhere else. Looking over In-
spector Brown's report one is struck by
the large proportion of the teachers in
charge of schools from six months to
three years. Of veterans there are few.
The Nestor among the pedagogues ap-
pears to be Wm. A. Bowen of Iroquois
who for a quarter of a century has been
principal of the public school of that
village. Alex A. Strader, teacher in school
section No 11, Matilda, has been for 13
years in harness, and his school is high in
the comparative tables. J. E. Dawson of
No 13, Williamsburg, after teaching for
17 years, does not bring his school so high
in the said tables as does Mr. Strader,
but unlike Mr. Strader he is without an
assistant—at least none is mentioned in
the report. S.S. No. 12, Winchester, the
school enjoying premier standing, has as
teacher, Miss Ada M. Bouck, who had
been there only during the last half of
the year, which is an indication that she
must have had capable predecessors or is
herself an excellent teacher—possibly a
combination of both circumstances con-
tributed to the happy results in her sec-
tion. As to the character of school build-
ings, furniture and equipment Mr. Brown
says nothing in his report, save that an
up-to-date school house has been built in
S.S. No. 7, Matilda.—Herald.

Dillen—Bowman.

At the Methodist parsonage,
Morrisburg, on Wednesday, March
29th, 1911, Rev. H. S. Osborne
united in marriage Mr. Fred Dillen,
son of Mr. George Dillen, jr. and
Miss Annie Bowman, daughter of
Mr. Wesley Bowman, of Froat-
burn. The happy couple were un-
attended. After the pleasing cere-
mony the young couple drove to
the residence of the bride, where a
sumptuous repast was in waiting
for them, at which about fifty
guests were present.

The four-year-old daughter of
Rev. H. T. Lewis was killed by a
street car at Oshawa.

William H. Murphy was struck
by a train on a bridge at Keewatin,
hurled over the bridge and killed.

Eleven Ottawa citizens subscrib-
ed \$500 each towards a conva-
lescent home for typhoid fever pa-
tients.

Finch Oddfellows Do Honor.

The Odd Fellows' Hall was the scene of a social event long to be remembered, last Monday evening the occasion being a farewell to Mr. and Mrs. A. H. McLean and Miss Jean McLean, who have taken their departure for the west. The large number of Oddfellows and Rebekahs, as well as invited guests who were present, testified in unmistakable terms the esteem in which Mr. and Mrs. McLean are held by the entire community. A debate on the question of "Capital Punishment," in which members of the I. O. O. F. participated, helped to "While away the hours of peaceful day." A further programme was rendered, in which the following took part: Dean McMillan, Miss Mara, Rev. Mr. Bell, A. F. Dey, Miss Gertie Johnson and Mrs. W. J. Dey, after which the following address was read to Mr. and Mrs. McLean on behalf of the Finch Lodge, No. 339, I. O. O. F., and Strathcona Rebekah Lodge No. 78:

To Bro. & Sister A. H. McLean,
Finch, Ont.

Dear Sister & Brother.—We the members of Finch Lodge No. 339 I.O.O.F. and Strathcona Rebekah Lodge No. 78 cannot permit you to take your departure from our midst without expressing to you our sincere and heartfelt sorrow that the fraternal bond is to be dissolved, that for a time at least your voice will not be heard in our deliberations, your friendly greeting and pleasant smile will not greet us as of yore.

While we regret your departure we rejoice to know that our loss will be distinct gain to some other section of our country. We should not as Canadians circumscribe our vision to this particular section, as we are as individuals and as communities interested in the development of all portions of this great and growing country. We realize that as Odd Fellows you are better prepared to discharge your life's duties. Odd Fellows is an organization having its object the elevation of man-kind morally, intellectually, socially and physically, recognizing man's individual helplessness and great need of Co-operation in all the affairs of life. Odd Fellowship requires its members to aid, assist and protect each other, it teaches the fatherhood of God and the brotherhood of man, it strives to break down the artificial barriers that separate man from his fellowman, and places all upon an equality as members of one great family. As Odd Fellows our parting advice to you is remember the little word Now. Now is the constant syllable ticking from the clock of time, Now is the watchword of the wise, Now is on the banner of the prudent. Keep this little word always in your mind, and whenever anything presents itself to you in the shape of work, whether mental or physically, do it with all your might, remembering that Now is the only time for us that Now is ours, that then may never be.

We conclude by wishing both a safe journey and a prosperous sojourn in your new home.

MRS. W. J. BROWNLEE, N.G.
W. J. DEY, V.G.

Finch, March 20th, 1911.

Mr. McLean, although taken by surprise, replied in a suitable manner, thanking the members for their kindly sentiments, expressing the regret of himself and Mrs. McLean at leaving Finch and promising ever to retain sweet memories of its people. The highly enjoyable evening was brought to a close by singing the national anthem.

North Bay, April 4.—After a quarrel this morning between neighboring farmers in Widdifield Township, fifteen miles north of North Bay, Lawrence Morin lies dead, and John McDougal, 52 years of age, is locked up here, the admitted slayer of Morin.

Local and District News.

Sleighs are still in use.

But the wheels are going to beat them out.

We can't say when, but may it be soon.

The young people of St. Mary's Church will give a grand ball in the Town Hall on the evening of April 19th.

Mr. M. Knight has purchased a house and property on Joseph street from Mr. Hess, and has taken possession.

Mr. Joseph W. Johnson has purchased a house and property on John street from Mrs. H. McElroy, and intends moving into the village in the near future.

Commencing on April 3 the business places of Morrisburg will close at six o'clock p.m., on Mondays, Wednesdays and Fridays.

Mr. J. B. Thompson, tinsmith, has moved from the south to the north side of the river, now occupying the shop formerly used by the late D. Carter.

H. M. Bolte, formerly of Iroquois, has been appointed G. T. R. station agent at Morrisburg in the place of G. A. Godfrey, who was promoted to the position of travelling auditor.

Whittaker, the Optician, will be at Chesterville on Tuesday, April 11th, 1911; Morewood on Wednesday, April 12, and Finch on Friday, April 14th.

R. Harrop is expecting 9 cars of dressed and rough lumber during the next two or three weeks. His motto for this season will be small profits, quick sales and terms strictly cash.

A grant of \$7,500 has been placed in the estimates this year the Ontario Government for standing field crop competitions, to be conducted under the auspices of the boards of the agricultural societies competition.

Don't fail to hear Miss A. E. Timberlake, late of Japan, on Good Friday evening, April 13th, in Trinity Methodist Church. We can promise you a pleasant and profitable evening. All are cordially invited. Silver collection.

The Winchester Fire Brigade has been re-organized with the following officers:— Captain M. Bailey; first lieutenant, F. A. Coons; second lieutenant, Martin Fader; secretary, B. Shaver. An effect is being made to have the hand engine operated by a gasoline engine.

The three men who have been selected by Col. MacDonald to represent the 59th Regiment at the Coronation of King George in June next are: Staff Serg't A. McNaughton, "D" Company, Finch; Color Serg't F. Broder, "B" Company, Morrisburg, and Serg't A. J. McMillan, "C" Company, Alexandria. The selection was not hurriedly made and commanding officer to deal impartially in the matter. It is also pleasing to note that the United Counties are each furnishing a man.

A quiet wedding took place on Wednesday, March 22nd, at high noon, at the home of Mr. and Mrs. J. P. Warner, when their daughter Miss Mable S., became the happy bride of Mr. Roy Zeron. The ceremony was performed by the Rev. A. Hale. The bride, who was unattended, looked charming in a navy blue suit, with white Brussels net waist and a hat to match. The happy couple left on the 4 p. m. train for Montreal. Their many friends join in hearty congratulations.

The following is a list of those taking the instructor's course, which commenced at the Kingston Dairy school on Monday of last week: G. H. Bensley, Warkworth; H. E. Brimtnell, Kingston; T. E. Whattam, Picton; H. Howey, Belleville; S. S. Cheatham, Gananoque; W. J. Ragsdale, Smith's Falls; A. McKinley, Curran; R. W. Ward, Foxboro; J. F. Singleton, Kingston; J. H. Echlin, Balderson; W. J. Cameron, Peterboro; G. McDonnell, Alexandria; J. Buro, Mille Roches; W. G. Gardiner, Kemptville; P. Nolan Phillipsville; A. H. Wilson, Athens; C. B. Lorry, Finch; C. W. Norval, Williamsburg; T. J. Ellis, Chesterville; J. B. Towery, Frankford; R. Elliot, Carp; R. T. Gray, Marmora.

Local and District News.

Order your Hot Cross Buns early for Good Friday at McMillan's Bakery, Chesterville.

Mrs. Jacob A. Beckstead had the misfortune on Saturday, to fall in stairway, sustaining a bad shaking up.

W. G. Bolster wishes to announce that his ice cream parlor will be open to the public on Saturday, April 8th.

Mr. P. Vandellac of Montreal, will be at the McCloskey house next Friday and Saturday, April 7th and 8th, to purchase horses.

The Elma Dairy Association, Elma, without share capital, and the Nation Valley Dairy Association, Chesterville, without share capital, have been incorporated under the Ontario companies act.

Mrs. C. W. Casselman, per announcement, opened her millinery parlor to the inspection of the public yesterday. While the weather was rather unfavorable still it was wonderful how the ladies took advantage of the invitation (as they usually do) and scrutinized the large and varied display. You do not have to wait until June to witness a flower garden. You are right in its midst when in Mrs. Casselman's millinery parlor. As to shapes—well they have them that will suit every face. The opening continues to-day and to-morrow. 'Nough said.

The Dundas County Co-operative Poultry Association has been organized at Morrisburg. Its object are: (a) the organization and development of the poultry industry as a very important branch of agriculture; (b) the quality of eggs and poultry produced in the country; (c) the maintenance of regularity and uniformity of supply; (d) the systematic and rapid collection of eggs, and (e) to secure the best qualities of table poultry either lean or fattened, and to obtain the best market possible for both classes of produce.

NATION VALLEY.

Miss Jennie Munroe of the Springs has been visiting relatives in the Valley.

Mr. and Mrs. Duncan McKercher of Winchester visited here the 1st of the week.

Mr. Frank Cross of Maple Ridge visited here the 1st of the week.

Mr. and Mrs. Hackett Quart and children of Methodist street were guests here recently.

Mrs. Elmer Baker of Kenmore was visiting her parents the latter part of the week.

A very pleasant evening was spent at the home of Mr. and Mrs. Frank Darling a few evenings ago.

Mr. and Mrs. Herbert Ball and children were guests of relatives on Maple Ridge.

Mrs. Harvey Merkley of Williamsburg visited her parental home in the Valley.

Mr. and Mrs. Archie Loucks of the Springs were guests in this vicinity the 1st of the week.

Rev. Mr. Stevens of Chesterville was calling in this locality on Saturday.

Census Commissioners for Ontario have been appointed.
