### *Keep This Date Open*

Keep the date Monday Evening, Feb. 26th open. The Kenny Concert Co. will furnish a programme for the "C. T. Girls" of Tri ity Methodist Church on that date. Something good, something funny, something really worth the money. Tickets—35c.

### *Sworn in as a Barrister*

Under the Osgoode Hall legal news as published in Toronto papers of the 9th inst. Mr. K. D. Lawson was sworn in before Mr. Justice Rose and enrolled as a Barrister and Solicitor. As will be seen by the legal card in this issue he has become a partner with his father W. B. Lawson, K. C., The new firm will be known as Lawson & Lawson with offices in the Molsons Bank building.

### *Mr, and Mrs. John D. Grady Pass Away at Riverside*

The hand of death was laid heavily on the home of John D. Grady, Riverside this week. Tuesday afternoon about four o'clock Mrs. Grady passed away a victim of pneumonia, followed twelve hours after by the death of her husband from the same cause. A son still lies critically ill in the same home. The sympathy of the entire community goes out to the bereaved members of the family.

### *Berwick Coming Again*

To-morrow night on the local rink Berwick and Chesterville clash in a play-off game to decide who shall uphold the Central Ottawa Valley League honors against Perth, winners in the Rideau league. The locals realize that they will go up against the hardest proposition of the season as Berwick stand with their backs against the wall and Jinx or no Jinx are out to win the game. A thousand people are expected to witness the struggle.

### *$12,000.00 in 1923 For Chesterville's Streets*

At the meeting of the village council Tuesday night after routine business and passing of accounts had been attended to it was decided to take action to collect the small amount of taxes still outstanding.

A By-law to authorize the Reeve and clerk to borrow such money as is necessary to meet current expenditures up to $10,000.00, was passed.

It was also decided to undertake the construction of concrete pavement on King st. from Main st to C. P. R. station, also on Victoria st., and Queen st. from King to Main, or as much of this work as can be carried out with the appropriation of $12,000 00, same to be raised by a ten year debenture issue, and expended as provided by the Local Improvement Act.

### *Struck by Midnight Express*

Thursday night the Main street crossing of the C. P. R. came very nearly having another fatality chalked up against it when Mrs. Henry Murphy of town, was struck by the fast train westbound. Mrs. Murphy's right arm was broken and her back badly injured besides receiving a severe shock. Just how the accident happened is not clearly known, Mrs. Murphy was returning from the Music Hall where a dance was in progress, and had parted with some friends a block before reaching the crossing. There were no trains in the yard at the time, and the crossing bell did not give warning of the approach of the flyer, but the headlight of a train from that point is visible for about three miles east. Mrs. Murphy does not appear to have noticed the approach of the train and was almost clear when struck a glancing blow and hurled some little distance. Evidently the engineer was not aware of having struck anyone as the train was not stopped. Operator Arthur Robertson was attracted to investigate the cause of groaning heard after the express had passed when Mrs. Murphy was found. Medical assistance was quickly procured while Mrs. Murphy was taken to her home where she is recovering.

F.E.Price, Manager Chesterville Branch

### *Chesterville Trims Berwick for Fourth Time*

Hockey fans who did not turn out for the game Friday night when Berwick came to town missed the best game of the season on the local rink. The game was fast and at many stages furious during the sixty minutes play in which Chesterville doubled the score on the visitors to the tune of 6 to 3. Friday's win made it four straight wins for the locals this season over the champions of last year. Each team had its strongest line-up for the game. All the Berwick veterans were in action with the exception of Lorne Hutt, who gave the players heart-to-heart talks during the rest periods. For Chesterville Leslie and Captain Loughridge were in their positions for the first time in several games and made a wonderful change in the effectiveness of the team as a whole.

"Billy" Ouderkirk of Finch, made his debut as a referee, and while there was some dissatisfaction expressed by the spectators, he did his best but plainly lacked experience in handling a game as strenuous as that staged Friday night.

Chesterville not only doubled the total score of the game on their opponents but doubled the score during each period by scoring twice each twenty minutes to once by Berwick. Of the total Loughridge got three, Leslie two and Johnny Flynn one. The fourth goal of the game, the second in the second period was the result of a nice piece of work by Mel Harper. Berwick got away fast in a brilliant four-man rush that looked good enough for a counter until it run foul of Harper who hooked the puck away from Foster and with Loughridge beat it up the ice before the Berwick line knew what was doing. With only Henry Onderkirk to pass Harper carried the puck up and when checked by Ouderkirk whipped it over to Loughridge who placed it in the net.

Berwick played a hard game but it was not effective. Heavy checking was started right from the first whistle but Chesterville stood up to it and soon taught Berwick that their heavier line could not bore in without coming to grief, when they were more than content to trust to long shots.. So pronounced did this become that on several occasions their forwards passed the puck back to their partners who still further passed it back to the defence men, placing almost their whole bunch off side, but hoping that "Hank" could score on a long shot. George Alguire got away with a lot of off side loafing in an endeavor to beat the shots in on the nets and get the re-bound.

For Growing Boys and Girls, Feeble Old People and For Convalescents

**WAMPOLE'S TASTELESS EXTRACT OF COD LIVER**

will create new strength, energy and stamina—fortifying the system against attacks from acute diseases, such as Grippe, Influenza, Pneumonia, Coughs, Colds, Diptheria, Fevers, Etc.

Wampole's Extract of Cod Liver also affords prompt and timely help for pale, sickly, listless, anaemic girls just budding into womanhood. If taken regularly it will improve the impaired appetite, help overcome shortness of breath, and restore a healthy color to lips and cheeks.

### *Gordon Gemeroy, Winchester*

A bright young life came quickly to an end on Wednesday night February 7th, when Gordon Gemeroy, aged 12 years, son of Mr. and Mrs. Jos. Gemeroy of Winchester succumbed to pleuro-pneumonia after a very short illness. Besides his parents there are left four sisters and seven brothers to mourn the loss of a loving brother who will be missed not only in the home but in the day school, and in the Baptist and Methodist Sunday schools. His teachers and chums from these schools attended the funeral in a body. There was a very large attendance at the funeral service which was held in the Methodist Church Saturday at 1.30 p. m., Rev. White being assisted by Rev. J. K. Curtis. The floral offerings were numerous and beautiful, testifying to the esteem in which Gordon was held by all who knew him.

**And Then The Fun Began**

For the first dinner in their new home the bride had made a pie. "I am afraid she said, as she helped her husband to a slice, "that I have left something out, and that it isn't very good."

The husband tasted it and said, "There is nothing, my dear, you could have left out that would make a pie taste like this. It's something you've put in."

BECKSTEAD

Mr. and Mrs. Allan Weegar spent Friday last at Mr. Aden Durant's.

Mr. and Mrs. Howard Becksted and son Cecil spent Thursday at Mr. John McLean's.

Mr. and Mrs. Morely McPherson, spent Friday evening at Mr. Fred Fetterly's.

*Mrs. Robert Steen, Morewood*

There passed away at her home, one mile north of Morewood on February 7th, Mrs. Robert Steen, after an illness of about two weeks. The deceased was born in County Antrim, Ireland, in August 1856 where she spent her early days. She was married March 10th, 1877 and in 1880 she came to Canada with her husband, settling at Morewood where she resided until her death. Mrs. Steen was an affectionate wife, a kind and loving mother, and as a neighbor was always ready and willing to help those in sickness or distress. She had been in poor health for a number of years and for the past two weeks had been confined to bed with bronchitis and although all that medical skill and loving hands could do, the angel of death visited her at the setting of the sun on Wednesday and her soul passed into the Great Beyond.

Those left to mourn her loss are:—her husband, four sons and three daughters, a sister Mrs. McCambridge of Chesterville, and one brother Mr. Wm. McGill of New York.

The deceased was a member of St. Mary's Anglican Church of Russell. The funeral service was held at her late home being conducted by her rector, Rev. W. B. Morgan B. A., B. D. of Russell, assisted by Rev. Jobb of Morewood, after which interment was made in the Anglican cemetery at Russell. The pall-bearers were her four sons Henry, Robert, William and Jacob; her son-in-law Mr. Harry Empey and her nephew Mr. Harry McCambridge.

The sympathy of the entire community is extended to the husband and family in their sad bereavement.

*Mr. and Mrs. Boxell Honored*

Mr. and Mrs. Wm Boxell of Maple Ridge, who are moving to New York state, were waited on by their friends and presented with a well filled purse and the following address:—

Mr. and Mrs. Wm Boxell:—We, the neighbors and friends of Mr. and Mrs. Wm Boxell, desire to acknowledge our appreciation of your many sterling qualities and our regret at your departure. It is comparatively only a short time since you came among us, as strangers, and you have endeared yourself to a large circle of friends by your industry, modesty and straight forward walk and conversation. While we are always sorry to lose good citizens we must reflect that what is our loss will be gain to others, consequently we must not dwell on the sadness of parting, but rather upon your joy in making more friends, which you are sure to do. Wishing you abundant prosperity in every way, socially, spiritually and financially, we ask you to accept this small token of our esteem. Signed on behalf of your neighbors and friends. Mrs. Wilbern Ball, Mrs. F. Fawcett and Mrs. A. Bailey.

Mr. and Mrs. Wm Boxell:—Dear friends, in leaving our midst, we, your friends and neighbors have gathered here to-night to bid you farewell and wish you every success in your new home, also to express our sincere regret in losing such good neighbors and citizens from our midst.

On behalf of this gathering would ask you to accept this small token of our good wishes for your future welfare.

Signed on behalf of your friends Mrs. M. F. Smith, Mrs. George Baker and Mrs. Ingram Cross.

Mr. Boxell replied for himself and Mrs. Boxell expressing their appreciation of thankfullness to their friends and hoped they would have an opportunity of welcoming them all at some time in their new home.

**Just Chickens**

One night an old nego heard a flutter among his poultry.

"So I takes down my gun," he says, "an creeps 'long in de dark De doah of my chic'n-house is wide open an' I sticks de revolvah inside an' says, 'Ef yo' don't come outen dat, yo' low-down, thievin' niggah who's in dere, I jest blow yo' black head to pieces.'

"He don't let on, an' I shout out agen' 'Who's dah?"

"Den I hea'd that crim'n'l niggah say, squaky, like 'e was jest gwine to cry, 'It's only us chickens!"

### Passing of Chas. H. Suffel Caused Deep Sorrow

(Gleichen Echo)

The sad tidings of the death of Mr. Charles J. Suffel was received in Gleichen last Thursday, with feelings of the deepest regret.

Mr. Suffel, who had been ailing for nearly a week, was removed to the General Hospital at Calgary, on the evening of the Saturday proceeding his death, but no one anticipated that his sickness was of so serious a nature. In spite, however, of the best medical attention he passed quietly away at one o'clock on Thursday afternoon, in the presence of his wife and near relatives, the cause being acute Myo Carditis. Born in Winchester township, Ontario, in 1875, Mr. Suffell received his education in the village of Winchester, after which he spent a few years in New York. The bent of his mind turning toward railway telegraphy, he entered into the service of the Canadian Pacific Railway, and he spent the best years of his life in the employment of that company.

Unassuming in speech and manner he endeared himself to all with whom he was brought into contact, and by his courtesy and willingness to serve, he made friends among all ranks and conditions in life. For some years he was actively identified with the Independent Order of Oddfellows, and was also a member of the Masonic craft. Deeply interested in all that pertained to the moral and religious welfare of the community, Mr. Suffel was a member of the Union Church and also one of the Board of Management and treasurer of that church.

The funeral which took place in Calgary last Saturday, was largely attended not only by his many friends in the city, but fully thirty of the citizens of Gleichen were present, at the burial service and accompanied the remains to their resting place in the Union cemetery, Calgary. A simple but deeply impressive service was conducted by the Rev. John Pate, of the Union Church, Gleichen, assisted by the Rev. H. D. Marr, B. A., secretary of the Canadian Bible Society. During the service Mr. Boothman, of the Hayden Male Quartette, sang with feeling and tenderness "The City Four Square", and "Beautiful Isle of Some where".

At the grave the service was in charge of Perfection Lodge A. F. and A. M., where the beautiful burial service of the ancient and honorable craft was impressively rendered by Bros. Allen and McCracken. The male quartette of the lodge rendering with deep feeling and pathos two of the beautiful burial hymns of the order.

The pall bearers were Messrs. Geo. McElroy, Milton McElroy, Ward McElroy, Weslev McElroy and R. G. and w. S. Timmins, cousins of the deceased.

The floral offerings were numerous and included wreaths from the Gleichen Curling Club, Gleichen Union Church, Gleichen Lodge of Oddfellows and Gleichen Free Masons.

The deepest sympaty of the commuuity is extended to Mrs. Suffel and her son Charles in their deep bereavement, fitting expression of this was voiced by the Rev. Mr. Pate, at the memorial service held in the Union Church last Sunday evening.

### Cameron Case Comes Up Again In Montreal Courts

The case of Colin O. Cameron, charged with theft of $500,000 while a member of the firm of Thornton, Davidson and Company, was called in the Court of Special Sessions on Friday. The defence presented a motion to quash the indictment as disclosing no offence. Judge Decarie will decide on the motion February 16.

The firm of Thorton, Davidson and Company, formerly well-known stock brokers of Montreal, was among those whose heavy debts to the Merchants Bank were among the causes that led to that institution being taken over by the Bank of Montreal last year. Thornton, Davidson and Company owed the Merchants Bank in the neighborhood of $500,000

### Killed His Daughter Acquitted by a Jury

Henri Roy of Shawbridge, accused of having killed his little daughter, Irene, aged three years, was acquitted at St. Scholastique last week.

The tragedy occurred on May 23, 1922 when Henri Roy was moving his furniture. He had worked hard all day and at night drank some beer with a friend. The little girl had been sleeping on the sofa and Roy, as a joke, struck the sofa several blows with the hammer. The room was in darkness at the time and Roy was under the impression that Irene had been taken into his wife's bed. He felt that he had struck something other than the sofa and when a light was brought in, found his little girl lying on the couch with her skull smashed. Under the shock of his emotion he made all kinds of declarations and was arrested on a charge of murder.

After a long deliberation the jury put aside all thought of homicide, accepted the version of the affair as told by the accused and his wife, and brought in an acquittal.

### HELP HELPLESS BLIND BABIES

A Dominion Charter, without stock subscription, was recently obtained for the establishment in the city of Ottawa of a Home Nursery, Hospital and Kindergarten, for the blind under six years of age, free to all from any Province in the Dominion. So far nothing has been done for the poor unfortunates. According to reports received from the various Provincial authorities, there are at present nearly 250 in the Dominion. The late Sir Arthur Pearson, before his death, claimed that, "Sunshine Home," at Chorley Wood, England, was "the only home in the Empire for blind babies." It is hoped shortly to have the SECOND in Canada. To this end and money is urgently required. 'Help us with your generous gift. "Lest we forget; Do it now!" Cheques should be made payable to the Canadian Blind Babies Home Association. Remittances will be promptly acknowledged.

### The Price You Pay For Law

There is one thing to be said for the recent arbitration proceedings between the city of Toronto and the Toronto Railway Company to determine what price should be paid by the city for the assets of the company, nobody connected with the proceedings seems to have been underpaid. The cost of the award, as published in the newspapers, was $1,337-000, about equally divided between the city and the company. One might marvel as to how all this money could have been expended within a period of some five months, but one ceases to wonder when the bills of the legal talent are considered. The time was when $100 per day was looked upon as about the limit of pay for lawyers of the first flight. But not now. Only the pikers and newly graduated LL. B's would fail to frown upon such trifling remuneration.

The legal fees in this case ran all the way from $250 to a $1,000 per day. It is true that the $1,000 man's bill was only $10,000, but he only worked ten days. One K. C. had 168 days' work to his credit, which at $300 per day netted him the tidy sum of $50,400; another K. C. worked 158 days and his bill is $47,400, while another set his services at $400 per day for a period of 50 days. Not so bad either.

As for the three arbitrators, they did not do so badly, as they received $250 per day for a period of 158 days, a mere trifle of $39,500 each.

There is an old saying to the effect that legal men and doctors are not paid for what they do, but for what they know. This being the case the legal lights employed in this celebrated case must have known it all.—Toronto Saturday Night.

### Will Lose Large School Grant

Mr. T. P. Maxwell, public school inspector for the county of Carleton, addressing the Westboro Ratepayers' Association recently, said that the school section of Westboro would lose about $4,500 annually in provincial school grants if the municipality was incorporated into a police village. He explained the system adopted by the Government in paying grants The $4,500 which would not be received by the municipality under the proposed incorporation would have to be accounted for by increased taxation. He pointed out that when the population of a municipality reached 2,000 it was considered an urban centre and not rural.

### *Williamsburg Council*

The Council met in Froats' Hall, Williamsburg on Saturday Feb. 20th. Members all present. Minutes of previous meeting read and adopted. As the contracts for Hydro Electric power and light signed by several ratepayers in 1921 are of no further use the Clerk was authorized to return same to parties who signed them.

The Auditors' report was received and adopted and the Clerk was instructed to have the Abstract Statement published.

The Reeve and Clerk were authorized to sign and submit to the Minister of Highways for Ontario a petition for the payment of the statutery grant on the expenditure for Township roads. Any person who has been assessed for a dog in 1923 and who gets rid of dog must appeal to the Court of Revision to have dog struck off of Assessment Roll otherwise no refund of dog tax will be allowed.

The clerk was instructed to notify the parties assessed for the construction of the Osborne McMillan Drain, giving them 30 days in which to pay their assessment, after said date debentures will be issued.

By Law No. 813 was passed for borrowing from the Molsons Bank certain monies to meet the current expenses until the taxes are collected.

Ezra McMillan was re-engaged as Township Road Superintendant at a salary of $750.00 per annum.

# "FRUIT-A-TIVES" SAVED HER LIFE

## This Fruit Medicine Always Gives Relief

917 DORION ST., MONTREAL.

I suffered terribly with *Dyspepsia*. I had it for years and all the medicines I took did not do me any good.

I read something about *"Fruit-a-tives" being good for all Stomach Trouble and Disorders of Digestion*, so I tried them.

After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives"

Mlle. ANTOINETTE BOUCHER.

50c a box, 6 for $2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited. Ottawa.

### Horses Died From Poison

Carp Review—A few weeks ago Mr. Thomas Armstrong of Kinburn had four horses die within a short time of each other. Three of them died within twenty-four hours of taking sick and the other one lasted a few hours longer. Although they showed symptoms of colic, Dr. P. J. Lynchke, V. S., who attended to them was positive it was not colic but attributed it to something they had eaten. He had government veterinaries hold a post mortem examination on two of the dead animals, and he has just received the pathologist's report, showing that he was right in his supposition. The bottom of a buckwheat straw stack which had been laying for two years in a low part of the barnyard and had become soaked with the drainage from the stable had been recently uprooted by a pig and the horses had eaten some of this. The medical term for the disease is Bostulinus and the only cure found for it so far is a bacterial serum. Dr. Lynchke procured some of this serum from New York and injected it into two other horses of Mr. Armstrong which had begun to show symptons of the disease and immediately they showed signs of recovery and are now well again.

**Catarrhal Deafness Cannot be Cured**

by local applications, as they cannot reach the diseased portion of the ear. Catarral Deafness requires constitutional treatmeat. Hall's Catarrh Medicine is a constitutional remedy. Catarral Deafness is caused by an inflamed condition of the muscous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely olosed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system thus reducing the inflammation and restoring normal conditions.

## CHESTERVILLE JUNIOR RED CROSS

At last Friday's regular meeting of the Chesterville Pep-timists Junior Red Cross Auxiliary of Room "A" of the Public School, the members passed unanimously a motion that a Reporter be appointed each week to prepare a report for publication on the activities of that organization in order that readers of The Record might be made more familiar with the work which is being done.

Before that motion is put into execution however, it might be wise to briefly review the history and work of our Jr. Red Cross Auxiliary so that future reports might be more easily understood and appreciated.

Our Auxiliary (which we call the Chesterville "Pep"-timists of J. R. C Aux ) was organized on Armistice Day, Nov. 11th, 1921. On that day we chose the above name, as well as our motto—"Be" and "Do"—and elected our various officers and committees. These consist of President, Secretary-Treasurer, Programme Comm., Personal Cleanliness or Inspection Comm., School Sanitation Comm., and Relief Comm., which has been recently changed to Visiting Comm.

Our regular meetings are held every Friday morning from 11 to 12 o'clock. Our membership buttons, supplied by the Red Cross Society at Toronto, are distributed, and after the reading of the minutes, we have always a full programme of lectures, readings, debates, impromptu speeches, etc. along lines of health work. There have been some interesting debates on such Topics as: (1) Alcohol vs. Tobacco, (2) Broom vs. Toothbrush, (3) Cost of a boy till he is 18 yrs. old vs. Cost of a girl.

Regarding our outside activities, a brief summary will suffice to show what has been done:—

1.—Donation of $6.00 to Ontario Crippled Children Fund.

2.—Frequent inspection by the proper Committee of finger-nails, hands, arms, elbows, ears, neck, hair-combing and teeth.

3.—A Campaign, entered into by the whole school, for relief of Ottawa's Unemployed, resulting in 870 lbs of clothing and $21.80 in cash being sent.

4.—Proper ventilation of schoolroom, cleaning of blackboards and opening of windows at recess.

5.—Investigations into and reports on nature and amount of food, eating, having in mind the health rule regarding proper food.

6.—Opening of Teacher's Room as a lunch room for convenience of those bringing lunch.

7.—Inter-auxiliary correspondence, not only with others in our own province, but with Auxiliaries in England.

8.—Donation of nearly $10.00 for Russian Relief.

9.—Donation to Northern Ontario Fire Relief Fund.

The above summary does not include all of the things that have been done but it is sufficient to show that the Auxiliary is ever ready and willing to discharge anyone of its three obligations: Improvement of Health, Prevention of Disease and Mitigation of Suffering.

There are two or three other interesting features of the organization which should not be overlooked. One is the Mite Box. Just a simple pint jar suitably labelled with a slot in the top into which members may drop their spare spending money from time to time. Since last September over $5.00 has found its way into this box, money which might have been spent foolishly, but which now will go toward the helping of our cause.

Another feature is the Question Box. Just an ordinary chalk box, also with a slot in the cover into which any member may drop a question-slip on any point which he desires explanation. Either the Director or some member volunteers to answer these questions at each meeting.

Still another, which is comparatively new, is the Merit Badge. The Auxiliary own 40 Merit Badges which are awarded to any member for special work on behalf of the Auxiliary, or for particular observance of any of the Health Laws, or, in fact, for any good reason by which he may claim a right to wear one.

The organization, as it now stands, is as follows:

President—Jean Brown.

Secretary-Treas.—Willa Ellis.

Programme Comm.—Minnie Garrett, Walter McLean, Florence Cramer.

Personal Cleanliness Comm.—Gladys Weegar, Graham Weegar, Mabel Henderson

School Sanitation Comm.—Addie Campderos, Victor Nephew, Kathleen Bogart

Visiting Comm.—Ramon Campderros, Allan Tate, Edith Hornby, Irene Hamilton.

Further explanation of the working of the Auxiliary will be given as the Reporters continue to give in their reports.

### WINCHESTER SPRINGS

Miss Eleda Timmons of Inkerman, is spending a few days with relatives here.

Miss Ella Barkley who has been visiting at the home of her brother Mr. D. E. Barclay for some time, has returned to her home at Point Fortune, Que.

Mrs. Samuel Rice has returned home from Wales, where she has spent the past week, the guest of her daughter Mrs. A. Stewart.

The W.M.S. of the Methodist Church met at the home of Mrs. George Myers on Tuesday.

Miss Mildred Davidson of Ottawa, spent the week end at her home here.

### GRANTLEY

Miss Anna Perault, Mr. Wm. Morris and Miss Melissa Weegar spent Sunday with Mr. and Mrs. Reuben Weegar.

Mr. and Mrs. Osborne McMillan spent Sunday with Mr. and Mrs. Don Carr.

Mr. and Mrs. Ernest McMillan and family spent Sunday with Mr. and Mrs. Bert McMillan.

There will be service held in Grantley church every Sunday morning and also song service in the evening until April 15th.

Rev. Mr. Bairn took tea at the home of Mr. Frank Carr on Sunday.

Miss Anna Perault spent Saturday with her uncle Mr. Gard Hutt, Nation Valley, and was accompanied home by her mother who has been spending the past week there.

Mr. and Mrs. Mason Robinson and family spent Monday last week with the latter's parents Mr. and Mrs. Geo. Countryman.

Mr. and Mrs. John Elliott spent Friday afternoon with Mr. and Mrs. Jas. Wallace.

Mr. and Mrs. Charley McMillan and family spent Sunday with Mr. and Mrs. James Wallace.

Mrs. Tommy Carr and children spent Sunday with Mr. and Mrs. Mason Beckstead, Bush Glen.

### Foxy Mike

Pat and Mike were to run a race to a certain tree by different routes. Pat said: "If I get there first, I'll put a mark on the tree with a piece of chalk." Mike replied: "And if I get there first I'll rub the mark out."

# "The Single Track"

You have all read the story—now come and see the picture—Saturday only.

A stirring picture of love, romance, adventure, humor and human interest. A story that will hold the interest and be remembered long after the last scene has faded away from the screen.

In the face of almost insurmountable difficulties a girl whose fortune depends upon the finishing of a railroad on a certain date takes a hand in the construction, and by winning the confidence of her enemy thwarts all their plans.

She shoots a raft of dynamite sent down the river to blow up a trestle, and performs other thrilling stunts, such as running a locomotive twenty miles to save a right of way.

The unexpected is always occurring, keeping the audience at fever heat until the final close-out.

**also**

**LAST EPISODE**

# "Breaking Through"

**The Story Up-to-Date**

Bettina Lowden disguised as Betsy Blevins, owner of the Lucky Lode mine trys to get r railroad to her mine before a certain date in order to save the right of way. The plotters "Bull" Moakley and Carter Buckland succeed to blow up the railroad and then——.

See the last episode of this great serial. You won't be sorry.

**Movieland Theatre.**

### *MAINLY ABOUT PEOPLE*

Chesterville Studio will be open Wednesday, Feby 21st.

Mr. Wm. Boyce of Crysler spent the week end with Mr. and Mrs. John Pitcher of Smiths Falls.

Mr. and Mrs. Ingram Cross with Masters Clarence and Albert spent a few days last week at the home of Mr. and Mrs. John Pitcher of Smiths Falls.

Mrs. W. G. Raeburn was called to Hawkestone last week by the death of her sister Mrs. G. T. Wilson who passed away on the 5th, inst. Mrs. Raeburn has the sympathy of this community in her bereavement.

### *"The Stream of Life"*

Friday night in the Presbyterian Church there will be presented the moving picture, entitled "The Stream of Life" specially produced for appropriate screening in a church. The picture is one that will be enjoyed and it is hoped there will be a good turn out. Adults 25c. Children 15c.

### *Mrs. Almira Swerdfeger Passes Away*

At her home near Morewood there passed away on February 10th Mrs. Almira Swerdfeger after a short illness.

The deceased was married in 1848 and came to Morewoed as a bride to live when the country was surrounded by bush. She was always bright and cheerful whereever she went and so gained a large circle of friends. She was always willing to help those in trouble.

Her husband predeceased her some twenty years ago. The deceased was 90 years 8 months and 27 days old when she died.

She leaves to mourn her loss two daughters Mrs. R. A. Glasgow and Mrs. William McConnell, both of Morewood, six sons Adam of Nebraska, George of Centralia, Wash; Cyphrenus, Darlingford, Man. Marcus, Cardinal, Hebert of Morrisburg and Jacob of Morewood. There are 28 grandchildren and 10 great grandchildren.

The funeral was held in the Methodist church on Sunday February 11th, by her pastor Rev. H. S. Cooke. The pall bearers were, Messrs. Walter Coulthart, Allen Steven, Frank Fraser, John McLeod, Ira Barrington and Thomas Moffatt.

### BERWICK

Mrs. Peter Dutt received a telegram Saturday from Long Lake N. Y., stating her son Peter had passed away at that place after a short illness.

Miss Stella Meilleur spent a few days last week with her aunt at Cannamore.

Born—To Mr. and Mrs. John Grady, (Jr.), Feb. 5th, a son.

Miss Cora Nicholas left last week for Massena where she intends remaining.

Master Whitney Bogart is improving. Miss McQuaig, Nurse of Tayside is attending him.

Mr. Louis Hutt has placed a Radio in his home.

The many friends of Mr. Aden Casselman are glad to report that he is improving after his recent illness.

Mr. Geo. Forsythe spent Tuesday at Ottawa.

Mr. Will Plumbe is building an ice house for his meat shop and is busy placing ice in it this week.

Little Edith Dishaw of Cornwall is visiting her grandparents Mr. and Mrs. Geo. Barrigher this week.

The Ladies Aid met at the home of Mr. Willie Ouderkirk on Tuesday.

Mr. D. B. Cameron spent Wednesday at Ottawa.

We extend our sympathy to the Grady family in the sad and sudden death of their father and mother, Mr. and Mrs. John D. Grady.

### MOREWOOD

The funeral of the late Mrs. S. Swerdfeger took place on Sunday and was largely attended. She has lived for 92 years in the vicinity of Morewood.

Miss H. Casselman spent the week end with Miss Laura Moffatt.

Mr. A. Smirle, and Mr. A. Steven made a business trip to Brockville on Monday.

Mr. and Mrs. Allan Swerdfeger spent the week end visiting friends in Lunenburg.

Mrs. O. Kerr of Mountain, spent the week end at her parental home here.

The latest reports now are that the Royal Bank is going to be moved to Embrun from here.

Mr. E. Swerdfeger and C. McConnell of Ottawa, spent Sunday at their homes.

An old and respected citizen, in the person of Mrs. Robert Steen, passed away on Wednesday last. The remains were placed in the cemetery at Russell.

The Public School was closed Tuesday on account of so many sick. The attendance in the High School was nineteen out of an enrolment of about fifty.

### GOLDFIELD

Mr. Alex Smith visited Mr. and Mrs. Geo. Smith's on Sunday.

Mrs. Hiram Campbell, of Finch, spent a few days at the home of Mr. Ezra Farrell.

Miss Margaret Foley visited at the home of Mr. and Mrs. John Campbell recently.

Mr. Frank McMillan of Dunbar, is visiting at the home of Mrs. C. Kendtick.

Miss Jean Hay was a guest at Mr. John M. Cameron's recently.

Mr. H. Helmer and daughter visited at the home of Mr. Smith McMillan on Sunday.

Mrs. R. Smith and children of Winchester, are spending a few days with her grandparents Mr. and Mrs. Jas. Younge.

Miss Margaret McMahon visited Mr. and Mrs. Dennis McMahon on Saturday.

Mr. and Mrs. Angus Brownell of Osnabruck, spent the week end with Mr. and Mrs. jas. Younge.

The boys who are attending the Short Course held at Finch spent one afternoon at Mr. John Nephew's.

Mr. Martin Foley of Chesterville, visited relatives and friends here recently.

### *Little Tea in the World's Tea Centre*

London, England, for generations the tea market of the world is faced with a most serious tea shortage. Recently the world consumption has greatly increased, also, it is estimated there has been 80,000,000 lbs, less tea produced this year than is ordinarily consumed. As a result of this, the stocks in London are now practically exhausted. Prices are at the highest level ever reached and may still go higher.

### DANGER IN FARM WELL WATER

Water from the farm well may be clear and sparkling and pleasant to the taste and yet polluted, and in consequence a source of danger to health. If it comes from a shallow well that is located too close to a source of contamination, it is certain sooner or later to become unwholesome. The Chemistry Division of the Experimental Farms at Ottawa, which examines well waters from farm homesteads, reports that about 35 per cent are found to be unsafe for drinking purposes. It should be remembered, however, that only suspected samples are sent in. Of 119 samples dealt with in 1922, 24 per cent were found to be pure and wholesome, while the remainder were either suspicious or positively dangerous. Care should therefore be exercised, first in locating the well and, secondly, in seeing that it is properly protected from contamination. The Dominion Chemist in his annual report recommends a spring or pure stream as perhaps the best source of water supply. Water from such a source may be piped to the house and farm buildings by gravitation, if a proper fall can be secured, but otherwise by the aid of a windmill, gasoline engine or hydraulic ram. A well to be reasonably safe should be at least fifty yards from the barnyard or other possible contaming source. It is further recommended that a radius of fifty yards be kept entirely free from all manure and other filth and preferably maintained in sod. It will be found of very considerable value to line the well to a depth of 10-12 feet and to a thickness of say 6 inches with [illegible] concrete or puddled clay continuing this wall or lining for a foot above ground. A safe supply can usually be depended upon if the well is bored or drilled through a layer of impervious rock, tapping a deep-seated source of water.

Water that is suspected of contamination may be made safe by either of two simple ways. One is to boil it for ten or fifteen minutes; the other is to treat by chlorination. Rub up a level teaspoonful of chloride of lime in water to the consistency of a creamy paste. This may be diluted with a pint of water and kept for some days bottled and corked as a stock solution. A teaspoonful of this solution should be added with stirring to each two gallons of the water to be treated. After fifteen minutes all disease germs present will be destroyed.

Farmers desirous of an analysis should write to the Division of Chemistry, Experimental Farm, Ottawa, for the necessary directions for the collection and shipment of the sample.

### Besner vs. Trickey

John Trickey of the Township of Lancaster, in the County of Glengarry, sold his 300 acre farm in Lancaster Township to the plaintiff, Joseph Besner, for $15,000. The plaintiff alleged that Mr. Trickey had sold him the farm as containing 300 acres. The sale took place in March 1919. Some time after the plaintiff had the farm measured and it contained only 245 acres, and the plaintiff sued the defendant for $3500 damages The action was tried in May last before Chief Justice Meredith at Cornwall, and he awarded the plaintiff $1000 damages and costs. From this judgment the defendant appealed to the Court of Appeal of Toronto. On Jan. 17, the Court of Appeal gave judgment unanimously, allowing the appeal and dismissing the plaintiff's action with costs.

How do you know a turkey is a wise bird? Because he never makes a goose of himself.

### May be Change Made in System of School Grants

A change in the system of Provincial grants to schools is being considered by the Department of Education. Such was the statement made by Hon. R. H. Grant, Minister of Education, who addressed the members of the Carleton County Council on Saturday, where he defended the salaries of school teachers and said that there were nearly 1,000 teachers in the Provincial schools who are not qualified.

### Bank Paid His Fine

Mr. Ralph W. Ensign, a wealthy sportsman of New York, was fined $450 and costs in the police court at Campbell's Bay on Saturday for shooting two cow moose in Pontiac in October during the closed season. He did not appear when the case was called. When advised that he would be prosecuted, he sent a written plea of guilty to the Pontiac authorities and gave instructions to a bank in Campbell's Bay to pay into court the amount of the fine that would be imposed. The bank paid the fine.

### Two New Apples

Two new apples, the Cortland and Tioga, the former a cross between the Ben Davis and McIntosh, and the latter from the Northern Spy and Sutton, have been developed by horticulturists at the New York State agricultural experiment station at Geneva. The Cortland is said to be most promising for New York, New England and the commercial apple regions of Canada. They are larger and brighter hued than the McIntosh, have the same flavor, but keep longer. The Tioga is described as a "late-keeping yellow apple with a sprightly flavor.

### Are Turning Cold Shoulder on Co-operative Marketing

Some of the cheese factories of Oxford County are turning the cold shoulder upon Hon. Manning Doherty's proposed co-operative cheese marketing organization. At meetings of the Uniondale, German Union and Banner factories held during the past week, the factories refused to accept the proposition and decided to continue marketing their cheese as formerly. A number of other factories are to meet during the coming week to consider the plan. One of the chief reasons for this change of view is that some of the factory patrons are asking why they have to sign up for three years thereby eliminating competition, instead of staying in the open market, and selling where they can get the most advantageous price. According to information received, a number of cheese factories in Middlesex County have also rejected the proposition.

### Not Always

"A man always knows what he is buying and never has to make any complaint afterwards about being stung," declared Mr, Grouch.

"Oh, I don't know," retorted his wife. "When that 'tea' you bought from the bootlegger proved to be really tea you found you didn't know what you were buying and you squealed like a stuck pig for three weeks about it."

The rest of the evening was spent in silence at the Grouch home.

### WHAT KIND OF HAY HAVE YOU THIS WINTER

(Experimental Farms Note)

The old saying that "the proof of the pudding is in the eating" is abundantly borne out as far as value of stored hay is concerned. The long winter months are the real testing time of the efficiency of our methods of growing and harvesting our hay crop.

Now that we are well started on our regular feeding period we are in a position to judge whether or not we have been wise or unwise during the past summer in the seeding and harvesting practices that we have followed with our hay crops. If our mows still give promise of furnishing us with sufficient feed for the coming months and if the condition of our animals bears testimony to the fact that the fodder was good, we have reason to congratulate ourselves. If, however, our fodder is either insufficient or poor, or perhaps both, we may well examine critically the farming practices that are responsible for the existing condition. If the fodder is constantly poor our harvesting operations may well bear changing. If it is scarce there may be a number of influences at work. Perhaps we did not seed down a large enough acreage or there may have been unfavorable weather conditions that destroyed a part of the crop. If lack of fodder is due to either of these reasons, we may remedy it. In the first instance the obvious thing to do would be to seed down a greater acreage, whereas in the second instance there may be a number of remedies. Winter killing that is beyond our control can only be met by planting some annual hay crop to make up the estimated shortage. We have however, winter killing and general failure of hay crops due to other reasons that are within our power to control. A very considerable part of our failures to produce a profitable crop of hay is due to the planting of insufficient or poor seed or because we try to grow a particular hay crop under soil or climatic conditions that are decidedly unfavourable for it.

We have a great abundance of different forage plants which vary enough to their adaptations to take care of mostly all soil and climatic conditions which we meet on the ordinary farm. In spite of this fact we mostly trust to Timothy and Red Clover under all conditions. These are undoubtedly two of our best general hay crops in Eastern Canada yet if we are to secure the fodder plant best suited for our requirements.

Whether our lot has been failure or success as determined by the winter feeding of our forage it is well worth our while to face the situation squarly and decide to profit by whatever the present condition of our fodder has to indicate to us.

### Colored People And the British Flag

The Khan, in Toronto Telegram—Every day in every way my admiration for British traditions, customs and institutions increases. I have come to regard the colored man in the British Empire as a British institution. I cannot explain him in any other way. We don't have to burn our colored folks at the stake or shoot them to ribbons or hunt them into the swamps. Strange, is it not, that in the British West Indies, where the colored population is overwhelmingly in the majority, we never hear of white women being molested? Strange, is it not, that in the British districts of Darkest Africa the Englishwoman, no matter how remote her dwelling place may be, is as secure and safe as if she dwelt in the county of Halton. Even our red men are different red mene than the red men anywhere else. In th Northwest Rebellion a generation ago Big Bear went on the war path. I admit that he made short work of what white men he could get hold of, but British influence showed in the way he conducted himself towards the women. He treated them like ladies—nothing was too good for them. True he toted them about from place to place with him, but you must remember that Henry Ford was unknown to fame in them days and he didn't have a horse and buggy. When the cruel war was over the ladies were returned to their friends as good as ever, They hadn't seen a Home Journal or Delineator for months, but they were all right.

### Disappointment

"Well old man, did you get anything worth while for Xmrs?"

"Not a drop."

### HELP HELPLESS BLIND BABIES

A Dominion Charter, without stock subscription, was recently obtained for the establishment in the city of Ottawa of a Home Nursery, Hospital and Kindergarten, for the blind under six years of age, free to all from any Province in the Dominion. So far nothing has been done for the poor unfortunates. According to reports received from the various Provincial authorities, there are at present nearly 250 in the Dominion. The late Sir Arthur Pearson, before his death, claimed that, "Sunshine Home," at Chorley Wood, England, was "the only home in the Empire for blind babies." It is hoped shortly to have the SECOND in Canada. To this end and money is urgently required. Help us with your generous gift. "Lest we forget; Do it now!" Cheques should be made payable to the Canadian Blind Babies Home Association. Remittances will be promptly acknowledged.

Address J. F. McKinley, Treasurer or C. Blackett Robinson, Cor. Sec., 188 Dufferin Road, Ottawa. 13

### Obituary

The funeral of the late Mrs. Allan Carr whose death occured on Tuesday Jan 23rd at St. Francis Generai Hospital, Smiths Falls, was held on Friday morning Jan. 26th at nine o'clock from the family residence to St. Mary's Church where solemn requiem High Mass was celebrated by Rev. L. E. Staley, parish priest, after which the remains were placed in the vault. The deceased had been in poor health since midsummer and early in December was taken to the hospital but all that skill could do to restore health failed; and although it was known that she could not recover from the anaemia from which she suffered it was hoped that life might be prolonged for even a few years and her condition remained unchanged until Monday evening when it suddenly became more serious. A message was at once sent to the family. Her son Walter and sister Mrs. Walsh left immediately for the hospital and were with her at the time of her death. The deceased's maiden name was Lucy, the daughter of the late Edw. Clement, and was born in Williamsburg township, near Dunbar, on May 12th 1870. In the year 1897 she married Allan, son of the late Alex Carr of Grantley, who with three sons—Walter, Cecil and Allan and one daughter, Evelyn, are left to mourn the loss of a devoted wife and mother. Six sisters also survive—Mrs. L. Sparrow, Sedgewick, Alta; Mrs. C. Walsh, Chesterville; Mrs. J. C. Mooney, Calgary, Alta.; Mrs. C. A. Snyder, Portage La Prairie, Man.; Mrs. L. H. Brannen, Waddington, N. Y.; Mrs. E. J. Murphy, St. Eustache, Man. The late Mrs. Carr was a valued member of the Chesterville Catholic Women's League where her kindly interest will be often missed. The funeral was very largely atteuded and deepest sympathy is extended to the family in their sad bereavement.

The Pall bearers were—Thos. Flynn, John Murphy, Ed. McDonald, F. McCloskey, H. J. McMahon. E. B. Lynch.

A floral offering of a beautiful cross was sent from Sanders Soule & Casselman and Spiritual offerings from:—Mrs. Eugene MacMillan, Mr. and Mrs. Jas. Hughes, Mr. and Mrs. J. T. Kearns, Mr. and Mrs. Thos. Flynn, Mr. and Mrs. John Murphy, Mr. and Mrs. F. McCloskey, Mr. and Mrs. Thos. Allen, Mr. Edward Flynn, Mr. J. P. Burns, Mrs. Louis Lapierre, Mr. and Mrs Jas. Dwyer, Mr. and Mrs. Michael Walsh, Mr. and Mrs. Jas. Clement, Mr. and Mrs. Ed. McDonald, Mr. and Mrs. R. B. Clement and family, Arnold and Ronald Lynch, Mrs. Charlotte Walsh, Mr. and Mrs. E.B. Lynch, Mr. Raymond Walsh, Mrs. L. H. Brannen, Waddington, N. Y., Miss Irene Brannen, Ogdensburg, N. Y., Mr. and Mrs. Walter J. Carr Jr.

### GRANTLEY

Mr. Elburn Carr and Claude spent Saturday and Sunday with their aunt Mrs. Wm. Grant of Avonmore.

### ELMA

Mr. and Mrs. John Armstrong visited Mr. and Mrs. George Durant, Dunbar, recently.

The W. M. S. of the Methodist church here entertained the Winchester Springs Auxiliary at the parsonage, Thursday afternoon, January 25th. in their regular meeting. About ninety-four were present and a pleasant afternoon was spent. A recitation by Miss Annie Beckstead entitled "The Missionary Hen" was given and a solo by Miss Alice Beckstead with violin accompaniment by Mr. Lawrence Howe entitled "We've a story to tell to the nations". Both were enjoyed by all, after which the Elma ladies served refreshments.

Miss Marion McGillivray of Aultsville is visiting her brother here.

Mr. and Mrs. Robert Johnson and family of Winchester Springs, spent Tuesday at the home of Mr. Melvin Dillabough.

Mr. and Mrs. Harry McGillvray and Mr. Cecil McGillvray were entertained to tea Tuesday evening at the home of Mr. John A. Carkner.

### WINCHESTER SPRINGS

Mr. and Mrs. J. Shaver spent a few days recently with Mr. and Mrs. F. Shaver at Hainsville.

Miss Jean Barclay of Bethune Bush, spent the week end with Mr. and Mrs. D. E. Barclay.

Mrs. Harry Middagh and son Bertram, spent Sunday with Mr. and Mrs. George Myers.

Miss Mabel Deeks of Elma, is visiting Miss Mae Durant for a few days.

Miss Mary McIntosh is spending a few days at Williamsburg.

Miss Olive Connor, has returned to Ottawa after spending her holidays among friends here.

Mr. and Mrs. Delbert Casselman spent Sunday at the home of the latter's parents, Mr. and Mrs. G. Kirkwood.

### CARD OF THANKS

## PROPOSED TOURIST TAX OPPOSED BY MOTORISTS

A proposal has been made on the floor of the House by Wellington Hay, M. P. P. leader of the Liberal group in the Ontario Legislature to make every motor tourist entering the Province pay a five-dollar tax and also put a two-cent tax on every gallon of gasoline sold in Ontario. It has already provoked a storm of criticism from many quarters.

Chief opposition to the tax on tourists is due to come from the members of the Government committee on hotel accommodation and improvements, who have been pinning their hope for the future developement of the hotels of this Province to the expected increase in motor tourist traffic. With a five-dollar per car tax on this traffic, however, a good deal of the motor tourist traffic that has been coming every season to Ontario would be diverted to Quebec, and hoped for aid for Ontario hotels from the source would be materially lessened.

Another matter which Mr. Hay, in his zeal for taxation may have overlooked, is that any tax or registration fee imposed on motor cars entering Ontario, whether coming from the Province of Quebec or Manitoba or from any part of the United States, would mean immediate cancelation of the reciprocal privileges now existing between Ontario and the other Provinces of Canada and the United States in exchange of motor car licenses. It would mean that if an Ontario motorist desired to make a trip to some other part of Canada or the United States he would have to pay a license tax in every Province or State through which he passed, which would prove a great hardship.

The Ontario Motor League, after conducting a very extensive campaign, finally secured the required legislation in Ontario, whereby this interchange privilege with the other provinces and the United States was brought about, and it has since been acknowledged as the O. M L's greatest achievement. This very desirable arrangement was secured in the year 1915, when Sir William Hearst was head of the Ontario Government, and followed huge deputations which waited on the Government, and which included the Mayors of practically every city and town in Ontario. To put an end to this privilege now by the imposition of a motor tourist tax would call forth province-wide criticism.

Mr. Hay pointed out that some of the states on the other side imposes a tax on motor tourists, but he neglected to say that it is only after such a tourist has remained within a state for a certain period, which, on, the average, is thirty days, the same as already exists in Ontario. It has been ascertainad that practically 90 per cent. of the motor tourists entering Ontario stop here for a day or two only, and then return to the point from which they started, or pass through to another part of the country. To impose a tax on this class of traffic, therefore would only result in most of it being diverted to the province of Quebec.

The further proposal on the part of Mr. Hay to impose a two-cent tax on every gallon of gasoline is found to meet not only with the strong diapproval of all motorists and the automobile industry generally, but is also objected to by the Ontario Motor League and affiliated motor clubs. It is pointed out that the revenue from license fees is already high enough to meet all requirements, the revenue secured from this source in 1921 being roughly $3,000,000, and in 1922, $3,500,000, with an estimated revenue for 1922 of $4,000,000. There is, accordingly, a continually increasing revenue assured from this source without there being any necessity for any new taxes or fees. While it is very true that motorists benefit as a result of all highway improvements, it is also a fact that such improvements are a source of benefit to the entire community and it is contended the cost of the same should be shared on an equitable basis, instead of trying to make the motor traffic bear the bulk of the burden. A tax on horse-drawn vehicles, it is declared, should be inaugurated before any further burden is placed upon motorists, and it is not improbable that the future may see something done along this line. In the meantime, the motorists of the province are lining up against any further fees or taxes.

---

An exchange curtly remarks:—"You can't tell by the size of the car how much the driver owes his grocer or his printer.

---

In the old days a ford was the place where you crossed the river or stream. Now it's every place you try to cross the street.

# WHAT CAUSES HEADACHES ?

## "Fruit-a-tives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from *partial Constipation or insufficient action of the bowels.* Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases.

*"Fruit-a-tives" will always relieve Auto-intoxication* as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

50c a box, 6 for $2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

## MAKING MONEY

If there are any persons in the United States whose views on making money should be received with respect they are Mr. John D. Rockfeller and Mr. Henry Ford. Both men have made extraordinary fortunes, and as it happens, both men are generousiy willing to advise their fellow countryman who are ambitious to follow in their footsteps.

Unfortunately for their eager disciples, they disagree about one of the fundamental processes of money-making. For many years Mr. Rockfeller has been preaching to all who would listen the necessity of the most careful thrift. "Save the pennies" is his watchword. From boyhood he was careful to save his own pennies; and see how many dollars he has now! He would admit, if pressed, that you must do something else with your pennies besides saving them,—invest them for example in some sound and profitable enterprise,—but he has been diligent in creating the impression that thrift is at the bottom of all money-getting. Thrift alone will not make you rich, but will certainly keep you from being poor, and without thrift there is but a slim chance of your making a fortune.

Mr. Ford is the child of a younger generation. He doesn't think much of penny saving. "It's a good way to keep a young man poor," he says. "Two kinds of people urge young men to save their money. Their parents want them to save it in order to hoard it, and the bankers want them to save it so that they can speculate with it. To make money you must spend it; not throw it away, but spend it wisely." On education, we suppose, and on travel and on advertising and on this, that and the other way of getting real business experience and a knowledge of the things in which you deal.

The ideas of the two multimillionaires are characteristic of the period in which each made his fortune. The difference is one of emphasis. Mr. Rockfeller insists on the saving, though he knows that using wisely what you have saved is quite as important. Mr. Ford is voluble on the use of money, though he knows that most people will have no money to use unless they save it to begin with. As a matter of fact, advice of this sort is wasted on most people. Making a fortune is the result of certain inborne qualities or certain favorable opportunities—usually of both. A man in whom the acquisitive and speculative faculties are strongly marked, and who has cool, sound-judgment to accompany them, will get comfortably rich without any help either from Mr. Rockfeller or from Mr. Ford. And a man who has not those faculties will never get far on the road to a fortune in spite of all the advice successful millionaires can give him.

Willie: "Pa, you ought to see the men across the street raise a building with jacks."

Pa (absently): "Willie, you can open on jacks but a man is a fool to try and raise on them—er—I mean it must have been a very interesting sight to watch."

The girls of Michigan Universities have been taking a poll on the type of man they would marry. In reality it isn't the type which matters so much in courting days, but the press work.

## Catarrhal Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarral Deafness requires constitutional treatmeat. Hall's Catarrh Medicine is a constitutional remedy. Catarral Deafness is caused by an inflamed condition of the muscous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely olosed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system thus reducing the inflammation and restoring normal conditions.

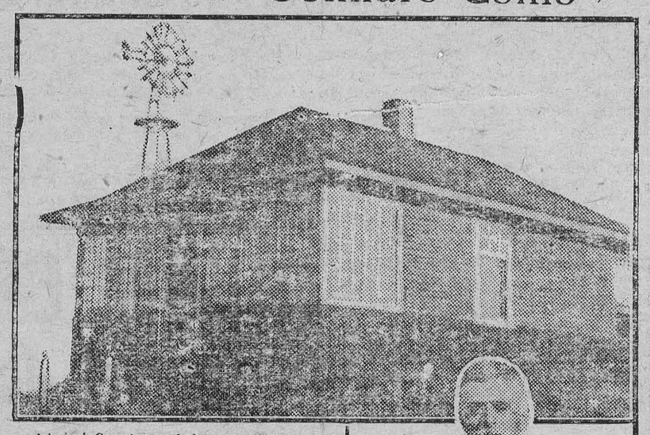
# Admiral Gennaro Como



Admiral Como's ranch house at Shepherd, Alberta.

Admiral Gennaro Como, once one of Italy's warrior sailors, now a wheat grower in sunny Alberta.

"SUNNY Alberta," which yields so abundantly to man's efforts, is noted for its interesting farmers. It is the province that boasts of more titled and famous land-owners than any other part of our Dominion. Rear-Admiral Gennaro Como, titled Italian gentleman, who for 25 years "plowed" the seas, now "plows" the fields of the favored province on his farm at Shepherd, Alta., on the Canadian Pacific, just west of Calgary.

His interest in raising as many bushels of wheat to the acre as the land will yield is interspersed with translating Italian poetry into English free verse or writing opinions on world questions through the medium of the newspapers of America.

To meet Admiral Como is to enjoy the stimulating contrast of old world interests and new world activities—his pictures, his books, his decorations, his old-world treasures, conjure up a cultured past. As the son of the illustrious family from which Lake Como takes its name, his heritage of rich traditions date back to the year 1200.

Coming to Canada in 1900, he purchased large tracts of land in Alberta, and with a keen appreciation of our broad prairies, decided to adopt Canada as his home and at once set about to learn how to farm in the new West.

At the outbreak of war, he immediately offered his services and as senior naval officer of the Italian navy, he was assigned to the Mediterranean along Tripolitania and Cyrenaica. The second war service was as delegate on anti-submarine warfare at Malta.

At his ranch house at Shepherd, Alberta, we came upon an array of colored boxes and counted fourteen honor medals, conferred for naval services.

Covered with honors, he returned to Canada with the intention of resuming farm operations to find his fortune dissipated. The war years had brought about very changed conditions and Admiral Como, like a good sport, determined to stay in Canada and work one of his few remaining properties, his ranch at Shepherd, and develop his fine horses. He delights in the primitive life. Saying when we visited at his farm: "Yesterday I plowed all day and was contented and happy. I talk to my horses by the hour and they know every word I say—they are so understanding."

"Oh, it is because they cannot talk back that you find them such satisfactory companions," quickly retorted one of our party, but Admiral Como was determined that it was their evident wisdom and appreciation that made them such companions.

True to the traditions of those who follow the sea, who answer to the call of the cultured heart and love the beauty and poetry of the silent places, Admiral Como has continued to develop his literary talent while working on the Alberta plains. His quaint and exquisite poems, his translations and adaptations from Trilussa, as well as the work of D'Annunzio, have been appearing from time to time. The Foreign Press service have become interested in the translation and will put a collection of his poems under permanent covers.

Thus he follows his star but takes the greatest pride in his accomplishments on the land, declaring that raising twenty-two bushels of wheat to the acre on poorly cultivated land is the best thing he ever did and, he adds, "I shall raise thirty bushels next year." So our Canadian prairies "carry the palm" against the honors bestowed by kings.

# BONDS

## Are Mortgages on Fixed Assets

When a township issues debendtures (or bonds) it gives a mortgage on the whole township for security to the buyers of the bonds for the loan of their money for a definite number of years at a satisfactory rate of interest.

If the amount required is large it is divided into small mortgages, (that is, bonds or debentures) of $500 or $1,000 each, with the same security behind each, so that investors with small sums may take advantage it.

Bonds or debentures are rated the safest kind of an investment.

DOMINION, PROVINCIAL & MUNICIPAL BONDS FOR SALE
