Santa Claus To Lead Winchester Christmas Parade

Santa Claus will be making his usual brief stop-over in Winchester this Saturday, and officials have already advised him of the revised parade route. There appears little doubt the jolly old man will be even jollier than usual when he learns that he will be greeting his little friends in the cosy confines of the Community Centre.

Naturally, residing on the very top of the world for so long, the chubby gentleman pays little heed to weather conditions and it seems his laugh is even more cheerful when temperatures drop and snow blankets the area. In other years, however, he was heard to express concern for little girls and boys forced to line up outside the Public School and patiently await their turn to greet their very best friend.

The Chamber of Commerce, in cooperation with other community groups, has done an excellent job of planning for the big event and stresses the fact all floats will be forming up in the Ontario Hydro yard. The parade itself will proceed around Henderson Crescent to Louise Street, move slowly past the hospital turning east at York to St. Lawrence. The colourful and exciting procession will continue north to the main corner where the judges' stand will be located. Swinging west at this point it will continue on to the Community Centre.

A TIME TO SHOP OR JUST BROWSE

After greeting the anticipated large number of children Santa will travel to the hospital where, as in the past, he will take time to visit as many patients as possible, with of course, emphasis on the children's ward.

The Chamber of Commerce, in its wisdom, has also arranged bus transportation from the park to the theatre where a special show will be presented for the young people. This will afford an ideal opportunity for parents to visit the gaily decorated business centres, and just possibly solve many of their vexing gift problems.

Long range weather forecasts are for favourable weather and Winchester is bracing itself for a record crowd as the community moves enthusiastically into the festive season.

Two Escape Chesterville Fire

CHESTERVILLE—Two people narrowly escaped an early morning fire here Sunday which raced through a dilapidated, two storey dwelling leaving it in charred ruins.

Fire Chief Grenville Fyke could not identify the two but thought they were not residents of the building, a former egg-grading station on Main Street.

He said the two were aroused by the smell of smoke around 6 a.m. and turned in the alarm. A woman escaped the house by jumping from a second storey window and the male made a dash through the flames and escaped down the stairway. They were not injured.

Chief Fyke said the cause of the blaze was a faulty oilburner. When the firemen arrived on the scene the fire was "well on its way", he said, in the living room of the apartment on the second floor.

It took 17 volunteer firemen using two Chesterville Fire Department trucks to bring the fire under control. They fought it for six hours.

The building is owned by Chesterville resident Pat Chambers and is thought to be covered by insurance. It was totally destroyed.

Immersion Out For The Moment

By Anne Patenaude
Press Staff Reporter

CORNWALL—Public opposition against intensified French language instruction in tri-county elementary schools has persuaded the Stormont, Dundas and Glengarry Board of Education to table indefinitely their two most controversial programs.

At a regular meeting of the board's elementary panel here last Tuesday, trustees were told that future discussion on the teaching of French will focus on improvements to the existing program. Proposed immersion and extended programs will not be implemented for at least two years, and then only if specifically requested by parents.

A report presented by S.W. Libbey, chairman of the Ad Hoc Committee on the Teaching of French as a Second Language, stated that school committee meetings held to discuss the programs indicated strong opposition to the proposals.

Libbey said many who attended school committee meetings refused to consider the position paper. They refused to listen to other people's positions as well as committee representatives' attempts to clarify related issues, he said.

"The paper, as presented, has sparked high emotions among members of the community," he said. "Unfortunately, many of the community meetings held thus far have been conducted in a climate of confrontation, encompassing negative attitudes."

Although the proposals in the position paper presented in October have not been adopted, and all would be optional if implemented, discussion has resulted in an English backlash that has made French instruction one of the hottest issues ever tackled by the board. The measures advocated by the committee ranged from increasing teaching time in the existing core program to 40 minutes a day, to extended and immersion programs.

While opposition was aimed primarily at the immersion program, the board Tuesday night approved a recommendation to "narrow the scope of the discussion" to the existing core program. Both the immersion program and the extended program, which would have allowed the teaching of one subject other than French in the French language, will be tabled indefinitely.

Reactions to the proposals in ten elementary school committee meetings to date were almost all negative. Although the discussion meetings will continue until the board makes a final decision on the proposals December 15, the board will attempt to "redirect the thrust" of the position paper.

"This means that input will focus on the improvement of the present program, rather than additions or extensions," Mr. Libbey said.

He said the 40-minute program outlined in the position paper should be phased in, one year at a time, as a natural sequence to existing programs in Kindergarten, Grades 1 and 2.

"Opportunities for the learning of French as a second language which go beyond the 40-minute program, would only be considered in response to serious and significant parental requests," Libbey said. "These programs would not commence prior to September, 1979, and then only if specifically requested by parents and if feasible."

Proposed changes in the French program would not affect other subjects, he said. Parents at some meetings indicated they felt an intensified French program would encroach on the teaching of English.

The trustee said that while the board's decision to phase in the 40-minute program should alleviate concerns of the professional staff, any concerns about the proposed measures should be dealt with to "provide a positive climate and working environment for present employees."

He said meetings will be organized with elementary teachers particularly to discuss issues relating directly to professional staff in the teaching of French. They will be given an opportunity to deal with these matters and provide input, he said.

Drew Cautious On OTHS Addition

METCALFE—Hopes that construction might begin next spring on a $2,680,000 addition to Osgoode Township High School were quashed Wednesday when Carleton Board of Education chairman George Drew told a parents' committee here the project probably would not be completed for at least two years.

Drew, who admitted Ministry of Education approval for funding looks "fairly safe", said he doubts if the building could be completed by September, 1979. Architect's plans, tenders and subcontracts would take several months, he told the 25 parents, while actual construction could take up to a year.

"We won't be notified of the Ministry's decision on the funding until at least January - and possibly not until April," the chairman said.

In an October 20 interview, Carleton board planning officer Dr. A. Kerr had said the board hoped to receive some indication of the Ministry's decision early enough to allow construction to begin in the spring. He said the board hoped to have some areas of the project completed by September of 1978.

The project, which would include classrooms, labs, drama room, music, art, industrial arts and science rooms would alleviate over-crowded conditions at the school. Eight portable classrooms are being used to help house the 766 students.

While Mr. Drew cautioned parents against taking the funding approval for granted, he said a meeting with regional Ministry officials last Monday had been "reasonably successful."

"We requested a total of $20 million in capital funds," he said. "Ministry representatives said it looks fairly safe for the Osgoode High School addition, but they had no comment on other expenditures."

The Carleton board has not received any funds for capital expenditures in the past two years, the chairman said. Approval for the construction of a vocational school last year was later withdrawn, he explained.

"Lately, we haven't been getting our fair share," Drew told the meeting.

The Carleton board has requested a meeting with Education Minister Thomas Wells to discuss the proposed addition, he said.

BASIC FACILITIES OVERCROWDED

Replying to a question from a parent, OTHS principal Wyatt McLean said that while overcrowding at the school is serious, the conditions do not constitute a fire hazard.

He noted, however, that continued overcrowding could result in inadequate washroom facilities.

"We haven't reached this point yet but it is getting close," McLean said.

The principal said the school's gymnasium is being used every period of every day, including lunch periods, for physical education classes. Although the board has made arrangements to use the Metcalfe arena for some gym classes, McLean said physical education may soon be available only to Grades 9 and 10 students. Senior classes would use the facilities only when available, he said.

An industrial arts shop is desperately needed. McLean told the parents, and cafeteria and library space is inadequate. The principal explained that while the area served by OTHS is not one of the major growth areas in the Carleton region, the school is one of few which is experiencing an increase in enrolment, rather than a decline.

Mr. McLean said an additional 65 students will have to be accommodated next year, with a continued increase of approximately 50 a year until 1984.

RUSSELL STUDENTS NOT INTRUDERS

In reply to questions regarding the addition of 150 students from the Prescott-Russell board, Mr. Drew said their withdrawal would affect the Carleton board's request for government funding.

He said the amount of funds for the OTHS addition could be reduced if the Russell students were withdrawn because the Ministry would not justify beyond immediate needs.

Despite the overcrowding at the school, Mr. Drew said the students should not be regarded as "intruders". Their presence makes the school a more viable unit because the additional enrolment allows it to present a better program.

Drew explained that the Osgoode high school had been maintained with some difficulty in 1969 because of low enrolment. He said that although only 418 students were attending at that time, the board had agreed to continue operating the school. The addition of the Russell students in 1974 increased the student population to a more viable level, he noted.

If the Ministry does not approve the addition, the board chairman said overcrowding would force the Carleton board to ask that the students be placed elsewhere.

"However, the agreement with Russell can only be broken by mutual consent," he said. "We could ask, but we would be at their mercy to some extent."

mainline

Grey Cup Winner

Jamie Doan, a Bank of Montreal employee here, held the lucky ticket in the recent lottery conducted by the Winchester 100 Club. Mr. Doan won two tickets to the Grey Cup game at Montreal and reports that he thoroughly enjoyed the weekend despite the cold weather.

Matilda Hall Fund Grows

The Matilda Hall Fund is growing rapidly and the most recent winner in the on-going 50-50 lottery was Charles Bourget of Cornwall. The winning ticket was drawn at Paps General Store, Glen Stewart and Mr. Bourget picked up $632. The next draw will be on December 10.

Weather Warms Willows

Russian interference with North American weather may be more widespread than originally reported. According to a Mountain resident, Joe Simzer, several types of vegetation in his area appear "confused" about the season. To prove his contention, Mr. Simzer brought a large branch of pussy willows "in full flower" to the Press office last week. He said several small maple trees in a bush near Mountain are also in bud.

Pussy Power Puzzles Police

It didn't have quite the piz-azz as a scene from Serpico but it was exciting in an odd sort of way. A Winchester OPP officer said he received a call at the local detachment this week reporting a cat attacking a doberman pincher. When he arrived at the scene the irate feline (not felon) was being downright mean to the cringing dog, known for its ferocity and guarding capabilities. The policeman, after much spitting and scratching (on the cat's part, of course), was able to subdue the cat and take it to its owner. The owner informed him that indeed, the cat was not rabid, had been duly innoculated and simply was "a bit slow" and did this sort of thing quite frequently.

96th - Just Another Day

Mrs. Christie Moffatt of Winchester marked her 96th birthday on November 22nd in the usual manner --- busy with housework while keeping abreast of all church and community activities. The Press joins with a host of friends in extending sincere good wishes.

Ambulance Proposals To Be Called

By Steve Hummell
Press Staff Reporter

Proposals for operation of ambulance service in this area will probably be called for early next year, says a Ministry of Health official.

The move may solve the unsettled situation with the Seaway Valley Ambulance Service Ltd., which has been labelled "interim management" since it took over the service in 1975.

Fred Rusk, a co-ordinator with the Ambulance Services branch in Ottawa, told the Press that proposals - similar to tenders but more flexible - are being called for as regular government procedure and not because the Ministry is unhappy with operational costs incurred by the firm.

He said the service was classified as interim management when the former owner sold his holdings to Oakville businessman Robert Horton, who owns Seaway.

Counties For Hydro Plant

CORNWALL—If Ontario Hydro must build a nuclear hydro plant in Eastern Ontario it may as well be in Stormont, Dundas and Glengarry, county council decided Wednesday.

Councillors voted to ask Ontario Hydro to locate the plant at one of the proposed sites within the United Counties, despite objections from Williamsburg Township Reeve Johnny Whitteker. One of the proposed sites is located in Whitteker's township.

"Assessment should come last," he told council. "I'm more concerned if it's going to pollute the water or the land or the air..."

Whitteker said he couldn't vote for the resolution outlining council's receptiveness for the plant because he didn't know enough about the mechanics of it. He was concerned, primarily, with possible danger to local residents through disposal of wastes and pollution of the St. Lawrence River.

Warden Edwin Waldroff and Lancaster Village Reeve William Cumming, both members of a committee that's been attending Hydro's public meetings about the proposed sites, favored location of the plant here primarily to boost the tax base and employment levels in the United Counties.

"I'd just as soon never see a nuclear plant built here but I've accepted it will be built and I feel we should jump on the bandwagon," said Cumming.

"As far as nuclear waste goes, we're going to have potential energy centres, made up of two or three generating stations with a total output of 12,000 megawatts, or the equivalent power production of three Pickering nuclear stations.

The five sites in this area are designated Iroquois North A, Iroquois North B, Iroquois West, Iroquois East and Morrisburg North.

Ontario Hydro favors both Iroquois North A and B sites because of its low elevation above the St. Lawrence River, good road and rail access and a relatively low population in that area.

According to Ontario Hydro studies, increasing demand for electrical energy in Eastern Ontario necessitates construction of more hydro stations in the future. Nuclear and fossil-fueled stations are being considered because Hydro claims most of the hydro-electric potential of the Ottawa and St. Lawrence Rivers has already been developed.

Ontario Hydro intends to pick one energy centre, or two separate generating station sites, by the end of 1978. Should they receive approval, construction would begin in the early 1980's and it would go into operation in the early 1990's.

Exchange Vows In Nova Scotia

Columbia Chapel of the Atlantic School of Theology in Halifax was the scene of a unique wedding when Brenda, daughter of Mr. and Mrs. Harry MacLauchlan of Stanhope, Prince Edward Island became the bride of Charles, son of Mr. Carl J. Casselman of Almonte, Ontario and Mrs. Merle Porter of Newport, Nova Scotia.

While the guests took their places, Kenneth Belanger of Halifax played and sang "You Fill The Day" and "Channel of His Peace". During the signing of the register, he sang "The Wedding Hymn". Archbishop James Hayes of Halifax, gave the Hamile. Each guest was given a lighted candle to hold while the bride and groom exchanged their own wedding vows to one another at which time they presented one another with their wedding bands. Rev. Fraser MacDonald of Fredricton, New Brunswick, pronounced them man and wife.

Kathryn, sister of the bride, read from 1 Corinthians verses 1 to 13. Brenda read chapter 3 of 1 Corinthians verses 4 to 27. A reading on three Types of Marriage was given by John Lord and Peggy Hutchinson of Halifax, Nova Scotia. After the Wedding Vows were made, Charles gave a reading on the 3 wedding rings.

The bride was attended by Leona McIsaac of O'Leary, Prince Edward Island, and the groom was attended by Kenneth Belanger of Halifax, Nova Scotia.

The bride was attired in a navy blue floral full length gown. Her attendant was attired in gray. Each carried a long stemmed red rose.

Mrs. MacLauchlan chose a street length dress of pink crepe and black accessories. Her corsage was of red and yellow roses. The groom's mother selected a navy blue and white street length dress with brown accessories. Her corsage was of red roses. The reception was held in the Patio Room of the Citadel Inn, Halifax.

Before the buffet dinner was served, Brenda and Charles served bread and wine for the Agape meal. The happy couple are residing in Halifax, Nova Scotia, where Charles is taking his first year in Theology. Among their guests were Rev. and Mrs. John Wilson of Quebec; Rev. and Mrs. Fraser MacDonald of Fredricton, New Brunswick; Mr. and Mrs. Anthony Koekkoek, Welland, Ontario and Miss Elizabeth Simpson and Miss Laura MacRobert of Guelph, Ontario.

Anniversary

Mr. and Mrs. William P. Thompson of 765 Dickens Ave., Ottawa, formerly of Maniwaki and Osgoode will be celebrating their 60th Wedding Anniversary on December 10th, 1977. They are the parents of 14 children, (11 living), 77 grandchildren and 51 great grandchildren.

Their family will be honouring them at a Mass at 5 p.m. at St. John's Church, Osgoode then at a dinner and evening reception at Russell Community Centre beginning at 8:30 p.m. Friends are invited to join them at the reception. Best wishes only.

Metcalfe Area Man Wesley Reaney Dies

Wesley Reaney, a lifelong, highly respected Metcalfe area farmer, died at Winchester District Memorial Hospital on November 24th in his 81st year.

Born and educated at Metcalfe he was a son of the late Mr. and Mrs. John Reaney, and married the former Mary Morrison at Ottawa, in 1917. In addition to his widow the late Mr. Reaney is survived by three sons: Orval, Manotick; Earl and Emerson, both of Metcalfe. He is also survived by sisters, Mrs. Maude Taylor, Toronto and Mrs. William Wallace of Ottawa, as well as 13 grandchildren and four great grandchildren. He was predeceased by brother Russell; sister Lucy Quinn and great grandson Bradley Bishop.

A member of Metcalfe Holiness Church the funeral service at Vice and Craig Funeral Homes Inc., Metcalfe, was conducted by Rev. R. Gamble at 2:30 p.m. on November 27th.

Pall bearers, all grandsons, were Denzil, Barry, Dwayne, Doug, Arnie and Keith Reaney.

Interment was at Metcalfe Union Cemtery.

Engagement

Mrs. S.M. Graham of Cardinal, Ontario wishes to announce the engagement of her son, the Rev. Murray Martin Graham of Campbellton, New Brunswick, to Miss Phyllis Gertrude Martin, daughter of Mr. and Mrs. Charles Martin of Moncton, N.B.

Marriage to take place in Moncton Presbyterian Church at 4 p.m., December 30th.

Exchange Vows

The families of Doris Jean Cross and Gordon Stewart McVey are happy to announce the marriage of their parents. The wedding took place at St. Paul's Presbyterian Church, Winchester, Ontario on November 26th at 5:00 p.m. with Rev. Howard Smith officiating. Mr. and Mrs. McVey were attended by Mrs. Gerald Holmes and Mr. Neil Raven.

Magician Elliott gets some enthusiastic assistance from a member of the audience at Winchester Public School.

Press Photo—Patenaude

Magical Pair Delight Students

Students at Winchester Public School last week entered the magic world of Erik and Elliott, when the two Ottawa magicians presented a special performance to the delighted youngsters.

Erik Slone and brother-in-law Elliott left their audience wondering with several feats of disappearing objects, floating spheres, fire-eating and houdini escapes. Some students and teachers got a closer look at the stage props when they were asked to assist the pair in their demonstrations.

Erik, who has been practicing magic for the past two years, and Elliott, billed as the "mystical magician", are experts at entertaining children. While schools are their biggest customers, the entertainers perform for all occasions, including children's parties and stage shows.

Erik is presently appearing weekends at the Poppa Joe Restaurant in Ottawa. The travelling performers were sponsored through the school's entertainment fund.

OACS Meets At Williamsburg

Section East of the Ontario Alliance of Christian Schools held its semi-annual meeting at Williamsburg, Ontario on Wednesday, November 16, 1977. The current President of the Section, Mr. Elmer Dentz of Iroquois, Ontario chaired the meeting. The Section represents five elementary schools, one high school and several school societies who have not as yet established schools in Eastern Ontario. Reports were heard from the school delegates and teachers. Evidence of growth and expansion was given by several of the schools and in fact work has started towards establishing an additional elementary location in Ottawa. The attendees at this regional meeting also discussed the various issues and reports which they will take up at the Annual Membership meeting of the Alliance in Toronto on November 26, 1977.

Mr. Lewis Triemstra who has represented Section East on the Board of Directors of the Alliance for several years was present. His lengthy and effective service was recognized as he ends his term at the end of 1977. Mr. Triemstra is an Ottawa businessman who has recently held the post of chairman of the Alliance Board of Directors for two years, representing 60 Christian Schools in Ontario. Mr. Charles Lawrence, an Ottawa civil servant was elected at this Section meeting in Williamsburg to maintain Board representation for Eastern Ontario.

The Ontario Alliance of Christian Schools represents a unique educational endeavour where Christian values and fundamentals are upheld and interwoven in the curriculum. The Alliance is in turn part of an even larger movement towards independent parentally controlled schools which is adding new schools every year in Ontario.

Hulbert School Receives Donation

The ladies of South Mountain W.I. decided to contribute $50 as a Christmas gift to the School for Retarded Children at Hulbert to be used to purchase something educational when 20 ladies gathered in Mountain Township Library for the November meeting.

Roll call was answered by naming a good book read this year and its author and the motto was "An unopened book is just another block of paper".

A report of W.I. 62nd annual convention in Ottawa was read by Lola Farrell as delegate and Doris Scharf, President who had attended. It was decided to start a needlepoint course in the Institute.

It was decided to hold the Christmas meeting at the home of Barbara Black, Dec. 15 with a gift exchange and each lady contributing both to the pot luck supper and the programme.

The meeting was turned over to convenor of Canadian Industries Lola Richardson who introduced her guest speaker, Miss Marion Adams, from the Winchester library, who was very interesting in her comments on different books, and what help we could derive from the different sections of the library. Mrs. Adams then showed a very interesting slide with explanatory comments on the National Library in Ottawa.

Mrs. Adams was thanked and presented with a gift.

Lunch was served by the hostesses and a social hour was enjoyed.

UCW Group Contributes To Recreation Association

The November meeting of the Winchester Springs U.C.W. was held at the home of Mrs. Mac Davidson with 14 members answering Roll Call.

Mrs. Graham Casselman opened the meeting with a warm welcome and Miss Evelyn Walker led devotional service, the theme being "Remembrance".

Mrs. Graham Casselman gave a report on Evangelistic Meeting at Kemptville followed by a report on the Community Worship Workshop held at Chesterville. Mrs. Casselman read a "Thank you" letter from Mrs. Milne for hosting the October Rally.

A generous contribution to the Recreation Association was approved and Mrs. Graham Casselman closed with Benediction. Lunch was served by the committee in charge.

Observe Minute Of Silence

Roll call, "A funny cooking mistake", was answered by 29 members and visitors attending the November meeting of Winchester W.I. members in Lions' Hall.

The meeting was conducted by president Stella Potter assisted by Annie Gibson, secretary. A minute of silence was observed for the soldiers who lost their lives in the wars.

Delegate to the convention held in Ottawa was Kaye Beedie. Mr. Leroy Strader replied to the motto, "What you learn after you know it all is what counts". Mary Deeks, convenor, read a comical poem, "The American Soldier" and conducted contests.

Lunch was served by Mary Deeks, Sadie Timmins, Jennie Moore, Hilda Barrett and Stella Potter.

S'no Joke

Weekend Storm Causes Rash Of Minor Accidents

While last weekend's 20 centimetre accumulation of snow was greeted with enthusiasm by skiers and snowmobilers, four letter words abounded as area motorists dealt with poor road conditions caused by the storm.

Ontario Provincial Police at the Winchester Detachment reported six traffic accidents on the weekend. Although there were no injuries, the accidents caused damage to vehicles ranging from $300 to $2,000.

A 1976 Oldsmobile driven by Thomas MacNeil of R.R. 2 Mountain, received $2,000 damage when it collided with a horse on the Concession 3-4 Road at the junction of County Road 1. The horse, valued at $250 by owner James Baker had to be destroyed.

A two-vehicle accident north of South Mountain late Saturday afternoon caused $600 damage to a 1977 GMC pickup owned by Lannin Lumber Mart and driven by Winchester resident Ray Van Noy. Damage to the other vehicle a 1975 Valiant, driven by Arnold Holmes of Inkerman, was estimated at $500.

Damage to a 1975 Ford driven by Gerald Bordynuk, 22 Eaglestone Road, Agincourt, sustained $900 damage in an accident north of Hallville early Sunday evening.

An accident involving a 1974 Dodge driven by James Gibson of 487 Fred Street, Winchester, occurred late Saturday afternoon on Highway 31 just outside the village. Damage to the car was estimated at $750.

Constables from the Winchester detachment investigated the accidents.

SALTING CUT 20 PERCENT

Despite statements from Ministry of Transportation and Communications officials that a 20 per cent reduction in road salting will not affect the level of service, an OPP release issued this week warned motorists that road conditions may be "poorer than ... in the past" because of the cutback.

Lyle Rae, supervisor at the MTC patrol yard south of Winchester, said road crews have been ordered to reduce salting operations because of budget restraints and environmental problems. Mr. Rae said the Ministry of Environment has blamed winter salting for serious crop damage in some parts in Ontario. Corrosion to motor vehicles has also been cited as a reason for the cutback, he explained.

"Although there will be less salting on highways this winter, the travelling public should not suffer," he said. "Salting will be cut during the night hours from 12 to 5 a.m., and sanding operations will remain at their usual level."

The OPP statement however, warns motorists to be aware of the reduction in salting and to drive accordingly.

"There will be times when road conditions will be far from ideal and likely poorer than we have been accustomed to in the past," the release says. "Taking more time to safely reach your destination is much better than not getting there at all."

Hydro Poles On The Move

An Ontario Hydro crew has been busy for several weeks re-locating hydro poles in conjunction with the planned construction of Highway 31 south of here.

Area line foreman Jack Alexander said Tuesday that the five-man crew should complete the work, which involves moving the poles back from 20 to 30 feet, soon.

"Our part of the road move will be complete within about two weeks", he said.

The pole re-location is taking place along the 13-mile stretch of road between Morrisburg and Winchester Springs, the first phase of the planned Highway 31 construction.

Mr. Alexander said the crew is increasing the spans between some of the poles and re-locating them close to the fence line. Depending on the width of the ditch, some are being placed 20 to 30 feet from their original locations, he said.

Ninety-five new hydro poles have been installed, he noted, and 127 have been removed along the stretch of highway.

Some of the work had been completed previously, said Mr. Alexander, and there are only two sections that are left to be finished.

Tenders were called for the first phase of the project several weeks ago and the contract is expected to be awarded soon. Actual work probably won't begin until next year.

The two-phase program includes resurfacing and widening of the highway in rural areas and complete reconstruction, including sidewalks and curbs in the villages.

Although the original announcement indicated the first phase of the project would be completed in 1977, delays in land expropriation and sewage disposal problems in Williamsburg forced postponement of the project until next year.

The second phase involves a 12-mile stretch of the highway between Cass Bridge and Vernon.

Fitness is fun.
Try some.
PARTICIPACTION

ANNOUNCEMENT

Christina E. Armstrong of Winchester, has been presented with a Commemorative Medal celebrating the twenty-fifth Anniversary of the accession of Her Majesty The Queen to the Throne.

This medal is an expression of appreciation of worthy and devoted service and of the esteem in which she is held by her associates.

Mrs. Armstrong has recently retired from the Federal Department of Regional Economic Expansion.

SD&G May Review French

CHESTERVILLE—While the Stormont, Dundas and Glengarry board of education has decided to "back-off" on proposals to extend their French language elementary program, one board trustee says the entire French program at the secondary level may soon be under review.

Area trustee Lorne Thompson said the board is studying a suggestion to review French instruction in S.D. & G. high schools. Thompson said the suggestion was made because there is evidence that the existing program is not appealing enough to encourage students to continue French language instruction throughout their secondary education.

The board last Tuesday decided to "refocus" or "redirect" their attention at the elementary level to the existing core program, tabling indefinitely proposals for extended or immersion programs in S. D. & G. public schools.

In a telephone interview with the Press, Thompson said the board had decided to "cool it" on recommendations made by the French Language Advisory Committee. He said the position paper prepared by the committee, based on guidelines from the Ministry of Education, had aroused a great deal of negative response from the public.

"The message is coming through loud and clear," he said. "Because of the Quebec situation, it seems to be a poor time to make far-reaching changes."

The trustee said public opinion indicated a reluctance to devote funds to French language instruction, while other projects such as remedial programs, were being cut back because of restraint measures.

Although the extended program which would have allowed the teaching of one other project in French, has been tabled for an indefinite period, a pilot project at Nationview Public School will be allowed to continue until the end of the school year, he said.

Nationview received board approval to use French as the language of instruction in one subject other than French. The project has been underway since September.

"Although the project will be monitored to see if it affects subjects taught in the English language, the board will not cut it off in mid-stream," he said.

He said questionnaires sent out prior to the implementation of the program to parents of the 60 students in the classes involved received positive replies in 40 cases. Continuation of the pilot project next year would be subject to both parental and board approval at that time, he said.

Catering Service May Eliminate Junk Foods

By Anne Patenaude
Press Staff Reporter

CORNWALL—In an effort to eliminate the sale of junk foods at the elementary level, the Stormont, Dundas and Glengarry Board of Education may provide a catering service on request from individual schools.

A report from the Nutrition Committee presented at a regular meeting of the board's elementary panel here last Tuesday showed 26 of 37 public schools surveyed in S.D.&G. sold food or drinks during school hours. Preliminary guidelines prepared by the committee suggested the board hire a catering service which would sell only foods and drinks recommended in Canada Food Rules.

The guidelines state that this would not prevent teachers or students from bringing food of their own choosing. The catering service would be limited to dispensing machines and would be available only to schools who request it.

The Nutrition Committee studied the operation of cafeterias in S.D.&G. secondary schools last year and succeeded in banning the sale of soft drinks, chocolate bars, potato chips and similar items in area high schools. The public school survey showed that foods including hot dogs, chips, raisins, chocolate bars and soft drinks are sold to students in some of the schools.

The committee said guidelines for nutrition at the secondary level were considered in establishing a program for public schools.

"It seems a logical outgrowth of these guidelines that there should be parallel requirements and similarities between both programs," the report states.

The committee recommended the preliminary guidelines be sent to principals' associations, schools, school communities and administration for input which will be considered in the preparation of a final draft.

The final draft will be presented to the board in June, 1978 for revisions and-or approval.

O.P.P. Report

During the past week, members of the O.P.P. at Morrisburg Detachment have investigated numerous minor complaints, along with 5 Liquor Licence Act violations, 3 impaired drivers, 3 break, enter and thefts, 3 thefts, 1 stolen auto, 1 wilful damage complaint, 1 stolen snow vehicle and 6 motor vehicle accidents.

Nancy Greenfield stops a Nationview serve right on the back court line during the final game of a best of three play-off in Friday's County championships at Maple Ridge.

Nationview won the first match 15-8 but the Ridge came back with scores of 15-5 and 15-4 to secure the Dundas title.

Maple Ridge Captures Title

It couldn't have been any closer at this year's Senior Girls Volleyball championships.

Heading into the seventh and final round of the round-robin tournament three teams had an opportunity to take the Dundas championship. Iroquois Public had five wins and one loss as did Maple Ridge's grade 8 team and Nationview's grade eight squad.

In the final four games of the day Morrisburg won it's third defeating Riverside 9-4.

Riverside and Morrisburg finished the day with identical three and four marks.

While in the real crunch games Iroquois was upset by Stampville 9-7 and thereby eliminated from the play-off.

Nationview 8's had an easy time of it winning 17-1 over Maple Ridge's 7's as did Maple Ridge 8's beating Nationview's 7's 16-3. Those two decisions created the best of three play-off situation.

After seven games Maple Ridge and Nationview each had posted six wins and one defeat while third place Iroquois was five and two. Fourth place went to Stampville with a four and three mark. Morrisburg and Riverside were next with three and four records and the grade seven teams from Maple Ridge and Nationview finished seventh and eighth respectively.

Kevin Cooper's Nationview team started the best of three championship play-off with an impressive 15-8 win over the host club.

After giving up a six to nothing lead to Maple Ridge, Nationview chipped away closing the gap to 6-3, then 7-6 before finally going out in front 11-7. Maple Ridge managed one more point to get within four at 12-8. That was the last point they would get as Nationview won 15-8 to go ahead one game to none.

With their backs to the wall in game two Maple Ridge took to the offensive piling up a comfortable 8-0 lead on their first set of serves. Nationview came back with four making it 8-4 but they couldn't handle the powerful Ridge service and fell behind even further. Maple Ridge allowed their opposition one more but it wasn't enough with the Ridge tying the series at one each winning 15-5.

Nationview got the first serve in the sudden-death third set but could come up with only a single point.

The first time Maple Ridge served they dished themselves up seven points and went ahead by scores of 7-1, 8-2, 10-2, 13-2 and finally 15-4 winning the 1977 Dundas County Senior Girls championship two games to one.

Tournament organizers had words of praise for the sportsmanship and ability displayed by all of the competitors and extended thanks to the volunteer officials from North Dundas District High School.

Wilma Klein-Swormink, Dianne Baker, Dianne Duncan, Jo-Anne Graves, Pete McLeod and Brent Thompson manned the stop watches and whistles during the day long tournament.

Dundas Senior Volleyball Champs

Members of the team are front row, left to right, Darlene Dillabough, Tracey McIntosh, Christine Gallangher, Dana Gibson, Susan Durant.

Back, left to right, Alanna Whelan (coach), Debbie Thompson, Debbie Hornsby, Sandra Hauch, Rose Mary Beuman, Nancy Greenfield, Cheryl Droppo, Rhonda McKee.

Mustangs Extend Winning Streak

Winchester's Midget Mustangs extended their current undefeated string to five games during the last week of competition.

After dropping their league opener Mustangs have chalked up ten points in five trys including their latest three - 8-1 and 7-2 over Kemptville, 2-1 against Chesterville Flyers.

Pete Marriner fired the team's first hat-trick of the season in the 8-1 romp over Kemptville Royals and rookie Kevin Loverin has been providing excellent goaltending completing the last three outings with just four goals against.

Wednesday evening, November 23rd, Kemptville were the visitors. Winchester picked up a minor penalty with the game less than three minutes underway and the Royals took advantage scoring what turned out to be their only goal of the game on the power play.

Mustangs then went to work and when the final buzzer sounded they had skated off with a one-sided 8-1 win.

Kevin Loverin again went the route between the pipes and after the first goal was unbeatable. Peter Marriner fired the club's first hat-trick of the season with singles going to Daryl Last, Bruce Graves, David and Doug Coleman and Bill Kerr. Daryl Shelp earned four assists, Bruce Graves a pair and single helpers going to Doug and David Coleman, Peter Marriner and Doug and Daryl Last.

Friday evening Winchester travelled to Chesterville for a 9 o'clock encounter with the previously undefeated Flyers.

Mustangs displayed a strong skating game and came up with no doubt their best effort of the season skating off with a 2-1 victory.

Winchester was enjoying a 2-0 lead with less than three minutes to play when they picked up a minor penalty. The Flyers capitalized on the power play and then lifted their netminder in favour of an extra attacker.

With less than a minute remaining and with a face-off in Winchester's end, they failed to get the equalizer.

Kevin Loverin turned in an outstanding effort in net while Doug Last and Bruce Graves were Winchester's goal getters.

The following night despite bad weather and road conditions, a short-handed team journeyed to Kemptville. Adverse conditions did not put a damper on club spirit as they skated off with a 7-2 victory.

Pete Marriner scored two goals and earned one helper; Dwayne Fawcett had 1 goal and 2 assists; Doug Coleman scored twice; Bruce Graves 1 and 1; Daryl Last 1 goal and brother Doug earned 2 assists; Daryl Shelp earned 3 helpers, David Coleman assisted on 2 markers and Kevin Loverin went the distance between the pipes.

Winchester was called for six of the 17 penalties assessed.

Morrisburg supplied the opposition last night, November 30th, the same two clubs do battle in Morrisburg Monday night, December 5th.

Osgoode Braves Lose Two Close Decisions

By Terry Holmes

With one-third of the schedule completed, Osgoode Braves of the South Carleton Intermediate Hockey League boast a very unimpressive record. With only three wins and two ties in 12 outings, the Braves are falling behind the front running Richmond Dukes and Goulbourn Cougars.

Last week the club lost close decisions to both these clubs, losing 4-2 to Richmond on Thursday evening and 5-4 to Goulbourn on Friday in Osgoode.

Against Richmond the Braves had a lead of 2-1 in the early stages of the second period but Richmond scored two goals in the second and added another in the third notching their ninth victory in ten games. Tommy Hill had two goals for the winners with singles by Dave Labelle and Huntley Ryan. Ken Brousseau and John Pritchard scored for Osgoode.

It appeared Osgoode was going to pull an upset when they held a 4-1 margin over the Goulbourn Cougars going into the third period on Friday. But for the second time in a week, Goulbourn rallied in the third period taking a one goal victory.

The first period ended with Braves holding a slim 1-0 lead with John Kelly scoring from Mike Rochon. A goal by Terry Kelly at the 35 second mark of the second period gave Braves a 2-0 lead. However, midway through the second period, Ron McLean intercepted an errant Braves pass and beat Osgoode goalie Armstrong narrowing Osgoode's margin to 2-1. Near the end of the period Braves scored twice within a minute and seven seconds increasing their lead to a comfortable three goals. Terry Kelly and Bob Kearns were the marksmen during that quick rally.

As the Braves took to the ice for the third period, the collapse they had suffered a week earlier was on their minds but they were determined to preserve the lead and gain the victory. However, a goal at the 22 second mark of the period revitalized Goulbourn and when the final buzzer sounded they had a 5-4 victory.

The tying goal came with only 1.29 left. The winning goal by Garth Rogers was scored with only 16 seconds on the clock. The other three third period goals were scored by Jim Duhart, Jake Cole and Ron McLean. Braves aided the Cougar's cause by taking 16 minutes in penalties during the third period.

Osgoode now has a ten day lay-off and don't play again until December 6th when they travel to Rockcliffe to meet the cellar-dwelling NDHQ Pyramids. Meanwhile the club is marking preparations for its first ever Braves Bash and Pub Night to be held on Friday, December 16th when they host Kars Aces.

Bildson Rink Wins Grey Cup Bonspiel

Members of Winchester Curling Club held their first club bonspiel last Saturday - the Grey Cup Bonspiel.

Fourteen local rinks took part in the gala affair, and top winners in the two-game total point competition were Lloyd Bildson's team consisting of his wife Gloria, Ken Hawkins and Jeff Meek.

High one-game winner was a team skipped by Charles Anderson with his wife Marg, Allan and Karen Hume. The Anderson team scored a 16-0 win in their second game.

A delicious chinese supper was served to the contestants, and later in the evening dancing was enjoyed to the music of Shad's Disco.

Committee in charge of the day's activities consisted of Ed and Marg Boyd, Bill and Sandra Casselman and Don and Jean Christie. The club room was appropriately decorated for the occasion.

Barry Casselman Nets Winner

Hawks Victorious Over Lions

Barry Casselman's second goal of the game at 12:32 of the third period proved to be the winner as Winchester Hawks held on to beat Morrisburg Lions 9-8 here Friday.

After Casselman had scored Winchester's ninth goal Morrisburg fought back with three straight erasing a 9-5 Hawks lead to make it close at 9-8.

Winchester was out scoring the Lions almost two to one ever the first two frames leading 4-2 after one and 7-4 after two but a five minute defensive lapse almost cost them the game as Morrisburg stormed back lead by captain Bob McNairn's two third period markers to make the final score respectable.

Coaches Beckstead and Hogaboam agreed after the contest that had their charges not stumbled in the final twenty minutes the score could have been at least 10-4. Hawks had one goal period tally by Bob Videto called back.

Hogaboam said, "that to beat a team like Morrisburg you've got to score lots of goals because they are capable of coming back on you no matter how far they are behind." Head coach Beckstead added that you also have to stick to checking the man shutting off their attack or they just keep scoring.

Most fans agreed that winning by one goal or a dozen was good enough for the moment but the brand of hockey between the South East Division leaders will probably tighten up considerably as the season progresses.

The Hawks win came in front of 793 fans and virtually locked up an opportunity to represent their Division - along with Morrisburg - at this year Christmas Junior Tournament on Boxing Day in Morrisburg.

Hawks were unable to cash in on an opportunity to take over first-place on Saturday night when they lost their second game in eight tries to the South-West Division expansion Smiths Falls Settlers.

The 9-4 set back held Winchester at 12 points and in a tie for top spot with Morrisburg. Prescott is third with four points and Cardinal fourth and although coming close still looking for their first victory.

Friday night's scoring rampage was lead by Lions cast-off Barry Casselman who netted two and assisted on two more. His line-mates Bill Mullin and Brad Sullivan upped their production picking up three points each. Mullin clicked for two goals and an assist while Sullivan set up three.

Winchester's rookie line - Al McLean, Steve McIntosh and Doug Duncan continued to impress picking up a total of eight points. McIntosh hit for two goals and a helper, McLean had one and one and Duncan drew three assists.

The remainder of the Hawks game winning output came from Mike Armstrong - one goal one assist, Chris Erler one and one, Bill Gutknecht two assists, Ken Sullivan and Karl McRoberts one assist each.

Pete McLeod went the distance between the pipes giving up four goals to Lions high-scoring Bob McNairn, Kevin Mackler, Brian Moran, Jeff Cassel and Leo Lafortune each had singles for Morrisburg.

Jim Beverdam of Winchester won $104 in the Hawks 50-50 draw.

LET DOWN IN SMITHS FALLS

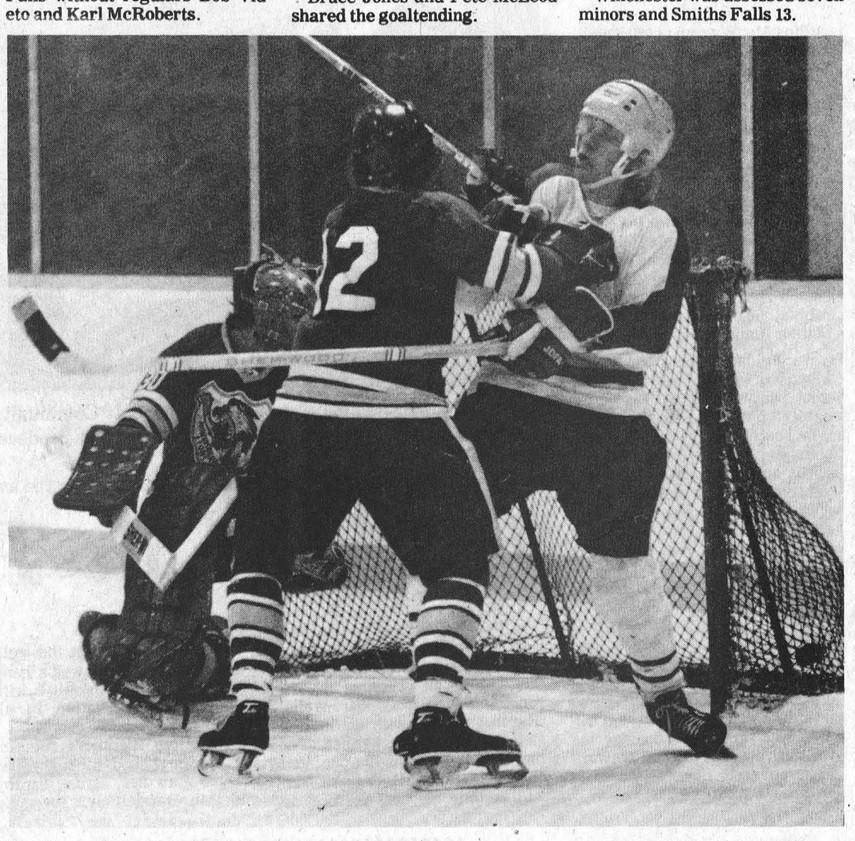
Saturday's game in Smiths Falls was a let down after Friday's emotion packed game against the Lions and the Hawks play showed it.

After taking an early 2-0 lead Winchester fell to a 9-4 count.

Manager Don Hutt felt that Ken Sullivan was perhaps the Hawks individual star but most of the others just weren't up for it.

Barry Casselman lead Winchester with his sixth and seventh goals while line-mates Brad Sullivan and Bill Mullin continued their high scoring ways. Bill had one goal and two assists and Brad added three more assists. Ken Sullivan scored on a shot from centre ice for the other major. Steve McIntosh and Phil Meek each had one assist.

Hawks made the trip to Smiths Falls without regulars Bob Videto and Karl McRoberts. Bruce Jones and Pete McLeod shared the goaltending. Winchester was assessed seven minors and Smiths Falls 13.



Morrisburg's Chris Greer (No. 12) tries to move Hawks' Bill Gutknecht out of position during the first period of Friday's game. The defenceman's action was of little consequences as Mike Armstrong's blue-line blast made it past goalie Mark Duvall and into the net.

Gutknecht and Chris Erler drew assists on the play which put Winchester into a 4-2 lead after the first period. Press Photo—VanBridger

Leisure Lines . . .

By Frank Morgan

PARADE ROUTE CHANGED THIS YEAR

When you plan to come to town this weekend to see the SANTA CLAUS PARADE be aware that there have been some changes in the parade route. This year the parade will line up at the Hydro yard entrance and form around Henderson Crescent. It will proceed north on Louise to the hospital, then down to the Theatre corner, back St. Lawrence to Main and then swing west to the Community Centre where Santa will distribute candy to the youngsters. Buses will be available to transport the kids to the theatre for a free show. Looks like the best place to get a good view of the parade would be the school grounds and, of course, anywhere along St. Lawrence or Main Street West. If you come to the Community Centre you will be asked to park in either the North or South lots as the lot in front of the arena and the road to the ball park will be kept clear for the floats. Hope this will give you a little advanced information that will help you plan ahead for a more pleasant day on Saturday.

HYDRO SOCIAL CLUB CHRISTMAS DANCE THIS FRIDAY

You are invited to join the guys and gals from the Hydro for a big night of dancing this Friday at the hall. Music is once more by the popular Westburg Union group, so there will be a good turn-out. $6.00 a couple including buffet dinner.

NEARLY 800 SEE GREAT GAME

The biggest crowd ever to see a Junior game in this arena turned out Friday night and they saw a dandy which left Lions fans applauding their team for a great never-say-die effort, and Hawk fans trembling when it looked as if Lions would tie it in the dying seconds. Hawks, who had played so well earlier in the game, drew into a defensive shell and almost blew a great game because of their decision to do so. There is no doubt that they will have to learn that their free wheeling forechecking offensive type play is still their best defence against a team like Morrisburg that can really pile it on if allowed skating room at centre ice. The two teams are currently tied for first with the same amount of games played and good clean hard skating hockey like they played Friday night will fill both the local and Morrisburg arenas when these two teams meet. This is another good club that Johnny Rice's boys have put together this year and any team in the league will be pressed to beat them, but as proven Friday night they can be had but you can't let up for a minute if you intend to do so. Hawks were full value for this important win and it's evident that this is the best Hawks team in many a season. They are a closely-knit unit and can pass and check with the best of them. They have their leaders like Armstrong who played a strong game again this Friday and also they have a leader in Bill Mullins who does a lot for the team both on and off the ice. They have a great play maker in Brad Sullivan who continues to win fans with his heady play making and their young "just out of midget" players have been a pleasant surprise, but their best point is the team play that is evident to all fans when a goal is scored or when they have the pressure on. This is also evident off the ice when they are kibitzing around, the boys like each other and are convinced that as a team they can win. Victory was certainly sweet for young Barry Casselman who once more notched a couple over his old team-mates. Barry gives it all he's got and notches a couple of points each game. He has been a good producer for the Hawks and definitely one of Morrisburg's big mistakes in training camp when he was cut. Hawks' coaching by Beckstead and Hogaboam was again a big help to them. They never fall asleep and constantly make good changes when required. Rumour has it that there are still some new faces to appear in camp, but they will have to work hard to crack this team. Keep up the good work fellows and rest assured the fans are behind you and we will fill the rink yet if you keep playing this brand of hockey.

Trail Blazers Elect T. Allison President

At the Annual General Meeting held recently, Tom Allison of Inkerman was elected president of the Mountain Trail Blazers Snowmobile Club Inc. Also elected were Gerald Boyce of Mountain as vice-president; Ted Ceelen of Ottawa as treasurer; and re-elected as secretary, Valerie Madden, also of Mountain.

Funding in the amount of $1,100 has been received from the Ministry of Natural Resources to assist in the cost of grooming and maintaining the MTB trail network, as well as for the erection of adequate signs and directional markers.

The club held a successful dance the beginning of November in the Winchester Community Centre. Several activities are planned for the coming season, the first of which is an entry in the local Santa Claus parade.

The annual rally and turkey supper is slated for January 22, 1978. Members favoured the idea of conducting the rally similar to a car rally with written directions at each checkpoint instead of using directional trail markers. It was reported that the Kemptville Snowmobile Club volunteered to help groom the MTB trail with their Alpine the day of the rally if the Mountain club reciprocated and helped groom Kemptville's trails during their rally. For better mobility and safety, it was decided to again enlist the aid of the local CB'ers to help coordinate the rally.

Photocopies of the miles of MTB trail network were circulated. Some trails would have to be widened to accommodate the club's new Alpine and grooming equipment. Trail committees were set up. Responsible for the north end (Hallville area) would be Alan Crowder, Ken Wyman, Don White, John Johnston and Doug Hale. Looking after the east end (Inkerman area) would be Tom Allison, Don Findlay, Wayne Bartholomew and Terry Barclay. Responsibility for the South Mountain area would be with Gerald Simzer, Harold Boyce, John Van Bridger and Clair Bartholomew.

Alan Crowder reported that to the north, there is now a trail right back to Osgoode. The Mountain Trail Blazers now have link-up trails established with the Kemptville, Winchester Township and the Williamsburg and District snowmobile clubs. It is hoped that new trails will be made to the Vernon and Metcalfe areas this winter.

Club safety instructor, Ken Wyman, advised the members he would be holding courses shortly for applicants to obtain their snowmobile operator's permit. Anyone over the age of twelve not in possession of an automobile driver's licence, requires the permit to operate a snowmobile off their own property. More information on this can be obtained by calling Mr. Wyman at 989-5705.

Membership in the Mountain Trail Blazers has been held to the same amount this year: $10.00 for a family and $5.00 per single membership. This amount also includes membership in the Ontario Federation of Snowmobile Clubs. The O.F.S.C. have raised their fee this year from $2.00 to $2.30 per membership but dated decals would be available free of charge to every licenced operator over the age of twelve. This idea should assist the clubs in determining the current paid-up status of their individual members.

On Friday, December 9, the Mountain Club will hold a Christmas party along with a buffet catered by the Legionettes in the Winchester Legion Hall. Admission is by 1977-78 membership cards only. Anyone who has not yet renewed their membership or who wishes to join the club, should contact Tom Allison at 989-2818, no later than December 3.

Last year the Trail Blazers had the largest membership since its formation in 1972. The club is supported by both active and non-active members. It is hoped that more grooming equipment can be purchased shortly, to be used along with the present Alpine and groomer, considering the vast amount of trail network to be covered, now estimated to be close to 100 miles.

One of the first acts by newly-elected Greely Community Centre Board chairman Harry Beckstead was to present a fitting memento to his predecessor in recognition of dedicated service.

Past chairman Dick Wells, left is shown accepting the award from Mr. Beckstead.

E. Loughlin To Serve

Edwin Loughlin, a young man well known in the Greely district was last Friday night named to the Community Centre Board replacing Dick Wells. Mr. Wells, who had served with distinction as board chairman, handed over the gavel to newly-appointed chairman Harry Beckstead who will assume his new position on January 1st.

Reports submitted at the well-attended meeting showed a healthy, working community with emphasis on recreation in all forms.

Committee members remaining on the board include Mrs. Annona Lawther, Bruce Straby and Bob Randall Jr. Township councillors Mrs. Mary Cooper and Philip McEvoy will continue to serve as council representatives for another term.

Members were reminded the '78 Winter Carnival will be open on January 27th and continue through February 5th.

Following the meeting all enjoyed an evening of dancing.

Navan Edges Jets

Metcalfe Jets, despite a comfortable 2-goal margin at the end of the first period on their home ice last Friday night, dropped an 8-6 decision to Navan before a large crowd of enthusiastic fans. Frank Testa led the Jets attack with three goals while Jeff Holmes added two and Arden Robitaille picked up a single.

Navan marksmen were led by Denis Taillefer who, like Testa, earned himself a new hat with three. Keith Ritchie notched two and singles were credited to John Timmins, Cory Caldwell and Brian Reynolds.

HOST ROCKLAND

Rockland, desperately in need of points, will be at Metcalfe this Friday night and the contest should be a real thriller with Jets only four points out of third place in the standing.

Metcalfe's new coach Bob Gendron anticipates a large crowd for this important contest and the club reminds fans that another Jets Dance will follow the game.

Bantams Lose First Of Season

After chalking up five consecutive victories Winchester's Bantam Red Wings lost their first game of the C.D.M.H.L. season on Friday.

Last Wednesday the Wings logged win number five edging the visiting Royals from Kemptville 4-3. On Friday night they dropped a one-sided 7-2 decision to their old rivals from Chesterville.

Current standings show Red Wings, Chesterville Flyers, Kemptville Royals and Greely Eagles all bunched at the top with Russell Warriors and Metcalfe Jets holding down the final two places.

Winchester led the Royals 1-0 after one period last Wednesday on a goal by Gord Milne from Mike Nelson. Kemptville tied it early in the second on a goal by Jodain. He was set-up by Mcleary.

The Red Wings scrambled for three quick ones before that frame finished and held a sizable 4-1 lead.

Darcy Last - with his first of the campaign scored on a pass from Kevin Guy before Dean McIntosh fired two straight. Dean tipped in a perfect pass from Ron Coulter for his first then cashed in on a breakaway three minutes later.

Winchester was in control until the final two minutes when Jodain completed his hat-trick scoring just 32 seconds apart.

Final Red Wings 4 - Royals 3.

In Chesterville on Friday night Kevin Guy's first goal of the season launched the visiting Wings into a short-lived 1-0 lead. Simms and Docksteader eached earned an assist on the play.

The Flyers used their fast skating attack to capitalize on poor clearing passes by Winchester to dominate the contest.

Shay, Laflamme and Beckstead put Chesterville ahead 3-1 before the first period was over. Flyers got the only goal of the second frame that was by Jones and put them ahead 4-1.

Only the solid goal-tending of Kirk Edwardson kept the score respectable as the Flyers' attack penetrated the Wings' defence constantly.

Chesterville took a 5-1 advantage on Beckstead's marker before Dean McIntosh could reply for Winchester.

Flyers closed out the rampage with two goals in the final four minutes - one a short-handed effort - by Laflamme and Jones.

Final Flyers 7 - Red Wings 2.

Gerry's Lose To SM Electric

South Mountain Electric moved into a share of first-place in the Mountain Township Floor Hockey League handing Gerry's Construction their first defeat of the season.

After winning Monday's contest 10-9 S.M. Electric now is tied with Gerry's for first with six points.

In the other Monday night encounter at Nationview Lions Club won their first of the year dumping W.I. 13-8. That victory moved Lions into their spot with three points. The W.I. are fourth with one point.

Doug Fawcett led his team to their upset triumph netting five of S.M.'s ten goals. Doug also picked up an assist.

Lions got a three goal - two assist performance from Ricky Boyd in their decision over W.I.

Next Monday's action sees Lions Club trying for win number two in a game with S.M. Electric. Gerry's will try to get back on track when they take on the W.I.

Hogaboam Shuts Out Raiders

Dan Hogaboam hung-up his first shut-out of the campaign as Jo-Anne Shoppe handed Harry's Raiders a 2-0 loss in Town League action last week.

The contest was a battle for first place as both clubs sported identical three win and one loss records going into the fifth week of action.

In the night-capper last Tuesday Angus Pontiac moved into sole possession of third place edging last place Vice Furniture 4-3.

For Raiders it was their second straight set-back after losing 3-1 to Angus Pontiac the week before. It ws the second consecutive contest that the former league-leaders were outhustled as once again their high-scoring attack was virtually eliminated.

Tuesday's contest featured the return to action of Eldon Holmes who teamed with brother Lyall and Richard Hess to form Jo-Anne's main prong of attack. Lyall was instrumental in setting up both of his team's goals while Eldon scored the insurance marker late in the first period.

During the second frame Lyall and his linemates kept constant pressure in the opposition's end. Only some outstanding stops by Raiders' Jaimie Doane kept Lyall Holmes from cashing in on at least three golden opportunities.

Going into the final game of November the strong Jo-Anne Shoppe entry is holding down top spot with four wins and a single loss for eight points while Raiders are second with six on three wins and two setbacks. Angus Pontiac have started to move and are alone in third, two up on Vice Furniture. Angus has four points and Vice two.

Jo-Anne was without their top scorer - Larry Berry who is second in the league - for their important match with Raiders. As it turned out they came up with the only two goals they needed in the first period of play.

Richard Gilmer broke the game open at 4:55 of the opening stanza beating Doane from the left side on a pass from Lyall Holmes.

The Holmes brothers made the play on the second goal at 12:38 of the same frame. Although not officially credited with an assist, it was Lyall who got the puck across the goal mouth to Eldon who in turn stuffed it in the open corner.

Both Hogaboam and Doane played shut-out hockey over the final two periods leaving the count at 2-0 for Jo-Anne Shoppe.

Taillefer's Third Period Goal Wins Angus Third Berth

Lee Taillefer's goal at 9:33 of the third period gave Angus Pontiac a slim 4-3 win over Vice Furniture and sole possession of third place in Winchester's Town League.

After nearly seven minutes of play in the second period Angus had stormed into a three to nothing lead and looked as if they would easily overpower the league's defending champions. But a three goal comeback in the final eight minutes of that middle session put the "Vice Squad" back into the game and set the stage for Taillefer's dramatic winning goal.

It was a must game for the struggling "Squad" who had managed just one goal in their previous two outings. A win would have given them third and a two point advantage on the Pontiacs but the eventual outcome had just the opposite effect on their standings as they dropped to last place suffering their third straight loss.

Bill Sherwood notched his fourth goal of the season in the opening period on an unassisted effort at 9:09.

Angus went up two - zip at 5:47 of the second on an unusual goal by Don Griffith. Bill Hutton took the original shot from the blueline. Vice defenceman - Don Swerdfeger - blocked the rising drive with his body only to have the puck flip over him. It landed behind him and right on Griffith's stick. The instantaneous shot left Kirkwood with no opportunity for a save.

One minute and two seconds later Bob Guy completed a three way play from Jerry Crowder and Sheldon McLeod putting Angus ahead three to nothing.

Fighting off the possibility of another embarrassing loss Vice responded with a solid comeback attempt ripping three unanswered goals passed a previously unbeatable Steve "Bear" Johnston. It was Johnston who posted a 3-0 shut-out over Vice the week before.

The Squad's highest scoring unit - Dave Van Bridger, Doug Vasey and Keith Henry - combined for the first two majors while captain Glen Taylor rifled home the tying marker with just 57 seconds left in the second period.

Van Bridger clicked for Vice's first goal at 9:10 tipping home a pass from Keith Henry. Don Swerdfeger started the two man break with a clearing pass from his own end. The two forwards used a series of sharp passes to elude the Angus defence and break Johnston's shut-out bid.

Doug Vasey made it 3-2 scoring on a long rising shot from the right face-off circle. Henry and Van Bridger engineered the play.

With time in the middle frame running out Glen Taylor corralled a misguided clearing pass near the Angus blueline and fired a long shot past Johnston.

Midway through the final period Lee Taillefer grabbed a pass from Terry McLeod and rushed the length of the ice for the winning goal.

Twice in the last minute of play Vice was stopped right in the Angus crease only to come up empty-handed.

Referees Garry Gates and Steve McIntosh handed out a total of nine minors, five to Vice and four to Angus.

Patsy Blair Sells 192 NDDHS Bars

By Kathy Workman and Marg Wouters

The chocolate bar campaign has come to an end and the goal of selling 9,600 bars was almost reached. The top seller of the campaign was Patsy Blair. She sold 192 bars and was the winner of the $50.00 prize. Second top seller was Doug Palmer selling 186 bars and winning $35.00. Gerald Archer sold 117 bars to gain the third top seller prize of $15.00. The seven Wheel of Fortune winners were Doug Palmer, Brenda Guy, Wally Vanderveen, Robert Mulder, Blinda Miller and Sheila Winters. Top sellers of each day of the campaign were Doug Palmer (twice), Ingrid Rhyndress, Gerald Archer, Dionne Vanderveen and Glen McDonald. Top selling home rooms have not yet been decided. The fund raising committee would like to express appreciation to the community for supporting the campaign.

In sports news, the Track Team will be participating in its first indoor meet of the season on December 3 in Ottawa. Training started on Monday for anyone interested in participating.

Four presentations were given during the week by various colleges and institutions. The Kemptville College of Agricultural Technology (K.C.A.T.) gave an address on foods and fashions and agriculture. St. Lawrence College gave a presentation on Business Administration courses offered by the college. Both O.P.P. and the R.C.M.P. representatives were on hand on Thursday and Friday to answer questions.

Orders for class rings will be taken on Thursday, December 1 only. The rings can be ordered in silver, argentils or 10K gold. The rings display birthstone, initials and school year.

Cecil Reaney Bags Buck

Cecil Reaney of Metcalfe recently completed a successful hunt near Calabogie, Ontario.

Cecil downed this 205 pound buck with a shot-gun at a distance of approximately 30 yards.

Cecil is the current president of the Kenmore Hunt Club which is located west of Calabogie.

Minor Hockey League Standings

C.D.M.H.L. registrar - statistician Ed Vidal has released the first League standings this week including all five divisions.

He has tried to include all scores up to and including November 27th but says that not all game sheets have been received and some teams may have more points than indicated.

The statistician is asking for more co-operation from the coaches in sending each game sheet to him on time so accurate reports can be made at regular intervals.

Following are the standings compiled after the first three weeks of play.

	GP	W	L	T	GF	GA	Pts	Pim
Atom Division								
Chesterville	2	2	0	0	9	2	4	6
Metcalfe	4	2	2	0	6	13	4	18
Russell	3	1	2	0	8	8	2	15

Russell	3	0	2	1	3	10	1	46

PeeWee "B" Squad Humbled By Powerful Morrisburg

Winchester's Pee Wee "B" squad has had its trouble with the powerhouse Morrisburg entry in the Upper Canada league.

Having won both encounters of the season against Russell the Acres Equipment crew have yet to notch a win over last year's champions from Morrisburg.

To date Morrisburg has taken the first two meetings in convincing fashion - 6-1 and 6-2. Last Wednesday night was a different case as Winchester extended the winners to a very close 3-2 count.

The final outcome was indoubt right down to the last minute despite Winchester having to play short-handed on five occasions - they were assessed the only penalties of the contest.

Captain Trace Shaver and high-scoring Marty Baldwin led Acres to one of their finest games of the season.

Coaches also had praise for the solid defensive work of two newly formed blueline combinations. Tyler Alton combined with Kevin Summers while Trace Shaver and Scott McIntosh teamed-up to give Winchester a formidable corps of rear guards.

Team officials feel that their club is improving every time out and should be a real contender come play-off time.

Seaway High News

Drama Club Makes Debut

On December 15, right before Christmas, a new Seaway group, the Drama Club, will be presenting its first major performance. The show, "A Night in Vulture's Gap", is the hilarious story of a group of down-and-out actors travelling the wild American West in 1870, trying to bring a little "culture" to the hard-drinking, hard-shooting cowboys. Involved in the story are some high-stepping chorus girls, young lovers and a treacherous leading lady. The audience will also be treated to an old-fashioned melodrama, "The Perils of Pamela Noble".

The heroine, beautiful and innocent, naturally, is pursued by the villainous Hardly Pure. Tension mounts. Will the missing deed to the Nobel farm be found in time? Will the beautiful, helpless maidens actually be sacrificed in the sawmill? Can the evil Natasha, Igor and Fenster really bring to ruin our hero, Edward True Blue? Will Flossie MacTavish and Stanley Stalwart find true love in spite of all the villainy surrounding them? For an evening of laughter and music, don't miss the Drama Club's December 15th performance!

On Monday, November 21, a large and appreciative audience in the gym of Seaway was entertained by the "Western Savoyards". The group, three singers-actors and their accompanist, presented a tremendous program of selections from Gilbert and Sullivan. The costumes were beautiful, and the performers incredibly versatile. They played characters from the great Mikado himself to a rousing pirate who very nearly carried off members of the audience. There was no question that the audience thoroughly enjoyed itself, and they gave the performers a standing ovation at the end. If you missed seeing the "Western Savoyards" at Seaway, you missed a tremendous musical evening!

Seaway's Senior Girls Basketball Team travelled to St. Lawrence High School in Cornwall November 17 to play the first of two total point games of the League Championship against their Seniors. Seaway lost to St. Lawrence 36-25. Monday, November 21, St. Lawrence played the second game at Seaway. Seaway came out on top, beating St. Lawrence 36-21 and winning the Stormont, Dundas and Glengarry championship. Wednesday, November 23, our Seniors lost by one point to Vankleek Hill in E.O.S.S.A., but were the consolation winners. Great playing, Ladies!

If you want to help promote school spirit, buy a school toque! They come in orange and white, or orange and black. This, like the label drive, is new to Seaway this year. It can work if everyone helps.

CARDS OF THANKS

CARD OF THANKS—My sincere thanks to my family, neighbours, friends and relatives for their many acts of kindness, flowers, cards, gifts, visits and phone calls while I was in hospital and also at home. Special thanks to Dr. Barton and all the staff of Winchester District Memorial Hospital. All was deeply appreciated.
—Doris Hyndman 32p

CARD OF THANKS—We wish to express a sincere thanks to our relatives, and many good friends and neighbours for their kindness and sympathy, following the death of our dear father and husband Cecil A. Lefebvre. Our sincere thanks, also to Dr. H. Justus, Dr. Flowers the staff of Winchester Memorial Hospital the staff of Winchester Public School, Vice and Craig Funeral Homes, Rev. Dobson, and Rev. Bowkett. Your kindness will never be forgotten.
—Louise, George, Ann, Gene, Robert 32p

CARD OF THANKS—I would like to express my sincere thanks to my family, friends and neighbours who remembered me with cards, gifts and visits while I was in Arnprior and Winchester hospitals. I would especially like to thank Dr. Flowers for his care the nurses and staff on second floor and in one east for their care and kindnesses. Thanks also to the clergy from both Chesterville and Winchester for their calls and prayers, to the Golden Years Society for the use of their T.V. and last but not least for the kindness shown to my husband while I was away and since coming home. All were greatly appreciated.
—Winnie McKercher 32c

CARD OF THANKS—I wish to express my appreciation to my family, friends, relatives and church associates for thinking of me with cards, gifts, flowers and prayers during my operation and stay at Sunnybrook Hospital, Toronto and now at St. John's Convalescent Hospital, Cummer St., Toronto where I am taking therapy and where I will be located for another ten days after the date of this notice. Thank you sincerely.
—Mrs. Howard Willard 32c

CARD OF THANKS—When I come to the end of a perfect day, and I sit alone with my thoughts, I think of the kindness of all who remembered me on my 96th birthday.
—Christie Moffatt. 32p

You too can measure up

IN MEMORIAMS

PRICE—In memory of my mother, Mrs. Hazel Price, who passed away December 2, 1976.
She shall grow not old
As we who are left grow old
Age shall not weary her
Nor the year's condemn.
At the going down of the sun
And in the morning
We will remember her.
—Joan, John and family. 32c

SULLIVAN—In loving memory of Asa who passed away December 4th, 1974.
To have, to love, and then to part
Is the greatest sorrow of one's heart.
—Wife Susan and Family and Sister Mabel 32p

BEARDSALL—In loving memory of a dear wife, mother and grandmother who passed away November 30, 1962.
—Ever remembered The Beardsall Family 32c

Ontario Hydro

PROPERTY FOR SALE
VILLAGE OF IROQUOIS

Ontario Hydro is offering for sale the southerly part of Block "O", Registered Plan No. 39, in the Village of Iroquois, located on the east side of Carmen Road South. This is a rectangular parcel of grassland containing approximately 3 acres, with about 400 feet frontage on Carmen Road and a depth of about 300 feet. All Village services are available. Sale will be subject to a 10 foot easement across the rear of the lot. The lot lends itself to either single or multiple family residential development.

The purchaser at his own expense will be required to furnish survey plans and descriptions suitable for inclusion in the Deed of conveyance.

Further information may be obtained by writing to Ontario Hydro, 420 Dundas Street East, Belleville, Ontario, K8N 5C3, Attn: Mr. D.R. Runciman, or by phoning 1-613-968-6721, Extension 488.

Offers to purchase must be submitted in a sealed envelope addressed as follows:

W.E. Raney, Secretary
Ontario Hydro
700 University Avenue
TORONTO, Ontario
M5G 1X6

and marked:

Tender for the Village of Iroquois - 511- 0

and must be received by the Secretary no later than 4:00 p.m. Eastern Standard Time on January 9, 1978.

Offers to purchase must also be accompanied by a certified cheque payable to Ontario Hydro for at least 3% of the amount of the offer. Cheques will be returned to the unsuccessful bidders.

Offers submitted must allow until January 27, 1978, for acceptance or rejection and must not be withdrawn until after that date.

The highest or any offer not necessarily accepted.

W.E. Raney
Secretary

Honour Retirees

Members of Ault Foods Limited Quarter Century Club honoured three recently retired employees at the annual banquet last Thursday night. Firm president Sam Ault introduced new employees, welcomed all those who have served faithfully for the past twenty-five years, and also honoured three workers who only recently retired.

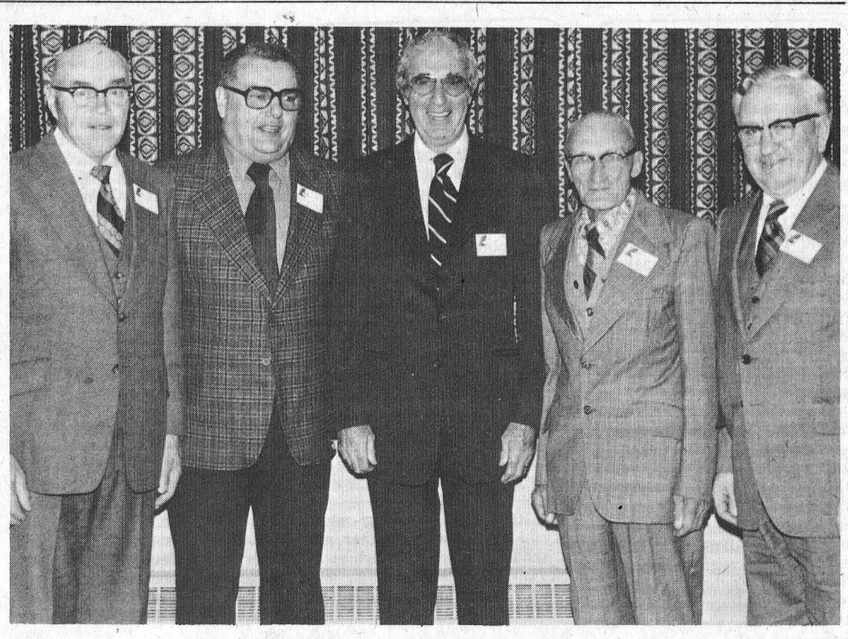
Gordon Bartholmew was officially welcomed to the exclusive club, while Mr. Ault paid tribute to Chester Lang, Bill Jennings and Don Christie, the three now enjoying retirement.

BILL JENNINGS officially retired on October 31st, 1976 after completing 35 years of continuous service as operating engineer and powerhouse troubleshooter.

CHESTER LANG completed 29 years of service on May 1st, 1977. He had been chief engineer and maintenance supervisor. Both Mr. Lang and Mr. Jennings were the recipients of luxurious laz-y-boy chairs.

GORDON BARTHOLMEW, a native of Inkerman, who is the newest member of the Quarter Century Club, received his primary education under the tutorship of Lloyd Laporte, and his first attempt at making cheese was helping Chester Lang in the Inkerman factory. Mechanically inclined he was much in demand after moving into the Winchester plant, and later was transferred to the maintenance department. Through the years he was always on call when problems arose in either electrical, mechanical, refrigeration or powerhouse equipment.

DON CHRISTIE was first associated with the Ault firm hauling milk with his own truck and has just retired this fall. He later sold his truck and began hauling bulk milk with a company vehicle. Keenly interested in community affairs he served as both Councillor and Reeve of Winchester Village. Mr. Christie and Mr. Bartholmew both received beautiful, engraved watches.



Sam and Friends

Drugs Stolen In Break-In

MORRISBURG—Ontario Provincial Police recovered approximately $300 worth of narcotics along village streets here, following a break-in at Seaway Valley Pharmacy last Wednesday night.

Police said narcotics valued at $600 were removed from the pharmacy dispensary after thieves smashed a window and forced the lock on the cabinet in which the drugs were kept. The thieves discarded about half the drugs in eight different locations along the streets.

A total of eight bottles have not been recovered. A spokesman for the police said posters warning residents of the danger of the narcotics were posted throughout the village.

OPP Constable Terry Bladen said investigation into the theft is continuing. No charges have been laid to date, he said.

To Call For Ambulance Proposals

Continued from page 1

Regular procedure is to call proposals on any new service, he said.

But that was several years ago and the Ministry already called proposals about a year ago. Several were studied, including Seaway's, and none were chosen. Rusk said earlier that none were "up to snuff".

Ambulance manager Claude Delorme, however, has said that the Ministry is unsatisfied with the cost of providing the service.

The Ministry asked the firm to increase service earlier this year but wanted part-time staff hired. Because the help was unavailable the increase resulted in a $44,000 increase to the 15-month budget of $299,000. Permanent staff was hired.

Tuesday he denied a report that the Ambulance Services branch suspects a mismanagement of government funds. A government audit on the books of the service has just been conducted, he said, but this is also regular procedure and is done with all the ambulance services.

"I'm sure there isn't (mismanagement)... at least I hope there isn't", said Rusk. "If there is then he's in trouble and if there isn't it's still going for proposal."

He said proposals will be called before the new fiscal year (April 1) - probably early in 1978.

Horton, who also owns a systems analysis and ambulance consulting firm in Oakville, has called for a Royal Commission of inquiry into the Ontario government's administration of ambulance services across the province.

He says that ambulance administrative policy is completely lacking in direction and only a Royal Commission could establish guidelines and responsible administration for the service.

Ambulance services in most segments of Ontario are suffering from the government's inadequate administration, he said, and service operators are intimidated by the government's authority to arbitrarily demand changes and institute budget reductions.

The Seaway ambulance firm administers service to a 600-square-mile area including Winchester, Morrisburg and Prescott and has been told by the ministry several times that funding may be cut off.

Company officials say the firm's tottering financial situation prevents capital investment and they want the government to issue them an operational licence. Sixteen people are employed by the ambulance service.

There are three types of ambulance service operated in Ontario - those privately owned like Seaway, services operated by hospitals and Ministry owned and operated services.

Public Service Problems

WALTER BAKER, M.P.
GRENVILLE-CARLETON
OPPOSTION HOUSE LEADER
REPORTS TO GRENVILLE-CARLETON

Last week in the House of Commons I asked the President of the Treasury Board a question relating to the Public Service Employment Act and the introduction of amendments that have been promised for a long time. In fact, a letter from the Chairman of the Public Service Commission over a year ago indicated that amendments would be forthcoming soon but still they have not seen the light of day and from every indication there is no estimate as to when we would see them in Parliament. These things do move slowly.

The question is the right of a public servant to engage in political activities. There is no doubt that a public servant can contribute money to the political party of his choice but there is some considerable doubt as to whether or not he can join a political association, hold office in that political association, put a lawn sign on his property, etc. It is clearly unfair to deny the right to participate in this legitimate forum in a society which holds itself to be free and open and once could be forgiven for wondering why a personal and private donation which indicates a political choice should be cast in any definite light than say carrying a card of a political party. There must be some reasonable boundary for people in sensitive positions but many, many public servants are not in those positions but they are still affected by the lack of clarity. I hope that will soon be granted and I intend to continue to press the Government for those amendments.

Another aspect of public service employment concerns Section 28(3) of the Public Service Employment Act as it is now. A public servant who is released for incompetence or incapacity under Section 31 of the Public Service Employment Act has the right to appeal such a decision, whereas a person who is released on probation under Section 28(3) does not. As a result, the following situation could occur: a person could work in the public service for many years. He could accept a promotion and as a result be place on probation. He could be rejected under Section 28(3) and find himself out of work.

In such a case, the public servant has no right to appeal the decision and he has no guarantee that he will find a job at his previous level even though he was performing satisfactorily at that level. The Public Service Commission has asked departments to co-operate in protecting the job security of a person so rejected but there are no provisions for this in the act and consequently no guarantee of protection.

I think we should consider very carefully this injustice and I believe the new amendments should contain an appeal procedure for rejections made under Section 28(3) and as well, provide means by which a person who is promoted to a new position and rejected while on probation could be given high priority in obtaining a job at the level which he had previously held, even a preference in that matter. This is particularly important if he had obviously performed satisfactorily at that level or he would not be considered at all for a higher level.

The Public Service of Canada is a very large bureaucracy and all large bureaucracies have rules, and all of us in Parliament must be constantly on guard to ensure that those rules are fair in themselves and are applied fairly. There is no single group of employees in Canada that is larger than the Public Service and although they are concentrated in the National Capital to a great degree, they work all across the Country and so in terms of employer and employee relations and the sense of fairness that must exist, the amendments to the Public Service Employment Act is perhaps the most significant piece of legislation that will come before Parliament. I would appreciate receiving advice and suggestions from serving public servants, and those who are retired, on these amendments and the problems that are facing public servants.

Health Council To Form, Doctors' Objections By-Passed

CORNWALL—A concerted effort by doctors in the city and United Counties of Stormont, Dundas and Glengarry to prevent the formation of a district health council here won't have much effect, says health council organizer R.J. MacDonald.

MacDonald, chairman of the steering committee charged with organizing the health council, said Monday that the Cornwall Academy of Medicine's position paper outline objections won't change things.

This was the first time MacDonald, who is chairman of the Alexandria Hospital Board, has commented on the position paper since it was released several months ago.

He contends that he shouldn't comment because the paper was presented to Health Minister Dennis Timbrell and a reply should come from him.

The steering committee chairman said the nine-member committee has not studied the position paper yet. However, he did criticize the Academy for centering much of its concern on the "political end" of the district health council concept. He said the doctors appear to be more concerned about items like whether the councils will be elected or appointed rather than actual points on the delivery of health care.

MacDonald expects the health council to be formed within a year. He appears pessimistic about the value of public advertising to obtain feedback from the electorate about formation of the council. Although an advertising campaign was to be kicked-off several months ago, it still hasn't materialized.

"I wonder whether the public are interested or not, really", he said. "I find it very hard to get excited about public opinion anymore because they just don't seem to give a damn."

However, the chairman said a seminar for area hospital boards is in the planning stages. It probably will be held early next year, he noted, but plans have not been finalized yet.

Despite the reaction from the Academy of Medicine, the health council proposal hasn't stirred up any opposition from the public sector, he said. MacDonald says the medical profession is a significant part of health care but stresses that it is only a part of the total picture.

The chairman stressed the importance of adequate planning and avoiding duplication of services in the health care field because of the Health Ministry's "tight-belt" approach to spiralling health costs.

The Academy, which has a membership of 75 doctors from the city and United Counties, says there isn't enough documentation from the steering committee to show that a district council is wanted by the people. The report says the steering committee hasn't indicated what a health council will achieve in this area, where it would facilitate the delivery of health care services and where the public demand is evident.

The Academy is also concerned about the lack of accountability of the health council to the people. More clarification about appointments to the council was insisted on by the Academy. It called for a separate mechanism of reappointments totally independent from the district health council.

The health council is to be strictly an advisory body to the Ministry of Health.

County Planner Proposal Under Serious Dicussion

By Steve Hummell
Press Staff Reporter

CORNWALL—Fears of bureaucracy building prompted the Stormont, Dundas and Glengarry county council Wednesday to give more study to a proposal of hiring a county planner.

After lengthy and sometimes heated discussion councillors voted to refer the matter to the planning committee for additional study. It's to report back to council in January with the findings.

Although three of the four planning boards in the United Counties favored hiring a professional planner, the move was met with strong opposition from Williamsburg township Reeve Johnny Whitteker, a member of the opposing South Dundas Area Planning Board.

He said if the planner is hired the South Dundas Board wants no share of his costs or services. Whitteker said he was afraid a professional planner would stop rural development in his area.

"I don't feel there is any reason for adding another bureaucratic department here," he told the council.

Whitteker said South Dundas, after five years of work, has an established official plan and if any amendments to it are necessary the Board will hire a consulting firm to make them.

Other councillors argued the amendments to existing official plans and zoning changes are becoming increasingly costly and a county planner would cut these costs.

The other planning boards--North Dundas, Lower St. Lawrence and Glengarry--approved the idea in principle.

Warden Edwin Waldroff, who suggested hiring a county planner shortly after he took office a year ago, said many other county councils are employing professional planners and "it's a step in the right direction."

Planning matters are taking an increasing amount of time from elected officials and township clerks, he stressed, and a county planner would relieve these pressures.

Supporters of the idea believe the hiring of a professional planner would give the council more autonomy. The province would probably give the local government more responsibility if it saw a more proficient decision-making body, they feel.

Although most councillors agreed with the need for a county planner, few favored the idea of having a consulting firm provide a planner. Waldroff produced a letter from an Ottawa consulting firm---Haigis, MacNabb, DeLeuvv Ltd.---suggesting that money could be saved if they provide a planner to reside in the United Counties.

Although the Warden pressed councillors to make the decision during this session, he refrained from issuing an opinion about the consulting firm.

"I think we should make a decision right now," said Waldroff. "And I'm not trying to bulldoze this thing in before I leave office."

Winchester township Reeve Delbert Link said he favored hiring a planner but wouldn't want to go ahead with the proposal without all the planning boards involved. He, too, felt county councillors have had enough time to make a decision.

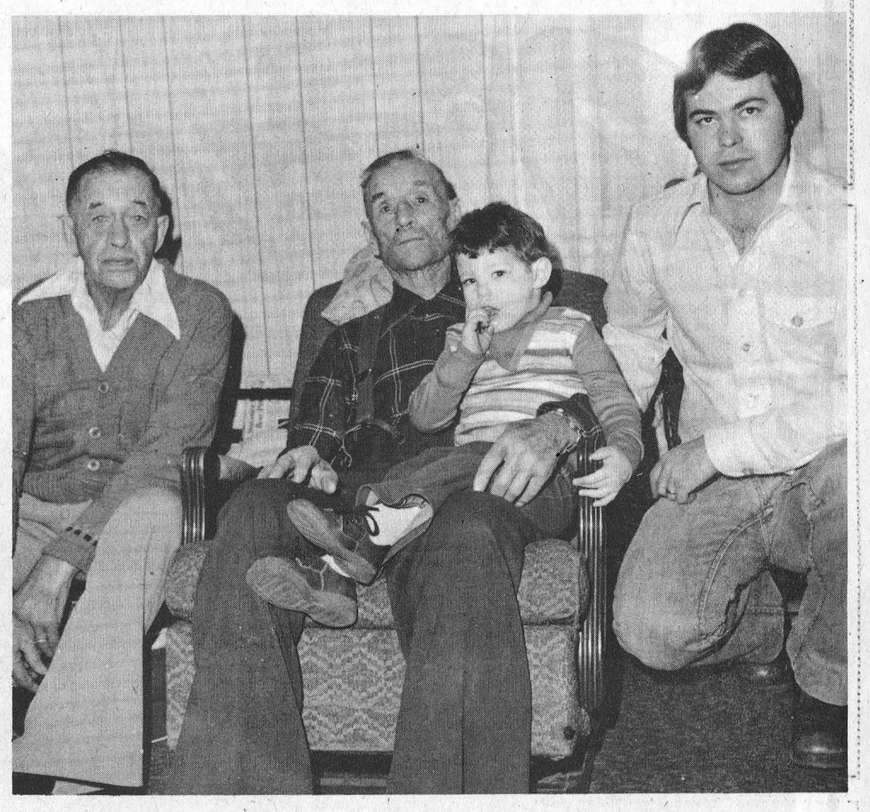
Roxborough Reeve George Crites suggested that a senior planner could equalize lot size in the United Counties. Official plans now call for both one acre and half-acre lots.

The consulting firm said its proposal avoids establishment of another municipal department which would eventually require additional office space, secretarial and professional staff. Planning costs would appear as "services purchased" in the annual financial report rather than municipal government operational costs, said the letter.

"This may be more desirable in this period of restraint when government expansion is generally viewed with displeasure."

Although the planner's salary and employee benefits would come out of the consultant's pocket, county council would reimburse the consultant for these costs and also pay a percentage of the annual salary to serve as a retainer fee.

The retainer fee would cover the firm's cost of selecting candidates for the job, providing daily assistance and direction and other planning services.



From Seventy To Three

There's no generation gap here! Four generations of the O'Neill family line up for this portrait at a recent family gathering. They are from the left: Wilbert, 70, and John, 92, both of Winchester and the youngest of the O'Neill clan, Shawn, 3. His father, Sherman 25, is on the far right.

Hospital Volunteers Honoured At Tea

Director of Winchester District Memorial Hospital volunteers, Ms. Rose Beeman planned and hosted a lovely Autumn Tea, honouring all hospital volumteers recently in the conference room of the hospital. Welcoming the more than one hundred volunteers along with Mrs. Beeman was Mrs. Irene Wallace president of the hospital auxiliary.

A beautiful autumn floral arrangement of gold and bronze mums formed the centerpiece on the tea table with two ornate silver tea services adding to the picture. Plates of fancy sandwiches and delicious tiny cakes were every bit as delicious as they looked. The lunch was arranged and served by Miss Charleston and her very able staff.

During the first hour Mrs. Beeman welcomed everyone and praised all the volunteers who have worked so hard over the years, and especially thanked the founders of the auxiliary, who because of their planning of the work, make the task of today's volunteers much easier. Mr. Stel. administrator, and Mrs. Wallace also welcomed the guests.

Mrs. Beeman lead a discussion on how the volunteer could improve on the services now performed. There were questions, criticisms and praise for all areas of the work.

Among the guests present were the first president of the hospital auxiliary, Mrs. Chester Robinson.

Tea was poured by the first vice president Mrs. Louise Sloan and a former president Mrs. Irene Byers. The second hour, Mrs. Cora Stel and another past president, Mrs. Rose Campbell, did the honours.

After tea, a tour of the hospital was given which was most informative and interesting. The social hour was enjoyed by all, where ideas were exchanged, old acquaintances were renewed, and new ones formed. This was truly a very fitting salute to our own "angels of mercy in the pink smocks".

BIRTHS

The following is a list of the recent births at Winchester District Memorial Hospital.

On Tuesday, November 15, 1977 to Mr. and Mrs. Piet Karelse, R.R. 2, Brinston, Ontario, a son.

On Wednesday, November 16, 1977 to Mr. and Mrs. John A. Grootjans, Iroquois, Ontario, a daughter.

On Thursday, November 17, 1977 to Mr. and Mrs. Alan Stewart, R.R. 2, Brinston, Ontario, a son.

On Saturday, November 19, 1977 to Mr. and Mrs. Dennis Taylor, R.R. 4, Crysler, Ontario, a son.

Winchester Resident Dies

Matthew Porteous Moore, a well known Winchester resident, died at Winchester District Memorial Hospital on November 28th in his 76th year.

Born at Bedell, Ontario, he was a son of the late Mr. and Mrs. Harry Moore, and received his education at area schools.

The late Mr. Moore is survived by his widow, the former Jennie Isabelle McNeill; one daughter, Mrs. Ileen Robinson and three grandchildren: Mrs. Roger Galway (Joan), Brockville; Mrs. Stephen Archer (Jean), Winchester; and Jamie Robinson. Also surviving is one great grandchild, Amy Galway; two brothers, Lloyd and Harvey, and one sister, Mrs. William Cutler (Norah).

The funeral service at Vice and Craig Funeral Homes Inc., Winchester, was conducted by Rev. H. Smith at 2:00 p.m. on November 30th.

Pall bearers were Arnold Holmes, David Jorgenson, Jack Woods, Lawrence Coughler, Arthur Farrell and Herman Grotenhuis.

Interment was at South Gower Cemetery.

Youth Hard Hit By Unemployment

QUEEN'S PARK REPORT
NORMAN STERLING, M.P.P.
CARLETON-GRENVILLE

Unemployment hits everyone hard but young people seem to have a particularly difficult time in obtaining work when the economy slows down and jobs become more scarce.

Although this area is primarily a federal responsibility, the provinces have had to devise programs to help the unemployed because Ottawa hasn't met the need.

In Ontario there are various youth employment programs and I would like to spend some time in this column describing them and letting readers know where they can apply or get further information.

The Ministry of Agriculture and Food has several programs for young people and I would like to mention one of them. I am referring to the Junior Agriculturalist Farm Program which provides young city residents to be placed, through the Ministry, on commercial farms for eight weeks. Students are paid $16 per day, of which $6 goes to the farm family for board and room costs. The students work 6 days in a row, take two days off and then begin a new shift of 6 days again. This is an excellent opportunity for young people to gain experience. Application forms for this program will be available through all high schools in Ontario in April and May.

The Ministry of Natural Resources operates the Junior Forest Ranger program which gives students the opportunity to work in various Ministry camps doing maintenance programs, building nature trails and implementing forest management principles.

The Ministry of Natural Resources has a second program called the Junior Conservationist Award program. Applicants need to be nominated by some conservation oriented organization such as 4-H clubs, Boy Scouts, Girl Guides, schools, etc. Successful applicants are split into groups of six, with one supervisor assigned to each group. They live on Conservation Authority park grounds and are involved in such things as watershed studies, park maintenance and park safety patrols. This is an excellent opportunity for young people to earn money and to learn much about conservation at the same time.

The Ministry of Natural Resources regularly hires students to work in Provincial Parks as members of forest fire crews, doing lake surveys and working on maintenance and development of the parks. Students who wish to apply for this program should contact the personnel branch of the Ministry in Toronto or any of the 49 district offices that are located throughout Ontario.

The Ministry of Labour regularly offers employment opportunities for the summer months for a number of Ontario students. Write directly to the Ministry in Toronto, addressing your leter to the personnel department.

Plans have not been finalized but it is likely that a program similar in nature to the Experience 77 plan that was offered this past summer will again be offered in 1978.

Getting a job is difficult for all students but there are jobs to be had and those who take the time and effort do have a chance of securing one. Now would be a good time to write the personnel branches of all the ministries asking about summer jobs.

If I can be of any help to you please call my constituency office at 692-4349 or call me at 1-800-267-1020 (toll free). If you need application forms or further information I will be happy to assist you.

the way we see it

Professionals Below Guidelines

Professional incomes are showing increases far below the amounts permitted by the Anti-Inflation Board guidelines, reports filed with the AIB for the second year of reporting disclose. The average increase shown by the reports received to date is only 0.7 per cent.

According to AIB guidelines there are 10 categories of "professionals" and they are required to follow income increase regulations which provide roughly the same annual percentage increase as allowed by other employees' compensation plans. Specialists covered by this "professional category" are architects, chiropractors, consultants (business, financial, actuarial, economic, management), dentists, engineers, lawyers, physicians, optometrists, accountants, veterinarians.

During the first program year some professional groups had increases above the guidelines. The larger increases shown by some professionals were due, in part, to gains made just prior to the beginning of the anti-inflation program.

AIB records to September 1977, show that architects and engineers have actually had a decline in net income of 17 per cent and 14.7 per cent respectively, primarily due to the slowing down of the economy in general and of construction activity in particular. Dentists recorded the greatest on average increase with 8.6 per cent.

Four provincial dentists' associations, those of British Columbia, Saskatchewan, Manitoba and Ontario, were commended by the AIB in July for holding the recommended fee schedules to an annual increase of approximately four per cent, well within the guidelines.

The ten per cent of Ontario physicians who do not adhere to the provincial fee schedule have experienced an increase of 2.2 per cent this reporting year, down from 5.5 per cent for the first year. Some 5,370 firms of medical doctors in Ontario, or 90 per cent of physicians, elected to adhere to the provincially negotiated fee schedule approved by the Board. In the rest of Canada only a handful of medical doctors submit figures on revenue and cost figures because practically all adhere to provincial fee schedules approved by the Board.

It's Your Life

Although tuberculosis has been practically eradicated in Canada diseases and disorders of the lungs remain a serious problem. For this reason the Christmas Seal campaign remains a worthy cause. The campaign is conducted annually in Cornwall and the United Counties by Eastern Counties Lung Association. Their objective this year is $30,000 and the campaign will run through to January 31st, 1978.

Funds from this campaign go towards research, medical and public health education and other programs designed to prevent and control lung disease. Anti smoking clinics are conducted, Asthma conditioning classes are provided along with similar efforts on behalf of those suffering with emphysema and chronic bronchitis.

The number of people suffering from lung cancer has been increasing at an alarming rate in recent years. Most doctors agree that the majority of victims are heavy smokers, for this reason the Lung Association's anti-smoking efforts are most important.

Please take time to answer your Christmas Seal letter and help in the fight against the "Lung Cripplers".

"It's a matter of life and breath."

Press Photo

7th column

By Joe Rowan

Can't let this week go by without saluting the high-flying Winchester 'Hawks' --- presently gliding gracefully around tied for first place with those usually vicious Morrisburg Lions. Way we heard the story the 'birds' made it abundantly clear that, although the 'Lion' may be king of beasts, his domination is more or less a joke at higher levels. Notice has now been served, we're told, that hereafter the Hawks plan to rule from 'on high' with only distain for lowly creatures who prowl and growl far below. And maybe next week we'll publish a 'Lions' viewpoint --- if one should slip past the sports desk here at the office. The Jets? Their problem appears to be too many 'dives' into the penalty box.

So someone had to ask! Sure, we know our Rough Riders faltered, and Montreal took the big tin mug, and we were laying all the blame on the usually reliable crystal ball. Were, that is till we realized the fault was ours --- forgot to take it in for its 15,000-answer checkup.

Pleased to learn that again this year Metcalfe and District Lions Club members are busy planning a gala evening for Senior Citizens residing in the area served by the club. The event is being co-ordinated by past president Bert Bekkers and Mel Tomkins who report all signals are 'Go' for Friday evening December 9th at the Lions Den. Ken Quaile, who is directing the annual Christmas Cheer Broadcast at the local centre, assures all shut-ins, as well as those residing in nursing homes and hospital patients that they too will be remembered, and should anticipate a call from a club member during the festive season. Feel sure other area service clubs are also planning similar activities as a means of returning to our older friends a little of the kindness and generosity they themselves have given so generously over the years. From where we're sitting it seems this is really what Christmas should be all about.

Received quite a shock last week while reading a column, written by an eminent psychologist. According to the educated view of Dr. Joyce Brothers, parents of two-child families are "happier, more emotionally stable and better adjusted in every way". And to think that all these years the 'Old Girl', and this apparently very gullible scribbler, have been going right along thinking we were happy watching our 'seven' grow to adulthood. Obviously we have a serious problem. Why, we wonder, has our ancient abode echoed with laughter for so many years when, instead, every room should have been shrouded in gloom? And how do we explain how two people so emotionally unstable have watched our sons and daughters become respected members of the community? And most likely we've met the challenges of life head-on simply because we're so poorly 'adjusted'. Well, we sat down and discussed our sorry state for nearly thirty seconds, and mutually agreed Dr. Brothers can take a jump in the nearest lake while we go right on being 'unhappy', 'unstable' and 'unadjusted'. Guess our children and grandchildren must all be similarily "afflicted" since we plan to be together at Christmas when we can console one another on the unfortunate hand fate has dealt us. And Dr. 'J' --- nuts to you!

Think there's a moral here for young people to remember when they apply for jobs and demand exorbitant wages. Consider the chap making application and being interviewed by a successful businessman. The conversation goes something like this: "Does the company pay for my pension?" And the answer, "No, you pay half, it's deducted from your salary." APPLICANT: "Last place I worked for paid the lot." BUSINESSMAN: "Did they pay you while you were sick?" APPLICANT: "Sure." BUSINESSMAN: "Did they have profit-sharing?" APPLICANT: "Sure". BUSINESSMAN: "Two and three weeks annual holiday with pay?" APPLICANT: "Certainly, and bonuses." BUSINESSMAN: "Then why did you leave?" APPLICANT: "The company went bankrupt."

Sometimes it seems even carefully-phrased words of clergymen don't convey the message exactly as intended. Recently, so it is said, a renowned preacher eulogizing at a funeral began in this manner: "Dear friends we have before us here only the shell of our beloved neighbour. The nut is gone."

By the way, are any of our readers 'Chippewayans'? Sure, we smiled at first too, but the note on our desk goes on to explain that a 'Chippewayan' is one who once attended Chippewa Secondary School at North Bay. Well, to make a long story short, "Chief Running Deer" (Bill Colcock) is summoning all 'chiefs', 'maidens', 'braves' and 'former tribe members' to a 'Pow Wow'. For complete information simply drop a line to Bill at 730 Rise Avenue, Apt. 10, North Bay, Ontario, P1B 6W4.

Guess you're dang near as old as we are if you can remember way back when a baby sitter was called mother.

Bill Smiley Writes:

God Reads My Column

Well, it's nice to know that God reads my column. A few weeks ago, a bit daunted after 80 days and nights of rain, I wrote Him a direct and rather petulant letter suggesting that He turn off the taps, that we'd got the message.

Boy, He doesn't fool around. If I'd sent the letter by mail, He would not have received it until next spring, when we'll probably need some rain. That's why I put it in a column, which he obviously perused during a celestial coffee break.

Within 24 hours, He had turned off the showers, brought out the sun, which I thought He'd mislaid permanently, and favored his favorite critters with a couple f weeks of the best weather e've had since July.

Well, Lord, it's been great and we're grateful. But there's only one flaw in the ointment, as we say in literary circles. The weather's been so glorious it has sparked a round of activities at our place that has me staggering with fatigue and reeling with confusion.

As long as the rains poured down, we just sort of huddled around the boob tube and I had a perfect excuse for not getting the last of the grass cut, the leaves raked, the storm windows on, and various other chores too boring and miscellaneous to mention.

But the minute that sun came filtering into our soggy lives, the Old Battleaxe whetted her edge and started whittling at me.

Spent a sunny Sunday driving to the city and back (could have been golfing) to deliver a couple of outfits our resident dressmaker had made for her daughter, the student teacher, which the latter had forgotten to take last time she was here: The dummy.

We found the student teacher in an advanced state of controlled hysteria, fingernails bitten to the first knuckle, eyes ticing wildly. She was to start teaching next day. My wife was convinced, not without reason, that Kim would go to her first teaching assignment wearing jeans, a T-shirt and sneakers, about all the clothes she's got.

I hope she had better luck than one of the student teachers in our school this week. Poor guy tried to break up a fight in the cafeteria between a couple of massive Grade Twelvers, and was kicked in the head.

Anyway, that blew the first nice day. But it was only the beginning. Our front door wouldn't open, our back door wouldn't close, and if you were in the bathroom and pulled the knob to open the door, it would come off and you might be there forever.

Then the pole at one end of the clothesline was bowing toward the garage at a 45 degree angle. And the squirrels had chewed a hole and were enjoying daily coffee klatches at 6:30 a.m. Lawn was knee-deep in you know what. Bricks were falling out of the back of the house, four shutters were missing, as were 10 shingles where the guys took off the ice last year.

After a couple of days of "Bill, when are you going to....Bill, what about the...Bill, why don't you call...." I was forced into action. I told the old lady to call our neighbor, a contractor. I personally contacted my Grade 9 leaf-raker. I ran into Mike at the liquor store and mentioned the storm windows.

Well, sir, things began to happen around here. Our front door opens and the back one closes. You can go into the bathroom and know you won't be there for days. The clothesline pole no longer looks like a post-coital phallic symbol. The storm windows are on. The lawn is raked. Even the squirrels are frustrated by a piece of tin over their hole.

You might think I'd feel pretty good. But right in the middle of all this executive organization of mine, my wife got us into one of those log jams we have about once a year. She decided to get the living room rug cleaned.

Quite simple, really. It's just a little old Indian rug, 12 by 18, that can be rolled up and carried anywhere by six men and a camel. She arranged for it to be picked up.

Then she decided to have the hardwood floor done while the rug was away. She lined up a floor man. She decided the underrug was ready for the dump, which it was. She called the under-rug man.

Then she learned that the floor finisher had to have all the furniture out of the living room, to operate his sander. This required a couple of moving men, as I have a sore back. We decided to take the chesterfield and the dining room table out through the French doors and leave them either in the back yard or the garage, covered with plastic. This was vetoed by cooler heads, of which there were very few left, by this time.

Oh we had a busy busy Halloween, I can tell you. The sanding machine was roaring like a bull moose in the living room. You had to vault over the chesterfield to answer the trick-or-treaters. And the latter set fire to a vast pile of dry leaves out at the curb, with a nice breeze blowing, and the neighbours phoned the fire department, reluctant to see my garage and two vintage used cars go up in a pa-boom!

We've weathered the storm. Through sheer executive genius, I got all the right people in the right places at the right time. I haven't lifted so much as an ash tray, and after having a tooth extracted, I found that I couldn't eat for a few hours, but could manage a little straight rye sucked through a straw.

But next time, Lord, please don't be so literal-minded. Those Indian summers get my wife so excited she'll be the death of me. And I still have to pay off Jim and his carpenters, Mike and his helper, the rug cleaners, the floor sanders, the under-rug people, and the leaf raker. If someone said to me "Get thee to a nunnery", I'd probably take him up on it.

And find that the nuns were having the whole convent redecorated.

Dundas 4-H Achievement

Darlene Stewart Receives Provincial Honours Pin

The time passed swiftly from mid-September to the end of November and once again the 4-H Homemaking Clubs have completed a project. On Saturday, November 26, 1977, North Dundas High School was the site of the Dundas County Achievement Day - "The Club Girl Entertains". In total there were about 120 members and 23 leaders participating in the day long program.

The 4-H members exhibited their completed record books, along with their Hostess Reference Files. Many felt the file would be of excellent use in the years to come.

The public were able to see the fruits of the 4-H'rs labour in the afternoon program. There were various highlights in the program. One was the presentation of awards. A most special award was presented to Mrs. Jean Smail, from the Matilda No. 3 club for having led ten years. Her leadership was very much appreciated. One young lady was the recipient of a provincial honour certificate and pin for successfully completing twelve (12) clubs. She was Darlene Stewart from the Matilda No. 1 club. The following girls received a County honour certificate and pin for completing six projects - Ellen Roberge, Chesterville; Diane Markell and Ute Straube both from Matilda No. 1; Connie and Wendy Vander Laan from Ormond; Geraldine Durant, Winchester No. 3; Wanda Davidson from Winchester Springs; and Kathy Young from South Mountain. Congratulations was extended to all these award winners.

The remainder of the afternoon consisted of the presentation of six exhibits, five skits, and one demonstration. The exhibits were presented by the following clubs - Winchester Springs with Wendy McIntosh as commentator; Matilda No. 3 with Jill Murphy commentating; Riverside Heights with Cathy Segouin commenting; Matilda No. 2 with Irene Houbraken acting as commentator; Winchesater No. 3 with Rose Vanden Broek commentating; and Ormond with Connie Vander Laan commenting. The skits were presented by - Winchester No. 2, Hallville - Mountain, South Mountain, Morewood and Chesterville. All members participated in each of their own club skits. The sole demonstration was put on by Matilda No. 1, with Karen McInnis, Lois Barkley and Ute Straube doing the demonstrating. The entire program was very well done. The members put a great deal of effort into this part of their club work and the audience did find the presentations interesting and informative.

All of the leaders and members who completed the project received a spoon for their hard work.

Mrs. Alison Murray, from Martintown helped with the morning's activities as well as commenting on the afternoon program put on by the girls.

Miss Mary Michels, County Home Economist, acted as chairman for the entire program. Upon conclusion of the day she told all in attendance about the new spring 1978 project "Focus on Living". In this project the members learn about quilting, knitting, crocheting, the environment, the government, and babysitting to mention only a few of the many topics in this project. It is a terrific course and everyone was urged to attend and bring a friend. New members will be more than welcome. They must be 12 years of age by March 1, 1978. This project is scheduled to start in mid January.

The 4-H pledge closed the day's program.

Ontario Dairy Princess Attends Seminar

Eleven dairy princesses participated in an initiation seminar at the Country Kitchen Restaurant here last Saturday. Mr. Freeman Miller presented information on the dairy industry, and the girls received tips on public speaking from Terry Meher. Above, from left, Stormont Princess Nora Clancey, Glengarry Princess Elizabeth McRae, and Dundas Princess Dianne Baker discuss public appearance with Ontario Dairy Princess Maria Booi.

Motor Vehicle Registration Fee Increases In Effect

The first increase in motor vehicle registration fees since 1972 went into effect today.

The fee schedule was announced in last April's Ontario Budget.

The new fees increase the cost of registration for a four-cylinder car from $23 to $30; a six-cylinder car from $32 to $45; an eight cylinder car from $40 to $60. Motorcycle registration fees are up $5 -- from $15 to $20.

In addition, any automobile with an engine displacement of more than 6.5 litres (397 cu. in.) which is registered for the first time, will cost the owner $80.

Under the new schedule, 1978 registration fees for all privately-owned passenger cars and motorcycles in the northern half of the province have been reduced to $10.

For vehicle registration purposes, "Northern Ontario" means that part of the province consisting of the territorial districts of Algoma, Cochrane, Kenora, Manitoulin, Parry Sound, Rainy River, Sudbury, Thunder Bay, Timiskaming, and that portion of the territorial district of Nipissing lying north and west of Algonquin Provincial Park.

The Minister added that an amendment to the commercial motor vehicle fee schedule is also being prepared to allow northern Ontario residents to purchase their 1978 annual registration for vans and pickup trucks of 5,000 pounds or less for the same fee as passenger cars -- $10, providing the applicants sign a personal declaration that such vehicles are used primarily for recreational purposes and private transportation.

Under the amendment, passinger car registration fees can also apply to all commercial motor vehicles anywhere in Ontario with a vehicle weight of 5,000 pounds or less.

Again a personal declaration must accompany the application.

"Switching their registration could also mean a saving for owners of light-weight commercial vehicles in southern Ontario, depending on the number of cylinders", said Snow.

The 1978 registration fee for mopeds and trailers remains unchanged at $5, as does the $10 fee for snowmobiles and historic vehicles. The fee is the same in northern and southern Ontario.

Licence renewal stickers go on sale at 311 licence issuing offices across the province December 1, 1977 and the deadline for having your new licence renewal sticker is February 28, 1978.

To complete the renewal procedure, motorists are required to present their Motor Vehicle Permit, proof of insurance and the appropriate fee to purchase the blue 1978 stickers.

Carleton-Grenville Liberals Elect Association Slate

Glen Cairn resident Murray Barton, who last week was elected president of the Carleton-Grenville Liberal Association, told fellow members he was pleased with his party's showing in the last provincial election and expressed confidence that hard work will produce the desired results in the next campaign.

The annual meeting was held at Kemptville in the North Grenville District High School, and other members elected to the executive were: past president Ralph Raina; executive vice president, Edwin Loughlin; 1st vice president, Anton Bekkers; 2nd vice president, Barbara Barnwell; 3rd vice president, Peggie Fitzpatrick; secretary Nicole Davis; and treasurer Ian Hunter.

Silo Heating

Late Harvesting Intensifies Heat Problems

Heating problems in silos are more widespread this year because of the late corn harvest, says Dr. R. McLaughlin, crop scientist at the Ontario Agricultural College, Guelph.

Corn silage is normally harvested at between 60 to 65 percent moisture, says Dr. McLaughlin, but because fields were so wet this year, a considerable part of the corn crop was harvested at too-dry a stage (about 50 percent) and it is beginning to heat.

Heating is due to the continued presence of air in the silage mass. To effectively reduce heating the silo must be resealed.

Farmers who notice a reduction in feed consumption by livestock or who suspect improper sealing should act now to prevent further heat damage and potential silo fires.

"If an adequate job was done the first time leave the silo alone. Tampering may break the seal that is already there."

To reseal a horizontal silo, uncover and completely repack the material. Because the material may be greasier now, particles may adhere to one another better.

"There should be less springback after packing and, hopefully, good compaction will result. After packing, completely cover the silage surface with plastic, weighting it down thoroughly to prevent air from getting underneath. Be sure all of the silage surface is covered."

Resealing a vertical silo is tricky and requires extreme caution, says Dr. McLaughlin. If the silo has been filled within the last three weeks, silo gases may be present in the silo, chutes, and building located at the silo base.

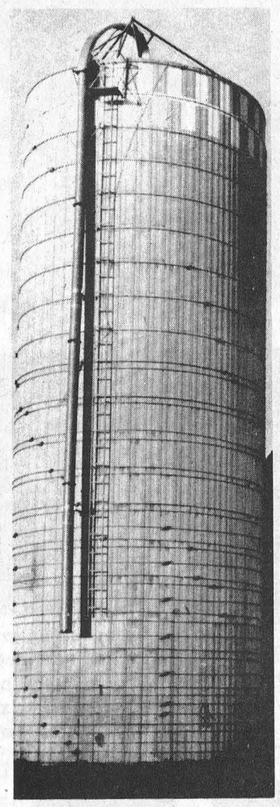
Producers should aerate the silo thoroughly by running the blower for 20 minutes or more before entering.

If the silage has been heating for some time, there will be little if any oxygen, so aeration is also necessary. When entering the silo, it is important to have a lifeline attached and a buddy ready to pull you out in case of emergency.

Silos heating for two or three months may have a burned-out cavity in the silage that may sink or cave-in, says Dr. McLaughlin. Lifelines and buddy systems are musts.

To reseal the upright silo either retramp it, wet it down and tramp it, or blow freshly cut green chop on top for added weight and pack. It is important that a plastic seal weighted with boards or tires be used.

If the silo is leaking air at the doors or through cracks in the walls, then resealing the top will have only limited success. Little can be done without an extensive patch job.



Resealing a silo is tricky and requires extreme caution.

51 Holsteins Average $906. At E.B.I. Sale

The Eastern Breeders Incorporated Special Fall Holstein Sale was held November 7, 1977 at Fawcett's Sale Arena, Winchester where 51 head of pure-bred Holsteins brought a total of $46,245.00, an average of $906.76.

Topping the sale was Dunlea High Hope Fury. Consigned by Ken Eckford, Foresters Falls, Hope Fury was purchased by Dalton Hodgins, Shawville, Que. for $2,000.00. Her heifer calf, born October 26th was purchased by George Coles, Shawville, Quebec for $750.00.

Gordon Kettles, Ramsayville consigned to the sale, a Good Plus daughter of the Excellent and Class Extra sire, Seiling Rockman. Crestlea Rockman Juliet was bought by Lewis McAllister, Alfred for $1,700.00. In one lactation Juliet averaged 137 percent milk and 134 percent fat Breed Class Average.

Walter Smith, Florenceville, N.B. purchased Glennholme Reno, classified Good Plus for $1,600.00. Reno was consigned by Glenn Rivington, Carp, Ontario.

Osben Echo May Ned, an Agro Acres Marquis Ned (Excellent and Superior Type) daughter was purchased by John Jans, Avonmore for $1,425.00. May Ned was consigned by Osborne Bennett, Foresters Falls, Ontario.

Kevlyndale Holsteins, South Mountain paid $825.00 for a daughter of the Excellent and Class Extra sire, Glenafton-Man-O-War. Covista Man Kim Suzie was consigned by John Douwes, Cobden.

Following the E.B.I. Fall Special, the R.J. Hipkin Heifer Sale was held. This Endwood herd, owned by R.J. Hipkin, Manotick grossed $17,675.00 on 11 head, an average of $1,606.82. A high price of $3,700.00 was paid by a syndicate consisting of Somerville Farms, Kemptville; John and Hugh Blaine, Mountain for a Rowntree Northern Prince (excellent and Class Extra) daughter, View Haven North Sylvia.

Assess Farm Machinery Parts Requirement Now

Now that the harvest season has ended and machinery has been stored for the winter, farmers should start thinking about the 1978 growing season.

John Kessler, secretary-manager of the Farm Machinery Board of Ontario, says that winter is an ideal time for farmers to sit down and assess their machinery part needs.

"A good number of farmers suffered undue downtime last season because farm machinery parts were not available. In many cases the waiting periods could have been avoided."

Mr. Kessler says some farmers place the blame on manufacturers and suppliers. This is not really fair. The blame must be shared by the whole industry, including farmers.

"In some cases the waiting periods are caused by heavy demands for replacement parts during peak periods."

Mr. Kessler says farmers could help alleviate the problem if they replenished parts more systematically.

"If the parts business could be extended from the present three or four months per year to 12 months, the system would have a better chance of success.

Mr. Kessler says farmers should put to good use the lessons learned from breakdowns and waiting periods last season.

Ordering replacement and spare parts now will give manufacturers and suppliers a better chance to meet the farmers' needs.

UIC Tougher, More Responsive To Local Picture

As of December 4, everyone must work longer before they collect unemployment insurance. But this new entrance requirement is variable. It changes according to the rate of unemployment in the region where a claimant ordinarily lives when filing a claim.

Before, claimants could get benefits when they had worked eight weeks in insurable employment. Now they must work from 10 to 14 weeks.

How it works

The exact number of weeks required is based on the local rates of unemployment. The table below shows how the requirement varies:

Regional rate of unemployment (%)	Required weeks of work
6 and under	14
over 6 to 7	13
over 7 to 8	12
over 8 to 9	11
over 9	10

The variable entrance requirement (VER) is designed to better reflect local economic conditions. People need fewer weeks of work if they live in a high unemployment area, more if they are in a region where unemployment is lower.

Claimants who do not meet the entrance requirement one month may become eligible later on, if the unemployment rate in their area goes up. However, they need not reapply each month. If the entrance drops in response to a higher unemployment rate, they will be told by mail that they now meet the new condition.

Fairer

UI officials believe that the higher entrance requirement should reduce disincentives to work. They also stress its fairness. Since it changes according to regional unemployment rates, the new requirement reflects the difficulties claimants have in finding and keeping work. As one UI official put it: "It's more just because it makes the UI program more responsive to local economic conditions."

The four happy people shown spell trouble for Progressive Conservative M.P. Walter Baker in the next Federal election. All expressed confidence the new Nepean-Carleton riding will elect a Liberal when voters make their next trip to the polls.

Seated, left to right are: Executive Vice-President Andy Chatwood; President Cathy Cavanagh; Secretary Marie Letcher; and Treasurer Hodge Morrisey.

Press Photo—Rowan

Newest Riding

Liberals Choose Cathy Cavanagh

Miss Cathy Cavanagh, a Nepean Township resident, was last week elected president of the Liberal Association in the new riding of Nepean-Carleton. Miss Cavanagh succeeds Terry Bell who successfully directed the association through its first term.

Guest speaker for the occasion was M.P. Lloyd Francis who assured members there is no such things as a "sure thing" riding. Walter Baker, who presently is the elected member in Grenville-Carleton, has already been chosen to contest the new Nepean-Carleton riding for the Progressive Conservative Party in the next election. "Mr. Baker", said Mr. Francis, "not only can be beaten, but will be beaten next time around".

Following his interesting address the guest speaker answered questions concerning national unity, television cameras in the House of Commons, and of course controversy concerning the integrity of the Royal Canadian Mounted Police.

Mr. Francis said he could envision no half-way measures regarding Quebec's threat to separate; suggested that television cameras showed little of hard working back-benchers in the House; and had words of praise for the R.C.M.P.

Others elected to the executive were: Andy Chattwood, executive vice president; Hans Daigler, Joe Rowan, Michael Palowin and Heileen Hynes, vice presidents; Marie Letcher, secretary; Hodge Morrisey, treasurer.

No candidate has yet been chosen but it is understood plans are already underway for a possible mid-winter convention.

20°C is a good room temperature
30°C is swimming time
10°C — wear a coat

E. W. Merkley Dies In Hospital

Erwin Wallace Merkley, a lifelong area resident, died at Winchester District Memorial Hospital on November 21st in his 66th year. Born at Williamsburg, a son of the late Mr. and Mrs. Edsel Merkley, he received his education at area schools and, in 1934, married the former Ella Mae Casselman who survives.

In addition to his widow the late Mr. Merkley is survived by one daughter, Mrs. Ron Campbell (Betty) of Edwards, and two grandchildren, Tara and Brent.

Eight sisters and five brothers also survive: Mrs. Vera Smith, Mrs. Stanley Price (Dorothy), both of Chesterville; Mrs. Graham Hess (Emma), Williamsburg; Mrs. Lloyd Steele (Lois), Cornwall; Mrs. Atty Bolster (Lorna), Malone, N.Y.; Mrs. Orval Casselman (Audrey), of Williamsburg; Mrs. Henry Feeley (Maxine) and Mrs. Bert Beckstead (Joan), of Chesterville; Walter, Clifton, Lyle, all of Chesterville; Lee of Ramsayville, and Audeen of Cornwall. He was predeceased by brother Carl.

A member of the United Church the funeral service at Vice and Craig Funeral Homes Inc., was conducted by Rev. L.M. Ferguson at 2:00 p.m. on November 24th.

Pall bearers were Richard Hess, Robert Merkley, Earl Casselman, David Froats, Carl Smith and Brian Casselman.

Interment was at Maple Ridge Cemetery.

SVTP Award Presentations Highlight Annual Banquet Last Saturday

MODIFIED DIVISION AWARD WINNERS

Mac MacPhail, Perth, at extreme left, with the Seaway Valley Tractor Pullers Award which he won as top puller in the 5,000 lb. class. Others, left to right, Brent Pyper presenting the Southbank Dodge Chrysler Award to Guy Cayer, St. Albert, who also holds the 7,000 lb. trophy being presented by Doug Goodfellow on behalf of A. & M. Auto Parts.

NOTE: (Mr. Cayer ranks fifth in the Canadian Tractor Pullers Association at the present time).

Despite the fact the scheduled tractor pull at Metcalfe Fair was a complete washout Seaway Valley Tractor Pullers enjoyed another highly successful season. Although torrential rains forced cancellation of Metcalfe Fair plans the season's first major snow storm proved no obstacle last Saturday night when members met at Metcalfe Community Centre for their annual banquet and awards program.

President Floyd Latimer welcomed competitors, their wives and friends and master of ceremonies for the gala occasion was veteran auctioneer and announcer at most area pulls, Carson Hill.

Most of the lovely trophies went to men who had earned them on the district's dirt tracks, but four were of a very special variety. Club members conducted a vote to determine such categories as "Best Appearing Super Stock Tractor"; "Most Valuable Member of the Association"; "Most Sportsmanlike Competitor"; and "Best Appearing Modified Tractor". Donors of the four awards were J. & M. Tire Service, Ottawa; Mrs. Danny Sullivan, Metcalfe; Colin Campbell Family of Maicam, Saskatchewan; and Young's Speed Shop, Ottawa, respectively.

In addition to the many gleaming trophies many competitors received cash awards thanks to the kind generosity of the following firms: Karbert Speed Shop, Ottawa; J. & M. Tire Service, Ottawa; Pyper Sand and Gravel, South Gloucester; Young's Speed Shop, Ottawa; A. & M. Auto Parts, Ottawa; and Southbank Dodge Chrysler, Ottawa.

Money donated by the above firms, totalling $1400.00 was shared by the following who finished in either first, second or third position in the various divisions: Guy Cayer, St. Albert; Maurice Cayer, Casselman; Willy Wheelen, South Gloucester; Brent Pyper and Tommy Thompson (T. & B. Pulling Team), South Gloucester; Mac MacPhail, Perth; Dave Lowe, Hammond; Doug Goodfellow, Carlsbad Springs; Harold McKeown and Wayne James (H. & W. Pulling Team), Edwards; Jack McCooyee, Edwards; Bill Tanner, Carlsbad Springs; Dick Foley, Kanata; Roy McCooeye, Metcalfe; Bernie Foley, South March; and Art Stanley, Edwards.

Following presentations, an evening of dancing was enjoyed.

Shown, left to right are: Dick Foley, Kanata, holding the 9,000 lb. class trophy donated by Metcalfe Service Centre; Tracey McKeown presenting the Percy Pyper Sand and Gravel Award to Harold McKeown who with his partner Wayne James captured the 7,000 lb. class championship; Willie Theelen presenting the 5,000 lb. class Willy's Machine Shop Award to Mr. McKeown; and Bernie Foley holding the 12,000 lb. class Cameron Equipment Award.

At the end of the season a rather complicated percentage system was used to determine the pullers who had earned the greatest number of points and the two winners are shown in accompanying photo.

Left to right: Association Vice President Carson Hill presents the S.V.T.P.A. Trophy to Guy Cayer (modified champ); Association President Floyd Latimer presents a similar award to the top super stock puller Harold McKeown who, along with his partner Wayne James earned the honour. This award, formerly the Metcalfe Fuels Trophy, is now known as The Floyd Latimer Award.

Winners and donors of the Special Awards are pictured, left to right: Don Nadon presenting the J. & M. Tire Service Cup to Bill Tanner of Carlsbad Springs who was voted owner of the 'Best Appearing Super-Stock Tractor'; Maurice Cayer, Casselman, accepting the Danny Sullivan Memorial Award from Mrs. Sullivan. This award goes annually to the association's Most Valuable Member; Rolla Campbell presenting the Colin Campbell and Family Trophy to this year's Most Sportsmanlike Tractor Puller Brent Pyper. Tommy Thompson accepting the Young's Speed Shop Award from Marcel Hebert. This award was for the 'Best Appearing Modified Tractor'.

NOTE: (Brent and Tommy operate under the name 'T. & B. Pulling Team'.

ENJOYS MAKING THINGS

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Peter is an extremely handsome 11-year-old, tall and slim with blonde hair, blue eyes and fair skin. He is Anglo-Saxon in descent and in excellent health.

Though intelligent, Peter has not always worked up to his potential. However, this year in Grade 6 he is showing a more persevering attitude in school. He is an active boy, keen on camping and sports, especially soccer.

Peter is good at crafts and enjoys making things. He likes drawing and table games.

This lad has always preferred grown-up company and adults find him a pleasant companion, interested in many things. He used to get on better with children older or younger than himself, but now mixes well with his own age group.

Peter will be a fine son for active, self-assured parents who are both loving and firm. There should be no children close in age in Peter's adopting family.

To inquire about adopting Peter, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. In your letter tell something about your present family and your way of life.

For general information about adoption contact your local Children's Aid Society.

20,000 Use Facilities

Parks Converted To Winter Playground

UPPER CANADA VILLAGE—Some may think the facilities of the St. Lawrence Parks Commission become idle after the summer tourist rush.

That's not the case, says Gerry Arthers, a public relations official with the Commission. He said last week that some 20,000 people use the toboggan slides, cross-country ski trails, snowmobile runs, and snowshoe courses each winter.

As well, there are organized sleigh rides, outdoor skating facilities, ice-fishing and the village store, which is kept open during the days except for Christmas, Boxing Day and New Year's Day.

"We've had a form of the winter recreation program for some years now," said Mr. Arthers. "But the program, in its present form, is about three years old."

He noted that the Commission isn't planning additions to the recreation program but is thinking more of improving the present facilities.

Beginning in December and lasting until April, the Commission's recreational facilities provide a wide variety of winter activities for the young and old.

Cross-country ski enthusiasts will find over six miles of groomed and marked trails in the Maple Sugar bush. And a ski shelter is located on Blue Jay trail. All trails link up to give skiers access to Upper Canada Restaurant where snacks and hot drinks are available on weekends, beginning January 7.

And snowmobilers haven't been forgotten. About seven miles of trails cover the terrain around the sugar bush and a shelter is provided on Red Fox trail.

Tobogganers have a choice of either the man-made slide on the Memorial Mound in Crysler Park or the natural slope on the Long Sault Parkway. And ice fishermen may try their luck in the many bays and coves on the Parkway with bait, licenses and accommodation available locally.

Snowshoe enthusiasts have access to the hundreds of acres of parklands in the area.

Crysler Farm Battlefield Park is the focal point for winter fun. At Upper Canada Village, on weekends, from 1 to 3 p.m. half-hour long, horse drawn sleigh rides are the order of the day.

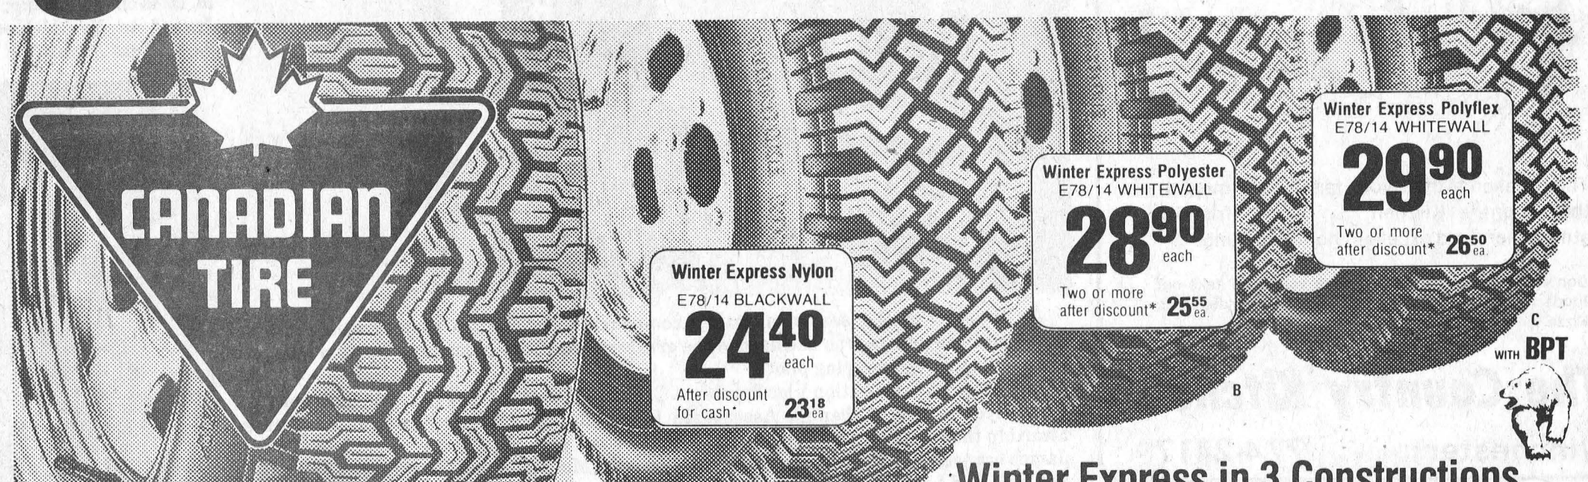
Outdoor skating facilities, complete with heated change shelter offers another option. The Village Store, open daily, has a wide range or handicrafts and gifts as well as hot drinks and tickets for the sleigh rides.

The Thousand Islands Parkway between Brockville and Gananoque offers over 1,800 acres of parkland for cross-country skiing, snowmobiling, tobogganing and ice-fishing.

A free brochure with map giving full details on winter recreation is available from the Morrisburg office of the St. Lawrence Parks Commission. Weather conditions can be checked for the day's outing by calling these numbers: 543-2951 on week days or 543-2912 on weekends.

Don't wait 'til you get stuck!

Now is the time — before you get caught in winter's worst — to buy your snow tires. Last year was rough, and everything points to another hard, cold winter this year. Shop Canadian Tire so you'll be ready for it. We stock a complete range of dependable snow tires in all constructions right up to top-of-the-line Kevlar radials.



Winter Express in 3 Constructions

Dependable deep snow traction to get you through the winter

Choose Nylon (A), or Polyester (B)

Select the Winter Express 4-ply nylon or polyester for tops in winter performance. Both are produced from the same molds. Nylon blackwall offers strength at low cost, while polyester whitewall eliminates cold-start thump.

5 Year Road-Hazard Insured

Winter Express 2+2 Polyflex with BPT

C. Our polyester-belted nylon winter tire has Big Paw Traction (BPT) to make it a real snowbeater. BPT is a blend of natural and synthetic tread rubbers that grip ice almost like studs. Yet it still has a resilience at well below freezing. And it's a top-performing tire. Two plies of tough Du Pont-66 Nylon provide strength, and that's topped off with two polyester belts to ensure a solid open tread-face for peak performance.

Embrun Food Store Opens

It was a full thirty-five minutes after the doors opened when the last chilly shopper made his way into the already packed complex. Shelves emptied rapidly and cashiers were hard-pressed to keep the long lines moving.

Accompanying photo was taken shortly after the modern shopping centre was officially opened and the long line can be seen extending far out into the parking lot.

Press Photo—Rowan

Customers Line-Up For Specials

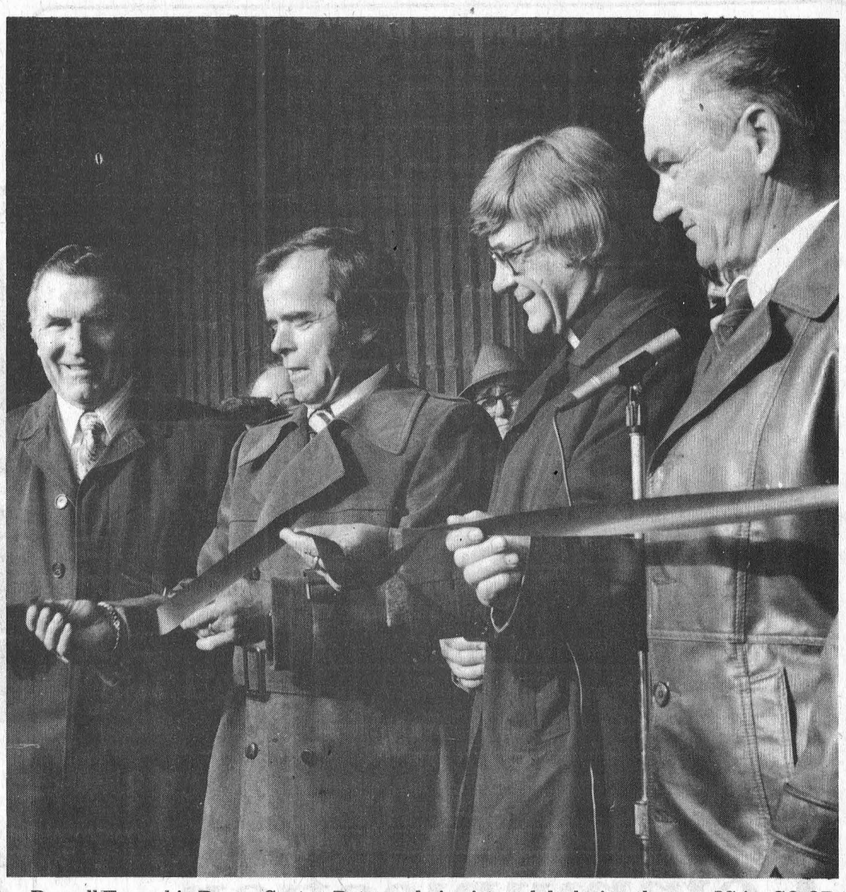
The huge, new, ultra-modern IGA Co-op food store at Embrun was officially opened last week and, despite chilling temperatures, hundreds of people assembled on the giant parking area to watch dignitaries arrive by speedy helicopter.

The ceremonies were brief with congratulatory messages delivered by the IGA president, Co-op president, the parish priest and township reeve.

The traditional ribbon was severed by Reeve Gaston Patenaude and almost immediately the doors swung open allowing eager shoppers to literally storm the aisles and take advantage of many opening-day specials.

The store is located in the Industrial Park immediately west of the village and affords parking space for more than one hundred cars. The new LCBO beer store is located at the western extremity of the structure and both approaches and parking lot are asphalt covered.

Co-op manager Rene Caron was the busiest man on the scene as he attempted tó personally welcome both established customers and the host of new ones.



Russell Township Reeve Gaston Patenaude is pictured declaring the new IGA - CO-OP food store officially open while manager Rene Caron (extreme left), Rev. Father Robert Huneault and Co-Op President Laurier Lapalme look on with approval.

$33,000 Canada Works Grant Recipient To Put Tourism Back On The Map

By Steve Hummell

Press Staff Reporter

CORNWALL—Not enough is being done to boost tourism in Stormont, Dundas and Glengarry Counties, says Cornwall resident Laura Sabourin.

With the help of three other residents working under a $33,000 Canada Works grant, she intends to do something about it.

The group intends to conduct a large scale tourism survey in the United Counties and Grenville and compile a comprehensive master file of the services and facilities available.

"Not enough is being done to boost tourism in this area", said Sabourin in an interview with the Press. "We don't do enough to attract the tourists."

The project co-ordinator said the group, which will be issuing weekly press releases and monthly newsletters to the media during the 12-month project, will hopefully inspire village and township councils to take more initiative in helping the failing tourist industry.

This could be done, she said, by having more municipally sponsored events such as festivals, carnivals, fairs and trade shows.

Sabourin, a former director of the Seaway Valley Tourist Council and retired elementary school principal, said she became interested in boosting tourism during her stint with the council. The project is being aided by the tourist council.

In addition to conducting the survey and compiling the service master file the group will be supplying up-to-date information on any special events in the area over the next year.

The $33,540 Canada Works grant will cover salaries of the four and expenses. They are working out of the office of the Regional Tourist council here.

The project, called "Who's Who in Tourism", has already involved a series of orientation meetings with Robert Eadie of Morrisburg, who has been affiliated with the Seaway Valley Tourist Council since 1961. He is recognized as being an authority on tourism in this area.

"This project is designed to make the people aware of the importance of tourism," noted Sabourin. "And to put tourism back on the map where it belongs."

One of the major problems involved in tourism today is the fact that the average tourist isn't informed enough about the facilities and events going on in the area, she pointed out.

"If they did have a good idea of what was going on they definitely would stay longer and it would be much better for all of us," said Sabourin.

She said the general public is generally not interested in tourism and one of the major aims of the group is to re-kindle that interest.

Sabourin said the survey will probably take the full year to complete. It will probably begin in Cornwall, she said, and then spread out to other centres like Morrisburg, Alexandria, Lancaster and Spencerville.

Anyone wishing additional information or wants to offer help with the project should write to: Who's Who in Tourism, 825 Second St., E., Cornwall, Ont., or telephone 933-4953.

Win Cash Prizes in the CHRISTMAS ART CONTEST

Superior Muffler Appoints Dealer In Winchester

Fred Hagmann, a member of Winchester Chamber of Commerce who has been doing business in town for the past nine years, was recently appointed Superior Muffler Dealer for the area.

This means that motorists can forget about the periodic expense of exhaust replacement, says Mr. Hagmann, since the famous Superior guarantee is good for as long as the car.

The guarantee covers mufflers, tailpipe, exhaust pipes, clamps, hangers and even labour, and means that once Hagmann installs the system motorists will never pay for repair or replacement again.

By using the unique pipe-bending equipment, Mr. Hagman can bend a tailpipe to fit almost every domestic or foreign car, van and camper on the road today.

WDMH Administrator Bert Stel

Communication, Respect Priorities In Administration

By Anne Patenaude
Press Staff Reporter

According to Bert Stel, two of the prerequisites for his job as administrator of Winchester District Memorial Hospital are an ability to communicate with people and a healthy respect for those who serve the hospital voluntarily.

Mr. Stel, who has been administrator since March, 1964, said he has enjoyed a co-operative relationship with members of the hospital's board of governors.

"I have a healthy respect for the people on the board who are there on a voluntary basis", he said. "The rapport with the board has been good, but you have to work at it."

While new members elected to the board are not always familiar with the operation of the hospital, the administrator said their success as professionals or businessmen is an indication of the contribution they can make to the hospital. He said that if the members are approached with this attitude, their co-operation is virtually assured.

Recently returned by acclamation to the Ontario Hospital Association's Board of Governors, Mr. Stel said he is also mindful of the contribution of another volunteer group, the hospital auxiliary. In his involvement with the group, the administrator said he has become very aware of the financial assistance the auxiliary has given the hospital through their donations.

Mr. Stel said his years of working with the public have shown him that when people are approached with respect, they can often provide valuable advice.

"I realized a long time ago that as a newcomer, either to a small town or to a position such as administrator, you can't barge in and demand changes, no matter how much they are needed", he explained. "You have to go slowly and respect the advice of people who were there before you."

His feeling for history has helped him to understand the magnitude of the contribution of those who were instrumental in the building of the hospital. The problems encountered in the present-day administration of the institution can't compare to the obstacles which had to be overcome by these people, he said.

Although his career as hospital administrator evolved somewhat accidentally, Mr. Stel said he had always wanted a job which would allow him to become involved with people. His arrival in Canada with his parents in 1952 was followed by eight years at Brockville General Hospital.

He left his job there as office manager to accept the newly-created position of chief accountant at Winchester District Memorial Hospital in December, 1960. The hospital had just been expanded from 35 to 90 beds, he explained, and the chief accountant position sounded like the kind of work he had been looking for.

Immediately before his appointment as administrator in 1964, he began, and subsequently completed, a two-year Ontario Hospital Association extension course on hospital organization and management through the University of Manitoba.

In explaining his second two-year term as a member of the OHA's board of governors, Mr. Stel said a recent "role study" recommended the members of the board be elected through a regional system, with each of the 12 regions in Ontario nominating one administrator and one trustee. Election to the board had previously been done through nominations from the Association's Toronto headquarters.

The administrator has been a member of the area regional executive for several years, is chairman of the OHA Administrative Services Committee which has been expanded to include Nursing and Public Relations subcommittees, and is a member of Hospital Information System and District Health Council subcommittees. He is also a member of the Group Purchasing committee and the Regional Councils committee.

Mr. Stel is treasurer of St. Paul's Presbyterian Church, and takes an active part in meetings of the WDMH hospital auxiliary, hospital board meetings, the Victorian Order of Nurses, the Canadian Mental Health Association, District Health Council and the Dundas Association for the Mentally Retarded. He was formerly a member of the steering committee and past president of the Cornwall Regional School of Nursing, which is now a department of St. Lawrence College.

Mr. Stel and his wife Cora have two children, a son Douglas, 23 and a daughter Clara, 19. The 47-year-old administrator has lived in Winchester for the past four years.

He said he is grateful for the cooperation and coverage provided by the Press and the friendliness of the people in the village.

"When you come to a small town, it's up to you if you're going to be a part of it", he said. "The people are friendly but you have to keep the lines of communication open."

LaPointe Optimistic

Housing Authority By January

CORNWALL—After several months of delay it appears a joint housing authority for the city and United Counties of Stormont, Dundas and Glengarry may be close to implementation.

County Administrator Raymond LaPointe told council last week that a provincial legislative order in council has been issued to form the joint authority and it will be operating by January 1.

He said the new housing authority is only waiting now for the Federal government to appoint its member to the new body. Lapointe gave no reasons for the delay in forming the housing authority, which was originally slated to get down to business in September.

The eight-member Cornwall and Area Housing Authority will be made up of one member each, appointed by counties' council, by the province and federal government. The federal government appointment will be an individual from within the United Counties.

The five-member, city housing authority will be amalgamated into the structure of the new body. All members are to be non-elected people.

The authority will administer all public housing that previously came under the jurisdiction of the province's Ontario Housing Corporation. Public housing is now located in Alexandria, Chesterville, Winchester, Iroquois, Morrisburg and Cornwall in the form of either senior citizens' complexes or rent-geared-to-income dwellings.

At the July session of counties' council Chesterville Village Supervisor Richard Sharkey was appointed to represent the counties on the new authority.

Both the villages of Chesterville and Winchester have relatively new senior citizens' complexes and several other municipalities throughout the United Counties are in the process of studying the need for senior citizens' housing.

The establishment of housing authorities by the province is taking place over a broad expanse of Ontario.

Lennox and Addington Counties, located west of Kingston some 25 miles, recently established a county housing authority and the United Counties of Prescott-Russell initiated one recently.

The joint housing authority here was expected to begin operations before September.

Timely Prize

Mrs. Hasna Way of Winchester collected her Grand Lottery prize just in time.

Mrs. Way was the first prize winner of the Dundas County Association for the Mentally Retarded's Grand Lottery Draw held recently. She was the lucky recipent of a Case Lawn Tractor and Lawn Mower donated jointly by Acres Equipment Ltd. and Dietrich Brothers Construction Ltd.

As Saturday's snow storm intensified all parties concerned decided a snow-blower would be more useful than a mower so the attachments were changed and the official presentation was made.

Mrs. Way is seen accepting her appropriate prize from Dave Acres.

Mr. Hilliard Gilmer spent Wednesday evening at Mr. and Mrs. Preston Gilmer, Terry and Rodger of Millar's Corners.

Mr. and Mrs. Ken Hunter were callers on Tuesday at the Memorial Hospital, Winchester.

Mr. Isaac McShane is a patient in the Memorial Hospital, Winchester. All hope he will soon be feeling better.

Mr. and Mrs. David Gilmer were callers in Iroquois on Thursday.

Mr. Roy Keck was a caller this week in the Memorial Hospital, Winchester.

Birthday Greetings are extended to Mr. Wm. Stewart of Smiths Falls and Mr. Robert A. Gilmer of Lyn, Ont. Greetings to others celebrating birthdays and anniversaries.

Mr. and Mrs. Donat Tremblay of South Mountain were callers in this community on Sunday.

Winchester Couple Mark Anniversary

Mr. and Mrs. Eugene Belanger celebrated their 40th Wedding Anniversary on Saturday, October 29th at the Lions' Hall in Winchester with their family, friends and relatives.

Mr. and Mrs. Belanger (the former Rose Lalonde) were married at St. Mary's Church, Chesterville on October 26, 1937. They have resided in Winchester since that time.

They are the proud parents of eight children - Bernard, Brockville; Mrs. Jack Eldridge (Edna), Williamsburg; Mrs. Patrick Lapierre (Rita), Chesterville; Mrs. George Bloom (Sandra), Winchester; Gerald, Brockville; Leonard, Calgary, Alberta; Nelda, Ottawa; and Donald, Brockville.

They also have 17 grandchildren and one great-grandchild. They received gifts, cards, flowers and phone calls wishing them many more happy years of wedded bliss.

You too can measure up
