Nation's Annual Flood Highest In Years

Warm weather brought the flooding South Nation River to a crest late Saturday night and made getting around difficult for people who lived near its banks. J.P. Murray

Flood waters are still causing problems for residents who live near the Nation River and the South Nation, although flood conditions have abated in the village of Iroquois. Waters along the Nation rose over the weekend, following Saturday's extremely mild weather and on Monday United Counties Engineer D. J. MacDonald reported seven inches of water over County Road 2 between Brinston and Hulbert. The road was still open to traffic although was restricted to one lane in several areas. County Road 5 from County Road 2 east to Winchester Springs was closed as it has been for some time.

Several area farmers are having to haul milk from their farms by tractor or by boat and some homes are virtually isolated.

One farmer is reported to have lost one of his cows when she drowned in the floodwaters.

Sunday's pleasant weather combined with the novelty of flood waters brought out a number of spectators to the area, causing some congestion on roads in the flooded area.

The upper end of the Nation River crested late Saturday night and early on Sunday morning according to Ken Musclow of the South Nation River Conservation Authority. The lower end of the Nation, near Plantaganet, was expected to crest later in the week, depending on temperature and rainfall. Mr. Musclow felt that the worst flooding was over in this area and noted that water in Chesterville had gone down several feet by late Monday. He stated that barring any heavy rainfall in the next few days, the danger of worse flooding was past, but noted that a heavy rain could bring back flood conditions within a few hours.

Area Athletes To Carry Flame

Athletes along the Seaway will have a chance to become involved in a once-in-a-lifetime experience this summer as selections are being made for Bearers of the Olympic Flame. As plans now stand, the Flame will be carried from Montreal to Kingston, site of the sailing events, on July 17 and the opportunity exists for local and area youngsters or groups to participate as either Bearers of the Flame or as Escorts.

In conversation with the Post last week, officials of the Olympic organizing committee (COJO) in Kingston stated that the selection was being held until April 10th.

After the Flame reaches Ottawa from the Greek sanctuary of the Olympia on July 17, it will be the privilege of some 500 Bearers to carry the legendary symbol of the Olympic Games on to Montreal and from there to Kingston.

The Bearers, accompanied by accredited Escorts will be focus of enthusiastic welcome by the thousands massed along the route of the Flame and in public areas of towns and villages through which the torch bearers will pass.

Criteria have been set forth for the selection of Bearers and Escorts and have been established in such a way as to give a balanced chance for participation by

all sectors of physical and sports activity. Officials stated that applicants for the honour of Bearer who will have personally organized potential Escorts from physical or sports organizations will stand a better chance of being selected.

Applications for both Bearers and Escorts are available at the office of the Iroquois Post and must be returned to Olympic officials by April 10th. Requirements are few, and no money is needed. Applicants must have been born before July 15, 1961, must be Canadian Citizens, should have the ability to run the kilometre in five minutes or less. Each Bearer will run a set distance of one kilometre with the Olympic Torch and transfer the flame to the next runner. Selected Escorts will accompany the Bearer. Again, forms are available at the Iroquois Post and must be sent in to officials by April 10th.

To Investigate Community Forum

A meeting is to be held in Iroquois on April 27th to try and determine if there is enough interest in both Iroquois and Matilda to sponsor a Community Forum. Presented by the Institute of Cultural Affairs (an organization sponsored by Canadian business and industry) the Community Forum is planned as a day long event to promote community spirit and to bring together all groups in the area in an effort to decide where the community is going.

Iroquois' Recreation Committee

is sponsoring a meeting to which all groups and organizations have or will be invited to send representatives. A presentation will be made at that meeting by the Institute of Cultural Affairs and it will be up to the representatives of various groups to decide whether or not to take the Community Forum idea all the way. A Community Forum is being held in Cardinal in the near future and a similar event could be planned for Iroquois and Matilda if the interest warrants it.

Rec. Committee Explain Budget

Community access to the track at Seaway District High School was just one of the topics touched on at a special meeting on Monday night of Iroquois village council. Council met with members of the Recreation Committee who went over the budget for the forthcoming year. The proposals for that budget appeared in last week's Post, but there was one item that was omitted from the figures. A sum of \$7,200, was requested for the operation of minor hockey for next winter, with the largest portion of that amount (\$6,000) going towards ice rental in Cardinal.

Council passed a motion to send a letter to the Stormont Dundas and Glengarry County Board of Education to the effect that they endorsed the construction of some means of entry to the track at Seaway District High School for

members of the community. Council shared the view of the Recreation Committee that the track is a valuable asset to the village and that it should be available to as many people as possible, particularly during the summer when school is out. It

Grenville-Dundas Champs

Iroquois Novice team—winners of the Grenville Dundas Tykes League playoffs include (left to right) front row — Tim Cassidy, Steven Byers, Steven Horner, Jeff Whittaker, Jeff Veltkamp, Steven Picotte, Gary McInnis; back row — Reggie Francis (stick boy) Eldon Horner, Steven Pruner, David Lapier, Chris McDermid, Jimmy Aspin, Mike Veltkamp; Coaches — Kent McDermid, Bill Horner, Casey Veltkamp. Shawn Best was absent from the game due to illness.

The team from Iroquois and Matilda Township took home the trophy for 1st place in the Grenville-Dundas Tyke League on Sunday, following their last league game of the season. The Iroquois team beat Prescott by a score of 3 to 2.

This was the deciding game of the playoffs. With the series tied at one apiece. The two previous games saw Iroquois winning the first. By a score of 1 to 0, with Jimmy Aspin scoring the only goal of the game and Jeff Whittaker recording the shutout.

The second game was won by Prescott by the same 1 to 0 score, on a goal by Tony Anderson, with Kevin Deunany in goal for the shutout. This set the stage for the final game, which proved to be a real battle. Iroquois opened the scoring on a goal by Jeff Veltkamp at 2:39 of the first period only to have Prescott tie the score with 53 seconds left in the period, on a goal by Steve McCurdy.

Iroquois went ahead again at 12:35 of the second period on a goal by David Lapier, but Prescott tied the score 41 seconds later.

At 5:53 of the third period our boys went ahead to stay on a breakaway goal by Jimmy Aspin with 1 minute and 20 seconds remaining. Prescott removed their Goal Keeper for an extra attacker, and only a great save by Jeff Whittaker on a break away at 14:10 of the period preserved the win.

Golf Club Elects Officers

Iroquois Golf Club has elected its slate of officers for the 1976 season; President is Russ Fader with Ed Clifford as Vice President. Members of the games committee are Roger Coulter, Gary Barkey, and Don O'Brien. The entertainment committee is made up of Russ Fader and Ed Clifford while Don Ault and Percy Robertson will be looking after the grounds. Secretary Treasurer is Jean Mattice. The Club house and bar will be looked after by Len Scott and Don Ault. Publicity is under the supervision of Ed Edgar and Jim Styles will serve as village representative.

Members are urged to give the executive full support so that everyone can enjoy a fine season of golf.

Two meetings of the executive see Golf - P. 8

Morrisburg Lions Take Gill Cup

The Morrisburg Lions defeated the Cardinal Broncos 4 games to 1 to win the Gill Cup last Friday night. League President Mitch Collison (centre) presents the cup to Chuck Lawlor (left) and Don McNair of the Lions. (Full story on Page 8) Post Staff Photo

Fire Destroys Furniture Shop

Fire last Thursday gutted the interior of Carman Refinishers furniture shop on the second concession. Post Staff Photo

Fire last Thursday afternoon destroyed the interior of a furniture refinishing shop in Matilda Township. Iroquois volunteer firemen answered a call to Carman Refinishers shortly after 1 p.m. with both the pumper and the Matilda Township tank truck. The fire started when the fur-

nace in the building backfired and exploded. Flames quickly spread by the various solvents and finishes used in the restoration of furniture. Several of the cans exploded and the resulting intense heat caused the centre section of roof of the metal building to warp out of shape.

Firemen doused the structure with water from both the pumper and tanker and then set up a portable pump in a nearby gravel pit, freeing the pumper to return to Iroquois. Firemen stayed on the scene for several hours, but a west wind kept the fire from spreading.

Honoured On Retirement

Roland Johnson (right) plant manager at Caldwells presents Roger Denis with an engraved plaque honouring his 32 years with the company.

This past Tuesday was declared Roger Denis Day at Caldwell Linen Mills in Iroquois, in honour of Roger's retirement after 32 years with the company. An engraved plaque was presented to Mr. Denis by Roland Johnson, plant manager, on behalf of Dominion Textiles. The presentation took place in the plant training centre in front of a Crompton and Knowles C-5 loom, the machine on which Roger spent much of his career at Caldwells. Several employees and supervisory personnel from the plant were on hand for the occasion which was followed by luncheon at the Grenville Lodge.

Mr. Denis was born in Montebello Quebec in 1911 where he received his education and worked for a time as a lumberjack. He came to Cornwall in 1933 and worked there for 12 years as a weaver at the P. & E. Curtain Factory. On April 3, 1944 Roger joined Caldwells and spent 14 years as a weaver and another 18 years as a loom fixer.

Roger and his wife Germaine were married in 1938 and are the parents of two children - Roland and Pauline and have six grandchildren.

Tuesday morning was spent by Mr. Denis in touring the Caldwell plant and visiting with old friends, accepting congratulations from the people he has worked with for so many years. The Post joins with the people at Caldwells in wishing Roger and Germaine many happy years of retirement.

THE TOUGHEST QUESTION IN ADOPTION

Should an adopted person have access to identifying information about his biological parents? This question has plagued adoption agencies, adopted people and adopting parents for years. To this day social scientists are not in agreement on the answer.

Florence Fisher of California, much publicized proponent of finding natural parents asserts that everyone has the absolute right to "look into the eyes of" natural parents.

The agencies arranging the adoptions tend to uphold the right to privacy of parents who give a child up for adoption. Surely they have a right to live with their traumatic decision without fear of a painful confrontation years later.

Adopting parents find it hard to accept a child's need to locate biological parents. The situation is fraught with deep and often conflicting emotions making it difficult to frame satisfactory legislation.

British Columbia attempted to establish a provincial registry where those wishing to find or to be found could enter their names and addresses. This solution was vetoed by a lobby of adopting parents who insisted on maintaining the confidentiality they had been promised.

In Scotland and Finland anyone reaching age 17 may obtain his or her birth records including the names of natural parents. In Canada such records are not available to the individual and it is up to the discretion of the agency through which the child was adopted whether or not to divulge identifying information. But what about the children themselves?

Most adopted children are secure in their relationship with their parents and think little or not at all about those who place them for adoption. It is the ones who have identity problems so serious as to approach breakdown who occasionally need to know more. The turbulent teen years can present anxieties which adopting parents find difficult to assuage without laying to rest ghosts of the past. It is in those rare instances when a compassionate agency with flexible rules can offer guidance (with or without information) required to help a young person to square with his past. Some human problems are simply beyond legislation.

Report TO THE People

Walter Baker, M.P., Grenville-Carleton

Crime Detection - Electronic Surveillance

This is the fourth of a series of columns dealing with the highlights of the Peace and Security Program proposed by the Government to Parliament on February 24th, 1976.

Criminal operations, especially those of organized crime, depend on effective communication. They are often planned on the telephone and discussed in private meetings. These oral communications are an important source of evidence and their interception is a key aspect of police work in fighting crime.

After almost two years of experience with the Protection of Privacy Act, some aspects of that law are seriously impairing the effectiveness of police, particularly in combatting or-

ganized crime.

The legislation introduces several changes designed to increase the effectiveness of police use of electronic surveillance, while at the same time maintaining the fundamental protection of the individual's rights to privacy adopted by Parliament in 1974, including the criminal and civil sanctions for the violation of these rights.

There are six principal amendments proposed:
- the courts will be empowered to grant authorization to intercept communications in relation to all indictable offences instead of the limited list of crimes now specified. In addition, any offence, indictable or otherwise may justify an authorization where it appears to form part of a pat-

tern of criminal activity of an organized nature;

- evidence derived directly or indirectly from an unlawful interception may be admitted by the court. This restores the common law rule in part but the unauthorized intercepted communication itself remains inadmissible and the act of interception punishable as a criminal offence;

- court authorization for electronic surveillance will be extended from thirty to sixty days, experience having shown that the average interception is likely to last approximately sixty days. This will further the objectives of such authorization and reduce costs;

- the requirement to notify the person under surveillance, of this fact, will be repealed. The

present notification provisions result in the suspect being alerted to that the police are interested in his activities, thereby severely hampering police investigations flowing from the surveillance.

Investigations of organized crime bosses often take several years before enough evidence is obtained to lay charges; - evidence of an offence other than one for which the authorization was obtained will be made admissible in prosecuting the other offence;

- reporting by the media of an intercepted communication that has been revealed in open court will not constitute an offence. This puts beyond doubt the original intent of the legislation in assuring that the media will be free to report fully proceedings in open court.

Winter's end

By BILL SMILEY
DOG END of winter. March usually has a tail in it like a tiger, and then we're into the mud and chill winds and rain of April. Probably the worst time of the year for Canadians.

Curling season is over and golf season hasn't begun. It's too early for gardening and too late for skiing. There's nothing much for the sport fan to but the weeks of blah that constitute the professional hockey playoffs.

I think it's a particularly bad time for the elderly. The days are longer but the weather is too deadly to enjoy the outdoors yet. They've come through another long dark winter of survival, arthritis, the flu, being indoors most of the time.

In a few weeks they'll be grinning triumphantly as the sun begins to warm, and they know they've licked life (or death) for one more winter, but right now they're a little low in spirits.

One of the most obnoxious features of this time of year is the return from the south of those lazy, rich, rotten, selfish people who have enough money to spend the winter there. Is there anything more boring than their excessive chatter about playing golf every day, and swimming in January?

Don't think I'm envious. I wouldn't go down south in the winter if you offered me a thousand dollars. But don't make it \$1,200.

Nor am I the slightest bit jealous of those young, swinging teachers, back from their March break in Spain or the Caribbean, as smug as they are tanned. Talk to them and you'll find all they did was sit around at a beach, drinking rum, or taking in some historical sites.

Any idiot can do better than that, being herded like so many Canadian cattle on to a jet plane, into a posh hotel.

My wife and I almost invariably go south in the March break. But we don't sit around on any silly beach,

getting a painful burn. We go to the city, and get a slow burn from the prices in the hotel. Neither of us drinks rum. But if we want to take in some historical sights, we just take a look at each other.

About the only people who aren't a bit down in the mouth as winter drags to its weary end are little kids. There is mud to play in; deep puddles to test your boots in; dirty remnants of snow to push each other down into. What more could a kid want?

Their mothers are not quite so joyous about now. The occasional sun reveals dirty windows, shabby wallpaper, faded drapes.

When they go out, their winter clothes are too heavy for shopping in the hot stores, but the weather is too foul to try on the new spring outfit. Result? Winter-end snarl.

Man of the house isn't exactly bubbling over, either. He's just added up the fuel bill, which is roughly twice what it was six years ago. He has received this year's tax notice, which is just about twice what it was 10 years ago. And he's heading right into income tax time, which is just about twice as complicated as it was any years ago. No joy there at all.

University students are scarcely rapturous at this time of year. The year that looked so long last September suddenly has a week or two to go. There are essays due. There are final exams ahead. There is anguish in the highlight of days and weeks of near-idleness during the past two terms. There is panic at the realization of the minuscule amount of learning actually acquired. The mind skitters like a frightened mouse, but there is no hole in the wainscoting to dodge into. It's time for the hot coffee, the benzadrine, and prayer, none of which will help much.

For students graduating this spring, it's not exactly Christmas either. After three or four years in the cocoon, they must come out and discover whether they are caterpillars or butterflies. There are no lines of employers eager to sign them up. There'll be no more cheques from Dad. There's nothing there but a vast, indifferent system into which they must kick and squirm and claw to make a niche for themselves.

Does all this sound depressing? Heck, no. It's just the way of life in this country of ours, this time of year.

There are lots of happy people, living a day at a time. And there are lots of joyous people looking forward. Girls who are going to be married in June. Young pregnants looking forward to their first baby. Ancient gardeners already out kicking aside the lumps of mud and ice, looking for crocuses, scarcely able to wait to get their hands into the soil. Golfers who have mentally ironed out their swings during the winter. Sailors who watch eagerly for the breaking up of the ice.

And there are lots of ordinary guys like me, full of arthritis, not many teeth left in the head, but happy as simpletons, fundamentally incapable of being depressed, just glad to be alive. Join us.

Post Staff Photo

Electrical Tender Awarded

A special meeting of Iroquois Village Council was held on Friday morning for the purpose of awarding a contract for the electrical modifications to the water pumping station on Elizabeth Drive. Tenders were received from four different electrical contractors with the job being awarded to Arthur Thom of Williamsburg.

Work includes the installation of a new electrical service in the building, wiring for the new pumps, electrical heating, and the supply and installation of new motor starters for the pumps. Although price was the deciding factor in the selection of a contractor, it was noted that as well as having the lowest price the Thom firm promised to complete the job within 8 weeks of acceptance of the contract, considerably sooner than the other firms that submitted prices.

Prices were as follows: Laurin Electric Cornwall - 9,750; C. & M. Electric Ottawa - 9,700; Pakeman Electric, Cardinal - 10,398; Arthur Thom Electric, Williamsburg - 8,053.

It was also noted at the meeting that plans are being drawn up by the village's consulting engineers to make modifications to the sewage pumping station before the runoff next year. In light of the flooding problems several weeks ago, the firm is taking a closer look at the installation of bigger capacity pumps. Although bigger pumps would be a help in such situations, there is no guarantee that they would eliminate flooding under such abnormal conditions as were experienced recently.

Escapes Injury

Brian Rushton of Winchester suffered cuts and bruises in an accident early last Friday morning on Highway 31 near Winchester Springs. Damage amounted to \$1,500. to his car when it went off the road and rolled over as Mr. Rushton was driving north on the highway. Mr. Rushton was not wearing a seat belt at the time of the accident, which was investigated by the Morrisburg detachment of the O.P.P.

Before the Waters

This picture shows the interior of Stone and Fisher's grocery store in Iroquois before the Seaway. The store was on the north side of King St. The picture was taken before the store converted to self-serve.

News From Seaway High

During the past several years, Seaway has derived many ways of earning money to finance several of the student activities. This year, Seaway has ventured into a plan for earning money which, undoubtedly, will promote school spirit through competitive participation. "The Magazine Campaign", as the plan is called, began March 25 through to April 2. The faculty and students feel that the school will

benefit from this program. The campaign functions like this: students of Seaway will be selling magazines for which subscribers will receive full value. Instead of mailing subscriptions directly to the publishers of the magazines, citizens will be able to buy from the students. A percentage of the money obtained from this campaign will stay with the school and will be forwarded to the Athletic Assoc-

iation for various equipment such as cross country skis and snowshoes.

For their tremendous efforts in this program, the students will be awarded various prizes. If a student is able to sell two subscriptions, he or she is eligible to receive a school button illustrating school spirit. If a student sells four subscriptions, he or she will receive a school mug. Each day of the six-day program, a student name will be chosen and that student will receive a prize money.

Every year Seaway becomes involved in many track and field activities; thus putting the school's track to good use. During the week of March 22, all interested students began their daily practice sessions under the supervision of Mr. D. Fairweather. We hope the team will have a successful year.

In the recent Seaway District High School annual Hockey Tournament held in Morrisburg Arena Shelly Fader's Iroquois Indians won the "A" Championship in the Girl's Division. In the first game they beat Morrisburg 3-1. In the finals they beat Williamsburg 6-3. Linda McMillan played in goals. Team members were: Shelly Fader, Geor-

gina Haldane, Linda McMillan, Caroline Rooney, Doris Tuttle, Jeanne McDonnell, Kathy Froats, Coleen Holder, and Michelle Harward.

On April 15, senior and junior band members will be presenting a concert at Seaway. The two bands, conducted by Mr. Nowickij, will play a wide variety of favourite selections. Admission for this concert is \$1.50 per person or \$3.00 per family.

On March 26, Seaway will be holding a dance featuring two bands "Prison" and "Bad and Rude." Both bands perform excellently and it is always a pleasure to have them entertaining the school.

ORGANIZATION OF SCHOOL DAY

This portion of Seaway news deals basically with the organization of a typical school day for students of levels one and two. The following is a time schedule which all students must follow: 8:50 - 9:00 Registration and Announcements, 9:00 - 10:00 Period 1, 10:05 - 11:05 Period 2, 11:10 - 12:10 Period 3, 12:15 - 1:10 LUNCH, 1:15 - 2:15 Period 4, 2:20 - 3:20 Period 5.

Five minutes are allowed between periods for class changes.

The order of periods changes daily, according to a tumbling pattern. Students have classes all day, except during the lunch hour. Some students take five subjects during the day. All other students must take four subjects, plus one study period. Students in levels one and two are on a study period must report to the cafeteria to assigned work or project work. With permission from the supervising teacher, students may work in the library or shops. Students in levels one and two are not

permitted to leave the school during the day except during the lunch hour or with special permission from the main office.

Illness or a professional meeting may cause a teacher's absence. If this is the case, a supply teacher or a teacher who has an on-call period carries on with the regular class work.

In conclusion, students of levels one and two have a full schedule during the school day. It is up to each student to make the best use of his or her time.

The Spring migration is now in full swing, with something new nearly every day. The Killdeer have arrived, two weeks earlier than usual, and the Herring Gulls were up to their "knees" in water on the Golf course on Sunday. Cowbirds, Grackles and Red-wings are to be seen elsewhere. The morning chorus of Song Sparrows is now augmented by the Robins section, and one can have an instant cheer-up, even on a dull day, simply by opening the door for a few minutes to listen to a live concert. Several members of our Community have returned from hol-

Phone 774-2830 - Winchester

days in the South; with the "Kiss of the Sun" on their faces, they all reported wonderful weather, and some spectacular bird-watching: everything from Pelicans flying in formation to Ruby crowned Kinglets daintily feeding on the lawns.

Many of our winter visitors are now leaving for summer homes in the bush. The Bluejays rarely come near the feeders now, and we haven't seen a Chickadee for a week or so. The Tree Sparrow seemed to be in short supply this year, and have left for the North country already. The Chipping Sparrows will soon take their place, and one day we shall hear the familiar buzzy trill which we always associate with summer.

All we need now, to complete our Spring picture is a ship going through the Locks!

OBITUARY

Lewis

Lloyd Lindsay Lewis died suddenly at his home on the broken Second on March 1st. He was born on March 4th 1934 and married his wife Louise on July 3rd 1964.

Besides his wife, he leaves to mourn his mother, Mrs. Irene Lewis of Hainsville, two brothers Robert of Prescott and William of Algonquin, Ont. and six sisters - Mrs. Everett Vere (Edna) of Cardinal, Mrs. Sandy Gibson (Verna) Stampville, Mrs. Ernie Marchand (Rita) of Brockville, Mrs. William Jolotta (Lila) of Hainsville, Mrs. Orville Throop (Phyllis) of Cardinal, and Mrs. Harold Steinberg (Norma) of Johnstown.

Interment will be in spring. Pall bearers were John McManus, Lawrence McKee, Murray Baldwin, Duane Baldwin, Paul Murray and John Vanderwiede.

Attends Course

Mr. Harvey Plante representing H. Plante Farm Equipment, Brinston, recently attended the Silo-Matic Sales & Service School held at the Syracuse Hilton Inn, Syracuse, New York.

ANNUAL MEETING

Winchester District Memorial Hospital

Main Conference Room

Tuesday, April 6

1976 at 8 p.m.
(20.00 hours)

BUSINESS

To Elect Governors, To Receive And Adopt The Financial Statement, And To Consider And Transact Such Other Business As May Be Brought Before The Meeting.

Attention is drawn to the fact that any person of eighteen years of age, or older, residing within the recognized hospital area, is a member of the Corporation and entitled to attend this meeting and vote thereat.

If for any reason a quorum of 20 members is not present, the Hospital By-Laws provide that this meeting will stand adjourned until a day within two weeks to be determined by the Board.

Refreshments will be served in the cafeteria after the meeting.

H.P. STEL, Secretary
Winchester District Memorial Hospital

Dated at Winchester, Ontario,
this 16th day of February, 1976

by Ross Mutton

If you haven't been watching the Great Canadian Culture Hunt on Wednesday nights, you have been missing an excellent series. Last week's episode took a look at the rock music scene in Canada. It investigated our recording industry, our record sales situation and the marketing scene including air-play on radio stations. Like the other media, our recording industry is greatly influenced by our neighbour. Most record companies in Canada are subsidiaries of the major companies in the United States. However, there are now a few small Canadian record companies entering the scene. Due to the size of our market and the U.S. saturation, it is difficult for them to operate in the black. The program discussed two levels of success in the Canadian recording industry. There are the performers who have become successful in the States - the Gordon Lightfoots, Anne Murrays, Bachman Turner Overdrives. And then there are the Canadians who have achieved a level of success in Canada only, the Bruce Cockburns and Shirley Eikhardts.

It has been argued that the latter is due to the Canadian

content regulation that the CRTC imposed in 1971. Thus, 30 percent of the music that is played on AM radio stations must either have been recorded in Canada or involve a Canadian performer or writer. Some argue that this has overexposed Gordon Lightfoot and Anne Murray while others argue that this has provided exposure to Canadian talent that was not being heard before. Thanks to this ruling plus the fact that CKLW in Windsor has a vast audience in the United States, some good Canadian hits are now hitting the charts in the U.S. The program explored the various aspects of the Canadian recording industry and left the viewer to decide if we have a viable industry that will succeed.

There has been much discussion as to how much attention should be paid to television ratings. Now the Soviet Union has figures that they can mull over and decide whether they are going to show The Bolshoi Ballet or All in the Family. It turns out that their most popular programs are films, variety shows, quiz shows and sportscasts. The report states that "viewers were significantly less enthusiastic about public affairs public affairs broadcasts and international events. For instance, in Leningrad, 50 70 percent of all viewers regularly watched films, quiz programs and variety shows. But at the other extreme, local news, literary theatre, poetry and economic affairs programs were in fact watched."

Hagood Hardy fans will be interested to know that the CBC has just finished shooting a one-hour special starring the Canadian song-writer. His guest stars include Toller Cranston, Veronica Tennant and Shirley Eikhard.

The program will be aired at 8 p.m. on April 21st, immediately preceding live coverage of the ACTRA Awards presentations.

WHAT'S COMING

At 8 p.m. on Wednesday night, The Great Canadian Culture Hunt continues with Part 4 on Canadian writers. That's on Ch. 4. At 9 p.m., CBC presents a two-hour dramatic special, Paradise Lost. It's a play about a middle class Jewish family in New York during the Depression.

On Friday night at 10 p.m., Ch. 18 runs the 1973 film State of Siege. It's about a political kidnapping and murder in Latin America. If you enjoyed "Z", be sure to watch this one.

On Saturday night at 7 p.m., Ch. 13 has a special starring Charles Aznavour. Selections include his hits "The Old Fashioned Way" and "She". At 8 p.m. Ch. 24's Movies theme is Sex in the Cinema. The program is recommended for mature audiences. The first film is the Joseph von Sternberg 1930 classic Blue Angel. It depicts the downfall of a schoolteacher who succumbs to a music hall queen. It stars Marlene Dietrich. The second feature is the '33 film, Ecstasy, starring Hedy Lamarr. This story of a springtime affair of a young married woman was controversial in its own day. A live phone-in discussion will be held to discuss the evening's theme. At 10 p.m., Global runs the '53 romance movie, Roman Holiday, starring Audrey Hepburn and Gregory Peck.

On Sunday night, Upstairs Downstairs moves to a new time slot on Ch. 4. It will now be seen Sundays at 9 p.m.

On Monday night on Ch. 24 at 9:30, Challenge to Science presents The Energy Mine, a program exploring the various methods of storing energy. And at midnight, Ch. 13 runs the '67 film, Up the Down Staircase, starring Sandy Dennis and Eileen Heckart.

On Tuesday night at 9 p.m., The War Years, a 15 part dramatic series on the Second World War, debuts on Global. This week's episode is entitled The Battle of France: The Gathering Storm.

The NHL hockey season has almost come to a close. The playoffs now last so long that the CBC is referring to them as "the new season". And well they might for it will probably be two months before it's settled as to who drinks from the Stanley Cup of this year. The whole procedure gets under way on television on April 11th at 8 p.m. Coverage will focus on key decision games and will concentrate on the three Canadian teams as long as they are in contention.

And finally, if you have noticed that the program notes are becoming more sparse, believe it or not, we are not into the reruns. With the number of cancellations this past season, they will probably run out of programs to rerun.

Easter Seal Objective - \$1,800

Easter Seals are in the mail once again as the 1976 campaign for the Ontario Society for Crippled Children gets underway, and the Iroquois Lions Club, organizers of the appeal in the Cardinal Iroquois area are hopeful that their objective of \$1,800 will be met.

The Iroquois club co-ordinates the mailing of Easter Seals in the area and collects the money from generous donors. Of the funds collected, 50% of the money is kept by the Iroquois Lions in a special bank account for use in area projects for crippled children. Last year the club spent \$1,200 to supply braces for youngsters in this area and to send crippled children to summer camp. In addition 50% of the money collected in February's "Snowflake for Timmy" by the Iroquois club will be kept here for use in the area.

Easter Seals are sent out by the Iroquois Lions to each home in Iroquois and Matilda Township and to each home in the village of Cardinal and parts of Edwardsburg Township.

The objective for the province of Ontario is \$2,200,000, an increase of 10% over last year's goal. All across the province, service clubs will be helping the Ontario Society for Crippled Children to come up with enough money to keep up with their program of providing braces, wheelchairs, camping holidays, and transportation for the province's crippled children.

In addition the society helps to fund research into the crippling conditions that attack youngsters. Recent research conducted by Dr. Walter Bobacko dealing with a new technique in the treatment of scoliosis (curvature of the spine) was financed almost entirely by the Ontario Society for Crippled Children.

Easter Seals and accompanying letters will be in the mail this week, and the Lions Club of Iroquois asks you to be generous with your gift. Area residents can be assured that their donations are going towards a most worthy cause, and that 50% of the funds collected remain in this area to assist local youngsters.

School Committee Plan Open House

On Thursday, March 26, 1976 Dixon's Corners School Committee gathered in the teacher's lounge for their fourth meeting.

Elaine Horner opened the meeting and Mary Perry read the minutes, which were adopted as read.

A discussion followed, which included plans for a euchre party on April 22 at 8:00 p.m. and an Open House to be held at the school on Thursday night April 8, 1976 at 7:00 p.m. Mahlon Zeron will be showing slides on his

trip to China in the gym at 8:00 p.m., following the Open House. Physical Fitness night for the ladies was scheduled for March 30 at 7:30 and every Tuesday evening thereafter.

Under the direction of our President, Elaine Horner transportation to the maple sugar bush at Upper Canada was provided for all classes at Dixon's Corners School.

The next meeting of the School Committee will be held on Wednesday, April 14, 1976 at 8:00 p.m. Everyone is welcome.

Board of Education Supports Bookmobile, Highland Piping

The United Counties Library Board has presented a request for financial assistance in the operating of their bookmobile service which includes visits to seventeen elementary school within the jurisdiction of the Stormont, Dundas and Glengarry Board of Education.

The Bookmobile was one of the many topics on the agenda at the recent monthly meeting of the board.

The specific proposal was that the Board of Education pay for the bookmobile service at the rate of \$40.00 per hour spent at a school.

Consideration was given to the following in order to arrive at a ranking order for the seven elementary schools. A) the number of pupils who would be served, b) the number of books per pupil in the school library, c) centralization or non-centralization of the library, d) the availability of library assistance.

The Board recommended that a) A reduced bookmobile service be requested, b) The cost of the reduced bookmobile services (estimated at \$4,100) be obtained from the first \$4,100 designated for library supplies, by the trustees through their priority rating, c) The allocation of funds for bookmobile services be included in the normal treatment of priorities by the Finance Committee, d) The agreement as to the provision of bookmobile services to schools be negotiated for each school year with the Counties Library Board.

Trustee Lorne Mellan reported to the Board that the County has replied very favourably to a request from the Board for some action regarding the dangerous condition of the road at Stampville Public School. A flashing amber light has been installed as a temporary measure.

Mayor Parisien will be issuing a proclamation for Education Week on March 31, 1976 at 9 a.m.

This year's theme is 'Knowledge is Understanding' and trustees were issued with a folder containing a list of activities in each of our schools.

Pipe Major John MacKenzie, two students from Tagwi Secondary School, Miss Campbell and Miss Kennedy, delighted the Board with a short recital of Scottish Music on the Bagpipes. This was an introduction to a presentation made to the Board for a Course to be offered in our schools in Scottish Highland Music.

The Board recommended: a) that this Course be approved by the Stormont, Dundas and Glengarry County Board of Education for use in Char-Lan, Glengarry and Tagwi Secondary Schools, subject to approval of the Ministry of Education, b) That Administration be directed to forward a request for approval of this Course of Study for use in the above-named schools, c) That Pipe Major John MacKenzie be commended for his work in the preparation of this Course.

From time to time it may be necessary, due to unforeseen emergencies to close all or some schools within this jurisdiction. It was recommended by the Board a) That the Director of Educa-

tion, in concert with the Chairman of the Board, be authorized to close all or any school for a temporary period, where such closing is unavoidable due to emergency.

b) That any such closing be reported to the Board at the earliest possible opportunity.

In reply to a Board resolution approved at the February 10, 1976 meeting a letter was received from The Hon. T. L. Wells stating quite clearly what is planned for those Boards, including this Board, faced with an overall low assessment.

The Chairman, in his remarks to the Board, said "this is a year of restraint, coupled with new grant structures and weighting factors. Our Finance Committee has met several times with a view to striking this year's budget and on their behalf I would like to emphasize the problem they are facing in this regard. The Ministry's position as reinforced in Mr. Wells letter, is resulting in direct and substantial upward pressure on our mill rates and our Finance Committee, as other Boards' in the same situation, are now grappling with this financial force in the hope that the 1976 mill rate increase can be kept to a reasonable level so as to be bearable by the local taxpayer."

CARDS OF THANKS

I desire in this way to express my sincere thanks to my friends relatives and neighbours for their cards calls and gifts. Also to Rev. Massey for his call.
Special thanks to Dr. Rosenquist and nurses on the first floor.

These acts of kindness all helped to brighten my stay in Winchester Memorial Hospital and will long be remembered.
Milton T. Barkley 41-1p

I would like to extend my sincere thanks to all my relatives, friends and neighbours for all the beautiful flowers, cards, phone calls, and visits, while I was a patient in the St. Vincent de Paul and General Hospital in Brockville and since my return home. Special thanks to Rev. R. Nixon, Rev. Gairret and Rev. Gooch who visits and prayers meant so much to me. Thanks to all the kind people who were so kind to Frank with meals and visits. Again thank you,
Adelaide Bueley.

The Haddo Snow-Drifters would like to thank the following individuals and businesses who helped make their snowmobile rally a success and whose names were overlooked when the event was given to the Post: Jim Fulton, Tibben Equipment Limited, Matilda District Co-op, Rooney Feeds, Strader Motor Sales, English's Dry Goods, Iroquois, Broadway Beauty Salon, Fred Pinkus, Prunner's Auto Care, Lee Shaver Alouette Sales and Service, Ron Gilmer Rexall Pharmacy, Dugan's Upholstery and Furniture, Dugan's Meat Market, Jen's Barber Shop, Ken Kirkby, Herve Plante. 41-1c

I wish to express my sincere thanks to my friends and neighbours for their cards, treats, phone calls while I was in hospital.
Special thanks to Dr. Frins and Domanko, nurses and staff for their excellent care. Also to the Rev. Massey and Gee. These kindnesses are greatly appreciated.
Lyle S. Casselman. 41-1p

Thank you so much, all of you dear people who have been so kind during my illness and stay in hospital. For the cards and letters and for the many phone calls and inquiries, my thanks, flowers from the Lions Club, from the Council and staff and from Don Pender Insurance Adjuster, Prescott, also a lovely box of fruit and sweets from the Legion have brightened my shut in days. Thank you all, most sincerely
Lloyd Davis. 40-1c

Lions Take Cup

Morrisburg Lions added 2 more trophies to their collection Friday night - the Bill Linegar Memorial Trophy for Coach of the Year and the long awaited Gill Cup for winning the Division. Gill Cup came home to Morrisburg after a 33 year absence when the Lions defeated Cardinal Broncos 9-6 to take their best of 7 series 4 games to 1, before a crowd of 1163.

With a 3-0 lead in the series the Lions journeyed to Cardinal Wednesday night and came home with a 5-1 loss thanks to the Byers brothers. Doug Byers led the Broncos with 3 goals and 1 assist, while big brother Dick and Don Adams scored the other 2 goals. Kevin Duvall notched the only Lions goal. After a scoreless first period, Kevin's power play goal in the 2nd gave the

Lions a 1-0 lead, but the third period the Broncos broke loose for 5 unanswered goals. Lions outshot the Broncos 33-32, but fell apart in the third. Broncos received 16 of the 26 minors handed out by referee Jack Hoy. Friday night was a different story, with the Lions grabbing a 3-0 lead in the first period and leading 6-2 after 2 periods. Chuck Lawlor opened the scoring at 5:10 on a power play, with Bob McNairn & Kevin Duvall scoring at 14:17 and 18:02 respectively. Don Adams put the Broncos on the scoresheet at 3:13 on a power play in the second period, with Bill Veley, Hugh Gillard and Doug McNairn scoring before Adams made it 6-2 late in the second. 36 seconds into the third period Don Berry narrowed the gap, but

Hugh Gillard made it 7-3 at 2:30. Don Adams with his third goal of the game at 11:15 on a power play, and Bruce Trewatha at 13:15 then Chris Baker on a power play at 14:56 narrowed the Lions lead to 7-6. 16:52 David Cassell made it 8-6 for the Lions with the insurance goal and added insurance was by Bill Veley, his second power play goal of the game at 18:49. Broncos received 3 minors, 1 major, while the Lions were assessed 10 minors and 1 major.

COACH RECEIVES AWARD
Ken Morrow Junior was presented with the Bill Linegar Memorial Trophy for the Coach of the Year. The trophy, which was presented by Mrs. Linegar was donated by the 1972 Championship team from Metcalfe that Mr. Linegar coached. The award was based on votes by each coach of the league. Ken has also played for the Lions and spent 6 years playing under the coach-

ing of Mr. Linegar for other teams in the area.

The Lions have brought home 5 trophies this year for the new trophy case at the arena. The Pennant Trophy, Top Scorer, Top Goalie, Coach of the Year and now the Gill Cup, with a big chance for the trophy for the top junior 'B' team in the 4 divisions.

Ganoque defeated Brockville 4 games to 1 to win the South-West Division and will meet Morrisburg in a best of 7 series starting Wednesday, March 31st in Ganoque at 8 p.m. 2nd game of the series is in Morrisburg, Friday, April 2nd, 8:30 p.m. Third game in Ganoque April 4th, Sunday evening. Hawkesbury won the North East division and will meet the winner of the North-west division-Ottawa 67's are leading Vanier 3-1 at the present time.

Barry Merkley of Cardinal won \$130 Friday night with ticket no. 89691 in the 1/2 and 1/2 draw.

Seed Show

Local Winners

F. and L. Henderson of R.R. 2 Brinston were recent winners of the J.W. Mackay Memorial Trophy at the Ottawa Valley Championship Seed, Feed and Forage Show held as part of the Ottawa Valley Farm Show in Ottawa. The trophy is awarded on a perpetual basis to the exhibitor gaining the most number of points in Forage Seed Classes. The competition was held last week at the Farm Show.

Golf Club

cont'd from P. 1

have been held so far to get things going for 1976 and the opening dance has been scheduled for June 5 at the Civic Centre. More details on this will be forthcoming.

Plans are in the works also for improving the Juniors Program for 1976 with a thought towards twilight leagues, more tournaments within the club and possible matches against other clubs.

A meeting will be held on April 3rd at the clubhouse for the juniors so they can express their ideas and form their own directors. Let's have a good attendance.

This week's golf tip--check that all your equipment is in good shape. Do a little putting on the carpet.

Recreation

cont'd from P. 1

was noted that the administration of the school has offered to make keys available to individuals who wanted to use the track, but it was felt that something such as a turnstile would be more advantageous. It is imperative that the access to the track be controlled because of the danger to the surface if bicycles, motorcycles or even spiked shoes come in contact with it.

As well as being used by members of the community, the track would be handier for use by classes from both elementary schools if entry was made easier.

Vintage Radio Acquired

Radio has come a long way in fifty years and proof of the fact is a vintage radio that has been on display at the Craft House in Iroquois since the first of the year. In sharp contrast to today's sophisticated miniature receivers, is a 1924 model Stromberg-Carlson Neutrodyne receiver dated September 3, 1924.

The radio which comes complete with a separate paper mache horn speaker is inside a solid mahogany case and weighs in at 40 pounds. It was bought in Cadillac Saskatchewan in the fall of 1924, but the purchaser died before taking delivery of the radio. Still in its original case, it was shifted around until it wound up in a used furniture store in Medicine Hat Alberta. It was here that the radio was discovered by Robert Martin when visiting his brother and family at Christmas. When Mr. Martin bought the radio, the original C battery was still mounted on the underside and the original 32 page instruction booklet was still with the radio.

French Intensive Program Continues

The Stormont Dundas and Glengary County Board of Education has decided to continue to offer a French Intensive Kindergarten Programme at schools where such a programme is already offered. At a recent board meeting it was recommended by the board that in those ten

schools where the French Intensive Kindergarten Programme was initiated in September 1973, that the 40 minute programme be maintained at the grade 1 level and that a 30 minute programme be offered at the grade 2 and 3 levels.

A recommendation was also made that the proposed basic reading programme in French be deferred to Grade 4, subject to review and study again at this time in 1977.

No additional teachers of French as a second language will be hired to implement the program.

The board did, however, consider hiring an additional 2.5 teachers of French as a second language to implement a programme at the grade 1 and 2 levels in schools where the French Intensive Kindergarten was initiated in the fall of 1974. It was recommended that the 40 minute programme be maintained at the grade 1 level and that a 30 minute programme be offered at the Grade 2 level. A 40 minute French programme is to be offered at the Grade 1 level in those schools where the French Intensive Programme was initiated in 1975.

In those schools where the French Intensive Programme is not available or where Kindergarten youngsters have not had the opportunity to be exposed to a French Programme of an intensive nature at the Kindergarten level, the present policy in respect to a 20 minute French core programme from Grades 3 to 8 will be adhered to.

Kiwanis To Host Tournament

Area hockey fans will be in for some fast moving hockey action as the Prescott Kiwanis Club hosts their annual Double A Tournament at the Prescott arena on April 3 and 4. The tournament, held to raise funds for the Kiwanis hockey school each fall, runs for the two days of the weekend with teams participating from across Ontario.

According to club member Tony MacDonald, tournaments in past years have provided plenty of action as the 15 and 16 year-Old players battle for the top spot and this year is expected to be no exception. Teams entered include the Prescott Ramparts, Ottawa Canadians, Brockville Warriors, Don Valley Toros, Toronto Red Wings, Don Mills Flyers, Belleville Lions, Oshawa Parkway TV, and the North York Rangers.
