HENRY'S Shorthand School
Ottawa, Ont.

No School in Canada offers a better training, or ensures a more successful future. Henry's leads all others, and ranks among employers as "THE SCHOOL OF HIGHER EFFICIENCY"—a fact borne out by more than 600 pupils who have, since January, 1913, left other Ottawa schools to come to it.

Therefore, it is not surprising that business men, in advertising for stenographers, should specially say, "Graduates of Henry's School preferred."

For particulars about our course, apply to:

Morewood Presbyterians Closed Good Year

The annual meeting of the Morewood Presbyterian congregation was held in the church on Wednesday evening, January 28th, presided over by the pastor, Rev. Alexander Nimmo.

The Board of Managers submitted an exceedingly satisfactory report of the year's proceedings, which showed a substantial balance on hand with which to commence the financial work of the congregation for the year 1931.

All of the societies and organizations presented reports which warrant a real satisfactory condition in connection with every phase of the church's work, perhaps especially significant is the fact that the con-regation exceeded its allocation to the budget for missions.

The retiring members of the Board of Management were re-elected for a term of three years.

Village Council

The Council met on Monday evening with all members present.

The minutes of the last regular and subsequent special meetings were adopted as read.

Correspondence read, the C. P. R. refusing the request for the erection of a wig-wag signal at the crossing, excepting the Village agreed to pay 30 per cent of the cost.

The Clerk was granted three months leave of absence from the 20 inst.

The transfer of the Hydro Electric account was ordered from the Bank of Nova Scotia to the Bank of Montreal.

The following accounts were ordered paid :

Flintkote roads, crack filling, King st.....	$105.00
Public School, requisition.....	500.00
Separate School, requisition..	350.00
C. P. R., freight on pipe.....	6.18
F McCloskey, meals for tramps	4.00
Archie Harper, snowploughing.	6.00
Geo. Elliot, registration B. M. & D.....	9.50
Jas. Robertson & Co., water mains	1668.89
Telephone Account	1,15
Pay List for work on pipe line to date	309.25

Next regular meeting Tuesday, March 3rd.

United Ladies' Aid

The regular monthly meeting of the Ladies' Aid Society of the United church was held at the home of Mrs. Dixon Wednesday afternoon, February 4th, when forty members were present. The meeting opened with singing followed by the Lord's Prayer in unison.

After the regular business was transacted, during which reports were given by the different committees, an interesting programme was given, consisting of readings by Miss McGee and Miss Harrison; two solos by Mrs. Merkley, accompanied by Mrs. George Beaburn, a duet by Mrs. Reaburn and Mrs. McElheran, accompanied by Mrs. Howard Fulton.

The meeting closed with prayer by Mrs. Newman.

Refreshments were served by the committee in charge—Mrs. W. O. Dixon, Mrs. Harold Durant, Mrs. S. Bogart, Miss McGee and Mrs. Clayton.

Rainbow Tea Friday Was Colourful Event

On Friday afternoon a "Rainbow Tea" sponsored by a committee of the Women's Institute was held at the home of Mrs. Jas. Hughes. The spacious rooms were thronged with guests from four to six o'clock, and a most delightful time was enjoyed.

The decorations, carried out in Rainbow colours, were most effective. A beautiful rainbow spanned the drawing room, living room and diningroom to the hall where, at the foot, was found the "Pot of Gold" with a favour for each guest.

Mrs. Hughes was assisted in receiving by Mrs. P. G. Hewitt and Mrs. A. E. Bolster. The tea table, lighted with yellow candles and decorated with a lovely basket of pink carnations, mauve tulips and yellow daffodils, was presided over by Mrs. I. Smith and Mrs. M. Durant. Those assisting in the tea room were Mrs. Chas. Graham, Mrs. Howard Fulton, Mrs. W. O. Dixon, Mrs. S. H. Hutt and Mrs. A. B. Clayton.

The musical programme given throughout the afternoon by Mrs. W. N. Fulton, Misses Betty Bolster, Frances McAvoy and Helen Hamilton, Mr. O. L. King, Mr. P. G. Hewitt and Mr. A.E . Bolster, added greatly to the pelasure of the afternoon.

SPECIAL NOTICE

Dr. A. L. Crewson, 122 Sydney Street, Cornwall, will be in Morrisburg at the home of Miss Della J. Sneyder, first house south of the War Memorial Monument, on Tuesday and Friday mornings. Please make appointments with Cornwall office. Tel. 1245. 19

EVERYBODY WELCOME!

Chesterville Juniors Win

Last Monday night a double-header was staged at the local rink when Chesterville Juniors in a regular league game defeated the Winchester team by a score of 5 to 1. The other half of the double bill was supplied by an exhibition game between the Bankers of Chestervile and the Oddfellows' team of Winchester, when the latter won by a 1 to 0 score.

Two Children Scalded In Dish of Boiling Water

On Monday afternoon a near tragedy to two young lives was enacted at the home of Mr. and Mrs. Herbert Irving, who live at Orchardside, about five miles south of this village, when two of their children, Audrey, aged three years, and Lila, aged two, were severely scalded in a dish of boiling water which had been placed on the floor.

The two little girls were playing about the house and, while their mother's back was turned, were satisfying their childish curiosity when Audrey, the elder, fell into the dish. She clutched at the other child, who had one arm badly scalded while Audrey was severely burned on the legs. Their mother heard their terrified screams and rushed to their aid, snatched them out of the scalding water. She attended to their burns to the best of her ability until medical aid was summoned. The children are now resting comfortably and are on the road to recovery.

Married at Parry Sound

An outstanding event in the community life of the town took place Monday evening when Lillian Maud, only daughter of John Mahaffy and Mary Jane McPherson, became the bride of Ross Elgin Johnston, of Cavers, Ontario. Few, indeed are the men or women who occupy as large a a place in the esteem of their townspeople as Miss Mahaffy holds in Parry Sound. Many regrets were expressed that the ceremony was not performed in St. Andrew's Presbyterian church, where she has been a member and a most energetic worker ever since she entered her teens, but, in view of the many other events which had been arranged bv her numerous other friends for her especial benefit and farewell, the bride-to-be preferred a quiet wedding at home with her immediate relatives and those of her fiancé as witnesses.

The bride was charmingly attired in a close-fitting gown of periwinkle blue lace and chiffon, with matching shoes. She carried a bouquet of white carnations and was attended by her friend, Miss Ethel Virgo, gowned in beige georgette and lace and carrying a bouquet of pink carnations.

The groom was attended by Mr. Roy Mahaffy, brother of the bride.

Miss Winifred Hay beautifully rendered the wedding march. The groom's gifts to the bride, to the bridesmaid and to the organist were brooches, and to the groomsman an initialled tie pin.

Following refreshments the happy couple left for a trip to Montreal and other points, the bride travelling in a ruby tone canton crepe gown with matching accessories and muskrat coat. Upon their return they will reside at Cavers, Ont.

The groom is a brother of Mrs. Geo. Cass, of this place, and well known to many of our citizens, who extend their congratulations.

Play-Off Position Cinched

When Chesterville a week ago on the home ice defeated Finch Beavers with a 2 to 1 score, the locals made sure of the play-off position for league honours with Cornwall, but not content with the place assured, they played their final away-from-home game in the schedule with Russell Monday night and again shut out that team to the tune of 3 to 0. The remaining game of the schedule will take place here to-night when Russell make their last appearance. Russell has a remarkable string of goose eggs and have vowed to end the season with a win, and if they do, Chesterville is bound to be the victim, but Chesterville has the aspiration to chalk up the third shutout against the northern member of the league, all of which should make for an interesting game.

Look . . . . to the Future

YOU WILL WANT good sight twenty years from now just as much as you do to-day.

The better care you give your eyes now, the keener your vision will be in later years. If your eyes pain you or feel strained, heed the warning. Have them relieved before permanent injury results.

We will examine your eyes and prescribe the proper lenses to correct your eye trouble.

If you do not need glasses we will tell you so. Diseased conditions are referred to the family physician and the oculist.

C. W. L., Finch, Held Enjoyable Card Party

The euchre and dance held on Wednesday evening, January 28th, at the Township Hall, Berwick, under the auspices of the Catholic Women's League, Finch, was a decided success. The attedance was one of the largest of the season and the financial returns most gratifying.

Cards were played the first part of the evening, the ladies' first prize, donated by Margaret Grady, being won by Margaret Murphy, and the second prize, donated by Mrs. O'Donohue, by Ruth McIntosh. The first for gentlemen was won by Wilfred Lang and was donated by David Rutley. The second prize was won by Garfield Nichols, being donated by Will Grady. The door prize, which was donated by Mr. John McAvoy, was won by Mr. George Huott.

A sumptuous supper was served, after which dancing to the music furnished by Beggs' Orchestra was enjoyed by all.

Chesterville Bridge Problem Will Be Decided By Minister

When the roads and bridges report was made at the Counties' Council, it was recommended that a subcommittee should be appointed to interview the Minister of Highways concerning the Chesterville Bridge question. The problem to be settled, concerns the maintenance of this bridge over the Nation river, whether it shall be paid for by the United Counties or by the village of Chesterville. Mr. Henry's decision will be accepted as final by both parties concerned.

The Council was informed at its final session that a surplus of $60,000 over total expenditures of $834,000 had been recorded on the annual statement for 1931, submitted by A. K. MacMillan, clerk-treasurer of the United Counties.

This is the first time in years that such an occurrence has taken place on the counties' books. Last year there was a deficit of several thousand dollars.

Father Staley Presented With Substantial Purse

On Sunday, February 1st, Rev. Fr. Staley preached his farewell sermon as parish priest of St. Mary's church here.

During the past ten years he has made many warm friends with all classes and creeds. His removal to Gananoque will be keenly felt and regretted by the citizens and by the members of his congregations, especially the children, for whom he showed a great fondness.

On that occasion the members of the parish presented him with a substantial purse, and the following address was read.

To the Reverend Louis E. Staley, Parish Priest, St. Mary's Church of the Presentation, Chesterville, Ont.

Dear Reverend Father:-

It was with feelings of deep regret that we received the announcement of your departure from amongst us, your parishioners of the past decade, to whom you have endeared yourself by your many sterling qualities and your more than paternal interest for each and every member of this congregation.

We have all experienced your kindness in one way or another, and we know that it was frequently at the price of a great sacrifice that you ministered to our needs both spiritual and temporal.

When we joined in the joyous celebration of your Silver Jubilee of ordination less than two months ago, we were unaware of the fact that such a happy event was so soon to be followed by a sad farewell. We were pleased on that occasion to testify in some small way our appreciation of your services to us during the past ten years or more. Your removal undoubtedly will be keenly felt by our children, in whom you have always taken an active part in their welfare by your unceasing fatherly guidance and tender words of encouragement.

Our parish has prospered under your able administration, evidences of which are to be seen in the many improvements and recent additions to the parish property. We have tried to co-operate with you in your earnest endeavours to advance the work of God here, and if we have at times seemed slow to grasp the importance of the issues at stake, we hope you will pardon our seeming lack of interest.

You are leaving us, but your noble example of unselfish service will remain as a shining light to guide us in the way you have pointed out. We regret that duty calls you to work in another portion of the Master's vineyard, but we are consoled in the thought that this promotion may be some reward for your zealous labour of the past.

As a tangible proof of the high esteem in which you are held and of our sincere appreciation of your valuable services, we ask you to accept this purse. Our prayers and good wishes will also follow you, Father Staley, to your new sphere of labour where we hope you will meet with every success, and we trust that God will bless all you undertake for His greater honour and glory.

Signed on behalf of St. Mary's congregation—Frank McCloskey, James Masterson, Bernard Coyne, George Servage, Walter J. Carr, James McDonald, William Servage, James McCadden, Edward Wheeler, Edward B. Lynch.

Father Staley very feelingly replied expressing his sincere thanks for the many acts of kindness he had received from his parishioners and the good people of Chesterville, and voiced his regret in leaving, but in so doing was only accepting a mandate from higher authority.

CANADIAN HAWKS FLY TO SOUTH AMERICA

APPARENTLY choosing for themselves the role of vanguard to the trade delegation leaving shortly for South America, a party of Canadian hawks recently made a trip to the Argentine. According to word received at the National Parks branch of the Interior Department, the flight of these adventurous spirits was cut short by a blast of bird shot on a farm in Buenos Aires Province.

The nationality of the birds was established when an Argentine farmer, not recognizing the hawks as a goodwill tour, let go his shotgun into a tree. On the leg of one of the trailblazers was found a celluloid ring, red on the inside and black on the outside, marked "50 Canada." The band is of a type used in Canada for identifying chickens and other less daring winged creatures.

The bird, from the description received, is a Swainson's hawk, familiarly known in Western Canada as a Gopher hawk. Officials of the Parks branch are anxious to trace the origin of the marker to add to their knowledge of the migrations of this species. Another matter that has aroused some curiosity is how a poultryman, having once captured one of these predatory creatures, could bring himself to the point of letting it loose at all.

"Your heart is quite sound. With such a heart you ought to live to be 70."

"But doctor, I am 70."

"There! What did I tell you?"

Murphy had been careless in handling the blasting powder and Duffy had deputed to break the news gently to the widow.

"Mrs. Murphy," said he, "isn't it to-day the fellow calls for the weekly payment for Murphy's life insurance?"

"It is," answered Mrs. Murphy.

"Well, now a word in your ear," said Duffy. "Sure, ye can snap your fingers at the fellow to-day."

ELECTRIC WASHING MACHINE

COME AND SEE WHY

Chesterville Hydro Shop

NOT . . . . . 5!!!!!

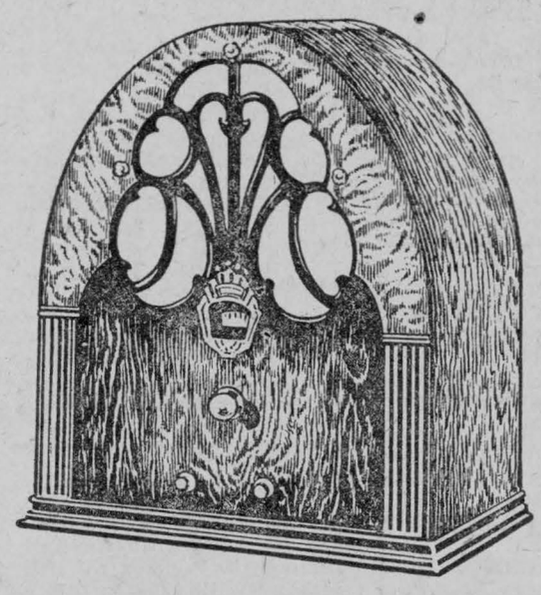
....BUT

SEVEN

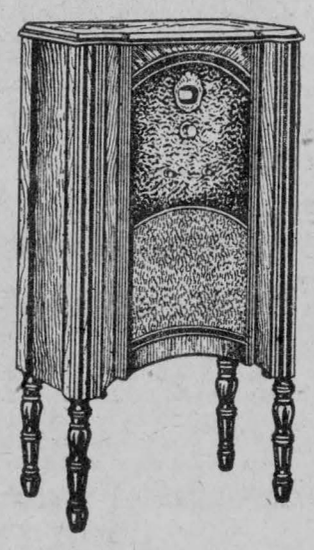
TUBES

The first REAL big-performing, full-toned screen grid radio ever offered at such a price. The attractive little cabinet houses a marvelously engineered receiver with a wealth of fine tone, selectivity and power. 7 tubes (3 Screen Grid) Genuine Built in Electro Dynamic Speaker, Station Recording Dial; Push-pull Audio; all-electric; 16 inches wide; 17½ inches high. Beautiful cabinet of genuine American Walnut and Quilted Maple in tones of honey and brown. An amazing performer at a truly amazing price.....less tubes $69.50

NOR 6!!!!!!

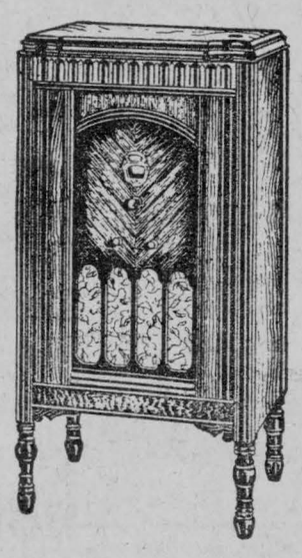


PHILCO Baby Grand Radio



MODEL 20 LOWBOY

An ideal set for the small home or apartment dweller who wants a cabinet model but has not space for a standard sized Philco. Beautiful cabinet of American Black Walnut and Birds-Eye Maple. African Zebra wood trim. Same wonderful chassis as in the Baby Grand. Size over all 33¾ inches high; 19 inches wide; 10¾ inches deep. Price, $97.50



All-Electric Radio-Phonograph

Here is a record-breaking value, even for Philco. Never before has a radio-phonograph with fine big tone Balanced Units, good distance range and Screen Grid selectivity and sensitivity, been combined with a fine all-electric phonograph at such a price! 7 tubes (3 screen grid) Electro-Dynamic Speaker, Electric Phonograph Motor, Electrical pick up, self-starting turntable. Takes 12 inch or 10 inch records. Price, $139.50 less tubes

More than twice as many Philco Baby Grands were sold in Canada in 1930 as all other sets of similar size combined—any owner of a Philco Baby Grand could tell you why. Could tell you that it has nothing in common with so-called "midget" sets . . . that no other set they have ever heard even at double the price could begin to equal it in performance. And no wonder, when you consider what you get in a Philco Baby Grand—*seven tubes*, three of them screen grid, genuine electro-dynamic speaker, illuminated station recording dial, standard Philco Balanced Unit construction which eliminates distortion and creates the rich, true, clear *big* Philco tone.

Whether you are buying a compact set as an "extra" or as your only set, take no chances—see that it is a Philco Baby Grand. Your Philco dealer also offers a complete line of Philco radios in Screen Grid and Superheterodyne-Plus including the wonderful new Screen Grid Radio-Phonograph combination at $139.30

Intern'l Bridge Site Chosen Join Prescott-Ottawa Highway

Albany, N. Y., Feb. 2.—In a report to Governor Roosevelt and the Legislature tonight, the St. Lawrence Bridge Commission recommended the Chimney Point site between Ogdensburg, N. Y., and Prescott, Ontario, as most advantageous for a bridge over the St. Lawrence River, international boundary between Canada and the United States for 116 miles.

The commission said it felt the proposed structure should be built under a bridge authority such as Governor Roosevelt proposed with regard to bridges over the Hudson River, and that any other bridges over the St. Lawrence should be under such a general state authority.

The commission concurred in the opinion of its engineers that three crossings were needed. The others proposed being at Collins' Landing (Thousand Islands), and near Massena, but recommended the Chimney Point site as the one wnere a bridge should be constructed first. The three sites are about forty miles apart.

This proposed bridge, the estimated cost of which was $3,200,000, would offer the highest net revenue in proportion to the cost of construction, the report said. In addition, the commission found the site centrally located with reference to easterly and westerly traffic, and the present ferry traffic there the largest of any point on the border.

New York and Canada would finance their parts of the construction cost separately, under the commissioner's proposal. The cost of construction allocated to New York would be provided by issuance of revenue bonds. Canada and New York would each bear the cost of upkeep of roads and approaches within its borders, and the cost of operating and maintaining the international span would be borne jointly. The commission was authorized by the State Department at Washington to negotiate with Canadian authorities.

The commission said that with an average of $1 per car the average gross revenues for the first five years would $322,500. The proposed bridge would have an 840-foot main span, providing an 800-foot clear channel, the width of the river at Ogdensburg being approximately 6,900 feet. The Canadian terminus would be at the intersection of the Canadian river highway with the King's highway to Ottawa. On the United States side one mile of highway would be built from the state highway to the end of the bridge.

Boyne Junior Red Cross

The fourth meeting of the Microbe Chasers of the Boyne School was held on Friday, January 30th. The first part of the meeting was the reports of the various committees and the election of new ones.

The following programme was given:

NOVEL RICE DISHES

By Etta Bitta Pye

MANY WOMEN do not appreciate the fact that dozens of unusual and healthful dishes may be prepared with rice as a base. Here are two recipes that are particularly seasonable right now:

Rice and Cheese Roll.

2 cups cooked rice
1 cup grated cheese
1 egg
1 teaspoon salt
dash of cayenne
1 tbls. milk, more if needed
¼ cup nuts, chopped
¼ cup bread crumbs
2 cups tomato sauce

Mix ingredients in order named, adding enough milk to moisten. Shape and roll in the crumbs. Bake in moderate oven 20 minutes or until a golden brown in colour. Slice and serve with tomato sauce.

Chicken and Rice Souffle.

1½ cups chicken, diced
1 cup cooked rice
¾ cup chicken gravy
2 eggs, beaten

Mix chicken and rice. Season with salt and moisten well with gravy, adding more if needed. Add well beaten yolks and carefully fold in the beaten whites. Bake in a moderate oven until golden brown on top.

Honey Date Bars.

2 cups dates, seeded and chopped fine
½ cup nut meats, cut fine
2 eggs, beaten light
¾ cup honey
½ cup flour
1 teaspoon baking powder
½ cup all-bran

Mix well, bake 20 minutes in moderate oven (375 degrees F.). Serve with cream, whipped or plain. May be rolled in powdered sugar and served. Yield; 12 servings.

Bran Ginger Cake.

2 teaspoons cinnamon
¼ cup shortening
½ cup sugar
1 egg
1 cup all-bran
1½ cups flour
½ teaspoon salt
1 teaspoon soda
1 teaspoon ginger
2 teaspoons cinnamon
½ cup sour milk
½ cup molasses

Cream shortening and sugar together. Add the egg, beat well. Add the bran. Mix and sift the dry ingredients and add them to the first mixture, alternately with the sour milk and molasses. Pour into greased pans and bake in a moderate oven (370 degrees F.) from 30 to 40 minutes. Yield: 10 servings.

Health Service

Prepared by the Canadian Medical Association.

PLAY THE GAME

No one wishes to be ill. Just as you have a right to expect others to protect you and your family from disease, so you should play the game and do your part in protecting them.

If there are disease germs in your body, keep them to yourself. In any case, you cannot get rid of them by passing them on to some one else. All you do in that case is to spread disease to which the germs give rise.

Everyone should knew that most of the communicable diseases are spread by the transference of germ-laden saliva from the sick to the well. This is true, not only of the common communicable diseases, such as measles, whooping cough, diphtheria and scarlet fever, but also of tuberculosis.

Just as soon as this knowledge is put into practice, and care taken at all times, there is found a definite decrease in the number of cases of communicable disease.

No one would think for a moment of endangering the life of a child, but that is done every day by those individuals who, either through ignorance, or carelessness, spread their saliva around. We never know when disease germs may be found in our saliva, for such germs are often present even when we are apparently well. It is only by taking care at all times that we will be sure of being careful when there is need for us to be so.

The person who spits is a real menace. Spitting is simply a bad habit for which there is no excuse. Never spit unless you need to, and then use your handkerchief. In the material which you expectorate, there may be millions of disease germs. This statement is not an exaggeration for the person suffering from tuberculosis does pass out in his sputum millions of the germs of tuberculosis in a day.

That is why the case of tuberculosis is always taught how to take care of and destroy his sputum. There are many people who, unknown to them, have tuberculosis, and who are passing out the germs each time they spit. It is they who are chiefly responcause they have no idea that they have the disease and so do not take any care.

Tuberculosis is, as every one knows, a very serious and frequently fatal disease. It is spread chiefly by careless spitters, by those who do not play the game. Let it be understood that if spitting were to stop and if every person were to take care this saliva was not being passed on to other people, we would be well on the way to seeing tuberculosis disappear.

To spit is to endanger the lives of others. The careless spitter is a public menace; he spreads disease and exposes those around him to sickness and death.

Sweet Young Thing (assisting in church decorations at Christmas): "How do you like my decoration scheme—holly leaves over laurel?"

Young Curate: "If I may be allowed to say so, I would prefer mistletoe over yew!"

ANNOUNCING

Big Reductions in "Savile Row" made-to-measure Clothes.

Suits Winter Overcoats Top Coats

In order to stimulate winter sales, Semi-Ready have made it an annual custom to give liberal discount on Fancy Suitings, Overcoating and Top Coatings. Now with a newness, newer than the new, they saunter forth with a 20% discount off all fancy suiting and overcoatings.

These are made to your individual measure, and let us impress too, that only the price has been reduced, the some standard of workmanship and satisfaction is maintained through every garment.

The styles for these come from "Savile Row" a little street in London, England, from whence all authentic styles originate, and from there Semi-Ready has selected them and adapted them to Canadian needs.

This offer lasts only for the month of January, and as yardage on some numbers is limited, drop in at your earliest and inspect the finest of clothing samples you have ever seen.

"WE SELL THE BETTER GRADE TO BUILD THE BETTER TRADE."

Mr. Julius Beaupre spent Friday with Mrs. Beaupre, who is a patient in the Cornwall General hospital. We

IN MEMORIAM

In loving memory of our dear mother, Mrs. Carl Fetterly, who departed this life, January 31, 1930.

A loving one is gone,
The voice we loved is still,
A place is vacant in our home
That never can be filled.

—The Family.

IN MEMORIAM

Fetterly—In fond remembrance of my dear wife, Anna Viola, who departed this life Jan. 31, 1930.

Dear is the grave where Mother is laid,
Sweet is the memory that never shall fade;
Flowers may wither, leaves fade and die,
But to forget her, no, never will I.

Sadly missed by Husband and Family.

Riverside

Mrs. C. Foster spent the week end with friends in Chesterville.

Mr. and Mrs. Fay M. Droppo visited at the latter's parental home on Monday.

Mrs. Gordon Fraser is visiting with friends in Williamsburg.

Mrs. A. B. Allison spent a couple ofa dys with her mother, Mrs. E. Keyes, of Winchester.

TO WHOM IT MAY CONCERN:

In the last issue of the "Chesterville Record" it appeared that I had set fire to the Melvins Settlement Cheese Factory by lighting a match to thaw a pump with gasoline. I have used the factory well and hauled water for my stock by permission of Mr. Samuel Greer, the owner of the factory.

At the time of the fire I was returning from Cass Bridge with a load of ice so was not at the factory, but Willie Moorehead, who works for me, was at the factory, as usual, for a load of water. When a few cans were filled the pump froze and stopped.

A neighbour, Mr. William Sheldrick, happened along and, in attempting to help thaw the pump with gasoline, the building caught fire. But there was no large can of gasoline as stated in last week's Record. Moorehead received burns about the hands, face and right leg.

Kenneth Carlyle.

February 3rd, 1931.

NOTICE

Under provision of a resolution passed in open Council on January 12, the Fire Chief was given full control of the Fire Protection System of the Village, including Hydrants, Hose, and all other apparatus pertaining to the said system, and it was the unanimous decision of the Council that any person, persons, company, or association of any kind would not be permitted to open any hydrant or use any part of the fire fighting apparatus for any purpose other than fire protection except on the written order of every member of the Council or by permission of the Fire Chief and then only upon payment of services of the Fire Chief. Anyone infringing on these regulations will be prosecuted. —W. H. Casselman, Reeve. 14

Payne Valley

People are busy getting in their ice for summer use.

Mr. J. D. Shaver had a chopping bee on Tuesday last.

Mr. and Mrs. George Eligh spent Friday with Mr. and Mrs. Ed Hanna, and Mr. and Mrs. Kenneth Hanna, Finch.

Mr. Elburn Shaver, Finch, spent Friday at Mr. Clifford Eligh's.

Mr. Johnnie Shaver has been spending a few days with Mr. and Mrs. Rupert McIntosh.

We are sorry to report Mr. Rupert McIntosh on the sick list, and hope for a speedy recovery.

Mr. Mernie Empey, Finch, and Mr. George Eligh attended the Boneau sale at Northfield on Wednesday.

Mrs. J. D. McMillan spent Monday last with her brother at Cornwall. Mrs. Ed Hanna accompanied her and called at the General hospital for treatment.

Mr. Grant Nugent spent a few days with Mr. Harold Cameron.

Mr. and Mrs. Lyle Hunter, of Morewood, spent Saturday with the latter's parents, Mr. and Mrs. Kennie Cameron.

Mr. and Mrs. George Eligh spent Saturday with the former's brother, Mr. and Mrs. Norman Eligh, North Valley.

Mrs. Oscar McElheran spent last week with her brothers and friends at Nation Valley.

Editor and Proprietor.

THURSDAY, FEBRUARY 5TH, 1931

NO suggested economy in public expenditure has aroused quite as much antagonism as has the proposal that in the present depression Parliament would be quite justified in suspending statutory increases to the Civil Service.

The antagonism, of course is quite understandable for the proposal, if made effective would affect the income of probably more than 20,000 Government employees.

The statutes now provide minimum and maximum salaries for practically every grade in the service. Probably one-third of the employees have reached the maximum for their positions and would not be affected. The balance progress by set sums each year toward the maximum. They advance with time, irrespective of talent or energy and the amount involved annually is considerable.

Arguments put forward in support of suspending the increases for the coming fiscal year are numerous. In the first instance, the position of the private employer is used as a comparison. Most private employers have reduced their staffs, some have reduced wages and a very few have granted increases. The government, on the other hand. has not reduced staff or wages, though its revenues for the current fiscal year will show a drop of approximately one-third, or $135,000,000, from those of 1929-30.

Then it is argued that a decline of approximately 20 per cent in the cost of living during the past fifteen months has been equivalent to an increase in pay of that extent to those whose wages have not been affected by depression.

The suggestion of suspending increases for the coming year has emanated almost entirely from private members of Parliament. It has not been confined to representatives of any party. Thus far the attitude of the Government towards the proposal has not been indicated, except for the general declaration of policy in favour of retrenchment in every possible way.

* * * *

THE SUBJECT recalls the agitation of two and three years ago in favour of higher indemnities for members of Parliament. A great many members had no difficulty in proving the high cost of public service to themselves and families, but even then, when revenues were flourishing, the projected increase met with little favour from the party leaders. With conditions as they are at present members are all pretty well resigned to the fact that there is no prospect for any increase for them. It is human nature that they may therefor look with less favour on increases for others and the likelihood exists that the Civil Service suspension idea will be advanced on the budget by private members.

* * * *

IMPORTANT and far-reaching amendments to the Pensions Act have been suggested to the Governernment by the Canadian Trades and Labour Congress. Amendments to it are certain to enable the Dominion to lift the burden from the Provinces and the municipalities, but labour suggests changing the whole structure. Its first argument is in favour of reducing the age at which pensions may be paid from 70 to 65 years.

But it has more radical ideas. At present pensioner may not enjoy an income of more than $360 per year.

The pension is reduced so that he or she is held within that figure. The act—as it is—now offers no benefit to those who by their efforts and thrift have laid aside something—but not sufficient—for old age. Labour wants this penalty upon thrift abolished, that those who practiced it may enjoy a more comfortable existence in old age.

Another request is that the five-year residence rule in the Province be abolished and a general 20-year Canadian residence rule substituted. The former limitation was necessary when the Provinces paid half the pension but in the legislation by which practically the whole burden will be assumed by the Dominion it is likely that will be dropped.

Were the Government to accede to the 65-year-old age limit and to disregard the moderate incomes of many aged folks in granting pensions it would be very few years before the annual burden of old age pensions in Canada would come close to $100,000,000.

News and Information For the Busy Farmer

Furnished by the Ontario Department of Agriculture.

Ontario Association of Fairs & Exhibitions annual convention, February 5th and 6th, King Edward Hotel, Toronto.

Ontario Vegetables Growers' Association annual meeting, Feb. 10; annual convention Feb. 11, King Edward Hotel, Toronto.

The first of a series of short courses at the O. A. C. opend this week, dealing with the subject of fruit growing. The courses will continue as follows: Vegetable gardening, Feb. 9th to 14th; landscape gardening, Feb. 16th to 20th; floriculture, Feb. 23rd to 27th.

Many purchasers of dairy cattle are beginning to realize that a dairy cow is worth what she is able to produce on her investment, after taking care of necessary expenses. More and more the discriminating cow buyers are looking for animals with records, and the enterprising dairyman who is farsighted enough to see this trend can well jump at the chance of having his cows tested and their relative profits determined.

Weekly Crop Report

Generally speaking, farmers in Ontario are somewhat perturbed over the egg situation, although in one or two counties the price remains quite firm, according to the weekly crop report of the representatives. Egg production is coming ahead in most Bruce County flocks with low prices of 20c, 17c and 12c. Feed is plentiful in Dufferin and cattle appear to be in excellent condition, while in Dundas an increasing demand for purebred stock is indicated. Chick hatcheries in Essex anticipate a good year but are not re-assured by the present condition of the egg market. In Frontenac farmers are getting 22c to 28c per dozen for their eggs and a heavy demand for dressed poultry is apparent. Butter, which is twenty-five per cent lower in price, gives Grenville farmers a profit because feed is 50 per cent lower. Little feed for cattle is being purchased in Huron, there being a good supply of grain and hay throughout the county. A large number of cattle are being stall-fed or finished to be sold toward the end of April in Lambton. Dairy production in Middlesex is being maintained with an abundance of feed; egg prices are disappointing. The latter applies also to Oxford where prices are at an unusually low level. An increased interest in hog breeding is noted in Renfrew with a possibility of 50 per cent more hogs this season than last.

Tile Drainage

The Drainage Department of the O. A. C. supplies a man to survey your farm for tile drainage. Such survey will show you on a blue print a complete system of tile drainage recommended for your farm. It will tell you what depth to dig each drain and the number and various sizes of tiles to purchase. Send in your application to your local departmental representative.

Apple Season Good

With practically the whole of last years apple crop marketed, it may be assumed, according to P. W. Hodgetts, that Ontario growers have had an excellent season. The bulk of the Ben Davis were disposed of in continental European markets, with the exception of a thousand barrels which went to South America. Apple marketing conditions have been restored more or less to normal with the gradual opening up of a new market in Europe and the displacement of Ben Davis with much better varieties. Although the crop has been only fair in quantity, prices have been quite satisfactory. As a result, the general year is regarded with a good deal more enthusiasm than in several years past. With regard to 1931, prospects seem quite good. All fruit trees went into the winter in first-class shape and there was no excessive moisture last fall.

Seed-Cleaning Machines

The Ontario and Dominion Departments of Agriculture have reached an agreement whereby they will share the cost of helping farmers at strategic centres to install, maintain and operate seed-cleaning plants. Assistance is to be given in the form of grants amounting to 50 per cent of the invoice cost of the seed cleaning machines at local stations, such grant in no instance to be more than $500. The grant will be made available to an individual or an organization of farmers interested in seed-cleaning machinery, and provided it is shown there is a need for such equipment in the destrict from which the application. Each application must be accompanied by a petition signed by 25 farmers stating that there is a need in the district for such cleaning machinery. Owners of plants receiving Government grants will be asked to sign a seven-year contract promising seed-cleaning service to neighbouring farmers at reasonable rates. The plan is calculated to increase farm efficiency and decrease grain production costs. The result of seed drill surveys in Ontario in the last two years shows that more than 30 per cent of the samples of seed taken from seed drills was undesirable on account of heavy weed seed content.

Junior Farmer Education

Schools of agriculture and household science in every county in Ontario is the objective and part of the permanent policy of the Department, Hon. Thomas L. Kennedy, Minister of Agriculture, recently stated in announcing that there are 12,000 young men and women attending the winter short course classes. For the first time every county in the province has a short course under the direction of the department. Part of the federal grant wihch is coming to the Ontario Deparment will be used to establish permanent county centres. Colonel Kennedy is a strong believer in agricultural education for the junior farmer, a work that is still only in its infancy.

Boosting Ontario Products

The success achieved by Onion Week demonstrates the possibilities that lie behind a well-organized and ably-directed campaign for the sale of home-grown products. The onion growers started out with the idea of bettering their condition by their own efforts and have found that such a worthwhile enterprise gains friends and supporters as it proceeds. Plans are now under way for promoting the consumption of home-grown carrots and cabbage. The net result of these efforts must be to reduce the amount of foreign-grown produce sold on Canadian markets. The Department is endeavouring to play an important part in this work by means of its daily noon broadcasts from Station CKGW, Toronto, which are eagerly listened to by thousands of Ontario families.

Rations for Cattle

The committee on rations for Ontario, which has made a careful study of the subject, recommends the following rations for dairy cattle: For every 100 lbs. live weight, 1 lb. alfalfa hay or red clover. 2 lbs. silage, 2 lbs. roots, with the following concentrates, 200 lbs. oats. 100 lbs. bran, 100 lbs. gluten feed, 25 lbs. oil cake. Where lower grades of hay are used, the recommendations are: For every 100 lbs. live weight, 1 lb. lower grades of hay, 2 lbs. silage, 2 lbs. roots, and the following concentrates: 200 lbs. oats, 200 lbs. bran, 100 lbs. barley, 100 lbs. oil cake, 100 lbs. cotton seed. Alternate concen- 100 lbs. bran, 100 lbs. gluten feed, 50 lbs. oil cake, 50 lbs. cotton seed; (2) 100 lbs. oats, 100 lbs. barley, 100 lbs. bran, 100 lbs. oil cake, 50 lbs. cotton seed; (3) 200 lbs. oats, 100 lbs. bran, 100 lbs. barley, 200 lbs. oil cake. Where roots are not available, increase silage to 3 lbs. per 100 lbs. live weight and use same grain ration as above. The rations recommended where no silage or roots are available will appear in this column next week.

"It is foolish, declares a banker, to keep any large sum of money about the house. We should call it impossible.

"OUR BEST SALESMAN"

Oposition newspapers in New York are gibing at the Government (Reuter says) in connection with the approaching visit of the Prince of Wales to the Argentine.

The New York World declares that no more opportune time could have been chosen, in view of the unconcealed discontent of Argentina with the new United States tariffs. "Always clever traders," the newspaper says, "our British competitors are planning to take advantage of our blunders and the Prince of Wales is the best salesman of the Empire."

The New York Times recalls the motto of the Argentine Rural Society, "Buy from those who buy from us," which, it says, is obviously to the advantage of British commerce in Argentina.

"Hello mother — yes, I'm feeling fine — yes, we won . . . I scored two goals."

It has come to be a habit with Fred to call his mother by Long Distance after every game. For mother is all alone . . . and she worries about him . . . ever since Fred's chum had his leg broken in a game early in the season.

The cost is a mere trifle, for the low night rates are always in effect after the game — they begin at 8.30 p.m. And it makes a pleasant break in mother's quiet life . . . and gives her some news to tell her friends. Long Distance is now quick and dependable. In most cases the connection is established while you hold the line. Evening and night rates are particularly inexpensive. In fact night rates are little more than half of the day rates.

Evening rates on "Anyone" (station-to-station) calls begin at 7 p.m. Night rates begin at 8.30 p.m.

January Sessions of the Counties' Council

The January session of the Counties' Council of the United Counties of Stormont, Dundas and Glengarry opened at the Council Chamber, Counties' Buildings, Cornwall, shortly after 2 p.m., on Tuesday, January 27. The Clerk, Mr. A. K. MacMillan, welcomed the members to their duties and said he was glad to see so many of last year's members returned. There were, he said, a smaller number of changes than during any year since he had been appointed Clerk.

The Clerk read the list of members as certified to by the clerks of the various municipalities, entitling the following to occupy seats as members of Council:—

Stormont.

Cornwall Town—W. H. Gallinger, Reeve; R. J. Graveley, First Deputy Reeve; Rene Danis, Second Deputy Reeve.

Cornwall Township—John A. Lafave, Reeve; Alex. J. McLellan, First Deputy Reeve; Leo Bonneville, Second Deputy Reeve.

Roxborough Township — John A. Morrison and George L. McIntosh.

Finch Township—Henry C. Nugent and A. W. McIntyre.

Osnabruck Township — Glenn A. Shaver and James Connors.

Finch Village—D. A. McIntosh.

Dundas.

Williamsburg Township — Oscar Beckstead and E. A. VanAllen.

Winchester Township — Howard Nesbitt and Wm. McConnell.

Mountain Township—John E. Crowder and Robert Bryan.

Matilda Township—Thos. Johnston and M. A. Clark.

Iroquois Village—Ed. Strader.

Morrisburg Village—Ed. Foster.

Winchester Village—J. H. Ross.

Chesterville Village—W. H. Casselman.

Glengarry.

Charlottenburg Township—D. A. McRae and Allan A. Kennedy.

Lancaster Township—John D. McDonald and Rod. A. McLeod.

Lochiel Township—J. A. McCrimmon and W. Irvine.

Lancaster Vilage—J. R. McLachlan.

Kenyon Township—Fred McLeod and Dr. Alex. Clark.

Alexandria Town—R. H. Cowan.

Maxville Village—Dr. Howard Munro.

Mr. Rene Danis, Second Deputy Reeve of Cornwall Town, who was away on his wedding trip, was the only absentee.

Election of the Warden.

The Clerk explained the duties of the members relative to the election of a Warden for 1931 and Messrs. Glenn A. Shaver and J. W. Connors moved that the election be by open vote, according to Rule 6 of the standing rules of Council. Carried.

Mr. J. R. McLachlan, Reeve of Lancaster Village, said he was pleased to nominate at this time a representative from Glengarry. It would be a difficult choice from such an abundance of good material. All were afflicted with what was commonly know as depression and needed someone to prescribe a remedy and this required a physician. As Glengarry had such a representative in Council, it afforded him much pleasure in declaring Dr. J. Howard Munroe, Reeve of the Village of Maxville, as Warden for 1931.

The motion was seconded by Mr. J. H. Ross, Reeve of Winchester Village.

After waiting for a few minutes and no other nominations having been made, the Clerk said it afforded him great pleasure in declaring Dr. Munro Warden for 1931 by acclamation.

The announcement was received with much applause and Warden Munro was escorted to the chair by his mover and seconder.

The Warden's Appreciation.

The new Warden addressed the Council as follows:—

Follow-Members of this Counties' Council,-

That I am profoundly grateful to you for electing me to the office of Warden for these United Counties for 1931 goes without saying. I thank you all most sincerely, not only personally but also in behalf of the citizens of the municipality of Maxville, for the honour—the highest in your gift—which you have to-day bestowed on their representative.

This year your attention will be directed to several important items of business. Among them will be the discussion and selection of your Advisory Road Committee under the new statutory conditions, the consideration of our road programme with the knowledge that our 20 per cent of the Provincial road programme within our limits is in the neighbourhood of $112,000, which means that we are faced with an increase of 1 mill in our general rate. You also have to consider and put into effect, in some manner, the report of our present Board of Valuators. Having been a member of the Council for a few years, I know the kindly sense of co-operation that exists among you, and I bespeak a continuance of that co-operation, tolerance and gool-will during the whole year. I am sure that the knowledge of Council procedure possessed by the older members, along with the energy of our new ones, who are now devoting their talents to the service of the Counties, will produce a combination that will conduct the business with thoroughness as well as expedition, and will add a new luster to the already bright name of these "Banner" Counties—The United Counties of Stormont, Dundas and Glengarry.

Again, gentlemen, I thank you from the bottom of my heart.

The Warden was accorded hearty applause as he resumed his seat.

On motion of Messrs. Lafave and McLellan, Council adjourned for five minutes to allow the Warden to take the oath of office.

The minutes of the last day of the October session, being printed and distributed, were taken as read and adopted on motion of Messrs. J. A. McCrimmon and Wm. Irvine.

The Clerk read a list of thirty-two communications received since the October session and these were referred to the various committees to which they belong, on motion of Messrs. W. H. Gallinger and R. J. Graveley.

Petitions Presented.

The following petitions were presented:

By Mr. J. E. Crowder, Reeve of Mountain, signed by Mr Wm. Pruner and six hundred others, from Mountain, Winchester, Matilda and Williamsburg, asking Council to take over the bridge over the Nation River at the junction of these townships.

By Fred McLeod, Reeve of Kenyon, signed by Mr. Edward J. McLeod and one hundred and fifty others, asking the road from lot one to Maxville road between Concessions 8 and 9 of Kenyon to the Military Road.

Messrs. VanAllen and Beckstead moved that these petitions be referred to the Roads and Bridges Committee. Carried.

The St. Lawrence River Bridge.

Mr. Edward Strader, Iroquois, and Mr. Edward Foster, Morrisburg, presented a resolution favouring the construction of the proposed St. Lawrence River Bridge between Morrisburg and Waddington and asking the co-operation of Council in a memorial to be forwerded to the Rt. Hon. R. B. Bennett, Premier of Canada; the Hon. H. A. Stewart, Minister of Public Works for Canada; and the Waddington Chamber of Commerce.

Mr. Fred McLeod asked regarding the Cornwall bridge.

Mr. Strader said the bridge he referred to was a traffic bridge and was to be of an international character while the Cornwall bridge was more of a private nature.

Mr. W. H. Gallinger did not agree with Mr. Strader's proposal to hurry the resolution through at once, as he believed the matter should be given more thought In a letter to the press a gentleman had criticized Cornwall for not attending the conference at Ottawa when the proposed sites were being discussed and try and secure a bridge for Cornwall. He agreed with those views. A former Federal member for this County was going to build a bridge East of Cornwall, but it looked as if that bridge had fallen through. A bridge at Cornwall should be considered.

Mr. J. H. Ross said Mr. Gallinger had the wrong idea of the matter. He spoke of the proposed bridge at Cornwall, but that was a private matter. The bridge Mr. Strader referred to was one of the four sites selected by the commission appointed by the State of New York to consider sites. The commission met at Ottawa last week and placed before the Canadian Government the list of sites and the cost. It was not a matter of knocking or injuring the prospect of a bridge at Cornwall, but a matter of selecting one of the four sites proposed, which were at Morrisburg, Prescott, Brockville and Collins' Landing. All the Council was asked to say was which one of the four sites they favoured. He thought the Council should favour Morrisburg, which converged on all arteries to Ottawa. There was no thought of interfering with the Cornwall bridge or any other private scheme, as this was an international scheme between the State of New York and Canada and the Council should favour having it within our own counties.

Mr. Strader explained that within the next few days a meeting would be held at Albany and no doubt Prescott and Ogdensburg would be represented and press their claims. He would like to have the resolution adopted at once to send the representations of these counties to he meeting.

Mr. Foster said the Council was only asked to express its choice as to which of the four sites it favoured and he thought the choice should fall on Morrisburg. If the choice was between Prescott, Brockville or Cornwall, he personally would favour Cornwall, as it would be in our own counties.

Mr. A. W. MacIntyre said that it looked like an easy matter to decide at first, but the more eastern members were placed in a peculiar position. If there was any chance of getting a bridge at Cornwall, it would possibly be the best site, but if not he would support Morrisburg.

Mr. D. A. McRae wanted to know if the Morrisburg site was sanctioned, would it kill Cornwall's chances for a bridge.

Mr. W. H. Casselman stated it was merely a question of which of the four cites would be chosen. He could not see how the Council could be hostile to having the bridge in the United Counties instead of out of them. The Morrisburg bridge would not interfere with the bridge at Cornwall. There was need of immediate action if the bridge was to be secured for these counties instead of it going to Leeds or Grenville, and if it was built at Morrisburg it would cater to traffic to the Canadian Capital and the Laurentians. There was no antagonism to Cornwall, of which town all the members were proud.

Mr. J. D. McDonald said many of the members had never heard of the scheme until it was sprung on the meeting by Mr. Strader. Dundas representatives had probably studied the matter and he believed the other members should be afforded an opportunity of doing the same. He moved an amendment, seconded by Mr. R. A. McLeod, that the matter be referred to the Roads and Bridges Committee.

Mr. Strader said he could not see how such a resolution could be referred to that committee.

Mr. Glenn A. Shaver said the resolution had been ably presented, but, as some members had not heard of it before he would move an amendment to the amendment that the resolution be referred to the Resolutions and Memorials Committee for consideration and report at the earliest possible opportunity.

Mr. A. W. McIntyre seconded the motion.

Mr. McDonald agreed with Mr. Shaver's amendment and withdrew his amendment.

Mr. Casselman believed that the Council should agree to the idea and not injure any chances the counties had of securing the bridge.

Mr. Strader said a reasonable delay would not matter so much, but he would like to have the resolution reach Albany as speedily as possible.

Mr. Gallinger said his reason for speaking was because Cornwall was not represented at the Ottawa meeting and he did not favour rushing the matter through Council without it being properly considered.

The Warden said the work of the Resolutions and Memorials Committee was not heavy that if there was a day to spare they could deal with the matter quickly and report.

The motion of Messrs. Shaver and McIntyre to refer the resolution to the Resolutions and Memorials Committee was then carried.

The Standing Committee.

Messrs. Beckstead and VanAllen moved that the Reeves be a special committee to strike the standing committees for the year and report that afternoon, if possible. Carried.

Council then adjourned to the call of the chair, on motion of Messrs. Thos. Johnston and Dr. Alex. Clarke.

Half an hour later Council resumed and the Clerk read the report of the special committee and the report naming the committees for the year adopted in Council:

Education, Messrs. Bonneville, Bryan, Casselman, M. A. Clark, Connors, Cowan, Danis, Foster, Irvine, Johnston, J. D. McDonald, D. A. McIntosh, G. L. McIntosh, McIntyre, A. J. McLellan, McLachlan, McRae, Nesbitt, Ross, Strader and VanAllen.

Finance—Messrs. Beckstead, Casselman, Cowan, Crowder, Foster, Gallinger, Graveley, Johnston, Kennedy, Lafave, Morrison, McCrimmon, McConnell, McDonald, D. A. McIntosh, McLellan, Fred McLeod, R. A. McLeod. McLachlan, Nugent, Ross, Shaver, Strader.

County Property—Messrs. Bryan, Casselman, Alex. Clark, Connors, Danis, Gallinger, Lafave, McCrimmon, McConnell, G. L. McIntosh, Fred McLeod, R. A. McLeod. McLachlan, McRae, Nugent, Ross, VanAllen.

Roads and Bridges—All the members of Council.

Equalization of Assessment—All members of Council.

Printing—Messrs. Beckstead, Alex Clark, Connors, Foster, Graveley, Morrison. McIntyre, McLellan, Fred McLeod, McRae, Nesbitt.

Communications — Messrs. M. A. Clark, Lafave, R. A. McLeod, Ross, VanAllen.

Resolutions and Memorials—Messrs. Bonneville, Bryan, Casselman, Cowan, Danis, Foster, Gallinger, Johnston, Kennedy, Lafave, Morrison, McCrimmon, McConnell, McIntyre, Fred McLeod, R. A. McLeod, McLachlan, Ross, Shaver, Strader, VanAllen.

Resolutions of Condolence.

Messrs. J. A. Lafave and A. W. Mctyre moved a resolutions of condolence on the death of James W. McLeod, a former member of Council and Warden in 1914 and a former representative for Stormont in the Ontario Legislature. The resolution was ordered inscribed in the minutes and a copy forwarded to Mrs. McLeod and family of the deceased, and was carried by a standing vote.

A similar resolution was passed in connection with the death of A. J. McLellan, of Williamstown, a former Reeve of Charlottenburgh Township. The resolution was introduced by Mr. D A. McRae and Mr. A. A. Kennedy and was ordered to be inscribed in the minutes and a copy forwarded to the relatives of deceased. A standing vote was also recorded in its favour.

The Warden asked the committees to meet as soon as possible the next morning and suggested that the Resolutions and Memorials Committee meet right after adjournment and organize in order that they might dispose of the business before the committee early in the session.

The Warden invited Mr. James F. Ault, the recently appointed sheriff of these counties, as a former member of Council, to a seat within the railing.

The Sheriff expressed his thanks and congratulated the Council on the splendid choice of a Warden. Dr. Munro, he said, was a capable man and would fill the position with ability and credit to the counties. The Sheriff said he had sat in the Council for five years, but only a few here now were here when he was a member and most of the faces were new to him. He hoped all would live long to represent their constituencies and do credit to the people who had elected them. (Applause.)

About Meeting on Time.

Mr. J. H Ross said it was important that the committees be punctual and when they were to meet at 9.30 a.m. they should be on hand at that hour. At the last session a by-law had been adopted increasing the indemnity from $5.00 to $8.00. There had been criticism of this action, some favourable and some otherwise. He had stated in the committee that he believed the representatives were entitled to the increase. He impressed on the Council the fact that the members were here to do business for the people and give their time for that purpose, and be punctual at committee meetings. Much time in the past has been wasted in waiting for a quorum for committees. It was the duty of every member to be punctual at the time specified and when a committee was called to meet at 9.30 members should all be present and get on with the work of the session as quickly as possible.

Mr. W. H. Gallinger agreed with all Mr. Ross had said. During his four years in the Council he noted that committees were invariably late in starting. Since the salary increase had been secured they should be doubly anxious to be on time. He was in favour of the increase, not so much for himself, but for those who came from a distance, but he thought all should try and reduce time. It was, he felt, up to the Warden to enforce punctuality.

Mr. McIntyre thought if the Resolutions and Memorials Committee met at once and dealt with and reported on Mr. Strader's resolution a short sitting could be held the following morning to see what the views of the Council were on the matter.

The Warden said he had asked the committee to meet following adjournment.

The Warden announced that the Mayor and Council of the town of Cornwall had invited the Counties' Council to a complimentary dinner at The Cornwallis Hotel at 6 o'clock that evening (Tuesday), and he hoped all the members would attend.

On motion of Messrs. J. W. Connors and Glenn A. Shaver, the Council adjourned until 4.30 p.m. on Wednesday, to allow committees to meet.

102 million

more cups of Salada tea were consumed in 1930 than in 1929 by the people of Canada.

CAREFUL SELECTION NEEDED

WHEN male birds of good parentage are used for mating purposes with hens of proven production ability, there is bound to be an increase in egg production. In an experiment recently concluded, fifteen birds had an average production of 123.6 eggs per year each. When careful selection of strong males was systematically applied, the production jumped to an average of 258.5, an increase of over 100 per cent in six years.

"Yes, I'll buy a ticket," said Mr. Newrich, when asked if he would attend a whist drive. "I don't know anything about whist, but I shall enjoy the drive."

The world has often been moved to laughter at the misplacing of a mark of punctuation. Tit-Bits produced this one:

The wife of a man who enlisted in the navy handed the pastor of a church the following note: "Peter Bowers, having gone to sea, his wife desires the pravers of the congregation for his safety."

The minister glanced over it hurriedly and announced: "Peter Bowers, having gone to sea his wife, desires the prayers of the congregation for his safety."

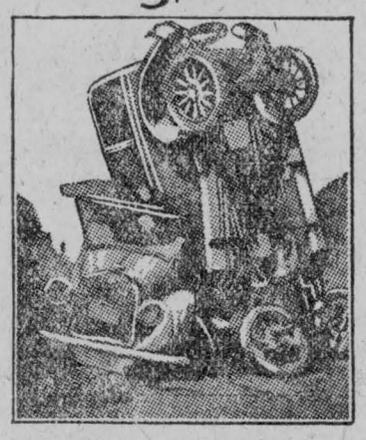
AUTOMOBILE INSURANCE

DRIVE in SAFETY



with an Automobile Insurance Policy to protect you against the hazards of Fire, Theft, Collision, Property Damage and Public Liability.

Every Automobile Owner in Ontario should know about the new Financial Responsibility Law effective since September 1st. The new law makes necessary the abi lity to pay for damage.

In its general application, it requires that the motorist responsible for damage to person or property of others MUST PAY either personally or through insurance OR BE BARRED FROM THE ROAD.

The sensible thing to do is to carry Automobile Liability and Property Damage Insurance. It is better to have this insurance and not need it, than to need it and not have it.

HAIL
LIGHTNING
FIRE
WIND

People who depend upon their crops should not be without some kind of the above insurance.

The loss of crops and barns, sometimes dwellings, is a serious matter to all farmers.

The claims paid through this office, just recently, have been large.

We aim to satisfy our policyholders, and do our utmost on their behalf.

Possibly you believe that you are carrying enough insurance. Think for a moment what a total loss would mean to you. This, as you will admit, is quite possible.

Information regarding various forms of insurance glady given, you are under no obligation whatsoever, just call or write.

Mainly About People

Mr. Frank Casselman, of Detroit, is spending a couple of weeks' vacation with his father, Mr. W. H. Casselman.

Mrs. Eleanor Blacklock, who has been visiting her sister in Montreal for the past month, returned to town on Tuesday.

In the obituary of Mr. H. J. McMahon a few weeks ago. Mr. E. B. Lynch and family's name for spiritual offerings was inadvertently omitted.

There are several positions vacant in the ranks of the Citizens' Band, and anyone interested in becoming a member of that organization may communicate with Jack Morris at this office.

Rev. R. W. Armstrong, of Morewood, author of "The Salt of the Earth," is in Toronto, where for a couple of days he will speak to the students of Emmanuel College on subjects chosen by the students.

Mr. B. C. Pankratz, of the Nestlé's Milk Products Co. staff, is at present doing a relief act at the Layng Produce and Storage Co.'s plant at Brockville where the superintendent and assistant are both confined to the hospital with appendicitis.

The many friends of Rev. and Mrs. H. S. Cooke, of Seeley's Bay, formerly of Morewood, will be pleased to know that following a highly successful term of six years as pastor at Seeley's Bay, Mr. Cooke was unanimously invited by the Board in annual session to remain as their pastor.

Here Come Cornwall Colts For the Play-Off

For the ninth year in succession Chesterville has been in the play-off, this year being the third set-to with Cornwall for league honours, when the teams line-up Monday night at the local arena. In former years there has always been a bitter taste in the mouth the morning after the night before, when it was remembered the least little bit of additional effort would have won the honours for the local team. It is admitted all along the circuit that both Cornwall and Chesterville have better hockey aggregations than in former seasons and are very evenly matched. Each club has won two games of the schedule on their own ice, Chesterville by two shut-outs; Cornwall with one shut-out and a 2 to 1 overtime victory. Each team has scored six goals against the other.

Assurance has been given that a referee with big league experience will handle the whistle, which should mean a fair field and no favours and let the best team win. Arrangements have been made for hadling a packed house. Chesterville Band has been engaged to be on hand to entertain the early comers with a choice programme. A block of seats are set aside where reservations may be made in advance at one dollar each; rush seats will be on sale at 75c and the general admission fifty cents. The reserved seat plan is at Bolster's store.

Hoasic

Mr. and Mrs. Milburn Hislop, of Iroquois, spent Sunday at Mr. Simeon Swerdfeger's.

Miss Mildred Swerdfeger returned home on Sunday evening after visiting her aunt, Mrs. W. H. Swerdfeger.

We are sorry to learn of the illness of Mrs. Roland Froats of Froatburn, and hope she will soon be around.

Mrs. Durham Wells visited Mrs. E. R. Marcellus on Wednesday.

Mr. Frank Wells and daughter Vivian are spending a few days in Montreal with Mr. and Mrs. Albert Milliner.

Mr. John Willard, of East Williamsburg, and Mrs. Lee Casselman, visited at Milfred Swerdfeger's on Tuesday.

Mr. and Mrs. Grant Black and Mr. Matthew Marcellus, of Aultsville, visited at Mrs. E. R. Marcellus' recently.

Mr. Reverley made a business trip to Morrisburg on Tuesday.

Mr. Geo. Hill was calling through here on Tuesday last.

Mrs. Fred Wells and children were guests of Mrs. Frank Wells on Wednesday.

Mr. and Mrs. Frank Wells and family spent Sunday with Mr. and Mrs. George C. O'Shaughnessy.

Goldfield

The funeral of Mr. Neil MacRae was held at the home of his son, Mr. Kenneth MacRae, on Saturday afternoon when service was conducted by Rev. Dr. O. J. Roberts, of St. Luke's Presbyterian church, Finch.

Meeting of Board of Health..	12.00

The Council adjourned to meet at Chesterville, Monday, March 2nd, at 10.30. —J. Steen, Clerk.

IN MEMORIAM

In loving memory of Raymond Barkley, who fell asleep in Jesus February 6th, 1930, aged 11 months and 2 days.

Beside your grave we often stand
With heart both crushed and sore,
But in the gloom the sweet words come,
"Not lost, but gone before."

God only knows how much we miss you,
He counts the tears we shed,
And whispers, "Hush, he only sleeps,
Your loved one isn't dead."

He was only a little rosebud.
A sweet little flower from birth,
But God took him home to Heaven
Before he was soiled upon earth.

God has gathered our little Darling,
Placed our bud among His flowers,
Taken back the child he lent us
To a better home than ours.

Ever remembered and sadly missed by his father, mother and brothers.—Mr. and Mrs. Lloyd Barkley.

Fails to Hatch Money

For five days, Mrs. Mary Lebua, of 408 East 72nd Street, New York, has sat upon two boards fastened together with metal clamps, in the centre of which she believed her savings of $600 reposed, and for five nights she has slept on the "money-hatching machine."

Faithfully she followed the instructions of a woman acquaintance, who induced her to leave her husband and give the acquaintance her money to put into the "machine" on the promise that her savings would be doubled.

Tired of her voluntary imprisonment in her furnished room, she opened the "machine." In it she found only a wad of newspaper clippings. The police are seeking the "machine's" inventor.
