To The Electors

VILLAGE OF WINCHESTER

In soliciting your support at the polls on Monday next, as a candidate for the reeveship, let me first extend my sincere appreciation for the confidence you have placed in me in the past. I sincerely hope I have proven myself worthy of that confidence.

As we glance into the future, let us keep looking ahead—not backwards. If we are to make Winchester a town worth living in, we must all work in harmony towards progress. We must all strive to gain those things which will be for the improvement and betterment of the community. Let us join hands and fight with all our might to accomplish greater things for Winchester, so that our town can be made a model town.

The hospital project may look large, but let us try to make it a reality. If we don't succeed, we will have the satisfaction of knowing that we at least tried.

I realize that the position of Reeve carries with it grave responsibilities, but I am confident that, with your co-operation and support, I can assume the duties of that office with honour and credit to the citizens of Winchester

If elected, I assure you that I am going to work only for those things which will make our village a better place in which to live.

If you see fit to mark your ballot in my favour, I will appreciate your confidence; if not, thanks again for the support you have given me during my terms as Councillor.

29c W. C. MacDONALD.

Hospital Project Gaining Support

During the past week, the hospital question has been very much in the limelight in Winchester. It was a topic for discussion at last Friday's municipal nomination meeting, when Councillor Walter MacDonald gave the electors a brief resume of his recent visit to Toronto, in company with Mr. W. J. L. Boyd, the other hospital delegate.

Several ratepayers who spoke at the meeting, expressed themselves as in favor of the project and offered their services in helping the Hospital Committee in any way they could. This was added encouragement to Councillor MacDonald, chairman of the Board, and other members of the Council, who are anxious to have public opinion expressed on the matter.

On Saturday afternoon a meeting of the newly appointed Finance Committee was held at Melvin's Garage, with Councillor Walter MacDonald presiding. Plans were made to make a canvass of the town within a few days, with a view to finding out just how the individual citizens felt about a hospital being established here, and at the same time to ascertain what financial assistance would be forthcoming from monetary and other donations. Mr. H. S. Carkner, who is very enthusiastic about a hospital, was added to the committee, and several other men are to be contacted to help with the canvass.

That a hospital is an urgent need in this district has been freely admitted by the medical profession, both here and in the surrounding communities. That it will be an asset to Winchester cannot be denied—not even by those who are taking an independent view of the question.

A local hospital would serve a long-wanted and useful purpose. It would be more economical than the present system of having to take our patients to the big city hospitals. For instance, if you had to undergo a serious operation, you would be admitted to the local hospital—a specialist in surgery from Ottawa or some other city would come here and perform the operation. The after care of the patient would be in the hands of a local physician, and this would be a whole lot cheaper than having the specialist continue to give you this after care.

Moreover, if you had to take treatment in a hospital, and no one knows when that might happen, wouldn't you much rather be confined to an hospital in Winchester, where your relatives and friends would be closer to you, than in some big city hospital 50 or more miles away?

Wouldn't Winchester and district doctors be enabled to look after the community's ills much better with the facilities of a local hospital at their disposal than they are at the present time? These are just a few of the many advantages a hospital in Winchester would have to offer.

Some citizens have expressed themselves as being opposed to a hospital because it wouldn't be a "paying proposition" from a money standpoint. No community hospital was ever built to make money. It was built out of necessity for dispensing service. Private donations, bequests from wills, municipal and government grants are what maintain a hospital.

The question has been asked—what type of hospital will be erected? This has not been decided—not until the committee knows where the citizens stand on the question and how much financial assistance can be obtained.

There is, however, under discussion, a cottage type hospital, similar to those being erected by the Red Cross. This would include a main building, about 40 x 70 feet, two storeys, with nurses' quarters on the second floor, and a wing projecting from each corner. It would contain twenty beds and up-to-date operating room, laundry, kitchen, dispensery, etc. Its location would probably be on a lot south of the local Higgh School. Estimated cost of such a building would be about $75,000, of which about $40,000 would have to be raised by public subscriptions. This is just something that is being considered—but nothing definite has been decided upon. No matter what type of hospital is to be erected, it would have to measure up to standards laid down by the Department of Health.

Winchester has been granted a charter for a hospital. A Board has been appointed to establish one, if possible. It is now up to the citizens to express their views on the matter—nothing else can be done until the cannvassers turn in their report.

Other communities are talking hospital, communities close to Winchester. Will we let them beat us to it? That's up to you as citizens. Think the matter over carefully and when a member of the Canvassing Committee visits you, give him all the help you can. The Press believes there is a definite need for a hospital in Winchester and urges all citizens to support it—but if you do not want to express yourself as in favour of the hospital—please don't knock it. The men who are behind this scheme are not doing it for personal gain, but as a service to the community.

WOMEN'S INSTITUTE

The November meeting of the W. I. was held in the Town Hall on Tuesday evening, Nov. 20th. with a good attendance. The minutes of the last meeting were read and the treasurer's report given. Reports were received from the liaison officer and convenor of the Red Cross Committee. The members decided to make 10 layettes for the Red Cross before the end of March.

The meeting was in charge of Mrs. Moffat and Mrs. Gilroy, and owing to the illness of Miss Todd, they were unable to have the Demonstration on Care of Clothing. A duet by Mrs. C. Cross and Mrs. E. Libera, accompanied by Miss Eleanor Hitsman, received a hearty applause. After community singing, a dainty lunch was served by Mrs. Gilroy and Mrs. Moffat. The meeting closed with the singing of the National Anthem. A vote of thanks was extended to the committee by Miss M. Empey.

WEDDINGS

CARKNER—SUMMERS

Western United Church parsonage, Ottawa, was the scene of a quiet, but interesting wedding ceremony on Saturday last, when Alice Helena Jean, only daughter of Mr. and Mrs. Edgar Summers, was united in marriage with Mr. Clair McDonald Carkner, son of the late Mr. and Mrs. John Carkner. The ceremony was performed by Rev. John A. Waddell. The couple were unattended.

For her wedding costume, the bride chose a dressmaker suit of light grey wool with brown and gold accessories.

Following the ceremony, Mr. and Mrs. Carkner left on a trip to Toronto and other Western points, the bride travelling in a Racoon coat over her wedding costume. On their return they will reside on the groom's farm near Winchester.

McINTOSH—McINTOSH

Williamsburg St. Andrew's United Church was the scene of a very pretty wedding on Saturday, November 17, at 2 p.m., when Alys Maude, younger daughter of Mr. and Mrs. Grant McIntosh, of Williamsburg, became the bride of George Preston, son of Mr. and Mrs. Cecil McIntosh, of Winchester Springs.

The ceremony took place before the altar, which was beautifully decorated with baby mums, ferns and chrysanthemums.

Previous to the ceremony, Mrs. Maefred Merkley, presiding at the the organ, played a medley of soft music Officiating at the ceremony was Rev. Dr. Geo. A. McIntosh.

The bride, who entered the church on the arm of her father, to the strains of Mendelssohn's Wedding March, looked very youthful in her floor-length gown of white triple sheer with plated bodice, a full skirt and bishop sleeves. Her three-quarter veil of tulle illusion fell from a Queen Anne headdress. She carried an arm bouquet of red roses.

The bridesmaids were her only sister, Muriel, and Mrs. Douglas McIntosh, who were dressed in floor-length gowns of blue and rose. They wore headdresses of chapel veil and carried arm bouquets of pink roses and white carnations.

The groom was able attended by Douglas McIntosh and Raymond McIntosh, brother of the groom. The ushers were Clare McIntosh, brother of the bride, and Elmore McIntosh, brother of the groom.

During the signing of the register, Ave Maria and Gold Mark's Wedding Music were played by the organist.

Mrs. McIntosh, mother of the bride, chose a cocoa brown dress, with brown accessories and a corsage of yellow carnations.

Mrs. McIntosh, mother, of the groom, chose an aqualine blue dress with a corsage of American Beauty Roses.

Following the ceremony, a buffet luncheon was served to about forty-five guests at the home of the bride. Acting as hostesses were Evelyn Casselman, Norma Merkley, Lois Munro and Marjorie Nesbitt. The toast to the bride was proposed by her grandfather, Mr. Howard Nesbitt, and was smartly responded to by the groom, who also offered congratulations to Mr. and Mrs. O. J. Wert, uncle and aunt of the bride, who were celebrating their 25th Wedding Anniversary. The bride's bouquet was caught by Miss Marjorie Nesbitt.

Later, the young couple left by motor, amid showers of confetti and good wishes, for Toronto and other other western points. For travelling, the bride chose a pale blue sheer dress and light blue coat with beaver trimmings. She wore brown accessories and a corsage of pink roses and white carnations.

Prior to her marriage, the bride was a member of the staff of the Bel Telephone Co. in Prescott.

Out-of-town guests were: Miss Tottie Reveler, of Ottawa; Mr. and Mrs. Lloyd Brown, of Spencerville; Mr. Albert McIntosh and Mrs. G. A. McIntosh, of Winchester; Mr. and Mrs. Gertis Montgomery, of South Mountain, and Mr. and Mrs. Clifford Baker, of Cardinal.

On Sunday previous to her wedding, Mrs. G. A. Montgomery, of South Mountain, entertained about twenty of the bride's friends to a tea and shower. The afternoon was spent in social intercourse and singing. A dainty buffet luncheon was served and all present extended best wishes to the bride for her future happiness.

PORTEOUS—WALKER

The home of Mr. Wm. J. Walker, Ormond, was the scene of a pretty wedding on Saturday afternoon last, when his daughter, Miss Mary Lydia Walker, became the bride of Mr. Leonard Clifton Porteous, of Rosemount, Que. The ceremony was performed by Rev. A. H. Jones, pastor of Vernon Baptist Church. The attendants were Mr. and Mrs. Ray C. Walker. Following a brief honeymoon, Mr. and Mrs. Porteous will take up residence in Montreal.

BLOW TO PREJUDICE

The decision of Mr. Justice J. Keiller Mackay, in declaring void a clause in a deed which stipulated that a certain parcel of land was "not to be sold to Jews or persons of objectionable nationality," was on the noblest level of jurisprudence. It was in the main stream of the humane tradition of British justice, and in setting a notable precedent moved forward substantially the achievement of the social equality of mankind. Mr. Justice Mackay's courage and character were never more favorably revealed than in this high-minded judgment, which will add permanent distinction to the long-unfolding development of the law, says the Toronto Globe & Mail.

What race prejudice did to a nation is plain to see in the fate of Germany. Allowed free rein, it comes to its final flowering in concentration camps like Belsen and Osweicim, in which millions of people innocent of everything but their racial origin were tortured and killed by degenerate representatives of the "master race" which held them in contempt.

That, in extreme, is what race prejudice does to a people. That is why it must not be allowed to continue in any form or degree in Canada. It is a poison which perverts the personality, corrupts human relationships, and eventually destroys the institutions of society. Its antidote is an enlightened point of view, a spiritual change which cannot be written into laws, but must be accepted and lived by the individual in all his relaships.

The judgment is itself a strong indication that the enlightened point of view which made it inevitable is slowly but steadily growing broader. It will bring satisfaction to many people that the vicious prejudice of which the clause of the deed was a symptom will not receive legal sanction. It will no longer be possible to prevent any person of any race or creed from living where he wishes to live. This is the essence of freedom,

Let those who disapprove this decision consider the implications of their position. It would permit the enforcement of any sort of prejudice as part of the sale and ownership of land. A certain owner might stipulate that his land might not be sold to persons of Southern Irish birth or descent—a group well known to be the salt of the earth—because of the attitude of the Eire Government toward the war. Such prejudice would quickly be recognized for the ridiculous thing it is. It is a precise analogy of the prejudice against Jews or "foreigners."

In a particular and vital way, Canada has confirmed its victory in the war through this broad and tolerant judgment. It has made real to many people the sincerity with which Canada regards the United Nations pledge, proclaiming that it reaffirms "faith in the fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women and of nations, large and small . . . and for these ends will practice tolerance and live together in peace with one another as good neighbors."

A SIGN OF PEACE !

Resumption of the practice of offering cash prizes for the best gardens around Canadian Pacific Railway stations has been announced by E. D. Cotterell, vice-president and general manager, Eastern Lines.

The awards, which were discontinued during the war years due to pressure of handling heavy war loads, range from $50 for the best garden in each district down to $10, which is the prize for the second best old garden on each division. As an incentive to new gardeners, a $15 prize is being offered for the best new garden on each division.

C. P. R. station gardens enjoy a continent-wide reputation for beauty, and in order to maintain their pre-war standard, the railway has under consideration a plan to establish greenhouses at strategic points from which company men may secure plants.

EDITORIAL NOTES

Christmas is less than one month away—have you done your Christmas shopping?

One of the hardships of the apple-crop failure in Northeastern America is looking forward to a winter of dried-apple pies.

Commenting upon the poor showing made by the CCF in the recent Manitoba elections, Toronto Saturday Night says: "We think it should impress upon the leaders the fact that a party completely dominated by trade-union elements cannot expect to get very far in a country in which small-holding agriculture is still the occupation of a vast, solid and very powerful element of the electorate."

Many local hunters who went to distant places in Ontario and Quebec in search of deer, came home disappointed this year. Those who were content to take advantage of the open deer season in Mountain, Williamsburg and Matilda Townships, on the other hand, have been exhibiting some prize animals which they shot in these areas. Mountain, in particular, has proven to be a sportsman's paradise for more than one hunter. Several deer, weighing well over 250 lbs., were taken out last week.

There was an improvement in the attendance at the local Nomination Meeting, held last Friday. Possibly the earlier date had something to do with this. However, the attendance should have been larger. Fifty citizens were present, but in view of the fact that the Council administers the affairs of the municipality on behalf of all taxpayers, there should have been at least 200 present. Most citizens will admit, however, that the 1945 Council conducted the town's business in a very credible manner and are content for the present Board to carry on if they wish to.

The Ontario Liquor Authority Control Board meeting at Barrie refused the application for a beverage room license at a summer resort in Tiny Township. Many appeared to oppose it, including the Township Council in a body, but none were even called. Meeting at Brockville last week, the same Board refused to issue an authority or license to the Dundas Hotel Co., who proposed to erect an hotel on the outskirts of Winchester. A petition, containing about 2000 signatures, and resolutions opposing the issuing of a license, passed by both Winchestetr Village and Township Councils, School Boards, Church Societies, etc., were sufficient evidence to influence the Board in its decision. This indicates the probable fate of beverage rooms if the peope of Ontario had the opportunity again to vote on the question.

CHRISTMAS CONSOLATION

(St. Thomas Times-Journal)

There's some consolation about the threatened cigar shortage. Husbands may have to do without cigars, but at least they won't have to smoke the kind that sometimes come as Christmas gifts.

DANGEROUS ADVICE

(Chatham News)

A prominent New York physician recently stated that in many instances people suffering from minor ailments are in a serious condition before they consult a doctor as the result of taking the advice of some friend or acquaintance and trying to cure themselves through the use of some "pet" nostrum altogether unsuitable. Taking advice and giving it is apt to have painful consequences.

VICTIMS OF STRIKES

(Almonte Gazette)

Strikes seem to be spreading all over the United States and Canada. One ponders on who will be the eventual victims of these economic upheavals. Judging from the past, it will be the poor, inoffensive middle class which is neither capitalistic nor trade unionist in its affiliations. They are not concerned in these disputes but seem always to be projected between the two mill wheels.

(Ottawa Citizen)

Why should the Dutch be assailed so bitterly? They have on the whole treated their subject races well. They have, for example, turned the Javanese from a group of savage fighting tribes into a sober, industrious and relatively prosperous people. DEBT MUST BE PAID

Those optimists who expected enormous cuts in taxation once the war was over are in much the same category as the happy-go-lucky Micawber who, when he secured a three months' extension on his promissory notes, exclaimed: "Thank goodness, that debt's paid!"

FEDERATION OF AGRICULTURE OPPOSED TO ATTITUDE OF ORGANIZED LABOUR

(The Canadian Statesman)

Durham County Federation of Agriculture held a very successful meeting at the home of Arthur Thompson, Kendal. The holding of these monthly meetings is proving to be quite a feature when they can be held in the homes of different members throughout the county.

There was a lengthy discussion regarding conditions prevailing in the country and a committee of two was appointed to draft a resolution dealing with the same and the following resolution was passed:

"The members of Durham County Federation of Agriculture have watched with growing concern the demands being put forward by Organized Labour and the methods employed to have them granted.

Believing that the immediate effect of these actions is to increase the spread between the price received by the farmer and that paid by the consumer, and knowing that this invariably places the farmer at a disadvantage both as an employer of labour and as a citizen, we, the Durham County Federation of Agriculture, strongly disapprove of the attitude of Organized Labour during recent strikes which indicate a decided indifference to the growers of foodstuffs and the maintenance of democratic institutions and government."

For Relieving Miseries of

Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason . . .

The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—and keeps on working for hours—to ease coughing spasms, help clear congestion in cold-clogged upper breathing passages, relieve muscular soreness or tightness. It promotes restful sleep. Often most of the misery of the cold is gone by morning! That's why VapoRub is so good to use when colds strike. Try it!

Our Column

It's not what I possess but what possesses me.

Children are the product either of our time or of our spare time.

It's the division between parents that adds up to problem children.

It's not where our sphere of influence is, but what is our influence on the sphere.

They stepped into a church and were made one. Nowadays the question is—which one?

Good laws may not always make good people, but good people ought always to make good laws.

" Everybody thinks about himself," said a downcast man, "and I'm the only one who thinks about me."

Democracy isn't a scramble where everyone seeks place, but an ensemble where everyone takes part.

If Goering is to be executed, as seems quite possible, why go to all the trouble of curing him of his addiction to drugs?

A good many of the service men crowded aboard homeward-bound liners probably wonder why they were called "luxury ships."

There's one good thing about these fall rains. They prove pretty conclusively whether or not the summer roof patching was a success.

A definition of a real friend: One who knows all about you and likes you just the same. Give more friendship and you will have more friends.

A Hamilton man is said to have cut his throat in order to show how much he is in love with his wife. He recovered, so they will probably live happily ever after.

For the third time within 10 years the village of Rodney has voted against the establishment of a beverage room in its midst. Wise old Rodney!—Brockville Recorder.

The lid is off and we can build our house of dreams, as soon as we can find a carpenter, a laborer or two, a cement mixer, a painter and some tools, lumber, nails and money.

EDUCATION

(Brockville Recorder & Times)

Maybe our schools aren't all they are cracked up to be. At any rate, girls and boys returned to Britain are said to be having a hard time passing examinations for schools there, and many public schools have accepted the boys although the results of the entrance examinations would have kept them out. We can still learn a lot from British education.

DUTIES OF ZONE FORESTERS

Article 4

As explained in the previous article, the Reforestation Division of the Department of Lands and Forests has divided the southern settled part of the province into five divisions for administration purposes. In each zone one or more graduate foresters have their headquarters. Zone five comprises the counties of Renfrew, Frontenac, and the part of the province which lies to the east of those counties. Headquarters for the zone is the Department of Lands and Forests Office, Box 23, Kemptville, which is just opposite the post office, on the main street.

The zone forester has varied duties. Distribution of forest tree seedlings for planting in waste areas or as shelterbelts for farmers; supervision of the county forests; setting up demonstration woodlots; investigation of land suitable for forestry purposes; studies of tree growth and reproduction; and giving talks or demonstrations, these are all part of his work. If you or your club would like to have a discussion on a forestry subject, write, phone, or visit some time in advance and the zone forester will arrange to help you or be present at your meeting. It is especially hoped that farm forums will take advantage of this opportunity.

Zone 5 has a small experimental forest tree nursery on the Kemptville Agricultural School farm. On this area experiments concerning growth of new varieties of poplar, direct seeding experiments and propagation methods are being carried on. Most of the trees for distribution in this zone have been produced at Orono.

The next article will deal with the Municipal Forest Act.

WILLIAMSBURG COUPLE CELEBRATE SILVER WEDDING ANNIVERSARY

Mr. and Mrs. O. J. Wert, of Williamsburg, upon returning from the McIntosh-McIntosh wedding on Saturday evening, Nov. 17th, were pleasantly surprised to find their home occupied and decorated in honour of their 25th Wedding Anniversary.

Mr. and Mrs. Wm. Neil, Mrs. Robt. Christie and Miss Nina Tuttle, of Ottawa, were doing the honours for the occasion, with the help of Rhea Dell Wert. The house was decorated with multi-colored mums and ferns. The table was centred with a three-tier wedding cake and tall tapered pink candles in silver holders.

At 11 p.m., a bountiful supper, with Mrs. Wm. Neil as hostess for the occasion, was served to about forty guests. A toast to the bride and groom of twenty-five years was proposed by Mr. Wm. Neil and was ably responded to by Mr. Wert. During the evening an old-time mock wedding was staged, which caused plenty of hilarity. Mrs. Wert's sister, Mrs. Geo. K. Casselman, acted as clergyman, Nina Tuttle and Wm. Neil as bride and groom, with Mrs. Christie at the piano.

Mrs. Wert was the former Alice McIntosh, daughter of the late Mr. and Mrs. Louis McIntosh, of Williamsburg, and Mr. Wert was the son of Mr. and Mrs. John A. Wert, formerly of Cornwall. They were married at Elma Methodist parsonage by the Rev. J. B. Howe. The ceremony was witnessed by Mr. and Mrs. Hugh McIntosh. They have one daughter, Rhea Dell, at home.

Mr. and Mrs. Wert were the recipients of many gifts, cards and personal congratulations.

CARD OF THANKS—We desire to express our sincere thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our friends and neighbours, in our recent bereavement in the loss of a beloved husband and father. We are especially grateful to the Rev. A. Hilliard Jones, the Union Choir, and local and distant Orangemen. —Mrs. Stetphen A. Kinnaird and Family. 29c.

CARD OF THANKS—I wish to take this opportunity to thank my friends and relatives who sent cards, letters, treats and other gifts to me while confined to bed for the past month. — Mrs. Luther Deeks. 29c.

CARD OF THANKS—To the many friends who remembered me while I was a patient in the hospital, I extend my sincere thanks. It was a pleasure to receive your letters, cards, etc. 29p. Mrs. Frank Derry.

CARD OF THANKS—I wish to take this opportunity to thank all those who sent me cards and letters, also those who visited me while a patient in the Ottawa Civic Hospital.—Mrs. Thomas M. Kerr, Jr. 29p.

IN MEMORIAM—In loving memory of Mrs. Hannah K. Shirkey, who passed away Nov. 28th, 1944.
Deep in the heart lies a picture
Of a loved one laid to rest,
In memory's frame we shall keep it
Because she was one of the best.
—Horton, Lena and Helen Shirkey. 29c.

IN MEMORIAM—In loving memory of our dear aunt, Hannah Shirkey, who passed away Nov. 27th, 1944.
Gone from us but leaving memories
Death can never take away,
Memories that will always linger
While upon this earth we stay.
—Ever remembered by her nieces and nephews, Mary and Ross C. Nicholls, and Effie and Jos. G. Myers. 29c.

IN MEMORIAM—In loving memory of Lyle D. Merkley, who passed away on November 24th, 1943.
Remembrance is a golden chain
Death tries to break but all in vain;
To have, to love, and then to part
Is the greatest sorrow of one's heart.
The years may wipe out many things,
But this they wipe out never—
The memory of those happy days
When we were all together.
—Ever remembered by Shirley, John, Mother, Effie and Lee. 29c

Having served you for two years as Councillor, five years as Deputy Reeve and for the past ten years as Reeve, during which time I have always tried to look after your interests to the best of my knowledge and ability, I am again offering myself as a candidate for the reeveship in 1946. My long experience with municipal affairs and my past record, I believe, are worthy of your confidence and support. I take this opportunity of extending to the ratepayers my heartfelt thanks for the splendid support they have always given me and trust that they will support me on Monday next.

Wishing you the compliments of the season.

29p W. J. McCONNELL.

TO THE ELECTORS OF THE TOWNSHIP OF MOUNTAIN

Dear Friends:—As I am seeking re-election as Deputy Reeve of Mountain Township on Monday next, I would appreciate your votes and support. During my terms as Deputy Reeve and Councillor, I have at all times worked for the good of Mountain Township and its ratepayers. In soliciting your support next Monday, I wish to thank you for your past support, and rest assured that if you see fit to re-elect me, your confidence will not be misplaced. Wishing you all the compliments of the season, I am, your obedient servant,

29p. FRED HUTT

TO THE ELECTORS OF THE TOWNSHIP OF WINCHESTER

Having decided to contest next Monday's election as a Councillor for Winchester Township, I would appreciate your support and influence. Telephone No. 21, The Winchester Press, when you need printing.

TO THE ELECTORS OF THE TOWNSHIP OF MOUNTAIN

I am again a candidate for the reeveship of Mountain Township. With many years of municipal experience and an unblemished record, I solicit your support and influence at the polls on Monday, December 3rd. As in the past, I pledge myself to work for the best interests of the township and its citizens, if re-elected.

Thanking you for past favours and wishing you all the compliments of the season, I am, your obedient servant,

29c ROBERT BRYAN.

TO THE ELECTORS OF THE TOWNSHIP OF WINCHESTER

Through circumstances over which I had no control, I was unable to accept nomination for either Reeve or Deputy Reeve, but, at the request of a number of ratepayers, I accepted that of Councillor.

I have served you to the best of my ability as Councillior during 1937, 1938 and 1939, and as Deputy Reeve in 1940, 1941 and 1942. I have also served on many important committees during my term in County Council, and was elected Dircetor of the "Ontario Association of Rural Municipalities" in 1942 while attending the annual convention of the Association in Toronto, as a delegate from the Counties.

My past record speaks for itself, and if elected next Monday, I will serve you to the best of my ability.

Wishing you the compliments of the season.

29c E. B. McMILLAN.

TO THE ELECTORS OF THE TOWNSHIP OF WINCHESTER

Having been nominated for the position of Deputy Reeve for the coming year, I am making this appeal through the columns of the press, as I do not intend to travel the road canvassing for votes, but will appreciate your vote and influence on Dec. 3rd. I have served for the past six years as Councillor, and by so doing I am better prepared to serve you as your Deputy at Counties' Council, and have been able to have the county assessment lowered for Winchester Township several times in the past while attending Counties' Council. If elected, I intend to do all in my power again to have this high rate cut down. Sincerely yours,

29p. GEORGE BEATTIE

TO THE ELECTORS OF THE TOWNSHIP OF WINCHESTER

Having been nominated for the office of Deputy Reeve, I appeal to the electorate of this township for their support and influence on Monday, Dec. 3rd.

Wishing you all the compliments of the season.

Your vote and influence is respectfully solicited, and if elected, I will work for the best interests of the township and its ratepayers. Yours sincerely,

29p. H. E. DURANT.

TO THE ELECTORS OF THE TOWNSHIP OF MOUNTAIN

OBITUARY

LATE STEPHEN A. KINNAIRD

There passed away suddenly on November 22nd, 1945, one of Vernon's highly esteemed and beloved citizens in the person of Stephen Alden Kinnaird. Born at Morewood fifty-four years ago, a son of the latte George Kinnaird and Margaret Carruthers, he chose the manufacturing of cheese as his vocation, and operated factories at Cannamore, Edwards and Osgoode Centre, until in 1917 he settled near Vernon, having taken over the Belmeade factory.

Of a quiet and unassuming nature, he was always ready to assist with any project for the betterment of the community and spiritual life. A Presbyterian in religion, he was an elder of the Vernon church and a member of the Orange Order. A former member of Russell Lodge, he transferred his certificate to L.O.L. No. 1095, Vernon, Ont.

The funeral service, under the auspices of the Black Perceptory 937, Russell, was held in the Presbyterian Church on Sunday, conducted by Rev. A. Hilliard Jones of the Baptist Church, in the absence of a resident pastor. He spoke briefly from Psalm 116:15: "Precious in the sight of the Lord is the death of His Saints," and a Union Choir rendered "My Soul Clings to Thee." Interment was in Maple Ridge Cemetery.

The floral tributes, which were beautiful, were as follows: Pillow—The Family; Sprays—Sisters and Brothers; Mr. and Mrs. Stanley Campbell and family; Mr. and Mrs. Earl Campbell; L.O.L. No. 1095 Vernon; The Cheesemakers' Association.

Wreaths—Mr. and Mrs. Cecil Acres and family; Mr. and Mrs. Peter A. MacMartin and family; Belmeade School Section; The Session of the Presbyterian Church.

Double Spray—The MacPhails and the MacMartins.

Baskets—Patrons of Belmeade Factory; Mr .and Mrs. Wm. H. Acres; Black Perceptory, 937, Russell.

There are left to mourn the passing of a beloved relative and friend, his wife, the former Ida MacDonald, of Metcalfe; two sons, overseas, Orval Frances, stationed at Nejmegan, Holland, and Ellis MacDonald, at a clearing depot in England, enroute home; and a little grandson, Winston, to whom he was devoted; one sister (Alice) Mrs. Milton Caasselman, of Kars; and three brothers, Frank, of Hargrave, Man.; Thomas, of Smiths Falls, and Willis, of Chesterville, as well as a host of sorrowing friends.

They call it "Death," your going?
We listen to hear you call,
You've just travelled a few steps
beyond us ,
On life's journey—that is all.

A little butter on the spout of the cream pitcher will make it pour easily without dripping on the tablecloth.

PLANNING for EXPANSION OF RURAL TELEPHONE SERVICE

To keep step with farm progress and to extend service to more farm families, the telephone industry is working on important new devices and methods.

Plans are already under way for resuming the rural telephone expansion program suspended in 1940, when equipment and material became urgently needed for the armed forces. Surveys are being made to determine the needs and to provide the facts for carrying out plans to expand farm telephone service.

The goal is to bring the telephone to the greatest possible number of farm families.

HINTS FOR THE HOME

Marshmallows

Spread butter on the knife and marshmallows will not stick to it.

Chocolate Stains.

To remove chocolate or cocoa stains from a garment, use borax and cold water. Soak the garment in the solution for a day.

Soup

It is not well to allow the soup to boil rapidly. Just as soon as the boiling point is reached, turn the flame low and let it simmer.

The Pressing Cloth

One secret of successful pressing is to have the pressing cloth just damp enough to give good steam, neither too wet nor too dry.

Hot Water Bottle.

If the top of the hot water bottle will not turn, thrust the toothbrush through the loop of the stopper, and turn as you would a handle.

Damp Cupboards.

If a cupboard is damp, try placing a box of quicklime in it for a few days to absorb the moisture. This will prevent the breeding of silverfish.

Bleaching a Dress.

A faded wash dress can be bleached entirely white by dissolving a half cup of cream of tartar in two gallons of water and boiling the dress in this solution.

Dusty Curtains.

If the curtains are dusty, but not dirty, hang them on the clothesline and brush thoroughly. Dry bran may also be rubbed into them, then shaken and brushed carefully.

Loose Casters

Whe a caster is loose and continually slips out each time the furniture is moved, wind a narrow strip of adhesive tape around the stem of the caster until it fits the casing.

Window Sills

If all the window sills are waxed it will protect them from rain and dust. Wax them once every three months, dust them every day, and they will always be in excellent condition.

Mashed Potatoes

To make an attractive dish out of a rather plain one, decorate the top of the mound of mashed potatoes with minced parsley, a sprinkling of paprika and a large lump of butter in the centre.

Care of Palms

It is not well to water palms too often. It is much better to allow the earth to become dry, then give it a good soaking. The palms should be sponged every week to keep them in good condition.

The Umbrella

The rods of the umbrella will not catch on other people's belongings, when on a crowded street car, if a rubber band is wrapped around the lower part of the handle and then slipped over the tips of the rods.

Baking Fish

When it is desired that baked fish be particularly nice, try slipping two strips of clean muslin under the fish before laying it in the pan. The muslin acts as handles when removing the fish and will prevent breakage.

Cleaning Pans

As soon as boiling milk has been poured out of a pan, place a cover over the pan before the steam escapes. Let the pan cool before taking off the cover, then fill with cold water and allow it to soak until ready to wash.

THREE VICIOUS RUMORS WRECKED HER LIFE

She was breathlessly beautiful; had fame and fortune; was the envied darling in Society's most gilded era, but three scandalous rumors reduced her to utter misery aand ruin. For the spectacular story of this, the original "fatal beauty," read "TRAGEDIES OF SOCIETY," in The American Weekly with this Sunday's (Dec. 2) issue of The Detroit Sunday Times.

Hello Homemakers! Indications are that we shall have a fair supply of fruits and peels for our Christmas baking, but don't . . . please don't return to your grocer time and again buying two lbs. instead of one of imported festive foods. We shall enjoy the holiday fare more heartily, knowing no one goes without.

TAKE A TIP

Making a fruit cake:

1. Don't tackle the job all in one day. Clean and snip the fruits, shred the peel and store in covered jars, and blanch the nuts, the day before baking.

2. Be sure to use fresh eggs, butter and nuts.

3. Cream fat until soft and work in the sugar well. Add eggs one at a time and beat well after each addition.

4. Mix and sift dry ingredients and combine with dried fruits, peel and nuts. Add to first mixture and stir thoroughly.

5. Turn into tins lined with 2 thickneses of heavy greased paper, filling tins two-thirds full, and bake in a preheated oven of 275 degs.

6. If oven has no oven control, set a pan of hot water in the bottom to prevent cake from burning, in case the oven becomes hotter than it should be.

7. Two cake tins require about 2½ hours. Test with a splint.

Light Fruit Cake

1-2 lb. (about 1 1-2 cups) seedless raisins, 1-2 lb. citron peel, 1-4 lb. of blanched almonds, 3-4 cup glace or well-drained maraschino cherries, 2½ cups sifted all-purpose flour, 1 tsp. baking powder, 1-2 tsp. salt, 1-2 cup of soft shortening, 1-2 cup soft butter, 1 tsp. vanilla, 1 tsp. almond extract, 2 tsps. rose water, 1 tsp. of grated lemon rind, 1 1-4 cups granulated sugar, 4 eggs, 1 1-2 tbsps. of lemon juice.

Dark Fruit Cake

3-4 cup shortening, 2 tbsps. butter, 3 cups sifted all-purpose flour, 1 1-2 tsps. baking powder, 1-2 tsp. soda, 3-4 cup brown sugar (firmly packed), 4 1-2 cups raisins, 1-2 cup currants, 3-4 cup sliced candied or maraschino cherries, 1 cup mixed peel, 3-4 cup shredded citron peel, 1-2 cup blanched almonds (optional), 3 eggs, 1-2 cup plus 2 tbsps. grape juice, 1-3 cup of molasses, 1 1-2 tsps. vanilla, 1 1-2 tsps. lemon extract, 3-4 tsp. almond extract.

Grease and line cake tins with greased paper. (Use two medium standard Christmas cake tins). Allow shortening to stand at room temperature until soft. Combine flour (sifted before measuring) with baking powder, soda, salt and sift together. Prepare and mix fruits and peel. Beat eggs, add grape juice, molasses and flavourings. Cream softened shortening and add sugar, creaming together well. Add dry ingredients slowly until well blended with shortening and sugar mixture. Add fruit and almonds and mix in well. Add fruit and almonds and mix in well. Add combined liquids and mix until blended. Fill cake tins two-thirds full and bake at 275 degs. for 3 hours.

Note: If currants are not available use a combination of seeded and seedless raisins to make up the 5 cups required in recipe.

THE QUESTION BOX

In answer to numerous requests for Christmas cake recipes we have published our favourites in the foregoing section of this column. We trust they are in time for your baking day.

Mrs. S. G. asks: Would you advise drying maraschino cherries to use as a substitute for candied ones?

Answer: We suggest boiling the juice of the maraschinos for 10 or 15 minutes and then pouring it over the cherries. Stir while boiling.

Mrs. T. C. asks: Recipe for Inexpensive Plum Pudding.

Inexpensive Plum Pudding

1 cup soft bread crumbs, 1 cup of brown sugar, 1 cup seedless raisins, 1-4 cup slivered candied peels; 1-4 cup nuts (optional), 1-2 cup once-sifted flour, 1-2 tsp. baking soda, 1 tsp. salt, 1 tsp. cinnamon, 1-4 tsp. (each) of nutmeg and ginger, 1-8 tsp. (each) ground cloves and allspice, 2-3 cup (each) grated raw carrot, raw potato and raw apple, 2 eggs.

Mix crumbs, brown sugar, raisins and currants (have raisins washed and dried); mix in peels and nuts. Measure sifted flour and add soda, salt, cinnamon, nutmeg, ginger, cloves and allspice; sift together twice. Add flour mixture to fruit mixture and combine well; mix in suet, carrot, potato and apple. Beat the egg until thick and light; add to fruit mixture and combine. Turn mixture into a greased pudding mould, filling it only two-thirds full. Cover closely or tie down with heavy waxed paper. Steam in a closely covered steamer over rapidly-boiling water 3 1-2 to 4 hours. Cool thoroughly before storing in a cool dry place. Before serving, resteam for about 1 hour.

Anne Allan invites you to write to her in care of The Winchester Press. Send in your problems on homemaking and watch this column for a reply.

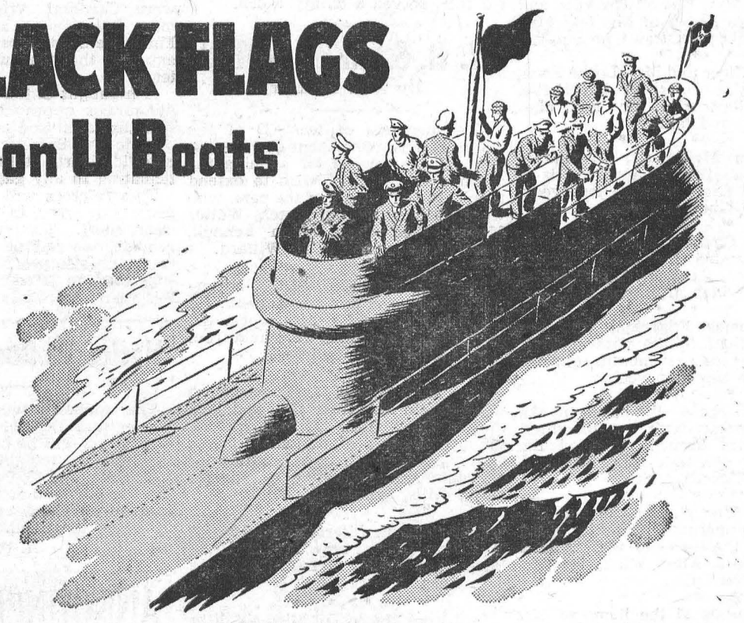
BLACK FLAGS on U Boats



When Nazi U-boat commanders hoisted black flags of surrender, it was a "go ahead" signal to the three out of every eight Canadians who normally depend for their livelihood on export trade.

For five years the flow of foreign trade has been largely a government responsibility. But now, to help create peacetime jobs, Canadian enterprise must do its full share in finding customers abroad. This means doing business all over the world, in strange and distant cities, in a hundred languages and currencies.

Canadian banks have a key role in this complicated but essential peacetime task. Every day their foreign branches and correspondents arrange credits, handle documents and perform other intricate operations to bring buyers and sellers together across the obstacles of distance, language and custom.

This banking service is of primary importance to business and to every Canadian worker as Canada turns to the task of recreating trade abroad to provide jobs at home.

Beer and Wine License Refused.

At a meeting of the Ontario Liquor Control Authority Board, held in Brockville last Thursday, the Dundas Hotel Company's application for a Beer and Wine License for a proposed hotel to be erected on Highway 31 in Winchester Township, was refused on the grounds that there was too much opposition to the granting of such license. The Board had been presented with a petition against issuing a license, signed by over 2000 people. In addition, resolutions against the sale of beer and wine in the proposed hotel were sent from several municipal councils, school boards and church organizations within the authority area. A delegation of about 15 men from this district was present at the meeting. In dealing with the application, the presiding judge said: "We could not possibly issue a license in the face of such strong opposition."

Central Ottawa Valley Junior Hockey Meeting

The Central Ottawa Valley Junior Hockey League was again organized for the 1945-46 season on Thursday, November 22nd, when the representatives of the respective teams in the league met at Chesterville. The financial statement showed a balance of $33.85 for the new season. A new executive was elected, consisting of the following officers: President, Gordon Mackenzie, Cardinal; vice president, Delmer Timmins, Inkerman; Secretary-Treasurer, A. C. Casselman, Cardinal. Clubs represented were Cardinal, Winchester, Inkerman, Morrisburg and Chesterville. Finch were not represented but it is expected that they will be entering a team.

A highlight of the meeting was the unanimous approval to the suggestion that each and every player present to the Secretary of the league an official birth certificate before participating in any game.

Two referees will be used in each game this year in order to insure clean sport. The visiting team will provide one referee while the home team will also provide one. Referees suggested to handle Junior Hockey this year were: Melvin "Shy" Harper, Lyle Alford, Frank Bailey, Gordon Smith, Fred Lampson, Arthur Dupuis, Alfred Jarvis and John Pontbriand.

Gordon Mackenzie and A. C. Casselman, delegates to the Annual District meeting held in Ottawa on Saturday, Nov. 24th, report a fair attendance at the meeting. This was the 25th annual meeting of the Central Ottawa Valley District Hockey Association. Junior Hockey problems took up most of the time. A new constitution is to be written which will modernize the by-laws of olden days. The meeting approved the spending of more money to encourage Junior Hockey in this district.
