Trade Fair Returns With Big Ovation

Winchester's three-day Trade Fair, sponsored by the local Chamber of Commerce, was rated an overwhelming success by officials and big crowds which were on hand all three nights.

The new community centre had been meticulously laid out in blocks and Chamber members were amazed when it became apparent long before the big event that space would have to be alotted on a 'first come first serve' basis since demand far exceeded the supply.

When firms began setting up their colourful displays many had purchased several spaces. For example Angus Motors reserved six spaces near the entrance and others picking up additional floor space included George Elliott, W.J. Porteous and Sons, Harvey MacIntosh, Carl-Don Equipment, W.J. L. Boyd and Sons, Ottawa Motor Sales, H.S. Lannin, Roy Fawcett, Lorne Acres, Parcoll Auto Parts, and Ontario Provincial Police.

Other firms with colourful exhibits were: The Country Boy; Davidson's Jewelry, Biccum and McIntosh, Wincrest Dairy, Aults, Crerar's Apiary, S.G. Black, Ken Broad, Parcoll Auto Parts, Ron Freeland, Cecil Harrison, Hugh Eadie, Ross McConnell Monuments, Fred Hagman, Vice Furniture, Seaway Pharmacy, 100 Club, Lions Club, Winchester Public Library, MacDonald Real Estate, G.N.C. Homes, Royal Bank of Canada, Leroy Empey, Winchester M & M, and Muriel's Flowers.

Winchester 'Hawks', the local entry in the St. Lawrence Junior 'B' Hockey League were ably promoting their team in a concession rented for them by Dixon's Food Market and nearby Winchester Women's Institute appeared to be conducting a thriving business in a booth donated to them by Walter Shadbolt.

A glance at the 'space map' showed 38 business firms having 'bought' the 62 available spaces.

CFRA sportscaster Mike Anscombe very capably handled Master of Ceremonies duties on all three nights and the handsome blonde youth proved very popular with patrons of all ages.

There were prizes galore and many lucky ticket holders took home valuable merchandise.

Both MP Lucien Lamoureux and his opponent Grant Campbell mingled with the crowds on Friday evening and both found the Trade Fair an ideal setting to expound their political policies.

The upstairs hall was transformed by members of Winchester Lions Club into a colourful 'Beer Garden' and the comfortable seating arrangement was welcomed by foot-weary fair goers.

No official financial reports were available at press time but Chamber of Commerce officials all expressed the view the project had been very successful and was almost certain to become an annual event.

Prizes Galore

Joe Marquette, who merited honourable mention for his efforts throughout the entire show, kept records of prize winners and his report shows a total of over 75 gifts given away during the three nights.

Space does not permit listing all donors of prizes and winners but some who took home more valuable merchandise included Bill McRoberts, John Hume, Doug Brown, James Duncan, Kevin LaPorte, Ray Barkley, Shirley Ackerman, Lawrence Cayer, Gladys Kyle, Jamie Utman, Mrs. Ernest Barkley, Keith Fawcett and Mrs. Fred MacDonald.

Picture

Judges viewing the elaborate displays that filled every available inch of Winchester's new community centre had no easy task naming a winner.

Business firms in the village and surrounding area spent many hours erecting attractively decorated areas and some had purchased several concessions to better display their merchandise.

It was late Friday evening when Master of Ceremonies Mike Anscombe, along with Mr. Vice mounted the platform to announce winners. McIntosh Furniture and Lorne Acres were named as runners up and then as a hush descended over the huge arena Mr. Anscombe announced that the display of G.E. Elliott had been selected as 'No. 1'.

Mr. Vice, second from left is shown presenting the coveted trophy to Mr. Elliott while CFRA sportscaster Mike Anscombe and Mrs. Vice look on with approval.

Family Night At Williamsburg Lutheran Church

Lutheran Church hall, Williamsburg, will be the setting for a 'Family Night' this Saturday when Walter Gibbons, the sightless man who pleased so many with his singing at the Ordination of Rev. Boehmer, will be back.

The program is scheduled to begin at 8:00 p.m. and Mr. Gibbons will have both his guitar and banjo to entertain with not only folk singing but also sing-a-longs.

The versatile musician will also preach at both services on Sunday morning and organizers are hopeful slides of Williamsburg's 150th anniversary celebration will be available.

It will be a truly fine family entertainment, says Rev. Boehmer, who reminds readers that everyone is welcome.

Nationview Public School Entertains Parents Only

Parents of students attending Nationview Public School will have an opportunity today and tomorrow (Thursday and Friday) to visit the modern educational complex.

Principal Allan Bain and his staff have come up with a rather different approach. Rather than have parents visit the school in the evening to talk with teachers as has been the custom in the past, the teachers have decided to schedule such visits during the regular teaching hours and in this manner parents will be able to watch the methods employed by staff members and at the same time judge student reaction.

"Unfortunately", says Mr. Bain, "only parents of students attending the school can be admitted since otherwise overcrowding would result".

Mr. Bain has requested that parents whose family names begin with the letters 'A' to 'L' arrange to visit the school on Thursday and those from 'M' to 'Z' on Friday.

Parents will be treated to a guided tour of the entire school, watch gymnastic classes in action, here selections by the school choir and says the Principal, should feel free to roam leisurely through the spacious carpeted classrooms.

RAPS FEDERAL GOVERNMENT

Irvine Calls Lamoureux News Release Misleading

Don Irvine, Grenville-Dundas MPP, apparently upset by what he refers to as a "misleading" news release from Lucien Lamoureux concerning Highway 31 by-pass (and overpass) lays the entire blame for construction hold-up on the Federal government.

In a specially prepared news release which follows Mr. Irvine traces the over-pass confusion from the province's original request more than two years ago to the present day situation which sees the Federal government still not giving the province any satisfaction that it will pay for at least a portion of the overpass. "But for the Federal government this entire project, including the overpass, could have been completed this past summer and in operation now", Mr. Irvine said.

Mr. Irvine's detailed explanation follows:

"The former Speaker of the House of Commons and candidate for re-election in Stormont-Dundus, the Honourable Lucien Lamoureux, has recently issued a press release regarding a proposed over-pass on the new highway #31 by-pass at Winchester which has received wide publicity in the area and which is so misleading that I cannot permit it to pass unchallenged. The impression which Mr. Lamoureux undoubtedly sought to convey was that the Federal Government through his urging was going to make this vital over-pass possible. This is simply not the case, and the citizens of Dundas county and in particular the towns of Winchester and Chesterville are entitled to full explanation of what has transpired. From the time I entered the Legislature, I have worked closely with the Ontario Minister of Transportation and Communications, the Honourable Gordon Carton, in an effort to complete this important Highway addition, and I am therefore in possession of all of the facts and correspondence in conncection with it.

"As most readers are aware, the Provincial government is responsible for the financing of highway construction. The Federal government has jurisdiction over railways and their permission must be obtained where highways cross existing railway right-of-ways. The Federal government through the Canadian Transportation Commission and its Railway Transport Committee maintains a Grade Crossing Fund to pay part of the cost of overpasses over railway lines where such are necessary. Payments out of this fund are very stringent and the recommendation of Provincial engineers for an overpass over the CPR line was originally rejected by Ottawa on the grounds that there was insufficient traffic on Highway #31 and #43 to justify a subsidy.

On March 9th, 1970, the Ontario government received permission for a level crossing on the by-pass (which does not incidently com- (which does not incidently commit the Federal government to spending one cent on the by-pass or the level crossing). Acting on this permission, the Ontario government acquired the necessary property to build the level crossing and provide for a future grade separation (over pass), designed the by-pass, prepared tenders and let a contract for construction on November 9, 1971. It was anticipated that construcion of the by-pass will be completed this Fall. On May 11, 1972, without any prior consultation, the Railway Transport Committee rescinded its permission granted over a year before. The Hon. Gordon Carton, Minister of Transportation and Communication, the next day, wrote to the federal Minister of Transport, requesting immediate consideration of the reversal of the May 11 cancellation or in the alternative the granting of a subsidy for an over-pass. In a reply a month later, the Hon. Donald Jamieson rejected the possibility of any change of heart and did not comment on a second alternative.

"Where does this Federal government flip-flop leave us now?"

1. The provincial government has no choice but to proceed with the design and construction of the over-pass on its own and the Minister advised the Railway Transport Committee on August 3rd that it intended to do just that.
2. A tender call cannot be made before next Spring and construction will not be complete until the Fall of 1973.
3. Ordinarily the bridge structure would have been built at the same time as everything else had the federal government complied with the province's original request. Now as a result of the federal government's unilateral action the by-pass will sit idle and unused for a year.

"Even, when it was decided to "go it alone" the province had to seek permission for the over-pass from the Railway Transport Committee. This permission was granted on September 29th and like the order of March 1970, subsequently cancelled in May 1971, it does not commit the federal government to spending any money. Traffic studies to be carried out in the future may or may not result in some repayment to the province.

"It is this permission of September 29th, 1972, to which Mr. Lamoureux refers in suggesting that the federal government has in some way cooperated or participated in this project. It is quite clear that this is a routine order which could not in the circumstances have been refused. It is equally clear that the initiative throughout has come from the province. The federal government has not contributed financially or otherwise to date nor is it committed to, except conditionally, in the future. Its actions have in fact caused substantial delay and expense to the province and the people of Dundas County can ponder for themselves the irony of their Federal Member's attempt to take credit for a project in which his government has had only a negative and even obstructionist role."

School Enrolment Drops

Enrolment in Ontario's elementary schools will continue to drop until 1973, Education Minister Thomas Wells said last week.

Speaking in Toronto he said last year's drop in enrolment was the first in the past 26 years.

Mr. Wells said an enrolment projection, done by the Ministry's planning and research branch, indicates that the elementary school enrolment which totalled 1,456,840 in September of last year, will decrease by about 148,000 to a low of 1,308,000 in September of 1979. Lower enrolment is expected in both the public schools and the Roman Catholic separate schools, he said.

However, in 1980 the elementary school enrolment is expected to begin increasing and by September of 1982 it will have increased by more than 30,000.

While the elementary school enrolment is decreasing, enrolment in the secondary schools is expected to continue to increase to a peak of about 628,000 in 1977. The September 1971 secondary school enrolment was 574,520. By September of 1982 the secondary school enrolment is expected to fall back to 539,000.

Mr. Wells said the information has been sent to the province's directors of education and superintendents of separate school boards to aid them in their long range planning.

Three-Quarter Million Dollars Paid To Crop Loss Farmers

The value of all-risk Crop Insurance is evident in Ontario again this year, say officials of the Ontario Crop Insurance Commission. On June 11, frost severely affected crops in Southwestern Ontario. Apples, tomatoes, green peas, corn, beans, tobacco and peaches were hardest hit. Claims resulting from the frost now stand at one-quarter million dollars. It appears pea claims alone will total $150,000.

During July, 19 inches of rain fell in Eastern Ontario, damaging or completely destroying corn and spring grain. The Crop Insurance Commission is now settling claims on insured crops as quickly as they can be finalized. At present, nearly one-half million dollars have been paid on claims in the seven counties of Eastern Ontario. When all claims are settled, the Commission anticipates the amount will exceed $1,000,000 in this area.

Normally, hail is the apple growers' main worry once the crop is set. However, this year frost did the damage. It is difficult to determine the extent of the loss until the crop is harvested, but it is estimated that claims will exceed grower premiums by 4 to 1.

Monday's Holiday Causes Delay Of Correspondents' Copy Arrival

A Monday holiday delays mail one day and as a result the usual Tuesday morning reports from area correspondents arrives a day late.

The News Editor is then faced with a problem. Does he use the material the following week when much of the material will be of little value or does he simply destroy the reports.

Realizing that filing weekly reports of their respective areas is a time-consuming chore it has been the custom to check the material very carefully and possibly delete that which is considered too late to be of interest to readers.

Three such reports were received late last week. Correspondents will understand if the following have been reduced for the above mentioned reason.

Correspondents are requested to make a special effort to have reports in the office not late than Tuesday morning.

THE NEWS in Brief

Car Care Tabloid Enclosed

Arctic breezes rolling down from the North reveal a message of real interest to all motorists.

Low temperatures, icy road conditions and the inevitable snow always prove a supreme test for those who must utilize motor vehicles during the long winter months.

The special tabloid going out along with this week's Press should prove helpful and the businessmen who have made this issue possible urge all motorists not to wait till it's too late.

Appointed Senior Consultant

The Manufacturers Life Insurance Company has announced the appointment of S.E. Freeland, C.L.U. as a Senior Consultant.

Mr. Freeland first began his life underwriting career in 1944 with the Kingston branch where he soon became known as a knowledgable and well liked underwriter.

Now based in Ottawa he constantly maintains a rapport with rural life through his many community associations.

Remembrance Day November 12th

Remembrance Day will be observed at Winchester on Sunday, November 12th with a community memorial service at the Cenotaph at 12:00 Noon.

The Cameron Highlanders Pipe Band will be in attendance and all Legion members will meet at the Legion Hall in Preparation for the march to the hospital grounds.

Those wishing to order special wreaths for the occasion may do so by contacting Archie Rice as soon as possible.

Poppy Day will be observed on Saturday, November 4th and it is expected Scouts and Cubs will once again conduct a town-wide blitz.

Scouts Receive Needed Boost

Residents have shown a renewed interest in the scouting movement at Winchester and as a result a busy season is anticipated.

A group committee meeting has been planned for Monday, October 23rd at the Public School. This meeting will be called to order at 7:30 p.m. and District Scout Commissioner J.A. Thom will be present to offer assistance in preparing programs.

All committee members, leaders and other interested residents are invited to come over to the school. A registration date will be set following the meeting and the date, place and time will be published in this newspaper.

Metcalfe Trade Fair Starts Friday

The new community centre at Metcalfe is alive with colour as preparations near completion for the last activity on the arena area before ice is put in for fall and winter sports activities.

All available space has been sold and Dennis Cooligan, Chairman of the Regional Municipality of Ottawa-Carleton will officially open the show at 8:00 on Friday night.

Many other dignitaries are expected to be present for the brief ceremonies.

Many valuable prizes will be picked up by lucky ticket holders both days and on Saturday the doors open at 1:00 in the afternoon.

Saturday night Glen Cochrane and his band will be on hand for dancing in the hall to round out the well-planned two-day event.

Grant Campbell Staging Four Area Meetings

Progressive Candidate Grant Campbell has scheduled meetings for the area next week when he plans to speak to constituents at Morrisburg, Chesterville, Morewood and Berwick.

On Monday, October 23, he will be at Morrisburg Civic Centre, at 8:00 p.m.; the following night at Berwick Recreational Hall for another 8:00 p.m. meeting.

With election day drawing near he has planned two meetings for Thursday, October 26th.

At 7:30 p.m. he will be at the Legion Hall Chesterville, and then proceed to Morewood Public School to meet friends at 9:00.

Fallen Power Line Electrocutes Cattle

Six cows died instantly last Saturday evening when a freak wind caused a power line to topple to such a degree that the high tension wires were only a few feet from the ground.

The cows, on the farm of Maynard McDiarmid at Dalmeny, died when they came in contact with the low-hanging wires.

Mr. McDiarmid said the hurricane force wind appeared to strike only in the immediate area of his home and a huge tree was also uprooted near the house.

The six valuable holsteins are shown in accompanying photo as they appeared early Sunday morning. The fallen power line is visible in the background. Hydro workers were on the scene and shortly after the picture was taken the line was back in place.

Mr. McDiarmid, a member of Osgoode Township Council, says his loss which he estimated at $2,500 will be partly covered by insurance.

"Trust" — "Just Society" — "Integrity"

The catch words of Trudeau mediocrity . . . Remember 1968? Then it was the Trudeau Team. National stability and progress were assured . . . A Trudeau government meant JOBS they said . . . What do you think now? This is no ordinary election!

Inflation

Your buying power deteriorates day by day under the Trudeau mandate. Every Liberal Member of Parliament supported the policy of using unemployment as a 'weapon' against inflation. Every Liberal Member of Parliament sits today in the shambles of this callous and detached process of manipulation. A Conservative government is prepared to control price and introduce new monetary and fiscal policies — shorten the time span between need for change and effective action — and present you with policies responsive to the need for regional economic growth.

Employment

Liberal Members of Parliament through their performance since 1968 have given hundreds of thousands of Canadians a new way of life — unemployment — a major tragedy of Trudeauism! To-day there is only one job for every 12 unemployed Canadians. A Conservative government will cut personal income taxes to stimulate production and reorganize federal legislation to provide easier access to venture capital for Canadian business. Unemployment is damaging to those who are paid to be idle and a burden to those who bear the cost of idleness.

Bilingualism

The guarantees of a former Prime Minister that careers would not suffer by the implementation of bilingualism have not been honoured. The Public Servant needs assurances that merit and ability will be the keystones of career advancement. A Conservative government will honour the guarantees — they will become the law. Suspicion, hidden manoeuvres, pressure and compulsion shall cease.

Procunier-Johnston Wed At Winchester

St. Paul's Presbyterian Church, Winchester, was the scene of a pretty wedding, at 2:30 p.m. Saturday, October 7th when Freda Mae Johnston and William John Procunier were united in marriage by Rev. Ralph Neil.

The bride is a daughter of Mr. and Mrs. Victor Johnston of R.R. 1, Inkerman, and the groom is the son of Mrs. John Wiale of Kingston and the late Robert Procunier.

Guests were seated by Ernest Johnston and George Martyn and wedding music was played by Mrs. Hugh Wilson.

Given in marriage by her father, the bride chose a floor length gown of silk with cut velvet appliques, wedding ring collar, midriff insert, large back bow which hung to the floor and cuffs of long, full sleeves in peau de soie. She carried a cascade of white sweetheart roses. Maid of honour, Miss Judy Marshall, wore a mauve floor-length crepe gown styled similar to the bride's. Bridesmaids Mrs. Ernest Johnston, sister-in-law of the bride and Miss Myrna Smith wore similar styled gowns in purple.

The groom was attended by Donald Black of Kingston.

Out of town guests were from Ottawa, Kingston, Dalkeith, Cornwall, Newington, Chesterville and Winchester.

Following a reception at St. Paul's Church hall the couple left on a honeymoon trip. For going away the bride chose a purple suit with black wet-look shoes and handbag.

The couple will take up residence at 33 Elmwood St., Kingston, Ontario.

Susan Merle Lancaster And Douglas Joseph Burns Exchange Marriage Vows

Susan Merle Lancaster and Douglas Joseph Burns were married on Saturday, October 7th, 1972, at three o'clock in the afternoon in St. John's Catholic Church, Osgoode. Rev. Father Leo Hermans officiating at the double ring ceremony in a setting of yellow and bronze fall flowers and red rosebuds.

The bride is the daughter of Mr. and Mrs. Weldon Lancaster, R.R.1, Metcalfe. The groom is the son of Mr. and Mrs. Joseph Burns, Greely, Ontario.

Lawrence Burns, brother of the groom and John Lancaster brother of the bride, were ushers. The groom was assisted by Allan Carroll, of London, as best man; organist for the occasion was Mrs. Orville Rushleau of Osgoode. Nieces and nephews of the bride, Catherine Lancaster was flowergirl, Clinton Lancaster was ring bearer, Christina Lancaster was train bearer and John Lancaster was train bearer. Others attending the bride were her sister, Mrs. Lorne McGuire, of Montreal, matron of honour, and Janet Burns, sister of the groom and Annette Nooyen, bridesmaids.

Given in marriage by her father, the bride was attired in an exclusive wedding gown of tergal mousseline fashioned with a fitted guipure lace sleeveless jacket worn over the gown and a full chapel train draping softly from the back shoulder line. Matching guipure lace formed the deep cuffs of the long bishop sleeves, edged the hemline and the train. A floral lace headdress held her triple tier illusion veil and she carried a bouquet of white carnations and yellow roses.

The matron of honour wore a floor length gown of talisman red polyester crepe styled on empire lines and carried apricot and bronze mums with red sweetheart roses. The other attendants were similarly gowned in apricot floor length gowns and carried bronze mums and red sweetheart roses.

For her daughter's wedding, Mrs. Lancaster wore a floor length gown of soft rose crepe and a crosage of white roses. Mrs. Burns, the mother of the groom, wore a floor length gown of double knit in navy and grey, with mauve overtones and a corsage of yellow roses.

Guests attended the wedding from Michigan, London, Toronto, Brantford, Oshawa, Montreal, Ottawa, Metcalfe, Greely and surrounding areas.

Mr. and Mrs. Burns will visit Niagara Falls and Montreal during their honeymoon and will reside in Ottawa on their return.

The General Public Is Cordially Invited
To Visit The Newly Enlarged
Vice & Craig Ltd. Funeral Home On Highway 31
Just North Of The Metcalfe Corner .
We Will Be Proud To Show You The Spacious,
Well Appointed Facilities Between 3-5 PM And
7-9 PM On Saturday And Sunday Oct. 21 And 22

DESIGNED FOR BETTER SERVICE

Vice & Craig Ltd. have served Stormont, Dundas & Glengarry and more recently Ottawa-Carleton, with integrity for almost a quarter century, from their three Funeral Homes ideally located at METCALFE, WINCHESTER & CHESTERVILLE.

Our excellent facilities and the extensive experience of our management & staff help us to maintain our reputation for dignified, efficient service. All Funeral Homes are totally air-conditioned and tastefully decorated, large parking areas superb motor vehicles all help us to serve all faiths.

Our Metcalfe Funeral Home on Highway 31 has been greatly expanded to include an impressive foyer and central hall, which provided access to all parts of the new building -------

* the Arrangement Office, panelled in blonde birch, accented with mahogany ceiling and warm coloured carpet.
* to four large drawing-rooms for visitations, panelled in chestnut with magnolia broadloom. These rooms all have folding doors which can be opened to provide additional space for funeral services.
* to storage area for chairs and the public address system
* to receiving area, where florists may place their arrangements
* to hallway to parking lot
* to staircase leading to lower level lounge

On the lower level, in addition to the lounge are located the large selection room, where 20 or more caskets are displayed; the Preparation Room; Storage space; Service Section, Heating plus Air-conditioning plus Humidity Control equipment are located here.

At the rear of the building is a large garage and service area and these open onto the adjacent parking lot, which is paved and illuminated and attractively landscaped.

On the second level is an apartment for the resident manager, with living room, two bedrooms, kitchen and bath off the central hall. From the dinette area steps lead to a landscaped patio.

The extensive motor fleet is shared between all three Funeral Homes and all cars are finished in the firm's distinctive metallic grey with black roofs.

The enlarged Funeral Home is located on 3 1/2 acres in a wood area, 15 miles south of Ottawa and only two miles north of Springhill Cemetery. As it stands today it is three times larger than it was a year ago.

Our Head Office is in conjunction with the Winchester Funeral Home, at 505 Church Street, Winchester was re-opened after major re-construction in December, 1968.

The Chesterville Funeral Home, Queen Street, Chesterville was built in 1963 and plans are presently being drawn to provide another drawing-room, a new preparation room and washrooms on the lower level.

Neighbourly service is always available. If you need help, or have a question on pre-need arrangements or documents to be signed, or advice on pension, a phone call or a visit to one of our offices will solve your difficulties.

IN MEMORIAMS

HAYES—In loving memory of a dear wife and mother, Eva Hayes, who passed away October 20th, 1969.
We do not need a special day
To bring you to our minds,
For the days we do not think of you
Are very hard to find.
If all the world were ours to give,
We'd give it and more
To see you coming smiling through the door.
—Husband Charlie and sons Charles and John.
25p

BEAUDOIN — In remembrance of our son, Gordon, who was killed October 20th, 1967.
Those whom we love go out of sight,
But never out of mind,
They are cherished in the hearts
Of those they leave behind.
—Mom, Dad, Karen and Barry
25p

BROWN—In loving memory of a dear father and grandfather, William Brown, who passed away October 18th, 1970.
We cannot have the old days back
When we were all together,
But secret tears and loving thoughts
Will be with us forever.
Within our hearts we'll always keep
A special place for you,
And try to do our best to live
As you would want us to.
To some he is forgotten,
To others part of the past,
But to those who loved him dearly,
His memory will always last.
—Sadly missed by Lillian, Garnet Johnston and girls.

IN MEMORIAMS

WEAVER—In loving memory of a dear granddaughter, Olive Allannah, who passed away one year ago, October 19th, 1971, in her 11th year.

Memory takes us back to last year,
"See you in the morning," her voice we long to hear,
A picture of our Allannah in frame of gold,
Our darling little girl, never to grow old.
Sweet little school girl in memory you will stay,
As our love grows deeper every saddened day.

OUR LORD'S MESSAGE

Come to my Heavenly garden
And see in perfect bloom
The flower you loved so dearly
And thought that I plucked too soon.

Then you will know my reason
Why in her promising early life,
Though you know it not today,
I took your loved one away.

—Grandpa and Grandma Derby

WEAVER—In loving memory of a darling grandchild and niece, Allanah Weaver, who passed away October 19th, 1971.

Rev. and Mrs. J. H. Weaver and Catherine and Joan. 25p

BROWN—In loving memory of a loving father and grandfather, Wm. C. Brown, who passed away October 18th, 1970.

The world may change from year to year,
And friends from day to day,
But never will the one we loved
From memory pass away.

—Wytze, Anna and family
25p

BROWN—In loving memory of a loving husband, father and grandfather, Wm. C. Brown, who passed away October 18th, 1970.

It is sad to walk the road alone
Instead of side by side,
But to all there comes a moment
When the ways of life divide;

A heart of gold stopped beating,
Hard working hands at rest,
God called him home to prove to us
He always takes the best.

—Sadly missed by wife Sadie
25p

RAISTRICK—In loving memory of a dear father, Gilbert Raistrick, Sr., who passed away October 14th, 1969.

The rolling stream of life rolls on,
But still the vacant chair,
Recalls the love, the voice, the smile
Of the one who once sat there.

WEAVER—In loving memory of a dear daughter and sister, Allannah, who passed away one year ago today, October 19th, 1971.

No stain was on her little heart,
Sin had not entered there,
And innocence slept sweetly on
That pale white brow so fair.

She was too pure for this cold earth,
Too beautiful to stay,
And so God's holy angel bore
Our darling one away.

—Always remembered by Mommy, Daphne, Shannon and Shelley. 25p

TURNER — In loving remembrance of Mr. Albert E. Turner, who passed away October 18th, 1971.

Today recalls the memory
Of a loved one gone to rest,
And those who think of him today
Are those who loved him best.

The flowers we lay upon his grave
May wither and decay,
But the love for him who lies beneath
Will never fade away.

ONTARIO ENERGY BOARD

IN THE MATTER OF The Ontario Energy Board Act, R.S.O. 1970, Chapter 312;

AND IN THE MATTER OF an application by Northern and Central Gas Corporation Limited to the Ontario Energy Board for an Order approving or fixing just and reasonable rates and other charges for the sale of gas by the Applicant.

NOTICE OF HEARING

The Ontario Energy Board hereby appoints Monday, the 27th day of November, 1972, at 10 o'clock in the forenoon, at the Board Room at its offices on the 9th Floor at 790 Bay Street, Toronto, Ontario, for the hearing of an application made by Northern and Central Gas Corporation Limited on the 29th day of September, 1972, for amendment of an Order made by the Board in this proceeding (E.B.R.O. 219) on the 30th day of December, 1971. In that Order the Board approved certain revised rates and other charges charged for gas by the Applicant and also made provision for a subsequent submission by the Applicant of rate schedules designed to pass on all or part of certain expected increased gas costs, if they result from an Order of the National Energy Board made before the end of 1972. The amendment that is now requested is to extend from the end of 1972 to April 30, 1973, the time so specified.

Further particulars of the application may be obtained from the General Counsel for the Applicant, Mr. P. F. Scully, at the Applicant's head office at 4600 Toronto-Dominion Centre, Toronto, or from the Ontario Energy Board, Room 910, 790 Bay Street, Toronto.
DATED at Toronto this 4th day of October, 1972.

NOTICE OF APPLICATION to The Ontario Municipal Board by The Corporation of the Village of Winchester for approval of a by-law to regulate land use passed pursuant to Section 35 The Planning Act.

TAKE NOTICE that the Council of the Corporation of the Village of Winchester intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of By-law 72-12 passed on the 16th day of October, 1972. A copy of the by-law is furnished herewith.

BY-LAW NO. 72-12

A BY-LAW to regulate the use of land and of buildings and structures within the Village of Winchester.

WHEREAS under Sec. 35 of the Planning Act R.S.O. 1960 as amended subject to the approval of the Ontario Municipal By-law, Municipal Corporations are empowered to pass by-laws to regulate the use of land and of buildings and structures within their Municipal boundaries.

NOW THEREFORE, the Municipal Council of the Corporation of the Village of Winchester enacts as follows:

1. This By-Law may be referred to as "Zoning By-Law No. 2".
2. The area within the Municipal Corporation of the Village Winchester known and designated as Lots Number 1 to 39 on Plan No. T-22088 (Holmes Sub-division) of the said Village of Winchester, such lands being part of Block "W" North of Main Street in the Village of Winchester, according to Plan No. 34, shall be and is hereby designated for use for single residential purposes.
3. No person shall use any of the lands hereinfore referred to, or erect or use a building or structure upon any of the lands hereinbefore referred to, except for single family residential use.
4. Lot 39 shall have an east side yard of 20 feet.
5. The number of dwellings erected in any one year shall be controlled by Council.

Read for a First and Second time this sixteenth day of October, 1972.

G.H. REYNOLDS, Reeve
R.W. ANNABLE, Clerk

ANY PERSON INTERESTED MAY, within fourteen (14) days after the date of this notice, send by registered mail or deliver to the clerk of the Village of Winchester notice of his objection to approval of the said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen (14) days after the date of this notice send by registered mail or deliver to the Clerk of the Village of Winchester notice of his support of approval of the said by-law together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the clerk undersigned, the address to which notice of hearing is to be sent.

THE LAST DAY FOR FILING OBJECTIONS will be November 2nd, 1972.

DATED at the Village of Winchester this 19th day of October 1972.

Clarence McDiarmid Dies Following Farm Accident

Clarence Armstrong McDiarmid, a well known, highly respected and life-long resident of Dalmeny died late Monday afternoon when his clothes became entangled in the power take-off of his tractor.

A neighbour, Fred Alexander, who was working with Mr. McDiarmid on harvesting operations left the scene for a few minutes and although he saw Mr. McDiarmid fall he was unable to reach the tractor in time. Mr. Alexander said he feared Mr. McDiarmid had taken a weak turn and fell on the machine.

Others interviewed felt it highly unlikely the experienced farmer would be careless while working with his machinery and agreed the tragic accident may have been the result of a fainting spell.

The late Mr. McDiarmid a son of Maynard McDiarmid and the late Mrs. McDiarmid, was very active in all community and church work. A devout member of the Vernon Baptist congregation he was the Sunday School superintendent and a deacon in the church.

Mrs. McDiarmid, the former Isabel Beatrice Park, has for several years been employed as a nurse of Winchester District Memorial Hospital where only recently she had been appointed Head Nurse on the Second Floor.

Surviving besides his wife are three daughters and one son: Wendy, Sheryl, Lloyd and Myra. Two brothers, Kenneth and Douglas and one sister (Beverley), Mrs. James Robinson, all of Osgoode, also survive.

Funeral service at Vernon Baptist Church was conducted by Rev. A. Keeler at 2:30 p.m. on Wednesday, October 18th. Pall bearers were Gordon Blair, Don Ferguson, Jack McDiarmid, Harold Ferguson, Ross McDiarmid and Clint Lewis.

Interment was at Springhill cemetery.

Waddell Home Hosts W.I.

Members of Metcalfe W.I. met at the home of Mrs. Archie Waddell for their October meeting with president Mrs. Harold McKeown presiding.

During the business portion of the meeting plans were completed for attendance at the area convention and members were advised that the unit is to supply fifteen dozen cookies or squares for the booth at Ottawa Winter Fair and also arrange to have three ladies assisting with sales. It was recorded that $25 had been donated to Metcalfe Trade Fair.

Canadian Industries convener Mrs. Emerson Irven, who had prepared an interesting lecture on 'Pollution starts with you and me', was unable to be present and Mrs. Eddie Scharfe presented the viewpoint.

The hostess gift for the month was won by Mrs. Ben Galloway and an enjoyable lunch served by the hostess who was assisted by Mrs. Wm. Dow.

The November meeting will be at the home of Mrs. Albert McKeown.

Local Scout Group To Hear Commissioner

J. Allan Thoms, District Commission for the St. Lawrence District, will be in Winchester on Monday night to address the local Scout Group Committee.

The meeting has been scheduled for 7:30 p.m. at Winchester Public School and all group committee members, leaders and other interested citizens are urged to be present.

4H.P. SNO-THRO
Big Performance At A Modest Price
Score some leisure points for yourself this winter with Ariens winning power play . . . the 4 H.P. Sno-Thro. Its roster of convenience extras that team-up to remove mountains of snow in minutes is quite impressive. Two-stage, self-propelled design. Clears a 20" path. 4-speeds forward-reverse. Rotating discharge chute. Throws snow up to 25' away.

Best On the Block
Your block. Every block in town. An Ariens Sno-Thro makes sidewalks walkable — driveways driveable.
The 5 H.P. engine has been especially designed for Ariens to deliver top performance in the coldest weather. 4-speeds forward-reverse. Clears a path two feet high and wide. Throws snow up to 30' away through the 240 degree rotating discharge chute. Coordinated operation of slow speed auger and high speed impeller gives the ultimate in efficient snow removal.

Check Cold Remedy Label Before Driving

This is the season for the 'Flu' and cold infections. Antihistamines and other decongestants are apparently valuable to cold sufferers, but unfortunately, they can also effect driving ability.

National Institutes of Health studies show that many cold remedies as well as tranquilizers and other prescription drugs, can reduce the alertness of a driver under medication.

Some antihistamine preparations and other remedies, depending on the individual, may reduce reaction time and impair physical co-ordination, both of which are essential to safe automobile operation.

Since a driver may not be able to prejudge his reaction to a specific medication, it is recommended that drivers carefully read the labels on non-prescription medicines and interpret such phases as "may induce drowsiness", as a warning against driving should be obtained as to possible effects on driving ability.

If, while driving under medication, the individual observes unusual fatigue or dizziness, or if he notices that he has made a series of minor driving errors, it is suggested that the driver stop the vehicle and permit another licensed person to take over the wheel.

Alcohol when combined with various forms of medication, can have varying effects on people. The slightest amount of alcohol consumed while taking medication could possibly impair a person's ability to drive a motor vehicle.

When treating a heavy cold, it may be wise to avoid driving altogether. The driver who stays home a few days to "rest up" is probably insuring a faster recovery, as well as his own safety and that of others on the highway.

Mountain 4-H Wheaties Meet

The 'Wheaties', (Mountain 4-H No. 3) met at the home of Mrs. Keith Fawcett for their third meeting with five members present.

President Kathy Suffel chaired the meeting and Elaine Fawcett read minutes of the previous meeting. Roll call was answered "The hot breakfast cereal I made" and members discussed modern processing of basic grains.

Group work consisted of making 'nuts and bolts' and also 'Cherry Bran Squares' which were enjoyed before the meeting adjourned.

Vandals Destroy Campaign Signs

Walter Baker's Progressive Conservative veteran Campaign Manager in Grenville-Carleton, Don Hutcheson, has stated that the vandalism directed towards their Campaign Signs in Grenville-Carleton has been unparalleled in recent election history.

Mr. Hutcheson, who has been involved in several Federal and Provincial elections, stated that there is always a certain amount of vandalism which could be put down to childish pranks. He stated, however, that the type of vandalism in this election because of it's size and nature could be nothing short of organized destruction. Two weeks ago fire was set to their sign on their Headquarters door and had it not been checked in time could possibly have destroyed an entire building. Expensive signs throughout the Riding have either been irreparably damaged or mysteriously disappeared.

He has made it clear that he has spoken to the Liberal candidate and his organization and in no way is he accusing either of the opposition parties. He stated that he felt it was a shame that the work of hundreds of volunteers trying to do a job for a democratic society had their work destroyed in this manner.

W.I. Mark 60th Anniversary

Members of Vernon W.I. marked the 60th anniversary of the branch with a turkey dinner and interesting program in the Presbyterian Church hall last Wednesday evening.

A highlight of the event was the presentation of a Life Membership Certificate and pin to Mrs. H.M. Lee. Mrs. Lee registered complete surprise when she was summoned to the front by unit president Mrs. Stewart Dalgleish who congratulated the popular member for her long and dedicated service.

Approximately 45 members, past presidents and guests enjoyed the delicious dinner and the chairman read letters of congratulations from both Prime Minister Trudeau and Grenville-Carleton MP Gordon Blair.

Those bringing greetings from area branches included: Mrs. Fred Barrett, Ottawa; Mrs. John Craig, Manotick; Mrs. Wm. G. McCallum, Osgoode; Mrs. L.E. Drayton, Ramsayville; Mrs. H. Boyer, Leitrim; Mrs. Donald Darling, Kenmore; Mrs. Lloyd Craig, Gloucester Glen and Mrs. Lorne Acres, Winchester.

Highlights of the fine program included duets by Sheila and Judy Acres who were accompanied on the piano by their mother, Mrs. Bruce Acres; and an hilarious skit entitled 'Grandma goes to the convention' which had been prepared by Mrs. George Dombroski of Ottawa, and formerly of Vernon. Mrs. Harold Cowan, Mrs. Ivor Bath and Mrs. Stewart Dalgleish all proved versatile stage performers.

The gaily decorated cake which centred the head table had been made and decorated by Mrs. Harold Cowan and an interesting souvenir item in the form of matches stamped '1912-1972' were presented to each member by president Mrs. Dalgleish.

Embrun '72s Trounce Metcalfe Jets In Exhibition Game

Embrun 72's the newest entry in St. Lawrence Junior 'B' Hockey League, trounced Metcalfe 'Jets', last year's O.D.H.A. champions in an exhibition game at Embrun arena last Sunday.

Pierre Patinaude gave 72's the lead with the only goal of the first period.

Ken Kelly tied it all up early in the second but Jacques Reignier, a former Jet player, put Embrun one up again minutes later. Greg Holmes notched one at the half way mark to once more tie the score.

72's however, fired home four unanswered goals before the period ended to take a 6 to 2 lead. Marksmen were Pierre Patenaude, with his second of the game, Bill Moran, Allan Brisson and Jacques Reignier. For Reignier it was also his second goal along with two assists as he throughly enjoyed trimming his old team mates.

Each team scored once in the last period. Metcalfe's marker coming off the stick of Hugh Doyle and Michelle Bourgeois adding one more for 72's.

Alexandria 'Glens' will be at Embrun for an exhibition game Friday night at 8:30 and the 72's will travel to Alexandria for a return tilt on Sunday.

Try Winchester First

The excellence of Winchester's three-day Trade Fair speaks well for our local Chamber of Commerce. Making it possible for area firms to promote their thriving business enterprises is indeed a valuable contribution to the community, and the attractive displays must surely have convinced buyers of the folly of travelling to big cities in search of bargains.

It was encouraging to see such large crowds in attendance each night. Hopefully business firms that transformed the drab appearance of the hockey rink into a sea of colour will reap rich benefits for their efforts.

Noting that both curlers and hockey players are back in the headlines makes us very aware of the approaching Christmas season and its impact on bank accounts.

As in other years, undoubtedly shoppers will converge on huge shopping centres in search of appropriate gifts for "Aunt Hattie," Uncle Jeremiah," and "Cousin Zeke." Having spent time at the Trade Fair, we wonder why.

It became more and more evident as we admired the dazzling displays that even the most extravagant Christmas shoppers could easily meet the demands of gift lists without leaving Winchester. The fact that rural businessmen know the real meaning of Christmas most likely explains why, unlike their big city counterparts, local firms postpone illustrious Christmas decorating until the season has arrived.

Rest assured, a few weeks before Christmas our town will blossom forth with appropriate pageantry and, when it does, and the atmosphere comes alive with light and colour, it will then be the time to think of gift shopping — and let's shop at Winchester first.

Million Children Have Learning Disabilities

"In biblical times they were 'left outside the gates of the city,' I sometimes think we haven't progressed very much." These words are those of a parent whose child has a learning disability.

The massive dimensions of this problem in Canada has only been recognized in the past few years. It is estimated that 12% of Canada's population under 19 years of age — or one million children and youth— suffer from some form of handicap — emotional or perceptual — which prevents them from learning in the normal way.

The failure and personal distress ahead for these children is not inevitable. The demands for action on this problem have become louder. The professions involved have been stimulated to search for new ways to help these children and their families.

It is imperative, for a start, that those people who are most closely involved with children — teachers, school nurses, social workers, probation officers and family doctors — be informed and included in programs of detection, prevention, treatment and rehabilitation.

Children who need these programs include: those who are neurotic, psychotic or exhibit behaviour disorders, retarded children, children with specific learning deficits, children with a sensory or physical handicap, those who have been judged delinquent, those who are culturally or emotionally deprived.

In order for these children to live normal, rich and full lives it is important that they not suffer isolation or segregation. Efforts must be made to ensure their normal experience of childhood, family, school and community.

To accomplish this the child must be viewed as a whole. In the past the child has been seen by different professionals. He is a medical patient to one, a difficult student to another, a ward of the Children's Aid to another, or a delinquent to another. This fragmentation leaves his need unmet. There must also be continuity of service and care, and help available at the earliest moment of need. This care must be administered by the local community but the funds necessary and the standards to be set should rest with the Government of Canada, and with the Provincial governments.

The people of Canada must demand changes: in policy, planning, and practice; but most of all in attitude. A late start in these reforms cannot be afforded. One million children cannot be failed.

I Rest In Bed And Look At Me

It takes some people a long time to realize that they are completely dispensable. I realized it years ago, but keep forgetting until something jolts me.

Today it's the mother and father of all colds. I haven't missed a day's work in about three years, at times tottering off to the job with one foot in the grave.

For some reason, I had the conceit to imagine that the entire English department, if not the whole school system, would crack, crumble and collapse if I weren't there.

Common sense tells me that if I were ill for a month, nobody would know the difference, and that if I dropped dead this moment the human race would not falter for a second in its pursuit of folly, happiness and all the other things that make it tick.

So, here I am surrounded by soggy kleenex, coughing up chunks of lung, and sweating like a mule-skinner every time I do anything more vigourous than blink my eyes.

But it's not all bad. My wife is dancing attendance on me, something she rarely does because I'm almost never ill. I have a good, foolish detective story which I'd normally never have time to read.

And perhaps most important of all, I have this lazy, hazy feeling that I *have* stopped the world and got off, even if only for twenty-four hours.

My wife has just forced on me, quite against my will, a large libation of hot water, lemon, sugar and some sort of cough medicine with the odd name of Teachers' Highland Cream. It makes me sweat, but certainly eases the cough. In fact, it makes life look almost rosy. I hope she doesn't run out of lemons. And stuff.

Isn't it a pity, though, that we go through life, or the biggest part of it, with this feeling that we're so important, when we're less than ants on the face of the earth?

Businessmen flog themselves daily to meet the competition. Executives and lawyers drag home their brief cases. Doctors burn themselves out in twenty years of inordinately long hours. Teachers develop ulcers or quietly go mad. Why don't we all relax a little more often and let the earth take a few spins without us?

Perhaps the most guilty of all are politicians. Right now the country resembles a disturbed bee-hive as our politicians hurtle about, every one of them convinced that his constituency, his party, and his country will go to the dogs if he, personally, is not elected.

God forbid, but what would actually happen if Trudeau, Stanfield, Lewis and Caouette had a four-way air collision, which is not an impossibility at the rate they're haring about their homeland?

Would we just have to throw up our hands and sell the country to the highest bidder? Fat chance. There'd be enough power-hungry men and women, or just plain idiots, to fill their shoes before the bits were picked up.

Nobody is irreplaceable. The sky didn't fall in when the British kicked their great war-time leader, Winston Churchill, out of office. The States didn't disintegrate after the deaths of Lincoln, Roosevelt, Kennedy. When Joe Stalin finally expired, Russia didn't exactly hit the skids.

It seems that the only way to stay off that treadmill of feeling indispensable is to be poor. The fewer our possessions, the freer we are to step off the merry-go-round, take a look at the wonderful world we live in, and realize that we are about as individually important as grains of sand.

I have a fellow just like that sitting downstairs talking to his mother. He drifted in this morning from Montreal. He's off to Alaska to spread the Baha'i faith.

How is he going to get there? Well, if he can get to Penticton by Friday, he'll catch a ride north with some friends. I point out that there is no way, short of flying, of getting to Penticton in two days. Oh, well, he may hitch-hike, going through northern Saskatchewan. (He got the hint that I wasn't going to loan him air fare.)

What was he going to take? Well, he has a sleeping bag and a sweater and jeans and boots, and it's only about three thousands miles, so there's no problem.

He's been to Mexico, New Orleans, New York and across Canada from coast to coast. His total assets are those listed above. Physical, that is. On the other hand, he's completely bilingual and has an education no university could provide.

Best of all, he knows clearly that he is not indispensable.

The Most Abused Minority

- By Rev. Gordon C. Smyth

Why has Canadian youth failed to demonstrate on behalf of the most oppressed section of society? It has paraded in front of American consulates in sympathy with Vietnamese peasants. It has sent volunteers to the aid of striking grape pickers in California.

Youth has raised placards and voices high in support of Women's Lib. It has been so anxious to be true to "the Gospel according to St. Mark" that campus cells have split into pro-Mao and pro-Trotsky sects in the interests of revolution to replace a cruel capitalistic system with its student loans and grants.

There is only one hapless minority that has not drawn marching youth to its side. Year in and year out, these poor wretches are sweated, milked, lampooned and tortured. Youth, that is eager to man the barricades of liberty, including freedom to spit on a courtroom floor, treats parents with contempt.

"The Smiths" are a case in point. By the time their younger child was five, they were bonded to a life of servitude. For years, they were confined by the children to the house at night, as political prisoners are returned to the concentration camp after a day's hard labor.

When they tried to keep their mental faculties sharpened by conversation and reading, these were dulled by roaring sounds from the hi-fi. They gradually settled for television. In this way they could serve time without thinking. When they went to bed, they lay awake for hours listening to their arteries harden.

The Smiths were increasingly subjected to propaganda, as the kids grew older. It was a kind of brain-washing. All parents were worse failures and should be treated like the guilty parties they were. What of two world wars, pollution, and the nuclear arms race? THEY got full blame. They were the nearest culprits.

Last August, the Smiths were left with mouths hanging open. Their daughter defied them to make her finish high school. She was going to Toronto to do her own thing. However, she managed a card at Christmas.

Their son returned for the holiday. They felt proud that a university had accepted his application during the summer. But, the first day home, they were in for a lecture. "Just look at yourselves", the lad said. "You don't go out socially or have anybody in. About the only place you go together is to church with all its hocus-pocus."

Then he borrowed money, took the car, bought a case of beer, and spent that first evening with the boys, feeling sorry for themselves because their parents were doing nothing for the underprivileged masses in Africa and Latin America.

People like the Smiths will not be respected until they regain self-respect. They need to rebel, strike off their own chains, and assert themselves. Here is a "Bill of Rights" for any such parents who really want to be free. (1) Your rights are as important as your children's, if not more so! (Since you have greater responsibility, you are entitled to more authority).

(2) Take your full amount every time! (The best way to teach teenagers that you have rights is to exercise them). (3) Cultivate a life of your own! (Your love for each other comes first since it came first). (4) Mind your own business and make it unhealthy for your youngsters not to mind theirs! (Face it. Children are not permanent possessions. They are dearest relatives who come and go from the old home, whereas you remain).

Adopt some such Bill of Rights. It would not surprise me if your offspring eventually become recruits to fight on behalf of the oppressed minority to which you no longer belong.

The Seventh Column

The conviction that we live in a peace-loving civilized country was momentarily shattered when we glanced at last Saturday's editorial in an Ottawa newspaper. Although some politicians have been downgrading our society since the Prime Minister named an election date, we have been accepting the monotony as one of the temporary evils of politics. We feared the nation was in grave peril, however, when we read and we quote— "Pontiac plotted the 1973 'conspiracy' on Indian tribes against western British forts." Confidence in the administration returned as we read on and it became apparent gremlins had finally found their way into the daily's new quarters.

Strangers passing through Winchester have often been known to comment on the neat, clean appearance of streets. It would be understandable if they also commented on the natty appearance of some of the street cleaners. Noted one working on Church Street (in front of the funeral home) last week and, believe it or not, he was wearing a swank black suit, white shirt and tie, and oxfords that actually glistened in the early morning sun.

Reading weekly reports from various Women's Institute branches might lead one to believe such meetings are rather solemn affairs. Had reason to be present for a short period of time at one such gathering last week. It was the 60th anniversary of the branch and a few members were presenting a special skit for the occasion. Take our word for it, the girls (some are older than others) combine business and pleasure in a manner that creates a keen interest throughout the evening. It soon became very clear also that humour knows no sexual boundaries as merry laughter resounded from the solid basement walls. W. I. press reporters, we think, are not "telling it as it is" in their monthly communiques.

City dwellers must envy their "country cousins" as the fall and winter season rolls around. Those of us who are fortunate enough to reside in rural communities can look forward to a wide variety of activities as days grow shorter and nights longer. Our city friends, on the other hand, usually find themselves confined to stuffy apartments while longing for the dawning of spring. "Coming Events" columns in this newspaper are a good indication of the social life enjoyed by "country folk" where financial status, race and creed create no barriers.

Admit being extremely well pleased with the interest shown in our recent comments concerning students who hitch-hike to and from school. Several have kindly taken the time to contact the office with helpful data but it now seems clear it will be some time before all our questions are cleared up. Teachers have assured us every student received an application form and a self-addressed, stamped envelope to be used when forwarding the completed document. Since envelopes are addressed to the "company," teachers have no way of knowing whether or not parents are taking advantage of the plans. Only by comparing company records against school attendance could one possibly hope to learn what percentage of students are covered. An insurance company representative, on the other hand, points out that when a motorist picks up a hitch-hiking student, the boy or girl is then covered by the automobile owner's policy. We think the problem should not be allowed to exist. Taxpayers supply transportation and students should be forced to use the costly vehicles.

A valuable member of the staff bid us all farewell last Friday. Even those who call at the office frequently may not have had the good fortune to meet Daryl Shellborn since his duties were mostly confined to the "make-up" department. He had been an integral part of our busy staff for the past five years and businessmen will miss the "touch of genius" he added to their weekly advertisements. Gifted with a keen sense of humour, a dedication to his job and a jovial personality, he is bound to find success wherever he travels. Good luck to you and your family, Daryl, as you renew old acquaintances back home in the foothills of the beautiful Canadian Rockies.

Someone once suggested water is never truly valued until the well goes dry. This line of thinking applies equally well to people, and often we take for granted the efficient service of those in public office. Only when illness strikes do we realize their value to the communities they serve. Metcalfe's Postmistress, Maybelle Thompson, is a patient in Winchester Disrict Memorial Hospital and those who visit the P.O. daily will be pleased to learn their friendly public servant is progressing favourably. Hurry back, Maybelle. Remember, the village has been promised a new modern Post Office and you'll be urgently needed.

The Editor,
The Winchester Press,
Winchester, Ontario.

Dear Sir:

In your editorial of October 12, concern was expressed about the number of students hitch-hiking from school. We at North Dundas are also concerned about the number of students hitch-hiking both to and from school. In fact, if the number of young people one sees hitch-hiking on the roads around the province is any indication, this is a problem which must be causing concern in many areas.

All North Dundas students are expected to utilize the free bus transportation provided by the S.D. & G. Board of Education whenever possible. This consists of transportation to school in the mornings and transportation home at 3:30 p.m. for all students on all school days. In addition, two buses which leave the school at 5:00 p.m. provide transportation to the larger centres in the area three nights a week.

The location of our school necessitates that occasionally students who choose to participate in certain activities either wait for their parents for transportation or hitch-hike. Perhaps one of the best ways of discouraging the small percentage of our 1010 students who opt to hitch-hike at times when the regular school buses are running, would be for motorists to refrain from picking them up.

Students are covered against accidents involving transportation by a Board insurance policy at all times while at school under school supervision or when riding on a school bus. However, when a student opts to remove himself from the school grounds or to use a means of transportation other than the school bus, this coverage does not apply.

An insurance policy from the Pitts Life Insurance Company which provides the following coverage options is available on a voluntary basis to the parents of all North Dundas students.

Option A - Covers all accidents 24 hours per day, every day, including Saturdays, Sundays, Summer Vacation, school and legal holidays.

Option B - Covers Accidents
(a) During a school day.
(b) On any day.

(1) While attending or participating in a school activity (including sponsored athletics) approved and supervised by proper school authority.

(2) While travelling as a group directly to and from an approved school activity under the supervision of or at the direction of proper school authority.
(3) While travelling directly to and from the student's residence and school to attend or participate in a school-sponsored activity.

The only part played by the school in the provision of this insurance is to distribute envelopes containing a description of the coverage to our students, who in turn, are expected to take this information home to their parents. Parents who wish to purchase this insurance must do so directly from the insurance company. Thus the information you requested regarding the number of students who have this insurance coverage would be available only from the insurance company.

In conclusion, I would like to caution parents who do permit their children to hitch-hike that Ontario Law only requires motorists to carry a very limited amount of insurance on passengers. In case of an accident, any costs incurred by a passenger in excess of this coverage would be the responsibility of the passenger unless one hundred percent negligence was proven on the part of the driver.

Yours truly,

D. W. McGahan,
Principal.

Adverse Weather Assistance Available

As a result of adverse weather throughout the province, a program has been initiated whereby farmers can obtain short term credit to purchase livestock, feed, seed, fertilizer, pesticides, farm supplies and to pay expenses such as mortgage payments, taxes, rent, etc. These bank loans will be Guaranteed by the Government of Ontario and Canada and will be administered by the province of Ontario.

The program becomes effective immediately and will be obtainable from banks until June 1st, 1973. The term of the loan will not exceed six years, payment of interest only will be required the first year. Principal and interest will be repaid over the remaining five years as negotiated with the bank. The interest rate will be the prime rate plus 1% and can fluctuate as the prime rate changes. The loan in non-transferable and becomes payable in full when the farm is sold or the borrower ceases farming.

The staff of the Ministry of Agriculture and Food in each county will assist farmers in determining the amount of money they should borrow in relation to need and repayment capacity of the farm. All application forms will be completed by the farmer and the Agricultural Representative.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

With that searching look, Donald seems to be asking what in the world the photographer is up to. It is not an unusual expression for Donald because this youngster is always curious.

Donald is an appealing, healthy lad of white and Indian descent. He is tall for one who has just had his seventh birthday, and sturdily built, with brown eyes, dark hair and dark skin. He wears glasses for near-sightedness but like most small boys prefers to leave them off.

This young fellow's early development was uneven. In some ways he seemed very intelligent — at three he knew the alphabet and colors. In other ways he was extremely backward so that the Children's Aid Society doctors suspected he might have sustained brain damage at birth.

However, recent exhaustive tests at the Hospital for Sick Children produced a happy verdict: There is no brain damage and he has good intelligence.

In school Donald has been under average but is beginning to achieve. He is doing some Grade one work this year.

Donald is friendly, outgoing, impulsive and active. He enjoys working with his hands and has a limitless imagination.

Donald needs energetic parents who will give him love, understanding, stimulation and the security of having a home and mother and father of his own.

To inquire about adopting Donald, please write to Today's Child, Box 888, Station K, Toronto. For general adoption information, please contact your Children's Aid Society.

Still Misunderstanding In Disaster Area

(by Tom Clapp, Agricultural Representative for Dundas County)

There still seems to be a lot of misunderstanding about the government assistance in the "Disaster Area". The government announced a four part program which I will review in point form.

1. Adverse Weather Loans
- forms are now available, and may be picked up at your local Agricultural Office. An important feature of this program is the involvement of Agricultural Representatives in the counselling of each applicant to assist in determining the amount of money that should be borrowed in relation to payment ability. Please contact your local Agricultural Office and make an appointment.
- interest rate is current minimum commercial lending rate of the bank's head office plus one percent.
- loan is for a term not exceeding six years.

2. Fodder Transportation Assistance
- administered by the Federal Government, but you should be able to pick up application forms in the near future at your local feed dealer or Agricultural Office
-effective July 1st, 1972 to May 1st, 1973
-for Corn Silage - $2/ton on purchased hay (minimum mileage - 25 miles one way) - for hay transported over 80 miles there is an additional subsidy of approximately 3¢/mile/ton.

3. Subsidy on Cattle Feeds
-administered by the Federal Government
-Application forms will be made available next spring at the local Agricultural Office or feed dealers
-effective August 24th, 1972 to May 1st, 1973
-$2/ton on purchased feed such as whole grains or feed mixtures or protein supplements

4. Cash Grants
-a federal program only
-all farmers whose principle means of income comes from farming are eligible to receive the $400 grant.
-application forms are available at your feed dealers or Agricultural office
-deadline for applications - November 15th, 1972

These are the four main parts of the government's assistance program in a capsule form.

Free Feed Analysis Service

Because of the poor quality forages this year, a feed analysis service is being offered free. This should aid in developing rations to meet the nutrition needs of the animals. For information, contact the Agricultural Office, Winchester.

Carleton 4-H Club Winners

Three 4-H Agricultural Club Achievement Days took place at Carp, Richmond and Metcalfe Fairs during September. More than two hundred and fifty (250) 4-H members displayed their valued calves or a field crop exhibit.

The most popular and perhaps most keenly contested competitions are the livestock showmanship classes. At each fair, a champion and reserve champion showman as well as a champion first year showman was declared. Carleton's top showmen or showwomen are:

RICHMOND 4-H SHOW

Champion, Cathy Peaker, R.R. #4, Kemptville; Reserve Champion, Debbie Foster, R.R. #3, North Gower; Champion 1st Yr., Julia Brown, R.R. #1, Richmond.

METCALFE 4-H SHOW

Champion, Barry Stewart, R.R. #6, Ottawa; Reserve Champion, Valerie Sharp, R.R. #2, Russell, Champion 1st Yr., Karen Eastman, R.R. #1, Metcalfe.

CARP 4-H SHOW

Champion, Glen Brydges, R.R. #1, Arnprior; Reserve Champion, Donald Carss, R.R. #1, Arnprior; Champion 1st Yr., Dale Dean, R.R. #1, Arnprior.

All champion and reserve champion showmen competed at the Carleton 4-H Championship Show last Saturday but no results were available at press time. Ooutstanding dairy and beef showmen will now compete at the Ottawa Winter Fair.

Area United Church Women Hold Meetings

Winchester

Mrs. George Ennis presided at the Thanksgiving meeting of Winchester U.C.W. and opened the meeting with a prayer of an Iroquois Indian. Worship service was conducted by Mrs. Paul Johnson and Mrs. Allison Fawcett using the Thanksgiving theme.

A comprehensive report of the U.C.W. Fall Rally at Ingleside was presented by Mrs. Ennis and Mrs. J. Barrett read a letter of thanks for the unit's contribution to the Overseas Aid Fund.

Plans were finalized for the anniversary dinner and members agreed to study the book on India as their program for the coming year.

A joint meeting of all units has been scheduled for October 23rd in the Sunday School rooms when Jim Byers will show slides of his experiences while a teacher in Africa.

Following an enjoyable lunch the meeting closed with the Mizpah benediction.

Mountain

The October Thank Offering meeting of the Mountain U.C.W. was opened by the repeating of the 100th Psalm in unison followed by a poem "How To Serve". Fourteen members heard the meinutes of the last meeting. The group decided to sell Church calendars.

The Fall Rally is to be held at Johnstown, October 24th. This is an evening meeting.

Thanksgiving was the theme of the Programme conducted by Eva Simms and Bessie Boyce. A story "Count Your Blessings" took members back to the time of the Pilgrims and the First Thanksgiving. This made all more aware of the blessings of today. All joined in singing "Count Your Blessings".

Later members enjoyed a social time.

Pleasant Valley

The October meeting of Pleasant Valley U.C.W. was held on Wednesday evening at the home of Mrs. George Francis. Mrs. David Gilmer had charge of the devotions. She took as her topic "Thanksgiving". The meeting opened by singing Hymn 586 followed by the Scripture Psalm 100 read by Mrs. Gilmer. Reading on the Scripture was read by Mrs. Dwight Gilmer entitled "The Open Hand of God". Prayer was given by Mrs. Mary Gilmer. All were pleased to have her with us again.

Other readings "Singing Hearts" read by Mrs. Ken Hunter and "October" read by Mrs. Don Francis. "The Lord is My Shepherd" read by Mrs. Walter McShane and Mrs. Jas. Neilson read the Missionary reading.

The minutes and roll call given by Mrs. Don Francis. Thankoffering was received.

Seven members and one visitor were present. Mrs. Lucy Kirker was the guest and she was a former resident. She now resides in Prescott.

The Lord's Prayer closed the meeting. A delicious lunch was served by the West group. The November meeting will be a Pot Luck Supper to be served in the Orange Hall. The dime cards will be taken in.

Hulbert

October meeting of Hulbert U.C.W. met October 4th at the home of Miss Luva Thorpe in Winchester.

The program, directed by Mrs. R. Roberts opened with a poem "Again". Hymn 577 "Come Ye Thankful People Come" was sung followed by a poem "Life Magic" by Mrs. A. Beckstead.

Scripture was read in unsion from Psalm 723 in the Hymnary followed by prayer by Mrs. Roberts. Mrs. Delbert Fawcett gave a reading "The First Thanksgiving Day" followed by Hymn 579 "We Plough The Fields". A reading "Thank God for Kindness" was given by Mrs. N. Scharf and a poem "My Sentimental Dream House" by Mrs. Don Sullivan.

Minutes of the last meeting were read and 14 noted present. Members gave Bible Verses using the word "House". A bazaar and Tupperware Party were announced.

The president, Mrs. Roberts thanked Miss Thorpe for inviting members to her home and the meeting closed with the Mizpah benediction.

A social hour was enjoyed by all.

Inkerman

Fifteen members of Inkerman U.C.W. along with several guests met at the church hall for a very enjoyable Thanksgiving dinner.

Guest speaker for the special occasion was Mrs. Woodland of Spencerville who presented a very interesting resume of summer school at Macdonald College.

Worship service was led by Mrs. Thos. Allison and Mrs. George Corry presented a very interesting reading entitled "Ways to make Thanksgiving Thanksgiving". Another Thanksgiving reading was given by Mrs. Dawson Levere, Jr. Following the meeting all enjoyed a social hour.

THE PROBLEM

"HIGH LIVING"

"Consumers are plagued not by the high cost of living but the cost of high living," says Gordon Hill, President, Ontario Federation of Agriculture.

In a FARM AND COUNTRY editorial, he said "Housewives who blame their over-budget grocery bill on farmers, do not understand the farmer's situation".

Hill is convinced many consumers live in a fool's paradise. They expect pay raises, themselves, but refuse them to the farmer.

"It does not work that way. Approximately 93 cents of each dollar that a farmer earns - goes to cover costs. The other seven cents is his return for invested capital and labour."

The farmer is lucky to get a penny out of the consumer's dime, claims Hill. He is convinced that if consumers understood, they would not ask farmers to sell food for less than it costs to produce.

"The penny a farmer does get is not enough to cover escalating input costs. Each time steelworkers get a raise, machinery costs go up."

Today a farmer pays five times more for a three-plow tractor than he did in 1946.

"But has he really passed this on to the consumer?" No. In 1955, one hour's wages would buy 2 1/2 dozen eggs. Last year, one hour's pay bought 7.4 dozens."

In 1949, a man had to work 20 hours to feed his family of four. Last year, the same family could eat better from 11 hours pay.

"Farmers are people too. Their families deserve as high a standard of living as the plumber's and the teacher's."

Hill charges Mrs. Consumer with inflating her own grocery bill. She is gullible, often spending more on the sophisticated processing, fancy packages, gimmicks, and advertising than for the food, itself.

"This is where the dollars go."

NORTH DUNDAS NEWS

Life At North Dundas

(by June Spearman)

Last week at North Dundas was our most active one yet. To begin with on Tuesday, October 10th, our Junior football team played their first home game. Thanks goes out to Leonard MacLean who scored our only touchdown and enabled us to lead the score for the first three quarters of the game. But our stiff opposition from TISS made a few scoring plays and ended the game with a score of 1-6. Another home game for the Juniors was on Thursday against South Grenville when we bowed gracefully to a score of 20-2.

Our Senior football team played two games away from home this week. On Tuesday our team played St. Lawrence High and after a battle the final score was 40-0. Tough break for our team. On Thursday South Grenville triumphed with a score of 42-0. Keep practicing guys!!

On Thursday, October 12th, NDDHS Senior and Junior basketball teams travelled to Brockville to play TISS. Both teams were met with stiff competition. The Seniors kept a tight defense and kept the score even at 28-28 and after one period of overtime, the final score was 33-28.

NDDHS Juniors got off on a better foot and by half time the score was 22-8. However, Thousand Island Juniors pushed ahead making the game tense. The final score was 30-26 for North Dundas. The next game will be held at NDDHS against South Grenville.

A different change in pace was held Thursday when students from levels 3, 4 and 5 English were released from classes to see a play presented to us by the Hexagon Theatre Company. The play was based on an Indian legend of how life on earth was created and during the second half of the play, the five actors did a great job of humorizing the previous act and totally enthralled the student body.

The Rt. Honourable Lucien Lamoreux honoured our school with a visit on Thursday during activity period. Both students and staff attended the lecture.

Artario is on exhibition in the school library and all residents of the surrounding area are invited to come and see this exhibition of Canadian Art. It is somthing you won't want to miss.

Esposito Or Henderson?

Phil Esposito or Paul Henderson, as the votes come in by the thousands in Labatt's Team Canada "Best On Ice" Award.

According to a spokesman of Herbert A. Watts Ltd., the independent judging house that is handling the official ballot count, "the voting is so close between Esposito and Henderson that there is still no solid indication which one will win the 1973 Ford Mustang Grande".

Voting for the Labatt's "Best On Ice" award will be accepted until midnight October 7th and the Team Canada player receiving the most votes will win a 1973 Ford Mustang Grande.

The winner will be announced on or about October 31st. To vote for the player you feel has been the most valuable to Team Canada over the series, send your selection on an official ballot or a piece of paper to:

Box 5050, Station 'A', Toronto, Ontario, or; Box 5050, Station 126, Montreal, Quebec or, Box 5050, Vancouver 3, British Columbia.

Files Nomination Papers

Gordon Blair, Liberal candidate for Grenville-Carleton filed his nomination papers at Richmond on Tuesday, October 10th.

Mr. Blair who is being opposed by Progressive Conservative Walter Baker and NDP candidate Joan Kabayama, is shown in accompanying photo at the office of the Returning Officer.

No Roughhouse Tactics In WHA

World Hockey Association president Gary L. Davidson, disturbed by the large number of misconduct penalties in early WHA games, has warned players and coaches that roughhouse tactics will not be tolerated.

"Reports from exhibition games indicate that referees have found it necessary to impose numerous misconduct and game misconduct penalties," Davidson said, "and these infractions carry automatic fines,"

"We intend", he states, "to provide an exciting hockey match but in no instance will we violate the integrity of the game. Free-for-alls have no place in the WHA".

Mr. Davidson says he has instructed the Referee-in-Chief to deal severely with each situation as it arises and further to advise the league office of his findings in cases of any conduct detrimental to the league.

"Be aware", Davidson cautioned, "that any rules infractions will be dealt with firmly and those infractions relating to deliberate injury of an opponent will receive special attention."

Hunting Season Dates Listed For District

The archery season for deer in the G. Howard Ferguson Forest Nursery situated on Highway 16 just north of the town of Kemptville opened October 16 and will remain open till October 31, 1972. Firearms and dogs are NOT allowed.

Hunters will leave their deer hunting licence at the main office and pick up a seasonal permit free of charge which they will complete and leave at this office upon completion of their hunt.

Other seasons for game in the Kemptville District are: Deer - Lanark County north of Highway 7 - November 6 - 11, 1972; Lanark County south of Highway 7, Leeds County and Carleton County north and west of the Rideau River. Political Leaders Asked For Policy On Canadian Sport

Sport Governing Bodies of Canada today delivered letters to the leaders of the four federal political parties requesting a policy statement on Canadian Sport.

Over 1,000 letters from National and Provincial Sport Association Presidents across Canada have been presented to the Right Honourable Pierre Elliott Trudeau, the Honourable Robert Stanfield, Mr. David Lewis and Mr. Real Caouette. The purpose of this action is to determine the extent to which each party is prepared to commit itself to the future development of Canadian Sport, and has been prompted by the apparent need for a clearly delineated National Sports Plan.

Such need has been further supported by Canada's recent international performances.

The importance of Sport to Canadians may be evidenced by the fact that an estimated 80% of our population listened to or viewed the final game of the Canada-Russia hockey series. Additionally, it has been estimated that there are 5,000,000 Canadians involved in sport.

The response of each party will be made known to the Canadian public.

St. Mary's C.P.T.A. Meets

Ralph Watzenboeck, Principal of St. Mary's School, introduced his staff to parents at a C.P.T.A. meeting last week and each staff member briefly outlined specific programmes for the year including junior kindergarten, immersion kindergarten, family life, drama and crafts.

Mr. Watzenboeck reviewed the organizational structure for continuous progress and gave some reasons for this approach.

The need for communication between the school and home in a manner that all could understand was emphasized and it was suggested that if parents do not understand the reporting methods they should not hesitate to ask questions.

Officers elected for the coming term are as follows: President, Mrs. Howard Williamson; Vice President, Michael Quinn; Secretary, Mrs. Bert Bekkers; Treasurer, Mrs. Marilyn Beckstead; Spiritual Director, Rev. M. Hurtubise; Membership Mrs. Sally Charron; Social Convenors, Mrs. J. Van Delst, Mrs. A. Huybregts.

Hunting just isn't what it use to be! At least, many hunters I know say this. Now I don't mean that hunting in general isn't the same, I'm talking about hunters. In Smiths Falls, a woman has reported that her domestic cat has been shot. This resulted in a trip to the vet to have the pellets removed. Now it could have been an accident but in this case, I believe it was just a dumb stupid act by a dumb stupid hunter. I hate to use that word hunter on this person but I have to. You see, there are about 95 hunters out of every hundred that abide by the laws. They are ones who ask permission to enter on private land... they share their game with the farmer... they make certain that they are safe hunters ... they co-operate with the authorities ... they are hunters by the true definition.

The hunter (??) who shot the cat and probably any other animal or bird that crossed his path, should be eliminated... he should be barred from using his weapon .. HE SHOULD NOT BE ALLOWED TO HUNT. I'm certain there isn't a hunter who does not agree with this statement. If I were to see an act being committed like the one above, I would report him to the proper people. Now some might say that you are a trouble maker but let's face it, I like to hunt and I want to keep that right. The only way to overcome public outbursts against the hunter, is to show that 95% of the hunters are responsible sensible citizens. The other way, is to eliminate the 5% that like to give us a bad image.

The safety hunter program is one of the best things to happen to hunting and it has brought the accident rate down. Now, when a person goes for his licence, he has to prove himself ... but what about the hunters who carry a licence and has never proved himself? Many are the best in the world, but there are a few individuals that marr the course for the rest. These are the ones that we should be after. I'm appealing to all true hunters to show their colors and help get rid of the unwanted person who is destroying one of our greatest outdoors sports. Destroying it so bad, that one of my best friends will never hunt again because some idiot mistook him for game and shot at him. How about getting together and showing the public we are responsible?

The Garbage Can Of The Week Award goes to fishermen who like to leave the remains of their catch on the shores. Please sirs, are you so helpless that you can not dig a small hole and bury it? To you, we send a fishing drought for five years. By that time, maybe you will be so discouraged that you will give up fishing thus eliminating your mess from the countryside.

Notes, comments, meeting notices and letters are welcomed by the Valley Sportsman, Box 292, Smiths Falls, Ontario.

UNICEF PRESIDENT ON TOUR

Chance For Everyone To Care And Share

Everyone should have a chance to care and to share" says UNICEF President on tour through Eastern Ontario.

Mrs. Sybil M. Darnell, National President of Canadian UNICEF Committee is currently visiting towns and cities in eastern Ontario.

"Everyone should have a chance to care and to share in the process of world development" she said. "UNICEF, through its programs at Hallowe'en and the sale of Greeting cards, enables children and adults throughout Canada to help children in developing countries to a better life, and in many cases, to life itself".

Malnutrition Is Often Ignorance

Mrs. Darnell also drew attention to UNICEF's world-wide plans to reduce malnutrition. Production of high protein food is being actively encouraged and mothers taught to feed their children properly using available food stuffs. "Malnutrition is often the result of ignorance as much as the shortage of proper foods" she said.

"The effects of the 'green revolution' (the new methods food production) is still to be felt by many of the world's hungry people", she warned. "Many problems still have to be solved in methods of distribution and storage of food stuffs."

"There's more than one kind of starvation."

"Millions of children throughout the developing world are starved of even the basics of education" Mrs. Darnell said, adding that "UNICEF is conducting new initiatives to bring basic literacy and numeracy to children."

"Education must be suited to the needs of the country -- its no good producing a few university graduates when the country really needs thousands of good artisans and farmers -- so UNICEF's education program is paying close attention to basic and vocational education."

Mrs. Darnell has warm words of praise for Canadians, young and old, who help UNICEF. "Canada is one of UNICEF's staunchest supporters" she said, "and at the start of a new season, I would like to thank most sincerely everyone who has helped us in the past and hope that they and their friends will add their support in the weeks ahead."

Mrs. Darnell added a plea for more volunteer assistance. "We depend entirely on volunteers for our fund raising and information programs".

If anyone would like to help with UNICEF's program's, they are cordially invited to write now to Mrs. Darnell at the Canadian UNICEF Committee, 737 Church Street, Toronto 5 or to phone their local UNICEF chairman.

Osnabruck Centre W.I. Plan All Day Quilting Bee

Osnabruck Centre W.I. members held a very interesting meeting recently at the home of Mrs. Max Arthur with 19 members and one visitor present. The visitor, Mrs. Gladstone Warner of Russell was once a member of the local branch.

A paper, prepared by Mrs. George Daye and presented by Mrs. John Grandau, described life in the arctic and on display were articles such as ivory caribou horn, oopik, and models of clothes worn in the arctic. Mrs. Daye's husband is employed on the dew line.

Mrs. Clifford Collins, commented on the motto "If You can't be thankful for what you have, be thankful for what you have escaped."

Mrs. John Grandau gave the 'Smile'. The annual fall bazaar and euchre will be held November 17th.

Mrs. Dorothy Morgan, conducted a contest 'Art Gallery' which was won by Mrs. Flegg guessing weight contest won by Mrs. Morley Warner. Lunch was served by Mrs. Charlie Bush and Mrs. Robert May, Mrs. Morley Warner expressing the appreciation.

The November meeting to be held in the hall; an all day quilting is planned and a pot luck dinner.

Visitors At Trade Fair

Two men who are opposing one another in the coming election visited Winchester Trade Fair on Friday night and both spoke of the friendly hospitality that prevailed throughout the entire arena.

Speaker of the House in the last government, Independent Member Lucien Lamoureux is again contesting the Stormont-Dundas riding, while veteran politician Grant Campbell, upholding the Progressive Conservative banner, hopes to win the seat for his party.

Mr. Lamoureux is shown in accompanying photo examining the fine W.I. display, while in the other picture Mr. Campbell, second from left, appears to have received enthusiastic support from, left to right, Ray Van Noy, Dwight Lannin and Sam Ault.

Ont. Place Attendance Up This Year

When Ontario Place closed for the 1972 summer season on October 9, a total of 2,350,471 visitors had been attracted to the waterfront showplace in this year's 20 weeks of operation, according to Ian C. McLennan, recently appointed General Manager. This is 31,677 more than last year's 2,318,794 attendance total.

During the period of the Canadian National Exhibition from August 16 to September 4, when there was a combined Ontario Place - C.N.E. admission policy, Ontario Place attracted 1,128,045 visitors, or a daily average of 56,402. On one day, September 3, Ontario Place drew 104,478 an all-time daily attendance record for the site. Approximately 25% of the summer visitors to Ontario Place came from outside Ontario, primarily the United States.

Over 900 persons were employed at Ontario Place at the peak of the season. Of these 438 were college and high school students who worked as hosts, hostesses, and marina, administration, boutique and maintenance staff. They came from many communities throughout Ontario, such as North Bay, Timmins, Ottawa, Kingston, Windsor, Kitchener, Peterborough, and Sault Ste. Marie.

For the 1973 Ontario Place season, a new giant-screen IMAX film is now being produced by David Mackay, who filmed the Cinesphere feature, "Where the North Begins" and co-produced the Academy-Award-winning "A Place to Stand". The new film, which will take fuller advantage of the startling "total involvement" IMAX effects achieved in 'North of Superior', is expected to be ready for showing to Cinesphere audiences when Ontario Place re-opens in the late Spring of 1973.

Seaway Comm. Services Need Volunteers

Seaway Community Services finds it necessary to set up a summer camp planning committee and feels now is the time to solicit volunteers.

Mrs. Leonard Barkley, speaking for the association says, "we would welcome names of persons who would be willing to act on a volunteer basis and we would also like to have new ideas that would help create interest at the camp".

Those who feel they would like to help in this very valuable work are asked to contact Mrs. Barkley at 543-2110 or 543-2660.
