Now Showing

THIS THURSDAY, FRIDAY & SATURDAY

February 12, 13 and 14

"Robin Hood of the Pecos"

There's flaming action when Roy Rogers rides the Pecos trail. Six-gun adventure at its best. With "Gabby" Hayes and Sally Payne.

"FLYING BLIND"

A heroic transport pilot, in a storm-buffeted plane, fights a grim battle against the elements. Starring Richard Arlen and Jean Parker.

For Next Week

MONDAY, TUESDAY & WEDNESDAY

February 16, 17 and 18

"WHEN LADIES MEET"

There's fireworks in the offing when rivals meet. The slickest comedy of the season starring Joan Crawford, Greer Garson, Robert Taylor and Herbert Marshall.

THURSDAY, FRIDAY & SATURDAY

February 19, 20 and 21

"IN THE NAVY"

Abbott and Costello, star comedians of "Buck Privates," romp through their hitch as sailors, in a continual broadside of clowning and buffonery. With the Andrew Sisters and Dick Powell.

MATINEES

Wednesday & Saturday Afternoons Only.

Inkerman Climbs Into Second Place In Town League

The Vernon Flyers provided the league-leading Rangers with their toughest opposition in the first game of last Friday night's Town League Hockey Doubleheader. The score was 4-1 for the Rangers.

The Rangers really won the game in the first period, when they scored three times via D. Kenney, A. Summers and L. Kenney. Assists on these counters were given to D. Hutt, F. Kellogg, L. Kenney and Art Summers.

In the second period the Vernon team not only held the Rangers scoreless, but actually outplayed them most of the time. It was in this period that they got their only counter, D. Ferguson, assisted by E. Ferguson, beating Art Dupuis, the Ranger goalie, from close in. It was only the stellar work of the Ranger net-minder that kept Vernon from scoring on several other occasion.

In the third period, play was fairly even, with the Rangers getting the breaks in scoring. Midway through the period Art Summers took a neat pass from Lloyd Kenney to give the Rangers their fourth goal.

While Vernon ended up on the short end of the score, they served notice that they were a match for any team in the league and at present it looks as though they are headed for a play-off berth.

The line-ups were:

Vernon—Goal, R. Cumming; defence, G. Whitteker, M. Rombough; centre, E. Docksteader; wings, A .Clarmo and V. Eastman; alternates, F. Whitteker, D. Whitteker, E. Ferguson, R. McDiarmid, D. Ferguson, L. Acres.

Rangers—Goal, A. Dupuis; defence, K. Boyd and J. VanBridger; centre, L. Kenney; wings A. Summers and C. Carkner; alternates, D. Kenney, F. Kellogg, D. Hutt, W. Cross, G. Workman, L. Holmes.

Second Game.

In the second game the Inkerman Rockets turned the tables on the local Cubs and jumped into second place in the league standing. Much improved since their last appearance, the red shirts matched the local team at every turn. They opened the scoring in the first period, when G. McIntosh beat the Cub goalie with a sizzling drive. This lead was offset a few minutes later when Dan Robertson took a pass from G. MacDonald and tied the count for the Cubs.

Scores by A. Hurley and E. Barry, assisted by G. McIntosh and R. Hurley, gave Inkerman a two-goal margin at the end of the second session.

Still pressing for goals, the Rockets increased their lead to three shortly after the final period started, when A. Hurley beat Williams from close in. The Cubs turned on the pressure and before the game ended G. MacDonald scored the local's second goal. He was assisted on the play by D. Levere.

It was a good contest and Inkerman deserved their win, although the Cubs were short two of their regular players, Ed and Max Boyd, both of whom were laid up with the "flu." Their places were taken by Dwight Hutt and Alex Barkley and these boys turned in fine performances, considering the practice they have had. Both are members of the Royal Canadian Navy and were home on week-end leaves.

The line-ups were:

Inkerman—Goal, S. Dawley; defence, D. Thompson and R. Kirkwood; centre, G. McIntosh; wings, A. Hurley and C. Marriner; alternates, D. Patterson, E. Barry, W. Marriner, R. Hurley, J. Kirkwood, L. Pitt and L. Armstrong.

Cubs—Goal, H. Williams; def., Bob Hitsman and Dwight Hutt; centre, G. Elliott; wings, G. MacDonald and D. Robertson; alternates, J. Lennox, G. Fader, Alex Barkley, D. Levere.

Referee, Mel. Scott.

* * * *

Monday night's games were postponed owing to the side roads being blocked with snow. They were played last night and will be reported in next week's Press.

Local Legion Holds Annual Meeting

The annual meeting of the local Legion was held on February 6th with a good number of veterans present. The Secretary gave a good report of the past year with a fair balance to start this year's work. There were nine new members added last year which greatly encouraged the old members who have carried on under trying circumstances.

Please do not forget to drop a coin into the Overseas Cigarette Boxes. Last month we collected $16.59, but as we have a great many boys overseas, this will only send 16 boys 300 cigarettes each.

The slate of officers for 1942 are: President, Comrade Alva Alexander; 1st Vice President, Comrade Neil Hutt; 2nd Vice President, Comrade Wm. Watson; Sec.-Treasurer, Comrade E. R. Summers; Sergt. at Arms, Comrade Arnold Casselman. The executive committee will be named at the next meeting.

BLOOD DONORS' HONOUR ROLL

The following residents of the Hallville district will donate their blood at the Red Cross Blood Clinic, 301 Metcalfe Street, Ottawa, today:

MR. ALLAN VOSBOURGH.
MR. STANLEY COLEMAN.
MR. BYRON MARTIN.
MR. MAURICE HYNDMAN.
MR. LYLE HUTT.

Last week five residents of the Hallville district donated blood, but we have been unable to obtain their names.

Week-End Snow Storm Was Worst In Many Years

When the radio announcer from Ogdensburg said that one of the worst snow-storms of the season was blowing in from the east last Friday, he wasn't fooling. The storm reached this district shortly after the noon hour on Saturday, and what it did to the landscape hereabouts is worth commenting on. With a driving eastwind accompanying it, the snow fell heavily all Saturday afternoon and evening, and continued until Sunday evening, leaving the district covered with about 20 inches of snow on the level and many huge drifts.

By Saturday night, all motor traffic was brought to a stand-still, the plows having been unable to cope with the volume of snow that had fallen.

Few farmers were able to reach town on Saturday night and the attendance at the local arena was small. On Sunday morning the municipal snow plows were brought into play in order to get the sidewalks cleared before church time. They succeeded in breaking a path on most of the streets, but owing to the drifts that were piled anywhere from five to seven feet in spots, the horses played out before the job could be completed satisfactorily. The highway plow worked all day Sunday to keep the highway open, and while it succeeded to a certain extent, the high wind caused the snow to drift faster than the plow could work and many motorists who ventured out became snowbound. All sideroads were blocked and still are, and it is doubtful if many of them will be open again for motor traffic before spring.

In the village, there was considerable drifting. All up and down Main Street, huge drifts blocked the entrance to many a business place and driveway. In front of the Press Office it was necessary to shovel out a five-foot drift before entrance could be made at the front door. This same condition existed at the hotel and Lannin's Garage. At the hotel, the back entrance was blocked by a seven-foot drift on Monday morning.

It was the heaviest snow-storm that has been seen in this district in the past forty years. according to the older citizens, and after all the shovelling we did on Sunday and Monday, we have no reason to doubt their word.

The attendance at the church services was very small, as members from the country were unable to reach town.

About nine o'clock on Sunday night, the wind dropped, the snow ceased to fall and the weather turned cold.

Arising one hour earlier than usual, owing to the adoption of Daylight Saving Time, local citizens went to work on Monday morning to dig the village out of its heaviest blanket of snow. The plows made several trips up and down the streets, municipal employees and private citizens shovelled, and men with teams hauled the snow away from the main thoroughfares. It was a big job, but one that was necessary in order to have normal winter conditions resumed.

About the only ones that got a kick out of the storm were the youngsters who took advantage of the increased depth of snow to go snow-shoeing or skiing on Sunday afternon. We can truthfully say that motorists didn't enjoy it one bit, judging from the number of cars that had to be dug out of snow drifts over the week-end.

But, in spite of all the discomfort that resulted, it was a great storm, and we are glad that it is out of the atmosphere and sincerely hope that it is the only one of its kind that old man Winter has on his agenda for the season.

Lend to Fight and Win.

RINK CALENDAR!

Thursday—Public Skating (Band)

Friday, Feb. 13—Town League Hockey: Vernon vs. Cubs; Rangers vs. Inkerman.

Saturday—Public Skating (Band).

Monday, Feb. 16th—Town League Hockey: Cubs vs. Inkerman; Rangers vs. Vernon.

Tuesday—Public Skating (Band).

Wednesday, Feb. 18th—100 Club Carnival and Victory Loan Rally in aid of Red Cross.

Note: In addition to a first class refreshment booth, the Arena this year is equipped with a Check Room.

Military Convoy To Visit Winchester On Tuesday Next

Next Tuesday morning, February 17th, residents of Winchester and district will be given an opportunity of seeing what the implements of war really look like—that is if they make it a point to be up town around 8.00 o'clock in the morning. On that date a "Convoy of War Weapons" will pass through Winchester, enroute from Ottawa to Cornwall. The convoy will consist of some 43 motor-driven implements of war, including four large tanks—one of 35 tons; several smaller tanks, Brengun carriers, armoured cars, puddle-jumpers, universal carriers, artillery units, motorcycles, supply trucks, etc. It will be a wonderful display and well-worth seeing. There will be 125 men in charge of the vehicles. This convoy is valued at $250,000.

This convoy has been assembled and will be displayed in the interests of the New Victory Loan.

As the procession passes through Winchester, an announcement will be made from a loud-speaker system at the intersection of Main and St. Lawrence Streets, telling the spectators what the vehicle is, what it costs and how many Victory Bonds are required to purchase one.

The convoy leaves Ottawa at 6 o'clock next Tuesday morning and travelling about 15 miles per hour, it should reach Winchester between 8.00 and 9 o'clock. Going through villages, it slows down to a crawl, so that all may have an opportunity of inspecting it. An effort is being made to have the convoy stop here for a few minutes, but as it travels on schedule, it is not known yet whether this can be arranged.

This may be your only opportunity of seeing a unit of Canada's mechanized army in action, so plan now to come out and see it. Remember the date, Tuesday, Feb. 17, at 8.30 a.m.

Victory Loan Com. Met On Tuesday

Final plans for the New Victory Loan Campaign in Winchester and district were made at a well-attended meeting of the local Victory Loan Committee, held in the Council Chambers on Tuesday evening. Mr. H. L. Flora, the Chairman, presided, assisted by Mr. J. T. Skelly, district Victory Loan Organizer.

The local canvassers, Messrs. Ernest Summers, Walter MacDonald and E. J. Spinks, who will be assisted by Mr. W. J. Stewart and Councillor Hy. Bessin, were also present and a plan was made for the canvass on a systematic basis. These canvassers, accompanied by the local chairman, will attend a meeting of district canvassers at Cornwall this afternoon, when they will be given official instructions and receive all necessary supplies and data on the new Loan. Local canvassers will start canvassing on Saturday—the duration of the campaign being from February 16 to March 7th.

The new bonds may be purchased on the following basis: a 2 1-2 year 1 1-2 per cent. issue, maturing September 1, 1944; a six-year issue, March 1, 1948, bearing a coupon of 2 1-4 per cent; and a 12-year issue maturing March 1, 1954, bearing interest at 3 per cent. This latter long term issue will be payable at maturity at 101 and will be callable at 101 during or after 1952. The yield on this 3 per cent. issue if held to maturity will be 3.07 per cent.

There are two Dominion of Canada bond issues maturing in May and June respectively this year. An issue of $95,500,000 of 1 1-2 per cent. bonds matures on May 15 and another issue of $60,000,000 2 per cent. bonds matures on June 1. These bonds will be accepted in exchange for bonds of the Second Victory Loan in any of the three maturities.

Application forms for the new bonds may be obtained from the local chairman, Mr. H. L. Flora, as well as from the canvassers.

Plans were made to co-operate with the 100 Club, who are sponsoring an Ice Carnival and Victory Loan Rally at the local Arena next Wednesday evening.

It was also decided to seek the co-operation of the Council in the display of suitable decorations about town. A grant of $25.00 was made for this purpose by the Counties' War Loan Committee and it is expected the Council will make a similar donation to the fund.

The local committee's chief aim is to see that the district's objective of $100,000 is oversubscribed. With the war coming closer to Canada, and due to reverses suffered at Hong Kong and Singapore for lack of fighting equipment, it is felt that the majority of citizens will realize that their money is urgently needed and will not hesitate to loan it.

Bonds may be purchased on the instalment plan, so wehther you have ready cash or not, you can buy them and do your part to back up the boys who are fighting for the cause of freedom.

Judge: The jury find you guilty.

Prisoner: That's all right, judge. I know you're too intelligent to be influenced by what they say."

Judge: You can take your choice, $10 or 10 days."

Prisoner (still in foggy condition): I'll take the money, your honor!"

Most of the sets of instructions about what to do in an air raid begin by telling us to "remain calm". No one should wait for an air raid; start now.

WOMEN'S INSTITUTE

The February meeting of the Women's Institute will be held at the home of Mrs. Albert Johnston on Tuesday, Feb. 17th. Roll Call—"Ways to Conserve Sugar." Please bring needle, thimble and thread to sew quilt blocks. Visiting ladies invited to attend. 41c

Funeral of Late Dr. M. W. Locke Largely Attended

Rev. E. C. Lacey, pastor of Williamsburg United Church, paid a glowing tribute to the life of the late Dr. M. W. Locke, world-famous physician, at his funeral service, which was held on Monday afternoon.

The funeral took place from the neat green and white frame building on Williamsburg's main street which housed both Dr. Locke's residence and office. Since Saturday a stream of people had passed by the bier which was banked on all sides by more than 125 beautiful floral tributes which overflowed into the room beyond. Messages of sympathy were received at the home from points the world over. Included in these was a message from Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada.

The cortege proceeded from the house to St. Andrew's United church which had been filled to its few-hundred capacity for hours before the service started. Hundreds who were unable to get inside waited in the bitter cold outside.

Minister's Tribute.

"There are thousands of walking monuments to the name and honor of Dr. M. W. Locke," said Mr. Lacey, who conducted the service, assisted by Rev. R. S. Smith, of Elma United Church, and Rev. C. R. Cronmiller, of St. Peter's Lutheran Church, Williamsburg.

Mr. Lacey took as his text the story of the "beloved physician."

The winter sun slanting through the church windows threw splashes of color over the flower-bedecked coffin as the minister eulogized the life of the man who made Williamsburg.

"Dr. Locke's friends were the common people," said Mr. Lacey. "He was great because he was a common man."

Dr. Locke was laid to rest in a vault in the United Church cemetery. In the Spring he will be buried in a plot facing Highway 31 along which thousands travelled towards his clinic.

Honorary pallbearers were: Dr. A. T. Shannette, Morrisburg; Dr. W. H. Lloyd, Chesterville; Dr. C. J. Locke, Winchester; H. J. McFarland, Picton; Hon. Earl Rowe, M.P. for Dufferin-Simcoe; A. C. Casselman, M.P. for Grenville-Dundas; G. H. Ansley, of Perth, and George H. Challies, M.L.A. for Dundas.

(A full account of Dr. Locke's passing appears elsewhere in this issue).

PROCLAMATION!

In compliance with a request of the Victory Loan Committee for the Counties of Stormont, Dundas and Glengarry, I hereby proclaim that the period from February 14th to March 7th, 1942, shall be observed in Winchester in a manner that will signify the spirit of the community and its patriotism during the 1942 Victory Loan Campaign which will be in progress during that time. And I hereby call upon all business men and private citizens to decorate their buildings with flags and other suitable decorations. Let every citizen of Winchester, especially those residing on the main thoroughfares, take a personal interest in the matter and lend their co-operation.

By Order of The Council,
T. O. KEYES, Reeve.
Winchester, Feb. 10, 1942.

100 Club Carnival Being Held Next Wednesday Night

Tickets are now being sold for the 100 Club "Night of Fun" to be held at the local Arena next Wednesday evening, and as all proceeds go to the Red Cross Society, it is hoped that the tickets will meet with ready sale .

In addition to the costume display, ice races, etc., an old-time Hockey Game will be staged by members of the 100 Club and Chesterville Rotary Club, as well as an exhibition of fancy skating by the Ouderkirk Sisters and Miss Margo McLean, of Finch.

Following the above events, public skating will be held with the Rink Band providing music, so don't forget to bring your skates.

This year's Carnival is being tied in with the district Victory Loan Rally, and a speaker will be on hand to give some of the important facts about the New Victory Loan. Decorations and posters will be used to make an effective background for the evening's program.

As Chesterville Victory Loan Committee is co-operating with the local committee in this event, the money derived from all tickets sold in Chesterville will be donated to Chesterville Red Cross Society.

The evening's program is being well planned and is deserving of the patronage of all Winchester and district citizens, so be sure and attend. If you have a costume, be sure and wear it. In the meantime buy a ticket from any member of the 100 Club or Red Cross and take a chance on winning a War Savings Certificate as a door-prize. The tickets are 25c. They are on sale at the Press Office also.

Feed News!

SUGAR

The Sugar Administrator has informed us that it will be quite in order for farmers who have always bought Sugar by the 100 lb. bag to continue to buy it that way. The purchaser, of course, must comply with rationing regulations in using the sugar. Present supply must be used up before a new supply is bought.

We have to keep a record of the name of the purchaser and the date of sale of each bag.

The Administrator is very reasonable in regard to these sugar rationing regulations. However, it is necessary that everyone co-operate if this arrangement is to work out successfully.

CHICK MASH

We will have our regular X-L-O and XXX (O.A.C.) Chick Mashes again this year.

Fortunately, we have a fair supply of the kind and grade of ingredients that go into these Chick Mashes. They will be of the same high quality as in other years. One thing that people like about these mashes is that **they are fresh.** That means a great deal, especially with Baby Chicks

The prices will be as low as we can keep them. They will be fairly reasonable.

Call and see about these Chick Feeds and Chick Supplies.

LAYING MASH

X-L-O Laying Mash.....$2.80
XXX (O.A.C.) Laying Mash $2.70
XXX (O.A.C.) Laying Mash with Cereal Grass.....$2.75

Inquire about the special allowance made if bags are supplied and these mashes mixed right into your own bags. It applies on half ton lots or more.

We would suggest buying now at the above prices.

Have grain cleaned now. Special 12c rate on ton lots or more.

A POOR EXCUSE !

Just because you are not in sympathy with the government holding the proposed plebiscite, or are not satisfied with the country's war policy in general, is no excuse for you refusing to buy the new Victory Bonds. You must forget that you are a Liberal or Conservative and act as a true Canadian. It is your duty to back up the boys who have donned the King's Uniform, by loaning your money to the government, in order that these brave lads may be supplied with the necessary weapons to fight with. Regardless of what you think about the government, you cannot let the boys in our fighting forces down. And another thing—remember that the present government was elected to office by the majority of people, and in a democratic country majorities rule—while minority rights are respected.

When the local canvassers approach you about buying a Victory Bond, don't be narrow-minded and refuse on the grounds stated above. There is no excuse for not buying Victory Bonds if you have the money to spare. This war is not won yet—as a matter of fact we are further from victory today than we were a year ago. Money and more money will be needed to crush the power of our enemies and we must all do our share to keep this money rolling in. People who who are so self-centred that they do not take these Victory Loan campaigns seriously, may some day regret their attitude. Loan your dollars now while they can still be used to protect your home.. Think it over and decide to buy the new Victory Bonds.

. . . — V . . . —

MONDAY'S BY-ELECTIONS

There were four by-elections held in Ontario and Quebec on Monday to fill vacancies in the House of Commons at Ottawa. In three of the ridings Liberal members were returned, while in the other Rt. Hon. Arthur Meighen, newly appointed leader of the Conservative Party, was defeated by a C. C. F. candidate, J. W. Noseworthy. This contest took place in York South, traditionally a Conservative riding. The fact that there was no Liberal candidate opposing Mr. Meighen would lead one to think that the Liberals joined forces with the C. C. F. supporters to defeat the Conservative Leader.

In Welland, the Minister of Labour, Hon. Humphrey Mitchell, was elected. His opponents were Douglas Watt, Independent, and Mark Kriluck, C. C. F.

Prior to the elections Mr. Meighen and Mr. Watt were assisted in campaigning by the Hon. Mitchell Hepburn, Premier of Ontario. While we respect Mr. Hepburn for opposing the plebiscite, we think he went a little too far in jumping over the fence to help candidates for the opposition of the Liberal Party. He could have expressed his opinion on the plebiscite and let the matter drop. As the results of the by-elections prove, his participation in the campaigns, especially that of Mr. Meighen, did more harm than good to the candidates he was supporting. Both were defeated.

Furthermore, the fact that three Liberal members were elected in Monday's by-elections should convince Mr. Hepburn that the sympathies of the electorates are still with Mr. King, and that the prestige he once enjoyed has been lost to a great extent.

INCOME TAX DUE ONE MONTH EARLIER

There are many, perhaps, to whom the payment of income tax will be new this year, states the Oshawa-Times Gazette, and warns of the fact that they have not had to pay it in past years is no assurance that they are not in the class to be taxed this year. As all employers are required to report the yearly earnings of their employees the government has a record of incomes of all, so there will be no use in trying to sidestep payment.

Last September provision was made for paying monthly instalments on the estimated amount taxpayers will owe on their 1941 incomes, so that those who took advantage of this plan might have their taxes spread over the 12 months without interest. Those who chose to pay in a lump sum may be in for an unpleasant surprise because the levy is much stiffer than it was last year.

While last year the income tax due date was April 30, this year it has been advanced to March 31 to correspond with the end of the government's fiscal year. All who are not paying by the instalment plan will be obliged to make returns on or before March 31 if they wish to escape tax penalties.

Forms for income tax returns are not available at the post office at present, but will be in the near future. If immediate attention is given to the income tax problem it may result in saving the income taxpayer some embarrassment, for the government is one creditor who will not stand for trifling.

. . . — V . . . —

CANADIAN CHURCHES ARE PRACTICAL

Ever since man first found God, the godly have been beset by the ungodly. The church has always been considered a natural enemy by those individuals and nations which have sought power and wealth through the cruel exploitation of their neighbours and other nations.

In the light of history it is not surprising that Hitler has seen fit to persecute the religious people of Germany and of those other countries which he has conquered. Enlightened citizens of the democracies which still remain free know full well that if Hitler is not stopped, the church and all it means will be set back for years.

Thus it becomes a logical decision that churches in Canada, whose primary mission is to promote "Peace on Earth," should lend a voice in support of the practical courses which must be taken to stop Hitler.

A Victory Loan Sunday on February 22nd is therefore well conceived. In connecting the cold, hard business of raising money for the war effort with the warm, soul-stirring truth that this is a war to free millions of oppressed people, this Victory Loan Sunday becomes a red letter day on the calendar for 1942. God-fearing Canadians should fill the churches on that day.

WHERE THE IDLER WAS CAUGHT

The picture editor looked up as a shadow fell across his desk. Standing beside him was a hard-featured young man, evidently a factory worker.

"Are you the picture editor of this paper?" said the visitor.

"Yes. What can I do for you?"

"Did you put this picture in?" continued the visitor, holding out for inspection a paper of the prevous week.

The editor looked. The picture was a view of a Canadian aircraft factory, showing in the foreground some workmen busy on the fuselage of a plane.

"Yes," said the editor. "I remember that. What about it?"

The visitor's scowl deepened.

"See that man there?" he said, pointing to a dim figure in the background.

The editor looked more ciosely. The man could hardly be seen, but the picture showed that he was leaning against a pillar, watching the photographer.

"That's me," said the visitor. "That picture cost me my job."

EDITORIAL NOTES

There is the comforting thought that less motor travel, due to gasoline and tire restrictions, may reduce the appalling motor accident toll which remains a national disgrace, says the Brockville Recorder & Times.

. . . — V . . . —

Under gasoline rationing the average allowance for small cars in this country will permit travel of about 5,400 miles a year—and that, it is worth remarking, ought to be sufficient for continuance of those week-end fishing trips.

. . . — V . . . —

Before you indulge in the luxury of harbouring resentment or hatred, notice that by doing so you will convict yourself of stupidity. Your indulgence in enmity will do very little to injure the person against whom you have a grudge; but it will make your life a perfect misery from morning to night. And if that isn't a mug's game, we would like to know what is!

. . . — V . . . —

When the overseas movements of troops are considered, it is well to remember that this cannot be done without plenty of ships, and ships are not now so plentiful as they once were. It is estimated that the movement of only one division requires the use of 27 ships, each of 5,000 tons. And in these days, too, naval and air escort must be provided.

. . . — V . . . —

Speaking of weddings, we glean from a journal devoted to the interests of the fair sex that "the bridegroom is never of such importance as the bride and she is of less importance than her dress." And when you consider how little the dress amounts to, measuring up and down, you have a pretty fair idea of how much figure the groom really cuts in the proceedings.

. . . — V . . . —

Things To Remember:—Saturday is St. Valentine's Day; your income tax must be paid by March 31st; your radio license must be renewed by April 1st, and also remember that that is the date on which gasoline rationing starts; Good Friday is April 3rd and Easter Monday is April 5th; the new Victory Loan opens on Monday next; the 100 Club Carnival and Victory Loan Rally will be held in the local Arena on Wednesday of next week; and in just about 10 weeks the mudpouts will be biting—oh, boy!

. . . — V . . . —

Hockey fans of Winchester and district who fail to patronize the games being played at the local arena by the teams of the Town and District League are missing some good displays of this sport. While interest in the local teams is increasing there is still room for improvement and we urge the fans to get behind the boys and encourage them. A hockey league is an asset to any community and the members of the local teams are worthy of support. If those who have failed to attend any of the games would be present at the next doubleheader tomorrow night, we are sure they would become regular patrons.

. . . — V . . . —

It's not hard to imagine what a handicap the big week-end snowstorm is going to be to the War Loan canvassers who are expected to visit farmers in the rural areas. February is a poor month for launching the loan—and winter is a poor season for holding a plebiscite. At this time of year, most side roads are closed to motor traffic and other modes of travel are not too comfortable in cold weather. The authorities responsible for arranging these campaigns either lack foresight, or they don't know what conditions are like in the rural areas in the winter time. It might be a good idea if some of these chaps were forced to spend a week at some farm home off the beaten path—they would then realize what the rural residents have to put up with during the winter months and would also realize that the winter season is not the proper time for holding elections, plebiscites or public campaigns of any nature.

Other Editors' Opinions

HELPING THE PEOPLE

(Renfrew Mercury)

With the cost of living reported by the Bureau of Statistics as going down, and gasoline rationing gradually taking effect, the government is actually helping quite a proportion of the people who refuse to help themselves.

WHAT DO YOU THINK?

(Ottawa Citizen)

A drunken truck driver at Brockville ran amuck in the streets and smashed three other cars, with damage amounting to over $1,000. He got 30 days in jail and 30 days' suspension of his driving license. What do you think about that? So do we!

A FAIR PLEBISCITE

(Morrisburg Leader)

The government's decision to hold a plebiscite on the question of conscription, will, we think, meet with the general approval, providing that it is held at once. Mr. King's decision is not a cowardly one, as some of his political enemies have been charging. On the contrary, it is the only fair thing for him to do.

AIR RAID CHANCES

(Chatham News)

In the United States they are conjecturing on the chance of air raids on American cities. Are the chances ten, a hundred, or a thousand to one? One commentator hits the nail on the head when he says that as long as there is one chance in a million we should be prepared for it. Unpreparedness accounts for the unfortunate position in which we find ourselves to-day.

THE GENTLE HINT

(Guelph Mercury)

Who says that the good old church hymns are not made to serve a very useful purpose? The story is going the rounds that a certain young lady whose gentleman friend has been calling for years, but who has never popped the question, is in the habit of playing hymns on the piano for him Sunday nights. She unfailingly opens with "Why do you wait, dear brother, why do you longer delay?"

AXIS RELATIONS

(Brockville Recorder & Times)

What Italians and Germans really think of one another is clearly demonstrated by their conduct after having been taken prisoner. One observer in Cairo says that "German prisoners won't mix with Italians. Italians will walk a mile rather than sit with Germans. My officer informant said that only once in six weeks has he seen a German and an Italian in conversation. You might as well try to mix oil with water."

AND IT'S GETTING WORSE!

(Leamington Post & News)

If the government imposes much more work on the office staffs of industrial concerns and newspaper plants respecting tax reports and other returns that have to be made periodically, most places will be obliged to maintain a staff for this work alone. Surely there is an easier method of dealing with the national defence tax, the unemployment insurance tax, the living bonus, the income tax, and other taxes than we have at the present time. As it is now, one of our book-keepers spends most of his time making out government returns, and trained office help is becoming harder to get every day.

GOOD ARGUMENT FOR BOTH SIDES

(Stirling News-Argus)

Premier Hepburn has announced the abandonment of the plan to reduce the compulsory school attendance age from 16 to 15 years. There are two distinct shades of opinion on this school age problem. When the school attendance age was raised to 16 the step was hailed as a triumph for education and organized labour welcomed it because it kept young people out of industry for another year and thus reduced the supply of workers at any given time. On the other hand, there are those who claim, and not without substantial grounds, that many of the boys and girls waste the last year and would be better learning some trade in a technical or vocational school.

THAT PLEBISCITE

(Fergus News-Record)

What do you think of the proposed plebiscite?

It really does not matter much, of course, what we think. Apparently there is going to be one anyway. The people of Canada are to be asked if they will release the King Government from its pledge not to bring in a conscription act for overseas service. Before the vote comes, it seems likely that Prime Minister King will tell just what kind of a selective service bill he has in mind.

As we said, it doesn't matter what we think, but a number have asked and they want an expression of opinion from their own editor on the subject.

And we have a decided opinion.

We do not like the idea at all. We think it is a waste of time and money.

UNEASY LIES THE HEAD

(Trenton Courier-Advocate)

Uneasy lies the head that wears a crown. Canada's Prime Minister, Mackenzie King, has been flooded this week with protests from all parts of the country on his plan to have the people of this dominion decide by plebiscite if the government should or should not be freed of obligations or promises made prior to its election.

Up to this time the prime minister appears to be standing to his guns against all opposition, whether it comes from the hustings, or from the ranks of his own party.

It is evident that there will be the plebiscite and there may be quite a time about it; the papers and probably government speakers will be explaining it to the people, while those who are opposing such a measure may make themselves heard.

Yes, there will be quite a time about this plebiscite with voters lists to be printed and a lot of money to be spent.

MUST STUDY GEOGRAPHY

(Carleton Place Canadian)

Every schoolroom in the land should have a round globe, a globe big enough for one to actually see the world. Every schoolroom should throw out its old flat maps.

Look at modern newspaper, magazine and newsreel maps. For the first time in history we are seeing things in proper perspective by studying them. Even though pinned on flat surface, they keep in mind the curvature of the earth's surface.

The science of cartography has been changed by modern journalism and in a very few years, just in time, in fact, to destroy our fatal complacency. We honestly thought, didn't we, that we were beyond anybody's reach. Well, geography and modern offensive weapons are showing us that if we'd learned geography the right way, we could never have been so smug.

IN LIGHTER VEIN

"I call this engagement ring 'the cat'."
"Why so?"
"Because it always comes back"

• • • •

"No buttons to polish, no buckles to shine!"
Exclaim old privates of the line.
The thought that makes 'em quite depressed
Is "What'll troops do when out 'on rest'?

• • • •

Sam, a colored gentleman, was being implored by a church committee of brethren to contribute to a special fund the church was trying to raise. But Sam was obdurate.

"Well," said one of the Brothers, with the clincher of an argument, "don't you all think you owes de Lawd anythin'?"

"Oh, sur, ah does," said Sam, "only he ain't pressin' me like mah other creditors is."

THE POET'S CORNER

"HITLER PHONES THE DEVIL"

Hitler called up the Devil on the telephone one day.
The girl at central listened to all they had to say.
"Hello" ('twas Hitler speaking) "Is old man Satan home?
Just tell him it's 'the Dictator' who wants him on the phone."
The Devil said, "Howdy Dolf" and Hitler said "How are you,
I'm running your hell on-earth so tell me what to do."
"What can I do," the Devil said, "dear old pal-o-mine?
You don't need any help from me—you're doing mighty fine."
"Yes, I was doing fairly well, until sometime ago,
When a man called Uncle Sam told me to go slow.
He said to me 'Dear Hitler, we don't want to be unkind,
But you've raised hell enough, so you had better change your mind."
I thought this lease-lend plan was bluff; he'd never get it through,
But soon he put me on the spot when he told me what to do.
So that's why I called you Satan—I need advice from you:
For I know that you can tell me exactly what to do."
Satan said, "Dear partner, there is not much to tell;
For Uncle Sam will make it hotter than I can here in hell;
I have been a real old Devil, but not half as mean as you,
So the minute you get down here the job is yours to do.
I'll be ready for your coming and I'll keep the fires all bright;
And I'll get your room all ready as soon as Sam begins to fight,
For I know your days are numbered and there's nothing left to tell,
Hang up your phone—put on your hat—and come on down to Hell."

—Montmorency County Tribune.

BUILDING CHARACTER

If I can drill my thoughts at will,
Their master to obey,
I'll rid my mind of rubble
(The hay, the wood, the stubble)
That breaks my life's foundations
And makes the fabric sway.

I'll haste to put in gentleness
And cast the rags of pride,
Discord, hatred, and unbelief aside;
Slow lifting from the ground, at first,
But mounting higher and higher,
I shall a building make my own,
More near my heart's desire.

—Dorothy Sproule.

"I hope to get on, sir. I'm taking a correspondence course to learn how to make more money, sir." "H'm! Well, it's just too bad for you, Jones. I'm also taking one to learn how to reduce expenses."

Our Column

The more you subscribe to the Victory Loan, the more you will enjoy victory.

The motto of the Dutch evidently is "a ship a day helps to keep the Japs away."

When the fliers get up too high, their abdomens swell. In the case of other men, only the head is affected.

All kinds of social knowledge and graces are useful, but one of the best is to be able to yawn with your mouth closed.

When a man leaves his wife, says a magistrate, it's usually the woman who is to blame.

Which one?

There may be something in the theory that the modern income-tax form was devised by the makers of headache tablets.

Teacher says college students get intoxicated at dances. How can you tell an intoxicated person at a modern dance?

An old timer is one who remembers when he could buy a pound of steak for a dime, but forgets that he had to work an hour to earn the dime.

Spinach is among the crops scheduled for greatly increased production next year. Which will bring home to the kiddies some of the horrors of war.

Even in these days when hell bursts a volcano, let us remember that for upon our world, like boiling lava from every insult offered to humanity there are a hundred deeds of heroism.

Idleness is doing nothing, and enjoying it. Boredom is doing nothing, and resenting it. You get bored when you will not do what you can be doing because you cannot do what you want to be doing.

No doubt Prime Minister King knows whether it was before or after Nazi invasion of European countries that Hitler staged a plebiscite—plebiscites are not only useless and misleading but dangerous, says the Smiths Falls Record-News.

The foot of the rainbow is never where you think it is. Perhaps there is a pot of gold there, but there are many more pots of gold that you will pass by on your way to realize your dreams. Some men have the vision to see them.

He who lives without a definite purpose achieves no higher aim than to serve as a warning to others. He is a kind of bell-buoy, mournfully tolled by the waves of circumstances, to mark the rocks or shoals which are to be avoided.

WHAT

Mountain Township

DID BEFORE

Mountain Township

CAN DO AGAIN!

Last year the people in Mountain Township bought $60,000 worth of Victory Bonds. That was pretty good!

But now, all of us in Mountain Township know that we can do a whole lot better in this present Victory Loan.

So, if you haven't already decided to buy the new Victory Bonds, make up your mind to do so at once and buy as many Victory Bonds as you can. Buy Victory Bonds with the money you have saved and buy them from future income, to the very limit of your resources.

If we had 1500 subscribers last time, let's have 2000 this time!

Official Canvassers for Mountain Township are Messrs. Robt. Beggs, Chas. Patton and Ed. Bush.

LET'S GO ALL OUT TO BUY THE NEW

NOTICES

IN MEMORIAM—In loving memory of Mrs. Erwin Haggerty, who passed away February 15th, 1941.

I cannot say, and I will not say
That she is dead,—She is just away-
With a cheery smile and a wave of the hand,
She has wandered into an unknown land.

41p. —Husband and Family.

We have often heard of the man without a country, but we won't be satisfied until he is definitely identified as Hitler.

IN MEMORIAM— In loving memory of the late John Moffatt, who passed away on February 8th, 1941.

Your last parting wish we would like to have heard,
And breathed in your ear our last parting word.
Only those who have lost are able to tell,
The pain in the heart at not saying farewell.

—Mrs. Moffatt, Muriel and Norma. 41p.

ST. PAUL'S LADIES' AID

The February meeting of the Ladies' Aid Society of St. Paul's Presbyterian Church was held at the home of Mrs. C. R. Robinson on Thursday afternoon last, with 21 ladies present, including 11 new members. Mrs. Robinson presided and reported for the treasurer, who was unable to be present. The secretary's report was given by Mrs. J. F. Smith.

As the objective for the year, the Society will undertake to meet all expenses for fuel and light for the church.

It was decided to hold a St. Patrick's Supper in March and a committee was appointed to look after the program to be presented during the supper hour. Committees were also appointed for the annual bazaar to be held next fall.

The Apron Committee would like to have all apron print handed in at the March meeting. Donators of this material are asked to remember this and lend their co-operation.

The next meeting will be held at the home of Mrs. Robt. Workman.

The National Anthem was sung in closing.

MOUNTAIN MAN ACCEPTS LOWER RANK TO GO OVERSEAS

Capt. Cameron A. Bryan, a native of Mountain, son of Robert Bryan, a former Reeve of the township and Warden of the United Counties in 1939, arrived safely overseas recently. He received his early education at Mountain and at the Kemptville High School. In 1923 he graduated from Queen's University, Kingston, with his Bachelor of Art Degree.

His military career commenced at Queen's University, Kingston, with Canadian Officers' Training Course. He was a member of the 74th Battery at Kingston and served in France with the Canadian Corps of Signals during the First Great War.

After going to Stratford, Capt. Bryan joined the Perth Regiment, then a unit of the Canadian non-prmanent active militia, as signal officer and under his leadership the Signal Corps attained a high degree of efficiency. In fact, it ranked among the best in Canada. Later he became commander of "C" Company and occupied that post until retiring to the reserve of officers in 1935 with the rank of Major.

Like many other Canadian officers, Capt. Bryan accepted a lower rank to do his duty in this war. He enlisted June 18, 1940. Capt. Bryan is married to the former Miss Irene Leavitt, of Vankleek Hill, and has two children, Patricia and Alexander.

VALENTINE GREETINGS!

Hello Homemakers! It's February—the shortest and often the chilliest month of the year. But it brings us St. Valentine's Day and we may comfort ourselves and our guests with a Valentine party which calls for a "dress-up" frame of mind and an evening of indoor games.

Hearts set the theme, and red the colour scheme. Refreshments served on tables gaily decorated with red centrepieces and amusing favours will please your guests. Your menu, too, can be planned to carry out the Valentine spirit.

Here are two menus we think you will like. The dishes are quite easy to prepare and good to eat—they will make your party complete.

Luncheon—Wedge Salad with Pineapple Dressing, Seed Rolls, Sweetheart Cakes, Cranberried Pears.

Lunch—Scam, Cheese Crumpets, Red Raspberry Sherbet, Love Birds.

RECIPES

Cranberried Pears.

6 winter pears, 1 cup cranberries, 1-4 cup brown sugar, 1-2 cup water.

Peel and quarter the pears; arrange in a baking dish. Wash and pick over cranberries; pour over pears and sprinkle with the brown sugar. Add water. Cover and bake in an electric oven at 350 degrees for one hour. Serve hot or cold. Serve with tinted red whipped cream. Serves 6.

Scam.

6 pieces of veal (breast), 2 1-2 cups of tomatoes, 1 cup uncooked rice, 1-4 cup chopped parsnips, salt and pepper.

Brown the pieces of meat in a skillet pan. Combine rice, tomatoes and parsnips; season to taste with salt and pepper. Pour over the meat placed in a greased casserole or baking dish. Cover. Bake in an electric oven at 350 degrees for 1 1-4 hours. Serves 6.

Sweetheart Cakes.

2 tbs. baking fat, 2 tbs. butter, 2-3 cup sugar, 1 egg, 1 1-2 cups flour, 2 tsps. baking powder, 1-4 tsp. salt, 1-2 cup milk, 1-2 tsp. vanilla.

Cream fat; blend in sugar and beat in egg. Add dry ingredients alternately with milk and vanilla. Stir quickly but do not beat after flour had been added. Drop by spoonfuls into greased drop cake tins. Bake in an electric oven at 375 degrees for 15 minutes. Yield 27 small, fluted cakes. Cut a heart-shaped hole from the centre of a piece of writing paper, place it over a cake, spread with soft pink confectioners' icing, lift the paper and have the stencilled design on the cake.

Red Raspberry Sherbet

1 pkg. raspberry jelly powder, 2 cups water, 2 cups red raspberries, canned or preserved; 1 cup fine sugar, juice of 1-2 orange, juice of 1 lemon.

Cook sugar and water together for 5 minutes. Cool slightly and add the raspberry jelly powder. Dissolve thoroughly. Cool until it begins to thicken. Add berries (put through a sieve), orange and lemon juice. Blend thoroughly. Pour into freezing tray and freeze until firm. Remove to a chilled bowl and beat until light and fluffy. Pour back into tray and freeze in the electric refrigerator until firm. Serve in sherbet glasses and decorate with a white coccanut strip moistened and shaped into a lover's knot.

Take a Tip:

1. To remove gum from carpet, hold a piece of ice over gum until it is hard enough to remove. Then loosen gum with dull edge of a knife.

2. When you wash hardwood floors, add 1 tbsp. vinegar and 1 tbsp. furniture polish to the water. Soap makes varnished surfaces and hardwood cloudy.

3. Marks made by moving heavy furniture can be removed by rubbing with a soapy cloth dipped in kerosene.

4. Powdered graphite is better for cylindrical locks than oil. Make graphite by reducing the lead from a pencil to powder. Make a paper funnel, then sift lead into lock and blow carefully.

QUESTION BOX

Mrs. M. C. asks: "Why do boiled onions look grey instead of white, even when they are just cooked?"

ANSWER: Probably you cook them too long or too slowly. Overcooking makes most white vegetables turn dark and lose their fresh flavour. Drop onions into boiling salted water. Add a tablespoon of cooking fat. Turn electric element to medium. Cook them until they are just tender.

Miss J. D. writes: "What does 'enriched' flour mean. Would you advocate using it for everything?"

ANSWER: The new flour is an 'improved' flour. It contains two vitamins —thiamine and nicotinic acid and one mineral—iron. It may also contain Vitamins B2 and D, and calcium and phosphorus, at the miller's option. Read label. Use for baking.

Mrs. B. N. C. writes: "Please send beef chart and description of named cuts, naming the various cooking methods.

ANSWER: We trust that you have received these charts Mrs. C. Would homemakers making similar inquiries please sign their name in full.

Mrs. D. A. H., Osgoode, asks: "Would you please publish recipe for "Canning Beef" along with full directions."

ANSWER—Canning Beef.

1. Select meat in perfect condition. Tough cuts cook well.

2. Trim off excess fat and discoloured portions. Wipe meat well with a damp cloth.

3. Cut off the bone and into serving pieces.

4. Pack the meat solidly into clean pint jars, filling them to within one-inch of the top.

5. Add from one-half to one teaspoon of salt for each jar and any other desired flavouring—celery, onion, bayleaf, etc.

6. Add no water. Adjust rubbers and covers; partly seal.

7. Three or four jars at a time may be done in the well-cooker; placing jars on piece of cardboard on the bottom of utensil and surrounding with hot water to within one-inch of the top. When boiling, turn switch to Medium for 3 1-2 hours for pint jars or 5 hours for quarts. Wash boiler may be used.

Results from oven method have not been experimented.

Anne Allan invites you to write to her in care of The Winchester Press. Just send in your questions on home-making problems and watch this little corner of the column for replies.

Beacon Fires Across Canada To Symbolize New Victory Loan

Some two thousand municipalities across Canada will light beacon fires within the period of the Second Victory Loan Campaign in an effort to secure another Dominion-wide expression of continued faith and fortitude similar to that obtained during the first victory loan last June when the symbolic torch was flown from Victoria to Number 10 Downing Street. The plan was made public by the Dominion Ceremonials Committee of the Second Victory Loan.

"Mr. Churchill has been asked to light a symbolic beacon fire in England," the Committee reports, "as a part of our second Victory Loan ceremonial. Here in Canada, beacon fires will be lighted, in continuity, across the Dominion from East to West in all communities, large and small. The theme of our ceremonials will be, "Beacon Fires of Freedom" and is based on the historical fact that for centuries beacon fires have been a significant part of the pattern of English national life, flashing through wars and border forays, threats of invasion and rejoicing over deliverance. As a matter of fact, right here in Canada, our first inhabitants, the Indians, used beacon fires for news of every nature, so our theme and program offer unlimited scope to local committees, individually and collectively.

"Individually, communities, through their beacon fires, can not only evidence their full participation in what is presently the most vital of home front war efforts — the well-over-the-top success of the second Victory Loan—but, through them, can also send a challenging message to their neighbours.

"Collectively, we can literally set our land aflame with 'Fires of Freedom', and, in so doing, effect the promise of a new day, a new world and a new hope for all mankind."

Weather permitting, the Ceremonials Committee is asking all municipalities to plan a parade to the point of the beacon fire. This will be made up of members of the armed forces, veterans' organizations, other organizations and of course, the local civic dignitaries.

The first beacon fires will be lighted in Prince Edward Island—on February 16. The sweep will then continue westward according to the following timetable: Nova Scotia, February 17; New Brunswick, February 18; Quebec, February 19; Ontario, February 20; Manitoba, February 21; Saskatchewan, February 23; Alberta, February 24; and British Columbia, February 25.

Suggestions are being made to all local committees that where possible a huge outdoor bon fire made in some prominent or safe spot around which the people of the community will gather for the ceremonials. All are being cautioned not to use materials for fuel that would constitute either a waste of fuel or use up anything that would be useful for war purposes, such as waste paper. In many centres, a small fire placed in an urn near the City Hall will be kept burning as a symbol for the duration of the campaign.

At the various ceremonial services, strong references will be made to those remarks from Prime Minister Churchill, in which he refers to fire—particularly that made in Canada recently, when he said: "In the past, we have had a light which flickered. In the present, we have a light which flames. In the future, there will be a light which shines over all the land and sea."

The direction of the Ceremonials Comimttee is given by W. J. Stewart, C.B.E., Stanley Lewis, President, Canadian Federation of municipalities and mayors, L. F. Winchell, and the leaders of the Canadian Corps and the Canadian Legion.

News From Our Neighbouring Districts

SOUTH MOUNTAIN

Messrs. Ogle Workman and Edward Bush were into Ottawa Saturday on business.

Mrs. Thos. Shaver and Mrs. Bruce Ogilvie spent the week-end with Mr. and Mrs. Hilliard Boyd.

Miss Doris Cameron has secured a position at Brockville and left on Friday to take over her duties.

Miss Mabel Vancamp, of Toronto, is on the teaching staff of the High School at present, owing to the resignation of Miss Helen Marquis.

Miss Gwen Porter spent the week-end with her friend, Miss Marjory Berry.

Mr. Chas. Hyndman spent the week-end at his home at Hallville.

Mr. D. Leroy Berry had dinner with Mr. and Mrs. Orval Kirker on Monday.

Miss Mabel Gilroy of Ottawa, was at her home here on Sunday.

Mr. Chas. Shaver had dinner on Monday with Mr. and Mrs. Gordon Boyd.

Mr. Edward Bush, of Hallville, spent the week-end with Mr. and Mrs. Ogle Workman.

Mr. and Mrs. Orval Kirker entertained to tea Sunday evening, Mr. and Mrs. Clinton Berry and Mr. Clifford Berry.

Mrs. Levi Gates wishes to thank all those who sent gifts to her son, Chas., who is serving overseas.

Mr. Ogle Workman has finished his painting at Ottawa and is now ready to take on any work of painting and paper decorating in his home district.

Mrs. Howard Nesbitt, of Hyndmans, was a guest of her parents, Mr. and Mrs. Norman Armstrong, over the week-end.

Mr. and Mrs. C. Beggs, of Mountain, have moved to the farm belonging to Mr. Chas. V. Shaver. We welcome them to our midst.

Mr. and Mrs. Tan Cameron were guests for tea of Mr. and Mrs. Ernest Boyd, on Sunday evening.

We are pleased to report little Doreen Kenney, daughter of Mr. and Mrs. Arthur Kenney, improving after her serious illness.

Mr. Ted Barry, of Ottawa, was at his home here over the week-end.

Miss Freda Grant, of Hyndmans, is spending some time with Mrs. Arnold Porter, who is improving, after being very ill.

Miss Betty Coulthart, of Heckston, visited friends in town last week.

Miss Ida Gilroy, of Kemptville, is spending some time at the home of her brother, Mr. and Mrs. J. W. Gilroy. Miss Gilroy met with a painful accident some time ago by falling.

CLOVERDALE

Mr. and Mrs. Wallace Cinnamon called on Mr. and Mrs. Kenneth Cinnamon recently.

Mrs. Gordon Sutton and baby have gone to Ottawa after spending a week with her sister, Mrs. Kenneth Cinnamon.

Mr. Roy Docksteader is able to be out around again after being confined to the house for some time.

Mrs. Thos. Stobo and son, Mr. Morton Stobo, visited last Sunday at the former's sister, Mrs. Robt. Healey, who is a patient in the Ottawa Civic Hospital, and also had dinner with her sister, Mrs. Ernest Webster, and Mr. Webster, of Ottawa.

Baby Phyllis Docksteader, little daughter of Mr. and Mrs. Nelson Docksteader, is somewhat under the weather.

Mr. and Mrs. Jack Lewis visited Mrs. Eli Lamoureux recently.

STRADER'S HILL

(Too Late For Last Week)

Master Foster Hanson spent a few days with Mrs. Blanche Hanson and Mr. E. P. Foster, of Morrisburg.

Miss Marjorie Loucks, of Morrisburg, spent the week-end with Miss Audrey Strader.

Misses Nina Casselman and Dorothy Millward, Mr. Ivan Casselman, Mr. and Mrs. Bernice Strader and Jean spent Sunday visiting friends in Kingston.

Mr. and Mrs. Mahlon Strader spent Saturday with Mr. and Mrs. Wilbert Strader and family.

Mr. and Mrs. Cecil Hanson and Edward called on Mr. and Mrs. Arthur Whitteker and family on Sunday.

Mr. and Mrs. Lorne Hogaboam spent Sunday with Mr. and Mrs. Wilbert Strader and family.

Mrs. Cecil Hanson had dinner Sunday with Mr. and Mrs. Alonzo Foster.

MOUNTAIN

Mrs. J. Cox is visiting her sister, Mrs. Donald MacLaren, of Russell.

Miss Mary Cumming spent the week-end at her home at Ormond.

Mrs. King, of Cornwall, is spending a few days with her sister, Mrs. Hoy.

Mr. and Mrs. W. Carlyle entertained the Presbyterian student on Sunday.

Mr. Charles White, of Debert, N. S., is visiting friends in Mountain.

The W. A. of the United Church held the February meeting at the home of Miss McCamie Rose on Tuesday evening. The first vice president, Mrs. Imrie, Sr., presided over the devotional part, and the president, Mrs. D. Cameron, conducted the business. After the meeting, the members were treated by Miss Rose.

The annual meeting of Mountain United Church was held on Monday evening with Rev. Mr. Johnston presiding. The reports from the different societies, showed a successful year. The former officers were re-elected.

Mrs. A. VanAllen entertained several ladies at a quilting for the Red Cross on Wednesday afternoon.

Mrs. A. Logan spent the week-end with Mr. and Mrs. A. VanAllen.

SILVER CITY

Mrs. Ray Francis entertained some of the ladies of this community to a quilting bee on Wednesday and Thursday of this week.

Mrs. Lizzie Beggs visited Heckston friends this week.

Mr. Robert Slater has been engaged this week with Mr. Lyall Hess of Heckston, in cutting ice.

Mrs. Harold Francis and Jennie, of Hyndmans, spent Thursday with Mr. and Mrs. Ray Francis.

Miss Marguerite Crowder spent a few days this week with Heckston friends.

Mrs. Arlow Beggs spent Tuesday with Mr. and Mrs. Johnston McGee.

Mrs. Lytelle Crowder spent a day this week visiting Mrs. Ray Francis.

Mr. Samuel Grant, of Hyndmans, is spending this week visiting his daughter, Mrs. Arlow Beggs.

Mr. and Mrs. Ray Francis called on Mr. and Mrs. Cecil Hess, Heckston, recently.

Miss Hazel Carr is spending a few weeks with her parents, Mr. and Mrs. Thos. Carr, of Smiths Falls.

Mr. Ray Grant, of Hyndmans, spent Wednesday afternoon with Mr. and Mrs. Arlow Beggs.

Miss Evelyn Holmes spent the week-end with her parents at Winchester.

OSGOODE JR. RED CROSS

Members of the Osgoode Junior Red Cross met at the home of Mrs. Harry Boyd on Monday evening. The singing of the National Anthem and "America and Two Nations," opened the meeting. A report on the executive meeting held in Ottawa on January 14th was given by Mrs. McCallum.

It was decided to hold a salvage drive once a month, the date to be published later. Over 100 handkerchiefs were collected during the handkerchief drive, the week of January 19th.

Miss Isabel Drew turned in a layette of thirty-nine pieces that she had made herself. It is to be sent to Lady Tweedsmuir for distribution. A vote of thanks was tendered Isabel for her beautiful work.

Twelve pair of socks and eighteen pieces of sewing were completed during the last month.

The March meeting will be held at the home of Mrs. McCallum. Each member is asked to bring a gift of pins, soap, etc., to add to the layette.

Cards were enjoyed after the meeting. Mrs. Frank Boyd served tea and cake at the close of the evening.

COUNTIES FORCED TO REDUCE ROADS SUBSIDY

Failure of the Ontario government to approve for subsidy expenditure for new road construction has forced counties' council to revise its road program for 1942. The government's action in not approving a bylaw authorizing spending of $73,000 for construction this year paved the way for introduction of a new bylaw calling for expenditure of $210,000 solely for maintenance work on the counties road system.

According to a bylaw introduced during the January session of council, the government was asked to approve a total appropriation of $225,000 for work on counties roads during the current year. The appropriation was made up of $73,000 for new construction and $115,000 for maintenance. Added to the appropriation estimate was an additional $37,000 fixed charges for superintendence, grants to urban municipalities, etc., bringing the total estimates to $225,000.

No Subsidy.

A letter to County Road Superintendent J. G. Cameron from J. A. F. Marshall, chief municipal engineer for the Highways Department, brought about the reduction in road estimates and cancelled the proposed construction program. The letter pointed out directly that the department would not subsidize any expenditure for county road construction in 1942.

In part, the letter said: "If it is the desire of yuor county road committee to adjust the amounts set aside as passed for construction and maintenance, it will be given every consideration by this Department. However, as pointed out in my letter to you of January 30, this Department will not subsidize any capital (construction) expenditure for the year 1942. When your bylaw has been adjusted, we would be glad to give your request every consideration."

After roads and bridges committee considered the revised program, council met in open session and adopted the committee's report, recommending the new $210,000 appropriation.

The bylaw authorizing the disapproved appropriation of $225,000 then was repealed and a new measure was introduced recommending the new expenditure of $210,000 for road maintenance. The latter bylaw was given two readings and will be sent to the Highways Department for approval.

BRITAIN CALLING FOR MORE EGGS

Britain is calling for eggs and more eggs. It is hoped this call will penetrate into the home of every poultry keeper in Ontario, because two-fifths of the poultry population is in this Province, says Dr. F. N. Marcellus, head of the Poultry Dept. O.A.C. Guelph. At the present time Ontario is supplying almost half of the eggs being exported to Britain. This calls for an all-out effort on the part of every flock owner to produce to the limit of his or her capacity and ability.

Eggs occupy a priority position in the shipment of foods to Britain. This emphasizes their relative position with other foods. This recognition of the importance of eggs in the diet, and the limited supply available—one to two eggs per person per month—is a challenge to the industry in Ontario to help keep Britain's egg basket supplied.

"Ontario has a hen population of twelve million birds. Two dozen more eggs per bird in 1942 than in 1941 would provide half the eggs called for in contracts arranged or proposed. Let us, therefore, accept this as our objective for 1942. More careful feeding and management of our present flocks, and better care of the eggs that are produced will enable us to attain our objective," states Dr. Marcellus.

"Poultry producers in Ontario have a real opportunity to serve in helping to win the war. Let us measure up to our responsibilities by doing the job just a little better this year."

THE HOUSE WITH THE GOLDEN WINDOWS

When I was but a little child
There stood across the hill
A house with golden windows;
I seem to see it still.

And day by day, in that little town,
My heart grew sad and sore;
I longed to live in the house of gold
I could see across the moor.

And then one day, in the sunset's glow,
I wandered across that hill,
And alas! when I reached the hilltop
My heart stood very still.

'Twas just like any other house;
It had no panes of gold;
The cobble walk was like our own,
And the gable very old.

I stood, a disappointed child;
Glanced back across the wold;
And lo! our own house, gleaming there,
Had windows of pure gold!

What a lesson I learned as I stood there
And watched that golden glow!
Aren't the things we possess—if we prize them—
The greatest treasures we know?

—A. E. Pomeroy.

Turbaned Troops Become Mechanics

WEARING a wide variety of headgear but with a common purpose, these native troops of India are mastering the mysteries of mechanized war equipment. This group is studying the electrical system of a Canadian-built army truck at a school conducted by Ford of India. The company, following the example of Ford of Canada, provides mechanical training to many men in the forces at no cost to the government.

Dr. M. W. Locke Died Suddenly at Williamsburg

This district was shocked to learn on Saturday last of the sudden passing of Dr. M. W. Locke, of Williamsburg, one of Dundas County's most prominent citizens, and a skilled physician, whose fame had become known all over the world. He was in his 62nd year. He was known as the "Miracle Man" of Williamsburg after gaining international fame for his treatments of foot ailments and arthritis. His death was attributed to a stroke.

Becoming ill late last Friday afternoon after paying a visit to one of his farms in this district, Dr. Locke was driven to his home by a friend, Wilbur Garlough. On his arrival in Williamsburg he was unconscious and despite medical treatment died at about 2 a.m. Saturday.

It was learned that during his visit to his farm, Dr. Locke experienced trouble in backing and cranking his automobile from a driveway because of heavy snow. He helped to shovel the snow to give his car better traction, and when he got behind the wheel complained of feeling ill. Falling into a coma on the return trip to Williamsburg, he failed to regain consciousness in spite of the efforts to revive him. Dr. Locke's work consisted mainly of treatment of bones and muscles of the feet which he had termed the most complicated piece of machinery in the body.

Treated Thousands.

When his fame as a foot specialist spread to the United States and other parts of Canada, thousands of persons afflicted with arthritis and foot ailments came to his clinic for treatments. For years after he had established his practice here, Dr. Locke cured the ills of his patients by twisting their feet and manipulating muscles.

He became internationally famous between 1932 and 1935 following a visit of a crippled newspaperman to Williamsburg. Completely cured after undergoing the treatments, the reporter returned to Watertown, N. Y., and gave prominence to Dr. Locke's work in a special newspaper article. Later, Rex Beach, the famous United States author, who also was afflicted with a serious foot ailment, visited Dr. Locke and a cure was effected.

Much Publicized.

The famous writer on his return to the United States, wrote special articles in various magazines on the amazing results of Dr. Locke's work. Soon thousands of United States and Canadian citizens started to pour into Williamsburg.

Almost overnight, Williamsburg, then a village of about 400 inhabitants, grew into a thriving community, with thousands of visitors coming there each year for treatments. After visiting Dr. Locke, hundreds of cripples were able to walk again, while in some cases, eyesight was restored to patients, after they had been treated by the "Miracle Man."

Outdoors Clinic

During the summer months, the Locke clinic was held outdoors, with hundreds waiting in line to receive the treatment. Patients were treated quickly and paid $1 each time the famous doctor twisted their feet. Miraculous results were attained, as patients left behind their crutches on being cured. Others who had come on stretchers were able to walk after undergoing the simple treatments.

Dr. Locke used his skill and knowledge in the designing of a shoe which was worn by thousands of persons bothered by foot trouble.

During recent years, his clinic was well attended, especially during the summer months. With the coming of winter, Dr. Locke usually took what he termed his annual vacation. This winter he had been in indifferent health, but managed to treat patients at the clinic and to attend to the sick in the district.

Born at Dixon's Corners, in Matilda township, he was the son of the late Parker Locke and his wife, the former Abigail Barkley. He would have been 62 this Saturday. He attended Public School in Dixon's Corners and High School at Morrisburg. He graduated from Queen's University in 1905 and later took post graduate work in Edinburgh, Scotland, obtaining the diploma of the Royal College of Physicians and Surgeons. He opened his medical practice in Williamsburg in 1908 and remained there all his life.

Besides his wife, formerly Ethel Blanche McGruer, of Dixon's Corners, Dr. Locke is survived by three daughters,—Miss Marian Locke, of Ottawa; Miss Ruth Locke, who is attending Queen's University, Kingston; and Miss Jean Locke, at home; one son, Parker Locke, a student at the University of Manitoba at Winnipeg; and one brother, Peter Locke, of Brinston.

COUNTIES' ASSESSMENT COSTS ARE PERCENTED

Comparative percentages of costs to be borne by United Counties municipalities towards general counties expenditures were listed in the equalization of assessment report presented to counties council last week by the county evaluators, H. G. Mogg and H. J. Quinlan.

One of the features of the report, a comparative chart showed the cost to each municipality for every $1,000 spent by the counties. The revised costs were compard to those resulting from the equalized assessment figures set in 1936, 1937 and 1941.

Expressed in percentages, the cost towards counties expenditures to be assessed each municipality under the new equalized assessment scheme follow, with last year's percentages in parenthesis:

Percentages

Cornwall Town, 21.44 per cent (23.36); Cornwall township, 16.07 (18.24); Roxborough township, 4.83 (4.43); Finch village, .42 (.56); Williamsburg township, 4.53 (4.64); Winchester township, 4.72 (4.63); Mountain township, 4.36 (3.26); Matilda township, 5.30 (4.83); Morrisburg village, 1.79 (1.80); Iroquois village .99 (1.42); Winchester village, 1.24 (1.38); Chesterville village, 1.19 (1.21); Charlottenburg township, 6.57 (6.26); Lancaster township, 4.76 (4.29); Lochiel township, 5.63 (4.59); Kenyon township, 4.50 (3.66); Lancaster village, .40 (.41); Alexandria town, 1.39 (1.23); Maxville village, .68 (.82).

"Rain falls more frequently between the hours of 3 and 8 o'clock in the morning than at any other time."

"I always get into a storm when I reach home between those hours."

RATIONED GAS

No more will motorists who crave
To rise at Sunday's dawn
And gas the car full to the brim,
And then drive on and on,
Be able to indulge their whim,
For there has come to pass
A national emergency
That give us rationed gas.

No longer will we carefree ride
(If cash is in our jeans)
A couple or three hundred miles
In search of newer scenes,
And when the indicator shows
The tank holds but a cup,
Pull over to a service stand
And bellow: "Fill 'er up!"

The young swain who 'neath springtime urge
Calls on his latest flame,
And takes her in his father's car
To stall near shady lane,
May give the same old alibi,
But this time 'twill be new,
Because his words, "We're out of gas"
Will, like as not, be true.

Some folks may blandly intimate
To walk will do us good—
And that if further we indulged
We'd more enjoy our food.
They may be right. But though we keep
All laws our leaders pass,
We'll never forgive that Hitler guy
For causing rationed gas!

Judge: The lady claims that she tooted her horn before she ran over you.

Complainant: Maybe she did, your honor, but what good is that when a car is travelling faster than sound?

Beauty for YOU

The Secrets of Good Looks by Barbara Lynn.

SOLVING WINTER WORRIES

Winter weather can play havoc with our looks, and an ounce of precaution is better than suffering a red nose, blue lips and coarse, chapped hands, isn't it?

Let's take the nose first, because it is so prominent! At odd moments, pinch your nose from tip to bridge, then start over again. If it remains too red, bathe it occasionally with a solution made up of 1 part alum to 19 parts water.

Do your lips get chapped? It is probably because you bite them or wet them with your tongue. Curb this habit, and use a salve under your lipstick.

Hands are a source of much discomfort in winter-time. Wash them in lukewarm water; never hot or cold. Always wash with palmolive soap because it is so soothing and gentle to the skin. If your hands roughen easily, add a few drops of glycerine to the washing water.

If you are worried by poor circulation (a frequent winter complaint) do a spot of exercise every day, and each night before retiring (and mornings, too, if convenient) sprinkle eau-de-Cologne on your hands and rub yourself down vigorously.

I will be glad to help you with your personal beauty problems and will answer each letter personally and confidentially. Enclose four one-cent stamps for a copy of my informative booklet on Beauty Care. This will greatly simplify your beautifying. Address: Miss Barbara Lynn, Box 75, Station B., Montreal, Que.

HINTS FOR THE HOME

Whipped Cream.

Try adding a teaspoon of strained honey to whipped cream. It sweetens it and gives it a delicious flavor. The cream will stay firm longer.

Frosted Glass.

Glass may be given a frosted appearance by covering it with a mixture composed of 6 ounces of magnesium sulphate, 2 ounces of dextrin and 20 ounces of water.

Patent Leather.

The dull patent leather bag, or other article of this leather, can be made to look like new by rubbing it thoroughly with a little milk and then polishing with a dry cloth.

Ivory Handles.

Clean the ivory handles of knives and forks by rubbing them well with lemon juice and salt mixed to a paste. Then wash in lukewarm water and polish the handles with a soft coth.

Dutch Sandwiches.

Boil some large frankfurters for ten minutes; then skin and chop the meat. Add one finely chopped onion and enough tomato catsup to moisten. Spread between buttered slices of brown bread.

The Last Few Drops.

The last few drops of fat can be removed from the top of the soup by throwing a lettuce leaf into the pot. This will absorb the grease and can be removed as soon as it has served its purpose.

Window Cleaning.

A little kerosene added to the water used for washing the windows gives a brilliant polish. It is especially good in winter, as the oil prevents the water from drying before the cloth can be brought into play.

Corns.

It is claimed that a corn can be loosended by binding a piece of lemon around it, changing the application daily for about three or four days. Then soak the corn in warm water and it can be removed very easily.

Chapped Hands.

If the hands are very sensitive and inclined to chap easily, try rubbing olive oil into them every night and sleeping with an old pair of gloves on. After about a week of this treatment, the hands will be soft and white.

Sewing Hint

After oiling the sewing machine there is sometimes an excess of oil that soils the goods. This can be prevented by tying a small piece of cotton string tightly around the needle bar, near the place where the bar grips the needle.

Waterproof Shoes.

Shoes can be made waterproof by the following method: Melt two parts of tallow with one part of resin. Warm the soles of the shoes, and while the mixture is also warm apply it to the soles as long as the leather will absorb it.

Mirror Placement.

Mirrors which are correctly placed will do more than just decorate. They can be made to reflect light, thus making the room more cheery, and they can be made to reflect a view, thus creating the illusion of much more space in a room.

Cleaning Fingernails.

It is not wise to clean the fingernails with a sharp instrument, such as the blade of a knife or a file. These only roughen the inside of the nail causing it to collect dirt more readily. Instead, use an orange stick or scrub out the nails with soap, water, and a stiff brush.

Stuck Glasses.

Very often one experiences difficulty in separating two glasses that have become stuck together. When this happens, try dropping a little glycerine between the glasses. After a few minutes, the glycerine will have lubricated them so they will separate after a little gentle twisting.

Lipstick Stains

The following is a remedy for removing stubborn lipstick stains from linens: Rub soap into the stain and let stand for an hour or so. Then wash the garment in the usual manner. If there is still a stain remaining, sponge with hydrogen peroxide and rinse at once in cold water.

MODERN ETIQUETTE

1. What are some questions one should avoid asking a prospective employer?
2. When calling for friends is it all right to sit in the car and sound the horn until they come out?
3. At dinner, is it necessary that each guest wait until everyone is served before beginning to eat?
4. Is it proper for a woman to enter a hotel dining room without a hat
5. Is it all right, when playing cards, to draw a card from one's hand and hold it apart ready to play when the time comes?
6. May a man, who is escorting a woman to a theatre, leave her during intermissions?

Answers.

1. The following questions tend to create a bad impression in the employer's mind: "What would be my hours?" "What salary do you pay?" "Is there much overtime work?" Do I get paid for overtime?" Do I work all day Saturday?" 2. No. get out of the car, go to the door and ring the bell. 3. No; he may begin to eat as soon as he is served. 4. No. Women should wear their hats in the hotel dining room. Some of the more independent women do not wear their hats, but these manage to look as though they were employees of the hotel. 5. No; this indicates impatience for the play to reach you, and is exceedingly rude. 6. Yes; if there are others in the party to keep her company.

FROM TEAPOTS TO TIN HATS

Manufacturers of teapots are now making tin hats; a cap factory is turning out bullets, and makers of roller and ice skates are at work on aircraft components, as the result of factory control in Britain.

Many British concerns have swung over to war production under earlier re-armament programmes, but in the last six months the work of the Board of Trade's Factory and Storage Premises Control has brought thousands more works, large and small, to direct war production.

Torpedoes are coming from a boot and shoe factory and aero-engines parts from a hairpin works, while a beauty-cream factory is applying its experience to the making of anti-gas and medicated ointments. Art silk manufacturers are busy on munitions and a wallpaper mill is filling shells, the cases for which are being made by silversmiths and the fuses by makers of brass taps.

Retired School Board Official Honoured At Winchester Springs

On Tuesday evening, February 2nd, Mr. and Mrs. Frank T. Nesbitt opened their home for a six o'clock dinner for the school board, officials and their wives of S. S. No. 18 and No. 1, Winchester, also Mr. W. J. Stewart, Public School Inspector, and Mrs. Stewart, and Mr. and Mrs. Earl Munro. Mr. I. P. McIntosh, who has served 28 years as secretary-treasurer, was honourary guest.

Mr. F. T. Nesbitt, being shairman of the board, acted as toast-master, first requesting all present to drink a toast to the King. In his opening remarks he referred very feelingly to the absence of Mr. Harry Potter, principal of the school, and Mrs. Potter, the former being bereaved in the death of his sister recently.

Mr. H. H. Nesbitt proposed the toast to education, which was responded to by Mr. W. J. Stewart. Mr. Stewart opened his remarks by reading from an exact copy of an agreement drawn up in Glengarry County between teacher and trustees on June 30, 1796, A. D. This agreement is now in the home of Mr. D. D. MacDonnell, of Green Valley, Glengarry County. This document was drawn 12 years before the first law was placed on the statute books of the province relative to education. The several clauses were very exacting as to the duties of the teacher, and on the other hand were very binding on the board of three sturdy scots as to the remuneration, which was chiefly from the produce of the soil —very little cash changed hands—and the contract was for five years.

Mr. Stewart reviewed the advancement of education from the days of the early pioneers of this part of the province to the present time of the larger unit of administration. In the Township Board, the speaker said that the one in Williamsburg, consisting of six schools was just getting under way since the beginning of the year.

The following address was read by the chairman of the board, and a silver tray presented to Mr. MacIntosh by Miss Marjorie Nesbitt.

"On behalf of the school board of your fellow-citizens acting for the still larger body of your friends and admirers, I have been requested to tender you this silver plate, as a token of our appreciation of the zeal, fidelity and courtesy with which your official duties have so uniformly been performed. Sterling metal seems to be the most appropriate tribute to sterling worth, and therefore the expression of our respect and esteem has taken this shining form. Unalloyed silver is a fitting type of our unalloyed confidence in your integrity and capacity. I don't propose to recite in detail the grounds upon which that confidence is based. It is sufficient to say that your standing as a public functionary, in our opinion, has been above reproach. When you review your acts as a servant of the people, you need not be ashamed to look your image in the face, as reflected from this polished surface. "Pieces of Silver" were once the reward of a most awful act of treachery ever perpetrated, and many times since have been the price of villany and evil, but the pure and precious metal, though thus misapplied, is not the less, on that account, a natural and appropriate emblem of unsullied worth. As such an emblem, this silver souvenir is presented to you, sir, and along with it the earnest wishes of those who have had ample opportunities of truly estimating your character and abilities, for Health Happiness and Prosperity. Signed, F. T. Nsbitt, chairman; Thomas Cunningham, secretary-treasurer."

The balance of the evening was spent in games and music, and at the close Mr. Thos. Cunningham tendered a vote of thanks to Mr. and Mrs. Nesbitt for the privilege of their home and their kind hospitality.

URGES PURCHASE OF SEED GRAIN NOW

The Ontario Department of Agriculture strongly urges that farmers requiring seed should locate supplies early before the best seed is picked up and while prices are still reasonable. Agricultural Representatives in each county and district have a list of available seed grain in Ontario as a result of a comprehensive survey made by the Department through the Agricultural Representatives.

All seeds are listed under the variety name, by counties, and are listed for sale on the basis of the grade indicated.

With an acute labor problem, and the necessity for providing adequate feed supplies, the production of larger yields on limited acreages by good cultivation and the use of strong, vigorous, plump seed of suitable varieties is of vital importance.

Ontario must produce heavier crops this year, to meet increased wartime requirements of food, particularly bacon, cheese, eggs and powdered milk for overseas. This job is one for every Ontario farmer.

The basis for heavier production is good seed. That is why the Department is urging every farmer who has not already arranged for his seed grain to do so immediately.

Consult your agricultural representative or an official of your county crop association for sources of supply.

SHE KNEW HER WAY

She was a bright girl, and her escort, who was also her intended, was delighted to find how quickly she grasped the points of the game. She got on so well that he ventured a light witticism on the subject, "Baseball reminds one of the household," he remarked. "There's a plate, the batter, the fowls, the flies, etc." "And it reminds me of marriage," she retorted. "First the diamond when they are engaged, then the struggles and the hits, then the men going out and finally difficulty in getting home."

The Spirit of The Pioneer Mother Flames Anew Today

THINK BACK to the old days—when Canada was young.

Think of the high courage, the indomitable will of those pioneer women. Within the stockade or in the open field, they toiled—yes, fought—by the side of their men for the safeguarding of everything they held dear.

In the hearts of the women of Canada, this old spirit flames anew today! Gone are the heavy muskets, the log barricades—but the love of freedom, the stubborn resolve to win through at all costs—these things remain unchanged, unchangeable!

Grimly quenching their tears, mothers say "God bless you" to their fighting sons—everywhere young women are serving where duty calls—the women of Canada are bound together in one common cause.

In thousands of Canadian homes, women are revising their family budgets, planning new economies, making extra sacrifices—so that more and more money will be available for the purchase of Victory Bonds.

They know—these women of Canada—that every dollar loaned now means more tanks—more guns—more planes—more ships—more of everything which is needed to smash Hitlerism and bring Peace to all the family hearths of the world.

REMEMBER

QUALITY

COMES FIRST

In these days of Wartime restrictions, the prices of groceries are more or less stabilized. The wholesale price cannot go above a certain mark, so wherever you buy you will find that prices run about the same. However, prices should not be the first consideration in buying groceries, the quality and freshness of your eatables are of first importance, and that's where we come in. Our stock is always fresh and we handle all the best brands of staple groceries. This is your assurance of satisfaction when you shop here. And then, again, service is a mighty important factor—the efficiency of our service is something we take pride in and we know the people of Winchester and district appreciate it by the way they patronize us. If you have not been taking advantage of our service, do so to-day—we are anxious to serve you and enroll you as "another satisfied Customer."

Besides Groceries

We also carry a line of Hardware, Paints and Varnishes, Patent Medicines, Stock Tonics and Sprays, Furniture Polish, Brooms, Razor Blades, Toilet Articles, Shoe Polishes, etc.

Always On Hand

TOMATOES, LETTUCE, CELERY, CARROTS, CABBAGE, TURNIPS, LEMONS, ORANGES, APPLES, BANANAS, AND ALL OTHER VEGETABLES AND FRUITS IN SEASON

SUNDAY SCHOOL BOARD OF MANAGEMENT

The first meeting of the new Board of Management of the United Church Sunday School was held on Monday at 7.30 p.m. in the Parsonage, with a good attendance. Dr. T. Halpenny, pastor, conducted the opening devotions, the business session being presided over by the Supt., Mr. E. Fennell. The minutes of the annual meeting were read by the Secretary, Mr. K. Carlyle.

The report of the committee re the selection of teachers and officers, showed that all classes have teachers and almost all have secured assistant teacher.

Mr. Fred Cass was named Honorary teacher for the Senior Boys' Class of which Mr. Arnold Dukelow is teacher and Mr. Leroy Boyd assistant teacher.

A committee was appointed to keep contact with those who have gone from this Sunday School into active service.

The matter of obtaining new songbooks for the Sunday School was discussed and a committee was appointed to look over the New Youth Hymnal. Other subjects discussed were the bringing into the Sunday School of children and parents not now in attendance, and also the attendance of the children at the church service, previous to the session of the Sunday School. Discipline in the school and in each class was discussed.

At the close light refreshments were served by the hostess, Mrs. T. A. Halpenny, for which a hearty vote of thanks was given, as well as for the kind invitation of the pastor and his wife to hold this meeting in the Parsonage.

SOCIAL AND PERSONAL

Cpl. Eric Marquette was visiting friends in this district over the week-end.

* * * *

Aircraftsman Clark Curtis, of the R.C.A.F., St. Thomas, spent the week-end at his home here.

* * * *

Mrs. Ruth McConnell, of Cornwall Commercial College, spent the week-end with her parents at Ormond.

* * * *

Mrs. Rowat Hunter, of Scotstown, Que., spent the week-end at the home of her parents, Mr. and Mrs. W. Leslie.

* * * *

Ord. Seamen Dwight Hutt and Alex Barkley, of the R. C. N., Toronto, spent the week-end at their respective homes in this district.

* * * *

Miss Charlotte Preston and Miss Susan de Winton, of Ottawa Ladies' College, spent the week-end with friends in town.

* * * *

Mayor P. H. Fader, editor of the Leamington Post & News, spent the week-end with his father, Mr. Martin Fader, at the home of his sister, Mrs. Carl Rice, and Mr. Rice.

* * * *

Mrs. Blake and Miss Maloney, of the High School Teaching Staff, Chesterville, were week-end guests of Miss Jean MacDonald at the home of Mr. and Mrs. C. R. Robinson.

* * * *

Mrs. Bryson Carswell and Mrs. (Dr.) M. Barker, of Ottawa, also Mr. Mac Christie, of Calgary, were recent guests at the home of Mr. and Mrs. Ward Summers and other relatives and friends here. Mr. Christie has been away from here for 40 years.

PHOTO-STORY OF ADMIRAL HART

Tough, peppery, 64-year-old Michigan-born Admiral Thomas C. (Tommy) Hart, commander of the U. S. Asiatic fleet, is the subject of a series of timely, highly informative illustrated articles starting in The Pictorial Review with this Sunday's (February 15) issue of The Detroit Sunday Times! Be sure to get The Detroit Sunday Times this week and every week.

EVENING AUXILIARY

The monthly meeting of the Evening Auxiliary was held at the home of Mrs. Albert Johnston on February 4th with a good attendance. The meeting opened with the president, Mrs. E. Kellogg, in the chair. The roll call and minutes of the last meeting were read by the secretary, Mrs. K. Ault. A report on Red Cross work was given by Mrs. E. Gilroy. Mrs. A. Johnston gave the treasurer's report, and Mrs. S. Lindsay the community friendship report. The Temperance secretary, Miss B. Coons, gave an interesting talk on the "Menace of Cocktails." Mrs. Johnston, Mrs. E. Helmer and Mrs. C. Rice were appointed the committee for Red Cross work next month.

Mrs. A. Johnston had charge of the worship service. She gave an inspiring talk on "Our Guide to Christian Conduct, the Bible." She divided the two Testaments into five different parts each, to help simplify the study of the Bible. Mrs. K. Ault, Mrs. D. L. MacLean, Mrs. C. Rice, Mrs. J. Crummy, Mrs. H. Helmer, Mrs. E. Kellogg and Mrs. E. Gilroy read passages of Scripture. Mrs. Ault and Mrs. MacLean read from a part of the Study Book entitled "The Chinese People Rise."

A delicious lunch was served by Mrs. Johnston, Mrs. Ault and Mrs. MacLean.

LOCAL AND DISTRICT NEWS

Will Take Officers' Course.

Q. M. Sgt. "Bud" Utman, of this place, and Sgt. Jack Morris, of Chesterville, both of the S. D. & G. Highlanders (Reserve), left for Brockville on Monday to take an Officers' Training Course. They signed up for Active Service a few weeks ago.

Red Cross Note.

There will be no meeting of the Red Cross on Monday next, owing to the delay in receiving supplies for knitting and sewing from headquarters. The next meeting will be on Monday, Feb. 23rd. Ladies please bear this in mind.

Bereaved of Brother.

Mrs. Ernest R. Summers and Mrs. Jeanie Summers received word recently that their brother, Robert Wren, died in Glasgow, Scotland. Mr. Wren was a choir leader and was on his way home from church when he was suddenly stricken. He was in his 73rd year.

Promoted to Flight Lieutenant.

Word was received here this week that Flying Officer Leonard Porteous of the R.C.A.F., had been promoted to the rank of Flight Lieutenant, which is equal to the rank of Captain in the Canadian Army. We join with Len's many friends in extending congratulations.

Will Show War Film.

Under the auspices of Mountain Township Victory Loan Committee, which is headed by Reeve Douglas E. Beggs, a War Film will be shown at the North Mountain Consolidated School tomorrow evening, in connection with a Euchre and Dance, sponsored by the Mountain Community Club. This will be the opening of the Victory Loan Drive in Mountain Township.

St. Paul's Church Services.

Services in St. Paul's Presbyterian Church on Sunday were conducted by Mr. A. L. MacKay, of Montreal, who delivered inspiring sermons both morning and evening. At the morning service the Junior Choir, under the direction of Mrs. Walter Moffat and Miss Clara Irving, organist, rendered two special numbers, with solo parts being taken by Master Ronnie Workman. Owing to the stormy day and the condition of the roads, the attendance at the service was not as large as usual.

Village On Fast Time.

With the rest of Canada and the United States, Winchester swung over to Daylight Saving Time on Monday. Most people advanced their clocks before retiring on Sunday evening and little inconvenience was experienced as a result of the change. About the only advantage we can see about adopting the new time at present is the abolition of the "two-time" nuisance that has always existed between the urban centres and the rural municipalities during the summer months.

Salvage Collected On Saturday.

The High School Salvage Teams made a thorough canvass of the town on Saturday, and collected large quantities of newspapers, rags, etc. Under a new system, the village has been divided into four zones and each team is responsible for the collection of salvage in one of the zones. The collection is to take place on the first Saturday of each month.

Last Saturday, one of the teams couldn't locate a horse to draw the express sleigh they were using to collect their material, but that didn't stop them from doing their job—the boys loaded their sleigh and pulled it along by hand-power. It was tough pulling in spots, but they accomplished their task.

Changes in Train Schedule.

With the adoption of Daylight Saving Time in Winchester, the new train schedule is as follows: Morning local, going east, 8.18 a.m.; noon train, going west, 11.58 a.m.; afternoon train, going east, 4.44 p.m.; evening local, going west, 7.51 p.m. The only major change is in the evening local, it arriving here about one hour later. As a result of this change, the post office wickets will close for the day at 6 p.m. instead of 6.30 as has been the custom. The evening mail will not be completely distributed before 8.15 as a result of the late arrival of the local. All times mentioned above are Daylight Saving Time.

ST. PAUL'S PRESBYTERIAN W. M. S.

St. Paul's W. M. S. met at the home of Mrs. Walter Moffat on Tuesday, Feb. 10th, with the president, Mrs. Geo. Wilson, in the chair. The meeting opened with a hymn, Scripture reading and prayer. Minutes and report were given and approved. New business was discussed. It was agreed to send $2.00 to the Chinese Relief Fund. It was also decided to hold a Tea and Money Shower at the home of Mrs. Chester Robinson on Feb. 26th. The roll call was answered by each member giving a verse of Scripture containing the meeting theme word, "Love."

Departmental convenors reported for Goforth Girls' Group and Mission Band. Mrs. W. Moffat, as convenor of the programme, then took the chair and gave the Bible Study entitled: "Our Duty to the State." Mrs. J. E. Spinks gave the Bible reading and Mrs. H. Wilson the Mission Study entitled "Proofs of God's Presence." A quiz from Glad Tidings was given by Mrs. A. G. Suffel.

An announcement of World's Day of Prayer on Feb. 20th, to be held in St. Paul's Church, was made by the President.

Golden Wedding Anniversary.

Mr. and Mrs. Wm. Timmins, of Inkerman, are celebrating their Golden Wedding Anniversary on Tuesday, Feb. 17th. They will be at home to their friends in the afternoon and evening.

Valentine Tea Held.

The Valentine Tea, sponsored by the Sunbeam Mission Band in St. Paul's Sunday School Hall on Saturday afternoon, was well attended, considering the stormy weather that existed on that day.

Red Cross Display.

The collection of Red Cross articles, on display in the large show-window in the old Bell Telephone Office, has attracted much attention. It is a fine display and is just a sample of the kind of work being done by the ladies of the local Red Cross Society. The exhibit was very commendable and the Red Cross Workers are to be complimented on their handiwork. The window space was donated by Mrs. Fred Smith, while the arranging of the articles was done by Mr. and Mrs. Arnold Dukelow, of the Jo-Anne Shoppe.

Friendly Curling Games.

Two rinks from the Morrisburg Curling Club visited the local Club last Thursday evening and played two friendly games of curling with two teams from here. The local rinks were successful in winning both contests. Following the games, lunch was served and a social time spent. Following is the personnel of the rinks and their scores:

Morrisburg—G. Smith, T. Cleland, D. H. Weir, Rev. G. O. Davies, skip—5.

Winchester—Peter McGregor, Randall Wylie, John Fader, Harold Helmer, skip—20.

Winchester—T. MacLean, A. Beardsall, Dr. C. H. Meredith, Dr. D. L. MacLean, skip—13.

Morrisburg—G. Fulton, R. Link, Dr. Seeley, H. Duval, skip, 10.

BELL TELEPHONE COMPANY HAD BUSY YEAR

The 62nd Annual Report of The Bell Telephone Co. of Canada, just now in the hands of shareholders, shows the extraordinary job they had to do last year. It involved vast quantities of materials and supplies, many of them made possible through wartime substitutions. Reuse was made of some materials now largely absorbed by war manufacturing needs.

To achieve a net increase of 63,651 telephones in operation—the biggest in the Company's history—they had to put in 243,530 telephones and take out 179,879. In other words, they had to handle through connects and disconnects a total of 423,409 telephones during the year. It is interesting to note from the report that Bell telephones, plus those of other systems connected with Bell lines in Ontario and Quebec, now total more than a million.

The report also points out that in spite of the unprecedented volume of calls— averaging 6,486,000 local and 77,000 long distance connections daily—the speed and general standard of service were practically unimpaired.

There are now 23,276 Bell Telephone shareholders of whom 22,062— or 94.8 per cent.—live in Canada and hold over 71 per cent. of the total shares.

R. C. A. F. RECRUITING HERE NEXT MONDAY

Flying Officer T. B. Senez of the Ottawa recruiting station of the R.C.A.F. will be in Winchester next Monday, Feb. 16th, for the purpose of interviewing candidates interested in joining any branch of the air force.

The officer will open his temporary office in the town hall on Monday forenoon, and a medical doctor will be in attendance to pass on volunteers so that there will be no delay in regards to medical examination.

This R.C.A.F. recruiting office will be a monthly feature in Winchester this year, opening the second Monday of the second complete week in each month.

The recruiting officers will be on duty here frm 10 a.m. to 1 p.m. and will interview all applicants for any category between the ages of 18 and 50.

The officers will also accept applicants for the C.W.A.A.F. and give blanks to ladies interested in this branch of the service.

INTERESTING NEWS ITEM

In renewing her subscription to the Press, recently, Mrs. J. C. Lazier writes:

"It took Pearl Harbor to make up our American cousins' minds, but once aroused they are doing a good job, especially here on the Pacific Coast. Among the younger lads to offer their services was John Knox Lazier, of Gonzales, Calif., amateur short-wave enthusiast, who has signed up with the Civil Service, working under the U. S. Navy at San Diego, Calif. Graduating from High School last June, at 17, he attended the Polytechnic Institute, at San Luis Obispo, for 6 months, taking the U. S. Defence Course in Radio. Showing more than average ability, he was urged to take a more intensive course in radio, leading to a technician in rating, and is at present in San Diego. He is the only son of Mr. and Mrs. J. C. Lazier, of Gonzales, Calif., the latter born at Maple Grove Farm, and is a sister of Mr. Fred Mulloy, Winchester."
