Chesterville names winners in Santa Claus Parade

Last Saturday, December 13, Santa made his official visit to Chesterville. As always he received a warm welcome by the host of Children that were out to greet him.

The honoured guest was emphatic with praise of the calibre and work that had gone into the parade floats.

The thirty-odd floats that turned out Saturday left the judges scratching their heads to pick winners — Most Interesting and New, Bank of Nova Scotia; 2nd, "The Big Hockey Puck" by the Winchester Sport Shop and 3rd prize to the 4-H Beef Club for Good Decorating.

Rotary Club still considering purchase of church property

Over 93 percent of the members were out on Monday, December 8th, for the regular weekly meeting of Chesterville Rotary Club. Past president Ian Macintosh was in the chair, the meal was ate in the restaurant with the meeting portion held in the offices of Fred Cass.

It was noted that for the month of October the Chesterville Club, with an 86.6 percent attendance, was fourth in the district.

The Wine and Cheese Party held recently was a break-even affair, the reasons given as too many looking to grab a piece of the amusement dollar.

Rotarian Ron Lynch, chairman of the Easter Seal Committee, reported that a meeting of the district was coming up in Cornwall in the near future.

A motion was passed, following several weeks of discussions and considerable alternatives, that Leon Marcellus and Dudley Craig be a committee to complete arrangements with former caterers.

It was decided to further study, and if possible, act on the Pentecostal Church property. Carl Ward will be the convenor of all negotiations.

Before adjournment it was asked that a list of names be presented at the next meeting, to be recipients of Christmas baskets.

TUESDAY ISSUE NEXT WEEK

Christmas and New Year's are a couple of holidays that have to be taken on the day on which they fall. The two year-end festive holidays undoubtedly bring a great joy and fun to many, but in the newspaper business they can upset the regular weekly routine.

Most other holidays in the year are shuffled around so that people can get their time off at a more convenient time to the newspaper. We've been known to swap the odd Friday off in lieu of Monday working.

Over the years we've come up with various schemes to keep away from the Christmas-New Year's bind, when it comes at mid-week.

The next two issues of the paper will be in the mails on Tuesday afternoon with the hopes that many in the district will pick up their issue on Wednesday before Christmas.

The Issue prior to January 1st will be published on the Tuesday of that week.

In the next couple of weeks we would like to include as much news in the two issues that we can get our hands on. We ask our correspondence, hockey reporters, etc., etc., to have the copy in our hands as early as possible.

Stormont 4-H Homemakers Clubs

Nine receive C

Stormont County 4-H Homemaking Clubs concluded their current 4-H Project "Let's Bake Bread" on Saturday, December 6, 1975, at the Osnabruck District High School, Ingleside.

Each member brought in a bread product that she had made and this was displayed along with her record book. There was a wide variety of breads and many looked delicious.

Each of the eleven clubs participated in the afternoon program by presenting exhibits, skits and demonstrations. Skits were presented by North Valley and Ingleside 2. Demonstrations were presented by Dixon, Osnabruck Centre, Finch 1, Cornwall Centre 2, and Avonmore. Four exhibits were also presented by Newington with Becky Zeran commenting, Ingleside 1 with Judy Maginnis commenting, Finch 2 with Bernadette Buiting acting as commentator and Cornwall Centre with Margaret Clark as commentator. All the girls di very good job and the progr was enjoyed by many pare and friends.

Another aspect of the afterno program was the presentation awards. The Ottawa Citize Award is presented each year to a 4-H Homemaking Club member who has done outstanding work. This year the recipient was Miss Moanne Vingerhoeds, Finch who has been an excellent club member in years gone by. Joanne who is presently attending St. Lawrence College, Kingston, will be using her award towards her education.

County Honours were awarded to nine girls who successfully completed six 4-H Homemaking Clubs. The girls who received the pin and certificate are: Jennifer Kirkey, Cornwall Centre 1, Brenda Meek and Kathy Miller, Cornwall Centre 2, Sally Hutchinson Dixon, Nadene Volrath, Finch 2, Elaine Meilleur and Alice Schultz, Ingleside 2, and

town helped with the morning activities, and commented on all the skits, exhibits and demonstrations the girls put on.

The Night Before Christmas

'Twas the night before Christmas and just up the stair
The whole family lay sleeping with nary a care.
The tree stood atwinkle, all festive and warm,
Protecting the gifts to be opened come morn.

The whole town seemed peaceful neath a blanket of snow . . .
Crisp, clean and sparkling in the moon's wintry glow.
On the roof of the house there arose a great clatter:
"Hurry, Rudolph," called Santa, "I think something's the matter!"

Quick as a twinkle they took flight as he spoke,
Saying "Off to a phone booth, I think I smell smoke."
Thanks to a fast thinking, observant Saint Nick,
The firemen rescued the family quite quick.

But the once twinkly tree could no longer be seen
There remained only ashes where once it stood green.
The tree had dried out and started the fire
When ignited by sparks from a frayed tree-light wire.

Had the tree stood in water and the wire repaired
The home of this family would have been spared.
But their lives were saved so they've reason to sing
For Life is the best gift that Santa could bring.

Off into the sky Santa's sleigh rose in flight
And some thought they heard him call into the night:
"The Ontario Safety League knows the reason
For this family spoiling its holiday season.
Practice fire prevention and be of good cheer . . .

Mandatory in July

Snowmobilers to require licence

A joint meeting of the Ontario Safety League and the Ontario Federation of Snowmobile Clubs was held this past weekend in Toronto. Plans are being finalized for the driver training course soon to be implemented by these two groups in conjunction with the Ministry of Transportation and Communication.

To operate a snowmobile in Ontario, it will be mandatory after July 1, 1976, to possess either a driver's licence or a snowmobile operator's permit. Approximately 200 applicants are to receive training shortly to offer a course and issue licences to persons aged 12 to 16, and to those over 16 not in possession of an automobile driver's licence. The Ontario Safety League and the Ontario Federation of Snowmobile Clubs, concerned over the increasing number of snowmobile fatalities each winter among minors, have been working together for over a year, to develop an instructor's safety manual, and a complete driver training course, to better educate this age group on the safe aspects of snowmobiling.

Applicants from snowmobile clubs, who wish to become driver training instructors will be given the one day course by the OFSC director in their area. These applicants, upon completion of this course, may then in turn offer this instruction to students, who after successful testing will be issued a snowmobile operator's permit.

The Federation is pleased with the recent announcement that the Ministry of Natural Resources have allotted $500,000 to Ontario Snowmobile Clubs for maintenance of winter recreational trails this season. Rick Start, chairman of the OFSC government liaison committee, states "through our exhausted effort and involvement, and the strength of a provincial organization, the message is being carried through to government pertaining to the needs of the Ontario snowmobiler. We represent the largest trail user group in the province".

Beverly Jobbins, OFSC director, has been appointed by the Minister of Natural Resources, Leo Bernier, to the recently formed Ontario Trails Council. This council will travel throughout the province holding meetings every six to eight weeks over the next two years. They will solicit viewpoints from interested citizen groups in the form of briefs and hearings, monitor and make recommendations on the implementation of the trails program policy.

Santa Claus made his official 1975 visit to Chesterville last Saturday afternoon. The 'Jolly Old Gent' certainly received a warm welcome as there were over 30 floats in the parade and the children turned out by the hundreds to visit with Santa at the arena. This little gent, Chris Fyke, grandson of Mr. & Mrs. Grenville Fyke, Chesterville was no doubt telling Santa all he wanted was a 'Big Red Fire Truck' like the one his father has. Christmas morning Chris will undoubtedly find he has been as generous as ever. — Staff Photo.

As I See It

By Mike Rowden

We're in trouble again

Well folks it looks like we are in trouble again . . . at least that seems to be the opinion of the departing U. S. Ambassador, Wm. Porter. He has been here, in Canada, for about two years, before that he was in Vietnam.

According to all reports he was moved to Canada because Canadian and American relations were in need of shoring up. And being one of the 'Good Ole U.S.A.'s' top diplomats, he was a natural for the job — or maybe our neighbours south of the border, which is unguarded, thought his talents were necessary.

In any case, on his leaving, he in no uncertain terms made it known that the American Government is not too happy with its Canadian neighbours for their nationalistic attitude or their wanting to control their own resources, economy, politics and in short their own destiny.

So what else is new . . . my memory goes back a few years to a time when a man, once Canada's most famous general, Andy McNaughton, fought for years for Canada's interests — Canadian water and the Columbia River treaty. If it hadn't been for him, another of our resources would have been swallowed up by the voracious needs of the 'States'.

Even then, all the Americans thought they had to do was put a bit of pressure on in the right places and presto the water would be theirs. McNaughton happened to thwart that idea. The Americans were perturbed to say the least.

Updating events considerably since then . . . we look back a couple of years, when the Americans wanted to stretch a pipeline across Canada. When it was pointed out that such a pipeline would disturb our ecology, then the alternative was to use huge tankers to ply Canada's West Coast, with the ever present danger of oil spills. That risk is still with us and will remain so. When that fact was pointed out to the Americans, by our people, it was ignored.

Lougheed, the Premier of Alberta, using his constitutional powers as head of Canada's top oil-producing province, put the price of oil up. Once again a big outcry from the States.

Now we find the National Energy Board was off a bit in their estimates of how long Canada's existing stock of oil and gas is going to last. Once again Premier Lougheed moved into the breach — he has cut back on sales and shipments of oil to the U.S.A. And says it will be stopped completely by 1981.

The Province of Saskatchewan, feeling that it was not going to get much in the way of federally-promoted industrial development, decided that the people of Saskatchewan should have, what under the constitution is rightfully theirs, the potash industry. This again is against vested American interests.

The next one on the provincial bandwagon to be in the news is Manitoba, with her vast hydro power resources. However, when Manitoba built another powerline to send power to their American customers to the south. Then Manitoba's provincial neighbours got a bit up tight — Ontario needs Manitoba power, so does Saskatchewan.

Application to send power to the States has to have Federal approval and at the moment that has been shelved. The main protest by the adjacent provinces, not to mention the fact that this power is needed in Canada, is the fact that Manotoba would be selling the power to the States at a cheaper rate than to other provinces.

Well this in itself is really nothing new . . . look at us living in the Cornwall area . . . we have that huge dam at Cornwall, generating tremendous amounts of electricity and it goes mainly to Upper New York State, while we who live only sixteen or seventeen miles away, have to pay the higher cost of getting our power from further away.

Recently there seems to be an awakening of Canadian Nationalism, greater than it has been for years, and the Americans don't like that trend. After all, as they seem to want us to believe, we cannot exist without them. Admittedly, it wouldn't be quite as easy, but I doubt that we would go down the drain if the American dollars were withdrawn. They would have us believe that because they are basically nice people, they put their money into Canada to help develop the country for their northern cousins. Baloney . . . they invested in Canada because it was handy, a lucrative market and the returns on their money was greater than it would have been at home or in another country.

The Americans rarely, if ever, do anything where money is concerned, unless they are going to derive the maximum mileage from their invested dollar.

Now the departing Ambassador, Mr. Porter, leaves for home a bit put out because during his tenure of office here, he didn't make as much diplomatic progress as he would have liked.

I guess he would have been happy if he could have reported back to President Ford that the people of Canada were, and are, wellunder control, have no intention of selling their resources to anyone but the States and on American terms, won't act or do anything until they have American approval . . . in short everything is rosy.

American feelings are hurt — those feelings are easily hurt when things are not going the way the Americans want them to. Too bad — it's time the States learned they don't have the right to interfere and try to influence another country's politics, policies or economy by veiled threats or intimidation and all the while continue with friendly and cordial relations.

Bantam Bees win one in three

On December 10th, the Chesterville Bantam Bees hosted a team from Richmond. With only 3 minutes played in the 1st period, David Byers opened the scoring on a pass from Rudy Grisel and Glen Patterson. Minutes later the team's leading scorer, Donnie Wheeler, beat the Richmond goalie and recorded his ninth goal of the season, on a pass from Rick Grisel and Doug Rance. Before the period ended team captain Tom Feeley took a pass from David Carruthers, to put the Bees well out in front.

Near the end of the second period, Doug Rance let a booming slap shot go from the blue line, to score his first goal of the season.

Richmond got on the scoresheet to spoil Alex Knox's shut-out, when Gary Griffith scored from Tim Garland and Pete Hervato.

The game ended with Chesterville winning 4-1.

In a league game, on December 13th, for the Bees it was [illegible] as their neighbours from Winchester bombed them 8 to 0.

On December 14th, it was a much-improved team of Bees that travelled to Metcalfe to play a league game against Greely. At 7:54 of the first period Tyrone Anderson stepped over the blueline and let a slap shot go that beat Alex Knox of the Bees. The assist was credited to Rick Wallace. From that point on both goalies were unbeatable and the game ended with Greeley winning 1-0.

Chesterville edges Cardinal 3-2

Chesterville Juveniles are one of the newest hockey teams to come on the scene in Chesterville this current season. There were some organizational problems at the beginning, but now all positions have been filled and the team is settling into a regular routine.

On Saturday, December 13, Chesterville Juveniles travelled to Cardinal for a game. The local lads jumped into an early first period lead and staved off the opposition in the latter part to win a very satisfying 3-2 game. Marksmen for Chesterville were — Steven Stewart from Greg Casselman; Greg Casselman from Steven Stewart and Andy Windsor from David Barkley.

Chesterville finished the 1st period leading 3-0, the middle frame was scoreless and in the final period Cardinal surged to within one at the sound of the final bell.

Final score — Chesterville 3, Cardinal 2.

Chesterville will host Winchester in the Chesterville arena on Sunday, December 21 at 9 p.m.

Letter To The Editor

The Chesterville Record,
Chesterville, Ontario
Dear Sir:

Government to Legislate Gun Controls in Ontario

In this past year there have been two tragic shootings in Ontario high schools that have been reported to us in rather dramatic fashion. The inquest that followed each was again reported to us in detail. The findings of the first inquest dealing with the shooting at a Brampton high school was the need for complete gun control. The second inquest dealing with the shooting at Pius X High School, brought down basically the same finding, adding the ban of pornographic materials and censorship of reporting as the cause and "cure all" to the shootings.

The results of these inquests was no surprise to anyone because the Chief Coroner for the Province of Ontario, Dr. H. B. Cotnam, had already made up his mind naming gun control as the culprit before even hearing the evidence at the inquest. The Crown Attorney's Office, along with the Ottawa Police Department had also done the same.

With this type of bias testimony by senior officials, who are hired to find the truth, after all that's what an inquest is all about, what other choice did the jury have but to ask for gun control.

We have reached a state in our society where we put guns in jail and set criminals free. It's time to stop and look back; we are heading for a police state. It's time that hired public servants remember that they were not hired so that they could use their office letterheads to push their bias opinions down the tax payers throats. A coroner's job is to chair an inquest in a professional manner to find the truth at all costs. The Crown Atorney's job is to investigate the crime in detail and only at the end of his investigation ask the courts to punish or incarcerate a suspected criminal in a fair and unbias manner, no matter the cost.

The policeman's place in our society is the protection of property and the enforcement of the laws of our land. When all of these people do their jobs properly and consciencely, then and only then do we have fair and just inquests and trials. Inquests and trials are a necessary part of our society for the prevention of accidental deaths and to prevent crimes from reaccuring.

I believe that instead, we have an incompetent, and bias chief coroner who has demonstrated that he is not interested in finding the truth behind a shooting because it might clash with his personal opinion. We have crown attorney's who use their office letterheads to give their personal opinions more authority and use their positions to satisfy personal vendettas.

Last, but not least, we have power hungry policeman like Police Chief Seguin and Superintendant Flannigan, in the Ottawa Police Department who because of their inability to conduct a proper investigation jump on the nearest popular bandwagon to cover their own incompetence.

As a closing remark to Police Chief Seguin and Superintendant Flannigan, I make this recommendation. Since I have handled more guns and ammunition than the entire Ottawa Police Force owns without a single incident, give me all your guns for safe keeping and I'll guarantee that there will never be another Ottawa policeman to fall in the line of duty because if memory serves me right they have all been killed or wounded with their own service revolvers.

Sincerely
Gabe Martel

Bantam Colts play five games in week's action . . . lose three, win two

Chesterville Bantam Colts were magnificent in defeat and superb in victory this past week. The three losses were more impressive than their two wins against Spencerville. Colts lost to three super teams last week — Cornwall Minor Bantam A's, first-place Morrisburg and the City of Ottawa's top Bantam 'B' team.

Colts played a highly entertaining brand of hockey last Sunday, Dec. 7, at the Bob Turner arena, Cornwall, against the Cornwall Bantam A's. The shots were 38 for Cornwall against 37 for the Colts, an indication of the wide-open, end-to-end action which the game featured. Although Eddie Witteveen and Jeff Phifer had a good day in Colts' net, Cornwall's tandem of Robbie Lalonde and Guy Corriveau were nothing short of spectacular, stopping by far the tougher shots, against the charged-up Colts. They were only beaten twice, while Witteveen and Phifer gave up five tallies. Although Colts were flying, they dropped a 5-2 decision on Cornwall's larger ice surface. Colt scorers were Pat Kelly from Jeff LeClair and Ron Richards; and Mark Moran from Jeff LeClair and Ron Richards.

On Saturday, Colts hosted the Upper St. Lawrence League's top team, the Morrisburg Bantams. Morrisburg has lost only one game in league play, a 5-4 setback to Brockville. In the return game Brockville paid the price for edging them, dropping a 6-0 decision to Morrisburg.

Morrisburg took Colts lightly, and were little prepared for what was to happen. With a mere 13 seconds gone in the game, Rudy Grisel gave Colts a 1-0 lead on a pass from Mark Moran. An excellent period of hockey followed, with Blair Robinson and Jeff Phifer making fine saves at each end of the ice. With Shay off for an infraction, Morrisburg tied the score on a screen shot by Binks from Jarvis.

The second period was scoreless, and again the stars were Phifer and Robinson, as each goalie seemed to want to outdo the other.

In the final period, Pat Kelly gave Colts a short-lived 2-1 lead, when he stole the puck and put it away. Morrisburg's outstanding Captain, Jimmy Whelan, spent only 25 seconds getting the goal back on a beautiful solo effort. With 11:30 left in the third period, Pat Kelly did his thing again, stealing the puck to make it 3-2 for Colts. Morrisburg roared back, 40 seconds later, to deadlock the score 3-3 on a nice play by Jarvis, assisted by Corden. The rest of the period was superb hockey. Then with 2 minutes left, Morrisburg's coach Larry Dowell sent on his five best, and Chesterville did the best they could. But, with 42 seconds left in the game, Corden beat Phifer on a screen drive to give Morrisburg a hard-earned 4-3 victory.

Later that same day, Colts hosted Ottawa West Laroche Park. Nobody from town, coaching staff included, knew anything about the team. Like Chesterville, they had a common acquaintance in John Dolte, chairman of North Franklin Minor Hockey. So coach Fred Shield's name came up, and lo and behold a game was arranged. Oops! Laroche Park is the first-place team in the National Capital Minor Hockey League's Bantam B Division.

Colt players figured Ottawa was pretty good when they scored the first goal with but 40 seconds gone in the game. Colts played a determined first period, but couldn't quite stay with the big smooth-skating Ottawans. Eddie Witteveen kept Colts in the game, handling 21 tough shots. Witteveen was Colts' best player in the game. Colts were able to muster only 7 shots at the Ottawa goalie.

Now the good news — Colts pushed their league record to 6 wins, 5 losses and a tie with home-and-home victories over Spencerville Bruins, pushing their record to over .500 in league competition.

Colts completely overwhelmed Bruins, posting a 4-1 win in Chesterville and 3-0 shutout in Spencerville.

Wednesday in Chesterville, Dale Adams gave Spencerville a 1-0 lead before Colts took charge.

In the second period, Colts scored two unanswered goals. Glen Mackler made it 1-1 from Pat Kelly and Glendon Shay. Jeff LeClair made it 2-1 on a beautiful solo effort.

Colts came on strong in the third, scoring two more. Pat Kelly tallied from Duke Servage and Jeff LeClair, and Glen Mackler got his second from Ron Richards and Rudy Grisel. Phifer and Witteveen had a fairly easy time of it, playing solidly.

On Friday in Spencerville, Colts took charge and played superbly, offensively and defensively. The youngsters blasted 32 shots at Polite and Robson, while holding a frustrated Bruins' team to only 4 shots, as the 'Jeff and Eddie Show,' shared the shutout.

Interesting note — Colts had three goals disallowed. A goal in each period was all that Colts could manage, but it was more than enough. Scoring for Colts were — Curtis McMillan from Jeff LeClair and Pat Kelly; Pat Kelly from Jeff LeClair; and Rudy Grisel, unassisted. Final score — Colts 3, Bruins 0.

Icing the Story . . .

Believe it or not, against Morrisburg, Colts had a full lineup, for the first time in 23 games. Don Richards has difficulty shooting with his arm problems, but it's improving.

Should be a great Boxing Day Bantam Tournament in Chesterville. The Chesterville Volunteer Fire Department has kindly consented to pick up the tab, as sponsors. Another example of the great support C.D.M.H.A. gets from district associations and businesses.

In addition to Colts and Super Bees, visiting teams in the tournament include — North Franklin, N.Y., Prescott Ramparts, Iroquois, Athens Flyers, Brockville Warriors and South Ottawa Warriors. Any bets . . .?

Eddie Witteveen, our first-year Bantam goalie, has been having trouble adjusting to the heavier shots in Bantam. He got it all together against Ottawa last Saturday. Keep it up, Eddie.

Jeff LeClair, 14, is Colts 'Player of the Week'. "Lee" picked up two goals and five assists last week, and vaulted into second place in team scoring, only four points behind Rudy Grisel. Jeff had played 'B' class hockey for the past two years, and this year "Lee" has proved that he belongs with the Colts. A hard worker, Lee's strong suit is his uncanny stick-handling ability. Good work Lee.

Colts are coming together, finally. Great forechecking and the "Coming of Age" of Colt's defence has spelled success on the ice. The system works, fellas.

RECREATION IN CHESTERVILLE

by Doug Moses

Why not?

This is International Women's Year all over the world. Well, what has happened to mark this occasion in Chesterville? Here we are in full swing at the arena and the Minor Hockey System does not have one woman that coaches, is a convener, an assistant coach or trainer.

I am sure there are lots of capable women that can help out behind the bench in some capacity. And as far as being a convener it would be the perfect opportunity for a woman to learn the 'ins' and 'outs' of hockey.

Every day you see lots of women dressing their kids or just going up to the arena to watch their sons play hockey. When the game begins they get out there and cheer their kids on. Well, why not from behind the bench? It is something to think about, especially when there are 8 or 9 tournaments slated for this season and we are always looking for help. This is a resource I think we should tap, and tap soon. Why not?

Thursday night each week is dominated by broomball and all of it is young girls and women. It's a real treat to see them enjoying themselves and having a lot of fun. A lot of the fun comes from the attitudes of the ten coaches — Bert Woods, Debbie Woods, Casey VanGessel, Debbie VanGessel, John Elliott, Ewen McCadden, Sharon Shaver, Joe Cass and Derek VanGessel, who come out and coach these gals and really enjoy it.

These are the volunteers that are so important in our community. Bert Woods gets a special thanks for organizing, refereeing and coaching in the league, and he certainly seems to have a lot fun participating. Go up some Thursday evening and listen to him laugh while he is refereeing. That's something you don't see too much in sports anymore.

Again, I am surprised that out of the nine good coaches, only three of them are female. I am surprised that some of the mothers of these girls don't help out with coaching. I am sure the coaches that are doing the job now would be more than pleased to have some help behind the bench.

Remember Account 2800? The money that was donated to this account was recently put to good use, to purchase to sets of goalie pads, a left-handed blocker and a catcher for the Minor Hockey System. Once again, thank you for your donations.

Nelson LaPrade was at the arena recently and noticed that in the two handsome trophy cases all the trophies were not up to date. Nelson found out the right names and dates and now every trophy is right up to date.

The Chamber of Commerce once again did a wonderful job of organizing the Chesterville Christmas Parade. A special thanks goes to Brian (Rocky) McMillan who really put a lot of effort into getting the people in the town to participate.

Bad weather on Saturday, December 13th reduced the Booster Club dance crowd to about 100 people. However, the people that did come enjoyed themselves and we did manage to make a bit of money. Most of the people in attendance like the music of Kenny Wise and it was suggested we should bring him back again. Thanks to all the people who came out to help.

Hugh Montgomery, the manager of the Bank of Nova Scotia, has modernized the bank's sign in the arena, and it really looks good now.

The Junior C's are having a fun game against the Cornwall Golden Eagles, Sunday morning, December 21st from 10 a.m. to noon. All of the Cornwall players are retired from the Cornwall Royals, so it should be a good game. Come on up and watch!

The Town League has improved this year thanks to Richard Elliott, Referee-in-Chief and also thanks to the way the teams were picked — the draft system.

Someone really knew what they were doing when they picked the players for the "Red Team" as they haven't been beaten yet this year. Their last game against the ever steady, ever dangerous "Blue Devils". And 'Red' won it 4-1 to add to their undefeated record this year.

Rumour has it that Red team's coach and captain has so much confidence in the team that he is willing to play an all-star team from the town league and put up a little wager on the side as to the outcome. Could be too much over-confidence. Can an all-star team beat them? Only time will tell.

Flyers score one in week's play

On Tuesday night, December 9th, Chesterville Midget Flyers defeated the Russell Warriors 1-0 in a real thriller, which featured end-to-end rushes and brilliant goaltending by both Bob Walker, of the Flyers, and Ed Money of the Russell Warriors.

Both teams played scoreless hockey for two periods, until the twelve minute mark of the third period, when the reformed Dale Reid surprised Ed Money with a hard shot from the point.

Flyers had scored earlier in the first period but the referee disallowed the goal, saying that the puck hadn't crossed the goal line. This was a big victory for the Flyers as it left them only one point out of first place. There were only five penalties called in the game with the Flyers taking two and Russell three.

Morrisburg defeats Flyers

On Wednesday, December 10th, Morrisburg defeated the Flyers by a score of 2-0. If Flyers had won, it would have meant first place, but it seemed that the whole team had got out of the bed on the wrong side, as they didn't play up to their potential — the Chesterville forwards weren't backchecking and the defence let the opposition move around unmolested.

Allen Black scored the initial goal for Morrisburg on a solo effort in the second period. Flyers fought back in an effort to even the score, but on all good chances they came away empty-handed.

Morrisburg put the icing on the cake when David Brown scored from Black and Marcellus.

Chesterville was assessed one penalty to Morrisburg's four. The two teams, Chesterville and Morrisburg, will meet again on December 14 in a 5 p.m. game.

On Wednesday evening, December 17, Winchester will be in town for a game with the Flyers. The hometown team promises fans a better performance than they displayed when they lost to Winchester. This game should be the last until after Christmas and the Flyers would like a win to make Christmas a little 'Happier'.

Countymen down Outcasts

The oldtimers hockey team, the Stormont Countymen, were in action last week-end, Sunday, December 14, against the Moose Creek Outcasts. The crew from Moose Creek were no match for the Countymen, and lost the match by a score of 6-2.

Scoring for Stormont were — Ron Brown with a pair and singles to Linden Wells, Dalton Ouderkirk, Ossie Shaver and John Gove. Scoring singles for Moose Creek were Wayne Villeneuve and Wayne Brown.

The Countymen have a busy schedule ahead as they move to Russell for a Curling Bonspiel this Saturday. And they can't wear themselves out 'tossing the rocks' as they have to be in shape for the dance in the evening to the Countymen's adopted orchestra "The Rubber Boot Group". On Sunday they will tangle with a team from Potsdam, with the game to go in the Finch Arena.

Last week officials of the Oldtimers team issued a challenge to the High School lads from Tagwi. As would be expected the school pucksters have taken up the challenge and the game will be played early in January.

Card of Thanks

The Chesterville Chamber of Commerce would like to extend their sincere thanks to all who helped and entered floats in the Santa Claus Parade 1975.

Once again, your time and efforts effected a very successful parade.

CARD OF THANKS

I would like to take this opportunity to thank the many friends who came to call on me during my illness in the Winchester District Hospital. Dr. Barton and the nurses were all very kind to me and I appreciated their excellent care. Rev. L. M. Ferguson, my minister from Chesterville and Rev. H. Smith of Winchester Presbyterian Church called on me many times and I enjoyed their visits. I received many cards, flowers and gifts. Please extend my sincere good wishes to all for a Happy Christmas.

Mrs. Martha E. M. Gilroy

IN MEMORIAM

In loving memory of a dear brother, John Ferguson, who passed away December 16, 1974.

Oft and oft our thoughts do wander,
To a grave not far away,
Where they laid our very dear brother,
Just one year ago today.
God took him home,
It was his will,
But in our hearts,
He liveth still.

Forever remembered by brothers Ronnie, Bruce, David and Hubert and sister Gail

PUBLIC RELATIONS CLUB

Recently, the students of Marketing 490 had some practical experience in setting up commercial displays and presenting them to the students and staff members of Seaway. Johnny's spot provided this active group with games, toys and books. Stuffed animals were generously loaned by some of the students. Caldwell Linen Mills contributed generously an assortment of very colourful and attractive towels. The front showcase was used for a display of Toyland. The array of towels was displayed at the back of the marketing room, set off by the splendor of spot lights.

In all, the displays proved to be a worthwhile experience for the students of Marketing 490 and they captured the interest of all passing students.

An Ontario ISCF (Inter-School Christian Fellowship) team, consisting of four Grade 13 graduates and a married couple, visited Seaway District High on Dec. 8. During lunch hour, they provided the Seaway Christian Fellowship Group with seminars and then shared an evening of fun and entertainment with the group. The ISCF team proved to be enjoyable and Seaway is looking forward to their visit in February.

Seaway sports is improving and progressing rapidly as the weeks go by.

A curling team, arranged and coached by Mr. Morrell, will be going to Ottawa during the Christmas Holidays for a bonspiel.

Last Friday, the second string midget boys' basketball team defeated the Morrisburg Public School team 20 to 11. Top scorers were David Marston, John Tuttle, Paul Bongers and Arnold Strader.

Seaway's Senior Boys missed coming first in the basketball tournament held at St. Lawrence High by a score of 36 to 35. St. Lawrence High's victory gave them the opportunity to attend the annual Queen's Christmas Basketball tournament. Although Seaway's team was unable to defeat St. Lawrence High, they did however, defeat the teams from Char-Lan and General Vanier. Teddy Wardle and Gary Baker presented Seaway with outstanding games. Keep up the good work!

This year there were five top salespeople in our annual Chocolate Bar Drive. In 1st place was Cheryl Lewis, the winner of $50. 2nd place was Larry Beckstead, the winner of $25. Three students, each the winner of $10., were tied for third place. They were Brenda O'Neil, Dale Easter and Donna Smith. Overall the chocolate bar drive was a success. The money will be used for student council activities.

On December 11th, the Nexagon Theatre group from the National Arts Center presented "1837 — A Farmer's Revolt". The play revolved around Wm. Lyon MacKenzie and the farmers of Upper Canada who revolted against the oppression of the Family Compact. The young actors performed such that great emotions were aroused within the audience. After the performance, they answered questions about acting. This live theatre provided an enjoyable learning experience for the students

Ladies edge Cardinal in Broomball play

The Chesterville Ladies Broomball Team travelled to Cardinal on December 10th, and came home with a 1-0 victory. Marilyn Williams scored the lone Chesterville goal with the assist going to Brenda Sloan.

On Thursday night, on home ice, the local ladies defeated Prescott by a score of 6-0.

Helen Macintosh scored the first two goals with Thelma Hall assisting on both. Edythe Cameron scored the third goal on a pass from Bev. Giles. The fourth goal came off the broom of Marilyn Williams with Sue McMillan getting the assist. Jean Ward capitalized on a pass from Nicole Lauzon for the fifth goal. Christmas A Challenge And Celebration

Christmas, 1975, comes to a world that wants "peace on earth' good will to. men." But the desires of much of the world, including our own strife-torn and uncertain Canada, stem more from weariness than from love. This world expects more from the flights of Henry Kissinger and the manoeuvres of Piere Trudeau than from the flights and singing of angels.

What then are we to make of Christmas this year?

To many it is but a pleasant legend that takes us for a day or two from the daily drudgery of trying to make ends meet — a chance to forget how powerless many of us have become. To others, who treasure the celebration of human experience, Christmas is a bonus — and extra occasion, even an extra reason for celebration.

But Christmas, as Christians understand it, is neither an idle legend nor a happy plus. It is a challenge to our human existence. It is an uplifting of our human existence. It calls for celebration, not because we need a party but because Christmas in reality upsets the life we have designed and changes the reason for celebrating.

Unlike most of the mystic religions that are flowering today in the midst of our disillusion, Christmas faith proves that God does act in human history in unexpected ways and calls on a community to join his action.

As realists we know that the home of a friend or relative is brick and mortar, wood and nails, It is a functional place, ornamented and often filled with comfort, but still a functional place that has no real feeling. But all that is changed and takes on meaning when we realize that a loved one or an old friend lives there. The silent walls speak a language of love.

Something like that happens to human history when we remember that Jesus Christ lived here. The cosmos consists of matter and energy, as always. People and communities continue to act with mixed motives. Possibly peace among nations is a little more likely because of Christ, but we cannot be certain of that. Yet when we remember that Christ lived here, the walls and ramparts of the world speak a different language.

We can say and believe then that we are about to enter "the year of our Lord 1976."

Ice Safety — Winter 1975-76

The sparkling purity of a fresh blanket of snow covering an icy river, stream of lake can be deceptively inviting. We all become eager to try out new skates or the latest model snowmobile. But our haste can lead to tragic mishaps. The Canadaian Red Cross Water Safety Service urges you to think twice before you try the ice.

Remember to check both ice thickness and weather conditions. Authorities usually declare local sites safe in newspapers and by radio. A quick phone call to the police is all it takes to be sure. If these sources of information are not available you can measure the thickness by cutting a hole in the ice. Make sure the ice is at least four inches thick for group skating and hockey. Ice seven to eight inches thick is required for ice boating, snowmobiling and similar activities because of the extra weight.

Ice over large bodies of water, or rivers with currents, or on salt water is likely to be unsafe. Currents can erode and melt ice from below. Extra caution is necessary around moving currents because it is here that it is easiest to become trapped if you fall through and fail to surface in the same spot.

Watch for dark spots which generally indicate weakened ice. And stay close to shore. Ice in the centre tends to be thinner.

Always check weather conditions. be extra careful during early and late winter when ice thaws and re-freezes. Remember that ice weakens under midday sun. Make sure the ice you played hockey on last evening is just as sturdy today when you skate during your lunch hour. And never skate or snowmobile alone.

If you should fall in, don't panic. Extend your hands and arms onto the ice surface before you. Gently kick your legs out behind you to a level position and slide or squirm forward to safety. DO NOT STAND! Your concentrated weight can cause the ice to break.

A fall through the ice is not always fatal, but it can be an extremely shocking experience. A plunge into icy water causes muscles to contract. Blood circulation slows down and body temperature drops rapidly. When your core body temperature drops from its normal 37 degrees C (98.6 Degrees F) to around 30 Degrees C (85 Degrees F) your life is in danger.

If you like ice sports and want to continue enjoying them, remember that we're warm-blooded humans, not cold-blooded fish. The Red Cross reminds: If you're not sure, always seek local advice, or stay off the ice.

Ann Landers

Dear Ann Landers: Will you please say a word in your column for all woman who have not been able to produce a boy? I have two beautiful little girls and all I hear is, "Maybe next time you'll have a son."

I wish people would leave me alone. I am perfectly happy with girls. It would have been nice if I had had children of both sexes but it didn't happen that way and I see no reason for people to console me. When our second daughter was born my mother-in-law treated me as if I had let the whole family down. She even mentioned it to the doctor. He told her that the male is the one who determines the sex of the child, not the female, but she still behaved as if I were the one who had failed.

A word from you in support of the millions of women who have produced only girls would be very much appreciated. — Mother Of Daughters.

Dear Mothers: A woman who has produced only girls needs no consolation. But here's a verse that contains more truth than poetry:

A son is a son until he takes a wife.
A daughter is a daughter all of her life.

As a mother who had only one child, I can honestly say I'm glad it was a girl.

Dear Ann Landers: Do you have any hints for living with a man whose values have not changed since he was ten years old? Example: Last year he won a trip for two to Spain in a sales contest. When I mentioned buying new luggage he said, "What for? We'll borrow some." He has a $5,000 plane that costs us $10 a month to keep tied down. He hasn't flown in a year. He has two boats in the garage (one brand new and never used). There's a $400 motorcycle in our basement which he never rides. For Christmas he bought himself the most expensive electric train he could find.

For my birthday I received a card. I shook the envelope for five minutes thinking there must be something else in it there wasn't. Our sex life is blah. If anything is going to happen I have to start it. Any suggestions you have to give our marriage a shot of vitamin B-12 will be greatly appreciated. — Chico, Calif.

Dear Chico: A shot of vitamin B-12 won't do it honey. Your marriage needs a transfusion.

Accept the fact that you cannot change a selfish, immature kid into a considerate adult husband. Learn to live with him — if you want to live with him that is, without eating yourself up alive. The alternative is ulcers or migraines.

Dear Ann Landers: Do you have any advice for a high school junior who is going with a great girl who has a huge appetite? This chick is always hungry, and I am going broke feeding her. After school she has to have a snack on the way home. It's never one hamburger, it's two. On weekends, the eating is murder. Then if I go to her house after supper during the week she always asks me to bring a sundae or a malt. Last week I spent $10 on her stomach.

Telling her to watch her weight is out. She is as skinny as a flag pole. I don't know how she does it. Don't tell me to drop her. I can't. She's wonderful. Also there are plenty of guys who would be glad to take over and feed her. Please Ann — do you see a solution here? — Poor House Here I Come.

Dear Poor House: Be honest. Tell her you're crazy about her but her appetite exceeds your budget. Hey, maybe you can encourage her to cook at home? It's cheaper than eating out, especially if she supplies the ingredients.

Lunenburg W.I. holds annual Christmas Dinner Party

The Lunenburg Women's Institute held their annual Christmas Family Dinner Party on Tuesday evening, December 2, with a good crowd in attendance, ranging in age from four-months-old Jeffrey Stephenson, son of Mr. and Mrs. Curtis Stephenson, to ninety-four-year-old Hugh MacDonald, of Vancouver.

The Christian Education Hall was gaily decorated by Mrs. Iva Eamer and Mrs. Mitschke and the head table was centred by a huge Yule Log. Everyone enjoyed a Turkey dinner with all the trimmings. Rev. Bert Lorree said the grace before the meal. Mrs. Peter Durette, wife of the Anglican Church Minister at Long Sault, cut and served the yule Log, to be enjoyed by all present, along with many other goodies.

TV Turkey dinners were prepared for the sick and shut-ins at the close of the meal and were distributed by the members.

Mrs. Jean Thompson was in charge of the entertainment — including tap dancing by Sandy Thompson, Batton twirling by Jennifer Eamer and Christmas Carols by all, accompanied by Mrs. Neil Cleary at the piano.

A game called "Merry Christmas" was conducted by Mrs. Iva Eamer in which young and older members all took part. The evening proved to be a very happy event, with young and older members joining in the Yule-time Spirit.

Mrs. Dorothy Morgan, Author of a new book "Chalk Dust in My Blood", and also winner of the Bernice Noblitt Award for the best one-act play in Eastern Ontario, was guest speaker. She was accompanied by Mrs. Lola Lambert, both Institute members of long standing.

Mrs. Morgan spoke briefly about her book, which is now in many libraries and which can also be purchased.

She also addressed the young people and compared Christmas of yesteryear to that of present day. The talk was enjoyed by all.

Mrs. Eamer presented her with a gift and also expressed her thanks to Mrs. Lambert for her work with the 4-H Clubs. The Institute members of the area are very proud of these two Osnabruck ladies, for their contribution in promoting the work of the Women's Institute in the community.

A very pleasant evening was brought to a close with the singing of 'Silent Night' and 'We Wish You a Merry Christmas'. A short prayer was offered by Rev. Peter Durrette. Rev. John Donihee, of St. Andrew's, was absent due to a last-minute emergency.

Door prizes and several other prizes were given out during the course of the evening.

Members and guests enjoy Christmas party

The Morewood W.I. met in the United Church Hall on Wednesday evening, December 10th, for their Christmas Party. A goodly number including invited guests sat down to a Pot Luck Smorgasbord at 6:30 p.m. At the close of the supper, the president, Mrs. Hillis, Opened the meeting with the Ode and Mary Stewart Collect, then read a Christmas poem.

Following another poem "What Christmas Is" Mrs. Hillis called on the program committee, consisting of Mrs. H. Crump. Mrs. R. Nurse, and Mrs. S. Mattice. Mrs. Crump gave the history of various Christmas Carols and those carols were sung by the group.

Two readings were given by Mrs. S. Mattice called something "About Christmas" and "Light a Christmas Candle."

A contest for the ladies was to guess the number of pieces of money in a jar and for the men to guess the amount of money in the same jar.

Other contests held were a jumbled Christmas menu, familiar Christmas objects, and a Christmas quizz.

Several Christmas carols were sung, with Mrs. R. Nurse at the piano for the evening.

After a few announcements by the president the meeting closed with the singing of the Queen.

A Christmas Message

from Superintendent A. Campbell

The Christmas season is here. People are eager to partake in the many enjoyable festivities. Children are yearning for the night when their most fantastic dream may become a reality.

Everyone is picked up by the spirit of Christmas, including the police officer and his family: but for him, things are a little different, they have to be. The Christmas parties everyone has been looking forward to cause concern to the police officer. He dreads the thought of having to visit a family and say: . . . "Daddy won't be home this Christmas". If the officer is fortunate enough to be off duty on Christmas Day, he might reminisce about a family not as happy as his, due to a senseless accident which shouldn't have happened.

Christmas is a time of giving, a time of friendship and a time of happiness.

Christmas is also a time of family get-togethers and a time of parties.

Christmas is indeed a time worth living.

You can give this Christmas. Show the other motorists and pedestrians CARE and COURTESY with your driving. Give children consideration and care as they might have forgotten their safety rules. Give yourself and your family a chance; when leaving the party, make it NONE for the road.

May I take this opportunity to wish you and yours a safe and happy holiday season and a prosperous New Year.

SUPERINTENDENT A. CAMPBELL.

Ingleside W.I. holds Christmas meeting

A Christmas reading by Mrs. Ed Canough, carol singing and a pot luck supper preceded the December meeting of the Ingleside Women's Institute. Mrs. Gregor Williamson presided over the business.

The 4-H Girls Club project for the Spring of 1976 will be "A Touch of Stitchery" and the Senior Training School will be "More Ideas for Sewing Knits." These courses are open to the girls and women of Stormont County.

Ten subscriptions to the "Federated News", quarterly magazine of the Federated Women's Institutes of Canada, have been ordered by the Branch for 1976, and a membership for the Tweedsmuir History Curator authorized at the new yearly rate of five dollars for 1976.

Copies of the book "To Make a House a Home", by Jean Jeacle; "Chalk Dust in My Blood", by Dorothy Morgan and the booklet on the Three United Counties, by Olive Martin, will be added to the Tweedsmuir History Books.

Miss Mary Michels, Home Economist for the Ministry of Agriculture and Food, reminded the 4-H sponsoring Institutes that embroidery is the 'in thing' and asked members to think how nice the girls' own work would look on their garments — designs incorporating the seven basic stitches with some variations appliqued on their jeans and T-shirts for spring.

At the close of the meeting members packed Christmas Cheer boxes for shut-in members of the community.

Christmas in Mexico

The custom of breaking "La Pinata" is so old that neither the Mexicans nor the Spanish are very sure of its origin. It probably started from the custom of beating on pine branches to make the pinons fall. For this, people used a stick and children would rush around picking up the pinons (small nuts of the pine cones which are considered a delicacy). In Mexico the breaking of La Pinata is a very special event at Christmas. Over the centuries, treats of pinons were replaced by candies and other treats, also pine cones were replaced by a larger more suitable container. First a baked clay pot was used, but presented certain danger when falling . . . then in Mexico it gradually was replaced by a papier-mache burro . . . or other animal shapes, but the burro is the most popular.

Now Christmas would not be Christmas to Mexican children if they did not break their pinata. The custom is found all over Mexico. Although other practices have infiltrated the traditional Christmas manner of celebration. The custom is still found in some remote villages of Spain and Venezuela, which might very well point to the custom's origin. Gene Goddard's idea of showing the children of Chesterville a "different" Christmas was purely educational, she intends to use a different theme every year. — Staff Photo.
