Warning To Dog Owners

Owners of dogs within the Corporation of the Village of Winchester, are hereby notified that all dogs must be kept under control on and after May 1st. Owners must not allow their dogs to run at large after that date. The By-Law governing the keeping of Dogs within the municipality reads as follows:

"Any dog found running at large, being vicious or doing damage to person or property, **may be killed** by the Village Constable."

"Any violation of this by-law leaves the owner liable to a fine of not less than $1.00 and not more than $10.00 and costs."

Dog-Owners are also reminded that their dogs must be shut up from sunset to sunrise the following day, throughout the year, as a safeguard to sheep. Heavy penalties will be imposed for any infraction of this by-law.

Owners of dogs are further warned that every dog must wear a tag, which may be obtained at the Clerk's office upon payment of the necessary dog tax.

The Dog By-Law will be strictly enforced and dog-owners are asked to repsect it.

Winchester Adopts Daylight Sav'g Time

A lively debate took place at Monday's session of the Municipal Council when Daylight Saving Time came up for discussion. All members expressed their views on the subject and opinions were verbalized with special emphasis. The four councillors were equally divided on the question. Councillors Fader and Morgan sponsored a motion asking the council not to adopt Daylight Saving Time. They took the view that the farmers were opposed to the change in time and, that Winchester being dependent on the district farmers for trade, etc., should remain on Standard Time for their convenience. While not discounting this viewpoint, and taking into consideration that a memorandum had been presented to Council by the local Chamber of Commerce, pointing out that 43 business men had been interviewed regarding the adoption of Daylight Saving Time, 37 of whom were in favour and 6 who would not express an opinion one way or another; and due to the fact that every other incorporated village, as well as many police villages in some of the district townships had decided to adopt Daylight Saving Time, Councillors Workman and Robinson took the stand that Winchester could hardly be expected to remain on Standard Time. They, therefore, moved an amendment to the first motion, asking that Daylight Saving Time be adopted in Winchester from April 27th to September 28th, 1947. Reeve Turner signed the amendment and it carried. During his remarks, the Reeve said that he knew beforehand how the vote would go, as under the circumstances Winchester couldn't do anything except fall in line with all other municipalities that had adopted fast time.

A petition, signed by the ratepayers on Main Street West, asking that certain improvements be made to the street in that section of the village, to overcome the water and mud deposits on the sidewalks and along the highway, was presented to Council by Messrs. H. S. Carkner and E. J. Merkley. The Board assured them that some measure would be taken to improve the conditions referred to in the petition.

Mr. Dan Blair waited on the Council and requested that cinders be placed on the full width of the street leading to his Poultry Plant and Egg-Grading Station. He offered to truck the cinders from Cardinal at cost price, if Council provided a man to assist in loading the truck. The Board agreed and the Town Foreman was instructed to supervize the work on the street, also to notify Mr. Franklyne at the Supertest Service Station that as the street was going to be resurfaced the full width, it would be necessary for him to remove the earthen boulevard he had placed on the street right-of-way.

A building permit was granted to Mr. Alex Summers for making certain improvements to his house on Caleb Street.

A By-Law was passed giving The Bell Telephone permission to erect a pole on Victoria Street.

Mr. Stewart Anderson was given permission to run a private drain from his residence to the creek further south, along the street, providing he assumed the cost of digging and maintaining it.

It was decided to put a protective railing along the street where it crosses a deep ditch on Main Street West.

The clerk was instructed to have a notice inserted in the Press regarding the Dog By-Law, and one notifying local citizens that Daylight Saving Time was being adopted in Winchester on April 27th.

The truck tenders, which were held over from a previous meeting, were discussed, but no action was taken, pending further information regarding Government Subsidies on such vehicles. If the subsidies do not apply to trucks purchased by villages in the same manner as they do townships, Councillor Fader was of the opinion that if it was at all possible to get along with the present truck, the purchase of a new one should be held over for another year, due to the fact that so much money would be required for street and road work.

The meeting was presided over by Reeve Albert Turner, with all members of the Board present. The next meeting will be held on Monday, May 5th.

POST OFFICE PETITION TO BE PRESENTED TO GOVERNMENT DEPT. TO-DAY

The petition, which has been in circulation for the past few days, urging the Dept. of Public Works at Ottawa to consider the advisability of purchasing the present Post Office Building, or the erection of a new building to house the local Post office, will be presented to the Minister of Public Works this afternoon, when delegates from the Municipal Council, Reeve Albert Turner and Councillor C. R. Robinson, meet the Hon. Mr. A. Fournier, at Ottawa. Arrangements for the appointment were made by Mr. Frank Casselman, of Morrisburg, Liberal candidate in the last Federal election. Decision to ask the Government to purchase the building in which the Post Office is at present located, or to erect a new building if the sale of this property cannot be negotiated, was reached when it was learned that there was a prospective buyer for the Post Office Building, and that there was not another suitable site available at the present time for the Post Office. The memorandum points out to the Department that Post Office Services in Winchester will be in much greater demand in the near future when the Winchester District Memorial Hospital becomes established, and with the expansion of local industries and the opening up of some new ones which may locate here. The petition met with the hearty approval of all citizens who were contacted and there were few refusals to sign it.

Another Truck Stolen Early Tuesday Morning

Early Tuesday morning of this week, thieves broke into the garage at the rear of Hotel Winchester and stole Bessin's Egg Truck. Mr. Joe Emmerson, a boarder at the Hotel, who heard it leaving the driveway west of the building, said the theft occurred about 2 o'clock. Later Tuesday morning, Mr. Lawrence Annable, who resides north of the village, reported the theft of several cow-hides from his premises, and Mr. Ron. Freeland, local Supertest Dealer, informed police that the Supertest Warehouse, near the C. P. R. Tracks, was broken into and some gasoline stolen. The police theory is that the thieves took the truck to transport the stolen cow-hides to Ottawa, and broke into the Supertest premises to fill the truck-tank with gasoline. As soon as the theft of the cow-hides was discovered, Mr. Annable phoned a hide-dealer in Ottawa, who later informed him that two men, one quite young and the other middle-aged, had offered to sell him some hides, but that he had declined to buy them. He said they were driving a panel truck with "Bessin's" name on it. Ottawa police, as well as the provincial police, were given a description of the truck. It was found abandoned near Ottawa yesterday morning.

INKERMAN ROCKETS WIN SERIES WITH OTTAWA TECH.

Lloyd Laporte's Inkerman Rockets came through with three straight wins to eliminate Ottawa Tech., Junior B Champions, in their best of five series in the Junior B Hockey Semi-Finals. Inkerman won the first game at Ottawa on Tuesday night of last week by an 8-3 score. The second game was played on Friday night, and after one of the roughest and hardest fought hockey games of the season, the Rockets emerged victorious by a 5-3 count. Penalties, both minor and major, were meted out freely in this contest and both teams were short-handed for most of the third period. With the score tied at 2-2 going into the third period, the players on both teams were on edge as they fought to get the winning counter. Checking was close and hard, nerves became uncontrollable, tempers flared and several fights broke out. The Rockets proved to be equally as good at trading punches as they were at chasing the puck, but appeared to get more than their share of penalties when the smoke of battle cleared. However, they shaded the Ottawa Champs even though they had two in the penalty box and scored three goals to put the game on ice. The Tech. team managed to count once before the hectic period ended and the final score was 5-3 for Inkerman.

THE FINAL GAME

The third game of the Inkerman-Ottawa Tech. series was played on Saturday evening, with the Rockets scoring their third successive victory in as many games. The score was 11-9 for Inkerman. This contest, while not as hectic as the game on Friday night, was rough in spots and several minor and major penalties

Fine Address Heard At 100 Club Meeting

Mr. Charles H. Everetts, Manager of Rolla Crain Limited, Ottawa, was the guest speaker at the April Luncheon-Meeting, of the local 100 Club, held at Hotel Winchester last Friday evening. He was introduced by Centurian John Delavignette, who referred to him as a man who travelled a great deal, and one who had spent many years in foreign countries, as well as all countries in the British Commonwealth. At present he was residing in Ottawa, where he takes an active part in the work of several organizations. He is a director of the Y. M. C. A., Board of Trade, Carnegie Library, and 1st Vice President of the Kiwanis Club.

Mr. Everetts gave a very interesting and educational address on Newfoundland, the oldest colony in the British Empire. The island, which lies just off Canada's eastern coast line, contains 43,000 square miles of territory. Newfoundland was discovered 5 years after Columbus discovered America, and since 1497 has been a rendezvous for those who go down to the sea in ships, said the speaker. Its capital, St. Johns, is the oldest city in North America and the oldest Capital outside of the British Isles. The island has 6000 miles of coast line and one-fifth of its surface is covered by water. It has a population of 285,000, of which 98% are native born. The inhabitants are descendants of Ireland, England, the Channel Islands and South Wales. The Newfoundlanders are a fearless race, intensely independent, loyal and very hospitable. They are keenly religious, with 265,000 of their population being church members. The Educational System of Newfoundland is organized along democratic lines, with all schools and colleges being maintained by the churches and through Government Grants.

The climate of the country has been referred to as cold, bleak and barren. It is all that and more, said Mr. Everetts, who recalled a 30-inch snow fall in 24 hours in June, while he was residing there.

Commercial fishing, paper manufacturing and mining are the island's chief industries. It has two of the largest paper mills in the world, one turning out 600 tons of newsprint daily. It has a great mining future for copper, iron, zinc and coal, but is dependent on Canada for its agricultural requirements.

Newfoundland is an important Cable-Relay Station, and became of great strategic importance during the war. A small fortune was invested in the country in air fields and naval bases during the war years. Gander airport is the stopping place for all overseas flights, and is destined to become one of the cosmopolitan places in the world, where all nations will meet and pass.

Newfoundland faces all the perplexities of a war-torn world but she will come through, concluded the speaker.

At the close of his address, Mr. Everetts was thanked on behalf of the Club by Centurian W. F. Workman.

The meeting was presided over by the president, Cnturian O. V. Stevenson, with Centurian Chester Robinson as secretary. The sing-song was led by Centurian Chester Timmins, with Centurian Earl Freeland at the piano.

Winners of a prize boost, put on by Centurian Fred Cass on behalf of the Legal Firm of Cass & Cass, were Centurians Ross McConnell and Dr. Homer Meredith. Centurian Nelson Dixon of the Boost Committee, assisted.

Discussion took place regarding the advisability of allowing the Par-Mutuels to operate here in connection with the Horse Races on July 12th. The idea did not meet with popular favour of the majority of Club members and it was decided not to allow the "bookies" to operate. Some members of the Club, who are also members of L.O.L. No. 862, informed the meeting that the L.O.L. did not wish to interfere with the 100 Club Race Committee and left the matter with them to decide.

The following committees were appointed for the 12th of July Celebration:

Street Dance, Centurian W. C. MacDonald, chairman, and members of the Entertainment Committee.

Games, Centurians J. K. Ault, Ed. Boyd and Ross McConnell.

Gates and Tickets, Centurians C. R. Robinson, Walter Moffat, David Melvin and George McConnell.

Grand Stand, Centurians David Melvin, Max Boyd, Gerald Helmer and Joseph Barrigar.

Concessions, Members of the Club Executive.

Centurian Hart Melvin, chairman of the Park Committee, was instructed to have the work on the Grand Stand completed before July 12th.

Centurian W. J. Stewart reoprted for the Child Welfare Committee.

Centurian Gordon Rice, a member of the Boy Scouts Citizens' Committee, asked the Club if it would be willing to sponsor the Boy Scout and Cub Movement in Winchester, if such a request was made by the present committee, following the annual meeting next month. This would mean that the 100 Club would have to appoint a Scout Committee from within its ranks and would be responsible for financing the work. After some discussion, the Club decided to accept this responsibility if they were asked to. The training the boys receive in the Scouts and Cubs is deserving of all the support a service club can give, was the opinion of all Centurians who took part in the discussion, and the decision to adopt these youth movements, if necessary, was unanimous.

Letters to the Editor

Editor, Winchester Press:

Mr. Editor:—Either your reporter at the last Council meeting was misinformed, or else the present village council is trying to "pass the buck," if we are to believe the report in last week's Press with respect to my supposed agreement with the Richardson Company.

We all know that our village is anxious to have new industries locate here, and that our last year's council, which except for yourself, Mr. Editor, and the Reeve, is the same council which is sitting in 1947, was willing to make every possible concession to get industries to set up in our village. It is true that I agreed, if they located here, the Richardson Co. should have every assistance our council could give them. It is also true, which is well-known to you and to our present council that neither myself, nor the 1946 council, could, without passing the necessary by-law, agree to give the Richardson Co., or anyone else, such terms as you report, nor bind the succeeding council.

I would like the electors to know that I did promise the Richardson Co. ever possible assistance, but I did not make a promise of any definite concession. I wholeheartedly agree with the action the council has taken in giving the Richardson Co. ten years exemption from taxes, but I do feel that the 1947 council should not have placed the full responsibility for their decision on me.

Yours truly,
W. C. MacDONALD

* * * *

Ed. Note—The Press report, regarding the subject you write about, was correct. The information, regarding an agreement, whereby the Richardson Company was to be exempt from taxes, except those levied for local improvements and school purposes, for 10 years, was contained in a letter which, according to the text, was authorized by you and forwarded to the Richardson Co. by the Municipal Clerk. The letter was brought to the Council meeting and is on file at the Clerk's office. It is not the original, but a copy of same. Our clerk says he didn't write it or doesn't recall being authorized by you to send that letter, so in order to determine who wrote it, we have asked the Richardson Co., through their local manager, Mr. Clarke, to obtain the original letter for Council's inspection. None of the members of this year's Council, who sat on last year's Board, can recall of any agreement being made, and there is no motion on the books, nor was there any by-law passed, which would enlighten either the Reeve or myself, who are new members of the 1947 Council. What the present Council is trying to find out is—what concessions were offered the Richardson Co. (verbal or otherwise) if they would locate their plant here. In order to assess the property this knowledge must be obtained. If an agreement was made, this Council is prepared to honour it and will see that the necessary action be taken to make it legal. In your letter you state that you "wholeheartedly agree with the action the council has taken in giving the Richardson Co. ten years' exemption from taxes." The Press report didn't state that this council took that action. It stated that, according to the agreement, those were the terms. There has been nothing said or anything done to indicate that this council is "trying to pass the buck." As Reeve of Winchester last year, you are to be commended for offering every encouragement to have the Richardson plant erected here. The unfortunate part of the whole matter, as far as the writer is concerned, is that no member of last year's council, including yourself, knows anything about what arrangements were made with this new industry regarding the tax exemptions which the owners claim were promised to them. The letter they presented to council indicates that they are to be given ten years' tax exemption, but who authorized that letter to be sent and who wrote it? We'll just have to wait until the original communication is presented to council and that should clear up the whole matter. Until then, we're all in a fog. To say the least, whatever agreement was made, the proper municipal procedure was not followed, but we're not in a position to say who erred.—Editor.

TRUCK STOLEN FROM LOCAL BAKERY FOUND ABANDONED NEAR OTTAWA

The bread truck stolen from the Crown Baker garage, here, about 3 o'clock last Friday morning, was found by Ottawa police abandoned near Billings Bridge, Ottawa, about 5 o'clock on Friday evening. Mr. Albert Voisine, owner of the vehicle, and Constable Gilbert Raistrick went to Ottawa and, after proper identification was made, were allowed to bring the truck back to Wnichester. The sign on the truck, "Crown Bakery," had been changed to read "C. R. Baker" and another name, "W. Rice" was placed beneath it. Evidently the vehicle had been stolen for the purpose of conveying some "hot" goods to Ottawa, where they were no doubt sold. At first, it was believed that the thieves had loaded the truck with meat, but from an examination of the truck after it was returned to Winchester, police are convinced that the truck had been used to transport stolen cow-hides to the city. This theory is substantiated due to the fact that on the same morning that the truck was stolen, nearly 100 cow-hides, owned by Mr. Louis Weiner, local dealer, were also stolen from Blair's Poultry Plant, where they were being stored. The value of these hides is estimated at about $300.00.

The theft of the truck was not discovered until 5 o'clock on Friday morning. It was immediately reported to Constable Gilbert Raistrick, who notified the Provincial Police of Ottawa and other district centres to be on the look-out for the vehicle, of which he gave a detailed description.

Mr. Robert Barkley, night watchman at Melvin Motors, saw the truck go past the garage at about 3 a.m., but was not aware that it had been stolen. He said the back doors of the panel body were open and the truck appeared to be loaded when he saw it.

The thieves, probably anticipating pursuit if they were discovered before they could make their get-away, entered the garages of Mr. Voisine, who lives across the street from the Bakery, and Mr. Andrew Fawcett, who also lives close by, and ripped the wiring from their cars, so they could not be started.

Police are continuing their investigation and are anxious to apprehend the parties responsible for these thefts.

Within the past few weeks there has been several acts of petty thieving in this district. A couple of heifers were stolen from a barn at Maple Ridge, an attempt was made to steal Mr. Hugh McMaster's car, 50 gallons of Maple Syrup have been stolen from the farm of Stanley Sullivan, near Ormnod, and 10 gallons from Mr. Henry Cinnamon, whose farm is located north of Winchester. Any information that would lead to the arrest of the guilty parties in these unlawful acts, should be given to the police without delay.

THREE PLAYERS FROM THE INKERMAN ROCKETS MAY GO TO ENGLAND WITH ALL-STAR HOCKEY TEAM

Lowell Craig, Jean Paul Lafortune and Harry Bennett, all regular players with this year's Inkerman Rockets, have been selected as members of an All-Star Hockey Team, which is being organized to play a series of exhibition games at the Wembly Stadium in London, England, during the month of May. If the boys accept the invitation they will be flown to England some time within the next two weeks. Lowell Craig, who has been attending the New York Ranger Training School at Winnipeg, will arrive home this week, and the boys will get together and make their decision then.

FEED NEWS

DELIVERY SERVICE

Due to short supply of Western grain and other feeds, it has been impossible to keep up our regular delivery service. We regret this and hope that conditions will soon be such that we can deliver loads again. A fair quantity of feed has been coming through and we have tried to distribute it as well as we could. With the present demand it is quite a problem.

We appreciate the co-operation of our customers in making the best of the situation and assure them that we will bring in every pound of feed available and give the best service possible.

TIMOTHY AND CLOVER SEEDS HERE

We have a full line of Timothy and Clover Seeds in stock now. As quantities of some of the Clovers are limited it would seem a good idea to buy early.

Will those who have orders here for Clover Seed kindly pick them up soon.

SEEDS CASH

Please arrange to pay cash for all seeds this year. They are too high in price to sell on credit. If credit is needed, the bank will arrange a short loan without any trouble. Many are finding that it is more satisfactory to pay cash and, if necessary, finance their business through the bank.

AN ODD MANIA, BUT...

Breaking windows is an odd and expensive mania that most sane people manage to control. Breaking insulators on Hydro poles, or shattering street lights, is an even more costly pastime that an astonishing number of boys and men fail to curb.

An insulator or street light sits up so invitingly . . . and, to the uninformed seems such a small and insignificant piece of equipment that it presents a tempting target. Few people would break insulators or street lights if they understood the damage that can result.

A broken insulator can cause a short circuit and cut the service on a line. The homes, the factory, the hospital or the stores depending on that line are cut off from power until the insulator can be replaced. Housewives are inconvenienced. Factories can be stopped with possible pay losses to the workers. Human lives can be endangered, especially in a hospital.

Broken street lights imperil both foot and vehicle traffic, and create an invitation to crime.

To repair damaged insulators and replace broken street lights requires men, trucks and possibly miles of travel. It all adds up to a big price for a target . . . and Hydro consumers pay that price.

Please use your influence at every opportunity to prevent the deliberate or careless destruction of public property.

EASTERN ONTARIO CHAMBERS OF COMMERCE URGE CLOSER CO-OPERATION BETWEEN RURAL AND URBAN CENTRES

Main items on the agenda of the Eastern Ontario Boards of Trade meeting, held in the Town Hall here last Wednesday afternoon, were resolutions aimed at the improvement of roads in Eastern Ontario, plans for closer co-operation between town and country and the appointment of committees to act on such resolutions.

In spite of bad driving conditions, 12 boards were represented at the meeting, with Donald A. MacDonald, of Alexandria, presiding, and W. J. Cairns, of Ottawa, acting as secretary.

A resolution asking for a better road building program was presented by A. D. Hodgson, of Ottawa, who asked that the Ontario board approach the Provincial Minister of Highways respecting more provincial roads in this end of the province.

After some discussion on the subject, the president drew attention to the fact that the board must have one proposition to put before the government, and suggested that a committee be formed to investigate road conditions. The committee chosen included Mr. Hodgson of Ottawa, as president, and committee members W. J. Fraser, Renfrew; William Legault, Moose Creek; Ray Dillabough, Chesterville, and a member from Smiths Falls.

Named the Good Roads Committee, they are to report at the next meeting of the board.

Object To Fast Time

Objections to the change to Daylight Saving Time were presented by Barton Derby, of Mountain Township, and Ewart Carkner, of Winchester, acting as spokesmen for a committee of farmers. They stated that many hours of work were lost by the farmers as work in the fields could not be started early in the morning. Many other speakers were sympathetic with the viewpoint of the delegation, saying that towns and cities must help agriculture in order to avert a possible food shortage in Canada. The secretary was instructed to send letters to all Boards of Trade suggesting that each board should make an effort to straighten out the problem with the farmers of their districts.

After discussion, a reforestation committee composed of Walter C. MacDonald, Winchester, Laurie Heteman, Smiths Falls, and a member yet to be named from Ottawa, was elected.

Other business discussed included the Franklin D. Roosevelt Memorial, to be erected on the Canadian-U. S. boundary at Ivy Lea, in commemoration of 100 years of peace between the two countries.

Maps advertising Eastern Ontario will soon be available, each board to receive 25 copies, the balance to be distributed to the tourist agencies throughout the United States and Canada.

Stressing that Boards of Trade must create a better spirit of co-operation Al. Conacher, of Hamilton, secretary-treasurer of the Associated Ontario Boards of Trade, said that farmers bringing in their problems was a significant step in the right direction.

A new legal service to translate into plain English the new legislation passed by the Government has been inaugurated by the Ontario board.

The next meeting is to be held in Ottawa, on May 26, at three p.m. It was also announced that the annual convention of the Ontario Associated Boards will be held there on Nov. 24 and 25.

More than 125 members, the guests of the Winchester Chamber of Commerce, had dinner at Hotel Winchester in the evening, with Arnold E. Dukelow presiding. Guest speaker was C. A. Pollock, of Kitchener, president of the Ontario Boards of Trade, who spoke on the objectives of all Boards of Trade, stating that their purpose was to serve the citizens of the municipalities, provinces and the Dominion; to co-operate closely with the elected representatives of the people; to further the interests of public welfare, and to make Canada's political democracy work.

The speaker was thanked by Lorne Reddick, of Kemptville.

JOHN S. SAMMONS TO LECTURE ON CHRISTIAN SCIENCE

Sunday, April 27th, at the Elgin Theatre, Ottawa, John S. Sammons will lecture on "Christian Science: a Religion of Works." Mr. Sammons is from Chicago, Illinois, but is a native of Canada. When a child, his family moved from London, Ontario, later locating in Rockford, Illinois, where he attended the public schools, supplementing this education with private instruction.

Mr. Sammons began his study of Christian Science in 1911 and immediately experienced the healing power of its message. In 1917 he became a member of The Mother Church, the same year receiving class instruction from an authorized teacher of Christian Science. Shortly thereafter he entered the United States Army, serving fourteen months in the Air Service.

In 1931 he resigned as Vice President and General Manager of an engineering manufacturing business to devote his time exclusively to the public practice of Christian Science. In 1942 he accepted an appointment as a Christian Science Wartime Minister, serving in that capacity in Wyoming and California for two years.

Mr. Sammons is a member of First Church of Christ, Scientist, Highland Park, Illinois, where he has served as First Reader, chairman of the Board of Directors, and various other capacities.

NOTICES

CARD OF THANKS—I wish to express my sincere thanks to my friends, and the organizations, who were all so kind to me, in various ways, during my stay in the hospital, and since returning home. These kindnesses are all deeply appreciated.—(Mrs. C. R.) Delia Robinson. 49p

CARD OF THANKS—We wish to thank our kind neighbours and friends for their many acts of love and sympathy during our recent loss of husband and father, and also to extend grateful thanks for the beautiful floral tributes to our loved one. Special thanks to Dr. J. C. Byers, Rev. A. H. Jones, Rev. Younger-Lewis, Mr. Robt. Carkner and the Dixon Funeral Service.—Mrs. R. A. Campbell and Evelyn. 49c

IN MEMORIAM—In loving memory of Lewis Hitsman, who passed away seven years ago, April 27th, 1940.
The face I loved is now laid low,
His loving voice is still,
The hand, so often clasped in mine,
Lies now in Death's cold chill.
I often sit and think of him
When I am all alone,
For memory is the only thing
That grief can call its own.
—His loving wife, Mrs. Lewis Hitsman, and family. 49p

IN MEMORIAM—In loving memory of a dear son, Donald B. Monteith, who passed away April 30th, 1931.
Sweet memories will linger forever,
Time cannot change them, it's true;
Years that may come cannot sever
Our loving memory of you.
—Father, Mother and Brothers.

IN MEMORIAM—In loving memory of Mrs. Geo. E. Sully, who left us April 23rd, 1933.
How oft we miss the welcome footsteps
Of the one we loved so dear,
Oft we listen for her coming,
Fully sure that she is near.
She is gone, but not forgotten,
Fresh our love will ever be,
For as long as there is memory
We will always think of thee.
—Lovingly remembered by her daughters, and son, Wilton Sully, of Long Beach, Calif. 49p

IN MEMORIAM—In loving memory of our dear Grandfather, Robert Dexter Cheney, who passed away on April 25th, 1943.
Gone dear Grandfather, gone forever,
How we miss your smiling face,
But you left us to remember
None on earth can take your place.
A happy home we once enjoyed,
How sweet the memory still,
But Death has left a loneliness
The world can never fill.
—Grandchildren, Robert, Aileen and Donnie. 49c

IN MEMORIAM—In loving memory of Mrs. James Froats, who passed away April 15th, 1927.
Gone and forgotten by some you may be,
Dear in our memory you'll always be,
Thy purpose, Lord, we cannot see,
But all is well that's done by Thee.
—Daughter Annice. 49p

IN MEMORIAM—In loving memory of our dear son, Bert, who passed away April 21st, 1937.
A beautiful memory of a loved one so dear,
We cherish with love sincere
A day that comes with sad regret,
A day we never will forget.
We miss his love, his cheery ways,
With him we spent many happy days.
As long as we live we'll cherish his name,
In memory we'll see him just the same.
Still in our hearts he is living yet,
We loved him too dearly to ever forget.
—Sadly missed by his parents, Mr. and Mrs. Geo. Hummel; brothers, Myles, Earle and Lee; sisters, Lola, Cassie and Lera. 49p

Oldsmobile Series "66" (or "68") 4-Door Sedan

The 1947 Oldsmobile is *smart* in more ways than one. Smart styling . . . certainly. But it's a *smart investment*, too. An investment in the dependability and quality for which the Oldsmobile name is famous. An investment in the riding comfort of Quadri-Coil Springing and 4-Way Stabilization. An investment in the matchless driving ease of GM Hydra-Matic Drive*—the only drive that shifts gears automatically and eliminates the clutch pedal entirely. Choose the low-priced Oldsmobile "60" (either a six or an eight)—or the popular-priced "70" (also with a choice of engines)—or the luxurious "98" Custom Cruiser. Whichever it is . . . you'll be making a *smart* choice!

The demand for new cars is still so great that it may be some time before you take the wheel of your new Oldsmobile. Make sure your present car keeps rolling. The better its condition, the safer you are . . . and the higher its potential trade-in value.

He was twice married, his first wife, the former Jane McLean, of Ormond, predeceasing him fifty years ago. He is survived by his second wife, the former Elizabeth Stewart, and three children, also two brothers, William Brunton, of Kenmore, and John Brunton, of Edmonton, Alta., and one sister, Mrs. Samuel Stevenson, of Toronto. LEVERE—McINTOSH

A very pretty spring wedding was solemnized at 2 p.m. on Saturday, April 19th, at the Williamsburg United Church Manse, when Muriel Ruth, elder daughter of Mr. and Mrs. Grant McIntosh, became the bride of Lyall Shaver Levere, son of Mrs. Bella Levere and the late Mr. Archie Levere, of Mountain. Rev. Gerald Fee officiated.

The young bride was prettily attired in a medium blue crepe dress with long peplum in front and gathered in small pleats at the shoulder. She wore a light blue flowered hat, black accessories and a corsage of Bettertime Roses.

Mrs. George McIntosh was her sister's attendant, wearing a becoming gown of deep rose, a corsage of Talisman Roses and matching accessories.

The groom was assisted by his brother, Mr. Cecil Levere.

Following the ceremony, a reception was held at the home of the bride's parents. A buffet luncheon was served to about 25 guests.

Later, the young couple left by motor for Toronto and other Western points. For travelling, the bride chose a pale blue dressmaker suit with black accessories. On their return they will reside on the groom's farm at Vancamp.

OBITUARY

LATE R. A. CAMPBELL

Osgoode Township lost one of its most highly esteemed residents on Tuesday morning, April 15th, in the passing of the late Robert Alpin Campbell, which occurred at his home, Vernon, after a lengthy illness.

Deceased was in his seventy-fifth year. He was born at Dalmeny, a son of the late Daniel Campbell and his wife, Barbara Anne Campbell. Thirty-seven years ago he moved to Vernon.

He leaves to mourn his passing, his wife, the former Bessie McConnell, and one daughter, Evelyn Jean Campbell; and the following sisters, Mrs. D. A. McDiarmid, Osgoode; Mrs. Lindsay Allen, Vernon; Mrs. Dan Allen, Kemptville; Mrs. Thompson Eastman and Mrs. J. C. Watkins, of Vancouver, B. C.

The funeral, which was largely attended, was held from his late residence on Thursday afternoon to the Osgoode Baptist Church, with Rev. H. A. Jones, pastor, officiating, assisted by Rev. Younger-Lewis, Presbyterian minister, of Vernon. Mrs. Harrison McDiarmid presided at the piano. The hymns sung were: "Oh Safe to the Rock," and "Nearer My God to Thee." The choir rendered the anthem: "Will The Circle Be Unbroken," by request.

Following the service, interment was made at Spring Hill Cemetery. The pall-bearers were: Messrs. Geo. Campbell, Merrill Allen, Lindsay Allen, Donald McDiarmid, Maynard McDiarmid and Oren Stanley.

Robert Campbell was a deacon of the Osgoode Baptist Church for thirty years. He was assistant and later Superintendent of the Sunday School for forty years. He was Secretary-Treasurer of the church and of the Spring Hill Cemetery Board for a number of years.

Though of a quiet and retiring disposition, his devoted life to the church and community should be an inspiration to all. Through all his sickness he never murmured nor complained.

The beautiful floral tributes bore testimony to the high esteem in which the deceased was held in the community. They consisted of a Pillow, Wreaths and Sprays, from the following—The family, The Baptist Church, The Baptist Choir, The Winchester High School, The Cemetery Board, Mr. and Mrs. J. C. Watkins and family, Mr. and Mrs. Lindsay Allen Irma and Vera; Mrs. Dan Allen and family, Mrs. D. A. McDiarmid, Mr. and Mrs. Donald McDiarmid and Mr. Charlie McDiarmid; Mr. James McConnell, Mr. and Mrs. Frank Stanley and Mr. and Mrs. Garfield McVey; Mr. and Mrs. Joe McNee and Mr. and Mrs. Edwin Baird; Mr. Gordon Kennedy; Miss McNaughton and Mrs. Tullis; Mr. and Mrs. Ronald Carkner, Mr. and Mrs. D. R. McDonald, Mrs. Stuart McConnell.

OXFORD STATION MAN LOSES HORSE IN CREEK

While on his mail route on Monday of last week, Mr. R. J. McGovern, of Oxford Station, lost a valuable horse when a log bridge over which they were crossing gave way and both were thrown into the icy water of the creek. Mr. McGovern held the horse's head above water for some time but the cold was too much fo the horse and it died as its owner held it.

Mr. Andy McGovern had seen the man and horse in the water and went to get a team to pull the horse out but was too late.

This is the second horse that Mr. McGovern has lost this year, as another horse had died while on the route earlier.

HULBERT W. M. S.

The monthly meeting of the Hulbert W. M. S. was held at the church on April 4th at 8 p.m. The meeting was in charge of the president, Mrs. Donald Sullivan, and opened with soft music. A poem was read by Mrs. Sullivan and the Scripture read by Mrs. C. Mellan. Readings were given by Mrs. Mellan, Mrs. Sullivan, Shirley Thorpe, Beverly Montgomery; an instrumental solo by Miss Donnie Morrison; a recitation by Margaret Sullivan; and singing by a number of children, all of which were greatly enjoyed.

Mrs. W. E. Wright, of Chesterville, was the guest speaker for the evening, and gave a splendid address. The meeting closed with prayer by Rev. W. E. Wright.

Knox W. M. S., Winchester Springs, met at the home of the President, Mrs. I. P. McIntosh, on Thursday afternoon, April 3rd. An excellent Easter program was carried out from the theme: "The Risen Lord." The devotional service followed the responsive Scripture reading, taken from Matthew 28:1-10, and closed with prayer by Mrs. E. Munro. Gleanings from the Glad Tidings were read by Mrs. Earl Johnston. GOVT. SUBSIDY PAID ON TOWNSHIP ROAD MACHINERY

According to information learned this week, the Government pays subsidies, equal to 50% of the cost, on trucks, snow-plows, etc., purchased by Township Councils. That being the case, the new truck and plow purchased by the Township of Mountain recently, at a cost of about $10,000, will actually only create an expenditure of $5000 in as far as the ratepayers are concerned.
