WALK

And They Did For Nearly $9,000.

To make the road of life a little smoother for area children, denied the gift of strong, sturdy limbs, they walked — over 300 strong — tiny girls and boys along with mature men and women — for 25 gruelling miles, and earned over $7,000.00 for a very worthwhile cause, "Crippled Children."

Sponsored by the newly-formed Lions Club of Winchester the long procession left the 100 Club Park at 8.00 a.m. The weather was cool and overcast as Reeve George Elliott took the lead heading west on Highway 31. (Unfortunately the Reeve like former Prime Minister Pearson, had another very important commitment and was unable to complete the walk).

The Reeve was not alone in the front line. Crippled Children's Committee Chairman Harold Cowan of Metcalfe and District Lions Club, accompanied by little Cathy McGuire, who wears an artificial hand thanks to the kindness of Lions, gave added incentive to the willing walkers.

Lions Club members were pleased to note that those taking part were from all surrounding districts, and although predominantly teenagers, there were many of primary school age, as well as teachers and parents.

Monday morning reports from district schools show very few (only two from W. P. S.) absentees and all teachers are back at their posts.

President Gerry Flucke and club members voiced extreme pleasure at the co-operation received from all village organizations including the village council and several business houses.

Although the organizers had emphasized that this was not a race, nevertheless youthful exuberance combined with limitless energy brought five high school students over the finish line far in the lead. The honour of being first finisher went to Biran Brownlee of Chesterville who arrived at 1:35. Brian was closely followed by Norman McLeod of Winchester, at 1:36; Frank Brewer, at 1:40; Rae Armstrong at 1:41 and Hugh McLaren at 1:42.

Noteworthy was the efficient planning of this activity with no small detail overlooked. All check-points were well manned by Lions members, radio cars actively participated and O.P.P. officers constantly patrolled the entire route. Many farmers along the way had fresh water and cups on the "milk stand", and one group of women, unknown to Lions organizers, had set up a post along the way and were giving the weary marchers sandwiches, cake, cookies and drinks.

Walkie-talkies were in evidence at strategic points, schools had offered the use of their facilities, and as the weary feet plodded through neighbouring villages residents came out to cheer them on their way.

The first major project of the Lions Club of Winchester was carried through to a very successful conclusion. With such encouragement this new club should prove a valuable asset to the community.

Picture

Part of the long line of marchers are shown heading west on Highway 31 as they begin their 25-mile trek that will eventually bring them back to the village. Over 300 left the starting point and over 80% finished the gruelling march, sponsored by the Lions Club of Winchester to raise money for Crippled Children. The result, according to Lions officials, was in a word "SUCCESS."—Press Staff Photo.

New B of M Branch Coming To Winchester

It is official now! Winchester Chamber of Commerce was notified this week that the Bank of Montreal intends to open up a full-time branch in Winchester some time this summer. In a telegram to Chamber Secretary Walter Shadbolt from J. B. Leslie, Vice President, Eastern Ontario Region, the Bank of Montreal said: "We are pleased to confirm Bank of Montreal will open full time branch in Winchester in near future."

Although the B of M has not issued a formal release concerning the new Winchester location, there is much speculation that the branch will locate in the renovated Hotel Winchester. However, this is still presumption, although a sign erected in front of the hotel building this week said that a new branch of the Bank of Montreal would be located in that building.

The Chamber of Commerce feeling that the town and district could use expanded banking facilities, has been working with the Bank of Montreal fieldmen and others on the actual location in Winchester over the past year. And although there was much confidence of the Bank locating here it was not until this week that any official communique had been received by Chamber officials.

It is understood that a lease has not yet been signed between the B of M and hotel owner Hyman Bessin. The hotel is being renovated to accommodate office space, large and small, as well as several apartments.

Announcement that the bank would definitely locate in Winchester is the third major business development in the town this year. Previously Mr. Bessin revealed his plans for the hotel business - professional - apartment complex. This was followed with the announcement that D. L. Berry and Sons would build a huge, new corn plant. Now the bank! And it is understood that more business and commercial announcements for locations in and around Winchester are imminent.

Although the B of M has not said so, it is thought that the new full time branch will have between 10 and 15 staff members. It is also known that the bank would like to start actual operations in early summer. Official Bank of Montreal announcement will be published in this newspaper.

ELECTION NEWS

Major political developments on the week-end may have paved the way for Mrs. Jean Wadds, present member of parliament for Grenville-Dundas, to gain the Tory nomination in the new Grenville-Carleton riding unopposed. Richard Bell, M.P. for Carleton, announced last Friday after serious study of the redistribution of Ottawa area ridings and after listening to advice from many supporters, that he would seek the Conservative nomination in Ottawa West. A major part of the old Carleton riding is now located in Ottawa West.

Mrs. Wadds, who has been stomping the Grenville-Carleton area for the past year for support, will probably get the nomination at South Carleton High School, Richmond, on May 13. Tories in the district were more than a little disturbed that two members of the calibre of Bell and Wadds would square off in the same riding. Mr. Bell's decision has eliminated this possibility and by his action has afforded his party a better opportunity to win in both ridings.

However, both candidates have a fight on their hands. Bell admits that he will have to wage an uphill battle against Liberal Lloyd Francis. Mr. Bell has won two of the three confrontations with Mr. Francis by narrow margins. At the same time Mrs. Wadds will probably get strong opposition from the Liberals, and her campaigning will have to follow a rigorous course if she plans to succeed, authoritative Conservatives say.

Tory nomination in Ottawa West is May 9th and the Hon. Robert Stanfield, PC leader will speak in Dick Bell's behalf.

Grenville-Carleton incorporates all of Grenville and the townships of Matilda and Mountain as well as Iroquois in Dundas. Remaining part of Dundas is tied in with the new Stormont riding.

Liberals Ready For Battle

The Grenville-Carleton Liberal Association will hold a nominating convention to elect a candidate to contest the forthcoming Federal Election.

The convention will be held in South Carleton High School auditorium in Richmond on Thursday, May 16th, at 8 p.m.

All members of the Association in good standing as of 8 p.m. May 16th, and living within the riding, as well as the members of the executive, will be eligible to vote.

Gordon Blair, past president of the Liberal Party in Ontario, has announced his intention to seek the nomination. Mr. Blair is a prominent Ottawa lawyer Rhodes Scholar.

It is expected that others will contest the nomination and names being discussed include those of John Turner who ran third in the recent Liberal leadership contest, Pauline Jewett, former MP for Northumberland. A member of one of the Municipal Councils in the riding and two former Provincial candidates have also expressed interest.

The race in Grenville-Carleton should be a cliff hanger based on the 1965 results in polls which make up the new re-distributed riding. A four per cent. swing to a Liberal candidate could win the riding.

AT METCALFE

Enthusiastic Dinner Kicks Off Fair Year

"Indifference and complacency are the greatest enemies Canadian people have," said Arthur Duncan, Public Relations Officer of Bata Shoe Company, in his address to the Annual Banquet of the Metcalfe Agricultural Society.

The banquet, at the Metcalfe Community Centre, attracted the usual large crowd with well over 300 in attendance. Mr. Duncan was introduced by Past President Stan Hicks and thanked by First Vice President Gordon Boland.

Mr. Duncan, who combined a keen sense of humour with a contrasting look at the "hurry up" world of to-day reminded the agricultural men and their friends of the many gifts that are too often taken for granted, and suggested more expression of gratitude for the opportunity to live in a land where men "can enjoy honest labour, quiet sleep, and attend the church of his choice."

One member of the Metcalfe Agricultural Society, Robin Campbell, was the recipient of a "Service Diploma," and in making the presentation Eldon Craig, long-time Fair Secretary praised Mr. Campbell for his many years of faithful service to the organization. Mr. Campbell, who has been a member of the Metcalfe Agricultural Society for 40 years, is well known throughout Ontario as an outstanding breeder of Ayrshire cattle, and Campbell sheep are known throughout the province.

Alex Campbell, Second Vice President, introduced the head table which included Carleton County Warden G. Wilson, Os-

400 Attend Milk Marketing Board Banquet

Dundas County Milk Producers staged their Annual Dinner and Dance at North Dunas District High School auditorium last Wednesday night, with over 400 in attendance.

The dinner, in the form of a smorgasbord, was served by the ladies of Winchester Presbyterian Church. Association President Keith Holmes welcomed the visitors and introduced the special guest of the evening, Miss Valerie Adams, Dundas Dairy Princess.

Many valuable prizes were made available through the co-operation of Borden's, Nestles, Scharfe's Cheese Factory, Miller's Cheese Factory, Kraft Food and Ault Milk Products.

Following a brief program, the large crowd spent the balance of the evening dancing to the music of Russ Hay and his band.

Left to right: Warren Rathwell, Agricultural Committee of South Ottawa Kiwanis Club; Mrs. Jean Wadds, M.P.; Scott Argue, President, Metcalfe Agricultural Society, and Stan Hicks, Past President of the Society. The four were discussing the problems facing the farmer in to-day's modern society. The occasion was the Annual Banquet of the Metcalfe organization.—Press Staff Photo

WANT HELP

With the part-time employment outlook for students anything but good for this coming summer, two branches of the Chamber of Commerce have decided to lend their assistance

The Winchester and Chesterville units, in conjunction with the Guidance Department of North Dundas District High School, have set up a "Ready For Hire" card index system that should prove very beneficial.

Each card contains the name address, age and other import ant pertinent facts about the student interested in summer employment, and two identical files have beein made — one at the Winchester Press office and the other at the Chesterville Record office.

Employers seeking any type of assistance for the summer may consult these files by simply visiting the newspaper office nearest him.

Some 66 names, including both boys and girls, are already on file, and it is hoped this move by the Chambers of Commerce will prove very valuable to both employers and students.

Hospital Plans Open Visiting Hours May 12

A change in "visiting hours" regulations at Winchester District Memorial Hospital has been announced by the Board of Directors. The change will become effective May 12, 1968, which is National Hospital Day and also Mother's Day.

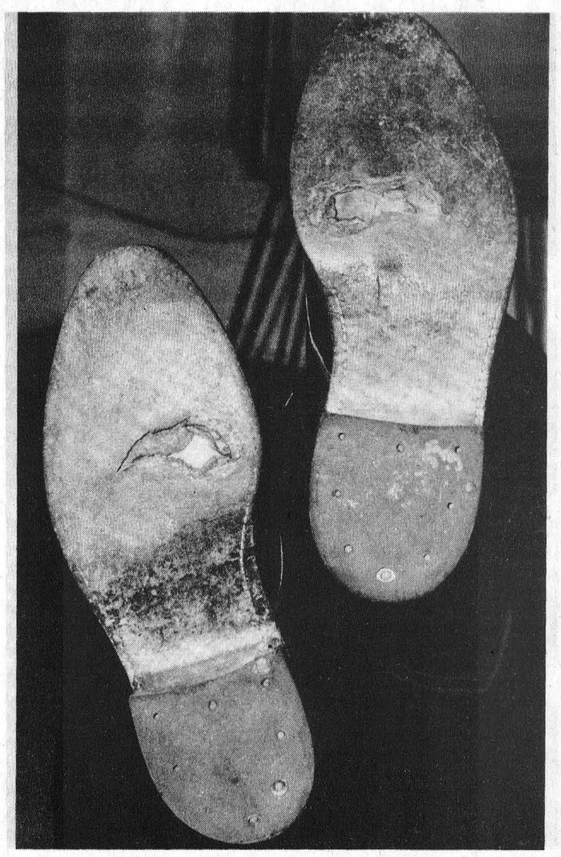
Under the new regulations visiting hours in all departments will be from 2:00 to 8:30 p.m. with only two restrictions noted. In the Obstetrical Department (Maternity Ward) only parents and grandparents are allowed and in all other departments children under 11 will not be allowed to visit.

This is the first change regarding visitors in the 20-year history of the hospital and the decision was made only after over a year's careful study. In making the change, Board members noted that many hospitals in the area, including Cornwall General, Hotel Dieu, Brockville General and several Ottawa hospitals have already switched to what is popularly known as "Open Visiting Hours," and are apparently satisfied the results are beneficial to both patients and staff.

Hospital Administrator H. P Stel reminds the public that present regulations of allowing only two visitors per patient at any one time will remain in effect.

"As always," said Mr. Stel. "the Board and Staff of the hospital have the welfare of their patients at heart and they feel that the proposed changes will be in the best interests of the patient in that it is another step forward in the provision of total patient care, the goal of which is the return to health of the patient, in both the physical and emotional sense in the shortest possible time."

This step will make it easier for relatives and friends to arrange for shorter visits since they may now call on the way home from work, or while shopping, anytime between the hours of 2:00 p.m. and 8:30 p.m.



You Should See His Feet!

It's not the soul(s) that count . . . it's the spirit. And there was plenty of that needed spirit in Saturday's Lions Walk for crippled children as more than 300 people walked, marched and jogged their way for close to $9,000. Here's what happened to the shoes of one (?) walker. But you should see his feet!

Council Studies Possibilities Of New Zoning By-law

Armed with up to date maps and ideas, members of Municipal Council met with Bruce McNabb of the Department of Municipal Affairs Monday night to lay the groundwork for what could be a comprehensive town plan.

With town expansion the by-word, Council is aware of the need, late as it may be, for more adequate town planning. To this end council is looking for ideas and suggestions as to the best way to go about the job. Engineer McNabb sketched out possibilities for an over-all plan and emphasized that the immediate need concerned a town zoning by-law. This by-law, he said, must be precise and accurate. It would be the immediate need of the town at the present and would lead to the type of over-all planning which the town must have in the days ahead. Although no definite figures were mentioned it is expected that such an initial step involving surveyors, planners, consultant engineers, maps, etc. could cost up to $5,000.

Looking over the detailed map, copies of which will be coming council's way for future use, Mr. McNabb said that it looked as though the southern part of the village toward the C.P.R. and the highway by-pass would lend itself to industrial expansion. He also mentioned certain areas west of the hospital and east of Mill street as excellent sites for future home builders. He suggested that one or two locations could be annexed for use by the village in the near future. The Walter MacDonald property, east of York and Clarence streets, was a good example of land which could be used for future homes, Mr. McNabb told council.

Planning, or zoning of the town, must be done with facilities in mind such as access to shopping, schools, hospital, etc. He also mentioned that the by-pass must be kept in mind at all times when the town carried out its plan for a proper zoning by-law. He explained that a "land use map" should be the first approach and advised council to meet with their consultant engineers, J. L. Richards, of Ottawa, who already have done much work in Winchester.

Council will now discuss the various possibilities and determine which approach should be taken this year. At the same time budget facilites for the work must be set up.

OTHER BUSINESS

In other business Monday night Council discussed with Hydro the cost of installation for a new feeder line and transformers for the Berry corn plant. Cost will run between $3,500 and $5,000. Council also said that the high school levy for the year was the one major item holding up the introduction of the 1968 budget.

Seaway Valley UC Presbytery Meets

Thursday, April 25th, the Seaway Valley Presbytery of the United Church convened at Kemptville United Church with Rev. Harold Griffin in the chair Rev. Leslie Dean of Iroquois as secretary, and Rev. Clare Kellogg of Cornwall as treasurer. Minister of the host church is Rev. Robert Percival.

Election of officers for the coming year took place with the following results: Chairman, Rev. Leonard Ferguson, Chesterville; Secretary, Rev. L. Dean; Treasurer, Rev. C. Kellogg; Statistical Secretary, Archie Morrison, Ingleside.

Sunday, May 5th will see a Presbytery-wide exchange of pulpits, the clergy of the former Glengary presbytery exchanging with the former Dundas-Grenville. presbytery. Each minister will bring with him a representative of the U.C.W. with a message of greeting.

The corporation of the Rideau Hill Youth Camp was legally constituted with all bylaws duly accepted.

The ladies of the host church served an excellent evening meal and were thanked by Rev. William Black of South Mountain. Following the meal, Dr. G. K. MacMillan, Home Mission superintendent, of the Montreal-Ottawa Conference addressed the group.

The call of two ministers to churches in Ottawa were approved. Rev. Douglas Carnegie of Prescott, accepting a call to Kingsway United Church, and Rev. Norman Johnston of the Bishop-Oxford charge to Northwestern United Church.

Two candidates for ordination were presented in the persons of Dale Allison and Garry Quart who were formally given license to preach. These two special services will be held in their respective home churches at Winchester Springs and Maxville on May 1 and May 2.

The 23rd General Council of the United Church of Canada will be held in Sydenham United Church, Kingston, the last two weeks of August. Commissioners to this highest court were appointed as follows: For the ministerial, Rev. George Clifford of Cornwall and Rev. Cecil Dawson of Long Sault; alternates, Rev. Vernon Bell of Winchester Springs and Rev. Sidney Oakwell of Spencerville. The lay appointees were Mrs. Clifford Larmour, Morrisburg, and Harry Shaver, Riceville, with alternates being Mrs. R. Welland of Cardinal and Mrs. W. Cooper, Kemptville.

The evening was given to a special church service with Rev. Robert McLure, returned medical missionary from India as guest speaker. Dr. McLure is widely known as one of the church's most outstanding missionaries. Rev. H. Giffin conducted the service and Rev. Donald Pipe introduced the speaker.

Sorry . . .

Sorry! Although correct on most counts concerning the 40-mile OXFAM trek by Judi Coons, we admit a "memory" error. One year ago Miss Coons won the Winchester Carnival Queen title. However, being unable to compete in the Queen of Queens contest, the first runner-up Wilma Angus replaced her, and Miss Angus, not Judi won the coveted Queen of Queens title.

At Inkerman United

Sutton - Crowder Wedding

Inkerman United Church was the scene of a pretty spring wedding on Saturday afternoon April 27th, when Rev. W. E. Black, assisted by Mr. Mervyn Peters, joined in marriage Elizabeth Ann Crowder and Donald Edward Sutton. The bride is the youngest daughter of Mr. and Mrs. Herman Crowder, Inkerman, and the groom is the only son of Mr. and Mrs. Denzil Sutton, Kemptville.

The ceremony was solemnized in a setting of white chrysanthemums and purple heather at two-thirty o'clock. The guests were ushered by the brother of the bride, Ellery Crowder. Mrs. Vernon Heighton, organist, accompanied the guest soloist, Mrs. Sheldon Robinson. Eric Aldham assisted the groom as best man.

Given in marriage by her father, the bride wore a floor-length sheath gown of white re-embroidered slipper satin complimented by a full-length alencon lace coat, with lilypoint sleeves. A floral headpiece held her shoulderlength veil of tulle illusion, and she carried a cascade of white fugi mums intermingled with red sweetheart roses.

Miss Glynis Dalton, maid of honour, was attired in a floor-length aqua blue satin gown and carried a cascade of pink carnations and purple heather.

Mrs. Crowder, mother of the bride, chose a two-piece pastel blue brocaded silk ensemble, pink hat and matching accessories. (Due to illness, the mother of the groom was unable to attend).

Guests from Ottawa, Kemptville, Hamilton, Renfrew, Quebec City, Winchester and Inkerman were entertained at a wedding reception held in The Country Kitchen, Winchester, following the ceremony.

On a honeymoon trip to Western Ontario, the bride wore a gold and burnt orange ensemble, burnt orange and beige accessories. On their return Mr. and Mrs. Sutton will reside at 610 Montreal Road, Ottawa.

Thompson-Strader Vows Exchanged

Lynda Anne Strader and James Michael Thompson exchanged wedding vows in St. Paul's United Church, Cornwall, on Saturday, April 27th, at two o'clock in the afternoon, in a setting of white chrysanthemums and tall lighted tapers. The bride is the daughter of Mr. and Mrs. Harry Strader Winchester, and the groom is the son of Mr. and Mrs. Lorne Thompson, Chesterville. Rev. George Clifford officiated.

The guests were ushered by Douglas Thompson, brother of the groom, and Brent Finlay cousin of the bride. Mrs. N. Doe, organist, accompanied the soloist, Mr. Everett Rush, who sang "O Perfect Love" and "The Lord's Prayer." Brent Fawcett, Chesterville, assisted the groom as best man; the bridal attendants were Miss Kathryn Strader, sister of the bride, and Miss Jacqueline Finlay, cousin of the bride, of Hamilton.

Given in marriage by her father, the bride was radiant in a cagelook gown of guipuere lace with beaded bodice and kimona sleeves, open from shoulders to wrist. A funnel train of guipuere lace fell from her shoulders. Her headdress, a lace and taffeta petal cluster with pearl trim, held her silk illusion veil, and she carried a bouquet of pink delight roses, white feathered carnations and stephanotis; her jewellery, a gift of the groom, was cultured pearl necklace and earrings.

The maid of honour and bridesmaid were attired in identical gowns of berry pink chiffon with lace accent. They carried baskets of white and pink feathered carnations and stephanotis.

Mrs. Strader, mother of the bride, wore a beige silk suit with mink trim, matching accessories, turquoise floral hat and carnation corsage. The mother of the groom chose a turquoise sheath dress, black lace coat, matching accessories and white carnations en corsage.

Following the ceremony, a reception was held at Budapest Inn, Cornwall. Guests attended from Morewood, Hallville, Hamilton, St. Catharines, Algonquin, Russell, Inkerman, Morrisburg and Winchester.

Mr. and Mrs. Thompson are presently honeymooning at Mt. Pocono, Pennsylvania. The bride travelled in pastel blue suit complimented by a corsage of white orchids. On their return they will reside at 408 Gloucester Street, Cornwall.

Mrs. Thompson is in the '68 Class of Nurses at Cornwall General Hospital, and Mr. Thompson is employed at Dupont's, Maitland.

BRIDE-ELECT HONOURED

Prior to her marriage Miss Strader was honoured by over fifty friends and neighbours at a nicely arranged miscellaneous shower held in the Legion Hall on April 25th. Hostesses for the evening were Mrs. Ralph Johnston, Mrs. Lyle Rae and Mrs. Harlan Helmer.

The '68 Graduating Class of Cornwall General Hospital held a surprise miscellaneous shower recently in honour of Miss Lynda Strader. Hostesses for the evening were Misses Grace Kennedy, Carolyn Paddon and Jean Bantford.

" FAIR "

continued from Page 1

goode Township Reeve W. A. Taylor, Gloucester Reeve Earl Armstrong, as well as representatives from various Agricultural Societies throughout Eastern Ontario. Mrs. Jean Wadds, M.P. was in attendance and received a warm welcome.

Members of the Agricultural Committee of South Ottawa Kiwanis presented a pleasing programme. John Twiname, of Russell, with his wife at the piano, led an enthusiastic singsong, and Susan Rowan gave her speech which had won for her the Principal's Association Championship in February.

President Scott Argue was in the chair and outlined the success of last year and spoke optimistically of the future of the Fair. Mrs. Gordon Boland, Ladies' Division Chairman, gave an interesting report of the ladies' work.

To draw special attention to the great success enjoyed by Metcalfe Fair through the years large signs were spread conspicuously through the hall. The signs read like this: "Last and Biggest Class 'B' Fair in Eastern Ontario"; "Best Black and White Show"; "Largest Sheep Show in Eastern Ontario"; "Second Biggest Ladies' Exhibit in Ontario"; "Metcalfe Fair, October 3, 4, 5 . . . "

The banquet, falling on the same night as the regular meeting of the Metcalfe and District Lions Club, attracted Lion members and their wives. Of special interest to the Lion members was the admission by the entertainer, Alex Allan, who came on the invitation of the South Ottawa Kiwanis, that he was a former Lion, and the proud boast of the guest speaker that he was an outstanding Lion with 14 years Perfect Attendance.

Married At Cornwall

Mrs. Dwight Lannin Red Shield Director

Mrs. Dwight Lannin, Winchester, has volunteered to act as director of the Red Shield Appeal for the village. She is being sponsored by the Ladies' Auxiliary to the Winchester No. 108 Branch of the Royal Canadian Legion. The appeal is being conducted the first two weeks in May, and the money raised by this appeal will be used to help the local Corps and the National Welfare services.

The work of the Salvation Army is recognized throughout the world. When there is a plea for help, it is always answered. Periodically they ask for some financial assistance, and it is expected the public will respond with their usual generosity.

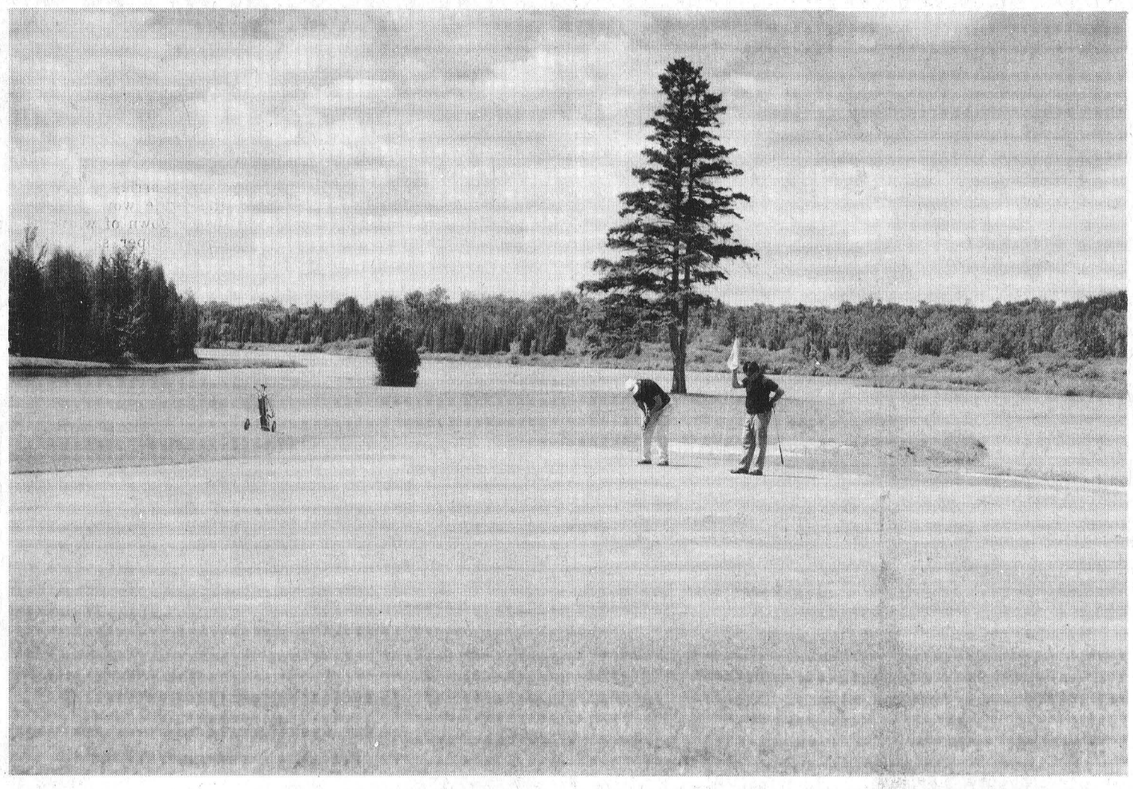
District Couple Mark 25th Anniversary

Mr. and Mrs. Gerald Holmes of Winchester were doubly honoured on the occasion of their 25th Wedding Anniversary. The happy couple were taken completely by surprise last Wednesday when their daughters, Trudy and Dorothy, arranged a party with about 30 friends and relatives. Following a social hour and games Jack McIntosh read an address and Mr. and Mrs. Holmes were presented with many beautiful gifts. A wedding cake was cut and served with a dainty lunch. Friends were present from Winchester, Ottawa and Cornwall.

Saturday evening, April 27 Mr. Holmes' parents, brothers and sisters gathered at the Holmes residence and presented the couple with a beautiful oil painting, and after a social hour, a lunch was served and another wedding cake was cut.

Also present for the occasion were daughters Beverly of Kingston, and Trudy and Dorothy. Another daughter, Mrs. Bill Hawkes (Bonnie), of Waterloo, was unable to attend.



Upper Canada Golf Course Opens Saturday

With Upper Canada Golf Course opening this Saturday many district enthusiasts will have an opportunity to "swing away," and learn the seriousness of the damage caused by the long lay-off.

Upper Canada Golf Course is one of the finest in the entire district with long curved fairways and beautifully kept greens. The course, located between Highway 401 and old No. 2 is directly opposite Crysler's Farm with the scenic beauty of the St. Lawrence Seaway and Upper Canada Village immediately to the south.

Amid the scenic splendour an unidentifed "Pro" stands poised for a routine putt while his opponent keeps him honest.

M-O Synodical WMS Annual

At the annual meeting of the Montreal-Ottawa Synodical W. M. S. held in Melville Presbyterian Church, Westmount, Quebec, April 16 and 17, Mrs. P. W. Murray of Kars was re-elected President. An encouraging feature was the Recruitment Program to be taken up throughout the Synodical. The past year showed increased givings in many areas and a few showed a decrease in membership. Evaluation Panel "The Three R's" was ably taken — Re-Assessment, Mrs. D. Blaise; Recruitment, Mrs. N. Dunlop; Reports, Mrs. O. Forrester. Guest speaker for the evening program was Miss Louise Reith, Executive Director of Organization for the W. M. S.

Others elected to the executive are: Miss Doris Blaise, Mrs. C. Brown, Miss Dorothy Dodds, Vice Presidents; Recording secretary, Mrs. J. D. McLeod; Corresponding secretary, Mrs. F. M. Money; Treasurer, Miss Bertha Ferguson; Mrs. J. O. Forrester, Mrs. T. R. Boyd, Miss A. Morrison, Miss McLeggan, Mrs. McCleverty, Mrs. M. McNaughton, Mrs. McIlveen, and Miss C. Morton.

The Fall meeting will be held in St. Andrew's Presbyterian Church, Sherbrooke, Que.

ASK YOUR CHIROPRACTOR

Question: Can whiplash injury have a delayed reaction?

Mr. J. G.

J. A. Laquerre, D.C.
Alta Vista Chiropractic Centre
Near Bank & Heron Rd., Ottawa South

Answer:
A car rammed into the car ahead. It was just a minor accident with little if any damage to the cars and no aparent injury to the passengers.
But one of the passengers in the front car felt his head slam backwards, then forward, just as the impact occurred. When he stepped out of the car he realized he had received quite a jolt and the back of his neck was aching.
What happened to this man is commonly known as whiplash and if you let your imagination dwell for a moment on what happened you will realize the word is most apt. It recalls the game of crack the whip we played as children.
The pain from this whiplash will likely disappear. But this can be deceptive. For example, not long ago a man visited a chiropractor and complained of a numbness in his arms. It turned out that this man had been a passenger in a car almost two years before that had been hit from behind while stopped for a light. He had almost forgotten about the incident until his chiropractor questioned him and when he was shown the x-ray plates, he realized what happened. The upper portion of his spine had been severly jolted out of line by the sudden stop of his head as it cast backward and forward.
One of the reasons for the delayed reaction is because the muscles which were affected by the whiplash healed themselves and nature was able to live with the misaligned spine for a certain period.
Persons who have the misfortune to suffer whiplash should seek chiropractic attention immediately following the accid-

CONSTRUCTING PLANT AT WINCHESTER

Corn...Major Cash Crop In Eastern Ontario

Corn is likely to change the entire rural economy of Eastern Ontario in the next few years. Already there is a marked increase in the growing of corn on many farms throughout eastern counties.

Until recently a large percentage of the corn needed to feed livestock and for local industrial consumption has been imported from other parts of Ontario or from the United States. Last year a number of farmers started growing more corn to supplement their feed requirements or as a cash crop, and indications for 1968 point to at least a 30 per cent. increase of acreage planted to corn. .

There are many factors involved in this surge of interest in corn growing in Eastern Ontario. Financial returns, better seeds producing in shorter growing periods, and an influx of experienced corn growers are part of the answer. Then there is the construction of the new corn elevator plant at Winchester and the Canada Starch Company plant at Cardinal, all requiring local corn for their operations.

TYPICAL CHANGES

Maybe typical of what is happening on the farm is the experience of George Suffel at Inkerman. Last year he grew corn on 25 acres and harvested 124 bushels of 15.5 per cent. moisture content corn to the acre. This year he is planting 50 acres and will have enough to feed his dairy herd as well as sell a good proportion on the open market. Mr. Suffel says there is no secret to successfully grow corn as long as you rigidly follow the recipe and have good drainage.

Bob Loughlin, a cash crop farmer of North Mountain, used to grow about 200 acres of potatoes. Last year he switched to corn and grew 100 acres that produced an average of 100 bu. to the acre. This year he is planting between 300 and 400 acres of corn.

QUALITY GOOD

The quality of the corn grown in Eastern Ontario is just as good as corn produced anywhere stated John D. Curtis head of the field crop division of Kemptville College of Agricultural Technology. He said that the main thing in growing corn is to follow the recipe—get the right variety of early hybrid seed, treat the seed with Diazinon Lindane, get it in early properly fertilize and insure proper weed control.

Mr. Curtis said, in talking with a number of farmers, that he felt there was certainly an increased interest in the growing of corn although there was some uncertainty as to markets and marketing procedures.

CANADA STARCH

M. E. Fee, president of The Canada Starch Company Limited contacted by phone in Montreal stated that the company's Cardinal plant consumes many million bushels of corn a year. The majority of this in the past has been imported from Western Ontario and the United States. Asked if the company would use Eastern Ontario corn, Mr. Fee stated that they have already bought small quantities, have found the quality acceptable, and are most anxious to procure as much as possible from this area of Ontario.

BERRY'S NEW PLANT

The new corn processing plant at Winchester will also provide a big boost to the orderly marketing of corn. This $250,000 plant, now under construction, will be as large as any in Ontario and will be equipped with the latest in automated machinery to handle and process the corn. Due to be completed by October 1st this year, it will easily receive and handle 3,000 bushels of corn per hour and can ship an equivalent amount at the same time.

Rae Berry of D. L. Berry and Sons, owners of the plant, stated that a great deal of research on plant design had been carried out before the final concept was accepted. One of the main features of the plant, which can handle either shelled or cobbed corn, is the speed with which it can accept incoming corn thus cutting waiting time to a minimum during the peak fall periods.

A truck loaded with up to 25 tons of corn will drive up the ramp of the receiving side of the corn elevator where the front end will be lifted by a hoist and the load dumped into a hopper. As the corn enters the elevator system it is automatically weighed, graded and the moisture content checked. This whole process of unloading only takes a matter of minutes and the farmer immediately receives a weigh slip for his corn. He can then wait and be paid immediately or, if he is in a hurry a cheque for his corn will be in the mail to him the next day.

The corn is then cleaned as it enters the elevator and shelled if still on the cob. The shelled corn will then go to the wet storage silos and thence to the driers. The huge drier operated by natural gas takes the moisture content down to the required level.

YEAR ROUND FLOW

From the drier it then travels to another storage silo to await shipment. The elevator can hold a total of 80,000 bushels in four silos 16 feet in diameter and 60 feet high and two silos 20 feet in diameter and 80 feet high. Mr. Berry estimates that corn will not remain in storage too long as the apparent demand indicates a steady year-round flow to market. During the peak season the plant will likely operate around the clock.

The increased sale of seed corn is another strong indication of the acreage that will be planted this year. Asked about recommended procedure in planting, John Curtis at Kemptville said the plant population should be 20,000 per acre. There should be 22,000 seeds planted and when in 30-inch rows every 9.4 inches and in 26-inch rows every 7.9 inches. Planting speed should be three to three and a half mph. for even distribution and the seed planted to the moisture.

IF YOU'RE 66

Apply For Old Age Security Pension Now

An extra 42,000 persons in Ontario will become eligible for the universal Old Age Security pension in January 1969, and so should be making application at this time. These are the people who were born in 1902 and who will reach 66 by the end of this calendar year. Canadian citizenship is not required for cligibility. Because of this an increase in the cost of living, the monthly pension is now $76.50.

J. G. Parsons, Regional Director of Old Age Security for Ontario, stated that applications from persons born in the year 1902 have been very slow coming in to the Ontario Regional Office. Less than 6,000 or 14 per cent. were received by the end of March.

Old Age Security applications, along with an explanatory booklet, may be obtained from any Post Office, and should be sent to the Regional Director of Old Age Security, P.O. Box 6,000, Station "Q", Toronto 7, Ontario. Since an applicant must prove age, a birth or baptismal certificate should be sent in with the application. If such documents cannot be submitted, the application should be completed and sent to the Regional Office with a note giving the reason. The Regional Office will then assist the applicant to find other evidence of age.

The age at which Old Age Security pension becomes payable is being reduced each year until by January 1970, payment may be made to persons who are as young as 65 as long as they fulfil the residence requirements.

After the Old Age Security application is approved, information on the Guaranteed Income Supplement is mailed to the pensioner. This is an additional payment to pensioners who have little or no income.

VERNON
METCALFE
RUSSELL

Vernon

Congratulations are extended to Mr. and Mrs. Ken Murdock (nee Elizabeth Savage) on the birth of their daughter last week in the hospital at Winchester.

Sympathy is extended to Mrs. Garfield McVey and Marianna in the death of a husband and father, who passed away suddenly on Saturday.

Congratulations to Mr. and Mrs. Donald Blair who were married Saturday, April 20th. Donald is a son of Mr. and Mrs. Gordon Blair.

Mr. and Mrs. Bill Porteous returned home Sunday after spending a week in and around London, England.

Vernon Ladie's Guild Meets

Vernon Ladies' Guild members were hostesses last Thursday night at the home of Rev. and Mrs. Allan McGregor at Metcalfe where they entertained other Anglican groups from Russell, Metcalfe and Greely at which 40 were present. Two ladies from Ottawa spoke on A. C. W. work and told all what was expected of them to go from Guild or W. A. to A.C.W.

Following interesting discussions refreshments were served by the Vernon group.

Carleton Gives $1,000

O.F.A. In Financial Difficulties

A grant of $1,000 was given the Ontario Federation of Agriculture by the directors of the Carleton County Federation of Agriculture at the April meeting of Directors. Mrs. J. D. Campbell, Vernon, chairman of the provincial women's committee and member Carl Speaker, Richmond, told the directors of the financial difficulties of the OFA. Fieldman John Carley, Merrickville, stated that the OFA was finding it necessary to borrow money. Many demands have been made on the OFA this year and because of ignorance of the function of the 16-man one organization committee a number of member bodies had not paid their dues.

Mrs. Arthur Manchester, of Carp, and Mrs. G. B. Acres, Bell's Corners, will represent Carleton County Federation of Agriculture at the annual meeting of the Rural Learning Association, June 7 and 8, in Orillia.

Mrs. Acres reported on the new role of the Carleton unit of the Tuberculosis Association. She stated that the mobile unit would be at the fall fairs this year. She pointed out that the organization was testing residents of old folks' homes and that the most serious group needing testing is the men over fifty who are smokers.

Osgoode township requested a grant of $50.00 for a number of projects — 4-H awards, public speaking, OXFAM walkers, and a series of open meetings on regional government and the one farm organization. The request was granted.

Local Briefs

Baptized

At a Sacrament of Baptism ceremony held at Lakeshore Drive United Church, Morrisburg, Joseph Todd, infant son of Mr. and Mrs. Joseph Barnhart, Morrisburg, was baptized by Rev. Garfield W. Bruce, B.A. recently.

Attending the service were grandparents Mrs. Anne Raistrick and Mr. and Mrs. Thomas Barnhart, as well as Mr. and Mrs. Brian Raistrick, South Mountain, and Mrs. Stanley Raistrick of Ottawa.

Dies In Hospital

A former Winchester area resident, David Allan Stewart Craik, died recently at Scarborough Centenary Hospital. Mr. Craik is survived by his wife, the former Isabella Emerson.

Personal

Mr. and Mrs. Lorne Fetterly and daughters, Deborah and Robin, of St. Catharines, Mr and Mrs. J. E. Finlay, Brent, Jennifer and Jacqueline, of Hamilton, spent the week-end with Mr. and Mrs. Harry Strader and Kathryn, and attended the Thompson-Strader wedding in Cornwall on Saturday.

In Hospital

The following area residents are patients at the Winchester District Memorial Hospital: Mr. Lyman Kerr, Mountain; Mrs. Annabella Loucks, Chesterville; Mrs. Tessie Baldwin, Morrisburg, and Mrs. Mary Rodney of Vernon. Best wishes are extended to all for a speedy recovery.

Garfield McVey Dies Suddenly Last Saturday

Winchester residents were saddened at the sudden pasing of Garfield McVey last Saturday at Winchester District Memorial Hospital. Mr. McVey had been living in the village since his retirement some 14 years ago.

Born near Ormond, he was the son of the late Robert Stuart McVey and his wife, the former Mary Helen MacDonald. In 1937 he married Annie McConnell who survives. Always interested in community and church work, he was a devoted member of Winchester Baptist Church where he was a deacon, also serving on the Finance committee and a member of the board of trustees. Mr. McVey also served on the Maple Ridge Cemetery Board and was a former member of the Winchester Township School Board.

Surviving, besides his widow are one daughter, Marianna, of Ottawa, and one sister, Mrs. Stanley Carkner (Bella), of Kenmore.

Funeral service at Winchester Baptist Church on Monday was conducted by Rev. G. A. Cawfield. Pall-bearers were Roy Ennis, Barton Derby, Stuart Ferguson, Neil Porteous, Roy Cumming and Garnet Johnston.

Interment was at Maple Ridge Cemetery.

Issue Two New Stamp Booklets

The Canada Post Office has announced the introduction of two new stamp booklets to be sold across the counter at $1.00 each.

The booklets will replace the cello-paks now in use. Available in the four and five cent stamp denominations, the booklets will be more economical to produce and more convenient to carry in pocket or purse. Their introduction will come gradually, as current supplies of cello-paks become exhausted.

At the same time, stamp booklets priced at 25c will lose their present format in favour of an improved moisture resistant one, featuring a vinyl coating on appropriate surfaces. In a few weeks time, the 25c booklets will be available only from vending machines. This measure is expected to reduce pressure on post office wicket clerks during busy periods, and to increase sales of the one dollar booklets.

FRED—special assistance for low-income areas

The Fund for Rural Economic Development ($300,000,000), established by legislation of the Parliament of Canada, is the main basis for joint federal-provincial comprehensive development planning in lagging rural regions.

The FRED legislation provides that low-income areas selected jointly by a provincial government and the federal government are eligible for special assistance if the two governments agree on a satisfactory development program for the area. Designated areas have major adjustment problems but are not lacking development potential.

A key requirement in comprehensive long-term regional growth policy is to increase employment and productivity. This can be accomplished by public policies designed to accelerate investment in human and natural resources.

Responsibility for management of a comprehensive rural development plan belongs to a competent body working in the region. A FRED agreement provides that the province establish an effective program development and management group. At the same time, a federal program advisory group is appointed to work with the provincial group, and together they form the core of the management team.

In all FRED programs active participation of the people of the region is encouraged and assisted. Through the community development or social animation process local residents are organized into groups for discussing their problems and suggesting program activities. The local people take an active part in the planning process, and at the program implementation stage the regional organizations perform an important advisory role in determining the manner in which the development plan is executed.

R.N.A.O. Seaway Chapter Annual

The annual meeting of the Seaway Chapter, R.N.A.O., was held at the Townline Motel in Cornwall on April 23. At this dinner Miss Cora Droppo, Reg. Nurse, of Chesterville, was presented with emeritus membership in the Association and a pin in recognition of forty years' continuous membership. Miss Droppo is now retired from the active nursing profession.

Mrs. Mabel Ogden, R.N., Clinical Supervisor at the Winchester District Memorial Hospital, and presently President of the Seaway Chapter, attended the annual dinner along with twenty nurses from the Winchester hospital.

IN LOVING MEMORY

FRANCIS—In loving memory of a dear mother, Mrs. John G. Francis, who passed away May 3, 1941.

No one knows how much we miss you,
No one knows the bitter pain;
We have suffered since we lost you,
It has never been the same.

—Sadly missed by son Clifford, Velma and family. 52p

ANNABLE—In loving memory of Lawrence, who passed away April 27th, 1967.

There is a link death cannot sever,
Love and remembrance last forever.

—Sisters. 52c

MARRINER—In loving memory of a dear husband and father, Arthur G. Marriner, who passed away May 5, 1967.

A silent thought a secret tear,
Keeps his memory ever dear;
Time takes away the edge of grief,
But memory turns back every leaf.

—Wife Lorna and family. 52p

BYERS—In memory of a dear husband, father and grandfather, David Dobie Byers, who passed away May 7, 1967.

God took him home, it was His will,
But in our hearts we love him still;
His memory is as dear to-day,
As in the hour he passed away.
We often sit and think of him,
When we are all alone;
For memory is the only friend,
That grief can call its own.

—Wife and family. 52p

WIS—In loving memory of d Lewis, who passed away April 30th, 1965.

We miss you Fred as anyone can tell,
Just dropping in to see that all was well;
You were always ready, some kindness to do,
For someone you thought less fortunate than you.

—Always remembered, mother, brothers and sisters. 52p

YIELD NOT TO TEMPTATION

Don't let the fine spring weather and bare roads tempt you to abandon safe driving habits.

At this time of year, you'll probably notice a few foolish drivers on the road, but careful motorists will travel at a reasonable speed at all times.

If you're a careful driver, find out about CIA's automobile and accident insurance.

Bob Levere, rolling in the Community League, was "Bowler of the Week" scoring the best cross and the best single at the lanes. Bob combined singles of 355, 213 and 216 for a cross of 784. Other top bowlers were Arn Stobo 672--241. George Watson 621-309, Leroy Empey 604-214, Irene Ouimet 601-216, Ken McLaren 599. Doug Poole 598, Noel Potter 597, Elaine McLaren 585, Earl Gray, 562, Edna Empey 562, Don Holmes 559, Dale Wise 555, Alma Douglas 555.

Fireside

Lloyd Guy led the field in this league scoring singles of 254, 193 and 262 for the high cross of 709. Norm Utman had the best single, 288-692. Other scores were: Bill Casselman 667-240, Don Levere 661-232, W. LaPorte 614-280, B. Hogaboam 589.

Happy Gang

Only one player managed to pass the 550 last week. Marg. Dalgleish won all the "marbles" with scores of 203, 240 and 139 to cross 582.

HALLVILLE JETS

Murray Hyndman was top bowler in this group with three fine games of 225, 263 and 223 for a cross of 711.

Other good scores were: Marilyn Williams 633-234, Helen Bartholomew 594 with the high single of 282, and Orville Weiland 572-216.

SOUTH MOUNTAIN

Denzil Allen led the field last week rolling singles of 253, 338 and 257 for the high cross of 848. His closest competition came from Gary Pickard who scored 756. Other leaders were: Douglas Boyd 662, Wayne Kenney 670, Don Erwin 658, Dale Boyd 654, Keith Beamish 654, Jim Eager 594, Gordon Richardson 586, Jud Imrie 581, Richard Gilmer 571, Kevin Boyd 571, Lyle Cougler 571, Clifford Berry 560, Mabel Shaver 556, Delbert Wyatt 556, John Bryant 555.

JUNIOR 'B' HOCKEY

Winds-Up Season

It was announced Saturday by St. Lawrence Junior League President Basil Dawley and Secretary Keith Carkner that the Jack Dawson Memorial Trophy for the player who demonstrated the most sportsmanship and ability in the league in the 1967-68 series was won by John Arnott of the Cardinal Junior Pats. John Arnott was a key player in the Cardinal team's drive to win the league crown this year.

At a league meeting held at The Country Kitchen the league decided to operate again in the 1968-69 season with teams from Cardinal, Maxville, Morrisburg, Prescott and Metcalfe. Consideration will be given to expansion to another district team.

It was unanimously decided that players wishing to be released would have to follow the league procedure which is now the same as the Central Junior A League. A motion of thanks for the work of the president and secretary was passed.

All teams reported an excellent season and the next league meeting will take place early in September. The league executive wish to thank Joe Rowan and the Winchester Press for their excellent coverage.

OPP Constable Transferred Here

Provincial Constable Norm Sarault, formerly of Long Sault Detachment, has been transferred to Winchester. Norm, a native of Ottawa, was educated at Ramsayville Public and Rideau High Schools. After leaving high school, he was employed by a printing and advertising firm in Ottawa. In January 1967 he received his appointment to the Force, and after a three week course at Provincial Police College in Toronto, was posted to Long Sault detachment. During the period at Long Sault, he successfully completed a 12 week course at Ontario Police College, Aylmer, Ontario. Constable Sarault, who is bilingual, spends a lot of his spare time water skiing and boating. With plans to be married this summer, Norm will take up residence in Winchester.

Two Winchester Residents Die

Two respected citizens of Winchester died during the week: Mary Robertson, widow of Donald Robertson who was in her 80th year, and Euphemia Gallaher, widow of David Gallaher. Mrs. Gallaher was in her 93rd year.

Complete obituaries will appear in next week's Press.

Carpet Demonstration Proves Successful

As advertised in this newspaper two factory representatives, both expert in the art of carpet installation, were in Winchester last week at the MacIntosh Store.

"Harvey and Phyllis" had issued an invitation for all to come in and see for themselves the newest in carpet tile, and the overwhelming interest shown proved an inspiration to the MacIntosh firm.

Thanks to this new idea, it is no longer necessary to employ a technician to lay a new carpet, since the carpet comes in 12-inch-square blocks and installation is a simple chore.

"Ozite", according to Mr. MacIntosh, is unbelievably durable and under most severe tests has proved practically indestructible. The Winchester firm is the only dealer in the area and is already stocked with 4,000 tile.

This new product is being promoted by nation-wide television, and the OZITE commercial may be seen every Sunday night from May 5th to 23rd inclusive on CJOH during the popular Peyton Place story.

A Swinger Or A Prime Minister?

Much has been said over the last few weeks about Pierre Elliott Trudeau being a "swinger." The "swinger" image may have swept Mr. Trudeau into the powerful position of first being leader of the Liberal party and then accepting the office of the nation's highest appointment . . . Prime Minister.

Aided greatly by the communications media which invented the "swinger" tab, Mr. Trudeau has held true to form by chewing on flowers, giving unorthodox replies, running up the steps of parliament and kissing young pretty girls. He also likes to speed along the roadways in a high priced sports car, his wearing apparel includes many sports coats, corduroy trousers and bright shirts and ties not to mention the type of shoes Elvis Presley made famous a few years back. In Trudeau fashion he toyed with the press for three days before announcing the date of the next general election on June 25th. If ever there has been a young, or reasonably young Canadian politician who could be classed as a "swinger," it undoubtedly is Pierre Elliott Trudeau, or as the Liberals conjured up at the convention "our PET."

Well, "PET," Pierre Elliott, or Prime Minister we doubt very much if the Liberal leader will have too many accolades for the "Swinger" type which has been branded on him by the time election day rolls around. For Canadians, although looking for good sound government and new ideas, are not electing a "swinger," they are electing a prime minister. And there is a difference!

Mr. Trudeau is riding the crest of popularity right now. He even has people voting for him to-day who know absolutely nothing about the man, his ideas or ideals and, more important, the policies his government intends to set down if elected. Instead of producing at least a partial agenda with a better than make-shift cabinet he acceded to the demands of the vote getters but not necessarily the policy makers in his caucus and called an early election. It would have been better called for September or October, and even a great many Liberals are upset by the decision of their "swinger." As the Liberal supporting newspaper Ottawa Citizen said last week about his election platform "It had better be a good one."

And indeed it had better be good. For Mr. Trudeau will be opposed chiefly by another newcomer in the person of Conservative leader Robert Stanfield. Mr. Stanfield presents a direct opposite to Mr. Trudeau so far as the "swinger" appearance is concerned. He represents to many people a man of deep intelligence, conscious of what the country really needs, a man who has two feet on the platform and who is able to stand his ground under any circumstances. And on the lighter side there are few people, even Mr. Trudeau, who are more versed in the ways of the young or who can retort with the quick quip at any given moment. Mr. Stanfield is not a "swinger" as it applies to Mr. Trudeau. He is a strong candidate for the prime minister's job and he will go about achieving this aim in the next few weeks in a way, a determined way which will attract many Canadians. Attract them because they will know that images and "swingers" do not necessarily make good prime ministers.

Asked by a reporter last week if the campaign turned out to be a personality campaign — Trudeau versus Stanfield — the Conservative leader retorted: "I have one great advantage, I'm such a plain looking guy that people will feel I'm not trying to charm them, but am telling them the truth."

And when it comes down to the final analysis in choosing a government and a new prime minister, people of all ages will have to determine in their own minds which is really better for the country: the truth of Stanfield or the charm of a "swinger"?

Nation - Builders All

The number of immigrants entering Canada rose in 1967 for the seventh conecutive year. The figure — 223,000 — has only once been exceeded since the end of World War Two and brings to more than half-a-million the total admitted in the past three years.

Like millions before them, they have arrived here with high hopes and with much to offer the country of their choice. Not all will stay, but most will, and their prospects of employment and settlement are enhanced by the new manpower and immigration polices which emphasize the recruitment of new Canadians with needed skills and knowledge.

Having sought out and encouraged these people to come here, Canada has an obligation both to them and to the taxpayers who finance immigrant recruitment programs to see that there are indeed employment opportunities in their field or, at least, at the level of their abilities, and that such essentials as reasonable housing are within their reach.

Failure to meet our obligations in this respect is to waste money and blight our national reputation as a land of opportunity. Nothing is more calculated to disillusion even the most enthusiastic newcomer than prolonged inability to find a decent job or home.

A country that can continuously attract in quantity young adults, many of them with needed skills and good education, is doubly fortunate. It gains both new consumers with ready-made wants and potential workers with the earning power to meet those wants. In short, people able to contribute at both ends of the scales to the further growth of industry, the economy and the nation.

At a time when new immigrants are entering Canada at a faster clip than in many years, it is important that this be understood by the rest of us. Immigrants do not take jobs from native Canadians — they *make* jobs for them. In so doing they give a lift to the whole economy and are an important plus factor in national prosperity.

The one indispensable resource in the building of any nation is people — more and more of them, to the limits of our capacity to absorb them. And the best national bargain of all is people of working age, a good education and a high level of needed skills.

That Canada is attracting such settlers in growing numbers is a matter of the greatest satisfaction.

Take that Mr. Whipp!

Somebody is reading this thing, anyway. Letters have been coming in shovelfuls lately. Keep it up, chaps, whether you agree or not.

A recent column on high taxes seemed to touch a sore spot. I didn't hear from the Minister of Finance, but I did hear from a number of people who are getting hot under the collar as various levels of government take bigger and bigger bites from an apple that has already been well chewed.

Ken Gagnon of Tillsonburg dislikes compulsory benefits. He says the needy, after a means test, should be looked after, but those who just don't want to work should be given menial labor if they want public handouts. He also protests the costly commissions established to investigate tax and other problems, and whose reports, after a cursory examination, are shelved.

G. MacDonald of Toronto, with terse Scot sense, says, "The government has become top-heavy." Mrs. M. Ferguson, also of Toronto, tells of the incredible cost per day for a hospital bed in a public ward in that city — from $45.15 to $52.50 a day, for those who don't have provincial hospital insurance. And many don't.

Wm. E. Smith of Oakville writes, "Just wanted to get my two cents worth in to support your views." Fastened to his letter were three pennies, with the postscript, "Why the extra penny? Tax."

The Whipp Affair. You remember Mr Whipp, editor of the Petrolia weekly, who warned me to stop writing about education and teen-agers, or he'd cancel. Buckets of letters excoriating Mr. W. and encouraging your hero. It seems that there are a lot of people, of all ages, who are interested in these topics.

Many of them run to two or three typed pages, but I'll quote excerpts from a few which are representative.

David Bell of Preston: "Your column swings with its own sweet suburban rhythm. Keep telling it like it is."

Mrs. Mina Wesley of Georgetown: "Felt impelled to write as per invitation. I never miss reading you. Does that mean anything? Think you are 'kinda good'." Thank you ma'm.

Sometimes I'm kinda bad, too, but it usually makes me feel kinda good.

Mary McCaughna of Keswick swings into rhyme:

"Tell that managing editor to
jump in the lake;
I subscribe to the Era mostly
for your sake;
As to teen-agers, call 'em
young adults,
Perhaps then, by semantics,
you'll get better results.
As to education, you're in it,
well brother, so are we,
And besides, as you mentioned, it certainly isn't free."

T. A. Deans of London: "If, in some of your columns, you stress education and youth — good for you. You obviously don't agree with Richard J. Needham. I do. But . . . education, whether formal or informal, is essential, and for the Managing Editor of a paper to threaten to cancel a column of references to it is completely idiotic." This was one of his milder paragraphs.

A teen-ager from Walkerton: "I think that your column is one of the most alive writings in today's newspapers . . . Being a teen-ager is one of the roughest and loneliest times I have reached. I'm torn between loyalty to my parents and anger at them for clipping the wings that I think are full-grown enough to fly. It's particularly hard when I start to wonder if I'm the only one that acts this way, and ask myself, 'What's the matter with me, anyway?" There's more, but she ends, "So please keep reaching out to students and teen-agers, Mr. Smiley; too few people do!"

A former student, Maureen Schwartz (Killoran), of Cooksville, writes hotly in defence, but she's prejudiced (I gave her 85 in English). Not long out of her teens, she's getting the message: "Speaking of raising kids — it is no wonder the 'older generation' always seems to be making such a mess of things. Raising the 'younger generation' is enough to reduce them to babbling idiots . . . All this and my kidlet is 17 months. What will I be saying when she is 17 years?" All I can say is that you wouldn't believe your ears, Maureen.

Give up, Mr. Whipp?

LETTERS . . . TO THE EDITOR

Winchester, Ontario
April 29th, 1968

Editor, Winchester Press,
Dear Sir:

On behalf of the St. Lawrence Junior Hockey League I wish to express our thanks for your fine trophy and excellent coverage of our hockey activities.

Over the year we had the privilege of witnessing hundreds of young lads playing in all categories and I would take this opportunity of urging the local Winchester people to build an artificial ice arena as quickly as possible.

The returns from this community enterprise can only be measured in providing better facilities for our children and training them to be better citizens.

Yours truly,
BASIL DAWLEY, President

The Seventh Column

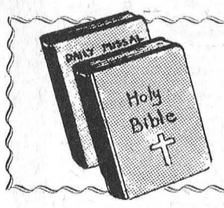
The first major political move in the area concerning the next election took place last Friday when Hon. Richard Bell announced his decision to seek the Tory nomination in the new riding of Ottawa West. What is means simply is that Jean Wadds becomes a shoo-in to gain the nomination in the new riding of Grenville-Carleton. Until last Friday many Conservatives were more than a little alarmed that two fine parliamentarians like Mrs. Wadds and Dick Bell would find it necessary to knock heads in the same riding. That hurdle has been eliminated and Bell's decision to oppose Lloyd Francis in Ottawa West should be a mark in favour of the Tories. Both he and Jean are expected to have a fight on their hands and the elections in these two ridings should be more than a little interesting. But Bell's move is a definite plus factor for the Conservatives and more than a little thanks should go his way in giving these ridings two outstanding candidates. Liberals, of course, were applauding the apparent clash in Grenville-Carleton. Now the shoe is on the other foot and both parties will be hard at it drumming up the needed votes in the next few weeks. These two should prove to be real dandies...from the campaigning right up to election night when the votes are counted.

And a little more on the forthcoming election. Enumeration of voters begins May 6th. Lists are delivered to the returning officers on May 13th. Voting on election day will see polls open from 8 a.m. to 7 p.m. local standard time. Current estimates are that about 11,250,000 persons will be eligible to vote compared with 10,274,904 in 1965, nearly one million more. And that is enough to win an election.

Every year about this time someone slices off a toe or a finger. How? In the power lawn mower of course. It can happen. All that is needed is a little carelessness on the part of the operator. And all that is needed to eliminate this waste is a little care by the same person regardless of age. So, this year how about keeping all of your toes and fingers---away from those ferocious blades.

Ironically enough the Lions' Saturday walk for crippled children left a good many children---crippled! At least temporarily. Sunday and Monday and for a few days more you could tell the ones who had pushed their luck and their desire just a little too much. They were limping around suffering from swollen feet, blisters and a dozen and one other foot maladies. But it was all in good faith. The entire day was a great success. It looks as though the injured will recover, all of them, and in the end the crippled kids may receive between five and six thousand dollars as a result of this effort. Congratulations!

And finally this week...a thought or two. If all of those young people were to take part in another walk at another time with sponsors totalling maybe $5.00 per mile the accumulated amount would come to something over $30,000. And it could all go to another very worthy project---keeping a Community Centre in Winchester. As we said, it's worth a thought because peanuts, talk and even debentures may not be enough to do the job.



Meditations . . .

by REV. CECIL W. TUININGA

Hebrews 2:9: "But we see Jesus . . . crowned with glory and honour."

A thinking person often concerns himself with such questions as, "Why does man exist?" "Where did he come from?" "What is his destination?" "Is death the end, or is there an eternal hereafter for all men?" These are important questions. It is tragic if they are not answered, for they are as important as death and life.

But where shall we find a trustworthy answer? It is evident that man himself, by himself, can never find a trustworthy answer. The more he tries, be it by reason or scientific research, the more frustrated he becomes, for all his theories prove dead-end streets. Only then, when men are ready to be taught by Him Who created all things, do they find an answer that fully satisfies. That answer is available to all, and every honest seeker will be completely satisfied with it.

Not only man, but Scripture also asks questions about man. One such question Scripture asks is: "What is man, that thou are mindful of Him?"—Hebrews 2:6. The question came into the mind of the questioner when he considered God's creation. What is man compared to a mountain, or to the sun and moon and planets? Yet God created them all for man's sake. Aware of this one naturally comes to such a question, for what is so special about man that the whole creation serves him?

The answer to that question constitutes the gladdest tidings any man can ever hear. It answers all our questions concerning man's origin, purposes, goal, and final destination. It teaches us that man, as he came originally from the hand of the Creator, was crowned with glory and honour. He was created in God's image, was in very fact a child of God, fully able to enter and enjoy full and living fellowship with the heavenly Father, his Creator.

But this is not man as we see him now, for sin came. Man through his wilful disobedience cast all his God-given gifts and opportunities and blessings away. His whole nature became corrupt and his excellent gifts corrupted. Instead of loving and serving God he chose to rebel and to break fellowship with God. Thus turning away from God through the instigation of the devil he became a child of the devil. And where formerly life was enjoyed, death came through sin, as God had declared it, "In the day that thou eatest thereof thou shalt surely die."—Genesis 2:17.

However, by faith we can see much more than fallen man, for in His great love God has provided for his eternal redemption. All who believe in the Lord Jesus are truly saved from death and hell and the dominion of the devil. No, we do not see man's final and complete deliverance as yet. That is to say, that as long as man is in this life he still has to contend with sin and evil. But still we can see his eternal and glorious redemption in Christ Jesus when we see Him as our Saviour. In Christ Jesus our questions are answered, for in Him through faith man is again restored to glory and honour.

FROM QUEEN'S PARK . . . Fred M. Cass Reports

Hardly had the Ontario Legislature re-convened following the Easter recess than came the announcement of a Federal Election in Canada. This, of course, poses a real problem for all Provincial members as they are certain to be required by their respective parties for election work in their constituency and equally are required by their constituents to be in the Legislative Assembly to deal with the business of the province which was really the purpose for which each Provincial member has been elected. Prime Minister Robarts has been quoted as stating that in Ontario the Members of the Assembly must place first their responsibilities in the Assembly. However, the Federal general election campaign will undoubtedly exert, in one manner or another, a very considerable influence on the affairs of the Ontario Legislature and its members.

The first week after Easter has been marked with long and violent debates and evening sessions lasting well past the midnight hour. Challenges of rulings made by the Speaker and Deupty Speaker, a veritable flood of questions of the Ministry before the Orders of the day and a minimum of progress with the business of the province, filled the hours of sitting. However, after a fortnight of debate the estimates of the Department of Highways were finally passed and a very wordy beginning made on those of the Department of Health.

As announced in the local press recently, an Ontario Development Corporation Loan of modest proportions was recently made to an industry in Winchester. This is indeed concrete evidence that the Ontario Government is ready and able in proper cases to aid industry in our part of the province and should encourage other industries and areas in Eastern Ontario to pursue their own projects with the Department of Trade and Development.

Another announcement of great interest to the agricultural industry was that Forage Crop Insurance will now be available in all counties of Ontario and that a cumulative premium discount of 5% will be allowed annually up to a maximum of 25% to contract holders who have no reported claims for crop insurance.

The safety and well being of the public is always not only an ever present aim of government but the subject of much criticism and many suggestions from opposition members. And so the Minister of Transport was heartily applauded when he announced that all car tires manufactured after July 1st this year will be required to meet new Canadian standards if they are sold in Ontario. Since the same set of standards are to be adopted by all Canadian Provinces, this marks a real advance in road safety.

The question of the new school regulation which, beginning this year, placed the Easter school holidays in March, regardless of the annual Easter date, thus dividing the winter from the spring school terms on a constant basis, was the subject of some discussion in the House. The Minister of Education confirmed that this was a settled decision and would not be changed because of its obvious advantages to the educational system and program which he considered more important than dislocation of the customary family Easter holiday period.

Mountain WI Annual Sees Small Turnout

The annual meeting of Mountain Women's' Institute was held at the home of Mrs. Robinson with a small attendance. Reports of the year's work showed the Tweedsmuir History book had several additions. A book review was given, and a talk on Safety Conscious Driving. The culture of Switzerland's natives was studied; the 4-H Club girls showed some of their work and awards, and a play was enjoyed.

The highlight of the year's work was the International Night when many of our New Canadians joined with the members and their husbands for an evening of music and games.

Resolutions convener Mrs Berly Bloom had the new officers read their duties from the handbook. Members were asked to name their choice for the Mountain Township Citizen of Centennial year. Hugh Blaine was the popular choice for the men, with more varied choices for the ladies.

OFFICERS INSTALLED

Mrs. Robinson installed the new executive: President, Mrs. Beryl Blom; vice president, Mrs. Helen Butler; secretary-treasurer, Mrs. Nancy Hyndman; corresponding secretary, Mrs. Hazel McLaren; Conveners: Agriculture and Canadian Industries, Mrs. Florence Clark; Citizenship and Education, Mrs. May Cameron; Health and Home Economics, Mrs. Aleitha Wilams; Historical Research and Current Events, Mrs. Eva Simms; Curator, Mrs. Eva Simms; Public Relations Officer, Mrs. Lillian Simms; Resolutions, Mrs. Dorothy Gibson.

Mrs. Y. Gibeault Hosts S. Mountain WI Annual

The annual meeting of South Mountain Women's Institute was held at the home of Mrs. Y. Gibeault of Inkerman on April 18th with a fair attendance. In the absence of the secretary-treasurer, Mrs. Dwain Graham Mrs. Gordon Cleland took over the chair.

The minutes were read and approved by the president, Mrs. Violet Kennedy. Other business was discussed and a new slate of officers was appointed and installed. Mrs. Kennedy thanked Mrs. Gibeault for the use of her home, after which a dainty luncheon was served by the hostess assisted by Miss Lizzie Brontmire.

The next meeting will be held at the home of Mrs. Arnold Shaver on May 16th. Two get-well cards were signed by all present and sent by the assistant secretary, Mrs. John Johnston to Mrs. Dwain Graham and Mrs. Gertis Montgomery who at the time were patients in the Winchester District Memorial Hospital.

Mountain Man Dies In Car Accident

Franciscus G. M. Glaser (Frank), aged 22, of R. R. 2, Mountain, was electrocuted on Wednesday, April 24th when he came in contact with a high tension wire after his car had struck a hydro pole on Highway 43 east of Smiths Falls.

Born at Arnhem, Holland, he was a son of Alfred Glaser Jr. and his wife, the former Margaretha Postma. He was a member of Holy Cross Church, Kemptville, a former high school student at South Mountain, and currently was employed as a technician with Dupont of Canada at Maitland.

He is survived by his parents. three brothers, Alfred and Paul. of R. R. 2, Mountain, and Thomas of Sudbury; and five sisters, Mrs. John Thibert, (Terry), Pembroke; Mrs. James Bimson (Lucy), Montreal; Mrs. Michael Hutchinson (Mary), Ottawa; and Elsie and Monica, both of R. R. 2, Mountain.

The body rested at the Rolston Funeral Home, Kemptville where recitation of the Rosary was conducted on Friday evening at 8 p.m. Father H. R. Wiley chanted requiem high mass at Holy Cross Church on Saturday at 11 a.m. Interment followed in the parish cemetery.

Pallbearers were Charles Burley, Glenn Buchanan, Michael Loughlin, Gary Loughlin, Allan Arcand and Lyle Arcand.

Big Prizes For Big Fish

The Annual "Big Fish" Contest opened last Saturday. The contest, sponsored by the Ontario Federation of Anglers and Hunters, runs until November 17th.

Cash awards total $3200 and range from $100 for the biggest fish in each species to $10.00 for the fifteenth prize.

In addition all fish that meet the minimum weight requirements for the species, qualify for the Master Angler Award. The contest is run in co-operation with the Molson"s Brewery (Ontario) Limited who has provided anglers to date with over $32,000 in cash awards.

Game fish eligible for entry in the contest are Rainbow Speckled and Lake Trout, Walleye (Pickerel), Northern Pike, Large Mouth and Small Mouth Bass, and Maskinonge.

Entry forms must be accompanied by a clear side-view photograph of the fish, and scale samples are requested, if possible.

Entry forms are available at convenient locations throughout the province and can be obtained by writing to The Big Fish Contest, Box 309, Willowdale, Ontario.

Adjustable steel shelves practically let you design your own refrigerator! Four half-width shelves in the refrigerator section can be adjusted to any position, to give you plenty of room to store large foods or small, make the most economical use of space. Shelves have raised side edge to keep food from sliding off. Simply hook shelf into guide at rear for firm, sturdy storage.

Separate temperature controls in refrigerator and freezer sections let you adjust the temperature in either section to any desirable level without affecting temperature in the other. Air-sensing thermostat in refrigerator section continually samples air to maintain the temperature range you choose.

Big, easy-rolling wheels make cleaning under or behind this RCA VICTOR Refrigerator-Freezer a snap. Just give the refrigerator a gentle pull and out it rolls; a push and it's back in place. Wheels adjust from the front for easy leveling. Safety stops lock wheels in position to keep refrigerator in place.

FLOATING-QUIET† rotary compressor is precision built for long life, dependable operation. Compressor has only three moving parts, a rotor and two blades . . . no pistons and no connecting rods. So dependable that it can actually increase in efficiency during the first five years of use, this compressor wears *in* instead of wearing out. Precision built to meet nigh quality standards, it provides maximum operating economy, too. Compressor assembly is actually inverted within the housing and internally suspended by four springs to reduce sound transmission to the housing, insure minimal vibration . . . "floating-quiet" operation. Sealed in steel, factory lubricated for life.

Final Tribute Paid Memory T. W. Howes At Metcalfe

A witness of a good man's life was noted by hundreds as they paid a tribute of respect at his funeral on Saturday, April 13, 1968.

The Rev. Charles Dawes, of Metcalfe United Church, in his service spoke of the fine Christian witness Mr. Howes gave to the community in his early youth, and by his presence on returning visits from Toronto and by his attendance and spiritual and financial support of the Metcalfe United Church and Sunday School since his return to live in the Metcalfe community. Mr. Howes was also a member of the High Park United Church in Toronto, and even in his absence from Toronto gave his support to that church.

Mr. Howes was honoured at the service by officials of the Canadian Pacific Railway, men with whom he had worked, men who spoke highly of Mr. Howes' serivce.

In the service two duets were sung by Ruth Scharfe and her daughter, Thelma Gaudry, of Ottawa. One was a sermon in song, "Life's Railway To Heaven":

LIFE'S RAILWAY TO HEAVEN

"Life is like a mountain railroad
With an engineer that's brave;
We must make the run successful,
From the cradle to the grave;
Watch the curves that fills the tunnels,
Never falter, never fail,
Keep your hand upon the throttle,
And your eye upon the rail.

Chorus:
Blessed Saviour, Thou wilt guide us
Till we reach that blissful shore,
Where the angels wait to join us
In Thy praise forevermore.

You will roll up grades of trial,
You will cross the bridge of strife,
See that Christ is your conductor
On this lightning train of life;
Ever mindful of obstruction,
Do your duty, never fail,
Keep your hand upon the throttle
And your eye upon the rail.

You will often find obstructions,
Look for storms of wind and rain,
On a fill, or curve or trestle
They will almost ditch your train;
Put your trust alone in Jesus,
Never falter, never fail,
Keep your hand upon the throttle,
And your eye upon the rail.

As you roll across the trestle
Spanning Jordan's swelling tide,
You behold the Union Depot
Into which your train will glide;
There you'll meet the Superintendent,
God the Father, God the Son,
With a hearty joyous plaudit
'Weary pilgrim, welcome home'.

Pall-bearers were William L. Booth, Wilmott Stanley, and his nehpwes, Wilton Thompson, Mervin Quinn, Theodore Quinn and John Windsor.

He leaves his widow, the former Mabell Sully, of Metcalfe; two brothers, Frank of British Columbia and Charles of Metcalfe. He was predeceased by a five and a half months old son, Thomas Wilton Howes.

Interment was in Metcalfe Union Cemetery.

Counties Accept E.O.L.S. System To Establish Bookmobile

The Council of the United Counties of Stormont, Dundas and Glengarry has formally accepted the offer of the Eastern Ontario Regional Library System, to establish a pilot bookmobile program. This program will be financed by the regional system for a period of three years and will be carried out from the Simon Fraser Centennial Library in Cornwall.

Organization of routes and stopping places for the bookmobile is expected to start this week. Ordering of the bookmobile, which had to wait for formal approval by the United Counties, will be done within days.

Mrs. Anne Nyland, chief librarian of Simon Fraser Library will be in charge of the bookmobile program for the counties. The vehicle will carry approximately 3,000 books, both for adults and children. The bookmobile will primarily be directed at the general population of the United Counties, but will, as much as possible, also stop at those schools which request the services to complement their school libraries.

Mrs. Nyland points out that one bookmobile will not suffice to give frequent service to all points in the United Counties, but a determined attempt will be made to visit every stop once every four weeks.

Starting schedules will be published during the summer.

TWO DAY SESSION

The Factory Door Way

The Barrie Rubber Company is a manufacturer only. Therefore, all expensive promotion, marketing and factory advertising has been eliminated. The only extra you pay is 15¢ transportation from factory to in and around Toronto and up to 60¢ for distant areas, plus 75¢ installation. Turnpike Safety and Standard Deluxe are fully Road Hazard Insured and are built with super-strong DuPont nylon cord. On Turnpike Standard you carry your own insurance and get the benefit of lowest prices.

BUILT TO MEET or EXCEED CANADIAN and U.S.A. SAFETY STANDARDS
