Morrisburg Boy Gets Wings Was Prominent Athlete

Sgt. Pilot G. C. Coons, son of Mrs M. A. Epplett, of Morrisburg, was among those receiving their wings at Aylmer, Ont. Before enlisting in the R.C.A.F., Gilbert attended Morrisburg Collegiate and later Ontario Agricultural College at Guelph.

While at these schools he was a track and field athlete, and in 1938 almost single-handed wrested the Gerald Meikle Memorial Cup for track and field events from Cornwall for Morrisburg Collegiate.

Gilbert is one of three brothers in the Air Force. His older brother, Herb, is now overseas, and a younger brother, Willis, formerly an N.C.O. at the Cornwall Training Centre and later a member of the R.C.A.F demonstration squadron, is now located at St. Johns, Que.

The two elder brothers selected pilots' courses, while the youngest, Willis, will be an observer.

URGE FANNING MILLS BE RECONDITIONED NOW

John D. MacLeod says Now is Time to Repair Farm Machinery Needed in All-Out Crop Production for 1942.

IT IS GOOD farm management during peace or war to plan for spring and summer work at this time of the year, says John D MacLeod, Crops, Seeds and Weeds Branch, Ont. Dept. of Agriculture. The repairing of farm machinery is a job which can and should be done during the winter months. If the work is delayed until spring rush, time and labour which could have been utilized during the winter months, will have to be diverted from other jobs requiring immediate attention. Difficulty in obtaining parts and repairs may be experienced and the all-out crop production program for Ontario farms for 1942 may be seriously affected.

The fanning mill will be the first implement to be required and should therefore be the first to be put in working condition. Screens, frames, fan blades,wind boards, castings buckets, chains, etc. should be checked and the necessary parts and repairs ordered.

A shortage of zinc for screen material is anticipated and therefore, orders should be placed early. Each frame should fit snugly in the shoe, and screen material should be stretched tight and even on the frames. When not in use screens should be stored in a dry place, preferably on their side.

The mill should be set level and solid. The wind blast is regulated by the speed and uniformity at which the shaft is turned. When turning by hand a uniform speed is difficult to obtain. Regardless of what make of mill one may have it is possible to operate with power. The job of turning the crank by hand is out moded on many farms and a more satisfactory cleaning job can be accomplished by a power hook-up.

The advisibality of two or more farmers purchasing a new mill or reconditioning an old one has possibilities whch should be investigated.

C.H.S. Takes Second in Row With 7-1 Win Over Morewood

The Chesterville High School Hockey Team scored its second successive victory here Friday night by swamping Morewood 7-1. Cameron trying for his second successive shut-out of the season was denied when Barrington broke through the defence and slammed a fast one past him for the visitors' only score of the game.

With ten minutes left in the first period, Bouck gave the locals their first score of the game. From that moment on, Morewood's defence seemed to weaken under Chesterville's driving attack. Four goals were scored in as many minutes to put the locals ahead 5-0. In the second, Ronnie MacMillan broke through and, catching Trudeau off guard, added another to the locals' score.

The third period was an exact repetition of the first. Both teams played wide-open hockey and in doing so gave the fans a great thrill. Jack Doering scored the only goal of the period, to make the final score 7-1 in favour of Chesterville.

First Period.

Add: War Haters.

After a long talk on the value of peace, goodwill, and disarmament, a teacher asked if the class objected to war.

"Yes, sir, I do!" said one boy.

"Good! Tell us why."

"Because." said the boy, "wars make history, and I hate history."

Worked Both Ways.

"Have you ever laughed until you cried?"

"Yes, I did so this morning,"

"How?"

"Father stepped on a tack, I laughed. He saw me. I cried."

By-Law No. 646 Of the Village of Chesterville, In the County of Dundas

A BY-LAW of the Village of Chesterville, in the County of Dundas, for licensing, regulating and governing keepers of stores and shops where cigarettes, tobacco, cigarette wrappers, cigarette papers and cigarette tobacco are sold by retail and for revoking any licence granted.

The Municipal Council of the Corporation of the Village of Chesterville enacts as follows:-

1. Upon and immediately after the passing of this by-law and upon the First day of January in every ensuing year there shall be taken out by every owner or keeper of a store or shop in the said Village who sells or keeps for sale by retail cigarettes, cigarette wrappers, tobacco, cigarette papers and cigarette tobacco a licence, for which said licence the person so obtaining the same shall pay the following licence fee at the time of making the application and, or contemporaneously with the issue of such licence. A licence for the sale of tobacco, cigarettes, cigarette wrappers, cigarette papers and cigarette tobacco shall be $10.00 per annum.

2. Notwithstanding that any keeper of a store or shop where tobacco, cigarettes, cigarette wrappers, cigarette papers and cigarette tobacco are sold obtains such licence he shall not nor shall any person in said village either directly or indirectly sell or give or furnish to a child under sixteen years of age cigarettes, cigarette wrappers, cigarette papers or cigarette tobacco, but this section shall not apply to a sale to a child for his parent or guardian under written request or order of the parent or guardian.

3. Any person who appears to a Police Magistrate before whom a complaint is laid to be under the age named shall be deemed to be under that age unless it is proven that he is in fact over that age.

4. No licencee under this by-law shall permit any person under the age of sixteen years to loiter in any store or shop kept by him in which tobacco, cigarettes, cigarette wrappers, cigarette papers and cigarette tobacco are sold.

5. From and after the passing of this by-law every keeper of a store or shop in the village of Chesterville who either directly or indirectly sells by retail any tobacco, cigarettes, cigarette wrappers, cigarette papers or cigarette tobacco unless such keeper of a shop or store have previously taken out the licence required by this by-law shall for each offence be liable to the penalty hereinafter enacted for an infraction of this by-law.

6. It shall be lawful for any Constable or Peace Officer in the Village of Chesterville or for any person appointed by the Corporation for the purpose to enter into any shop or store where it is suspected that tobacco, cigarettes, cigarette wrappers, cigarette papers or cigarette tobacco are sold, and to demand of the owner thereof to be shown any tobacco, cigarettes, cigarette wrappers, cigarette papers or cigarette tobacco which he has in stock and to make a memorandum of same for such purpose as may at any time be required.

7. Notwithstanding anything hereinbefore contained the Municipal Council of the Village of Chesterville may reduce the amount of licence fee for the remainder of the current year to such sum as they may think desirable, provided, however, that such reduction shall not be less than would amount to at least $2.00 per month for every month during which the licence is granted.

8. Every licence issued under the provisions of this by-law shall be signed by the Reeve and Clerk of the Village of Chesterville and shall have attached thereto the Corporate Seal of the said Village and may be in the form following:-

"$
RECEIVED from .....
the sum of $..... in consideration of which the said .....
is hereby licensed to sell tobacco, cigarettes, cigarette wrappers, cigarette papers and cigarette tobacco in the Village of Chesterville for the ..... months commencing on the first day of ..... and ending on the ..... day of ..... 19....

....
Clerk Reeve
(SEAL) "

9. Every holder of a licence to sell tobacco, cigarettes, cigarette wrappers, cigarette papers and cigarette tobacco by retail shall keep said licence prominently posted up in the store or shop where such sales take place.

10. The Municipal Council of the Village of Chesterville may on proof being made before it that any owner or keeper of a store or shop in said Village to whom a licence has been granted hereunder has been guilty of an infraction of any of the provisions of this by-law or has permitted persons under the age of sixteen years to congregate and smoke ciragettes in a store or shop kept by him or upon any owner or keeper of a shop or store in said Village being convicted of an infraction of this by-law may at its option revoke any licence granted under this by-law without being liable to refund any portion of the licence fee paid for same and may authorize the Village Constable or other Peace Officer to demand and receive from any owner of a store or shop guilty of an infraction of this by-law a delivery of the licence granted to him under the provisions hereof.

11. Any person or persons guilty of an infraction of any of the provisions of this by-law shall upon conviction thereof before a Police Magistrate having jurisdiction in the County of Dundas forfeit and pay at the discretion of the said Police Magistrate convicting a penalty not exceeding $50 00 for each offence exclusive of costs, and not less than $2.00, which penalty shall be recoverable as provided by the Summary Convictions Act of the Province of Ontario.

12. By-law Number 563 and Amending By-law Number 611 are hereby repealed.

PASSED, SIGNED AND SEALED in open council this 14th day of JANUARY, 1942.

SAVE RAGS

THESE MATERIALS ARE VITAL TO WAR INDUSTRY
METALS (PARTICULARLY THOSE OF IRON AND STEEL)
RAGS
PAPER
FATS AND BONES

ALL war industries need **rags** . . . handfuls of rags . . . pounds of rags . . . tons of rags. And **you** can help supply them.

Without rag wipers to clean the cutting lubricant from planes, millers, drills, lathes, Canadian war workers would be inefficient, their output reduced, their efforts hampered.

Without rags, explosive plants would slow up, aeroplane factories would find their production cut, and wheels of shell factories would dawdle.

Start an old-fashioned rag bag in **your** house **today**. All kinds of old, worn-out, too small and otherwise useless garments are badly needed by war industries—everything from cotton underwear to old shirts and ties—from Grandpa's red flannels to Grandson's seatless corduroy pants.

These are real sinews of war which **you** can supply. Every rag in your home should go to war industries through your Salvage Committee. Clean **out** and clean **up** on Hitler!

JUNIOR C.W.L. PLEDGES CO-OPERATION OF ITS MEMBERS

The Junior Catholic Woman's League of Pembroke, Ontario has broken new ground as far as woman's organizations in Eastern Ontario are concerned by voluntary proffering the pledged co-operation of every one of its members to the Wartime Prices and Trade Board in connection with the operation of price control legislation. This decision was reached by the organization at its meeting of the year.

In view of the fact that the Board is leaning heavily upon the women of Canada in regard to the enforcement of price control, this instance of unsolicited co-operation is much appreciated by the staff of its Eastern Ontario regional office at rBockville which would be delighted to hear of other woman's organizations reaching a similar decision.

Special Junior Red Cross Appeal for Child Victims

Instructions from V. K Greer, the Chief Inspector of Public and Separate Schools, and Chairman of the Ontario Division of the Junior Red Cross, have been received by local inspectors of schools, asking them to circularize all schools respecting a special appeal for funds from the children of the elementary and secondary schools on behalf of child victims of bombings in the British Isles. The appeal is being made on the authority of the Junior Red Cross.

Briefly, the plan is that every pupil in all elementary and secondary schools try to contribute a small amount towards the fund. The amount aimed at is an average contribution of five cents each for every pupil in an elementary school and ten cents from each pupil in a secondary school. It is suggested that, if possible, each child should earn the contribution he makes. The objective is a total of $35,000.

The local inspector of public schools W. J. Stewart, is mailing out details to all public and secondary schools of the county this week All contributions from the schools are to be sent to the office of the local inspector, who will make returns to Toronto immediately after the close of the campaign, March 31.

Death of Miss Violet Trickey Regretted at Williamsburg

A bright life was closed January 16 in the death of Miss Violet Trickey at her home in Williamsburg.

Miss Trickey was the oldest daughter of the late Melvin O. Trickey and Jennie Henderson. She was born at Athens and was in her 41st year. She was a devoted and faithful member of St. Andrew's United Church, and for several years was president of both the Young People's League and the Women's Missionary Society, in which she was efficient, and her death leaves a vacancy which cannot be easily filled. She was a member of the Williamsburg Women's Institute and gave loyal support to its work.

The funeral was held Sunday afternoon from her home to St. Andrew's United Church, where the large attendance of friends testified to the high esteem in which the deceased was held. Rev. E. C. Lacey conducted the service, assisted by Rev. Mr. Caswell of Ottawa.

The many beautiful floral tributes which surrounded the casket were tokens of sincere love, esteem and sympathy.

During the service, Miss Evalene Barkley sang "Good Night Here, But Good Morning Up There." The choir, with Mrs. R. A. Merkley at the organ, led in the singing of the hymns.

Members of the Women's Missionary Society, in a body at the service, paid their final respects to one who was a Life Member of the society.

Pall-bearers were Ward Casselman, Wilbur Garlough, Robt. F. Norval, Grant Alguire, Ross Wingard, Ethan Alguire.

Problems of Organization Detailed by Local President

Speaking of the work and difficulties faced and overcome in organizing the farmers of the "Concentrated Milk Prodcers Association," Hugh Smith, president of the Chesterville Local, told members of the Rotary Club on Tuesday evening, "We farmers are not striving to tear others down, but to build ourselves up."

Eight years ago the "Concentrated Milk Producers Association of Ontario" was formed. The farmer, always regarded as a "superstitious" fellow, was a little afraid to sign up before he learned it was for his own benefit. A few years ago it was considered any man could farm and make a success of it, but today it is recognized that the farmer needs as much education as the average business man if he is to succeed. He must study markets, feeding methods, soil, and the best type of live stock, and decide whether new machinery is needed or if the old will do for another year.

The work of the labour unions was watched closely, and three years following the organization of the Whole Milk Producers League the farmers marketing milk with the concentrated plants, condenseries, etc., became organized. A provincial board of directors was set up at Toronto; from each milk plant they served, one-half cent a hundred pounds of milk is collected by the association of which 15 per cent is returned to the locals. The farmers selling milk to the Chesterville plant of Nestlé's Milk Products (Can.) Ltd. contribute about $2,000 annually.

The local associations hold an annual meeting of all producers and the business of the year is reviewed, and officers elected. There is an executive of seven men, from whom four are chosen to attend the annual meeting of the parent association in Toronto Head office calls two meetings each year, the semi-annual and annual.

The provincial board of directors is elected from 80 representatives or the 27 locals across the province. These locals represent 8,000 milk producers shipping milk to concentrated plants or condenseries.

Nestlé's in Chesterville is about the largest of the concentrated plants in the province, others are Chateau Cheese at Maitland; Libby, McNeil and Libby, and General Milk Products at Brockville; Cow and Gate at Gananoque; Ame Dairy at Sydenham and Napanee; one plant at Picton; Malcolm's Condensery, St. George; Ward Rice at Villa Nova; Borden's have nine plants, Ingeroll, Norwich, Belmont, Hickston, Simcoe, Tillsonburg, Princeton and Burd; Neilson's are at Beachville; Carnation, at Aylmer, and Kealey Casein plant at Norwich.

Harry Scott, president of the Ontario association, is considered one of the outstanding farm leaders in Ontario today, and is also president of the Ontario Federation of Agriculture.

Three full time men and a stenographer are in head office. Erle Kitchen, secretary-treasurer, is also a member of the Ontario Milk Control Board.

Two men are employed as field men or check testers and they visit each of the 27 plants in Ontario. They check composite samples at the plant, the weigh scales, and experiment with fresh milk samples. They will also make individual tests of the cows in the herd of any member. By this method the producer is able to weed out the low testing members of his herd and build up a high standard of butter fat.

Mr. Smith stated that Nestlé's have given the Chesterville Local every assistance in this work, allowing the field man to use the plant's equipment in testing over 450 cows in this vicinity.

The association is studying export and domestic markets; is interested in producing a good quality product and demanding a good price for it. It is felt that agriculture is the basic industry and must be raised and kept on a level with labour and industry The support of all strong thinkers is required. Organized agriculture is demanding a national policy for its affairs. The association is affiliated with and is assisting the Canadian Federation of Agriculture. All of the provinces are represented in this Federation.

The two leading principles of the Federation are: 1. There must be an immediate and substantial increase in farm income in relation to the national income—one-third of the population, the farmers, receive one-tenth of the national income; 2, a properly coordinated National Policy for Agriculture should be drawn up and should include marketing as well as production problems.

At the annual meeting of the Chesmunity Theatre was packed with memmunity Hall was packed with members. Every man but one voted in favour of organization.

When cheese prices jumped last year and sent milk up to $2.50 for 3.5 test, the price ceiling kept the price paid by condenseries to $1.70. The Nestlé's plant, Mr. Smith said, was the only such factory in the province paying this top price. The Association appealed to Ottawa and a subsidy of 40 cents per 100 was agreed upon commencing Dec. 22. Consultations with the president of Nestlé's resulted in a further increase of 25 cents, so that local farmers are now receiving $2.35 for 100 pounds of milk.

Organized agriculture is prepared to go all-out in efforts to supply England and her Allies with sufficient food to feed the armies and civilian population. There is no one more patriotic in Canada than the farmer, the speaker asserted in closing

Introduced by W. E. Marshall, Mr. Smith was thanked by Keith Graham.

H. Brown, secretary, reporting the results of the directors' meeting, stated the club had donated $10 to the Chinese War Relief Fund, to which all service clubs in Ontario are contributing; $10.00 to the Russian War Relief Fund. The local Red Cross society is to be asked to name a member to the Blood Donors Committee. This is required as the Red Cross is negotiating a blanket insurance to cover all blood donors and drivers.

The club is backing the organization of a badminton club and has provided $100 for the purchase of equipment and one month's rent for the Community Hall.

B Allen, A. L. Bailey, W. P. Markle and K. Graham were named to the committee to direct the organization of the badminton club.

R. C. Dillabough and H. G. Bigelow were named to a Counties' Committee headed by Jos St. Denis, Cornwall, probation officer to enquire into juvenile delinquency.

O. L. King spoke of plans for the new Victory Loan drive, stating a meeting would be called in the very near future.

Western Wheat

We will sell on

Monday, Jan. 26, at Chesterville Station a Car of No. 3 Northern Wheat at $1.35 at car

in your your own bags. Ton lots delivered for 5c per cwt. more

Today No. 3 Northern wheat is a better buy for live stock feeding than either oats or barley, so Prof. R. G. Knox assured a meeting of short course students at the Ontario Agricultural College this month. In view of the fact that stocks of barley and oats are short in both west and east for the amount of live stock that is being fed in Canada and that there are abundant supplies of wheat, feeders everywhere will be interested in this advice that the head of the Animal Husbandry Department at Guelph proceeded to give his students.

Medal for CBC Writer By Czech Government

In appreciation of services rendered to the Czechoslovakian Government, Harry Ernest Foster, CBC script writer, has received a medal from the Czech representative in Toronto.

This medal has an interesting history. It was adopted by Benès after the occupation of Czechoslovakia, as the exiled government's only means of saying "thank you" to its friends. It was designed in secret by an artist who is still in Czechoslovakia, and the dies were smuggled across the border On one side is the coat of arms of Czechoslovakia, and on the other is a symbolic picture of a Czech warrior in chains, with the motto "We Shall Be Free Again."

In making the presentation, the Czech consul said that Czechs and Slovaks all over Canada have written their appreciation of the skill and accuracy with which Foster told the story of their fellow-patriots who are carrying on the battle against their Nazi oppressors. This script was one in the current series honouring the "Brothers in Arms" who are defending freedom throughout the world. "Brothers in Arms" is broadcast to the National Network at 10.30 p.m., EDST, each Wednesday evening.

SHE COMES AMONG FRIENDS

When Rose Brampton comes to Toronto to take soprano lead in Purcell's "Dido and Aeneas", she will be coming to the city which contains some of her most devoted admirers—the soldiers at Christie Street Hospital.

When she was in Toronto recently on a recital engagement, she volunteered to give a preliminary concert for the soldiers at Christie Street. Ordinarily, such concerts are held in the Auditorium, but when Miss Brampton heard that many of the men would be unable to come to the great hall she offered to go through the hospital wards and sing in each one. There are seven different wards, on three floors, but Miss Brampton and her accompanist visited each one. She sang in all, seven full groups which is more than the equivalent of two full concerts.

Miss Brampton scored a tremendous success in her scheduled recital the next evening, but she says her hospital concert before the soldier audience was the most satisfactory one, as well as the most warmly received, in her long career.

"Dido and Aeneas", led by Sir Ernest MacMillan, is the second in CBC's current season of British Ballad Operas, and will be heard from 9.30 to 10.30 p.m., EDST on Sunday, January 25th.

ON ACTIVE SERVICE

From Ottawa comes word that William Strange, CBC script writer has been attached for special duty to the Plans and Signal Division of the Royal Canadian Navy, with the rank of Lieutenant-Commander. Last winter Mr. Strange went to Britain as CBC's special observer; his script "Atlantic Crossing", gave Canadian listeners an extraordinary vivid picture of the Battle of the Atlantic as it was being waged in the winter of 1940. . . The producer of the CBC series—"They Fly for Freedom" recently joined the ranks of those whose exploits he portrayed in broadcast drama. Ian Smith who was a member of the R.A.F. before the war, is now serving with the R.C.A.F. Ferry Command.

MET. AUDITION

Catharine Judah, young Canadian contralto, has had the honour of being chosen for the Metropolitan Auditions of the Air on January 25th. Miss Judah is a graduate of the McGill Conservatorium of Music, and a winner of the coveted prix d'Europe. Despite her intensive work as a scholarship student at the Juilliard school of Music in New York, Miss Judah has found time for many flying visits to Toronto, to take a leading part in many of CBC's musical productions.

IMPORTANT ANNIVERSARY

When the "Carry On Quartette" opens the broadcast at 8.30 p.m., EDST on Sunday, January 25th, it will be the 100th consecutive programme in this war effort feature which is presented by the CBC in co-operation with the Department of Public Information. Stanley Maxted inaugurated "Carry On, Canada" in February, 1940, and wrote the first scripts; when he went overseas to the BBC, the production was taken over by J. Frank Willis, head of the CBC Features Department. Scripts have been written by Allister Grosart, Harry Ernest Foster, Don Henshaw, and William Strange. Throughout the past two years, the music has been prepared and conducted by Samuel Hersenhoren.

YOUNG CANADA SPEAKS

The exigencies of war have laid a heavy hand upon the Ontario Agricultural College at Guelph, but this institution continues to develop trained agriculturists. As in former years Don Fairbairn is featuring a series of weekly discussions with senior students from the College. In the first three of these young people discussed scientific agriculture, and on Thursday, January 29th, they'll present their views on an important subject these days, "Young Canada on the farm." These undergraduates will be the leaders of to-morrow in Canadian agriculture, and as such their ideas about Youth's future on the farm should be interesting. These discussions are heard on the Farm Broadcast for the Ontario and Quebec Region at 12.30 Standard Time or 1.30 p.m. Eastern Daylight Saving Time.

FROM PUERTO RICO

Puerto Rico is an island in the West Indies. It is only 100 miles long and about 39 miles wide, but during the 16th and 17th centuries it was the scene of constant battles for possession between the French, English, Spanish and Dutch. The dramatized story of Puerto Rico's romantic early days will be heard during the first portion of "The Americas Speak" Sunday, January 25th (7.00 to 7.30 p.m., EDST on CBL and the Southern Ontario Network). The second half of the programme will give a picture of the life, culture and customs of Puerto Rico today, and will be broadcast direct from the capital, San Juan.

It doesn't cost to advertise in The Record—It Pays.

Straders Hill

Mrs. Lydia Hanson spent some time with Mrs. Henry Hanson, Mr. Hanson being seriously ill.

Mr and Mrs. Guy Strader entertained to a six o'clock dinner, Mr. and Mrs. Edwin Johnston and son Lawrence, Mr and Mrs. John F. Casselman and Nina and Ivan, on Thursday evening.

Mr. and Mrs. Mahlon Strader, Mr. and Mrs Gordon Christie, Williamsburg, and Mr. and Mrs. Hogoboam, of Winchester, were guests of Mr. and Mrs. Wilburn Strader on Sunday.

Mrs. Herb Hanson has returned home after spending some time with Mrs. Ross Wingard who has been very ill.

Rev. Mr. Lister, of Dundela, was calling through here on Monday afternoon.

Callers and visitors of Mr. and Mrs. Henry Hanson on Sunday were Mr and Mrs. W. McGowan and daughter, of Dundela; Mrs. A. Riddell, Mrs. Nettie Strader and Mr. R. Innis, of Brinston; Mr. and Mrs. E. Pitt and Olive Strader. Mrs. E. Pitt remained overnight with Mrs. Hanson.

Provoking.

Or Being Roasted

A new system of memory training was being taught in an English village school, and the teacher was becoming enthusiastic.

"For instance," he said, "supposing you want to remember the name of a poet—Bobby Burns. Fix in your mind's eye a picture of a policeman in flames. See—Bobby Burns?"

"Yes, I see," said a bright pupil. "But how is one to know it does not represent Robert Browning?"

Experiences Resemble Fairy Tales

Children's Aid Society of United Counties Has Interesting Cases Recorded in Its Files.

THERE ARE many interesting cases come to the attention of the Children's Aid Society of Stormont, Dundas and Glengarry. Some of the histories of cases on their files make one almost believe in fairy tales.

One child, 13 years of age was reported to the Society to be unable to walk except on her hands and knees, unbelievable though it may seem. Her parents refusing to permit her to go to any hospital, the Superintendent, H. C. Nugent, had recourse to court action under the Children's Protection Act, and the child was made a ward of the society. She was then given the necessary care and treatment and at the present moment can walk short distances without any supports. It is hoped that eventually she can be made self-supporting.

Another crippled child was in hospital without a home to which he could be discharged. His father had died when he was in hospital and the mother had passed away some years previously. A survey was made of existing relatives but it was impossible to have him taken to any of them as they were looking after other members of his family. The court made him a ward of the Children's Aid Society and he was placed in a good home. While there has not been the spectacular progress as in the former case, he has been kept well, comfortable and happy.

Most people do not realize that the society can only care for children whom the court finds to be neglected. They are not a relief organization and while they work with family making every effort to encourage better standards of care for children, any child who is being endangered must be planned for in order to protect the children, it is sometimes necessary to remove them from their own homes. Evidence of real neglect, physical, mental or moral, must be found before the society takes court action in these cases. It is not generally understood that it is the courts which decide that a child comes under the care of the Children's Aid Society. The superintendent and his assistants cannot retain a child in care for any length of time without this authority.

An absent-minded man called upon his old friend, the family doctor. After chatting for a couple of hours, the doctor saw him to the door and, as he was shaking hands, said: "Come again soon, old chap; family all well, I suppose?"

"Good Heavens!" exclaimed his visitor: "that reminds me. My wife's in a fit."

Ranks Depleted

Among the evacuees arriving in a village were two boys very much alike.

"Twins?" asked the billeting officer.

"No, sir," said the lads in unison.

Then, when he filled in their forms, he noted they both gave the same birthday.

"But you said you weren't twins" he exclaimed,

"We ain't, sir. We're what's left of triplets."
