Knox Church Holds Outing To Gatineau

Forty members and friends of Knox Presbyterian Church held a bus-outing to view the changing of the leaves in the Gatineau Park, north of Ottawa, on Sunday afternoon, October 6th, leaving from the church parking lot at 1:30 p.m., via Strader's Bus Lines, and returning at 8:30 p.m. The weatherman provided 72 degree weather, and the viewing of the colorful panorama of the Gatineau was exceptional, with good breaks of sunshine to "show-off" the leaves. Members of St. Andrew's Church, South Mountain, participated in the event.

Viewing the Fall display from the highest Lookout was a treat for many of the passengers who had never been into the Park before, and our amicable bus driver, Bill, gave everyone a good view as the bus skirted through the whole parkway.

Dinner at the Moorside Tea Room in the heart of the parkway, and on the late W.L. MacKenzie King's estate, was a hihglight of the day's outing, with everyone partaking of the delicious fare offered by the Inn. Just before the bus left for home, a surprise birthday cake was presented to the Rev. Hibbs, with Mr. Arie den Hartogh reading a comical (yet at times serious) poem, all of which was received with great applause, and the usual traditional song. Mr. Hibbs thanked everyone, and the cake was shared as a special treat.

As a project of the Knox Centenary Committee, during this year of the 100th anniversary of the congregation, the bus-outing proved highly successful, with everyone expressing a desire "to have more of these outings" at the conclusion of the day.

A special "thank you" was extended to the bus-driver for his courtesies and Miss Dacie MacKenzie presented him with an envelope-collection, on behalf of all his satisfied passengers.

The Knox Centenary Committee has future plans for an ecumenical service in November, and plans have just been confirmed for a year-wnd "Centennial Ball" in the Iroquois Civic Centre Auditorium, Saturday evening, December 28th, with the favoured orchestra of Gordon Durant, Smiths Falls, again offering the music for this close-out celebrative evening, and for which tickets will be sold to members, friends, and interested parties of the community.

This Sunday, October 13th, Thanksgiving Sunday Services, will be held in Knox Church at 11 a.m., with a special repertoire of sacred anthems by the Knox Senior Choir, the service being devoted to singing praise. The dedication of a marriage - kneeler, the gift of Mr. and Mrs. Arie den Hartogh, will also take place. The Knox Church School classes will hold Junior and Senior Department special assembly's on Thanksgiving Sunday, with the showing of films and related programs for youth participation. Weekend visitors are cordially invited to Sunday's service.

Double Ring Ceremony Iroquois United Church

On Saturday, September 7, 1974 at Iroquois United Church was the scene of a pretty double ring ceremony between Bonnie Lee Casselman, eldest daughter of Mr. and Mrs. Donald H. Casselman, R.R.#2 Iroquois and Clare Robertson Shaver, youngest son of Mr. and Mrs. Jack Shaver, Iroquois. Rev. Brian Gee officiated. The wedding music was played by Mrs. Chas. McInnis and the soloist, Robert Thompson sang two hymns.

Given in marriage by her father the bride was attired in a long white gown of Crystaline, with traditional empire waist, a front bodice of guiprere lace and matching built in the train. The gown was enhanced with a stand up collar and long sleeves trimmed with large gruprere lace cuffs. She carried a bouquet of red roses and white carnations.

The brides attendandants were Betty Casselman, sister of the bride and Pat Dickson. They wore identical floor length gowns of blue bridal sheer flocked with tiny baskets of flowers. The maid of honour, Debbie Casselman, sister of the bride also wore a full length gown, but of pink bridal sheer. The flower girl, Chrystal Lamoureaux, cousin of the bride, wore a gown identical to the bridesmaids. They carried boquets of pink, blue and white carnations with matching flowers in their hair.

Groomsman for his brother was Arthur Shaver. Ushers were Ed Shaver, brother of the groom and Allan Casselman, brother of the bride. Ring bearer was Michael Steward, small friend of the bride and groom.

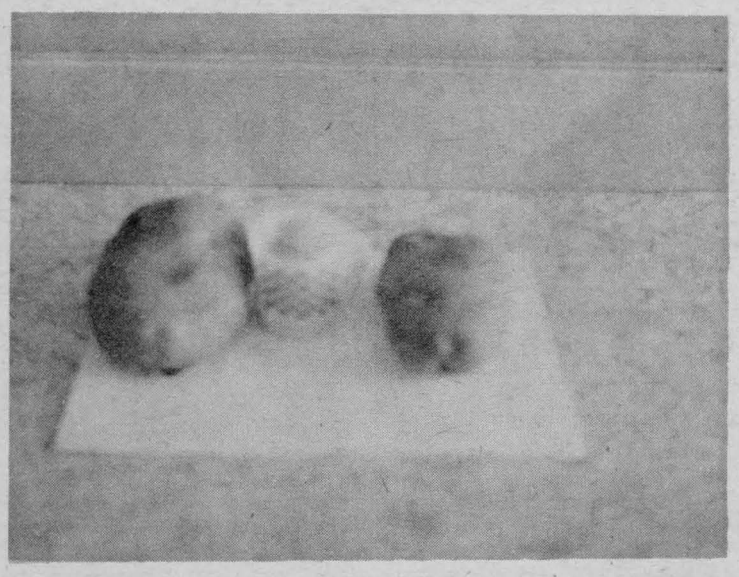

Following the ceremony a reception was held at Iroquois United Church Hall. For receiving guests the bride's mother wore a floor length pink gown of silk crepe with white accessories and a corsage of pink roses. She was assisted by the groom's mother, also in a floor length gown of multi-coloured Arnel jersey with brown accessories and a corsage of white carnations.

Following the reception there was a lawn party at the home of the bride, preceeded by a dance at the Morrisburg Legion.

For her honeymoon, the bride chose a pink pant suit with a corsage of pink carnations. The couple left for a short honeymoon to Western Ontario.

Guests attended from Ottawa, Prescott, Perth, Iroquois, Morrisburg and Cornwall.

Commencement At Seaway This Friday Night

Potatoes Keep Growing

Percy Micklewright in the second concession of Matilda won't be outdone when it comes to growing big potatoes and this week sent in a 3 lb. spud of the Kenebec variety... a family meal in one potato.

Opening Meeting Of C.W.L.

The opening meeting of the fall term of the C.W.L. was held recently at the Grenville Lodge in Maitland. The opening Prayer and grace was said by Father O'Connor. The president of the league Mr. DeBellefuille then welcomed everyone for attending, especially the new members and hoped they would continue to show an interest in the work of the C.W.L. A special welcome was made to Sister Loretta McRae who was formerly of this Parish and is now Superior of Notre Dame convent in Sherbrooke Quebec.

Mrs. DeBellefeuille then made a few announcements of Special Events that were coming up in the near future. The next meeting will be held October 21 at the Rectory with special guest, Father Keyes from Lanark Ont. Father Keyes is the newly appointed Chaplain of the C.W.L. replacing Father Vickers.

Sister Leonard then introduced the Guest speaker for the evening, Mrs. Carmel Foster, the Diocesan, President from Kingston Ont. She gave a very interestint talk on C.W.L. work.

Mrs. Marg Rooney then thanked Mrs. Foster for coming and presented her with a small token of our appreciation. Father O'Conner then said the closing prayer and thanked everyone for being present. A very splendid evening was enjoyed by everyone.

Explain Liquor Vote In Village

The L.C.B.O. Inspector has pointed out to the Village Council that all functions at the Civic Centre, such as dances and banquets, having a liquor bar, are illegal at the present time. He suggested that a vote be taken in accordance with the Liquor Licence Act to make these functions legal. Accordingly the Council passed a By-law to hold a liquor vote at the same time as the municipal election on December 2nd, 1974. This has now been approved by the Liquor Licence Board and a notice to this effect is published in this edition of the Post.

Personal Note

Mrs. Batchelor is back from a fortnight's visit in the Eastern townships with her daughter, Mrs. Webster and husband in Foster, and a sister-in-law, Mrs. L. R. Batchelor in Mansonville.

Personal Violence

Most of us, unless we've been in a brawl, raped or knocked over the head for our money, don't relate personally to violence.

Violence is something editorials deplore, television showcase, and theatres exploit. We're insulated by distance from far-off wars, revolutions, racial demonstrations and labor unrest. Or are we?

What about the violence around us in which we wittingly or unwittingly take part? The salesperson who puts one over on the customer, lawyers who cut ethical corners, stockbrokers who "pump up" stocks, executives who squeeze competitors, advertisers who misrepresent, pliticians who covert half-truth to truth, teachers who ridicule?

What about the thousands of thoughtless social violences -- an alcoholic's effect on the family, the review which demolishes the artist, the person who never quite makes it into the club or social group she yearns for, parents too busy and tired to hear a child's plea -- the violence men do women through heedless paternalistic practices and attitudes -- the hurt caused by not sensing, seeing other's needs?

Violence is intensely personal. It begins with individuals and it can end through individual action. Can anyone of us look into our soul and plead immunity?

Thanksgiving ...

Thanksgiving Day? Whatever for?

Families who shop for groceries and find that twenty-five dollar's worth can be contained in a couple of brown paper bags; who listen, night after night to the regular load of disaster on the eleven o'clock news, are likely to feel more than a little cynical.

Obviously contemporary life is no paradise-but wait; on balance there still is a good deal for which to be grateful. Money may evaporate, but when - until our generation - has it been accepted that no family's income must be allowed to fall below a certain munimum, not as a hand-out, but as their basic right. When before now, have all Canadians had access to good medical care, irrespective of financial standing?

On a broader canvas, when before in history has the notion that rich nations have a responsibility to share their bounty and their skills, ever been entertained, let alone been acted upon? Surely these are realities for which to be grateful.

So is the current concern for the good earth Parks and green belts within and around our cities are growing; men and women realize their need of contact with basics if they are to be whole. Urban or not, we still depend for physical sustenance on the fruit of soil and water and wind and sun - those marvellous elements our fathers recognized as the gifts of a Creator God.

A thankful heart is not outmoded, and a pause to express it, enriches us all.

Commencement At Seaway

This Friday Night

Bill Smiley

LET ME TELL YOU ABOUT THE FUTURE

This week, I'm going to make two predictions. For too long, I've been hiding my light under a bushel, when it comes to forecasting, and it's time to come out from under the bushel and reveal that I am somewhat of a seer, when it comes to the future.

Years ago, I came out against capital punishment. It was done away with. I said we should let Red China into the U.N. It was done. I said the trout were disappearing from our streams, because of pollution. They did. I suggested I would never be rich. I'm not.

But nobody paid any attention. Only within the family did anyone realize that I had the gift of prophecy. I told my son, "If you don't stop goofing around, you're going to flunk out of college." He did. I told my wife, "If you don't stop worrying so much about everything, you'll be a nervous wreck." She is. I told my daughter, "If you pick that baby up every time he utters a whimper, he'll be spoiled silly." He is.

You see, even my own family didn't put much faith in me, even though I'm always right. I'm somewhat like Cassandra, the lady from ancient Troy, who was given the gift of foreseeing the future, and, at the same time, the curse that nobody would ever believe her.

O.K. It's time to go public. If I'm right, I'll have politicians and poets, actors and authors, beating a path, to my door. Will I win? Will I be famous? Will I wow them? Will I write the great Canadian novel?

I've decided to take on an assistant, though it's only to keep his mother from starving in a cockroach-ridden apartment.

He will be Nikov Chen, my grandbabby. He's half fey Irish and half romantic German and half blunt Canadian. That makes him 150 per cent. A natural. If he chortles, I'll tell my whining clients "Yes". If his face wrinkles and he starts to whimper, as he does, I'll give my customers a blunt, "No." We should make a million. With the new child labour laws, I'll probably have to give him ten per cent.

Well, here's my first prediction. This is being written after the first half of the Canada-Russia series. They are all tied up.

With that group of tottery old men, who have given a great account of themselves, and those unknown young players, make up the WHL team, it takes a lot of courage to come out with a blunt forecast of the final result.

But here it is. I predict — and if I'm not right on the nose, I'll drink a bottle of vodka on the town hall steps — that 2,400 of the 2,500 Canadians going to Russia for the games there will be drunk sixty per cent of the time, and hung over the other forty per cent.

As for the series itself, what does it matter who wins? It's only a game, though a rather entrancing combination of ballet and mayhem.

Besides, Canadians are the biggest sports cry-babies in the world. If we lose, we were robbed. If we win, it's a victory of free enterprise over authoritarianism. This is a nation of Monday morning quarterbacks and late Saturday night referees.

We're a nation of experts, especially in hockey. After all, for several generations, all that the world knew Canada was any good at was producing maple syrup, rye whiskey and hockey players.

I've heard women who wouldn't know a shift from a nylon slip castigating the Canadian players for all sorts of sins.

I've heard mature men, who couldn't even skate on their ankles when they were kids, shouting obscenities at our players becuase, "They're not hitting enough, fergawsake."

I've heard teenagers of both sexes cheer when some Canadian ape rammed his stick into a Russian's teeth.

Well, that's my first prediction. The second is that I'm going to win Mayor Drapoo's lottery. First prize. A cool million, tax free.

This prediction is based on a combination of prophecy and logic, not just a wild hunch.

Look. In the past two years, I've broken my toe, my nose, two ribs, and the law. I'm not saying that the Lord is picking on me. I just don't think he's been keeping an eye on this little sparrow, when he falls.

It's time for a different kind of break, and the law of averages suggests to the occult side of me, that it's going to be the Big Million.

The Argyle Syndicate Ltd.

Letter to The Editor

Students Or Pigs

I have not yet decided which of the above applies to our local High School Children.

It is my understanding that there is a common lunch hour this year. Have you ever seen or heard 700 kids on the loose. PARENTS!! Drive around town some day between 12 and 1:00, or sit in the Shopping Plaza. You will be shocked. The children you have brought up to be fairly neat and polite are acting worse than pigs. Half their lunches are dropped from the school yard over to the plaza. They are also breaking pop bottles on the streets. Don't complain about broken glass, chances are, your child put it there.

Someday if your son or daughter is brought home by the police, because they have been caught shoplifting, don't say "my child wouldn't do that". Well let me tell you - your child would and is doing this everyday.

Again parents, don't blow your cool when your 16 year old daughter comes home and announces she is pregnant, what can you expect when they spend their lunch hours out in the grass. Put a stop to it before you and she are sorry.

I'm sure there is no reason for these kids to be off school property on lunch breaks They are getting into nothing but trouble. Don't take my word for it - come out and see for yourselves.

Do something yourself for a change instead of passing the buck. Make it hot for your local school board member and find out why these conditions exist.

A Concerned Resident

For Pete's Sake

"FOR PETE'S SAKE!" - has been seen nationwide by over three million persons in theatre premieres, and has been cited by one film critic as "the perfect mixture - its drama at its boldest, comedy at its lightest, and action at its liviest!"

This full-length comedy-drama filmed in brilliant Eastmancolour by World Wide Pictures, is acredited as "unique in its capacity to reach out to meet the problems of people." It is a family film, not only because it is storyline, families can see and feel exactly what is needed to develop deeper understanding and build stronger ties.

FOR PETE'S SAKE! stars Robert Sampson, Pippa Scott, John Milford, Sam Groom of Police Surgeon, and others. Filmed entirely on location in Denver and the Colorado Rockies, it is the Story of Pete Harper, a family man and service station owner, who is knocked flat by unexpected problems, but finds the strength to stand up again, to face life anew.

You can see this exciting movie on Thanksgiving Sunday evening, October 13th., at 7 o'clock, in the Pentecostal Tabernacle, Dundas Street, Cardinal. Pastor Lorne Trimble extends a cordial invitation to all families of the area.

Corn Harvest Day

Corn in Eastern Ontario has become a major crop. More and more acres are being planted to this golden crop for silage and grain. Thousands of dollars are invested to buy, fertilize and grow it. Because of the many dollars invested and our fall weather, it is very important that this crop get taken off with the least possible loss. Therefore, the right machine used as it is built to be used is very important. Many machines are available in this area and will do the job for you. It is important that this machine be set up correctly, maintained as perscribed by the dealer, and run safely.

The machinery companies with the Dundas Soil and Crop Improvement Association are co-hosting a Corn Harvest Day. It is to be held on Tuesday, October 15th, commencing at 10:30 a.m. on the farm of Neil Williams, Winchester. On this day there will be a demonstration of the corn harvesting machines available in this area. The demonstrations will stress proper management of these machines.

Also on this day, you can observe the corn and herbicids trials that will be on display. The corn companies have corn plots demonstration some of their recommended varieties for this area.

CARDS OF THANKS

Sincere thany you to all my friends who remembered me with flowers, cards, treats and visits while I was a patient in Winchester District Memorial Hospital. Special thanks to Doctors Haythornthwaite, Prins, Justus and the nurses and staff on the first floor for the wonderful care. Special thanks also to Matilda Rebekka Lodge No. 342.
Kathleen Barber 16-1-c

We would like to thank the neighbours and friends of Haddo and surrounding area for the gifts of money, for our recent marriage.
It was greatly appreciated and will always be remembered.
Robertson and Bonnie Shaver 1c

On behalf of Mommy and I, I would like to take a moment and thank all our family, friends and relatives for the beautiful flowers, cards and thoughtful visits which will always be appreciated and remembered while we were patients in the Winchester Memorial Hospital. Thanks are extended to Dr. John G. Marston and all the kind nurses on the maternity floor, who took such good care of us.
Special thanks to Dr. J. Haythornthwaite for my safe delivery and Mommy's good health. Thanks again.
Wendy Jean and Deborah Shaver 16-1-p

I wish to express my thanks to my many friends, co-workers at the Caldwell Linen Mills and relatives for the many gifts and cards I received while a patient in Winchester Memorial Hospital. Appreciation also to the staff and Dr. Prins and Dr. Chante. Your thoughtfulness will long be remembered.
Charles Bellinger 1nc

My sincere appreciation is expressed to the neighbours, and Ella Farrell for her assistance at the time of my illness, to Mrs. Claire Casselman, Wm. Rumble, Mrs. Annie McIntosh, for all their help and to everyone for cards and visits.
Lloyd Miller 1p

I would like to express my sincere thanks to all my relatives, friends and neighbours for their thoughtfulness during both times I was in hospital. Also for the cards, letters, gifts and the baking that was brought to the house. Special thanks to the Doctors and nurses and the ones who helped care for the children.
This all meant so much and I truly appreciate it all and it shall never be forgotton.
Freida Cutler 16-1-p

Sincere thanks to the many who sent cards, flowers, and well wishes, during my stay in the Winchester District Memorial Hospital. Special thanks to Drs. Barton and Marston.
Joyce Menard 1c

I would like to thank all those who remembered me with visits, cards and gifts while I was in the Winchester Hospital.
Lillian Scott 1p

On behalf of Mommy and I, I would like to take this opportunity to thank all our family, friends and relatives for all the beautiful gifts received at the shower held, Thursday, September 19.
All are very much appreciated.
Special thanks to Aunt Betty and good neighbour Joyce for arranging such an evening for us.
Once again, we say Thank you, and please come and visit us.
Wendy Jean and Deborah Shaver 16-1-p

ED LUMLEY SPEAKS AT CANADIAN CLUB

"We are happy with the quality and style of life in the three United Counties so we must plan wisely to keep it this way," said Ed Lumley, MP of Stormont-Dundas at the opening meeting of the Morrisburg and District Canadian Club. "The potential in these counties is about to be maximized and the point of no return has been reached. Growth and diversification will be steady and one which we can handle".

Speaking on his personal views of the three United Counties, Mr. Lumley presented a very positive picture of the socio-economic progress of the area. He said that we all are very fortunate to live in the Seaway Valley area and we should constructively analyse how fortunate we are with relatively few problems as compared to other parts of the country.

He said that he considered this area "middle Canada" with its two founding cultures living side by side. There is a tremendous advantage in the geographic location and the respect that the urban and rural societies have for each other. Found in the area are the most travelled highways, railways and waterways with adjacent airways. "My helicopter trip during the election campaign gave me a new awakening as to the contribution I could make to area," he stated.

Joint work and co-operation is the reason for success in the last few years as Mr. Lumley pointed to the increase in manufacturing jobs in the three counties, as well as the lowest unemployment figures in the area in years. Construction records have been set; housing, industry and tourism are all up. To have this growth and diversification continue, it is essential that all work and co-operate together.

Commenting on the formation of a regional industrial committee he said that industry must be dispersed to various areas and all places in the area. "There must be interplay within the three counties in industrial growth." He also encouraged everyone to actively take part in regional planning where industry is going to locate, as well as participating in more public input.

"We also respect the problems of agriculture", he said, " and should encourage the stands of our agriculture ministers in the provincial and federal governments".

During his remarks, Mr. Lumley paid tribut to Reeve Earl Baker for his contribution to municipal and county politics. In closing, Mr. Lumley emphasized that by working together the area is a great place to live, to grow and to prosper. "Close to my heart is what we are going to do here in the three United Counties."

Dr. Graham House presided and introduced the speaker. Also introduced was Michael Howarth, Ottawa, secretary of Canadian Clubs, Canada. Bill MacDonald thanked the speaker who later officially opened the fourth annual Morrisburg Trade and Home Show at the Community Centre.

Capacity crowds attended the successful fourth annual Morrisburg Trade and Home Show sponsored by the Morrisburg Chamber of Commerce at the Community Centre on Thursday, Friday and Saturday.

Opening the show on Thursday evening was Ed Lumley, MP for Stormont Dundas. In his remarks he stated that Morrisburg is a very active community using all their facilities at all times. He and Mrs. Lumley were welcomed by Reeve Earl Baker and Mrs. Edie Sprague, president of the Chamber of Commerce. General chairman of the show was Bill Marshall.

Over thirty exhibitors particiapted displaying colourful exhibits which included furniture, cars, mobile homes, sports equipment, electrical equipment and appliances, monuments, auto parts, gift ware, fabrics, flowers, food and banking and travel services. Many exhibitors were community organizations including the Boy Scouts, Hospital Auxiliary, United Church, library, arts and crafts group and Old Timers Hockey Team.

O'Brien, magician from Canton, N.Y. delighted audiences on Thursday and Friday evenings with clever performances of magic for all ages. During each evening door prizes of $20, $30 and $50 were drawn as well as several merchants draws. The Kuntry Kusans Square Dancing Group, Winchester entertained on Friday evening with displays of several sets of dancing.

Entertaining on Saturday evening in a nautical theme were the Seaway Singers under the direction of Mrs. Marion DeGray. Highlight of Saturday's program was a fashion show of fall and winter styles by Edie's House of Fashion, Casselman's Shoes and my Little Hat Shop. Commentating on these ensembles were Mrs. Sprague and Steve Casselman with music by Fawcett's Organs and Pia-

Now:
a new
minimum
wage
in Ontario
Effective October 1st, 1974

Ontario's new minimum wage covers people employed in general industry, construction work, domestic service, ambulance service, funeral service, including students and learners.

If you or your employees fall into these categories, it is important for you to know what the law now requires.

People employed by agencies as domestics, and people working as funeral directors or embalmers must now be paid not less than $2.25 an hour. Learners in General industry must be paid at least $2.15 an hour during their first month of employment and at least $2.25 per hour thereafter. People employed in construction work or as construction site guards are now entitled to at least $2.50 an hour. There is no learner rate for the construction industry. Ambulance drivers, helpers, and first-aid attendants must now receive at least $108.00 per week or, if they work fewer than 48 hours a week, $2.25 an hour. Students under 18 who work 28 hours a week or less, or during school holidays, must receive at least $1.90 per hour.

When employees occupy a room or eat meals supplied by their employer, $9.00 per week for the room and $1.00 for each meal or $21.00 per week for meals or $30.00 a week for room and meals may be included when calculating the minimum wage.

As for overtime pay, until December 31, 1974, it will be 1½ times the regular pay after 48 hours a week. From January 1, 1975 on, the time-and-one-half rate will apply after 44 hours a week. And from January 1, 1975 on, there will be three more holidays with pay—New Year's Day, Victoria Day, and Thanksgiving Day—added to the current statutory holidays: Good Friday, Dominion Day, Labour Day, and Christmas.

Knox Church PYPS Expands

Twenty-eight young people attended the monthly meeting of the Knox P.Y.P.S. on Monday evening, October 7th, one of the largest enrollments within the group. The President welcomed newcomers and regular members, opening the meeting with a Call to Worship, following which the spirit-song "Pass it On" was sung, the Scriptures read by Cathy McKee, and Sam Taylor led the group in prayer. The offering was received by Gwen Smollett and duly dedicated with group response.

The study for the evening was on the impressions of a skit, entitled "Fall in the Family" depicting the Archie Bunker attitude and conducted by Bill Barnhartd, Robbie Corry and the Rev. John Hibbs, following which the group divided into teams to discuss questions and bring a report back. The spirit-song "Those Who Wait on the Lord" concluded the study.

Roll call was answered by 28 with the minutes of the last meeting read by Melvin Yee and duly approved. The treasurer's report was given by Gwen Smollett showing a good return on the Crabapple Jelly sales. The group decided to sell 1975 Church Date Calendars, and 100 copies were ordered, convener Rose Marie Lavallie to supervise. A planned outing to Quebec City was changed to Toronto, visiting a local congregation there for accomodation and participating in a cultural weekend, November 15-17th. Regulations for the trip were "spelled-out" and members to bring their transportation fee at the November meeting. A visit to a Jewish synagogue, the Science Centre, The Royal Museum, McLaren's Observatory, Casa Loma, and other areas of interest will complete the weekend, with supervision by the Adult Leaders.

Plans for a Church Calendar and Crabapple Jelly table at the Ladie's Aid Fall Bazaar on Saturday, October 26th, were approved, and the P.Y.P.S. will distribute the posters for the Bazaar.

Miss Anne Yee and Dale Easter were appointed to bring the study for the next meeting following which the group was divided into sections for recreation, some playing billiards, ping-pong and darts, others enjoying the game "Matthew, Mark, Luke and John", the whole group participating in two other games conducted by Rev. Hibbs which gave good competition and were well received.

Refreshments were served by the committee in charge, and plans were made to decorate the sanctuary for Thanksgiving Weekend, members to meet on Saturday morning, October 12th, 10 a.m. with produce and other accessories. A good meeting closed with the Mizpah Benediction.

Morrisburg Hosts Scouters

First Morrisburg Scout Troop and Wolf Cub Pack Group Committee was host to St. Lawrence Scout and Cub Leaders and District personnal at their headquarters Wednesday evening. Fall Camp-out and invitational camporees were principal items for discussion, along with fall registrations. John Pettifer of Smith's Falls, Regional Scout Executive, spoke on registration techniques and showed two interesting and informative films, depicting provincial and national activities. Bill Sheldrick, District President, chaired the meeting. George Lewis, Assistant District Commissioner, presented Fall Camp-out plans, and Allan Thom of Prescott, Commissioner, gave information on camporees and the World Jamboree, to be held in 1975 in Norway.

Delicious refreshments were served by the local committee.

Finish Baseball Season

Williamsburg-Brinston Pioneers finished up the fastball season just before the snow came, when they defeated Brockville Commercial Stars 3-0 and 4-2 to win the series 4 games to 2 to receive the F.M. Cass Trophy. League President Bob MacDonald presented the trophy to Big Doug Casselman and Gord McMillan. Pioneers last won the trophy in 1969.

Last week Pioneers won 3-1 in a game never finished, but Brockville protested that Ted Smith was illegal (this was his 5th game) but had waited 5 games before they protested. The Pioneers being shorthanded picked up Ted from the Morrisburg Loyalists on the assumption that they were allowed to bring up Intermediate players. At a league meeting it was found out that no such rule exists in the league, so the 5th game was thrown out. Monday night the game was replayed with the Pioneers winning 3-0 to again take a 3-2 lead in the series. Big Doug Casselman hurled a 1 hitter (this came in the 3rd inning, but the batter never reached 2nd base), and struck out 10. 11 pioneers were left on base, 0 stars left on.

Tuesday night, Big Doug hurled a 4 hitter, walked 1 and struck out 12. Hodgkinson gave up 8 hits, 2 walks and struck out 7. Bottom of the first Paul Beckstead drew a walk. Roger Morrell bunted, second baseman dropped the ball, everybody safe. Big Doug singled to shortstop to load the bases. Gerry Belanger singled to right field where the ball was bobbled, with 2 runs scoring. Bill Hogaboam singled to left scoring the 3rd run. Bottom of the 2nd, with 1 out, Beckstead singled to left, moved to second on a sacrifice by Morrell, moved to third on a wild pitch and scored on another wild pitch.

Top of the 9th, Gary Bates drew a walk, Hodgkinson homered (his first of the series) over the left centre fence to stave off a shutout. Stars had 4 left on base, Pioneers had 8.

Brockville won the league last year, and were pennant winners this year, and lost out in the semi-finals to Welland in the Ontario Playdowns.

Morrisburg Loyalsists defeated Levi's of Cornwall 4-3 in Cornwall on Sunday to win the North Stormont League Finals 4 games to 3.

Canadian Club Meeting

Well, that was a great first meeting and if you didn't make it, well try for this next meeting on Thursday, October 10th, 1974 at Morrisburg Civic Centre at 7:00 p.m. The Guest Speaker is Doug MacAllan, Vice-President of Imperial Oil.

A native of St. Thomas, Ontario, Mr. MacAllan received his Master's Degree in Business Administration at Western University. After serving with the Canadian Force in Europe during the World War II, he joined Imperial Oil and has been posted to his company's locations in Northern Canada, British Columbia, London, England, and Switzerland before returning to Toronto as a Vice President.

Mr. MacAllan is a brother-in-law of Harry Allison, of Chesterville, long a Canadian Club Member. He is also a member of the Canadian Economic Council and I am sure his talk will be interesting and imformative for us all.

Our next meeting after October 10th will be on October 31st when Dr. John Lunn will speak on the Louisbourg Saga.

Coleman-Plummer Wedding At Brinston United

The marriage of Cheryl Ann Coleman eldest daughter of Mrs. Evelyn Coleman and the late Mr. Eardley Coleman of Dundela and Robert Owen Plummer eldest son of Mr. and Mrs. Jack Plummer of Winchester was solomized in Brinston United Church on Aug. 17th 1974 at 6 p.m.

Rev. Lester Joyce officiated at the double ring, candelight ceremony. Mrs. Ruby Bell played the wedding music. The church was decorated with baskets of white daisies and yellow mums. Two candleabras of 30 white candles adorned the alter.

The solist was Mr. William Millar of Brockville who rendered two solo's on the guitar, "The Wedding Song" and "White Lace and Promises".

Given in marriage by her eldest brother Mr. Dennis Coleman, Brockville, the bride chose a full length gown of white jersey fashioned with a ring collar and full length sleeves which fell in small pleats edged in white satin, the skirt fell from the waist in small pleats also trimmed with white satin. The birde wore a wide trimmed hat trimmed with white satin rubbon. The bride carried a bouquet of white mums and yellow roses. Miss

Donna Coleman sister of the bride was maid of honour, Miss Reta Plummer of Prescott, sister of the groom was senior bridesmaid. Miss Susan Coleman and Miss Louise Coleman, Brockville, nieces of the bride were junior bridesmaids.

The senior attendants were attired in identical full length gowns of mint gree, sheer crepe ver taffeta, the yolk of the dresses and short sleeves were gathered in bubble effect and were trimmed in white lace.

The junior bridesmaids wore a full length ployester dresses of fern green and white check with empire waist lines, ring collars and short sleeves trimmed in white lace. They carried nosegays of white daises and green mums.

David Simpson of Ottawa was best man, the ushers were Mr. Errol Coleman, Mr. Gary Coleman - brother's of the bride and Mr. Douglas Plummer and Mr. Larry Plummer - brother's of the groom.

Following the ceremony a reception was held in the Matilda Community Center. The toast to the bride was given by Mr. James Crist of Toronto friend of the brides family. The groom toasted the maid of honour and the best man toasted the bridesmaids.

The brides mother assisted in receiving the quests wearing a full length ensemble of candy pink jersey and corsage of pink carnations tipped with rose.

The birdegrooms mother also assisted wearing full length doubleknit gown of blue and silver, she wore a corsage of blue tipped carnation's.

The birde and groom left for their honeymoon to the East Coast, the bride wearing off white jersey gown and a corsage of red sweetheart roses, black accessories.

They will reside at Base Line Road Ottawa.

Guest attended the wedding from Smith Falls, Ottawa, Cornwall, Toronto, Prescott, Brockville, Iroquois, Stratford, Richmond, Morrisburg, New York State, Chesterville, Winchester, Brinston, Williamsburg and Dundela.

The Ontario Drug Benefit Plan

Since the Ontario Drug Benefit Program has been established September 1st, over 548,000 Ontario residents will be assured of receiving the medication they require. The program will also benefit those, who in the past, have had to receive expensive drug therapy in institutions. These people will now be able to continue their drug therapy at home and free of charge.

Because the drug plan has only been in operation for one month, I have received many letters and phone calls from my constituents and I am sure there are many more of you who have queries which have not been brought to my attention. Therefore, I have prepared a list of questions and answers which I hope will be of some assistance in clarifying the misunderstandings you might have had.

Q. Who is eligible for the Ontario Drug Benefit Programme?

A. Those who qualify for this programme include:

1. Family Benefit Allowance (F.B.A.) recipients.
2. Federal Guaranteed Income Supplement (G.I.S.) recipients; and
3. Special benefit recipients - people over 65 with 5 years Canadian residency, of which the last year was spent in Ontario.

Q. Must I apply for the drug benefit programme?

A. Applications are not necessary. F.B.A. recipients will receive their drug card in the form of a cheque stub each month attached to their family benefit cheque. G.I.S. recipients and special benefit recipients will receive individual drug cards for the months of September, October, November and December of this year and also for the months of January, February, March and April of 1975. Beginning in May, 1975, your drug card will be in the form of a cheque stub attached to your monthly allowance.

Q. How many times can my prescription be repeated without returning to physician?

A. Prescriptions will be valid for a period of three consecutive months, at which time a patient must see his or her physician for reassessment. This is designed to protect the patient from continuing on a prolonged period of treatment without consulting his physician. Exceptions are made for long-term therapy drugs.

Q. How many months supply of my prescription drug may I get at one time?

A. Only one month.

Q. Will I be able to purchase the exact same brand of drug which I have become accustomed to?

A. Under this programme, most brand drugs will not be available. But this does not mean that you will receive drugs of inferior quality. If the drug you require is listed in the PARCOST Comparative Drug Index as interchangeable, the drug used will be that of the lowest price. For example, there are eight brands of penicillin tablets listed under the PARCOST Index ranging in price from $2.50 for 100 tablets to $11.10 for 100 tablets. All eight brands have been judged to be of the same quality and therapeutic value. Therefore, the Ministry of Health will reimburse the pharmacist for the lowest priced penicillin.

Q. Are there any drugs not available under the drug benefit plan?

A. Many drugs with two or more ingredients are not on the approved drug list. The Drug Quality and Therapeutic Committee has advised the Ministry of Health that such combination drugs do not have as great a therapeutic value as single preparation drugs. However, their individual ingredients are and can be taken separately according to your doctor's directions.

Q. Will I be able to purchase such pharmceutical products as band-aids, bandages, syringes, rubbing alchol, shampoos, etc?

A. No. Only prescription drugs will be covered.

Q. Will I be able to use my drug card at any pharmacy?

A. You will be able to obtain prescribed drugs free of charge from any pharmacy displaying the PARCOST sign.

All prescriptions under the Drug Benefit Plan require the signature of your doctor. Therefore, please do not forget to tell him that you are entitled to the drug benefit.

If you have not yet received your drug benefit card, or if you have any further questions, dial "O" and ask the operator for Zenith 8-2000.

DOLLARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to Avco Financial Services

In this age of consumerism, the family home is coming under increasing attack by many groups throughout the country. Better inspections, post-sale service and above all, better warranties are being demanded.

Purchase of a car or television set usually includes a warranty against possible defects, but no such protection is normally offered to home buyers. That situation may change very soon, however.

Many new home builders expect a three year warranty to become standard in a few years. Although some builders have warranty protection programs today, and some municipalities require certain inspections, no industry move toward protecting home buyers has received serious consideration until now.

The warranty may also apply to resale homes.

Meanwhile, the home service contract is becoming a popular method to protect a home owner after the move-in. It's a type of pre-paid repair plan offered in many areas. Some new insurance policies also provide this kind of coverage.

In any case, home owners are beginning to get the better service they are demanding. Check the kind of plan available to you before you buy your next home.

Readers' questions are welcome and should be sent to Box 5875 London, Ontario.

Legion Burns Mortgage Completes $10,000 Pledge

Two significant events in the life of Branch 370 Royal Canadian Legion occured Saturday night with the burning of the mortgage on the new addition to the hall and the presentation of a $6,000 cheque to the Village of Iroquois medical building fund. This payment was the balance of a $10,000 pledge made by the members of the Legion Branch.

It was a night to remember, an evening marked by a bit of pageantry and a get-together of many veterans and their wives and guests to mark the occasion.

Since its inception in Iroquois with the granting of a charter on April 2nd, 1946, to its present day standing in the community, members of the branch and its auxiliary have worked diligently not only to build adequate facilities but a place in the community's life.

Past Provincial President Art Adams was the guest speaker and remarking on the great progress made by the local branch, reminded his listeners not to lose sight of the aims and objects of the branch and that it will continue to exert a steady influence on this community. He said "Your good work will continue to radiate the richness of your experience from your efforts to build for the future".

I'm referring to the great numbers of immigrants coming to Canada who have no knowledge of the heritage of this country or of the members of the Legion who served Canada in time of war he remarked. "It is now all the more important that you strive to maintain the place you have in our society as an example of our Canadian way of life". "It has often been said that those who do not heed the past rarely do anything to assure the future and should we lose this, our rich heritage, it can never be recovered".

1st Vice President Ed. Hitchinson, chaired the evening's program following a social hour and called on Piper Lorne Stewart to lead the head table. Padre Rev. J. J. Hibbs gave the invocation after singing of God Save The Queen and Howard Fawcett gave an appropriate toast to the fallen comrades.

The chairman introduced the head table guests and President Ken Easter and Past President Ray Delegarde, expressed appreciation to all for attending and for the hard work and effort that had been put into all phases of Legion life during the years leading up to the mortgage burning ceremony.

The mortgage burning ceremony was highlighted by a colour party leading the official party and the Padre officiating at the ceremony.

Padre Hibbs called on members of the branch to "re-dedicate this building and ourselves to the fellowship and to the service it symbolizes".

During the evening complimentary words were heard from Deputy District Commander H. Sayear, Zone Commander R. Ashman, Ladies Auxiliary Zone Commander Wyn Higgs, Donald Irvine MPP, and Reeve Lloyd C. Davis.

Ken Easter, President of the branch, made the presentation of the final $6,000 to Reeve Lloyd Davis, of the $10,000 pledge made earlier to the Iroquois Medical Building fund.

1st Vice President Cora Easter expressed sincere thanks and appreciation to the guest speaker for his attendance and his message of the evening. After Piper Lorne Stewart led out the members of the head table, the remainder of the evening was spent in dancing to Rymthm Incorp. and renewing acquaintances.

Throughout the evening, various speakers extolled the virtues of the Ladies Auxiliary whose hard work over the years had added tremendously to the success of the local branch.

All attending also remarked on the fine dinner prepared by Norma and Paul Claxton and the efficiency of those serving.

Members of the Colour Party were Sgt.-At-Arms Keith Beaupre, flag bearers Fred Goodmurphy, James Hubbard, Cora Easter and Mable Roberts.

Donald Irvine, MPP, brought greetings from the province and his personal best wishes during Saturday nights festivities at the legion.

Deputy Districy Commander H. Sayear addresses the large crowd during the mortgage burning ceremony.

Past Provincial President Major A. H. Adams, Willowdale, holds the tray while the mortgage burns. Looking on are left to right, Willis Douglas, building committee; Ken Easter President, Cora Easter, 1st Vice President Ladies Auxiliary and Padre Rev. J. J. Hibbs.

Ken Easter presents $6,000 cheque to Reeve Lloyd Davis towards medical building fund. Reeve Davis thanked the Legion on behalf of the community. $4,000 had already been paid towards the $10,000 pledge from the Legion.

Wyn Higgs, Zone Commander, Ladies Auxiliary, brought greetings and best wishes to the local branch on its latest accomplishments.

The guest speaker, Major A. H. Adams, receives a commemorative gift from President Ken Easter on behalf of the men and women of the local legion branch.

O.P.P. Report

Of all the equipment that is used for sport and pleasure in the outdoors, a gun is the most deadly as it is manufactured specifically for one purpose, to kill. The necessity of strict gun handling rules as taught in the "Hunter Safety Training Program" for the safe use of firearms cannot be over emphasized. These rules must become a habit and used at all times; one mistake could be a fatal one.

With hunting season under way, the following rules may be of some assistance in checking to see whether you have developed any bad habits:

Treat every gun as if it were loaded. It is the "unloaded gun" that frequently causes a fatality.

Guns taken into a camp or home or transported in a car or boat must be unloaded. They should be taken down or have the actions open and carried in cases to shooting areas.

Make sure barrel and action are clear of obstructions. Any obstruction in a barrel could cause the weapon to become lethal to the shooter.

Use an approved method when carrying a firearm. Always be able to control the direction of the muzzle even if you stumble. Keep the safety on until you are ready to shoot.

Be sure of your target before you squeeze the trigger. Identify the game you are shooting beyond any doubt.

Never point a gun at anything you do not intend to shoot.

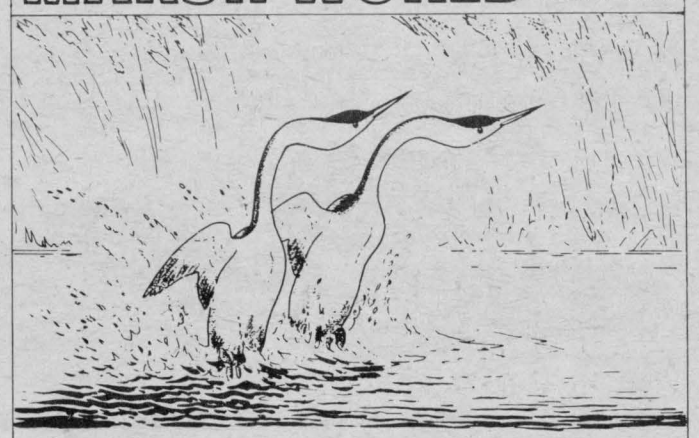

Do not use alcholic beverages or drugs while handling firearms. Be alert. Don't hunt or handle a gun unless you are physically and mentally in good condition.

Ammunition must be the right size for the gun. The stock and the forearm should be in perfect condition while all other parts of the gun must be tight for safe use.

Many so called hunting accidents could have been prevented by adhering to safety rules and using common sense. No doubt we hunters in Ontario are being scrutinized carefully by those in places of authority. If hunting accidents and the indiscriminate shooting of some do not decrease, we can expect more stringent controls over the use of firearms.

MARSH WORLD

by Angus Shortt Ducks Unlimited

WATER DANCE

The western grebe has a very long, slender neck and sharp bayonet-like bill. It is our largest grebe, averaging about two feet in length. Plumage is black and white. Nesting in colonies it selects larger marshes bordering inland lakes. They perform a spectacular courtship "dance" in which two and sometimes several birds, suddenly rear upright side by side, and race across the water for one hundred feet or more.

Eel Stairway Closes For The Winter

Ontario conservation officers estimate more than 130,000 migrating American eels conqured Cornwall's 100-foot Robert Saunders Dam before an experimental "ladder" was disconnected for the winter.

The 500-foot eel ladder, a series of simple wooden troughs that criss-cross the dam face 7 1/2 times on a 12 degree rise, was the brain child of Ontario ministry of natural resources biologist Russ Whitfield.

Apparently it is the only ladder of its kind in North America and the highest in the world. Until recently most of the migrating eels were prevented from migrating into the tributaries of the Great Lakes by the huge hydro dam.

The ladder has attracted the attention of several American, Canadian and Ontario fisheries biologist, plus one of Canada's largest eel exporters to Europe.

"The principle of the ladder is excellent and Mr. Whitfield certainly deserves all our admiration," said Dr. Vadim Vladykov a North American authority on eels at the University of Ottawa.

He said the real significance of the ladder should be more obvious during operations in peak migration periods in late spring and early summer when thousands of eels try to migrate into the Great Lakes.

"There has to be at least a million eels going over before there is significant changes in populations in the Great Lakes," Dr. Vladydov. "It could be a good proposition for commercial fishermen."

During the winter Ontario Ministry of natural resources and Ontario hydro, the ladder's joint developers, will discuss modifications, perhaps replacing the wooden prototype with an improved fiberglass system.

Gerard Gengras, whose Quebec firm Pecheries Gingras ships 700,000 lbs. of eels to Europe each year, visited the dam site praised the ladder and said it would probably be a great benefit to Ontario commercial fishermen.

Roger Bedard, head of the federal government's fisheries and fish products division of industry, trade and commerce said there was a possibility eel ladders like Mr. Whitfield's could be used on Quebec hydro dams on rivers entering the St. Lawrence.

Besides biologists, the eel ladder has also attracted the attention of the CTV and Global television networks and audio-visual people from the New York State department of environmental conservation.

In 1972 the total Canadian eel catch reached approximately 2,500,000 lbs. with a value of more than $680,000. Britian, Sweden, Denmark, Norway, France, Belgium-Luxembourg, The Netherlands, West Germany, Italy and Switzerland all import eels, either live or frozen.

Around the World

by Mary Homi

Breathtaking Bermuda

In 1515, Juan de Bermudez discovered a scenic chain of islands shaped like a fishhook. Bermuda, as this 22-mile long paradise in the Atlantic came to be known, has long been a tourists' delight because of its comfortable temperatures and evenly spread rainfall.

Despite its exotic reputation, Bermuda can actually prove to be an inexpensive vacationing spot for the whole

family. There's the picturesque Sea Gardens Cruise, the Dolphin Show at the Blue Grotto, Golf at the Belmont Course, the breathtaking Crystal Caves, Fort Saint Catherine's replica of the British crown jewels, and many other unforgettable sites. If you stay at the Bermudiana, the Harmony Hall, or the Belmont--three well-equipped but moderately priced hotels run by Trust Houses Forte--you'll be given a "Passport" to a truly great vacation.

Don't miss Bermuda's mild and healthful climate, its palm trees, flowering trees, and beautiful beaches. Take a tip about saving money--take a trip that both you and your budget will enjoy!

Inject New Vigour Into Your Livestock with Shur·Gain Injectable Vitamins A,D and E

In situations where stress conditions, over-work, or inadequate feeding have caused vitamin deficiencies, vigour and good health can often be fully restored with SHUR·GAIN INJECTABLE VITAMINS A, D AND E.

Incoming feeders (cattle and sheep), bulls in service, high producing and freshening cows, prevention of scours, getting newborn animals off to a healthy start . . . these and other situations prove the value of injectable vitamins A, D and E.

Cattle, horses, swine and sheep can all benefit from SHUR·GAIN INJECTABLE VITAMINS . . . where the highly concentrated solution permits small volume injections, and rapid treatment of large numbers of animals.

Walter Baker M.P. Reports

The Throne Speech

This is the first of a regular series of columns which I shall be publishing through the courtesy of the Editor of this newspaper in the Constituency of Grenville-Carleton. His public spirit and response to the necessity of communication by a Member of Parliament with his Riding and with the people he represents, is a fine example of the high degree of public responsibility which has been the hallmark of weekly newspapers in Canada. As a member of the Parliament of Canada, I want to express my gratitude to him.

I am grateful for the honour that has been given to me to again represent this constituency which I have always felt is one of the most interesting and varied in Canada and as the 30th Parliament begins, I enter into my work in the House conscious of the responsibility that I have to all of the people of Grenville-Carleton.

THE THRONE SPEECH

The first session of the 30th Parliament began on September 30th with a Speech from the Throne - a long, general statement of the Government's intentions over the next period. This Speech covered a wide range of topics that are of concern to all Canadians and throughout the course of the Parliamentary Session, it is the Government's responsibility to bring forward legislation to implement the recommendations contained in the Speech.

October 2, 1974 was "Leader's Day" in the Commons when, in response to the Throne Speech leaders of all Parties in the House outlined their priorities for this session of Parliament.

The most interesting of all speeches, were those of Prime Minister Pierre Trudeau and Opposition Leader Robert Stanfield. The concerns they expressed and priorities given those concerns were entirely different.

At the beginning of his address, Prime Minister Trudeau said that "in a free society, no majority can rule effectively if it pays no heed to the minority". This premise formed the basis of his speech which concentrated almost solely on Parliamentary reform, the constitution, federal-provincial relations and language rights.

It is true that the Prime Minister has been concerned about these issues for many years. But it is also true that these issues are of direct and relevant importance to a very small number of Canadians at the present time.

The most important problems facing the country at the present time - those problems affecting the majority of Canadians - are a rate of inflation that is expected to exceed 12.0% this year, according to Arthur Smith, President of the Conference Board in Canada, and an unemployment rate which Mr. Smith predicts to exceed 7.0% on an annual 1974 basis.

But Prime Minister Trudeau gave scant attention to economic problems in his speech. And although these problems should be dealt with more expansively in the budget to come, Canadians deserve some indication of the government's concern now.

Bringing the Constitution back to Canada, for example, so that a Canadian, rather than a British Parliament has the final authority in amending it, is a progressive and worthwhile contribution to the future of this country. But it can hardly be counted as a major issue confronting this country when stacked against the problems of world-wide inflation, unemployment and energy supply shortages.

Finance Minister John Turner's budget is expected to be before the House of Commons in six weeks. But it has been over five months since Parliament last met, and in that time, the government has taken no new initiatives to fight inflation except to tell the country not to worry about it.

Mr. Stanfield pointed out in his speech to the Commons on Wednesday of this week and he said that "democracy is being tested".

"I believe", he said, "the tensions associated with inflation and related economic and social disorder and discontent may destroy democracy in some other countries. We must show that our democracy is strong enough, that our sense of citizenship, our sense of community and our democratic institutions are strong enough and responsive enough to control inflation in our country to provide a framework of order in which freedom and justice can flourish. That will take leadership. And, "he said, "that is what I demand of this government".

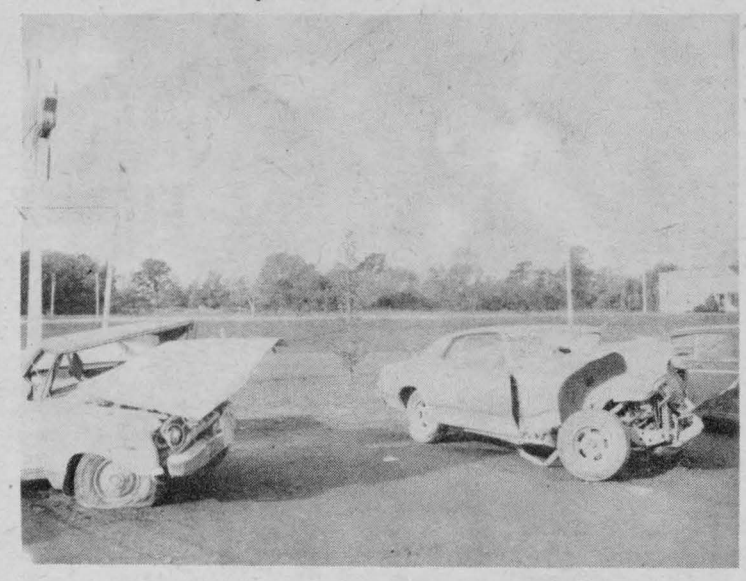

Mr. Stanfield pointed out that the government, now in a majority, has both the opportunity and the responsibility to do something about these problems. But as he said "The question is, what does the government propose to do?"

Helping Hands

The Senior Citizen group; Helping Hands", from Williamsburg, Brinston and surrounding area held their monthly meeting on September 4, in the Brinston hall with a good attendance and visitors from Ingleside.

Mrs. Harvey from Morrisburg entertained us with piano solo and Mrs. Brooks, also from Morrisburg showed films. The October meeting was held in the form of a bus trip to Ottawa. First we visit the National Arts Centre, in the morning, then had a delicious lunch in the Pandorosa Steakhouse, and visited the National Museum of Science and Technology in the afternoon. Snow and rain was falling outside, but inside the bus, was all sunshine. We had a very enjoyable day. Now we look forward to the 25 of October and invite everybody to join us. There will be a variety night in the Brinston United Church starting 8 p.m. Admission free, a good program will be presented.

Our next regular monthly meeting will be held Wednedsay November 6 in the Brinston Hall, starting at 10:30 a.m. There is still place for new members.
Everybody welcome!

Car Crash Claims Life

A head-on crash on Wednesday night claimed the life of one man and injured three others in a mishap one mile east of Iroquois on No. 2 Highway.

A car driven by Jack Rodger of Prescott, who was killed in the accident, heading west from Morrisburg collided with an easbound car driven by Mrs. Linda Turner of Iroquois. Mrs. Turner suffered severe leg injuries and is in Winchester Memorial Hospital. Her passenger, Mrs. Bonnie Shaver, also of Iroquois, was treated and returned home.

David Martin of Prescott, was a passenger in the westbound car and was only slightly injured.

The accident happened about 10:30 p.m. on a slight curve just east of the village. Morrisburg OPP are investigating.

PITTSON

The sudden passing of Mrs. Aggie Moutgomery on Wednesday evening came as a great shock to the community. Sympathy to the family is expressed.

Mrs. Willis Montgomery, visited her father Mr. Wallace Wilkins, Brockville on Friday afternoon.

Mrs. Gladys Marlatt, Miss Elizabeth Elliott, Prescott visited Mr. and Mrs. Clarence Marlatt, Saturday afternoon.

Mr. and Mrs. Harold Liezert visited Mr. and Mrs. Herbert Liezert and Mrs. Elsie Liezert Wednesday evening.

Mrs. Lucy Musch and Reta, Prescott visited Mr. and Mrs. Clarence Marlatt on Sunday.

Pittston U.C.W. held their meeting Wednesday evening at Mrs. Robert Sloan with Mrs. Gary Roddick presiding - a poen Thanks to God opened the meeting by Mrs. Roddick - followed by the devotions given by Mrs. Reg Conners. Topic "Thanksgiving for people", Hymn 577 closed meeting. All members answered roll call with a Harvest poem. Thanksgiving offering was taken and dedicated, Business and Correspondence dealt with. November meeting to be held at Mrs. Webb with Remembrance as roll-call. Mrs. Elsie Liezert gave study on "Death stalks the Sahal in Saharah, afterwards Mrs. Liezert thanked Mrs. Kempling for her great support in United Church and U. C.W. Then Mrs. Roddick presented her with a remembrance gift as she leaves soon for a new charge with her husband to Prince Rupert, B.C. Lunch was served and a social time spent.

Knox Ladies Aid

The monthly meeting of the Knox Ladies Aid was held in the Church Hall Monday, October 7th at 2 p.m.

The call to worship was given by Miss N. McGowan, president, and with prayer.

Hymn 695 was sung. The scripture reading Psalms 100 was read in union. Roll call was given also the correspondence.

The Secretary's report was given by Mr. H. B. Bradley, and approved.

The Treasurer's report read by Mrs. [illegible] Fenton.

Hymn 141 was sung.

The meeting closed with the Lord's prayer.

Bear Hunters -Beware

Since the trickiest part of bear hunting may be understanding what your particular licence allows, the Ontario ministry of natural resources would like to offer these reminders.

There is no autumn bear licence for residents, only deer-bear or moose-bear combination licences. During the deer season, bear must be hunted on a deer-bear licence. During moose season, bear hunting must be done on a moose-bear licence.

When deer and moose seasons coincide, bear may be hunted on either combination licences.

But, during the second week of moose season in the Tweed natural resources district (roughly the north halves of Frontenac, Lennox and Addington and the mid-part of Hastings Counties) bear cannot be hunted on a deer-bear licence.

Only one bear may be taken per licence.

These rules also apply to non-residents, except that they may also hunt bear during bear season on a non-resident bear-wolf combination licence

New Bird Laws

Hunters convincted of an offence against the Migratory Birds Regulations now lose their licence and the right to apply for another one for one year from date of conviction

The new regulation applies to all of Canada.

Other regulation changes make it legal to place duck blinds more than 200 yards from shore or natural weed beds and also retrieve wounded migratory birds with a power boat.

nos, Winchester. The models were Barbara Belanger, Helen Fraser, Saralyn Mabo, Wendy MacGregor, Sylvia Marston, Diane Mason, Anne Marie Smith, Mary Tennant, Pam Tindal and Erol Welton. Appearing in the male "comedy chorus line" were Fred Hill, Dick Welton, Les Cruickshank, Perry Dolan, Gordon MacGregor and Ken Felker.

Following Saturday's program, Reeve Earl Baker presented the key to the Village of Morrisburg to Chuck Collins of Rothman's Caravan, master of ceremonies for the three-day show. He also welcomed Peter Fee of Pennsylvania, tour director of the American Air Stream caravan. Members of the caravan were special guests for the evening. Mr. Fee presented Reeve Baker with a honourary membership in the organization. Winner of the $1000 Zamboni Bond Draw was H. A. Eamon, Morrisburg.

Country Cooks Better

The Ottawa Winter Fair plans to test the myth that country cooks are better than city cooks.

In previous years, contestants had been chosen from the winners of local fairs. "The other way was too restrictive", explains Liz Murdock, co-ordinator of the program. "Now city women or even men can enter."

Entries will be judged on appearance, texture and taste.

Stressing the idea of tasting each individual entry, Mrs. Murdock recalled a fair in the Ottawa Valley a number of years ago. A judge for the maple syrup competition who based his decisions on only colour and texture fell victim to a local practical joker. He picked up a quart of motor oil for the most outstanding sample.

Information on how to enter the competition is available at the Ottawa Winter Fair office at the Civic Centre.
