The Happy Gang

Not the radio group of the same name but certainly just as happy are these five members of The Winchester Press staff shown here around the Joseph T. Clark Memorial Trophy which The Press won in Ontario competitions last week, after being judged, in its class, Ontario's best Weekly. The Press was also fortunate in winning a front page award. In front, from left, are brothers Ron. and Reg. Workman, sons of the late publisher, Fern Workman. Back, from left, are Ran Wylie, with The Press for 30 years, Mrs. Dwight Baldwin of Inkerman, newest employee, who joined the Press staff four weeks ago, and Brian "Bud" Raistrick. Absent when the picture was taken was Mrs. W. F. Workman, who returns this week from a Florida vacation.—*Press photo by Daykin.*

Two Teenagers Die

Bodies Found In Parked Car With Motor Going

Carbon monoxide fumes have taken the lives of two Winchester district teenagers, found dead in a parked car one mile west of here on Monday morning.

WILMA IMRIE

Victims are Wilma J. Imrie, 18, daughter of Mr. and Mrs. George Imrie of Mountain, and Gordon O'Shaughnessy, 19, an employee of Fred Weagant Farm Supplies at South Mountain.

Bodies of the two young people were discovered about school time Monday morning by Reeve Basil Dawley of Winchester Township. His farm is located one mile west of Winchester and only a short distance south of where he found the fume-filled car. The motor was still running, the radio was playing and the parking lights were still on, which indicated the car had been parked there since the night before.

Reeve Dawley notified Police Chief G. B. Raistrick who in turn phoned Provincial police. On reaching the car Chief Raistrick said the victims were slumped together in the front seat with the girl on the driver's side. Melted snow under the car indicated it had been parked for several hours. It was reported that there was a leak in the exhaust system, near the car's muffler, and that leaking carbon monoxide fumes had seaped into the car unknown to the couple.

Coroner Dr. W. M. Byers said the couple had been dead for several hours.

Miss Imrie, popular young woman of Mountain Township, was employed in Ottawa. She was born at Mountain where she attended Public School and later Mountain District High School.

She is survived by her parents, one brother, Ray, of Cornwall, and a 12-year-old sister, Carol, at home. Funeral service was held at Mountain United Church on Wednesday afternoon. Interment was made at South Gower Cemetery.

C. O. V. LEAGUE CHAMPS

Juniors Win Cup

After spotting Finch two games in the best of five final round, Winchester Juniors have roared back to win the Central Ottawa Valley Junior Hockey League championship and the Winchester Press Trophy.

Big game and best hockey match played in Winchester Community Centre in the past three years saw the two teams tangle in the sudden death struggle here Tuesday night. For two solid periods it was a see-saw pattern with both fast skating clubs missing chances to score.

A 0-0 deadlock was the way the picture looked at the beginning of the third. Then at the 3.40 mark the hat trick kid, John Durant, banged in the first one from a scramble in front of the Finch net. Minutes later John worked himself in close enough to pick up Winchester's second counter of the night. It looked like the game was on ice but a determined Finch crew surged back when Keith MacGregor beat goalie Bob Carkner on a sixty foot drive.

Checking furiously the men of Dawley sunk the clincher when reliable John made it a hat trick on a neat passing play set up by the old pro Bill Sherwood. That was the game.

In all fairness it should be noted that Finch played without one of their star performers. But take no credit away from Winchester on this one. The local gang started right in at the first minute of play and never let up until the final bell had been rung. It was Winchester's best game, by far, of the season and it sent the season's largest crowd of 700 hockey fans home with a smile of satisfaction.

The game was fast, hard checking and more particularly, clean, and players on both sides deserve a good hand for the type of hockey displayed in the series. Winchester now meets South Mountain or Smiths Falls in the first round of district playdowns. Smiths Falls leads this series 2-0.

Immediately following Tuesday night's game, Ron Workman of The Winchester Press presented the trophy to team captain John Durant.

The line-ups:

Finch—J. Richer, R. Racine, D. Stewart, L. Carlyon, K. MacGregor, H. Brownlee, G. Barkley, W. Armstrong, L. Wells, M. Manley, D. Vollbrath, K. Dingwall.

Winchester—R. Carkner, N. Moore, R. Clark, B. Sherwood, J. Durant, D. Casselman, E. Brown, R. Gibson, G. Tansley, C. Robinson, L. Guy, J. Corry, J. McIntosh E. Hanes, K. Hutt.

Officials: L. LeCompte and P. Shore.

MYSTERY PLANE ?

Now it's mystery planes!

This office was notified Wednesday noon that an aircraft, apparently of the small variety had either made a forced landing or crashed about two or three fields north of the north end of Gladstone Street. We rushed to the scene and scanned the wide open spaces for said plane. No plane.

100 Club Installs Officers For 1958

Winchester 100 Club's 1958 slate of officers were installed Friday night at the February luncheon-meeting held at Heidi's Restaurant. The new executive, headed by Keith Carkner, will take over operation of the club following one of the most successful years the organization has ever enjoyed.

In presenting the financial statement Centurian Hugh Balkwill said that total receipts for the year had reached $2820.95 against expenditures running to more than $1500. The net balance is $1206.12 and part of this amount at least may go towards a 100 Club Park project in the way of new lights.

In the receipt column the 1957 executive started off with a balance of $543.00. Dues accounted for $735.00; entertainment, $967.65; park revenue, $55.00; Grey Cup ticket sale, $387.00. Money spent saw $607.00 for meals; $300.00 for charity; $151 for entertainment; park maintenance, $125.00; printing and advertising, $166.00; miscellaneous, $267.00.

Immediate past president Ed. Boyd presided at the meeting and thanked all members, particularly his executive, for cooperation in making the 100 Club year such an overwhelming success. In his remarks President Boyd urged all members to remember the motto of the club and to get behind the newly elected executive in its 1958 endeavours.

President Boyd also read a short address of appreciation to Mrs. Heida Bergt, owner of the restaurant where the Club has held its meetings. The address mentioned in part the Club's sincere appreciation for exceptional catering on the part of the restaurant. President Boyd also presented Heidi with a suitable gift in behalf of the Club.

Centurian Frank Morgan reported for the Special Events Committee and outlined the recent 100 Club Winter Carnival. He said that the Carnival had been a decided success. The Club grossed $155.00 and cleared $55.00, with the same amount going to the Community Centre for rental of the rink. Centurian Morgan reported that the special events committee in 1957 had been responsible for the raising of more than $1400.00.

Centurian Walter MacDonald suggested that the Club adopt some new project as an objective. The matter of installing new lights at the Park was given much consideration. However, to decide what type of project would be most suitable a committee composed of Centurians Sam Ault, Dudley Craig and Walter Johnston was appointed to investigate the matter and to report at a future meeting.

Following its usual custom, the Club again voted in favour of backing minor hockey in Winchester with a $100 grant. The Club also passed a motion instructing the secretary to write a letter of congratulations to The Winchester Press.

The meeting opened with Grace by W. J. L. Boyd. George Elliott recited the Creed and was also the winner of the boost sponsored by Alex Davidson and conducted by Archie Rice. Two new members in the persons of Andy Ross and M. N. Hutchison were introduced by Robert Ledgerwood.

Centurian Percy Roberts presented a past president's certificate to J. E. Boyd and also conducted the installation of officers as follows: President, Keith Carkner; first vice president, William Doughty; second vice president, Frank Morgan; secretary, Raymond Earle; treasurer, Harold Stoate. Directors are Basil Dawley, Howard Willard, George Elliott and George Bell.

New President Keith Carkner thanked members for the honour bestowed on him, and called on the co-operation of executive and all members in assisting him to continue the good work of the Club.

No Rabies In Dundas County

Dundas County is the only free Rabies County in Kemptville District, it was announced by the Dept. of Lands and Forests. A report from the Health of Animals Division, Dominion Department of Agriculture, states that rabies has to date been diagnosed in the following animals from Kemptville District:

Prescott County—29 foxes, 1 raccoon, 1 cat, 4 cows, 1 swine.

Carleton County—5 foxes.

Stormont County—1 fox.

Glengarry County—1 fox.

Since foxes appear to be the main carrier of the disease, it appears that the rabies in this district, as elsewhere in Ontario, is a strain to which foxes are most susceptible.

Every precaution should be taken if any animal is acting in an abnormal manner. If foxes, etc., must be killed, it is imperative that the head should not be damaged, as brain tissue is required for accurate and immediate diagnosis of rabies. All suspect animals should be handled as little as possible; gloves should be worn if animals must be moved.

Fox hunters in the district are strongly advised to vaccinate their dogs. If anyone notices an animal behaving abnormally, they should contact their local Conservation Officer.

Eastern Ontario Weeklies Capture Seven Awards At O. W. N. A. Convention

More than 200 weekly newspapermen, their wives and guests took over the King Edward Hotel, Toronto, for two days last week at the annual Ontario Weekly Newspapers Association's annual convention. Representing The Winchester Press were Mr. and Mrs. Reg. Workman and Mr. and Mrs. Ron. Workman.

Termed one of the best conventions ever held by the Association, the highlight was the awards banquet on Friday noon which saw Eastern Ontario newspapers pick up seven of the twenty possible awards.

The Winchester Press headed the Eastern Ontario group with a first and a third. The Press won first in the Class 'A' Competition for the best all-round weekly, and third among all Ontario weeklies (there are more than 200) in the best front page competition. Other Eastern Ontario winners were: The Chesterville Record, Renfrew Advance and The Glengarry News.

The Port Elgin Times won the Printed Word Trophy for the best editorial page, and the Seaforth Huron Expositor was awarded the Fairchild Camera Instrument Corp. Award for the best use of pictures. The Winchester Press, by the way, was high in both these competitions, and in news content and make-up The Press was the only paper to net the full number of points alloted to this department.

Other Ontario winners were Rodney Mercury, Exeter Times Advocate, Aurora Banner, Tilbury Times, Midland Free Press, Leamington Post and News, Bowmanville Canadian Statesman, Atikokan Progress and Stouffville Tribune.

Mrs. Marion Jeffery of the Burks Falls Arrow won the Hydro Electric Power Commission of Ontario plaque for champion country correspondent.

Judges for the newspaper competitions were E. U. Schrader, head of the Journalism department of Ryerson Institute, and Willson Woodside, eminent Canadian newsman and writer.

The convention, sparkling with activity this year, was climaxed with a visit to the new Imperial Oil Building on St. Clair Avenue West, where the company was also host to a reception and luncheon in an 8-storey high ultra modern reception centre looking out over Lake Ontario.

Other sponsors of convention banquets and receptions were Canadian Bankers' Association; Consumer Gas Company, the government of the Province of Ontario.

At the Convention banquet the Hon. Bryan Cathcart, Minister of Travel and Publicity, was chairman, and the guest speaker was the Lieutenant Governor of Ontario, the Honourable K. Keiller Mackay.

IN GRENVILLE-DUNDAS

Rev. R. H. James Named Social Credit Candidate

Rev. R. H. James, Metcalfe minister, will again represent the Social Credit Party in Grenville-Dundas at the Federal Election on March 31st. Rev. Mr. James was nominated at the Socred Convention held at Spencerville last week. The nomination was his second as he was defeated, losing his deposit, last June.

Rev. Mr. James is a farmer's son. In 1941 he enlisted with the Royal Canadian Air Force in which he served four years. In 1946 he entered Bible School and since then has been actively engaged in the ministry. He is particularly well known in the Bishop's Mills and Kemptville districts where he has preached.

His family has always been keenly interested in politics with an uncle formerly a member of the House of Commons and a cousin presently a sitting member.

Mr. James firmly believes that Social Credit is the answer to many Canadian problems. He based his belief on the exceptional accomplishments realized in the two Social Credit provinces of British Columba and Alberta.. Mr. James said, "A dividend for over five years to every Albertan from her resources is proof that Social Credit leads the way in prosperity and benefits to all mankind." He also said that if a Social Credit government was elected, old age pensions would be increased even more.

Mr. James said that Social Credit candidates increased their popular vote in the last election when they had candidates contesting ridings in every province except Prince Edward Island and Newfoundland.

Hugh Porteous, Winchester district farmer, said that the present member has been sitting in the House of Commons for more than 35 years but "we never see him." Mr. Porteous intimated that for better agricultural representation in the riding a Social Credit candidate should be elected.

Rev. Mr. James thanked the meeting for once again placing their confidence in him in electing him Social Credit candidate in Grenville-Dundas.

Mrs. James Gough, of Manotick Station, former Osgoode Township councillor and Carleton for the Social Credit Party was chairman of the meeting.

Active Committee Makes Plans For Plowing Match

The local committee for the 1958 International Plowing Match recently finalized plans for a delegation, some forty strong, to the Annual Meeting of the Ontario Plowmen's Association, held in Toronto February 24th and 25th. Favours for this event in the form of United Counties cheese and apples were planned.

In an attempt to make certain the delegation gained all of the necessary information while at this Convention, many matters concerning the 1958 International Plowing Match were discussed. One of these problems will be the handling of traffic. Inspector Reavley, of the Ontario Provincial Police, indicated that he and his staff, which would be supplemented by an additional sixty men, would cooperate to the full. The District Engineer's office of the Ontario Highways was also represented by Mr. G. F. Wetherall, of Ottawa. Their Department will likewise co-operate with the local committee and the Ontario Provincial Police in handling the traffic problem. Mr. Albert Smith, of Smiths Falls, area manager for the Bell Telephone Company, indicated they would try to anticipate all traffic problems as far as communications are concerned.

Mr. John Mullineux, of the United Counties' Health Unit, assisted the committee with consideration of the water supply and sanitation problems. Mrs. Bert Rady, Berwick, chairman of the Billets Committee, indicated that plans were under way to care for billets for all those requiring overnight accommodation. At the meeting it was suggested that the co-operation of the local branch of the Eastern Ontario Development Association and its member Boards of Trade be solicited for urban accommodation.

Clare Brown Dies Suddenly On Monday

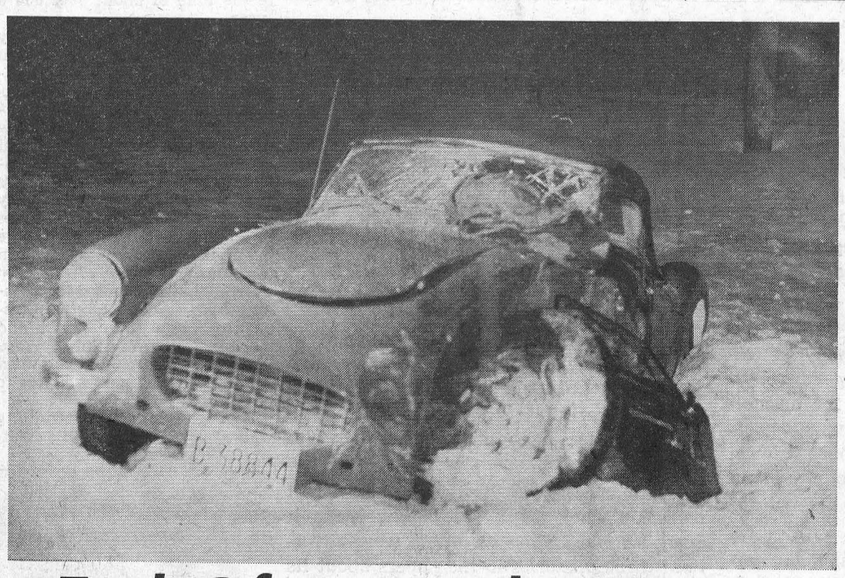
John Clarence "Clare" Brown, one of Winchester's best known citizens, died suddenly on admission to Ottawa Civic Hospital on Monday. He had suffered a stroke earlier at his home here and was rushed by ambulance to hospital.

A son of the late Andrew Brown and Sarah Jane Cook, Clare Brown was born at Winchester 67 years ago. He was educated here and following the First World War during which time he served with the Canadian Army, he married Lillian Agnes Farmiloe of Morewood in 1919. She predeceased her husband in 1937.

Clare Brown was one of the village's more popular citizens. He was "around" town at most anytime and helped out at various functions in many different ways. Anyone owning a garden very likely at one time has had Clare Brown plow it up. He attended St. Paul's Presbyterian Church and was a member of Winchester Legion Post 108. His many friends will be saddened to learn of his death.

Surviving are three sons, Fred of the Canadian Army, in British Columbia; Robert and Ralph of Winchester, and three daughters, Mary, Mrs. Ed. Fawcett (Alice), of Winchester, and Mrs. Howard Merkley (Lillian), of Cardinal. Also surviving are two sisters, Mrs. R. Cook, of Oldcastle, and Mrs. Wm. McCabe, of Lennoxville, Que.

Funeral service was conducted by the Rev. Wm. Sutherland at the Vice and Craig Funeral Home on Wednesday afternoon. Interment was made at Maple Ridge Cemetery. The pall-bearers were Messrs. Kenneth Summers, Sparling Summers, Norman Rae, Allison Fawcett, Ernest Summers and Howard Fetterly.



End Of A Sunday Drive

Ramon Casselman, Williamsburg, and Reg. Workman, of Winchester, returning from Crysler on Sunday afternoon, found themselves suddenly in the middle of a three-car highway accident. The car above, an English model, was damaged the most, and the driver, Paul Labonte, Ottawa, was rushed to the office of Drs Justus, Chesterville, for immediate medical aid. Passenger in the smashed car, Tom Roberts, was also shaken up.

The three car tangle happened about 5 o'clock Sunday afternoon. Casselman and Workman were proceeding west behind the highway plow which was leaving quite a blanket of snow, making it almost impossible to pass. Suddenly the little red English car shot by and the next thing it and an eastbound Chevrolet had collided. The English car bounced like a rubber ball, twisted and turned, and finally ended in the ditch as the above picture shows. The Chevrolet, driven by Mr. E. Park of Avonmore, and carrying his wife and two children, careened out of control and also ended in the north ditch. Another car, proceeding west behind the Casselman car, was also forced to take the ditch. Meanwhile, Casselman and Workman kept their vehicle on the road. The entire thing happened in about three seconds.

Provincial police investigated the accident. Damage to the two cars will probably exceed $1500.

Trio Arrested In Connection With Bank Robbery

Ontario Provincial Police have disclosed that three New Brunswick men have been arrested in connection with the January 21st robbery of a South Mountain bank in which a family was held hostage for almost five hours and a resident pistol-whipped.

An estimated $50,000 in bonds and other valuables was taken in the robbery.

Inspector J. W. Reavley, Cornwall, said the trio appeared in a Fredericton, N. B., court to face another charge. Warrant for the arrest of the three m have been forwarded to Ne Brunswick along with a request they be held for return to Cornwall.

The charges were laid as a result of an investigation by Inspector J. P. Laperriere of the CIB Branch OPP.

The Lowdown On Unemployment

Out of the welter of statistics and talk about unemployment, some important facts are beginning to emerge:

—Fewer Canadians have jobs today than a year ago; it is the first month in which total employment fell below the level of a year ago.

—But output per man is increasing—an important trend if Canadian industry is to remain competitive.

—The drop in employment is greatest in forest industries and other exports. Their pickup depends on U. S. and overseas.

—Backed by housing and government spending at all levels, total capital investment may not be lower than 1957.

—Overall personal income plus social welfare benefits will maintain high consumer spending for services, utilities, foods, etc.

Changing Tail Lights To Green Or Amber?

Because of bigger and brighter tail lights on cars, the motoring public is beginning to lose the warning value of a red light when driving at night—a rather ironic situation. So common have become the myriad of red lights in traffic ahead, that sometimes motorists fail to notice the slight change in the red lights when the brake has been used, and consequently a pile-up of cars in collision is the result, comments The Perth Courier.

The driving public is becoming quite aware of this "too much red" and a recent letter in the Globe and Mail has suggested that many of the accidents involving several cars could be avoided, it seems, if tail lights were green or amber, with red used only for braking. A driver would be much more alerted if, in following green or amber tail lights during the night, red suddenly flashed in front of him. Braking would become instinctive when a red light appeared, just as it is in seeing a red traffic signal ahead. And at night, if an accident has happened, other drivers, seeing red lights, would no longer come rushing into the wreckage minutes after the first accident happened.

It has been suggested that only brake lights should be red and if, years ago, this plan had been adopted, many killed or maimed in accidents might still be healthy and enjoying life. No more effective action could be taken to reduce the loss of life and limb than to have car lights changed so that red meant only one thing, STOP!

The Provincial Government could give safety a big boost by advising car manufacturers that in one year or two, cars on our roads must have amber (or green) rear lights, and that a red light is to indicate a car is stopping or slowing down. The cost would be slight; the glass covering the tail light would have to be changed to another colour and only the brake light left red. If such a change is to be made, it will be up to the public to rouse themselves enough to demand. Every red tail light changed to amber could mean another life saved!

Story With A Moral

This is the story of the man who lived by the side of the road and sold hot dogs. He was hard of hearing so had no radio. He had trouble with his eyes so he read no newsapers and saw no television. But he sold good hot dogs. He put signs up on the highway telling how good they were. He stood on the side of the road and cried "Buy a hot dog, mister?" And people bought. He increased his meat and bun orders. He bought a bigger stove to take care of his trade.

He finally got his son home from college to help him. But then something happened. Said his son: "Father, don't you ever watch television or listen to the radio? Haven't you been reading the newspapers? There's a big recession under way. The European situation is terrible. The domestic situation is worse. Everything's going to pot." Whereupon the father thought, well, my son's been to college, he reads the paper, watches television, and listens to the radio and he ought to know.

So the father cut down on his meat and bun orders, took down his advertising signs and no longer bothered to stand out on the highway to sell his hot dogs. And his hot dog sales fell almost overnight. "You're right, son," he said to the boy, "we certainly are in the middle of a big recession."

Better News

There is a little hopeful news from the traffic accident front—a definite indication that highway safety campaigns are beginning to pay some modest dividends, says The Financial Post.

Total road traffic deaths were down over a thousand in the United States last year and while there was still a slight increase in this country, "the upward trend of the last four years," as the Canadian Highway Safety Conference points out "appears to be definitely halted."

There were over 3,200 highway fatalities in Canada last year. This compares with just under 3,200 the year before. Prior to 1956, however, there was a substantial rise each year.

This is only part of the picture. It has been achieved, it should be noted, in the face of far more traffic and far more cars.

ONTARIO REPORT . . . .

A Report by Fred M. Cass, MLA for Grenville-Dundas.

During the third week of this Session the annual task of considering legislation has gotten into full stride. A large assortment of minor bills has received second reading in the House and peacemeal discussion in the appropriate Committees. The only piece of major legislation also was occasion for an unusual ceremony. The Ontario Hospital Services Commission Act required an amendment in order to allow the Provincial Government to sign agreement with the Federal Government for the province wide hospitalization plan. After third reading of the Bill, the Lieutenant Governor visited the House on Thursday to give Royal Assent to this one Bill—a most unusual proceeding as normally all the Bills are given assent at once on the last day of the Session. Incidentally, also ,it appears that the Rural Co-operative Medical Plans are to have their place in the administration of the new hospital insurance plan, as well as being able to write supplementary contracts.

On the Monday a luncheon was given by Premier Frost and the Conservative Members for the Rt. Hon. John Diefenbaker, Prime Minister of Canada, prior to his departure for Newfoundland on his election campaign. As is his custom, Mr. Diefenbaker, by his very presence and fervour, impressed us all with his competence to direct the destinies of our nation.

During this week there was a succession of engagements between Prime Minister Frost and the Liberal opposition over the Government's announced plan of contributing up to $5,000,000 towards labour costs of municipal works to relieve unemployment. In the end it would appear that the plan will be of very considerable assistance to the municipal taxpayer as well as to persons unemployed and on relief.

The Standing Committee on Agriculture held its first meeting this week and heard a very informative outline from Livestock Commissioner Watson on the new Federal-Provincial Brucellosis control scheme. It was most interesting to note that the Counties of Dundas, Stormont and Glengarry were the third area to be recommended by Provincial authorities for declaration by Federal authorities as a brucellosis control area. This will mean much to our cattlemen in this district by helping to preserve their entry into the American market.

The annual report for 1957 of the Ontario-St. Lawrence Development Commission was presented to the House. This disclosed, not only that a great deal of money had been expended but, that slowly this new Park Authority is bringing into existence a great historic site at Crysler's Farm Battlefield Memorial Park east of Morrisburg, as well as a whole series of Parks along the St. Lawrence River with modern facilities for public enjoyment. Already Parks have been authorized in the Counties of Glengarry, Stormont, Dundas and Leeds, and historic sites in Dundas, Frontenac and Lennox and Addington Counties.

FOR PARENTS ONLY . . . . .

(By Nancy Cleaver)

"Janey is sometimes very rebellious of authority, and antagonistic to her brother. But a good deal of the time she is an out-going, happy, little person. I do think friendly feelings are important!" Mrs. Whitely said to her neighbour, Mrs. Brown, who said thoughtfully,

"Our Tom is quite changeable, too. But then he is entering adolescence. Naturally he wants to be very independent. I do think that parents should try to meet their child's emotional needs—although sometimes it is hard to know just what they are! It's a lot more difficult to do this than plan a balanced diet or shop for clothes!"

Never say of your son or daughter when he is angry and anti-social, "It's just his feelings" in a disparaging way. "Just feelings" are very important to mental health and physical well-being.

Even a very little child needs to think well of himself. There is a poem with two lines about, "I have to live with myself and so

I must be fit for myself to know!"

Mother or father are on the wrong track when they thoughtlessly label their child as "bad." Junior's actions may be undesirable. But he should not be made to feel that he is of little worth. His behaviour must conform to certain necessary requirements. At the same time he must not be continually made to feel that his "feelings" or emotions are wrong.

A child is a bundle of wants and desires. Among these is the urge to achieve and gain recognition. He needs to picture himself as succeeding at various tasks including his school studies and games. But when he fails, he should be helped to learn from his mistakes and try again. His parents' understanding and encouragement assist a child to be on friendly terms with himself.

In every family where there are several children, a certain amount of conflict is inevitable. Sometimes it is difficult for two children in a home to be good friends. One may be jealous of the other or fear his domination. Parents need to help each child feel secure.

Favoritism must never be shown. Brothers and sisters are usually better friends if they do not have to see too much of each other! As they grow older they often discover that they have similar interests and can enjoy each other's company.

Children seek the companionship of their peers, or other youngsters around their own age. A child learns a great deal in the give and take of play with his chums. The ability to make friends and keep them is an art learned very gradually. In every stage of life, individuals need others in whom they can trust and confide.

Parents should make their children's friends welcome. The only pre-school child with no playmates in his backyard is a lonely little person. Other people's children make a noise, scatter things around and track in dust—but friends are part of the necessary environment for happy humans. A child cannot develop friendly feelings toward others in a social vacuum!

It may seem rather strange to stress that children need to be very sure of the warmth and constancy of their parents' love. "Of course, a mother loves her own flesh and blood!" you protest. But have you not heard a mother foolishly threatening something like this? . . . .

"If you do such and such naughty thing, Mother won't love you any more!"

Love is not a stream to be turned off and on like water in a tap. One observer suggested that modern parents are often so pre-occupied or fatigued at the end of a busy day in the competitive world in which we live, that instead of giving their child lavish armfuls of love, they dole out small, tight fistfulls! Friendly feelings are the natural product of a loving home atmosphere. There is no more essential emotional need than abundance of love from father and mother. The child cannot but respond if he is sure he can count on their affection! —*Copyright.*

ABOUT WRESTLING

(Liberty Magazine)

For pulling hair, punching noses, and being bounced about like a rubber ball, Canadian wrestlers may earn as much as $100,000 a year, reports Robert Walker in the current issue of Liberty.

Leading the collection of "Canada's highest priced athletic talent" is Whipper Billy Watson. The famous bone-bending Billy earns an estimated $50,000 a year. In the U. S., character actor Georgeous George pulls down an annual $100,000.

As a TV attraction, wrestling is second only to hockey in the sporting city of Montreal. Canadian TV pays well for these crowd-drawing hulks of beef—to the tune of about $900,000 a year.

These coarse, crude, blubbery hulks of flesh that you see on your TV screen often have indications of intelligence, even refinement, reports Liberty. Viewers of the CBC-TV panel show "Tabloid" got an unexpected jolt recently when Jim Coleman interviewed four of the world's top wrestlers on the show. They calmly gave intelligent replies to such questions as, "Is there too much vulgarity in modern literature?"

Britain's well known leg twister, Lord Athol Layton, frequently attends the ballet and the opera. "Wrestlers," says Walker, "are probably the most articulate, intelligent athletes to be found."

To suggestions that wrestling was phony, Whipper Billy Watson gave the cryptic reply that "Wrestling requires a certain amount of showmanship." But it is never rehearsed, added Watson.

SERVING

FOR YOU

SUBLIMINAL ADVERTISING

(Globe and Mail)

Television viewers, we imagine, will have mixed feelings about the Canadian Broadcasting Corporation's decision banning "subliminal perception" advertising. This is a technique in which the sponsor's message is repeatedly flashed on the screen for a fraction of a second during the program. It does not register on the viewer's eye, but is supposed to sink into his subconscious.

On the other hand, since commercials seem to be an inseparable part of television, there is something to be said for having them as painless as possible. If we must learn about the merits of Gooble's Gunk, it is less irritating to do so through subtle suggestions which we don't even notice than through sales talks every five minutes. No doubt "subliminal perception" is a form of brain-washing, but what else is the conventional commercial?

The CBC should reconsider. Better the subliminal than the ridiculous.

WHY ALL THE MYSTERY

In Prescriptions ?

GET A BONUS FROM YOUR PRESCRIPTIONS

(Sixth in a series)

Check the date on prescriptions you are not currently using, or on leftovers you have thriftily hoarded. Have you any idea what a 2 or 5 or even 10-year-old prescription was intended for originally? Don't give it space on the medicine shelf.

The dating idea, adapted from prescriptions as a kind of family health bonus, is a smart one to apply to your purchase of common nonprescription drugs. Put the purchase date on the container or keep a record of it. Some drugs deteriorate with age, some get stronger, some weaker—bad, however you look at it. If you have any doubt about what to keep, and what to replace or throw out, ask your pharmacist. Often his advice can save you money. Some medicine-chest items should be bought in smallest sizes, but more often, for best effectivenss. Others that you use, or that are very stable, are more economical in large-size packages. Always keep containers closed, bottle caps and corks tightly sealed. Even drugs of great stability may deteriorate if exposed to air and moisture.

ADVERTISE EGGS

(By Ambrose Hills)

The High River (Alberta) Times recently quoted a statement by a speaker on the egg marketing question as saying, "If every person in Alberta ate one more egg per week, there would be no surplus." The editor went on to say that an all-out vigorous and imaginative advertising campaign could accomplish something like this.

"Individual producers," he wrote, "can do nothing by themselves in advertising, but in co-operation through farm organizations they could, and in doing so would perform a tremendous service for agriculture with no compulsion or no subsidies involved for anyone. It is one way in which agriculture could endeavour to stand on it's own feet."

I agree, and I would be willing to wager several crates of eggs that if the editor of the High River Times wrote the advertising copy, he'll soon sell so many eggs there'd be no more talk of compulsory marketing; so much butter there'd be no more foolish restrictions on margarine; so much lamb or mutton we wouldn't need to worry about all the quick-frozen food products being imported these days from the States.

Listen to his words: ". . . . the various merits of eggs, their sunshiny color and appetite appeal, health-building potential, ease of preparaton, economy and versatility could double or triple the demand for cackleberries and put them in the place where they belong in the food-product world. The flavor and gourmet pleasing qualities of roast lamb with mint sauce, lamb chops with currant jelly, and a reminder that real Irish stew is always made with lamb or mutton could be invitingly placed before the public—so that the sheep producers main marketing problem would be to keep up with the demand."

Now doesn't that make you want to crack an egg into the frying pan, and scramble it until it's a sunshiny glow on a white dinner plate? Or sink your teeth into a tender lamb chop garnished with tangy mint jelly,

Remember when liver used to be a glut on the market, when the butcher gave it away for free? Then its merits were advertised through stories in the papers about its health-giving properties. Recipes were published showing how to cook it so that it made mouths water.

It seems to me that if the farm organizations would get together, buy modest space, and hire or shanghai the editor of the High River Times to write the copy, the sale of Canadian farm produce—eggs, butter, pork or what have you—would soar.

I don't know about you, but typing out his words made my mouth water. I'm going to lunch—lamb chops, eggs or Irish stew will get the nod from me today?

The 7th Column

Many thanks to all the kind subscribers, advertisers and other well wishers who have sent notes or verbally offered their congratulations to The Press in the winning of its recent awards. Needless to add, we are pleased as punch with our favourite "Weekly," and after attending the Ontario Weekly Newspapers Asociation Convention last week, we are especially pleased to be a part of this fine business.

At the last moment we decided to take the C.P.R. noon train last Thursday to Toronto. It was a bad mistake. In a day of modern gadgets, modern ways and especially modern transportation, C.P., at least with this "local" train is way behind the times. It's slow, nearly 8 hours to travel from Winchester to Toronto; it's rough; and this particular train lacks certain conveniences which are mightily conspicuous by their absence. We don't care what train or what company as long as there is a facility or two. The noon job leaving here has nothing except a half decent car to live in for one-third of a day. If you want a soft drink, a sandwich, a newspaper, a chocolate bar, you are out of luck. In short, a person boarding this train at Montreal for Toronto is out of luck if he wishes to dine. No need for this sort of thing even on this train. No other way to describe it except "poor service."

Three or four days in the city and we're ready to get back to the small town, more particularly the Winchester beat. There was a time when the excitement of the larger centres appealed to us, but not any more. We've lived in both small town and large city, but when all is considered we'll take the wide open spaces where you know the guy next door.

Some bitter complaints about town in recent weeks about the sharp teeth of the law biting Winchester motorists in the Blossom Park area of Highway 31, south of Ottawa. None of the seven or eight boys who has paid the tab denied he was "exceeding" the 30 m.p.h. limit. What got their goat was the heavy fine. We have read a couple of the tabs and they were highly unreasonable. We're against careless speeding—most sensible people are. All of the drivers we know who have been picked up have excellent driver records and were probably driving no faster than the average motor vehicle owner wheeling his car down this four-lane stretch. It seems to us little discretion has been used here by police officers and, if anything, more harm than good is resulting from the fines.

* * * *

Certainly, we have picked up quite a few valuable pointers on how we can improve The Press. In the future, therefore, look for some changes throughout the paper, especially the editorial page which will produce quite a bit more white space, made for easier reading.

According to Dun and Bradstreet, 95% of all failures in business are from the ranks of non-advertisers. Only 5% of those who fail are advertisers.

Many thanks, too, to the country correspondents and others who contribute news items to The Press. By the way, in the ways of news coverage and presentation The Press was the only paper in any class to capture maximum points of 25.

The annual meeting of Carleton County 4-H Club Leaders' Association for 1958 was held last Tuesday evening at Dayton's Restaurant, Ottawa, in the form of a dinner meeting. The executive for the ensuing year is:

Honorary president, W. M. Gladish; past president, Tom Dickinson; president, Neil Lee; 1st vice president, Harold Macartney; 2nd vice president, Bill Hodgins; honorary directors, Mrs. W. F. Hayes and Raymond Kemp; secretary-treasurer, Rodger Thompson; directors: Don Mack, Edgar Wilson, Jack Shaw, Mrs. Theodore McBride, Mrs. Harold Macartney, Mrs. Kingsley Kennedy, Ed. Wallace, Homer Scobie, Scott Argue, Janet Craig, Frank Hodgins.

Farmers Believe Legal Advice Necessary

Five thousand farmers across Canada reported to National Farm Radio Forum on the topic "Let's Make It Legal." 97% of the forums thought legal advice was necessary in buying or selling a farm or arranging for a mortgage. The majority agreed that it was also advisable to obtain legal council when making a "father and son" agreement or when making contract farming arrangements. 89% felt a lawyer's advice would be helpful in the case of expropriations or easements. Where wills are concerned 95% of the forums said that legal advice would be advisable.

The forums were also asked what part farm organizations should play in providing legal services. The answers to this question varied but the majority agreed with the Kandahar Farm Forum, Saskatchewan, when they said, "Farm organizations should investigate existing laws and where necessary try to have them amended so that they are better suited to present day farm problems. They could also play a part by providing information to farmers (newspaper columns, articles, etc.) on matters most often encountered by farmers. It would provide a handy source of information if some organization would undertake to prepare a booklet containing, in condensed form, general information on, and interpretation of, laws most likely to affect a farmer."

Who is the "low income farmer?" Has he special problems and if he has what programs can be designed to help him? These questions and others will be answered by a three-man panel chaired by Bob Carbert, farm broadcaster from Wingham, Ontario, at the March 3rd Farm Forum.

OBITUARY

There passed away quietly at her home recently one of Elma's eldest residents in the person of Mrs. William McNair. Although Mrs. McNair had been confined with a lingering illness, she had been able to be around her home until a few days ago.

A daughter of the late Harmon Barkley and his wife, the former Martha McIntosh, she was born Sarah Etta Barkley on November 18th, 1878.

As a young girl she became an accomplished organist in St. Peter's Lutheran Church, Williamsburg, of which she was a former member.

In the year 1906 she went to Toronto where she had obtained employment. While in that city she married William L. McNair on March 3rd, 1909.

They resided in Toronto until 1939 when they retired to Elma where they established a home. Mr. McNair died in December of 1947.

The late Mrs. McNair is survived by a sister, Miss Ada Barkley, who resided with her, and two brothers, Henry Barkley of Williamsburg and Isaac Barkley of Oshawa. Another sister, Mrs. Charles Whitteker, predeceased her in November, 1957.

The funeral was held from her late residence to St. Peter's Lutheran Church, Williamsburg, where the service was conducted by Rev. A. Blackwell. Burial will be made in Maple Ridge Cemetery in the Spring. The pall-bearers were Paul Whitteker, Lloyd Whitteker, Ross Whitteker, Bernard Whitteker, Grant Algire and Hugh Barkley.

Demolition At Morrisburg

Demolition is taking place all along Morrisburg's Main Street, including the famous Music Hall. This photo shows just one small section being wrecked by Teperman's, a Toronto wrecking firm. This particular shot is of considerable interest to many people because it shows a section very familiar to many district residents. Buildings from right to left are, Cameo Theatre, Post Office, Bradfields and Dominion Stores, etc. So fast is demolition taking place that it is quite probable the buildings shown, in part, will have now been completely wrecked.—*Photo by Smith.*

Discuss Plans To Continue Health Services

At the last meeting of the Board of Carleton Medical Services plans for continuing the Services after the Government Plan comes into effect on January 1st, 1959, were discussed. The Board thinks all members should avail themselves to the Government Plan as soon as it comes in force.

The February Hospital Claims amounted to almost $2,000 with surgical claims at $865.00.

The Catastrophe supplement fund for 1957 was dispersed with the following participation of those with bills of $1,000 or over: J. P. Younghusband, Kinburn; Henry Kettles, Hawthorne; J. E. Cochrane, Russell; Fred B. Rowe, Dunrobin, and the estate of the late Duke Park, Leitrim.

The meeting was presided over by the president, Cecil J. Waddell.

REPORTERS DISCUSS SMOKING

"To smoke or not to smoke?" That is the question that forms the basis of a lively and amusing "debate" by two veteran reporters in the current issue of The Star Weekly.

Ronald Lowman was a heavy smoker for 15 years and then decided to give it up. "What a battle it was!" he states. "The first ten days were the worst. I wasn't just crawling up the wall, I was trying to crawl into it!" But Lowman persisted and today he feels better, sleeps better, enjoys his food more with no great increase in his weight.

James Y. Nicol has a different tale to tell. He says: "After laying off seven years I've started smoking again. Now I feel like my old self!" Nicol found that his craving for tobacco was replaced by a stronger craving for coffee and food—with a disastrous effect on his waistline.

The two fully describe their respective experiences and feelings in a Star Weekly article of interest to every cigarette smoker in Canada.

Survey Shows Farm Conditions Good In Grenville - Dundas

Eastern Ontario farmers had a net cash income in 1956 of $94,000,000 which represented an increase of 12.6 per cent. over 1955 according to the 1956 Economic Survey of Ontario. The survey pays attention to Dundas and Grenville counties.

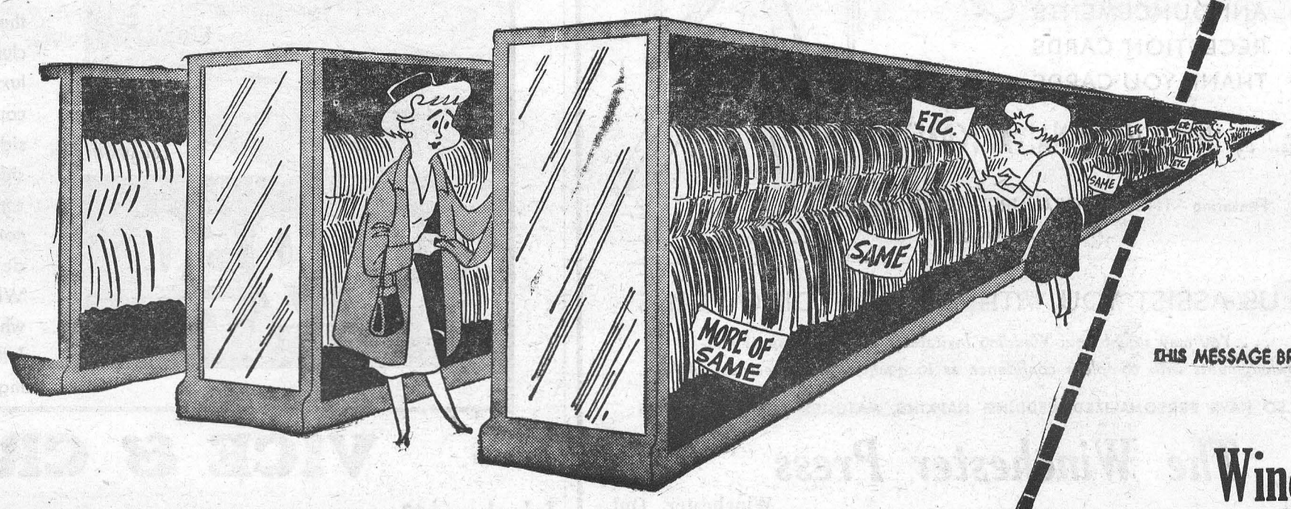
the myth of greater selection out of town

The dictionary defines a myth as "a thing whose existence is imaginary." And nothing is more imaginary than the idea that if you shop in some BIG CITY many miles from here you will have a wider choice of merchandise than in our local stores.

True, the metropolitan stores may show more individual items, but they're *more of the same!* In some cases they may not even have as much *variety* as your hometown merchants.

And when it comes to style, our storekeepers are just as up to the minute as their big-town brethren. That's because they send buyers to *the same markets!* The big stores have no monopoly on sources of supply.

When you compare local prices with those of out-of-town stores, don't forget what it costs you in gasoline, oil, car depreciation, parking fees and other expenses when you drive long distances. What might seem like a saving often turns into a loss.



HERE'S HOW YOU BENEFIT BY DOING ALL YOUR SHOPPING LOCALLY

When you buy from your hometown merchants you get:

1. HONEST VALUES
2. AMPLE SELECTION
3. INSTANT DELIVERY, SERVICE AND ADJUSTMENT
4. MORE *PERSONAL* AND FRIENDLIER TREATMENT
5. SAVING OF TIME
6. RELIEF FROM COSTLY TRAVEL
7. FREEDOM FROM ROAD HAZARDS
8. ELIMINATION OF COSTLY PARKING PROBLEMS
9. AVOIDANCE OF JOSTLING CROWDS
10. THE CHANCE TO BUILD A BETTER COMMUNITY BY PUTTING YOUR DOLLARS TO WORK HERE

Birthday Dinner

Mrs. L. Monteith, South Mountain, entertained Mr. and Mrs. D. Monteith and family to a birthday dinner recently. During the evening they were pleasantly surprised by a telephone message from Mr. and Mrs. Gordon Monteith and family of Phoenix, Arizona, wishing both Mrs. Monteith and her granddaughter, Sandra, "many happy returns of the day."

Mrs. Monteith also spoke to her sister, Mrs. Neil Lowes of Vancouver B. C., and Mrs. Shannon of Winnipeg, Man., who are holidaying with the Monteith family in Phoenix.

During the telephone conversation Gordon said they were enjoying the roses and other blooms from their garden, dinners out in the patio, as well as many picnics with their guests from Canada.

LEGION AUXILIARY FEBRUARY MEETING

The monthly meeting of the Ladies' Auxiliary to the Canadian was held in the Legion Hall last Thursday evening with sixteen members present. The minutes were read and the various reports given. Comrade Coons reported an inquiry had been sent regarding the adoption of a veteran at Sunnybrook Hospital. The monthly draw was won by Comrade M. Alexander. Comrade Jean Kenney gave the auditor's report and stated that both the treasurer's and secretary's books were in excellent order.

It was decided that each member would bring a guest to the March meeting. The lunch committee for the next meeting will be Comrades R. Bilow, J. Dunlop, M. Corry, I. Harper and S. Curtis.

Comrade M. Corry moved the motion of adjournment, after which a social hour was spent. A contest was conducted by Comrade H. Coons, and lunch was served by the committee.

REMOVE THE EXCESS

A sick room should be cleared of all unnecessary furniture and other objects. Shelves of ornaments and other dust gatherers add to the work and also provide harboring places for germs.

APPRECIATING JUNIOR

A child thrives on the understanding and approval of his family. The security that his family's love provides will help him through his childhood and his adult life, and contribute to his good mental health.

"NEVER BOTHERED ME . . ."

Despite all the warnings, there are drivers who decided to take a chance and start the car in a closed garage. On a chilly winter morning it is a temptation to get the engine running before letting in the outdoor cold. Some of these drivers pay the penalty for their daring—carbon monoxide makes no compromise. It can seep into the car and kill with no warning, being odorless, invisible and tasteless. It is a high price to pay for dodging a few minutes chill.

HOME HINTS

Setting Colours

To set the colour in coloured clothes, use a solution of one teaspoon of Epsom salts to one quart of water. It will help to prevent running of the colours.

The Saucepan

Never scrape a saucepan with a knife. This tends to make the pan burn quickly the next time it is used, to say nothing of injuring the knife.

Keeping Marshmallows

Marshmallows can be kept soft by storing them in a tightly-sealed jar or can. If they have become hard, they will soften up again if put into the bread box overnight.

Concrete Floor

To clean and freshen a concrete cellar floor—and this goes, too, for outdoor pavements—scrub with soap and water or turn on the hose. Then, while the concrete is still wet, sprinkle with dry cement powder. After ten minutes, sweep the excess powder off with a stiff broom.

Entertained To Dinner

Mr. and Mrs. H. S. Lannin, of Winchester, and Mr. and Mrs. John A. Reynolds of Barneveld, N. Y., entertained the following to dinner at the "Tradewinds" in Leesburg, Florida, last Friday evening: Mr. and Mrs. L. L. Britton, of Alexandria Bay, N. Y.; Mr. George Dickson, of Clermont, Fla.; Mr. and Mrs. Hart Melvin, Mrs. John Moffat, Mrs. Wm. Lannin and Mrs. W. F. Workman, of Winchester, and Mr. and Mrs. O. V. Workman of South Mountain.

Fire Scare At Texaco

Short lived fire at Hugh Slater's Texaco Service Centre on Tuesday turned out to be more of a scare than anything else.

Cause for the alarm was one of the three gas pumps suddenly catching fire. It is believed the cause of the flame was faulty wiring as the pump was being repaired after suffering damage on the week-end.

Because of the potential danger, Winchester Fire Department was called. However, Texaco employees had the fire extinguished before firemen arrived.

BETTER ENGLISH

1. What is wrong with this sentence: "I shall take no farther notice of the matter until I read something of that effect."
2. What is the correct pronunciation of "vehemence?"
3. Which one of these words is misspelled? Ammeter, ammalgamate, ammonia, ammunition,
4. What does the word "obtrude" mean?

ANSWERS

1. Say, 'no FURTHER notice," and "something TO that effect."
2. Pronounce vee-ee-mens, accent first syllable.
3. Amalgamate.
4. To thrust oneself upon attention. "The vulgar rich obtrude their pretensions on the public."
5. Apparition.

MILDER WEATHER

Winchester and district, which has suffered from real winter conditions during the past month, came in for a little more favourable weather this week. High temperatures and some rain have helped in the snow removal department and the high to-day, according to the weatherman, will be 40 degrees. Many secondary roads, however, are still plugged with snow.

ANNUAL MEETING WINCHESTER DISTRICT MEMORIAL HOSPITAL

The Annual Meeting of the Winchester District Memorial Hospital will be held in the Hospital Board Room on **Tuesday, March 4th, 1958,** at 8.00 p.m.

BUSINESS: To elect Directors, to rceive and adopt the Financial Statement, and to consider and transact such other business as may be brought before the meeting.

Attention is drawn to the fact that all persons who have subscribed and paid into the general funds of the Hospital are members of the Corporation and entitled to attend this meeting and vote thereat.

If for any reason a quorum of 25 members is not present, the Hospital By-Laws provide that this meeting will stand adjourned until the same day in the following week, namely Tusdaey, March 11, 1958, at the same time and place, and that notice of the adjourned meeting will be published in The Winchester Press.

Vernon

Congratulations are extended to Mr. and Mrs. Edward Anderson who celebrated their 53rd Wedding Anniversary on Sunday, February 16th. They were dinner guests at the home of their daughter, Mrs. Gilbert Raistrick, Mr. Raistrick and family at Winchester. We wish them many more years of happy wedded life together.

The World Day of Prayer Service was held on Friday afternoon in the Baptist Church. The theme was "The Bread of Life." Mrs. Harold Ferguson was pianist and Mrs. Mac Bowen was the leader. Others taking part were Mrs. Erwin Duncan, Mrs. Elder, Mrs. Theo McBride, Mrs. Fred Lewis, Mrs. G. Acres, Mrs. Keeler, Mrs. D. Stuart, Mrs. Geo. Lewis, Mrs. Wm. Dow and Mrs. H. Lee. The address was read by Mrs. Bowen and written by Mrs. Duncan MacMartin, which was very interesting,

Congratulations to Mrs. Geo. Lewis who celebrated her 75th birthday on Friday. Twenty-three members of her family surprised her with a party in the evening. Games were played and a social time spent. Refreshments were served and included a nicely decorated cake made in her honour by her daughter, Mrs. Phair. Those present were Mr. and Mrs. Edwin Snider and Anne, Mr. and Mrs. Alvin Phair, of Ottawa, Mr. and Mrs. Wesley Lewis and family, Mr. and Mrs. Fred Lewis and family, Mr. and Mrs. Clinton Lewis, Margaret and Kenney, and Mr. Donald Lewis. START THEM EGG-ZACTLY RIGHT

Many chicks that could develop into real profit-makers, don't. That's because they aren't given a good foundation for future production. Master Chick Starter Krums, a scientifically balanced, high protein diet, is the best way to provide this all-important good start. It promotes vigorous chicks that feather fast and evenly, with better liveability *and greater gains* per pound of feed. Feed it for the first 8 weeks. Order your supply today.

GRADED SEED

For the protection of the people who buy seeds, the Seeds Act provides that all grain, clover and grass seed and other crop seeds must be tested for purity and germination and graded before they are offered for sale for seeding purposes.

The three classes of grades are "Registered," "Certified" and "General Seeds of Commerce" (Commercial).

Registered grades apply when seed—

(1) is of a kind, variety or strain approved for registration by the Canadian Seed Growers' Association.

(2) produced from a crop covered by a crop registration certificate issued by the C.G.G.A. (crop inspected in the field).

(3) has been inspected, graded, tagged and sealed by an inspector.

Certified grades apply when seed—

(1) is of a kind, variety and strain approved for certification by the Plants Products Division.

(2) is produced from a crop covered by a seed crop certificate issued by the Plant Products Division (field inspected).

(3) has been inspected, graded, tagged and sealed by a seed inspector.

Commercial Grades apply to all other graded seed.

IN MEMORIAM

SUMMERS—In loving memory of Mother and Dad, Mrs. John Summers, who died on February 24th, 1942, and Mr. John Summers, who passed away January 2nd, 1956.

Loving and kind in all their ways,
Upright and just to the end of their days;
Sincere and true in heart and mind,
Beautiful memories they left behind.

41p —The Family.

CHRISTIE—In ever loving remembrance of Ivan and Shirley Christie, who departed this life February 27th and 28th, 1948.

"If we could know beyond today
As God doth know,
Why dearest treasures pass away
And tears must flow;
We cannot see what lies before
And so we cling to Him the more,
He leads us till this life is o'er,
God wills it so.

—Mrs. Ivan Christie and family. 41p

NESBITT—In loving memory of a dear son and brother, Reginald Nesbitt, who passed away February 28th, 1957.

We thing of you with love today,
As we have done so often,
And feel once more the sudden blow
That doesn't seem to soften;
We are lonely here without you,
Great sadness marks our days,
The world is not the same to us
Since you were called away.
Time heals, they say; maybe it does,
But memories last, and so does love;
Down in our hearts, you are living yet,
We loved too dearly to ever forget.

—Sadly missed by Mom, Dad, Arlene, Marjorie and Arthur. 41p

William Legault Re-Elected Zone Three Chairman of E. O. D. A.

William Legault, of Cornwall, was re-elected chairman of Zone 3, Eastern Ontario Development Association.

Other officers named at the annual meeting include: T. W. J. Lane, Osnabruck township, vice chairman; J. G. Rowe, Cornwall, secretary; directors, Mayor Geo. Simon, Alexandria; Alderman Nick Kaneb, Cornwall, and Mr. Rowe.

Speaker at a dinner meeting which followed the business session, was William Wall, of the Trade and Industrial Branch, Ontario Planning and Development Department. Mr. Wall stressed municipalities must help themselves and "unless they do, no one else will help them."

He said many communities aren't killed by outside circumstances, but they "commit suicide" by lack of action in dealing with problems which confront them. A planned and continuous sales effort must be maintained, he said, if a municipality is to make progress. Planning should be on a 20-year basis and not on a short-range plan.

Harry Callan, EODA secretary-manager, reporting on a meeting between association officials and the Ontario Cabinet, called for better leadership from area businessmen, industrial officials, municipal councils and boards of trade, in supporting the over-all effort aimed at attracting new industry to this part of the province.

Hyndmans

Some of the children and adults of this vicinity are suffering from the mumps.

Mr. and Mrs. Bert Canning, of Ottawa, were Saturday night guests of Mr. and Mrs. Cecil Canning, and also visited his mother, Mr. and Mrs. T. Canning, who is very ill at the home of Mr. and Mrs. Ray Grant.

School has been closed for a few days owing to heavy drifting and snow.

Mr. and Mrs. Lawrence Wallace spent a few days with Mr. and Mrs. Willis Render, Johnstown.

Mr. Ray Grant and Arnold spent Tuesday and Wednesday nights with Mr. and Mrs. Allan Grant of Prescott.

People of this vicinity were shocked to learn of the sudden death of Mr. LaBarge who passed away at his home in Ottawa on Saturday. He was president of the Dala cheese factory in this community.

Mr. and Mrs. Hilliard Kenney, of Roebuck, spent Friday evening with her parents, Mr. and Mrs. T. Canning, and Mr. and Mrs. Ray Grant.

Mr. M. Panchuck, of Montreal, spent last week with his father, Mr. Wm. Panchuck, who has been ill.

Miss Rosie Seguin, of Oxford Mills, was a recent week-end visitor of her sister, Mr. and Mrs. Carl Grant.

Mr. and Mrs. Wm. Somerville of Pleasant Valley, spent Saturday afternoon with Mr. and Mrs. T. Canning.

LOOK AND LEARN

What is a word beginning with "ab" that means act of wandering, especially from what is right?"

Aberration.

North Mountain

Congratulations to Mr. and Mrs. Donald Simser on the birth of a son.

Mr. and Mrs. John Blaine and baby, of Ottawa, and Mr. and Mrs. Clinton Coleman, of Ramsayville, spent last week-end at the home of Mr. and Mrs. W. T. Coleman.

Mr. and Mrs. Peter Kerkhof are the pleased parents of a new son.

Mr. and Mrs. Clinton Coleman spent a recent week-end with her parents, Mr. and Mrs. Arthur Erwin.

Unusually bad road conditions stopped school and many social activities were cancelled last week.

Mr. Mervin Peters had dinner on Sunday with Mr. and Mrs. W. T. Coleman.

Mr. and Mrs. Robert Carlyle, of Winchester, called on Mr. and Mrs. Rod Meunier on Saturday.

Mr. Ralph Blaine has been quite ill, and the family, too, have been on the sick list. We hope they have an early recovery.

Mr. and Mrs. Preston Gilmour spent the week-end with Mr. and Mrs. Roy Madden.

Mr. and Mrs. Delbert Woods have a new son, born in the Winchester Memorial Hospital.

HEALTH NOTE

LUNCHBOX FEAST

The lunchbox meal taken to school or work can be pretty chilly on a winter's day but a vacuum jar of hot soup or stew makes tasty fare on a cold day and adds extra nourishment to the lunch, which is really an important meal.

ARE OUR CHILDREN UNDERFED

A subject of vital importance to the health of our nation—and to your children—is discussed by W. E. Gingel in the current issue of The Star Weekly.

A recent survey of Grade 8 pupils (generally 12 or over) has turned up some disturbing statistics about nutrition. Based on Canada's food rules, an eating guide approved by the Canadian Council of Nutrition and distributed by local health authorities, the survey showed that more than half the pupils did not even get the recommended 1½ pints of milk. This "perfect food" is vitally important for rapidly growing children because of the calcium for bones, protein for tissues, and riboflavin for growth that it provides.

One-third of the students in the survey did not get their recommended serving of citrus fruits, said to be the only source of vitamin C, so essential for healthy tissues. Forty-three per cent. did not receive their serving of green or yellow vegetables. And these were children from average Canadian homes. It is possible for a child to be well fed, yet undernourished if insufficient attention is given to the type of foods he or she is given.

The Star Weekly article shows how easy it is for essential dietary items to be overlooked and gives many suggestions to ensure that a balanced diet will result. Every conscientious parent will find a wealth of information and assistance in this interesting Star Weekly feature.

Carleton County Beef Producers Meet In Ottawa Teachers' College

A meeting of Carleton County Beef Producers was held recently in the Board Room, Teachers' College, Ottawa, with a fair turnout of Beef producers.

The meeting was called to order by J. A. Berry, County President, who advised the Beef Producers present that the Zone Chairman, T. Albert Wilson, of Pakenham, was unable to be present through illness, but that B. B. Warnica of Barrie was present to discuss the Constitution and By-Laws of the Ontario Beef Producers Association.

The Constitution was discussed as well as the aims and objects, and was adopted by the meeting. The proposed plan of deductions of 10c for cattle and 5c for calves for slaughter was approved.

The election of officers resulted as follows: President, J. A. Berry, Dunrobin; vice president, Chas. Sweeney, Dunrobin; secretary, H. P. Leslie, Britannia Heights; Zone Directors, Chris. Speaker, Richmond; Charles Sweeney, Dunrobin; F. W. Berry, Osgoode, and J. A. Berry, Dunrobin.

A zone meeting will be held March 12th at 11 a.m. in the Board Room, Ontario Agricultural Office, Teacher's College, followed by a general Beef Producers' Meeting at 2 p.m. the same day at the same place.

All Beef Producers of the County are urged to be present.

Luther League Formed At Williamsburg

The young people of St. Peter's Lutheran Church of Williamsburg organized themselves into a Luther League on Sunday night. Ronald Whitteker was elected president, Louise Richmire as vice president, Erma Whitteker as secretary, and Russell Casselman as treasurer. Randy Byskof of Ottawa presided over the elections. Addressing the group were Sister Betty Swinehart, Deaconess of St. Peter's Lutheran Church of Ottawa, Randy Byskof, President of the Eastern Conference League of the Lutheran Synod of Canada, and also Leo Dahl, publicity chairman of the Eastern Conference League and president of the Ottawa local League. Sister Betty described the Luther League as the official organization of the young people of The United Lutheran Church in America with a fivefold program of Missions, Evangelism, Social Action, Christian Vocation and Recreation. The Conference League is due to have a meeting of its district leagues at Petawawa in April and the Synodical League will meet at Elmira on May 17 and 18. Following the meeting and organization a lunch was served and the Ottawa visitors entertained and thanked for their advice and help.

H. Biccum's Team Wins Cass Trophy

Howard Biccum's rink of Mrs. Gordon Coons, Dr. and Mrs. H. G. Barton holds the Cass Trophy for 1958. They won the coveted silverware last Wednesday night, after a thrilling win over Bob Woods' team. The score was 10-9.

In the consolation event, Art Folkard's rink ran over Hugh Balkwill's crew 14-3.

The Woods' team was composed of Mrs. D. L. MacLean, Lloyd Dixon and Mrs. Dalt. Kenney. Folkard team members were Mrs. Clark Curtis, Clark Curtis and Mrs. Howard Willard. Balkwill team was made up of Miss M. Tullis, Mr. and Mrs. John McKenzie.

Following the play, at a social hour the Cass Trophy was presented to the winning team by Mrs. F. M. Cass. The trophy was donated by the Cass family to the Club for annual competition in memory of the late W. J. Cass, long an ardent curler and member of the Winchester Club.

Prizes to members of the runner-up and consolation teams were presented by Robert Woods, president of the Club.

COMMUNITY SPIRIT AND GOODWILL

Next to the Church and School, the Community Spirit and Goodwill stands at the top of the list as the great need for any community.

Winchester, with its Community Centre, its ball park, bowling alleys, and so on, stands as a well equipped community. But the crowning glory of community activity is found in the Winchester Curling Rink.

Curlers being such gregarious folk naturally come together as bees to the hive. This is to be expected, as the game originated in Scotland, and the Scots are the most clannish people on earth.

But Curling today is fast becoming the most popular sport in Canada. The character of the game is the character of Canada, for it establishes a common meeting ground for Canadians in every walk of life. I know of no other sporting event that combines the festive and competitive spirit as much, or as well, as curling.

This picturesque game is unique in creating a common ground for the expression of the Community Spirit, as both men and women participate.

Allow me to quote John Fisher, Canada's top radio commentator.

"What is Canada's national sport, anyway?"

"In spite of all claims, the biggest national sport is curling. In other words, more Canadians curl than play hockey, football, baseball, golf or any other organized sport."

"Canada has more curlers than any country in the world. The Scots who started it called it "A Roaring Game" We call it "Biggest Game"."

So people of Winchester and district, Come one, come all, and join in the Community Spirit by participating in the "Biggest Game" in Canada and also in Winchester.

Get in the swim, but in this case the water is frozen.

A POOR SECOND.

Press Hockey Trophy

Shown above is The Winchester Press trophy, emblematic of supremacy in the Central Ottawa Valley Hockey League. The cup was won this year by Winchester Juniors on Tuesday night at the Community Centre when the local crew ousted Finch after dropping the first two games. 1957 holders were South Mountain Juniors.—*Photo by Smith.*

Smiths Falls Leads Series

Smiths Falls, after winning a close 8-7 decision last Wednesday night, came back on Friday with an overwhelming 9-1 victory over South Mountin Juniors.

Smiths Falls' big guns were Barrington, Meraw and Rowe who scored two each. Other Smiths Falls' marksmen were Brady, A. McKenney and N. Henderson.

All through the game it was one-sided in Smiths Falls' favour, although South Mountain's G. Pominville spoiled the shutout in the third period with his lone counter.

The two teams met again last night in the Winchester Community Centre. Winners meet Winchester Juniors.

EDUCATION WEEK—MARCH 2-8

During the last six months we, in Canada, have been hearing a great deal about various phases of education.

Are we, as citizen, as parents, interested? Education is everybody's business?

Education Week will be observed in Winchester Public School on Monday, Tuesday and Wednesday of next week. On the abovementioned days parents are invited to visit the classrooms where their children are enrolled. To make these visits as helpful as possible we have decided on the following program:

Parents of Grades I and II—Monday, 1 p.m. to 3 p.m.

Parents of Grades III and IV—Tuesday, 1 p.m. to 3 p.m.

Parents of Grades V, VI, VII and VIII—Wednesday, 1 p.m. to 3 p.m.

Parents of children in Junior Grades may visit other rooms same day if they have older children in upper grades.

Report cards for the current term will be ready for the parents who attend. Provision for parent-teacher interviews will be made from 3 to 5 p.m.

Tea will be served by the girls of the Home Economics Class.

"Come! Let's talk it over!"
