HOME RENOVATION VALUES

The Acorn Series 1200 Thermally Broken/Thermally Improved Aluminum Patio Doors

If your going to invest in some Patio doors this Summer, why not invest in quality? And with the 1200 series you will also be able to save on the cost of heating your home in Winter and cooling in Summer. The reason is Acorn's space-age insulation (thermal barrier). It minimizes and seals against cold, draft, condensation and noise. The 1" overall sealed insulating unit with 3/16" tempered glass has a 5/8" air space which saves money summer and winter by cutting down on heating and air-conditioning bills. Each door has a heavy gauge aluminum frame and comes complete with screen, security lock, key lock, tandem steel rollers and hardware. Invest in patio doors that are going to be worth your while, invest in the 1200 series aluminum patio doors.
