BY'S LINE TODAY

It wasn't just a threshing this year for some farmers —it was a beating!

Conservative candidate Jean Casselman held a tea here last week in Legion Hall on Wednesday afternoon. Over 85 members of the community turned out to pay their respects and be introduced to the Hon. Ellen Fairclough, Secretary of State in the present Federal government. We picture here the receiving line that welcomed the guests, from left to right: Mrs George Gillard, Mrs E. B. McMillan, Mrs Casselman, Mrs Howard Hough, the Hon. Mrs Fairclough. Mrs F. M. Cass.—Record Photo.

By-election Campaign Gathers Steam For Voting on 29th

Grenville-Dundas voters are watching with considerable interest the campaign being waged between the two Prescott candidates, Mrs Jean Casselman, Progressive Conservative, and Mark Salmon, Liberal. Mr Salmon is the elected mayor of Prescott and Mrs Casselman is the widow of the late A. C. Casselman, long-time M.P. for the riding who died May 11 of this year.

Salmon Campaign

Mark Salmon has been doing an 18-hour day stint over the riding, attending house meetings, present at any public function where a hand is to be shaken and taking every opportunity to tell the Liberal story.

He is pointing up the present week with two large rallies; one will be held in Winchester arena Friday night and George McIlraith, M.P., the conqueror of the redoubtable Charlotte Whitton, will be the featured speaker. The faithful will also hear Mark Salmon and he will be speaking again at a public meeting at Spencerville this Saturday night when the Hon. Walter Harris will be the featured speaker. Radio time has been arranged but the Liberal organization has not yet announced the times he can be heard.

Conservatives Rolling

The Conservative organization of Mrs Jean Casselman is in high gear also. The Record this week features a picture taken here when the candidate held open house at Legion Hall last Wednesday and had as her guest the Hon. Ellen Fairclough, Secretary of State. Over 85 guests signed the register last Wednesday. Throughout the riding the picture is the same. Another big get-together is slated for Tuesday, September 23, at Prescott when the wife of the Prime Minister, Mrs John Diefenbaker, will be the honoured guest.

Mrs Casselman has worked some sort of magic throughout the ranks of reeves of the many municipalities and has most of them doing radio speeches in her support. Some of them will be making the first political speech in their municipal lives. There are a few municipalties not on the list but they are few and include Matilda's Zeran, Morrisburg's Beavers, Cardinal's Brown. Of hearing interest especially in this district will be the speeches of support offered by Reeves McMillan of Chesterville, Dawley of Winchester township, Kyle of Williamsburg township and Fader of Winchester village.

Mrs Casselman has arranged her big windup rally for Friday, September 26, in Winchester arena. She will have the Hon. George Hees speaking on her behalf and that night will end the campaigning for the season.

Speculation

Considerable speculation is common on the outcome of the by-election. Most opinion has it that Mrs Casselman will come through with a majority but with a much smaller one than her husband enjoyed in his past couple of contests. The Liberals are hopeful rural feeling against a woman in politics will be widespread enough to keep many of the usual Tory votes out of the polls on the 29th. The Conservatives are joyful that Mrs Casselman has developed into such a strong contender and feel she will sweep the polls on her own momentum. Both parties are hopeful of a sustained enthusiasm right up to polling day. It is felt the result of this by-election will be noted with considerable interest across the country. Coming as it does so soon after the tremendous Conservative victory, there is a feeling that some conclusions can be drawn if the seat shows much change from its traditional pattern.

WASN'T LION

"I just shot a mountain lion from my kitchen window with a .22 rifle," reported a feminine voice to Richmond, Calif., police headquarters the other day.

In the back yard of Mrs Harriet Neely's home officers confirmed her shooting eye, but . . .

The body was that of a neighbour's Siamese cat.

NOMINATION MEETING

At the nomination meeting held in Prescott this week two candidates were nominated, Mrs Jean Casselman, Progressive Conservative, and Mark Salmon, Liberal standard bearer in the forthcoming election.

No meeting was held after nominations.

Township Council Plans New Street For Williamsburg

Williamsburg Township council met recently in the I.O.O.F. Hall, Williamsburg, with all members present. Minutes of the previous meetings were read and adopted.

Plans were made for the construction of a new street in Williamsburg Village. G. Wm. Morrell was present and explained the necessary legal steps to be taken for the several government approvals.

A grant of $50 was made to C.N.I.B. The approval of a plan of subdivision of Ontario Hydro for Lots 33 to 37 and West Commons in the 1st Concession was granted.

The following accounts were paid: Roads and bridges, $2,034.49. relief, $129.60. fox pelts, $18; grants, $200; salaries, $285; indigents, $107.13; land purchase, $171.65.

Council will meet again on October 4.

Wet Weather Worries Farmers

Harvest conditions this year have been the worst experienced for many years. Continued cold and wet weather have played havoc with threshing schedules and combining is still far behind the season.

The Fall season has much the same approach as that of 1954; that year many grain crops were not lifted from the stooks at all. They sat all winter in the fields and slowly sank into the ground. While the rains have not been so heavy this year, it would not need much more to see the finish of some of the late grain crops.

Corn crops have been thriving reasonably well. The crop has had most of its growth and the cold nights are merely a forerunner of early frosts that will send the binders into the field.

There is still a lot of grain in the fields in the district. It is to be hoped the weatherman will be a little kinder for the next few weeks.

PARDON OUR SLIPS . . .

This has not been a good week for the men although it has been hatching weather for a crop of gremlins. The crop finally got out of hand and into our typesetting machine and that causes nasty words to be said and sometimes printed.

This week there is a most alarming mixup in "l's" and "u's" and "d's". If you see them out of place in a word or run across a word fresh from Lower Slobbovia, just blame the gremlins, and the proofreader. It has not been our week.

Memorial Hospital Board of Directors Hold Meeting Make Final Plans for $483,000 Addition

The board of directors of Winchester District Memorial Hospital at their recent meeting made final plans for a proposed $483,000 addition to the present institution.

The plans for the extension will bring the capacity for patients to 74 adult beds, eight children's and 18 bassinets.

Wallace Carkner, of Kenmore, chairman of the board, said that the needed funds will have to be provided by municipal bodies now using the hospital, according to their assessments and their percentage of use. He said "unless we receive this needed financial help from these municipalities it will be impossible to carry out this needed hospital expansion."

Grants and other revenue will reduce the fund raising program to about $163,000, and brochures will be sent out to the United Counties of Stormont, Dundas and Glengarry, and the municipalities of Osgoode, Mountain, Williamsburg, Chesterville, Iroquois, Morrisburg, Finch and Finch Township early in October when committees will call on these councils to present the case of the need for more beds to serve an area containing about 27,000 persons. There will be no public canvass for funds.

Dr Howard Justus, of Chesterville, reporting for the Medical Board, said that the waiting list now stood at 175 patients and the situation was becoming acute. "The doctors of the district will do whatever humanly possible to assist in the drive for funds," he said.

Delegates appointed to attend the October convention of the Ontario Hospital Association were Miss M. Tullis, Mrs G. Mulloy and Wallace Carkner.

The board accepted the offer of the Ladies' Auxiliary to furnish rooms in the new extension, in memory of the late Miss Christena Wilson, former superintendent.

C.N.I.B. Canvass To Be Held This Month

Once again the Canadian National Institute for the Blind asks for your co-operation in its forthcoming campaign.

The C.N.I.B. has a two-fold objective of helping to rehabilitate those who are blind, and of preventing blindness. There are approximately 185 blind persons in our three United Counties and annually about 180 people, mostly children, are given preventive treatment.

The drive for funds to carry on the work of the C.N.I.B. is being carried out during the month of September. We need the financial support of everyone who is able to give. Therefore, when the canvasser calls, please give as generously as you can.

Volunteer canvassers for Chesterville and district are as follows:

Township Council

The regular meeting of Winchester Township council was held in Presbyterian Hall, Morewood, on Monday night, September 8, at 7.30 p.m., with the deputy reeve, A. E. Smith, in charge owing to the absence of Reeve Basil Dawley.

The minutes of the last regular meeting were adpoted as read and signed by the duputy reeve.

The reeve and clerk were authorized to sign the petition to the Department of Highways for the grant under the Highways Improvement Act on road expenditures made to September 1, 1958, and to attach the Corporate Seal thereto.

It was decided by council to take the necessary steps to have a rabies clinic in the township for the inoculation of all dogs and pets as soon as possible.

A. E. Smith and Gerald Holmes were appointed to meet with two members of the council of the Village of Winchester and two members of the planning board to recommend necessary changes in the planning by-law.

The road superintendent was instructed to purchase the required number of posts for Gordon Fraser and Merle Younge to widen the road through Concession 10 between Lots 22 and 23 in the township.

The following accounts were passed and paid: Roads and bridges, $4,310.90; printing and advertising, $50.04; refund, taxes, $95.26; fire calls, $175; relief, $105. salaries, $119.24.

Council adjourned to meet in Winchester on Monday, October 6, at 7.30 p.m.

Plowing match arrangements are hurrying along. Workmen are busy with the essential services such as water. power and telephone lines and last minute chores are being cleaned up. Pictured here is the big sign that stands on the land to be used as a site. In front are Peter Manley, M.L.A., local chairman, and Kenneth Best, secretary-treasurer and ag. rep. for Stormont.—Alex Mullin Photo.

OPINIONS . . .
OURS AND OTHERS

A "Dam" Reaction

It has been demonstrated time and again through these columns that the soft approach is not necessarily the most productive. Our short opinion about the village dam, expressed in a somewhat short-tempered fashion, brought results in a hurry. The letter printed on this page from Mr Butcher, councillor of the village and an engineer by trade, does explain some of the questions we were asking. But not all.

We are more than pleased to see that the Conservation Authority is bounding along at last after a long inactive period. It is just ten years since anything has stirred in that direction.

Mr Butcher's letter outlines what is hoped to take place on the dam site. Preliminary engineering is to include an estimate for raising the level of the pool by either one foot or two feet. He also states that upon approval of the Authority tenders will be called to construct a dam with some thought that the present dam be used as a cofferdam during the building. Aside from the engineering, Chesterville is assumed to pay 50% of the final construction costs, or about $9,250 basing costs on the Casselman dam which is lower but longer.

Our outcry was based on the fact that Chesterville ratepayers will presumably be asked to pay $9,250 to replace a structure which does not belong to the town, without council having enough time to explore the temper of the people who have to pay the shot. And it will be members of council who will have to answer the questions after they have been briefed by their Authority representative.

We have watched quite a few projects just as much needed and as important as the village dam fall flat on their collective faces. In nearly every instance the reason could be traced to a complete lack or a misinformed public opinion. It goes without saying that council's path will be much easier if the record shows a constructive pattern of investigation that will lead to a new cement dam.

Our reclining attitude is one of our great weaknesses and we blush to have it pointed out. Still and all if we must dwell in an ivory tower, what position could be more comfortable, especially if we are looking for drooping socks?

What Does Labour Want?

The province is suffering a noble thirst, thanks to a union demand that beer be hauled in company trucks and that the work week be cut to five days.

Beer itself is a commodity that is not quite as important as milk even though it is also pasteurized. As long as the strike lasts, though, a lot of people are going to run a little short of groceries and the government will lose quite a few millions of tax revenue.

Labour is bemoaning the fact that workers are "moonlighting." In other words, labour has demanded and received enough free time from the employers of Canada, that they can profitably hold two jobs in the same week.

Just what labour will do with their own two-headed baby is beyond us. They demanded and struck until the work week was whittled down to a parody of a normal week's work; from 40 hours they go blithely to 37 and then strike for 35 hours a week; all with the same or more take-home pay.

Moonlighting has some redeeming features, but not too many. If we can accept the fact that the short work week is here to stay, then the employer, looking for extra-time help, will be able to find it. The employee also, who is living to the hilt the benefits of an allowance-conscious government, can make enough extra folding money to finance a lot of things normally out of his financial reach.

The thing that gripes us as employers, is the attitude of the union Joes who start screaming about the rank and file. One would think the moonlighting habits of their members were brought on by the long-suffering employer. In actual fact, the unions have strived so hard for results, with their bargains and strikes, they have spawned a little monster that is growing faster and fatter than was planned.

Letter to the Editor

Chesterville, Ont.,
September 12, 1958.

Mr K. Graham,
Editor and Publisher,
The Chesterville Record.
Dear Sir:

Reference your article in the column "Opinions—Ours and Others" in The Chesterville Record September 11, 1958.

It is a mystery to me, on what information you base your assumption that nothing concrete has been done about a permanent dam in Chesterville. Perhaps you are referring to the years previous to 1958? If so, please disregard this letter and accept my apologies.

I feel the need at this time to inform you that. as the appointed representative of the Village of Chesterville to the South Nation Conservation Authority, I am the person to whom your unveiled barbs should be directed, not the Council in its entirety.

If the Chesterville project fol-
It comes to my mind, with what limited knowledge I have of the newspaper business, that a good reporter does not sit in his office waiting for the news to come to him—he goes out looking for it. In an effort to save you this apparently tiresome chore, I respectfully submit the following information:

The preliminary survey and engineering on the proposed Chesterville dam have been completed, and will be presented to an executive meeting of the Authority in Casselman, Wednesday, September 17, at which meeting Mr H. Crown of Ontario Government Conservation Department will be in attendance.

Following this meeting at which the plans will be perused and, in our opinion, found satisfactory, they will be presented to a meeting of the full Authority on the 17th of October, 1958, in Casselman. On this date the Casselman dam will be officially dedicated.

Upon the approval of the full Authority, tenders will be called well before spring, so that work can begin when the Nation River at Chesterville is at its lowest ebb. Preliminary thoughts are that the existing dam be used as a coffer dam while the cement structure is being built.
lows the general pattern of the Casselman project, the Government of Ontario will pay 75% of the cost of the preliminary engineering and the Village of Chesterville 25%.

As for the actual structure, I am given to understand up to this point that the Provincial Government will pay 50% of the cost, and the Village of Chesterville the remaining 50%.

Any further information you think you might require regarding the proposed Chesterville dam, feel free to call on me, or while reclining in your office I am as near as your telephone.

Based on the foregoing information, and then looking down towards the general direction of my feet, I am personally convinced that my socks are not in a position to feel the need of being pulled up.

"Constantly reminded of water shortage,"

John A. Butcher.

FRENDLEE FARM CHATS

By Lillian Allison

I imagine there are few things that give us quite as much feeling of sympathetic understanding as the knowledge that other people have had bad luck too. And we are particularly understanding when the other fellow's bad luck is the same as our own.

On Monday afternoon the Editor's wife and I attended a meeting at Prescott. We chose a dirt road west of Elma as a short-cut to Highway 31. We had to wait at the highway for several cars to pass and thought we recognized the driver of the last car going south. We swung into line behind him and headed towards Williamsburg.

As we followed him south of the Williamsburg bottle-neck we were certain we knew him. In fact we were sure he was going to the same meeting we were for he turned west at 401 too. We kept a safe distance behind him and continued on our way.

He was definitely a law-abider. He never exceeded the 45 mph mark all the way. Sometimes my foot got a little itchy for 55 is my normal speed on a road like 401 but I figured I'd have to drive like mad to pass him and it really wasn't worth it.

The traffic piled up behind us several times west of Iroquois. A few well-insured souls undertook to pass us both and made it. One crossed the double line on the hill east of Cardinal and I held my breath as he slid into his own lane just in time to miss being hit by a transport.

Quite a procession gathered behind us on the winding road west of Cardinal all steaming along at the gentleman's cruising speed of 45. Some of the drivers, I suppose, were very impatient but we had plenty of time.

Suddenly I noticed the car ahead seemed to be slowing down. I eased in the brake and looked to see what was in the way. There was nothing. The driver ahead slowed more and more. I braked the car harder. The cars behind were jamming on their brakes too. Some pulled out and passed us. By that time the gentleman ahead in the '88' had stopped with his car three quarters on the pavement. I stopped close behnd him.

Gradually the cars behind went by. When all was clear I backed up and drove past too wondering why the man had stopped so suddenly right on the pavement but feeling it was his own business. He waved as we approached him. I pulled in in front.

"I'm out of gas," he said, rather sheepishly. "I should have got some in Chesterville but I forgot. I wonder where I can get some."

I was more concerned that his car was sitting there on the pavement breaking the law and serving as a traffic hazard so I suggested that we push him off onto the shoulder.

It took a little while to manoeuver the turn in the heavy traffic for I had to drive ahead to the nearest gate, back in and turn around then drive back to a driveway behind the stopped car and turn again. Finally I pulled in behind him and pushed the big '88' off onto the gravel. Then the gentleman climbed in with us and rode three miles to a service station at Johnstown.

He was very grateful but I was more than happy to help out a little. You see it is just over a year that my car coasted slowly to a stop on the shoulder of Highway 401 because I was out of gas and I had to walk over what seemed like half of Matilda township looking for enough to bring me home.

There's certainly nothing like experience to help us appreciate the misfortunes of others.

The Editor,
The Chesterville Record.
Dear Sir:

I have recently returned from Edmonton where I had you send the Record for the summer months. I would now like the paper sent to the above address. During my travels I visited Calgary and had the pleasure of seeing Mrs Amelia McMillan-Lambkin (nee McMillan). I am sure that her many old friends in Chesterville will be delighted to know that she is in excellent health and was eager for news of the old home town.

Sincerely yours,
Brother Peter.

There on the ditch bank at Rocky Ford, Colo., was a pile of small boy's clothing.

Officers began looking up and down the ditch fearing the worst. Soon they met a small boy in swimming trunks. The clothes were his.

"I undress here every afternoon," he said. "Then I can walk across the field to the city swimming pool and go in free."

He worked it this way: Pool attendants, seeing him walk into the bathhouse in his trunks, figured he was returning to the pool from a nearby lounge where candy bars and soft drinks are sold.

CANADIAN GRAPES

Canadian grapes are certainly delicious and most of us find many uses for them in the wintertime when our fresh fruits are scarce. So now when our Canadian grapes are at hand let's make the most of them. Eat them fresh of course, but do make grape jelly and jam and fix a few quarts for pies.

Orange Grape Pie

3½ cups blue grapes
1 cup sugar
2 tbsps. flour
Few grains salt
2 tspsp. grated orange peel

Slip skins from grapes. Heat pulp to boiling; press through a sieve to remove seeds; add skins, sugar, flour and orange peel. Mix well; cook till skins are tender. Stir often to prevent burning. Use as filling for a two crust or lattice-top pie. This mixture may be sealed in jars or frozen for future use.

Grape Sundae

3 cups grapes
1 cup sugar

Prepare grapes as for pie filling. Add sugar. Cook until skins are soft. Cool and use as Sundae topping.

Grape Conserve

6 quarts grapes
1 lb. seeded raisins
3 oranges
8 cups sugar
1 cup chopped walnuts

Wash grapes, remove from stems; separate pulp from skins. Cook pulp until very soft; press through a sieve. Put pulp and skins into a kettle; add raisins, oranges cut in very thin slices and sugar. Cook until thick (about 20 minutes). Add walnuts five minutes before removing from heat. Pour into sterile jars and seal.

Grape and Pear Jam

8 cups blue grapes
3 cups water
10 cups chopped pears
4½ cups sugar

Wash grapes, separate skins from pulp. Add 1½ cups water to skins and 1½ cups to pulp. Simmer skins and pulp separately until tender. Press pulp through a sieve. Add cooked grape skins, pears and sugar to the pulp. Bring to a boil and boil uncovered to the jam stage. Stir frequently to prevent sticking. Pour into hot sterilized jars. Cool and seal with paraffin.

Elma W.I. Meeting Well Attended

Elma Women's Institute held the September meeting in Dunbar Lutheran Hall, with a good attendance. The president, Mrs Bernice Froats, presided, assisted by the secretary.

Roll call was answered with "A dozen of your favourite cookies and the recipe."

It was decided that a special donation of $1 per member be taken for a donation to Winchester Memorial Hospital.

A canvass of the community for the Canadian National Institute for the Blind will be made during the month of September.

Home Economics and Health was the topic of the meeting, with Mrs Hubert Shaw and Mrs Cecil McMillan conveners.

Mrs Arthur Folkard gave a reading, "For Little Patients with Little Patience;" Mrs Wilfrid McMillan, "Homemaking for the Modern Bride;" Sheila Shaw and Heather McMillan sang two duets, with Mrs Grace Froats at the piano.

An interesting article, "How Pure Is the Food Your Family Eats?", was given by Mrs D. J. Dillabough.

The convener, Mrs Shaw, gave a very interesting talk on a visit she made to the Ontario Hospital at Brockville.

A Scotch reading, "Highland Cowgirl," was given by Mrs Wendell Harper. Mrs Cecil McMillan conducted a contest on naming the parts of the body. The winner was Mrs Egerton Barkley.

Cookies were sold at the close of the meeting and netted a nice sum. With the singing of the National Anthem the meeting was brought to a close.

The next meeting will be held in Dunbar Lutheran Hall, the topic being "International Day," and the committee in charge will be Mrs Wendell Harper, Mrs Egerton Barkley and Mrs D. A. Dillabough.

Hospital Auxiliary Meets at Winchester

The September meeting of the Winchester District Memorial Hospital Auxiliary was attended by 27 members. After extending a welcome to all present, Mrs Black expressed her appreciation to all who had helped to make the Garden Party a success.

To mark the tenth anniversary of the opening of the hospital, the minutes of the first meeting were read.

Miss Elliott reported the membership stands at 1,211. Receipts for June, July and August were $2,854.56, including proceeds from the Garden Party. Donations were received from Ormond, Vernon, Mountain Ridge and Mulloys, Williamsburg, Chesterville and Mountain. Expenses for linens were $361.87, leaving a balance of $2,492.69.

Mrs Mulloy's report for the summer months revealed several donations for jams, pickles, vegetables and fruit. She also stated that the plans for construction of the new wing have not been completed.

It was suggested that a letter be written to the Board of Directors, expressing the desire of the Auxiliary to furnish two single rooms in the new wing of the hospital in memory of the late Miss H. C. Wilson, superintendent of nurses.

Delegates were appointed to attend the regional conference on October 6 at the Hotel Dieu, Cornwall. Mrs Black was elected to attend the hospital convention in Toronto October 26-28.

Crysler W.I. Meets At Ouderkirk Home

The regular monthly meeting of Crysler Women's Institute was held at the home of Mrs Wm. Ouderkirk on Tuesday evening, September 2.

The motto for the meeting was "Remember the tongue is in a wet place; it might slip."

Mrs Burd, the honorary president, opened the meeting with the Ode, Mary Stewart Collect and Lord's Prayer. Roll call was answered by "How I can be a good neighbour." One new member was welcomed.

Minutes of the last meeting were read and approved. The treasurer gave the financial report.

An invitation from Newington W.I. to attend their grandmothers' meeting on September 24 was accepted. Appreciation cards were received from Mr Legault and Mrs McRae.

Training School For Leaders Of 4-H Homemaking Clubs

4 H homemaking clubs, under the direction of the Ontario Department of Agriculture Extension Branch, Home Economics Service, are designed to assist girls 12-26 years of age in their personal development. If as Herbert Spencer has said, "Education is a preparation for complete living," then homemaking clubs make a contribution to that aim.

Any group may sponsor a 4-H homemaking club that can send a leader and if possible an assistant leader to the training school that is always held at the start of each project. There are two projects each year and leaders must attend the training school in order to have a club. Leaders do need an interest in girls and some ability to teach but the training school is designed to equip them to lead their clubs.

The Fall and Winter projects get underway with the training school for leaders on September 16th and 17th in Winchester Town Hall in Dundas County, and September 18th and 19th in the Ontario Department of Agriculture Board Room, Cornwall, for Stormont County.

Stormont County has chosen the project "Cotton Accessories for the Club Girl's Bedroom" which includes the interior decoration of bedrooms, and a study of bedroom accessories. Each girl makes a few accessories for her own room, using techniques learned during the unit.

In Dundas County "Sleeping Garments" is the unit to be taken. Here the girls will learn methods of construction and finishes for night wear, and each will make a pair of pyjamas of her own choice as well as housecoat and scuffs, if she wishes.

These organized clubs give an opportunity to study and work together as knowledge and skills are gained in the various projects. This program has proven beneficial along with Home Economics work covered in school and it is hoped it will soon be expanded in these counties.

Eagles and falcons may live to 100 years, and parrots and swans for 80 years.

Moore–MacLean

Chalmer's United Church, Finch, was decorated with baskets of pink and white gladioli for the marriage of Miss Marion Ruth MacLean, only daughter of Mr and Mrs Bernard MacLean, to Harold Earl Moore, son of Mr and Mrs Lloyd Moore, Metcalfe, and formerly of Finch.

Rev James Hamilton officiated at the double ring ceremony. Miss Eileen Runions was soloist and sang the Lord's Prayer and during the signing of the register "O Perfect Love." Mrs Earl Bicks presided at the organ.

Given in marriage by her father, the bride wore a floor-length gown of white nylon net with lace inserts, full skift and a lace bolero; her finger-tip veil was held by a matching crown of iridescent pearls. She carried a crescent of white 'mums and red roses.

She was attended by Mrs Howard Moore, sister-in law of the groom, as matron of honour. She chose a lime green nylon net gown. The bridesmaids, Mrs Geo. MacLean, sister-in-law of the bride, chose a yellow nylon gown, and Miss Doris Duff wore a pink nylon net gown. The attendants all wore white feather hats and carried nosegays of white and yellow 'mums.

The best man was Howard Moore, brother of the groom, and ushers were George MacLean, brother of the bride, and Lester Robinson, of Winchester.

Mrs MacLean, mother of the bride, wore a dusty rose crystalette dress with black accessories and white corsage. The groom's mother, Mrs Moore, wore a navy crepe dress with pink accessories and pink corsage.

A reception was held in the church hall where pink and white gladioli were used to decorate the hall. The toast to the bride was proposed by Rev Jas. Hamilton.

Later the couple left for a wedding trip to Niagara Falls and other western points. For travelling the bride wore a navy blue suit with white accessories.

Mr and Mrs Moore will reside in Ottawa.

Use Legion Hall At Williamsburg As Classroom

The Legion Hall at Williamsburg is being leased to Williamsburg Township Public School Board it was announced at a Legion meeting. Purpose of the rental, which started this month and continues through June, is to accommodate the surplus of pupils enrolled.

The Public School Board was forced to take this action when a call for tenders saw only one reply for a tender roughly $12,000 above the proposed cost of expansion. Plans to construct a new room and renovate the present school building have not been shelved. The work will eventually be carried out, although not in time to be of any use this year.

Meanwhile, Legion members have intimated that arrangements are underway for plumbing at the new building located at the recreation centre field and the installation of fluorescent fixtures and tile floors.

Legion members also decided in favour of drilling a well for a suitable water supply.

President Robert Stephen presided at the meeting, which was held at the home of Glenn McIntosh.

Mr Chan was an importer of teak whose warehouse was being continually pilfered. Deciding to investigate, he found footprints that looked like those of a small boy. So, staying in the warehouse overnight to watch, he saw a bear climb through a window and start carrying off the teak.

Shouting, he said:

"Halt, boyfoot bear with teaks of Chan!"

Pentecostal Conference Attended by Ministers From Many Nations

The role of Canada as a bridge between nations will be re-enacted again in Toronto when delegates from nearly forty nations will attend the history-making Fifth World Conference of Pentecostal Churches which meets in the Coliseum Arena, Exhibition Park, Toronto, from September 14 to 24, according to Rev A. J. Edgeley, pastor of the Chesterville Pentecostal Church, Albert St.

According to Rev Mr Edgeley this conference will have overtones of a small United Nations in its racial and political diversity. Reservations have been received from nearly 40 nations and 35 U.S. States, as well as all 10 Canadian provinces. Despite the agreement in matters of theology and Christian experience and their spiritual brotherhood there is a large area of diversity in political and social outlook.

This is the first time that such a world-wide conference of the 8,000,000 members of the Pentecostal denomination will be held in North America. Previous conventions were held in Zurich, Switzerland, in 1947, Paris, 1949, London, 1952, anl Stockholm, in 1955.
