Mr. Wm. J. Walker Died Suddenly

Stricken ill, while at work with his hired man in a field adjoining his farm, Mr. William James Walker, highly respected resident of Mountain Township, died suddenly on Tuesday afternoon. Mr. Walker had been in his usual good health and his passing came as a shock to the entire community. An examination by Dr. H. S. Gross, who was summoned immediately after the man's collapse, revealed that death resulted from a severe heart seizure.

The late Mr. Walker was in his 56th year and was born on the farm where he resided, a son of the late James Walker and his wife, Maria Earle.

He was of a quiet and unassuming nature and was one of Mountain Township's most progressive farmers. He was a member of the Winchester United Church, and a former trustee of his school section.

Besides his wife, who was the former Miss Margaret McConnell, he is survived by one sister, Mrs. Alex H. Duncan, of Winchester, and three brothers, Rev. Herman Walker, of Wainsleet, Ont.; Earle Walker, of Ottawa, and Lawrence Walker, of Mountain. His only daughter, Margaret, met with a fatal accident a few years ago, when she fell from a horse she was riding.

The funeral is being held on Thursday afternoon at 2.15 o'clock. The service will be held at the house and will be conducted by Rev. W. S. Atchison, pastor of the local United Church.

Interment will be made at Maple Ridge Cemetery.

SPECIAL RATE FOR CLEANING GRAIN

Special rate of 12 cents per 100 lbs. on lots of 1 ton or more of the same kind of grain.

Cleaned grain to be taken away as soon as it is done.

This 12 cent rate is good until the end of February.

The regular rate of 15 cents will apply on lots that we truck in with a charge for cartage on lots trucked out.

Bring grain in now and be sure of having enough seed. Then the balance can be fed.

This year's grain is hard to clean—it will take a lot of work. We would like to get as much of it as possible done early, when we have more time to spend on it and can give better service.

SEED GRAIN

We will have a good supply of Seed Grain a little later. Quality equal to last year and prices not too high. More about Seed Grain in two or three weeks.

XXX HATCHING MASH

Special Formula for high per cent. hatches.

400 lbs. Ground Yellow Corn
100 lbs. Yellow Hominy Feed.
100 lbs. White Hominy Feed
400 lbs. Rolled Wheat
100 lbs. Wheat Germ
50 lbs. Wheat Middlings
50 lbs. Wheat Bran
100 lbs. Rolled Barley
300 lbs. Crushed Oats
50 lbs. Ground Oat Groats
20 lbs. Soy Bean Oil Meal
190 lbs. Buttermilk Powder
10 lbs. Cod Liver Meal
40 lbs. Cereal Grass
20 lbs. Feeding Bone Meal
20 lbs. Oyster Shell Meal
10 lbs. Iodized Salt
40 lbs. Cod Liver Oil
1-2 lb. Manganese Sulphate

Whether for hatching at home or supplying a commercial hatchery — it pays well to use this special mash with the extra Buttermilk Powder, Cereal Grass, etc. in it. That is what those who have fed it tell us.

BROODER STOVES, Etc.,

We have the "Jamesway" and "Royal" lines of Brooder Stoves and all kinds of Poultry supplies. Let us know if there is any new equipment you have to get—we will be glad to quote prices.

Ottawa Senators Will Play Here

The local Arena should be packed to the rafters next Wednesday night, February 12th, when local and district citizens will be given the opportunity of seeing some of Canada's best amateur hockey players in action, namely Stan. Pratt's Ottawa Senators, leaders of the Quebec Senior Hockey League, and several all-star hockeyists from the Capital City, under the management of Jack Wilkinson.

Arrangements for this exhibition hockey classic have been made by Councillor Hy. Bessin, and all proceeds will be given to the local Red Cross Society. The rink management are donating the use of the rink and the Ottawa teams are donating their services free. The admission to this game will be only 25c, with public school children being admitted for 15 cents.

For this contest, the Ottawa Senators will use their regular line-up. They will be opposed by their relief lines, strengthened by Ottawa City League Stars, and it is expeted that Bob Hitsman, Art Summers, Clair Carkner and some other local stars may make up the second lines for each team. The set-up should give local hockey fans a real evening's entertainment, and one which they seldom get the opportunity of enjoying outside of the larger centres.

Councillor Bessin, who has arranged the event on behalf of the Red Cross, may manage the Ottawa All-Stars from the bench.

For announcing the names and numbers of players and to keep the crowd informed as to the identity of the scorers, etc., Mr. J. L. Dixon has consented to instal his loud speaker system in the rink for this occasion. It is expected the announcer will be Harry Bowden, official announcer at the Auditorium, Ottawa.

Another feature of the evening will be the sale of War Savings Stamps, which will be conducted at the Arena, in co-operation with the February campaign.

The Citizens' Band will be present and provide some lively music. Programs with players' names and numbers will be given free at the door.

This is undoubtedly the biggest event of the season, and local and district sport fans are urged to attend. In addition to witnessing a top-notch hockey contest, you will be assisting the Red Cross. Remember the date, Wednesday, February 12th, at Winchester Arena. It's a date for you to remember, so reserve it now. See advt. on another page of this issue (contributed by The Press).

The Town League Hockey games, scheduled for this date, will be played on Friday, February 14th.

Local 100 Club Receives Letters of Appreciation From Soldiers In England

Prior to the Christmas season, the local 100 Club sent gift boxes of cigarettes to all young men from this district, serving with the Canadian army outside of Canada. During the past week, officers of the Club have received many letters and cards of appreciation from the boys, who received the smokes. Among them are the names of Pte. N. H. Cottage, Pte. Frank Decareau (in Iceland), Pte. Jack Smith, Spr. V. H. Casselman, Pte. Ross McConnel, Pte. Stuart Corry, L.-Cpl. M. C. Robinson, Pte. M. N. Atchison and Pte. Gordon Levere.

While most of the letters or cards received were brief, a few of them carried interesting messages. The one from Pte. Decareau, with the C. A. S. F. in Iceland, read:

"Please accept my heartfelt thanks for your thoughtful gift. Cigarettes are a veritable necessity in a soldier's life and to the Canadian soldier. Canadian cigarettes are tops. Though far from home, Christmas in Iceland was a happy occasion, due to the thoughtfulness of those at home, our superiors, and the unbreakable spirit of the Canadian soldier."

From "Somewhere in England," Pte. Cottage wrote:

"Dear Friends:—It is with the greatest of pleasure that I write you these few lines. I received a parcel of 300 Sweet Caporal cigarettes from you and I assure you that they came as a very pleasant surprise, and words cannot express my thanks for what you have done for me. I do not know where you got my name and address and I do not even know whether you know me or not, but Mountain Township has been my home for twelve years, but I joined this unit in Calgary, Alberta. However, I will always be glad to hear from any one belonging to the Club. I cannot praise these clubs highly enough for what I have seen them doing for their boys over here. They are sure friends in need and by their services I am sure that they are making the boys over here feel more at home.

"Today I also received four copies of the Winchester Press, so you see I am still keeping up with the home news. I expect Christmas will be all over by the time this reaches you, but I want to wish all the club members a very Prosperous New Year, and once again may I thank you for the cigarettes for they were a god-send."

From Scotland, Pte. Levere wrote as follows:

"Received 300 cigarettes from your 100 Club at Winchester and they were sure appreciated and could not have arrived in a better time. I have had some great experiences since I left the little town of Winchester, in which I spent a great many evenings. I understand we have a Winchester in England and that is where I am heading for on my first leave. Had a real nice trip over and am still hoping to return some day. Thanking you for the smokes, I will close with happiness to all from one of your soldiering boys."

This next message was sent to the 100 Club by L. Cpl. M. C. Robinson (Creighton) who went to England with the first Canadian Contingent of Engineers. Here is the text:

"Dear Friends:—This is the day after Christmas (or Boxing Day over here) so thought I would pull myself together and thank you for the box of cigarettes I received in good condition, two days before the holiday, but if you could have seen the boys of the company when nearly a truck load of parcels from Canada was given around, you would fully understand that just saying thanks did not express their feelings. Of course the first thing I had to do was to explain that the smokes from Winchester were far better than the cigarettes from anywhere else.

"We had a real Christmas dinner—turkey and plum pudding. The mess hall was decorated with real holly that we got ourselves and we got a nice tree, which was loaded with presents. So with the entertainment that we put on with our own talent, we sometimes thought we were in Canada, and believe me we can put on a show. I looked out once and there was a lot of people on the street listening and I saw some old women with their heads out the window, but when we told them that it was not the Germans but only the Canadians, they put up with us until it was over, but of course we did not charge them anything.

"It is really hard to think it is Christmas—the weaher is more like summer. The trees and hedges are nearly all evergreens and the grass is just the same as it is any time of the year, and they never take the cabbage, turnips or carrots out of the garden all winter.

"This last Christmas was still a little change from home. When I got up in the morning I went out and saw four troopships and a fair part of the British Navy ploughing through a rough sea, but next year I expect to be home so until then I wish you all good luck and thanks again for the smokes."

Reeve T. O. Keyes Urges Local Citizens To Support War Savings Campaign

Reeve T. O. Keyes announced this week that the council would take the initiative in organizing a local War Savings Committee to co-operate with the National War Savings Committee in its February campaign to enlist 2,000,000 regular, pledged purchasers of War Savings Certificates. Reeve Keyes will assume the roll of chairman and final arrangements for the local campaign will be made at a council meeting this week, when canvassers will be appointed. Regarding the War Savings campaign, Reeve Keyes has the following message for local citizens:

"Here in Winchester we pride ourselves that we are good citizens....that we have real community spirit.

"We're challenged to prove it NOW.

"This community, and all communities in Canada, must work and save and LEND to win the war.

"Some will buy War Bonds. ALL can buy War Savings Certificates.

"It's a small thing we're asked to do when we consider the sacrifices that others are making.

"We are only asked to LEND our money.....and we will get it back.... with interest.

"Let all of us budget to buy all the War Savings Certificates we can. Budget to buy them regularly as long as the war lasts.

"Let's show the boys from this community, who are in the fighting forces, that we are ALL back of them."

Yes, we like to boast about our town. It's a good town. It has the kind of citizens that make a good town.

When we undertake to do a job here in Winchester we do a good job.

Right now we have a big job to do. We've got to buy our share of War Savings Certificates.

It should be a big share.

Everybody in Winchester must buy War Savings Certificates and buy them regularly. We've got to win this war.

Let's show other towns.....and all Canada.....and the Empire.....that Winchester is in this fight 100 per cent.

Frost & Wood and Cubs Play 4-4 Tie

In a keenly contested town league hockey game last night, the Cubs and Frost & Wood divided points, the final score being 4-4. This leaves the teams tied at 12 points each at the top of the league.

The first period opened with both teams playing cautious and as a result, no scoring resulted. In the second frame, the Cubs took the offensive, which netted them three counters off the sticks of Les. Summers, Vic Thoms and "Bologna" Carkner. Frank Kellogg and Ken. Boyd each scored one for the F. & W. team, making the score 3-2 at the end of the period. In the final frame Dixon Hutt tied the count for Frost & Wood shortly after the period started and a few minutes later Frank Kellogg scored his second goal to put F. & W. one up. As the Cubs fought for a tying counter and as their opponents worked hard to protect their slim lead, some heavy checking resulted. At this point a couple of the players staged an ice brawl and were banished with five-minute penalties. With only 20 seconds left to play, the Cubs were awarded a penalty shot, with Art Summers getting the tying goal. Final score, 4-4.

Cubs—Arn. Barkley, D. MacLean, L. Holmes, D. Levere, A. Summers, R. Barkley, L. Summers, C. Carkner, V. Thoms, Patterson.

Frost & Wood—S. Helmer, K. Boyd, W. Wyatt, JJ. Lennox, F. Kellogg, G. McDonald, D. Hutt, G. Carlyle, A. Hurley, McIntosh.

Second Game.

A lot of luck, combined with some efficient goal-tending by Stirling Dawley, was responsible for the Rangers shutting out Metcalfe to the tune of 5-0 in the second game. This was the first shut-out of the season, and was the first win for the Rangers in six games. The Ranger scorers were Max Boyd 2, Dalt. Kenny, Ted Barry and Harold Baldwin, one each.

Inspite of the one-sided score, Metcalfe was very much in the play and only tough luck kept them from breaking into the scoring column on several occasions. They still have a chance of getting into the play-offs—in fact all teams have an equal chance, and the balance of the scheduled games should produce some keen competition.

The remaining games will be played tomorrow (Friday) evening, Monday evening and Friday, Feb. 14th. The games scheduled for next Wednesday will be played on the last mentioned date.

Personnel of the teams are:

400 Cases Measles In This District

According to local physicians, there are about 400 cases of measles in this district. While the majority of the cases are of the German type, many of the patients are suffering from an attack of the real, old-fashioned Red measles. In Winchester, dozens of homes have been visited by the epidemic, which in most instances, attacks children up to 16 years. In the surrounding community, several adult cases have been reported.

First symptoms of the disease are a sluggish feeling, a stubborn cough with head or chest cold. If the patient is put to bed and kept warm, the measles will break out on the second or third day. Then for a couple of days the patient runs a high temperature, has no appetite and very often has an unsettled stomach. After two or three days of this sickly feeling, the patient starts to recover, the measles gradually vanish, and, unless complications set in, the patient will return to normal health. Physicians warn, however, that extreme care should be taken to protect the children's eyes for a few days following recovery. Dark glasses should be used, and while the patient is convalescing the room should be kept dark. If your youngster feels dull and has a stubborn cough, take no chances—put him to bed—it's ten chances to one he's taking the measles. They're in the air.

Former Boy Was Pilot Of R. C. A. F. Bomber That Figured in Accident

One of the two level-headed young members of the Royal Canadian Air Force who landed their training planes safely on Friday after they became locked in mid-air, was Leading Aircraftsman J. S. McKeown, of Ottawa, and a native of Winchester. He is a son of Dr. and Mrs. G. H. McKeown, of 28 Bellwood Ave., Ottawa, and formerly of Winchester, where Dr. McKeown was a well-known dental surgeon for many years. Their other son, Dr. George K. McKeown, is serving with the Canadian Dental Corps.

Th accident in which young McKeown and another student pilot, Leading Aircraftsman L. A. Bolli, of Jasper, Alta., were involved, occurred at the McLeod Service Flying Training School, 30 miles west of Lethbridge, Alta., last Friday. Neither of the pilots were injured and only one of the planes was damaged.

The two young fliers could not explain what had happened and were both amazed as they climbed from their machines.

Here is the story as told by Macleod air station officials:

The students were flying their aircraft solo and were approaching the landing field to land, neither knowing the intention of the other. They were actually gliding and when about 50 feet in the air came together and locked. The pilots stayed pluckily at their controls and skilfully brought their machines down, a twin landing, one above the other.

Notes On January Session Of Counties' Council

The counties' council of Stormont, Dundas and Glengarry will memorialize the Ontario government asking that legislative grants be apportioned for both urban and public schools on a basis of equipment and accommodation. Councillors considered it unfair for urban municipalities to be assessed for maintenance of rural schools.

* * * *

Acceptance by council, in session at Cornwall last week, of the report of the education committee, named the following as counties' representatives on high school boards:—Neil F. Moore, Cornwall Collegiate; John McGregor, Martintown, Williamstown high school; John A. McCrimmon, Dalkeith, Alexandria high school; Thomas Coligan, Morrisburg high school; R. J. Ellis, Iroquois high school; F. B. Lynch, Chesterville high school; Hart Melvin, Winchester high school; Walter Carlyle, Morewood high school; Joseph Canham, Thorold Rutley and W. R. Campbell, Avonmore high school; W. J. Brownlee, Finch high school; Peter A. Munro, Maxville high school.

Vitally interested in the proposed St. Lawrence river power development and seaway plan, because of its effect on a wide area of the counties fronting on the river, the council has appointed a special committee to keep in touch with developments during the year. The committee is authorized to take any action it deems necessary to protect the interests of the counties' municipalities in connection with the development.

* * * *

When anticipated opposition failed to develop, counties' council on Saturday unanimously passed a by-law providing for operation during 1941 of the Counties' Board of Health, formerly the Eastern Ontario Health unit. The by-law was passed after a motion had been withdrawn asking for repeal of the by-law establishing the board. The original

THIS IS WAR SAVINGS MONTH !

Canadians are to be put to the heaviest test to which the civilians of the country have yet been subjected, by the Dominion-wide drive for the sale of war certificates. The result will show how war conscious the country has become.

The Finance Minister, the Hon. J. L. Ilsley, has asked that two million Canadians should join in providing him with ten million dollars a month, to aid him in financing Canada's war effort. He does not ask that the money should be given, but only lent, and promises its return, whenever required, with interest at three per cent.

The object of this method of raising money for war purposes is not purely financial. It has an economic aspect. By encouraging Canadians to save while war makes times good instead of spending their money on luxuries, it is hoped to avoid the evils of wartime inflation, and the distress that ensues when the deflationary time comes. Further, during the adjustment which follows demobilization there is bound to be a trying period, which it is hoped to mitigate by having the savings accumulated during the war freed for use. This will be to the advantage, both of the individual saver and of the country.

This is not a bond issue, in which large corporations will invest their millions. On the other hand, each individual is restricted to the purchase of not more than $480 worth of certificates in one year. For this reason, and in view of the objects outlined in the previous paragraph, it is desired that EVERY Canadian wage earner and salaried worker, and every person with an income from any source, should invest in certificates to as great an extent as he can, within the limits set. A general response is necessary if the campaign is to be a success. This is a popular movement, one, which has been said, will test the extent to which our people generally are prepared to co-operate in Canada's war effort.

The Old Country is bearing the brunt of the attack made by the powers bent on overthrowing our Christian civilization and robbing us of our liberty. The homes and the shrines of Britain are being bombed out of existence, and her people subjected to terror by night and day. Food is being rationed, while they are being called upon to slave long hours in making munitions. The wealth gathered through hundreds of years is being dissipated at the rate of nearly fifty million dollars a day. It surely is not much to ask of Canadians that they forego some of their expenditures on pleasure and luxuries to enable this Dominion to play its part in the struggle. For the threat to our freedom is just as great as to that of Britain.

HE SHOULD KNOW THE FACTS

One cannot afford to rely too much on figures announced by Ontario's Mitchell Hepburn. Two weeks ago, in dealing with his cry for rubber money, we took for granted the accuracy of his statement that the circulation of cash in the United States was $70 per head of population. We find now by official returns of the United States Federal Reserve that the actual cash circulation south of the border in 1940 was $49. per capita.

An error of $21 per head over a population of 130 million heads is no slight matter. It leaves Hepburn only about $2,300,000 out in the figures he palmed off on the public.

And that is not the only spot where his reckoning was askew. He said that Ottawa had determined on a "three per cent. war." Careful examination of war borrowing since the outbreak shows that the average rate paid by the Dominion is only 2.1 per cent. On borrowings which run, in round figures, about a billion dollars, Hepburn is approximately $9,000,000 wrong on his statement. A public man either ought to know his figures, or if he does know them, ought to be scrupulously accurate in his use of them.

NOT OUR BATTLE ONLY

His Exellency, the Governor-General of Canada: "We are fighting not only our own battle for our own freedom. There are millions of people throughout the world, and especially in occupied Europe, looking to us and to us alone for deliverance. Never have we shouldered such an immense responsibility; never has so much depended on how we acquit ourselves. Let us have no craven fear of being great, but let us gird ourselves and steel our hearts and clench our fists and thus prove to all mankind, as we are proving every day, that we have never been so great as in this hour of trial; and let us pay the debt we owe to our fathers that begat us by ensuring that our children and their children, and all these who suffer humiliation and defeat, will be beholden to us for their salvation, their freedom and their civilization."

EVERYONE SHOULD HELP

A number of newspapers are at present calling for a reconstruction of the Conservative party, says the Timmins Advance, editorially. What is really needed today is a National Party, a Canadian party, a British party, ready to help win the war, ready to help the government win the war, ready to help win the war even despite the government. The first thing such a party should strive for would be a continuous sitting of parliament as is the case in Britain at this time. Such a continuous session of parliament is the only way to maintain democracy and still make progress with the war. Despite the attitude of the government this is not an exclusive party war, but the people's war—a war to keep the world free. The people are anxious enough to go "all out" to win the war —just as they have in Britain—but they must know all about it, have a proper part in it, because it is the people's war.

A SUBSCRIBER WRITES

One of our subscribers, who lives in the United States, enclosed the following note with her subscription: "I am sending $2.00 to pay for the Winchester Press for another year. We couldn't get along without it as it gives us all the home news. We've been here in the United States for 27 years, so you see it means a great deal to us. Our home was formerly at Winchester Springs. We hope the war will soon be over and everybody reconciled again. With best wishes for the future success of The Press, we remain, your friends."

EDITORIAL NOTES

The modern Miss cannot understand why Grandma allowed herself to be tortured by wearing those tight-laced corsets all her life—yes, and Grandma often wonders how the young ladies of today keep from freezing to death, attired in silk stockings and step-ins during these cold winter days.

We learn wisdom from failure much more than from success, often discover what will do by finding out what will not do, and a discovery. Horne Toke used to say of his studies in intellectual philosophy that he had become all the better acquainted with the country through having had the good luck sometimes to lose his way.

It is our daily duty to consider that in all circumstances of life, pleasurable, painful or otherwise, the conduct of every human being affects, more or less, the happiness of others, especially of those in the same house; and that as life is made up, for the most part, not of great occasions, but of small, everyday movements, it is the giving of those moments their greatest amount of peace, pleasantness and security, that contributes most to the sum of human good. Be peaceable. Be cheerful. Be true.

The world's greatest, and probably most sincere pacifist, has demounted from his perch. Bertrand Russell, English educationalist, whose writings have been so widely followed during the past twenty years, is now conducting a series of lectures at a United States university. He has said "Though I have been a pacifist all my life, I am convinced now, for, the first time, that freedom cannot exist without the support of military effort. Unless totalitarianism is crushed by the armed strength of the democracies, freedom will perish."

He has achieved success who has lived well, laughed often, and loved much; who has gained the respect of intelligent men, and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul; who has never lacked appreciation of earth's beauty, or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction.

"I still remember the effect I produced on a small group of Galla tribesmen.....I dropped an aerial torpedo right in the centre, and the group opened up like a flowering rose, it was most entertaining."—That statement was made by Vittorio Mussolini, son of the Italian Dictator, after the conquest of Ethiopia. There is an example of how our enemies delight in their murderous campaign againt helpless civilians. We all can help to deprive the ruthless German and Italian aviators of this sort of "entertainment" by pledging ourselves to buy War Savings Certificates regularly. Make your pledge today and live up to it.

BENITO'S BAYONETS

(Chatham News)

Mussolini once boasted that he had "eight million bayonets." He has discovered now that it is nothing to have innumerable bayonets, but it is something to have men who know how to use them. Il Duce should send those bayonets to Greece where they have shown they know how to handle them.

DOMINION'S AUTHORITY

(Stratford Beacon-Herald)

According to the terms of the British North America Act, 1867, the Dominion Parliament has unlimited authority to raise money "by any mode or system of taxation," and unrestricted liberty to "borrow money on the public credit." Al of us expect to be taxed heavily, Sirois Report or not.

YES, WHY DOES'NT HE?

(Brockville Recorder & Times)

If there are (as Mr. Gordon, of the Liquor Control Board, alleges) hotel proprietors in Ontario who ought not to be in that business at all and who do not conduct their premises properly, why doesn't he shut them up forthwith, as the law allows him to do, instead of issuing warnings which will probably remain unheeded?

PRACTICAL LIVING

(Morrisburg Leader)

As we grow older, we learn less from books, and more from practical life among men and women. It is a great thing to engage in public service and to come into contact with men of affairs. It is a great thing to travel and to lose our special prejudices. Still more important it is to put our theories to the test of practical life. If we do not, probably it is but little wisdom we shall acquire.

Life, and the practical activity which it requires of us, are the great means of our training when our youth is over; and to stand apart from them is to lose our intended education.

YOU'RE WELCOME TO THIS BUT DON'T STEAL

(Trenton Courier-Advocate)

This page of The Courier-Advocate is widely read, widely quoted. We are not boasting when we make this statement, because the press clipping bureau keeps us informed.

Any paper, any individual, is welcome to anything we may use on this page, provided the usual credit is given. This is only fair, even though it doesn't mean a red cent to us.

But we don't care to see our stuff cribbed and passed off as the work of some other person.

A case to point has been brought to our attention by the Fergus- News Record. The News-Record may be quite unconsciously putting us wise to this brazen case of plagiarism, and the unfortunate part of it, the literary stealing has been done by a member of Canada's army overseas.

We are writing the Fergus paper for the address of Blighty magazine as we wish to put them straight on this little matter.

PERTINENT QUESTION

(Fergus News-Record)

Does Charles Lindbergh still own that solid gold pass which gives himthe right to travel free over a Canadian railway? Not that it matters much really, as he isn't likely to be living in Canada in the near future.

RURAL 'PHONE EAVESDROPPERS

(Almonte Gazette)

We had a customer telephone an advertisement to The Gazette, the other day, over a rural line. Before she got started the rattle of receivers coming down sounded like a machine gun barrage. The man who can invent some rural telephone system which will defeat the curiosity of eavesdroppers will be a public benefactor.

FAST TRAVELLING

(Carleton Place Canadian)

With the rapid development of airplanes of one type or another since the present war began came the announcement last week of a bomber constructed in an American plant for the British forces which makes the ocean crossing in something like seven hours. For a considerable time the record of ten hours held, but the new type of bomber has shattered the speed record badly. Just imagine having a late breakfast in America and an early tea in Britain. It hardly seems possible, but it can be and is being done.

INSTALMENT BUYING SHOULD BE CHECKED

(Brockville Recorder & Times)

One of the war measures which may soon arrive in this country will be a system designed to discourage installment buying especially by those whose income has been raised through employment in war industries. Such buying, particularly of non-essentials, is not viewed with the greatest official favor because it will mean tying up for months in advance family income which might otherwise be devoted to the purchase of War Saving Certificates and war bonds.

ELECTED WITHOUT THEIR KNOWLEDGE

(Perth Courier)

When organization meetings and annual meetings are held, there develops a tendency to place names on committees and executives without any previous effort to determine whether or not the owners of those names are interested in the organization or are willing to act.

And the first notice received by the men concerned that they have been elected to office in an organization in which they are uninterested or—as sometimes happens—in one to which they are incontrovertibly opposed, is usually when they read it in the press.

So often some of those named to committees have but scant interest in or sympathy for that in which they are deputed to assume leadership roles.

True, it is difficult on many occasions to induce people to attend meetings; some of the disinclination to attend is due to a fear that they may be saddled with executive offices; but they might as well attend and voice their opinions, if they're to be elected, whether absent or present and without consulting them as to their inclinations.

THE TEST IN POLAND

(Ottawa Journal)

The population of Poland, it is stated officially in London, is "gradually being exterminated by hunger." Hitler's "new order" being put to the test.

WE QUITE AGREE!

(Smiths Falls Record-News)

It is true that huge sums of money are needed to execute Canada's war effort, but the levies should be as few as possible. We venture that the government will receive very little net cash from the National defense tax, due to the army of employees needed to check, etc., same. Last fall Canada's civil service was costing well over twenty million dollars per annum. Why should the Canadians be "bled" to give more employment in Ottawa. Again we emphasize that tax duplications should be eliminated and tax forms ought to be more simplified. If duplications were erased there would be more money available for direct use in Canada's war effort. Canadians will not mind paying "through the nose" providing the money is not being used to give hundreds (or thousands) a "cushy" job at Ottawa.

Our Column

Beauty is the last true thrill left us in a mechanized age.

It is for us to arm, to fight, to suffer, but never to lose courage.

A long pedigree will not protect a dog from the small boy with a tin can.

A ration system for gasoline really would "bring the war home" to Canadians.

THE POET'S CORNER

THERE'S NO POCKET IN A SHROUD

Use your money while your living,
Do not hoard it to be proud;
You can never take it with you—
There's no pocket in a shroud.

Gold can help you on no farther
Than the graveyard where you lie
And though you were rich while living
Your a pauper when you die.

Use it then some lives to brighten,
As through life they weary plod,
Place your bank account in Heaven
And grow richer toward your God.

Use it wisely, use it freely,
Do not hoard it to be proud;
You can never take it with you—
There's no pocket in a shroud.

ON THE 23rd PSALM

In "pastures green?" Not always.
Sometimes He
Who knoweth best, in kindness leadeth me
In weary ways, where heavy shadows be.

And by "still waters." No, not always so;
Oft times the heavy tempests 'round me blow,
And o'er my soul the waves and billows go.

But when the storm beats loudest, and I cry
Aloud for help, the Master standeth by,
And whispers to my soul, "Lo, it is I."

So, where He leads me, I can safely go,
And in the blest hereafter I shall know
Why, in His wisdom, He hath led me so.
—Author Unknown.

A DOCTOR'S PRAYER

(Dedicated To The Family Physician)

O Lord, I offer up to you this day,
Walk with me through its hours, show me the way
To draw from your divineness power to heal
The sick, to lessen pain and grief, to feel
That I have brought them to the mercy seat
So they can lay their sorrows at your feet.
If I must stand aside and yield to Death,
Let me at least comfort that last drawn breath
Give me courage to share with those made weak by pain,
Let me have love for those who seek
In loneliness, a friendship's staff.
Defend from harm the babies born today, and lend to me your grace
That all my life may stand unblemished, strong, nor built on changing sand:
Securely wrought of all things good and true,
A signpost that will point the way to you.

A LETTER FROM OVERSEAS

A mother sits by the fireside
But her tear-stained face shows no joy,
In her hand she is holding a letter,
From a loved one, her own soldier boy.

He tells of the terror that's happening
In a land that's far over the seas,
And he thinks of the nights as a child
He knelt at his mother's knees.

He writes "Don't worry, dear Mother,
Though the future looks dark, please don't cry,
For a bright day will surely be coming,
With the help of our Lord in the sky."

He cares and keeps watch o'er us, Mother,
And all things are done in His sight.
So let's bravely gaze into the future
For with Him, we know everything's right.

But now the bugle has sounded,
I'm called, I must go on my own,
But try to keep cheerful, dear mother,
For some day I'm coming back home.

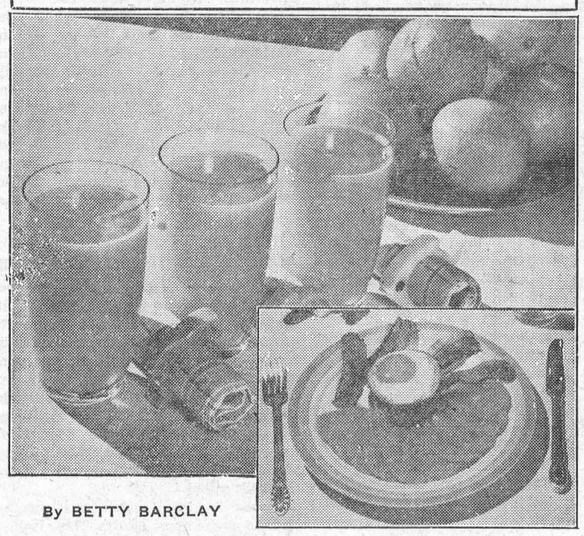
Healthful Breakfast Menus



By BETTY BARCLAY

Importance of vitamins and minerals for individual and family health protection under today's living conditions is emphasized in the government's adoption of a national health defense program. The need for optimum rather than minimum amounts of food essentials to fortify against the stress of modern life, whether civil or military, is fully recognized.

The country abounds with natural foods which, taken collectively, have all vital elements. By choosing wisely, even in winter the housewife on a moderate budget can feed her family for health.

As cold weather cuts down the variety of fresh fruits and vegetables, it becomes increasingly important for each child and grownup to eat adequately of the fresh foods available. Americans are indeed fortunate that certain producing areas in this country harvest crops every month in the year, as California with its green vegetables and golden citrus fruits which ripen winter and summer.

An adequate breakfast with two fruits is one form of health insurance. One large glass of fruit juice, preferably fresh orange juice, is the best of all breakfast starts. Fresh orange juice is recognized as the primary source of vitamin C, and also as a supplemental source of vitamins A, B_1 and G, calcium, phosphorus and iron. How could any chemist's art improve on this natural way of acquiring what it takes for normal growth and development — particularly of the bones and teeth — and to keep the general health level above the reach of infection?

Only deep golden orange juice is a good source of vitamin A. The richer the color, the richer the juice, according to men of science. This is one reason why California orange juice can be depended upon to average the highest concentration of protective essentials.

Here are some breakfast suggestions which will help you send your family off for the day, well prepared to withstand the "ravages of winter." The photograph of the breakfast plate shows an egg poached in an orange ring. Remove fruit meat from an orange slice, put circle of peel into boiling water and break egg into the orange ring.

A TRANS-CANADA TRIP

Details of an interesting trans-Canada trip, covering a distance of approximately 8,000 miles, including 2,500 miles of dirt and corrugated roads, and over hair-pin mountain tracks at an altitude of 9,000 feet, have been revealed by Austin F. Cross, noted Canadian author, journalist and radio ommentator.

Mr. Cross, who made the trip in his 1939 Oldsmobile car, has motored at one time or another in eight of the nine Canadian provinces, in all of the 48 states of the Union, and in Mexico, Cuba and the Bahamas. In his recent journey from Montreal to Vancouver and back, he said he had passed through stretches of "dangerous country." "In this connection he refered to the climb over dirt tracks to an altitude of 5,332 feet at the Great Divide and the "threading of the Kicking Horse Pass." But, according to Mr. Cross, the most dangerous part of the trip was encountered at the Big Bend Highway in British Columbia where he travelled a distance of 200 miles without seeing a garage. For that matter, he did not even see the suggestion of a settlement on this lonely but attractive stretch of country. "Nowhere else on this continent," declared Mr. Cross, "can you travel 200 miles on a road without finding a town of some kind, not even in Mexico, so that this townless stretch is unique in North America. If anything goes wrong it is really and simply too bad!"

Referring to his experiences in going through the Hell Gate Canyon on the Cariboo Trail, he said: "You can scramble almost all the adverse factors you can think of, except winter driving, and I had them!" In returning home, Mr. Cross came by way of the United States.

Gasoline prices, he recalled, ranged all the way from 37 cents at the Big Bend Highway, to 16 cents in Indiana, while he estimates his gasoline consumption at 20 miles to the gallon, which included long stretches at 70 miles an hour. Travelling at 50 miles an hour, he had to add oil only every 1,000 miles. In summing up, Mr. Cross paid a tribute to the fine performance of his Oldsmobile throughout the trip, and declared that the springs were "marvellous" on the rough roads.

HORSEPOWER DISPLACES HORSES

In the days of Mons, Amiens and the Somme, horses supplied most of the transport power for an army, and in those days a British Division called for only a handful of motor vehicles, with a total horsepower of 4,000. Today, a British Division must possess 2,710 motor vehicles, of 37 different types, with a total horsepower reaching 172,470.

Serious vehicular losses at Dunkirk and the necessity of making good these losses —with the mechanization of the Empire's armies becoming increasingly important in Britain's plans—the Canadian automotive industry has been called upon to assume the lion's share of this tremendous task. Highly flexible though it was already known to be, the industry has achieved wonders in adapting itself to urgent war-time demands. Today, General Motors of Canada alone is producing 215 military units each day for Britain, and an additional 120 units for Australia and India—a total of 335 units every twenty-four hours.

Only recently, Hon. C. D. Howe, Minister of Munitions, when speaking in the House of Commons, predicted that the total output for Canada would soon reach a total of 600 units per day. He also revealed at that time that 30,000 army trucks had been delivered, while he quoted a British statement that Canadian transport equipment was of unsurpassed quality.

CANADIANS LIKE DARK BLUE

Canadian motorists have a marked preference for dark blue automobiles, according to the Car Distribution Department of General Motors Products of Canada Limited. In referring to this fact, attention is directed to the colors which had been used in the production of the 1941 Chevrolet, Pontiac, Oldsmobile and McLaughlin-Buick cars up to the end of December. These records reveal that 27.4 per cent. of all the cars built were dark blue, while 17.8 were finished in black. Light blue cars accounted for 13.5 with maroon and dark gray representing 8.4 and 7.3 of the total production. Other figures are as follows:—light gray, 7.1; light green, 5.6; two-tone, 5.4; dark green, 3.4; blue-gray, 2.4; and double gray, 1.7.

FORTY YEARS AGO AND NOW

The modern automobile's almost complete independence of weather conditions may account for the skeptical looks on the faces of the younger generation when some old-timer, recounting life as it was lived 40 years ago, tells how the forerunners of today's motor cars were laid away in the barn on the arrival of winter there to remain disused and abandoned until the return of Spring.

Up to recent years, prospective buyers of automobiles have been inclined to defer such buying until spring, the idea being to spare their new cars the wear imposed by winter driving. Today, the public has awakened to the fact that winter automobile buying is a sound investment in cold weather motoring satisfaction for, one by one, the problems which made winter driving difficult have been overcome by engineers.

There are many people who can clearly remember the technique of two score years ago. Frequently, all four wheels were jacked up to take the car's weight off the tires, while the wheels themselves were removed, and the axles and other exposed metal, smeared with grease to prevent rusting. Lamps were drained of oil and cleaned, radiator cocks were opened, and, as a final precaution, a tarpaulin or an old sheet was thrown over the whole car to keep out dust.

TRAINING ENGLAND'S DOGS OF WAR

An article explaining—in words and pictures—how the British War Office teaches airdales to rescue victims buried in bombed buldings, to carry messages under heavy machine-gun fire, and help sentries with their extra-keen eyes and ears, is one of many intriguing features in The American Weekly with the February 9 issue of The Detroit Sunday Times. Be sure to get The Detroit Sunday Times this week.

FARM MECHANIZATION TOPIC OF CONFERENCES OFFERED BY FORD-CANADA

To assist farmers in the solution of problems arising out of wartime agricultural production, Ford Motor Company of Canada, Limited, has arranged a series of free mechanized farming conferences across the Dominion, it is announced.

During the past year the Canadian Ford Company created a new record by supplying farmers with a greater volume of tractors and farm implements than in any year in its history. The previous high in company tractor sales was established in 1927.

With this marked trend towards power farming, it is felt that many farmers will welcome the opportunity to obtain information on the latest developments in tractors and farm implements which are designed to lower farm production costs.

The conferences are being staged in approximately 250 different cities and towns and are open to all interested farmers. The meetings are being conducted throughout the winter season.

At the conferences tractor experts discuss the operation and maintenance of Ford tractors and the Ferguson hydraulically operated implements, proper method of power tillage and cultivation, and show a series of educational and informative motion pictures.

Beauty for YOU

The Secrets of Good Looks by Barbara Lynn.

FACE UP TO WINTER!

Every season brings its own particular beauty problems, but our cold winters provide more of them. These hints should simplify your task.

Poor circulation causes many winter worries. If this is your complaint, do some exercise daily; just enough to limber you up. At night, sprinkle eau-de-Cologne on your hands and give yourself a vigorous rub-down.

If you've time in the morning, give yourself a good send-off by having this special "bath." Stand in about a foot of hot water and give yourself a quick "sponge-down." Stillstanding in the hot water, rub down with a cold sponge. You've got to be brave, though, but it's worth it! Scrub with a turkish towel, finishing off with a rough linen towel.

If your nose gets red on the slightest provocation, bathe it now and then with a five-per-cent. solution of alum and water.

I often see girls biting their lips or wetting them with their tongues. Avoid these habits at all times, especially in winter. It's a good idea to use a salve under your lipstick and, at night, dab on a little Three-Purpose cream when you're using it for your facial.

Never wash your hands (or face) in hot water; use lukewarm. And I find that palmolive soap is excellent because it is so soothing and gentle to the skin.

Write me direct about your personal worries, and enclose four one-cent stamps for my booklet on Beauty Care. Address: Miss Barbara Lynn, Box 75, Station B., Montreal, Que.

THE UNITED CHURCH

Rev. W. S. Atchison's theme for his Sunday messages was "The Old Rugged Cross." In the morning he spoke from I Cor. 1: 17 and 18. Paul exalted the ministry. His theme was Jesus Christ, who spoke through him. He determined to know nothing save Christ and Him crucified. In the cross we see love bringing in a remedy for our lost condition. God forbid that we should glory save in the Cross.

The evening message, based on II Tim. 2, showed our individual responsibility to God and to ourselves. In Timothy Paul speaks of my gospel. Every follower of Christ should have a gospel and be able to give a reason for the hope within. Our gospel will be read. We are writing it every day by word and by deed, and there is some one needs our gospel.

Mrs. Scobie, of Smiths Falls, who has been engaged as Organist, was in charge of the days' music when "Teach me to do Thy Will," was well-rendered by the choir, and "The Holy City," was heard with great pleasure, when sung by Mrs. W. S. Atchison.

OBITUARY

FUNERAL OF LATE WM. JOHNSTON

The funeral of the late Will Johnston, elder son of Mr. and Mrs. Edwin B. Johnston, of Brinston, whose tragic death occurred at the home of his parents, early Monday morning, Jan. 27th, was held from his residence to Brinston United Church on Wednesday afternoon of last week at 1.30 o'clock.

The service was conducted by Rev. Wm. Merrilees, of Westport, Ont., a former pastor of Dixon's Corners Presbyterian Church, assisted by Rev. F. W. Taylor, pastor of Brinston United church.

Rev. Mr. Merrilees based his remarks on the text from Ezekiel, 24th chapter, 16 to 18th verses and spoke words of comfort to the afflicted parents and family.

The hymns used during the service were: "O Love That Will Not Let Me Go," "Peace Perfect Peace," and "Abide With Me."

Left to mourn are his parents, one brother, Lawrence at home, and one sister, Miss Laura, on the Royal Victoria Hospital Staff, Montreal.

The pall bearers were: Douglas Stewart, Ross Wylie, John Beckstead, Guy Strader, Ivan Casselman and Mahlon Strader.

The late Mr. Johnston was born Jan. 16th, 1916, and graduated from Iroquois High School in 1934. He was a clever, well liked young man throughout the neighbourhood, and his untimely death caused genuine regret to be felt by a large circle of friends. Interment took place in Brinston Cemetery.

Floral tributes were:—Broken Circle, the family; Sprays, Mr. and Mrs. Elzie Johnston, Mr. and Mrs. Earl Johnston, Mr. and Mrs. Eckford Johnston, Mr. and Mrs. Alex McIlreath, Mr. and Mrs. P. A. White, Mr. and Mrs. Allen McIntosh, Mr. and Mrs. Edward Armstrong, Mr. and Mrs. Chas. Armstrong, Mr. and Mrs. Clifford Thorpe, The Johnston cousins and Earl and Mabel McIlreath, Mr. and Mrs. Walter Johnston, Mr. and Mrs. Jesse McIntosh and family, Mr. and Mrs. John Bowden, Mr. and Mrs. Arthur Bowden, Mrs. Robert Bell and Earl, Mr. and Mrs. Arnold Peterson, Mr. and Mrs. Clinton Stewart and family, Mr. and Mrs. Asael Hanson and Margaret Ruth, Mr. and Mrs. John Casselman and family, Mr. and Mrs. Bert Johnston and family, Presbyterian congregation, Dixon's Corners Church, W. M. S. of Dixons Corners church, and Strader Hill community.

Among the friends from a distance attending the funeral were: Mr. and Mrs. Eckford Johnston and family, and Mr. E. J. Armstrong, all of Cornwall; Mrs. B. H. Pennington, Rockburn, Que.; Mr. and Mrs. F. Gilmour, Dekalb Junction, N. Y.; Mr. and Mrs. Clarence Countryman and Miss Annie Brownell, of Gallingertown.

Wifey—I'm buying these pyjamas for my husband. Aren't they colorful?

Chum—What's the idea of getting such loud pyjamas?

Wifey—Well, he walks in his sleep and I don't want the poor dear to get hit by a truck.

WINCHESTER TOWNSHIP COUNCIL

The regular meeting of Winchester Township Council was held in the Presbyterian Hall, Morewood, on above date, with the members all present. The minutes of the last regular meeting were adopted as read and signed by the reeve.

The Auditors' Report for the year 1940 was read and adopted and the auditors paid for their services.

The Council decided to make application to County Council to have the necessary by-law passed giving the Township the power to hold its own Tax Sale.

The Tax Collector was instructed to collect all outstanding taxes.

The Clerk was instructed to have the necessary by-law prepared to open for public traffic the road allowance between Concessions 9 and 10, and also to have the engineer bring in a supplementary report on the Hamilton Drain.

The following accounts were passed and paid:—

Roads and Bridges, $2,429.95; Charity, $48.70; Relief, $181.92; Salaries and Allowannces, $85.00; Miscellaneous, $15.50. Total, $2,761.07.

Council adjourned to meet in Chesterville, on Monday, March 3rd, 1941, at 10.30 a.m.

GOFORTH HELPERS GROUP

The regular meeting of the Goforth Helpers Group was held on Tuesday evening, Feb. 4th. It took the form of a skating party at the local Arena. After skating was enjoyed, the members journeyed to the home of Miss Ruth Payne where a social time was spent.

A short devotional part was held, the Scripture reading taken from Matthew 11th chapter. This was followed by the reading of the miracles which Jesus performed, by the members of the group. The lesson story, which was taken from the book "Talks on the World Team," telling of Madame Chiang of China, was given by Ruth Churchill. The meeting closed with prayer by Mrs. Spinks. A dainty lunch was then served by the hostesses and her committee. The prize winners for games and contests were Lillian Bruce and Betty Anderson. A vote of thanks was moved by Lillian Bruce, after which all sang the National Anthem.

MUTUAL IMPROVEMENT LEAGUE

The members of the Mutual Improvement League of the United Church, Winchester Springs, enoyed a skating party on the Winchester Arena on Jan. 24th.

Folowing this, they met at the home of Mr. and Mrs. Clifford Robinson where the regular meeting was held with the president, Mrs. Irwin Holmes, in charge.

A hymn was sung and the Lord's Prayer repeated in unison. The minutes of the previous meeting were read and the roll called.

It was decided that the next meeting be held at the home of Mrs. Thos. Holmes on Feb. 11th, for which a special Valentine program would be prepared.

The Scripture reading was given by Dalton Robinson, and Gerald Adams gave an interesting paper.

The meeting closed with the Mizpah Benediction. Hot soup was served by the hostess, assisted by Mesdames Aden and Orren Casselman. A hearty vote of thanks was tendered Mr. and Mrs. Robinson, for their kind hospitality.

Interesting Letter From Overseas

Following is an interesting letter, received by Mr. and Mrs. Wm. Steele a few days ago, from Spr. Verdan Casselman, now on active service with the Canadian troops in England.

Somewhere in England,
December 17th, 1940.

Dear Aunt and Uncle:—

Your welcome letter received to-day, and was so glad to hear from you, and to receive the picture that I forgot all about the war for the afternoon. I am sure glad to hear you are both well, as for me I'm much the same as ever, still able to eat three meals a day. I have worked in London quite a bit and and will say there are some awful wrecks. The worst damage that I saw was in the east and south-east side. I was around through a lot of the city and there is wreckage all over. Some places very little, while in others there is considerable. The majority of the people that I talked to seemed cheerful enough but felt bad about many of their old landmarks and churches being destroyed. There isn't much damage around Greater London. One heavy bomb fell a short distance from Trafalgar Square but it went through and exploded in the tube. One thing I noticed was the large number of theatres that were wrecked. I was over most of the city before the blitz began in September. There sure was some awful battles in the air. I saw as many as 160 Nazi planes in one bunch heading for London. German planes have been shot down all around us. I saw one come down not long ago with a Spitfire on its tail. I'll bet it was travelling at 700 miles an hour. The pilot tried to get out but couldn't. He sure was an awful smashed up mess. He was only 19 and had an iron cross. I have seen German planes shot out of the sky with heavy A. A. guns and when you would see the wreckage you wouldn't believe that it had been a plane a few minutes before. Our air force has been doing wonderful work, in fact it still is. In the past month I have seen but 12 German planes in the daytime. Most of the raids are at night but these past few days there hasn't been an air alarm. If all goes well between now and spring we will have enough planes to give them more than they can take. Once we get the Italians out, which, from the way they are going now, it shouldn't take long, we will then go after old Adolf and his gang. Undoubtedly it wil cost us plenty of men, but we are willing to fight to the bitter end regardless of what, than live under their rule. France sure let us down but if we have to, we can beat them too. Have talked to a large number of the boys from Dunkirk and they are waiting for the day to settle that with Hitler and his gang.

We have been a busy bunch of fellows since we landed over here. First came two months' of training, then out to work. We built 2 1-2 miles of road (military, part of it was concrete, the rest macadam), in 7 weeks. The English figured it would take two years. We sure got a big hand from our commanders. They gave us big write-ups in the papers and I don't know how many times different magazine and newspaper reporters took pictures of us working. I even read a write up in the Toronto Weekly Star, and it showed some pictures. Our officers gave us a little talk before the job started and explained why it had to be built and all the rest. We all volunteered to work on Sundays. It was built when Hitler was talking invasion so strong. De had that front to hold in case of attack, so we wanted to be ready. Everyone of the boys put their nose to the grindstone (as the old saying goes), and did we ever lay it in a hurry. I sent a picture home not long ago,—if you see Dad he will let you see it, that is if it didn't get sunk on the way over. I also sent him a picture of the Company. Not that I belong to it, but if you want to see a good bunch of men, look at it. The Company, as I told you before, are nearly all miners, and with the exception of a few, are nearly all from Northern Ontario. So far we have only had one man killed. At times when we were on a job the bombs fairly rained all around us, but not one did us a bit of damage. Some hit real close. The trouble was our camp was close to two airports and did the Nazis ever try to hit it at night.

Have been having wonderful weather here so far. No snow and only a few days that were cold enough to wear our greatcoats. There are all kinds of vegetables in the ground yet. Quite a difference from Northern Ontario or around home.

Haven't got a letter from home for a long time—it must be a month at least. The mail is starting to come in pretty good these past few days. I got a parcel from the Winchester 100 Club. Have also received a number from other outfits in the north. Have got word that plenty more are on the way.

The Red Cross and Salvation Army are doing wonderful work over here. They have given us many things such as socks, sweaters, mitts and other clothing. They call around where we are working and give us coffee, tea and cakes every day. They also go around London during raids and help wherever they can. The Salvation Army come around and have meetings among the troops, spiritual and otherwise.

We have two church parades a month for Protestants and two for Roman Catholics. The Protestants go to the Church of England. They have real nice sermons, in fact we all enjoy them.

Have received a number of letters from Joe and Madeline, also a couple of bunches of cigarretes. I also get the Press but some of the issues don't come through.

Am leaving for Glasgow tomorrow and will be there for awhile, can't say for sure how long. I am glad to get the chance to go as I have heard a lot about it since we landed in this country. The English people use us the very best. Anything they can do for us they sure are glad to do it. We are at present in billets on a rich man's estate. The houses are real nice and have everything a person could wish for. I feel more at home here than anytime since I left the north. Oh well, I will get back there again when we get through with the swine across the channel.

A large number of our boys are getting married over here. A young fellow got married the other day. I was his best man. Don't know whether he thought by getting me as best man that I would get the same idea. It didn't change my mind at all, guess I'm not the marrying kind. Three more are marrying in the near future that I know of.

Well, as this is getting pretty long, I guess I will have to come to a close, with best wishes for Christmas and New Years. I sent you a card—hope it comes through. I also spoke over the radio some time ago. A few people in the north heard us. I mentioned the people in Winchester. Well, good-bye, and answer soon. Verdan.

STRIKE UP THE BAND

It's the sound of the military rum-tum-tum
That awakens a boy's desire,
It's the bugle and pipe and sonorous drum
That set his heart on fire.

He's proud as he sees them march, left, right,
As only the soldiers can—
His eyes are as round as their buttons bright,
And he longs to be a man.

In the years of peace we older folk
Lament the false appeal
Of the stirring band and the head held high,
And the rhythmic marching heel.

We call it the lustre and sparkle of war,
The glitter that hides the truth,
The luring, stirring camouflage
That traps stout-hearted youth.

But this is no longer a peaceful land,
And our lethargy needs to be shed.
Our youth are not blind to war's demand;
It's time to use our head.

It takes more than arms to fight the foe,
More than bombs and tanks and planes,
It takes more than ruthless murdering
And carefully laid campaigns.

It takes a heart that is free from hate,
Save for things that are selfish and cruel;
It takes a conscience that's clear and straight,
And a thought for the Golden Rule.

And it takes a rousing song on the lip
And the military rum-tum-tum
To provide the emotional sustenance
For the strife that is still to come.

We who are far from the enemy raid
Need to wake up and take our stand,
So let's have more music on parade—
Soldiers! Strike up the band!

—Audrey Myrne Martin.

W. C. T. U. KNIT-A-BITS

Mrs. J. J. McKendry was hostess last Thursday night to a large number of ladies, who spent the evening knitting for the Red Cross. A temperance clip sheet for January was conducted by Mrs. N. W. Beach asking questions, and the other ladies answering. The subject was "Our Enemy on the Home Front." It was shown that alcohol should be regarded as a Fifth Column—the enemy within our gates sapping morale and responsible for physical unfitness. Great Britain has already cut by one-third the amount of grain allowed for brewing purposes.

Our Canadian Temperance Federation have requested the Federal Government to restrict the sale of intoxicants for the duration of the war and this has been backed up by thousands of signatures to petitions which have been sent to the Government, but the money power of the united organized traffic prevents measures of reform. The Liquor Traffic, by secret manipulation and intimidation, influences politicians. We are urged to engage in a nation wide voluntary total abstinence campaign for the period of the war.

The hostess, assisted by Misses Mary Cumming and Jean Wyatt, served dainty refreshments. Mrs. Spinks extended an invitation to the Knit-a-Bits to meet in her home the evening of the second Thursday in February.

LAST FRIDAY'S TOWN LEAGUE HOCKEY GAMES

Although they occupied the cellar position in the Town Hockey League standing, the Rangers succeeded in tying the league-leading Cubs last Friday night, and with any luck at all they would have defeated them. The score was 5-5. The Cubs dominated the play in the early minutes of the game, when the Rangers had only one spare player. Right from the face-off Art Summers beat the Ranger goalie and a few minutes later Les. Summers repeated the act. Art got his second counter at the 10 minute mark, then the Rangers collected two off the sticks of Salter and Dalton Kenny. In the second period, Art Summers, playing true to form, bagged two more goals for the Cubs, making his total four for the evening. Kirkwood scored one in the second and one in the third, while F. Salter collected his second counter in the final session to bring the Rangers' count up to five. Just before the game ended, Alex Barkley, of the Rangers, was right through, but Raymond Clements made a beautiful stop and robbed the Rangers of what could have easily been the winning goal.

Second Game

Frost and Wood defeated Metcalfe 3-1 in the second game and went into a tie with the Cubs for the league leadership. A. Clarmo scored for Metcalfe early in the first period and before the gong sounded Dixon Hutt tied the count for the F. & W. team. Goals by Gordon MacDonald in the second and Jim Lennox in the third period gave the winners their margin of victory. This game produced a rougher brand of hockey than the preceding contest, and several players were sent to the cooler to serve minor penalties. However, there were no real flare-ups, and the game was keenly contested right to the end. The largest crowd of the season witnessed these games.

HINTS FOR THE HOME

The Oil Mop.

Clean the oil mop by using some hot water, ammonia, and a little washing powder.

Added Flavor.

Try filling the cavity of apples cored for baking with orange marmalade and a little butter and sugar.

Care of Rubbers.

A little glycerine rubbed over the overshoes occasionally will clean the rubber and prevent its drying out.

Care of Gloves.

Always rinse chamois and doeskin gloves in soap water, and dry where the heat is not intense, if you wish to keep the gloves in good condition.

The Rug.

Do not attempt to pull out a loop that appears in a rug, or it is apt to leave a hole. Use a pair of scissors and clip it evenly with the rest of the nap.

Children's Party.

A novel way of making place cards for the children's party is by writing the name of each little guest on a cookie, using white icing and a pastry tube.

Prevent Scratches.

Book-ends, cigarette boxes, and similar articles will not scratch the furniture on which they are placed if blotting paper is pasted on the undersides of these articles.

Chapped Lips.

A good salve for chapped lips can be made by mixing twenty parts of white wax, forty parts of spermaceti, ten parts of oil of sweet almonds, and thirty parts of perfectly pure fresh lard.

Furniture Hint.

White spots on furniture caused by heat may be removed by applying wood alcohol on a soft cloth and then rubbing the spots with furniture polish. However, if the spots are deep the only cure for them is refinishing.

To Fasten Handle.

When the handle of a cooking fork or other piece of cutlery loosens, it may be firmly sealed by pouring melted resin into the hole alongside the metal part. Or, better still, fill the hole with finely powdered resin and push the metal prong on handle heated very hot into the resin-filled hole. It will be as good as new.

Yellowed Ivory.

Yellowed ivory articles may be whitened again by the following process: Wash them with white soap and water, and while still wet place them in sunshine. Wet them periodically during the day with soapy water and allow to dry in the sun. If this process is continued for several days, the ivory will become as white as when new.

Cleaning Furs

Fur of any color may be easily cleaned with dry bran. Get a pound of clean bran at any feed store, put into a dry pan, and set inside the oven until it becomes heated to such a temperature that hands cannot be held in it with comfort. Stretch the fur on an ironing board and hold in place with pins set fairly close together, so that it will be firmly fastened. Brush the fur with a stiff bristle brush, rub in thoroughly the heated bran and brush again to remove the surplus bran. Then unpin the fur and shake well to remove all evidences of the bran. This will not only clean the fur, but will make it glossy.

MODERN ETIQUETTE

1. How should the flower girls at a church wedding be dressed?
2. When a man is dancing and another man "cuts in," how long can he wait before he "cuts in" to get his girl again?
3. Is it all right for one to put a few oyster crackers in soup?
4. When walking with a friend and there is a chance meeting with another friend, is it necessary to introduce them?
5. Is it all right to accept a second helping at the table?
6. Is it all right for a woman to invite men to a theatre party?

Answers

1. They may be dressed in white or any color that blends with the color scheme of the wedding. If the bridesmaids wear hats, flower girls usually do also. 2. He must wait until the man who "cut in" on him is no longer dancing with this girl. 3. Yes. 4. No. Introductions in public should be avoided whenever possible; if the circumstances make it awkward without an introduction, then one must be made. 5. It is permissable if it doesn't keep the other guests waiting. 6. Yes.

WATCH YOUR PASSENGERS

Remember, my boy, that liquor nips paint from the fenders and glass from the windows and doors of nice new cars like this.

The owner of a market gave that advice to one of his young employees, who had called him out to ask his advice as to which of two new cars to buy.

Another clerk gave a short laugh. "You don't have to worry about that with Jim, boss. You should know he's a teetotaler."

"I was thinking of the passengers Jim will carry in this car," the older man went on. "When they are drinking they become unmanageable, and then the driver, no matter how sober he is, cannot avoid all crashes."

Jim's eyes sobered. He was thinking of Lin Morrison, who never drank.

Diner—I told you I wanted two fresh-laid eggs on toast. Do you call these fresh-laid?

Waiter—Yes, sir; fresh laid on toast, sir.

Thinking of Lin's chum, Gus Wyatt, who did. Gus had drunk heavily last commencement night when the two of them started home. When they didn't reach home by midnight, Lin's brothers started out to find him. They found the bodies of the two boys in a gorge along the top of which runs a road that is broad and regarded as safe for most drivers.

Peter Vest was another driver who had a tragic accident because he had two passengers who were drinking. Peter escaped injury but the man who was driving the coupe with which he crashed is in a wheel chair.

Peter had not been able to get back his gay heart or gay laughter since that accident. He has said a myriad of times, "It was my fault. I should have risked offending them rather than let the two get into my car when they were drinking. I should have foreseen that one of them might fall against me and cause a wreck like this."

The careful driver to-day should learn that his car has no place for either liquor or anyone who has been drinking it, for passengers under its influence can cause quite as many wrecks as the driver who drives a car while drinking.

He may lose the title of "Good Fellow," but that of a "Safe Driver," and "Man of High Morals," quite make up for that silly loss.—Selected, in C. U. Herald.

Even Cupid Must Eat

By BETTY BARCLAY

Here are some recipes that will be appreciated by those who are celebrating St. Valentine's Day by having a family feast or a frolic with friends:

Valentine Punch

1-1 lb. 4 oz. can sour pie cherries
6 whole cloves
1 stick of cinnamon
½ cup light brown sugar
4 cups canned unsweetened Hawaiian pineapple juice
Red vegetable coloring

Pour cherries and their sirup in a saucepan. Add cloves and cinnamon and bring to a boil. Add sugar and simmer for five minutes. Strain mixture through a fine sieve and chill sieved mixture. Combine with pineapple juice, which has been chilled in cans before opening. Add a few drops of red coloring, or enough to make the mixture a bright cherry color. To serve, pour over ice cubes in glasses. Yield: Eight 6-ounce glasses.

Carotene Salad

Toss together lightly with 2 forks:
1½ cups orange pieces
1½ cups finely cut carrot
½ cup raisins

Add desired salad dressing to moisten. Serve on lettuce or shredded cabbage and garnish with ½ cup chopped peanuts. Serves 6.

Basta Fazoul
(a one dish meal)

2 cups cooked, dried Limas
2 cups tomato sauce or strained tomatoes
1 tablespoon chopped onion
½ pound spaghetti
6 tablespoons bacon fat
1 teaspoon salt
⅛ teaspoon pepper

Cook the spaghetti in boiling salted water until soft and drain. Cook the onion in the fat, add tomato, Limas and spaghetti.

Individual Strawberry Shortcakes

Individual strawberry shortcakes are attractive for dessert at a Valentine's day luncheon or for party refreshments. The quick-frozen strawberries come all ready to serve — cleaned, hulled, sliced and sweetened, as full of flavor and vitamins as the day they were picked and quick-frozen.

Spread 1 (16 oz.) box quick-frozen strawberries, just thawed, on the lower halves of 4 hot shortcake biscuits, split and buttered. Top with upper halves and additional berries. Garnish with ⅓ cup cream, whipped. Serves 4.

Valentine Rennet-Custard

1 pkg. vanilla rennet powder
1 pint milk, ordinary or homogenized
½ cup raspberry jam
⅓ cup whipping cream
½ teaspoon vanilla
1 teaspoon sugar
10 lady fingers
3 tablespoons graham cracker crumbs

Set out five dessert dishes. Divide the raspberry jam among them placing about 1½ tablespoons in the bottom of each dish. Cut the lady fingers lengthwise, placing four pieces around the sides of each dish. Make vanilla rennet-custard according to directions on the package. Pour into dessert dishes on top of the jam. Do not move until firm—about 10 minutes. Chill in refrigerator. Just before serving, top with whipped cream, to which sugar and vanilla have been added. Sprinkle with graham cracker crumbs, or place a soft pink candy heart on top of whipped cream.

A children's variation is to cut marshmallows into very fine pieces and arrange in the outline of a heart on top of each rennet-custard just before serving.

Cupid's Brew

6 cups freshly brewed decaffeinated coffee
½ cup whipping cream, whipped
⅛ teaspoon cinnamon
⅛ teaspoon nutmeg

Top hot decaffeinated coffee with a spoonful of whipped cream into which the spices have been folded. Sugar may be served with the coffee if desired.

Serve decaffeinated coffee at your Valentine's Day party and your guests won't be worried over sleeping problems later on.

Magic Valentine Candies

⅔ cup (7½ oz. can) sweetened condensed milk
1 teaspoon vanilla
4 cups sifted confectioners' (4X) sugar (about)

Mix sweetened condensed milk and vanilla. Add confectioners' (4X) sugar gradually, mixing until smooth and creamy. Makes 1¼ pounds. Roll out on a slightly sugared board about ¼ inch thick. Cut with a small heart-shaped cookie cutter. Decorate with mottoes, such as "To My Love," put on with a water color paint brush, dipped in melted chocolate.

You'll be sure of a gay St. Valentine's party if you start your guests off with one of the new parlor games that are easy to learn. Circlegammon, an exciting new development of backgammon or Dog Fight, the new airplane manoeuvering game played on a vertical board are sure to be party successes.

Nation-Wide Teas Began On Tuesday

The Canadian Dorothy Spitfire Fund launched Canada's biggest teaparty at Montreal on Tuesday, when 12 or 15 Dorothys, all active members of the organization, staged the first of a nation-wide series of "Galloping Teas" at the Hotel Berkley. Proceeds from the teas, which are aimed at an objective of 100,000 guests, will be used to provide the Royal Air Force with a Spitfire before Easter.

Timed to coincide with the Montreal tea, others were held in some 40 cities and towns throughout the Dominion by the local "Dorothy" groups, and a number of Dorothys, who were engaged during the day, have agreed to give evening parties at which tea will be served, thus increasing the number of Montreal hostesses alone to more than 30.

Canada's biggest tea party expects to entertain its potential 100,000 guests through the snowball principle. Each guest who attended the opening tea on Tuesday has agreed to entertain four or more guests, who, it is hoped, will carry on the chain. At the conclusion of the first week, several hundred hostesses should be co-operating, and by the fourth week, at the same rate of progression, the 100,000 mark should have been attained. By the eighth week, the figure would have reached astronomical proportions, but the committee of the Dorothy Spitfire Fund know more about human frailty than about astronomy. They will be content with the 100,000 guests, which is a reasonable possibility, if the Dorothys of the Dominion do their part, as they have in the past. This figure will send the Spitfire soaring aloft in time to take her part in the defence of Britain, against the invasion which looms closer every day.

"Galloping Teas" for the defence of Britain are the most ambitious project yet undertaken by the Canadian Dorothy Spitfire Fund, and its first united nation-wide effort. Since the Fund was opened on October 17, an organization has been built up reaching across Canada. Now contributions are coming in from all directions, from people of all walks of life. They vary from Dorothy Dix, in New Orleans, who sent $10, to a Dorothy in the dust bowl of Saskatchewan, who sent 25 cents to buy a bolt; from an English guest child in Victoria who raffled her Christmas candy to send "an eighteen-dollar present to drop on old Hitler's head," to the German internees in two camps, who collected a generous sum "to help win the war." Men, women and children everywhere who stand for Britain have sent their bit, but the "Dorothy" still needs her wings, and they are expensive necessities. It is confidently expected that "Galloping Teas" will supply them.

Mrs. Dorothy Sproule, Montreal Poetess, whose books of poems are a work of art, and who won a Gold Medal for her exhibit at the World's Fair at New York in 1939. At the present time she is devoting her energies to the Canadian Dorothy Spitfire Fund. Mrs. Sproule is a native of Dundas County and a former resident of Winchester.

RECEIVED HONORABLE MENTION

A few days ago Mrs. Dorothy Sproule, noted Canadian Poetess of Montreal, received a letter from Miss Anite Browne, director of the National Poetry Centre, New York, informing her that the poem she had on exhibit on Natignal Poetry Day at the New York World's Fair last year, had been awarded Honorable Mention, as one of the best poems received from Canada. The closing paragraph in the letter read: "I hope that you will keep up all your good work in and for poetry."

The poem Mrs. Sproule entered for competition at the World's Fair appears below:

Life Without Banners.

To give kind words, to one who is not kind,
And cheerful words, to those who find life grey,
And words of wisdom to one needing help,
This is our gift to offer day by day.
Homage to him whose brave deeds are ignored,
And words of sympathy, for loss of friend,
Forgiving words, when we have been betrayed,
(Ourselves alone our lives can mar or mend).
To kneel before the Cross we helped to shape,
Built out of bliss and rapture, fears and tears,
As wise men brought their gifts, then lay them down,
The words and acts, and thoughts, of all the years.

—Dorothy Sproule.

OBITUARY

LATE MRS. LEMUEL HUTT

Mrs. Lemuel Hutt passed to the Great Beyond at the home of her daughter, Mrs. Howard Bell, on Friday morning, January 24th. Although the deceased had only been in ill health for a few days, her death was a shock to the community.

The late Mrs. Hutt was the former Priscila Emily Baker, daughter of the late John Baker and Nancy Bigford. She was born on the old Baker homestead, owned by the late Edwin Baker, the last one of the family. She was in her 88th year. With calm Christian fortitude, in perfect faith and trust in her Heavenly Father, she awaited the translation, and the new life of service, love and joy was begun.

She was predeceased by her husband, the late Lemuel Hutt, 19 years ago April 3rd.

The funeral was held on Sunday afternoon at 2 o'clock from her late residence, which was largely attended, and was conducted by her pastor, Rev. W. S. Atchison, assisted by Rev. D. W. Summers. During the service Miss Annie Walker sang very sweetly "Good Night and Good Morning," accompanied at the piano by Mrs. Ernest Steele. The remains were placed in the vault at Maple Ridge Cemetery.

The deceased is survived by one daughter, Mrs. Howard Bell.

The pall bearers were all nephews, Messrs. Russell, Roy, Ralph, Irwin and Harold Baker, and Willie Clark.

The floral offerings were: Wreath, Mr. and Mrs. Howard Bell and Norman; the Grandchildren—Mr. and Mrs. Karl Bell and family, Mr. and Mrs. Lorne Bell an family, Mr. and Mrs. Stanley Hamilton and family; Mrs. Edward Baker and family; Mr. and Mrs. Irwin Baker and family; Sprays: Mrs. Anna Bell Baker, Mr. and Mrs Harold Baker; Basket, Mr. and Mrs. Bernice Casselman and family. —Contributed.

LATE MRS. ANDREW RIDDELL

There passed suddenly away at her home at Brinston, Martha Armstrong, beloved wife of Andrew Riddell, in her 76th year. Deceased had been in poor health for some time, but her death was unexpected.

The funeral was held on Friday, leaving the house at 1.30 to Brinston United Church, where the Rev. F. Taylor preached a very impressive service, taking for his text, II Cor. 5. The choir sang very beautifully "Going Down the Valley One By One."

The pall bearers were, Morley Sullivan, Elmer Sullivan, Harvey Froats, Alex Brinston, Charlie Gilson and Arthur Pitt.

She leaves to mourn the loss of a beloved wife and mother, her aged husband, one daughter, Mrs. Howard Wylie; two granchildren, Clifford Wylie, Toyes Hill, and Mrs. John C. Adams, of Prescott; three brothers, William Armstrong, of South Mountain; Robert Armstrong of Brockville, and Sam Armstrong of Baniockburn; one sister, Mrs. Jay Bolton, of Winchester.

The flowers were very beautiful, including, Wreath from husband, daughter and son-in-law; Sprays, brother Will and Mr. and Mrs. Keith Locke; Mr. and Mrs John C. Adams and family; Wreath from the Brinston neighbours. Interment was made in the family plot in the Brinston Cemetery.

FOR ALL WHO SERVE

God—King—and Country
(By John Oxenham)
(Can be sung to the tune, "Melita")

—"Eternal Father, strong to save
Lord God of Hosts, Whose mighty hand
Dominion holds on sea and land,
In Peace and War Thy will we see
Shaping the larger liberty.
Nations may rise and nations fall,
Thy Changeless Purpose rules them all.
When Death blasts earth and sky and sea,
Keep all our hearts firm-stayed on Thee;
Console and succor those who fall,
And help and hearten each and all!
O, hear a people's prayers for those
Who fearless face their country's foes!
For those who weak and broken lie,
In weariness and agony—
Great Healer, to their beds of pain
Come, touch, and make them whole again!
O, hear a people's prayers, and bless
Thy servants in their hour of stress!
For those to whom the call shall come
We pray Thy tender welcome home.
The toil, the bitterness all past,
We trust them to Thy Love at last.
O, hear a people's prayer for all
Who, nobly striving, nobly fall!
To every stricken heart and home
O come! In tenderest pity come!
To anxious souls who wait in fear,
Be Thou most wonderfully near!
And hear a people's prayers, for faith
To quicken life and conquer death.
For those who minister and heal,
And spend themselves, their skill, their zeal—
Renew their hearts with Christ-like faith
And guard them from disease and death.
And in Thine own good time, Lord, send
Thy peace on earth till Time shall end!

KINGSTON, ONT., ESTABLISHES HITCH HIKING SHELTERS

Two shelters for soldier hitch-hikers have been erected at Kingston, Ont., to provide a comfortable and recognized meeting place for soldiers seeking transportation and motorists with an extra seat in their automobiles.

The Kingston Rotary Club built one of the shelters and the Kingston War Services the other. Of frame construction, the buildings are equipped with stoves and supervised by military police.

Officials said they have helped eliminate dangerous hitch-hiking and provided a meeting place for motorists and soldiers with prearranged plans for travelling together.

U. C. PRESBYTERY TO ASSIST IN WAR SAVINGS CERTIFICATES DRIVE

Nearly one hundred representatives of the United Church of Canada within the bounds of the Dundas-Grenville Presbytery met at luncheon in Iroquois United Church Hall last week, and laid plans for the presbytery's share in the great drive to aid the war cause by the purchase of war savings certificates and also to gather a special fund for the liquidation of the present church debt and to be prepared for the future work of reconstruction after the war.

The representatives were addressed by Mesdames J. W. Woodside, of Ottawa; G. E. Forbes, of Toronto; E. E. McKendry, of Kemptville, and the Rev. J. D. McRae, of St. Lambert, Quebec, Montreal and Ottawa Conference organizer. The chairman of presbytery, Rev. L. M. Sommerville, Spencerville, presided, and other ministers present included the Revs. John L. Hodgson, Iroquois; W. R. Johnston, South Mountain; James A. Payton, Morrisburg; William Lister, Dundela; G. A. Beatty, Hallville; W. W. Taylor, Brinston; A. Peebles, Heckston.

Following the addresses, separate conferences for ladies and gentlemen were held elsewhere in the church, during which the Reverends W. R. Johnston and John L. Hodgson, together with Mesdames M. R. Schwerdfeger and W. S. L. Merrill, were named to a special committee of direction in the Presbytery, already formed.

WHAT ABOUT IT, GIRLS?

(Renfrew Mercury)

Whether it is just a bit of blarney or honest conviction, the opinion expressed by officials in charge of munition plants in Ontario is that farm girls are the best workers we have. They adapt themselves more quickly than town girls and find it a simple matter to do several operations at once and without seeming effort.

Apart from the statement that they seem more serious-minded, the reason assigned for the superiority of farm girls in munition work is attributed to the fact that many of them had milked cows, a few had raked hay and others had a knowledge of farm machinery.

In any event the girls are proving versatile and highly satisfactory in war plants. This discovery may be just another blow at the badly harassed farmer who just now needs all the help he can get on the land.

Trying to keep out of debt is about as hard as being in it.

HIGHLANDERS INCLUDED IN 3rd DIVISION

The first Battalion, Stormont, Dundas and Glengarry Highlanders, is included among the units comprising the 3rd Division of the Canadian Army which will be sent overseas during 1941, according to the announcement by Prime Minister Mackenzie King at Ottawa this week.

The unit, ocmmanded by Lieut.-Col. R. T. E. Hicks-Lyne, M.C., has been sent to the Eastern command where it is likely it will remain until sent overseas.

The first battalion is a composite unit recruited from Cornwall, Brockville, Kingston and Peterborough and interlying communities with Cornwall's representation consisting of two rifle companies.

Before moving to their present station in Eastern Canada, the S. D. and G.'s underwent training in Kingston and Ottawa.

NOTES ON COUNTIES' COUNCIL

(Continued from Page 1)

bylaw setting up the Counties' Board of Health was passed at council's January session in 1940.

The new bylaw named Dr. M. G. Thompson as Medical Officer of Health of the counties' health organization, and appointed as members of the board, Warden J. L. McDonald, Howard Ross, reeve of Charlottenburgh township, and T. O. Keyes, reeve of Winchester village.

Adopting the report of finance committee, counties' council on Saturday granted $1,500 to the Navy League of Canada to assist the league in furthering its war service work. A bylaw authorizing the grant was given two readings and will be sent to the Department of Municipal Affairs for approval.

* * * *

According to the annual report of Glen Stor-Dun Home and Farm, presented to Counties' Council by G. L. McIntosh, reeve of Roxborough township, total cost of maintenance for the home amounted to about 54 cents per person per day during 1940.

At the present time 92 inmates are in the home, 32 of them women. Twenty-one were admitted to the home during last year, and the total number of inmate days amounted to 34,053. Net cost for maintenance of the home was $18,416.12, which divided by the number of inmate days, gives the cost per inmate per day.

The food account for the year amounted to $9,165.34, with the cost per day approximately 26 cents inmate.

* * * *

Counties' Council passed a resolution at the January session asking a subsidy on cheese which would place production on the same comparative level as industry and labor, now protected by government legislature.

The resolution, introduced by W. H. Casselman, of Chesterville, and seconded by W. J. Major, reeve of Lancaster township, followed a series of speeches in connection with the price of cheese. Two memorials were placed before the council, one by the Ontario Cheese Producers Association as presented to Agricultural Minister J. G. Gardiner in London, asking for cheese prices of approximately 19 cents per pound, and the other by the Stormont Cheese Producers' Association, asking for a price of about 24 cents per pound.

Warden J. L. McDonald told the council that he could not support the resolution of the Ontario association. He said that the association had changed its demands greatly during a six-week period, at the beginning of which it asked a price of approximately 15 cents per lb., and at the end of a six weeks period they had changed their demands to 19 cents per pound.

"Unless the association shows more leadership within the next year," he declared, "we should quit it and try something else."

LOCAL AND DISTRICT NEWS

Horse Dies At 35.

The Kemptville Advance says that E. H. Adams, of Shanly, lost a very old and faithful horse a few days ago in "Nell," which was 35 years old. During her long life she was never failing in her duties. Many times she had travelled icy roads when other horses in the stable were afraid to attempt it.

Kars Red Cross.

Kars Red Cross held their weekly meeting on Tuesday evening in the L.O.L. Hall with a good attendance. Three quilts were completed and a number of knitted articles handed in. It was reported by the treasurer, Mrs. Craig, the receipt of $25.00 from Mr. M. Fennell, feed merchant of Osgoodt Station, it being his share of the Robin Hood Flour Mills prize for selling Mrs. McLeod, the prize-winner, the flour. The donation was gratefully acknowledged.

Farmhouse Destroyed.

Fire, said to have been caused by overheated stovepipes, totally destroyed, last week, the frame house owned by Harvey Wallace at Hallville, and occupied by Mr. and Mrs. William McConnel. The fire was first noticed by Albert Blaine, who was passing by, and school pupils from the North Mountain consolidated school worked as volunteers at a bucket brigade in an attempt to save the building but were unable to do so. Most of the furniture from downstairs was removed and a quantity of bedding from the upper part.

Met Fatal Accident.

When the flywheel of a circular saw flew apart about ten o'clock last Thursday morning, Arnold Price, 20 years of age, of Halls Mills, was killed when the heavy chunk of iron struck him in the chest. The victim of this shocking accident was a son of Mr. Thomas Price and the late Mrs. Price. The saw was owned by Mr. William Cameron of Halls Mills, who is ill at present. It was being operated by a Mr. Elliott and the unfortunate young man was helping him. They were sawing cord wood into 16 inch lengths, at a point about two miles beyond Clayton at the time. Dr. A. A. Metcalfe, district coroner, was summoned, and decided that an inquest would be held. Mr. Price is a nephew of Mr. and Mrs. Stewart Gunn, of Melvin Settlement.

GOOD NEWS FOR THOSE RAISING BACON HOGS

Premier Mitchell Hepburn stated on Tuesday at St. Thomas before leaving for Toronto that his government will consider a subsidy on bacon-type hogs similar to the two-cent-a-pound bonus allowed Ontario cheese producers.

UNITED CHURCH W. A.

On Tuesday at 2.30 o'clock in the church hall, the W. A. met in session with the president presiding. The meeting opened with a hymn. The scripture was read by Mrs. Ault. The theme of the meeting was "Our Faith in Jesus Christ," who showed to the world that He lived a holy life, and took upon Himself the Cross. Through the Cross, man is reconciled to God. Through His power He becomes our Lord and Master. Mrs. Atchison then gave a very inspiring prayer. A letter was then read by the president, suggesting that the W. A. be organized into one body to be called the Dominion Woman's Association Council. After much discussion it was decided that the President get more literature on the matter, to be discussed at the next meeting.

The treasurer read her report, and some reports from the groups were also read. Lunch was served by the committee in charge, bringing a very successful meeting to a close, with 35 members present.

EVENING AUXILIARY

The regular meeting of the Evening Auxiliary was held at the home of Mrs. A. P. Johnston, with the president, Mrs. K. Carlyle, in the chair. Twenty members answered to the roll call. Arrangements were made for the annual Valentine Tea to be held on Friday, February 14th, in the United Church Sunday School room. A committe, comprised of Mrs. Lindsay, Mrs. K. Ault, Mrs. Munro and Mrs. Crummy, was appointed.

The various secretaries gave reports. Mrs. W. Steele then explained the work of the travelling secretary, Miss MacKenzie, for the W. M. S., who will be in the United Church here on Feb. 18th.

Mrs. Barclay then took charge of the meeting, assisted by Mrs. A. P. Johnston. The theme for the meeting was, "Finding the Way through Prayer." The Scripture reading was given by Lola Craig. Mrs. Lindsay rendered a much appreciated solo.

Mrs. Dukelow gave, in a most capable manner, a summary of the study book chapter, "Life and Work of a Korean Woman," after which Mrs. W. Steele led in prayer. Mrs. Johnston moved a vote of thanks to Mrs. Dukelow.

Miss Velma Johnston rendered an enjoyable piano solo, and the meeting closed with the Mizpah Benediction.

A dainty lunch was served by Mrs. A. Johnston and Mrs. W. Barclay, assisted by Velma Johnston and Mary Barclay.

A vote of thanks was extended by Miss Evelyn Fennell to the committee in charge.

Jane—How absurd of you to tell that awkward cousin of mine that she dances like an angel. I don't believe angels can dance, anyway.

Fred—Neither do I.

A Correction.

In the report of the annual meeting of the Horticultural Society as given in last week's Press, it was stated that the annual fee for a member is 25 cents. This is an error. It should be 50 cents.

Were Red Cross Hostesses.

Mrs. C. R. Robinson and Mrs. J. F. Smith were hostesses for the Red Cross Tea on Monday afternoon. There was a good attendance and the proceeds mounted to $6.20. These teas are held on the first Monday of each month, and everyone is invited to attend.

Fully Qualified Lieutenants.

Results from the examinations, written last December by aspiring officers of the Reserve Army, have been received at Cornwall. Among those who qualified as Lieutenants were: 2nd Lieut. L. A. Porteous, of Cornwall, and 2nd Lieut. G. C. Power, of Morrisburg, both of the S. D. & G. Highlanders.

TOWN LEAGUE HOCKEY

(Continued from Page 1)

Rangers—S. Dawley, J. Fader, Alex Barkley, W. Cross, T. Barry, J. Kirkwood F. Salter, D. Kenny, M. Boyd, H. Baldwin, G. Fader.

Metcalfe—G. Quart, J. Twiname, F. Latour, Thompson, Woods, A. Clarmo, D. Carkner, V. Eastman. L. Mullins.

Referee: Melvin Scott.

MONDAY'S GAMES

Badly handicapped for relief players in the first period of Monday night's game with the Frost & Wood team, the Rangers were unsuccessful in their attempts to overcome the two-goal lead which their opponents succeeded in getting in the opening session. In the third period the Rangers were strengthened by the re-appearance of some of their former players, and gave the Frost and Wood team a real battle for the remainder of the game, the final score being 4-3 for Frost & Wood.

The scorers were: Frost & Wood:—Wyatt, Carlyle, Kellogg and Boyd. Rangers: Barry 2, and D. Kenny.

Second Game.

In the second game on Monday night, the Cubs went on a scoring spree and defeated Metcalfe 8-2, to remain in a tie with Frost & Wood for the league leadership. Starring for the Cubs was Art Summers, who scored three goals and was credited with three assists. Vic. Thoms accounted for two and Bob Barkley and "Bologna" Carkner each one, to bring the Cubs total to eight goals. Twiname and Clarmo were the Metcalfe scorers. Judging from the score, it would look as though George Quart, the Metcalfe goalie, had an "off night," because the game was a lot closer than the lopsided score would indicate.

CURLING NOTES

The past week saw some real exciting games at the local Curling Rink, as the teams continued their play for the Goodfellow Trophy. Skips and scores of the games played since the last issue of the Press are as follows:

Thursday night—E. J. Spinks 8, Wm. Watson 6; J. L. Mill 7, H. Fetterly 6.

Friday night—H. Helmer 11, Wm. Johnston 7; Albert Turner 9, J. D. Stewart 5.

Monday night—Walter Moffat 9, Harold Helmer 6; W. Johnston 9, Wm. Watson 6.

Tuesday night—A. Johnston 8, Albert Turner 4; E. Rawson 10, W. A. Rowat 7; H. Fetterly 8, J. D. Stewart 4; W. Watson 12, H. Helmer 1.

Wednesday night— H. Helmer 9, A. Johnston 7; E. J. Spinks 8, E. Rawson 7; W. A. Rowat 12, H. Helmer 2 (this game was a postponed game from Jan. 22).

Pin Game.

Last Friday night Albert Johnston's rink challenged Howard Fetterly's quartette to a game for the Club pins. After playing 18 ends the score was tied at 12 all and the Fetterly rink retained the lapel decorations. To settle the issue, the same two teams resumed the challenge on Monday evening. On this occasion Howard and his men were in fine fettle and defended the pins by a 9-3 score.

Bonspiel Next Week)

The local Curling Club has made arrangements for a Bonspiel, which takes place next Wednesday, when rinks from Morrisburg, Chesterville, Russell and other Clubs will be guests of Winchester curlers. The games will be played morning, afternoon and evening. In addition to this, the local Club will be represented at Ottawa in the competition for the Governor General's Trophy, and will compete with St. Annes for the district medals, the first games to be played here in the near future.

BEWARE OF OLEO.

(Farmers' Advocate)

Several news despatches have been printed which look like trial balloons to test public reaction to the introduction of oleomargarine.

If farm organizations ever had a clear issue to face this is one. The manufacture and sale of oleomargarine is about as hard to control as hog cholera or the drug traffic. There is no need for it in Canada nor will there be any if the dairy industry is properly administered and given a fair deal.

Farm organizations could do a worthwhile job by making it unmistakably clear that to the last man they are opposed to the manufacture and sale of oleomargarine in Canada. If oleo ever became established here it would be difficult to stamp it out. Prevention is the cheapest and best remedy.

"But didn't you land the fish?"

"You haven't been listening. I only had a rod, not a steam crane."
