Local High School Cadets Highly Praised At Annual Inspection

Perfect weather conditions, a large crowd estimated at 1000, and a smart appearing Cadet Corps, 250 strong, teamed up last Wednesday afternoon on the High School campus to present what was probably the most successful Inspection Day in the history of Winchester High School Cadet Corps. Re-organized in 1946 after an absence of several years, the local Corps has grown in size from a two platoon company of boy cadets to a battalion of 250 boys and girls, in just seven years.

From an appearance standpoint last Wednesday,'s parade was the smartest and without doubt the most colourful of all. Marching spiritedly to the music of the 18-piece W. H. S. Cadet Band, which is jointly directed by Mr. Clifford Wilkes and Miss Jean Wilkes, the Cadets, headed by the officers who were smartly dressed in kilts and full officer regalia of the parent S. D. & G. regiment, made an impressive showing in their neatly marked uniforms. Equally attractive and perhaps more colourful was the company of girl cadets who looked prim in blue skirts, white blouses and blue ties. Officers of the girl cadets were all dressed alike in dark blue suits, dark blue caps, white blouses and markings.

Lieut.-Col. J. P. Donihee, the commanding officer of the S. D. & G. regiment and the inspection officer of the day, said in his remarks to the cadets and other after the march past that it was an extreme privilege to once again be present at the Winchester High School Cadet Inspection. He congratulated both companies, and especially remarked on the steadiness and particularly the neatness of the entire battalion. He was high in his praise of the company of girls, and remarked of the colourful display the battalion had made in its march past. He paid tribute to the instructors and wished the cadets every success in the future.

Lieut.-Col. Donihee's address followed a rigid and efficiently conducted program, which began at two o'clock with the general salute, followed by the Inspection, March Past, and Advance in Review Order. This was followed by a period of demonstrations and dispays which included boys' P. T. under the leadership of R. Summers; drill and command with Cadet Lieut. J. Bingley looking after the squad; girls' P. T. led by L. Desautels, Signals in charge of Cadet Lieut. K. Scharfe, and Tactics under the supervision of Cadet Major Bruce Steinburg. Displays included the Bren gun, rifle, grenade, maps, wireless sets, telephones and fundamentals.

Following the displays and demonstrations the cadets were formed in the Hollow square for the ceremonial portion of the day. Junior Leader awards at Ipperwash Camp last year were presented to James Corry, K. B. Last and J. Pollock. Senior Leader award to Don. McIntosh; Wireless to K. Scharfe, and Driver Mechanic to K. McIntosh. These presentations were made by Lieut. Col. Donihee.

Marksmen awards, entitling cadets to wear the crossed rifles and crown, were presented to the following by Captain P. R. V. Carr-Harris; Class 1, Keith Barkley, Clarence Bell, James Bingley, Douglas Helmer, Bruce Steinburg, Earl Gray, William Beardsall and Donald Woods; Class 2: Norman Edwardson, Robert Mitchell and Larry Justus. Three marksmen, Earl Gray, Douglas Helmer and Bruce Steinburg tied for the best rifle shot in the corps. Prior to Inspection Day these three cadets competed for the Strathcona Trust Medal, awarded annually to the best rifle shot in the corps. It was won by Cadet Major Bruce Steinburg.

Special Awards

The coveted S. D. & G. Shield, presented annually to the smartest cadet on parade, who best combines academic studies and cadet work throughout the year, was justly won this year by Cadet Major Bruce Steinburg, commanding officer of No. 1 Company. Major F. M. Cass, donor of the shield (it was presented to the corps in 1946) made the presentation and congratulated Cadet Major Steinburg for his fine leadership and appearance he had displayed during the day.

Two new awards were made this year for the first time. The Silver Plate Award, donated to the Corps by Captain W. A. Servage, a graduate, former cadet and now member of the staff of Winchester High School, will be presented annually to the smartest and most efficient girl cadet. It was won this year by Kathleen Fennell, and the presentation was made by Mr. Servage.

The other addition to the special award list was presented to Cadet Robert Hill by C. P. Laushway, president of the Winchester Branch of the Canadian Legion. Starting this year, the Legion will make the presentation of this shield and replica to the best Grade IX or first-year cadet on parade.

Members of the Inspection Party, all of whom addressed the cadets and guests, were: Lieut. Col. J. P. Donihee, Capt. P. R. V. Carr-Harris, M.C., M.D.; Mr. C. P. Laushway, Legion President; Mr. Robt. Woods, vice chairman of the North Dundas District High School Board; Captain W. A. Servage and Lieut. J. H. Willard, school principal.

Added entertainment at the Inspection this year was provided by the newly organized W. H. S. Glee Club, under the direction of Mr. J. B. Potvin, assisted by Miss E. B. Runions and Mr. E. Crawford. Patriotic songs and march tunes by the over 100 voices, which featured special numbers by the quintette composed of the Misses Joan Clark, Louise Summers, Kathleen Fennell, Marilyn Serviss and Helen Helmer, were enthusiastically applauded by the large audience. The pianist was Miss Winnie Deeks, and the announcers who had charge of the P. A system during the day were Corporals Joan Clark and Reg. Fetterly.

The colour party consisted of Cadet Lieut. J. Bingley, Cadet Sgt. A. Black and Cadet Sgt. W. Carkner.

Members of the band are: Trumpets: Jean Wilkes, Irene Campbell, Ruth Lee, John Campbell; Clarinets, Ina Campbell, Joan Duncan, David Sheldrick, Cadet Sgt. Don. Woods; Saxaphones, Staff Sgt. Roy Porteous, Ian Crerar and Bobby Wilkes; Drummers, Cadet Sgt. Hugh Balkwill, Peter Crerar, Merlin Robinson, Keith Campbell and Garry Willard. Cadet Sgt. Larry Justus is also a member of the band.

The cadet instructors to whom much credit must go for the training of the cadets in their various courses and the subsequent success of Inspection Day are: Capt. W. A. Servage, Lieut. J. H. Willard, E. E. Crawford and O. D. Froggett. A major share of the credit for the motivation, training and appearance of the girl cadets belongs to Mrs. E. Slingerland, P. T. instructor.

Immediately following the Inspection program and presentations, the Corps was dismissed, and officers, members of the Inspection Party, Instructors, Band members and other guests were entertained to tea and other refreshments in the school by the hostess, Mrs. E. Slingerland, who was ably assisted by her Home Economics Class.

Cadet Officers

Following are the officers of the W. H. S. Cadet Corps:

Battalion Commanding Officer, Cadet Lieut.-Col. Ian Dow; Second in Command, Cadet Major K. Rawlings; Commanding Officers, Cadet Majors B. Steinburg and Olive Derby; Second in Command, Cadet Capts. G. Fawcett and Alice Derby; Platoon Commanders, Cadet Lieuts. D. Watts, K. Scharfe, K. Duncan, Pauline Timmins, Lois Carson and Willow Summers; Regimental Sgt. Major, Cadet W.O. G. Holmes; Company Sgt. Major Cadet W.O.'s A. Hutchinson and Vivien Duncan; Company Q. Master Sgt., Cadet S. Sgts. M. Shane and Winnie Deeks; Platoon Sgts., Cadet Sgts. J. Pollock, D. Waddell, D. Helmer, Betty Holmes, Mary MacPherson and Marilyn Dawson; Section Commanders: Cadet Cpls. M. MacRobbie, E. Rose, R. Mitchell, L. Holmes, K. Barkley, P. Dawson, A. Alford, H. Annable, J. Saunders, R. Morrow, Beverley Hunt, Thelma Summers, Shirley Poole, Doris McRoberts, Nona Scharfe, Rose Suffel, Mary McDonald, Barbara Derby, Kathleen Fennell.

Coming Events

PARTY FOR NEWLYWEDS

A Public Reception for Mr. and Mrs. Norman Utman, newlywed couple of Winchester, will be held next Wednesday evening, June 3rd, in the Winchester Town Hall. Dancing, Presentation and Refreshments. Everybody welcome.

BAPTIST DISTRICT CONFERENCE IN VERNON

The Baptist District Conference will be held in Vernon Baptist Church, Vernon, Ontario, on Sunday, June 7th, commencing at 10.30 a.m. The guest speaker will be Dr. F. W. Waters, of McMaster University. Special music. Bring your own lunch. Everybody welcome.

Rev. Jas. Taylor, President. Glen Carkner, Secretary.

Recent Births At District Memorial Hospital

On Thursday, May 21st, 1953, to Mr. and Mrs. Aden Dubois, of Crysler, a daughter.

On Friday, May 22nd, 1953, to Mr. and Mrs. Morris Loughlin, Mountain, R. R. 2, a son.

On Saturday, May 23rd, 1953, to Mr. and Mrs. Pat Gannon, of Spencerville, a daughter.

On Saturday, May 23rd, 1953, to Mr. and Mrs. Stuart Holmes, of Osgoode, a son.

On Saturday, May 23rd, 1953, to Mr. and Mrs. Leigh Flegg, of Iroquois, R. R. 1, a son.

On Sunday, May 24th, 1953, to Mr. and Mrs. Maynard Cinnamon, Winchester, R. R. 1, a son.

On Sunday, May 24th, 1953, to Mr. and Mrs. Ronald Alexander, of Winchester, a son.

On Sunday, May 24th, 1953, to Mr. and Mrs. Charles Hummel, of Chesterville, R. R. 3, a daughter.

On Sunday, May 24th, 1953, to Mr. and Mrs. Lyall Levere, of Mountain, R. R. 1, a son.

On Sunday, May 24th, 1953, to Mr. and Mrs. Malcolm Anderson, of Winchester, a daughter.

On Tuesday, May 26th, 1953, to Mr. and Mrs. Orval Crawford, of Kemptville, R. R. 4, a son.

On Wednesday, May 27th, 1953, to Mr. and Mrs. Wm. McElroy, Chesterville, R. R. 2, a daughter.

On Wednesday, May 27th, 1953, to Mr. and Mrs. Wm. Armstrong, Winchester, R. R. 4, a daughter.

LEGION AUXILIARY WILL SPONSOR STAGE SHOW HERE

Two new members were admitted to the Ladies' Auxiliary of the Winchester Branch of the Canadian Legion at the regular meeting, held on Thursday evening in the Legion Club Rooms. They are Mrs. Alva Alexander and Miss Laura Bowen. Two visitors were introduced in the persons of Comrade Gertrude Cunningham, Zone Commander, and Comrade Wilkins, both of Cornwall.

Mrs. Gordon Coons, president of the Auxiliary, presided at the meeting, assisted by the secretary, Mrs. Stirling Dawley. Two fees were paid for failure to wear badges at the meeting, and one member contributed to the birthday fund.

June 24th and 25th are the dates chosen for a stage show which the Auxiliary will sponsor in Winchester. Mrs. Max Boyd was named convener of the Hospital Committee.

A sum of $5.00 will be sent to the Legion Scholarship Fund, and two boxes will be filled and sent to the two members of the armed forces from Winchester presently serving in Korea,

The Red Shield Campaign of the Salvation Army will be conducted by members of the Auxiliary, it was decided, and an invitation to attend the next meeting of the Legion Branch (Men) was accepted,

The meeting concluded with the serving of a delicious lunch by Mrs. Don. Casselman and her committee.

Royals Drop Third League Softball Game

Winchester Royals have yet to win a game in the 1953 Dundas County Softball League, as a result of a 9-8 decision they dropped to Inkerman on Monday night in the Nation River town. The loss marked the third straight suffered by Cy's boys in the still early season,

With their pitching power at a low ebb, the Royals have lost all their games in the first three innings. Monday night's encounter saw Inkerman collect seven of their nine runs in the first two innings. The winless Royals made a gallant bid in the fifth frame to get back into the game with a five-run barrage off of five hits. It was not enough, however, as they were retired in order in the final two innings.

Baldwin and Holmes for Inkerman and Frank Dunlop and Herman Hutt of the Royals each crossed the plate twice to lead their teams in the run department.

Errors were again costly to both teams.

Hallville 12, Winchester 2

Hallville, last year's runner-up in the Dundas County Softball League, opened right up where they left off last Thursday night at the 100 Club park by soundly lacing the Royals 12-2. It was Hallville's first game, and the Royals' second loss.

Nine runs in the first inning snowed the Royals under, and from there in it was just a case of finishing the game as far as Hallville was concerned. Royals picked up their two runs in the bottom half of the second.

Over $10,000.00 Raised By Dundas Women's Institutes During Past Year

Dundas District Women's Institutes raised over ten thousand dollars in the 1952-53 term, it was announced by Mrs. Donald Hess, secretary-treasurer, in presenting the financial report at the forty-fifth annual meeting, held Tuesday in Colquhoun United Church, at Colquhoun, Ontario. The Dundas District is made up of eleven Institute branches from Chesterville, Colquhoun, Iroquois, Matilda, Morewood, Morrisburg, Mountain, South Mountain, Elma, Williamsburg and Winchester.

The all-day session got under way at 9.30 in the morning with 120 delegates and members, representing all eleven branches in the county, registering. Mrs. G. Montgomery, District President, presided at the meeting, assisted by the secretary, Mrs. Donald Hess. Following the usual procedure in opening with the Ode and Mary Stewart Collect, Mrs. Montgomery extended a cordial welcome to everyone, and briefly outlined the activities of the District during the past year.

In presenting her report, Mrs. Hess said that the Dundas District had enjoyed a successful year financially, and stated that the present bank balance was $170.99. She also said that over one thousand dollars remained in the treasuries of the eleven branches at the close of the past year. This was after an amount in excess of $10,000 had been raised in the county for Institute work, which is primarily welfare, and which included campaign work in aid of the Red Cross, Crippled Children, Red Shield and the Blind. The over-all membership of Dundas Women's Institutes is 580.

At the business session it was also announced that the next annual meeting will be held in Chesterville, and that the 1954 Dundas Music Festival, which is this year being held in Morrisburg, would be held in Winchester.

Minutes of the last annual meeting and the Board of Directors' meeting were read by the secretary, and approved, and the roll call of branches was taken.

The announcement and ratification of District Directors was made by Miss Nora Creyke as follows: Chesterville, Mrs. J. Sutherland; Morewood, Mrs. Harry Hutchinson; Winchester, Mrs. Floyd Armstrong; South Mountain, Mrs. Gordon Mulholland; Mountain, Mrs. Geo. Imrie; Morrisburg, Mrs. F. Hummell; Iroquois, Mrs. G. Loucks; Elma, Mrs. M. Dillabough; Colquhoun, Mrs. R. Hart; Williamsburg, Mrs. Walter Whitteker; Matilda, Mrs. G. Strader.

Following a delicious dinner, which was served to the delegates and members by members of the Colquhoun branch of which Mrs. Lawrence Whitteker is president, the afternoon session opened with the official address of welcome by Mr. Bernice Froats, Reeve of Williamsburg Township. Mr. Froats lauded the ladies for their fine organization and the work accomplished and wished them every success in the ensuing year. He also touched briefly on the increasing importance of the role being played by the modern-day woman and repeated a poem much to the satisfaction of the members. In closing, he extended a hearty vote of thanks to the ladies of Colquhoun branch for the fine dinner they served. Mrs. T. D. Ross, of Chesterville, replied to the Reeve's opening remarks and gave much credit to Colquhoun branch, smallest in the county, for the continued efforts of progress which were apparent.

A quiet "In Memoriam" period was solemnly carried out by the various branches as a tribute to members who had passed on during the year: Mrs. Arnold Peterson, Matilda; Mrs. Ed. Kenney and Mrs. Robt. Boyd, South Mountain; Mrs. James Andrews, Morewood; Mrs. Ora McIntosh, Williamsburg, and Mrs. Harwick, of Morrisburg. This portion of the afternoon session was followed by prayer.

The ratification of delegates was conducted by Miss Nora Creyke of the Homemaker Extension Services. In each case the branch membership precedes the number of delegates: Chesterville, 66-5; Winchester, 50-4; Morrisburg, 100-6; Iroquois, 50-4; South Mountain, 56-5; Colquhoun, 16-2; Williamsburg, 58-5; Ema, 30-4; Matilda, 74-5; Morewood, 54-5; Mountain, 26-4.

Reports and Discussion

The reports and subsequent discussions proved highly interesting and indicated the total co-operation of all branches as well as the general success of the Dundas District. The Convention report of Gueph was given by Mrs. W. H. Baugh, of Mountain, and Mrs. G. Montgomery, of South Mountain; Area Convention at Ottawa by Mrs. Robert Colquhoun of Colquhoun; Agriculture and Canadian Industry, Mrs. E. Norton, Iroquois; Citizenship and Education, Mrs. Locke, of Brinston, in the absence of Mrs. D. Taylor; Historical Research and Current Events by Mrs. M. Smirle, of Morewood; Community Activities and Public Relations, Mrs. B. W. Campbell, Chesterville; Home Economics and Health, Mrs. W. H. Baugh, Mountain. Interesting reports on the Club Girls' work were also submitted by Miss Little, Home Economist for Dundas County. Miss Little stressed the importance of this particular phase of work and urged all branches to sponsor clubs.

A report was also persented on the third annual Dundas Folk School by Mrs. G. Mulholland. The Folk School was held this year at the home of Mr. and Mrs. Wm. Graham, of South Mountain.

The report of the Resolutions committee was presented by Mrs. D. J. Dillabough, of Morrisburg. Two resolutions were presented, one of them concerning the recent Edible Oils Act, which was settled by Act of Parliament. The other resolution, brought in by Morrisburg, asked that delegates be represented on the Area Executive Committee. A thorough discussion followed, with Miss Creyke taking charge of the suggestions regarding the submitted reports. She advised that the district conveners and directors hold joint meetings, thus accomplishing more together in a more efficient fashion. It was also suggested that three copies of all reports be made, on being kept in each instance for reference. The discussion of the resolutions was led by Mrs. R. Graham. Miss Jane Dillon, of Morrisburg, gave the report of the Courtesy Commiteee, and the voting on resolutions was conducted by Miss Creyke.

During the course of the day entertainment, which was enthusiastically applauded, was provided in the form of solos by Mr. Donald Kyle and Mrs. G. H. Dunlop, and a reading by Mrs. Mahlon Gow, of Colquhoun, entitled "Isn't She A Dear."

List Of Officers

Mrs. G. Montgomery, of South Mountain, was re-elected president of the Dundas District Women's Institutes. Other officers are: Past president, Mrs. Donald Hess; 1st vice president, Mrs. Hugh McMillan, of Elma; 2nd vice president, Mrs. Floyd Armstrong, Winchester; secretary, Mrs. John Sutherland, Chesterville; treasurer, Mrs. Donald Hess, Williamsburg; Federated Representative, Mrs. Roy Graham, South Mountain; alternate, Miss Jane Dillon, Morrisburg; District Delegate, Mrs. M. Dillabough, Chesterville; alternate, Mrs. C. Casselman; Standing Committees: Agricuture and Canadian Industry, Mrs. E. Norton, Iroquois; Citizenship and Education, Mrs. D. Taylor, Brinston; Community Activities and Public Relations, Mrs. Robt. Colquhoun, of Colquhoun; Historical Research and Current Events, Mrs. M. Smirle, Morewood; Home Economics and Health, Mrs. W. H. Baugh, Mountain; Resolutions, Mrs. D. J. Dillabough, Morrisburg; Auditors, Mrs. O. Wert and Mrs. G. Froats, Williamsburg; Historian, Mrs. B. W. Campbell, Chesterville.

The election and installation of officers was conducted by Miss Creyke, assisted by Mrs. Donald Hess, who acted as secretary.

GOD SAVE OUR QUEEN!

On behalf of the citizens of Winchester, I extend Coronation Greetings to our Gracious Queen Elizabeth II. Long May She Reign.

PROCLAMATION

In honour of her Coronation, I hereby proclaim Tuesday, June 2nd, 1953, a public holiday in the Village of Winchester, and call upon all business men to observe same by closing their business establishments. I also call upon all ministers of religion to hold appropriate Services of Prayer in our several churches for our Sovereign Lady Queen Elizabeth II on Sunday, May 31st, 1953,

WALTER MOFFAT, Reeve.

Stores Will Close On 2nd June, Coronation Day

In compliance with the proclamation, issued by Reeve Walter Moffat, local stores will remain closed next Tuesday, June 2nd, in commemoration of the Coronation of Her Royal Highness Queen Elizabeth II. Except for special prayers being offered in the churches on Sunday, Coronation Day will not be marked by any specified program or ceremony here.

GOVERNMENT MAY BUY ONTARIO CHEESE

The federal government may buy 5,000,000 pounds of cheese from Ontario producers in order to stabilize the market, it was learned on Tuesday.

The plan is to offer the Ontario producers 30 cents a pound for the 5,000,000 pounds they hold from last year's production. The federal government would hold the stocks, selling them at a later date when the market appeared favorable for disposal of the supplies.

OLDEST RESIDENT OF IROQUOIS RECEIVES PORTRAIT

Mrs. A. B. Carman, the odest resident of Iroquois, was recipient of a life-size framed charcoal portrait of herself. The portrait, the work of Egbert C. Reed, of Norval, was presented to Mrs. Carman with the compliments of the Cities Service Oil Co. and the Iroquois Post,

Some months ago Mrs. Carman was featured in broadcasts over Radio Station CFRA, Ottawa. The broadcasts, entitled "Ontario's Patriarchs and Papers," were sponsored by the Cities Oil Co.

As part of the feature the company presents each of the persons honored with a portrait done by Mr. Reed.

Gerald Helmer Is New President Of Winchester Rink Company

At a meeting of the Directors of the Winchester Rink Company Limited, which followed the annual meeting of the shareholders, last Wednesday evening, Mr. Gerald Helmer was elected president, succeeding Mr. W. F. Workman, who retired after heading the Board for three years. Other officers named were Vice President, Mr. Harold Lannin; Secretary, Mr. Melvin Scott; Treasurer, Mr. H. L. Flora; Executive members, Messrs. Hart Melvin, Eldon Fennell, Gordon LaRose, Ken. Ault, Arnold Dukelow and one director from the 100 Club and one from the local branch of the Canadian Legion, to be appointed by those organizations.

Standing Committees were appointed as follows: Finance, Messrs. H. L. Flora, chairman, G. LaRose and A. Dukelow; Property, Messrs. Hart Melvin, chairman; Eldon Fennell and Harold Lannin; Entertainment, the president, secretary and representatives of the 100 Club and Legion; Management, all members of the executive.

The directors decided to proceed at once to make necessary repairs to the rink property, within the limits of the amount of cash available. It was also decided that a nominal fee would be charged for the use of the arena for bingos, dances, etc.

Annual Meeting

The annual meeting of the shareholders preceded the Directors' meeting and was presided over by the retiring president, W. F. Workman, with Eldon Fennell as secretary.

The treasurer's report was presented by H. L. Flora. Total receipts for the year were $1983.17, while expenditures were listed at $2667.43, showing a deficit of $684.26. It was pointed out that the list of expenditures included $828.19 for repairs to the building, painting, etc., done last Autumn. This amount could not be considered as an actual operating item, and with it deleted the receipts from skating, hockey, etc., were actually $143.93 in excess of the operating expenses.

Present assets of the Rink Company, not including money realized from the sale of new stock, include $977.35 in cash and a $1000.00 government bond.

The report on the sale of rink stock last Autumn revealed that 161 people had purchased 616 shares at $10.00 per share. 314 shares were paid for in cash, while 302 shares were being paid for on the instalment plan. In addition to the sale of shares, $132.00 was made in straight donations, $50.00 of which was donated by the Royal Bank. Actual cash received from the sale of new stock to date is approximately $3500.00, while about $2650.00 is still due from instalments.

Mr. Walter Moffat presented the auditors' report, which was adopted along with the treasurer's report.

Article 9 of the Rink Bylaws was amended to increase the number of directors from 9 to 11.

Messrs. Walter Moffat and W. J. Stewart were appointed auditors for the year 1953-54.

Considerable discussion took place regarding the asphalt bottom to be placed in the rink within the next few weeks by the Diblee Construction Company, to whom the contract has been let for the sum of $3150.00.

It was decided, on the suggestion of Mr. Sam Ault, that the property committee should inspect other rinks where asphalt bottoms had been laid, and make enquiries regarding drainage, etc.

Mr. Basil Dawley suggested that the rink schedule be revised to include practice periods for the minor hockey teams. His suggestion was favourably received and will be acted upon next Autumn.

The business of the annual meeting having been completed, the president declared all offices vacant and called for the appointment of a chairman to preside during the election of a new Board of Directors.

On motion of Mr. N. W. Beach, the secretary, Mr. Eldon Fennell was appointed chairman by virtue of his office.

Directors elected were: Messrs. Gerald Helmer, Harold Lannin, Ken. Ault, Eldon Fennell, Harry Flora, Arnold Dukelow, Gordon LaRose, Mel. Scott and Hart Melvin, with an additional two members to be named by the 100 Club and the local Legion.

Messrs. J. L. Dixon and W. F. Workman were appointed honourary directors.

The meeting was attended by 25 shareholders, representing over $2000.00 worth of stock.

Cabinet Ministers Pledge Cheese Price Guarantee

Hope for the solution of the problem facing hard-pressed Ontario cheese producers was seen in remarks made Monday night by Transport Minister Lionel Chevrier and Agriculture Minister James Gardiner.

Speaking at a meeting of district cheese-producing farmers, held in Finch Community Hall, the Cabinet ministers promised the government would: (1) guarantee a 24-cent price for cheese and (2) buy up the 5,000,000 pounds of cheese now in stock.

The Ontario Cheese Producers Association called the meeting to discuss ways and means of solving the problem of cheese marketing. The problem was held due, in large part, to the recent withdrawal of government support of cheese and prices.

"We are prepared to guarantee the 24-cent price this year," Mr. Chevrier told the farmers. "This should lead to a 30-cent price for cheese," he added.

He said that if the provincial government is willing to proceed in the same manner as last year (in the matter of cheese price support) the federa government will follow suit.

Pledge Marketing Aid

Mr. Gardiner advised the cheese producers to market their own cheese and promised federal government support to these efforts.

He said the federal government was willing to take over the 5,000,000 pounds of cheese now in stock.

(An acute marketing problem faced the cheese manufacturers and cheese farmers when Britain's market for Canadian cheese closed in recent years.)

Raps Subsidy Policy

O. J. Villeneuve, M.P.P. for Glengarry, strongly criticized the seeming unfairness of the federal govenment's subsidizing of other products, such as apples and potatoes.

Other speakers were: Omer Gour, M.P. for Russell; W. J. Major, M.P. for Glengarry; Walter McRae; Peter Manley, M.P.P. for Stormont; W. O. Coon, president of the Ontario Cheese Producers Association and president of the Ontario Cheese Producers Marketing Board.

L. C. Kennedy, county clerk for the United Counties of Stormont, Dundas and Glengarry, acted as chairman for the meeting.

TWO CARS DAMAGED IN HIGHWAY ACCIDENT NORTH OF WILLIAMSBURG

One thousand dollars' damage was caused to two vehicles in a highway accident one mile north of Williamsburg on Monday afternoon about 5.00 p.m. No one was injured. Constable Ray Dow, of Morrisburg Provincial Police, investigated.

NOTICE RE MILK DELIVERY

As Tuesday, June 2nd, Coronation Day, is a holiday, there will be no milk delivery on that day in Winchester. Patrons are reminded to buy enough milk on Monday to tide them over. Deliveries will be resumed as usual on Wednesday.

Henderson's Dairy, Winchester. 1c

The 7th Column

The Coronation of Queen Elizabeth II takes place next Tuesday, and with all her other loyal subjects we join in saying: "God Save The Queen—Long May She Reign."

* * * *

April Showers may bring May Flowers, but too many May Showers only bring headaches to the farmer and gardener. An excess of rain in this district has set seeding back several weeks and many acres of land are still water-soaked.

* * * *

A Juvenile Court Judge in Ottawa issued a warning in court last Friday that "stores which persist in selling air-rifles to children under 14 years of age may face prosecution." The judge cited Section 126 of the Criminal Code which provides a fine of up to $50 for anyone who "sells or gives" an air gun to someone under 14 who is not the holder of a special permit. The comment was made during the hearing of complaints that five Ottawa boys were using their air rifles for shooting birds within the city limits. The guns were ordered confiscated and the boys were given a suspended sentence. This incident reminds us that there are a number of air rifles in the hands of thoughtless boys in Winchester—some of whom have been known to shoot robins. Maybe the local constable should look into this matter.

* * * *

Paul was tired of wearing his brother's hand-me-downs. One day his mother called to him and said: "Paul, here are some things your brother doesn't want any longer, and you can have them."

Paul said: "Say, Ma, will I have to marry his widow when he dies?"

* * * *

Dad has been having a tough time lately, trying to keep the lawn mowed, get the garden planted, store the storm windows, tidy up the yard, etc., in between fishing trips. But, cheer up old pal, "Father's Day" is coming the second Sunday in June, and maybe you can be "King For A Day" on that occasion.

* * * *

The functions of a metropolitan daily and a community weekly are distinctly different. The wide world is within the scope of a daily; the community's voice is the weekly—says the Gananoque Reporter.

* * * *

Moe: "So you have a great deal of independence on your new job?"

Joe: "You bet! I can come to work any time I want to before eight o'clock and leave whenever I please after five."

* * * *

There is a serious failing among many persons living in this part of Canada which leads them to go elsewhere whenever they want anything done. This is the case when it comes to construction, to buying and anything else which, if done locally, could be of immense benefit to our own community.

* * * *

J. M. Southcott, of Exeter, recently told his fellow publishers of Huron County at an organization meeting of weekly publishers: "Weekly newspapers do not make profits in accordance with the comparatively large

"THE WINCHESTER PRESS"

W. F. WORKMAN, Editor & Publisher.

"Authorized as Second Class Mail, Post Office Department, Ottawa."

AN INDEPENDENT NEWSPAPER

Devoted to the interests of Winchester and surrounding districts. Published on Wednesday afternoon and dated Thursday. Established in the year 1888, the Press is Dundas County's Largest and Leading Weekly Newspaper. Guaranteed circulation of over 1700. Subscription Rates $2.50, Foreign $3.50, in advance.

Member of the Canadian Weekly Newspaper Association and Ontario-Quebec Division of the C.W.N.A.

Advertising Rates Supplied on Request. Small Advertisements for our Classified Columns: 50c first insertion and 25c for each subsequent insertion, strictly cash with order.

THURSDAY, MAY 28th, 1953.

TO OUR QUEEN!

To Her Most Gracious Majesty Queen Elizabeth II, whose conduct has merited the esteem, respect and devotion of all her loyal subjects in Canada, best wishes on this momentous occasion of Her Coronation for long life, good health and happiness.

THE PRESS HAS A BIRTHDAY!

With this issue of The Press, the paper enters its Sixty-Sixth year of continuous publication. During those sixty-six years the Press has had its "ups and downs" under the guidance of four different publishers. The Press was established by the late Byron Lane in the year 1888. Its present publisher and editor has been connected with the paper for 37 years. Its greatest era of prosperity has been during the past 10 years, and any success The Press has achieved is largely due to the splendid patronage of the people of this district—its advertisers, subscribers, correspondents and job work patrons. This, coupled with the dispensation of prompt and efficient service in both the newspaper and job work departments, and the plant's ability to turn out quality products, has earned the Press a reputation that is the ultimate goal of every business of this nature. We thank our customers and friends for their patronage during past years, and trust that we may continue to be of service to them for many years to come. And so, with this issue, we start off with Vol. 66, No. 1.

HOW ARE WE THINKING IN WINCHESTER?

We happened to be drawn into a conversation the other day in a neighbouring town that will be directly affected by the St. Lawrence Seaway and Power Project. During the course of the interesting words that followed one respected business man from the town in mention made it plain that Winchester was situated in one of the most strategic locations in Eastern Ontario. To quote in part the gentleman who made the statement, he sail: "You fellows in Winchester should really go ahead." He was, of course, referring to the recent industrial advances made in Eastern Ontario as a result of the strong probabilities that the proposed projects on the St. Lawrence will become a reality.

The same statement from a fellow town citizen would probably receive little attention. But from one who resides in another nearby town, such philosophical phrases regarding our town should be carefully studied and respected. For one thing it shows that people in other places are beginning to think of existing conditions in the future, and in this case the condition is Winchester. We were wondering as we returned home that evening how many of our own citizens and town fathers were considering the prospects of Winchester in the same light as expressed by our friend. There is no doubt in our mind that the result of the seaway and power projects will be one of necessary and in this case natural expansion in Winchester.

Only sixteen miles from the mighty St. Lawrence river and but twenty-eight short miles from the city limits of our fair Capital, something is bound to happen if and when the St. Lawrence Seaway and power projects become material completions. It is logical to say that the drift of people from the south will be northward, and that the overflow from the north (Ottawa) will go south. In other words, Winchester, on the main line of the Canadian Pacific Railway, at the junction of two increasingly important links in the provincial highway system and with several other good aspects, looks like the best location for this expected "big move."

The influx will be, primarily, residential, but a little foresight should be used in expecting something in the line of industry, like distributing firms and storage plants. That is where an active town planning and industrial board in coordination with an equally active council, will save the day. The time to think and then act on these various potentialities is now, not when they are about to happen.

It's nice to know that we in Winchester are being thought of in terms of "going ahead," by fellow men from other towns. More important though, are we thinking the same way?

WHAT ARE WE DOING ABOUT ACCIDENTS?

It is unfortunate that we, in Canada, have no comlpete statistics to indicate the annual loss that the national economy suffers in the accidents which are almost an every-day occurrence in every large community from coast to coast. If more people knew the cost of such accidents, and if more people realized that most accidents can be prevented, we could literally save the population equivalent of a good-sized town each year. The cost in human suffering caused by accidents cannot be measured but the cost of material losses entailed in accidents is estimated in the hundreds of millions of dollars.

We do know that there are more fatalities in automobile accidents than in accidents of any other kind. There are more fatalities from accidents in the home than from accidents in industry. The toll of fatalities from drowning and from fires is nearly as great as fatalities in industry. One large Canadian plant found that in a six-month period three times as many employees were incapacitated by accidents that happened off the job than suffered lost-time accidents when they were working.

Increasingly, industry is recognizing the need for studying the causes of industrial accidents and taking the necessary steps to prevent them. This is not a new idea—in the past a great deal has been done, and marked progress has been made. Each year more and more employers are participating in accident prevention work. Yet, in 1951, Workmen's Compensation Boards across Canada reported 439,094 claims and paid over $66,000,000 in total benefits to injured workmen. In that year the dollar cost of industrial accidents alone exceeded $330,000,000, and we have no reason to believe that the cost in 1952 will be less.

That figure is not a nice one to contemplate yet it is only part of the loss which Canada suffers annually, through accidents on the highway, in the home, on the farm and on the job. On straight economic grounds Canada cannot afford this annual loss of manpower and materials. On strictly humanitarian grounds we, as citizens, must deplore it. The question is, what are we doing about it?

In industry it has been proven that accidents can be prevented. It is not uncommon for some of our largest industries to operate for one or more million man-hours without a lost-time accident. During its 35 years of operation, Industrial Acccident Prevention Associations in Ontario reports that the number of fatal accidents and permanent disability cases in Ontario industries have actually been reduced in spite of a three-fold increase in industrial workers. Another clue is the fact that accidents caused by machines have been reduced from 42 per cent. to eight per cent. of industrial accidents reported. The answer is plain that accidents can be prevented.

Granted that industry still has a big and continuous job to do within its own sphere. But we may each ask ourselves, as individual citizens, what we, and our community, are doing to prevent accidents on our highways and in our homes. What industry has done can be done in each city across Canada where there are public-spirited citizens and organizations who will give it local leadership. Violent death from accidents is the fourth ranking cause of death among our population. As citizens we can all co-operate to eliminate this sad and serious waste of our greatest national asset.—"Industrial Canada."

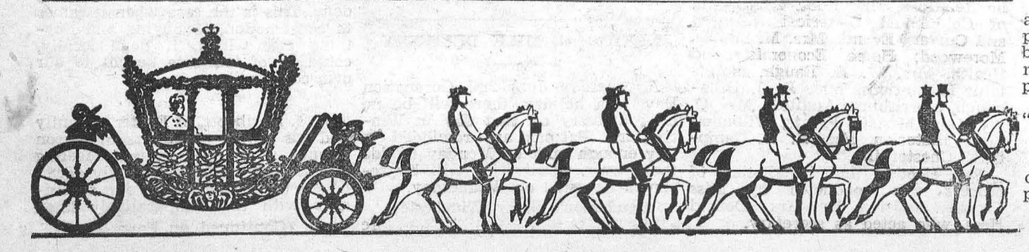
BEWARE OF THE IMPOSTOR

The Aurora Banner, in a timely editorial, tells householders, and especially housewives, to beware of the chimney repair racketeers who invade town every so often with a line a mile long that is more apt than not to tie up the gullible little soul. The chimney "slicker" is the smooth talking human machine who comes to town, talks unsuspecting housewives into the expenditure of a considerable sum, and departs quickly, leaving loss and dissatisfaction in the wake.

According to the Banner, said "slicker" can find more wrong with a chimney in five minutes than a reputable mason from the home town could find in five days. The chimney fixer, who in the end generally fixes the sucker who gets taken, is not alone in the rackets. He can be compared to others equally dangerous, like the high pressure salesman with a sharp and fast lingo that the magazines he is selling are the lowest priced in town. Once he has your money and you have innocently signed your name on a phoney piece of paper just to make it look good, he hits the road, several dollars (yours) to the good, never to be heard of again, while you wait patiently for the never-to-be-received magazines. On contacting the company, you regretfully learn that the salesman was an impostor. And, by the way, magazine companies are just as anxious to rid the populace of this kind of fellow as the poor buyer is.

We aren't altogether in favour of issuing permits and licensing every Tom, Dick and Harry who wants to peddle something in a town. There's too much of that sort of thing now, although in this case it might be a good idea. However, there are other more practical methods that can rid the town of these phoneys. It should not be forgotten that some of these fellows are truly as square as your very best friend. There are always a few, however, who spoil it for the next guy. Experience may be the best teacher, but this way its costly, and in this particular instance the experience, if there is too much, often labels a town as sucker bait for the shysters travelling around ready to pick up the fast buck. Harry E. Steston, president of the Aurora Board of Trade, has one of the solutions: "Investigate before you Invest." Ninety times out of one hundred the same chimney, the same magazine or the same whatever it is, can be fixed or bought by one of your own business men at the same price—and this way, if anything goes wrong, you know where to look for the remedy.

The next time you are confronted with a suspicious looking operator who shoves his foot in the door and pressurizes you into submitting to his sales talk, ask him for his credentials. In short, pump him full of questions. If he starts to squirm, close the door, or better still, contact the local police, who will run him in and rid the town of a nuisance.



COMPARING FIGURES

Maybe you haven't stopped to figure it out. To see a good game of softball at the local diamond it only costs twenty-five cents (the Dundas County Softball League opened last week). On the other hand, to see a Triple A game in Ottawa you can just about say good-bye to a five spot, providing you use your own car, eat after the game and have a $1.50 ticket. This doesn't include other incidentals that often enter the picture.

Don't misunderstand us! We like to see Triple A ball as well as the next person, and before the season is over it is very likely our sporting events schedule will include several of the Athletic home games in Ottawa. But let us not forget that we have a good softball team in Winchester that is deserving and in need of our support at all home games. Certainly, if we have the time and the money to drive in to Lansdowne Park, we can, at least, attend games in Winchester.

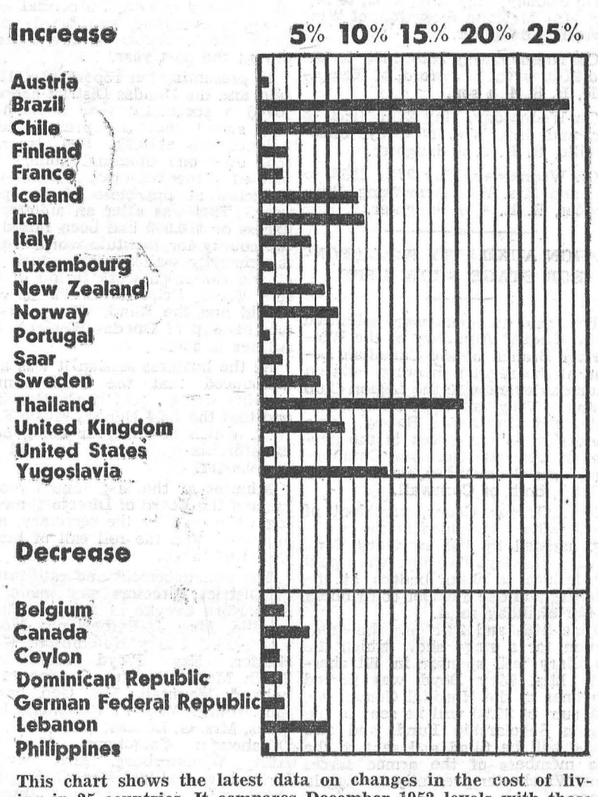
Editorial Notes

No love lost here! Down in a small Texas town a highway sign at the approaches to a school says. "School Ahead, Slow Down, Don't Kill Our Children!" Scrawled below the latter appeal in the evident handwriting of a youngster is: "Wait For The Teacher."

The Chamber of Commerce has a full slate of officers now and is laying plans for an active year; the 100 Club is going strong with its newly elected executive at the helm, and the Women's Institute is quickly ironing out its executive troubles. Everything looks rosy, and if the annual thorn (mill rate), which should appear any day, doesn't become any sharper, everything will be well in Winchester.

Cost of Living Around the World

Per cent of change between December 1951 and December 1952



This chart shows the latest data on changes in the cost of living in 25 countries. It compares December 1952 levels with those a year earlier. The statistics were charted by the International Labor Organization, a Specialized Agency of the United Nations.

The 7th Column

(Continued from Page 1)

amounts they have invested in their plants and in the services they render their municipalities. Prices they are charging are too low and not at all in accordance with the increased costs of operating a newspaper." We knew there was a nigger in the fence somewhere, because our ledgers are forever blushing.

* * * *

Wish us a "Happy Birthday" folks! With this issue the Press concludes 65 years of publication. This paper is the first of our 66th Volume.

Guide: "This, sir, is the leaning tower of Pisa."

Tausz: "Pisa; Let me think. No, that doesn't sound like the contractor's name who built my garage, but it looks like his work."

* * * *

His Pockets

I turned his pockets inside out—
It was our washing day,
I found a multitude of things,
A curious array.
I found a piece of colored glass,
A spool, a knife, a nail.
A bottle full of bumbe bees,
A frog, a hook, a snail.
Some cherry pits, an apple core,
A piece of broken wing,
A top, a screw, a tack or two,
A ball of colored string.
I placed them on the shelf with care,
The treasures of my boy,
I knew too soon such things as these,
Would fail to bring him joy.
Too soon he'll hear the wander call
And journey far away.
O let me treasure things like these,
His treasures, while I may.

* * * *

The Scotsman went into a store and bought a suitcase.

"Shall I wrap it up for you?" asked the clerk.

"No, that's all right; just put the paper and string inside.

* * * *

"Any of you lads know anything about shorthand?" a sergeant asked a bunch of recruits.

There was a quick response. Six men fell out at once.

"Righto. They're short-handed in the cook-house."

* * * *

The travelling salesman was away from home for a few days. A courteous hotel clerk handed him a copy of his hometown newspaper, and with amazement he found a notice of his own death in the obituary column.

He rushed to the phone and made a long distance call to his wife, explaining everything. "Darling," he began, excitedly, "have you seen the notice of my death in the newspaper?"

"Yes, sweetheart," came the reply. "Where are you calling from?"

Gospel Gleanings....

"Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."—Matt. 4:4.

"Man looketh on the outward appearance, but the Lord looketh on the heart."—I Sam. 16:7.

"But God knoweth your hearts: for that which is highly esteemed among men is abomination in the sight of God."—Luke 16:15.

The thoughts given below were suggested by an article appearing recently in "The Sword of the Lord," entitled "The Cook or the Book."

The Early Church prayed in the Upper Room; the Modern Church cooks in the Supper Room. The Supper Room has taken the place of the Upper Room; Feasting has taken the place of Fasting; Pleasure has taken the place of Prayer, and Sandwiches have taken the place of Salvation.

What many churches need is less Fire in the Kitchen, and more Fervor in the Pulpit; less Fussing with Salads and more Frowning on Sin; less Catering by the Good Cook, and more Concentration on the Good Old Book.

On the great Day of Pentecost the early Christians were not Waiting on Tables, but Waiting on the Lord; not Looking for Fire from the Stove, but for Fire from Above. They were not Entertained by the Inventions of Men, but were Detained by the Instructions of God.

It will be a great day in many so-called places of worship when there are less Pancakes, and more Penitence; less heard about Ham and more heard about Hell; less Call for Fowl Dinners, and more Concern about Foul Sinners; less Cleansing at the Kitchen Faucet, and more Cleansing at Calvary's Fountain; less Worrying to get Names on the Books of the Church, and more Work to get Names on the Lamb's Book of Life; less Clubs for the Entertainment supplied by the World, and more Classes for the Enlightenment that comes only from a Study of the Word; less Broken Dishes, and more Broken Hearts.

"The sacrifices of God are a Broken Spirit; a Broken and a Contrite Heart, O God, thou wilt not despise."—(Ps. 51:17).

"Whosoever thererore will be a friend of the World is the enemy of God."—(Jas. 4:4).

"Set your affection on things above, not on things on the earth."—(Col. 3:2).

"If any man love the world, the love of the Father is not in him."—(I John 2:15).

"Seek ye first the Kingdom of God and his righteousness; and all these things shall be added unto you."—(Matt. 6:33).

PREVIEW PAINTING OF CORONATION TO BE PUBLISHED

An exclusive full-color preview painting of Queen Elizabeth's Coronation will be published in this Sunday's (May 31) issue of The American Weekly, along with an easy-to-follow diagram identifying the chief participants of the crowning ceremony plus a handy Coronation time-table. See The American Weekly with this Sunday's Detroit Times.

NEW REGULATIONS REGARDING PLUMBING INSTALLATIONS

Regulations under the Public Health Act respecting Plumbing and Sewers came into effect on May 6, and apply to all parts of the Province of Ontario.

Under these regulations it is necessary to obtain the approval of, and inspection by, the Health Unit, for work. Further, a certificate is required from the Health Unit before the plumbing is to be used.

These regulations apply to new plumbing installations as well as to alterations to existing plumbing systems, except in those cases where only minor changes are being made.

It is suggested that before any plumbing work is started, that a sketch on what is proposed be forwarded to the Health Unit Office in the Victoria Building, Brockville.

Further details regarding these regulations may be obtained by contacting the Health Unit Office.

CBC-TV COVERAGE OF CORONAATION IS HISTORY-MAKING OPERATION

The use of an RAF Canberra Jet Bomber to fly CBC television films of the Coronation to Canada is a history-making operation in more ways than one—representing "firsts" in both television and aviation history.

For the first time, jet bombers will be flying non-stop between England and the Canadian mainland. Also for the first time in the history of communications, a televised program will be seen on the same day in the United Kingdom and in North America.

These flights are being made primarily on behalf of the Canadian Broadcasting Corporation, and the arrangements have been made between the Air Ministry and the British Broadcasting Corporation. Payment for the costs of the operation will be met by the Canadian Broadcasting Corporation, which has made subsidiary arrangements for five American networks, the American Broadcasting Company, the Columbia Broadcasting System, the National Broadcasting Company, Dumont and the Mutual Broadcasting System, and one television news agency, U. P. Movietone, to share in the cost of these high-speed trans-Atlantic delivery flights, since the aircraft will be carrying recordings for them as well.

Briefly, the plan to be followed comprises the installation at Alexandra Palalce, BBC television headquarters in London, of CBC television recording equipment by a special team of six CBC technicians. A feature of this set-up is a high-speed processor which will provide developed recording film three minutes after it has been exposed. In this way the continuous Coronation program as picked up by the BBC-TV cameras will be filmed.

The first two hours of film will be rushed from Alexandra Palace to North Weald Airport, just outside London, by helicopter. There it will be transferred to an RAF Canberra bomber which will leave for Goose Bay Labrador, a distance of 2,480 miles, between 1.00 and 1.30 BST.

At Goose Bay, the film will be transferred to RCAF CF-100 jet fighters. These will complete the delivery to St. Hubert Airport in Montreal, 812 miles away, where fast motor transport will take the film to the CBC's Radio-Canada Building. Separate arrangements will be made for the collection of the telerecordings destined for the American companies.

It is expected that this delivery will be accomplished in time to start the recordings at approximately 4.30 p.m., EDT, on Coronation Day, since the over-all time for the flight of 3,292 mies from North Weald to Montreal has been estimated at approximately 7 1-2 hours. They will be transferred to an RAF Canberra bomber which will leave for Goose Bay Labrador, a distance of 2,480 miles, between 1.00 and 1.30 BST.

They will be carried on the new micro-wave relay TV network, being seen on CBC-TV stations in Montreal, Ottawa and Toronto.

While this is going on, recording operations will be continuing in London, with a further despatch of recordings on two additional Canberra jet aircraft at 3.00 p.m. and 6.00 p.m.BST. These will be delivered in Montreal in time to maintain a continuous television showing of the Coronation ceremonies, running for six or seven hours.

A BBC recording of the Coronation ceremonies, edited to run a shorter length of time, will be scheduled following Coronation Day, at a time to be announced as soon as arrangements have been completed.

The CBC's Coronation Day programming will also include a television presentation of the ceremonies taking place on Parliament Hill. These will be seen between 3.30 and 4.30 p.m. EDT on the three CBC TV stations. A CBC mobile unit crew will be sent from Toronto to cover this event. The television service will also broadcast the Queen's address to the Commonwealth at 4.00 p.m., EDT, in the middle of the Parliament Hill ceremonies.

BOWLING SCORES

(By Uncle Ezra)

The girls playing in the Rural Bowling Competition completed their schedule on Friday, with all four teams playing. Going into the final night's play Stittsville led the competition by four points. They were in the same position after, as they won all seven points from Manotick, while Winchester did the same thing to North Gower here, having a total pinfall of 6339 to 4463. The girls were at Manotick on Wednesday and came home with five points. Losing the first game, they came back to win the next two and pinfall. Winchester 5276, Manotick 4995. The standing at the end of the schedule was: Stittsville, 33 points; Winchester, 29; Manotick, 11, and North Gower 9. Stittsville wins two-thirds of the prize money, and Winchester one-third. The two teams play off here for the Alex W. Davidson Trophy on Tuesday night. Good scores during the week included: Lillian Acres 743-280, Muriel Binda 695-324, Phyllis Henderson 671-254, Mabel MacIntosh 647-265, Gwen MacIntosh 632-266.

The boys playing in the Lower Ottawa Bowling Tournament played Britannia here on Thursday, and it was quite a night. Britannia won the first game by 49 pins, the local boys came back to win the second and cut Britannia's margin down to 27 pins, and repeat in the third with a margin of 50 to win the pinfall by 23. Britannia had 6567 pinfall, 2 points; Winchester, 6590 pinfall and 5 points. Good scores included: for Britannia, Harry Sinclair 719-262, Chas. Keeler 712-278, Cliff Lawson 704-254, Johnny Patry 664-242, Vern Roy 604-252, Jack Hanson 602-266. For Winchester: Chas. Hyndman, 804, made up of games of 319, 313 and 263, Gordie MacDonald 696-248, Steve Corry 667-300, Lorne Byers 652-263, Ken. MacMillan 634-251, Bill Sherwood 610-295, Frank Dunlop 604-207, Lloyd Kenney 601-223, Dalt Kenney 600-229. The boys are well up in the race and in six nights play have won 29 points, or an average of nearly five a night.

CFRA Melodiers To Play For Coronation Dance At Williamsburg

The CFRA Melodiers, pictured above, will be featured at a Coronation Dance, to be held in Paul's Hall, Williamsburg, next Monday evening, June 1st. Soloists with orchestra will include "Mac" Beattie, Bill Loney and Maizie Billings. The dance is being sponsored by the newly organized branch of the Canadian Legion at Williamsburg. The program will consist of modern and old-time dancing, specialty numbers, with a Master of Ceremonies at the controls. Dancing will be held from 9 to 1, and the admission is $1.00.

WILLIAMSBURG OPENS SEASON WITH WIN OVER MORRISBURG

After having their first two games postponed, Williamsburg, 1952 champions of the Dundas County Softball League, broke into the 1953 proceedings in a big way Tuesday night by soundly trouncing Morrisburg 12-6.

Played on the home diamond, the Locketown crew looked good in the first outing of the year. Picking up five runs in the first inning, Williamsburg was never headed. They had another big inning with five in the fifth. Morrisburg collected three of their total in the opening session. Bob McIntosh, making his pitching debut, went the distance and got the win. Bob Morrow was the loser. Defensively, Doug. Barkley's performance at shortstop was tops for Williamsburg.

The teams renewed their two-game series in the River Town last night.

Williamsburg—Reg. Nesbitt, c; B. McIntosh, p; Dick McIntosh, 1b; D. Smith, 2b; Bert McIntosh, 3b; D. Barkley, ss; B. Lackey, lf; R. Morrow, rf; Phil Casselman, cf.

Umpires—Art. McCoy, plate; Ross Wingard, bases.

MASSENA TO SPONSOR SOFTBALL TOURNAMENT

The Massena Alcoa Athletic Association, sponsors of the St. Lawrence Annual Softball Tournament, will go all out to make the 1953 classic better than ever before.

The Champions of the Tournament will hold the Massena Chamber of Commerce Trophy for one year. They will be presented the Carbino Jewellery Store Trophy and each member of the team will get an award from Carl's Taxi.

The runner-up team will be awarded the Silver Grill Trophy, and each member of the team will receive an award from Picky's Grill.

Due to the Sunday curfew law in effect in New York State, the Tournament will open on Saturday, July 18th, at 2.00 p.m. at the Alcoa Field in Massena, N. Y., and will continue on Sundays, July 19th, July 26th and August 2nd.

The 1953 blanks will be mailed to team managers soon after June 1st.

This is an International affair, as each year more teams from Canada are participating. In the past two years the final game has been an all Canadian battle. The final game of 1952 saw the Riversides of Ottawa defeat the North End Social Club of Cornwall in a fine low scoring finale.

Romeo Boordeau, President of the M-3A, has appointed Alden D. Silmser, Chairman of the 1953 Tournament. Mr. Silmser has started to select his committees to assist him to make the 1953 Tournament a success.

The umpires will be supplied by the New York State Umpires Association, Massena Branch, and the teams will play according to 1953 Softball Rules (USA), with one exception: If there is a score difference of ten or more runs after five full innings of play in any game, the game shall be called in favor of the team with the most runs.

Team entries must be returned to Mr. Alden D. Silmser not later than July 9th, 1953. Last year several teams had to be refused entry as they did not get their teams entered in time. The first 32 teams that return their entry blanks will be the teams to be entered.

HOUSEHOLD HINT

It is wise to keep two dish cloths in the summer. One can always be airing and sunning while the other is being used. Then there will be no danger of a sour-smelling dish cloth, which is so inclined to happen in the warm weather.

CANADA'S health

ANTICIPATION'S HALF THE FUN

It may seem a little early to start planning the summer vacation, but there's a lot of enjoyment in anticipating the good time. There are busy men and women who brag that they haven't taken a holiday in years—a very un-smart idea, indeed, not only from the health standpoint but also from that of efficiency. A complete change of scenery, air and occupation helps to renew both mental and physical condition and usually has a good effect upon the working ability. If the daily occupation is a strenuous one, the vacation should provide plenty of rest and relaxation.

LOOKING BACKWARD

There are few sorrier sights than the lonely elderly person who has lost all interest in the present or future and spends his time looking back into the past, letting life go by. In many communities, there are clubs formed by churches or service clubs where older people may meet for social get-togethers. The wise person takes up hobbies that will give him an interest after he reaches old age.

THE FRESHER THE BETTER

One of the chief values in fresh vegetables is the fact that, being really fresh, their vitamin content is at its best. Prolonged storage of the more perishable vegetables, such as cabbage, spinach or lettuce, destroys much of their nutritive value. Too long cooking or soaking also causes wastage of their minerals. Vegetables should be washed quickly and cooked in a minimum of water in the minimum of time. Any water left from boiling vegetables can be used to enrich soups, gravies or stews.

VERSATILE VITAMIN

Vitamins do a lot of valuable things for health. Known by a letter of the alphabet to most people, each vitamin has its own scientific name and its own job in maintaining the human body. Vitamin A maintains normal resistance to infection, helps adjustment of the eye to different light intensities and delays the onset of senility. Vitamin B1, or thiamine, helps growth, digestion and normal activities of cells. Vitamin C helps growth, prevents scurvy and maintains the walls of blood vessels. Vitamin D is necessary for sound bones and teeth and prevents rickets.

HOUSEHOLD HINT

Plants can be kept fresh while the house is closed by placing as many bricks as there are flower pots in a zinc tub. Then put enough water into the tub to cover the bricks and stand a plant on each. The bricks will absorb enough water to keep the plans in good condition for several weeks.

The Bird Perch

The bird will not catch cold or contract rheumatism if, instead of washing the perch, it is scraped with sandpaper or a knife.

For home refreshment buy Coke by the carton

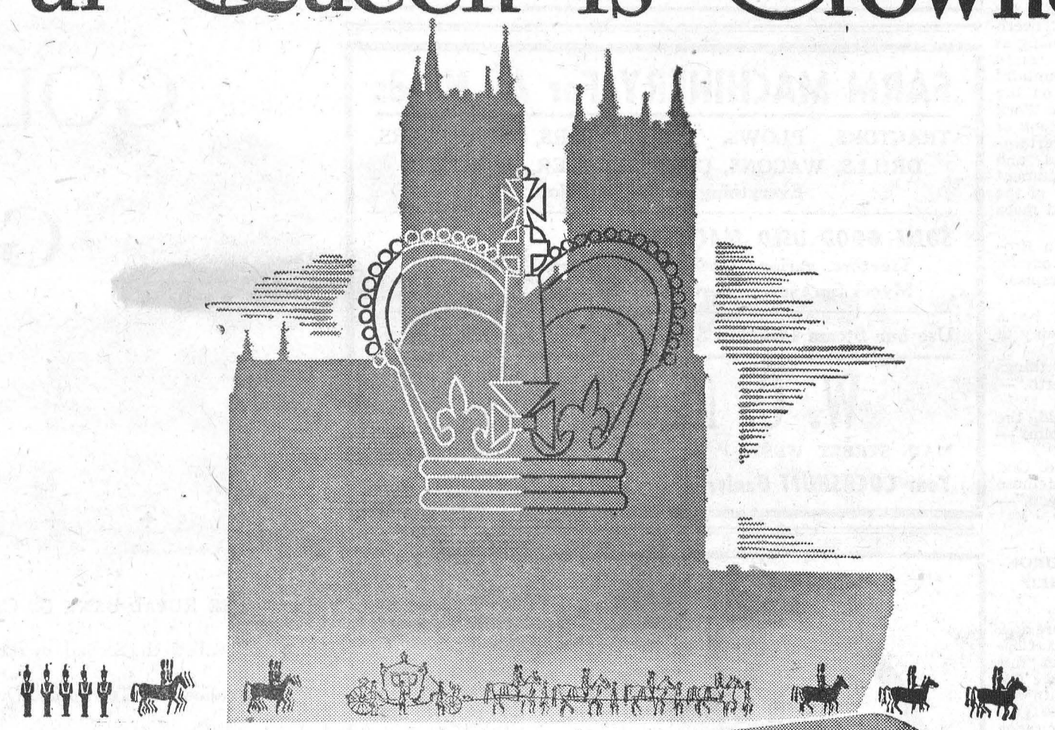
Our Queen is Crowned



ONTARIO

OFFICE OF
THE PRIME MINISTER & PRESIDENT OF THE COUNCIL

The day on which our beloved Queen Elizabeth II is to be crowned should be one of great rejoicing for all her loyal subjects.

On this June 2nd, 1953, we should feel particularly proud of the privilege of living under such a gracious Sovereign and of belonging to this great and unique family of nations, The British Commonwealth.

Thanks to the inventions of modern technology, we shall be able to associate to a great extent with the population of London in viewing the ancient and traditional pageantry. All over the world, people of democratic countries will be following with interest and sympathy the ceremonies of the Coronation.

Let us on this day pledge anew our allegiance to the Crown and re-affirm our faith in the great principles upon which the British Commonwealth was founded and endures.

Let us hope that none will show more fervour in this re-dedication than the people of a province that prides itself upon its motto, "Loyal she began, loyal she will remain".

GOD SAVE THE QUEEN!

Leslie M. Frost,
Prime Minister of Ontario.

The Government of the Province of Ontario

DIVISION OF PUBLIC INFORMATION

HINTS FOR THE HOME

Thickened Soup

To thicken soup use tapioca. Boil the tapioca until clear and then strain the liquid into the soup. The result will be a clear soup.

Dust

When sweeping a rug with a broom, first place pieces of wet newspaper over the rug and it can then be swept without raising so much dust.

Cracked Eggs

If an egg is cracked at one end it cannot be boiled successfully. If cracked at both ends there will be no waste, and it will boil as well as if whole.

Pottery Bowls

Use brown pottery bowls for putting away the left-over foods. They can be re-heated by putting the bowls into the oven, with no harm to the pottery.

Plants

Cultivate the potted plants frequently. Try using an old fork to loosen the earth. It will give the roots a chance to force their way through the ground, and will also furnish air.

Silver

If silver is to be packed away, rub it well with olive oil, then wrap in old table linen. The silver will not tarnish, but must be washed in hot water before using again.

MRS. E. COWAN AGAIN HEADS METCALFE W. I.

Mrs. E. Cowan was re-elected president of the Metcalfe Women's Institute at the annual meeting, held in the Town Hall, Metcalfe, recently.

Other officers are: 1st vice president, Mrs. J. A. Coombs; 2nd vice president, Mrs. C. E. L. Morrow; secretary-treasurer, Mrs. H. Scharf; district director, Mrs. Jas. Cameron; branch directors, Mrs. H. McKeown, Mrs. E. Quinn, Mrs. Jas. Carr, Mrs. F. Dowser, Mrs. C. Wallace, Mrs. C. O. Dow; pianists, Mrs. S. H. Bishop. Mrs. D. Ireland; press correspondent and publicity agent, Mrs. S. Bishop; sick visiting committee, Mrs. H. Craig, Mrs. M. Mulvey, Mrs. A. Hammell, Mrs. A. Scrivens; auditors, Mrs. H. Thompson, Mrs. C. E. L. Morrow.

Conveners of standing committees: Home economics and health, Mrs. C. A. Blair; historical research and current events, Mrs. C. O. Dow; citizenship and education, Mrs. Eldon Craig; agriculture, Mrs. Earl Quinn; community activities and public relations, Mrs. William Fisher; delegates to district annual, Mrs. E. Cowan, Mrs. Jas. Cameron, Mrs. H. McKeown, Mrs. W. Craig; alternate, Mrs. J. A. Coombs; program committee, Mrs. James Woods, Mrs. Mulvey, Mrs. F. Stanley, Mrs. H. Craig, Mrs. W. Fisher, Mrs. S. H. Bishop.

The club girls entertained and gave their salad demonstration under the direction of the leader, Alda Scharf. The girs taking part were: Ann Thompson, Marilyn Thompson, Nona Scharfe, Ruby Johnston, Patsy Brownell, Catherine Palmer, Margaret Argue, Marian Waddell.

A contest was won by Patsy Brownell.

MOREWOOD W. I. MEETING

A detailed report of the Guelph Conference by Mrs. Clark Smith was the highlight of the May meeting of Morewood Women's Institute, held at the home of Mrs. John Steen recently. Mrs. Steen presided over the installation of the new officers.

Delegates appointed to attend the District Annual at Colquhoun Church on May 26th are: Mrs. Halford Crump, Mrs. Vernon Fetterly, Mrs. Charles Gardiner, Mrs. Harry Hutchinson and Mrs. Harold Stewart.

A short Mother's Day program was conducted by Mrs. Mack Hutchinson, which included a reading by Mrs. Millen Smirl and duets by Mrs. H. Popplewell and Mrs. Murray Dillabough.

Correspondence and thank-you notes were read by Mrs. Vernon Fetterly in the absence of the secretary.

The hostesses were Mrs. Murray Dillabough, Mrs. C. H. Smith, Mrs. Chas. Gardiner, Mrs. Cal. Wagner and Mrs. Lorne Thompson.

Weed of the Week!

SOW THISTLE CONTROL MEANS HARD WORK

Like many of our noxious weeds, Sow Thistle is another immigrant from Europe that is doing well for itself in Canada in spite of efforts to control it. Another appropriate name for this hardy creeping rooted perennial is Creeping Sow Thistle. Its roots spread in every direction sending up new plants at every joint. Wind borne seeds also do much to spread the weed over wide areas. Seeds have even been collected on windows of aircraft flying high above the earth.

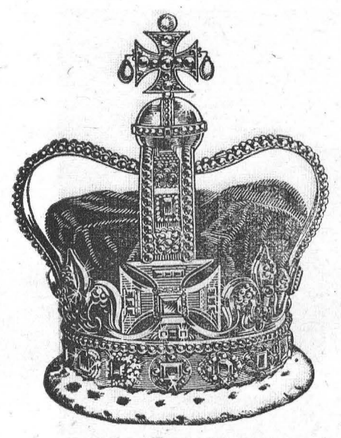
The yellow scourge is persistent after it gets a foothold. Its presence is marked by showy yellow flowers two inches across. These appear in grain and cultivated crops, roadsides and other moist waste places at any time from June through September.

Grasshoppers are fond of the plant but their efforts at eradication in this part of the country have been meagre. Usually hard work and sweat and careful cultivation are required to control it.

Persistent cultivation or black summerfallow are effective in reducing the infestations. The disc should not be used, however, as it cuts the root into small sections, each of which may send up a new plant. Cultivators and spring-toothed harrows help in bringing the roots to the surface to dry out.

Chemicals are effective in controlling top growth and seed ripening. One application of 2-4-D at 8 ounces actual acid per acre will usually accomplish this, but several applications at 16 ounces of actual 2-4-D acid per acre will be required to kill the roots. Small areas can be cleaned with sodium chlorate but this method is expensive and also has the effect of sterilizing the soil for some time afterwards.

Coronation---Historical Pageant of Crown



When the curtain rises on the Coronation it will be a curtain rising on a deep vista of history.

Not the last of the benefits of this ceremony is that life in the present takes on a profounder meaning in the larger context of time which its pageantry recalls.

The Coronation is an act of the highest poetry in the Commonwealth's life, saddened on this occasion by the death in March of Queen Mary—widow of a King, mother of two Kings, and grandmother of the reigning Queen.

In relation to the Crown we are mystics. Our Queen is not a person exalted above us by Divine Right, nor a person of our choosing. We have a part in her dignity, but she does not achieve that dignity at our will.

The Queen is the unimpeachabe figure of all that is good in government; her crown is a symbol standing above creeds and parties. In a materialistic age, when the world is threatened by dangers never before known, the British Monarchy endures in noble strength. It is in essence, the exaltation of dutiful example as opposed to the hazards of ruling by the mailed fist and the fleeting greatness of dictatorship.

One virtue in the Coronation rites is that they are out of date. How could the stability and continuity of the national history be more impressively shown? Our Queen is crowned with the same ritual as that with which her predecessors have been crowned for more than a thousand years.

This is the oldest state ceremonial in Britain, and perhaps the oldest in the world. The first preserved ritual of an English Coronation dates from the eighth century. There is one attribute to St. Dunstan, said to have been used by him at the Coronation of King Ethelred in the year 978.

The forms are ancient, but the spirit embodied in them never grows old. That spirit is the solemn recognition of the sacred character alike of royalty and loyalty.

The Coronation service epitomizes some salient features of the constitution, that unwritten constitutions about which generations of philosophers, lawyers, historians and politicians have down to the vanishing point, but apparent encroachments upon the Crown have added to its true dignity. The formal powers of the Crown marvelled.

Our institutions, with all their unbroken historical continuity, are still extraordinarily flexible. A French writer remarked: "The English have left the different parts of their constitution just where the wave of history has deposited them." He might have carried on his metaphor by remarking that succeeding waves and ripples modify the constitution imperceptibly, so that only he who watches closely can detect changes or tell when and how they occur.

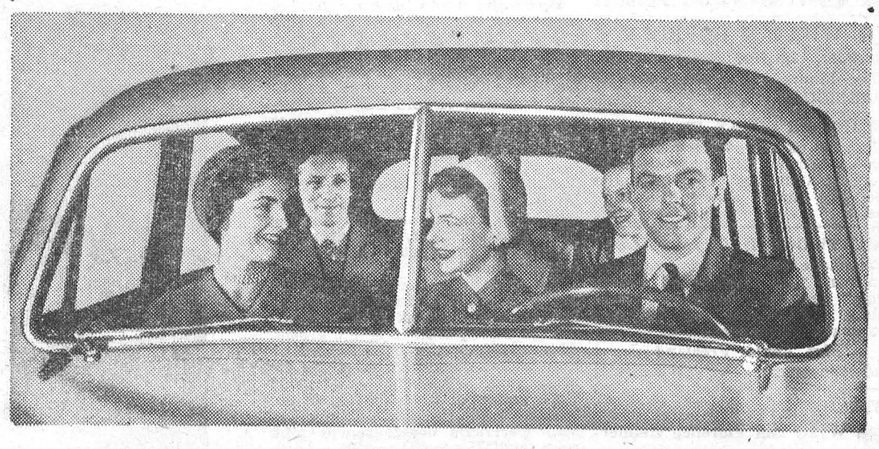
Out of all beating of history on the shores of time has come for commonwealth countries the philosophy of responsible government: not representative government only, but that sort of responsible government which is given by an executive accountable to a parliamentary majority, bound to heed the advice it receives from parliament.

As head of such a government, the Queen has three rights, according to Walter Bagehot in his authoritative work "The English Constitution." These rights are: the right to be consulted, the right to encourage, and the right to warn.

The acts, wishes and example of the Sovereign are a real power in government. Parliament and ministers pass, but the wearer of the Crown abides in lifelong duty. W. E. Gladstone, who was four times Prime Minister of Britain, put it eloquently in his Gleanings of Past Years: "The Sovereign, as compared with her ministers, has, because she is the Sovereign, the advantages of long experience, wide survey, elevated position, and entire disconnection from the bias of party."

"There is no doubt," Gladstone continued, "that the aggregate of direct influence normally exercised by the Sovereign upon the counsels and proceedings of her ministers is considerable in amount, tends to permanence and solidy of action and confers much benefit on the country without in the smallest degree relieving the advisers of the Crown from their individual responsibility."

Casual readers of history may think that the sovereignty of the Crown has been whittled under Queen Elizabeth II are virtually the same as those which belonged to it under Edward VI. The Queen is still the supreme executive authority; the Queen in Parliament is still the supreme legislative authority; the Queen is still the "fountain of honour" and the "fountain of justice"; the Queen is still commander of the military forces of the realm.



MORRIS CARS ARE BIGGER THAN YOU THINK!

There's space in a Morris Oxford—space to spare for six adults. *Take one ride* and you and all your passengers will know perfect driving comfort.

The Morris is a pleasure to drive on long trips. Inter-axle seating and front wheel torsion bar springing take the bounce out of the roughest roads, and adjustable foam rubber seats give plenty of leg room.

Cost less to buy . . . less to run. Morris cars offer low cost driving pleasure. The Morris Minor for instance, gives up to 50 miles per gallon on LOW OCTANE gasoline.

WEDDINGS

SUFFEL—CARKNER

Ferns and apple blossoms formed the setting for the spring wedding which united in marriage Miss Lorna Christena Carkner, second daughter of Mr. and Mrs. Ronald Carkner, to Mr. Russell Gordon Suffel, son of Mr. and Mrs. Arnold Suffel, of Inkerman. The ceremony took place in Osgoode Baptist Church, Vernon, on Saturday, May 16th, at 2.30 p.m. Rev. J. W. Bee officiated, and the wedding music was played by Mrs. Harrison McDiarmid. Before the ceremony, Mrs. Harold Ferguson sang "The Lord's Prayer," and after the signing of the register rendered "O Perfect Love."

The bride was attended by her sister, Miss Jessie Carkner, as maid of honour, and the best man was Mr. George Suffel, brother of the groom. Also attending the bride was Miss Rose Suffel, sister of the groom, as bridesmaid. The bride's attendants wore gowns of lime and maize cut in lines similar to that of the bride. Miss Carkner's nosegagy was pink roses, and Miss Suffel carried a nosegay of yellow roses, snapdragons and carnations.

Given in marriage by her father, the bride looked lovely in a floor-length gown of white faille taffeta and Chantilly lace. The full cut gored skirt featured a scalloped band of taffeta and a matching band outlined the yoke of the lace over taffeta bodice. The Chantilly lace sleeves ended in lily points over the hands. She wore a veil of silk illusion net with matching net headdress. To complete her ensemble the bride carried an arm bouquet of American Beauty roses and white carnations.

Ushering the guests were Messrs. Gordon Ennis and Harold Ferguson.

After the ceremony a reception was held in the church hall for about 50 guests. Members of the Women's Auxiliary of Vernon Baptist Church catered.

For her wedding trip to Niagara Falls and Western points, the bride chose a dress of pink nylon and orlon plisse with pink top coat and navy blue and white accessories. Her corsage was of red roses. Upon their return Mr. and Mrs. Suffel will reside at Inkerman Station.

Out-of-town guests included: Mrs. C. Boyd, Mont Apica, Que.; Mr. and Mrs. John Rose, Montreal; Mr. and Mrs. Clarence Metcalfe, Arnprior; Rev. W. R. MacKay, Mr. and Mrs. Gordon Kennedy, Miss Helen Brown and Miss Linda Suffel, Ottawa; Mr. and Mrs. Harold Ferguson, Mr. Clarence McDiarmid, Mrs. Harrison McDiarmid, Mr. and Mrs. Cecil Waddell, Osgoode; Mr. and Mrs. Mac Carkner, Mr. and Mrs. Gordon Ennis, Miss Marilyn Ennis, Mr. and Mrs. Harold Sheldrick, Mr. and Mrs. Cecil Wylie, Mr. and Mrs. Clifford Wylie and Mrs. George Atchison, Winchester; Mr. and Mrs. Ira Shaver, Mountain; Mr. and Mrs. G. C. Suffel, Mr. and Mrs. R. A. Suffel, Mr. and Mrs. Ben Crowder, and Mr. and Mrs. Edgar Brown, Inkerman.

WEEKLY FARM REPORT FOR DUNDAS COUNTY

Continued wet weather has delayed normal Spring farm operations in practically all of the County. About 30 per cent. of the seeding has been completed in Winchester and the north half of Williamsburg Township. Other sections of the County are still very wet with many farmers having no work done on the land. Due to the lateness of the season some farmers are considering the possibility of sowing grain corn in place of their oat crop. Others are sowing more barley.

Livestock for the most part have been turned out to pasture and milk flow is at its peak. Cheese men are a bit perplexed and concerned over the prices being paid for cheese, with one factory, this past week, paying only $1.75 for 3.2 milk. Swine men present the happiest picture of all, with pork prices reaching $35.00 a cwt. on all markets. The recent outbreak of Hog Cholera has had no effect on pork prices in this area. However, all farmers should be on the alert for this disease and any farmer with sick pigs should be well advised to get in touch with the local Representative of the Health of Animals Branch, either in Cornwall or Brockville.

Empress of Australia Sales Under C. P. R. Colours

The Chateau Frontenac made an imposing background as the Empress of Australia, making her first westbound voyage under Canadian Pacific colors, passed Quebec City on her way up the St. Lawrence River to Montreal. The 19,600-ton vessel was purchased by Canadian Pacific Steamships to replace the Empress of Canada, destroyed by fire at her Liverpool dock last January. She was formerly the "De Grasse" of the French Line. This is the first of 10 round trip voyages between Liverpool and Montreal which this vessell will make during the present season of St. Lawrence navigation.

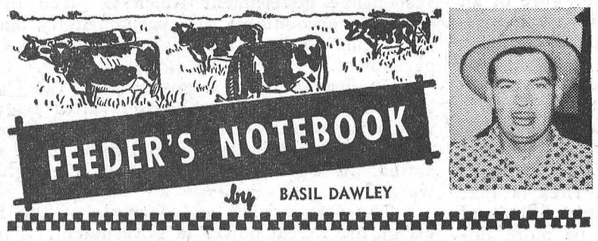
CO-OPERATION OF FARMERS IS REQUESTED FOR THE JUNE FARM SURVEY

Forms for the June survey of crops and livestock are being mailed by the Dominion Bureau of Statistics to farmers and will be in their hands about June 1st.

The Ontario Department of Agriculture stresses the importance of this survey and urges all farmers to complete the form and return it in the postage free envelope supplied. Widespread response from all districts and farm types is required for a good measurement of the farm situation.

Statistics on agricultural production are essential in drawing up policies to improve and further the interests of farmers. Farm organizations use this information in their presentations to governments and commissions on behalf of the farming population. Businesses and services that deal with farmers require up-to-date figures on production trends in planning their future operations and many farmers themselves use such information in their farm management decisions.

Individual replies are strictly confidential and are not related to taxation of any kind. Figures are grouped for areas and farm types to get county and provincial estimates which will be published.



DON'T TURN YOUNG CALVES OUT TO PASTURE

For most farm animals, good pasture is like money in the bank. No wonder the coming of spring grass makes a dairyman want to have every one of his animals eating its fill. Milking cows and heifers can make good use of this palatable grass—but calves should not be pastured until they are four months old.

Actually, no money is saved by turning young calves out to pasture before they are four months old. Up to this time, they do not consume large amounts of any feed. Therefore, it is especially important during the critical starting period that the calf's ration contain a maximum of concentrated growth promoting nutrients.

It is true that tender, fast-growing grass is high in vitamins and contain minerals and other nutrients needed for fast growth. The trouble is, young grass contains a lot of water—often 80 per cent. or more! A young calf simply does not have the capacity to handle enough of this bulky, juicy feed to supply all of the body building requirements.

A high quality calf starter has ample amounts of all the nutrients that calves are known to need for fastest growth. Calves respond to calf starter by developing large, growthy frames so they can use pasture efficiently when they are turned out.

Young calves often pick up eggs and larva of roundworms, flukes or other parasites on pasture. This is a real problem on old pastures and is especially serious in the South. In the South, calves should not be pastured until six months old.

Grow calves and heifers so as to build good body size and condition that will carry them through many profitable lactations. After calves are turned to pasture, feed 3 pounds per day of a quality, body-building feed to speed growth and increase profits.

CIVIL DEFENCE AGAINST ANY DISASTER

By having a group of trained citizens, who will know exactly what to do in case of emergency, any city, town or community has a form of insurance that can be put to account in any disaster, natural or man-made. Persons t... sults of b... ...g, ...e or flood can help to prevent the chaos that might ensue. When civil defence is organized in any area, the good citizen answers the call for volunteers and, because of his training, becomes an even better citizen.

Mr. and Mrs. C. Sears, Mr. and Mrs. B. Shortt and family, of Cardinal, and Mr. and Mrs. Delbert Casselman spent Saturday evening with Mr.and Mrs. George Kirkwood.

Mr. and Mrs. Arthur Adams visited relatives at Kars and Spencerville on Sunday.

Mr. and Mrs. Matt. Hayes and Mr. Charles Eldridge, of Smiths Falls, spent the week-end at the Casselman home.

Mr. and Mrs. Ray Dillabough and Ronald, of Morewood, had dinner on Sunday with Mr. and Mrs. H. C. Robinson and Denzil.

Mr. and Mrs. Albert Dunbar, Marlin and Wayne, of Newington, were guests of Mr. and Mrs. Geo. Myers on Monday.

Miss Grace Myers, of Brockville, spent the long week-end at her home here.

Mr. and Mrs. Arnold Casselman accompanied Mr. and Mrs. R. S. Allison, Keith and Dale, to Constance Bay for the week-end.

Miss Beth Carlyle spent Sunday afternoon with her sister at Cornwall.

The Y. P. U. of Zion United Church, Carleton Place, under the direction of their minister, Rev. N. T. Holmes, presented a 3-act play entitled "Here Comes Charlie," in the local Orange Hall, on Friday evening last, before a large and appreciative audience. The play was presented under the auspices of the local Y. P. U. Society. Lunch was served to the players in the church hall by the committee in charge—following the evening's entertainment.

FORMER DISTRICT WOMAN OBSERVES 70th ANNIVERSARY

Two people who may claim to be married longer than any other couple in the United States or Canada recently celebrated their 70th wedding anniversary in Pittsfield, Mass. Mr. and Mrs. William H. McCormick are the couple, and Mrs. McCormick is the former Ida Grue, of Winchester. She is a cousin of Lemuel Grue, R. R. 2, Spencerville.

Mr. McCormick is 96 and his wife is 94 years of age, but despite their unique marital record both enjoy apparent good health and are still active in the community. "I'm a W. C. T. U. woman and a strong one, too, and my husband is a temperance man," Mrs. McCormick said, in explanation of their good health. She also said that they nap when tired and go to bed early.

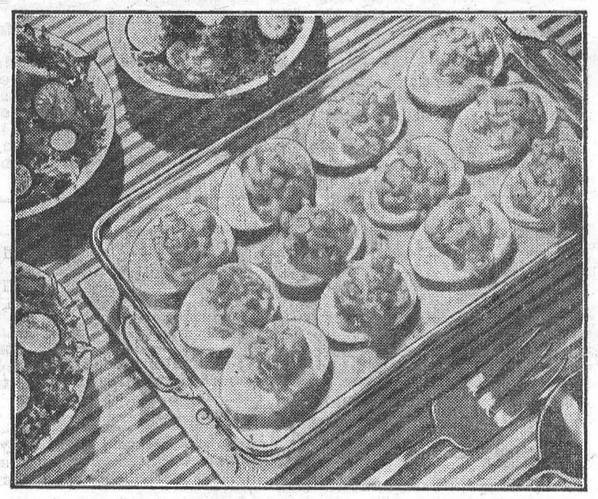
Devil Eggs—And Bake In Mushroom Sauce



FOR lunch on a May day, spread the sunny atmosphere at your table. How? With peppy deviled eggs, baked in a sauce of cream of mushroom soup.

This is a luncheon dish you can practically fix while you prepare breakfast. That is, you can cook the eggs then. And later, devil the yolks with zippy seasonings. Some tips on the eggs will help to give best results. Have the water simmering instead of boiling as eggs cook. Otherwise they may be tough. Cool the cooked eggs quickly by running cold water over them; this helps prevent yolks turning dark. And cool eggs are easier to shell and to cut.

Eggs baked in a mushroom sauce, with a generous sprinkling of cheese, have real melt-in-your-mouth flavor. A crisp salad of greens, radishes and cucumber accompanies the eggs nicely. Last course, rhubarb betty with cream.

Baked Deviled Eggs With Mushroom Sauce

6 hard-cooked eggs, cut in half lengthwise
2 tablespoons mayonnaise
1 teaspoon prepared mustard
Dash salt and pepper
Dash Worcestershire sauce
1 can (1¼ cups) condensed cream of mushroom soup
½ cup milk
½ cup shredded, sharp process cheese

Blend egg yolks, mayonnaise, mustard, salt, pepper and Worcestershire sauce; stuff into egg whites. Place eggs in a small shallow baking pan. Blend soup and milk; pour over eggs; sprinkle cheese on top. Bake in a moderate oven (375°F.) about 30 minutes or until lightly browned. 6 servings.

SOUP SCOOPS

Celebrate Mother's Day With Steak-Burger: Dad or the teenagers might well grill a steak dinner in honor of the "Lady of the House" on Mother's Day. The steak can be a mighty fine version when made with a pound of ground beef and a can (1¼ cups) of beef gravy. Just mix the beef with ½ cup of gravy, ¼ cup fine dry bread crumbs, 1 tablespoon minced onion, salt and pepper. Shape this into a large "burger," about 1 inch thick. Broil until done and well browned. Pass remaining gravy to pour over burger. Dad can carve meat and serve with buttered green peas and fruit salad.

Reducers, Sip Bouillon or Consommé: If you're trying to lose weight, keep canned bouillon or consommé on hand for a nutritious snack. To prepare as a hot beverage, mix with an equal amount of water; heat. Serve with a wedge of lemon if you like. One cup of either beverage equals about 30 or 40 calories; and it contributes protein. Doctors often include these as "free foods" on low calorie diets.

MISPLACED HOSPITALITY

Leaving windows and doors unscreened and food exposed is one form of welcome to that dangerous pest, the housefly. This insect is able to collect a fine assortment of germs from garbage and other exposed dirt and refuse and deposit them on the table, food or baby's face, if there is an open door or window through which it can enter. All doors and windows should be screened from late spring to the time when cool weather ends the coming and going of houseflies. The use of insect sprays also helps. When baby is put out of doors for his airing, his carriage should be screened so that flies or other insects may not light on the child's face.

ELIZABETH II
Regina

BARCLAY'S IGA joins with pride, the countless millions to pay tribute to our Gracious Queen Elizabeth II on the occasion of her Coronation.

Because we are Canadians, and because our group is founded on the principle of freedom and the right of the individual, we pay homage to the Mother of Nations, and her Queen, whose genius in preserving the basic rights of man has been without precedent in history.

We express at this time our sense of deep gratitude to be able to live and prosper under a system that permits men and women the freedom of individual opportunity, and we pledge ourselves to maintain in our stores and in our daily lives, the interests and the welfare of Canadians everywhere, and to serve all in a spirit of co-operation and loyalty.

Sunday In The Churches

SUNDAY, MAY 31st, 1953.

"The Imperative of Pentecost"

"When Dr. Simpson discovered chloroform and thereby the possibility of alleviating the suffering of the world as he has done, his knowledge laid upon him an obligation to make it known wherever men suffer from bodily pains. When in an age of tallow dips, the flickering, uncertain lights and shadows cast by kerosene lamps, and the poisonous gas-lights, Edison discovered the secrets of incandescent lighting by electricity, he became by virtue of his knowledge obligated to all men who needed light, to make known his discovery. Ten thousand times more imperative is the duty of all men who know by personal experience the saving grace in Christ, to make known to those who suffer the ravages of sin-sickness and sit in darkness of soul-despair, the good news that in Christ there is to be found by all who believe healing for their hurts and light for their way."

Hurry YOUR PULLETS GET EARLY PRODUCTION!

Hurry your pullets along with SHUR-GAIN Growing Mash and get them into production early during the high-price season.

Only a good balanced ration will give your pullets the fast growth needed for early production, because fast-growing pullets need all the food elements done up in proper proportions.

SHUR-GAIN Growing Mash is fully tested under Canadian farm conditions. It is manufactured locally, eliminating freight costs and middleman profits, and sold directly to the consumer.

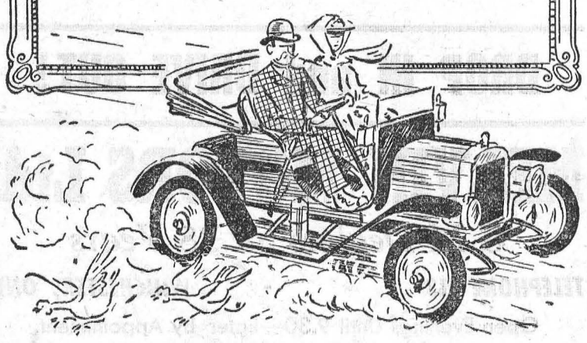
SHUR-GAIN FEED SERVICE

TELEPHONE 48W. WINCHESTER, ONT.

"GRANDAD WOULD HAVE DIED"



WE LIVE in "wonder full" times today and take so many miracles in our way of life for granted . . . airplanes, radio, television,, are but a few. Nothing science develops seems to surprise us any more.

Many of the things modern medical science makes possible in our hospitals today are little short of miracles. The removal of an appendix has become almost routine — a hernia is repaired with despatch, and the diabetic is put on the road to added years of useful life.

While many operations are still considered serious, they are much less **dangerous** than they were a decade or two ago. The skill of surgeons in the use of modern hospital facilities restores thousands to health and strength who, at one time, might not have survived.

Your hospital is your doctor's "workshop" designed to help him protect your health. Hospital facilities, for **your** sake, must be the most modern —the services must be the best.

Because we believe in the work our hospitals are doing, we take pleasure in sponsoring this message

your hospital serving you

Labatt's BREWERS SINCE 1832

SPACE CONTRIBUTED IN THE SERVICE OF THE COMMUNITY BY JOHN LABATT LIMITED.

THE CROWN STILL STANDS

The time has come to Crown our gracious Queen,
With far-flung banners, compassing the world,
The proudest Crown of earth is hers today,
For her, the flags of Nations are unfurled.
She holds the trust, her kingly father left,
To build a fairer world than we have known;
A leader,—marching 'mid acclaims of earth,
Queenly successor to the British Throne.
A gorgeous pageant,—panoply of State,
The Commonwealth of Nations now is seen,
Including the great crowds, which now can view
Divinity that doth hedge about a Queen."

—Dorothy Sproule.

SPECIAL LARGE PICTURE SECTION IN STAR WEEKLY

A memorable issue of The Star Weekly is that of May 30th. A special 56-page rotogravure section is entirely devoted to royalty and history of Britain. It contains outstanding color portraits of Queen Elizabeth and the Duke of Edinburgh. A colored map of the Coronation route is sketched in the magazine section. Among the interesting feature articles is one describing the three-hour Coronation cavalcade that will move through London streets in nine processions.

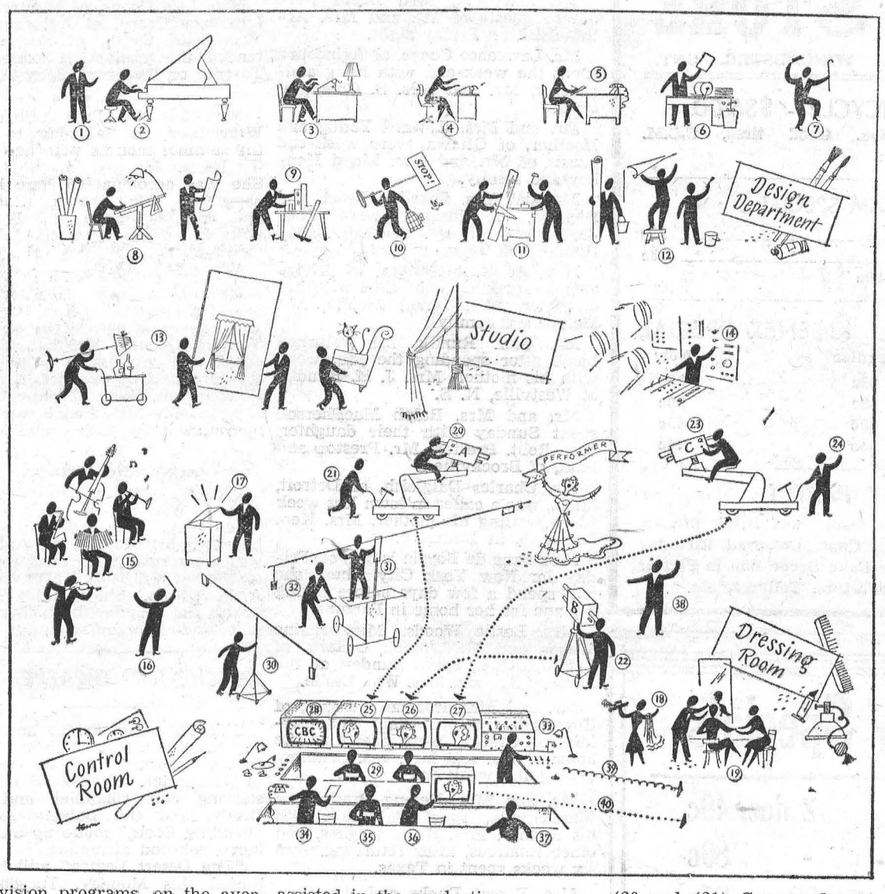
How Television Operates



Television programs, on the average, require the services of at least ten times the number of technical people as do radio programs of similar type and length. Though the number of actual performers remain constant, it is obvious that additional technical and program personnel are required in order to permit the audience to see as well as hear their favourite programs.

The people shown in the attached diagram represent those who would be vitally concerned with the production of a program in one of the two studios in the CBC's new Television Building in Toronto (CBLT, Channel 9). It should be noted, of course, that these people will not necessarily be in either the studio or the control room at the time of the show, but everyone depicted actively assisted in the production.

Top row shows: (1) Musical Director; (2) Musical Arranger or Composer; (3)) Script-writer; (4) Secretary; (5) Stenographic Staff; (6) Script mimeographer; (7) Choreographer.

Second row shows: (8) Graphic or Tilting Artist; (9) Scenic Artists and Stage Designers; (10) Properties Man; (11) Stage Carpenters; (12) Set Builders.

Third row shows: (13) Stage Hands or Studio Assistants; (14) Lighting Operator.

Fourth row, left hand side group, shows: (15) Orchestra; (16) Conductor; (17) Sound Effects man. Fourth row, right hand side group, shows: (18) Wardrobe men; (19) Make-up Artists.

Fourth row, centre group, shows: (20 and (21) Camera Operator and Dolly Pusher for Cameras; (22) Camera Operator for "B" Camera on tripod; (23) and (24) Camera Operator and Dolly Pusher for "C" Camera.

At bottom are: (25), (26) and (27), Monitors for Cameras "A" "B" and "C" respectively; (28) the Preview Monitor, and (29) the Video Engineers or Operators (Video Control Group).

The Audio Group are: (30) Microphone Boom and Operator; (31) Microphone Operator; (32) Microphone Boom Pusher; (33) the Audio engineer in Control Room.

Finally there are: (34) the Script Assistant; (35) the Producer; (36) Chief Engineer, with Monitor showing image actually being transmitted; (37) Chief Lighting Technician; (38) the Studio Director; (39) the Audio Signal, and (40) the Video Signal, which are directed through the Master Control booth to Transmitter. A staff of about 9 persons is required in the Master Control and Transmitter Booths.

HINTS FOR THE HOME

Rattling Windows

If the wind causes the windows to rattle, break a clothespin in half and wedge one of the pieces between the window frame and the sash.

Rugs

The rugs will be brightened if a mop wrung out of warm water, to which a little ammonia has been added, is used. Turpentine will also brighten dark colours.

Wrinkles

To prevent wrinkles in the forehead, bind the forehead with a linen bandage soaked in equal parts of alcohol and the white of an egg. Allow the bandage to remain over night.

Odors

Any food that has an odor should be placed at the top of the icebox. Odors have a tendency to rise, and if such food is placed on the lower shelves the odor might permeate the other dishes.

Garment Covers

The life of garments can be prolonged if covers of muslin made to cover the clothes on their hangers, are made. Make a slit down the front of the covers and they can be easily removed and replaced.

New Carpets

Try wearing a pair of overshoes when laying a new carpet, and it can be stretched with the feet from the centre to the edges. It should not be tacked for several days, or until the carpet has settled into place.

COMFORT-ZONE RIDE CONTROL MEANS LESS DRIVER-STRAIN—There's greater stability and less road shock for driver because cab is positioned closer to longer, smoother-riding front springs, farther away from load-carrying rear springs!

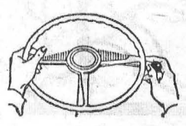
V8 POWER

FOR SMOOTH, LIVELY PERFORMANCE Driver-proved Ford V-8 engines deliver smooth, dependable power, high sustained torque for tough hauls. Lively V-8 power means fewer driver-tiring gear changes!

ALL-NEW SMOOTH-HANDLING EASE IN THE GREATEST TRUCK LINE IN FORD HISTORY!

1953 Ford Economy Trucks are a driver's dream—because they embody dozens of new, vitally important features, designed to make them easier to handle, more comfortable to drive, safer and more efficient to operate . . . all summed up in "*Driverized* Design"—the most revolutionary advance in truck-building ever made! See them—inspect the new *Driverized* Cabs, with every inch planned for comfort and convenience! Drive them—feel the new ride control, easier steering, smoother shifting, safer braking! Prove it to your own satisfaction that Ford Economy Trucks are *the smoothest handling trucks on the road!*

TURNING CIRCLE UP TO 12 FEET SHORTER Shorter wheelbases and wider front treads make Ford Trucks easier to handle than ever before. Shorter turning radius means more front-end stability, greater steering ease, more all-round manoeuvrability and more efficient hauling on busy schedules!



GREATEST TRANSMISSION CHOICE IN FORD TRUCK HISTORY—Synchro-Silent shifting on all models means much less effort for the driver, smoother operation in traffic —no more tiresome double-clutching. Automatic Transmission* and Overdrive* available in all F-100 Series. Steering-column gearshift standard in F-100, F-250 and F-350 Series. (*at extra cost)

Mr. and Mrs. Geo. B. Wingard, of Williamsburg, attended the Anniversary Service in Trinity United Church, Chesterville, on Sunday, and while there joined in a three-generation birthday party at the home of Mr. and Mrs. M. F. Smith.

COMMUNITY

Theatre, Chesterville

"FATHER'S LITTLE DIVIDEND"
Thurs., Fri., Sat., May 28-29-30

You'll howl with glee, when baby makes three and the father of the bride finds himself an unwilling grandpa, in the season's comedy smash. With Spencer Tracy, Elizabeth Taylor, Joan Bennett and Don Taylor.

Mon., Tues., Wed., June 1-2-3
"GIRLS OF PLEASURE ISLAND"

In Technicolor. Three lonely lovelies pining for romance on a south sea isle, and fifteen hundred Marines from which to choose. It's a gay and glittering Technicolor treat. With Don Taylor, Leo Genn, Elsa Lancaster and Joan Elan.

Foto Night—Canada's biggest cash offer attraction at the Community Theatre every Wednesday.

LOCAL AND GENERAL

Miss Lois Coons, of Montreal, Mr. Lawrence Coons, of Agincourt, and Miss Jean Smith, of Rowena, attended the graduation exercises at Toronto on Thursday, May 21st.

* * * *

Mrs. Jas. H. Ross returned to Winchester on Saturday to spend the summer months with her sisters, the Misses Ida and Emma Gardner. She was accompanied here by her daughter, Mrs. Donald Roughton, and Mr. Roughton, of Kingston, with whom she spent the past few months.

* * * *

Miss Elaine Coons, daughter of Mr. and Mrs. Dalton Coons, of Toyes Hill, was one of a class of 81 nurses at Toronto General Hospital who received her graduation certificate at the graduation exercises, held in Convocation Hall, Toronto University, on May 21st. Elaine was a former student and graduate of W. H. S.

* * * *

Will Observe 83rd Birthday.

Birthday greetings are extended to Mrs. J. W. Ault, of town, who, on Wednesday, June 3rd, will observe her 83rd birthday. Mrs. Ault, who was the former Miss Eliza Keyes, is a sister of Mr. T. O. Keyes and Mrs. A. B. Allison. She is enjoying good health and is active in all church and other ladies' organizations.

WINCHESTER THEATRE NEWS

This Thursday, Friday and Saturday the 3-dimensional short, "A Day In The Country," will be continued in Winchester. "Yankee Buccaneer," starring Jeff Chandler and Scott Brady, and the Bowery Boys in "Feuding Fools," make up an excellent week-end attraction.

"The Desert Legion" will be presented this Monday, Tuesday and Wednesday, June 1-2-3. This Technicolor adventure feature is well backed up by shorts. Alan Ladd, Arlene Dahl and Richard Conte are the stars.

THANKSGIVING DAY SET FOR OCTOBER 12th

Thanksgiving Day has been set this year for Monday, October 12th, it was announced Saturday in an extra issue of the Canada Gazette. For some years Thanksgiving Day has been observed on the second Monday in October.

IN MEMORIAM

In fond and loving memory of our dear father, Geo. E. Sully, and brother, John H. Sully, who passed away on June 4th and 5th in 1922.

We have only your memory, dear Dad and John,
To remember our whole life through,
But your sweetness will linger forever
As we treasure the image of you.
Your heart was the dearest in all the wide wirld,
Your love the best to recall,
For no one on earth could take your place,
You are still the dearest of all.

—Lovingly remembered, Dad, by your daughters, and son, Wilton Sully, of Long Beach, Calif; and John, by your sisters, and brother, Wilton Sully. 1p

HINTS FOR THE HOME

Boiled Eggs

See that the water is boiling before placing the eggs in the pan and it will prevent the egg yolks from darkening.

Labelling Tins

When putting up fruit or vegetables in tin cans, moisten the gummed label with glycerin and it will make it adhere to the tin.

Odors

Odors in the refrigerator, cupboard or pantry can be removed by filling a dish with boiling water and dropping in a piece of charcoal.

Marking Linen

The ink will not spread when marking linen if the initials are put on first with a soft lead pencil. Then use the marking ink.

Whipping Cream

If the cream is too thick for whipping, place the dish in another dish of cold water, then when chilled, place in a dish of hot water. It will whip easily.

Custards

Place a clean marble in the bottom of the cooking utensil when making custards or sauces. This will eliminate the continuous stirring and save time. The marble rolls and bubbles and prevents burning.
