United Church Anniversary

It was in the autumn of 1886 that this Church was dedicated to the service of God, although the building of it was begun in 1883. This is, therefore, the 56th anniversary of its dedication.

With beautiful weather and a newly decorated auditorium, also with vines and flowers in their autumn tints, and a large congregation to listen to impressive messages from Rev. C. D. Donald, B.A. B.D., of Southminster United Church, Ottawa, this anniversary was a decided success. A large basket of beautiful flowers was lpaced in front of the pulpit in loving memory of Mr. and Mrs. Geo. C. Reveler and their daughter, Winona.

The music of the day was very inspiring, under the leadership of the organist, Mrs. Scobie, who was assisted in her accompaniments by Miss Donna Suffel on her violin. "My Faith Looks Up To Thee" was sung by the choir, leading solo parts being taken by Mr. Fred Johnston, Mr. Boothe and Miss Marion Helmer.

"God So Loved the World" was sung by a quartette—Mrs. S. Lindsay, Mr. and Mrs. Fred Johnston and Mr. Boothe.

In the evening the choir sang: "Send Out Thy Light," and a duet, "Love Divine," was sung by Mr. and Mrs. Fred Johnston.

Rev. Mr. Donald based his morning message on Isa. 36, describing how the army of the great King of Assyria came up against Jerusalem. How was it that Rabshakeh failed? There was a man in Jerusalem named Isaiah who had a confident faith in God, who said: "Dont be afraid." Isaiah had a message for his day and every day. He showed that relieving the oppressed and doing the things that please God make up our religion.

Dr. Halpenny presided at both services. In the evening the Baptist and Presbyterian churches kindly withdrew their services and Rev. R. F. Willson assisted in the service, as also did Rev. S. C. Moore, of the Ontario Temperance Federation.

Rev. Donald spoke on the story of David and Goliath. He said as long as human nature is what it is we will have wars. We can only do away with them by the spirit of Christ. David went out with confidence in God. Our confidence is that they who fight in the name of the Lord must win. Facing difficulties to-day, we must go out in the name of God until the victory is the Lord's.

Anniversary Supper Was Largely Attended.

The supper Monday night, served by the W. A., was all that could be desired in spite of wartime restrictions on food.

During the greater part of the evening, a good programme was in progress in the auditorium, under the chairmanship of the pastor, Rev. T. A. Halpenny, D.D., who between the numbers, made many interesting remarks.

Two former pastors, Rev. W. S. Atchison, of Cornwall, and Rev. John McKay, of Ottawa, were present and brought greetings, expressing their pleasure in visiting this congregation and congratulating them on the beauty of the newly decorated interior of the Church.

Brief addresses were given by these ministers, that of Rev. W. S. Atchison being on the necessity of staying power, and of Rev. J. McKay, on the Church. Both speakers were greeted with prolonged applause.

Dr. G. O. Barclay, of Ottawa, spoke on "Why go to Church?" and Mr. W. N. Fulton, of Chesterville, on "Why go to Sunday School?" Mr. W. J. Stewart, I.P.S., introduced the Victory Loan Campaign, and Mr. J. D. Stewart, the church treasurer, gave a clear statement of the finances of the church.

Mr. Erle Helmer favored the gathering with two selections from The Habitant.

The musical programme consisted of an organ solo by Mrs. Scobie; vocal solos, "After The War," by Mrs. Lorne Hogaboam; "Buy a Bond," by Ronnie Workman; "I Thank Thee," and "Steal Away To Jesus," by Miss Ryan, of Ottawa, and "The Holy City," by Mrs. W. S. Atchison. Miss Ryan was accompanied on the piano by Mrs. G. O. Barclay, of Ottawa, who was also the accompanist for Mrs. Scobie's violin solo. The other vocal numbers were accompanied by Mrs. Scobie.

In closing the National Anthem was sung, followed with prayer by Dr. Halpenny.

KEMPTVILLE FARMERS FINED FOR IMPROPER USE OF CREAM CANS

A flurry was created among farmers in the Kemptville district last week when an Inspector called and took court action against five farmers for infractions of an Order under the War Measures Act, for wrongly using cream cans. The cases were heard in Kemptville yesterday, and those found guilty were fined.

Under this Order, it is an offence for any farmer to use a can belonging to a creamery or dairy except to ship milk or cream to the owner. Moreover, it is an offence to hold a creamery can on a farm unless it is being used for this purpose. Fines have been imposed on a number of farmers for failing to return the cans when they are through using them.

Many cans which may be considered useless may be redeemed for further use by re-tinning. Right now, we are informed, it is impossible to get tin for re-tinning, but from time to time limited supplies are made available to the re-tinning plants.

Presbyterian W.M.S. Sectional Meeting Held At Morrisburg

The annual meeting of the Presbyterian Women's Missionary Societies of the Eastern Section of Brockville Presbyterial, was held in Knox Church, Morrisburg, October 15th, at 2 p.m.

The President, Mrs. W. S. Feely, of Morewood, opened the meeting with the Invocation Prayer, after which Psalm 89 was sung. The devotional exercises were taken by the Chesterville W. M. S. Miss Helen Jamieson gave a splendid paper, based on Matthew 9, Verse 37, followed by prayer by Mrs. J. Bailey.

The Chesterville, Winchester, Winchester Springs, Dunbar, Morewood and Morrisburg Auxiliaries were well represented at the meeting.

The reports presented indicated that the various societies are maintaining a keen interest in the work, keeping up their membership, and meeting allocations.

The guest speaker of the occasion, Mrs. James Riddell, President of the Brockville Presbyterial, gave a wonderfully vital, informative address, holding throughout the keen interest of her audience. She had lately returned from Council Executive meetings in Toronto and was proud to be able to report a very healthy financial conditicn in the W. M. S. Mrs. Riddell stressed the splendid work being done by our Deaconesses, and how we should strive to aid them by our prayers, our encouragement, and our increased financial assistance, and by trying to interest still more of our young people in this field, so full of opportunity for helping others, and for carrying on our beloved Master's work.

Mrs. Riddell spoke gratefully, also, of the fact that we were privileged to meet under such pleasant, happy circumstances, when so great a part of the world to-day lies under the shadow of suffering and sorrow and fear. Words of greeting and kindly remembrance from Mrs. (Rev.) Turner, formerly of Winchester, were also brought by Mrs. Riddell.

At this point in the meeting, all stood in silent memory of Rev. Mr. Miller, pastor of Knox Church, who had died very suddenly a few days ago.

Mrs. T. E. Coulthart, of Morewood, in a few well chosen words, thanked Mrs. Riddell for her splendid address; the soloists and organist for their contributions to the programme, and the ladies of Morrisburg W. M. S. for their warm welcome and kindly hospitality.

The new officers for 1943, all of Winchester, are as follows:

President—Mrs. E. J. Spinks.
Vice President—Mrs. Geo. Wilson.
Secretary—Mrs. Chester Robinson.

At the close of the meeting, a delicious lunch was served by the Morrisburg ladies, and a pleasant social hour enjoyed by all.

NOV. 10 LAST DATE FOR CHRISTMAS MAILING

The Post Office Department has announced that Christmas mails to overseas Forces must be posted not later than November 10th. A huge volume of Christmas mail for the Canadian armed forces overseaas is anticipated and it is advisable that gifts should be sent now—the earlier the better—to ensure timely delivery.

Parcels should be packed well and no fresh fruits should be enclosed. It is illegal to enclose matches, safety matches, lighter fluid or any other inflammable substance. Such a practice endangers all other parcels. Any postmaster will give details concerning the regulations governing the sending of parcels or letters overseas to the fighting forces. The weight limit for parcels to members of the Canadian fighting forces overseas is 11 pounds; to civilians, 5 lbs.

Local Boy Weds Irish Poetess

A wedding of local interest took place in St. Annes Episcopal Church, Strathpeffer, Scotland, on March 12, 1942. The principals of the ceremony were Private William Gordon Levere, of No. 1 Company, C.F.C., eldest son of Mr. and Mrs. W. J. Levere, Mountain, Ont., and Cpl. Hazel Evans, A.T.S., only child of Mr .and Mrs. William Evans, Wynard, Bloomfield, Belfast. Rev. Wm. C. Gow officiated and Corporals Low and Whitehead presided at the organ. The Corporals of the A. T. S. Clerk's School formed a guard of honour for the couple as they left the church.

The former Miss Evans joined the A. T. S. shortly after the outbreak of the war and is now engaged on special work in Scotland. Hazel has a hobby of writing poetry and has been given the title "Poetess of the A.T.S." She began writing verse when she was 14 years old (she is now 24). A number of her early efforts were published in the Belfast Telegraph, and she has contributed to other papers. Some of her work has been set to music.

Now she writes poems for the entertainment of her companions in the A.T.S., and is compiling a book of them, and is also busy on a series of sketches of A.T.S. life. Recently, she recited a few of her serious pieces during a service in Trinity Church, Paisley.

Before joining the A. T. S., she taught elocution in Belfast and wrote several plays, which were performed by her pupils. In addition, she is an accomplished water-colour artist, and has exhibited at the Ulster Academy of Arts.

Though quite a modern young woman, Mrs. Levere prefers the older school of writers, and her favourites are Scott, Dickens and Barrie. She tells in a letter of her delight at visiting Burns' Cottage. Her letters are no mere recitals of news, but colourful descriptions of places and emotional experiences.

Incidentally, the A. T. S. girls find her artistic ability and training helpful in choosing colour schemes for their quarters.

This bright Belfast girl seems to revel in her new life and it may well be that she will do for the A. T. S. in literature what others have done for the other services.

Private Levere and his wife are stationed in neighbouring districts in Scotland. They are permitted to spend the week-ends at their apartment home in Strathpeffer. Gordon joined the Forestry Corps in July, 1940, and was sent overseas in October of the same year, and since that time has been stationed in the north of Scotland.

GASOLINE UNIT CUT TO THREE GALLONS

Value of the gasoline unit in all categories in Ontario, Quebec and the Prairie provinces has been slashed from four to three gallons. The order took effect on Monday.

This will bring the other provinces of Canada in line with Nova Scotia, New Brunswick and Prince Edward Island, where the unit value has been three gallons for some months past.

Reason for this cut is the increasing scarcity of gasoine on the North American continent, due to demands from American and Canadian navies, air forces and land forces, together with the shortage of transportation.

The cut applies to all holders of gasoline ration cards, regardless of categorv. Special arrangements may be made for automobile drivers who work in war industries and use their cars to take other workers to and from their jobs.

Anxious to take advantage of the four gallon coupons before the new order took effect, local motorists filled their tanks on Saturday evening and the several gasoline vendors in town report a record day's business.

Car In Collision With Army Truck

Several people escaped serious injury at 10.30 o'clock last Saturday evening, when a car, driven by Alfred Doiault, of Newcastle, craished head-on into an army truck, driven by Earl C. Helmer, of Cornwall. The accident occurred on the Morewood Road, about a quarter of a mile east of the highway, north of Winchester. The truck was travelling east when it met the westbound car.

Occupants of the car, in addition to the driver, were Pte. F. J. Carkner, of Camp Borden; Mrs. Arnold Simzer, of Mountain, and three Cowan children, from Harmony. None of them suffered serious injury, although the car was badly wrecked. The truck was slightly damaged.

Following the crash, Dr. J. J. McKendry was summoned and attended the injured occupants of the car, most of whom were suffering from shock and superficial injuries. There were no fractured bones.

The accident was investigated by Constable Herbert Helmer, of Winchester, who laid a charge of careless driving against Doiault, driver of the car, who was travelling on the left-hand side of the road when the crash occurred.

The men in the army truck were looking for two deserters, who were reported seen in the Morewood district on Saturday afternoon . As yet they have not been located.

DEVELOPMENT ASSOCIATION ELECTS ITS OFFICERS

At a meeting in Morrisburg of the executive of the Grenville-Dundas Develpoment Association, it was resolved that membership should consist of two from each municipality—one Reeve and one Councillor and one Mayor, last named being the Mayor of Prescott, the only man of that rank in the two counties. Officers are to be elected at the annual meeting. Meetings are to be held monthly, and each municipality will donate the first year's membership fee.

As a special committee there were appointed J. T. Horan, Prescott; Fred H. Broder, Morrisburg; Dr. P. A. McIntosh, Spencerville; George D. Howith, Morrisburg.

Agricultural Committee—Geo. H. Barkley, Chesterville, chairman; Wm. H. Lattimore, Kemptville; Wilfred Weir, West Grenville; Edgar Whitteker, Williamsburg; W. J. McConnell, Winchester township.

Roads—George D. Howith, Morrisburg, chairman; Charles Graham, Kemptville; George H. Barkley, Chesterville; Roy Geach, Morrisburg; H. V. Redden, Cardinal.

In attendance at this meeting were Mayor Horan, Prescott; Reeve Broder of Morrisburg; George H. Barkley, Chesterville; George D. Howith, and Councillor Geach, Morrisburg. Also present was the secretary, J. Frank Casselman.

A spirit of optimism prevailed and statements were made indicating that already the association's labors gave promise of bearing fruit in the near future.

S.D. & G. Highlanders

PLATOON NOTES

The weather on Sunday last was ideal for the all-day manoeuvres, participated in by members of No. 1 Company of the S,. D. & G. Highlanders (R). The platoons at Morrisburg, Chesterville and Winchester all had good turn-outs and the fifty men (all ranks) thoroughly enjoyed the outing.

Falling in at the three platoon headquarters at 8.30 in the morning, the men travelled by auto to a point one mile north of Bouck's Hill. Under command of Capt. Fred S. Broder, with Sgt.-Major Frank Butzer as assistant instructor, the boys were given a period of preliminary drill and a rehearsal of a tactical scheme to be carried out in the afternoon.

At the noon hour a typical army dinner was served at the scene of operations by Sgt. Cook Jerry O'Brien of Williamsburg. It consisted of beef stew (Irish style), bread and butter, apple sauce, raisin buns and tea. There was a liberal serving of everything and the food was wholesome and well prepared. The men used their mess-tins, and when Jerry gave the order to "come and get it," it brought back pleasant memories of meal-time at Connaught Rifle Ranges. Sgt. O'Brien was highly praised for the manner in which he served the meal and for the tasty food he had prepared. "Jerry's Lunch" at Williamsburg has long been popular as a dining centre, the reason being that Jerry is a good cook and has a very friendly personality.

Following the meal, Sgt. Major Butzer divided the Company into two groups,—one to represent the enemy, the other the attackers. An arrowhead attack with pincer movement was used in the scheme to capture the enemy, and while the boys made several mistakes, much was learned from the tactical exercise.

Running over plowed fields, taking cover in ditches, advancing through bushes and underbrush and crawling under fences, was all in the day's program, and while most of the boys were not used to such strenuous exercise, they were little the worse for their experience.

It is expected another outing will be arranged for November 1st.

The Company N. C. O. School is being well attended. On Tuesday evening the lecturer was Col. W. J. Franklin, O. C. of the battalion. He was very much impressed with the progress of the school and informed the officers that the personnel of No. 1 Company was the best of any company in the battalion. (Of course we always knew that and we are glad that the O. C. has noticed it). Col. Franklin announced that lecturers would be provided whenever requested, and that every assistance would be given the Company in an endeavour to get the N. C. O.'s qualified and to keep the unit functioning efficiently.

There was a good attendance at all parades on Monday evening—the paymaster was present—enough said.

Charged under the Militia Act with being absent without leave from their unit, five members of the Hawkesbury platoon of the Second Battalion, S., D. & G. Highlanders, were fined $45 and costs each, or 30 days in jail in default, when they appeared in court on Monday at L'Orignal. Sentences were passed by Magistrate Raoul Labrosse, of Vankleek Hill.

The accused men, all privates, were Romain Paquette, Hector Piche, Rene Tessier, George Denis Bender and Joseph Batta. All reside in Hawkesbury.

The charges were laid after the accused men had left their unit while the battalion was undergoing training at Connaught Ranges, near Ottawa, last summer. Each was absent from camp period for nine days, with the result that nine charges of being absent without leave were laid against each man. A fine of $5 was imposed on each count, resulting in a total fine of $45 for every one of the accused.

The battalion entered camp last July 19. It was alleged that the five men left Connaught Ranges on July 24 without permission and remained away for the remaining nine days of the camp. The unit broke camp on August 2.

Monday's court proceedings were brief, with each accused entering guilty pleas to the charges.

To those who have been in the habit of missing parades, or being absent without leave, we wish to point out that this practice cannot go on indefinitely. There are penalties for such offences and the reason they have not been imposed to date is because through the kindness of the O. C. in not reporting them. If you have to be absent, and you should have a good excuse, it is necessary to get leave from your platoon commander.

Next parade of the local platoon is Friday evening. New recruits are urgently needed—why not sign up now?

OUR PERSONAL WAR

The aggressive spirit, native to Canadians, will be reflected in the results of the Third Victory Loan. We like to "get things done." So we press for land action in Europe, even as we realize that such action will take a toll of the lives of some of the boys we love —our sons, our brothers, and our husbands.

Out of that same spirit we will provide the money needed to see these boys through to Berlin and Berchtesgaden. If we cannot go with them personally through the hell of explosives, we shall see to it that they take with them all the material they need to extinguish that hell as they drive into the heart of Germany.

If, in order to buy bonds, some of us must choose between comfort and no comfort, between entertainment that costs money and entertainment that doesn't, between lots to eat and not so much to eat, between new clothes and the old ones, Canadians will choose to do what is necessary to buy the bonds that bolster the boys.

THE CANADA YEAR BOOK

The 1942 edition of the Canada Year Book is now available to the public. The Canada Year Book is the official statistical annual of the country and contains a thoroughly up-to-date account of the natural resources of the Dominion and their development, the history of the country, its institutions, the demography, the different branches of production, trade, transportation, finance, education, etc.—in brief, a comprehensive study within the limits of a single volume of the social and economic condition of the Dominion. This new edition has been thoroughly revised throughout, and includes in all its chapters the latest information available up to the date of going to press.

The 1942 Canada Year Book extends to over 1,000 pages, dealing with all phases of the national life and more especially with those susceptible of statistical measurement. A statistical summary of the progress of Canada is included in the introductory matter. This gives a picture in figures of the remarkable progress that the country has made since the first census of the Dominion was taken in 1871.

The special articles that are shown in this edition of the Year Book have been selected to illustrate the effects of the war on the Canadian economy and to show such changes and developments as have taken place to date. There are such special articles dealing with manufactures, external trade, prices, agriculture, forestry, mines and minerals, power, transportation, immigration. The important chapters on labour, public finance, currency and banking, and internal trade have also been directly related to the war effort and the special war chronology begun in the 1940 Year Book is brought up to date. Other important features that do not relate specifically to the war are also included.

Persons requiring the Year Book may obtain it from the King's Printer, Ottawa, as long as the supply lasts, at the price of $1.50 per copy; this covers merely the cost of paper, printing and binding. By a special concession, a limited number of paper-bound copies have been set aside for ministers of religion, bona fide students and school teachers, who may obtain such copies at the nominal price of 50 cents each, but application for these special copies should be directed to the Dominion Statistician, Dominion Bureau of Statistics, Ottawa.

TO RATION IS THE FASHION

"Taking the bull by the horns" is a fairly well-worn phrase, but perhaps in these days of rationing and beef shortage many of us wish that it were literally true, says the Bowmanville Statesmen. The sudden shortage of things that we've always taken as normal living, but which in most countries have always been considered as luxuries, brings the war close to the dinner table of the average Canadian.

Thoughtful people will welcome this opportunity of showing their patriotism, not merely by complying with government regulations, but by giving a lead in their communities, and anticipating the further changes that are inevitably in store for us.

For most of us shortage of any kind is a new experience. We have admired the morale of Britain and the spirit with which her people have accepted changing conditions. For instance, every fuel unit saved there is considered a shot fired at the enemy. These "shots" translated into economy means for them, amongst other things, sifting cinders, for in every 2,000,000 tons of cinders it is estimated there are 1,000,000 tons of usable coal .

In this country the yardstick of good citizenship is changing from the bank balance to the garbage can. The garbage dump may well become the community morale detector, for it reflects whether you buy on the basis of need or greed. For waste is the backfire of extravagance. This is a war of pincer movements. We must have one on our own greed if there is to be enough for everyone's need. Then we won't require a pincer movement on our belts.

It is up to us whether we make rationing the fashion or not. The question "How does it affect me?" is out of date. The best test is to multiply what you do by 11,000,000 and see if it adds up to 100 per cent. war effort. As we fight to conquer the greed and selfishness that is the ultimate breakdown of rationing, we will begin to generate the spirit that will take us through these years to total victory. This spirit is as vital a need as our daily bread—and cannot be rationed.

THE VICTORY LOAN PLEDGE

"With a faith that shall live, I hereby reaffirm my trust in God and my allegiance to His Majesty, The King. I accept this war as my personal war requiring strenuous self-denial. I appreciate the privileges of our way of life. I look forward to a world in which freedom of worship, freedom from want and fear, and freedom of opportunity are fully realized. I believe that right shall triumph and that a victory of justice is assured. Therefore, I solemnly pledge myself to earnestly fulfill, to the limit of my power, each war-time duty that faces me and so stand shoulder-to-shoulder with those of my fellowmen who are defending with their lives our mutual cause."

The Dominion Government is the best customer of the farmer. But it must have the money to go shopping. Lending through the third Victory Loan, the campaign of which opened on Monday, is one way of supplying the cash. Try it.

Youngsters and grown-ups who are in the habit of disposing of dead leaves by burning them in bon-fires in the late afternoons, should take every precaution to see that the fire is not left to burn freely after they retire. A strong wind in the night will spread the burning embers and is liable to set fire to nearby buildings. Never leave a bon-fire burning, unless you are guarding it. It is a dangerous practice.

. . . — V . . . —

Kemptville citizens are not too jubilant over the announcement that the Agricultural School in that village is to be taken over by the military authorities. And why should they be? The K. A. S. has meant much to Kemptville in the past number of years, and has accomplished a great deal in educating young men along agricultural lines, probably to a greater extent than the Government or the Dept. of Education realizes. It is unfortunate that it is to cease being an Agricultural School—it will be missed. If it is really needed by the War Dept., we hope it is put to better use than some of the armouries we have in mind. It is doubtful, however, no matter what use is made of it, if it will serve a more useful purpose than it has in recent years in the advancement of agriculture and farming in general.

STRANGE BED-FELLOWS

(Smiths Falls Record-News)

Premier Mitch Hepburn and Communist leader Tim Buck appeared together on the same platform. Actions speak louder than words, and they will, no doubt, be given opportunity to prove their desire to improve the war effort.

A BEAR IS RIGHT!

(Trenton Courier-Advocate)

Tim Buck appears to be a bear for punishment. He is no sooner out than he wants to get in again. This time he will run for public office in Toronto. (We have heard it said that Buck's proper name is Buckley and that he was born in Ireland). He was the target for some rotten shooting during the riots in Kingston penitentiary some years ago. He was in a cell at the time, but who did the shooting and why is not public property.

TRIBUTE TO ROYAL FAMILY

(London Sunday Times)

Historians and philosophers, here and abroad, have not always seen as clearly as perhaps the people see it that at the head of our state, our nation, and our commonwealth, the constitution sets, not a person, or a dynasty, but a family.

A Sovereign is remote; the functions of sovereignty are a mystery. But a Sovereign who is thought of as the head of a family as a husband, a father, or, today, a brother, loses nothing of his august pre-eminence in the state, while he gathers about himself those far more intimate, imponderable feelings, which in times of danger, of trial, of suffering—and some day, we are sure, of triumph—join kinsmen neighbors to neighbors, one home to another home.

TALKED OUT OF TOWN

(Almonte Gazette)

When the American novelist, Dreiser, selected a reporter from The Toronto Telegram as a sympathetic listener to his anti-British sentiments, he was guilty of a mistake in judgment, to put it mildly. How great was his mistake, can be judged from the uproar that ensued and by the speed with which the visitor packed his things and departed from Toronto. It would be interesting to hear Dreiser's opinion of Toronto and its people after he crossed the boundary line.

A LEG UP FOR HEPBURN

(Carleton Place Canadian)

Premier Hepburn has a staunch supporter in the Trenton Courier-Advocate to offset the Toronto Star, the Globe and Mail, and the Telegram. Here is a short comment in last week's Courier-Advocate: "Our prime minister is ageing. He has the biggest job of any man in Canada. He must have tremendous worries, too. But did it ever occur to you what would happen if he were to give over the helm of the ship at this time? Who is there of equal experience and stability to take his place? In our personal opinion, and politics have nothing at all to do with anything we may write for this page, there are but two big men in this province at this time—Prime Minister King and Premier Mitchell Hepburn of Ontario."

We think we know Harry Moore, the Courier-Advocate editor, well enough to be assured that he is perfectly sincere in making the above comment. If he has any ambitions for converting enough of the electorate to think as he does, he has the biggest journalistic job he ever tackled. Just try to imagine selling this idea to the province of Quebec, or some of the Western provinces. It simply could not be done. In fact it is extremely doubtful if Ontario would back him for the Dominion job. We do not expect the Courier-Advocate to agree with this however. It says in the next paragraph of its editorial:

"And we would go so far as to say that if anything should happen to our prime minister during the present crisis, Mitchell F. Hepburn would most probably be given first call to don his mantle."

Can anyone imagine Prime Minister Mackenzie King agreeing to this proposal?

THE COST OF DRINKING

(Ottawa Journal)

The essential point about this business of drinking is that we in Canada are spending on it some $250,000,000 a year—one W. C. T. U. delegate casually put the figure at $290,000,000—and we cannot do that and give the war the attention we must give it if we are not to be beaten into the slavery which has come to a dozen other countries once as free and prosperous as Canada.

YOUR NEXT SUIT

(Brockville Recorder)

Next time you order a new suit from your tailor, you will learn, if you do not know already, that you may not have a second pair of pants from that particular piece of cloth. But you can walk over to the racks of pants and buy all you want of another pattern. Or you can buy all the pants you want from other suitings. Still, it is agin the law to have a second pair of pants to match the first. Whoever thought that one up really did a day's work. But we hope he stays idle for a long time in the future.

THE POET'S CORNER

BRITAIN'S PRAYER

O God, to Whom all knees shall bend,
Be pleased to our petitions lend
Thine ear in mercy to our cry
For freedom as in days gone by .

Some time ago a nation's prayer
Revealed that Christians everywhere
Throughout our land, once more did pray
For victory o'er our foes today.

We know in Thee our trust shall be
For Thou alone doth hold the key
Of all that is to us unknown
Whose power and wisdom oft hath shown.

Make bear Thine arm, O God, to save
Our men in air, on land, or wave,
From danger, as for us they fight
Our battles to defend the right.

And for our Sovereign King today,
As British subjects we do pray
That God shall guard and keep him free
From bondage and from tyranny.

And now, O God, we further pray,
That Thou wilt guide us, day by day,
Send forth that blessed day ere long
When Britain sings the victor's song.

IN MEMORIAM—In loving memory of a wonderful mother, Lillian Agnes Brown, who passed away October 25th, 1937.

Though tears in our eyes do not glisten,
And our faces are not always sad,

But we think of the wonderful mother we had.
Not a day do we forget you,
In our hearts you are always near,
For we who loved you, miss you,

Stained Mattress

Place a stained mattress in the sun and cover the spots with a thick paste made of starch and cold water. Allow this mixture to remain an hour or so; then scrape off and repeat the process if necessary. This treatment proves more effective if done while the stain is fresh.

COLUMN OF THREE'S

The health of the "gentleman in battledress" is one of the most important phases under consideration at all times by the Canadian Army.

Once a civilian enlists in the Army he is given the best of medical care. He is confined to hospital even with a common cold. This is a precautionary measure, for sometimes such a minor ailment may be the start of a more serious illness. It is the conviction of Army medical authorities that prevention is better than cure.

In order that the soldier's health may be better looked after, a call for 800 physicians has been issued. Many of these are required in Military District No. 3.

Already Canada's armed forces have in their ranks 20 per cent. of the medical men of the Dominion, and the Army itself is seeking another 15 per cent. to ensure and safeguard the health of every individual soldier.

These physciians will be enlisted into the Army through the co-operation of the Canadian Medical Association. They will be absorbed into the Army without endangering civilian health by depleting the number of doctors needed to maintain public health at its present high standard.

Graduating medical students are offered a splendid opportunity to serve their country in this manner.

While some will be placed in district depots to examine recruits to ensure their fitness for active service, many will be placed in base hospitals to take care of those sent back from the front lines as casualties, while others will themselves see action and will administer to the wounded during the heat of battle.

No-Loose Talk

The sharp ears of enemy agents are everywhere, and M. D. 3 headquarters draw attention to the fact that the seriousness of loose talk cannot be emphasized enough.

Train travel by soldiers has become greatly increased with the conservation of rubber and gasoline, and as a result, large concentrations of men in uniform are now found in railway coaches—an ideal place for a saboteur or the member of an espionage ring.

Discussion of military operations or equipment, or anything pertaining to army life, is taboo. A careless statement to a soldier friend may cause the death of hundreds of soldiers elsewhere, among whom may be a brother or a very dear friend.

Boxing Army Men

Arrangements are almost completed for Military District No. 3 boxers to travel to Pine Camp, N. Y., to challenge mittmen of the United States Army. Considerable interest has already been stirred in the event, and keen competition is expected.

Lt.-Col. C. H. Ackerman, M. D. 3 auxiliary services officer, takes the district athletes across the border later this month.

Great Comradeship

With the crossing of the border between Canada and the United States made easier for members of all branches of the service in both countries, a great comradeship has sprung up between the "Canucks" and the "Doughboys."

No matter where the Canadian soldier travels in the country south of the border he is received with welcome arms, not only by the U. S. Army, Navy and Air Force personnel, but by civilians alike.

Non-commissioned officers and privates of units stationed in Military District No. 3, who have spent short furloughs in the U. S., have been loud in their praise of the treatment received during their visits.

Four N. C. O.'s of the Canadian Army on a recent visit to Syracuse, N. Y., were unable to spend any of their own money, except in one instance. They met some U. S. Army Air Corps personnel who took them in tow and found them billets at an air station, where they were given meals and taken on a tour.

Such hospitality can only be found in a democratic country.

Parachute Troops

Several members of the Regiment de Hull, of Hull, Que., who are at present stationed on duty 'somewhere on the West Coast,' have volunteered for duty as parachutists. The men, hardened and fit after several months of training and duty, are anxious to commence this new type of training.

The first group of Canadian paratroops recently graduated from the parachute school at Fort Benning, Ga.

ARMY CHOIR

Civilian artistic temperaments are not forgotten when men join the Canadian Army, as is often thought by many not acquainted with the activities of the men in khaki apart from the strenuous military training which they undergo.

Men in the ranks are allowed to follow a variety of pursuits, and possibly one of the most interesting to date is the splendid male choir which has been organized at the No. 31 Canadian Army Basic Training Centre at Cornwall.

The reverential strains of "Comrades in Arms," were sung as an anthem by the male voices of the choir at a recent Sunday service at the Congregation of St. John's Church. The choir was under the direction of Sigmn. McGauley, of Sault Ste. Marie, and Sigmn. Neil Stewart, of Arono, also of the training centre, presided at the consol.

Such noteworthy endeavors are doing much to expel the beliefs that the finer arts are being forgotten by the ordinary soldier. The Canadian Army is doing its utmost to foster these activities taking care, however, that it does not interfere with training.

WEDDINGS

BARKLEY—CLARK

A very pretty wedding was solemnized at the Manse, Elma, at 10.30 a.m. on Saturday, October 10th, when Helen Ruth, only daughter of Mr. and Mrs. Wm. Clark, became the bride of Harold Dwayne Barkley, eldest son of Mr. and Mrs. Grant Barkley, of Dunbar. Rev. Gordon Newman officiated.

The bride was gowned in an Old Rose tricotine suit with blue slippers and all accessories to match. Her wedding veil of Old Rose net hung over her shoulders, while her wreath of Orange Blossoms formed a headdress, and she carried a beautiful bouquet of pink and white Gladioli. The bride's mother wore a dress of wine satin with hat to match. The groom's mother wore a dress of black georgette with white trimming.

After the ceremony, 26 guests motored from the Manse to the bride's home where a bountiful wedding dinner was waiting, which was served by Mrs. Clark's three sisters, Mrs. J. R. Johnston, Mrs. T. J. Johnston and Mrs. G. McLean.

The bride and groom left by train for a honeymoon trip to Huntington and Franklin, Que. The bride travelled in a wine crepe dress and coat of wine with leopard trimming. On their return they will reside at Dunbar on the groom's farm.

The bride was the recipient of many beautiful gifts, consisting of cheques, pyrex, blankets, and a bedroom suit gift from her father and mother, and many other gifts.

WOMEN MAINTAIN WARTIME VIGILANCE, TOO !

Hello Homemakers! You need not feel that in your home you are isolated from the Canadian line of defence. When you do the family shopping, aim to save as much as you can for the purchase of War Securities. Every time you snap on an electric switch, remember, too, how greatly electric power is needed in our war industries.

Neither scientists nor government bureaux can make a nutrition plan truly effective. For the nutrition of our Dominion is in your hands as the homemaker shops, plans and prepares the meals for the family every day.

Every homemaker who keeps a vigilant eye on the kettle as it begins to steam, the temperature as it rises in the oven, knows that necessary electricity can be saved by turning the heat to "Low."

NUTRI-THRIFT MENU

Toast — Coffee
Boiled Potatoes — Steamed Squash

Applesauce Cake

1-2 cup shortening, 1-2 cup white sugar, 1-2 cup corn syrup, 2 egg 1 tsp. baking soda, 1-4 tsp. salt, 1 tsp. yolks (unbeaten), 2 cups pastry flour, cinnamon, 1-2 tsp. cloves, 1-2 tsp. nutmeg, 1 cup thick applesauce (unsweetened).

Cream shortening; add sugar and syrup. Add egg yolks; blend well. Sift together flour, soda, salt and spices. Add to creamed mixture alternately with applesauce. Pour into pan 8" x 8" x 2" lined with waxed paper and greased. Bake in an electric oven at 350 degrees for 1 hour.

Potato Omelet

2 cups mashed potatoes, 1 tb. melted butter, 1-4 cup milk, 3 eggs, salt, pepper, 1 tsp. grated onion, 1 tb. chopped parsley.

Add butter and milk to mashed potatoes. Beat eggs until light, combine with potatoes and add seasonings. Heat a little fat in frying pan, add potato mixture and cook on electric element turned to "Low" until well browned on bottom (8 minutes). Fold and turn out onto a hot platter.

Chocolate Pudding

2 tbs. baking fat, 1 egg (separated), 1-2 cup corn syrup, 1-2 tsp. vanilla, 1-2 cup hot milk, 1-4 cup cocoa, 1 cup pastry flour, 1 1-2 tsps. baking powder.

Cream the fat; add well-beaten egg yolk, corn syrup and vanilla; blend. Pour hot milk over cocoa; mix well and add to first mixture. Add sifted ingredients, and lastly fold in stiffly beaten egg white. Pour into individual greased moulds, cover, and steam 45 minutes.

TAKE A TIP:

1. When stitching heavy fabrics, such as canvas, khaki cloth or heavy duck, the needle can be made to penetrate more easily if hems and seams are rubbed with hard yellow soap.
2. A simple method of cleaning windows is to rub the glass with a cloth saturated with vinegar. Then polish with newspaper.
3. Mildew may be removed from a leather bag or suitcase by rubbing well with a soft cloth dipped in petroleum ointment. Allow to remain on leather for a few minutes, then rub dry. If necessary, repeat this process.

TOYES HILL

(Too Late For Last Week)

Mrs. Morley Thomas and son, Geren; Mrs. Archie Jackson and daughter, Marilyn, of Rochester, N. Y., are spending a few days with Mr. John Jackson and family.

Mr. and Mrs. Everett Morris and family spent Sunday at the Jackson home .

Those who spent Thanksgiving dinner with Mr. and Mrs. Beverly Jackson were, Mrs. Thomas and Geren, Mrs. Archie Jackson and Marilyn, of Rochester; Mr. James Jackson and daughter, Marjorie, of Hulbert; Mr. John Jackson, Muriel, Warren and Charles.

"Then you think you won no permanent place in her heart?"

"I'm just a notch on her canoe paddle, that's all."

HINTS FOR THE HOME

The Fruit Closet

A bowl of lime placed in the fruit closet with the preserves and jellies will prevent mold from forming on the tops of the jars.

Rubber Plant.

A teaspoonful of sweet oil dropped about the roots of a rubber plant once a month will greatly increase the gloss of the plant.

Tortoise Shell.

Genuine tortoise shell should never be cleaned with water. Use alcohol for cleaning and polish with a chamois dipped in dry borax.

Marble.

After scrubbing a marble doorstep, try mixing a quantity of quicklime with a half-pint of skim milk, and use this as a whitener.

The Flat Silver

Flat silver can be very quickly cleaned, and without any harm done to it, by covering the silver with sour milk and boiling for three minutes. This is a very effective method.

Cod Liver Oil.

Rinse the spoon in cold water before giving the child a dose of emulsion or cod liver oil, and this will prevent any of the medicine from sticking to the spoon and being wasted.

Scented Hair.

If one likes her hair to have a delicate perfume, spray it with perfume while it is still wet from the shampoo. A delicate aroma will remain in the hair until its next washing.

Reviving Flowers.

When the flowers wilt, cut the stems and plunge them for a few minutes into hot water. Trim the stems a little each day and slit them to enable the flower to absorb more water.

Sour Milk.

When washing bottles that have contained sour milk, use some baking soda in the bottle. Pour hot water over the soda and shake well. Then rinse in cold water, and the bottle will fairly shine.

Smelly Oil Lamps.

That disagreeable smell of oil lamps can be eliminated to a great extent by rubbing the reservoir every day with a rag moistened with turpentine followed by a brisk polishing with a soft dry cloth.

Ironing Silks.

Never sprinkle silks before ironing, as most of them will spot and remain spotted until laundered again. After washing, wrap them in a Turkish towel, and allow to stand until they are of the proper dampness to iron.

Stained Leather.

Old stains may be removed from leather furniture by coating with a mixture of powdered pipe clay and water mixed to a paste. Allow this to remain for several hours, then brush off and repeat the process if necessary.

Bathroom Curtains.

One clever housewife used two large Turkish towels for a pair of tie-back curtains in her bath room. It is always easy to match the colors in a bathroom with towels, and they are much more easily laundered than curtains.

Spilled Grease.

Should difficulty be experienced in removing a grease spot from an unpainted floor, pour some kerosene over the spot and scrub hard with a scrubbing brush. Allow a few days to elapse, and both the grease and kerosene will have disappeared.

Picture Frames.

When applying polish to the furniture, it is well not to forget the mahogany and walnut picture frames. The same oily cloth may be used, followed by a rubbing with a dry cloth. It will greatly improve the appearance of the frames.

The Paint Brush

The bristles of a new paint brush can be prevented from shredding during the painting process if the brush is held, bristles up, and a spoonful of varnish is poured into the base of the bristles. Keep the brush in an upright position until the varnish has dried.

NOW A'.I HE HAS TO DO IS GET 'EM

"The mills of the gods grind slowly."

When Kingsley wrote those lines, many years ago, there was no rationing of life's necessities by the Wartime Prices and Trade Board working in collaboration with various government departments. If there had been there would be no doubt as to where the poet got his inspiration, for nothing could grind so slowly as the machinery of the government which controls rationing as it affects priorities.

Here is a local example of what we mean—A rural mail driver, working out of Almonte post office, needed two tires for his car and determined to apply for them under the regulations which gave men engaged in his branch of the civil service, the right to procure used tires.

Following the procedure laid down in such matters, he went to an Almonte garage man, had him examine his tires, and fill out a form attesting that he needed the two used ones he was asking for. He sent this form to the Wartime Prices and Trade Board at Ottawa, which, in turn, sent it to its branch at Renfrew.

The last mentioned bureau sent the form back to Almonte with a request that the driver have it signed by the District Director of Postal Service at Ottawa. This official then sent the form back to Almonte with a request that the driver get the local postmaster to take his oath that the car was to be used 75 per cent. for mail carrying . When this was done the form went to Ottawa again and after being signed by the District Director of Postal Service was sent back to the Almonte mail carrier who sent it to the Wartime Prices and Trade Board at Renfrew which sent it back to the local mail carrier.

The mail man now has the necessary authority to purchase two used tires, after two weeks of red tape that would shame the government of some grafting, petty, potentate in an obscure principality of the Orient. He has the authority to buy the tires —now ALL he has to do is get them. The courier hasn't the slightest idea where they can be procured and proposes making a special trip to Ottawa in search of them.—Almonte Gazette.

MODERN ETIQUETTE

1. Should a person avoid using slang in conversation?
2. Isn't it all right to send out handwritten wedding invitations?
3. When a single man is invited for dinner to the home of married friends, should he take the hostess a box of candy or flowers?
4. When a woman is standing talking with a man and drops some article, should she say, "I'll get it?"
5. When a hostess wishes to give a cocktail party and has no maid, how should she proceed?
6. When passing a salt or a pepper shaker should one place it on the table or hand it directly to the person who asked for it?

Answers

1. Yes. One should use as good English as he is capable. The English language contains a larger vocabulary than any other language in existence, and it is really unnecessary to intersperse every sentence with slang expression. 2. Yes. Informal notes, written on one's personal stationery, are all right, but engraved invitations and announcements are in better form. 3. This is a thoughtful thing to do, particularly if the man is not in a position to return the invitation. 4. No. She should allow the man to pick it up for her. 5. She may ask one of the men guests to help her make the cocktails, or she may have all the necessary things on a tray or table, and have each guest mix his own. 6. It is less awkward to put it down on the table and let the person pick it up, than to hand it directly to him.

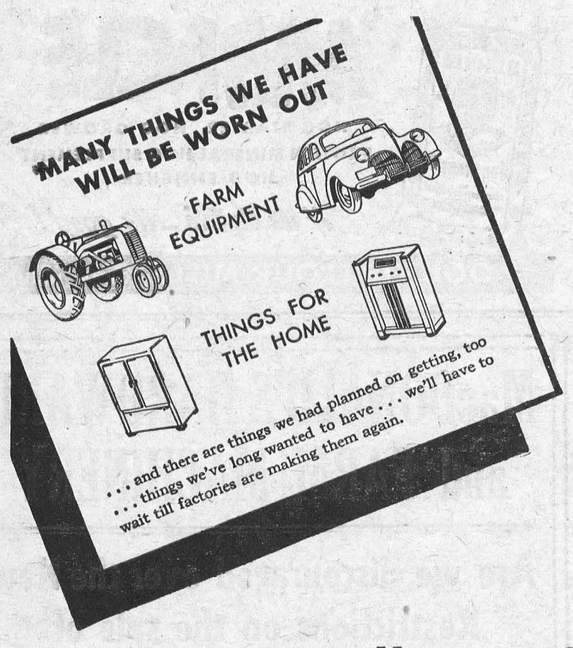
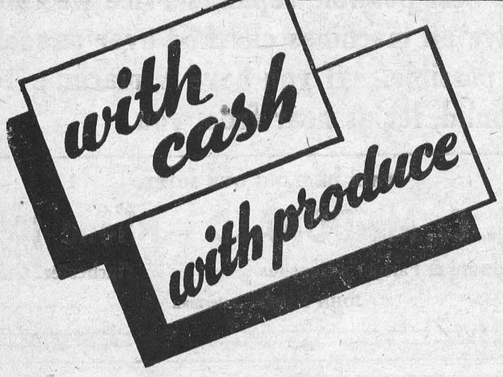
WE'RE GOING TO NEED SO MANY THINGS WHEN THE WAR ENDS ...things that are hard to get now



Every day, almost, we find that something else is getting scarce. So often, we are told "they're not making it any more". Factories are making guns instead of ploughs, tanks instead of tractors, planes and shells instead of stoves and beds. We'll have to replace so many things when the war ends . . . things we can't buy now.

MONEY INVESTED IN VICTORY BONDS will provide the cash to buy them

TWO WAYS TO BUY VICTORY BONDS NOW



—with Cash

. . . in one lump sum, with money we have saved. There is no safer investment . . . no better way to protect our savings.

Or—we can buy bonds and pay for them through our banks in monthly instalments. As the instalments come due the bank will charge them to our accounts.

—with Produce

Farm folk can pay for Victory Bonds in another, convenient way—by using the "PRODUCE FOR VICTORY" TICKET. By simply signing a "Victory Ticket" you can authorize those who buy produce from you to send all or part of the proceeds to the War Finance Committee to buy Victory Bonds for you. (Ask your local War Finance worker for details.)

WHAT A VICTORY BOND IS

Look at a dollar bill. A dollar bill is like a *bond*. It's a promise to pay to the man who has it. You get bills when you sell things and pay them out when you buy things. A Victory Bond is "a bill" intended to be saved. When you keep a $100.00 Victory Bond for a year you receive an additional $3.00. (3% interest). Buy all the Victory Bonds you can—*lend money to Canada* to help to win the war. Save your bonds to have money for things you'll need when the war ends.

Keep The Hens Laying!

A FEW TIPS

We are listing below important factors in the care and management of laying birds. You will find it advantageous to follow these recommendations closely.

1. Do not overcrowd layers. Provide 3 to 3½ square feet for leghorns and 4 square feet for heavy breed birds.

2. Have plenty of good litter, stir it frequently and keep it as clean and dry as possible.

3. Supply plenty of clean, fresh water with the chill removed in cold weather—keep the water fountains clean.

4. Have plenty of nests, one nest to every 3 or 4 layers is about right. Keep the nests clean.

5. Gather eggs frequently and store in cool damp place which is free from odors.

6. Keep a continuous supply of grit and oyster shell before the birds at all times.

7. Feed the flock well balanced rations all year round.

8. To insure clean eggs, provide clean nests and keep hens in henhouse.

New Nickels Here.

The newy issued Canadian "plug" nickels have made their appearance in Winchester. Much different from the old "big" nickels, they are 12-sided and have a coppery tinge. The picture King George VI is carried on one side and that of a beaver on the other. They are about the same size as the old coin but differently shaped.

Bees Produce Much Honey.

Last summer, Mr. A. A. Casselman purchased two packages of bees from an apiarist in Alabama and had them shipped here by parcel post. In three months these bees have produced over 300 bs. of honey, and the quality is excellent. Mr. Casselman has given away about 20 lbs. to his neighbours, and as is his usual custom, left one with the editor, for which we wish to express our appreciation.

Local Organist Resigns.

Mrs. Scobie, local United Church Organist and Choir Leader, has resigned and will conclude her activities here on Sunday. Since coming to Winchester, Mrs. Scobie has taken a keen interest in the musical education of many local students, who have benefited greatly by her instruction. As a choir leader, she has proven herself to be capable and efficient, and the organization which she directed here was always at the highest point of efficiency. It is understood that she will become organist in a church at Brockville, at which place her daughter is attending college. Her husband is on Active Service.

No Meikle Cup Meet.

Principal Epplett, of Morrisburg Collegiate Institute, announced at a recent Board of Education meeting, that there would be no Meikle Cup competition this year, which decision was arrived at after others concerned had been circularized. He intimated that there was a growing lack of interest in track work, also that the generality of pupils today were enthusiastic at athletics as juniors, were in the games only on sufferance as intermediates, and as seniors did not care a hoot, while the program in connection with Meikle Cup competitions was designed mainly for seniors. He felt that a revision of the program was in order for the future. Morrisburg won the Cup last year.

HARMONY W. M. S.

The Thank-Offering Service of the Harmony Missionary Society was held in the church on Wednesday evening. The President, Mrs. E. Lough, conducted the devotional exercises, which consisted of the singing of a hymn, a reading on Christian Homes by Mrs. T. Docksteader, and a poem, "Let Us Be Thankful," by Mrs. C. Dillabough. The Scripture reading, John 15:1-10, was read by the president, and the offering was taken by Mrs. T. Stoodley and Mrs. G. Cumming.

The special speaker for the evening was Rev. T. A. Woods, of Morewood. He gave a very fine address on the theme for the month, "Building a Community of Christian Homes." His solo, "A Call for Loyal Soldeirs," was very much enjoyed by all. After the singing of a hymn, the meeting was closed with prayer by Mrs. Oscar Wallace, of Winchester.

Recent callers at the home of Mr. A. A. Casselman were, Mrs. Ross Hanson and Mrs. Henry Hanson, of Matilda, and Mrs. E. Geggie, of Toyes Hill; Mrs. L. Bogart and son, of Elma; Mr. Rufus Casselman and Mr. Hector Munroe, of Winchester Springs.

In all three counties production of creamery butter was far below that prevailing for the same month last year, the decline being as follows: Dundas, from 46,953 to 1,000 pounds; Grenville, 176,734 to 34,035 pounds; Leeds, 180,244 to 47,542 pounds. Salvage Campaign.

The Salvage Campaign for Winchester and district is now in progress. On Wednesdays and Saturdays men and trucks will be available for collecting scrap metal, old tires, etc. If you have any to donate, notify Mr. Albert Johnston, Chairman of the Committee, and he will see that it is called for. Already several truck loads have been collected and stored in the yards adjacent to Melvin's Garage. The need for salvage is great and it is the duty of every citizen to look around his or her premises and collect every item that can be used in war industries. Your co-operation will be appreciated by the local Salvage Committee. On Saturday afternoon of this week a canvass will be made of the homes in Winchester—if you have any scrap material, have it ready.

Phoebe MacDonald took charge of this part of the meeting, which opened with a hymn. Miss Evelyn MacDonald conducted a quiz, after which Catherine MacGregor read the Scripture, Romans 12:3-21. The topic was delivered by Mrs. Hubert Carkner: "Why Have A Sunday School?" After the singing of a hymn, Mr. Augustine closed the meeting with prayer.

RED CROSS GOODS REACH PRISONERS OF WAR

Further proof that Red Cross parcels, sent to prisoners-of-war in every occupied country, reach their destination, is evidenced by the following note received by Mrs. Raymond Summers this week. It was written at Kriegsgefangenenlager, Germany, on August 26th, and reads as follows:

"I have just received your pair of scoks and I am writing to thank you and also to let you know that they were a perfect fit. I am a young soldier of 24, and live in Glasgow. Hoping to receive a letter from you, as I receive mail regularly from a cousin in Vancouver. Will have to close now. Yours sincerely, William Ross."

Dr. A. W. Sherwood attended the Eastern Ontario Dental Convention, held at Brockville on Monday and Tuesday. He was accompanied by Mrs. Sherwood and son, Billie, who visited with the former's parents, Mr. and Mrs. S. Whitmore, of Delta.

WINCHESTER SPRINGS KNOX W. M. S.

The October meeting of Knox W. M. S., Winchester Springs, met at the home of Mrs. Harvey Smith. The President, Mrs. Joe Davidson, opened the meeting with the use of a hymn.
