Seek to Retain Both Local High Schools

At a meeting of South Dundas High School Board and representatives from Williamsburg Township Council, Morrisburg Council and Iroquois Council, the problem of expanding requirements for the school district were discussed.

Dr. D. M. Robertson, Morrisburg council member recommended that the school board pursue the suggested policy of continuing with Morrisburg and Iroquois schools, and follow the proposed expansion programme. This would involve the building of four classrooms and a gymnasium at Morrisburg and two classrooms at Iroquois.

Iroquois council representatives felt that the ideal system would involve one school at Iroquois, or in a central location. No members of Matilda Township Council were present at the meeting but they had indicated that they felt both schools should be utilized.

Reeve Fred Hill, Morrisburg, stated "Morrisburg does not want to lose her high school", and G. Wm. Gorrell, solicitor, said "There is every indication that industrial expansion has started in the area and we must work on the premise that in a short time, each village will require accomodation for 500 high school students. An area with out a high school is at a great disadvantage".

A third suggestion that all technical and commercial students be sent to North Dundas and South Grenville schools and that academic subjects only be undertaken locally, was unanimously rejected, as ringing the death knell of both Morrisburg and Iroquois schools.

Secretary-treasurer Keith Schell reported that, as the budget stands the high school tax will be approximately 19 mills. South Grenville reports 23 mills, North Dundas 23.3 and Lanark 21 mills.

A meeting was set up for Thursday, March 19th at Iroquois to permit Matilda Township Council members to meet the Board and other councils for a deciding vote on the question.

Presbytery Plans Holy Week Services

The Presbytery of Brockville of the Presbyterian Church in Canada met in regular meeting at Knox Church, Morrisburg, on Wednesday March 11th with six ministers and nine elders present and with the Rev. J. Greene of St. Andrew's Church, Cardinal, moderating the meeting.

The Rev. R. Renault of First Church, Brockville, and interim moderator of St. Andrews Church, Prescott, during its vacancy, reported that candidates are now being heard in that pulpit, and that a choice by the congregation may soon be made from among the can didates.

Reporting also on the properties and cemeteries within the Presbytery, Mr. Renault stated that sufficient funds have been invested to provide perpetual care for the North Augusta cemetery, and that the transfer of Newboro cemetery, formerly property of the Presbyterian Church in Canada, has been completed and that this property now belongs to the Village of Newboro.

Mr. Renault also announced tentative plans for an informal rally of the Presbyterian Young Peoples Societies at Prescott on Saturday, April 18th. The program of entertainment will include a hootenany and games. The Rev. J. J. Hibbs will be the speaker.

The Rev. J. Greene, convenor of the Committee on Stewardship and Budget, reported an increase in the givings of the presbytery to the end of February of this year, and commented that the congregations of the Presbytery deserve great credit for their increase in contributions and that this increase reflects a quickening of interest in the work o fthe church outside its own community.

Mr. John Gray, representative elder from Brockville, and convenor of the Committee on the Presbyterian Record was appointed Record Reporter.

The report of the Committee on Evangelism and Social Action was presented by the Rev. J. J. Hibbs of Knox Church, Iroquois. Mr. Hibbs outlined the progress and the plans toward the Presbytery Holy Week Mission. The speakers for the Mission are to be: the Rev. Joseph Mucham, B.A., Presbyterian Missionary on furlough from British Guiana, the Rev. William F. Duffy, B.Sc., of St. Paul's Church, Ottawa, the Rev. Donald L. Campbell, B.A., B.D., of Westminster Church, Pierrefonds, P.Q. and the Rev. M. V. Putnam, B.A., of St. Andrew's Church, iKngston. The Rev. C. A. Falconer, B.A., of MacDonalds Corners will substitute for the Rev. Mr. Putnam one evening.

These four ministers will each preach once at the following points within the Presbytery from March 24-27th: Kemptville, Iroquois, Winchester and Brockville-Prescott. Music will be provided by the host congregations assisted by the choir of the surrounding congregations. At several of these points congregations of other denominations will will join in these Holy Week Mission services.

The Rev. Mr. A. D. Sutherland, minister of the Chesterville-Morewood-Dunbar charge and Mr. H.G. Bigelow, representative elder of that charge, spoke briefly of proposed plans for the erection of a Christian Education building at St. Andrew's Church, Chesterville.

The report of the Committee on Recruitment, was given by the Rev. J. M. Anderson, who reviewed the work of his committee in co-operating with the Students' Society of the Presbyterian College, Montreal to bring students to preach in most of the pulpits of the Presbytery on February 14th. The students gathered at the conclusion of that day to speak to the youth of the Presbytery at St. Paul's church Kemptville.

COM. ROY GEACH MADE LIFE MEMBER CANADIAN LEGION

On the evening of March 18th, Branch No. 48, Royal Canadian Legion held its regular meeting. In attendance were three Zone and District Officers.

The highlight of the meeting was the installing of 3 ordinary members, 1 active associate and 1 honorary member by Floyd Cross, Zone Membership Chairman. District Commander Bullock presented John Rice with the Past President's Medal for 2 years of service.

The most pleasant surprise for Comrade Roy Geach took place at the end of the meeting, when Zone Commander James O'Brien called Comrade Geach to the front and presented the Life Membership Card to a well deserving member.

Refreshments followed a very eventful and enjoyable evening.

CANADA'S PEACEKEEPERS— The despatch of troops to Cuprus marked the four major peacekeeping task for the Canadian Army. When the move is completed, more than 8,000 officers and men will be on overseas duty in a score of countries. The largest group, 6,000 men, serve with NATO in Germany (top left); about 250 are assigned to the UN Congo Force (top right); and about 950 are on UN duties in the Middle East (bottom left). The 1er Bataillon Royal 22e Regiment (bottom right), who have been training as Canada's standby battalion for three years, will be the major unit in the 1100-man Canadian contingent in Cyprus. Other Canadians serve in such areas as Indochina and Kashmir. In the past 12 years, more than 50,000 soldiers have been on peace tasks abroad, and almost 31,000 others took part in the Korean War. —(National Defence Photo).

THAT A CHILD MAY WALK AND HAVE A FUTURE

EASTER SEAL CAMPAIGN REPORT

Our campaign for this district got under way about two weeks ago, and we gratefully acknowledge receipts which, by the time you read this paper, will have reached an amount of about $550. This is 50 percent of our objective for this year's campaign.

Won't you take a moment right now to send in your pink Easter Seal return envelope with your donation to

COMBINES IN FINAL SERIES WITH OTTAWA MONTIES

As this is written (Thursday) the Morrisburg Combines ar eone game down in a best four of seven series with Ottawa Montagnards for the championship of the St. Lawrence-Ottawa Senior Hockey league. Combines going into the capital on Tuesday, tired from a rough, gruelling series against Kingston Aces, which saw them come from behind with two straight victories to eliminate the Aces, were missing several key players, and had others limping. Management and coach were both furious at being ordered to play without rest and the fact that the Combines absorbed a 9-2 shellacking, hasn't lessened that feeling.

Playing without Mel Tomalty, their scoring ace, out for the season with a leg fracture, and also without slap-shot artist Weiner Brown and defenceman Ed. St. Louis, both with leg injuries, the Combines ran into more tough luck, when Captain "Big Doug" Casselman sustained a fracture to a bone in his wrist.

Goale Gerry Fleury earned generous applause from Ottawa fans for his agile effort to keep the cage clear, and held the score far below what it might have been.

Arnie Lawlor and Bill Jarvis collected the Combines goals, with Ottawa markers going to Al Stitt 4, Andre Despard 2, and singles by Larry Larock, Guy Beauregarde and Duane Beedle.

Second game of the series is set for Thursday at Morrisburg, and the Combines are breathing defiance at the classy Montagnards, who set the pace during the regular schedule.

Next game of the series is Friday night at the Y Auditorium in Ottawa, with action returning to Morrisburg Community Centre on Monday evening.

☼

The Combines moved into the St. Lawrence-Ottawa Hockey finals on Monday night by defeating Kingston Aces in two consecutive games. The teams met before a crowd of almost 3000 in Brockville on Friday, and to the joy of the Morrisburg fans, walloped the Aces 5-1. Big Doug Casselman led the attack by scoring two goals and assisting on two of the other three goals. Other Combine goals went to Patterson, Lawlor and St. Louis.

Kingston's lone goal was scored by Fred Curran. Kingston suffered when their netminder was injured and had to be replaced in the third period by Gerry Randall.

☼

Again on Monday night the Combines met the Aces in Brockville before a bumper crowd and broke the 2-2 tie in the best of five series, romping home with a 7-3 victory.

Kingston's Fred Curran started the scoring in the first minute of play. However, Gillard, assisted by Big Doug Casselman and Red Lawlor answered that goal within minutes. Kingston replied with a goal by Goegan, assisted by Partridge and Hunt. Combines in turn, came up with two goals from the sticks of Weiner Brown, assisted by Obie O Brien, and Big Doug Casselman assisted by Lawlor and Brown.

Kingston again scored first in the second when Curan counted on a pass from Bellringer, but Combines then whipped in four unanswered goals before the game ended. Big Doug Casselman, Red Lawlor, Rowdy Gillard and Bob Tilley were the marksmen with assists coming from Lawlor, Brown, Big Doug and Little Doug Casselman.

Kingston's goalie, Wayne Nichols, again had the mismortune to get between one of Weiner Brown's dreaded slap shots and the goal; he was carried off on a stretcher, and replaced by sub goilie Gerry Randall for the rest of the game. —And here's the rub; his great sacrifice was in vain. The Weiner's shot, after bouncing off the Aces goalie, scored anyway.

PEE WEE HOCKEY—

Russell Pee Wees were winners of the Lions Club Pee Wee Tournament held at Morrisburg Community Centre on Saturday. Morrisburg "Cruickshank's Little Dozers" were runners-up. Each member of the wining team received a crest in Lions Club colours.

Eight teams from Manotick, Cardinal, Russell, Athens, Winchester, Prescott, Morrisburg and Maxville competed. Play started with Morrisburg and Athens meeting at 9 a.m. and the schedule was so arranged that every team had at least two games and others three and four. Losers, instead of being eliminated for the day, played off the runner-up schedule which saw Morrisburg win out over the team from Athens. Members of the Morrisburg squad were: Ricky Droppo, Danny Cassell, John Parks, Tommy Whelan, Garry Gale, Wade Rolls, Larry Stitt, Ricky Froats, Hal Eamon, Bobby Droppo, Gary Hess and Donny Harrington.

Russell's champions were: Doug Hay, Peter Miller, Barry Rombough Caron McVey, Frank Brewer, Barry Cochrane, Reg Hyndman, Peter Daw, Gary Campbell, Allan Duncan William Gamble and Denner Ovlette.

O.D.M.H.A. Midget playoffs will be held at Morrisburg Community Centre on Saturday, March 21st beginning at 9 a.m.

☼

INTERMEDIATE—

Williamsburg outscored Cardinal 10-6 Tuesday night at the Morrisburg Community Centre to take a 3-0 lead in the best of seven finals for the South Dundas Intermediate Hockey League Championship. The fourth game is slated for Friday night at Morrisburg.

Ron Casselman and Earl Brown each counted five times for Williamsburg.

Jack Hoy was a two-goal man for Cardinal. Other markers went to Jim McLaughlin, Al Imerson, Tom Owers and Jim Stitt.

MORRISBURG COURT

Charles Robert McKenzie, of Malton, Ont., dropped a minor bombshell at Morrisburg court on Friday last, when he stated that he had come to court to advise the officers who had charged him they would require shots for hepatitis. His wife, who was in the car with him at the time was, unknown to them suffering from the disease, and he had been warned by the doctor that anyone coming in contact with her or with anything she had touched, should be immunized. Constable Rick Hodgson, OPP, had charged McKenzie with having liquor in a place other than his residence when he stopped the vehicle to investigate a faulty headlight. McKenzie pleaded guilty to the charge and was fined $14.30 or 3 days in jail.

Gerard McDonald of Morrisburg was fined $100 and costs or seven days in jail when he pleaded guilty to a charge of driving on Highway 31 while his ability to drive was impaired by alcohol. Cst. Hodgson testified that while on routine patrol at 1.30 a.m. on Saturday, Mar. 7, the car driven by McDonald met his cruiser and he was forced to "take evasive action" to avoid a collision. The erratically driven car was followed and stopped at the Shell service station, in the police village of Williamsburg. The driver showed evidence of impairment.

Bruce Tracey of Williamsburg Township and Stanley Clare Welsh of Morrisburg, both pleaded guilty to travelling at speeds up to 55 miles per hour in the 30 mile zone of Highway 31. They were fined $28.50 or five days in jail. Welsh, who is suffering from a broken leg and unable to work, was given six weeks to pay.

Barkley Livingstone of Scarboro was fined $18.50 or three days in jail for exceeding the speed limit on Highway No. 2.

Jogging Around

By The Editor

AN IMPRESSIVE RECORD

In more than a thousand communities across Canada, women of all ages work together under the Women's Work Committee of the Canadian Red Cross to produce more than 325,000 articles for disaster relief every year.

In numerous homes, Red Cross Workrooms, churches and halls, these devoted volunteers knit and sew the essential items of clothing, and bedding so necessary for the preservation of human life in a disaster area.

When disaster strikes, the Canadian Red Cross is able to answer the call for help because these women are so reliable. They work steadily and faithfully during the year, and as a result, an emergency supply of relief clothing and bedding is always in readiness for the day that it is needed in a hurry. There is always an emergency supply on hand. As soon as the supply has been depleted by an urgent call for help from a disaster area, it is only a short time before a reserve is built up once more in readiness for the next appeal.

In addition to the emergency relief supplies held here in Canada, the Canadian Red Cross stores supplies in the warehouses of the League of Red Cross Societies in Switzerland and in France at the ports of Le Havre and Marseilles. Storage in these three depots facilitates a quick response to calls for help in Europe, Africa and the Middle East.

The Women's Work Committee also supplies the Red Cross Blood Transfusion Service with gauze swabs and wipes. These are produced at the rate of about 6 million per year and result in a saving to the Red Cross of about $36,000.

The ladies of the Women's Work Committee of the Canadian Red Cross Society have worked hard. An impressive 24- year record shows that they produced 39,000,000 articles of clothing and bedding for disaster and war relief and 71,000,000 dressings for the Blood Transfusion Service.

These figures represent a phenominal amount of work, which, if not performed by volunteers would have cost at least three times as much money.

The volunteer women of the Red Cross Women's Work Committee come from all walks of life. Their skills help to make our dollar go farther.

Most of us have neither the time nor the ability to knit and sew for the Red Cross. We can, however, share in this needed work by giving our dollars to help purchase the raw materials so that the Red Cross can continue to supply the needs of disaster victims the world over.

March is Red Cross month in Canada. Give generously when the Red Cross canvasser calls on you.

TEN REASONS WHY I SWEAR

Have you ever pondered upon the penchant of the modern child (and the modern adults whom they emulate) to use cuss words, obscenities and other expressions to substitute for the Queen's English?

The following bit of satire recently appeared under the title "Ten Reasons Why I swear":

1. It pleases my family so much.
2. It is a fine mark of manliness.
3. It proves that I have a lot of self-control.
4. It indicates how clearly my mind operates.
5. It makes my conversation so pleasing to everyone.
6. It leaves no doubt in anyone's mind as to my good breeding.
7. It impresses people that I have more than an ordinary education.
8. It is an unmistakeable sign of culture and refinement.
9. It makes me a very desirable personality among children and in respectable society.
10. It is my way of honoring God, Who said, "Thou shalt not take the name of the Lord thy God in vain".

☼

Second reading of a bill to relax Lord's day legislation in Nova Scotia received second reading this week in the Legislature of that province. The bill would permit Sunday sports, movies and other entertainment and limited merchandising by small stores. However, these activities could only be carried out after 2 p.m.

☼

The law says you must not apply your brakes on a curve. But that sn't a man-made law. It's the natural law of centrifugal force, which works to skid your car outwards, whenevr you take a corner. Braking on a curve greatly increases the danger of control. "Brake on the straight", says the Ontario Safety League.

ODDFELLOWS FROM BRINSTON VISIT OTTAWA

On Tuesday, March 3rd, Connaught Lodge No. 440, IOOF, of Brinston, visited Rockcliffe Lodge 278, Ottawa.

The Second Degree team conferred degree on several candidates Brothers taking part in Degree were Caryl Cooper, Lorne Strader, Gordon Cooper, Raymond Smail, John Bell, James Gilmour, Lloyd Brinston, Harold Miller, Gerald Munro, Wilfred Cooper, Lyle Mellan, Glen Johnson, Rae Banford and Dale Hutt.

Music was furnished by Brothers Percy Robertson and Tom Anderson.

Brother Raymond Smail, Noble Grand of Connaught Lodge, thanked Rockcliffe Lodge for the lovely supper served after the meeting.

UNITED COUNTIES' SEED FAIR HELD AT MAXVILLE

The United Counties' Seed Fair, sponsored by the Soil and Crop Improvement Associations of Stormont, Dundas and Glengarry, was held in Maxville, on March 10th and 11th. Entries in grain and seeds were the fewest on record, but there was a good hay and silage show.

Grand Champion exhibit of the show was judged to be the hay entry of Angus and Carl Smith, Chesterville. The Smiths were awarded the Elmpson-Sears Trophy, while the T. Eaton Trophy for the most points won at the show went to Myles McMillan, Dalkeith.

The Smiths were winners in two hay classes and Wm. Whittaker, Williamsburg, also received a first prize on a second-cut hay entry.

The "Wingless Wonder" of the RCAF Retires . . .

The Lancaster's retirement from RCAF service is being marked by due ceremony and this is as it should be. But what of the men who flew the four-engine heavy bomber on operations during the Second World War?

Many of these gallant men died with their aircraft in the skies of Europe. Many more retired from the service when the war was ended and still others stayed in the RCAF. Like the Lancs they flew, many of those who stayed on are now reachieng the age for retirement and gradually, quietly they are leaving the service.

One man who starts severance leave a few days before April 1, the day of the last Lancaster's official retirement, is Flight Lieuten ant John A. Loftus, DFC, CD, of the RCAF's Photographic Establishment at Rockcliffe on the eastern outskirts of Ottawa. Flt. Lieut Loftus deserves a special mention for he is the only man in the RCAF who wears the Distinguished Flying Cross but doesn't have an aircrew badge. The chances are quite strong that he's the only member of any of the Royal Air Forces to be so unique.

The following citation, which appeared in the London Gazette of September 1945 tells the story:

"In his special duties as cine camera operator, F/L Loftus has done much valuable work providing records of some of the attacks against such heavily defended targets as Konigsberg, Brunswick and Karlsruhe. He also filmed the sink ing of the German battleship Tirpitz. In December 1944, during an attack against Brunswick, in spite of difficulties caused by severe icing, he obtained on outstanding photo record of the attack. During his operational career F/L Loftus has shown the utmost enthusiasm and his outstanding skill and determination enabled him to bring back first rate films, in spite of adverse weather and intense oppos ition from the enemy's defences".

F/L Loftus didn't join the RCAF with the aim of becoming aircrew and he certainly had no dreams of ever being rewarded for gallantry in the air. He enrolled in May 1937 as a photographer and, after cine training with the "March of Time" studios in New York, went to Britain in 1942 on public relations duties. As one of the RCAF's first two movie makers he did a stint o ffilming Canada's men and women at war in the U. K. Theatre and then moved on to cover operations in North Africa.

That was in January 1943. Nine months later, debilitated by dysentery, he returned to Britain. It was then, while in London on sick leave, that he met up with some members of the RAF's Operational Film Unit (OFU).

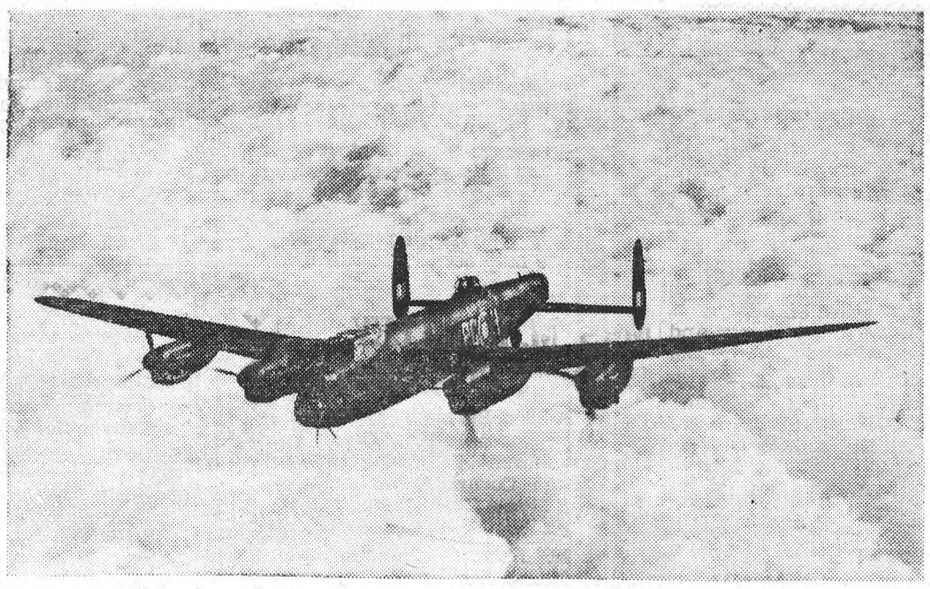
Seeing a chance for something new in the way of photography, and welcomed because of his experience behind the lens, he had little difficulty in getting himself attached to the OFU. In fact, there was only one snag. He needed to take an aircrew course of some kind so as to be able to fill in for a crewman who might be disabled and also for the sake of looking, and feeling, a little more legitimate if the worst came to the worst, and he got shot down over enemy territory.

He took the air gunner course at Pembrey in South Wales from March to April 1944 and, passing this, he sought to make the single wing legal. He applied to RCAF Overseas Headquarters for recognition as aircrew but to his dismay found he'd have to go through the whole selection routine. Knowing he was a borderline colour case, he decided to lavee well enough alone and press on with the film unit.

Choosing Bomber Command as his sphere of operations because it promised more activity per trip, he was assigned immediately to Waddington, in Lincolnshire. Here he met the crews of two Australian squadrons: 463 under W/C Bill Forbes, DFC; and 467 under W/C (now G/C) Bill Brill, DSO, DFC. As of that day Flight Lieutenant John A. Loftus, RCAF, disappeared completely and was replaced by a character known only, and quite appropriately, as "Fofty".

The Lancs for cine photo work were specially modified and manned. The death-dealing barrels of the front turret's two Browning 303 machine guns were replaced by the less lethal and far less protective armament of two Bell and Howell 35 mm. cine cameras. A second camera position was set up just aft of the mid-upper turret where a hole was made in the floor for one 35-mm camera while another was set into the door of the starboard side.

In spite of carrying the added cine equipment and two camera operators, the photographic Lancs also carried a normal bomb load and the usual crew of seven. Loss of some armament and the increase in weight were, however, nothing compared to the fact that the camera Lancs were always among the first to go in and the last to come out from the target. Their run was usually made at lower lev el so that they could cover the laying of position markers and, after making their own drop, they stayed in the target area orbitting and filming until the last of the raiders had come and gone. Flying crews selected for camera bombers were all volunteers. After the usual 30-mission tour they stayed on without a rest for 15 more trips.



THE LANCASTER HEAVY BOMBER

One of the most notable of Lofty's jobs was filming the attacks on the Tirpitz. This took three long trips. The first made on Sept. 11, 1944 from a base near Archangel in Northern Russia, lasted 14 hours and 30 minutes but was abortive because cloud and smoke screen covered Alten Fiord. Next was a 14 hour and 15 minute operation on Oct. 29 from Lossiemouth, Scotland, when the Tirpitz moved to Tromsoe Island, was again saved by an inrolling blanket of cloud. The operation that turned the trick took place on November 12, 1944 and lasted 13 hours and 50 minutes. Those who watched the sinking of the Tirpitz in the recent television film series "Canada at War" sa wsome of Lofty's work.

Strangely enough, on his last trip, "Lofty" was just along for the ride. There was no camera rec ord required of the attack they were making on the Mitland canal in the Hanover region. It was on Feb. 21, 1945, his 22nd trip, and he was filling in as front gunner with a differtn crew. The pilot, W/C Forbes, DFC, Officer Commonding 463 Squadron, was returning from the target at 7,000 feet when the Lanc was attacked from low astern by a night fighter. On the first pass they were hit and the wireless operator was killed. The night fighter made a second pass and knocked out both inner motors and set fire to port and starboard fuel tanks. The Lanc lost height rapidly but the skipper held the aircraft steady whi one after the other, those that could bailed out. Lofty barely had time two 'chute oscillations before he hit a tree and saw the Lanc nose down as the skipper left the controls in an unsuccessmul attempt to get out. The mid-upper gunner also failed to get out and was lost in the crash.

Lofty landed near Lingen, close to the Dutch border and, after lying low for a day, was captured by two Volksturm guards after curfew the following evening.

Imprisoned first at Nurnberg with remaining crew members and others of his adopted squadron, h eeventually wound up in Moosberg, a 6-days' march away, and remained there until liberated by the 14th Armored Division of Patton's 3rd Army early in May 1945.

Repatriated the following July, F/L Loftus returned to the Photographic Establishment at RCAF Station Rockcliffe. It was from there that he was called to attend the investiture at Rideau Hall to receive the DFC from the Governor General, the Earl of Athlone, in the fall of 1946. It was also while at Rockcliffe that he was persuaded that the air gunner's wing he had been wearing was not legal, and took it down.

In the years since the end of the war F/L Loftus has filmed many and varied photographic assignments for the RCAF. His last position has been as technical services officer at the Air Force's Photographic Establishment at Rockcliffe, the unit at which he first served after enlisting in 1937.

The passing of the Lancaster from RCAF service will call up vivid memories for the many who flew these sturdy aircraft on flak-buffeted operations. But among those who do look back as the Lanc retires there will be one for whom the event has special significance. He is Flight Lieutenant John A. Loftus, DFC, CD; the man who started his service career as a run-of-the-mill photographer, became the service's first operational movie-maker and its only non-aircrew member to win the Distinguished Flying Cross.

BRINSTON

Mr. and Mrs. Harvey Wells of Cardinal were Wednesday dinner guests of Mr. and Mrs. Robert Stephenson.

Mrs. Docia Strader has returned home after a few months in Ottawa.

Our sympathy is extended to the family and the friends of the late Mrs. Everett Strader, who passed away recently in the Winchester Hospital.

Mrs. Pearl Murdock, Saskatoon, was a visitor of Mr. and Mrs. Andy Cooper and family.

Mr. Fred Dafoe of Gallingertown was an overnight visitor on Friday of Mr. and Mrs. Robert Stephenson and family.

Mrs. Rae McMillan and baby of Winchester Springs were Saturday guests of her brother, Mr. and Mrs. John Francis.

Mr. and Mrs. Robert Stephenson and family were Sunday supper guests of Mr. and Mrs. Raymond Dafoe of Ingleside.

Federal civil servants may draw a retirement pension equal to 70 per cent of earnings (up to $5,040 a year) in their six highest-pay years; the rate of pension contributions is 6.5 per cent of salary, with a matching contribution from the government.

HALF LOAD RESTRICTIONS

Users of commercial vehicles are requested to take note that half load restrictions will be enforced on all county roads in the United Counties of Stormont, Dundas and Glengarry, as of March 9, 1964.

Persons contravening this regulation will be prosecuted under Section 54 of The Highway Traffic Act, R.S.O., 1960.

ADOPTION OPPORTUNITIES

Many fine happy children are in the care of Ontario's Children's Aid Societies. Boys and girls are available for adoption. They need new mothers and fathers who will accept them as their own.

FOR PROTESTANT FAMILIES

BRYCE is a clean cut and pleasant looking lad. The type of son to be proud of. He has hazel eyes, brown hair and a clear complexion. He had a heart ailment, but now can lead a normal life. He plays on a hockey team and is a keen sportsman. He is an excellent student and would like to be a lawyer. Bryce is in Grade 10 at 14 years of age. This boy wishes to belong to a family. If you are an older couple you would be most fortunate in becoming Bryce's parents.

NOREEN is a 15 months old Protestant baby with a relaxed, good-natured temperament. She is a bright and attractive baby with brown eyes and hair and some Negroid facial features, from her Canadian and coloured ancestry. Noreen likes other children and would fit into a warm-hearted family setting.

SARA is a petite well built Protestant girl with brown eyes and hair, and of nice appearance. She has good intelligence and is vivacious and outgoing. Her nationality is Greek and she is 12 years old. This girl needs warmth and attention from older Protestant parents. Are you the parents for this attractive 12 year old girl?

MARGOT is a Protestant Anglo-Saxon and Dutch girl of 2½ years. She is slight and dainty with blue eyes and curly brown hair. She has fine, even features and is very attractive looking. The pupil of one eye is slightly enlarged, but this does not affect her sight or detract from her appearance. Her intelligence is high and she is active, independent and temperamental. There is a history of mental illness in her background and the couple adopting this child must be aware of this.

FOR CATHOLIC FAMILIES

TOM is an active, alert baby of four months who is developing well. He has brown eyes and hair with an olive complexion. He is Anglo-Saxon and Peruvian Indian. This young Roman Catholic lad will need bright parents to keep up with him in the years ahead.

CORA has an attractive, slightly oriental appearance, and is a lovely Roman Catholic baby of 20 months. She is a happy, good-natured little girl with dark eyes and hair and a clear complexion. Very little is known about Cora's background, but she is developing at a good average rate.

ALFRED is a contented, happy Canadian Roman Catholic boy of 1½ years. He is a sensitive lad and would be unhappy with aggressive, noisy parents. Al is a healthy boy with good mental ability and an unassuming manner. He would like quiet, gentle parents.

TIMMY is a dear little, Roman Catholic Dutch boy of 16 months. He has brown eyes and hair and a round face with an alert expression. He is a bright boy interested in everything around him. Timmy would be happy to be adopted now.

Married couples, interested in adopting these or other children, ask your local Children's Aid Society, or write to:

Local and General

Mrs. Durham Wells received word on Wednesday, March 18th, that her cousin, Mrs. Tom Flood, had passed away. She was the daughter of the late Patrick Jordan of Chesterville, and well known to a number of friends in Morrisburg.

Mrs. Max Meyer of R. R. 3, Williamsburg was a lucky winner on the IGA "I Give Away" program on CFRA recently. Answering the quiz question and having the bonus brand entitled her to an award of 100,000 Gold BondStamps.Inaddition to Mrs. Meyer's prize, a watch was awarded to Barclay's IGA in Williamsburg, where the lucky lady does her grocery shopping.

BORN—At Winchester Memorial Hospital, on Sunday, March 15, to Mr. and Mrs. Bert Tippins of Morrisburg, a son.

Atorney General Fred Cass said Tuesday that persons whose occupation puts them in a possible conflict of interest position in regard to the public won't be appointed commissioners to take oaths. Speaking in the Legislature, he listed mortgage brokers, insurance adjustors, funeral directors, real estate brokers and others in similar occupations, as persons who won't get appointments.

The Canadian coastal services ship Simcoe is on her maiden voyage up the St. Lawrence River to Kingston. Next week, on her return trip, the Simcoe will set buoys and navigation lights in preparation for the April 10 opening of the St. Lawrence Seaway. The river is clear of ice and the Simcoe has encountered no difficulty so far. Her sister the Grenville, is expected to leave Prescott shortly for a similar trip downstream.

Mrs. Charles Mooney of Sarnia, spent ten days recently with her parents, Mr. and Mrs. Ed. Jones.

ST. PATRICK'S DAY MARKED WITH SCHOOL CONCERT

Irish songs, dances, skits and dialogues were featured at the St. Patrick's Concert held at St. Mary's Separate School, Morrisburg Monday night. The highlight of the occasion was a play "Bridget Takes a Job", presented by the senior girls: Bonnie Laurin, Rosemary Coligan, Rosemary Laurin, Anne Locke, Anna Habraken, Linda Trudeau, Patty Farrell and Bonnie Decareau. Billy Gale, Billy Hoenselaar, Gary Gale and Leonard English presented an interesting skit entitled "Music and Other Troubles".

Hilariously amusing was the St. Mary's version of The Beatles, known as "The Bugs". Performers were Donald Harrington, Daniel Paquette, Brian McNairn, Arnold Centen, Allan Brunt and Gary Snyder. Rosemary Laurins "Sword Dance" and another dance where she was supported by Anne Locke, were outstandingly well performed.

Rev. D. W. MacDonald was chairman for the occasion and Donald Harrington delivered the speech of welcome. Mrs. Jane Graham, music teacher, was pianist.

On Tuesday, March 17th a St, Patrick's tea and sale, sponsored by the C. W. L. was held in the auditorium of the school. The lace covered tea table was centered with an arrangement of spring flowers.

Presiding at the tea table were: Mrs. Ron Blackburn, Mrs. Joseph Belefeuille, Mrs. Hotson Meikle and Mrs. Lorne Laurie. Servitors were Mrs. Wm. Allison, Mrs. Keith Smith Mrs. Y. McDermott, Mrs. Arthur Flynn and Miss Ann May Flood, with assistance from Mrs. Arthur Boulerice, Mrs. Rheal Billette and Mrs. Peter VanMoorsel.

Convening the food table were Mrs. Ed Cornell, Mrs. Gerry Harrington and Mrs. Harry Locke. Mrs. Jack Owen and Mrs. Borden Clarke convened the candy centre, while Mrs. Alex McLaren and Mrs. J. R. Coligan conducted fancy work and white elephant displays.

Wendy Johnston of Mariatown was winner of the beautifully decorated Easter cake donated by Miss Sadie Dillen and raffled for the occasion.

To wind up the St. Patrick's Day fun was a bingo held in the hall Tuesday evening. Perhaps the happiest "Irishman" in this part of Dundas was Mrs. Wilfrid Haggarty of Iroquois, who was the winner of the "jackpot" game for $135.00.

DEPARTMENT OF LANDS AND FORESTS

WEEKLY REPORT

1963 DEER HUNT RECORDS
By N. D. Patrick, Fish and Wildlife Supervisor

R. Belanger, Wildlife Management Officer for the district, has just completed compiling data collected for the deer hunt last fall, and some very interesting information has been obtained. Hunting success was down a bit but generally speaking, the deer population was good in most of the district. Reports from 1,766 hunters showed a kill of 472 deer for a hunter success of 26.7 per cent.

Of greater interest, however, is the data that is beginning to come out of the deer age information. With six or more years of data available, we can now follow a single year's fawn crop through the herd and obtain population figures that will lead to a more thorough understanding of the herd. For example, in 1959, we sampled 223 fawns, which made up 35 per cent of the kill that year. In 1960, these animals were 1 1/2 years old and our sample contained 150 of them (38 per cent of the herd). In 1961, 1962 and 1963, we sampled 83, 101, and 35 of them as 2 1/2 years old, 3 1/2 years old and 4 1/2 years old, and by last fall (1963) this age group made up only 11 per cent of the herd sample. Altogether, we have checked 592 animals from the fawn crop produced in 1959.

As this data is further analyzed, it is hoped that we will be able to obtain good figures on reproductive rates, mortality rates and population estimates. Good information on the herd is a must if we are going to manage it properly and it appears that we are finally reaching the stage where this information is available.

☼

HOW ABOUT THIS WEATHER?
(Anonymous)

It has been a wonderful winter to date for most people and the almost daily greeting "Beautiful day, isn't it?" leads one to believe that all is well. It seems almost heresy to wish for nasty, wet, snowy weather, but— What about the water situation? With all of the snow nearly gone, there will be little water for the spring freshet. An exceptionally dry summer last year left ground water at low levels and we haven't had enough precipitation to offset this. Will we be plagued with low water levels and a serious fire hazard next summer?

How will low water levels affect the spawning runs of pickerel and pike? Will their normal spawning grounds by inaccessible in some areas?

Will we get above normal precipitation over the next few months, and, if so, will this result in poor reproduction of grouse and partridge? Deer are having a fairly easy time sscaping from dogs running at large because of the lack of snow and the losses of deer will likely be lighter this year — that is, unless we get a heavy fall of snow during the next few weeks.

You help protect the driver behind you when you keep well back from the car ahead. But the driver behind, says the Ontario Safety League, is liable to start punching his horn to show his indignation at this treatment.

REGULAR MEETING OF HORTICULTURAL SOCIETY

E. K. Pearson, Agricultural Representative for Dundas County was guest speaker at the March meeting of Morrisburg Horticultural Society held Tuesday in Morrisburg Civic Centre. Mr. Pearson spoke on "Soil and its Preparation" and presented a film "The Life of the Soil".

Mr. Pearson explained that often in flower gardens and small vegetable gardens, if commercial fertilizer is used too extensively, burning of roots and small plants at the surface may occurr. He warned his listeners not to exceed 10 to 20 pounds of this fertilizer per 1,000 square feet. He recommended a 5 per cent nitrogen, 10 percent phosphate and 13 percent potash mixture. This should be scattered prior to digging or plowing. Natural fertilizer with its quantity of plant food, is by far the best fertilizer for satisfactory results.

The speaker described a simple method of making a small compost pile. He also discussed steps in the successful growing of seedlings and gave the address for a free bulletin entitled "Plant Growing Practises". Bulletin Information Division, Canadian Department of Agriculture, Ottawa.

The speaker was thanked by Mrs. George H. Smith. Mrs. Lorne Kinkaid was winner of the door prize. Next meeting will be Tuesday, April 21, when the subject to be discussed will be "Insecticides and Pesticides".

Electrical service is now available to 95 percent of the farms in Ontario, including thousands in remote areas.

MRS. M. BARKLEY DIED AT CORNWALL

Mrs. Melvin Barkley, a former well known area resident, died on Monday, March 9th at Glen-Stor-Dun Lodge Cornwall, following a four-day illness. She was in her 81st year.

Born at Clarence, Ontario, the former Nettie Evelyn Willard was a daughter of the late Mr. and Mrs. James Willard. In August 1898 she married Melvin Barkley of Elma, who predeceased her in 1946.

A member of the United Church, she had been active in the United Church Women's organization. She leaves to mourn four sons: Charles of Brockville, Anson of Toronto; Willard of Toronto; and Harry, of Beaver Lodge, Alta. and five daughters: Mrs. Jack Mallory (Jessie) of Madrid, N.Y.; Mrs. Arthur Baker (Lottie) of Williamsburg; Mrs. Dwight Perrault (Grace) and Mrs. Clifford Swertfeger (Ruth), both of Brockville and Mrs. Millie Cudahy of Jefferson, Iowa. She is survived by 28 grandchildren, 30 great grandchildren and 3 great, great grandchildren.

Funeral service was conducted on Thursday, March 12 at Williamsburg United Church, with Rev. Welwood Adam officiating. Burial was in Williamsburg cemetery.

Pall bearers were: Graham Hess, Donald Hess, Lorne Barkley, Bernard Whitteker, Hugh Beachley and Frank Whitteker.

The very many floral tributes and messages of sympathy received, testified to the high esteem in which Mrs. Barkley was held.

"Got the order, got a bank loan – we're all set"

When a businessman wins an order or contract, he knows he can turn to his local bank for financial assistance. A loan may be needed for one or more reasons—to lay in a supply of raw materials, to buy new equipment, to meet a payroll, or to cover other costs until the firm receives payment for its products or services.

With bank credit, companies large and small can take on projects they couldn't handle if they had to depend on their own financial resources. Moreover, the chartered banks have steadily widened the scope of their commercial lending to serve new or expanded short-term needs. Every day, local bank managers are lending to producers, manufacturers, farmers, retailers and others, to help them develop opportunities, meet competition, keep men and machines busy.

Commercial loans are one of many essential services your local bank provides, to the benefit of everyone in the community.

THE CHARTERED BANKS SERVING YOUR COMMUNITY
through full-range banking responsive to growing, changing needs

HYDRO HAS NO PLANS FOR DAM IN NIAGARA RIVER

Ontario Hydro has no plans to build a power dam across the Niagara River below the Falls, Chairman W. Ross Strike said this week.

"Uunfortunately, a report that Hydro is considering such a project has received wide circulation throughout the province and already local criticism is being directed at us for suggesting such a thing", Mr. Strike said.

"I should like to make it absolutely clear that Ontario Hydro has no plans for a dam across the Niagara River, nor have we embarked on any studies to develop them", he said.

Mr. Strike said that Robert Boyer, Hydro's 2nd vice-chairman had planned to discuss the idea in his report on Hydro to the Ontario Legislature, since it was first raised by George Bukator, MPP, Niagara Falls in a speech on February 26th.

"However the misconception that this is a proposal by Ontario Hydro has grown to such proportions over the week end that is obviously should be corrected immediately".

Mr. Strike said that Hydro and the Power Authority of the State of New York are building a hydraulic model to study ice build-up in the Niagara River below the Falls which cause problems each year.

"The idea of a dam across the Niagara River has been around for a long time. It appears that mention of it in the Legislature, combined with the fact that we are building a model of the river for engineering studies, resulted in the conclusion that Hydro has plans for such a development. We have none," Mr. Strike said.

He said Mr. Boyer would elaborate on Hydro's position in his annual report to the legislature.

☼

EXCERPTS FROM MR. GEORGE BUKATOR'S SPEECH . . . .

"I believe that at a point just before the power houses both on the American and Canadian falls, they could build a dam and tilize that water continuously. Without diverting it off the Niagara, you could bring it back almost to its natural state.

". . . . I know there will be a lot of people in Niagara Falls believe that their member has sold them out by talking about another power house. But if the power house is built down in the Queenston area . . . . the waters will come back again to almost their natural state. I do not think anyone would have anything to complain about.

"If the engineers of Hydro take this dream . . . and I am sorry to tell you that it is not mine; there were other people who said this in the past . . . and develop this power house and put people to work, then I would think that this government would be fair enough to say that at least in the Legislature the member for Niagara Falls, sir, even though he is in the Opposition, brought this about'.

HYDRO BONSPIEL LAS TSATURDAY

O. S. Luney of Ottawa presented the Luney Trophy to Gary Livock's Vankleek Hill curlers at the Ontario Hydro Bonspiel held Saturday at Morrisburg Curling Rink. Members of the winning rink were Don Folkhard, George Watson and Garnet MacDougal. Mr. Luney is the retired regional manager for Ontario Hydro.

A Cornwall team from Saunders Generating Station were two-game high winners: Larry Monette, skip, with H. Hoff, Bill Crooks and Don Robertson.

The one-game high winning rink came from Winchester: Clark Curtis, skip, Glen Vasey, Elliott Rushton and Don Morrow.

Rinks from 12 Hydro centres participated.

NOTICE

Pursuant to a resolution of Council March 2nd, 1964,

FRIDAY, MARCH 27TH

GOOD FRIDAY

IS HEREBY DECLARED A HOLIDAY

in the Village of Morrisburg.

Signed: **F. A. HILL,**

REEVE.

April 7 Is World Health Day

"No Truce for Tuberculosis"
Theme for 1964

This Mexican girl takes her BCG shot with all seriousness. For she knows it wards off a serious menace to her good health — tuberculosis.

But round the world today, there are 15 million others of all ages who are less lucky than she is. They lacked protection, and hence suffer from TB.

Even worse, there are two million who die from the disease, and three million who fall victim to it yearly.

Yet, to begin to save lives and stave off suffering, it takes a simple first step, the detection of TB — early. Even before pulmonary TB, the disease's most common form, becomes pronounced, an x-ray can spot its first tell-tale shadow on a lung.

On a treatment of wonder drugs, such as streptomycin, PAS, and INH, plus rest, the sufferer can recover normal health — a cure not possible only 20 years ago — and return to normal life.

And just as important TB can be prevented. One way of doing so is with BCG vaccines, the case of the girl here.

It is to call world attention to this major health problem that the World Health Organization chose "No Truce for Tuberculosis" as the theme for observance April 7 of World Health Day, the 16th anniversary of its founding.

According to Dr. M. G. Candau, WHO Director-General, in some of the world's less developed areas, up to 70 per cent of children under 14 are infected with the tubercule bacilli. The disease will be eliminated as a public health threat when the figure is less than one per cent.

"Not a single country in the world satisfies this condition today," he says.

"Yet for the first time in man's history, we possess weapons with which to fight tuberculosis. It is thus the duty of every national health service to join in the world-wide drive to conquer this scourge."

Report on Canada's
Parliament . .

—By Mrs. Jean Casselman, M.P.—

There are many Members of Parliament who do not write reports from Parliament Hill for one reason or another. A reason that I can not understand is a professed lack of something to write about. Far from a difficulty in finding such subjects, my difficulty is in leaving out so many interesting subjects each week.

Of much interest to all Members of Parliament has been the debate this week on redistribution. In spite of a reference to non-partisanship by most of the speakers, there is the heaviest current of politics and party interests running all through this question. It is only obvious that each party would like to see the redistribution handled in a manner most helpful to itself. Likewise, most Members would like to see their own Riding made easier to serve and easier to win.

Knowing the districts of Canada, and the personal feelings of most of the Members, their words usually come through with a great deal of personal and political prejudice however much, and sometimes sincerely, they avowed themselves. One rather admirable young Member seemed to be an exception to this rule. Reid Scott from Toronto's Danforth, spoke his mind frankly. For this he received jibes from both the Liberals and Conservatives. They ridiculed him for being so non-political and appearing to care more for city voters than rural voters, a stance which would do his Party no good in the imminent Saskatchewan election. Mr. Scott took these taunts with an unamused, uninterested face. He is an alert modern young man who probably realizes that popularity will not always rest on the super-political positions taken by politicians in the past, that people generally are anxious to hear the truth as sincerely and clearly as the speaker can state it.

Amongst the several points that he covered, he concluded with some very interesting figures, substantiataing why the Canadian Parliament should not be increased in number of seats. He said . . . "Finally, I wish to suggest that no increase in the number of seats in this House would be warranted. Already, per capita, we have the largest or nearly the largest Parliament on earth. The average number of electors to be represented in the Canadian Parliamnt will be about 68,000. Perhaps Hon. Members would be interested in a few comparable figures: A Member of Parliament represents in:

Britain, 85,000.
United States, 437,000.
Australia, 90,000.
West Germany, 108,000.
France, 74,000.
Italy, 80,000.
India, 880,000.
Japan, 208,000.
Netherlands, 80,000.
Soviet Union, 198,000.
Mexico, 215,000.

This is the young man who has voted independently with the Government on the basis that the country could not afford an election at this time, the issues are not ripe for the voters' decisions, and that this Government should get on with the work at hand. His independent thinking is based on a good legal education and service as a member of the Provincial Legislature. I hear respectful comments on him and his work from the most observant and experienced journalists in the Press Gallery. They not only have noticed him, but await his comments with interest, knowing they are based on his own personal thought and study, not second hand nor undly influenced. I have heard public comments on his attractive personality on television. Whatever the future of the Socialists, the New Democratic Party with whom he now sits here is a young man to watch.

THE BANK OF NOVA SCOTIA

WILLIAMSBURG

Mrs. Guy Strader spent a few days in Toronto with Mr. and Mrs. Ward Kennedy.

Mrs. Stella O'Shaughnessy of Ottawa spent the week end with Mr. and Mrs. Ross Wingard.

Mrs. Glen Ferguson of Athens spent Wednesday with her parents Mr. and Mrs. W. E. Trickey.

Mr. E. P. Hall of Montreal had supper with the McGowans and Kehoes on Tuesday evening.

Mr. and Mrs. Arden Trickey and Anne spent Sunday with Mr. and Mrs. Harold Faulkner at Morewood

Mr. and Mrs. Garnet Casselman of Ottawa and Mrs. Vaughn Smith of Toronto visited Mr. and Mrs. Grant M. Casselman on Sunday. Mrs. Smith is moving to Calgary in the near future.

Mr. and Mrs. Doug. Barclay have returned home after a holiday at the Elbow Beach Surf Club in Bermuda.

Many friends in the Williamsburg area will learn with regret of the death of Mrs. Bertha Miller Burdick, which occurred recently at Lewis County General Hospital at the age of 84. Some years ago, Mrs. Burdick had spent considerable time in this area, where she was highly esteemed by all who knew her. Since 1949 she had resided at Lowville, N.Y. Funeral services were held at the Virkler Funeral Home, with interment in Lowville Rural Cemetery.

REPORT FROM THE ONT. LEGISLATURE

—By Hon F. M. Cass—

As in Ottawa, so in Toronto, the battle of words continued during the 9th week of the 1964 legislative session. Budget debate speeches, Committee meetings, introduction of new laws and departmental estimates proceeded throughout. In the latter category, the Departments of Civil Service, of Public Works and of the Provincial Secretary and Minister of Citizenship were completed. For three days the debate raged over the estimates of the Department of Reform Institutions. There is always much said each year on these estimates as, while Ontario is far in the lead in its treatment and rehabilitation of offenders, there are as many ideas for change and improvement as there are Members interested in this ever present social problem.

On the tobacco front, Minister of Agriculture Stewart appeared to have been successful in his negotiations for a peaceful re-opening of the Tobacco Board auctions in Western Ontario thus assuring disposal of most of the 1963 crop, as yet unsold. There continued during the week much publicity in the matter of hospital deaths, coroners and inquests, with another one in Western Ontario in which a surgical clamp found during the autopsy was reported.

What with these items, used car frauds, interest rate and credit troubles, police policy matters and several other similar matters of great public interest, your Member, as Attorney General, has been having a busy time.

The annual Legislative Press Gallery Follies on the Thursday night was the highlight of the week. It is during this annual event that the Press boys in song and verse and skit produce their view of the Ministers and Members of the House. The 1964 production sprinkled with lampooning of the Prime Minister and most of his Ministers of Members of the Liberal Party considered aspirants for Party Leadership, and of the more colourful private Members of the House, was both enjoyable and in the best tradition of Press license on such occasions.

The last of the year's crop of Private Bills were processed by the Committee on Private Bills and reported to the House. The Committee on Commissions continued its probing of the operations of Provincial Commissions and Boards to assure the Members and the public that these administration boards were performing their alloted tasks

On the Wednesday night the Attorney General had the pleasure of being guest speaker at the 5th Annual Meeting of the Salvation Army's House of Concord Hostel for young lads on probation from our courts. The meeting, presided over by Commissioner W. Wycliffe Booth, a grandson of the founder of The Salvation Army and its Commander in Canada, was a most enthusiastic and interested gathering of Army people, government officials, service club representatives and many others interested tunate young men on probation there, but most fortunate indeed, to be there rather than in reformatory. The record of this pilot project, namely, a recovery rate of 62 per cent, is most impressive and encouraging to government and interested agencies and people alike.

PRICELESS!

It's impossible to hang a price tag on this bottle of blood. Fortunately, in this country, no one ever does. Your Canadian Red Cross provides whole blood and blood products absolutely free to almost 300,000 victims of illness, accident and disaster every year. All that's ever asked is your support. The Blood Transfusion Service is one of the many ways the Red Cross serves this community, this nation and the world. Through the Red Cross your help does so much for so many.

IN MEMORIAM

SERVISS—In loving memory of a dear huband and father, Wilbur Serviss, who passed away March 25th, 1956.
We do not need a special day
To bring you to our mind.
For the days we do not think of you
Are very hard to find.
If all this world were ours to give,
We'd give it, yes, and more,
To see the face of father dear
Come smiling through the door.
—Ever remembered by his wife and family
NINA SERVISS.
12p.

BECKSTEAD—In loving memory of a dear husband and father, Ellis Ross Beckstead, who departed this life March 22nd, 1958.
Time speeds on; six years have passed
Since death its gloom, its shadows cast
Within our home, where all seemed bright,
And took from us a shining light.
We miss that light, and ever will,
His vacant place there's none can fill
Down here we mourn, but not in vain,
For up in Heaven we'll meet again.
WIFE AND FAMILY.
12c.

AULT—In loving memory of a dear daughter and sister, Mrs. Mary Ethel Ault, who passed away on March 24th, 1962.
You never failed to do your best,
Your heart was true and tender;
You worked so hard for those you loved
And left us to remember.
Resting where no shadows fall
In perfect peace you wait us all.
God will link the broken chain,
As one by one, we'll meet again.
—Sadly missed by Mother, Brothers and Sister,
PATSY HENOPHY.

MAY EXPAND PLANT OF CANADA STARCH AT CARDINAL

M. E. Fee, president of The Canada Starch Company Limited, told employees of the company's Ayr, Ont. plant on Tuesday that studies are being made to determine the desirability of transferring the Ayr operations to the company's large plant at Cardinal.

At a special meeting called for the purpose, Mr. Fee said the studies would be completed within two months and, if indicated, the transfer would occur in the late summer or early autumn of 1964. He added that there was a "good chance" that the move would take place and his purpose in discussing it now was to reduce inconvenience to employees by giving them as much advance notice as possible.

Mr. Fee noted that if operations were consolidated in Cardinal, some Ayr employees would be offered transfers, and that the company would assist employees in re-locating in other jobs. He said also that a termination pay plan would be developed for employees who remained in the operation until their services were no longer required, and that the company's chief personnel officer would discuss all details with each employee as soon as the final decision was made.

GLEN BECKER

Mr. and Mrs. George Tupper spent Friday evening with Mr. and Mrs. Lloyd McHaffie.

Visitors at Mr. Howard Saddlemire's on Sunday were Mr. and Mrs. Carl Casselman and Mrs. Greta Warning of Cornwall.

Miss Lorraine Berkley spent the week end at the home of Mr. and Mrs. P. O. Berkley and Paul.

Sorry to hear little Roseann Richmire had the misfortune to get hurt at school. She is in Winchester Hospital. Hope she will be home and well again real soon.

Miss Jean Hall of Ottawa spent the week end at her home.

Mrs. Harold Casselman and boys spent Thursday with Mr. and Mrs. Howard Saddlemire.

Mr. and Mrs. Lloyd McHaffie spent Thursday evening with Mr. and Mrs. Irwin Hall.

Here's a sombre statistical warning from the Ontario Safety League. In accidents that occur at highway speeds, the likelihood of death increases about 10 per cent for each one-mile increase in speed over 55 m.p.h. Thus, the chance of being killed is twice as great in a 65 m.p.h. crash as it is at 55 m.p.h.
