Sudden Death at Chesterville

Mr. John B. Hughes, a highly and respected resident of this place passed away very suddenly on Tuesday evening of this week at the age of 64 years. During the day he was assisting Mr. Thos. Houlehan thrashing and not feeling very well started for his residence, but collapsed before he arrived there. He only lived about an hour after he was taken sick. He leaves a widow to mourn his death. The funeral will leave his residence tomorrow (Friday) at 10.30 o'clock a. m., for Trinity Methodist church, where services will be conducted, after which interment will be made in Maple Ridge cemetery.

Oddfellows Entertainment

The Oddfellows of Chesterville Lodge, are noted for securing good talent for their entertainments. They have secured the new opera house from Messrs. Hamilton & Alford for Friday Evening, Dec 17, and have completed arrangements for the engagement of the celebrated Hulme Family of Prescott, to give an entertainment on that evening. Watch the announcement in the Record next week.

Robbed Pedlar,s Wagon.

Abraham Bronstein, a peddler, stayed at a farm house near Malloytown to spend the evening, leaving his wagon in the yard. Next morning he found that the vehicle had been broken into and no less than three fur-lined coats and one coon skin coat stolen, besides a large quantity of men's underwear. The Brockville police are working on the case

To Cure Toothache.

Search over the whole globe and you'll not find the equal of Nerviline. An aching tooth it releaves at once. Fill the cavity with batting dipped in Nerveline and rub the gums with Nerviline also. If the face is swollen and sore, bathe with Nerviline and then bind on a hot flannel. This cant fail because Nerviline kills the pain outright. Just as good for earache, neuralgia or stiff neck. A 25c. bottle of Nerviline cures the aches of the whole family. Try it.

Big Locomotive

The largest heaviest and most powerful locomotive in America was sent out a few days ago from the Angus shops, Montreal, to the West where if will be used for hauling passenger trains over the heavy grades of the Mountain section of the C. P. R. It weighs with fuel and water aboard 360 tons aud in a trial on level track it hauled 195 loaded cars from Montreal to Outremont. It has twelve drivers, six on each side and is higher longer than the other big engines on the line. When being taken west it was not propelled by its own steam but was hauled westward by a freight engine. It was given right of way over all trains.

Womens' Missionary Society Meeting

The annual thanksgiving of the W. F. M. S. of the Presbyterian church was held on Sunday night last. Though the weather was unfavorable, a good congregation assembled to enjoy this meeting. Miss McLean presented a splendid report of the year's work and noted many encouragements. Mrs. S. A. Woods delivered an address on the work of the society. After pointing out the factors in the foreign work that called for christian women's work for the heathen women, Mrs. Woods reviewed the work now carried on in India, China, Formosa Korea, New Hebrideb and among the Indians and Chinese of Canada. The organized women in the Presbyterian church in Canada gave last year the snm of about $70,000. The thank-offering amounted to $20.00, and this will be considerably augmented when all the envelopes are in. The annual meeting of the local society was held on Wednesday and the following officers were elected, viz. :—Hon.-Pres., Miss Hunmell ; Pres., Mrs. S. A. Woods ; Vice-Pres., Mrs. W. Hadden ; Sec., Miss McLean ; Treas., Mrs. W. H. Casselman ; Tidings-Sec.. Mrs. W. H. Baldrey.

Mr. Isaac Battler was killed near Plattsville, going through a bridge with a traction engine.

Chosen Friends Meet

The Chesterville council of Chosen Friends, No. 479, held their usual banquet Tuesday evening, 30th November. After their regular meeting in Kearns hall the Friends present, with their guests, met at Merkley's parlors, where tables, artistically decorated and laden with such a variety of eatables that the most fastidious appetites must be appeased, and ample justice was done the good things before the toast list, "not at all ordinary," was brought on by the chief councillor. The Chesterville council of Chosen Friends are to be congratulated on their progress. Regular meeting largely attended, and constant growth is looked forward to this season.—Com.

Sad and Sudden Death

Death came terribly sudden to Miss Orpha M. Howes, daughter of Mr and Mrs. Robert Howes, Methodist street, Winchester, on Tuesday afternoon about 4.30. The young lady who was 14 years of age, resided with her grandparents, Mr. and Mrs. Samuel Howes. She appeared to be in usual good health on Tuesday and just before she was stricken descended to the basement for an apple. On returnfng she went upstairs and lay down on the bed. Her grandmother asked her if she was ill and the girl replied, "Yes, take my hand," and then expired. A physician was hastily summoned who pronounced death due to kidney affection. The sad occurrence has cast a gloom over the neighborhood and the bereaved parents and grandparents have the heartfelt sympathy of their many friends in their sore trial. The funeral was held this afternoon at the home of the deceased grandparents, interment afterwards being made at Maple Ridge cemetery. The deceased was a pupil of the Public school here and the pallbearers were chosen from among her schoolmates. Two handsome floral were also sent from the school.—Press.

Edwards—Hutt

An interesting event took place Nov. 24th, at the home of Mr. and Mrs. J. E. Hutt, Maple Ridge, when their daughter, Miss Ruby Lenore, was united in marriage to Mr. Frederick Alfred Edwards of Winchester. The ceremony was performed by the groom's uncle, Rev. F. C. Reynolds of Montreal, assisted by the Rev. John Webster of Winchester, the wedding march being played by Miss Mabel Errington of Dundela, cousin of the bride. The bride who was gowned in amethyst satin was unattended. After a dainty luncheon, the bride and groom left on the afternoon express for Ottawa, carrying with them the best wishes of many friends for a happy and prosperous wedded career. They will reside in Winchester. The groom's gift to the bride was a pearl and peridot necklace, and to the pianiat a pearl brooch.

Gasoline Tank Explodes as Usual

Henry Dixon a young hand on Sandy Smade's farm four miles west of Prescott, will probably lose his eyesight as a result of a gasoline explosion. He was thawing out a water pipe on a gasoline engine with a torch. Thinking the fire out he went to replenish it with more from a two gallon tank which exploded. He was covered with the burning liquid and his face and neck were burned so badly that he will lose part of the flesh and the sight of one if not both eyes.

Mrs. R. A. Lundy Honored

The W. F. M. S. of Knox church, Winchester Springs, held a special meeting at the home of Mr. and Mrs. Preston McIntosh on Friday last, in honor of Mrs. R. A. Lundy, who is soon to leave for the town of Walton in Huron county. The meeting was rather in the form of a banquet. A delicious supper was spread, which was very heartily enjoyed by all after a session of singing some of the favorite missionary hymns, and a general talk over missionary work, both home and foreign. Just after the supper and before the closing Mrs. Lundy was asked to accept an address and presentation—the address consisted of words of appreciation for her deep interest in the work of the society, and words of gratitude for the influence and inspiration of her grand womanly Christian character, among its members ; also expressions of deep regret for her departure, and lastly, best wishes for her future joy and happiness and long life in the service of the Master. The presentation was a well bound bible, and two pieces of silverware. Mrs. Lundy in her usual capable manner, replied.

Old Lady Burned

Caught Fire From Stove While Alone at Kemptville

The entire community of Kemptville was shocked one day last week to learn of the death of Miss Louisa Shaver, an aged and respected resident there. Miss Shaver resides with her niece Mrs. Rutledge and was left alone in the house, there being a fire in the coal stove. In some unaccountable manner the aged lady's clothing caught fire. Her cries alarmed a neighbor woman who entered the house and called to Mr. Joshua Purcell, a carter, who was on his way to the station with his baggage wagon. This about 3.30. Mr. Purcell rushed into the house and found the place full of smoke and the unfortunate woman in flames. He smothered out the flames, Miss Shaver's clothes being burned to cinders, and wrapped in a quilt, she was laid upon a couch and Dr. Beggs summoned. The physician found that nothing could be done, save ease the pain. At 6.30 she passed away still unable to tell the story of the terrible accident which had befallen her.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop's first pointed out this error. This is why his prescription—Dr. Shoop's Restorative is directed entirely to the cause of these ailments—the weak inside or controlling nerves. It isn't so difficult says Dr. Shoops' to strenthen a weak Stomach, Heart, or Kidneys, if one goes at it correctly. Each inside organs has its controlling or inside nerve. When these nerves fail then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will promptly and surely follow. Sold by W. G. Bolster.

Medal For Young Hero

Herbert Yates, the 16-year-old Cornwall boy, who saved four companions from a watery grave in the St. Lawrence on August 28, 1909, has been awarded a medal by the Royol Humane Society. Yates' heroic action took place in the Little River, a branch of the Longue Sault Rapids. Four boys, aged from 8 to 13 years, upset a boat into the current and were carried down stream. Yates, who had only recently learned to swim, was fully dressed, but he pluckily saved the four little fellows and brought them to the boat, in which there mothers were ollowing.

Proved Beyond Doubt.

The dissapointed victims of poor Catarrh remedies should read the statemeut of J. R. Smith, of Lake Stream, N. B. In Catarrhozone he found an absolute cure and says, "Last winter my little girl of eight caught cold which lodged in her ears in the form of Catarrh. She became sick and deaf and nothing helped. By inhaling Catarrhozone she got relief and gradually the discharge went away. She was cured perfectly of Catarrh. Personally I can recommend Catarrhhozone for coughs and throat irrigation; its a wonderful medicine." Sold everywhere, 25c. and $1.00.

Given Up To Die

No. 100 George St., Sorel, Quebec.

"I suffered from womb disease for seven years, with dreadful pains over the front of the body, over the back and down the legs. I had indigestion and chronic constipation and the constipation was so bad that I went sometimes for ten to fifteen days without any action of the bowels. I was ill in bed for one whole year. At one time I was so low that everyone thought I was going to die, and the last Rites of the Church were administered to me. I was treated by six different doctors without any benefit.

MADAME JOSEPH LIRETTE

Then I got a sample of "Fruit-a-tives," but I had no faith in them at all, and I would not have taken them only my husband begged so hard for me to try them. As soon as I began to take "Fruit-a-tives" I grew better, the bloating was relieved, the sleeplessness was cured, my stomach acted, and the bowels were moved, but above all the fearful womb pains were made easier.

I have taken eighteen boxes in all and I am now perfectly well again."

A Bank Robber Caught.

St. Louis, Nov. 30.—Tom Callagher, 13 years old, captured after a wagon load of policemen had surrounded the Lafayette Bank, Broadway and Park avenue, yesterday, confessed that he, with another boy, who was acting as lookout, fled when the patrol wagon appeared. Gallagher, who had ascended to the third floor of the building in the effort to get into the bank's quarters, was captured as he came down the fire escape.

"The other boy put me up to it," said the young prisoner. "We were going past the bank to-day and he pointed to a pile of money we could see through the window, and said it would be easy to get that. Then he planned how he and I were to get it. "He made me go ahead of him, and said he would whistle if he saw anybody coming. But he never did. He just ducked."

Tattooed Human Eye.

Philadelphia, Nov. 30.—An operation never performed before in this city, and performed only a few times in the world's history, was successfully completed in a clinic at the Medico-Chirurgical College of Pharmacy by Dr. L. Webster Fox, who occupies the chair of ophthalmology.

By the use of six needles, india ink and a vegetable dye the doctor succeeded in tattooing the perfect semblance of an eye on the blind eye ball of a young girl, which was covered with an ugly white blemish.

The operation, Dr. Fox told his class, can never become a common one, as it is seldom that the eyeball of a blind person is in condition to permit tattooing work.

First Lectures In Canada.

Washington, Nov. 30.—Announcement was made yesterday by Secretary Mitchell Carroll of the Archaeological Institute of America that David G. Hogarth, M.A., curator of the Ashmelean Museum, University of Oxford, will be the first foreign lecturer under the Charles Eliot Norton Memorial Foundation, recently endowed by Jas. Loeb of New York.

Mr. Hogarth begins his lecture tour under the society's engagement at Halifax, N.S., to-night and will address a half dozen societies of the institute in Canada before coming to the United States.

American Coal Stops.

North Sydney, N.S., Nov. 30.—Coal shipments up the St. Lawrence for the season have been completed, and the imports of coal from Philadelphia by the Dominion Iron & Steel Co. have also ceased. The Dominion Coal Co. is now in a position to supply all the fuel required by the big sister industry.

Since the beginning of the strike in July about 150,000 tons of American coal have been delivered at Sydney for the Steel Co.

Dug Grave For Live Man.

Kinsale, Nov. 30.—The case of a living man having his grave dug occurred at Salem grounds this past week.

The word was sent down to Mr. Arbuckle from Mimico that a Mr. Crompton had died and to make arrangements for the funeral. Accordingly a grave was dug in Salem burial grounds and the undertaker engaged. Upon arrival at Mimico the man was found to be alive, a mistake had been made by the officials in charge.

Daughter Ran Away.

Woodstock, Nov. 30.—J. Everett of Currie's Cross, was in the city yesterday looking for his sixteen-year-old daughter, who disappeared from home last week. Everett, who is a farmer, attributes his daughter's disappearance to the influence of a hired man whom he had working for him a year ago.

One by Acclamation.

Quebec, Nov. 30.—Hon. L. E. Caron, Minister of Agriculture, was elected by acclamation in L'Islet County yesterday.

In Kamouraska, two candidates were put in nomination, Notary Dupuis, Ministerial, and Neree Morin, Independent Liberal.

Deaf Mute Was Lost Six Days

Willie Smith Had a Rough Experienc in the Woods

Buckingham, Que., Nov. 29—Willie Smith, son of Mr. Isaac Smith, who lives about fifteen miles up the river at Dodge Lake, was last week the hero of rather an unpleasant experience. Willie left home to hunt some deer that had been seen in the neighborhood. In his wanderings he lost his bearings and in spite of careful searching for tracks was lost. Wandering for six days through the woods almost perished with cold, running hither and thither in vain endeavor to find the path or road and with nothing to eat and drink save bark and snow water, he was almost exhausted when discovered by Mr. Jos. Lauzon of the Blackburn Mines, in East Templeton, seventeen miles as the crow flies from Dodge Lake. Searching parties had been out for several days hunting for the lost boy when news came from East Templeton of his discovery there. Willie is a deaf mute and after violent expressions of pleasure at the sight of home again, made signs asking who had milked the cows during his absence of six days.

Coughs that are tight, of distressing tickling coughs get quick and certain help from Dr. Shoop's Remedy. On this account Druggists everywhere are favoring Dr. Shoop's Cough Remedy. And it is entirely free from Opium, Chloroform, or any other stupefying drug. The tender leaves of a harmless lung-healing mountainous shrub give to Dr. Shoop's Cough Remedy its curatives properties. Those leaves have the power to calm the most distressing Coughs and to soothe, and heal the most sensitive bronchial membrane. Mothers shoulud for safety's sake alone always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babes. Test it once yourself and see! Sold by W. G. Bolster.

TO THE EDITOR OF THE RECORD.

DEAR SIR:—In last week's Record you give a statement of the Mexican Rubber Scheme copied from the Ottawa Citizen, which is incorrect in most all the main points, and especially the statement made about the poor farmer near Cherterville. In the first place there is no farmer near here that has taken any stock in the Pan-American Rubber Company, nor has any one taken or invested more than one thousand six hundred in shares, nor has any one mortgaged their property to put it into the said company. The whole statement about the poor farmer near Chesterville losing his farm through Hamann is as misleading and false as it can be, all the statements are incorrect about times and amounts. The price is $160 an acre and not $165 as stated in the Citizen.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion ofthe ear. Thereis only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the muscous lining of Eustachian Tube. When this tube is inflamed you have a rumbliug sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Wewill give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Cures Catarrh

Stomach dosing was found ineffective and the principle of inhalation was finally perfected. Even the Romans and Ancient Greeks used it, but not in the scientific manner that the physician prescribes today. The most wonderful results have been secured with a new treatment known as "Catarrhozone," which sends germ-destroying vapors directly into the air passages of the nose, throat, bronchial tubes, and lungs.

Rich, Pure Essences are Breathed Right to the Spots that Are Sick. Cure Follows-

Catarrhozone proves especially good in those chronic cases where mucus drops down the throat, sickens the stomach, and pollutes the breath. When the nostrils are stuffed, only a few breaths trough the inhaler are needed to clear the passages and where there is coughing and sore bronchial tubes, the soothing, healing proprieties of Catarrhozone act almost a magic.

Once you stop taking medicine into stomach and get the healing oils and pure balsams of "Catarrhozone" at work you can be sure of quick and lasting cure for nose colds, catarrh, weak lungs, bronchitis, and speaker's sore throat.

Catarrhozone

Beware of imitation. Three sizes, 25c., 50c., and $1 the latter being guaranteed. Sold by all dealers in medicine, or from the Cataarhozone Co., Kingston, Ont.

PAIN

Pain in the head—pain anywhere, has its cause Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

House of Commons,
Ottaw, Nov. 30.

The public accounts committee came in for a concerted onslaught yesterday, when Chairman Warburton presented the annual report of that body. The laying on the table of the correspondence in the dispute of Chief Engineer Hugh Lumsden and the G.T.P. contractors and arbitrators was another item of interest during the past week.

The first division took place in the House Thursday night, and resulted in a Government majority of 34. The occasion was Mr. Lancaster's bill to amend the railway act by exempting municipalities from assessment for the cost of protecting level crossings.

Yesterday's debate was precipitated when Mr. Warburton, the new chairman of the public accounts committee, in presenting the first report of that body, moved that the public accounts and Auditor-General's report for the last fiscal year be laid before the committee for consideration. Houghton Lennox said he proposed to discuss the question of the advisability of changing the procedure of business followed in the committee. For certain reasons, enquiries made by the committee were not as complete or satisfactory as they ought to be; that the one conspicuous excuse of failure was the determination of a number of the Government's supporters to prevent a full enquiry. Much more could be divulged than had been possible in the past, if only the proper facilities were afforded. He suggested that the public accounts for the two preceding years should be open to enquiry.

Hon. W. S. Fielding said that his impression of the proceedings of the committee differed entirely. The enquiries, he thought, were very thorough and took a wide range. It was quite the custom of the committee to take into consideration things which did not pertain at all unto the matter under enquiry. Members should remember that the readings and rules of committees were based on those of the mother Parliament, and they should not be departed from. It was undoubtedly true that there were times when it would be advisable for an enquiry to extend over a period of two years. It would be quite safe, however, to leave the decision in these cases to the committee itself.

Mr. Blain of Peel said that the chief offender in the committee was Mr. Carvel himself. He described it as a partisan committee, and moved an amendment that the public accounts of two years, instead of one year, be open for discussion by the committee.

Sir Wilfrid Laurier indicated that the whole question was one upon which the Government would like to deliberate and suggested that Mr. Blain should withdraw his amendment.

Hon. Geo. E. Foster suggested that the committee be reduced to 15 and the members of it more carefully chosen. Blain's amendment was then withdrawn.

The causes which led up to the resignation of Hugh Lumsden, chief engineer of the National Transcontinental Railway, are related in a series of papers and correspondence laid upon the table of the Commons Monday.

Mr. Lumsden, in his letter of resignation, says he found his position untenable, because neither the general specifications nor his instructions regarding classification had been adhered to, but, on the contrary, large amounts of material had been returned as solid rock, which should only have been classified as loose rock or common excavation, and material was returned as loose rock, or could have been handled by plowing or scraping, and should have ploughing or scraping, and should have been returned as common excavation.

The first real scrap took place Friday over the delay in the appointment of the Lieutenant-Governor of British Columbia, and the judges of the Court of Appeal of that province until the result of the election was known.

R. L. Borden describes the tactics as disgraceful and intolerable as regards the proposed appointment of F. C. Wade, one of the defeated Liberal candidates as Lieutenant-Governor. J. D. Taylor said that Mr. Wade, in the course of the recent provincial campaign, had made charges against the McBride Government which could not be substantiated. It was intolerable, he said, that a man who had made such charges should be named as the advisor of the Government, which he had accused. Mr. Taylor, declared that no man should receive a public office as a reward for taking part in a political campaign.

Cashier Gone; Bank Closes.

Detroit, Nov. 30.—A Detroit Journal special says: The Bank of Vernon, at Vernon, Mich., was closed yesterday. Frank Sergeant, part owner, petitioned the Circuit Court to appoint C. H. Lived Life of a Hermit

Man charged with Complicity in Robberies Caught near Brockville

After several weeks of searching the Brockville police effected the arrest of George Hoover, suspected of committing a series of burglaries at summer cottages along the river front. The prisoner for years past has been living the life of a hermit in the woods surrounding Brockville, stealing food and clothing. When brought into police headquarters he preseted a wild and woolly appearance. His clothing was tattered and torn, and dirty beyond description, while his face andd hands had not apparently seen water for weeks. He had a luxuriant growth of beard, and his hair was long and matted. Two policemen surprised him as he lay beside a fire kindled in the Prichard woods, about three miles from there. He submitted quietly to arrest, an axe being the only weapon at his disposal. This he did not attempt to use. Hoover has served three terms in Kingston Penitentiary and four in the Central Prison. It is thought his mind is effected, and he will be subjected to a medical examination.

The Ailments of Women.

The girls and women who suffer with what they think as "Female Trouble" would look to their kidneys, they'll soon find the sourse of their ill-health. The kidneys are closely allied with the female organs, and if the vitality of the kidneys is interferred with great suffering occurs. There is no better medicine than Dr. Hamilton's Pills,—they stimulate and strengthen the kidneys, assist other organs to do Nature's work, cleanse the system and thereby maintain perfect health. Great benefit and certain cure is guaranteed for all women who use Dr. Hamllton's Pills.

Sam Spinelli Hanged

Paid the Full Penalty For Murdering a Chinaman

North Bay, Nov. 26.—Sam Spinelli, the Italian, was hanged in the North Bay jail this morning for the murder of a young Chinaman, Ming Chow, in u restaurant brawl at Haileybury on June 13. Radcliffe, the official hangman, failed to show up, and the gap was filled by a substitute, who gave the name of Ike Thompson, of Owen Sound, who arrived late last night. Only jail officials, constables, clergy and press representatives were present. Spinelli walked to the gallows calmly. Life was declared extinct thirteen and three-quarter minutes after the trap fell.

Special precautions were taken by Sheriff Varin last night, in view of rumors that the prisoner was a Black Hand leader, and that Italians were coming into town in large numbers in pursuance of a plot to dynamite the jail. Four extra constables were placed on duty, but nothing occurred to cause trouble.
