## Music Recital Greatly Enjoyed

An interesting and enjoyable Music Recital was held in the Town Hall on Monday evening, when a program of violin, guitar, piano and vocal numbers was presented by pupils of the local branch of the Provincial School of Music, under the direction of Mr. M. J. Collins, their teacher. In addition to the school numbers, selections were given by local and outside artists.

There was a good attendance at the Recital, and the silver collection, which amounted to over $16.00, was donated to the Winchester District Memorial Hospital Fund.

Chairman for the evening was Mr. F. Erle Helmer. After a few brief remarks, regarding the functioning of the School, and extendnig a welcome to the audience, the program was announced as follows:

Hawaiian Guitar Selection by group, with vocal.

Violin Duet, by Messrs. Fred Gibbons and M. J. Collins, accompanied by Miss A. Walker at the piano.

Piano Duet by Misses Catherine and Caroline Ferns.

Selection by Winchester Male Quartette, accompanied by Miss A. Walker at the piano.

Guitar Duet by Mr. Keith Summers and son, Bob. Violin Oblegato by M. J. Collins.

Vocal Duet by Misses Caroline and Catherine Ferns.

Violin Duet by Master Billy Rice and Mr. M. J. Collins, accompanied by Miss A. Walker.

Hawaiian Guitar Selection by the group.

Piano Solo, by Miss A. Walker.

Guitar Trio by Mr. Keith Summers, his son, Bob, and Mr. M. J. Collins.

Hawaiian Guitar Solo by Mr. M. J. Collins, accompanied by Mr. Keith Summers.

Concluding Number — Hawaiian Guitar Selection by group.

Entire Cast on stage.

Pupils who took part in the group Guitar Numbers were: Jack Anderson, Jack Gibson, Cricky Smith, Les. MacDonald, Eric Steele, Wm. Crummy. Clarence Morgan, Bill Woods, Vivian Scott, Blanche Erratt, Marjorie Byers, and Elaine Christie. The vocalists were the Misses Hilda Gibbons, of town, and Muriel Little, Mary, Patsy and Betty Collins, all of Ottawa.

The collection was taken during the intermission by the Misses Ruth and Joan Watson.

At the conclusion of the program, Mr. Helmer, on behalf of those present, expressed appreciation to Mr. Collins and the several artists of the evening, for the entertainment provided.

## Attention Subscribers !

The Press Mailing Lists have been corrected up to and including Thursday, January 2nd. If you have paid your subscription within the past two months, please check the label on this week's Press and make sure it has been changed. If you have not been given credit for your paid subscription, notify this office at once so that a correction can be made.

At this season of the year, many Press subscriptions become due, and and we would appreciate prompt renewals so that our lists can be kept in the "paid-in-advance" category. In future, all subscriptions three months or over in arrears will be dropped from our lists. Your cooperation in paying your subscription promptly when it becomes due, will be greatly appreciated. The date on your label will indicate when your subscription runs out.—Editor.

**WEEK OF PRAYER CONCLUDES ON FRIDAY**

The Week, of Prayer, which is being observed in local churches this week will conclude on Friday evening, with the final service being held in the United Church. The preacher will be Rev. H. Kielty, of the Wesleyan Methodist Church.

Tonight's service will be held in the Baptist Church, with Rev. Wallace MacKinnon, of St. Paul's Church, delivering the sermon.

## Local Teams Win Hockey Games

**WINCHESTER INTERMEDIATES WIN FIRST GAME**

The Winchester Intermediate Hockey Team defeated Finch-Berwick at the Finch Arena 7-4 Saturday night. This was the local team's first game in the Central Ottawa Valley Hockey League. District fans who witnessed the contest said that Winchester put up a good brand of hockey and outplayed the Finch-Berwick team in all departments.

**INKERMAN ROCKETS OUTSCORE MORRISBURG**

Outscoring Morrisburg to the tune of 11-2 at the local arena last Friday night, the Inkerman Rockets remained undefeated in the Central Ottawa Valley-St. Lawrence League race. The contest, which was the first of the season to be played on local ice, was largely attended, and a good brand of hockey was played by both teams.

The lop-sided score does not indicate the play in this particular game. The Morrisburg youngsters are a fine team. They are aggressive and speedy and only hard luck kept them from scoring more goals.

On the other hand, the Rockets used to advantage the power-plays that carried them so far into the playdowns last year. They have lost little of their aggressiveness, and the team that beats them this year will have to play better than an average brand of junior hockey.

Marty Easter led the attack for the Rockets in Friday's game with three goals, while Geo. Gibbons and Ed. Duncan each counted twice.

The line-ups were as follows:

Inkerman—Goal, Bennett; defence, Thomson, Craig; centre, Ed. Duncan; wings, Lafortune and Er. Duncan; subs, Gibbons, Armstrong, Easter, Hurley, Anderson, Crowder, Baldwin, Fawcett, Timmins, Barkley.

Morrisburg—Goal, Kitch; defence Hartley and Salmon; centre, Wes. Stitt; wings, B. Stitt and Casselman; subs., Osler, Cassell, D'Aoust, Crober and Simpson.

Officials—R. Reid, Morrisburg, and Frank Bailey, Inkerman.

SUMMARY

**First Period**

Inkerman—Er. Duncan (Ed. Duncan) ..... 9.00
Inkerman—Ed. Duncan (Er. Duncan, Lafortune) ..... 11.00
Inkerman—Easter (Gibbons, Armstrong) ..... 15.00
Inkerman—Armstrong (Thomson) ..... 17.00
Penalties: Craig, Salmon.

**Second Period**

Inkerman—Gibbons (Hurley) .. 1.00
Morrisburg — Casselman (Stitt) 7.00
Inkerman—Ed. Duncan (Er. Duncan) ..... 10.00
Inkerman—Easter ..... 15.00
Inkerman—Craig (Crowder) ... 18.00
Penalties—Thomson, Armstrong.

**Third Period**

Inkerman—Lafortune (Er. and Ed Duncan) ..... 1.00
Morrisburg—W. Stitt (Casselman) ..... 14.00
Inkerman—Easter (Armstrong) 14.50
Inkerman—Gibbons (Craig, Easter) ..... 15.30
Penalty—Stitt.

**INKERMAN ROCKETS WIN SECOND GAME**

Inkerman Rockets won their second Central Ottawa Valley-St. Lawrence League game here on Monday night when they outscored the Cardinal Juniors 15 to 7. This raised their scoring total to 29 goals in three games, with 12 scored against them.

John Paul Lafortune was the scoring ace for the Rockets in Monday's game, when he dented the twine five times. Ralph Hurley, Lowell Craig and Percy Armstrong each bagged a pair of goals, while single counters were registered by Erwin Duncan, M. Easter, D. Thomson and Denzil Crowder.

R. Peters scored three times for the visitors, with Clifford, OBrien, Workman and Bass each scoring once.

The Rockets next home game will be played on Friday, January 17th, with South Mountain as their opponents. These two teams played a 3-3 tie in the first game and, no doubt, their next meeting will attract a large crowd.

The line-ups were as follows:

Inkerman—Goal, Bennett; defence, Thomson and Hurley; centre, Ed. Duncan; wings, Erwin Duncan and J. Lafortune; subs., G. Gibbons, M. Easter, P. Armstrong, R. Anderson, D. Crowder, C. Baldwin, R. Timmins, L. Craig.

Cardinal—Goal, Wells; def., Byers and Bogles; centre, Workman; wings, Mason, R. Peters; subs., Coons, Bass, O'Brien, Davies, Clifford, Crawford.

Referees—Fred Lampson, Cardinal, and Frank Bailey, Inkerman.

# *Council Held First Meeting Monday*

The inaugural meeting of Winchester Municipal Council was held in the Council Chambers on Monday evening with all members, except Councillor C. R. Robinson, present.

The clerk, Mr. E. M. Shaver, presided while members of the Board took the oath of office, and then turned the meeting over to Reeve Albert Turner.

In a brief address, Reeve Turner expressed his pleasure at once again being privileged to occupy the reeve's chair. He welcomed Councillor W. F. Workman to the Board, he being the only new member elected. He intimated that there was a busy year ahead for the Council and asked for the hearty co-operation of all members. He stressed the point that it was his desire to achieve the highest point of efficiency in every undertaking, and urged the members to be punctual in attendance at all meetings. Meetings called for 7.30 p.m. will start at that time, he said. All matters discussed will be recorded on paper, and where necessary, immediate action will be taken to bring the decision of the Board to a satisfactory climax.

He pointed out that there was much work to be done on the streets this year, and that action would have to be taken in this regard early in the Spring.

He also informed the Board that, as far as he could learn, the fire equipment was in excellent condition, and was pleased to state that Winchester has not had a fire in two years (he touched wood in making this statement).

The reeve then presented each member of the Board with a neat memo pad and pencil, and called upon the clerk to read the minutes of the last meetings of the 1946 Council.

The first order of business was the appointment of municipal officers for the year.

Standing Committees were named by the Reeve, but as Councillor Robinson, who is spending a brief holiday in Florida, was not present, it was decided not to present them until all members of the Council were present.

The appointment of an Assessor was also held over until the next Council meeting.

Officials appointed were as follows:

Mr. E. M. Shaver, Village Clerk, Treasurer and Tax Collector; Hydro Secretary-Treasurer and Bill Collector.

Mr. J. D. Stewart, Municipal and Hydro Auditor.

Mr. Gilbert Raistrick, Constable, Caretaker of Town Hall, Fire Chief, Collector of Dog Tax, Road Superintendant and Weed Inspector.

Fence Viewers and Pound Keepers: Messrs. Colin Hay, Melvin Dawley and Frank Davidson.

No increase was made in the salaries or allowances to any of the officials.

The necessary by-laws were passed, appointing the Reeve and Treasurer as signing officers, and for borrowing money from the Bank, if necessary.

The clerk was instructed to have a model by-law prepared governing the licensing of Public Halls within the Municipality.

The Clerk reported that there was only $378.73 due in back taxes. Of this amount, $230.00 were unpaid taxes for 1946. It was decided to have the 1946 tax roll turned over to the treasurer.

Reeve Turner and Councillor C. R. Robinson were appointed as representatives of the Council to the Memorial Hospital Board.

The clerk was instructed to write a letter to the Department of Highways, suggesting that a prominent sign be placed near the intersection of Main and St. Lawrence Streets, indicating to motorists that Highway 31 made a sharp turn at this point, and also showing the direction and number of miles to Morrisburg.

A building permit was granted to Mr. Fred Brown for placing a colony house on his lot at the east end of Queen Street.

A motion, sponsored by Councillors Fader and Workman, and unanimously supported by the Board, was passed, calling for the Council to take immediate steps to tender a civic reception and make presentations of some suitable tokens to local boys and girls who had served in the Armed Services during World War II. Committees will be appointed and definite plans made at the next Council meeting. As expressed by Councillor Fader, this matter had been discussed several times during the past year, but no action had been taken. He felt that the question should be dealt with and the necessary action taken without further delay.

The clerk was instructed to have a notice inserted in the Press, advising all householders who wished to dispose of Christmas trees in the garbage collection, to have same put out for collection on Monday next.

Council decided to hold regular meetings on the first Monday of each month at 7.30 p.m., and special meetings, when necessary, at the call of the Reeve.

Council adjourned to meet again on Monday evening, January 13th, to complete the business held over from the inaugural meeting.

Members present at Monday's meeting were: Reeve Albert Turner, Councillors John Fader, Earl Morgan and W. F. Workman, and the Clerk-Treasurer, Mr. E. M. Shaver, and Town Foreman, Mr. Gilbert Raistrick.

## Township Council Appoints Officers

The inaugural meeting of Winchester Township Council was held in the Town Hall, Winchester, on Monday, January 6th, 1947, at 11 o'clock a.m., with Mr. John A. Bogart, Reeve; Mr. H. E Durant, Deputy-Reeve, and Messrs. Wm. Brown, E. B. McMillan and Basil Dawley, Councillors, present and subscribing to the necessary oath of office.

The Council, having met for the first time since the death of the late W. J. McConnell, who for many years was a valued member of this board, passed a resolution of condolence, to be forwarded to the family of the deceased.

The minutes of the last regular and special meetings of the 1946 Council were adopted as read by the clerk and signed by the reeve.

By-law No. 726, a by-law appointing Fred Putnam trustee of the Morewood High School, to replace Wm. Steen, who resigned, was finally passed, signed and sealed.

The following township officers were appointed for 1947:—

Clerk and Treasurer, J. Steen.

Relief Officer and Tax Collector, W. N. Carkner.

Truant Officer, Wm. Hillis.

## Many Attend Winter School

The Leadership Training Course, which was held in the local United Church last week, concluded with a special Communion Service on Sunday morning.

Attending the "Winter School" were over 40 delegates from the several Young People's Societies of the Glengarry and Dundas - Grenville Presbyteries. The delegates were registered by Miss Phyllis Walker, and billeted in private homes throughout the village during their attendance at the school.

The Dean of the school was Rev. Basil Adams, of Oxford Mills, with Mr. Mervyn Peters, of Spencerville, acting as director of the program of studies. The librarian was Miss Isabelle Webster, of Ventnor.

The three-day course featured training in leadership under the following divisions: "The Life That Produced the Bible," by Rev. R. H. Hamilton, of Moulinette; "Acquiring a Christian Home," by Rev. C. H. Ferguson, of Avonmore; "Administration of the Y. P. U." by Rev. James Payton, of Prescott; "Executive Course in Recreation," by Rev. Gerald Fee. "Visual Aids In Religious Education," were under the direction of Rev. G. A. Beatty, of Hallville, and morning devotional periods were conducted by Rev. N. J. Thomas, pastor of the local United Church.

During the Course, sing-songs were directed by Mr. Lorne McLaren, of Wales, and recreation periods were held at the Winchseter Arena.

In addition to attending the hockey game at the Arena on Friday evening, the delegates enjoyed a skating party on Saturday evening, followed by the serving of refreshments in the United Church S. S. Hall. On this occasion the delegates were joined by several of the young people of town.

The Winter Course was designed to give the Young People of the two Presbyteries a better understanding of Christian Leadership in Young People's Work. The importance of organization was stressed, as was the planning for definite programs of study and recreational periods in all phases of Young People's Work.

Christian Leadership requires leaders with strict morals, love for the Church and the Master, and a general dveotion to duty. Constant study of the Bible and the importance of sincere prayer were also emphasized by the speakers during the Course.

**INKERMAN WINS EXHIBITION GAME WITH KENMORE**

In an exhibition game of hockey, played at the local Arena on New Year's Night, the Inkerman Rockets defeated the Kenmore team 11 to 2. The visitors' line-up included several district boys, who were home from College for the Christmas holidays.

# FEED NEWS

Time has closed the door on the year 1946. It is with mingled feelings that we review experiences of the past year. We are thankful for the success that attended our efforts to serve our many customers, and also that we may have had some little part in adding to the success of our many friends and associates.

On the other hand, we regret very much our inability to furnish our customers with all kinds of feed and make prompt deliveries. Our search for stock which extended from Halifax to Vancouver and our many years of contact with the largest and best supply houses failed to furnish enough to meet the demand.

We wish to express our thanks to our customers for the co-operation and patience shown us when we were obliged to ration our feeds or were unable to supply all that was needed.

As we try to look into the year 1947 it seems like a blur as far as our business of trying to meet the demand for Millfeed and Grain is concerned.

Nevertheless, we will endeavour in the future as in the past to furnish and prepare all the feeds available. We solicit your valued patronage and ask for patience on your part till such times as we shall be able to supply all feeds required.

**In the meantime, kindly bring your grain for grinding in the afternoon only, and thus allow us each forenoon for the grinding of grain for mixing.**

## UNLESS WE LIVE IT

The war of arms was won by meeting face to face on the battlefield and hurling missiles at each other. We sometimes make the mistake of thinking the war of ideas can be won in the same way—by meeting face to face on the debating floor and hurling ideas at each other. That is why, in the General Assembly of the United Nations, debates have been and will continue to be sharp and controversial.

It will not help us to pretend that these difficulties will not arise, said President Truman when he opened the Assembly. Nor will it help us to pretend that these differences can ever be settled by argument. Victory in the war of ideas is achieved not by debate but by demonstration.

When we talk about democracy to the other nations we are talking about the ability of our people to stick and work together by voluntary agreement. And there is no use talking about that when marriage—our most frequent form of voluntary agreement—is breaking up at the rate of one divorce in every three starts.

When we talk about freedom to other nations we refer to the ability of each and every one of us to give his best at any moment. And there is no use talking about that when all of us—our whole nation—is paralyzed by strikes for days and weeks at a time. We will lose democracy unless we live it. That, for most of us, does not begin with more debate, but with demonstration—on the living room carpet at home and on the factory floor.

## IMMIGRANTS ARE HUMAN

Both those who advocate a policy of increased immigration for Canada and those who oppose it betray, at times, a tendency to forget that immigrants are people. From the point of view of the statistician, the humanity of the immigrants is an irrelevant detail. If enough are admitted, they may be trusted to show all qualities, good and bad, in the same proportions as other groups. Through our regulations, we can exert a measure of control over the ages, general health and occupations of those we admit; but we can do little about such intangibles as character, intelligence and adaptability. We may take it for granted that the immigrants will include a number of misfits, morons and crooks. They are not unknown among our native Canadians. We are also justified in hoping that some of the newcomers will be men of outstanding merit and that most of them will become average decent citizens, indistinguishable after a generation or two, from other Canadians of their class.

The advocates of immigration are too hopeful if they think that immigration by itself is going to solve the farm problem or the labor problems. Nobody can guarantee that the immigrants will stay on the land or that they will even go to the parts of Canada most in need of settlement. They will come here with their own ideas about what they want to do, and are no more likely to accept good advice than anyone else.

What we can hope to see among the immigrants when they arrive, at least, is a will to establish security for themselves, even if they have to work more than forty hours a week to do it. They will come to Canada not entitled to relief, to unemployment insurance benefits, to baby bonuses. The only way they can find security is through their own efforts.

It is understandable that organized labor should be alarmed at the thought of foreigners coming in to work at jobs the natives will not take. The unioneers can foresee that, if the immigrants turn out to be good workmen, they will soon be in line for promotion. They will be competing for the skilled jobs, and perhaps competing successfully. They may bring with them such revolutionary ideas as doing an honest day's work for a day's pay. They will be used to paying heavy taxes, but they may not immediately grasp the idea of paying taxes to support voluntarily unemployed.

What the opponents of immigration rightly fear is the influx of a mass of people who will look on Canada as a land of promise and who will have the contempt of the pioneers for the shirkers. If enough immigrants are admitted, work might even become fashionable again.—The Printed Word.

## UNUSUAL, BUT SANE !

Magistrate Wright, of Brockville, recently committed a 24-year-old Brockville man to a sanatorium, under the Sanatoria for Consumptives Act for refusing to take treatment for tuberculosis. It was the first case of its kind on record locally.

On information of Dr. W. H. Perrin, Brockville medical health officer, and with the leave of the Ontario Minister of Health, the case was prosecuted and resulted in the issuance of an order by the court committing the young man to a provincial sanatorium

The charge against the accused read that "being a person suffering from pulmonary tuberculosis in an infectious state is unwilling or unable to conduct himself in such a manner as not to expose members of his family or other persons to the danger of infection and refused to be admitted or to remain in a sanatorium or has left a sanatorium against the advice of the superintendent of such institution, contrary to section 54 (5) of the Sanatoria for Consumptives Act.

People who know they have infectious or contagious diseases and who decline medical treatment or sanatorium care, are dangerous to the Public Health, and should be kept in confinement until they are cured and all danger of spreading the disease has been removed.

## EDITORIAL NOTES

Where is that fellow who predicted a mild winter with very little snow, hiding? We'll bet his face is red, after the heavy snow-falls and subzero weather of the past two weeks.

Canada is said to be short of 4,000 physicians, 6,000 dentists and "innumerable" nurses. Filling these needs ought to keep the universities and the schools of nursing busy for years to come.

Time is only a small segment of the Eternal arc—bounded at one end by the vague memory of Yesterday with its unfulfilled desires; on the other lies the horizon of the bright dreams of Tomorrow.

About those New Year's Resolutions— are you still keeping them, or have they gone haywire, the same as the ones you made a year ago. A good resolution to make would be: "I resolve to keep all the resolutions I made on New Year's."

Prime Minister Mackenzie King blames the loss of bye-elections in Pontiac, Portage La Prairie and Toronto Parkdale onto a lack of party organization. Could the lack of a party policy suitable to the electors have had anything to do with it?

Robin Hood Flour Mills Ltd. have distributed a booklet calling attention to accidents at home and at work which might have been prevented if due caution was used. The appalling death toll caused by needless accidents in Canada causes some concern.

The first Annual Meeting of the Winchester District Memorial Hospital will be held on Tuesday, January 14th. At this meeting a permanent Board of Directors will be elected and a financial report presented. Local and district citizens who have pledged money for the hospital project should put forth a special effort to attend this meeting.

### HAVE WRONG SLANT
(The Farmer's Advocate)

Farmers who think their grandchildren owe them a decent living have the wrong slant on life. We ought to handle the soil so that those who come after us can make a living, too!

### ONE IS SUFFICIENT
(Brockville Recorder & Times)

The Ontario government is planning the creation of a "second capital" on a limited scale at Fort William. Eastern Ontario, another neglected part of the province, might profit from creation of a third "capital."

### WHAT'S THE USE?
(Ottawa Citizen)

From an article giving advice to amateur carpenters, we learn that a "nail drives easier if rubbed on a cake of soap." Yes, but what nail? And further than that, where do we get the soap? Might as well tell us to put butter on it!

### PECULIAR JUDGMENT
(Ottawa Journal)

A curious legal judgment comes from British Columbia. A woman left half her estate or about $15,000, to be "added" to the endowment fund of a specified church, and B. C. courts held the bequest invalid because, you see, the church has no endowment fund. The Supreme Court now must pass on this point.

### SHOULD BE RESTRICTED
(Digby (N.S.) Courier)

Lack of housing should not be an excuse for the construction of so many of those little shacks that are going up along the main highways and other prominent locations. Steps should be taken at once to stop the construction of these buildings. They are not only an eye-sore, but they are a menace to health, morals and morale.

### THE FICTION OF CONTROL
(Montreal Gazette)

Back in 1941 the Government announced that inflation would be combatted by the joint policies of wage control and price control. But while a more or less determined attempt was made to hold down prices, wage control was not much better than a fiction. Actually wages rose more in 1942-43 under wage control than they had in 1939-40 without it.

### ONTARIO AND QUEBEC
(Quebec Chronicle-Telegraph)

Beneath a surface of liberalism, Quebec maintains a solid subsoil of conservation while, conversely Ontario inwardly cultivates a spirit of adventurous progress under coyer of an outward show of staid conservative temperament. In the final analysis, therefore, the positions of the two provinces tend to approximate quite closely where they are not absolutely identical.

### SALE OF REVOLVERS
(Chatham News)

The criminal code, by virtue of amendments passed in 1933, provides a penalty for any person who sells or disposes of a revolver or pistol to any person not the holder of a permit. A person selling revolvers must also be the holder of a permit. Therefore, it would seem that there are sufficient restrictions surrounding the sale of revolvers to prevent persons wanting them for illegal purposes obtaining them through the ordinary channels.

### MATERIALISM TO BLAME
(Kingston Whig-Standard)

A church is not a place of entertainment and should not attempt to compete with places of entertainment. Churches are erected by devout men and women so that they may worship Almighty God as a congregation. If the call to worship is becoming less heeded than formerly, the underlying reason will not be anything as simple as Sunday movies. If it were necessary to name a single reason, it would undoubtedly be the spread of materialism.

## Our Column

An intelligent girl is one who knows less than the man to whom she's talking at the moment.

Question: Do Australians and Argentinians, who have come up from down under, dream of a green Christmas?

When a man gets tired of restaurant food he gets married. Then, after a time, he starts going back to the cafes.

Molotov probably doesn't like all this talk about his being Stalin's successor. Uncle Joe might wipe him out if he becomes too popular.

A man who has to borrow money to pay his debts is as helpless as a sailor swimming from a burning ship through shark-infested waters to reach a cannibal island.

If people of all sorts would only seek the truth of every doctrine of life, no matter how it upset private opinion, the world would be a better place to live in.

Just as soon as you really study politics and how it works in practice—you lose all hope of democracy—anywhere.

A youth in Hamilton stole a motor car in order to get to church service. Apparently he was more anxious to attend church than some people in Winchester are.

The editor of a woman's fashion magazine who says curves are coming back is mistaken. They haven't been away. They have merely been suppressed or camouflaged.

Magistrate (sympathetically): —"Could the motorist have avoided you?"

Henpecked Victim (sadly):—"He could that, your worship—he had the choice of hitting me or the missus. and he picked on me."

### BIRTH

At the General Hospital, Rochester, N. Y., on Monday, December 23rd, 1946, to Mr. and Mrs. Richard E. Miller (nee Roberta Reveler) a son—David Richard.

### MY MASTER WAS A WORKER

My Master was a worker,
With daily work to do,
He who would be like Him
Must be a worker, too.
Then welcome honest labor,
And honest labor's fare,
For where there is a worker
The Masters' man is there.

My Master was a comrade,
A trusty friend, and true,
And he who would be like Him
Must be a comrade, too.
In happy hours of singing,
In silent hours of care,
Where goes a loyal comrade
The Master's man is there.

My Master was a helper,
The woes of life He knew,
And he who would be like Him
Must be a helper, too.
The burden will grow lighter
If each will take a share,
And where there is a helper,
The Master's man is there.

—W. G. Tarrant.

### HARD ON WITNESSES
(Cornwall Standard-Freeholder)

The average citizen who is summoned to appear as a witness in a court action feels very much like a fish out of water. He knows little about court procedure or the rules of giving evidence. A clever lawyer often can make him appear ridiculous or foolish. Of course, counsel has every right to test the veracity of the story a witness tells on the stand, but it will be in the interests of better justice if this privilege is carefully limited.

### VACATION MAP TO BE DISTRIBUTED

A colorful, illustrated map of the Ottawa Valley and the St. Lawrence vacation route has been published by Brading's Capital Brewery Limited, Ottawa, to highlight the vacation attractions of Eastern Ontario and the Gatineau district.

The map covers an area extending from Belleville to the Quebec border south into New York State, north to Mont Laurier, and includes the western districts of the Laurentians. It is reproduced in four colors with historical notes edited by Dr. L. Brault, Director of Research, Public Archives of Canada, and provides a digest of tourist information concerning communities and vacation spots in the Ottawa Valley.

References to the best fishing and hunting areas are included and important industries are marked. Canada's capital city, Ottawa, is the map's focal point, and international bridges, ferries and all routes between border points and communities are illustrated.

The Brading Vacation Map is being distributed free to tourist bureaux, chambers of commerce, travel agencies, transportation companies, and other organizations to publicize the attractions of the Ottawa Valley. It is a handy pocket-sized map, suitable for easy reference.

### KARS NEWS

**Late W. E. Stratton**

Just four days after Mr. and Mrs. W. E. Stratton had celebrated their golden wedding anniversary, Mr. Stratton died very suddenly at his home here. He had apparently been in good health and was chatting with a neighbour, Mr. J. K. James, just before his death occurred.

With his passing ,one of the most picturesque landmarsk of this community is gone. For many years Mr. Stratton conducted a general store and was highly respected throughout the community. After his retirement he and his wife remained in Kars and continued to take an active interest in local activities in spite of failing health.

Mr. Stratton was a devoted member of the United Church, and until recently taught a class in Sunday School.

Mr. Stratton is survived by his wife, one daughter, Mrs. M. J. Scobie; two grandchildren and one great grandchild, besides other relatives.

The funeral was held on Monday afternoon from his late residence to the United Church, where service was conducted by Rev. W. W. Jones. Burial was made in Rideauvale Cemetery in the spring.

**Annual School Meeting**

At the annual meeting of Kars Continuation School, the following were named as trustees: Chairman, J. L. Greer; G. Butler and C. Todd. Mr. Wm. Drew is sercetary-treasurer.

A very hearty vote of thanks was given to the members of the Board and Mr Drew for the vast amount of work they had done during the building of the new school. Mr. Butler acknowledged the vote for the Board.

**S. S. Annual Meeting**

The annual meeting of Trinity United Church S. S. was held at the home of Mr. Sam Lewis on Monday evening. The treasurer reported receipts of $150 for the year, and satisfactory reports were given by all departments. Mr. Donald McLeod presided for the election of officers, which resulted as follows:

Supt., Donald McLeod; associate, Harold Wallace; secretary, S. Lewis; assistant, K. Bell; treasurer, C. Fennell; organists, Mrs. C. McCord and the Misses H. and J. Wallace; supt. of primary dept., Mrs. R. Wallace; missionary, Mrs. C. Todd; temperance, C McCord; cradle roll supt., Mrs. C. McCord; librarians, L. Wallace and Keith Beggs; auditors, Miss D. Beggs and L. Wallace. The several teachers were also appointed.

An expression of congratulation was sent to Mr. and Mrs. W. E. Stratton on the occasion of their Golden Wedding Anniversary on Dec. 31st.

The hostess served a dainty lunch.

Services in all local churches were cancelled on Sunday, owing to the storm and blocked roads. Plows were busy on the roads but the wind was so high that the snow piled up quickly again.

## HINTS FOR THE HOME

**Picture Hanging**

Fish line is much better for hanging pictures than the regular picture wire.

**Serge Suits**

Before pressing a serge suit, sponge it with vinegar. It will take away all that shine.

**Cheese**

Before attempting to slice very rich cheese, heat the knife in boiling water. This usually prevents breaking or crumbling.

**Colds**

A stubborn cold can often be broken by dissolving a teaspoonful of baking soda in a half-glass of water, and taken every three hours.

**Patent Leather**

Vaseline petroleum jelly will prevent patent leather from cracking. Rub some on your shoes before putting them on. Then polish well.

**Custard**

Custard will not curdle if it is put in a pan half-filled with cold, instead of hot, water. It heats more gradually and will be firm and smooth.

**The Tablecloth**

There will be no lump in the centre of the tablecloth when it is put on the table after laundering, if it is folded three times lengthwise before it is folded across

**Scorched Linen**

When the linen is not scorched very badly, rub a cut onion on the marks and then give the linen a good soaking. The cold water will remove the scorched stains.

**Cranberry Sauce**

A colorful and tasty topping for baked, sliced ham can be effected by the use of cranberry sauce. After the ham has baked for thirty minutes, add one cup of cranberry sauce to a pound and a half slice of ham.

**Blanched Nuts**

Nuts are blanched by immersing them in boiling water for two minutes, then in cold water. Drain and remove skins, then spread thinly in pans and put into a warm oven to dry for a few hours. The crispness of the nuts will depend upon their dryness.

**Ash Trays**

Decorative trays for ashes or pins can be made from the glasses that are put under furniture legs. Paste small silhouette pictures on the bottom of these glasses, and paste a circle of felt or cardboard over the picture to prevent scratching. The glass magnifies the pictures.

**Fireproofing Materials**

One can fireproof clothes, curtains, and other such materials at home by the following method: First, dissolve 10 ounces borax and eight ozs. boric acid in one gallon of hot water. Saturate the garments in this solution, then drain and hang up to dry. The garment may be ironed when it has dried or is slightly damp, but the iron should not be quite as hot as usual.

## THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

"Health Within—Beauty Without" is a good motto. New year resolutions should include something pertaining to our physical well-being. And that "Something" is food. The protective substances which encourage normal growth and optimum health are found in abundance in Canadian foods.

Science has proved that growth and fitness of the human body depends to a large extent on the food that it consumes. The ability to do good work cheerfully; the pep and energy for fun—all these are dividends which come from a wise choice of foods to make up our three meals a day.

The protective substances in food are the ones which should command the greatest share of attention. They include high quality proteins, minerals and vitamins which contribute to strong bones, straight limbs, firm white teeth, sparkling eyes and smooth complexions. Properly cooked food increases resistance to colds and other ills, by maintaining efficiency and endurance for good work—and most important, buoyant health.

Enough of the right kind of food is the concern of those responsible for meals. This emphasis on quality has been brought about by a knowledge of nutrition. Five groups of foods have been selected to form a complete daily meal plan. May we review these easy-to-remember daily servings.

1. Serve 4 cups milk per child and 2 cups per adult, and cheese—to provide protein for body building and repair, calcium for strong bones and teeth, and riboflavin for growth and vitality.

Note: Keep milk clean, cold and covered. Use sour milk in cooking.

2. Serve one citrus fruit or tomatoes, and one other fruit—to provide Vitamin C, other vitamins and minerals.

Note: Keep citrus fruits cold. Use uncooked frequently and fresh whenever possible.

3. Serve 3 vegetables (do not neglect potatoes) to provide minerals and vitamins in worthwhile amounts. Use one or more leafy, green or yellow vegetable whenever possible.

Note: Use raw frequently. Cook in small amount of boiling water. Save cooking water to use in soups and sauces.

4. Serve a whole grain cereal product and about four slices of enriched flour bread to provide energy and extra B vitamins and minerals.

Note: When using wheat germ with cooked cereal, add it just before completion of cooking rather than at the start.

5. Serve meat once a day along with 3 or 4 eggs weekly. Include liver, heart or kidney once a week. These foods are needed to supply protein for body building and repair.

Note: Cook meats at moderate temperature to retain flavour and food value.

### TAKE A TIP

1. Health-wise shoppers buy for food value.
2. Save food values and you save food.
3. The amounts of food needed vary with age, occupation and sex.

### DAY-NIGHT ROOMS

Marking a new era in hotel comfort, ultra-modern "day-night" parlor-bedrooms have been introduced at the Royal York, the Canadian Pacific's 1200-room hotel in Toronto. Largest hotel in the British Empire, the Royal York (inset) is the first in Canada to put in the new-style equipment. Shown above as a parlor by day and a bedroom by night, the rooms have along one wall a luxurious chesterfield unit which can be turned down into a three-quarter bed. The unit also houses a writing desk, which becomes a dressing table when the top is lifted, storage space for lounge cushions and bedding, a side table and radio. Pleasingly compact, the rooms are perfect for entertaining.

### SUGGESTION BOX
**Budget Record**

Living within your income, living according to your actual means is one of the purposes of a budget. A budget should also make for the creation of a "family mind," an understood standard of living and a definite plan for the future. It should promote better understanding and co-operation between husband and wife, and it should help the children to understand that it isn't parental cruelty but the limitations of the family purse which prevent the fulfilment of their every desire.

Enquire about a good account book now.

### MAN'S VISION

What seest thou when we meet our friend and neighbor
When you see the strife between capital and labor,
And the crime going on from day to day,
Have we missed the path of the straight, narrow way,

What seest thou in the broken up homes
With children left helpless o'er this earth to roam,
No hand to guide them, no love to share
And help them be ready for that home over there.

What seest thou in the making of this world's peace
When the heads of the nations are not willing at least?
Look at that truth in the Bible we should learn to recite:
Forgive as we forgive, or does that close your sight?

What seest thou in attendance at our churches today
Where we should get the help needed to help on life's way,
If our session is absent and heads of the Board
As living Epistles, sure our standard is lowered.

What seest thou when we should meet for prayer
And ask God's guidance to men everywhere
For there is only one Power that can bring us sweet peace
And end strife and discord which would be a relief

Now all of you readers of these thoughts of mine
I'll ask of you one favor, if you'll take the time,
Go look in the mirror and see if that man
Is doing his duty to help every way that he can.

Every one has a job on this earth for to do,
One talent at least, for both me and you;
At the end of life's day, as we receive our reward
Will it please our Creator, whose name is adored?

As you look in the mirror each day that you live
May it bring to your mind, some help you may give
The poor fellow wanderer on this lone road of life
May you do all you can to prevent discord and strife.

**IT CAN'T BE ANY OTHER WAY . . .**

Am I a better man than the man working next to me? Have I more human dignity than he because his color or religion is different from mine?

Is he less a Canadian than I because he has an accent in his speech, or answers to a funny-sounding name? Well . . . .

I remember how a man crawled on his belly through machine-gun fire and mud to bring me in the night I lost this hand. And I recall I didn't ask him where he went to church, or how he spelled his name.

And neither did I question who the donor was that gave the blood the medics poured into my veins . . . nor did I care about the color of his skin or how he worshipped God.

Out there, where each man's life depended on the fellow next to him, it didn't matter who or what that fellow's parents were . . . as long as he was a Canadian.

And back here, that's still good enough for me. Because if we intend to build the kind of free Canada we dreamed about and fought for . . .

It can't be any other way!

## LOCAL AND GENERAL

**Residing In Guelph.**

Mrs. M. Allison, of Prescott, formerly of Winchester, has moved to Guelph and is residing at 19 Dunkirk Street. Mr. and Mrs. John K. Smith and Gail are also living at the same address.

**Engagement Announced.**

Mr. and Mrs. Roy Baldwin wish to announce the engagement of their daughter, Doris Loreen, to Gerald Garfield, son of Mr. and Mrs. Robert Wright, of South Mountain. Marriage to take place shortly.

**Engagement Announced.**

Mr. and Mrs. Chas. L. Acres, of Vernon, announce the engagement of their daughter, Kathleen Erma, to Keith Francis, son of Mr. and Mrs. Clarence E. Holmes, of Winchester. Marriage to take place January 25.

**Bereaved of Mother.**

The sympathy of the community is extended to Mrs. Ewen Gannon (nee Jessie Gordon) whose mother, Mrs. Richard Gordon, passed away at her home at Bedell on Sunday last. The late Mrs. Gordon had been in ill health for some time.

**New Year's Party.**

An enjoyable New Year's Eve party was held at Hotel Winchester with over 75 young people in attendance. Mr. and Mrs. John Delavignette were ideal host and hostess for the occasion, and all present report a good time. Music, dancing, singing and the serving of refreshments were features of the party.

**Donations To Hospital.**

Latest donations to the Winchester District Memorial Hospital Fund include $30.00 from Miss Kathleen Kennedy, of Vernon, and $150.00 from Arthur A. Crawley & Co., Chartered Accountants, of Ottawa. This firm set up the accounting system for the Hospital Committee, the fee for which amounted to $174.40. Of this amount, they donated $150.00 in services. These donations are gratefully acknowledged by the Hospital Committee.

## WINCHESTER TWP. COUNCIL

(Continued from Page 1)

chison, John McLaughlin, Leo Coyne, Wm. Irven.

Fence Viewers—Jas. C. McGregor, John McLaughlin, Earl Munroe, Donald Rae, J. E. Ouderkirk, W. S. Gunn, D. McLaughlin, Walter Loughridge, Henry Elliott, E. Morrow, Geo. C. Merkley, Walter Coulthart, Otis McMillan, Reginald McCloskey, M. Black, C. B. Short.

The reeve and clerk were authorized to sign the Petition to the Department of Highways for the statutory grant on Roads and Bridges expenditures for 1946.

The time for the return of the Collector's Roll was extended to February 1st, and the collector was instructed to try and have all arrears of taxes collected by that date.

A large deputation of ratepayers interviewed Council requesting the purchase of a bulldozer to grade, widen and clean the roads of brush and weeds so that the roads might be more easily kept open for winter traffic. Many of the farmers where the roads are narrow or where the corners are not suitable, offered the land free for the improvement of same, if one were purchased.

The following accounts were passed and paid:—Roads and Bridges, $361.10; Relief and Charity, $77.00; Salaries, $45.00; Refund dog taxes, $6.00.

Council adjourned to meet in Morewood on Monday, February 3rd, 1947, at 10.30 a.m.

## COURTESY PAYS

(Oshawa Times-Gazette)

Have you noticed how many times recently when you drive into a service station you are addressed as "Sir" by the young attendant. Perhaps it never struck you as unusual but it started us thinking.

In nine cases out of ten the attendant who so addressed you was a member of the armed forces who learned discipline and respect for his officers on the parade square. He is too recently out of the forces to have forgotten the hard-learned lessons. That is the reason he addressed you as "Sir."

## LOCAL ARENA ATTRACTING LARGE CROWDS

Public Skating with Band Music is attracting large crowds of skaters to the local Arena on Tuesday, Thursday and Saturday evenings. Last Saturday one of the biggest crowds in the past three years was present at the Arena. There was an excellent sheet of ice, and the Band was quite generous with its program of music. Over 50 delegates of the "Winter School," which was in progress at the local United Church, enjoyed a skating party on that evening.
