ALWAYS DELIVERED

The Record last week received the following interesting letter from Mr. Owen Devanney of Columbus, Ohio; where he is manager of a branch of the big Chicago firm of Carson Pirie Scott and Co.:—

"Enclosed find my check for $4.00 renewal of my subscription for The Record.

Am also enclosing the wrapper, that I just received on the paper. Am sending you this to show the efficiency of the postal authorities in our little village of three hundred thousand. It struck me as being funny when the paper was delivered to me without a name.

While I have been out of that country for over thirty years, I sure appreciate getting it, as it keeps me in touch with things that are going on in my own home town."

TWO OF KEMPTVILLE'S FORMER ESTEEMED CITIZEN'S HONORED

At Kemptville on Tuesday night hundreds of people in all walks of life turned out en masse to welcome back to their midst for the evening two of their former citizens, in the persons of the Honorable G. Howard Ferguson, Prime Minister of Ontario and Mr. J. H. Brownlee of Chesterville. While Premier Ferguson still retains hisbeautiful home in Kemptville, yet his exalted duties as Chief Magistrate of Ontario demands that he spend most of his time in Toronto.

Mr. Brownlee before coming to Chesterville was one of Kemptville's leading citizens being for several years a member of the Town Council. Both gentlemen were called to the platform of the hall by the Mayor, and together were given a grand ovation. Mr. Brownlee was presented with a type written address and a past-master's jewel by the members of L.O.L. No. 334. It is surely a befitting honor to Mr. Brownlee to have thus been associated with the Premier of Ontario, and an honor to Chesterville to have such a worthy citizen.

COUSIN OF DR. JOYCE MISSING AT BRONTE

Much anxiety is felt by relatives and friends of Russell Joyce, aged 25 years, eldest on of the late Mr. and Mrs. Robert Joyce, of Bronte, who has not been seen since he left Bronte on December 24th, to go to Toronto, where he expected to spend Christmas at the home of his aunt. The family has begun a search for the missing young man.

Occasionally Mr. Joyce had gone away for a few days, so that at first no doubts were entertained regarding his safety. It is three weeks today since the missing man left home, and as yet there is no trace of his whereabouts, which are a mystery.

HULL and FINCH-BERWICK PLAY SCORLESS DRAW

Hull and Finch-Berwick played 90 minutes to a scoreless draw in the first game of theL.O.H.A. season played at Berwick. The game was hotly contested from bell to bell, and the two teams put up a sterling brand. The team players had many chances to score but the good work of goalers Decosse and McMillan kept the deadlock unbroken. The Finch-Berwick team showed surprising strength with McMillan, Lorne Hutt, Foster, McMonacle, and the Ouderkirk brothers all playing well. Decosse, Brenot, St. Amand, Viau and Joliat showed up well for the Hull sexette. Gene Chouinard referred, the teams.

Do not miss seeing this Big Film Sensation namely, "The Empire's Shield" to be given by Lieut. Edwin Smith, M. A.; F.R.A.S.; R.N.V.R.; late commanding officer in the Royal Navy. An introductory talk on "The Navy's Job During the War," will be illustrated by eight reels of the finest Naval and Marine pictures in the world. One reel comedy.. Endeavor to see this wonderful picture which will be held in Dunbar Presbyterian Church, Friday evening Jan. 25th. at 8 o'clock. .Adults 35c., Children under twelve, 15c.

RAIN HINTERFERS WITH HOCKEY SCHEDULE

The Central Ottawa Valley Hockey League schedule which laid out twelve games to be played between the 9th and 23rd of January calls for some pretty strenuous times for the players if it is to be fulfilled on time. Eight games should have been completed to date, but instead of that being the case there are already three postponed games and two drawn. Chesterville has won and lost; Merrickville has won one and lost one; Avonmore has won one and tied two, while Winchester has failed to break into the win yet. Monday night while Avonmore was winning at home by the shut-out process from Winchester to the tune of seven to none, Chesterville had it put over them in Merrickville to the tune of seven to four. Avonmore was billed to appear here last night but the heavy rain put hockey out of the question.

A week ago when the locals entertained Merrickville here and won with the only score of the game, the fans had the first opportunity of giving the once over to this year's outfit, which lined up with "Turk" Casselman and Johnny Sorrel as regulars in the places of Lyle Loughridge and Mel Leslie of last year's bunch and giving the appearance of a fast hard-checking team that will stand some beating before the final whistle blows.

The next home game will be on the 23rd, when Winchester will make their bow on the local rink.

INSTALS NEW MACHINE

Gordon Imeson, proprietor of the Star theatre is setting out to give the lovers of the silent drama the best that can be procured. Following the big special of last week announcement will be found in this issue of one of the best pictures to be seen anywhere in "On the Banks of the Wabash" which will be shown next Monday and Tuesday nights. That his offerings will be presented in the best possible manner Mr. Imeson has this week installed a new up-to--date Powers 6 machine which will give the whole without any tedious delays for changing the reels. We understand the special show will be continued all winter at intervals of two weeks giving an opportunity to see many famous plays during the season.

PROMINENT CITIZEN OF CORNWALL DIES

Cornwall lost a good citizen Sunday night in the death of John B. MacPherson, for many years superintendent of the Canada mill of the Canadian Cottons, Ltd. The deceased was born 75 years ago and came to Cornwall 35 years ago from Nashville, Tenn., and had been connected with the cotton industry here since. Some years ago when curling boomed in Cornwall, Mr. MacPherson was an ardent supporter of and participant in the popular Scottish game. He was also an enthusiastic friend of the Cornwall Lacrosse Club in the days and served on the executive of the club. He represented the ea[st] the Town Council for one term in [1]. He was a member of Camp Aber[deen] Sons of Scotland, and of the Co[rnwall] Club. Surviving are his wife; [a] son John N. MacPherson and t[wo] daughters, Mrs. Boyd, wife of W. Boyd, general manager of the Ca[na]dians Cottons Ltd., Mrs. John Car[ter] and Miss Annie McPherson, all o[f] Cornwall. The funeral took place o[n] Tuesday afternoon to Woodland cem[e]tery.

ALEX BARRIGHAR ARRESTED

Acting on information received, Provincial Officers Frank Wetherall and Arthur Martin visited the Ottawa and New York Railway depot at Cornwall Saturday and arrested a young man named Alex Barrighar, as he was about to enter the United States in the uniform of that country. Since July 31, 1922, Barrighar has been a wanted man, for on that date he escaped from the Guelph reformatory. On October21, 1921, he and a chum named Carr were arrested at Chesterville by the provincial police for burglarizing two stores there. They were brought to Cornwall for trial and pleaded guilty before Police Magistrate Cline, and were sentenced to two years less one day in the reformatory. Barrighar made his escape after serving nine months, and has since been at large. Four months ago he joined the United States Army at Massena and was sent to Plattsburg for training. The provincial police received information that he had crossed the line to spend the holidays at his home at Berwick, and that he was returning Saturday, and his arrest followed at the depot. He was taken before Police Magistrate Cline, and was remanded to jail for sentence.

PHOTOPLAY INSPIRED BY FAMOUS SONG

"On the Banks of the Wabash," the Vitagraph special production which will be shown at the Star Theatre on Jan. 21st, and 22nd, is based on the famous song classic written by Paul Dresser.

The picture produced by J. Stuart Blackton, deals with Indiana and Indiana folk who live along the banks of the famous river. The story centres about a fine old character, "Cap" Hammond, quaint in humor, strong in manhood, who rises to an emergency and provides the thrill of the picture, a climax startling in its immensity.

"There is no song which so touches the heart of a man or woman who has wandered from the old home as "On the Banks of the Wabash," Mr. Blackton explains. "I choose it because it has theuniversal appeal; there is no other thing in men's life which he retains so steadfastly and which is so enduring as his love for home.

"Indiana is a state of homes. Sturdy people settled that great State, people who live wholesome lives, who lived close to the soil. The pioneers who hewed their way through the virgin forests of the Wabash valley, and who cleared timber land that they might grow food products, have left a posterity that probably is nearer to real America than any other community in the United States.

"On the Banks of the Wabash' is the sort of picture I like to make. Always I have liked to feel that I have given to the screen a bit of real life; that my pictures record life honestly. The people in this special production are real people, human, kindly, subject to the same foibles as all other people, sometimes selfish, sometimes cruel without understanding that they are cruel.

"I knew Paul Dresser personally. When he published 'On the banks of the Wabash' I congratulated him and predicted a great hit. Since then millions of copies of his song have been sold and it has been sung in every country in the world.

"Paul I am sure, would like to have his song live on the screen, and I am happy to be the man who placed it there."

An all-star cast appears in "On the Banks of the Wabash." Mary Carr is seen in her best interpretation of the "mother" role as Anne Bixler. Burr McIntosh is a dominating figure as "Cap" Hammond. Mary MacLaren is seen as a young society girl and James Morrison and Madge Evans play the juvenile leads. The remainder of the cast is in the hands of unusually capable players, selected as individual types.

Each Man's Share.

A doctor, an architect and a bolshevik were discussing as to the priority of their occupations.

The doctor said:

"When Adam's side was opened and a rib removed to make woman, there was a surgical operation—medicine was the oldest trade."

The architect said:

"Yes, but when the earth was made, out of chaos, there was the building process, the use of materials according to a plan. The architect's is still older."

The bolshevik smiled and said:

"But who supplied the chaos?"—Farm Life.

ROD AND GUN FOR FEBRUARY

There is interesting reading for every sportsman in the February issue of Rod and Gun in Canada, including as it does stories and articles dealing with deer and moose hunting, fishing and canoeing, photographing wild life, animal stories, guns and ammunition, talks on outdoor life articles on trapping, and an intresting kennel department.

"A Diary of the Limberlost Hunting Club" by Harold Tarlton is a good account of this flourishing club and is written in an original style. Bonnycastle Dale the well known Canadian naturalist of Nova Scotia continues his article on "Camera Hunting before the season opens in Nova Scotia" which is written with the author's ease and ability which make his contributions outstanding "An Indian Enoch Arden" by Martin Hunter is an interesting yarn, while "Touring the Wilderness by Roy Brayley is an article dealing with the outfit necessary for a trip into the wilds which will be of interest to all those planning trips. J.W. Winson has his first article "Bird and Man" which opens a series on Canadian Birds, asubject on which this writer is an authority. M.U. Bates, a trapper of long experience has his department filled with interest for the trapper, while F.V. Williams has contributed an amusing account of "A Tale Twice Told." W. C. Motley and F.H. Walker are also represented with good departments, the field trials forming an especially interesting feature of "Kennel"; Guns and Ammunition is particularly large this month with first class articles by E. T. D. Francis, Ashley A. Haines, Fred J. Stiff, and a large number of queries and answers.

BIGGS WILL NOT LEAD FARMER-LABOR PARTY

Hon. F. C. Biggs will not accept the leader-ship of the Farmer-Labor group in the Provincial House.

Interviewed on Tuesday, the former Minister of Public Works stated he would give a definite answer. When spoken to at his home, he announced that he would not accept the party's offer.

"I am out of the running," he said. "Does that mean you will not be the party leader?" he was asked. He replied in the affirmative.

Hon. Mr. Biggs added that he did not know who would be the probable choice. There was nothing to report at present, he said.

Little Willie—"I don't want to go to that damn school anymore!"

Father (who is a bricklayer)—"Why, Willie, where did you ever learn such a word as that?"

Little Willie— "Why William Shakespear uses words like that?"

Father—"Well then, quit runnin' around with him."

61,109

Last year stands out in the history of compensation in this Province as the year which there were more accidents reported to the Compensation Board than ever before. In 1923 there were 61,109 accidents reported by industry to the Board, of which 379 were fatal. These figures on the basis of accident frequency, contrast unfavourably with the 1922 figures, when 50,411 accidents were reported, of which 41 were fatal. The only consolation in the report is the fact that the increase is in accidents of a more minor nature. Up to 1923, the largest number of accidents reported was in 1920 when there were 54,851.

In 1923 benefits awarded amounted to $6,173,761.74; in 1922 to $5,692,896.61; and in 1921 to $6,189,263.49. No one will quarrel with the principle of compensation but the whole community may reasonably stand aghast at the thought that accidents in industry in one Province of Canada are costing six million dollars per year plus lost production and lost wages which may easily double that figure. little care, a little forethought, a little common-sense, will prevent thousands of accidents and reduce losses.

An average of 204 accidents reported every day in 1923 to the Workmen's Compensation Board calls for direct action by management and men to assist in reducing these figures materially for the present year.

RIGIDLY ENFORCE EGG REGULATIONS

Wholesalers, retailers and producers are again called sharply to attention and urged to co-operate with officials in carrying out the egg regulations. Intimation is given that the Department of Agriculture proposes to adopt drastic measures to enforce observance of the regulations.

Egg Inspector Newman points out that since the revised regulations respecting the grade and sale of eggs were issued in July, 1923, the Department of Agriculture had done all in its power to enable wholesalers, retailers and producers to familiarize themselves with the grading and labelling of eggs according to government standards.

The Department, Mr. Newman stated, urgently requested that each producer become familiar with the candling and grading of eggs, as the grading station on the market was instituted for the purpose of instructing producers in grading and marketing of eggs. Queries have been made as to how the inspection of eggs will be carried out when production is highest, namely in April and May.

For the information of those concerned, it is essential that all producers offering eggs for sale become thoroughly familiar now with the candling, grading and labelling of eggs, the station is only a temporary institution.

Recent prosecutions have evidenced the intention of the authorities to enforce rigidly the regulations governing the buying and selling of eggs.

DAMMING OF ST. LAWRENCE PROPOSED AT MORRISBURG

The largest delegation which has visited the capital for a long time appeared before the Prime Minister and all the members of the government Friday morning to urge the importance of immediate hydro power development in the international portion of the St. Lawrence River. The delegation, which numbred nearly two hundred persons, represented the Ontario MunicipalElectric Association and was headed by ex-Mayor Maguire of Toronto, who, as first speaker, presented the case for the delegates.

The speakers who were introduced by G.N. Gordon, Deputy Speaker of the House of Commons and member for Peterboro, included Mr. Maguire, I. Hillard, ex-M.P.P. ,of Morrisburg; P. W. Ellis, chairman of the Toronto Toronto Hydro System; ex-Mayor Chas. E. Tuson, of Windsor; Mayor Jutton of Hamilton; T. N. Stinson, secretary of the Central Ontario Municipal Association, and Mayor W. Breithaubt of Kitchener.

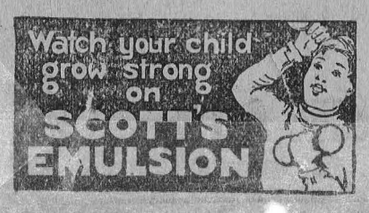
Ex-Mayor Maguire emphasised to the Prime Minister and members of the Government that the delegation was representative of all sections of the province interested in the development of the electrical power. It was asking the co-operation of the Government in the development of power on the St. Lawrence without delay, and advocated the immediate construction of a dam at Morrisburg. Sir Adam Beck he stated., had announced that the year 1926 would see a most serious power shortage in Ontario. Only this week the sixth unit of the ten-unit system in the Chippawa plant of the Hydro Electic Commission at Niagara Falls had been turned on As fast as these units could be turned on, the power was absorbed, and it was predicted that a shortage of some 150,000 horse-power would prevail in the Niagara district in 1926. The only alternative would be the erection of steam power plants until the St. Lawrence development had reached a point where it was of practical value.

The Hydro Electric Commission had declared that the development of the St. Lawrence was absolutely necessary if Ontario was not to run out of power, said Mr. Maguire. In some quarters it had been urged that two dams shouuld be constructed one at Morrisburg and the other at Cornwall, but he was not disposed to favor this. The construction of two dams would not only result in the flooding of a large area of land, but would mean the development of all the power at one stage. By adopting a double stage of which would be the construction of the Morrisburg dam, 600,000 horse-power would be made available, and a like amount could be developed later at Cornwall.

The total cost of the Morrisburg dam, Mr. Maguire placed at $80,000,000, but of this only $15,000,000 would be spent jointly by the Dominion and United States Governments.

I. Hillard ex-M.P.P., of Morrisburg, stated that the shortage of power in his district was very great, "We have only a drop in the bucket, and yet nature has provided power resources at our very door," he said. There was a crying need for power in eastern Ontario, and the people should be given a chance to develope it.

Watch your child grow strong on SCOTT'S EMULSION



LATE JACOB SIMON GARLOUGH

As briefly mentioned in The Record one of the oldest residents of Williamsburg, passed suddenly away at his home onNew Year's morning at the ripe old age of 97 years, 3 months and 17 days. He was born and died on the same farm owned by his father and grandfather. He was united in marriage to Luvia Marcellus in 1848 who predeceased him 17 years ago. There were born to them eight children, four girls and four boys: Hezekiah of Eagle Butte, Sask.; Mrs. Hugh McPherson (deceased), Mrs. A. McPherson, Maple Creek,Sask.; Thos. of East Williamsburg; Mrs. A. Merkley of Syracuse, New York, Mr. Isaiah Garlough of Casselman, Mrs. R. Tupper of Williamsburg; and Jacob at home. He also leaves to mourn thirty-three grand children, sixty-two great grand children and one great, great, grand child.

The funeral service was held at his late home Thursday afternoon, and was conducted by Rev. E. Smith. Interment was made in Boucks Hill.

"Why don't you work, man?" said the kind old gentleman to the tramp. "Fortune knocks at everybody's door once."

"Yes, sir, I know," said the tramp; "but he knocked at my door when I wasn't in, and ever since he has sent his daughter, Miss Fortune."

BONDS

Are Mortgages on Fixed Assets

When a township issues debentures (or bonds) it gives a mortgage on the whole township for security to the buyers of the bonds for the loan of their money for a definite uumber of years at a satisfactory rate of interest.

If the amount required is large it is divided into small mortgages, (that is, bonds or debentures) of $500 or $1,000 each, with the same security behind each, so that investors with small sums may take advantage it.

Bonds or debentures are rated the safest kind of an investment.

„On the Banks of the Wabash" is a photoplay of back-home folks, none can afford to miss.

One of the finest all-star casts ever seen in any production will be found in this great cinema masterpiece.

The greatest rainstorm and flood scenes ever taken are contained in this production.

One of the most dramatic climaxes ever screened brings the picture to a satisfactory denouement.

Love, romance, tragedy and the heroism of brave men and women. Back home folk who rose to the occasion when danger threatened, just as your home folks in similar circumstances.

Steaming Down Main Street Came The SARAH JANE

CAP HAMMOND led his men to the Sarah Jane. It had been thirty years since the old boat had throbbed with steam.

"Put a fire under the b'iler! Bust or no bust, the Sarah Jane's got to make one more trip," the captain shouted.

Main street was flooded. Men and women, children, cattle, struggled in the raging river. Little Bobby Bixler had been pulled upon a raft. reores leaned from windows shrieking for help. In the Bixler home another tragedy was being enacted. Tilda Spiffen had had her moment with God. She had bundled up the evidence of Paul's death and hed made her way before the avalanche of water had struck the town to Anne's home. There this misguided woman tried to undo the mischief her unrequitted love for Cap Hammond had prompted.

"This flood is the finger of God pointing at me for having sinned against you," she had told Anne, "Your husband is dead.

The Sarah Jane's boilers stood the test. The captain at the wheel swung the old river boat down Main street. To her crew of rescuers had been added Paul Bixler, who had made his way across country from the nearest railroad station. Paul had kept his promise to be with Anne on their anniversary

The village was a scene of active water destruction—roofs of houses undermined by the flood, household furniture and women and children who had been swept from their places of refuge mingled in flood debris. Cap Hammond's men dived into the waters and returned to the boat with their human salvage.

Same show for both nights, every seat will be sold. No reserves. Come early. Music.

WINCHESTER TOWNSHIP COUNCIL

The first meeting of the Council for 1924 was held at Chesterville on Monday 14th inst.

Reeve Fulton and Councillor Steen of last year's council being back for another year.

Deputy Reeve Bogart has had several years experience and has returned after some years absence.

Councillors Holmes and Nesbitt are new men in the Municipal field.

The appointment of officers for the year 1924 caused very little discussion nearly all the old officers being retained at the same salary as during 1923. Harold Faulkner replaces A. G. Suummers as Auditor.

The appointment of Road Superintendant was left over for further consideration. If one were to judge from the claims put in by the different applicants, Council should have no difficulty in securing a good head for the road making department.

A large deputation from Morewood waited upon Council, urging that the Townchip account be transferred to the Bank de Hochelaga, which has recently opened a branch at Morewood and a motion by J. Steen seconded by J.A. Bogart the Township account is to be transferred to Morewood after the audit is completed.

The meetings of Council are to be held as in former years in the first Monday of each month.

Next meeting Feb. 4th, at Morewood.
