Proud moment for the Waldroff family

Monday was a special day for young Jeff Waldroff, left, a grade seven student at Rothwell Public School, Ingleside, as he and his classmates watched his father, Edwin, installed as the 127th warden of the United Counties of Stormont, Dundas and Glengarry. With Jeff and the new warden are fellow Rothwell students Andrew Jeacle and Shelley Acres. Mr. Waldroof is the 11th reeve of Osnabruck township to wear the chain of office as warden. In a brief address to council Monday he called for standardization of planning throughout the United Counties.

Winter carnival set for weekend

(Staff) - Chesterville will be "where it's at" this weekend as the eighth annual Chamber of Commerce Winter Carnival swings into action.

The chamber and community organizations have included events for all ages this year and a complete list of events, schedule and prices appears on page eight of this issue.

The carnival gets underway at 5:30pm Friday with the traditional ham and bean supper at Legion Branch 434 and there will be suppers each night and pancakes breakfasts both mornings during the carnival.

Saturday from 4:30-7pm there will be a turkey supper at the Community Hall and again at the Community Hall, Sunday, from 4:30-7pm, there will be a braised beef stew dinner. The Chesterville Rotary Club will sponsor pancake breakfasts at the Community Hall from 7-10am Saturday and 9am-noon Sunday.

One of the major events of the carnival again this year will be the crowning of the Carnival Queen Friday night in the arena. The queen contest gets underway at 7:15pm with Kevin Gillis, star of Bang! Bang! You're Alive, hosting the program. All girls between the ages of 15 and 19 are eligible to compete for the hundreds of dollars worth of prizes. A queen and two princesses will be chosen to reign throughout the carnival.

The Winchester Township Snomobile Club will add a bit of ceremony to this year's carnival as they conduct a torch light parade following the crowning at the arena. The queen and her two princesses will travel with their snowmobile escort from the arena to the river, to Eric Casselman's up Water St. to Main and then to the Legion for Friday night's dance, which will feature the music of the Country Secrets.

Saturday's schedule runs right through from 7am to past midnight and gets underway with the pancake breakfast.

There will be a novice hockey tournament, bowling, log sawing, nail driving, costume contest, tug of war, skating races, broomball, hockey, turkey supper, public skating and dances at the Legion Hall and Community Hall. Music Saturday night will be supplied by the Country Secrets and Glen Cochrane.

An innovation for this year's carnival will be Saturday afternoon's bed race. Over 10 teams have entered in the race which will be held at 12:30pm starting in front of St. Mary's Church. Teams will have five members, one of whom must be in the bed at all times. The race will finish at 1:30pm at the corner of Queen and Main Streets.

The second pancake breakfast starts off Sunday's schedule at the Community Hall while the arena will be the scene of broomball playoffs from 10am-1:30pm.

There will be snowmobile time trials at the fair grounds from 1-4pm and a pet contest at the arena from 1:45-2:30pm before the Old timers hockey game.

At half time of the old timers contest, the Local Milk Jockeys will take on the Village Council and employees in a tug of war.

Black ink again in fair board ledger

(Staff) - The Chesterville and District Agricultural Society is going to have to come with more new attractions if it hopes to keep up its record of success for the annual fall fair, president Stan VandenBosch said in his farewell address at the society's annual dinner meeting, Saturday noon in the dining room of Trinity United Church.

In recapping a successful year - one in which the society recorded a $5,700 surplus - Mr. VandenBosch said the society cannot lose sight of the fact that "we are in the entertainment business".

This doesn't mean the agricultural displays should be played down, at the Chesterville Fair, it just means that a greater variety of attractions must be incorporated into the annual event if it is to continue its successful track record, Mr. VandenBosch said.

This past year was a good one for the fair board, he said. Inspite of the bad weather which plagued the first two days of the fair, attendance was up and when sunny skies finally smiled on the fair on Sun., Sept. 12 a single-day attendance record was set.

As well as the fair, the society sponsored the Hell Drivers Show in the spring; co-sponsored the horse pull in May, and hosted the National Campers and Hikers Association on the fair grounds in mid-summer.

With the fair, these events combined to give the board a total of $19,379.43 in admissions this year. This figure includes dance admissions.

The society's books show an overall profit of $5,669.66 this year, according to secretary Doreen McMillan.

Mrs. McMillan's report, circulated at Saturday's meeting, show the society's expenses this year as $33,640.75 and receipts as $39,310.41. Included in the expenses was $12,703.80 for prize money. This was more than offset by grants from the provincial government, which amounted to $12,896.73.

She said the county Holstein Association had turned down Chesterville's request to hold the 1977 Black and White show here but there was an indication that the show could be rotated between Chesterville and South Mountain in coming years.

The tractor pullers' association is meeting in Metcalfe this Friday to make its plans for 1977 and the Hell Drivers are already setting up their schedule for the year, Mrs. McMillan reported.

Betty VandenBosch, president, reported for the women's section and also said 1976 had been a good year.

In addition to the women's division at the fair, the section organized and operated four canteens during 1976, using the profits to purchase new curtains and skirting material for the arena. New showcases for baking and crafts were added to the exhibition hall, and the fashion show, talent show, baby contest and craft display - which attracted 22 participants - were all successful.

In the women's division, entries were up in the vegetable and fruit, flowers, baking, crafts and educational classes.

On the men's side, the report given by Doug Durant showed hay, grain and cheese up, Ayrshires up, and Gurensey, Jersey and Holsteins down. There were 103 entries in the sheep class, added to the fair in 1976.

Planning stressed by warden

CORNWALL (Staff) - Standardization of planning, conversion of the county roads to the metric system, and the expansion of the county library will make 1977 a year of changes in the United Counties.

That was Edwin Waldroff's message in his inaugural address as warden of the United Counties of SD&G in the county court room here Monday morning.

Mr. Waldroff, re-elected reeve of Osnabruck Township, said he wants to see county council begin work to consolidate the four existing planning areas into a single, counties-wide unit.

This would do away with differences in planning matters, particularly where severance regulations are involved, across SD&G. It would also make the job of the land division committee, administered by the counties, easier.

There would be economic benefits for municipalities across SD&G if such a plan is carried out, Mr. Waldroff contended.

County library services are being extended to Matilda Township for the first time this year, and Mr. Waldroff said it is his hope that Matilda, the only municipality in SD&G not belonging to the library system, will "elect to participate in our county library in the not too distant future".

The counties are required to begin converting their roads to the metric system of measurement this year and by September it is expected that for both survey purposes and speed limits, county roads will have gone metric.

This is in conformity with other conversions to the metric system this year. Mr. Waldroff said the ministry of consumer and commercial relations is expected to issue the Ontario Building Code in metric form before the end of this year and farmers are already being required to go metric. Feed and bulk grain will be metrically measured Feb. 1 and seed April 1 of this year. Milk will change in 1978 and fertilizer and pesticides in 1979.

Mr. Waldroff also drew to the attention of council members the recent change in the Ontario Municipal Act which permits municipalities to issue two tax notices, one for education and the other for all other tax purposes.

"The option afforded to municipalities of issuing separate tax notices, although creating a duplication for administration purposes, would undoubtedly provide a more visible distinction between municipal and school taxes, and it is one that some local councils may want to consider for possible implementation," he stated.

Mr. Waldroff pledged co-operation between council and city of Cornwall "who in the past has proven to be a good neighbor".

In line with tradition, Mr. Waldroff's nomination to the highest office on county council was unopposed. He was nominated by Williamsburg Township reeve John Whitteker, warden in 1975. He succeeds Bill Cummings, reeve of Lancaster Village.

On hand for the inauguration ceremony were members of Mr. Waldroff's family, township council and employees, S-D MP Ed Lumley, SD&G MLA Osie Villeneuve and Cornwall mayor Gerry Parisien. A grade seven class from Rothwell Public School was also on hand. The class was chosen since one of its members is the new warden's son, Jeff.

Eight per cent raise for township employees

BERWICK (Staff) - Subject to approval of the Anti-Inflation Board, Finch Township salary and hourly-rated employees were awarded an eight per cent pay increase at last Tuesday night's inaugural council meeting.

Clerk-treasurer Arnott Empey was increased to $1,088.64 from $1,008 for a total of $13,015.68 per annum and road superintendent Reg Burd went to $245.65 a week, or $12,773.80 a year, from $227.45 a week.

The secretary went from $151.20 to $163.30 a week.

Hourly-rated employees also went up: grader operators to $4.77 an hour from $4.42, truck drivers to $4.54 an hour from $4.20, laborers to $4.17 an hour from $3.86 and casual workers to $3.63 an hour from $3.36.

After holding the line in 1976, Council members increased their honoraria by eight per cent. Reeve Johnson Ouderkirk was increased to $1,782 from $1,650, Deputy Reeve Hugh Shaver to $1,425.60 from $1,320 and Councillors Aurele Forgue, Ralph Mackenzie and Donald Shane to $1,188 from $1,100.

Council also decided remuneration rates for attending conventions would be the same as established for Counties' Council.

Clerk-treasurer Empey also released a financial statement for 1976 showing the township with a sizeable increase in its bank balance.

The bank balance Dec. 31, 1975 was $28,680.75 compared to $47,996.22 on Dec. 31, 1976, for an increase of $15,315.47.

In a brief address after Mr. Empey swore Council members into office, Reeve Ouderkirk said "I hope we'll all work in the interest of our municipality and ratepayers."

Kenzie MacGillvary was appointed for another termas Finch Township's representative to the South Nation River Conservation Authority.

Reeve Ouderkirk and DR Shaver were named as representatives to the Lower St. Lawrence Planning Board.

A letter from the provincial Ministry of Transportation and Communications informed Council its 1977 road subsidy would be $45,000 for construction and $66,000 for maintenance for a total of $111,000.

Clerk-treasurer Empey said the 1976 subsidy was $99,500.

He cautioned Council on the announcement, saying the road subsidy would be increased but so would the township's 45 per cent share of the cost to administer the road program.

Ontario Hydro also informed Council of a 25 per cent energy charge increase for street lighting.

A request for a $25 contribution to the Canada Mental Health Association, Ontario division, was tabled until the next meeting.

In other business, tile drainage applications totalling $35,300 were approved for Armand Cloutier, Delburn Carruthers and Robert MacIntyre providing sufficient funding is received from the province.

Trustees hold line

(Staff) — SD&G County Board of Education trustees are holding the line as far as their own pay is concerned. They voted last Wednesday night to keep their honoraria at $300 a month, with an extra $100 for the chairman of the board. This is $100 below the maximum for a board the size of SD&G's. Each trustee is allowed to claim one-third of his or her honorarium as expenses for income tax purposes.

Following tradition

(Staff) — Ewart Simms appears to have been given the nod as the next warden of the United Counties when the Mountain Township reeve was named chairman of the finance committee at Monday's inaugural session of counties council. Following tradition, it will be Dundas County's turn to have the warden in 1978. The wardenship rotates among the three counties from year to year and if Hubert Quart, Maxville reeve, is still in office in 1979, it will be his turn. He was made chairman of the roads and bridges committee. George Crites, reeve of Roxborough, was picked as chairman of the social services committee and is being groomed for the warden's chair in 1980. Delbert Link, reeve of Winchester Township, was named chairman of the reforestation, agricultural and planning committee, the fourth standing committee of council.

Ann Landers

Dear Ann Landers: I am from a devout Catholic family, attended parochial schools and graduated from Loyola University. I married a Catholic man 10 years ago and we have five children.

My husband's philandering and alcoholism were more than I could stand so we separated.

Last May he met a woman he now wants to marry. This is a big decision for me because I believe I will be automatically excommunicated from the church.

My husband claims I am mistaken. Our parish priest is ill and I'm not comfortable with his assistant. Will you please check with Father Ted Hesburgh and get the facts? Thank you very much. - **Unsure In New Orleans**

Dear Unsure: I didn't have to check with Father Ted on this one. I know the answer.

A Catholic who obtains a divorce is not excommunicated. Remarriage, however, is a different matter. That's the way it stands NOW, but it may be changed.

At a recent Roman Catholic conference in Detroit, approximately 1,400 delegates voted to repeal the penalty of automatic excommunication for American Catholics who marry after divorce.

This vote is subject to endorsement by the nation's 330 bishops, who will meet next May in Chicago. If they vote yes, it will then be up to the Pope to decide.

Dear Ann Landers: When you printed that great column about your brother-in-law David Brodkey, who died from lung cancer, I asked my mom if she had seen it. Her answer was, "Yes, I always read Ann."

I then said, "Well, was that enough to get you to quit smoking?" Her answer was, "No, dear, but thank you for caring."

Well, Mom, I care plenty. You are the most important person in my life. I'm going to miss you terribly when those damn cigarettes take your life.

I care that our grandchildren will never get to know you and enjoy all your wonderful stories of the past. I care that in a few years from now, when I am a married woman and my phone rings in the morning, it will be one of my bridge pals, or my husband, but it won't be my most beloved friend of all - you. I'm not signing my name but you will recognize me as

- **Your Loving Daughter**

Dear Daughter: Powerful letter, young lady. I hope it connects.

Dear Ann Landers: Thirty years ago I married a Navy officer. At the time I agreed to (1) continue to work because he was an ensign who had to shell out alimony, (2) pay half of the household expenses.

J decided to make the Navy his career. I have raised three children, paid for my own insurance, bought my own clothes, purchased and maintained my own cars. J retired a year ago, with benefits of nearly $1,500 a month, but he refused to let my quit my job. He says I must live up to the agreement we made when we married. He just gave me an ultimatum - either I continue to work and pay my half of the household expenses or I move out. My kids say MOVE.

I could certainly support myself. I've been doing it for 35 years. Suddenly I find I don't like my husband very much. How about a bit of advice? - **K.W.**

Dear K.W.: - I'll give you two bits, dearie. Get a good lawyer and make Mr Generous move.

Teaching your kids about the facts of life can be easy or awkward. Ann Landers' new booklet, "How, What, and When to Tell Your Child About Sex" can spell the difference. Send 50 cents in coin, along with a long, stamped, self-addressed envelope with your request, to Ann Landers, P.O. Box 1400, Elgin, Illinois 60120.

Cornwall priest heads board

CORNWALL (Staff) - Fr. Rudolph Villeneuve, a Cornwall Roman Catholic priest, was elected chairman of the SD&G County Board of Education at the board's inaugural meeting here last Wednesday night.

A member of the board for 3½ years and vice-chairman for the past two, Fr. Villeneuve defeated his only opponent, Lucien Chenier of Alexandria, in a secret ballot.

Nominated by Sam McLeod and seconded by Lorne Thompson, Fr. Villeneuve succeeds Wes Libbey, chairman for the past two years.

Mr. McLeod, trustee of Charlottenburgh and Lancaster Townships and Lancaster Village, was chosen vice-chairman over Cornwall trustee Sandra Enns. He was nominated by Lorne Thompson and his nomination was seconded by Mahlon Zeron.

Mr. McLeod has been a member of the regional board since its beginning, in 1969, and has chalked up a total of 25 years as an education trustee.

Fr. Villeneuve unsuccessful Progressive Conservative candidate in Cornwall in the 1975 provincial election, thanked his fellow trustees for their support and said in his address he was approaching the duties of the chairmanship with "trepidation".

The board must operate as a full partnership and have the co-operation of the administration if it is to achieve its primary goal: the best possible education for the children of SD&G within the board's financial means, he said.

He described SD&G as the "birthplace of education in Upper Canada" with a rich educational tradition stretching back over 200 years, but said there are serious challenges facing educators in the United Counties today.

Specifically, the board faces the problems of finances, labor relations, declining enrollment, lack of public confidence and a changing society.

Changes in provincial financing of education, which has placed more of an onus on boards to reaise money through local taxation, has made the board accountable as never before to the public.

Next to the church, education has is experiencing more sustained criticism than any other institution today, Fr. Villeneuve said.

There is an overwhelming negavitism among the public which must be dispelled and replaced with the knowledge that SD&G has one of the best, if not the best, educational systems in the world, Fr. Villeneuve said.

"Let us face the challenges that lie ahead, stressing excellence and high levels of achievement, making sure that our standards are at that high level which both students and parents have a right to expect and at a price the taxpayer can afford."

Board inaugural

New vice-chairman Sam McLeod, left, and chairman Fr. Rudy Villeneuve, centre, listen as SD&G director of education explains a point during last Wednesday evening's inaugural session of the tri-county board. Fr. Villeneuve, a trustee for Cornwall's separate school supporters, has been a member of the board for 3½ years, the last two as vice-chairman, and succeeds Wes Libbey as chairman. Mr. McLeod, a member of the board since 1969, represents Charlottenburg and Lancaster Townships and Lancaster Village. He defeated Cornwall trustee Sanrda Enns for the vice-chairmanship. - staff photo -

Personal

Mr. and Mrs. Burnis Short, Chesterville, returned home last week having spent four days in Santa Diego, Calif. attending a dealers' convention, compliments of Massey-Ferguson Co.

Peter Senn motored from Terrace Bay, Ont., to Chesterville and drove his grandmother, Mrs Velma Senn, and Aunt Marjorie to Three Rivers, PQ, where they spent two weeks at his home there.

Ontario Hydro's research and engineering groups are involved in a myriad of highly technical subjects relating to the efficient use of electircity and the protection of the environment.

Trustee association memberships to continue

CORNWALL (Staff) — The SD&G Board of Education will continue its membership in provincial trustees' associations even though some members of the board, find the membership and dues a pair of bitter pills to swallow.

Membership fees in the four associations, the Ontario School Trustee Council (OSTC), Ontario Public School Trustees Association (OPSTA), L'Association francais des Conseils Scolaires de l'Ontario AFCSO) and the Ontario Separate School Trustees Association, (OSSTA), total over $12,000.

Trustees voted last Wednesday night to continue membership in the associations over the protest of former board chairman Wes Libbey and new trustees Lloyd Markell and Mahlon Zeron.

Mr. Libbey led in the disagreement. He said as well as the money matter involved, he was speaking against continued membership since the associations had often disagreed with stands taken by the SD&G board.

Director of education Rosaire Leger pointed out that the board should be looking to the future rather than the past and with the situation in which boards now find themselves they need strong province-wide associations.

Trustee Eugene Legault said if the associations haven't provided strong representation in the past, it could be partly the fault of boards such as SD&G's which haven't prodded them enough.

Albert Morin said Mr. Libbey was being "reckless" and defended the associations, saying he personally had received a great deal of information on education in French from the AFCSO.

Gerry Desjardins said the board would actually be saving money since it would cost more to obtain legal advice on such things as salary matters than the OSTC charges for membership dues.

He added that the board would become an island unto itself if it cut itself off from other boards and asked if trustee association memberships were cancelled, would the board cancel membership in all other organizations.

M. Shaver president SS&CIA

CORNWALL (Special) - Directors of the Stormont Soil and Crop Improvement Association recently elected Morris Shaver, Ingleside, president, Murray Manley, Berwick, Vice-president, D.C. Miller, Cornwall, secretary-treasurer. Harry Pollock, Lunenburg, and Barry Arsmtrong, Crysler, were again appointed auditors. Hugh Carruthers was elected to serve as a one-year director for Finch Township.

Murray Manley, chairman of the Eastern Ontario Soil and Crop Improvement Association, was elected the county's representative.

The EOSCIA Crop Conference was held at the Nepean Sportsplex Tuesday. Theme of the Conference was "Managing The Land".

President Shaver asked for the co-operation of all the township directors to be actively involved in the organization. County soil and crop improvement associations are one of the most 'grass root' organizations available to farm people. He challenged directors to increase the association membership. In past years, the Stormont Soil and Crop Improvement Association has had between 300-400 members.

The driectors drew up project plans for the coming season. These include testing 2,300 heat unit corn hybrids, soybeans spring wheat, winter wheat, forage establishment and the utilization of high moisture ground ear corn.

CARD OF THANKS
We, Ian and Rita MacDonald of Morewood would like to express our sincere appreciation to the local fire department and to all the others in Morewood who volunteered their assistance on Jan. 13, 1977. Although our home was not saved, we know that it was not due to a lack of effort. At one point I think there were enough people there helping, that we could have picked up the house and walked away with it. We know the fire was long and the weather was cold. We thank you very much. We would also like to thank all those who donated clothing. Special thanks to Mr. John Van Dongen, Bill and Sue Perdue and to Mr. and Mrs. Broom of Morewood who are allowing us to use their home for the time thay are down south.

CARD OF THANKS
We wish to take this opportunity of thanking our many relatives, neighbours and friends for their kind expressions of sympathy, acts of kindness, beautiful floral arrangements, donations to the heart fund, letters and cards of sympathy received in our recent bereavement in the sudden passing of a dear husband and father, Milton Hillis. These acts of kindness will always be remembered.

AN EASIER WAY OUT: A provincially-created problem now has a provincial solution with the amendment to the Municipal Act allowing municipalities this year to send out two tax bills, one for themselves and one for educational assessment. Edwin Waldroff, in his inaugural address as warden of the United Counties, pointed out to the reeves and deputies assembled from across SD&G for Monday's first counties council session of 1977 that municipal governments now have the means to make the visible distinction between the amount of taxes needed to run their business and that required by school boards to look after theirs. It's an unfortunate fact of life that so many taxpayers fail to make the distinction themselves and end up blaming municipal councils - which are, in effect, only collection agencies for school boards - for all tax increases. The new system of double billing would add to the cost of collecting taxes since instead of one bill being sent out to collect property taxes, two would be required. But the extra cost could be justified in the end since those councils that railed about the rising costs of education can, Pilate-like wash their hands of the whole affair, send out a separate bill and turn their minds to more productive thoughts. Embattled school boards would no longer have to defend themselves from incensed reeves and would have to face the only constituency to which they are accountable - the electorate. - **Robin Morris.**

THE UNFRIENDLY SKIES: The skies are now a little less safe for each and every one of us; terrorists have had their lot made easier, and the possibility of another Munich-style massacre is a very terrifying reality: all these conditions brought about last week with the release by France of Abu Daoud, suspected mastermind of the murder of Israeli athletes at the 1972 Olympic games. Within hours of the release of the Palestinian revolutionary, France announced a huge arms sale to Egypt, a deal that undoubtedly would not have gone through had Daoud been languishing in a Paris jail. With the obscene haste of the announcement of the sale of Mirage jet fighters to Egypt - to be bought with petro dollars supplied by countries like Libya and Saudi Arabia - the Elysee Palace seems to be reaffirming the unpleasant fact of life of the 1970s, that oil is thicker than blood.

CASTING THE FIRST STONE: But before we as Canadians hasten to condemn France for its action, we sould make sure our own house is in order. We can do this by demanding an end to the boycott of Israel by firms wishing to deal with Arab counties. The list of firms in the country abiding by the terms laid down by their Arab customers is a lengthy one, and doesn't stop with just those dealing with Israel. The list has been extended to include companies owned by Canadian Jews and those with Canadian Jews a directors. The noxious growth of anti-Semitism is being nurtured right here in Canada by Canadian corporations willing to grovel for Arab oil money. One manner of solving the problem is to demand that the federal government make public the names of all those companies abiding by the boycott rules. Another would be to have the federal and provincial governments cancel all tax breaks, development loans and incentives these companies now receive. If the list were published, Canadian consumers could take the law into their own hands and give the companies a taste of their own medicine by organizing a boycott against them. - **Robin Morris.**

THURS., JAN. 21, 1937

Last night at the local arena, the Chesterville Leafs dropped another game in the St. Lawrence league race to the league-leading Canadiens of Cornwall, the score being 4 to 2.There were some flashes of real hockey but not what either team is capable of giving to the cash customers. Chesterville's counters came one in the second frame a minute after the face-off when McElroy banged in the rubber after a nice pass from Rombough. The second came in the final couple of minutes before the gong sounded when Rombough made the counter.

Recently, The Record was invited by Mr. James Riddell, caretaker of the Public School, to accompany him into the building for the purpose of seeing a grape fruit tree which he had growing in a large tub in one of the classrooms. Several years ago, Mr. Riddell, desiring to know whether such a tree would grow in this latitude, planted several seeds and after careful attention has now the satisfaction of possessing a tree more than six feet tall, the trunk of which is more than an inch in diameter with many branches of considerable length and luxuriant foliage, the leaves being deep green and very glossy.

In keeping with the policy of the Community Theatre to present the very best pictures to its Chesterville patrons, there is a treat in store this weekend when the attraction will be that wonderful story by Hervey Allen, "Anthony Adverse" in a screen version carrying all the many interesting scenes and situations found in the book. It took almost weeks to read the book but such a masterpiece has been made of it on the films, that two and a quarter hours will bring it all back to you.

A Plymouth Rock pullet, owned by Fred Helmer, of Maple Ridge, is credited with producing two eggs in one day and according to the owner, the eggs were laid in one sitting nest.

With high winds blowing this morning and streets one glare sheet of ice from side to side, it is just about the toughest time for getting about this winter. After a beautiful forenoon yesterday, with clear and cold in the middle of the day, toward evening a bit of snow began drifting along, which, before ten o'clock had become a drizzle and afterward a downpour quickly turned to freezing. The only ones getting any pleasure out of the situation are the school kids who go flying by on their skates, asking for nothing better.

Chesterville's Legionaires gathered but one point this week in the Central Ottawa Valley Intermediate schedule are now in second place with three points, while Maxville and Winchester are tied for first with six points each, with Winchester having played two games more than the Glens. In Finch Saturday night, the Legionaires came from behind to tie the Finch-Berwick Blue Devils 3-3 for the only point of the week.

Queen St. bridge in 1927

The above photograph showing the old iron bridge across the Nation River in Chesterville was supplied by Tom Lapierre, Albert St., and was taken 50 years ago, in January, 1927. The Record would like to incorporate these old photographs as a weekly feature with "Chesterville's Past". Do you have any old pictures of Chesterville and district you would be willing to lend to this paper for publication? If so, send or bring them in and they will be promptly returned after their use.

This seems to be a good year for hunting foxes in Winchester Township. A Nation Valley party of hunters has bagged thirty-five so far this season. A week ago Monday, Harold Munro, Dwayne Munro, John A. Munro, Jack Casselman, Burnice Wood and Willis Barkley shot six foxes on one trip.

Alex J. Barrie was elected chairman of the Chesterville Public School Board at the inaugural meeting for 1947 held in the school building last night and attended by Messrs. Barrie, H.M. Henderson. R.J. Gilroy - who was re-elected at the January nominations - and Mansell Brownlee, new member. Mr. Barrie succeeds J. Howard Fulton who resigned after 20 years' service in the appointment. Appointments made to the Chesterville Public Library Board were: G.C. Lacey, one year; P.G. Hewitt, two years; Mrs. L.H. Doering, three years. Miss Jean Casselman was re-appointed secretary-treasurer of the board; K.K. Woods was re-engaged as caretaker, and Thos. Klingval becomes truant officer for the board. H. Brown was re-appointed as the board's member of the High School Board for a period of one year.

The other day at the annual meeting of the Federation of Agriculture in Toronto, F.C. Eligh of the Finch branch, took a step in the right direction when he advocated splitting the eastern Ontario section of the Federation into two separate sections, the eastern section being that portion of the province east of Frontenac county.

The annual meeting of the Dunbar Presbyterian Ladies' Aid was held on Thursday afternoon at the home of Miss Mary and Miss Mina Marcellus. The president conducted the meeting and the secretary gave a report of the year's work and the treasurer gave her report. All showed the organization to be in good shape. Mrs. D.A. Dillabough presided for the election of officers, which resulted in the re-election of all officers for another year. At the conclusion of the meeting, a dainty lunch was served and a social time enjoyed by all.

Tuesday members of the Three United Counties Council chose Charles McMillan, reeve of Chesterville, as their warden for the next term. Mr. McMillan has been reeve of Chesterville for the past eight years and started his ninth term here this month. Nomination and acclamation to the highest office in the counties' government was by acclamation. The chain of office was hung on the new warden by John McLennan, reeve of Charlottenburg township.

Chesterville and district shared a doubtful honour Monday night and Tuesday of this week. We were colder than anywhere else in Canada and from this point of view, that was too cold. Reports from the outer fringes of the Chesterville district had the mercury as low as 45 below the line, just a mere 77 degrees of frost.

Mr. H.J. Anderson, St. George's Nfld., assumed the manager's post last week at the Bank of Montreal, Finch, replacing H. Middleton, who has been transferred to the Bank of Montreal, Almonte, as manager.

The Winchester Township Spelling Bee was held at the Frood School with thirteen boys and girls participating. The spelling bee was under the sponsorship of the Ontario Educational Assembly. The tracks through town wakened again last Wednesday night to train traffic. The strike of firemen was called off late in the afternoon and the first test engine snuffled into the years here close to midnight, panted around a bit, tooted like a hound lost in the swamp and headed on east, opening the way for regular service. By Monday things were back to normal and the firemen problem for diesels is to be settled by a new committee in October.

The bi-weekly winter euchre of Chesterville IOOF was held in the lodge rooms Wednesday last. Winners were: ladies first, Mrs. Erwin Merkley, Mrs. Willis Cross; gents first, George Gillard, Edwin Forward.

Some new Canadians from Chesterville and District received their citizenship papers at the first of the week from the hands of Judge Brannen in Cornwall. They are Mr. and Mrs. D.J. Testerink, who live here in town, and Mr. and Mrs. Paul Erdody, of the Boyne.

spent on the trails at Calabogie and nothing much could of been nicer.

But now it is back to the day-to-day realities of life...the closing of the books for another year, the year end audit, plans for a new year, a study course to be zeroed in on prior to that test of how much knowledge a middle-aged brain can retain, until after a final exam in April on a first year course of study. If I pass that testing there will still be two more years to go. Horrors, can I hang in that long! Tonight, I fear not, as weariness is a bad companion. Tomorrow is another day, though! And, I am a contrary one.

Today I noted that the winter sun burns like fire on the snow. Icicles hang from the office roof, melts on the warm side and falls with a soft sound. I do not know why white seems more pure as a color than red or blue, but so it is, and the countryside in winter has a certain purity not noted in any other season. At the edge of the bush I see rabbit tracks. The prints of small animals make delightful patterns everywhere in the snow, shortly overlaid by Baron, Sarah's German shepherd. He goes in great leaps and then rolls in the snow, reminding me of the angel-wings we used to make when I was a kid.

Our homes are especially dear at this time of year. In the country, we perhaps become more intimate with our houses because each house is so separate, surrounded by its own land. And of course, when winter closes in, we often spend more time in them than city folk do. If we are snowed in for a week-end, the house is our world, we are a part of its very being. The garage is full of wood and kindling and ivy fills the stoneware jugs while an amaryllis with four large blooms on one stock brightens our family room. Comforters and quilts assure a good night's sleep.

The emergency shelves are stocked with staples, the freezer full, and books for winter reading are close by. So is my course of study, which I must not neglect. I was going great guns, I must admit, until I got carried away by the Christmas and New Year festivities. However, no further excuses are to be allowed.

The voice of the winter wind is strange and wonderful now, I note as I walk to the mail box in the soft moonlight. In summer, it is soft as the caress of a kitten's paw. In autumn, around the autumn equinox, there comes a heavy roar with an overtone of shrillness as from a Scots set of pipes. Now in January it has a wild and lonely sound suggestive of northern, frozen wastelands. By March, it will thunder in, excited, happy, sweeping the ice rivers and ponds.

The chickadee twitter from every icy twig, scolding tardy bird feeders in a nice way. They have to be my favorite winter bird, for their dee-dee has a bright sound and they travel so bravely through falling snow, cocking their little black-capped heads toward us. They are small, compact birds, grey with rich black markings but when they come close, one can detect a soft, apricot tint on their breast feathers. And they can crack sunflower seeds with the best of the big birds.

In the early mornings, I see the bluejays and the woodpeckers. Pheasants feed by the roadslide as I travel home from work at dusk. My a pheasant flies heavily, and it seems to me, as a lay observer, that they do not ride the air currents as some birds do. They barely clear the fence and then fly in awkward swoops toward the safety of the bush across the way.

The flight of birds could become a lifetime study. I notice the bluejays plummet down as if they were bolting from a cannon. The hummingbird is nothing but a quiver of wingbeats. The hawk seems hardly to make a wingbeat as he zeroes in, sending the lesser birds to cover. And when I am near the ocean, I can spend hours watching the air-borne sea gulls. They are big, heavy-bodied birds, but they can catch an air wave and ride as far as I can see. Then with a tiny tilt of the wing, they ride all the way back again. Their flying seems absolutely effortless. If you have not read Jonathen Livingston Seagull, by all means do.

As I have said before, what January really ushers in is February, which is more of the same. Driving home in a swirling storm, I reflect that one has to know the changes of the seasons to believe in spring when it is January and February. But, soon the seed catalogues will appear. At the moment, deep in January I don't think that I'll plant a garden this year but then...

Are you boycotting the increased price of coffee? Milk and water are better for one, the Farmer notes. And I agree, so milk and water it will be for the better part of my drinking day. I have become very addicted to my early morning cup of coffee, silly creature that I am. Bread, oil, and cocoa prices, to say nothing of hydro and telephone cost are going to rise also. Is it all necessary? What say the A.I.B. gremlins?

If there is one poor, dead soul, I sympathize with these days, it is the late Premier King. Great heavens, can't a person have a few hobbies. Why, I read my horoscope every day. Granted, I don't usually have time until I am safely tucked into bed at day's end, but read it I do err sleep comes.

There seems to be no twilight now. I look out my office window and think that I'll tie up a few more loose ends before I head for home, then suddenly realize in a few minutes that the sun has disappeared and the first star has appeared.

But still the days grow longer. Actually the first sign of spring is in the light, not the weather, Sam comes stomping in shaking the snow from his boots and says "Days are longer now." There is a change in the light and that means the end of winter is coming. Yes, we are turning to spring, no doubt about that. And soon we will agree that the winter was not bad. Pretty fair on the whole.

Waldroff follows lengthy tradition

CORNWALL (Staff) - With his installation in the county court room here Monday morning, Edwin Waldroff became the eleventh Reeve of Osnabruck Township to wear the chain of office as Warden of the United Counties of Stormont, Dundas and Glengarry.

The office of warden came into existence in 1850 and the first Osnabruck Township representative on United Counties Council to wear the chain of office was Samuel Ault, who was installed in 1852. In 1855 it was William Colquhoun; 1881, J.R. Ault; 1887, Francis Anderson; 1890, George Kerr; 1920, D. Dunbar; 1929, Glen A. Shaver; 1938, Wallace Gallinger; 1953, J.H. McGinnis; 1968, James A. Zeran.

Mr. Waldroff has served with the last three during his career in municipal politics.

The wardenship rotates annually among members from each of the United Counties. Last year's warden was Bill Cummings of Lancaster Village, in Glengarry, and the year before it was John Whitteker, reeve of Williamsburg Township.

This year it is Stormont's turn and next year the warden will come from Dundas, if tradition is followed.

In order to become warden, a member of the counties' body must first have served as chairman of council's standing committees. These are social services, roads and bridges, and finance.

Irvine announces resignation from cabinet, won't seek re-election

The honorable Donald R. Irvine, MLA for Carleton-Grenville and the Provincial Secretary for Resources Development, indicated last Wednesday that he had informed the Premier some weeks ago that he will not seek re-election when he next provincial election is called.

Mr. Irvine said that, for personal reasons, he has decided not to continue in politics.

Under these circumstances, Mr. Irvine indicated he felt it "only right" that he not cintinue as a member of the Executive Council for any prolonged period.

He said he has submitted his resignation as a member of cabinet to the premier. The premier has indicated, however, that he does not intend to act on the matter until his return from his planned trip to Israel.

The provincial secretary said that he had informed his riding executive of his decision at a meeting Tuesday night of last week. At that time, said Mr. Irvine, he assured them he would continue as the member for Carleton-Grenville until such time as an election is called.

Mr Irvine, first elected in the general election of 1971, said it is with considerable regret that he has decided to discontinue his political career.

"It has been both an honor and a privilege to serve the people of Grenville-Dundas and Carleton-Grenville as their MLA and to have been a member of the provincial cabinet", said Mr. Irvine.

"I have particularly enjoyed the varied responsibilities of provincial secretary and the opportunity that position afforded me in being part of shaping the policies that role entails... policies vitally affecting every resident of this province", said Mr. Irvine.

"Because I feel deeply about the importance of the portfolio I have had the pleasure to fill during the past 15 months, I feel it only fair that the premier now give consideration to appointing someone else so that person can begin the job of orientation."

"I want to emphasize that my loyalty to the Progressive Conservative Party will continue. I sincerely believe that my departure at this time will not impede meaningful progress being made in the secretariat and my decision to advise the premier in advance will give my successor the opportunity to begin at an early date the responsibility of taking on this role.

"The party and government are both strong and growing stronger; I am as proud of my own personal efforts to sustain and assist the government it was my privilege to serve."

Inside Ingleside

by Jean Jeacle

If you can sing a song, push a bed, spend a dollar or whistle at a girl, then you had better make sure that you will be here February 24 to 27 for the Osnabruck Township Winter Carnival.

Committees are hard at work to ensure that there will be something for everyone be they sportsmen or just good sports - but the success or failure of the venture depends on us and our neighbors.

Whether we come as spectators or participants we will find lots of things to see and do.

You fitness-buffs can play volleyball, broomball or hockey while we armchair - athletes can flex our muscles at euchre, cribbage and monopoly games. Everyone will have the opportunity to dance, to sing and to eat.

Despite what the calendar says, February often seems like the longest month of the year, so it will be a relief for us to join in the camaraderie of the carnival to help pass the time and speed us toward spring. No matter how much we may spend during the four days it will still be cheaper than a trip to Florida.

BITS AND PIECES

Reading this column last week you might have received the impression that **George Hehir** is getting of easy in his first term on Council TAINT SO! He, too, is a member of the Township Hall Board, as well as being our representative on the Raisin River Conservation Authority.

— **Mr. Petepiece** and his grade seven class from Rothwell were guests at the warden's installation in Cornwall on Monday. All the youngsters were keenly interested - none more so than class members and warden's son **Jeff Waldroff.**

— The two Ingleside rinks are holding down first and second place in the Industrial Curling League, so there is a lot at stake when they meet in a crucial match at 9pm Friday. As of yet, the rival skips, **Rev. MacKinnon** and my husband, **Earl,** are still on speaking terms and neither has issued any threats worth repeating.

— It would appear that **Murray Wells** spent last Saturday afternoon chasing **Clara** around the township. She won first prize and he came in second at the Inglebrook Snowmobile Rally.

— There will be a whole lot of running around again this Saturday when the Rotary Snowmobile Rally takes place.

I started at the head of the line and finished at the tail-end but, NONETHELESS, I followed the pipeline and made it all the way from the old Farran's Point road to home - ON SNOWSHOES! I find it hard to believe myself, but it really did happen here, "Inside Ingleside".

Surinder Gupta's 31-member law class at Tagwi Secondary School, Avonmore, found out some interesting facts on what the school's student population thinks about the liquor laws in Ontario during a recent survey. - staff photo -

Tagwi students agree with drinking laws, but 70 per cent say alcohol serious problem

AVONMORE (Staff) — Almost two-thirds of Tagwi Secondary School's 937 students drink alcoholic beverages and just over 70 per cent of the student body believes drinking is a serious problem with teenagers today.

Those were just two facts concluded from a survey on Ontario liquor laws conducted by Surinder Gupta's law class recently.

Mr. Gupta's 31-member class circulated a questionnaire to the student body asking seven questions about provincial liquor laws.

The objective of the exercise was four-part: to make the students aware of the existing laws regarding liquor in Ontario and the punishment for violation of these laws; to find out the opinions of young people on the desirability of liquor laws, particularly on the question of the age limit; to make the sutdents feel that their opinions can carry weight with the government, and to make the students aware of the process of making and changing the laws in a democratic country.

The questionaire form which asked the students their sex and age also outlined the present liquor laws in Ontario.

The laws are: "Any liquid containing alcohol is the legal deinition of liquor which means beer, wine and hard liquor. No person under the age of 18 can legally drink except in a residence (a place actually used as a dwelling place) where he or she is supplied with liquor by his or her parents or guardian. If a minor (a child under 18 years of age) consumes, or attempts to obtain, or otherwise gets liquor, he can be fined up to $2,000 or imprisoned up to one year or both.

A person who supplies or sells liquor to a minor who is or who appears to be under 18 is committing an offence. It is an offence for a minor to be merely present in a place where any liquor offence is being committed or liquor is being served such as a bar, or a cocktail lounge, unless the minor has a lawful reason to be there.

"No person, adult or minor, can legally drink anywhere except in one's own residence, or in a place licenced or permitted by the Liquor Control Board, or in an other person's residence if one is a guest. However, one can carry, even an open bottle of liquor, in a car provided it is out of the reach of the driver while driving or any other passenger.

"The police have the power to search you and or your car or any other place except your residence without a search warrant if they have reasonable grounds to do so. To search your residence, police need a search warrant."

In the survey results, 60.2 per cent of the total student population favored the age limit as it now stands at 18 years of age. A further breakdown shows 48.7 per cent of the junior and 73.5 per cent of the senior students favoring the age of 18 as the drinking age limit.

Fifteen and one-half per cent want the age limit lowered and 13.9 per cent want it raised.

For those who want the drinking age limit changed, 18.5 per cent of the juniors want it lowered to 16 years; five percent to 17 years; 1.4 per cent to 21 years and 2.5 per cent to over 21 years.

Of the senior students, 3.4 per cent want it at 16 years; 4.4 per cent lowered to 17 years; 3.4 per cent raised to 21 years and 3.2 per cent to over 21 years.

In question three, 51.9 per cent agreed with the punishment for the minors breaking the liquor laws, while 33.4 per cent indicate it is too strict and 14.7 per cent say it is too lenient.

In answer to the question "Do you think the minors should be allowed to drink in a licenced place if permitted by parents?" 66.7 per cent answered "yes".

Of the 66.2 per cent of the students who indicated they drink, 77.3 per cent were seniors and 54.4 juniors. There was not a significant difference between the males and females in this or any other respect.

Thirty-three point eight per cent of the students don't drink at all (22.7 per cent seniors and 45.4 per cent juniors).

Those who do drink were asked how often once a week; twice a week, three times a week, four times a week, more than four times a week, or less than once a week.

The greatest number of drinkers, 37.7 per cent, consume alcohol less than once a week, while 22.6 per cent and 21.5 per cent drink once a week and twice a week, respectively.

Almost 19 per cent of the students who drink indicated they do so in a licenced place although most of them would be under 18 years.

When asked if their parents knew they drank alcoholic beverages, 65.1 per cent answered affirmatively and 17.8 per cent negatively.

On part two of the question, asking if parents object mildy, very mildly, strongly, very strongly or not at all, 77.5 per cent of the students said their parents do object. The greatest number of parents, 39.1 per cent, object mildly, and 16.4 per cent object very mildly. Fourteen per cent object strongly and eight per cent very strongly while 22.5 per cent do not object.

When asked if drinking is a serious problem for teenagers today, 70.1 per cent answered "yes".

New smoking policy has minor changes

CORNWALL (Staff) - Smoking regulations at SD&G's 10 secondary schools will be left up to individual school administrations and school committees, although the tri-county board of education's policy on the matter is to discourage students from smoking while still respecting the individual right of students to light up.

The new smoking policy got the stamp of approval at last Wednesday's inaugural board session and was passed after having failed to be approved in December.

At that time trustees refused to accept the administration's recommendations because they didn't include any input from school committees. They were sent back to the administration and surfaced in revised form last Wednesday. School committee input is basically the only change in the new policy.

In the policy's preamble, director of education T.R. Leger says the administration based the new regulation on "two premises... First, that the board discourage smoking on school property should be the domain of the individual school and its community."

The policy wasn't passed without comment, however.

Cornwall trustee Alber5 Morin said the board arbitrarily took soft drinks out of high school cafeterias without respecting individual rights. Smoking is a much more dangerous habit, yet individual rights are being respected in this case, he pointed out.

Sworn in at board inaugural

Lorne Thompson extreme right was among those sworn into office at the inaugural meeting of the SD&G County Board of Education last Wednesday evening in Cornwall. The representative for Chesterville and Winchester Township and Village since the regional board was formed in 1969, Mr. Thompson is shown in conversation with the ministry of education's liaison representative to the board. At left, new board chairman Fr. Rudy Villeneuve seems to be getting a skeptical glance from Cornwall trustee Earl Myers.

SD&G board decides to render unto Caesar

CORNWALL (Staff) - "What's good for goose is good for the gander," director of education T.R. Leger said last Wednesday in defending his stand that the tri-county board not endorse the request of the Niagara South Board of Education that local boards be allowed to keep all the proceeds from the sale of unused school buildings and properties.

As it stands now, the province receives a portion from the sales in accordance with the amount of grants it has supplied for them buildings and property.

The board agreed with the suggested resolution and refused to support the southern Ontario board's request.

Mr. Leger said in the sense of fair play, the province should receive its share of revenue since it had supplied its share of funding. "This is a case in which the board supports the province.

Chesterville, Winchester Township and Winchester Village trustee Lorne Thompson voted against the suggested resolution, saying by passing it the board would be "driving another nail in the coffin" of the separation between large and small boards.

The local board's stand pointed up "the difference between large and small boards" and helped to destroy their "togetherness", he claimed.

Message of hope for Morewood UCW

MOREWOOD (Special) - The first meeting of the New Year of the UCW was held at the home of Mrs. M. Smirle, Morewood Wednesday evening, January 5.

Members decided to raise their allocation another $100 for the year.

After thanks to all, the Mizpah benediction closed the meeting, and a social hour was enjoyed under Mrs. Smirle's committee.

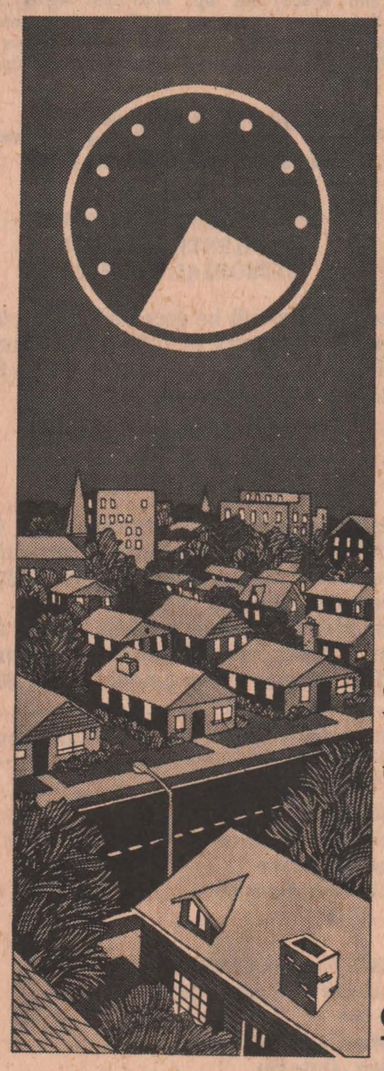
The most important time of all to save electricity.



The demand for electricity in Ontario reaches its peak early in the evening on cold winter weekdays.

Between 4 and 7, everyone's asking for electricity. Many factories, stores and offices are still open. Street lights are on. The kids are home from school, parents home from work, evening meals are being prepared. And the heating system has to work harder. It all adds up.

Demands for electricity have been increasing at a pace that can no longer be met. The rate of growth must be reduced.

You can help by avoiding the big jobs like baking, washing and drying between 4 and 7. Make sure that unused lights, TVs and appliances are off. Take it easy on the hot water.

Please do all you can to save electricity.

It's in there

Chesterville forward Dan Clement (19) had a productive game last Tuesday night, scoring once and assisting on four other goals. The puck is seen bulging the net as Osnabruck goalie Kevin Pilon sprawls on the ice in the North Stormont Long Sault Junior C Hockey League game. Chesterville won the game 11-1. On the right, defenceman Jeff Smith has his eye on the puck despite interference from Osnabruck's Clayton Ouderkirk.

Final positions still undecided

(Staff) - About the only thing certain about the North Stormont Long Sault Junior C Hockey League is that the Avonmore Aces and Osnabruck Township will finish the regular season in fifth and sixth place.

The order of their finish is still in limbo as much as the battle for the first four places in the league standings as the regular schedule heads into the final week.

The Char-Lan Rebels are almost destined to wind up in fourth place. They have only one game remaining and must hope the Finch Township 76s lose both of their two remaining games.

However, Finch could conceivably win the league pennant with Maxville and Chesterville leading them going into the final week.

Six games are remaining on the schedule. Chesterville hosted Avonmore Tuesday night and tonight's double-header in Finch has the Jets meeting Osnabruck and Finch playing Avonmore.

Maxville is in Char-Lan Thursday night and back at home Sunday to Osnabruck. The schedule closes Sat., Jan. 29 with Finch hosting Osnabruck.

Jets 11, Osna. 1

Chesterville spared little mercy on Osnabruck last Tuesday as they hammered the township boys 11-1 to keep their pennant hopes alive.

Dave Arnold, who finished fourth in the league scoring last year, made his return to the Jets a big occassion, scoring twice and adding three assists.

Greg Beckstead was the only other Chesterville player to score twice. Contributing singles were Kevin Smith, Lorne Cook, Lyle Servage, Neil Kittle, John Elliott, Dan Clement and Kevin Blair.

Linden Marcellus got the lone Osnabruck goal with 6:35 remaining in the game after Chesterville had opened up an 11-0 lead. The Jets led 5-0 and 7-0 at the period breaks.

Dan Clement also counted four assists in the game.

Osnabruck received one minor penalty and Chesterville seven minors and a major. Three Chesterville goals came while playing shorthanded.

Highlanders 6, Aces 3

Maxville got a pair of powerplay goals early in the second half and went on to down Avonmore 6-3 in the first game of the weekly, double-header at Finch last Wednesday.

Brian Kinnear paced Maxville to the win with a pair of goals and an assist. Larry Jackson, Kevin Taillon, Robert Wheeler and Bruce McPhail got the other goals.

Morris Dusomos scored twice for the Aces and set up Dave Bird's second half goal. The Aces trailed 3-2 at the half.

Each team received five minor penalties.

Finch 4, Osna. 0

Goaltender Jim Hume posted his fifth shutout of the season as Ed Gove netted a pair of goals for Finch in the second game of the doubel-header.

John McNaughton and Dave Rumer got the other Finch goals as they lead 1-0 at the half break.

Finch received four minors and Osnabruck two.

Highlanders 7, Finch 5

Maxville scored four times in the second and held on in the third period for a 7-5 win Sunday to halt Finch's winning streak at four games.

The Highlanders claimed a 1-0 first period lead and exploded for four goals inthe middle stanza.

Penalties plagued the Highlanders in the final period as Finch roared back but ran out of time.

Frank Perras and Bruce McPhail each scored twice for the winners as singles went to Ricky Wensink, Allan Blaney and Larry Jackson.

Dave Rumer had a hat trick for the 76s. Steve McRae and Donn MacMillan got singles.

Finch was handed 11 minors, two majors 'and a game misconduct.

Maxville received 15 minors, two majors and a game misconduct.

Maxville's Ricky Besner was ejected for being the aggressor in a fight. John McNaughton of Finch received a game misconduct in the second period. He was called for roughing and on his way to the penalty box took a run at Maxville's Linden Jackson.

Rebels 10, Osna. 2

Forwards Mickey Wolfe and Jeff Fisher went on a scoring spree Thursday night as Osnabruck Township fell 10-2 to Char-Lan.

Osnabruck outshot the host Rebels 34-23 but Wolfe and Fisher didn't waste their shots.

Wolfe collected three goals and three assists while Fisher, also vying for the league scoring title, had two goals and three asists.

Defenceman Claude Bourck scored twice and singles went to Don Thomson, Vance MacLaughlin and Mike Tessier.

Don Simpson and John Beddingfield got the Osnabruck goals. The township led 2-1 after one period but trailed 4-2 going into the third period.

Osnabruck received eight minors and three majors while the Rebels had 14 minors, a major, a 10-minute misconduct and a game misconduct.

INTERNATIONAL BOMBARDMENT

International hockey series, once a dream, have within the last five years almost become too much for one's system to stand.

The 1972 Canada-Russia series was probably the most dramatic and opened the flood gates to a torrent of international visits for teams ranging from the professional level to minor divisions.

Some European teams have just recently packed up their gear and gone home after storming through the country and Alan "The Eagle" Eagleson is already planning another super series.

Daily newspapers will soon be losing touch with the local scene as they concentrate more and more on covering international games.

The flavor of international games will soon be lost and what will Mr. Eagleson have to offer us after that?

We sincerely hope the international games do not become so plentiful that Canadian hockey fans get turned off. After all, some people now cannot name the teams competing in the NHL and WHA because they have lost interest as the quality of the game decreased.

Last week's announcement that the Stanley Cup Champions will meet the Soviet Union's National Champion in the fall should be entertaining. We only hope our boys take it as serious as Team Canada members did and report to training camp in good physical condition.

However, we really have to wonder about Canada's representation at the World Championships this spring with most of our top players probably still involved in Stanley Cup playoffs.

SNOWMOBILERS

One thousand miles is a long way. That's just how many miles of snowmobile trails they are in the Prescott and Russell Counties and the United Counties of Stormont, Dundas and Glengarry.

Of that total the St. Lawrence Parks Commission maintains 40 miles of trails.

The recent rage has been cross-country skiing and the district maintains 53 miles of trails.

Private land owners who leave fence gates open and give these outdoors people permission to run over their property have to be thanked. We only ask the snowmobilers and cross-country skiiers not to abuse the privilege.

NEVER SAY DIE

The Finch Township 76s Junior C hockey team will never say die-especially to those guys they may call the old men - The Stormont Countymen.

The Countymen recently outlasted the juniors 6-4 and a rematch has already been scheduled for 8pm Wed., Jan. 26 at the Finch Community Arena. That's next Wednesday night.

Jimmy The Greek may install odds on the match but Sport Shorts will be content to sit on the fence and cheer for the victors after.

Wasn't that a dainty dish to set before the coach?

EMBRUN (Staff) - The order was two wins over the Gatineau Nordiques. And it was filled with a little added extra sweetness.

Coach Marc Brunet wanted victories over the rival Nordiques on the weekend and his Embrun Panthers served up the right dish in Ottawa District Senior Hockey League play.

The Panthers went into last week's action with a two-point cushion atop the league standings but that was quickly remedied Thursday night as the lowly Ottawa Cougars fell 11-2.

The Panthers stretched their firstplace lead to six points Friday with a 6-5 win over the Nordiques in Gatineau.

However, Gatineau tied Potsdam 7-7 Saturday to reduce the margin to six points. But Embrun would have nothing to do with that and quickly ran it back up to seven with a convincing 9-4 decision in Embrun Sunday.

The extra topping was the fact the Panthers had not yet beaten Gatineau in embrun this season.

The Potsdam Pioneers also closed the gap to seven points between them and Gatineau with the Saturday night tie and a 6-0 win over Ottawa Sunday.

Embrun had few problems disposing of Ottawa Thursday night, running up 3-1 nd 6-1 period leads as they outshot the Cougars 59-30.

Randy Burman, who performed for the Centennial Cup tier two junior champion Rockland Nationals last year, paced the attack with three goals.

Larry Mick, Dave Hunt, Dave Dixie and Rick Larose each netted a pair.

Roger McNabb and Earl Grey scored for Ottawa.

Larose maintained his scoring clip Sunday, firing two of three goals in the first period as Embrun led 2-0.

The Panthers ran into penalty problems in the middle stanza and came out of it leading 5-4.

John Hutton scored twice for the winners and singles went to Dixie, Hunt, Mick and Chris Hayes.

Yves Plouffe had two and Greg Fagan and Mike Cayer one each for Gatineau.

The Panthers played the game with only three regular defencemen. John Coburn was sitting out the first of a three-game suspension he picked up in Gatineau Friday night.

Three of the Gatineau goals came with the Nordiques enjoying a two-man advantage.

The Panthers will have a chance to stretch their league lead this week, playing in Ottawa Thursday night and then hosting the Cougars at 2pm Sunday.

Morrisburg Lions shaky in new year, still on top

MORRISBURG (Staff) - The new year has not started off for the Morrisburg Lions like they closed out 1976.

The Lions, leaders of the ODHA Junior B Hockey League St. Lawrence division, boasted an impressive won-loss record when the new year began but hey have been less then spectacular intheir first five games of 1977.

For the second weekend in a row, the Lions split a pair of games and their one time 14-point hold on first place was trimmed to 10 points.

The Prescott Saints downed the Lions 5-1 Friday night and Winchester fell 6-3 to Morrisburg Sunday as the Hawks were dropped into the division basement as Long Sault had a three-point week.

The Pats tied Cardinal 7-7 Thursday night and downed Brockville 10-8 Friday night.

Winchester bowed 10-2 to the high-flying Kemptville 73s Friday night.

Friday night, defenceman Jeff Cassell staked Morrisburg to a 1-0 lead when the game was 2:36 old but that was it.

Rick McMillan and Mark Campbell replied for the Saints before the period ended. Campbell scored on a powerplay in the middle stanza and Allan Dalley fired a pair of third period goals to complete the scoring.

Officials called 112 minutes in penalties with Morrisburg receiving 12 minors, two majors, two 10-minute misconducts and a game misconduct.

Prescott received 14 minors, two majors and a game misconduct.

The powerplay was the big weapon Sunday as the Lions capitalized three times while enjoying the extra man advantage.

Ernie Duval, Brian Moran and David Tait scored first period goals for Morrisburg.

Karl McRoberts and Len McLean scored for the Hawks in the middle frame and Doug McNairn replied for the Hawks in the middle frame and Doug McNairn replied for the Lions.

McLean got his second powerplay goal for Winchester early in the third period only to have Kevin Mackler increase the score to 5-3 on another powerplay. Brian Moran got the final Morrisburg goal.

The Lions had 11 minors while the Hawks had nine minors, a major and a game misconduct.

Close checking was prevalant in the final game of Saturday's atom A hockey tournament but goaltending was the difference as Cardinal dominated play but were just unable to beat young Jeff Pfanner, the Ottawa Canterbury goaltender. Cardinal's Greg Gaylord is trying to escape from the persistent checking of Canterbury captain Darren Richardson.

Canterbury, North Franklin win Atom tournament honors

(Staff) - Steady goaltending by little Jeff Pfanner was the major difference Saturday as Ottawa Canterbury tripped up Cardinal 4-1 to claim the grand championship of the annual Chesterville Nestle (Canada) Ltd. Atom A hockey tournament.

The Ottawa puckstopper blocked three breakaways in the final game as this team went unbeaten in three games during the day.

North Franklin, N.Y., garnered the consolation crown by nipping Cornwall Township 3-2.

Cardinal controlled a majority of the play in the final contest but were unable to either finish off the play around the net or beat young Pfanner.

Canterbury opened the scoring early in the first period with Richard King, named the team's most valuable player in the game, blinking the red light.

Fifty-nine seconds later Scott Clegg upped the lead to 2-0 and it stood until early in the final frame when Cardinal's Robin Crawford finally beat Pfanner.

However, the one-goal defecit was short-lived as defenceman Paul Eberley scored unassisted on a powerplay two minutes later.

Scott Goudie put the game out of reach on a breakaway with 4:30 left.

Brent Murray was named Cardinal's most valuable player in the championship game.

In the consolation final, North Franklin claimed a 2-0 first period lead before losing it and have to score a late goal to win the title.

Cornwall Township dominated the contest as North Franklin managed only a handful of shots at the opposing goal.

Aaron King's second goal of the game with 6:49 remaining was the winner as Scott Loran, North Franklin's other goal getter, drew an assist on the play.

Phil Brown got a second goal for Cornwall Township and Tom Shields scored in the final period to tie the score at 2-2.

Shield's was chosen as Cornwall Township's MVP of the game and North Franklin's goalie Craig Collett was the recipient of the gold medallion for his team.

Canterbury whitewashed defending champion Morrisburg 7-0 in the opening round before getting by the host Chesterville Chamber of Commerce Atoms 3-1 in the semi-finals.

Cardinal outscored Greely 5-0 and Iroquois 4-1 to reach the finals.

Chesterville opened the tournament with an overtime win over Cornwall Township.

All the scoring was in the first perod as the teams failed to break a 2-2 deadlock in overtime. Chesterville was awarded the win because they scored the first goal of the game.

Mark Smith got that goal and David VanDelst notched the second goal after Cornwall Township had taken the lead just 24 seconds earlier.

In the second round, Kevin Harper got the lone Chesterville goal as Tim Marsh fired all three Canterbury goals.

C of C Atom Flyers post two victories in CDMHL action

(Special) - The C of C Atom Flyers were put through a stiff practice a week ago Saturday and the work paid off as the boys got it together for two CDMHL league games last Tuesday and Wednesday evenings.

The Tuesday game was in Russell against the Warriors and the goaltenders and defencemen worked diligently and came up with a scoreless first period.

In the second period, play opened up a little but Russell copped two penalties and finally at 5:45 David VanDelst made the most of a pass from Darrin Kelly and Mark Smith as Russell was still shorthanded.

The third period had just barely begin when Clarke replied for the Warriors to tie the game 1-1. The last period was well played as both teams worked to break the tie. Finally with just under three minutes left in the game Drrin Kelly scored and Chesterville came up on the winning end of a 2-1 score.

The following night, Wednesday, Flyers hosted a game with the Metcalfe Jets and left no doubt as to their positions well, setting up the plays, and the defence stood their ground and kept the puck in play.

In the first period, Kirk Barkley set up both goals as Kelly Mitchell and Darrin Kelly scored from his passes and so the period ended 2-0 Flyers. The second period saw identical play. This time Mark Smith scored on a pass from David VanDelst and Kirk Barkley scored unassisted leaving the end of the second period score 4-0 Flyers.

Thirty-one seconds into the third period Kelly Mitchell decided to continue that winning feeling and scored unassisted to make the score 5-0.

Jets captain Zugar scored two unassisted goals during the third period with Flyers David VanDelst replying in between time and so the game ended 6-2 for Chesterville.

Bantam Flyers blank Russell 9-0, Greely 5-0

(Special) - Chesterville Bantam Flyers continued their pursuit of the elusive first-place Winchester Bantams with a pair of solid wins over Greely Eagles and Russell Warriors. Flyers have been very strong in CDMHL action since the new year. They are undefeated, outscoring their opposition 16-0 in three league games.

Last Wednesday at Chesterville Arena was a special night for the locals. It marked the first time this season that everyone on the team was healthy.

Winger Steve Jones returned to the lineup after missing six weeks with a separated shoulder. Flyers celebrated by firing 63 shots at Russell Warriors' goalies, and outclassing their opposition 9-0.

Chris Laflamme and Eddie Witteveen shared the shutout, turning aside 16 Warrior drives.

Glen Patterson led the way for Flyers with a goal and three assits. Three-point men were Doug Rance and Steve Jones. Adding a pair of points were Don Servage, Mike and Gary Beckstead, Marque Laflamme and Curt McMillan. Glendon Shay, Dave Byers and Don Richards chipped in with singletons.

Sunday morning, Flyers travelled to Metcalfe to tangle with Greely. The Eagles were overly aggressive, picking up seven minors and two misconducts, and it cost them dearly, as Flyers skated to a 5-0 shutout over Greely.

Flyers outshot their opponents 38-7 as Laflamme and Witteveen had an easy day.

Team captain Curtis McMillan shook off a personal scoring slump with a fine effort, scoring a pair, and assisting on two others. Curtis' first goal was a pwer-play effort.

Richards made it 2-0 from Grisel with 8:24 left in the middle frame. Flyers added three quick goals before the end of the period. For Chesterville it was Jones, McMillan and Laflamme.

On Saturday, Flyers travelled to Cardinal to take part in the Iroquois Bantam Tournament. The games provided a real contrast in play. As well s they played in their first game, they played horrendously in their second.

The first match-up saw them meet for the first time, Edwardsburg Township Bruins.

Spencerville's goalie, Paul Whitney, was always the St. Lawrence league's best goalie, and showed Flyers that he hadn't lost his touch. Bruins were outshot 28-14, but only Doug Rance could get the puck by him, on a neat play from Mike Beckstead and Don Servage.

Spencerville is currently tied for first place in the Upper St. Lawrence Bantam Division, so Flyers 1-0 victory over the Bruins was very rewarding. Laflamme and Witteveen were there when needed, and shared the shutout,

Flyers' second game was against Alexandria Glens. The powerful Glens skated to a 4-0 shutout of the Flyers. Nothing would go right for Flyers. Had it not been for Witteveen's work in nets, the score would have been much worse.

Flyers are presently gearing up for a four-pointer tongiht, Wednesday, at 8pm, against the powerhouse from Winchester. Flyers are currently four points back, and could be either two or six behind, depending on the outcome of the match.

Phifer boys lead midgets to win, tie

(Staff) - The Phifer boys stirred up the opposition last week.

Jeff posted his ninth shutout of the campaign and Dave scored three times and assisted on two other goals as the Chesterville Midget Flyers tied Winchester 3-3 Wednesday and blanked Metcalfe 4-0 Thursday night in Carleton-Dundas Minor Hockey League play.

The teams split a pair of goals in each of the periods Wednesday night. Marty Little and Ron Leclair got the other Chesterville goals.

On Thursday night, Dave Phifer notched a pair of goals and assisted on Rob Woods' goal. Jeff Leclair fired the other goal.
