VOL. LI, NO. 5. CHESTERVILLE, ONT., THURSDAY, NOV. 16, 1944. SINGLE COPIES 5c

Seventh Victory Loan Exceeds Objective

Although we have not the final figures in the purchasing of Victory Bonds in this district, we understand the objective of $160,000 was more than subscribed. The objective was the same in the Winchester district. The latest figures we have are only up to Saturday last, which we presume does not include the final sales.

Winchester led at that time with a sale of $176,700 while this district had purchased only $163,950. Taking the United Counties as a whole the objective has been exceeded almost seventeen percent with a total of $3,972,850. Among the municipalities outside of the city of Cornwall with an objective of $1,130,000, Winchester township was given the highest in the counties, $320,000.

Died At Napanee Native of Brinston

On Tuesday evening last word was received by friends and relatives of the sudden passing of Mr. Mason Thorpe of Napanee, in his 80th year. Formerly of Brinston, where he spent all his life but after retiring a few years ago went to live with his son, Stanley Thorpe of Williamsburg. The last couple of years were spent in Napanee, where he passed away on Monday, November 6th at the home of his son. The body was taken to Wallace's funeral home at Brinston, on Tuesday evening from where the funeral took place at the United church. The sermon was preached by the pastor and was largely attended by relatives and friends who came to pay their last respects to the deceased. The floral tributes were many and beautiful, testifying to the esteem in which the late Mr. Thorpe was held.

He leaves to mourn his passing one son Stanley Thorpe of Napanee and one daughter (Pearle) Mrs. Vanderborte of Trenton and one sister Mrs. J. Scott of Melvins and four grandchildren besides several neices and nephew.

Burial took place in Brinston cemetery.

SALVATION ARMY HOME FRONT APPEAL

The Salvation Army Home Front Appeal will be held in Chesterville this coming week. I ask that you welcome the canvasser who calls on you. Give generously in support of this worthy cause. The Salvation Army ministers to the needy both at home and to our boys and girls overseas. Will you answer the call with a contribution. O. L. King, Local Campaign Director.

"HERE IS THE NEWS"

BYNG WHITTAKER WILLIAMSBURG.

When the stirring theme of "Empire Echoes" is heard over the air, then it's time for the BBC Radio Newsreel, heard nightly over a CBC network at 11.00 p.m. EDT. And as often as not it's the voice of Byng Whittaker which follows that theme, bringing the latest news and sound pictures from London to Canadian listeners across the Dominion. Seconded to BBC by the CBC a year ago last summer, Byng rates as tops at home both as swing authority and announcer.

Rain This Morning

Ordinarily it might not be considered news to announce that rain is falling but when rain has not fallen in any considerable quantity for several months it means something. O. L. King of the Nestle's company was down town early to make sure it was raining all over town. It was and has been although in a rather half-hearted way.

A good rain fall means a great deal to the condensery. The water level in the Nation River from which they get their supply has been uncommonly low for this time of year, necessitating the pumping of water from a large pool at Cass Bridge into the river channel so it will flow down to the reservoir maintained a hundred yards or so above the bridge in Chesterville. The puming is done by a gasoline engine working twenty-fourh hours a day throwing a stream of 800 gallons per minute, which means a lot of water no matter how figured. To further save the volume of water used in condensery operations, the water used for cooling purposes is repumped into the large supply tank at the plant and again used for the same purpose. Farmers delivering milk at the plant are allowed to take as much water as possible home for their cattle as their available cans will permit.

BORN.

YATES—In Chesterville on Sunday, November 12th, to Mr. and Mrs. Claire H. Yates of Montreal, a son. (John Allen).

Radio Forum News

A new Forum in the district; Maurice Beckstead held a successful opening Forum at his home last Monday night. Nine persons were present and were pleased with the evening's programme. Beckstead settlement meets next Monday night at the home of Fred Beckstead.

John Barrett's Melvin Settlement Forum was mentioned over the Ontario review. This is the fourth Dundas County Forum whose findings were considered of sufficient importance to be broadcast over Ontario.

S. S. No. 10 had a very small attendance, with only 5 present. The Red Cross Euchre and Dance was considered a patriotic obligation and the members attended in force. Interesting discussion on the necessity of soil analysis, use of commercial fertilizers and experimental methods of cultivation was held.

On account of the Concentrated Milk Producer's annual meeting next Monday night, there will be no forum. On the 27th the Forum meets at the home of A. E. Smith with Mrs. Smith as convenor.

Mrs. Alf. Jarvis President Ladies' Lawn Bowling Club

On Wednesday afternoon of last week a meeting of the Ladies Bowling Club was held at the home of Mrs. A. Jarvis with a record attendance of fourteen members. Splendid reports of the year's activities and finances were given. A good sum of money is still in the treasury.

The Wexford Gardens' Cup donated by Prescott was again won by the local ladies and many home competitions were enjoyed by all.

The election of officers took place and the slate for the coming year was, Pres., Mrs. Alf. Jarvis; Vice-Pres., Mrs. Chas. Munro; Secretary Mrs. Aden Bowman; Treasurer Mrs. Byron Campbell.

On Wednesday evening from now on, the members are to meet in the Red Cross rooms to help along with the progress of the work which is so urgently requested by the work-room convenor and committee so all quotas may be filled.

Funeral Late Mrs. Worsfold

On November 8th, Mrs. John Worsfold passed away in hospital as the result of a fall received on October 30th.

Her funeral was held from the residence of her brother, Wm. Hillis, to the Presbyterian church at two p. m., on Friday, November 10th. The service was conducted by Rev. Wallace MacKinnon of Winchester, followed by interment in the Presbyterian cemetery.

Mrs. Worsfold was born, Emily Hanna Hillis in Belfast, Ireland.

Surviving besides her husband are two sons, Bert and Wm., one daughter Margaret wife Dick Bowman; five grandsons, two brothers, Wm. Hillis and Thompson Hillis of Victoria, B. C., and one sister Mrs. Baxter of Sudbury.

Floral tributes were beautiful consisting of wreaths from John Worsfold and family; Wm. Hillis and family, Robert Brown and family, S. S. No. 7 and a spray from Mr. and Mrs. Dick Bowman.

PTE. JASON GARLOUGH KILLED IN ITALY

Pte. Jason Garlough, son of Mrs. Meredith Garlough and the late Mr. Garlough, Williamsburg, has been officially reported killed on September 23rd, 1944. He was born at Williamsburg on June 18th, 1919. He attended Williamsburg public school. He was employed with Mr. Ross Beckstead of Williamsburg, before his enlistment with P.L.D.G., 4th Battalion. He took his basic training at Cornwall C(A)BTC and Camp Borden and at St. Lambert. He left for overseas in July 1941. After spending some time in England he went to Italy.

AMONG THE REPATRIATED

Among those repatriated the first of the week from this district are Gnr. J. A. Caryle of Morewood, Gnr. D. E. Gow of Williamsburg and Pte. M. N. Aitchison of Winchester.

DIED IN HOSPITAL.

Mrs. Aledard Lalonde of town, who has been in the St. Vincent de Paul hospital in Brockville, passed away there yesterday morning. The funeral will take place in St. Mary's church tomorrow morning at ten o'clock.

Boyne Euchre and Dance Has Good Attendance

The Euchre and Dance held in the Community Hall, Thursday, November 9th, sponsored by the Boyne Red Cross was a success. The proceeds of the evening amounted to over $206.00. The prizes were to ladies, Mrs. Thom Dillabough and Mrs. Lyle Marcellus; gentlemen's Erwin Merkley, Edwin Forward. The door prize went to Mrs. Orval Christie. The lucky ticket on the quilt drawn from the box by Mr. J. V. Fetterley was claimed by Mr. Ken Reid.

The Unit wishes to take this opportunity to thank all those who contributed to the success of the evening.

Berwick W. I. Expresses Sympathy to Queen

The regular meeting of the Berwick Women's Institute was held at the home of Mrs. Foster on November 9th, with 14 members and one visitor. The president, Mrs. J. Bogart was in the chair. The meeting opened with the Institute Ode and Lord's Prayer in unison. The minutes of the last meeting were read and adopted. Roll call was answered by all present. The secretary then read a few correspondence letters. It was decided not to accept the grant this year. A report was given on the Hallowe'en dance. Plans were made for a parade and the laying of a wreath at the Cairn in Berwick on Armistice day. There were seven wreaths placed there. Mrs. Swerdfeger gave a report of the Ottawa convention. Mrs. Pollock gave an interesting paper on "Home Economics". A card of sympathy was sent to the Queen. The meeting was brought ao a close by the singing of the National Anthem. Mrs. J. Bogart gave a vote of thanks to the hostess for the use of her home. The next meeting will be held at the home of Mrs. W. Stark.

Coming Events

INVEST YOUR MONEY IN VICTORY BONDS!

THURSDAY, NOVEMBER 16TH

PRESERVING EGGS IN OIL

For many years prudent Ontario housewives have been in the habit of anticipating the rise in fresh eggs at the approach of cold weather by putting eggs down in "waterglass" to carry over until the period arrives when full production eases the price. In this connection it is announced that Western Ontario will share in a Government order for 600,000 cases of eggs, dipped in oil, to be shipped overseas starting early next year. Dipping eggs in oil to preserve them for long periods is not an entirely new process, but it is done on a more organized basis, throughout the Dominion. A new type of machine placed on the market recently is designed to speed up the egg-dipping process. It is pointed out that shipping stations where the eggs will be dipped are under no compulsion to buy the new machinery and some will continue using an older type for processing. A period of experimental work has started at St. Mary's to precede the actual shipment of eggs overseas and many details will have to be worked out before the peak egg production of 1945. Since Western Ontario is the largest egg-producing section of Canada, a preliminary survey is being made to determine where dipping stations could be set up to the best advantage for both storage and shipping. Stations will be chosen to minimize cartage, and the most important angle is adequate storage to handle large carload quantities of eggs for the necessary time till they can be dipped. Produce stations in Thedford, Forest, Park Hill, Melbourne, Mitchell, Clinton, Hanover, Ridgetown, London and St. Marys were some of the possibilities considered to serve their respective districts.

POST WAR PLANS CONCERNING HEALTH

Following the trend towards paternalism, it is intimated that greater health supervision of summer colonies will shortly be provided by legislation. Many municipalities are including construction of waterworks systems in their post war plans. It has been found that there is a high pollution in wells, on farms and in summer homes of city dwellers and it is contended that many of these wells should be rebuilt. In respect to refuse, collection from all houses is advocated. The Health Department has in mind changes where rural population, served only by a part-time health officer and perhaps no sanitary inspection will have added health protection, particularly whereby this problem is accentuated by the needs of seasonal holiday resorts. Restaurants and other eating places are going to be given greater attention.

TEACHERS MUST STUDY COMMUNITY

The feeling is growing that greater use should be made of rural schools as focal points of community attempts at self improvement. Dr. J. G. Althouse, Director of Education for Ontario, is of the opinion that close co-operation between school staff and other community leaders as well as integration of school activities with the community activities will be required if the best interests of school and community are to be served. He does not believe that the department can devise one program for rural education that will apply with equal effectiveness in every part of this diversified Province. In this connection, principals and teachers in rural schools must study local conditions, requirements and attitudes in order to discover what is best fitted for the community.

A MONTH'S CAMP FOR EVERY CHILD

Looking to the future the Provincial Government envisages a 10-year plan to ensure that every Ontario child of suitable age gets at least one month in camp during the summer season. There are camp facilities for only 40,000 of the 500,000 children of camp age in Ontario. As an initial step toward remedying this situation, it might be possible to double present camp facilities, by increasing the camp term of some children and extending facilities so that additional children may have these advantages. The possibility of using many camps and training schools established by the army and airforce for children's camps is being explored. Equipment such as tents, blankets and cooking utensils might be obtained from War Assets Corp., Ltd. Some of the existing children's camps are for youngsters whose parents cannot afford to pay the costs involved. They are carried on entirely on a voluntary basis.

TRY SMILING

When the weather suits you not,
Try smiling.
When your coffee isn't hot,
Try smiling.
When your neighbors don't do right
Or your relatives all fight,
Sure 'tis hard, but then you might
Try smiling.

Doesn't change the things, of course
Just smiling.
But it cannot make them worse,
Just smiling.
And it seems to helo your case,
Brightens up a gloomy place,
Then, it sort 'o rests your face—
Just smiling.

NOT EASY RESTORE DUTCH AGRICULTURE

The physical features of the Netherlands are ideal for a grassland economy and for the exacting requirements of market gardening. These two branches of farming are typical of the country's agriculture. In few other countries in Europe is so large a proportion of the total area in natural pastures as in the Netherlands where well over one-half the farming land is permanently in grass, according to "Foreign Agriculture". Nor is there any other European country where vegetable fruit and bulb growing is carried on so extensively. Also cropping and livestock raising are both pursued along extensive lines, and as a result production is on a high level. Emphasis on the quality of farm products, particularly for the export market, has further enhanced the good reputation of Dutch Agriculture.

With the coming of the industrial era and the growth of a market for live-stock products in the surrounding areas of Europe, the Netherlands developed a specialized farming enterprize which, while depending upon cheap feed imports from overseas, produced and exported important quantities of meat, cheese, butter and eggs.

The backbone of Dutch agriculture has been its livestock industry, but under normal conditions, the agriculture of the country does not supply fully the food requirements of the population. The circumstances of war have forced the Dutch population to rely almost entirely upon domestic food resources. This has resulted in a reduction in the level of consumption which supports the peacetime preference of the Netherlands for specializing in the type of farming that makes most of the country's natural requirements of foodstu s on the foreign market.

The reconstruction of Dutch agriculture on the pre-war basis is not likely to be quickly or easily achieved. In the first place, it was part of a complicated economic system extended beyond the borders of the country and inter-dependent with the economic life of other countries. In the second place its agriculture was based on a highly developed technical system whose re-establishment will take time and effort. A revival of foreign demand for relatively high-priced types of products is one essential; the renewal of imports of the necessary feed-stuffs is a second condition, and the restoration of the former productivity of the soil is third. This will involve not only the return of ploughed land to pasture, the rebuilding of the fertility of the soil through the intensive addition of plant food over a period of years, but probably also the drainage and reclamation of some areas of land that were flooded before the retreat to occupying enemy forces.

BRITAIN NEEDS BOTH SHELL, DRIED EGGS

In addition to dried eggs, Britain now requires all A Large and A Medium shell eggs that can be shipped during the fall and winter months, and about 40 percent of the overall surplus during the next twelve months. This does not mean, according to Poultry Services, Dominion Department of Agriculture, that there should be further expansion of the poultry industry. Every effort should be made, however, to secure maximum production from existing flocks.

The price paid by the Special Products Board for fresh eggs for export will net the shipper the same as for eggs for drying, provision having been made for the additional export costs of the new export cases, packing material, wiring, branding, and freight in the price agreed upon with the British Ministry of Food.

Memory is the cabinet of imagination, the treasury of reason, the registry of conscience, and the council chamber of thought.—Basil.

Warden Gladstone McLean Presented With Watch

Value of the welfare work carried on by the council of the United Counties of Stormont, Dundas and Glengarry, along with appreciation of the services rendered by representatives from the town of Cornwall throughout the years since formation of the counties council, was stressed by Warden Gladstone McLean reeve of Finch village, during an address at a dinner tendered him by members of council before the close of the Fall season yesterday.

Oscar Beckstead, Williamsburg, tp., chairman of finance committee, presided at the dinner and Dr. J. H. Munro, Maxville, was chairman of the committee. An engraved gold watch was presented to the warden by J. L. Johnson, deputy reeve of Cornwall, and a brief address of appreciation was read by G. L. McIntosh, reeve of Roxborough township.

Warden McLean expressed regret that Cornwall will not be represented in the counties council at the next session, but expressed the hope that Cornwall may grow into a fine and worthy city. Before the first meeting of the 1945 council Cornwall will have assumed city status and will sever its association with the counties' council.

King of Buffalo

Years ago James I. King of Buffalo registered at a hotel in the Balkans. Soon the place was surrounded by a cheering mob. Mr. King went out on the balcony and discovered he was the object of the ovation. He summoned the manager. Bowing low, the hotel man inquired, "Sir, are you not a great monarch?"

"Certainly not," replied King. "What made you think that?"

The manager produced the hotel register and inquired, "Did you not sign yourself: "James I, King of Buffalo, N. Y."?"

W. HAMILTON & SON

Chesterville = = Ontario

Goldfield

Mrs. Willard Swerdfeger, Mrs. Roland Droppo, Mrs. Millen Ouderkirk and Mrs. Blake Nephew attended the bazaar and tea of the Women's Association of Chalmer's United church. Mrs. L. Moore also attended.

Dr. George M. Tetreau, milk inspector of the Montreal Board of Health, was in this vicinity inspecting the dairies of the farmers who ship milk to Montreal from here.

Born: At Chesterville Nursing Home, to Mr. and Mrs. Leo Dupuis (nee Gertrude McDonald), a daughter.

Mrs. Thos. McDonald, Mrs. Agnes York, and Mr. Leo Dupuis visited at the home of Mrs. Catherine Foley.

Mr. James Murphy and sons Gerald and Kenneth of Connaught, visited with Mr. and Mrs. Bernard Foley.

Mr. and Mrs. Geo. Riddell and daughter of Berwick, Mr. and Mrs. H. C. Nugent and family of Cornwall, Mr. and Mrs. M. Smirl and family, Morewood and Mr. and Mrs. S. Yanch of Martintown visited at the week-end with Mr. and Mrs. John Nephew.

Miss Leila Nephew, visited friends at Berwick at the week-end.

Mrs. D. H. McIntosh, Mrs. Sam Cameron, Mrs. Isobel McLean, Mrs. Hector Gillies, Misses Bella and Isabel MacMillan, Margaret McLean, and Nell Gillies attended the WMS meeting held at the home of Mrs. J. Rombough on Tuesday afternoon.

Born—In Chesterville hospital to Mr. and Mrs. Gerald Foley, (nee Helen Doyle) a daughter.

A number from here attended the funeral of the late Mrs. Charles McKinnon held in St. Luke's Presbyterian church on Saturday afternoon.

Rev. and Mrs. Dunbar of Chesterville visited with Mr. E. Swerdfeger at the end of the week.

Mr. and Mrs. Murray McLean of Massena spent the week-end with friends at Mountain.

Mrs. John McNamara spent a week with her daughter, Mrs. Wesley Alguire and family in Cornwall.

Mrs. Frank Beckstead of Avonmore visited her sister Mrs. D. A. Gillies.

Mr. Richard Ouderkirk returned home from Western Canada having gone west on the harvest excursion and while there he visited his brother and sister.

Mr. and Mrs. Ford Warner and family of Avonmore, Mrs. James Vallance and family of Maxville visited at the home of Mrs. Isobel McLean on Sunday.

BEST WINTER FEEDS FOR FARM HORSES

The feeding of farm horses at all times is one involving the economical production of energy and the maintenance of health and weight. In the consideration of feeds for this purpose, choice is largely influenced by season, locality, and the work to be done. Economy in the production of these feeds is governed by these factors, provided the feed is palatable, easily digestible, and nutritious, and that the proper variety of the various constituents go to make a balanced ration.

For the idle horse in winter or for one that merely requires what may be termed a maintenance ration, the authorities of the Dominion Department of Agriculture recommend that for every 100 pounds of the horse's weight one pound of mixed hay, one pound of clean oat straw, and one pound of turnips should be fed. To this might be added a small feed daily of bran and oats in equal parts. Although ensilage is sometimes used in place of turnips and straw, it is not a standard horse feed. The feeding of mouldy ensilage is to be guarded against. Some authorities say that it induces spinal meningitis. Other rations which have been found suitable are:—No. 1, Grain composed of three parts oats and one part barley. No. 2, Grain mixture of oats, three parts and corn one part; No. 3 Grain mixture of oats, 10 parts; bran two parts; oilmeal, one part and hay with rations; No. 4, Grain mixture of oats, three parts; bran, one part, fed with two green-cured oats sheaves, and a limited amount of straw. This is a ration particularly adapted to horses on very light winter work or idle horses in the western provinces. No. 5, Grain mixture of oats, two parts; corn, two parts; and bran two parts. To this may be added linseed oilmeal, 1 part, or two pounds of molasses daily if the horse is not inclined to relish the grain or is in a low condition. Although molasses is rationed and not generally obtainable special purchases up to two gallons per animal may be authorized by a veterinary in special cases.

In the feeding of stallions, the over-loading of the stallion with superfluous fat during the idle winter months is to be particularly avoided. Where light work is impossible, he should be exercised regularly in a paddock.

Riverside

Mr. and Mrs. Milton Pollock visited Mr. and Mrs. Beryl McIntosh on Sunday at Berwick.

A number from here attended the LOL Lodge at Berwick on Tuesday night.

Mr. and Mrs. Milton Pollock and Ann of Ottawa visited the former's parents at the week-end.

A number from Riverside attended the shower for Miss Phyllis Hutt at the home of her parents Mr. and Mrs. Lewis Hutt, Monday night.

The regular meeting of the WMS was held at the home of Mrs. Elliott Wednesday afternoon. A number from here attended.

Mr. and Mrs. Howard Fulton and family visited at the home of Mrs. Catherine Foster and family at the week-end.

Mrs. R. C. Bogart visited Mrs. Andy Anderson and family Saturday evening at Berwick.

Mr. and Mrs. Basil Swerdfeger of Prescott visited at the home of J.W. Bogart, Sunday.

Nation Valley

Mr. and Mrs. Geo. O. McElheran, Finch, were visiting at the Jamieson home.

Rev. and Mrs. Don Summers were visitng at the home of Mr. and Mrs. Edgar Summers.

Dr. and Mrs. T. A. Lewis were visiting the latter's brother Mr. F. Elliott.

Mr. David Jamieson of Montreal, was in Cornwall on business and spent a day at his home here.

Mr. Donald Rae visited Mr. and Mrs. Douglas Rae of Ottawa.

The Valley branch of the Red Cross had their social evening at the Jamieson home, Friday night.

Mr. and Mrs. Frank Nesbitt and Mr. and Mrs. Enos. Munro visited Mr. and Mrs. Ernest Gray of Ottawa.

FUSSY CUSTOMER FOUND BY BOARD

The fussiest Canadian consumer has probably been found by the Ration Administration. When he applied for a ration book for his new-born son, he objected to the pink cover offered him and said that was a "sissy" colour for a boy. He preferred blue. Unfortunately, the Administration found itself unable to print a blue-covered ration book in order to accommodate him.

The G-I Jive (revised version)

A private broke into rhyme in a letter to his girl from an army camp somewhere. His meditation follows:

"Sitting in my G-I bed, my G-I hat upon my head, my G-I pants, my G-I shoes, everything free, nothing to lose; G-I razor, G-I comb—but G-I wish that I were home.

They issue everything we need—paper to write on, books to read. They issue food to make us grow—but G-I want a long furlough.

Everythng free, nothing to buy; your belt, your shirt, your G-I tie. You eat your food from G-I plate, and spend your funds at a G-I rate. It's G-I this and G-I that; G-I haircut, G-I hat. Everything is government issue—but G-I sure would like to kiss you."

Orchardside

Mrs. George Elliott has returned home after spending some time with her daughter Mrs. Gordon Servage who is now a patient in a Cornwall hospital.

Dr. and Mrs. W. H. Schwartz and Mrs. Roger Schwartz of Colton, N.Y., were recent visitors at the home of Mr. and Mrs. George Cunningham and family.

Mr. and Mrs. Ronald Shaw visited the former's parents at Harmony last week.

Miss Elaine Christie spent Monday night with her grandparents Mr. and Mrs. Sherman Christie.

MANY RAZORS MADE FOR CIVILIAN USE

In view of the fact that 400,000 razors have been made for the Canadian civilian market this year, the Prices Board thinks that a good many of them should still be available for purchase as Christmas gifts. Golf clubs are difficult to procure but not impossible to buy and there are plenty of fountain pen and pencil sets awaiting purchase and distribution by Santa Claus.

ADVISE BOARD WHEN NAMES ARE CHANGED

In the case of names due to marriage, holders of ration books are requested without delay to advise their Local Ration Board of such changes, not forgetting to furnish the Board at the same time with their maiden names and their ration book numbers. Book-holders should also change the names and addresses of their ration books to conform to their existing status.

CARD OF THANKS.

We wish to express our thanks to our kind friends and neighbours who were so helpful in our recent bereavement in the loss of a dear loving wife and mother. John Worsfold and Family.

MASSEY-HARRIS
GRAIN GRINDERS

Save labor—save power—save money with a Massey-Harris Grain Grinder. When roads become almost impassable and you are unable to get to a grist mill, this is the time you will find a grinder of your own very convenient. We supply you at the present time with an electric machine or tractor-driven.

Have just received a number of Water Buckets.

Also Have on Hand.

One used Findlay cook stove.

COMPLETE LINE OF HARNESS—including Sets Double Harness, Collars, all sizes; Sweat Pads, Halters, Bridles, etc.

Mr. and Mrs. Mason Whittaker visited on Friday with Mr. Frank Whittaker and family.

Mr. and Mrs. Wilfred Carruthers and Miss Melba and Miss Jean visited on Sunday with Mr. and Mrs. Mahlon Beckstead and family.

UNWHOLESOME PEST INVADES HOMES

Recently the Royal Ontario Museum has been appealed to by inquirers concerning the identity of a long-legged, hump-backed insect that some times infests houses. The insect in question is the Asiatic Camel Cricket. The term "Asiatic" is properly applied because Asia was its original home. It is believed that this insect came from Japan many years ago with a shipment of umbrella plants. The term "camel" has reference to its humped back.

The Camel Cricket is not a seriously destructive pest. It occasionally becomes excessively numerous in houses where it is objectionable for much the same reason as are cockroaches—that is, we just don't approve sharing our homes with a host of unsanitary insects.

Identifying and naming animals is one of the prominent jobs of a museum. It is important because the name of an animal is the key to all that is known about it. Your museum preserves extensive reference collections of animals, among which the insect collection now numbers well over half a million specimens.

FEW SKATES READY FOR HOLIDAY TRADE

Although restrictions on the production of skates have been lifted word from the Prices Board is to the effect that few of them are likely to be available for the Christmas trade. It is probable that the supply of skates will be more plentiful in January or February. Skiis—some of them with metal fittings, toboggans, hockey sticks, badminton and tennis racquets are, however, other articles of sports equipment which promise to be on display for the Christmas trade.

5th Ave, Williamsburg

Mr. and Mrs. Oliver Gallinger were Sunday guests of Mr. and Mrs. Alec Byers and family, Cannamore.

Mrs. Oliver Gallinger was an overnight guest on Monday of Mrs. Percy Rupert, Crystal Ave.; also called on Mr. and Mrs. Orval Baker and family.

JEWELERY CONTROLS ARE NOW RELAXED

Restrictions on the manufacture of previously prohibited lines of jewelry have now been removed by the Prices Board, which suggests, however, that this relaxation will have comparatively little effect on this year's production, as most plants will be working until Christmas on standard lines. Pricing regulations affecting jewelery are retained.

Mr. Lloyd Marcellus and Miss Whitteker were guests of the former's cousin Mr. and Mrs. Ed. Lanigan of Berwick on Sunday.

MORE POTASH NOW FOR FERTILIZERS

Because of improved supplies of potash and of animal, fish and other organic substances used for fertilizers, the Prices Board has revoked two orders restricting the use of such products. Increased production, it is explained, has brought about larger allocations of potash for the season of 1944-45, and this will enable manufacturers to return to the normal percentage of potash in mixed fertilizers. Organic products also used in fertilizers are now also more plentiful. Consequently, the order prohibiting their use in this manner is no longer required.

HAS HIS OWN SYSTEM FOR BAGGING DEER

Some people go hunting and bag their game the hard way after miles of tramping in the frosty woods, but Donat Lapointe, of Alexandria, has his own system. He just sits on a hill and the deer come to him . . . and —BLAM!—he's got 'em. Donat was hunting on the Lamarche farm near Eganville with Armand Lacombe, Alexandria sawmill operator yesterday. He had never hunted a deer before. Deer hunting, viewed from the standpoint of hard work, seemed like a larger assignment than he had imagined.

He sat down on a hill top and proceeded to roll a cigarette or two and chat with his companion. Suddenly he heard a noise in the trees about 50 feet away. He looked up and saw a magnificent buck looking at him. Donat was almost as surprised as the deer, but not too surprised to reach for his trusty gun and score a bull's eye on the buck.

It was nice easy hunting. He didn't even have to drag the big animal far (it weiged 250 pounds) for his car was parked just at the foot of the hill. Having had a taste of big game hunting, Donat says he'll try it again next year.

NOTICE.

To The Electors of the Corporation of the Village of Chesterville, Dundas County.

Notice is hereby given that By-Law No. 672 of the Village of Chesterville enacted under Sec 76 of the Municipal Act, Chap. 266 RSO 1937 and amendments thereto, and passed in open Council on the 5th day of September, 1944, the time for holding of Electors for Nomination of Candidates for Reeve and Councillors and for Public School Trustees, shall be held on the twenty-fourth day of November and, if necessary, that a poll be taken, the same shall take place on the fourth day of December, 1944, with the polling sub-divisions and polling places in the village of Chesterville as set up and indicated for the last Municipal election in said Village. 6-3

Harry C. Hummel,
Clerk.

Funeral Late D. A. Shaver Under Masonic Direction

Final tribute was paid to the memory of the late D. A. Shaver, on Saturday, November 4th, when friends gathered in St. Luke's church, Finch, to show their last respects to an esteemed resident of this community.

Mr. Shaver passed away on Thursday, November 2nd. He was in his usual health and was active up to three weeks ago, when he was compelled to take to his bed. His unexpected death came as a great shock to his friends.

Mr. Shaver was born in Finch township and was in his 73 year. He lived his entire life on the farm where he was born. He was keenly interested in Holstein cattle and was director of Stormont Breeders Club since it was organized. He took an active part in municipal affairs in the township, serving as councillor Deputy Reeve and reeve from 1923 to 1927. He was a member of the Finch Masonic Lodge.

The funeral service was conducted by Rev. R. M. Millar, pastor of St. Luke's church, assisted by Rev. H. M. Beach of Chalmer's United church Hymns sung were, "Blest Be the Tie That Binds" and "Now The Laborer's Task is O'er". Mrs. George Rupert rendered the solo, "The Old Rugged Cross," with Mrs. E. Droppo at the console.

Speaking from the text Psalm 37, verse 23, "The steps of a good man are ordered by the Lord and he delighteth in his way". Mr. Millar referred to the quiet dignity and serene faith characteristic of the man whose life is tied with Christ in God. He spoke of Mr. Shaver's life-long connection with St. Luke's. He was one of the honoured elders of the church and represented the congregation in the Presbytery of Glengarry and the Synod of Montreal and Ottawa. As one of the stalwarts of the Christian community his loss will be keenly felt.

Honorary pall bearers were Mr. Neil MacMillan, Geo. Eligh, A. W. McIntyre, Geo. McNaughton, A. J. McDougall and Oscar McElheran.

Active bearers were: Gladstone McLean, W. McQuaig, W. M. Johnstone, H. H. Ouderkirk, Roy Rupert and F. C. Eligh.

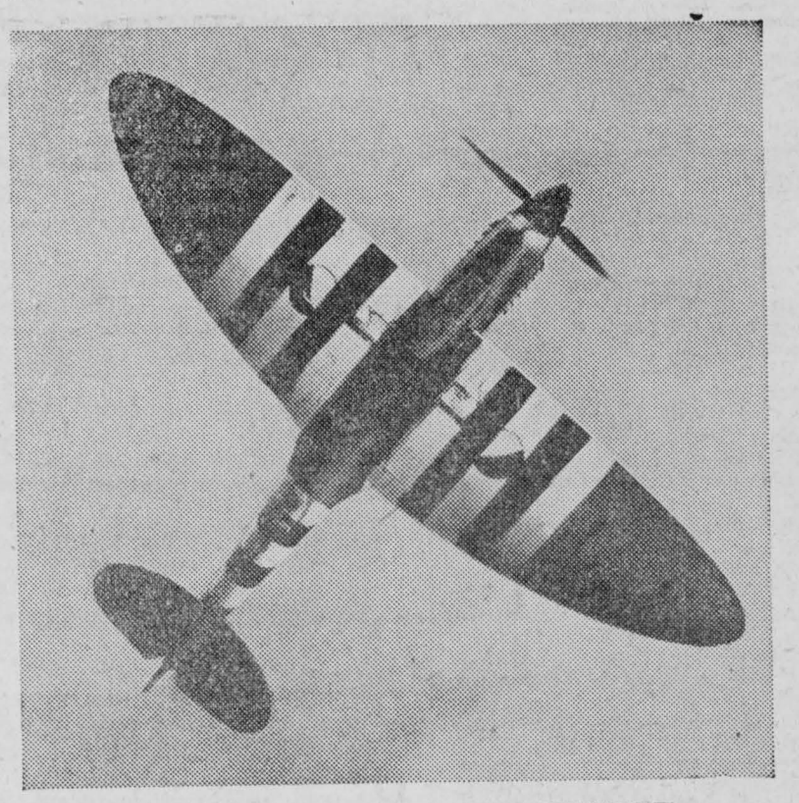
Left to mourn his loss: one son, J. D. Shaver and four daughters, Mrs. Rupert MacIntyre (Molvena), Mrs. W. R. Rutley (Anna), Mrs. W. G. Brownlee (Laura), all of Finch; and Mrs. W. W. Henry (Hilda) of Berwick and one brother John of Prescott; also 18 grandchildren.

His wife, the former Laura Alguire of Osnabruck township, died on July 31st, 1907.

Friends from Massena, Prescott, Ottawa, Cornwall, Apple Hill and the surrounding district were in attendance.

The casket was surrounded by a wealth of floral tributes, silent tokens to the memory of the departed.

Interment was made in the family plot in Finch cemetery where graveside service was held in charge of the Masonic brethren.



THE SPITFIRE XI.

The Mark XI Vickers Armstrong Ltd (Supermarine) Spitfire is an all metal single seat low-wing monoplane powered bya Rolls-Royce Merlin 61, 63 or 63A engine or over 1,650 horse power. It is used for Photographic Reconnaissance duties. It has a Rotol four blade constant speed propeller. Later Mark XI Spitfires have a retractable tail wheel unit which is hydraulically operated. There are two main tanks in the fuselage and long-range tanks are fitted in the leading edge of the main planes. The cameras are fitted in the fuselage.

Photo Shows: The Spitfire VI in flight.

MOULINETTE SOLDIER KILLED IN FRANCE

Lance Cpl. Charles Lauber, son of Mr. and Mrs. Herbert Laubert, of Moulinette, was reported killed in action in France on November 1, according to word received from National Defence headquarters by his parents.

He was with the Stormont, Dundas and Glengarry Highlanders and had been wounded previously but recovered and returned to the fighting lines.

Born at Moulinette November 21, 1916, he attended the public school there. He enlisted in 1939, at Cornwall with the Stormont, Dundas and Glengarry Highlanders and went overseas three years ago. His parents survive.

God never built a Christian strong enough to carry today's duties and tomorrow's anxieties. Sufficient to each day are the duties to be done and the trials to be endured.—T. L. Cuyler.

Morewood United Mission Band

The Mission Band meeting was held at the home of Mrs. Alex Byers. The meeting opened with hymn 410 followed by Bible reading by Betty Putman. Mrs. A. Coulthart then gave the bible reading and prayer. Mrs. McLaren read a story from the study book. Questions were then asked about the story by Mrs. Couthart. Minutes were read and adopted by Rietta Steven. The roll was answered by eleven members. The next meeting is to be held in the rest room of the church. World Friends were distributed by Loretta Byers and the collections taken by Barbara Loughridge and amounted to 73 cents. The news was then read by Loretta Byers. Hymn406 was sung and the meeting closed with the Lord's Prayer.

Games were played and lunch was served by Jessie Byers, Mrs. Byers, Mrs. Steven, and Donalda McLaren. thanked Mrs. Byers for the use of her house which was seconded by Betty Putman.

Hyndman

Mr. and Mrs. Bert Lattimore, Mr. Lyal Lattimore had dinner on Tuesday with Mr. and Mrs. Allan Grant, Cardinal.

The WMS met at the home of Mrs. Roy McCarley, Thursday evening.

Mr. Clarence Brown has secured work in the Marine Works, Prescott, and started work on Wednesday.

Quite a few from here attended the Memorial Service at Heckston United church on Sunday in memory of Henry Cowie, who was killed overseas a short time ago. To the bereaved ones we extend our sympathy.

Mr. Hugh Gilmer, Heckston, visited Mr. Jas. Lattimore, Sunday afternoon.

Mr. and Mrs. Lyall Crowder and family, Pleasant Valley, spent Sunday with her parents Mr. and Mrs. Robert Grant.

Mr. and Mrs. Garnet Sears and family, Spencerville, were Sunday visitors of Mr. and Mrs. Jas. Sommerville.

Visitors at the home of Mr. and Mrs. Jas. Lattimore on Sunday evening were Mr. and Mrs. Lyall Crowder and family, Pleasant Valley, Mr. and Mrs. Robert Conley, Mr. and Mrs. Lorne Conley and Floyd of this place.

Miss Mary Cummings, Mountain, had tea on Friday with Mr. and Mrs. Ed. Francis.

RELATES LATEST "CHURCHILL STORY"

The latest Churchill story was told today by Sir Reginald Clarry, M.P., president of the Radio Relay Services Association of Great Britain, at the association's annual luncheon here.

Prime Minister Churchill, said Sir Reginald, was called by the Archangel to a conference also attended by Prime Minister Stalin, President Roosevelt and Hitler. The Archangel was concerned about the state of the world, and asked each of the four the cause of it and what his aspirations were.

Premier Stalin answered that he was concerned with exterminating Germans. Mr. Roosevelt answered that he wanted to exterminate Japs, while Hitler made his familiar assertion that he wanted to exterminate Communists.

Mr. Churchill, asked for his views, replied, "all I want at the moment is a nice cigar and a brandy and soda, but please attend to these other gentlemen first."

A Combination

Young Man—I want to buy a diamond ring.

Salesman—Yes, sir. How about one of our combination sets? Three pieces: Engagement, wedding and teething.

S.D. & G. Highlanders In Battle of Schelde

Two more Ontario Units—the Toronto Scottish and the Stormont, Dundas and Glengarry Highlanders have been named as taking a full part in the recent battle of the Schelde, it was revealed today.

The Scottish—a machine-gun and heavy mortar regiment of the 2nd Canadian Division—fought in the advance north of Antwerp and along South Beveland island, supporting infantry with their Vickers and 4.2 mortars.

After South Beveland was cleared up, the Scottish also went across to North Beveland with the 8th Reconnaissance Regiment, from Swift Current, Sask., in a private invasion, and overran that island almost before the expedition had the official blessing of the Ist Canadian Army.

The Glengarrians helped to write off the last of the German 64th Division at Knocke on the Belgian North Sea coast. Previously it had been disclosed that the "Glens", a 3rd Division unit, shared in the seaborne assault between Terneuzen and Breskens in the Schelde pocket. In cleaning up the 64th Division they were in action with the Royal Hamilton Light Infantry and the North Nova Scotia Highlanders from Amherst, N.S.

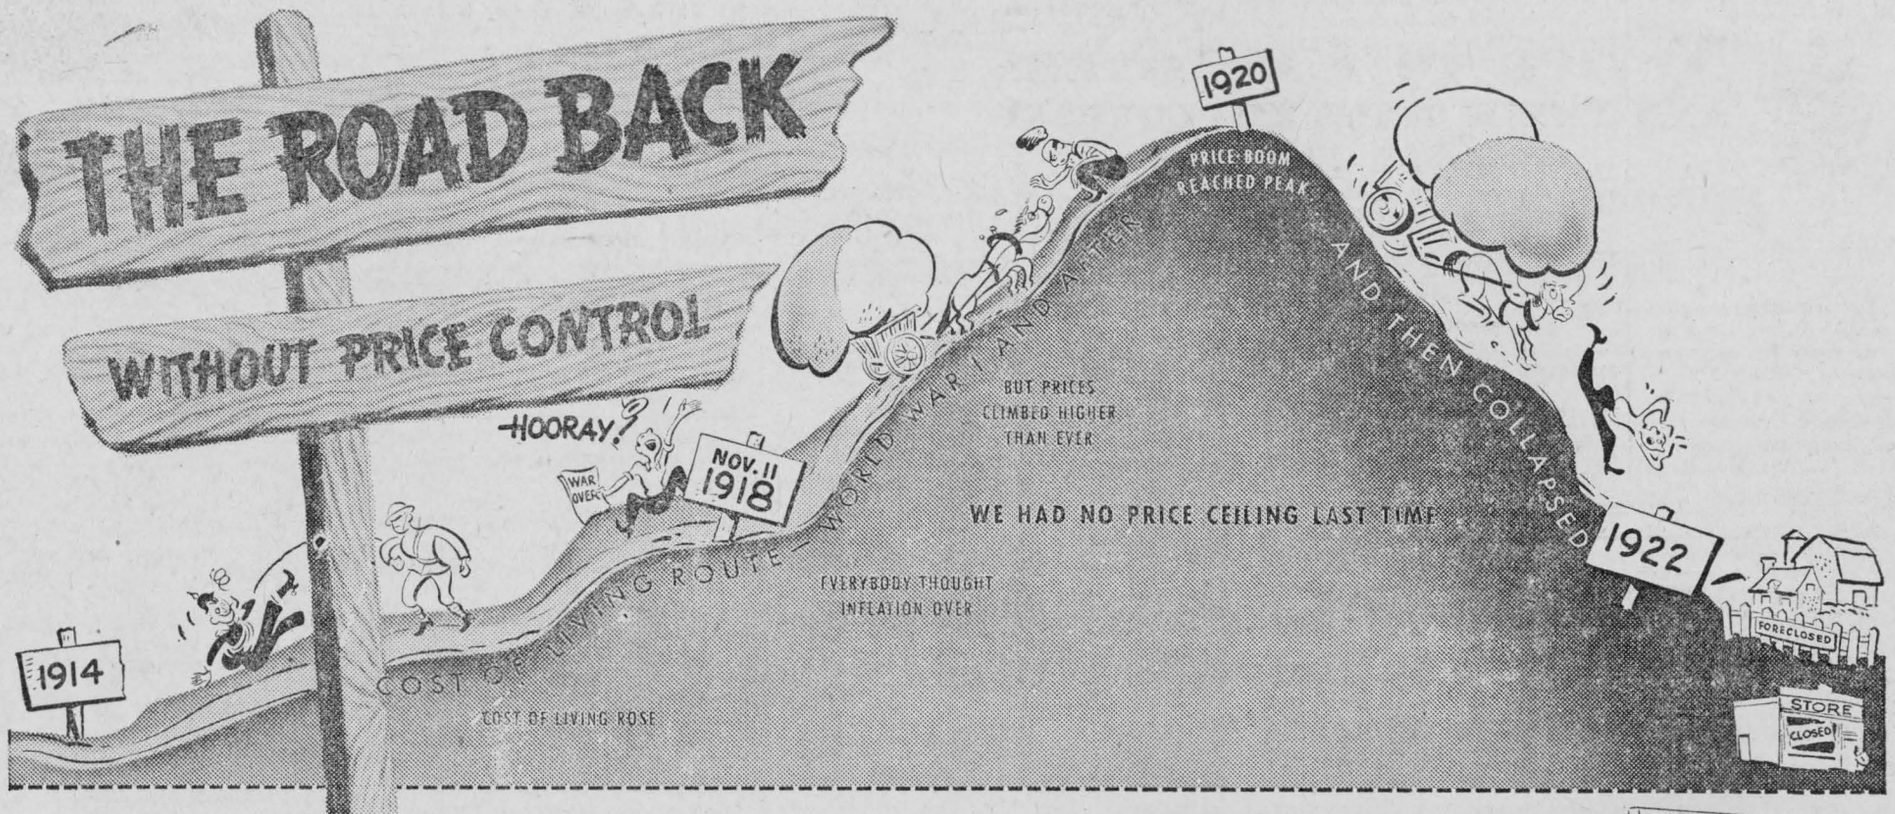
EXPECT DELICACIES FOR CHRISTMAS TABLE

Notwithstanding the facts that many of the articles in question must be brought across the seas, the Prices Board promises supplies of many delicacies for the Christmas table, among them shelled almonds from Portugal and Spain, currants and raisins from Australia and walnuts, filberts and pecans that are also imported. Glace cherries, orange and lemon peel will also be available along with domestic citrons or substitutes and imitation spices that are now being made in Canada.

Usually That Way

Research has shown there's room enough in a woman's handbag for a boilermaker's kit, complete, and bus fare. The bus fare will be found at the bottom.

Picobac
THE PICK OF TOBACCO
It DOES taste good in a pipe



The worst inflation came AFTER the war the last time . . . to be followed by disastrous deflation, unemployment and confusion. For Canada to manage successfully the change back to peace, maintain employment, and meet the world's competition . . . *we must continue to have stable economic conditions.* To protect the individual from rising costs of living and later unemployment *we must continue to prevent inflation.*

To prevent a repetition of the conditions following the last war

PRICE CONTROL MUST BE MAINTAINED

AS LONG AS INFLATION THREATENS US.

This can only be done if production is efficient and economical, costs are kept down and consumers refuse to pay more than ceiling prices.

THIS IS ONE OF A SERIES ISSUED BY THE GOVERNMENT OF CANADA TO EMPHASIZE THE IMPORTANCE OF PREVENTING A FURTHER RISE IN THE COST OF LIVING NOW, AND DEFLATION LATER

One person can start it!

When one person demands more for goods or services he compels others to do the same and Price Control goes out the window.

Public Schools of County Increase Buying War Stamps

Investments in Savings Stamps by the pupils of the Public Schools of Dundas County amounted to $1055.00 for September. For the 2016 pupils enrolled this amounted to an investment of 55 cents per pupil. The total for September and October was $1912.75 or, short by $87.25 of averaging $1000.000 per month, which is the objective for the current School year.

It is worth noting that the schools of every township exceeded the minimum objective of 50 cents per pupil. Only in the urban schools was the minimum objective not reached. This applies, of course, to combined sales for the four urban schools. Chesterville Public School was the one urban school which reached or exceeded the minimum objective. Sales per pupil in the urban schools were: Chesterville, 51 cents; Iroquois 46 cents; Morrisburg 43 cents; Winchester 10 cents. Average for the four urban schools 38 cents.

It is the rural schools which set the pace for October. Township averages were: Matilda 53 cents: Mountain 67 cents; Williamsburg 55 cents; Winchester 60 cents. The school with the highest average sales was Maple Ridge with $1.94 per pupil. This school has been consistently high month by month. The number of schools reaching or exceeding the minimum objective rose from 18 in September to 28 in October. These schools with average sales per pupil were as follows.

Matilda: Flagg 50c; Haddo 98c; Dixon's 1.56; No. 12 50c; Hainsville 1.48; Pleasant Valley 52c; Stampville 95c.

Mountain: South Mountain 1.16; Inkerman 1.45; VanCamp 81c; Rosehaven 78c; Harmony 1.44; Mt. Ridge 1.69; Mountain 84c.

Williamsburg: Archer 67c; Beckstead 54c; Dunbar 1.01; Williamsburg 1.28; Elma 1.02.

Winchester: Cass Bridge 54c; Ormond 92c: Maple Ridge 1.94; No. 10 1.09; Ninth 94c; Morewood 53c; Boyne 53c; Summers 1.20.

Chesterville Public School 51 cents.

Can the schools make purchases of $1087.25 for November? If this sum is reached the schools will have averaged $1000.00 per month for the first three months of the present school year. Judging from what he has seen in a number of schools during the past week Mr. W. J. Stewart local inspector of Public Schools says he thinks the schools are going to exceed the above-mentioned sum. Now, girls and boys, put as many quarters as you can into War Savings Stamps during November and see if you cannot set a record not reached so far for any month!

Ladies of fashion starve their happiness to feed their vanity.—Colton.

THE WAAF BEHIND COASTAL COMMAND.

Behind every story of successful attacks by aircraft of Coastal Command there is another story of vast preparation and detailed planning. A great deal of this work is done by WAAF officers and airwomen in different branches of the Service.

Picture Shows: A WAAF Special Duties Clerk plotting the course of a flying boat returning from patrol.

Tirpitz Sank in Few Minutes

The 41,000-ton German battleship Tirpitz, last "unsinkable" giant in Adolf Hitler's fugitive navy, capsized and sank Sunday morning in the icy Norwegian waters of Tromso fjord when hit squarely by three six-ton earthquake bombs dropped by RAF Lancasters, the Air Ministry announced tonight.

Attacking out of the Arctic mists it took the RAF airmen only a few minutes to finish off this great potential killer which never had engaged in a single surface battle, and which the Germans were five years in building at a cost of $50,000,000.

The cost to the RAF was one bomber, out of an attacking force of 29, an Air Ministry statement said.

Three bombs landed on the deck of the Tirpitz, which blew up inside, keeled over, and sank slowly, ending a three-year chase by Britain and Russia.

The Lancasters struck at 10.30 a. m. from a height of 5,000 feet, and 15 minutes later the ship burst into flames and turned over. Reconnaissance showed the ship had capsized with 700 feet of her keel sticking out of the water. Around the wreck was a great oil pool.

LIGHTING AND SEEING

How many of us realize the important part light plays in our daily lives? Certainly we realize it in a vague sort of way. We know that without light we cannot see, but usually we take light for granted, just as we do air or sound or any other gift of nature, and we give little thought to its application and effect it has upon us. Yet, upon the proper amount and type of light and upon the way in which its rays are directed for our use depends to a great degree the welfare of our eyes. Upon the welfare of our vision depends to a large extent the welfare of our whole nervous system.

A little thought brings us to realize to what an increased extent we are using our eyes under modern conditions, compared with those of a generation or so ago. This is especially true of those living in cities and engaged in vocations common to city life, either industrial, commercial, or professional, as compared to those pursuits in less thickly populated districts, particularly that of agriculture.

One properly concludes that in many outdoor vocations much less is demanded of the eyes. But we must realize that the average individual, no matter whether residing in the city or the rural district, irrespective of vocation, does much more reading than was the practice a few years ago. A wealth of literature is now easily and inexpensively accessible to all.

The modern science of illumination contributes greatly to the use of the eyes especially in near work, for there was not the incentive to read by the flickering candle flame or the weak oil lamp that there is with the improved lighting of today.

Too many people today are living with lights designed a decade or more ago. While good light will not replace good eyesight it can make seeing a greater pleasure to all.

Germany to Face Storm Such As Never Yet Seen

Twenty-six years ago the thunder of gunfire gave way to silence on the Western Front in Europe, but now along a vaster front the guns are rumbling again in the prelude to a climatic assault on Hitler's Germany.

The curtain has not yet risen. But by Christmas at least we should know whether Germany "can take it" under the storm of bombs and shells that is forthcoming or whether we must slog through the winter snows and mud and muck before the enemy is finally ground into defeat.

The choice is not ours. In the marbled Chamber of Deputies in Brussels this week I heard Gen. Eisenhower pronounce this ultimatum:

"We face an enemy who understands one thing—force. And we shall apply it to the uttermost."

The choice lies with Germany.

Any front line correspondent can vouch for the fact the Allies are ready to apply force of a fury never before seen on this earth.

On a trip around the northern sector the other day, for example. I passed convoys of giant new tanks stretching for mile after endless mile. I saw literally billions of shells and mortars and small arms amunition stacked high, overlapping the road.

By comparison with what is here the vast mountains of war equipment that choked the fields in old Normandy seem like a tramp's small kerchief-knitted bundle slung on a stick over his shoulder.

Presbytery At Ventnor Approves Two Calls

Fall session of the Dundas-Grenville Presbytery was held in the Ventnor United church on Thursday. Rev. R. R. Nicholson of Kemptville, presided and Rev. L. M. Somerville assisted as secretary during the morning and afternoon sessions.

The congregation of Winchester United Church extended a call to Rev. N. J. Thomas, of Lanark, and Morewood congregation extended a call to Rev. E. A. Martineau from Montreal Presbytery, which were approved.

Reports were given as follows: Rev. D. A. McQuaig, of Winchester, for the pension fund; Christian Education, by Rev. P.J. Lambert; Missionary and Maintenance, Rev. W. E. Wright, of Chesterville; Evangelism and Social Service, Dr. D. N. Cobourn, Prescott; Pastoral Relations, Rev. F. W. Taylor, Brinston; Missions, Rev. G. S. Gervan, Inkerman; Courtesy, Oren Strader, Brinston.

A purse of money was presented to Rev. L. M. Somerville and Mrs. Somerville of Spencerville, whose marriage took place recently. The executive of the presbyterial also met and joined in the communion service.

Communion was observed at 11 a. m. with Rev. E. C. Lacey giving the address. Morning devotions were conducted by Rev. J. A. Beatty of Hallville.

Rev. . H. Hamilton of Maxville, president of the Montreal-Ottawa conference, addressed the assembly in the afternoon.

Ration Coupon Calendar

November 16-22

Butter: Coupons 82-85 are now valid. Coupons 86 and 87 will become valid November 23. Coupons 82 to 85 (inclusive) expire November 30.

Preserves: Coupons D1-16 (No. 3 book) and 17-32 are now valid and remain so until December 31. Coupons 33 and 34 (No. 5 book) become valid November 23. Valid preserve coupons may also be used for the purchase of sugar at one-half pound per coupon.

Sugar: Coupons 14-29 (No. 3 book) and 30-45 are now valid and remain so until December 31. Coupons 46 and 47 (No. 5 book) become valid November 23.

Canning Sugar: Coupons F1-F10 (No. 3 book) are now valid for the purchase of sugar for home canning at one pound per coupon. If desired they may be exchanged into preserve coupons on application to Local Ration Boards. These coupons expire December 31.

NOTICE TO EMPLOYERS
AND THEIR MALE EMPLOYEES—
Including Farmers

By an order signed on August 15th, 1944, by the undersigned Minister of Labour under authority of National Selective Service Mobilization Regulations, 1944:

1. Commencing August 22nd, 1944, every employer is required to check the documents held by each newly engaged male employee, within 7 days of the employee's engagement, to determine if such employee possesses documents to show that he is in good standing under National Selective Service Mobilization Regulations, 1944 (that is, in relation to the Military Call-up);

2. Every employer must report on Schedule 9 to the Registrar for his Mobilization Division, concerning any employee found not to possess documents as referred to;

3. Every employer is required similarly to check the documents held by each male employee now working for him, whose documents he has not checked before, and to report to the Registrar for his Mobilization Division at once on any such employee found not to possess documents as referred to;

4. Any male employee here referred to, is required by the Regulations to present his documents to his employer for purposes of inspection;

5. FOR THIS PURPOSE "EMPLOYER" INCLUDES ALSO ANY FARMER OPERATING A FARM, WHO HAS A MALE PERSON WORKING FOR HIM;

6. Penalties are provided for any employer or male employee who fails to comply with these Regulations.

By an earlier order, employers were required to check the documents held by their male employees, and to report by May 1st, 1944, on doubtful cases as well as cases where employees did not possess documents.

Employers are asked to remember that they do not report on men who do possess the necessary documents—only on those who fail to present documents for examination, or where there is doubt that the document presented actually proves good standing.

The employers of Canada, including farmers, co-operated very satisfactorily on the first check, made up to May 1st, last. This co-operation was decidedly helpful, and is very much appreciated. Further co-operation is now earnestly requested.

Schedule 9, for reporting to the Registrar, and details as to documents which prove good standing, are available through the nearest Employment and Selective Service Office.

Farmers not needed on the farm during the winter, who answer the urgent call for winter workers in other essential industries, will be given a continuance of postponement of military training while away from the farm.

NATIONAL SELECTIVE SERVICE

HUMPHREY MITCHELL, *Minister of Labour* — A. MacNAMARA, *Director, National Selective Service*

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! Remember your school days, when you had to repeat over and over your daily lessons? But you will recall that such repetition really drove home the knowledge which your teacher had in mind, and when you absorbed that knowledge it was in your mind for a lifetime.

It is this principle of repetition which nutritionists must employ to drive home the importance of vitamins to the human system in daily doses of three meals and for just this reason our short talk this week is on the subject of that staple food milk. A few years from now we shall be able to take a casual glance at the menu and know at once whether it is adequate in vitamin content for the family. Therefore, shall we review once again the high qualities of milk and the necessity of paying attention to its constant use.

Whole milk is our most perfect food. It is the foremost in what is known as the protective food group which help to guard our bodies against the dangers of food deficiencies. Can you grown-ups honestly say that you take a minimum of half a pint per day and that the children get at least one pint?

This is the time of year when cream soups taste especially good, and when milk puddings cooked to perfection in your electric oven add necessary vitamins to complete a fine dinner.

CREAMED VEGETABLE SOUPS.

Delicious cream soups may be made from leftover or freshly cooked vegetables, such as peas, spinach, onions, cabbage or cauliflower. Press the vegetables through a sieve, and to each cupful of pulp add two cups milk. Heat to the boiling point, season to taste with salt and pepper, and thicken slightly with about one tablespoon flour and milk mixed to a smooth paste. Simmer for two minutes, stirring constantly. A small piece of butter may be added just before serving. Try also the addition of grated carrot or chopped parsley which is not only good for health, but gives an attractive appearance to the soup.

Have you tried Rice Pudding this way—Place ½ cup rice, 3½ cups milk, ½ cup sugar (or less) in double boiler and cook over low heat until tender—about one hour. Beat the yolk and white of one egg separately; add some of the rice to the egg yolk, then return to the double boiler and stir until it thickens. Turn out into bowl and let cool, then fold in the beaten white, add vanilla and sprinkle top with nutmeg.

SPANISH CREAM.

1½ tbsp. plain gelatine, 3 cups milk, 3 eggs, ⅛ tsp. salt, ½ cup sugar (scant), 1 tsp. vanilla.

Soak gelatine in ¼ cup of cold milk. Beat egg yolks, and add the sugar, salt and gradually the remainder of the milk. Cook in a double boiler, stirring constantly, until the mixture coats the spoon. Remove from the fire, pour over the softened gelatine and stir occasionally until it thickens. Before it hardens, fold in the stiffly beaten whites and pour into a cold wet mould. Chill in electric refrigerator. Serves eight.

TAKE A TIP

1. A tablespoon of wheat germ sprinkled over the cereal is the most excellent food in vitamin B1 content.
2. Heat tends to destroy vitamin B1—do not cook wheat germ.
3. Alkalis kill this vitamin—do not use wheat germ in muffin or soda mixtures.

THE QUESTION BOX

Mrs. J. M. asks: How should prunes be prepared for nutritiv value?

Answer: Wash and place a cupful in a sealer; fill up with boiling water and cover. Let stand for a day at least—no sugar is needed.

Miss M. R. says: Dry pumpkin seeds, clip one side, remove meat and serve on top of puddings, soups, etc.

Anne Allen invites you to write to her c|o The Record. Send in your questions on homemaking problems and watch this column for replies.

WOUNDED IN ACTION

Mr. and Mrs. Milton Carr of Brewster N.Y., formerly of Grantley, have been informed by the government at Washington that their son Cpl. Dale Carr, was wounded in action on October 23rd, in Holland. Cpl. Carr entered the service on December 23rd 1942. He has been in action in North Africa, Sicily and Italy. He has a brother in the navy who is stationed in the Pacific.

DUNBAR RED CROSS UNIT EUCHRE AND DANCE

One of the largest crowds of the season to attend a euchre and dance in the Community hall, was on hand Monday evening when the Dunbar unit sponsored it. More than $300 was the gross figure for receipts. Euchre was played at forty-five tables until ten o'clock when the cards were laid away and the drawing for a quilt was announced. the winner being James McMillan of Dunbar. Mrs. Billy McElroy was the lucky winner of the door prize. Two quilts were auctioned by Dwight Tupper. The balance of the evening was spent in dancing to the strains of Kirkwood's orchestra.

TAX REPORTS MADE EASY

Every now and then there is a wave of discussion about the complexity of the income tax forms. Actually they are simple. All one has to do is to start on January 1st of any year and keep in a little book the necessary data. Then an evening in April of the following year should be sufficient for completion of the document in triplicate if one hasn't forgotten to take the little book home, or if the receipts for charitable donations have not been lost. Of course, the assistance of a competent secretary, and a final check by a chartered accountant are desirable but not essential.

One of us is feeling complaisant because, in the forepart of 1943, we announced to the Receiver General that, for 1942 we had overpaid him by $2.37. It was gratifying indeed to learn officially, just the other day, that he agrees with us. The news was so cheering that it now can be hoped that in September 1945, we may receive similar news as to 1943.

Perhaps most people get into trouble because they cannot defer learning the bad news. They are inclined to reach for the end result without (a) reading the instructions, (b) believing them, and (c) filling in the form methodically.

Actually it is as simple a form as could be devised. The trouble is that the law is complex and not as simple as might be devised.

Even at that, the head of the psychology department says that while the noise is about the form, the basic complaint is about the tax. To which one might retort that the form would be more popular if there were more minusses and fewer plusses—more deductions and fewer additions.

This matter of our income tax will have to be dealt with as soon as possible—perhaps even before the Jap is beaten. For the rate of tax has retarded war production (as was admitted by the Minister of Finance) and it will be altogether too great a drag on national progress in time of peace when the patriotic urge is lessened.

Examples of an easing on the oars are found on every side, and instances of fraud. Workmen don't like overtime. Artisans don't like writing cheques. Dentists are curtailing office hours. Lawyers are taking only cases they like. Business heads are fighting a losing battle against extravagance.

The Receiver General is now the senior partner—taking the lion's share. And in many businesses, the juniors get out when they decide that the senior is taking out more than he put in by way of services.

Irate Colonel: Why do you have a timetable if your trains are always late?"

Conductor: "Well, how would you know they were late if we didn't have a timetable?"

But Not Enough

Father (reproachfully)—Daughter, don't you think that young man is rather fast?

Daughter—Yes, father, but I don't think he'll get away.

Service While You Wait

An Aberdeen minister engaged in visiting some members of his flock, came to a house where he heard sounds of a fearful commotion. He knocked at the door, but the din of crashing furniture and the cries of angry warriors drowned out the sound of his summons.

At length he opened the door and walked in, saying authoritatively, "I should like to know who is the head of this house?"

"Weel, sir," replied the father and husband, breathing heavily, "if ye sit doon a wee, we'll myabe be able to tell ye for it so happens, dominie, that's just what we are trying to settle a noo."

Mr. and Mrs. T. Lochhead of Montreal West were week-end guests of Mrs. C. W. and Miss Jean Casselman.

Mr. and Mrs. Donald Hummel of Arnprior, are spending a few days with the former's parents Mr. and Mrs. Herman Hummel.

AB Harold Myers has returned to resume his duties on the destroyer Kootenay after spending some time with his wife and other relatives.

Mr. and Mrs. A. Harradine and twins of Ogdensburg spent two days at the home of the former's parents, Mr. and Mrs. Alf. Harradine.

Pte Donald Harradine of the USA Tank Corps, spent two days with his grandparents, Mr. and Mrs. A. Harradine before leaving for overseas.

The many friends of Mrs. W. O. Dixon will be pleased to learn that she is expected to arrive home from hospital tomorrow after undergoing an operation a couple of weeks ago.

Mr. and Mrs. Samworth and Miss Winnie McElheran of Ottawa; and Mrs. Isaac Garrow spent the week-end in Montreal. Mrs. Garrow returned by way of Ottawa where she spent a couple of days.

* * * *

ANNOUNCEMENT.

Mrs. Andrew Carruthers announces the marriage of her youngest sister Ruby Mildred Marcellus, RN, of Winsted, Conn., to Edward C. Conklin, Chief Petty Officer, U.S. Navy.

ATTEND BAPTISM

A number of friends and relatives spent a pleasant evening at the home of Mr. and Mrs. Edgerton Barkley at Elma, on Tuesday, November 7th, when Rev. I. E. Smith and Rev. R. G. Newman officiated at the baptism of their infant son Robert Edgerton Barkley.

CARD OF THANKS.

Private Leslie Whittaker wishes to thank the Beckstead Settlement for their kindness in sending the cards and letters and also their cigarettes while he was in the hospital in England. Mrs. Frank Whittaker.

CARD OF THANKS

I wish to extend my appreciation and thanks to those that brought and sent me candy, cards, flowers and magazines while I was a patient in the General hospital. Mrs. Willard Swerdfeger.

CARD OF THANKS.

I wish to extend my appreciation and thanks to everyone who sent me flowers, letters, cards and magazines while I was a patient at the Civic hospital. Mrs. Harold Kearns.

CARD OF THANKS.

I wish to express my sincere thanks to all my friends and neighbors who sent fruit, cards and letters to me during my recent illness. Also thanks to Dr. Justus, Dr. Mack and the nurses of the Cornwall General hospital for kindness shown me. Mrs. Chris Barkley.

ROTARIANS WILL EAT TURKEY

Next Rotary night the members of the club will dine on roast turkey. Rotarian O. L. King, was so convinced that Dewey would be the president as a result of last week's election in the States, that he bet a turkey supper for the club with Howard Fulton, a Roosevelt admirer, the loser to furnish the turkeys for the spread.

RE-UNION AT THE "OLD HOME".

A very happy time was spent at the home of Mr. and Mrs. Wm. Smith, on Monday evening, November 6th. The occasion was the re-union, after fifteen years of absence of Rev. I. E. Smith from Edmonton, with his brothers and sisters, a large majority of his nieces and nephews and other relatives.

After an enjoyable social evening was spent in music and visiting, Mr. George Beatty addressed a few remarks to Mr. Smith and presented him with a substantial purse, as a token of the deep affection with which Mr. Smith is regarded by his relatives here in the East.

Mr. Smith thanked his friends with a few well-chosen words and then asked everyone to join in singing "Praise God from Whom All Blessings Flow".

A delicious lunch was served by several of his nieces and a delightful evening was brought to a close.

Mr. Smith has now returned to his home in the West.

TRINITY UNITED W.M. SOCIETY

The November meeting of Trinity United WMS was held on Thursday last with Mrs. W. E. Wright presiding. Items of business included arrangements for the showing of slides on the current study book "West of The Date Line". These will be shown in the Sunday School room on the evening of November 29th. The programme was in charge of Mrs. Lyle Marcellus, assisted by Mrs. Chas. Munro, Mrs. H. Edgerton and Mrs. Hugh Smith. The worship service was very appropriate for Remembrance Day week and the study programme most instructive and interesting. A social half-hour at the close of the meeting was enjoyed by all present.

Fire Insurance

COVERING
MERCANTILE, MANUFACTURING, RESIDENTIAL, AND FARM PROPERTY
WINDSTORM & AUTOMOBILE RISKS ALSO

Prices of Farm Products have advanced but the rates for Fire Insurance in our Companies remain the same and are the lowest in the Province for this class. No fees asked nor premium notes or other obligations required, as our securities—as sound companies—are on deposit with the Dominion Government, Department of Insurance.

FARM PROPERTY INSURANCE
CARRIED UNDER THREE-YEAR OR ONE- YEAR SYSTEM AS NECESSARY

James Clement DIAL 598 **Chesterville**

PEACE OF MIND

Only if you KNOW you are adequately protected by good automobile insurance can you drive with that peace of mind which makes motoring a pleasure. Only in this way can you protect yourself against serious financial loss through bodily injury to other persons or their property.

Because nowadays you are driving fewer miles than you used to is certainly no reason for being without the protection an Automobile policy will give you.

Remember that your car is older and, therefore, less reliable mechanically. And remember that it takes but a split fraction of a second for "something" to happen.

Let us plan your automobile insurance to give you the protection you need TODAY.
