Winchester Plans V-Day Celebration

On Monday evening at a meeting, convened by Reeve Albert Turner, of officials of organizations representative of community interests, the celebration of V-Day in Winchester was explored. It was decided to have a monster parade with a place for everyone, at 2 p.m. or 7.30 p.m., according to the hour of declaration in morning or evening. Committee to arrange the parade consists of E. R. Summers, H. S. Lannin, Raymond Summers, Arnold Dukelow, J. H. Willard and H. G. Graham. To make the parade of veterans, reservists, scouts, cubs, scholars and citizens colourful and gay, a few hundred union jacks would be displayed by all school pupils, and flags and bunting festoon the buildings and streets. Music for the march, it is hoped, will be provided by Cannamore pipers and local bandsmen.

Arrived and arranged at High School Grounds, the gathering will take part in the service of thanksgiving, in charge of the clergy. Printed orders of the service are being obtained. A wreath, in memory of the fallen, will be laid, and the Last Post will conclude the ceremonies.

When the victory signal comes, all citizens will be advised by telephone, scout, cub, and church bells, and time and place of the muster made known. In case of inclement weather, the community will likely foregather at the rink.

At a previous meeting, the follow-committee was appointed to make arrangements for the V-Day Celebration:

Reeve Albert Turner; Rev. N. J. Thomas, President of the Ministerial Association; E. R. Summers, Legion President; J. H. Willard, High School Principal; H. G. Graham, Public School Principal; W. J. Leroy Boyd, 100 Club President; Mrs. W. J. Stewart, W. I. Representative; Mrs. Neil Hutt, Vice President of Red Cross; H. L. Flora, President of Business Men's Association, and W. F. Workman, of The Press.

MR. AND MRS. IRA DOCKSTEADER'S 38th ANNIVERSARY

On April the Seventh, year forty-five,
A real night of fun, where all were alive,
Was spent in a Cloverdale home of fame
Where all took part in contest and game.

The occasion which brought about this event
Was to celebrate thirty-eight years spent
By Ira Docksteader and his dear wife,
Who had kept their vows thus far thro' life.

When friends and relatives, forty or more,
Got tired of contests and games galore
They came to order, and to their surprise,
An address was read, which moistened their eyes.

Mrs. Roy Docksteader read the address,
Which was well prepared, all did confess;
An Electric Lamp and Bride's Book, too,
Mrs. Benson George presented the two.

A splendid reply was given by both;
The recipients who were somewhat loathe
To receive such gifts, they sure would prize;
The whole night to them was a pleasant surprise.

Then when a dainty lunch was o'er,
And all felt they had no room for more,
They wished this couple many more years
Of wedded bliss, without cause for tears.

—J. Reoch, Box 332, Winchester.

Included in the list of 10 decorations announced by Air Force Headquarters this week, for courage and devotion to duty, is the name of Flt. Lieut. John Carr, son of Mr. and Mrs. B. L. Carr, of Morrisburg. The citation, accompanying the Distinguished Flying Cross, reads:—"This officer has led his squadron on a number of occasions against heavily defended targets, achieving good results. The majority of his sorties have been against railway targets, bridges, canals and enemy troop concentrations. Many of them have been completed in the face of concentrated anti-aircraft fire, but in spite of all opposition Flt. Lieut. Carr has always pressed on with intelligence and judgment and has set an example to the squadron by his outstanding gallantry and devotion to duty."

UNITED CHURCH W. A.

The regular monthly meeting of the United Church W. A. was held in the S. S. Rooms on Tuesday of last week at 2.30 p.m., with the president presiding. The theme of the devotional was Sacrifice and Victory. The Scripture was read by Mrs. W. A. Rowat, who gave a few thoughts on the lesson. No one can make sacrifices for another without establishing a new bond of interest. A boy saved from death loves to point out his rescuer. We glorify the soldier who, by his bravery, saves one or more comrades. But the greatest sacrifice of all history was made by Jesus Christ, who died for all, but is scorned and forgotten by many. The Joy of Victory is Christ is Risen. The woman found an empty tomb but in the garden they found a Saviour. His gentle call to Mary is a personal call to all to come to Him.

Following prayer by Mrs. W. A. Rowat and Mrs. N. J. Thomas, the Lord's Prayer was repeated in unison. Letters were read from the following boys overseas, by the secretary, Mrs. K. Helmer: H. Beach, V. Casselman, Les. Summers and Gordon Durant. A vote of thanks was extended to the committee who decorated the church for Easter. It was decided to cater to the Orangemen on July 12th for dinner and supper. Mrs. N. Lannin read letters from Mrs. L. Loucks and Mrs. E. Helmer for flowers received. The meeting closed with the Mizpah Benediction. Lunch was served by Mrs. S. McIntosh and Mrs. E. Gilroy, who also sponsored two contests. A vote of thanks was given by Mrs. A. Christie, bringing a splendid meeting to a close.

CHILDREN AND RELIGIOUS FAITH

The tie that binds a parent to his child is a subtle and powerful one. It is the basis of all family relations. The strength or weakness of the parental tie denotes the strength or weakness of the family itself—its value to its own members and to human society. It is the most powerful of all incentives to human effort and human achievement, says the Smiths Falls Record-News.

When parents look searchingly into the faces of their sons or daughters, they are seeking something far more important than beauty of feature and perfection ot contour. They are trying to look through those clear, bright eyes into the soul that lies behind them. They are trying to comprehend the spirit with which their son or daughter will carry on the life that has been imparted to him or her.

If they are wise parents, they know that a strong life must be built on a foundation of faith—faith in the best things in human life, the enduring values; faith in the purpose and end of human existence, and in a supreme and beneficient intelligence which orders the course of the universe. Religion has been the guiding star of the human race as man has climbed upward to better things.

So wise parents in all ages, by precept and by example, have endeavored to implant religious faith in their children. That is why churches exist in nearly every community. They are the repositories of religious faith, the fountainheads of spiritual power. Drink deep of what they have to give. And let their blessed waters flow into the lives of your children.

PARADOX FOR PEACE

And now it's the 11-ton town buster.

The mere thought of such a projectile of destruction is terrifying, but war's demands have put a premium on human ingenuity and scientific achievement. During the last five and a half years science has evolved a vast array of the instruments of death that play such a huge part in modern warfare and at the same time has devised means for the alleviation of the tragic consequences of their inventions.

The paradox is striking.

Certainly development of means to end the war is to be hailed with satisfaction and the more drastic the means, the more urgent will be the demands for prevention of another conflict because it is reasonable to believe conditions would then be even more terrible.

Civilization is being mocked, but the intensity of the measures taken by free nations to rid the world of aggression may augur well for the future. The 11-ton town buster may be the forerunner of a more tremendous bomb or some other symbol of war's hideousness, but it will only lend impetus to the work being done by forces seeking to bring about world rehabilitation and an enduring peace.

Contemplation of the tragedy of this war would be virtually impossible were it not for the buoyant hope that after the last shot has been fired the victorious nations will put as much energy into winning the peace.

"We shall not flag nor fail," said Winston Churchill early in the war, and his words are fraught with as much purpose for the world at peace as they were for the British Empire when it stood alone in the dark days of 1940.

The world at peace will demand that a good portion of the billions spent on war and the mental energy expended upon achieving victory will be channelled into making peace permanent.

THE SKEPTICAL FARMER

His curiosity stirred by the unusual number of farm auction sales that have been taking place recently in the Praisie Provinces, R. D. Colquette, editor of "Country Guide," Winnipeg, sent a questionnaire to the sellers, asking them their reasons for leaving the farm and for other comments on their decisions.

As might have been expected, the answers showed that old age, poor health and lack of adequate help on the farm were influential factors in many cases of retirement. From the number of farmers who are planning to spend their declining years in British Columbia, it may also be suspected that although one doesn't feel winter prairie temperatures very much, one feels them even less on the coast.

But, underlying many of the answers, there is a tone of skepticism about politicians' promises to help the farmer. The farmers feel that now, when stock and implements are fetching record prices, it is a good time to get out. Even though Saskatchewan has voted for the millennium, at least two farmers prefer cash. One writes: "I sold to a big farmer who has ten sections, so that I would be sure of getting my money. Would prefer selling to a man that needs the land, and could have got $5.00 an acre more, but agreements don't mean much nowadays in Saskatchewan." Another farmer from the same province says: "I would sell at once if a cash buyer came along, but I will not sell on time, as when a purchaser gets settled on the land he has protection and loopholes, and if he does not live up to his obligations, one is at considerable expense to get him off."—The Printed Word.

WHEN V-DAY COMES !

When V-Day comes, proclaiming that Germany has been defeated, and that the war in Europe is over, it should be a day of great rejoicing, but not a day of noisy, boisterous celebrations. Neither should it be a day for people to get drunk in order to celebrate the occasion. No, this war has caused too many heartaches, too much suffering and has brought tragedy to too many homes for people to stage carefree demonstrations. We must all take a reverent view of the situation and be thankful to Almighty God that the conflict has ended. We must give thanks. Special church services should be held on V-Day and everyone should attend. Yes, V-Day should be a day of extra special thanksgiving.

WILL WE LOOK LIKE TRAGIC FOOLS?

"What tragic fools we will look in history if we fail now as a nation and as provinces to face the fact that Canadian forest conservation measures aren't conserving our forest wealth!" declares The Financial Post editorially. Says The Post: "More than a third of the annual depletion of our forest resources has been due, not to commercial usage, but to loss by fire and insect attack, tree disease and windfall. And the people of Canada don't get a penny return for this loss.

"Quebec's Minister of Lands and Forests, J. S. Bourque, has very properly warned of a national crisis facing us. His statement that the forest wealth of Quebec may last another 50 years, and that some mills may have to close down within 20 years, will be alarmist only to the indifferent. Announcement that Quebec will increase its appropriations for forest conservation, will adopt more drastic policies than ever used before, and will give particular attention to fighting tree disease and other "natural" causes of forest depletion, is encouraging."

LIFE'S PHILOSOPHY

The span of life is short, to say the least,
So in our journey, let us do our best,
For it were better, as the years slip by,
That kindness, faith and hope should stand the test.

The glory of a life's not judged by years
But by effects far-reaching in their power
And none can measure all the good that's done
By sympathy in tragedy's dark hour.

A cheery word that's spoken from the heart
Is oft remembered when a person's sad;
And gleams like brilliant sunshine through the rain
To lighten woes and make us once more glad.

"Hope springs eternal in the human breast"—
Tomorrow will be better than today—
This is the true philosophy of life,
From which, for peaceful minds, we dare not stray.

The power we all possess for common good
Enriches us the more of it we spend;
It multiplies, like meal in widow's cruse,
And lasts until we reach our journey's end.

EDITORIAL NOTES

With all their horses pulling artillery, the Germans are not likely to get much spring plowing done. But then, the Allied tanks and a good shelling will churn up a lot of soil.

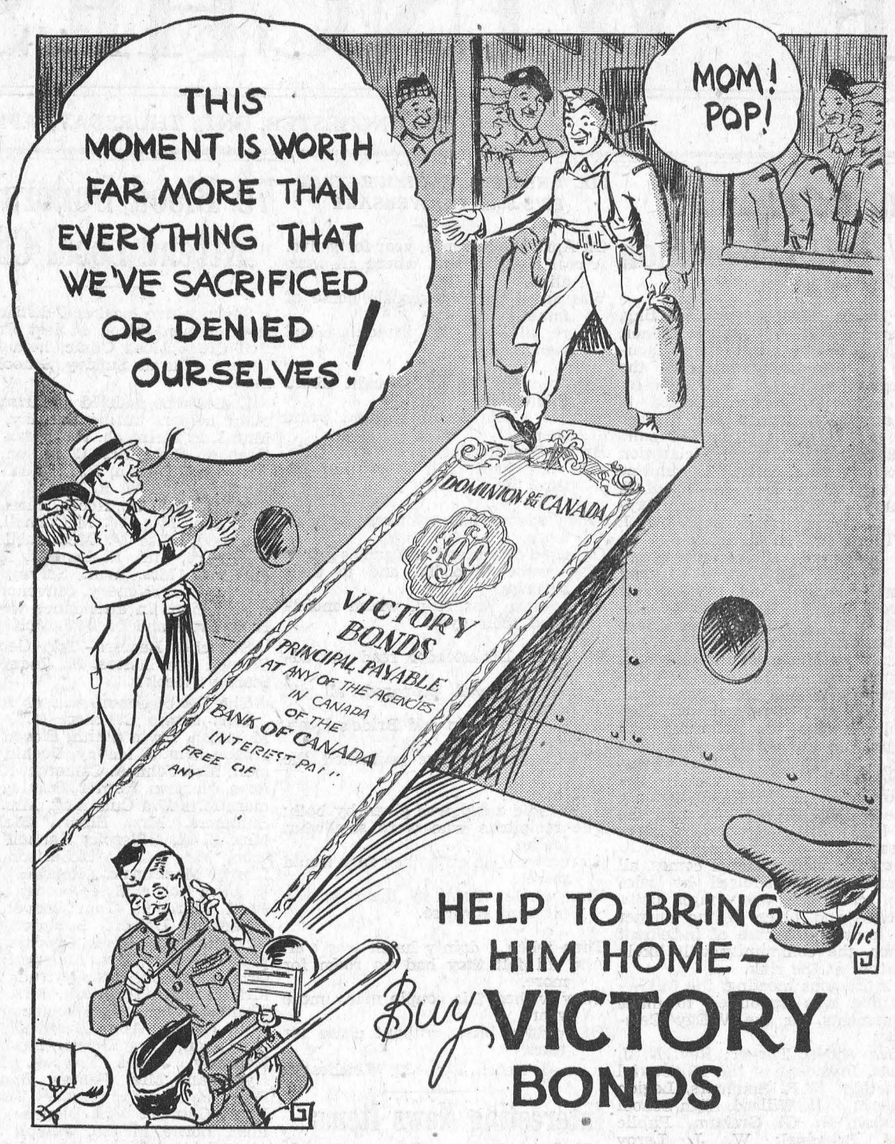
A woman, wearing one of those new spring hats, told her husband that as she walked down the street everybody smiled at her. The wonder is that they didn't burst out laughing.

That heavy frost last Thursday night didn't do the tulip plants any good—and neither did your neighbour's dog when it walked all over that newly planted bed of flowers and vegetables that mother planted the other day.

Mr. Drew's agricultural commission reported a few days ago. The 90-page report makes a sound basis for progress in farming. Chief suggestions include a new livestock policy, improved facilities for farm credit, rural education, and government aid to municipalities in soil conservation and research.

Canada's Eighth Victory Loan campaign will be held from April 23rd to May 12th and will have an all-time high objective of $1,350,000,000. Incidentally, Hon. J. L. Illsley, Minister of Finance, has indicated that the April 30th time limit on payment of income tax may be extended until August 31st, as was done a year ago. Undoubtedly such a move would aid the Victory Loan campaign.

For generations before the crucifixion of Jesus Christ, the cross was an emblem of sorrow, pain and death. After the glorious demonstration of Christ over this cross by His resurrection on Easter Sunday, it became, to those who believed, the symbol of life abundant and eternal. To-day, Christ, the great burden-bearer, brings hope for the future . . . that all may know the peace that accompanies faith in Him. Accept His invitation, "Come unto Me all ye that are heavy laden, and I will give you rest," by attending the church of your choice regularly each Sunday.



Other Editors' Opinions

IT CAME TRUE !

(Smiths Falls Record-News)

Just before the present war broke out, Adolf Hitler, who at that time was on the crest of his popularity with the Germans, said to his people: "Just give me five years and you won't recognize Germany." With the present-day destruction of the Nazi country, by the Allied Armies, the Fuehrer should be given credit for keeping his word so completely.

SIMPLIFIED

(Arnprior Chronicle)

Wouldn't this be a simplified form to make out your income tax? It amounts to about the same as we are to receive soon, with the only difference that we have only four questions to answer and we understand them.

1. What was your income for the year?
2. What were your expenses?
3. How much have you left?
4. Send it in at once.

WE DON'T WANT THEM !

(Brockville Recorder & Times)

Someone has started a movement to allow "good" German prisoners-of-war to remain in Canada. It should be squelched without delay. Canada can afford to do some picking and choosing in regard to immigrants and there are far more promising candidates than Germans, "good" or "bad," who have done their level best in this war to destroy us and our institutions.

TAXATION UNDER SOCIALISM

(Vancouver Sun)

The impression left by many of the local prophets of the Left is that, by the prudent management of the national economy, and by the profits of the socialized industries, they will largely eliminate ordinary taxation. Well, there is only one truly socialized country in the world, Russia, and the latest budgetary figures show that Russia is a vigorous and relentless tax collector.

AGAINST INJUSTICE

(Peterborough Examiner)

It is no part of a newspaper's duty to act as tame cat for any organization, however august or powerful it may be. And it most decidedly is a major part of a newspaper's duty to draw attention to anything which is against the interest of the majority, or of a single individual, if need be. That is what a newspaper is for, and we should be unwilling to allow any official to forget it. They may dislike criticism, but this is not a country in which they have any hope of stifling it.

BABY BONUS DANGER

(Simcoe Reformer)

A warning was uttered in the Ontario Legislature by Dr. R. Hobbs Taylor, of Huron County that the "indiscriminatte bonusing" of families under the Family Allowances Act presented the danger of citizens of low mental calibre reproducing moronic children. He warned that Ontario and other provinces would be forced to build more hospitals to take care of the "indiscriminate stimulation" in the birth rate of this group of citizens. He estimated that there were 35,000 homes in Ontario composed of this type of person and he added: "I am concerned, not only as a medical man, but as a representative in this Legislature of the type of citizens who are proud of the fact that they have been able to bring up their children without the aid of Government bonus and feel that they can do so in future without this kind of asistance. Are these citizens going to be penalized by this baby bonusing by a group of people who, from a medical standpoint, are not competent to raise vigorous and healthy Canadians?"

HOW TO AVERT TRAGEDY

(Toronto Star)

It is a terrible tragedy when an innocent child becomes infected with syphilis. This can be prevented by providing a blood test for the expectant mother in the fifth month of pregnancy. It is now known that if syphilis in an expectant mother is discovered by blood testing before the fifth month, and if regular weekly injection treatment is instituted, the new-born baby has almost a hundred per cent. chance of being healthy and completely free from syphilis.

GETTING TO KNOW CANADA

(The Printed Word)

Here and elsewhere there have been frequent comments about the way the Armed Forces are shifted around the country, often for no very good reason. It is still going on though perhaps not to the same extent. We ran across a pair of L.A.C.'s the other day who actually were being posted to their home district. G.H.Q. may be slipping!

It was remarked the seemingly unnecessary shifting about had one feature in that, by the time of demobilization, hundreds of thousands of young people will have come to know more of Canada than they ever would have seen under peace-time conditions.

"That'll be a good thing, too, if it helps to stop the bickering between one part of the country and another," said one of the LAC's.

Sectionalism is born of lack of understanding, which is lack of knowledge.

THE COAL SITUATION

(Halifax Chronicle)

Because it is not healthy for a country such as Canada, which is so rapidly developing industrially, to be too entirely dependent upon imported fuel, the over-all coal situation of the country is something which should attract the serious attention of every Canadian. It should certainly be a matter for Federal concern, and the appointment of the Carroll Commission to look into the condition of the industry suggests that Ottawa has come to that point of view.

HINTS FOR THE HOME

Prevents Tarnishing

Keep a piece of gum camphor in the drawer with the flat silver and it will not tarnish.

Cut Flowers

Cut flowers will keep fresh much longer if the stems are immersed in water containing a few drops of sulphate of ammonia.

Layer Cake

A layer cake can be baked in one pan of sufficient depth, by cutting pieces of paraffin paper and placing it between each layer.

Mashed Potatoes.

To make mashed potatoes more fluffy, add 1-2 teaspoonful of baking powder to the milk and butter before adding them to the potatoes.

Peeling Onions.

The eyes can be protected when peeling an onion if it is dipped for a moment in boiling water. Then begin at the root and peel upwards.

Vitrophane

To remove vitrophane from windows, dampen with turpentine and let it remain until soaked through. Then scour off with soap and water.

Chiffon

Chiffon should be washed in a pure soap solution. The water should not be too hot. Rubbing is not necessary, merely use a dipping up-and-down motion.

Paint Brushes

If brushes have dried paint in them, soak in turpentine, gasoline, or hot vinegar for about an hour. Then wash thoroughly in strong soapsuds.

Grease on Silk

For grease spots on silk, mix one ounce of castile soap shredded, one teaspoonful of salpeter, two ounces of ammonia, and one quart of water, and apply.

Tar

Tar can be removed from the hands by rubbing with a slice of lemon or orange peel. The oils in the skin dissolve the tar so that it can be wiped off very easily.

MEMORIAL SERVICE

A Memorial Service, in memory of Shirley Jean, younger daughter of Mr. and Mrs. Willis D. Riddell, of Mountain, who died very suddenly Jan. 5th, 1945, was held in Vancamp United Church on Sunday afternoon, April 8th. The deceased, who was of a very loveable and gentle nature, was born in Mountin Township on May 30th, 1940.

The service, which was largely attended, was conducted by the pastor, Rev. G. Gervan, who read comforting passages from Matthew, John and Revelations, and took his text from Zech. 8:5: "And the streets of the city shall be full of boys and girls playing in the streets thereof." Mr. Gervan's sermon was very impressive. He referred to Shirley as a very regular attendant of Sunday School, and as now playing on the streets of the New Jerusalem." The hymns sung were: "When He Cometh," and "Safe In The Arms of Jesus." The choir sang as an anthem: "Does Jesus Care," under the leadership of Mr. Arthur Williams, acompanied by Miss Lola Crowder.

Following the service, the burial took place in South Gower Cemetery.

Left to mourn her loss are, her parents, one sister and one brother.

Relatives from a distance who attended the service were from Ottawa, Dickinson's Landing, Prescott, Osnabruck Centre, Inkerman and Hallville.

The floral tributes which were placed in the church bore testimony to the high esteem in which the little child was held. They were: Pillow—the family; Baskets—Grandpa and Grandma; Uncle Hubert and Aunt Wilma and Eva Grace; Mr. and Mrs. Art Allan and family; Mr. and Mrs. Lloyd Hyndman and family; Wreaths—the Neighbours; Mr. and Mrs. Thos. Riddell; Sprays—Teacher and pupils of Vancamp School S. S. No. 7; Mr. and Mrs. Thos. Mills; Mr. and Mrs. Lloyd Marcell and family.

The sympathy of the entire community is extended to the bereaved.

The bride was attended by Miss Mary MacMillan, and Mr. Garnet Whitteker was best man.

The bride wore a gown of blue crepe made on Princess lines with sequins. She wore a blue-flowered hat with a veil, and a corsage bouquet of white lilies and pink sweet peas.

Following the ceremony, the couple left for Brockville. The bride wore a top coat of coral shade over her costume.

Out-of-town guests were Miss Muriel MacMillan, Mr. and Mrs. Lloyd Whitteker and Ronald W. Whitteker, of Wales, Ont.

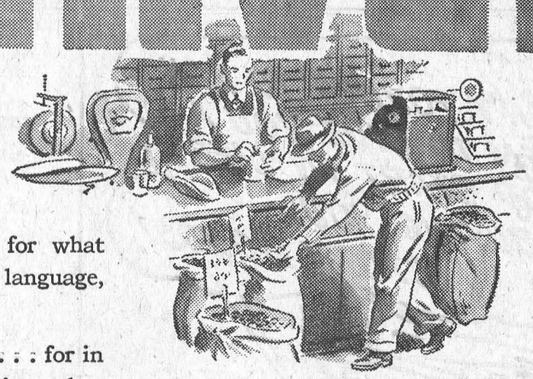
The Business Of Farming Requires RESERVES



"READY MONEY" is the common term for what businessmen call "Reserve Funds". In any language, "Ready Money" is a handy thing to have.

None realize this need more than a farmer . . . for in the business of farming there are so many times that extra money is needed . . . for bills that must be met . . . to take advantage of opportunities . . . "to turn a dollar" with profit.

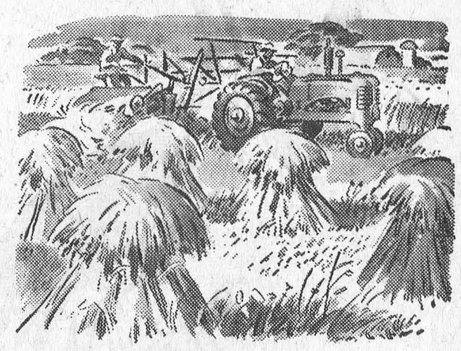
There are many times when a farmer needs "extra money". Without a reserve fund he must either sell something "for what he can get for it" or borrow, if he can get a loan.

Victory Bonds provide a safe and convenient form in which to keep savings until needed. Victory Bonds earn double bank interest. When you have Victory Bonds you can get a loan from any bank at any time without any formality, and the interest the bonds earn pays a large part of the interest on the loan.

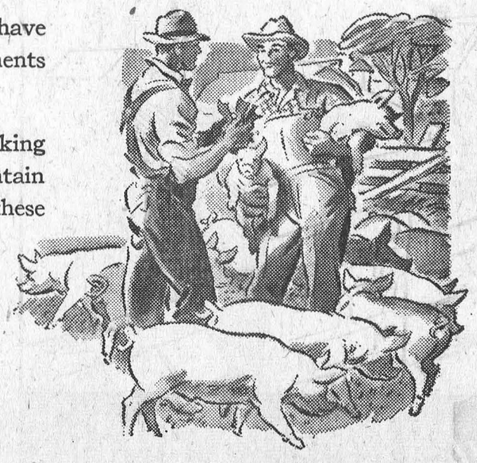
Victory Bonds can be bought for cash which you have saved or bought on convenient deferred payments with money as you get it.

Buy Victory Bonds to provide a reserve of working capital for your farm. Buy them, too, to help maintain your country's war effort. They pay interest these two ways.

Farmers always need "extra money" at seed time . . .



"Extra money" is needed to pay harvest hands . . .



You can often make a profit if you have cash to buy young animals . . .

Hello Homemakers! Some of our readers who wish to use left-overs without following a recipe have requested information on standard proportions and substitutions.

We promise to publish this from time to time, so if you are interested clip this week's column.

May we thank those who wrote asking for this guide, because we feel it should be useful to many other homemakers.

GUIDE TO PROPORTIONS

Use 4 egg yolks to 1 quart of milk for boiled custards.

Use 1-2 cup cornstarch to 1 quart milk for blanc mange.

Use 3 tsps. baking powder to 2 cups (1 pint) flour.

Use 1 tsp. vinegar to each cup of milk to substitute for sour milk.

Use 1-2 cup uncooked rice to yield 2 cups cooked rice.

Use 1-2 cup flour to 1 quart liquid for white sauces, etc.

Use 1 tsp. salt to 1 quart water for boiling vegetables.

Use 1-8 tsp. pepper to each tsp. of salt.

Substitute 7-8 cup lard plus 1-4 tsp. salt for 1 cup butter.

Substitute 2 2-3 tbsps. cocoa plus 1-2 tbsp. shortening for 1 square of chocolate.

Substitute 1 cup milk for 2-3 cup of evaporated milk.

Substitute 1-4 tsp. soda and 2 tsps. cream tartar for 1 tsp. baking powder.

Chocolate Cream Roll Cake

4 egg whites, 4 egg yolks, 3 tbsps. cold water, 1-4 tsp. salt, 1 tsp. vanilla, 1 cup cake flour, 1 cup sugar, 1 tsp. lemon juice, 2 tsps. of baking powder.

Add the salt to the egg whites and beat until foamy. Add one half of the sugar gradually, beating to a meringue in which peaks wil stand up when a spoon is lifted from them.

Beat the yolks slightly, add the remaining sugar and beat until thick and fluffy. Add the flavoring, and cold water and mix well. Fold in flour and baking powder which have been sifted together.

Push the meringue to one side of the bowl and put the fluffy yellow batter beside it, then fold the two mixtures together carefully. Pour into a shallow tray (about 13 x 16 inches) lined with waxed paper well greased. Bake in preheated electric oven at 350 deg. F. about 10 mins. When done turn out onto a cheesecloth. Remove the waxed paper. Trim off the edges of the cake with a sharp knife. Spread with cream filling. Roll and pin the cloth to hold the roll until cold.

Filling

1 cup sugar, 2 eggs, 1 tbsp. butter, 7 tbsps. cornstarch, 2 cups milk, 1 tsp. vanilla, 1-4 tsp. salt, 2 squares chocolate, melted.

Sift the dry ingredients together, add the wellbeaten eggs, and mix well; add the milk gradually to make a smooth paste, stir and cook until thickened and thoroughly cooked. Remove from the electric element, add the melted chocolate and the butter, beat thoroughly, let cool slightly and add the vanilla.

Supper Special

1 pound shell macaroni, 2 pounds fresh broccoli.

Drop the shell macaroni into a large quantity of boiling salted water, and cook about twenty mins., or until tender. Drain, rinse in cold water, and reheat. In the meantime prepare the broccoli and cook in boiling water until it is just tender. Drain and cut the stalks crosswise in inch lengths, reserving the heads for garnish. In the serving bowl place layers of the macaroni alternately with layers of the cut broccoli; arrange the heads of the broccoli on the top. Accompany with cheese sauce.

Cheese Sauce

4 tbsps. baking fat, 1-2 tsp. salt, 2 cups milk, 1 onion, minced; 1-4 tsp. pepper, 1 1-2 cups cheese, diced, 4 tbsps. flour, 1-2 tsp. curry powder.

Melt the fat, and in it cook the onion, stir in the flour mixed with the salt, pepper, and curry powder. Add the milk gradually; when the mixture is smooth add the cheese and place the sauce over hot water until the cheese is melted.

TAKE A TIP

1. Paint the lower step of your cellar or garage stairs with white enamel. It may prevent a bad fall as it can be seen in the dark.

2. Try varnishing your old copper screens to make them last one more year.

3. Remove rust stains produced by leaky pipes by rubbing with a cloth dipped in vinegar and salt.

THE BELLS OF PEACE

Some day the bells of peace will ring,
The wheels of war will cease to hum;
Free men will plough the fertile fields,
The thunder of the guns be dumb.

Once more will happy children play
And sleep, untroubled, safe in bed;
No terror fly by night or day!
No fear of bombers overhead!

Yet, grass will grow on countless graves,
Marked by plain crosses row on row—
On men who gave their very all,
That love and beauty we might know.

And, though the bells of peace may ring—
Still, mangled bodies, wracked with pain.
And sightless eyes, will dumbly plead:
"Let not our torment be in vain."

In unknown places, noisome, dark,
In swamps, in sands, in restless sea,
Lie men who sacrificed life's chance
That you and I might still be free.

What kind of world will we then make—
Full of ideals for which they died?
Or, will we grow stiff-necked again,
In hatred, greed and haughty pride?

Will trade and conquest be our God?
Will we still seek the highest seat?
Then surely war will scourge once more
And make destruction all complete.

Shall we not bravely see that they,
Our flesh and blood, strove not in vain,
And build a world on right, not might
When bells of peace ring out again?

—T. B. Gleave.

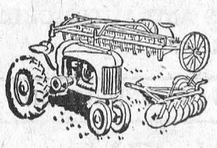
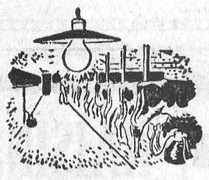
Starring Joel McCrae, Maureen O'Hara and Linda Darnell.

What does YOUR FARM NEED?

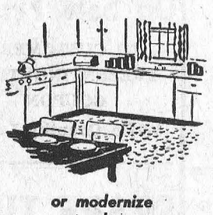
If you want to build a modern barn



or buy new equipment



or electrify your farm



or modernize your house

...then have a talk with your bank manager about his new powers under the Farm Improvement Loans Act.

How often have you said "If I could only raise the money!" Well, if you could, what would you do to improve your farm and increase your production?

Would you build a modern barn?
or buy new machinery?
or modernize your house?
or electrify your farm?

You can raise short term money from your bank; and long term money from other institutions by way of mortgage. But there are some things you would like to do which require loans that are neither long nor short...

That is where the banks, operating under the new Farm Improvement Loans Act, can help you. The gap has been filled. "Intermediate" loans at a specially low rate can now be obtained for periods of two or three years—or even longer, in cases up to ten years.

So, if you have a project in mind to improve your farm, drop in and talk it over with your local bank manager. Ask him what he is now empowered to do to help make your farm living more attractive and your work more profitable.

He will tell you—and show you—that your bank is just as eager to meet the sound credit needs of the farmer as of the merchant or manufacturer.

Solar Eclipse Coming.

Canadians will be scanning the sky through tinted glasses come July 9. On that day, provided they are early risers, they will witness an eclipse of the sun, the first since August 31, 1932, and the last until June 30, 1954. Watchers living in Saskatchewan and Manitoba will have an advantage over residents of other provinces, for the eclipse in its total phase will be visible within a strip 40 to 50 miles wide running through southeastern Saskatchewan and north through Manitoba, and striking Hudson Bay at the Ont.-Manitoba border. Other parts of Canada will see the eclipse but only partially. The path of the total phase will originate with sunrise west of Butte, Montana, at 6.15 a.m., E.D.T.
