"Night of Fun" Largely Attended

The "Night of Fun," sponsored by the local 100 Club, at the Arena last Friday evening, attracted a large crowd, the gross receipts amounting to $109.00. With expenses deducted, the Club's War Services Fund was swelled by over $75.00.

The program, which was presented as advertised, left little to be desired in the form of good wholesome entertainment.

While ice conditions were not the best, due to the mild weather, the exhibition of fancy skating, put on by the Misses Ouderkirk and McLean, of Finch, was well received and their acts were heartily applauded.

In the exhibition hockey game, the local 100 Club defeated the Chesterville Rotarians 2-1. This event provided plenty of excitement and kept the crowd cheering continuously.. Clair Carkner scored both goals for Winchester, while Don. Gordon tallied for the visitors.

The line-ups were:

Chesterville—Goal, H. Hamilton; def., E. Gordon and D. Gordon; centre, G. Lannin; wings, W. Shadbolt and D. McGee; subs., H. Guy and B. Marshall.

Winchester—Goal, G. Quart; def., D. MacLean and D. Hutt; centre, W. MacDonald; wings, Ken. Ault and Gordon Elliott; subs., W. Lannin and C. Carkner.

Referee: Fred Curtis.

Chasing the "pigskin" into their opponents' nets on three occasions, the Vernon Broomball Team defeated Inkerman 3-0. C. Acres, L. Anderson and L. Craig were the scorers. The personnel of the teams was as follows:

Vernon—C. Acres, S. Dalgleish, L. Craig, L. Anderson E. Docksteader, L. Acres, D. Kennedy and G. Rickson.

Inkerman—R. Rennick, B. Crowder, R. Kirkwood, S. Baldwin, W. Crowder, A. Hurley, D. Thompson and T. McIntosh.

Costume Prizes were won by: Girls—Vivian McKendry, Alma Olive and Florence Wyatt; Boys—James Lindsay, Reggie Fetterly, Walter MacDonald, Don. Redmond and Sparling Redmond.

Races: Girls—Mary Barclay, Marion Boyd, Norma Armstrong and Florence Wyatt. Boys—Irwin Duncan, Edwin Duncan, Fred Curtis and James Lennox. Bicycle Race—Doug. Hitsman and Fred Curtis.

Judges for the Carnival were: Messrs. Howard Fetterly, Dr. D. L. MacLean, J. K. Ault and J. L. Dixon.

Winners of the War Savings Certificates, given as door prizes, were Lloyd Gray and Gerald Helmer.

Winchester's St. Patrick Celebrated His 82nd Birthday On Monday

On Monday, the 17th day of March, St. Patrick's Day, several local citizens celebrated their birthdays, but none got a bigger kick out of their Irish birthday observance than did our good townsman, Mr. Robert Rennick, who was 82 years young on that day. As spry as a spring chicken, and as full of life as a two-year-old colt (if you'll pardon our comparisons) "Bob" made the rounds of local business places and private homes on Monday morning, all decked out in the proverbial costume of an Irish diplomat, in many respects resembling St. Patrick himself. The lapels of his long black coat were adorned with the Green Shamrock and White Clay Pipe, emblems of St. Patrick.

Calling at the post office on Monday morning, Mr. Rennick received over 100 letters and cards, wishing him many happy returns of the day. At every turn he was personally congratulated by friends, who appeared to be as happy over Mr. Rennick's birthday as the celebrant himself. In addition, he received long-distance telephone calls from his daughters, Mrs. Delong Preston, of Rivers, Man., and Mrs. E. G. Marshall, of Cleveland, Ohio; and from his son, Mr. Wm. Rennick, of Ottawa; also telegrams from other relatives.

As we observed the actions of this venerable old gentleman on his 82nd birthday, we could not help but wonder how he managed to retain the vigor of his youth—so healthy—so cheerful—so full of life, and so contented with everything about him. Probably if we were to ask Mr. Rennick how he had weathered the storm during his four-score and two years, he would inform us that it was by observing the simple rules of health and worshipping God in the beauty of Holiness.

In one of his jovial moods on Monday, we heard Mr. Rennick say that he would not be born on any other day except St. Patrick's Day, also that he regretted that he was unable to attend an Irish service in St. Patrick's church, Ottawa, on that morning.

It may be "the luck o' the Irish," but Mr. Rennick does not show his age. At 82 years, he is almost as active as he was at the turn of the century. He walks with a firm, quick step; his mind is alert, and he has a bright twinkle in his eye, all of which would indicate that he will be spared to celebrate many more happy birthdays—at least that is the hope of the Press and his many friends in this district. Once again we say: "Congratulations Robert, and may God Bless You."

P. S. Boyd Heads War Services Com. In Dundas County

On March 24 six volunteer war service organizations embraced in one corporation, operating without profit under authority of the Dominion Government, will launch an united nation-wide appeal for $5,500,000. This is no ordinary drive for funds; it will be our only opportunity this year to make the lives of our fighting men happier and more comfortable, and to take care of the normal home services of several of the organizations.

All over Canada district organizations are being formed to conduct the canvass. In Dundas County a War Services Committee will be set up within the next few days by Mr. P. S. Boyd, of Chesterville, who has been appointed County Chairman. In Winchester, it is expected he will receive the full co-operation of the local branch of the Canadian Legion, who have signified their willingness to canvass local and district citizens. While the campaign opens officially on Monday, the local drive will not get under way until a week or so later.

A feature of the opening campaign will be an address, delivered by Wendell Willkie, Republican Leader, of the U. S. A. He will speak from the Arena Gardens, Toronto, on Monday night.

Canada's governor-general, the Earl of Athlone, hit the nail squarely on the head when, in urging Canadians to support the war services, he said:

"We cannot emphasize too greatly the importance of providing pleasant recreation, healthy relaxation and comforts for our sailors, soldiers and airmen, and we are sure that nothing contributes so much to their physical and spiritual well-being. These services signify to them the affection and thoughtfulness of the folks back home."

Ever since war was declared, the Canadian Legion, I. O. D. E., Knights of Columbus, Salvation Army, Y. M. C. A. and Y. W. C. A. have been doing those services, with funds supplied by popular subscription.

Our enlisted Canadians are not, in the strictest sense, professional warriors, but citizens who value their freedom and that of their families so highly that they voluntarily gave up civilian life to face the dangers and privations of war and to defend that freedom.

The war service organizations are answering needs which the government has asked them to meet. The government provides rations and military equipment, but it has required that entertainment and comforts be organized and supplied by those who did it so well in the last war. Because of Canada's rapidly expanding war effort, 50 per cent. more money is needed. Canadians won't hesitate to give it.

FOUR MONTH TRAINING STARTED AT CORNWALL YESTERDAY

First group of recruits for the initial four month training period in Canadian Army (Reserve) Training Centre 31 of Cornwall arrived there on Wednesday.

About 400 men are expected to be trained in Cornwall, but only 160 of these will be those called up for compulsory service. The remainder will be made up of troops drawn from the active army. Soldiers from such units as the army service corps, the medical corps, the Royal Canadian Artillery, and the Royal Canadian Engineers will undergo training there.

Trainees will not spend the entire four months in Cornwall. The first two months will be devoted to training common to all arms of the service, embodying drill and army routine necessary for a soldier, whether he enlists in the artillery, air force, or infantry.

On the completion of the first two months, recruits will be given the option of taking training with any branch of the armed forces to which they think they are especially adapted. However, the commanding officer may use his discretion in this regard, and recommend that a recruit join any unit to which his service would be most suited, regardless of personal choice.

Local Red Cross Makes Large Shipment

During the months of January, February and March, the following articles were completed and sent to National Red Cross headquarters at Toronto by the local branch:

6 pneumonia jackets, 54 suits pyjamas, 19 dressing gowns, 6 bed jackets, 1056 khaki handkerchiefs, 2 knitted wash cloths, 360 pairs socks, 20 sleeveless sweaters, 72 scarfs, 183 pairs mitts, 18 helmets, 7 pullovers, 11 pairs knee warmers, 9 pairs wristlets, 6 pairs gloves, 4 pairs rifle mitts, 2 seaman's sweaters, 6 pairs seaman's socks.

Refugee Supplies:—29 quilts, 1 knitted lap robe or Afghan, 1 pair blankets, 31 boys' shirts, 10 pairs slacks, 2 women's jackets, 2 women's skirts, 15 pairs mitts, 32 pairs socks, 2 girls' skirts, 12 women's blouses, 1 kimona, 1 nightgown, 1 pair bloomers, 1 girl's wool jacket.

Four seaman's bundles each containing: 3 scarfs, 3 sweaters, 3 helmets, 3 pairs socks, 3 pairs two-way mitts.

SAVING LIVES

To the soldier in the field of action this man's job is all-important. A scientist of the National Research Council in Ottawa, he is testing the resistance to penetration of Army steel helmets. It is by means of such tests that quality is improved and lives saved.

Walter Moffat's Rink Wins Goodfellow Cup

After a very successful season, members of the local Curling Club have completed their schedule for the Goodfellow Cup, emblematic of the Club championship. In a sudden-death semi-final game, Walter Moffat's rink eliminated Wm. Watson's team and qualified for the final series against Howard Fetterly's quartette. This was a three-game series and took place on Thursday, Saturday and Monday evenings. Each rink having won one game, Monday's contest created considerable interest in curling circles. When the final round was played, the score stood at 10-6 for Walter Moffat's rink and they were declared Club champions and holders of the Goodfellow Cup for the season.

The personnel of the teams were:

Dr. D. L. MacLean, J. K. Ault, George Quart and Walter Moffat, skip, 10.

Herb Helmer, George Munroe (replacing Art. Hitsman who is on the sick list), Hubert Summers and Howard Fetterly, skip, 6.

FRIENDS HONOUR MR. AND MRS. W. J. CUMMING

On Monday evening, March 17th, a number of friends and neighbours gathered at the home of Mr. and Mrs. Melvin Dawley to bid farewell to Mr. and Mrs. W. J. Cumming and family.

During the evening games and music were enjoyed, and about eleven o'clock Mr. and Mrs. Cumming, Mary and Gordon were brought forward when Mrs. Jesse Walker read an address, at the close of which Mrs. Dawley and Mrs. Meredith McVey made the presentation of a solid walnut combination end table and magazine stand, followed by the singing of "For They Are Jolly Good Fellows."

In his reply, Mr. Cumming thanked the neighbours for making he and his family feel so much at home among them, during the three years since their return from the West. He also said that neighbours were one of the most important needs in a person's life.

The evening closed by all partaking of a very sumptuous lunch.

Following is the address:

Mr. and Mrs. W. J. Cumming and family:

We, your friends and neighbours, are gathered here to-night to say farewell on the eve of your departure from this community. We regret your removal but are happy to know that you are not going so far as to lose contact entirely.

We want you to know that we appreciated deeply all the kindly assistance, friendship and good neighbourliness which each and all of you were ready at all times to give.

The neighbourhood has been better for your having lived amongst us, and we know the community to which you are going will be likewise benefitted.

We want you to carry with you our very highest regard for each of you and we will always hope for you the best of health, happiness and prosperity. Before leaving, we beg you to accept this small token as a slight reminder of our high esteem for you.

Signed on behalf of the neighbourhood, Mrs. Melvin Dawley, Mrs. Jesse Walker and Mrs. Meredith McVey.

St. Lawrence Pact Signed Yesterday

Hon. J. Pierrepont Moffat for the United States and Rt. Hon. W. L. Mackenzie King for the Dominion of Canada, signed the St. Lawrence Seaway-Power agreement between the two countries yesterday afternoon.

The treaty process is not being followed. Rather, in each country, legislation in the form of an act of Parliament and of Congress will be sought. It is hoped to be able to break ground in a few months, but that, of course, will all depend upon the time the legislation takes to pass and then the time required to arrange for going ahead. There is the optimistic prediction that it will be by summer.

The agreement itself is not expected to be made public until Friday when release will be simultaneous in Washington and Ottawa.

OBITUARY

LATE W. A. BALHARRIE

William Anderson Balharrie, member of the bakery firm of J. S. Balharrie and Sons, and well known in church and community circles of the Capital, died at noon on Monday at an Ottawa hospital, following an illness of two weeks' duration. He was in his 63rd year and resided at 857 Somerset Street, Ottawa.

Born in Ottawa, son of the late James S. Balharrie and Johanna Anderson, who came to Ottawa from Dundee, Scotland, in 1872, Mr. Balharrie was educated there and later entered the baking business of which his father was one of the founders in 1897.

Keenly interested in politics, federal, provincial and civic, he was a former vice-president of the South Ottawa Conservative Association, and also a member of the executive of the Dalhousie War Municipal Association for many years.

Mr. Balharrie was also a member of the Dalhousie Community Club and St. Andrew's Lodge, A. F. and A. M. An active church worker, he served on the session of Erskine Presbyterian church until church union when he joined First United Church where he was also a member of the session.

Mr. Balharrie was married in 1906 to the former Hattie Barclay of Winchester, a sister of Dr. G. O. Barclay. Also surviving besides his widow, are a daughter, Mrs. Orville Bophy (Dorothy) of Ottawa; two grandchildren; three brothers, David Balharrie, John P. Balharrie, mayor of Ottawa in 1925, 1926 and 1927, and James W. Balharrie, all of Ottawa, and a sister, Mrs. Walter Cross, of Hull.

The funeral took place from the parlors of A. E. Veitch and Son, Parkdale avenue at Gladstone, Ottawa, yesterday afternoon to First United church for service at 2.30 o'clock. Interment was made in Pinecrest cemetery.

WOMEN'S INSTITUTE

The March meeting will be held next Tuesday, the 25th, at 7.30 p.m. in the Town Hall. Two contestants in the Oratorical Contest will speak. There will be an exhibit of fancy work and music. Answer roll call with an idea gleaned from another Institute. Refreshments and collection. All are cordially invited.

WEDDINGS

BLAIR—BERNARD

A wedding of interest to this district took place at Kemptville on Friday morning last in the vestry of St. James' Anglican church, when Miss Katherine Marion Bernard, daughter of Mr. and Mrs. E. G. Bernard, of Kemptville, was united in marriage to Daniel Francis Blair, son of Mr. and Mrs. David Blair of Winchester. The ceremony was performed by Rev. A. G. Wakelin, rector of St. James' church.

The bride was given in marriage by her brother, Walter Bernard, and looked charming in a gown of Queen's blue crepe with blue hat and gloves to match with white accessories. Only immediate friends were present. The couple were unattended.

A wedding luncheon was served at the home of the bride's parents following the ceremony. Mr. and Mrs. Blair left later on a motor trip to Guelph. The bride travelled in a black pebble crepe coat with fox fur over her wedding dress.

On their return they will reside in Kemptville.

Morris Ross Buys Frank Parker Farm

Miss Ella Parker informed the Press this morning that she had sold her farm, located on Main Street West, to Mr. Morris Ross, local poultry dealer, who will take possession the latter part of April. Miss Parker has no definite plans for the future, but will hold an auction sale shortly to dispose of the stock and chattels now on the farm. Mr. Ross intends to make extensive alterations to the property and will take up residence there permanently. He will continue to carry on his poultry business and will possibly deal in cattle. He will alter the barns to meet his requirements, but intends to lease the greater part of the land or let it out on shares for the time being.

Feed News!

CALF MEAL

More milk and milk products will be needed this season and Calf Meal will replace milk for feeding calves.

X-L-O Calf Meal has been growing good calves for a number of years now. It must be giving satisfaction for its sale has steadily increased.

"X-L-O" has more than 22% Protein and 7% Fat. It is balanced to give the calf what it needs to make it grow and keep it thrifty.

"X-L-O" is fresh. That is one difficulty with other brands that we have to ship in—it is hard to keep them fresh.

Then X-L-O Calf Meal is not high priced. It is put up in 100 lb. bags at $2.90 and in 50 lb. bags at $1.50. Smaller lots at 3 cents a pound.

Feed whole milk for the first 3 or 4 weeks. Then add a small amount of gruel made with 1 part Calf Meal and 5 parts warm water. Gradually increase meal and decrease milk.

FOR OLDER CALVES

The Ontario Feed Board has recommended a grain ration for dry feeding which is especially suitable for older calves:

2 parts Crushed Oats
2 parts Bran
1 part Linseed Oilmeal.

We will be glad to make up this ration or any other Calf Meal formula with or without hom grown grain.

Call and get a copy of the Ontario Feed Board "Handbook on Feeding and Management of Dairy Cattle."

GIVE THE LITTLE PIGS A CHANCE

Start them on X-L-O Pig Starter about a week before weaning. Keep them right on it until they weigh about 75 lbs. If you've never fed it you will be surprised the way they will grow.

Some of the best feeders like to feed Pig Starter dry. They say it is less work and the pigs do better. It can be fed either wet or dry.

X-L-O Pig Starter is $2.15 a hundred.

CLEANING OF TIMOTHY & CLOVER SEED

It is much better to have Timothy and Clover Seed cleaned now before the rush of grain cleaning a little later. Bring in the odd lots of these small seeds that are not done yet. We can give quicker service now than later on.

Special Discount allowed on prices of Seed Grain for March delivery.

Save trouble and save money—Feed X-L-O or XXX Chick Mash

HELP WANTED

Canadians will support the United War Services drive starting March 24th. We hope they will heed the need sufficiently to support it GENEROUSLY.

We've asked for a grouping of these war charity appeals for months. Now we have six organizations, the Canadian Legion War Services, the Knights of Columbus War Huts, the Salvation Army's Red Shield war services, the Y. M. C. A. War Service, the Y. W. C. A. and the I. O. D. E. on a national scale, all united in one drive for funds to carry them a whole year.

We might remember three points in connection with this drive. First, it is the only national appeal that will be made this year to provide comforts and keep up the morale of our boys in uniform.

Second, the total objective for the nation is made up of budgets which have been approved after careful scrutiny by a committee of leading business men, and then by the Government itself, and we are assured there is no duplication or unnecessary items included.

Third, contributors should remember that because this is a UNITED drive, and because the field these organizations have been asked by the Government to cover is growing with the ever increasing armed force of Canada, they should give MORE than they previously gave to all six organizations separately.

Let us remember this is a charity appeal, where our boys are depending on "folks back home" not to let them down. They know we never have; we mustn't do it this time.

We've helped by munitions, tanks, guns, ships, planes; now let us do what needs to be done for "the boys" themselves.

SEVEN SURE SAFEGUARDS

A set of simple rules for the prevention of accidents is offered in the current bulletin of the Industrial Accident Prevention Associations' memorandum to almost 6,000 employer-members in Ontario. The rules recommend:

1. Be sure that you take safety seriously yourself.
2. Show to others that you are taking the problem seriously.
3. Ask for suggestions as to how accidents may be prevented.
4. As the opportunity offers, show others how much accidents actually cost them, directly or indirectly.
5. See that safeguards are provided, and that once provided they are used.
6. Find out the safe way of doing each job, and insist on the job being done on that basis.
7. Supervise the indifferent man closely while he is at work, and "talk turkey" to him about every accident or near accident.

POETIC PROPHECY?

Tennyson's prophecy in "Locksley Hall," where he spoke of "the nations' airy navies grappling in the central blue," has frequently been quoted in the past year, especially since the skies have "rain'd a ghastly dew." Now another remarkable bit has been translated from Thomas Gray's Latin poem, "Luna Habitabilis," by the London Times:

The time will come when thou shalt lift thine eyes
To watch a long-drawn battle in the skies,
While aged peasants, too amazed for words,
Stare at the flying fleets of wondrous birds....
England, so long the mistress of the sea,
Where winds and waves confess her sovereignty
Her ancient triumphs yet on high shall bear,
And reign, the sovereign of the conquered air.

Gray had just turned 21 when he penned these lines in 1737. Between the quoted stanzas, the poet spoke of a day coming when the moon would be colonized, and said the British would get there first. It was a day of imperial ambition. The significance of the verses today, however, lies chiefly in the final reference—a situation which the gallant R. A. F. have brought about over Britain and may yet extend to the Continent, with the aid of American-made planes.—Christian Science Monitor.

HEAVY LOSS OF ENEMY BOMBERS MAY SOLVE NIGHT RAIDS

If the loss of as many as 13 heavy bombers in a single night's operations may not mean calling off German raids on British cities, at least it will give Goering and his associates cause for considerable thought, especially since there would appear to be a tendency for such losses to increase rather than to decline, says the Brockville Recorder & Times.

While the British are not saying much about it, it is obvious that the squadrons of night fighters which have been formed to deal with the menace of enemy raiders have developed a new and increasingly successful technique, especially when nights are clear and it is not too difficult to make contact with invaders. In addition, it is apparent that new devices have been installed with the object of increasing the accuracy and the deadliness of anti-aircraft fire and it is equally clear that not all of these "secret devices" have been as yet put to the test.

All signs point to night-raiding on the part of the enemy becoming an increasing precarious business as far as German air crews are concerned, and to more and more opposition being give them as they fly from their bases in northern France and the Low Countries with British cities as their targets. Not only will they be subjected to heavier and heavier fire from ground defences, but they will be compelled to meet more and more fighters specially trained and equipped for such duties, and these fighters are operating not only over the target areas but over the aerodromes used by the attacking forces.

Bombers of the types employed by the Germans in their heavy raids on Britain are costly and difficult to build and when as many as 13 of them are brought down in a single night, it means a heavy loss. Even heavier is the loss suffered in trained personnel, for each one of these machines carries a crew of several airmen, the product of months of intensive training and difficult to replace.

The time may eventually arrive when Goering will realize that mass night-bombing of Britain is no more profitable than mass day-bombing proved itself to be months ago, and that will be the beginning of the end of the Nazis' air supremacy.

EDITORIAL NOTES

With Garden Seeds on display at local stores, mother lamenting about the task of housecleaning, and dad checking over his fishing tackle —it's a sure sign that Spring is not too far distant.

"If," says The Leamington Post-News, "the report is true that the government of our country is supplying German prisoners in Canadian internment camps with skates in order to give them exercise, we have yet to hear of a better one." We hear they're even feeding them.

Tomorrow is March 21st and is the official date for the advent of Spring—let's hope the weather man realizes this fact. The weather of the past week-end would indicate that we are not going to be disappointed. Then comes maple syrup, horse radish, radio licenses, and last, but not least, a good feed of mud-pouts—Oh Boy !

A customer telephoned an advertisement to the Almonte Gazette the other day over a rural line. Before she got started the rattle of receivers coming down sounded like a machine gun barrage. The Gazette opines that the man who can invent some rural telephone system which will defeat the curiosity of the eavesdroppers will be a public benefactor.

One thing that the people of Ontario should be thankful for is that Premier Hepburn, the provincial treasurer, did not introduce any new taxes in the 1941 budget which was presented to the Ontario Legislature last week. The premier announced definitely that there would be no new taxes, but that existing tax measures would be continued—and not increased.

One year ago now Canada was in the throes of a Federal election campaign. To-day the Federal Government is in the "throes" of a campaign against the press. It seems some of the Cabinet Ministers cannot stand the criticism by the press relating to the war activities of their departments. Wonder if the said criticism does not emphasize that "nothing hurts like the truth," asks an exchange.

Winston Churchill says: "Give us the tools and we'll finish the job." President Roosevelt replies: "If Britain needs ships, she'll get ships; if Britain needs planes, she'll get planes; if Britain needs tanks, she'll get tanks; if Britain needs guns and ammunition, she'll get guns and ammunition; if Britain needs food and other supplies, she'll get food and other supplies." With Mr. Churchill and the people of England, we say: "Three cheers for President Roosevelt and our good neighbours in the United States."

Mussolini's presence with his troops on the Albanian front last week failed to accomplish the results the Italian Dictator had hoped for. Instead of making a firmer stand against the Greeks under Benito's personal leadership, the Italians were forced to retreat at several points and suffered heavy casualties—all of which weakened Mussolini's prestige and gave him a dose of that "inferiority complex." He returned to Rome, having failed to do the very things he has discharged many of his Generals for not accomplishing.

Is your son, your father, your brother, your sweetheart on active service? Then you, especially, will want him to be happy and comfortable. You can make this possible by giving generously to the Canadian War Services Fund campaign, starting March 24. The drive in Winchester will be conducted by the local branch of the Canadian Legion, and on behalf of the members, we ask all citizens to contribute liberally to the United War Services. Greet your canvasser with a smile and a good fat donation—don't try to evade him or make excuses for not giving. Just thank God that you are on the "giving" end and not the "receiving" end.

Without casting any reflection on present day statesmen or party leaders, what Canada lacks, more than anything else at the present time, is a fearless war-time leader at the head of government—one who has foresight—a man who will stand up and spur the nation on to greater achievements in its war effort—a man who puts the interests of his country ahead of party loyalty —a man who gives the people facts in a straight, forward manner—a man who can benefit from constructive criticism, but who offers leadership that does not warrant too much criticism—a man who acts according to the dictates of his conscience, rather than on the advice of a few party politicians. In short, what Canada needs is a leader of the caliber of Hon. Winston Churchill or President Roosevelt. Leaders are symbols of the race—Canada is a great nation and should have a great leader.

"The Voice of the Press"

THEY DOVE

(Toronto Saturday Night)

A spokesman for the Japanese army recently stated that Japan has the heart of a dove of peace. Could those have been dove-bombers they used over Chungking?

NOT SO BAD

(Hamilton Spectator)

A young farmer in Alberta walks nine miles through deep snowdrifts, in a temperature of 14 degrees below zero, only to be rejected for military service. He wonders what is unfit about himself, and well he might.

A GREAT ACHIEVEMENT

(Carleton Place Canadian)

Renfrew's wealthiest citizen, the late M. J. O'Brien, accumulated an estate of over five and a quarter million dollars during his lifetime which is quite a comfortable sum for a man to gather, considering that he started out on the proverbial shoestring.

A LOCAL WAR!

(Cornwall Standard-Freeholder)

The Star is suing the Globe and Mail, Justice Minister Lapointe has taken action against the Ottawa Citizen and almost every metropolitan newspaper in Ontario and Quebec has been castigated by one or other of the cabinet ministers. Who said all the fighting was in Europe?

HITLER'S MISTAKE

(Chatham News)

As a matter of fact, it appears that Hitler is a victim of his own temporary successes. The fall of France found him unprepared to capitalize on the advantage it gave him, at a time when England was unprepared for a strong invasion movement. Britain has had a year to prepare her defences, and now she is ready for any move Hitler may make in that direction.

HOW TIMES HAVE CHANGED!

(Brockville Recorder & Times)

In the good old days of knock-'em-down-and-drag-'em-out journalism, one newspaper used to call another newspaper just about what it liked, and the other newspaper would reply in kind. Rival editors would then adjourn to the nearest saloon and treat each other. Nowadays, however—at least in Toronto —they have a different way of returning compliments. They threaten to sue for libel.

IT MAY NEED EXPLAINING!

(Petrolia Advertiser-Topic)

Premier Hepburn used the provincial newspapers advertising columns to tell the electors his side of the story as to what took place in Ottawa on January 14-15. Ottawa has published a 110-page booklet describing what we take to be its version of the same subject, viz., the Sirois Report. What Fibber Magee would like to know is why all this publicity for a subject which some of its sponsors wanted held in camera.

MR. ACRES' SUGGESTION

(Chatham News)

A. H. Acres, member of the Legislature for Carleton, advises the elimination of tables and chairs from beverage rooms; which would compel customers to drink standing up and then get out. He sees a danger in men and women sitting around in beverage rooms by the hours sipping beer—and probably finding it difficult to walk when they do get up. Mr. Acres has an argument which should not be passed over lightly.

WATCH THE "SPLASHER"

(Stirling News-Argus)

The season for the "splasher" is here again and several citizens have reported having their clothing splattered by motorists who drive furiously through puddles on the streets, throwing the water over the sidewalks. With the streets covered with slush, motorists should not forget that pedestrians have certain rights, and drive carefully. It is worthy of note that courts have ruled that this kind of thing constitutes reckless driving, so should pedestrians who are splashed lay information against offenders, a fine is liable to be imposed.

THEY KNEW NOT

(Creemore Star)

The Alliston Herald really started something a few weeks ago when the editor commented on the small number of Alliston entrance class who could write out the Lord's Prayer correctly. Our local principal decided to try out his brilliant scholars on the Lord's Prayer and ten Commandments. The results were so bad that we discarded them in disgust. The point now to consider is: Who is to blame for this evident lack of religious knowledge? We would say the parents of the children have been decidedly negligent. We are sending missionaries to China and other countries to teach so-called heathens. How about doing a little missionary work at home?

THERE'S SOMETHING TO IT

(Trenton Courier-Advocate)

Speaking as a weekly newspaper publisher, we are of the opinion that what the Bureau of Public Information needs most is a man on its staff who has had plenty of weekly newspaper experience. Such a man would know the sort of copy that would be most apt to be published in a weekly newspaper, that man would know that every weekly newspaper office is not equipped with electric casting box and electric saw and electric router to reproduce cuts or pictures from paper mats. That man would know that dry statistics don't mean a thing either to the publisher or his readers. That man would have some regard for the weekly publisher, particularly at this time when there is such a demand on his columns, and be brief.

THEY DON'T GET FAR

(Almonte Gazette)

Action taken by the Dominion Government against The Ottawa Citizen, because of a statement made in an editorial which the Minister of Justice considers "subversive" in time of war, recalls a previous occasion on which the House of Commons undertook to discipline a newspaperman.

A member of the press gallery by the name of Cinq-Mars published a silly story in a French newspaper derogatory to the reputation of Sir Wilfrid Laurier, Sir Robert Borden and several other celebrities of the time. The last world war was in full swing and the House was obsessed with an exaggerated idea of its dignity and power. The reckless journalist was hailed before the bar of the commons chamber to make an apology.

He was a supreme egotist and the incident was duck soup for a man of his vanity. He appeared in a morning suit accompanied by his lawyer, and refused to apologize. We are not quite sure what happened but nothing much was done to Cinq-Mars and the House looked particularly foolish.

BY SUBVERSIVE ELEMENTS

(Perth Courier)

Agencies and individuals interested in fostering tourist traffic from the U. S. A. to Canada are facing attempts by subversive elements in Canada to dislocate or discourage that traffic.

The attempt is in the form of mimeographed letters sent from Canada to the U. S. A. and some of the anti-tourist propaganda ideas put forward are:

"Gasoline costs from 80 to 90 cents a gallon in Canada.

"Canada has a shortage of food, so don't go there.

"If you go to Canada, they'll take your car for army use.

"Don't go to Canada because you may have trouble getting back home.

"You'll have trouble getting across the Canadian border, so why try?"

Of course, such items are utterly silly to Canadians but there is the danger that they might be believed by people across the line and not well informed about affairs in this country.

However, when note is taken of the interest in Canadian exhibits at sportsmen's shows at New York, Boston and elsewhere and when the reports of travel agencies are considered, there is considerable confidence on the part of those in charge of tourist propaganda that there will be an upswing in the tourist traffic to Canada this year.

Slowly the raft drifted with the flow of the sea. One of the shipwrecked sailors looked into the sky.

"Cheer up," he called, "we can't be far from civilization 'cos a couple of bombers have just gone over."

THE POET'S CORNER

ST. PATRICK'S DAY

I am trying to write up
"Saint Patrick" tonight,
But not being Irish
I know not quite—

What words to say
Of the Saint they adore
Who drove all the snakes
And frogs from their shore.

He told them they could live
Far better if they'd try—
To grow potatoes, and wheat,
And rye.

And He taught them to pray
For God's blessing each day,
And told them the Saviour
Would be with them alway.

And Saint Patrick's blessing
Forever has been
On the Emerald Isle,
And its shamrock green.

So I think that is all
That I can say—
About Saint Patrick,
And—Saint Patrick's Day.

—Minnie A. Smith.

IN THIS HOUR

England. who nurtured Milton—seer who sang
Even though in darkness, of celestial Light,
And scourged the vengeful cruelty which sprang
From armed belief that Might transcends the Right;

England! who lineaged our own Washington
To vision on these shores, not alien now,
This nation which repeats, in self-same tongue
As thine, thy ancient Magna Charta vow.

Shall now thy star descend? thy flag go down?
Not now! Not ever! There is that in thee
Which stems from Law; thy sure defense is drawn
From Horeb's height, and from Gethsemane.

Invincible the Law which to man gave
The power to be free, and not a slave.

Jane Dransfield.

LIFE'S COMPARISON

Life is very much like a car,
When you are young can travel far.
With bright little eyes and body so fair,
Doing kind deeds most everywhere.

But as you work and toil each day,
Your body begins to give away,
A valve or two begins to leak,
You lose your pep and feel sort of weak.

While you have been but very slow,
Off to the doctor you must go,
And by the help of that good friend
He'll put you on the mend again.

But as we travel here and there,
Not getting just the proper care,
Through all the cold and wintry rains,
Till our body is full of aches and pains.

On and on we trudge each day
Till some other part has given away,
So back to the "doctor" with a skip and a jump,
He finds your heart in a thump, thump, thump.

When you see that trouble is rising
And your engine begins to heat,
You want to be mighty careful
For it may have you beat.

For when your battery is weakening
And has lost most all its spark,
Stand on guard and be ready,
"God may call you out of the dark."

—H. E. H., Rockfield, Ont

MODERN ETIQUETTE

1. When it is necessary for a person to blow his nose, in company, should he apologize?
2. Is it ever permissable to elbow or push your way through crowds?
3. Should a hostess issue two sets of invitations for a dinner dance?
4. Is it the man's or the girl's privilege to suggest how the evening should be spent when no previous arrangements have been made?
5. Is it necessary for a bridge hostess always to have a new deck of cards on the table?
6. What is the customary tip for a checkroom attendant?

Answers.

1. No; but try to make the performance as quiet and unnoticeable as possible. Do not imitate a foghorn. 2. No, try to avoid brushing against others. If you will notice the type of person who does this, you will have no desire to put yourself in that class. 3. Yes; one set is sent to those invited to both dinner and dance, the other set to those invited to dance only. 4. It is courteous for the man to ask the girl where she would like to go. But a girl should be considerate where expense is concerned. 5. The bridge hostess should have two fresh decks of cards on each table. 6. Ten cents is the usual tip.

RED CROSS INCREASES SUPPLY OF CIGARETTES

The supply of cigarettes which the Canadian Red Cross Society distributes overseas has been increased from 50,000 to 75,000 a week, or more than 300,000 a month. They are given out to Canadian soldiers who are patients in either Canadian or British hospitals and also to any patient in Canadian Hospitals overseas, Dr. Fred W. Routley, national commissioner, pointed out in making the announcement this week.

The cigarettes come as a welcome note from home to sick Canadian soldiers. One package of 25 is given out weekly by Canadian Red Cross Hospital visitors who call on all Canadian soldiers in hospitals and fulfil the role of a family friend or relative. At first 100,000 cigarettes a month was adequate for the number of Canadian patients in Britain. This figure was jumped to 200,000 and finally to 300,000. The increase is due partly to the large number of patients and also to the fact there are now more Canadian hospitals in England. These include the Canadin Red Cross Hospital at Taplow, No. 15 Canadian General Hospital, Montreal Unit No. 1, the Neurologicl Unit, casualty clearing stations and also Red Cross ambulances which are active in emergency work.

In addition to cigarettes, Red Cross hospital visitors distribute 150 pounds a week of maple candy to wounded men and bombed civilians in Canadian hospitals.

NOTES FROM THE SEVEN SEAS

Citizens of St. Pierre and Miquelon, the two small islands off the Newfoundland coast which belong to France, have clubbed together to aid British and French victims of the war in Europe.

South Africa is turning out 60 m.p.h. armoured cars, with gun-terrets and bullet-proof tractor-grip tires, in sufficient numbers to supply her own armies, and also to contribute to the equipment of the British forces in North Africa.

For one peppercorn rent, Queen Salete of Tonga has given 160 acres to the British Government for an airdrome. Tongans have subscribed 6,000 pounds for a British fighter aircraft and formed a defence force trained by a New Zealand sergeant major.

The island of Tonga lies in the Pacific, south west of Fiji. It is an independent kingdom, under British protection.

Royal Air Force officers in Singapore are of opinion that the standard achieved by Malay's first squad of recruits for the Air Force is higher than that usually attained at a peace time elementary flying school in Great Britain.

A Spring Salad Salute

—By Frances Lee Barton—

SALUTE Spring with a novel salad served on crisp lettuce and garnished with water cress and chicory. It's still cool enough to fuss a bit over the salad course and the following salad is worth a lot of fussing at any time. It's a new combination formed into a jellied delight — just the thing for special guests.

Black Cherry Salad Mold

1 package cherry-flavored gelatin; 1½ cups hot water; ½ cup canned black cherry juice; 1 tablespoon vinegar; ⅔ cup fresh grapefruit sections, free from membrane; ½ cup canned black cherries, drained; 15 pecan halves.

Dissolve gelatin in hot water. Add cherry juice and vinegar. Pour a thin layer into ring mold and chill until firm. Chill remaining gelatin until slightly thickened. Arrange half of grapefruit and cherries on firm layer of gelatin. Cover with slightly thickened gelatin and sprinkle with nuts. Chill until firm. Fill mold with remaining slightly thickened gelatin and add remaining grapefruit sections and cherries. Chill until firm. Unmold on crisp lettuce and garnish with water cress and chicory. Serve with French dressing or mayonnaise. Serves 6.

THE SECRET OF MAKE-UP

Make-up need not be a "hit or miss" business, or the result may be—and often is—disastrous.

All make-up must tone with skin, hair and eyes. I have a make-up chart which is the result of actual face tests on hundreds of women. Write me if you'd like a copy, free.

The basic rule for make-up, as it is for general skin health, is to cleanse the skin thoroughly. For your make-up do use the new "six minute make-up" method, using Three-Purpose cream and powder, rouge and lipstick to match. And here is how you make-up to best advantage.

Cleanse pores and skin thoroughly of foreign matter by massaging Three-Purpose cream in gently. Remove all cream with a damp warm cloth. Smooth on a little more cream and wipe face gently with a damp, cold cloth. This leaves a fine film of cream that acts as a powder base without clogging pores.

Lightly smooth on rouge with fingertips, and shade it. Avoid overdoing. Start powdering at base of throat and apply in a succession of upward movements. Now apply lipstick on the outside and also a little inside the lips, and press tightly together.

A word about eye make-up. Mascara on upper lashes darkens and lengthens them. Eye-shadow on upper lids lends brilliance to the eyes. Apply sparingly. In place of eye-shadow, you may use olive oil—just a spot on the upper lids.

A young girl's make-up should be natural. In the twenties and thirties it may be smartly sophisticated. As one grows older, avoid being too obvious.

You'll find my booklet on Beauty Care most helpful. Send four one-cent stamps to cover postage. Write: Miss Barbara Lynn, Box 75, Station B., Montreal, Que.

"Did you ever save a life?" asked Bobby.

"Yes," nodded Uncle Zeke. "Once my grandfather's house caught on fire. I dashed inside and went all through downstairs, then upstairs in every room. Nobody home at all, so I jumped out of the window, just in time."

The C. O. was annoyed because he'd given the Tommy leave to go to his mother-in-law's funeral. And now he'd learned the old lady wasn't dead. He demanded an explanation.

The battle raged fiercely around him, but he sat in a shell-hole smoking a cigaret.

"Oi! You lazy blighter! Get in there and fight. Don't you know they're three to one against us?" the officer yelled at him above the tumultuous din.

"Sure I know it, sir," he replied, jumping to attention, "but I've killed my three."

A group of negroes were lying on the floor in front of the fireplace, when one of them spoke up:

"Is it a-rainin' out?"

"Ah don't know," replied another prostrate figure.

"Well, get up and look," insisted the first voice.

"Aw, shucks," said the persecuted one, lazily, "call de dawg in an' see if he's wet."

HINTS FOR THE HOME

Relief From Burn.

Baking soda affords instant relief from a burn or a scald. Applied either wet or dry to the burned part, it gives immediate relief.

A Tough Chicken.

When roasting a tough chicken, put a little water into the bottom of the pan and it will help materially towards making it tender.

Cleaning Silver.

Silver can be cleaned very quickly by placing it in sour milk, allowing it to stand for an hour, then washing and rinsing in the usual manner.

Time Saver

Much time can be saved when putting the laundry out on the line if all things of a kind are hung together. This does away with much sorting later.

Grain Effect in Wood.

Beauty of finish and the greatest possible grain effect in wood can be obtained with a treatment of linseed oil applied directly to the bare wood.

Preserving Soap

Soap will last longer if it is well dried out. As soon as the soap is received the wrappers should be removed from the bars and the soap piled loosely in a dry place.

Stains on Range.

To remove brown stains from white and light-colored ranges, dip a cloth into turpentine and apply to the stains. With a little pressure the stains will come off.

Unpleasant Dishes.

When washing very greasy or fishy dishes, a few drops of ammonia in the water will help matters greatly, even giving the housewife a cleaner odor to inhale during the work.

Meringue.

When making a meringue, have the egg whites very cold and beat them until stiff enough to stand alone. If baked in too hot an oven, meringue will be tough and shrink when set away to cool.

Fruit Stains on Linen.

A secret in removing fruit stains from linen is to treat the stains as quickly as possible. Try holding the stain over a basin, covering with borax, and then pouring boiling water through it.

Ironing Handkerchiefs.

Handkerchiefs should be placed separately on a clean piece of paper to be thoroughly dried after ironing. If they are piled one on the other while still damp, they will steam and be wrinkled.

The Refrigerator.

Lukewarm water and borax make a nice solution to use when washing the inside of the refrigerator. It will keep the enamel or porcelain sweet and clean and tend to do away with any stains or odors.

CAREFUL THOUGHT!

Due to the tremendous strain caused by sudden bereavement, careful thinking is hindered by increased responsibilities. Because decisions must be made quickly, it is imperative that you have the valuable assistance of a reliable funeral director. We are trying to serve this community as faithfully as we can.

March 1941

Dear Senator McRae,

Princess Alice and I are glad to become Patrons of the Canadian War Services Fund, for we realize the invaluable assistance the member organizations have given to our Armed Forces at home and abroad. We have been privileged to see these War Services at work in Canada and Great Britain, and we are greatly impressed with the excellent work they are doing.

We cannot emphasize too greatly the importance of providing pleasant recreation, healthy relaxation and comforts for our sailors, soldiers and airmen, and we are sure that nothing contributes so much to their physical and spiritual well-being. These services signify to them the affection and thoughtfulness of "the folks back home".

The Salvation Army, the Y.M.C.A., the Y.W.C.A., the Canadian Legion, the Knights of Columbus and the I.O.D.E., have united in the Canadian War Services Fund Campaign, and we commend their aim and purpose to all Canadians.

Yours sincerely,
Athlone

Major-General The Hon.A.D.McRae, C.B.,
National Chairman,
Canadian War Services Fund,
200 Bay Street,
TORONTO, Ont.

URGE "FOLKS BACK HOME" TO BACK BOYS

The Earl of Athlone, Canada's Governor-General, stated he and the Princess Alice were glad to become patrons of the Canadian War Services Fund because they had seen its organizations at work in Canada and Great Britain. They recognized the invaluable aid these services gave the fighting men of Canada, he said. "Nothing contributes so much to their physical and spiritual well-being" His Excellency pointed out in the letter reproduced ABOVE. "These services signify to them the affection and thoughtfulness of the 'folks back home'."

Johanne's Prophecy

The following remarkable prophecy was made nearly 400 years ago by Johannes, an itinerant scribe, who was well known through middle Europe for devoutness and apt sayings. The records in many French and Swiss towns contain writings and letters by him, but among them all not one is so remarkable as the "prophecy." Close students of political history will see a wonderful picture, part of which has been fulfilled before our own eyes and part is nearing fulfilment.

* * * *

"JOHANNES' PROPHECY"
(About 1600 A.D.)

Part of an extraordinary prophecy made by "Johannes" in 1600, quoted in a recent issue of "The Figaro" and copied from that paper by the New York Evening Standard.

Key to the Prophecy:

France is represented by a Cock. England is represented by the Leopard. Russia is represented by the White Eagle. Germany is represented by the Black Eagle. Austria is represented by the other Eagle. The Lamb stands for Justice, Mercy and Truth.

Toward the year 2000 the Antichrist will manifest himself and his army will surpass in numbers all that can be imagined. There will be Christians among his legions and Mohammedans and savages among the defenders of the Lamb.

For the first time the Lamb will be all red. There will not be a single spot in the Christian world that will not be red, and red will be in the heavens, the earth, the waters and even the air, for blood will flow in the domains of the four elements at once.

The Black Eagle will throw himself on the Cock, who will lose many of his feathers but will strike back heroically with his spurs, but would soon be crushed were it not for the help of the Leopard and his claws.

The Black Eagle will come from the country of the Cock and will invade the country of the Cock up to the middle of it. The White Eagle coming from the north will surprise the Black Eagle and the other Eagle will invade the country of the Antichrist from one end to the other. The Black Eagle will see himself forced to liberate the Cock in order to fight the White Eagle and the Cock will pursue the Black Eagle into the country of the antichrist to help the White Eagle.

The battles fought up to this time will be as nothing compared to those which will take place in the country of the Lutherans, for the seven angles will together pur in their censers on the impious earth, which signifies that the Lamb will order the extermination of the race of the antichrist.

When the beast sees that he is lost he will become furious and for many months the beak of the White Eagle, the claws of the Leopard and the spurs of the Cock will cross the rivers over the bodies of the slain and these in places will change the course of the waters. They will bury only the men of noble families and leading commanders, because to the carnage made by the armies will be joined the wholesome death of those who will die of hunger and of pest.

The Antichrist will ask many times for peace but the seven angles who walk in front of the three animals defending the Lamb have declared that peace will only be granted on the condition that the Antichrist be crushed like straw on the barn floor. The executors of the justice of the Lamb cannot stop fighting as long as the Antichrist has soldiers to fight against them. That which makes the decrees of the Lamb so implacable is that the Antichrist has pretended to be a follower of Christ and to act in His name. If he does not perish the fruit of the Redeemer will be lost and the doors of Hades would prevail against the Saviour.

The fight which will take place where the Antichrist forges his arms will not be in any way a human fight.

The three animals defending the Lamb will exterminate the last army of the Antichrist, but they will be forced to erect a pyre as large as a city for the bodies of the dead will change the aspects of the countryside as there will be mounds of the dead.

The Antichrist will lose his crown and will die in solitude and madness. His empire will be divided into 22 states but none of them will possess fortresses, armies or vessels.

The White Eagle, by order of St. Michael, will drive the crescent from Europe and will instal himself at Constantinople. Then will begin an era of peace and prosperity for the earth, and there will be no more wars, each nation being governed according to its desires and living according to the rules of justice.

There will no longer be Lutherans or schismatics. The Lamb will reign and the supreme happiness of humanity will begin. Happy will be those, who, escaping the perils of that period, will be able to enjoy the fruit of the reign of the Spirit and of the purging of humanity which can only come after the defeat of the Antichrist.

HULBERT
Late Alex Hannah.

There passed away at the home of Mr. John Thorpe on Monday, March 10, a highly respected resident in the person of Mr. Alex Hannah. Mr. Hannah had returned home from his brother's in Toronto on Wednesday, March 5th, and took seriously ill on Saturday.

He leaves to mourn his loss, his brother, Robert Hannah, of Toronto, and one nephew.

His funeral was held on Wednnesday from Mr. Thorpe's to Hulbert United Church. The body was placed in the vault until spring.

TWO VERSIONS!

"DUTY FIRST"

The women pass the Red Cross room,
Holding tightly a fifty-cent broom,
What do you think they are going to do?
Why! they are going to curl for an hour or two.

They say "It makes bodies and muscles strong,"
So they can work the whole day long.
They never have a pain or an ache,
When a curling game is at stake.

They go to the ice and play their best,
Then come home and take a nice, long rest.
The maid they know will prepare supper
For milady's heart is in a flutter.

She'll say: "I should have made that dress
For one of Britain's little guests;
But, oh! I'm so tired I just don't care
How the little refugees may fare.

Oh! selfish woman that thou art,
Forget yourself and take a part,
In trying to win this cruel war
Before Adolf Hitler goes too far.

We all must share and do our bit
Whether we make munitions, sew or knit,
That we may not be crushed under Hitler's heel,
For we all know well he is a De'il.

—Margaret McKendry,
Metcalfe, Ont.

* * * *

THE WARTIME CURLER

Did you say we were selfish
The days we passed by,
With our brooms in our hands
And a smile in our eye?
While you sewed or knit
Or packed a big bale
For refugee work
On a very big scale.

Did you think we forgot
That Adolf was still busy?
Did you think you were steady,
And we were all dizzy
Because we were playing
A time-honored game,
While you sat and stitched
At a quilt in a frame?

Sure, there's more ways of winning
The war, than by sewing,
There's praying and giving
To keep the boys going,
And some of our curlers
Have given a son,
And some gave their brothers,
Is that less than you've done?

And some of our players
In months long gone by
Enlisted to serve where
The suffering lie.
They are waiting their call,
Ready, willing to go.
Dare you say they are heedless
Because they don't sew?

Did they tell you each game
Brought some pence for Red Cross?
Even visiting curlers
Must pay for each toss.
Who did without shoes,
Did you know of the lady
To buy war savings stamps,
To give Hitler the blues?

So, here's to old England!
To the white, blue and red,
Does it matter who sews,
Or who buys the thread?
Just let's pull together
And each do our bit.
We'll pray, give and curl
While you sew and knit.

—Margaret S. Woods.

GIFTS OF MAPLE SUGAR SOUGHT BY NAVY LEAGUE

The well-recognized virtues of maple sugar as a pleasant and sustaining food are so important the Navy League is appealing for gifts of pure maple sugar to send to the sailors.

The maple sugar block should be in small blocks, any size or shape and if possible not exceeding four ounces in weight. It should be wrapped in grease-proof paper before being wrapped in a second covering of brown paper.

Packages should be addressed to The Navy League of Canada, Ontario Division, 1118 Bay Street Toronto. Care should be taken to see that the name and address of the sender is plainly marked.

● Private John Smith is through with drill and duties for the day.

He is tired, maybe a bit "fed up." He is far from home and lonely.

He longs for a dash of gaiety, a bit of cheer . . . yearns, perhaps, for a homey nook where he can read, play games, listen to the radio, write to the folks back home.

It is the job of these six organizations to see that discomfort, boredom, loneliness have no place in the precious leisure moments of our men in uniform. Wherever they go these services go too, come bomb or battle.

In camp, on the march, on the ranges, these services bring them hot drinks and snacks, smokes and other comforts. Recreation centres are set up . . . sports and entertainment organized . . . reading and writing materials supplied. Comfortable canteens provide extra food. There are educational facilities. Hostess houses enable the men to enjoy healthy social contacts.

Understanding, Experience and Dollars!

Understanding hearts, organization and experience backed by your dollars can do the job effectively.

URGE PURCHASE NOW OF SEED POTATOES

The Ontario Department of Agriculture is encouraging farmers to purchase certified seed potatoes NOW, before much of the present available stock has been sold for table purposes. Many growers will require a change of seed. This is specially true in Western Ontario where continued wet weather ruined many potato crops last fall. There should be no delay. the Department cautions, in arranging for seed potato supplies.

Results of 57 potato demonstrations over a four-year period show an increase in yield of over 100 per cent. WHERE CERTIFIED SEED WAS PLANTED, with the proper mixture of commercial fertilizer with manure and keeping the plants well protected from insects and late blight.

To successfully meet the competition in Ontario markets, only the best quality potatoes will sell. This can be accomplished only by using disease-free seed, properly protecting the crop while growing, and grading well before marketing.

A recent survey by authorities shows more seed potatoes for sale this year than last, with an increasing demand each week for good quality table stock.

Agricultural Representatives in every county have a list of growers who expect to have a surplus of certified seed potatoes for sale. Prospective growers are advised to consult their nearest Agricultural Representative or write direct to the district inspector, seed potato certification, Ont. Agricultural College, Guelph, for a list of Ontario seed potato growers.

THE UNITED CHURCH

From Luke 13:22, Rev. W. S. Atchison spoke Sunday morning on "The Tragedy of Tragedies," which is postponing our allegiance to God. He urged his congregation to enter into the right relationship with Christ and to have no fear of man but rather to be honest with ourselves in relation to eternal life.

The choir, with Mrs. Scobie at the organ, sang: "One Sweetly Solemn Thought," at the morning service, and Mrs. Atchison sang very impressively: "The Stranger of Galilee," in the evening, when a song service was conducted by Mr. M. Fennell, in which many well-kown hymns were sung.

The pastor continued his morning thought using for a text the words of Jesus: "Weep not for me." The attitude of Jesus to those who reject Him, was dealt with and a plea made that we might become more effective in our daily service.

OFFICERS TO TRY EXAMS ON MARCH 23

Seventeen officers of the Second Battalion, Stormont, Dundas and Glengarry Highlanders (Reserve) will try promotional examinations at Cornwall armouries on March 23, Lt. Col. W. J. Franklin, officer commanding, announced a few days ago.

Col. Franklin also revealed about 15 men already had been signed on, in expectation of a call for reinforcements from the First Battalion. About 25 more will be required, he expected.

MR. AND MRS. THOS. G. IRVING CELEBRATE THEIR 60th WEDDING ANNIVERSARY

On Saturday, March 15th, Mr. and Mrs. Thomas G. Irving, of Ventnor, celebrated the 60th anniversary of their marriage. Mrs. Irving, before her marriage, was Miss Gertrude McCormick. She was born in Metcalfe in the year 1865. Mr. Irving was born at Ventnor in the year 1857. They were married by Rev. W. J. Dey, of Spencerville, in the year 1881, moving to Ventnor where they have resided ever since.

Children and grandchildren, who enjoyed the evening with them, were, George, at home; Mr. and Mrs. Harve Irving, Willie and Jim, of Shanly; Mr. and Mrs. Russell Irving, Lila and Stuart, of Ventnor; Mr. and Mrs. Andrew Gray, of Ventnor; Mr. and Mrs. Howard Robinson and Irving, of Hyndmans; Mr. and Mrs. Sam R. Hamilton and Enid, of Pleasant Valley; Mrs. Harry Timleck, Shirley and Derry, of Brockville; Mr. and Mrs. Hubert Robinson, of Hyndmans; Miss Ruby Irving, of Montreal; Mrs. John Webster, of Toronto; Mr. and Mrs. Cecil Bennett, of Shanly.

During the evening games and a sing-song were enjoyed, after which Mr. and Mrs. Irving were seated in the living room with the family gathered around them, while the following address was read by Mrs. Andrew Gray:

Dear Mother and Dad:—

We, your children and grandchildren, have met with you to-night to celebrate with you the sixtieth anniversary of your wedding.

During these sixty years you have seen many changes taking place. Some of these have brought happiness, while others have brought sorrow and disappointment to you, but love held true throughout the days and years. Amongst the changes which the years brought were our coming, bringing much worry, care and toil, but we hope also much joy and happiness. As we look back over the years, we see how faithful you were in taking us to Sunday School and church. This early training has influenced our lives greatly.

Today we are greatly delighted to have this opportunity of wishing you all the dreams of the years to come true in this year's anniversary. May the days reach out to more, and may each day be filled with happiness and love and health.

With love and gladness we present you with these gifts which we hope you may use often in the days to come.

Gifts from the children were presented by Mrs. Howard Robinson, from the grandchildren by Enid Hamilton and Stuart Irving, and from the great grandchildren by Shirley Timleck.

Mr. Irving very feelingly expressed their thanks, after which the children served a dainty lunch.

The rooms were beautifully decorated with American Beauty Roses, Sweet Peas, Snapdragon and Lilies, sent by Mr. and Mrs. Wm. Gilmer and Carl, of Davenport Centre, N. Y., and Mr. and Mrs. Harry Irving and Clifford Irving, of Buckingham, Que. Throughout the day Mr. and Mrs. Irving were the recipients of lovely gifts and messages of love and best wishes from friends near and far, including Mr. and Mrs. Roy Gilmer, of Stanford, U. S. A.

Mr. and Mrs. Irving are both enjoying good health, and their many friends join in wishing them many more years of wedded happiness.

LETTER FROM OVERSEAS

The following letter was received a few days ago by Miss Mabel Blair, R. R. 2, Osgoode, Ont., and was written by Pte. J. Newton, B-8622, 5th Canadian Infantry Brigade, H. Q., Somewhere in England:

"Dear Mabel:—Hello there, I received your very welcome letter of December 16th this afternoon. With all the stamping on it, I would say it had really travelled around England.

Life over here is not too bad but it gets awfully dull at times. The best times I like are the periods from five to seven days every three months. That is when they allow us to go on leave. So far I have been up to Scotland on my landing leave and my first privilege leave. I went to Glasgow and Edinburgh. They are both very nice cities. I will say, however, that Edinburgh is much cleaner than Glasgow, owing to the old factories in Glasgow.

While I was in Edinburgh I went to see Edinburgh Castle. It is very old and a picturesque sight to see. I also saw the Scottish War Memorial that is situated on the Castle grounds.

Every Scottish Regiment that served in the last war has a place of honour along its walls. There are only two Canadian Regiments who have their names on the walls. They are the 13th Black Watch and the 16th Canadian Scottish.

The latter, I am very proud to say, was the battalion my father served with over here.

Well, now maybe you would like to know what has happened to me since you last heard from me. Well, here goes. June 17th, I left Camp Borden for Val Cartier where I joined the unit which I am now with—the 5th Canadian Infantry Brigade H. Q. I stayed there two and a half months. Then down to Halifax. On Aug. 25th we set sail for England, arriving on this side Sept. 5th. Almost a year from the date I enlisted.

I will close now. Loads of luck. Yours, Jack."

MOUNTAIN LADY HAS A CLEVER CAT

In his "Neighbourly News" broadcasts, Andy Clarke has often made reference to the intelligence of household pets, or the human-like instinct in animals. These are always interesting to listen to, so this week we have a story about a pet cat, sent to us by Mrs. Wm. McIntyre, of Mountain. This particular cat is almost human in many of its actions. It's name is "Slippers," and here is what Mrs. McIntyre says about it. "Slippers is a pet cat, owned by her husband, Bill. He (we mean the cat) is blue-grey with white nose and throat also white paws. He weighs 12 pounds in a fruit basket. Quite often when Bill goes to the barn or to the mail-box, Slippers will jump up on his shoulders and place his front paws on his master's head—a novel way of going for a ride. When he is outside and wants into the house, he will stand up on his hind legs and rattle the door latch until someone answers the door. Slippers is a splendid hunter, but very seldom gets fed in the house. He is very fond of Corn Flakes, Rice Krispies and Toast in milk, and, of course, likes meat and fish. His specialty in candy is butterscotch—and you cannot serve candy without treating him—in fact he will jump up on Bill's lap and give him a gentle tap on the face, which always brings results."

Mrs. McIntyre thinks her husband's pet is a really clever cat and wonders if Andy Clark shares her opinion. How about it Andy?

MOREWOOD SOLDIER WOUNDED OVERSEAS

Included in the official casualty list released yesterday by the Department of National Defence was the name of Sapper Reginald Freeman Mansfield, husband of Mrs. Norma Margaret Mansfield, of Morewood. Sapper Mansfield, who is overseas with the Royal Canadian Engineers, was reported as "slightly wounded."

Mrs. Mansfield received a telegram from the Department of National Defence last Sunday, stating that her husband was "seriously wounded."

Sapper Mansfield, who is 28 years of age, came to Canada from the United States less than two years ago and joined the Engineers in October of last year. He was married in Morewood shortly before going overseas.

One reason why a prophet is without honor in his own country is that there is always someone who remembers the prophecies which didn't come true.

LOCAL AND DISTRICT NEWS

Will Conduct Radio Devotions.

Rev. W. R. Willson, pastor of the local Baptist Church, will conduct the morning devotional period over CBO, Ottawa, next Tuesday morning at 7.15 a.m., E.S.T.

Saw First Robin.

Mr. Fred Lannin reports that he saw a robin resting on the branch of a tree at his farm on Saturday—one of the first indications of spring. Probably this was the Rose Haven Robin enroute to its summer home in the Vancamp district—one never knows!

Has Joined Air Force.

Walter Edward Johnston, youngest son of Mr. and Mrs. Thos. J. Johnston, of Cass Bridge, left on Friday morning for Ottawa, where he has joined the R. C. A. F. as a gunner. On Saturday evening he left for A Manning Depot, Toronto, to undergo training.

Municipal Hydro Loads.

According to the Hydro Bulletin, Winchester used 308 h.p. of electrical energy during the month of January. Loads carried by other nearby municipalities were as follows: Chesterville, 275; Finch, 104; Cardinal, 259; Iroquois, 265; Kemptville, 362; Maxville, 96; Alexandria, 241; Morrisburg, 198; Russell, 69; Williamsburg, 118.

Morewood Man Injured.

The many friends of Mr. Ward Bilow, of Morewood, will be sorry to learn that he was severely injured on Sunday when he was struck by a large piece of ice which fell from the roof of the United Church there. He suffered a broken collar bone, several broken ribs and painful body bruises. He was rushed to the Cornwall General Hospital, where his condition is regarded as serious.

Discussed Farm Problems.

Mr. E. B. McMillan, of Chesterville, Deputy Reeve for Winchester Township, was in Ottawa last Tuesday and Wednesday and discussed Farm Problems with Dr. H. S. Barton, Deputy Minister of Agriculture; and Field Crop Improvements with Dr. L. H. Newman, Dominion Cerealist. Mr. McMillan obtained some valuable information which will be passed on to farmers throughout the township.

Empire Day of Prayer.

Sunday, March 23rd, has been proclaimed as a day for National Prayers throughout the British Empire, and special prayers will be offered in all local churches at the Sunday services. Individual prayers for God's assistance in Britain's fight for freedom and the preservation of Christianity, should be offered in the home as well as the church on Sunday next, especially. The power of prayer accomplishes much. Without God a nation cannot endure for long. Let's pray without ceasing.

Dairy Meeting This Afternoon.

A meeting of farmers and others associated with the dairy industry was held in the town hall this afternoon, under the joint auspices of the Dundas County Cheese Producers' Association, the Dundas Concentrated Milk Producers' Association and the Dept. of Agriculture. The object of the meeting was to impress upon farmers the urgency of increasing milk production during the coming season. Similar meetings were held at Mountain on Tuesday and Williamsburg on Wednesday. Others to be held are at Morewood this evening and at Brinstons tomorrow afternoon.

Entertainment Being Planned.

When Mr. and Mrs. J. D. Stewart were in Toronto at the annual Convention of Horticultural Societies, they enjoyed seeing slides of beautiful homes across Canada. Arrangements are being made for these slides to be shown here on April 28th at an evening entertainment in the Town Hall, when an interesting report of the Convention will also be given, as well as music. A small admission fee will be charged and 50% of the proceeds will be given to the Red Cross. An Advt. will appear later but the date is mentioned now so that it will be kept in mind. People from the surrounding country should be interested in this in view of the Home Improvement Plan which may be taken up by the Horticultural Society.

Local Weather Report.

Following a bright, sunny, week-end that produced spring-like weather, a cold, strong wind started to blow late Monday afternoon, and continued all day Tuesday and Wednesday. With the mercury hovering between five below an ten above zero during the wind storm, the weather has been most disagreeable. Fortunately the breezes were accompanied only by light snowflurries, otherwise there would have been considerable drifting, and highway traffic would have been greatly handicapped. As a result of this biting March wind storm, local citizens have been forced to burn more fuel than usual in an effort to keep their homes warm, and no one will be sorry when the weather turns milder.

District Missionary Meetings.

A special treat is in store for Morrisburg and Williamsburg districts, for those who are interested in Foreign Missions. Four American returned missionaries, Rev. and Mrs. D. D. Frieman, on furlough from Africa; Miss E. Barker from India, and Miss Oakley from China, will conduct 3 services during their two day visit. The "Radio Pastor" Rev. A. Noseworthy, from Rosemount Ave. Gospel Church, Ottawa, will also be present. Remember the dates, Morrisburg Orange Hall, Wednesday, March 26th, at 8 p.m.; Williamsburg Oddfellows' Hall, Thursday, March 27th, at 3 p.m. and 8 p.m. Moving pictures of African Life will be shown Thursday night. Everybody is invited to attend to see and hear these worthy ambassadors of the Gospel. Admission Free.

Transferred To Iroquois.

Mr. W. W. Kelly, a member of the staff of the Perth branch of the Bank of Montreal, has been notified of his early transfer to the branch at Iroquois.

Died At Brinston.

At his home in Brinston, the death occurred on Wednesday, March 12th, of Andrew Riddell, in his 85th year, beloved husband of the late Martha Armstrong. The funeral service was held Friday in Brinston United Church.

Council Gets Paid.

The Chesterville Council has received payment of damages in full amounting to $112.30 for the hydrant broken at the corner of Main and Queen Streets, when a truck collided with it early in the winter. This was announced at the March meeting of Council.

Graduates From Flying School.

Among members of the R.C.A.F. who graduated from No. 4 Bombing and Gunnery School at Fingal, Ont., on Saturday last, was Sgt. Lyle Schell, of Williamsburg. Lyle is well-known here, having played goal for Williamsburg Hockey Team for several years, prior to his enlistment last summers.

Struck by Shotgun.

Mrs. Ivan Berry, of Ventnor, had an unusual accident a few days ago. She went to close the outside kitchen door and as she pulled it shut a double-barrelled shot-gun, hanging directly over the door, became dislodged and fell, striking her on the top of the head and making a deep gash. It is still sore but is healing nicely.

Osgoode Boy Fatally Injured.

Lonnie Francis Millar, six-year-old son of Sgt. Maj. L. G. Millar and Mrs. Millar, of Barrie, died on Thursday last of injuries he suffered from a fall at his parents' home. The body was sent to Osgoode Station for burial. The boy fell over a bannister, striking his head on the floor. His father is an instructor at the Royal Canadian Air Force station at Camp Borden. The parents were formerly of Osgoode.

Will Supervise Census.

It was learned in Prescott this week that Daniel Laushway, of Edwardsburg township, had been appointed to supervise the approaching decennial census for the electoral district of Grenville-Dundas. Mr. Laushway, who resides on a farm near Johnstown, was formerly an accountant by profession and is considered exceptionally well qualified to assume direction of the census activities in Grenville-Dundas.

High School Oratorical Contest.

The annual High School Oratorical Contest will be held in the local town hall tomorrow (Friday) evening, commencing at 8 o'clock, when the contestants will compete for the McMaster Trophy, emblematic of the High School Public Speaking Championship. This year there are some talented orators on the list and it is expected that competition will be much keener than in past years. The speeches will be interspersed wth musical numbers and singing. There is no admission charge to this event, but a silver collection will be taken and donated to some branch of the War Services. War Savings stamps will be on sale at the hall, and patrons purchasing stamps will not be asked to contribute to the collection.

EGG GRADING REGULATIONS

New regulations in regard to the grading of eggs which become effective April 1 provide that any individual operating a grading station must have a separate entrance to quarters used for that purpose and a permit to operate the station based upon the suitability of its facilities. If such facilities do not exist, he may take in eggs, identify them and ship them for grading. Department of Agriculture officials emphasize that, contrary to reports which are in circulation, the producer is not penalized in any way under the new regulations, nor do they affect in any way the normal relationships between egg producers and their private customers.

Mr. Clifford Churchill, of the R.C.A.F., Calgary, is spending two weeks' leave with his parents, Mr. and Mrs. A. W. Churchill.

UNITED CHURCH W. M. S.

The Women's Missionary Society of the United Church held their regular monthly meeting in the S. S. rooms on the 13th inst. with the president, Mrs. Wm. Steele in the chair. The meeting opened with a sing-song, followed by silent prayer, and several members offering prayer.

The Scripture Lesson, Deut., chapter 5, was read by Mrs. Keyes. The president gave a few words of admonition. Mrs. T. Hawkins gave a synopsis of W. M. S. work throughout the world. A questionairre by Miss May Rose on February Missionary Monthly proved very interesting.

Owing to the illness of Mrs. Jas. Patterson, group leader for March, Mrs. Earle, 1st vice president, was in charge of the programme. The subject for study was "Links Between East and West," and was dealt with briefly by Mrs. Earle.
