Village offers $25,000 for arena

Chesterville Village Council have offered $25,000 towards the construction of an arena in Chesterville pending the approval of three government grants and an agreement on ownership and access rights.

Five members of the Chesterville and District Community Centre committee met village council in a special Tuesday night meeting to acquire even tentative financial assistance from the municipality, which is also all important towards the success of the venture.

For a while, during the two-hour session it appeared as if a vicious circle had been created, where none of the governmental bodies wanted to play their hand first.

But council seeing the predicament the committee was faced with, met briefly in an in-camera session and arrived at the conditional plan.

The motion approved unanimously by councillors Archie Black, Stuart Allan, Jack Lannin and Fred Coons states that the $25,000 will be made available if the village has a satisfatory lease on the building, adequate parking area and land, the right-of-way to the building from Queen St. for a specified number of years and if the Class B Fair grant, community centre grant and Federal initiative grant are assured.

The three grants mentioned mean a total of $89,250 towards the cost of the $165,000 bulding.

The council at one point said to the committee, they would have to present to council written statements showing exactly how many dollars of government grants were coming towards the building.

Building Committee chairman, Stuart Byers explained to village fathers it was necessary for council to show their intended interest before the assistance under the federal winter works program could be obtained.

James Sullivan, also of the building committee said Winchester Township were waiting to see what course Chesterville Village were taking before they would make any statement.

The local council did not commit themselves as to whether the $25,000 would take the form of an outright grant or debenture. But Community Centre committee chairman Charles Graham said the figure would only show as a very modest mill rate increase in any case.

Auldy Holmes and Carl Smith along with the other committee members answered any questions about the project.

Reeve Keith Graham told the committee village solicitor Fred Cass had suggested, if federal and provincial grants were being sought, it would be in the committees best interest to have MPP Don Irvine and MP Lucien Lamoureux tuned in on the project.

Acting on this advice committee members said they would contact these representatives as soon as possible.

Year-end review . . . **. . . Projection for 1972**

Reeve H. K. Graham interviewed Tuesday

Chesterville Village Council is closing the book on another year of administrative work.

Reeve Keith Graham said untangling the paper work surrounding the sewer system was one of the biggest tasks in 1971 and expects that worknig out some arrangement for re-locating the village dump and getting Armstrong Place subdivision on the go will be two of the major projects in 1972.

The $760,000 sewer project ended in December, 1970 and during the last twelve months more than 200 homes have been connected to it.

Reeve Graham said it is primarily a voluntary decision for home owners to hook onto the system and council has been pleased with the response. He said more residents were taking advantage of the service almost daily.

The most important job after laying the sewer lines was to get the roads and streets back into decent shape.

Tax Increase

Municipal ratepayers enjoyed a 40-mill tax reduction last year, but the Reeve said they can expect a 30-mill increase this year.

"I don't think it wil come as a shock," said the Reeve, "The taxpayers aren't stupid, they know where their money's going, they know they got a break last year because of the reduced education levy and are expecting an increase this year."

The village dump, along with most municipal dumps in the area have come under attack by the Provincial government's Waste Management Branch.

Chesterville has been given until May 15, 1972 to find a new place to dispose of garbage.

The Reeve said that the provincial government has set down guidelines and regulations which all municipal disposal sites are supposed to follow and Chesterville along with Winchester village and township dumps do not meet with those requirements.

He said although the license runs out in May he is sure it will be renewed until an alternative location is found. He said the final solution is probably a regional site which will serve all three municipalities and the costs will be shared.

Starting this spring, the village will hire a dump supervisor who will regulate disposal. Reeve Graham said the offenders are the individuals who leave the garbage here and there all over the 4.5 acre dump area making bulldozing expensive.

The superintendent will see that the garbage is dumped in one area and it will becovered daily. Care of the disposal site cost the village about $4,500 last year.

What will the proposed Highway 43 by-pass mean to Chesterville? Not too much according to Reeve Graham.

He said the by-pass will help the village more than hurt it, by relieving village streets of the through traffic. The Reeve said that the Highway in Chesterville didn't really bring that much money to the merchants and its loss will provide less congestion

Bits and Pieces

Greetings from Cecil MacNabb

In preparing the more than 90 Christmas Greetings which went into our special edition last week, we regret to say we forgot one of our local merchants who wished to express his seasonal message. Although it is belated, Cecil MacNabb of Morewood wishes all his friends, neighbours and patrons the very best during this festive season and a prosperous and happy New Year.

Festive Lights for Carnival week-end

The 1972 Chesterville Winter Carnival is coming up the end of January and although we have just come through a pretty brown Christmas we are sure that everyone is looking forward to a little more snow on the ground by then.

And in keeping with the festive mood generated by the carnival, the Chamber of Commerce is asking all home owners to keep their Christmas lights up until after the three day celebrations.

Highway Contract to Brennan

Grenville-Dundas MPP Don Irvine has announced that he has been notified by the Hon. Charles McNaughton, minister of Transport and Communications, that Brennan Paving Company Limited has been awarded a contract for work on Highways 416 and 16 in this constituency.

The contract in the amount of $628,020.50 calls for the grading, granular base and hot mix paving of 17.2 miles of highways running northerly from the Spencerville diversion on both Highways 416 and 16.

The work is a part of the program to complete new Highway 416 between Ottawa and Prescott.

$4,200 towards Pakistan Relief

The Cornwall and District Aid Committee for Pakistan Refugees in India has raised $4,200 which has been forwarded to the Canadian Combined Appeal for Pakistan Relief.

A total of $1.5 million has been raised in Canada for the 10 million Bengali refugees but an estimatd $800 million is needed to provide necessary care. The local Pakistani Relief fund will remain open into the new year and donations can be forwarded to the Standard Freeholder's business office, radio C.F.M.L. and the Cornwall YM-YWCA. Cheques should be made payable to the Combined Appeal for Pakistani Relief (Cornwall Branch).

Christmas Draw Winners

The Finch Legion Branch 357 made three people happy last week at the Annual Christmas Party held in the Legion Hall. Winners of the Logs of Cheer were — 1st, Ken Burd of Chesterville; 2nd, Arnold Thompson of RR 2, Finch and 3rd, Elton Hill of Brockville. Sid Hill and his helpers decorated the hall for the occasion.

Here in Chesterville, Hubert Casselman of Dunbar won the grand prize in the Chesterville Fire Department Christmas Draw. The winning ticket was pulled at the Legion Hall on Dec. 18.

Happy New Year

Awards presented at Stor. S.C.I.A. meeting

NEWINGTON — In appreciation of more than 10 years service to agriculture in the area, Basil Crawford of Finch was presented with a wall plaque by Dale Miller, Agricultural representative at the Stormont Soil and Crop Improvement Association meeting held here last week.

Two other awards were presented. Stuart Clark outlined the achievements in farming by Alfred Beaudette who was selected by the SCIA as farmer of the year and presented with a framed certificate.

Gordon McRae was honoured as McNish award nominee from the county and his career was outlined by Floyd Dunbar.

The McNish award for contribution to agriculture is presented each year to an individual selected from among those suggested by each county association.

In addition to these honours, the Association discussed some aspects of modern farming, particularly as related to the corn crop, which has become the most important field crop in the area.

Martin Schneckenburger of Morrisburg reported on a crop conference he had attended on the corn industry in Ontario.

A further discussion on corn crops was led by Alfred Beaudette, vice-president of the Ontario Soil and Crop Improvement Association, John Brabec, and Campbell Murray, who attended an OSCIA conference on silage last week.

The meeting was under the general chairmanship of the president, Harry Pollock. Most of the officers and directors were re-elected, following the report of the nominating committ-

Carlton McInnis likely choice as 1972 Warden

Carlton F. McInnis, Morrisburg lawyer, is the likely choice as the 1972 warden of the Three United Counties.

Mr McInnis served this year as finance committee chairman. According to a custom followed since the incorporation of the tri-counties in 1854, a councillor filling that role in any one year becomes warden the next.

The wardenship plan is conducted on an alternating basis with a reeve from one of the counties being elevated to the office after his year's service as finance chairman.

A member of council for five years, Mr McInnis is scheduled to suceed Lynden Hough, Finch village reeve. In 1973, a reeve from Glengarry will be eligible for the office.

Victims of traffic crashes often suffer financially and socially long after their physical injuries have healed, says the Ontario Safety League.

After 41 years with Nestle (Canada) Ltd., Myles Merkley is retiring from the plant at the end of this month. Mr Merkley started with the company in 1930 as a 25 cent an hour employee.

Mr Merkley, his wife Rachael, and 13 other long service employees were honoured at the company Christmas Party held earlier this month at the Cornwallis Hotel, Cornwall.

Three hundred attended the annual affair, and among the guests were plant manager J. D. Moonie, company vice president Roy Richards and his wife Gertrude, and J. B. Rennick of the Toronto office.

Earl Wood was Master of Ceremonies of a program of dancing and spot prizes. Winner of the main prize, an expense paid trip to a hockey game in Toronto, was Murray Droppo.

Although Mr Merkley will be leaving the plant as a full time employee, he will continue on a part time basis in a consulting capacity.

Mrs Merkley was presented with a bouquet of red roses after the banquet.

Another long time employee, Kenneth Harper, with 30 years of service, will be honoured with a retirement gift at the year's end. Mr Harper has long been associated with the Milk Depart-

Editorial Comment . . .

1972 -- The Way We See It

In just a couple more days 1971 will be over and we have to admit we're not sorry to see it go.

It's been a good year, in the sense that the past 12 months have brought about a drastic realization among Canadians and the rest of the world. A realization that resounds with the word "Change" and eminently tells us we have to adjust our ways, and in some cases more than we care to think about.

We're not going to dwell on 1971 because it is over and we can't change the happenings of the year. We can only acknowledge our mistakes and set out to correct them in 1972.

The first thing we would like to see done away with in the coming year is the "doom and gloom attitude" which is shared by people not only in the general sense of Canadians but more specifically those everyday people who live in Chesterville.

We are sick and tired of those who cast a shadow of doubt and dismay wherever they go leaving that communicable impression that nothing is right and every solution is wrong.

Lend us your ears people and believe us when we say, there is absolutely nothing wrong with Chesterville, but it can only be as prosperous, successful and strong as the people who live here, allow it to be.

This 'Doubting Thomas Attitude' has grown over the years and no doubt has affected the thoughts of outsiders. Do you ever recall talking to someone who lives outside of this corporation and they snickered or laughed about this community? Remember they're laughing at you, because you are part of it.

And the next time someone suggests, "Why doesn't Chesterville do this or that," and it's on the tip of your tongue to say "Chesterville can't do anythig" remember buddy you are talking about your own capabilities.

And one of the first steps in believing in Chesterville is spending your consumer dollars here. You might take on that old doom and gloom attitude that Chesterville doesn't have anything. But did you ever really look? Sure there may be a few speciality items you won't be able to find here, but at least let's keep the money in the Three United Counties.

And when talking about everyday shopping needs, it burns us when we hear that something was 10 cents or a dollar cheaper somewhere else. Chesterville businessmen have to be competitive, they know it's too easy for dollars to flow out of the village and we don't think one of them have exorbitant prices. Stop and think that every dollar you spend here is another dollar which will circulate and hopefully end up back in your pocket or take the form of improved street lighting, better roads, etc. But if you travel off to Ottawa to get groceries or everyday clothing, you can kiss your dollar goodbye.

And looking out for our social needs in 1972, there is a group of Chesterville men, who are planning on building an arena. All we are going to do is congratulate them for their effort and determination, give them our share of support in promoting this venture, take pride in the fact we helped and use it when it is completed. And believe it or not that is all they are asking you for . . . your support, your interest and your pride.

And if we can't see our way clear to do that, then we should get in our cars, drive approximately four miles west of Chesterville. start digging our own graves in the peaceful and quiet Maple Ridge Cemetery.

There we won't have to care anymore, won't have to complain, won't have to worry about anything else but ourselves and as a friend of our's often says "leave more air for the rest of us to breathe".

Before we pass comment on the national situation we have one more thing to say about Chesterville in this New Year's Editorial. We have come across a well known saying and revised it a little. We know it has been over used and sometimes misused but we can't think of a more appropriate time for Chesterville to adopt it. In 1972 Let our philosophy be "not what Chesterville can do for me, but what I can do for Chesterville."

On the Canadian scene we see a brighter picture for 1972. We see the country reaching a more stable economic position. One that is not booming frantically and gushing with increased employment and instant financial vigor, but a quietly flowing economic stream which will be carefully controlled by government flood gates.

We don't see a drastic reduction in unemployment, but we don't think there will ever again be the jobs necessary to employ the hundreds who are entering the working force daily. Taking a look at Ontario's 5.3 percent unemployment rate, you must consider there is an approximate 3 percent who have always refused to work, so you are left with 2.3 percent which is not an unrealistic figure.

All levels of government are trying now to create jobs at times of the year when work is most needed. But this will only be a short term measure. We feel that in the years to come the governments will not be trying to find work for people but trying to provide enough recreational facilities to keep them occupied.

It will no doubt come to pass when men will be paid to take part in recreation or be given an annual income and told to find something to keep themselves busy.

That is why a community centre for Chesterville is so important to our future. It will become a necessary part of many lives.

And what about Mr Trudeau. We honestly have to admit he has done a good job considering what he has had to work with. The only one who expected miracles was Robert Stanfield and that is why he is leader of the opposition and not prime minister.

Listening to the PM a couple of weeks ago in an interview we feel that he took a realistic approach to the Canadian problems, a no nonsense attitude, backed by common sense. Who can argue with a guy who has such audacity, a baby boy born on Christmas Day, really!

One final thought . . . "Chestervillians', let's not be blue in '72."

Sincerely a Happy and Prosper- our New Year.

Ann Landers . . .

Dear Ann Landers: I've enjoyed your column for a long time. Sometimes you make me mad, but your usually right.

I want to show my appreciation for the years of reading pleasure you have given me by passing on a poem that I think belongs in your column. I don't know who wrote it. It came across my desk with no signature.

Do You Know This Man?
He was a very cautious person
Who never romped or played
He never laughed or dreamed
Nor kissed a pretty maid.
So when he passed away they say
Insurance was denied,
For since he never really lived
They claimed he never died
Ann Fan

Dear Fan: Never mind if he lived. Did he pay his insurance premiums?

* * *

Dear Ann Landers: I am the mother of two beautiful teenage daughters. One is 5'10" and the other 5'11". I am not saying this just because I am their moth. Anvone who knows my girls will tell you that they are breathtaking, but they are so much taller than most of the boys in their group that they don't get asked out very often.

What makes me mad is that the tall boys seem to go for the sawed off runts. Why don't the short girls date the short boys and leave the tall boys for the tall girls?

A shrimp looks peculiar with a tall fellow. Why don't they see it? I was an art major and perhaps this explains why I am especially sensitive to harmony and balance. Please tell the tall boys to pass over the shorties and concentrate on the statuesque types. They will listen to YOU, Ann. Mum

Do you think so? I don't. But here's your letter.

* * *

Dear Ann Landers: My husband's daughter (by his first wife) is being married in a few months and some people think Jeff should pay for the wedding even though the girl lives with her mother who never remarried.

Jeff and I have a family of our own. We are having trouble because he feels he should pay for half the wedding expenses even though I have not been invited, which I think is lousy. There is still a lot of bitterness on the other side because Jeff and his wife were married 20 years when he divorced her to marry me. My question is this: How long should a divorced man have to go on paying for his kids by a marriage that was a mistake from the beginning? — Out With The Old

Dear Out: Your answer can be found in two places — first, in the documents pertaining to the divorce settlement. Second, in the man's conscience.

The first is, of course, a matter of law. The second is a matter of integrity. Some ex-wives manage to maintain a decent relationship with a former husband and his new wife, which makes life more pleasant for everybody. In such a situation, Wife Number Two goes to the wedding as a guest. You, however, do not qualify according to these guidelines and I can't understand why you would want to go knowing your presence would create tension and unhappiness.

All in a Day's Work

Dotting the day-to-day work records of Ontario Hydro's eleven helicopter pilots are unusual incidents — from being shot at by hunters to helping combat forest fires. Choppers have assisted in search-and-rescue operations for downed military and civilian planes, and on occasion have rescued injured or lost hunters. Motorists stranded with burning cars have profited from fire extinguishers carried as standard safety equipment.

Hydro, with the first helicopter fleet in the Toronto area, played a major role in the aftermath of hurricane Hazel. Helping police direct traffic from the air was only one involvement. Toronto's airborn traffic watch is an offshoot.

The thirteen-helicopter fleet saves Hydro over a million dollars a year on line patrol alone. Whirlybirds work on transmission line construction, surveying, ice flow studies, transport of equipment — and new uses are constantly being found.

Flight over the province isn't indiscriminate. Hydro pilots have turkey farms marked on their maps. The birds will stampede at the sound of a helicopter and in the crush damage or death can result. Mink ranches are avoided in spring when upset mothers will kill their young.

Penitentiaries and missile installations are on restricted lists but nudist camps are left to the pilots' discretion.

VALUE OF EAR CORN

How do you relate the value of ear corn to the market price of 15.5% moisture shelled corn? A question often asked at this time of year in respect to the farm to farm sale of ear corn.

The problem involved in this situation is to convert ear corn to a 15.5% shelled corn equivalent. To do this, three factors must be established:

(1) shelling percentage
(2) moisture percentage
(3) weight

Shelling percentage may be calculated but in most case it is reasonable to use an 82% shelling. Moisture should be determined by a representative moisture test and the weight accurately obtained on reliable scales.

As an example, let us assume that the grain moisture of the ear corn in question is 15.5%. One ton of this corn would yield 82% shelled corn or 1640 pounds. The equivalent price then of this ear corn is 82% of the price of dried shelled corn.

Ear corn, however, very rarely reaches 15.5% kernel moisture and that factor must be taken into consideration. Using a second example, at 30% kernel moisture, one ton will yield the same, 1640 lbs., but only 1148 pounds of this is dry matter and converting to a 15.5% equivalent, one ton of 30% ear corn will yield 1359 pounds of 15.5% shelled corn. As a ratio 1359 is 68% that of shelled corn price. Or in other words, if you can purchase dry shelled corn (15.5% moisture) for $45.00 per ton you can pay $45.00 x .680 or $30.60 per ton for 30% ear corn.

The following conversion factors based on the above formula will act as a guide in the sale or purchase of ear corn:

At 20% moisture multiply shelled corn price by .777; at 25% moisture use .728; at 30% use .680 and at 35% moisture use .631.

A further breakdown of this conversion table is available at your local Extension Branch Office of the Ontario Department of Agriculture and Food.

Dairy Management Day

The County Milk Committee is promoting an open county meeting on Thursday, January 13, 1972, at 1:30 p.m. in the Winchester Town Hall. At this meeting Dr. Fisher of the Veterinary Services Branch at Kemptville will be talking about the Mastitis Survey that was conducted in Dundas County. Mr Graham Hooper also of KCAT will be talking about Dairy Herd Replacements. Freeman Miller, OMMB Fieldman, will also be present. The program should have something of interest for everyone.

We take this opportunity to extend best wishes for the New Year.

Mainly About People

Mrs E. Earle Eaton led a Christmas meeting of the Winchester WCTU on Thursday, giving a Christmas meditation. Mr Eaton did the piano work for the devotional service, which included carols and solos. Several from Chesterville and vicinity accompanied Mr and Mrs Eaton to the meeting. Mrs Eaton is vice president of Winchester Union and president of Grenville-Dundas Union.

The Reverend and Mrs E. Earle Eaton sang with the Seaway Singers at a Christmas program at Morrisburg. On Sunday they attended services at Morewood and Colquhoun.

A number of Chesterville people attended a Christmas choral service at Morewood Sunday evening. Several local men attendedw a CBMC Prayer Breakfast Saturday morning at Winchester.

AVONMORE — The annual meeting of the Women's Missionary Society of St. Andrew's Presbyterian Church was held in the church hall last Tuesday evening. Mrs Fraser MacRae and Miss Jean Morrison were program convenors.

The meeting, based on the Christmas theme, centred on the worship service set forth in the missionary monthly, The Glad Tidings. Mrs John D. Ferguson assisted in the development of the program.

Miss Jean Morrison gave the Bible lesson, "The Three Wise Men". Several Christmas carols were sung. Mrs MacRae read a Christmas poem.

Mrs Hugh Morrison, president, conducted the business part of the meeting. The minutes were read and the roll call was answered with a verse appropriate for the Christmas season.

Mrs F. M. MacRae gave a gratifying financial statement.

Mrs John D. Ferguson gave the erport of the Nominating Committee. Officers for 1972 are as follows:

President, Mrs Hugh Mortison; Vice President, Mrs Glenn McIntyre; Secretary, Mrs Fraser MacRae; Treasurer, Mrs M. F. McRae.

Departmental Secretaries of Friendship and Service: Mrs E. M. Miller; Home Helpers, Mrs Fraser MacRae; Supply, Mrs Ford Warner; Life Membership, Mrs J. D. Ferguson; Glad Tidings, Mrs Clifford McElheran; Literature, Mrs Ray Wert; Cards, Miss Jean Morrison.

Organist, Mrs Neil Bush; Leader of the Children of the Church Group, Mrs John E. Miller.

Mrs Clifford McElheran read a Christmas reading. The meeting closed with the singing of another carol and prayer.

Lunch was served by Mrs MacRae, Miss Morrison and Mrs Ferguson.

"A traffic violation may be serious although it causes no damage; it is its potentiality for harm by which it must be measured." Quoted from a court decision, by the Ontario Safety League.

HAPPY & PROSPEROUS NEW YEAR TO EVERYONE!

Things you should know about...
ONTARIO HEALTH INSURANCE

YOUR NEW COMBINED GOVERNMENT PLAN

The new "Ontario Health Insurance Plan" will provide all the coverage now available to you under both OHSIP and Ontario Hospital Insurance. And it will do so at a lower combined premium than you now pay for the two separate plans.

The new premiums will be payable in January, 1972, and thereafter, to cover benefit periods beginning on or after April 1, 1972. These new premiums will be:

- $11.00 a month for a single person, and
- $22.00 a month for a family (2 or more eligible persons)

REPLACES "OHSIP" AND "ONTARIO HOSPITAL INSURANCE"

The Ontario Health Insurance Plan will replace the OHSIP (medical) and Ontario Hospital Insurance plans as of next April 1, and you will then have only:

- **one** plan to deal with;
- **one** health insurance identification card;
- **one** health insurance number (your former Ontario Hospital Insurance number);
- **one** combined premium to pay.

If you now have Ontario Hospital Insurance, your changeover to the new combined plan will be automatic. **No action on your part is required as the new plan will be based on the existing hospital insurance billing system.**

FREE FOR SENIOR CITIZENS
(After 1-year Residence in Ontario)

As of January 1, 1972 residents aged 65 and over are exempt from paying Ontario Health Insurance premiums to cover themselves and their eligible dependents. To benefit from this exemption, insurance may be transferred to the name of the older spouse if it is presently in the name of a spouse under age 65.

Most residents aged 65 years and over have already applied for premium-free coverage, but if you have not done so, please write to the Plan giving your Ontario Hospital Insurance number, your OHSIP number, and month and year of birth.

Persons who turn 65 after January 31, 1972, should apply at the time for free coverage. **If you pay your premium on a direct basis, write to the Plan for an application. If you pay through a group, advise your group.** Premium-free coverage will take effect on the first day of the month in which your 65th birthday occurs. Any premiums paid to cover benefit periods beyond that date will be refunded.

PREMIUM ASSISTANCE
(After 1-year Residence in Ontario)

Effective with the benefit month of April, 1972, individuals and families with no taxable income for the year 1972 are eligible, on application, for 100% Ontario Government premium assistance.

Individuals with less than $1,000 taxable income in 1972, and families with total taxable income of under $2,000 are eligible for 50% premium assistance. This will reduce the monthly premiums to $5.50 for such individuals (instead of $11.00) and to $11.00 for an eligible family (instead of $22.00).

Taxable income is the amount on which a person pays income taxes, after subtracting from his total income all exemptions and other deductions to which he is entitled.

Note: If you remit your premiums on a direct basis, details on Premium Assistance will be mailed with your next Premium Notice. Residents enrolled in groups will be informed through their groups.

NEW IDENTIFICATION CARDS

The Plan will provide each insured single person and each insured head of a family with a new Ontario Health Insurance Identification Card to use for insured services received on or after April 1. Anyone who has not received his or her card by that date should use the current Hospital Insurance Certificate, after April 1, 1972, for medical and hospital services until the new card is received.

Your present OHSIP card should be used when claiming for medical and practitioner services received up to March 31, 1972.

IMPORTANT

As the present Ontario Hospital Insurance numbers and billing system will form the basis of the new plan, anyone who does not now have hospital insurance coverage should register without delay.

Applications are available in banks and hospitals and from offices of the Ontario Health Insurance Plan.

BE SURE YOU ARE COVERED NEXT APRIL 1st!

Bill Moran Hawk top goal scorer--

500 watch Morrisburg Lions 5-3 win over Hawks

Morrisburg Lions failed to display the Christmas spirit this past Sunday afternoon in St. Lawrence Junior B Hockey action as they took a well deserved 5-3 win over Winchester Hawks. Two unanswered second period goals proved the difference and left little doubt that the Lions are an established powerhouse in this league.

The teams split a pair of goals in the first twenty minutes of a fast and entertaining game played in Morrisburg before more than 500 cheering fans. Lions roared back with two in the second and both teams tallied twice in the final stanza.

Bill Moran is the top goal scorer for the Hawks so far this year, and he also leads the point scoring race for the Hawks. Moran has a total of thirty points in seventeen games made up of twenty goals and ten assists.

The top playmaker on the team is Jacques Landry with fifteen assists. Jacques also has an added twelve goals to put him a close second to Moran with rangy Bob McClintock with seventeen goals and nine assists. Dave Van Bridger is a respectable fourth with twenty points on seven goals and thirteen assists.

Lester Carkner has ten goals and eight assists for fifth spot and defenseman Tom kirkwood displays an impressive 14 points five goals and nine assists, for sixth place.

Dave Van Bridger has more than doubled any of his team mates in penalty time with 78 minutes. His closest rivals are Lester Carkner and Jacques Landry who have 38 and 40 minutes respectively.

Forward - Rainey

Rev. L. M. Ferguson conducted the marriage ceremony of Heather Jane Rainey to Andrew Charles Forward, Saturday, November 27, at 4 p.m., in the United Church Manse.

The bride is the daughter of Mr and Mrs L. Rainey of Finch and the groom is the son of Mr and Mrs Edwin Forward of Winchester.

The bride, given in marriage by her father was attended by Miss Debbie Nicol. Best man was Tommy Forward of Chesterville, cousin of the groom.

Following a trip to Montreal, the bride and groom took up residence in Finch.

Avonmore W. I. exchange gifts at Christmas meeting

AVONMORE — An exchange of gifts and a social time featured the monthly meeting of the Avonmore Women's Institute, held in the Firefighters' Association Room. Mrs E. L. Filion, president, was in the chair, assisted by Mrs Stewart MacRae, secretary treasurer.

Correspondence included a letter regarding a training school for 4-H leaders to be held in January. Local leaders will be appointed shortly. There were several letters of appreciation from members who had been in hospital.

The local branch decided to sponsor a euchre party February 11 to celebrate the 75th anniversary of the founding of the Women's Institute in Ontario. The local branch received an invitation from the members of the Cornwall Centre Branch to join with them for their anniversary celebration on January 12.

It was announced that Christmas boxes will be sent again to shut-ins in the community.

Reports from chairmen of the Standing Committees were received. Mrs Clifford McElheran gave a paper on Back Strain. Miss B. J. Banfill gave a reading on the first Christmas Hymn. For Citizenship, Mrs James Tinkess and Mrs E. L. Filion gave a "flash back" to local history and the Women's Institute. Mrs Ernest Poapst gave a report on saving trees.

During the social hour, Mrs Stanley Wert read a Christmas verse, Mrs Alex Armour was winner of a contest, naming the number of gifts on the Christmas list, conducted by Mrs James Tinkess. Mrs Armour conducted games of bingo.

The next regular meeting will be held January 20 in the Firefighters' Association Room, Mrs Jennie Finlayson will be social convenor. Hostesses will be Mrs James Tinkess, Mrs J. A. Cameron and Mrs Stanley Wert.

4 mill increase definite

INGLESIDE — Osnabruck Township Council has reached a final schedule for the water and sewage rates here, and although taxpayers are unhappy with the decision, council says they had no other alternative.

To clear up a $14,000 sewage system deficit which has accumulated over the years, Council took the step of increasing the sewage rates from three to seven mills.

Applied to a hypothetical $4,000 residential assessment the four mill increase means that a homeowner will be paying $28 for sewage service in 1972 instead of the present $12.

Earlier this fall when council first introduced the tax increase, they feared that a water rate increase might also be necessary, but they have decided to leave it unchanged at $3.30 a month.

Reeve Edwin Waldroff said the Ontario Municipal Board insisted on the sewage rate hike because of higher disposal plant costs.

The plant, built by Ontraio Hydro 13 years ago, when the new town site was established because of the St. Lawrence power project, has experienced steadily rising maintainance

An engineer conducted the survey of the town's sewage and water systems. His report said more equipment, including an additional pump, will have to be purchased within the next five years.

and safer streets for pedestrians.

Road work and improvement in 1971 proved to be the largest yearly expenditure as is usually the case, approximately $40,000.

Recreation costs hit a high last year of approximately $22,000, but revenues will bring that figure down close to the $14,000 budget.

The reeve said he didn't expect any major increase this year except that the minimum wage has increased by 10 cents and it will no doubt jack the cost of summer employees.

The 2.9 acres of land on Mary St. renamed Armstrong Place, will receive considerable attention from council in the coming year.

The main idea is for the village to own the land, develop it into usable housing lots and resell it to private individuals at a competitive price.

Reeve Graham said the goal behind the project is to increase village assessment. The land will be sold on a non-profit basis.

During the year council has had 32 regular and special meetings, 12 hydro meetings and numerous committee meetings.

Councillors Archie Black, Jack Lannin, Fred Coons and Stuart Allan will be striking into the last half of their two-year term with Reeve Graham and will face the voters again in December, 1972.

work behind them the C. C. committee has come up with a tentative cost and finance sheet.

They have estimated the cost of the building at $165,000 and artificial ice at another $30,000. The estimate indicates the public, businesses and associations will be called upon to donate $65,000.

Committee chairman Graham said, "We know this is a substantial amount of money. But we are confident village and area residents will be generous. This project means much more than just a place to skate but a community centre, for the service of both young and old for many years to come."

John Jansen places first--

S.D. & G. students awarded scholarships

Three of last year's Grade 13 students in schools under the jurisdiction of the Stormont, Dundas and Glengarry County Board of Education have been awarded Carter Scholarships, emblematic of top scholarship in the area.

Placing first was John Jansen, son of Mr and Mrs Herman Jansen, Mountain, who has been a student at North Dundas High School. He formerly attended Mountain District High School. In second position was Philip Kaye, son of Mrs Sol Kaye, 334 Clark Avenue, Cornwall, who

last year attended Cornwall Collegiate and Vocational School. Miss Patty Lynn Assaly, daughter of Mr and Mrs George Assaly 601 Surgenor Street, Cornwall, and a former Grade 13 student at General Vanier Secondary School, placed third.

Mr Jansen and Mr Kaye are presently enrolled at the University of Toronto. Miss Assaly attends Queen's University, Kingston.

The Scholarships carry monetary values of $100, $60, and $40 respectively.

The Carter Scholarships provided under the will of the late J. I. Carter, of Sarnia, are awarded on the basis of top scholarship in Grade 13 in the Three United Counties of Stormont, Dundas and Glengarry. Over-all averages are established on the basis of aggregate marks in seven Grade 13 credits obtained in one year. The credits must include two credits in English and two credits in Mathematics.

J. M. Merkley

Funeral services were held in the Vice and Craig Funeral Home, Chesterville, December 22, for John Myles Merkley, a well-known Dunbar resident who died December 20 at the age of 83.

Mr Merkley was born and raised in the community and was the son of the late George Merkley and the former Elma Haines.

The cheesemaker and boiler room engineer was educated at local schools and was a member of Dunbar Lutheran Church. He married the former Minnie Maude Dillabough in Dunbar 60 years ago.

Surviving are his wife and six children: Mrs Reg Helmer (Helen) of Chesterville; Mrs Arnold Froats (Beatrice); and Mrs Dwane Hutt (Bonnie), both of Morrisburg; Mrs Anson Barkley (Ivalene) of Toronto; Darcy of Elma; and Ronald of Prescott.

He is also survived by 10 grand children and 13 great grandchildren.

Rev. F. L. Howard conducted the service. Burial followed at Williamsburg Cemetery.

Pall bearers were Keith McMillan, Dale McMillan, Lorne Brooks, Ralph Barkley, Burnice Wood and Lorne Taylor.

Mrs. Bernard Masterson

Funeral services for a former Chesterville resident were held in Immaculate Heart of Mary Church, Ottawa, December 20, with Rev. Edward Lunney of Almonte celebrant.

Mrs Bernard Masterson of 139 Begonia Street, Ottawa, died at her home December 16. The former Beatrice O'Neill had been a resident of that city for the past eight years.

Surviving is her husband, Bernard, four sons: Neil, of Toronto; Brian of Montreal; James, of Deep River; and Jerome, of Ottawa; and four daughters: Mrs Rae McLean (Aileen), and Theresa, both of Ottawa; Mrs Finlay McDonell (Angela) of Montreal; and Mrs Francis McDonell (Kathleen) of Ottawa.

Also surviving are 30 grandchildren; two sisters, Mrs William Masterson (Eva) of Chesterville; Mrs Walter Beehler (Laura) of Crysler; and two brothers, Stewart of Belleville and Leonard of Detroit.

Mrs Masterson was predeceased by a daughter, Mrs Garfield McDonald (Anna).

Her sixteen grandsons acted as altar boys, honorary pall bearers and pall bearers.

The altar boys were Larry and Kelly Masterson, Gerard McDonald and James McDonell.

Honorary pall bearers were Patrick, Neil, and Tim McDonell, Kevin and Mark Masterson, and Jerome McDonald.

Pall bearers were Terry and Brian McLean, Vincent and Garry Masterson, Bernard and Micheal McDonell.

Burial was in Notre Dame Cemetery, Ottawa.

Funeral arrangements were completed by the Kelly Funeral Home of Ottawa.

KITCHEN CORNER

Clean Up Hint For The Holiday Season

Christmas pudding, turkey, cranberry sauce, mince pies and wine, all the trappings of the holiday season feast, can leave your best cloth looking like a disaster area.

Quick action and a few simple rules will help you to professionally remove the stains.

Wine and cranberry juice can be removed from most fabrics if you attend to them soon enough. Prompt treatment is the key to success. Never launder or iron a stained article without pretreatment. To pretreat, simply wet the stain with cold water and brush in a small amount of Borateem and let stand for a few minutes before washing. If the stain is greasy, such as turkey gravy, use Boraxo powder hand soap.

Note: Heat sets stains into the fibre causing permanent stain.

Candle Wax: Scrape off excess wax with a dull knife. Place stained area between two blotters or several thicknesses of paper towelling and press with a warm iron.

Coffee, tea, chocolate: Soak in cold water and brush with liquid detergent. Coffee and tea without milk or cream require soaking in Borateem and cool water overnight. Then launder.

Holiday Treats

Port Wine Potted Cheese

½ pound medium or sharp cheddar cheese, finely grated
1 tbsp. port wine
2 tbsp. unsalted butter
¼ cup port wine

Combine grated cheese and 1 tbsp. port. Cover and refrigerate overnight. Cream cheese and butter. Gradually add ¼ cup port, creaming until blended. Place in a pottery crock, cover and refrigerate. Bring to room temperature to serve. Makes 2½ cups.

Serve in a buffet with crackers and rye bread.

Cheese Candle

1 8 oz. pkg. softened cream cheese
3 cups grated cheddar cheese
¼ cup sour cream
¼ cup chopped green onion
Dash of Worcestershire sauce
Dash of Tobasco sauce

Blend ingredients together and shape into a ball. Wrap loosely in foil and chill until firm. Sprinke seeds on top and sides to represent dripped candle wax. Top with carrot flame. Serve as spread for crackers.

Ham Rolls In Aspic

1 3 oz. pkg. pineapple jelly powder
1½ cups boiling water
2 tbsp. vinegar
1 tbsp. lemon juice
½ tsp. salt
1 4 oz. pkg. cream cheese
2 tbsp. horseradish
2 tsp. pickle relish
1 6 oz. pkg. sliced cooked ham

Dissolve jelly powder in boiling water. Add vinegar, lemon juice and salt. Pour jelly mixture into loaf pan to a ½ inch depth. Chill until syrupy.

In a small bowl, mix cheese, horseradish and relish. Spread 1½ tbsp. of cheese mixture on each ham slice. Roll ham loosely and fasten with toothpicks. Arrange in loaf pan so that toothpicks are upright. Pour remaining jelly mixture over ham rolls. Chill until firm. Remove toothpicks and unmold.

Report From Queen's Park

by Donald R. Irvine, MPP

Ontario's much publicized "mini" session took up all the available hours and some that were not so available in the one week that the house was in session during December. In this first report, one of several columns which will be published periodically through the courtesy of this newspaper, I shall comment briefly on this busy session outlining some of the more pertinent bills which were passed, and also passing along from time to time my own personal viewpoints on your provincial government in action, and in particular how the legislation will influence the lives of the people of of Grenville-Dundas.

To date I have been deeply impressed. The schedule, however, during the "mini" session was probably too demanding of the members because of the lack of a sufficient supply of prior information concerning the bills that were to be passed, and because of the element of time. When it is necessary for a house to sit until three o'clock in the morning it is quite evident that not enough time has been allowed to deal with the legislation, regardless of the importance of such legislation.

During the "mini" session at least 11 supplementary estimates totalling $173 million dollars were dealt with and 16 bills were given final reading.

Probably of chief importance to all of us is the government bill which will see income tax reduced 3.6 per cent for the period July 1 to December 31 this year and three per cent for 1972.

Estate taxes under the new legislation will not be applicable to those valued under $100,000 with the exemption for widows and widowers increasing from $250,000 to $500,000. This bill was strongly opposed by members of the NDP but supported by both government and Liberal members.

Effective January 1, 1972 health insurance premiums for persons over 65 will be paid by the government. Also next April 1 the two present health programs will be combined and will be known as the Ontario Hospital Insurance Commission working directly as a part of the Department of Health. The new rates of insurance will be $11.00 single and $22.00 for couples and families.

The government has made provision to pick up 100 per cent of the tab for the building of day nurseries and up to 80 per cent of the cost of operation. This new program has been oversubscribed, yet I was concerned by the conspicuous lack of applications for this assistance in our own area. It is a program worth investigating and I suggest that the legislation could even be broadened to allow more charitable organizations and church groups to operate such nurseries. I should mention that all single persons having no taxable income will receive full assistance in the payment of health insurance premiums under the new act.

The improved Municipal Seasonal Employment program will see $35 millions added over the two year period allowing for the creation of at least 30,000 jobs. Under this extended bid municipalities will be allowed to improve privately owned property, for instance the removal of trees with the written consent of the owner.

The re-structuring of governmental departments, of course, has been high on the discussion list for all of us. I confess that I am still trying to absorb the many details outlined in the report submitted by committee chairman, John Cronyn. Although the program is the first of its kind it is evident that much dialogue resulting in probable revisions will have to be made before full implementation is made. It is my intention to speak out as much as possible on what I believe to be the good and bad points of this program.

Although I have been your provincial member only a short while I have already been able to assist various sections of the constituency in problematical areas. I will be at my office in Queen's Park each week, and in the future I hope to make more convenient arrangements to listen to your ideas and suggestions personally through periodic office hours throughout the riding. In the meantime if you have a question or an idea you would like to discuss, or if you feel that I can be helpful in solving a problem at the provincial level please do not hesitate to write or phone me at Toronto or Prescott.

1971 has been a most eventful and happy year for me and I would like to again take this opportunity to thank you for the confidence you have placed in me. My wife, Eleanor, joins with me in wishing each of you a New Year of good health and much happiness.

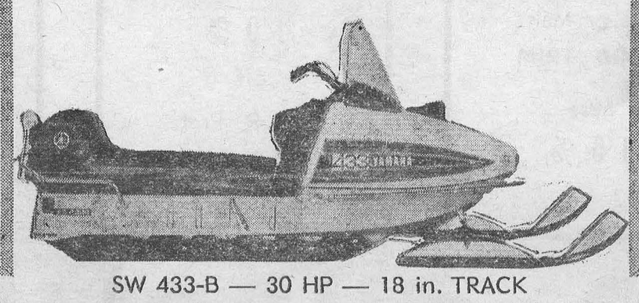
Make 1972 a better year!

BY DRIVING

a YAMAHA snowmobile

SPECIAL FOR NEW YEARS

Disc Brake and Stoplight. It's difficult to improve on a disc brake. But this year it is even better. We have a positive - action, heavy-duty disc brake, like the ones they put on sports cars. They are the best brake on any snowmobile. And for added safety a Stoplight is a Yamaha Standard.



Quick Change. "Two - Speed Quick Change" another Yamaha exclusive found on the EW-433B and SW-433B models Improves torque at both high and low speeds, permitting maximum enjoyment of your ride under all conditions. NEUTRAL allows warm-up of the engine with maximum safety.
