Tagwi graduation

Former Tagwi principal Doug Murray presents Kim Warwick with the Tagwi Trophy as the most valuable student in maintaining the principals and goals of the school (left). The presentation was made during graduation ceremonies for the 1981-82 class at Tagwi Secondary School last Friday. Head boy and Head girl, Danny Havis and Kim Warwick, kicked off the post graduation ceremonies in the library with the cutting of a cake especially designed for the occasion. (right).

Additional funds could balance hospital budget

WINCHESTER (Staff) - An additional $110-million allocated to hospitals province-wide has provided Winchester District Memorial Hospital with $105,800 more than its original $5,680,326 1982-83 allocation.

The additional money is allocated to provide for growth ($51,700) and as an adjustment to the hospital's funding base ($54,100).

Winchester Hospital had, when 1982-83 budgets were submitted, predicted an approximately $90,000 deficit, explained administrator Bert Stel at a press conference Monday.

To date, he said, the hospital has been using its investments and its line of credit to make ends meet. Applied directly, the extra funding could put the hospital in a break-even situation by year end said Mr. Stel. On the other hand, past deficits that the minstry indicates it has accounted for could still plaque the hospital's balance sheet, he added.

The funding adjustments made at the end of October are in addition to an 11.4 per cent increase the hospital received for the current fiscal year to cover its increased costs, explained the administrator. They come as a result said Mr. Stel, of many provincial hospitals experiencing trouble balancing the budget. The province wide bases were not sufficient, he said, as evidenced by the financial difficulty many hospitals were experiencing.

An insufficient base was causing funding shortfalls to compound themselves, he explained. If a base was insufficient one year, that base plus 11.4 per cent for inflation would again be insufficient the following year.

In the light of these concerns the ministry approached the treasury board and were allowed the $110-million additional hospital funding.

Mr. Stel stressed the ministry has made it clear the extra funding will be allowed only where service has not been reduced. A hospital would not be given extra dollars with which to do less patient care.

Factors in Winchester District Memorial Hospital deficit (as predicted by their initial budget) wre inflationary chronic care costs and an as yet unsure financial footing for the hospital's coronary care unit (intensive care) explained Mr. Stel.

Mr. Stel said he needs clarification from the ministry on whether the growth funds allowed for in the funding adjustment provided for operation of the coronary care unit. He is unable to say whether the extra funding will be supplemented by separate and supplementary assistance for that unit until that clarification is received, he explained.

The costs incurred by the salary increases which will be awarded to the clerical-technical and service staff (unionized employees) as well as the non-union nurses, will not be a factor in the hospital's budget, he continued. Explicit instructions from the ministry have absolved the individual hospitals from dealing with the increases which will be regulated by the provincial government's restraint bill when it becomes law.

Mr. Stel stressed no reduction in service is anticipated by the hospital and no reduction in staff has been considered. As well, he said, unlike some metropolitan hospitals there are no patients waiting on lists for operations.

He termed the funding adjustment "reasonable under the circumstances", adding that he had not completely studied the document and whether or not it completely addresses the previous deficits. He has personal doubts as to whether the question of finding the intensive care unit has been addressed by the funding.

Although the government's program of restraint does face the hospital with some problems, it does provide "a way out" in that it puts order into the system, said Mr. Stel. When an administrator and his financial officers are formulating a budget they know where they stand with respect to salaries for the coming year.

Other factors which have been offered to hospitals to assist in funding are the Business Oriented New Development program (BOND) which provides for a hospital keeping the revenue it generates from sources such as its cafeteria and parking lot. This is not a major factor in Winchester's case, he said, and may even act to their detriment since charging for parking would only result in visitors parking on the streets while, other provincial hospitals are gaining revenue from the program.

Another unanswered question in Mr. Stel's mind, he said, is that even hospitals without a deficit situation such as that experienced by Winchester, were provided with the additional aid.

Weekend fires destroy dealership, barn

(Staff) - Carl Don Farm Equipment in Mountain suffered $300,000 worth of damage following a fire at the dealership Sunday night.

Const. Norm Sarault, investigating officer from the Winchester detachment of the OPP said the fire in the building was discovered shortly before midnight Sunday night by a local resident who was walking by.

Four fire departments, Mountain, Kemptville, Iroquois and Winchester Village, answered the call, he said.

The large fire destroyed the showroom, part department, and office portion of the building. The back shop where repairs are made was saved.

The cause of the fire is undetermined said the officer, and the incident is under investigation by both the OPP and the Fire Marshall's office.

He said the fire department's were still at the scene of the fire Monday at 9am. No machinery was lost, as most of the damage was done to the building.

Another fire destroyed a building on the weekend on County Rd. 9 between Berwick and Chesterville. A barn owned by Murray Manley was destroyed on Saturday night and a number of small animals were lost in the blaze.

The Crysler fire department was called to the scene at about 8:30pm said Crysler Fire Chief Jean Benoit.

Mr. Benoit said the barn was completely engulfed in flames when the trucks arrived. The building was a total loss, he said.

The fire fighters were able to contain the fire, ensuring it didn't spread to neighboring buildings.

A few small animals, calves and goats, and 3,000 bales of hay were lost, said the fire chief.

Some 19 firefighters answered the call, with four trucks. Because the farm is located along

Newsbriefs

Gremlins

(Staff) - The Hallowe'en gremlins appear to have settled in one of The Record's typesetting machines. Repairs will be made to the machine as soon as possible and we ask you to bear with us in the interim.

Thanks for the memories

(Staff) - Memories of Morewood is more than just a pastime for a lazy summer afternoon - it is a collection of bits of local history and trivia compiled by Sandra York, Janet Hunter and Joy McNab as part of the Sunfun '81 program. Copies of the popular book have been reprinted and can be obtained from Beryl Hunter, 448-2991.

Open House

(Staff) - Chesterville Fire Department members have extended an invitation to the community to an Open House they have planned at their new firehall (the former Derks Equipment Building beside Durant's Flowers). The Open House will take place Sat., Nov. 6 from 2pm until 4pm.

Calling all voters

(Staff) - All candidates from West Stormont and Dundas, vying for seats on the Board of Education will be present at a meeting to be held Thurs., Nov. 4 at the elementary school in Newington at 7:30pm. Members of the public are encouraged to get out and hear their candidates. Those participating are Lorne Thompson, Graham Casselman, Gerry Rosenquist, Dale Beckstead, William Fleming and Arnold Rupert.

Rainfall report

OCTOBER 24-31

	Chesterville	South Mountain	Morrisburg
Rainfall	1.3	2.8	3.8
Accumulation to date	469.7	501.8	504.6

Twelve-Year Average

Rainfall, October 1-31, 42.5mm representing 54 per cent of the 12 year average.

Rainfall, May 1 - October 31, 492mm representing 95 per cent of the 12 year average.

This is the final heat unit - rainfall report for the season.

Both vanKessel, Ward voices of experience

CHESTERVILLE (Staff) - Although Chesterville voters will only be faced with electing a reeve in the village for council (voters will also have to make a choice for school board trustee) it may be one of the most difficult decisions they've made in years.

Both candidates for reeve, incumbent Carl Ward and incumbent deputy-reeve Bert van Kessel, bring several years of experience to the job.

Mr. Ward has been reeve of the village for the last two years, and who was a councillor for two years previously.

Mr. van Kessel has held the position of deputy-reeve for the last two years (the first time the position was available in the history of the village) and was councillor for four years previously.

Mr. Ward, in outlining the issues of this election campaign, said the next couple of years should be spent "directing our efforts at successfully bringing to completion those projects which we currently have underway, and ones to which we have already given tentative approval."

It would be irresponsible to start new and expensive projects in these times of economic recession and high unemployment, says Mr. Ward.

And it would be irresponsible to promise to introduce new projects that may burden the taxpayers unnecessarily. "Governments at all levels must, during these tough times, exercise restraint and its especially true of small municipal governments which have only a limited revenue generating capability."

As a result, said the candidate, the immediate future is a period of consolidation and careful management. Loose ends must be tied up on projects that are not completed yet. Expenditures must be watched carefully so spending guidelines established by the provincial and federal governments aren't exceeded, said Mr. Ward.

He is making a second attempt at the reeveship of the village, "to ensure that all the projects initiated during my first term as reeve are completed to the satisfaction of the village and to make certain that the interests of the village are well protected."

One of the projects that Mr. Ward would like to see continued is the search for an adequate water supply for the municipality. "We are at present engaged in the redesigning of our number two well (behind the liquor store). Although this should enable the village to meet its water requirements for the next few years, we still must complete our negotiations with Dr. Brian Kennedy so that when we need to tap into a new water source, an agreement to do so will already be in place. I would welcome the opportunity to be part of the negotiations for such an agreement."

Mr. Ward is also anxious to see future road projects completed. Over the past few years, council has been gradually updating village streets, with provincial aid, he said. The council now has already earmarked King St. as the next street in need of attention. He warned, however, that the provincial government is now experiencing a money squeeze and is not going to be "quite as generous as it has been in the past."

With the consensus of the next council, and if the funding is available, Mr. Ward would like to see the King St. project completed.

Another project the candidate would like to see continued is the servicing of the village's industrial park. "The village has approximately eight acres of land zoned for light industrial use in the area of our new hydro substation, behind, and to the west of the arena. Although we have a tentative plan for subdividing this industrial park, I would like to see this project developed further so that as the economy turns around this area will be ready to receive small business entrepreneurs and thus help us expand our tax base."

Mr. Ward also revealed that the village has been told by the engineer for the Three United Counties that the bridge on Main St. is in need of repair. He said the counties plan to limit traffic on the bridge to 10 tons in the near future. The centre span of the bridge must be replaced.

He said he would like to represent the village at the United Counties Council (reeve and deputy-reeves are members of the Three United Counties Council) to express concerns that this project should "be made a priority matter and that the necessary repairs be made as quickly as possible".

During the past two years as reeve, it has been part of council's work to review and update policies of the village in several areas, said the candidate. There is still more work to be done in the area, however, and he again noted he'd like to see it completed.

In conclusion Mr. Ward said he would make one promise if re-elected, "To continue to place the concerns of the citizens of Chesterville before council, to provide good representation for the village at Counties Council and to always be conscious to safeguard the interests of the village."

Mr. van Kessel also outlined several of the projects he'd like to see investigated by the council for possible completion.

Some areas of the village are in need of an updating of the hydro system he noted. With a lot of homes converting to electric heating it will be particularly important to check the conditions of some of the older equipment for possible renewal.

As well Mr. van Kessel is interested in investigating heating the Chesterville arena in an alternative method. It may be possible, and a saving, for the arena (lobby, dressing rooms) to be heated by gas rather than the present electricity, he said.

The candidate would also look into having some type of heating provided for spectators of events at the arena.

Turning to the new village fire hall Mr. van Kessel noted that along with the housing of the fire department the former Derk's Farm Equipment building was purchased to hold the machinery for the village. Mr. van Kessel said he'd like to see those plans go into action, with the necessary repairs made to the rear of the building.

The water supply is also an important factor in the village's future, noted the candidate. "I'd like to make sure that the water system in the village is adequate."

That would include providing enough wells for the village, he added. Presently the village is in the process of updating well

● continued on 2

The goblin brigade from Finch Village gathered in the hall above the arena Saturday night to compare costumes, enjoy games and treats compliments of the Lions Club and the village. Oddities from this world and others gathered in the spirit of Hallowe'en, as seen here when ET (Allison McRae) and Miss Piggy (Susan Stewart) chatted overhead by an anonymous little bunny at their feet. The two girls won first place in each of their age classes.

Grade 13 Tagwi grads

Graduating from Tagwi Secondary School on October 29 with an Ontario Secondary School Graduation Diploma, Grade 13 were in the back row from the left, Douglas MacMillan, Steven Rowland, Brent Robinson, (third row, l-r) Karen McAlear, Allan McDonald, Tagwi trophy winner Kim Warwick, Scott McIntyre (second row, l-r) English Valedictorian Patricia Quail, Louise Tessier, David Sauve, Rachelle Tremblay, Julie Jasiewicz, (front row) April Malette, Marie Clouthier, French Valedictorian Josee Sabourin, Bev Hill, Marjorie McIntosh, Pauline Jans and Johanne Jasiewicz. Absent are Keither Harris and Nancy Termeer.

vanKessel stands by commitments

● continued from 1

number two, and looking into a possible new well site.

In these times of restraint Mr. van Kessel said he would like to keep taxes as low as possible.

If the village can afford it he'd also like to see King St. repaired, in an attempt to improve a portion of the downtown core.

The village's industrial park is another area where the candidate would like to see more work done. Although the park was established for accommodating light industries there is a lot of updating to be done to make the park attractive, to these industries he said. The water and sewer supplies need updating, as well as the road leading into the park.

The last council worked well together noted the candidate. Many projects were started and many completed. Ralph and Casselman Streets are completed, the new firehall was purchased, the village aided the tennis association in building new tennis courts, the lagoon is almost finished, Hummel St. is almost done, a new benefit program for the employees (both better and less expensive) was obtained, to name a few.

Mr. van Kessel said that as a steady day-time employee of Nestles he has obtained permission to attend any function or meeting relating to village business, even on short notice. He said he also has the time necessary to give to council business, as he belongs to few organizations.

Although the candidate didn't make any promises he did say he would follow certain commitments he has set for himself. To:

-treat everyone equally and with due respect,

-deal with everyone in a business-like manner,

-work with the deputy-reeve and councillors and keep them informed on all issues concerning the village,

-work with the village clerk, the village foreman, the recreation director on a day-to-day basis to keep abreast of all problems concerning the village,

-keep all council meetings open to the public and give advance notice of meetings,

-keep the public informed at all times, of all transactions including business deals,

-co-operate with the press and answer all questions, and encourage all council members to do the same,

-attend all meetings of the Three United Counties council, and its committees,

-keep an open door policy and at all times be receptive to advice and new ideas,

-give the affairs of Chesterville and its residents top priority at all times.

In conclusion Mr. van Kessel said he was interested in serving the voters of Chesterville with dependability, accessibility, honesty and accountability.

OMB decisions delayed

BERWICK (Staff) - Finch Township ratepayers and potential quarry operators will be forced to wait four to six weeks before they are given the decision of the Ontario Municipal Board (OMB) on the status of two zoning change applications.

The two properties, located at lots 3 and 11 were heard concurrently, with another application, that of A.L. Blair for lot 2. Mr. Blair's application was adjourned indefinitely.

Laid off roads employees may be offered part-time work if solicitor, union concur

BERWICK (Staff) - Finch Township council will consult their solicitor Stephen Workman to determine if there is any possibility of hiring two laid-off township road employees on a part-time basis.

Council, at a meeting held Monday night, indicated they were unaware such a possibility was open to them until union representative Steve Backs was quoted in The Record recently as saying the men had not been offered part time.

"Why not bring them in and talk to them?" queried deputy reeve Donald Shane, only to be told that that cannot be done; council will have to discuss any possibilities with the union.

Attempts to contact Mr. Backs to inquire about their position were blocked when Mr. Backs did not return the township's telephone call, according to Ralph MacKenzie, township reeve.

A clause in the union contract requiring 10-days notice could preclude hiring the men since snow falls do not allow for that privilege, it was noted.

Floyd Dingwall, councillor told the meeting the only way council will ever know if the roads employees and their union will accept part time work is to ask them.

The fact acknowledged, council agreed to investigate the options open to them.

The roads employees are receiving paid hospital insurance premiums during their temporary lay-off in accordance with their contract clerk-treasurer Arnott Empey told council, and will continue to do so while they are in township employ.

In other business council discussed revised Ministry of Transportation and Communication road subsidy structures as presented to them last week at a special meeting.

Under previous subsidy regulations, the township have been funded by MTC at a rate of approximately 55 per cent. Under the new system they would be funded at an average proportion of 68 per cent. However, pointed out Mr. Empey, hinging upon what the township's allocation is, this could leave them in the same position they now are.

If the expenditures eligible for subsidy are based upon last year's allocation plus supplementary (for a total of $308,575) the township will be in a good position as far as roads funding. However, if the coming year's allocation is only comparable to last year's initial allocation, they could find themselves penalized by the new system, since, explained Mr. Empey, the higher rate of subsidization will use up the allotted subsidy faster than would the lower rate.

Should the MTC allocation be approved at the $308,575 figure, the township share of road maintenance and construction under the new system would be $95,989 down from $134,501 under the past system. The MTC share would rise to $212,586 from $174,074.

The allocation will be based on a formula which includes a factor called 'accepted needs' which the MTC will determine and inform the township of, and a resource index. Finch's resource index is $63,993 under this system. The index is an MTC reference point to indicate the township's ability to pay, relative to other Ontario municipalities.

The exact dollar value of the township subsidy will not be known until January, Mr. Empey told council.

Council decided to inform ratepayers on the Genier and Fetterly-Dunbar-Adams-Campbell drains of the lack of the federal one third funding for those drains, with a note that the township intends to wait until spring on the chance an additional one-third funding becomes available from that or another source.

The township had submitted both drains to the drainage subcommittee of the Eastern Ontario Subsiduary Agreement before the cut-off date for funding however notificiation was received that funding had run out before that date.

The notificiation also informed the township that any drains for which contracts were let in the interim would not be covered by the provincial government for the additional one-third. The provincial government, is still owed $800,000 from the drains it aided between the expiration of the ARDA and EOSA inception, explained the Ministry of Agriculture and Food's letter.

In hopes that further funding would become available council agreed it would be wiser not to let the tender or decide the two drains' fates until spring noting that no work could begin before that time, at any rate.

Weekend fires

● continued from 1

the banks of the South Nation River the fire fighters were provided with lots of water.

One unit of men was left at the scene until 6:30am the following morning, said Mr. Benoit.

The cause of the fire is unknown and is still being investigated.

election '82

Eight vie for three positions on Williamsburg Township council

WILLIAMSBURG TWP. (Staff) - Voters in Williamsburg Township have a large choice of candidates to chose from with eight running for the three positions of councillor.

Those who have filed nomination papers include Keith "Casey" Schell, George Smyth, Trevor Tolley, Glen Cunningham, Francis Beckstead, Gordon McNairn, Lyle VanAllen, and Duane Locke.

Keith Schell is no stranger to municipal government in Williamsburg. Before becoming clerk-treasurer of the township in 1953 Mr. Schell was a councillor for two years, and deputy-reeve for one year in the municipality.

He was clerk-treasurer up until 1982 (almost 30 years) when he retired from the position. Mr. Schell has lived in the township all his life, and now resides in the police village of Williamsburg.

There are lots of major issues in this election campaign, says Mr. Schell. A sewage system for Williamsburg Village, a senior citizens building, and a new fire hall are the three main issues.

With his years of experience in Williamsburg Mr. Schell believes he can understand the problems.

Candidate George Smyth is running for council for the first time. Mr. Smyth, a part-time car salesman who has been unemployed for several months for health reasons, lives on the Church Road, east of Williamsburg Village.

Mr. Smyth says everyone in the township is concerned about sewers in Williamsburg Village, a senior citizen's building and a new firehall, including himself. But he is also concerned with providing other projects for the municipality.

Mr. Smyth would like to attract more industries to the township to help provide jobs. Although the company of Rhom and Haas is already located in the municipality it mostly employs workers from the village of Morrisburg.

He would like to see more opportunities provided for Williamsburg Township workers, and the unemployed in the area.

Other job-creating projects could be initiated by the township said the candidate. Weeds in the township are a problem, he said. Why not obtain a grant to employ people in the municipality to clean up the weeds?

There's also a lot of unused farm land in the area that could sub-divided, he said, and sold at a cheaper price, so many of the poor could afford a lot.

The unemployed could be taught how to build prefab homes, providing cheap homes and work. Perhaps money could be granted for the building of new homes, or municipal buildings said the candidate.

Candidate Trevor Tolley has lived in Williamsburg Township for the past nine years. Mr. Tolley is a teacher at Carleton University, and has extensive experience as a senior administrator at the university.

Mr. Tolley decided to throw his hat into the election ring "because I look for an opportunity to put back something into the community that has made me and my wife welcome over the past nine years. I also feel that there is a place for a new voice on council - one that is not identified with the old council and its policies."

Mr. Tolley said the last election in Williamsburg was won by acclamation, and again in this election there are candidates who are associated with the group that has dominated council for many years.

"There is surely a need for a new perspective, a new way of looking at things. In particular, in the past year there has been an open confrontation between the Chief of the Williamsburg Fire Service and some members of council, concerning the need for a new fire hall. There, as elsewhere, there has been an undue caution in council's policies; and not every advantage has been taken of opportunities to obtain provincial financial support."

Mr. Tolley is interested in providing representation to those "growing number of people" who live in the township but work outside it. "It is only right that council should concern itself with the support of agriculture and business within the township, but for many voters the prime concern is for a happy and healthy environment, and it is to such concerns that I would address myself."

There's a need to keep in touch with provincial and federal policies that may adversely affect the township, said the candidate.

"I feel that I have the necessary experience to make a good contribution to the running of our community", said Mr. Tolley. "For five years I occupied a senior administrative post at Carleton University, before returning to my normal activities as teacher there. During that time, I had responsibility for the expenditure of very large sums of public money, and control of a complex organization."

The candidate added that if elected he will be anxious to listen to voters' concerns.

Glen Cunningham is another Williamsburg Township candidate with previous experience. Mr. Cunningham was both deputy-reeve of the municipality (1976-78) and councillor for four years previous.

Mr. Cunningham farmed in the third Concession until 1970. He went to work at Upper Canada Village as the supervisor of maintenance and restoration 25 years ago. As the supervisor the candidate is responsible for budgeting and hiring for that department. He now resides in Mariatown at the south end of the township.

Issues in this election include the building of a senior citizen's structure, a new fire hall, and a sewage system for Williamsburg police village.

In the past Mr. Cunningham was instrumental in obtaining the new Williamsburg municipal hall (in Williamsburg village).

Mr. Cunningham has no criticism of the previous council, and says he decided to run as the leaving of some councillors left vacant positions.

Mr. Cunningham noted that he's been involved with many community organizations.

Francis Beckstead of the 7th Concession in Williamsburg Township is running for a position on a municipal council for the first time. The owner and manager of Frank's Cleaning Services says he has lived most of his life in the township.

Although he will represent the entire township if elected Mr. Beckstead said he is particularly interested in representing his area.

The candidate agrees with most of the others running for councillor in that the main issues are a new fire hall, a sewer system for Williamsburg Village, and a senior citizens' building. Everyone in the township would like to see these projects done, but in these times of economic restraint it is important to watch budgets.

"We must work within our means," said Mr. Beckstead, "with a little bit of common sense."

Mr. Beckstead has been an active member of the community including being a member of the Board of Stewart's at Williamsburg United Church, and a member of the Elma Cemetery board.

Candidate Gordon McNairn has been a councillor now for the last four years, and he recalled, he ran in the election previous to that losing by only one vote.

Mr. McNairn agreed that the fire hall, the sewage system in Williamsburg Village and a senior citizen's building are the main issues in this campaign.

Mr. McNairn said the issue of the new fire hall or renovations of the old one was a difficult issue. A resolution had been passed by Williamsburg council to purchase a piece of property to build a new hall, but council later changed it's position on the matter. There's been talk of expanding the hall, said Mr. McNairn, but the fact of the matter is there's no room to expand the present hall. Larger facilities are definitely needed but it's uncertain as to whether that can be accomplished and have the municipality remain within budget.

He suggested that the township might sell 300 acre piece of property it owns to raise the money for a new building.

The sewage system in Williamsburg Village is now in the hands of the provincial government, and whether or not the project will go ahead will be decided by the province early in 1983. The township has little to say about the project until the decision is made.

The senior citizen's building is a project being investigated by a committee of senior citizens, separate from the township council explained Mr. McNairn. He said he helped the committee conduct a survey of senior citizens to find out if there was a demand for a building. The survey, done in conjunction with the Ministry of Housing, showed there was a need for the building. But, said the candidate, the committee is run as a business funded by the provincial government and the township has little to do with it.

Mr. McNairn said he decided to run in this election to provide the electorate with a candidate with experience. With councillor Don Kyle stepping down, councillor and Graham Hess challenging the incumbent deputy-reeve there will be at least two new councillors. If elected he would provide some experience for the new council. He added that he is interested in the community and the problems facing it.

Mr. McNairn lives on the 2nd Concession and works at Rhom and Haas near Morrisburg.

Candidate Lyle VanAllen is running for council for the first time. The dairy farmer, who lives south and west of Williamsburg Village said he decided to run because he is interested in municipal politics. He noted that he almost decided to run in the last election but changed his mind.

Mr. VanAllen said the three major issues facing the township, a new fire hall, the sewage system in Williamsburg Village, and a senior citizen's building all require investigation.

Whether or not the township could build a new fire hall would depend on whether the costs could be afforded, he said.

The candidate is anxious to see the sewer system in Williamsburg updated, and noted that any delay in the project hasn't been the fault of the previous council.

Mr. VanAllen is also much in favor of building a senior citizens' residence. If it's possible to keep Williamsburg senior citizen's in Williamsburg that's what should be done, he said. It's unfortunate when people have lived in the township all their lives to have to move when they decide to go to a senior citizen's building.

Mr. VanAllen said it is important to continue the good work on the township roads. He said the previous councils are the ones to thank for providing a good road program, and it should be continued.

Candidate Duane Locke was unable to be reached by The Record.

Winchester Township

Vote Gerald Holmes for Reeve

Always on the move, trying to improve.

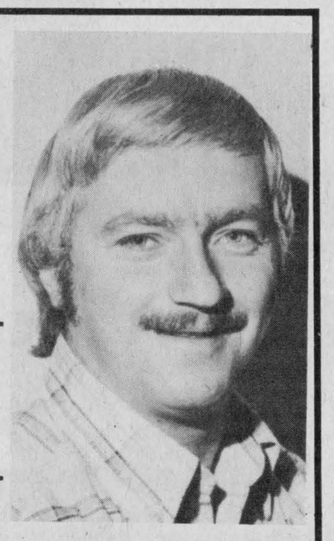
WILLIAMSBURG TOWNSHIP

FOR COUNCILLOR

VOTE **FRANCIS BECKSTEAD**

TO THE RATEPAYERS OF

OSNABRUCK TOWNSHIP



Being a resident of Osnabruck Township I feel I can provide an enthusiastic and honest approach to the many problems of the municipality.

Therefore, I solicit your vote on Monday, Nov. 8 for Councillor.

VOTE

RONALD DINGWALL

TO THE ELECTORS OF

WILLIAMSBURG TOWNSHIP

My name will appear on the ballot for councillor in the forthcoming election. There will be many hard decisions to be made in the next three years and if you feel that my experience as clerk-treasurer qualifies me as a member of council I would appreciate your support on November 8th, 1982.

FOR COUNCILLOR

VOTE **KEITH SCHELL**

RE-ELECT

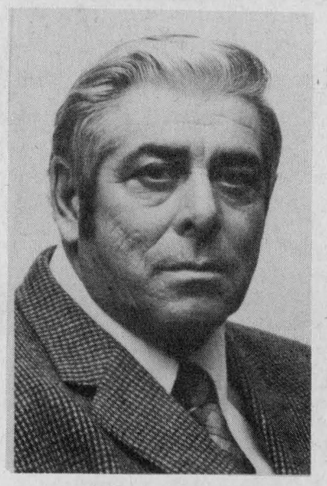
GARNET EZARD

FOR

DEPUTY REEVE

IN

OSNABRUCK TOWNSHIP



- Life long resident of Osnabruck Township, Married with four children, reside in Osnabruck Centre.
- It is impossible to make individual calls to each home in the township, but if you have a particular subject you would like to discuss I would be more than pleased if you would call me at 537-2147.
- I have served the Township of Osnabruck as Superintendent of Public Works for 16 years, on water, sewers and roads being capable of doing budgets and maintaining water and sewage systems.
- Have five years experience with Graham Engineering firm as inspector of water, sewers, roads and subdivisions.
- Presently I am a Sales Representative withGary Smith John Deere Dealer, Maxville. A member of Osnabruck Rotary Club serving on committees of Rotary, Recreation, Hall Board, also SD&G County Council Suburban Road Committee and have been chairman and treasurer of St. Lawrence Estate.
- Having been Deputy Reeve of the Township of Osnabruck for the past four years I feel I have the knowledge and ability to head our council for the next term.

With grants and subsidies being cut back there is little to promise other than maintain our Township in a business like manner.

For the best interest of the township I solicit your support on November 8th.

FOR DEPUTY REEVE

RE-ELECT

GARNET EZARD

VOTE

VAN KESSEL

REEVE

TO THE VOTERS IN . . .

CHESTERVILLE

Having served you for 4 years as councillor and 2 years as deputy reeve, I would like the opportunity to represent you, the people of Chesterville, as your next reeve.

As you know I work at Nestle's on a steady day time basis, and have permission to attend any function or meeting relating to village matters, even on short notice. Not being a member of many organizations or committees gives me time to represent you the people of Chesterville at all times.

If elected as Reeve of Chesterville I will adhere to these commitments:

1. I will treat everyone equal and with due respect.
2. I will deal with everyone in a business like manner.
3. I will work with the deputy-reeve and councillors and keep them informed on all issues concerning the village.
4. I will work with the village clerk, the village foreman, the recreation director on a day-to-day basis, to keep abreast of all problems concerning the village.
5. I will keep all council meetings open to the public, and advance notice of meetings will be given.
6. I will keep the public informed at all times, of all transactions including business deals.
7. I will at all times co-operate with the press and answer all questions and will encourage all council members to do the same.
8. I will attend all meetings of Counties Council and its committees.
9. I will keep an open door policy and at all times be receptive to advice and new ideas.
10. I will give the affairs of Chesterville and its residents, top priority at all times.

IF YOU WANT . . . ACCOUNTABILITY, DEPENDABILITY, AND HONESTY,

I AM YOUR MAN

Bert van Kessel

election '82

Councillors, reeve to be elected in Roxborough; deputy reeve George Crites acclaimed

MOOSE CREEK (Staff) - Councillors and Roxborough reeve Garnet (Hank) Robertson will be forced to defend their seats Monday in the municipal election when two newcomers to local politics will add their names to the ballot.

Edmond Saucier is running opposite Mr. Robertson. Mr. Saucier could not be reached for comment.

Incumbent councillors Bill Williams, Ray Alguire and John McIntyre are being challenged by Jacques Theoret, a cattle dealer from Moose Creek.

Incumbent reeve Mr. Robertson has served 10 years on municipal council, the past two years as reeve, four years as deputy-reeve and four years as a councillor.

He is married, has four children (one of whom is at home) and two grandchildren. The family lives in Avonmore.

Mr. Robertson feels his background as an engineering technician has helped him in his municipal career. As well as allowing him to understand plan drawings , 12 years with the Ministry of Transportation and Communications provided him with a good understanding of how subsidies are handled, he said.

Mr. Robertson said he is not enthused about the onset of a three-year term for township government but can see its advantages. Long term planning will be more easily accomplished, he stressed.

If he is successful in his bid for the reeve's chair, he would like to see a road surfacing program begun. In the light of a modified provincial road subsidy program this is a realistic goal, he said but noted the council he could be working with might not share his aims and the priorities would be determined by consensus.

The three-year term would also allow for more continuity in other projects, said Mr. Robertson; projects that have been begun during the past term that he would like to see through to their culmination.

Among the unfinished business are studies of the two villages', Avonmore and Moose Creek which are presently in the midst of water quality surveys under the auspices of the Ministry of the Environment.

Although Mr. Robertson would like to see as many services in the township as possible he pledged to attempt to maintain a low mill rate and said he hoped the school board will reach for the same goal. (He noted with the proposed provincial constraint program, they would probably be working to a hold the line pattern).

Councillor Bill Williams agreed with his reeve in the field of further road improvement. He took a moment to endorse Mr. Robertson saying that the voters would be wise to return a man such as Hank who encourages discussion and fosters a co-operative spirit.

Mr. Williams is just finishing his first term on township council. When he ran two years ago it was as a result of prodding from his friends and neighbors in the Monkland area.

After having served on council he said he has been most impressed by council's ability to operate in a business-like fashion, as a team of which he has enjoyed being a part.

He added he appreciates, too, the fact that even when there are differing points of view council can always reach an agreement - even if only to disagree, he laughed.

Everyone is heard, he assures voters. It is refreshing for him, he added.

Among priorities for the coming terms, Mr. Williams sees not only road improvement but a maintenance of co-operation between the three tiers of government to sustain drainage projects which are of concern all over Eastern Ontario.

With the financial crunch, he explained, Eastern Ontario will need strong representation at the provincial level and although this is accomplished mostly at the county level, ratepayers can be supportive of their representatives at the Counties' Council.

Mr. Robertson stressed in closing that the co-operative spirit in which Roxborough Township council has operated by no means indicates they are 'yes' men. They are all different, he said, and this makes for better government.

John McIntyre, an Avonmore area dairy farmer is also completing his first term as a councillor. Mr. McIntyre is married and has four children.

He said he has enjoyed the work of council and planning board and feels council has worked well together over the past term.

Mr. McIntyre said he feels he brings a rural voice to council and has gained valuable experience during his term. He has always been interested in local government and feels the right to vote is one of the most important rights a person has. One vote for one person may not sound significant, he counsels voters, but each grain of sand on a beach is needed to make up the whole.

Mr. McIntyre said he couldn't see where the three-year-term would affect council to any great degree. They will probably operate in much the same manner as the past.

Fortunately, he said, Roxborough is not one of the municipalities in dire straits. With a favorable grant position (road subsidy) the township has not been forced to lay men off or cut back on services, said Mr. McIntyre.

Ray Alguire, a six-year veteran of council is an Avonmore resident who is married, has two children, one of whom boards at home. Two grandchildren, including a two-week-old grandson round out his family.

When he initially ran for council, said Mr. Alguire there was some dissatisfaction with local government in his mind. Especially the field of communication with the ratepayers raised questions, he said.

He has enjoyed being councillor and notes that every ratepayer from any corner of the township who stops by to ask for a service or a question receives a personal return visit with the answer to his query. It may not always be what the ratepayer wants to hear, noted Mr. Alguire, but he is never left hanging.

Mr. Alguire stressed that the past term's council was a very good, workable council who enjoyed lots of discussion but never left the chambers with any ill feeling. No one ever wins everything, he philosophized, but they don't lose everything, either.

Tile drainage is a priority with the councillor who also stresses roads and recreation, commensurate with the township's population and ability to support the services.

He sees no problem in expanding or improving the township's road network even though the development road system was eliminated by the recent revamping of provincial road subsidies.

He pledged to continue to represent all the township ratepayers, not just those in his locality. After all, he said, he has to be true to himself as a person and this is what his integrity demands.

Jacques Theoret, married with two children, is a cattle buyer who feels his work as a cattle dealer has had him on many roads talking to township people every day. It was these people who persuaded him to take a stab at running for council and his wife Muriel encouraged him in his decision.

As well as their own children, Mr. and Mrs. Theoret operate a specialized foster home for children with difficulties.

Mr. Theoret allowed the present council are doing a fine job but said he would like to try his hand at council, too. He explained he couldn't make any promises or list priorities until he had been on council and had learned the ways of municipal government.

Mr. Theoret stressed every individual's responsibility to exercise their voting franchise (especially if it's for him, he laughed) since it is their personal duty.

Just this week, he said he realized some ratepayers he had talked to didn't even know when election day is. Have control of your municipality and vote, he concluded.

Two running for Williamsburg deputy-reeve

WILLIAMSBURG (Staff) - Williamsburg Township electorate will be certain of an experienced voice on council whatever candidate they vote for in the November 8 municipal election for the position of deputy-reeve.

Incumbent Robert (Rowdy) Gillard has been deputy-reeve of the township since 1978, and was a councillor previously.

Mr. Hess has been a member of council for 15 years, the last four as councillor.

Mr. Gillard was unable to be reached by The Record but Mr. Hess outlined the major issues in this election campaign.

Mr. Hess lives north of Williamsburg Village, in the 6th Concession. He and his son farm together.

The candidate for the position of deputy-reeve said he decided to run as he is looking for advancement on council.

The township program for upgrading the roads is important to continue, said Mr. Hess. As well, the sewage and lagoon system in Williamsburg Village needs renewal; by January the municipal government will know if the provincial government has given approval for the new system and where the problem stands.

The township fire hall is also in need of improvements, said the candidate.

The last four years on council have been productive, Mr. Hess aid. The township has 50 miles of blacktopped road, and he boasted there are no bad roads in the municipality.

The money spent on a light tank today could build storage facilities for 100,000 tonnes of rice, resulting in 4,000 tonnes of food being saved from pests for human consumption.

Cards of Thanks

CARD OF THANKS

We wish to express our gratitude to our sons, Glendon and Carl and their families and Milton Lascelle, Robert Lalondes, relatives and friends and ladies of the U.C.W., Morewood for cards and flowers which helped make our 50th Wedding Anniversary a very special day in our lives and one that we shall always remember. The kindness of so many friends was greatly appreciated. Thank you sincerely one and all.

Harry and Tena Hutchinson.
10-1

CARD OF THANKS

We would like to express our sincere appreciation to our relatives, friends and neighbours for their expressions of sympathy, cards, flowers, memorial contributions and food during the loss of a dearly loved wife, mother and grandmother, Marjorie Empey.

Cecil, Mr. & Mrs. Brian Empey, Mr. & Mrs. Merrill Code and Families
10

CARD OF THANKS

We would like to thank our family, relatives, neighbours and friends for being so kind to us and sharing with us in celebrating our 50th Wedding Anniversary. Many thanks for beautiful gifts, flowers, cards and telephone calls and all those who in any way made this a very special occasion for us. Special thanks to Faye.

Lloyd and Ereta Gallinger

COMMUNITY REPRESENTATIVES WANTED

The Seaway Valley District Health Council wishes to invite applications from members of the community, residents in the County of Dundas, to fill a vacancy on the District Health Council.

The Seaway Valley District Health Council's primary function is to advise the Ontario Minister of Health on the health needs of the district. The objectives of the District Health Council are:

1) to identify the health needs of the district and consider alternatives to meet those needs.
2) to plan a comprehensive health care services program.
3) to co-ordinate all health activities and ensure a balanced, effective and economical service.
4) to work towards co-operation in the social development activities of the district.

The District Health Council meets on the fourth Thursday of each month at 6:30 p.m. Members of the District Health Council are reimbursed for their out-of-pocket expenses to attend meetings.

Interested individuals are invited to submit their name by November 10, 1982 to:

Meals-on-Wheels: 4,400 miles travelled last year

CHESTERVILLE (Special) - Fifty-two drivers, helpers, and recipients of Meals-On-Wheels attended the organization's annual meeting October 27 at the Senior Citizens' Drop-In Centre, with Isabel Forward presiding.

Last year Meals-On-Wheels served ten recipients in the Chesterville area, and a total of 4400 miles were driven by 18 teams, with 10 spares available, and no trips were missed, reported Olive Cass, recipients co-ordinator, and the Lynch family, driver co-ordinators.

From Monday to Friday volunteer drivers deliver hot meals to persons temporarily incapacitated, aged or ill for $7.50 a week. Recipients of the service are usually referred by a social service agency, VON, doctor, clergy, neighbor or friend.

Following dietary specifications, Winchester District Memorial Hospital (WDMH) prepares the meals which are then delivered in hot metal containers heated by charcoal burners.

Dr. Charles Adamson, guest speaker, spoke of this worthwhile service, and stressed the importance of mental and physical health. Diet, exercise, rest, annual medical checkups and correct medications are necessary to make the golden years golden, he said.

Mrs. Cass thanked the dietary and administrative staff of WDMS, of whom Mrs. Manley, Mrs. Robinson, Mrs. Lannin, Bert Larocque, Mrs. Olive Summers and Mrs. Vera Moorehouse were present.

A sing-song was led by Rev. L.M. Ferguson accompanied by Elsie Graham.

Lunch was served at the conclusion of the meeting.

Chairman of the organization for 1982-83 is Isabel Forward, with Winnie Jeffries as vice-chairman. Sadie James is secretary-treasurer while Olive Cass acts as recipient co-ordinator.

Helping her are Cora Droppo and Margaret Casselman. Marion Lynch is driver co-ordinator while Helen Hughsen handles publicity. On the nominating committee are Thelma Johnston and Rita Barrett.

Aging carefully the doctor's secret

CHESTERVILLE (Staff) - Aging healthfully means taking good care of both your physical and mental self, Dr. Charles Adamson told members of the Chesterville Meals on Wheels organization last Thursday at the Drop-In Centre.

Speaking to the group at their annual meeting Dr. Adamson said that good mental health includes having a purpose in life, such as hobbies or helping others.

Good mental health also means a continued interest in learning new things, and facing new challenges.

Contact with others, and a relationship with the church and God are other prerequisite for good mental health.

To maintain good physical health the doctor recommended following Canada's Food Guide to a healthy diet. And he advised the members not to worry about chloresterol.

He recommended three tablespoons of bran each day to help prevent cancer of the colon.

Exercise is another necessary factor on the road to good health, he said. For those who are past middle age the best exercises are walking, cycling and swimming. He recommended that a slow start was best when beginning to exercise, with a gradual increase to more.

A yearly physical is another necessary item for good physical health. Blood pressure, weight, and an eye test for those older than 55 (for (Glaucoma) should be checked by a physician.

As for medications Dr. Adamson recommended that for men an aspirin per per day would help reduce the risk of heart attack and stroke. For women past the age of menopuase he recommended extra calcium he consumed. After menopause women's bodies produce less estrogen. The absence of estrogen causes the calcium in the bones to be leeched out.

Once you've reached the age of 76 the government provides yearly immunization against influenza. It's a good idea to take advantage of the program, he said.

In conclusion, Dr. Adamson noted that there is so much medical evidence that show smoking is bad for your health, "It's hardly worth discussion that one should quit."

Winchester revival draws crowd

(Special) - The Rev. and Mrs. E. Earle Eaton were at Riverside Heights and Cornwall Sunday. Mr. Eaton conducted worship services at St. John's Lutheran Church and Glen-Stor-Dun Lodge, and performed several baptisms at a home service in Cornwall.

A number from the Chesterville community attended the Winchester Revival last week.

The Eatons also attended a Gospel Fellowship Banquet at Morrisburg. Mr. Eaton was at St. Raphael's to give a lecture at Mt. Carmel House.

Back to basics stressed for peace

AVONMORE (Staff) - The basics - the family and the farm - can be used to promote peace by farmers who are not expected to act at the international level, Dr. George Fisher told a packed house of Holstein breeders and their guests last Friday.

Dr. Fisher, a retired head of the veterinary laboratory at Kemptville College of Agricultural Technology was addressing the annual banquet of Stormont Holstein Breeders and their wives.

The weakening of the family, church and community have signalled the beginning of the "downfall of many a mighty nation" Dr. Fisher told his audience.

In a world where much of the world goes to bed hungry, he said, farmers can promote peace by being a better farmer.

Mismanagement sends dollars down the drain, he said, "It's a simple message; have the best operation going and maximize production. He said his personal philosophy is that if the other guy can do it, so can I. He cited the 20,000lb. national herd average in Israel as an example of what the need to be efficient can spur farmers to do.

Dr Fisher outlined some of the leaps in progress made in the farming industry, particularly the field of communication during his lifetime. From a hazy black and white television picture in the 50's, he said the field has progressed to the stage where computers can have farms on line with markets and breeding information.

Soon, he predicted, there may be no need to travel to Cornwall for information available from AgRep Dale Miller; farmers will merely tap into the vast provincial government's network and gain their information from their own computer console.

The information revolution is the natural follow-up to the industrial revolution; and before that, the agricultural revolution, he said.

Less than 300 years ago one person could digest all the scientific information there was in the world, he said. Contrast this with the present when one person cannot digest even all the information in a limited specialty, said Dr. Fisher.

"Man is the uneasy arbitrator of the future" philosophized the speaker. The potential to wipe out civilization, as never in the past, is a reality.

A peaceful aim, instead, he told the crowd, is to rise to the greatest challenge of all - to feed and provide for the ever expanding human population.

The improvements in the management of the excellent Eastern Ontario Holsteins' genetic potential is one way farmers can become better at their job, he told them. The 100th anniversary of the Holstein in Stormont was one of the best ways to promote their animals, Dr. Fisher congratulated the audience.

That is the past, he cautioned them. "Now the challenge is that of the next 100 years".

Holstein achievement

AVONMORE (Staff) - Outstanding achievement among their ranks was recognized by Stormont Holstein Breeders at their annual banquet last Friday night here.

James Campbell of Moose Creek took trophies for the Stormont County Fair Premier Breeder, Reserve Grand Champion female and Breeders' Herd.

Breeders' president Case Michels divided his hardware between the Stormont County Fair and the Avonmore Fair. The Grand Champion Female trophy for both fairs went his way. Mr. Michels took Best Udder at Newington and Aged Cow class at Avonmore.

Avonvore's Oran Montgomery topped all exhibitors at the Newington Fair for the Royal Bank Trophy. Mr. Montgomery also showed the Junior Champion and the first prize two-year-old.

Gerald Jans gained the Bank of Commerce Trophy for his Reserve Junior Champion at the Newington Fair and Cherryvale Farms took the Jamieson Campbell Award for the fist prize five-year-old.

Delhu Holsteins were the recipients of two United Co-operative awards for their three and four-year-olds at Newington.

The newest exhibitor with the most points at Avonmore Fair was Alfred Beaudette who took the Harvex Agro Mart award.

The herd with the highest composite BCA at the Avonmore Fair was that of Richard Pethke who took the Ontario Harvestore prize.

Local entertainment followed the awards; it included a set by AgRep Dale Miller on the fiddle accompanied by Edwin Waldroff on the harmonica. Step and Highland Dancers completed the evening's program.

Dr. George Fisher, retired head of veterinary laboratory services at Kemptville College of Agricultural Technology was guest speaker for the annual banquet of Stormont Holstein Club last Friday night. He is seen afterward discussing some of his back-to-basics tenets outlined in his speech, for Stormont Dairy Princess Lise Ouellette.

Rev. Bombay addresses Rotary

by John Macauley

A busy meeting was held Monday with President Derks called upon to welcome Rotarians John Gove and Dalton Cleary of the Ingleside club. Rev. Rick Bombay our guest speaker, and our old friend and former member of the Ontario Regiment, Frank Casselman here to attend the annual reunion of his old regiment and to help brother Eric celebrate his birthday. It's always a real pleasure to welcome visitors and Monday was exceptional, in that we had four guests to help share the fellowship for which the club is well known. We thank them for coming along.

Our guest speaker was the Rev. Rick Bombay, pastor of the Christian Fellowship church on Albert St. Right here in the village. Rick's father, grandfather and great grandfather were all pastors before him. His topic was Canadian heritage, our neglect of our founders and our faith. He presented his talk with humor and his message was well taken. It will be cause for some soul searching by some, while making absolutely no difference to others.

Next Monday being election day there will be no meeting. But to those who have a vote be sure and use it, remember you only get the type of council you deserve.

Birthday greetings to Vivian Nixon who celebrates on Armistice Day, Nov. 11th. On Nov. 17th Jack & Eileen McMillan and Cliff and Mary Ann Reynolds will be celebrating their wedding anniversary and we extend our best wishes to all of them for a happy day with many more to follow.

Have a good Rotary week and don't forget to vote!

PARENT — TEACHER INTERVIEWS

WEDNESDAY, NOVEMBER 10

1:30 - 3:30 p.m.
7:00 - 9:00 p.m.

All North Dundas students will receive their November Progress Reports on Friday, November 5.

The purpose of these reports is to provide both the student and the parent with an indication of how well the student is doing in his various courses.

In order to give parents the opportunity of discussing the progress of their son or daughter with individual teachers, Parent-Teacher Interviews have been scheduled for Wednesday, November 10 from 1:30 to 3:30 p.m. and 7:00 to 9:00 p.m.

I sincerely hope that all parents will be able to attend as these interviews not only provide both parent and teacher with many insights which will enable them to help the student who is having difficulty but they also provide a great deal of positive reinforcement for the student who is doing well.

Yours truly,
D.W. McGhan,
Principal.

Ross Alguire bids for Osnabruck council

Due to an inadvertent oversight, the platform of Osnabruck Township council candidate Ross Alguire was not included in the story last week on that township's election.

OSNABRUCK CENTRE (Staff) - Ross Alguire, a 23-year old businessman is seeking a council seat in Osnabruck Township for the first time, this November.

Mr. Alguire is employed with the family business (Dundas Manor and Newington Lodge) and feels his business awareness along with experience in dealing with people would serve him well on council.

He is young, he agrees but sees this as an advantage to the township. He would be able to interest the youth of the township who may not, to date have played an important role in township politics.

Admittedly not familiar with the entire political scene, he said he is reluctant to offer promises he may later find he cannot fulfill. He does, however see all aspects of township government as equally important and would enjoy the challenge of dealing with them.

Mr. Alguire sees the new three-year council term as rather long but adds it will weed out those candidates who are not dedicated to the job.

He said he is interested in all forms of politics and although he has not entered the ring before, would learn from the training ground.

Trinity United Ingleside, marks anniversary

Rev. Doug Carnegie, left, refreshed some memories he gained as chaplain of the power project the building of the St. Lawrence Seaway) in 1957 at Trinity United Church 25th anniversary held last Sunday. Beryl Morrison, centre is from Ingleside and is the church clerk of sessions. At right, Rev. Ian McAvoy is the minister who serves Ingleside and Newington. Rev. Carnegie is now stationed at Kingsway United Church, Ottawa. record photo - brown

A jelly pool?

This young woman seems to be taking her time getting into the swimming pool, and it's no wonder as the pool is filled, not with water, but with jelly. The bathing-suit clad young woman was a participant in the Brookdale Mall's Jelly Jump held at the mall on Saturday. She was just one of 30 who took a dive in the jelly for an opportunity to win up to $1,000 in cash. The participants jumped into the jelly, and had to fight a numbered puck at the bottom of the pool. The number on the puck corresponded to a number on an envelope containing cash.

Toastmistresses meet in Kingston

MORRISBURG (Special) - The Toastmistress unit from Morrisburg attended a meeting of the Kingston Toastmistress Club on Tues., Oct. 26. The dinner meeting was held in the John Deutch Centre at Queen's University.

The main program consisted of a short speech on the topic "elections", followed by a mock interview with a school board candidate. The program also included an educational feature on testing one's reading rate.

Work safely in your home workshop urges the Industrial Accident Prevention Association. Make sure that you have good lighting, plenty of room, a sturdy workbench and ventilation for dust or vapours. In addition, keep work areas clean, floors dry and tools stored safely. Be sure all your tools are properly maintained and that electrically powered tools meet safe electrical standards. Being organized and working safely saves time and gives better results.

NOTICE RELATING TO QUOTA
APPLICATIONS FOR BROILER AND
ROASTER CHICKEN IN INTERPROVINCIAL TRADE

The quota regulations of the Canadian Chicken Marketing Agency were recently amended to enable provincial commodity boards regulating chicken to allot quotas authorizing the marketing of broiler and roaster chicken in interprovincial trade.

Holders of quota issued prior to December 28, 1978 need not apply.

The producers who may apply for quota in interprovincial trade are those producers of broiler and roaster chicken who between the 28 December, 1977 and the 27 December, 1978 produced and market chicken in interprovincial trade while, at the same time, not having a quota to market chicken locally in those provinces which had delegation under the Agricultural Products Marketing Act (Canada).

The deadline for making application for quota is December 31, 1982.

To obtain the prescribed application form please contact your local provincial chicken marketing board and for any further information or a copy of the regulation please contact immediately that board or this Agency.

Happy Face spooks

Hallowe'en came a little early for these ghosties and goblins (and princesses and clowns) at Happy Face Nursery School who had their Hallowe'en Party last Thursday (the last nursery school day before the festive eve). Children from as far away as Finch and South Mountain converged on Winchester to attend the three morning or three afternoon per week classes.

Computers have hit the farm

KEMPTVILLE - "We forget that telephones were once a new, radical management tool", explained Dr. John Clark, Section Head of Kemptville Agricultural College's Engineering Section when asked about the development of the on-farm computer. He went on to ask "Can you imagine what a farmer would do now without a telephone - he'd have to drive everywhere to get information? A computer is only an extension on this concept. It makes much more information available to the modern farmer".

"There are quite a few farmers still farming today who can remember getting telephones onto the farm for the first time" stated Dr. Clark. "Maybe they can't imagine it but in a few years the small computer will be as important as the telephone is now".

Dr. Clark explained "Computers can be hooked up to milking equipment - you can check for mastitis, breeding dates, health problems and a range of other data - all automatically". "We're having our annual computer show on November 10 here at the college and one of our speakers will be describing this equipment - we'll also be having a trade show where a farmer can see the equipment itself". He went on to add "beginners can even take a mini-computer course during the conference to show them just what these machines can do".

Kemptville invites interested individuals to attend this seminar on November 10 from 9:30-4pm. Speakers include experts from the US and Canada, plus there will be a trade show of computers and software for the farmers. Registration of $25 includes lunch; and further information can be obtained by calling the college at 613-258-3411 ext. 251 and asking for Mr. Douglas Green.

Glengarry Presbyterial Fall Rally has theme of "Sing out Strong"

CORNWALL (Special) - Mrs. W.R. MacEwen, president of Glengarry Presbyterial of the Women's Missionary Society, presided for the Fall Rally held in St. John's Presbyterian Church, Cornwall, on September 27th.

The theme chosen for this meeting was, "Sing out Strong," and after repeating a Psalm in unison, Mrs. MacEwen constituted the meeting with prayer. The Worship Service was conducted by two ladies from Moose Creek Auxiliary, Mrs. J. Vanderwal, and Mrs. Archie MacGregor.

Rev. Karen Hincke, Kirk Hill, had charge of the Bible Study, based on St. Luke, Chapter 13, Verses 10-17. Following the sermon, group discussions were carried on by all members present. Mrs. Wm. Ewing, Vankleek Hill, thanked Rev. Hincke for her inspiring message.

Mrs. Minerva Shaver gave the Treasurer's Report and was pleased to tell the meeting that the total amount sent on to the Synodical Treasurery showed a slight increase over last year.

Mrs. Charlotte Kennedy called the attendance roll, and there were 39 members present, representing almost all the Auxiliaries.

Mrs. Iva Bush reported for the Centennial Committee and asked that each auxiliary up-date its own history in preparation for the celebration to be held next year.

The next item on the programme was entitled, "Exchange of Ideas," by the presidents of the auxiliaries. This proved to be quite interesting. Some of the ideas exchanged were: (1) Have as many people as possible participate in the meeting (2) You get a larger attendance by holding the WMS meetings in the homes of members, (3) More guest speakers improve attendance, (4) Personal contact by telephone creates more interest, (5) One group uses religious poems from Ideals Magazines for a change in answer to roll call, (6) One Auxiliary held a meeting at Maxville Manor, where several of their former members now reside, (7) Several Auxiliaries hold special meetings for Associate members. (8) Younger women are more interested in joining the Presbyterian Women's Group, where they change presidents every year, (9) All groups seem to have at least one meeting each year when they have a Pot Luck supper, a barbeque, a bake sale, or a picnic. These special meetings promote fellowship.

Under the heading, "New Vision for 1983, " Departmental Secretaries gave brief reports and recommendations for the coming year. Mrs. Charlotte Kennedy requested all departmental secretaries to have their annual reports sent in to her by Dec. 15., typed if possible.

Mrs. Gordon Fresque, Literature Secretary, had a very fine display of books and pamphlets for sale.

Following the lunch break, Miss Margaret Boyd, Educational Consultant, conducted a study session on the new study book, "People of the Pacific Islands." Part of the presentation was a film strip, and the rest of the afternoon was spent on activities relating to the Pacific Islands. Colorful costumes added to this part of the programme. Ladies assisting Miss Boyd were: Mrs. Annabelle Hartrick, Mrs. Christena Dunbar, Mrs. Wilma Vanderwal, and Mrs. Iva Bush.

The session ended with the serving of Hawaiian Punch and fresh fruit.

for COUNCILLOR
I seek to serve the community that has made me and my wife welcome over the past nine years, with policies that:
- show concern for the ordinary voter
- make your tax dollar go further by wise use of government grants
- support the sewage project in Williamsburg Village
- provide an up-to-date firehall
- show alertness to government policies [such as use of atomic power] damaging to the local environment

I am aged 55, live on a productive farm, and have had extensive experience as a senior administrator at Carleton University.

The next couple of weeks will be busy for everybody at Tagwi. The fruit campaign is still continuing. Place your order now! On Tues., Nov. 9, a Remembrance Day assembly will be held. The French legion will be in charge of the color party. Rev. Davidson will be chaplain.

An all day seminar is scheduled for November 4th. Chaplains from SD&G will be in attendance. Family study students will provide food for this seminar.

CAREER WEEK

This week of November 1st to 5th has been put aside for CAREER WEEK. This is sponsored by student services. Students and teachers are encouraged to take part in the different presentations and events that are going to take place.

On Monday there was a tour of St. Lawrence College for grade 12 and 13 students only was held.

Tuesday: Mr. Hickerson, a Manpower representative spoke about job prospects to all interested students. Also on Tuesday, Velma Franklin presented a talk on journalism to the grade 12 and 13 English classes. Mr. Gupta invited a local lawyer to speak to his law classes. The senior electricity class and the grade 10 electrical shop class listened to two speakers from Domtar: Keith Seguin, and electrician and Don Shaver, an electrical engineer.

Wednesday: John Mattews, a chartered accountant talked to the senior acounting classes. A speaker from the RCMP also spoke to all interested students.

Thursday: Cheryl Smith, an archeologist, will speak about her career to the grade 11 geography and level one history students. Yvonne Pynenburg, a former student, will speak to the accounting classes about business careers. The sociology class will be speaking with David Kaufman, a psychologist. Frank Guindon will talk to the auto shop class about careers in auto body. We will also be hearing a speaker presenting a careers in the Armed Forces. Thursday evening, Mr. Gaudent, a Francais teacher, will give a French presentation on local gyneology from 8 to 10pm.

Along with the many speakers, at noon hour, there will be videos shown concerning careers most in demand. Displays will be set up and interest questionaires will be available.

For two days Tagwi was turned into a Hollywood movie set - November 1st and 2nd was packed with cameras, light, and action as tapings for Reach for the Top was done. Preliminary games were staged, but not taped and the winners of these games will continue to play and these will be taped and televised at a later date. Schools involved will be from SD&G , Prescott and Russell.

In conclusion of this week's report we have some more sports results: the SD&G Cross Country meet met up with good runners.

Midget girls: Lori Beaudette - 8th

Sr. girls: Linda Vander Wielen - 1st

Sr. boys: Mark Ratayczak - 1st,

Dane Dupuis - 4th.

Jr. boys: Ernie Peters - 21st, Edward St. Pierre - 2nd.

Midget boys: Dale Tuck - 1st, Richard Gauthier - 30th, Tom MacCormick - 31st.

All runners are to be congratulated for their fine effort and hard work.

Gladys Wylie Mountain dies Oct. 24

Gladys Wylie of RR2, Mountain, died Sun., Oct. 24, 1982 at the Winchester District Memorial Hospital at the age of 89.

Mrs. Wylie was predeceased by her husband, Alex.

Surviving her are daughter Alma of RR2, Mountain, stepdaughter Verna (Mrs. Harry Purdy) of Brandon, Manitoba, several nieces and nephews, and son-in-law George Robinson of Winchester.

Mrs. Wylie was a member of the United Church.

Funeral services were conducted from the Vice and Craig Funeral Home in Winchester on Tues., Oct. 26, 1982, at 2pm. Rev. Frances Hare officiated.

Interment was at Maple Ridge Cemetery. Pallbearers were James Levere, Rae Guy, Keith Smith, Nelson Bellinger, Lorne Crowder, and Alan Crowder.

Chesterville's Past

52 November 13, 1952

Berwick West Farm Forum met at the home of Peter Manley, MPP on Monday evening with 16 members present. The topic under discussion was Farming as a Career. After lengthy discussions the questions for discussion were given the following answers: Question 1 - Suppose a young man asked you for advice as to whether he should choose farming as a life work. What points would you consider most important to stress in your reply?

Our answer - Every young man should have an interest in farming; have an adequate finance to start farming, be able to attend an agricultural school if possible. The healthful clean atmosphere is an asset and more work can be accomplished than in a factory in the same amount of hours, but with less pay.

Question 2 - How can the attitude of the farm wife affect the success or failure of the farm?

Our answer - No young man should consider farming without a good wife and she should have the supernatural strength, wisdom and patience of Job to succeed. Extravagance can cause failure. Discontent and indifference are also bad characteristics.

The November meeting of the Women's Auxiliary of the Winchester and District Memorial Hospital was well attended and was held in the Winchester Town Hall on November 6.

Mrs. F.M. Cass, the president conducted the meeting and Miss Nora Elliott the treasurer gave a report of the finances which showed a balance of $1,023 on hand. Mrs. C. Robinson and Mrs. Eric Casselman gave interesting talks on their visit to the hospital auxiliaries convention held recently in the Royal York, Toronto.

The various units present gave reports of splendid donations of provisions and money from their respective communities and told of projects planned for the coming year.

Miss H.C. Wilson, superintendent gave a detailed report of the work at the hospital which showed a progressive and active October.

It has long been the hope of the Chesterville Public Library Board to observe Young Canada Book Week in some fashion.

Accordingly at a meeting held last Wednesday night in the town clerk's office it was decided to invite Grades one and two from the public and separate schools to an informal party in the community hall on November 20 at 3:30pm.

Mothers who would like to bring those small boys and girls and who soon will be in school will be very welcome.

This is a new and untried venture and should it be successful, it is hoped to invite other school groups during the course of the winter. The secretary was empowered to write to the teachers of the grades to be invited and to order book marks.

There will probably be a story, a game or two, and cocoa and cookies, in an effort to introduce these small people to the world of books. The hope of Canada lies in its citizens and well informed citizens are good citizens.

Some of the northern hunters are home after a week in the bush trying to get their sights on the elusive whitetail. The luck of the first week was not too good. Dr. B.W. Lapp and Jack Doering were with the Egan Lake gang at Chalk River.

62 November 1, 1962

Petty Officer Malcolm R. (Mack) Feeley of the Royal Canadian Navy spent some time at the first of the year in the Canadian Arctic on wireless telegraphy work.

One day when things were a little dull at the station Mack and some of the boys took a tracked vehicle, a Weasel, out for a run around the snowy wastes.

Their short trip ran into some Arctic history and incidentally ended up with a very close tie to Chesterville. Mack came home with a can of milk, made by the Nestle company in 1902 that had been cached by the Arctic explored Lieut. Robert Peary.

The can was found at Cape Columbia, Northwest Territories and if one looks at the map the North Pole is only 450 miles away. The location is 50 miles west of Alert on Ellesmere Island.

Felley and his friends came upon a stone cairn standing up above the empty snow plains. It was roughly six feet tall and four feet square with a sign post supported through the centre of the stone pile. It had been slightly disturbed and some of the wooden boxes were outside the cairn. Everything was stencilled Lieut. Robert Peary, USN, 1902. Also in the boxes besides cans of Nestle milk were cans of dog food, corned beef and kerosene.

The can Mack brought home here and presented to the company still gurgles when shaken and in parts of the label the name Nestle and sterilized milk are plainly visible.

The appointment of Eastern Ontario's Hon. Fred M. Cass as Attorney-General confirming his role as political fireman in Ontario's Progressive Conservative government, has been viewed as further honor to Eastern Ontario.

The cabinet reorganization announced last Thursday by Premier Robarts has placed the Chesterville lawyer in the second senior poast in cabinet.

Mr. Cass, now 49, and member of the Legislative Assembly for Grenville-Dundas, was educated at Winchester High School and Victoria College, University of Toronto, where he received his Master of Arts degree. He graduated from Osgoode Hall and was called to the Bar in 1936 and started his law practice here with his father, the late W.J. Cass, in the firm of Cass and Cass. Attorney General Cass became a Queen's Councillor in 1954.

Only slightly more than a year ago, Mr. Cass was among seven prominent Ontario Progressive Conservatives listed as potential candidates for Ontario Premier. However the post went to John Robarts, Minister of Education.

He is believed to be the first Attorney General to represent a riding in the United Counties.

The new attorney-general succeeds Kelso Roberts who moves to the lands and forests ministry in a three way switch that sees Mr. Cass' municipal affairs portfolio taken by Wilfred Spooner, the incumbent lands and forests minister.

All stores of the village will follow summer hours until Christmas. That means they will be open until 10pm on Friday nights. After the Christmas rush is over they will revert back to the earlier closing.

Vote!

There are a number of occurances on this earth which man, despite great scientific advances has been unable to understand. What exactly is gravity? Why do taxes always go up and never down? Why do people avoid voting in municipal elections, and then become angry when their council doesn't do what they thought best?

Let's be honest. Elections are expensive. If we're attempting to save money in these times of restraint we'd abolish these huge expenditures and put the money to better use.

Elections are time consuming. Candidates spend time going door-to-door or appearing at all candidates meetings attempting to meet the voters and talk with them. Voters must take **extra** time to read their local newspapers to find out where the candidates stand on the issues, and then take a trip to the voting booth.

The elections being held next Monday have another strike against them - their municipal elections.

Often it's difficult to become excited about municipal elections. Issues in these elections range from the mildly exciting, such as drainage reports, to the positively thrilling, such as road paving.

No matter how deeply you delve into the intricacies of government subsidies on **roads** and paving, and whether or not the municipality is in need of a new truck or not, it just doesn't match the excitement of pondering what creates a Tylenol killer, or how many businesses will go belly-up before the economic hard times are finished, or whether nuclear disarmament is a waste of time, or our only salvation.

Really the only time roads receive any "pondering" might be when we are driving over a particularly rough one - and whether that could be labelled pondering is debatable.

However, for some strange and inexplicable reason municipal politics can not only become overwhelmingly interesting but downright controversial when it directly affects us.

Although never a part of Ripley's Believe It or Not column it is a truly amazing part of life on earth - when the municipality rips up our street for the installation of sewers, or when the municipality accidentally damages the tree on our front lawn while removing snow from the street, or when any movement by a municipality directly affects us it is a matter of life and death. Never mind the recession, this is important.

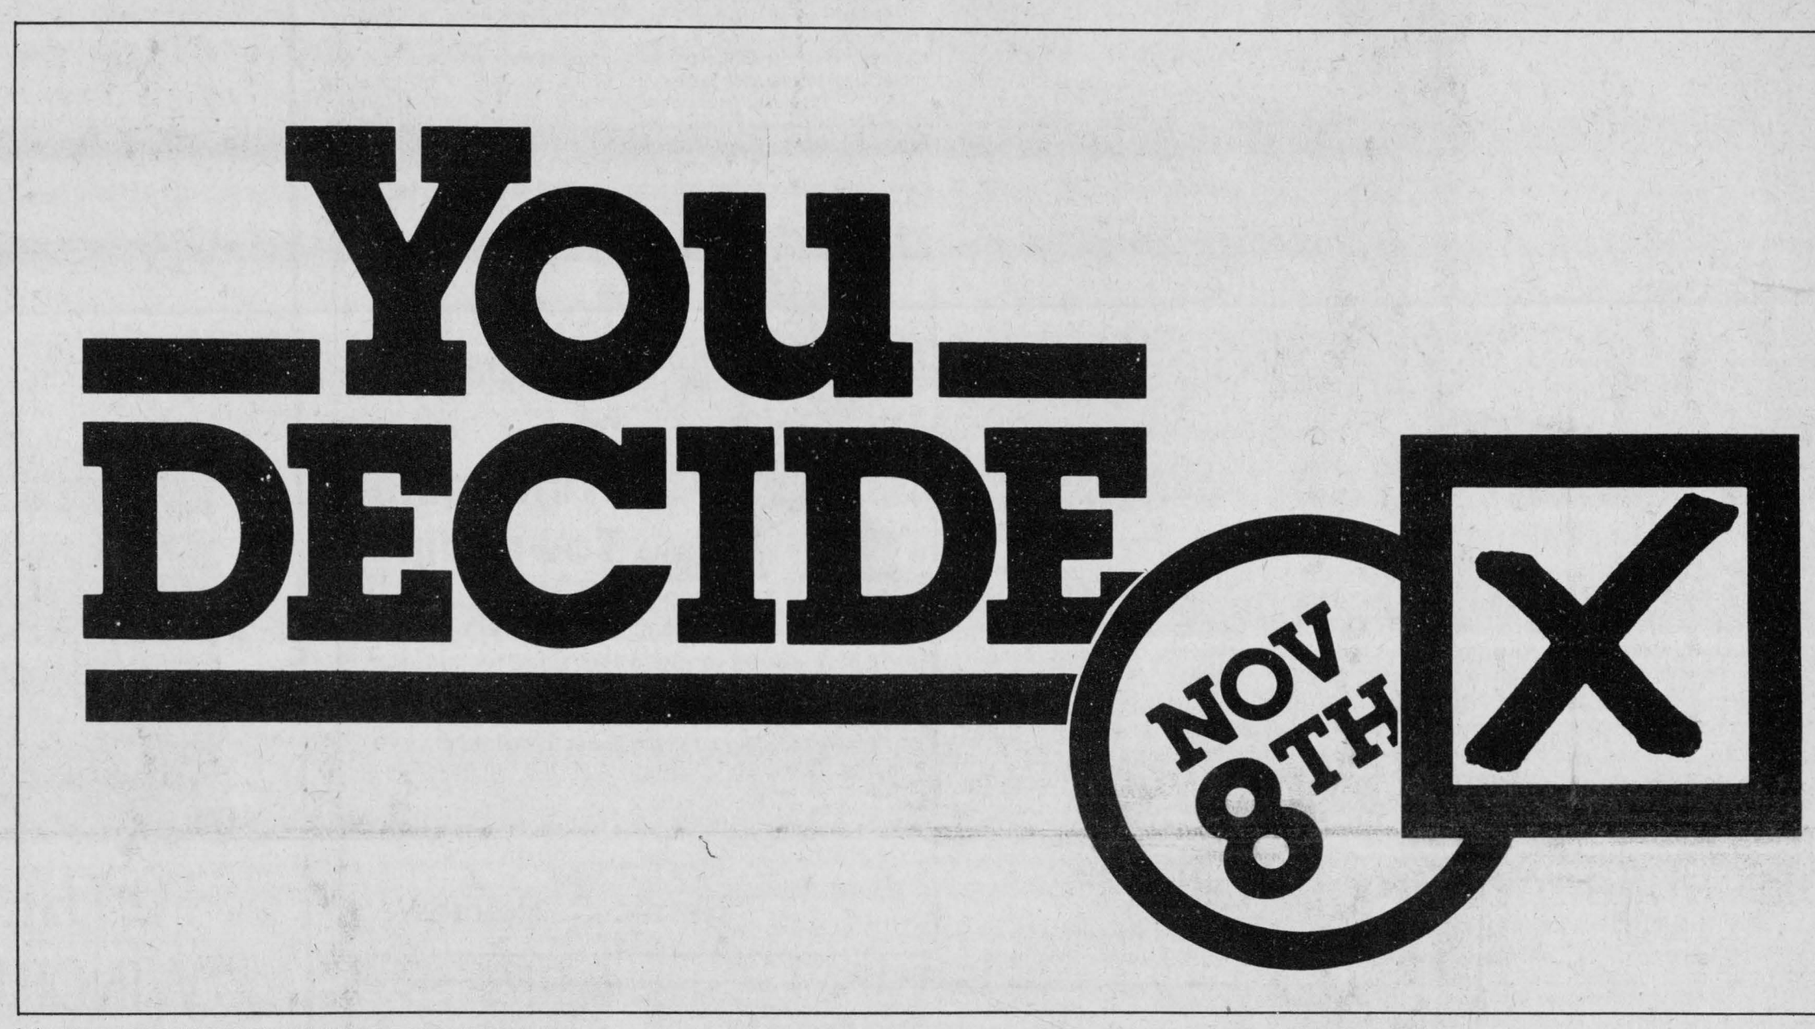
Normally mild-mannered residents become experts in lobbying, negotiating, and municipal law when the homefront seems threatened. Because municipal government is the most easily accessible (it's much easier to go and see the clerk than to try and see Mr. David in Queen's Park) and therefore, the least threatening, citizens find it the easiest to influence.

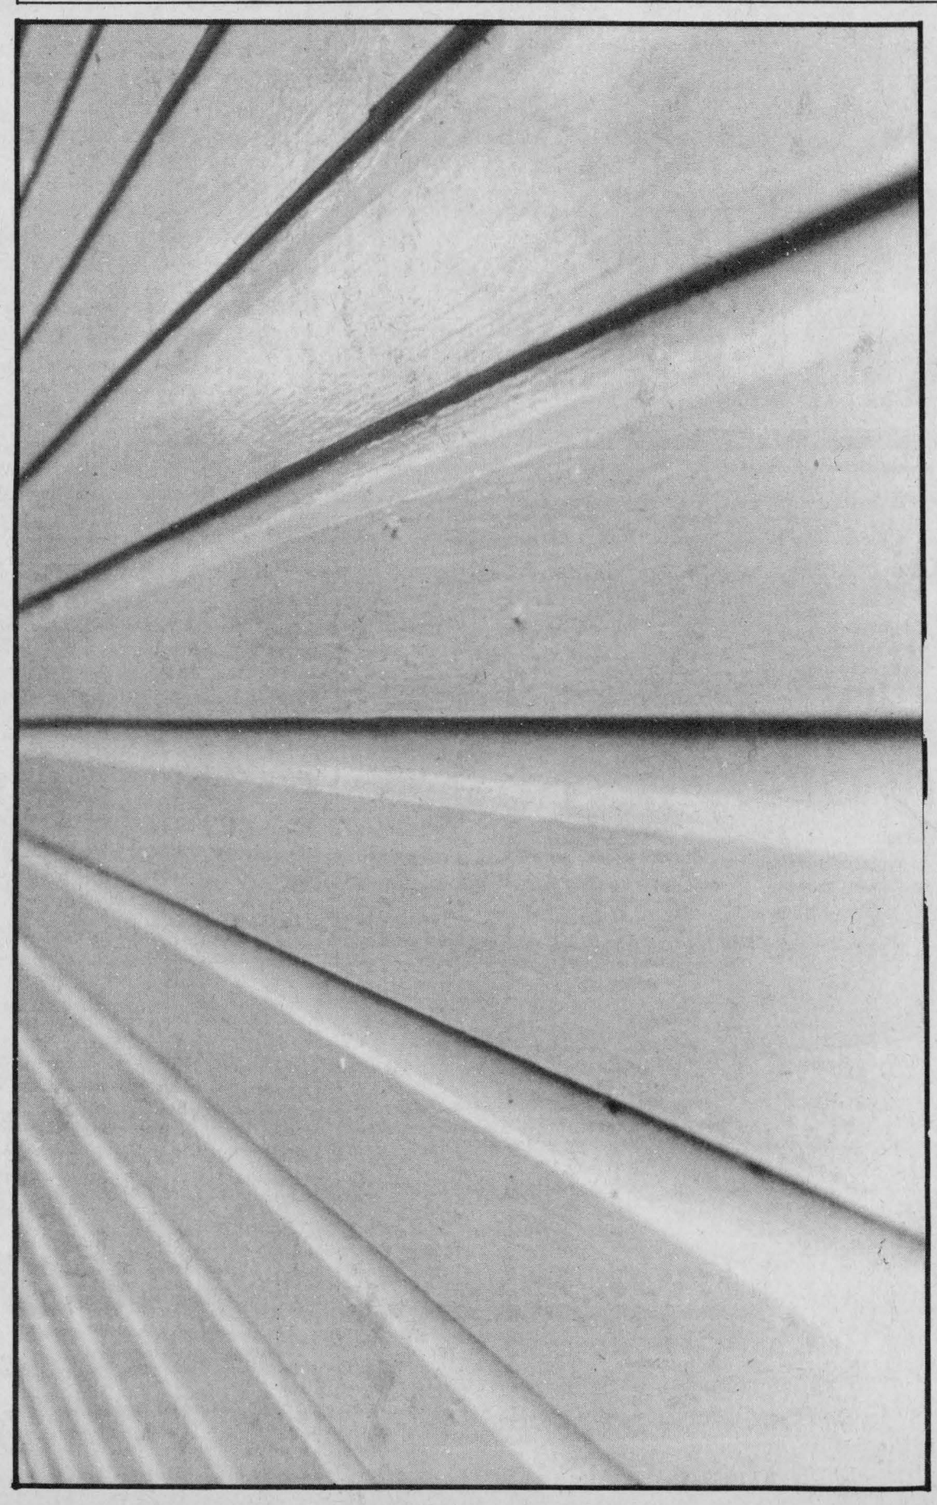
So despite the fact that municipal government can be mundane it is a level of government closest to home and one where individuals have a fighting chance for input.

To sincerely care about our homes and the surrounding community we must become concerned with what our municipal government is doing now, before our street gets ripped up, or our tree becomes damaged. Become aware, become informed, get involved. The first, and easiest step towards that involvement is to exercise our right to vote for the candidate of our choice in Monday's municipal election.

Study the candidates, study the issues. Make an intelligent choice, and contribute. Most importantly, vote.

- mary macdonald-





Letters

Council congratulates Chesterville firemen

To The Editor:

This is an open letter to the Firemen of Chesterville.

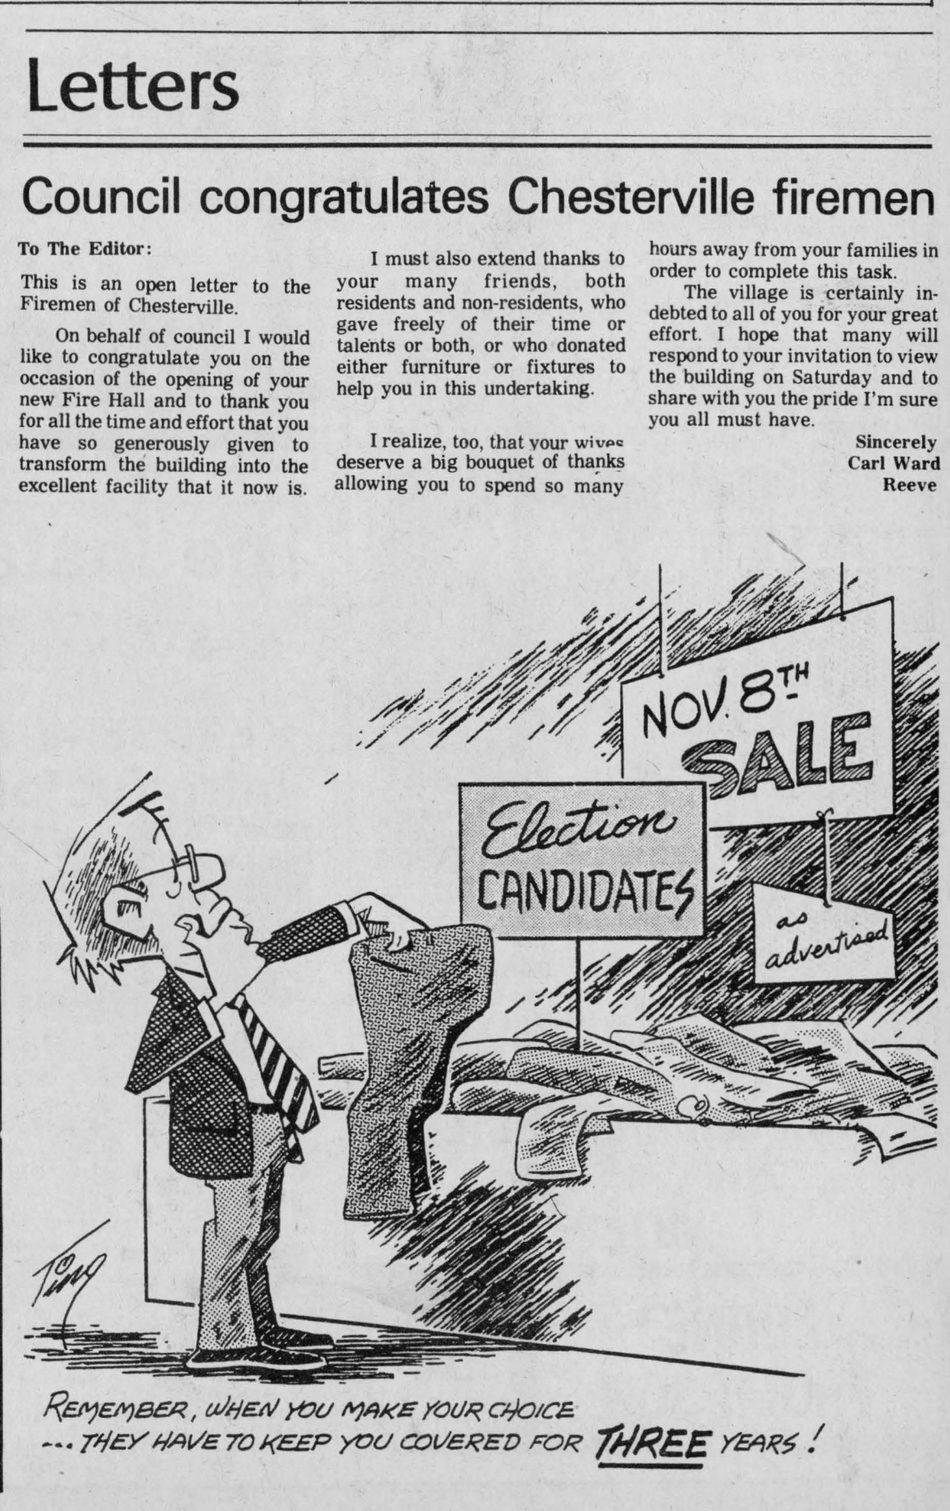
On behalf of council I would like to congratulate you on the occasion of the opening of your new Fire Hall and to thank you for all the time and effort that you have so generously given to transform the building into the excellent facility that it now is.

I must also extend thanks to your many friends, both residents and non-residents, who gave freely of their time or talents or both, or who donated either furniture or fixtures to help you in this undertaking.

I realize, too, that your wives deserve a big bouquet of thanks allowing you to spend so many hours away from your families in order to complete this task.

The village is certainly indebted to all of you for your great effort. I hope that many will respond to your invitation to view the building on Saturday and to share with you the pride I'm sure you all must have.

Sincerely
Carl Ward
Reeve



Country will descend on city at Royal

TORONTO (Special) - When the country descends on the city at the 1982 Royal Agricultural Winter Fair, November 11-20, thousands of urban and rural folk will meet. For many it will be the once-a-year opportunity to touch, talk, laugh and learn about Canada's agriculture right in the heart of a booming metropolis.

Yes, the excitement is mounting for this truly family event as another year's planning becomes a reality. The small Royal staff, along with more than 800 volunteers from across Canada have introduced some new ideas and features as well as maintained the very successful old ones.

The Hon. Dennis Timbrell, Ontario's Minister of Agriculture and Food, will tour the fair on Friday morning, November 12 and officially open the 54th Royal that evening at the Royal Horse Show. He will also be the guest speaker at the World Field Crop Championship Presentations on Tuesday, November 16 and will present the coveted Queen's Guineas award to one lucky 4-H Club member on Fri., Nov. 19.

After a five year absence, the Royal Canadian Mounted Police Musical Ride will once again highlight the daily horse shows at the fair. This colourful extravaganza of precision-trained horses and riders has delighted people around the world for many years. France, Switzerland, the USA and Canada will have their top international equestrian teams on hand to compete in the heart-stopping, world class jumping competitions.

The very popular Glenlivet Scotch Polo Challenge, a basic polo demonstration in the form of a competition, will return for the second consecutive year and participate in five matinees and one evening performance of the Royal Horse Show.

The Prince Philip Cup Games will feature the four top Pony Club teams from eastern and western Canada in competition for the Canadian Championship at most performances of the Royal Horse Show from November 12 through 14. And, of course, heavy horse hitches, harness ponies, arabians, palominos and a kaleidescope of other horse breeds lend colour and excitement to a show that is hard to match anywhere in the world.

The new features at the fair are the Junior Gilt Show and the Royal Junior Sheep Show. These events offer farm young people valuable experience in showing their swine and sheep. Of course, there is also daily judging and auctions of various livestock, giving farmers a chance to show their peers and their urban neighbours the very best of Canada's agricultural production.

Outside the barns and livestock rings there are plenty of sights to see and things to do. "The Wonderful, Wonderful World of Flowers" will take you into the world of fantasy and cartoon characters. Once again there will be a large display of Canadiana arts and crafts that just might tempt you to start your Christmas shopping a little early.

Not to ignore a favourite spot, plenty of nourishment, demonstrations and entertainment can be found in the Foodland Ontario area. Thirty marketing boards and growers' associations will be represented with information for consumers, recipes and, of course, samples of their delicious products.

The 1982 Royal is ten days of non-stop activity, guaranteed to entertain the whole family. Doors are open every day at 8am, Sunday at 10am, and admission is only $4 for adults, $2.50 for students and $1.50 for children under 12. Senior citizens are welcome to come on November 11 and 12 for only $1.50. Royal Horse Show tickets, which include general admission to the fair, range from $7.50 to $10 for each of the five matinee and eight evening performances.

For more information and Royal Horse Show tickets, contact the Royal Agricultural Winter Fiar, Exhibition Place, Toronto, Ontario, M6K 3C3. Telephone (416) 593-6262.

Honors roll

Members of the Stormont County 4-H Homemaking project, More Outdoor Living, gathered at the Avonmore Community Centre Monday night to top off the project with Achievement Night. The members of the clubs presented their new found knowledge to fellow members, parents and friends. Awards were also presented at the event. Taking Provincial Honors were, sitting, left to right, Miriam Dingemans of Finch, and Susan Beaudette of Grants Corners, for completing 12 projects. Standing, left to right, are Wendy Esdale of Long Sault, presented with County Honors for completing six projects, Kathryn Simpson, SD&G Home Economist, and Carole Amsing, who took Advanced Honors for having completed 18 projects.

record photo - macdonald

Lamb info available

(Special) - A recent study of Ontario's lamb industry indicated that the farm gate market accounts for 40 per cent of total lamb sales. To pinpoint sources of Ontario-produced lamb throughout the province, the Ministry of Agriculture and Food, together with the Ontario Sheep Association, has developed the Ontario Lamb Directory.

Ontario's lamb industry has traditionally produced a high quality fresh product. The majority of this lamb is raised on small farms scattered throughout the province. By using the Ontario Lamb Directory, it will be easy to find the closest available supplier of fresh Ontario lamb. Each listing identifies the name, address and telephone number of the farm, the type of lamb available, directions to the farm and any special instructions.

Supplies of Ontario lamb are generally available all year round, with peaks in the spring and particularly the fall. By regulation, all lamb sold is less than a year old. Three categories of lamb are listed in the directory, according to the size of the animal. They are: new-crop (40-60 lbs.) freezer (80-100 lbs.) and heavy freezer (100-200 lbs.). Ontario lamb is usually sold cut up, except new-crop which is left whole because of its smaller size.

Send for a free copy of the new Ontario Lamb Directory today.

Colonel Sanders must tell all

KEMPTVILLE (Special) - Colonel Sanders' secret recipe for Kentucky Fried Chicken perhaps isn't as secret as we may have thought. Under Canadian law, a company or individual must not only tell the government what ingredients are used, but also how much.

Director of the Food Research Institute of Agriculture Canada, Dr. John Holme, told an audience at Kemptville College the modern consumer "has the safest food" in the history of the world. Safe food has been achieved by a "process of evolution," he said.

Speaking on the role of food additives, Mr. Holme defined an additive as something added to a product to alter it from one state to another. Excluded under Canadian law are agricultural chemicals, spices, flavours, nutritive materials and drugs used for animal production. He added that all are controlled by the government.

In his speech, Mr. Holme said that fabricated foods were often designed because of shortages or special markets. A chemist fabricated the first margarine at the request of Napoleon who wanted a spread with better preservative qualities for the Russian Front. A food is called fabricated when the components have no natural counterparts.

To the Ratepayers of Winchester Township

It has been an honor and privilege to serve as your reeve for the past 4 years.

I have worked very hard at all times for the good of our municipality locally, as well as, at Counties Council.

I have led council in a manner to maintain harmony and co-operation in gettng things done.

I place my record before you, and solicit your support at the polls on Nov. 8 for re-election.

RESPECTFULLY
Gerald C. Holmes

TO THE RATEPAYERS OF WINCHESTER TOWNSHIP

In the past four years, the following are examples of the impact of decisions taken at Council of which I am proud to be a member on your behalf.

— Completion of construction on two major bridges in Winchester Township
— As Chairman of Land-Fill Site Committee, I was the driving force behind pursuading Council to purchase their own dozer for levelling refuse. I am confident this action will save thousands of dollars to the three municipalities involved in the next few years.
— Numerous meetings locally and in Toronto to pursuade the Ministry of Transportation and Communication to commit funds to complete our development road.
— Paving and surface treating a combined total of approximately ten miles of road.
— Interim tax notices to reduce interest paid by the municipality due to County and School levies which are payable in the spring.
— These are just a few examples of what can be achieved on your behalf by an intelligent and now seasoned Councillor who has your interest at heart and willing to fight for them.

When elected Deputy-Reeve I plan to introduce the following:
-1- Complete and pave our development road.
-2- To continue supporting the ratepayers and business men of the Township pertaining to the hazardous median at the Winchester overpass and to pursuade the Ministry to rectify the situation.
-3- To continue my efforts to hire a by-law enforcement officer.
-4- To continue and enlarge our gravel and calcium program throughout the Township.
-5- To introduce a noise by-law in Winchester Township.
-6- To continue our maintenance program on municipal drains.

I am grateful that the ratepayers of Winchester Township have put their trust and confidence in me in the last four years. This new three year term will be a great challenge, and as your representative at both Township and County levels, I am confident with my previous experience I am the man for the job.

Again I humbly solicit your valued and continued support.

Why are Kerosene Heaters suddenly so popular?

THEY'RE ECONOMICAL
With a portable kerosene heater, zone heating becomes possible. You can save by turning down the house thermostat, and heating just the area you need.

THEY'RE EFFICIENT
A lot of heat from the central furnace in your home goes up the flue. A kerosene heater, on the other hand, is 99.8% efficient ... all the heat it produces goes into the room.

THEY'RE CLEAN
Today's kerosene heaters burn cleanly, without smell or smoke during operation.

THEY'RE COMFORTABLE AND CONVENIENT
Because they're self-contained and portable, you can have heat wherever you need it ... in the cottage, on the porch, in the workshop, on your boat.

Spooks

Ghosties and goblins from all over Finch Village gathered at the arena Saturday night for a costume party, complete with treats. Guests included ET, Miss Piggy, a host of clowns and costume judge Cindy Martin-Hrycak, dressed for the occasion in a stunning green spaceman suit. The annual party is co-sponsored by the village and the Lions Club.

record photo - brown

....and things that go bump in the night

FINCH (Staff) - Once again Finch and District Lions entertained the young village goblins at a successful party in the arena where judges were faced with the task of rewarding the top costumes.

In the pre-school section Mandy Moke , Jo Ann Ouderkirk, Tammy Casselman and Jackie Ouderkirk were the prize winning girls and Brent McLean and Shawn Beaudette topped the boys.

First among the girls ages five to eight was Susan Stewart as Miss Piggy and second was Connie McLean. Jamie McKercher and Todd Shaver topped the boys class.

Greg Hannah and Mike Thompson took the prizes for boys ages 9, 10 and 11 while Allison McRae (as ET) and Carolyn McLean took the girls prizes.

Lisa Montgomery, Karen Reussel, Liam Sullivan and Pat Sullivan took the 12 to 15 years class and Janice Connelly won for her costume as a participant in the age 16 and up class.

The best co-ordinated couple was Nabila and Nabil Ellsaadi followed by Michelle and Jackie Leduc.

The most comical participants were Jennifer O'Brien and Shanna Sullivan. The most suitable to Halloween were Kim Ouderkirk and Shawn Hannah. Chad Oosterman demonstrated the costume with the most work involved, followed by Todd Brownlee.

Decision reserved on Finch quarry

BERWICK (Staff) - Township ratepayer and farmer Ruby Mekker appeared before Finch Township council seeking assurances about issues raised at last week's Ontario Municipal Board hearing concerning two proposed quarries.

Mrs. Mekker attended Monday night's meeting to express her concern, too, that neither township council nor their solicitor expressed an opinion during the portion of the hearing set aside for general public response.

Prime among Mrs. Mekker's concerns were whether the large trucks would be allowed to travel the narrow and dipping concession 1 road. Initially she told council (two years ago at a Lower St. Lawrence Planning board hearing for a zoning change for the property) the council agreed their approval would hinge on a provision that all entrances be on to Highway 43.

Since that application was dropped, she was again seeking the township's reassurance that they in no way intended for gravel trucks to travel the tiny road.

Ralph MacKenzie, reeve, told Mrs. Mekker that council were aware of the ratepayers concerns and that any requests to travel roads other than Highway 43 would be referred to the ratepayers.

Mrs. Mekker also relayed board chairman Chapman's comments that he was dismayed there was no site plan development agreement between the township and the potential developer.

She was told a site plan development plan bylaw had been in the works when the Pits and Quarries Act had come into force in 1981. When they were told the Pits and Quarries Act would override any agreement, the bylaw was dropped, council told Mrs. Mekker.

Is the quarry a tax benefit to the township?, asked Mrs. Mekker. Mr. Empey told her the commercial assessment placed on the quarry would not effect a large income rather the reduced trucking costs incurred by the proximity of the quarry was the primary advantage.

Mrs. Mekker also told council she felt as though she were caught in a squeeze at the hearing, representing herself, Finch Village and Finch Township.

Career Week

INGLESIDE (Special) - - On Wed., Nov. 10 the Rothwell-Osnabruck K-13 School committee will be holding a panel discussion on career planning. The week of November 1 to 7 has been designated Carrer Week by the Ontario Youth Secretariate.

The presentations made at the discussion will be aimed at parents so that they can better advise their children of future career opportunities.

The three guest speakers will be Mike Evans, counsellor at St. Lawrence College, Hugh MacAlear, of Employment and Immigration, and Charles Eadie, Student Service Department at Rothwell-Osnabruck.

The meeting will begin at 8pm in the Osnabruck gymnasium of the School.

Tagwi becomes TV studio as 'Reach for the Top' tapes shows

AVONMORE (Staff) - The Romans adopted the seven day week in the fourth century. How long was the week prior to this?

What is the length of the goaltenders net in NHL hockey?

Where was Pierre Burton born?

Brian Smith, host of CBC's Reach for the Top, asked the questions in a smooth, low voice, a voice that broke stride only when he called out "right answer" to the players' responses of eight days, six feet, and Dawson City.

As students and teachers watched the live action and a pair of colour TV monitors recreating it in electronic images from bleachers in the gymnasium, stage hands watched to see that the transformation of the Tagwi Secondary School gymnasium to a television studio remained complete.

The CBC would normally have had the schools competing in the game show come to Ottawa but because nine area schools were involved in competition in this area, the CBC decided to bring the studio to the area, on Monday taping the games for later broadcast.

A buzzer sounded from one of the loud speakers and the theme music came on. North Dundas had beaten Tagwi 550-345. A camera man swung his camera around on a wheeled tripod to capture on tape the mood of good sportsmanship as players from opposing sides shook hands and in turn shook hands with Brian Smith.

The theme music stopped and Mr. Smith walked back to his podium (a false front like all television props, plywood shells with decorated exteriors) and lit a cigarette.

Mr. Smith has been doing the show, with the exception of a year off in the early 1970s, since it began in 1964. His voice has become a trade mark on the show, the low, clear voice of an actor, something he has pursued in Ottawa theatres in his spare time.

"If we (the CBC) had our druthers", he said during a break in the taping, "we would rather come out to the schools. It's always a grand experience. It's good fun and people seem to enjoy the experience."

"Unfortunately, the CBC is under budget restrictions and so we will probably be able to do only two of these remotes this year."

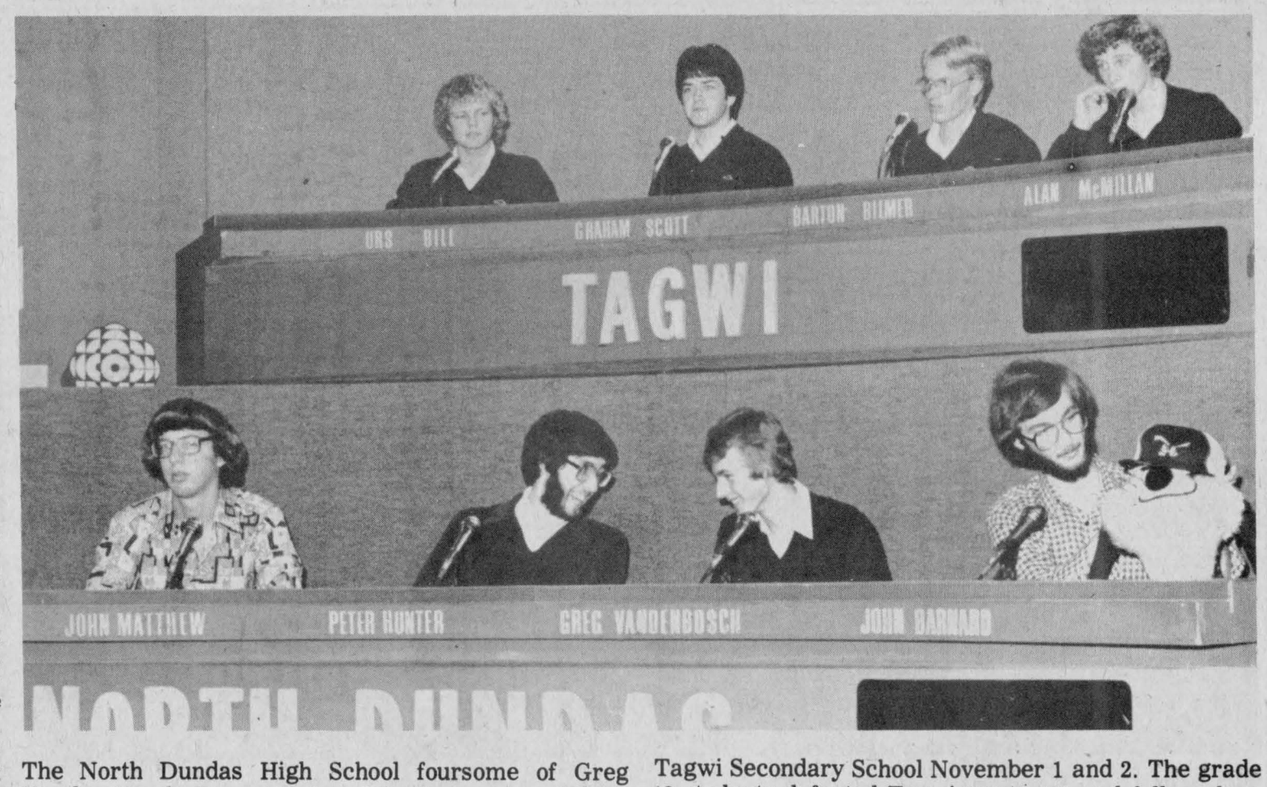
Although he has been doing the show for 17 years, Mr. Smith says he has never tired of it.

"The format is the same but the students create something new from it each time. And I'm continually amazed by the amount of information in these kids. And their excitement is contagious. I've never met anyone who said they didn't have a good time participating in Reach for the Top."

Mr. Smith says that the educators' claim that students are not being taught as well as they once were has not been evident in teams playing on the show over the years. But he says Reach for the Top has recognized the importance of fundamentals and has included questions on grammar to the usual repetoire.

As the floor manager motioned to Mr. Smith that the next taping was about to start, he said his long tenure on the show did make him worry about one thing.

"I've grown old with this game. Since 1964, contestants have graduated, taken jobs, and started families, I'm expecting somebody to come in (as a contestant) and say my mother or my father was on your show."



The North Dundas High School foursome of Greg Vanden Bosch, Peter Hunter, John Barnard, and John Mathew gave an incredible display of mental agility as they answered their way to the Flight B championship of Eastern Ontario during tapings of Reach for the Top at Tagwi Secondary School November 1 and 2. The grade 13 students defeated Tagwi 550 to 345 and followed up with a 520-250 win over Hawkesbury and a 660-315 victory over CCVS. The team will meet the Western division winners in February. record photo - riley

Glaude — van Loon

The sunny afternoon of August 14, 1982 saw Barbara-Ann Mary, daughter of Mr. and Mrs. William van Loon of Finch, and Michel Aurel, son of Mr. and Mrs. Marcel Glaude of Berwick, united in a double-ring ceremony officiated by Rev. Roch Bougie at St. Bernard's Roman Catholic Church, Finch, Ont.

Attending the bride were Diane Glaude, sister of the groom, as maid of honor, Cynthia Whetter as bridesmaid and Julie Terpstra as flower girl.

Attending the groom were Uwe Loos as bestman, Michael Kearns as usher and Sylvain Trudeau as ringbearer.

The bride wore a lace and appliques trimmed white gown with a chapel length train. The open neckline was accentuated by a gold cross. She wore a fingertip veil and carried a cascading bouquet of peach roses, white daisies, yellow carnations, apple blossoms and baby's breath trimmed with white lace and brown ribbon.

Guests from Brussels, Woodstock, Montreal, St. Hubert, Que., Massena, U.S., Brantford, Sudbury and other localities attended the reception held at the Finch Community Center.

The couple honeymooned in the Penn Hills of Pennsylvania. They reside in Berwick where farming and nursing are part of their lifestyles.

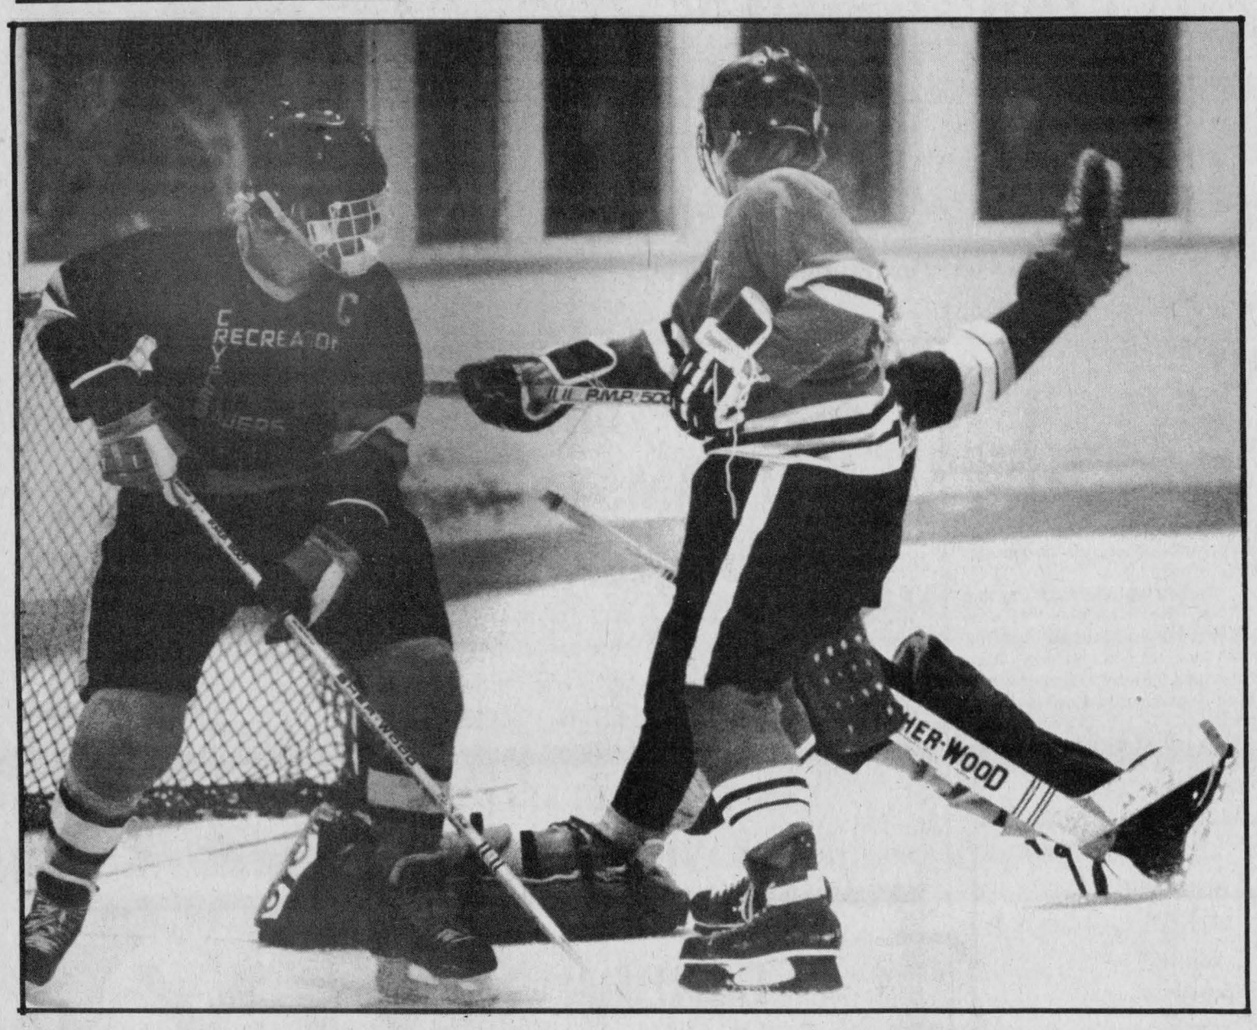
THE RECORD SPORTS



Crysler goaltender Pat Brugmans pulled his hand out from nowhere to grab a Maxville shot as teammate David Mason looks on. Brugmans was pulled in the final minute of the game with the Raiders trailing 3-2 only to have Maxville score in the empty net. It's the second time Raiders' coach Denis Raymond has tried the move and the second time its failed. "It's got to work some time", he said after the game.

record photo - riley

Final minute, empty net goal downs Crysler Raiders for second time

FINCH (Staff) - Pulling the goalie out of the net for the extra attacker in the dying seconds of a hockey game often produces a goal, but rarely the tying one.

The Crysler Raiders of the Eastern Ontario Junior C Hockey League have found that out the hard way in their first two games of the season.

In their opener against the Finch 76s, the Raiders were down 4-3 with 37 seconds left. They pulled their goaltender, Pat Brugmans, only to see Finch's Gordie MacDonell take the puck off the boards and send it down the ice into the empty net.

On October 28 at the Finch arena, the Raiders found themselves trailing 3-2 to the Maxville Highlanders with 34 seconds left in the game. Brugmans again came out and this time the Crysler attack fired off a volley of shots at Maxville goaltender Arden Clemens. But Maxville's Randy MacRae picked up a loose puck with 15 seconds on the clock to, you guessed it, send it down the ice into the empty net.

"That play (pulling the goalie) has got to work some time", Crysler Raiders coach Denis Raymond said after the game. "We had a lot of shots this time but they just didn't go in."

Raymond gave credit to the defensive blanket Maxville had working around their net, not only in the final minute but throughout the game for their 4-2 victory.

"We had a lot of shots on the net but Maxville was well covered. They really had their box set up well."

Maxville coach Richard Massia was also pleased with the defensive effort of his club. "We are finishing our checks tonight", he said, "something we weren't doing against Embrun (October 31 game in which Maxville lost 7-1)."

Crysler's Albert Herfkens opened the scoring midway through the first period on a pass by Pierre Thibault but Randy McRae tied it up on a pass by Steve Douglas at 1:54.

The Highlanders went ahead 3-1 in the second period on goals by Hughie Coleman and Randy McRae before the Raiders came back with their second and last goal of the game, captain David Mason scoring unassisted at 2:15.

Arden Clemens preserved the 3-2 lead through the final period, getting some help from the goal post on three occasions, force Crysler into the empty net gamble.

Randy McRae's shot into the empty net completed a hat trick and was his fourth goal in three games.

In other games across the league, the Embrun 72s continued their undefeated pace with an 8-3 victory over Cornwall and a 7-1 win over the Highlanders and the Chesterville Flyers were edged 2-1 by the Alexandria Glens.

Embrun 8, Cornwall 3

Norm Brisson and assistant team captain David Clement led the Embrun attack with three goals and an assist each as the defending league champion 72s jolted the Cornwall Township Flyers in the latter's first game of the season in a match played in Embrun October 29.

Cornwall had played their own pace in the first period for a 1-1 tie but fell apart in the second as the 72s broke away with four unanswered goals.

Also scoring for Embrun were Andre Brisson with one goal and our assists and Norm Bissuillion with a goal and an assist. Daniel Piche assisted on three goals while Pierre Sauvage, Gilles St. Pierre, Mario Adum, and Sylvain Bourdeau picked up single assists.

Scoring for Cornwall were Roger Lalonde with two goals and Chris MacDonald with two goals and two assists.

Roch Chenier, playing his first game of the season in net for Embrun, picked up the win while Jeff Blodget took the loss for Cornwall.

Alexandria 2, Chesterville 1

After opening their season with a game sheet that saw nine goals recorded (a 5-4 loss to Maxville) and 19 minor penalties handed out, (nine to the Flyers) Chesterville Flyers took a turn the opposite way with a closely checked, but tame, game against Alexandria in Alexandria October 28.

The Glens opened the scoring in the first period on a goal by Joel Damour on a pass play set up by Jacques Pilon and team captain Chris Gordon in a game in which only three minors were handed out to each team.

The Flyers took advantage of one of the few man advantage situations late in the second period to tie up the game, team captain Dale Simms scoring an unassisted goal on Glens goaltender Armand Dupperon.

But the Glens popped in the game winner at 12:36 of the third period with Denis Bourbonnais scoring on a pass by Jacques Pilon.

Kirk Edwardson, playing his first game of the season in net for the Flyers, took the loss.

The game was the Glens first win of the season while the Flyers dropped to 0-2, both games lost by a single goal.

Embrun 7, Maxville 1

The Embrun 72s are quickly establishing themselves as a power house on the Junior C circuit. In their first three games of their season, they've outscored their opposition 19-7.

And they left little doubt about that power when they took to the Maxville ice on October 31.

The Highlanders opened the scoring in the first period when Darron MacQuaig beat Pierre Cousineau on a pass by Kelly Currier.

From that point on, the 72s were in control. The line of Andre Brisson, Norm Brisson, and Daniel Piche continued to roll up points. Andre Brisson scored twice while Piche had a goal and a pair of assists.

Also scoring were Sylvain Bourdeau, Pierre Sauvage, and David Clement.

Richy Villeneuve took the loss in net for Maxville.

In upcoming games on the Junior C circuit, Cornwall hosts Crysler on November 2, Alexandria is in Finch November 3, Cornwall is at Alexandria and Embrun plays Finch in Crysler on November 4, and Finch plays in Embrun on November 5. All games start at 8:30pm.

The Chesterville Flyers have an 8pm start on November 6 when they play host to Cornwall.

Hawks blitz way to win over Lions

WINCHESTER (Staff) - The Winchester Hawks scored five successive goals during a nine minute span in the third period, including three goals on five shots at Mike Payette who finished the game David Black started, to down the Morrisburg Lions 8-4 in Junior B play at Winchester October 29.

In other games, Char-Lan defeated Alexandria 4-2, the Metcalfe Jets bombed Navan 9-3, Navan tied Char-Lan 7-7, and Char-Lan capped the weekend schedule with a 10-3 loss to Navan.

The Winchester victory followed on the heels of a 9-5 win over Clarence Creek October 24 and boosts the Hawks to fourth place in the seven team Alex English division with a record of two wins, two losses, and a tie.

The Morrisburg Lions, troubled by weak spots on the blue line, have now dropped to second last place with two wins and four losses. The loss to the Hawks was the Lion's third defeat in a row, games in which Morrisburg was outscored 25-11.

This particular game, however, was something apart from the routine games on the schedule. Morrisburg and Winchester have developed the meaning of rivalry to a fine pitch and this was their first meeting of the 1982-83 season.

The game was closely played and the penalty statistics bore that out with the Hawks taking seven minors and the Lions a dozen.

And the man advantage was the dominant factor for both teams in the first two periods as Morrisburg went up 3-2.

Morrisburg's Ken Shay and Tom Hodgson sandwiched power play goals around a power play goal fired by the Hawks Lance Wells to move into a 2-1 lead in the first period.

Allen McNairn increased the lead to 3-1 during even strength play early in the second period but penalties came into play again at 15:35 as Trevor McClatchie scored on a power play set up by Mark Guy and Guy Primeau to move back within a goal after 40 minutes of play.

After trading a pair of goals early in the third period, Lance Wells scoring unassisted for the Hawks and Michel Dubeau for the Lions, the Hawks suddenly, and thoroughly took control of the game.

In a time span that began at 9:19 and finished at 18:18, Winchester pumped in five goals to finish off a game in which the Hawks outshot the Lions 39-23.

Guy Primeau led off the downpour and was followed by Lance Wells with his third goal of the night, Trevor McClatchie with his second, Gilles Lasalle, and Mark Guy.

Wells' hat trick earned him a position on the division's top 10 scoring list while Trevor McClatchie who picked up two assists in addition to his pair of goals, moved into the seventh position.

Bourk Boyd, Guy Primeau, and Mark Guy each earned two assists in the game.

The Winchester Hawks will try to extend their winning streak against Navan in a home game on November 5, (8:30pm) and the Metcalfe Jets on November 7 in Metcalfe (2pm).

The Morrisburg Lions will try to turn things around when they host Clarence Creek for an 8:30pm start November 5 and in Char-Lan the following day (8:15pm).

Blue sets pace with two wins as Town League opens season

CHESTERVILLE (Staff) - Two games into the 1982-83 season of the Chesterville Men's Hockey League, Blue remains the only team undefeated in the four team league.

Blue doubled Maroon 6-3 in the season opener October 20 and followed up October 27 with a 6-4 victory over Red.

In other games, Red blanked Green 4-0 on October 20 and Green edged Maroon 2-1 on October 27.

Blue 6, Maroon 3

Greg Beckstead scored three times and Doug Nugent twice to pace Blue to an opening night victory.

Blue had led 2-0 after one period on goals by Beckstead and Richard McMillan but Maroon came back with two goals in a 36 second span during the second to tie it up. Dean Williams scored on Lyle Servage's pass for the first goal and the two just switched positions for the second.

The teams split a pair before the period ended, Beckstead for Blue and Servage for Maroon, to come out of the second period deadlocked 3-3.

Blue clinched the game with three unanswered goals in the third, Beckstead popping in the winner and Doug Nugent adding two insurance goals.

Rick Sproule was the winning goaltender while Dan McMartin took the loss.

Red 4, Green 0

Steve Droppo earned the first shut out of the season and he managed it against last year's league champions, the Green Machine.

Kevin Mackler opened the scoring in the first period, Morris Dusomos added another in the second, and Tony Kelly and John Douma capped the scoring with a goal each in the third.

Dave Arnold, Tony Kelly, Bruce Angus, and John Douma drew assists.

Blake Henderson took the loss in net for the Green Machine.

Blue 6, Red 4

As they did in their opener against Maroon, Blue held off their opposition in the third period to nail down a win.

The teams were tied 4-4 going into the third period when Glen Mackler beat Red's goalie Steve Droppo with a shot set up by Greg Casselman at 5:19. Brent Theede put in the insurance goal two minutes later on a pass play by Neil Kittle and Dale Hutt.

Also scoring for Blue were Danny Kelly and Dale Hutt with two goals. Red got goals from Pat Kelly, Dave Arnold, Rudy Grisel, and Kevin Mackler.

Rick Sproule was in net for Blue.

Green 2, Maroon 1

After a scoreless two periods, Steve Plummer put Green in front three minutes into the third on a shot set up by Jamie Utman and Mike Armstrong.

Pat Imrie tied it up for Maroon at 3:35 on Darren Kirkwood's assist but Green's John Elgar beat Dan McMartin with 1:24 to play for the win.

Blake Henderson was in net for Green's first victory of the new season.

Check your stairs for potential hazards, warns the Industrial Accident Prevention Association. Look for loose treads or rugs, broken steps or handrails, inadequate lighting and clutter. Don't store anything on basement stairs. Take care of your family by protecting them against falls.

Devils finish with 'playoff' performance in 2-2 deadlock with Seaway Spartans

IROQUOIS (Staff) - It was only fitting that North Dundas District High School's senior boy's soccer team ended its season under a new name, replacing the name Rams, a title used by the media for convenience but one that had never been officially adopted by the school, with Devils.

The change was appropriate because the North Dundas team that tied the undefeated Seaway District High School Spartans 2-2 here on October 27 was not the same team, play-wise, that had been shut out three times in the first five games of the eight game SD and G schedule.

For the Devils, the game was a last chance to prove that they were a playoff calibre club, a matter of principal since they had lost their chance at actual playoff action to the undefeated pace of the Glengarry Gaels and the Seaway Spartans.

Although the Devils had chalked up back-to-back victories coming into the game, beating the Cornwall Collegiate Raiders 4-1 and the Osnabruck Lancers 1-0, neither win had particular impact since they had come against the league's last place and second last place teams. And since the team had been blanked 2-0 by the Gaels earlier in the season, the Spartans provided the last true test for the team.

The Devils passed the test.

From the opening kick off, the Devils applied the pressure with faster play and more shots on net. Mark Smith opened the scoring in the first half with his fifth goal of the season but the Seaway Spartans came back early in the second with back to back goals to move into the lead.

With five minutes left in the game, Kieran Smyth tied the game with a waist high shot to the left corner to end the scoring at 2-2.

"It's one of the best games we played", Carl Ward, coach of the Devils, said after the game. "The way we carried the play in the first half, we should have been up 4-0. The ball just wasn't going into the net."

Ward said he was pleased that the team had improved over the season and that the players had showed they could play with the best.

"The team didn't go in with the attitude that these guys (the Spartans) are undefeated so why bother. I think, instead, we got a 100 per cent team effort."

"The guys are getting better as they go along. It's just too bad that we couldn't have had six or seven more games in the schedule", Ward said.

The tie gave North Dundas a final record of three wins, three losses, and two ties for an even .500 mark while the Spartans adjusted their record to 5-0-2 with a game left to play against the Osnabruck Lancers.

On the junior side, the Devils never had to walk on the field as they won by default.

While the Spartans have one of the strongest teams at the senior level, they have no team at all at the junior level. Joe Veryard, coach of both Spartan teams, said the Juniors dropped out three games into the season because of lack of interest.

"I would have liked them to finish the season", Veryard said "but I can't really blame them. I moved up three of the Juniors to the Senior team because of injuries and they lost a fourth player to a suspension. With their best players gone, they were beaten badly a few times. They just quit coming out. I can't force them to come out to practices."

With the default win, the Junior Devils, coached by Irv Francis, finished the season with a record of three wins, three losses, and two ties to match their Senior counterparts with a .500 record.

Shooting down the opposition

Oliver Bartsch of the North Dundas Devils (formerly the Rams) seems to have blasted the opposition, as well as the ball, on this shot. The Devils finished their SD and G soccer season on an impressive note, tying the undefeated Seaway Spartans 2-2 in a game played at Seaway District High School October 27. The Devils finished the year with a .500 record of three wins, three losses, and two ties.

record photo - riley

Contest for team name Devil(s) of a good time

NORTH DUNDAS (Staff) - What's in a name?

Apparently quite a bit as far as the teachers and students at North Dundas District High School are concerned.

Last month, a contest was begun to select a name for the school's athletic teams. Thirty-seven names were submitted to a committee which pared that number down to five - the Trojans, the Nittany Lions, the Blue Bombers, the Ravens, and the Norsemen.

That was the official list. Unofficially, the favorite choice being bandied around by the studnets was the Devils, a name that had been submitted and rejected.

The name wasn't proposed as a reference to past conduct of athletes but to a brown and white, stuffed toy known as the Tasmanian Devil that has been used as a mascot at games for the past several years.

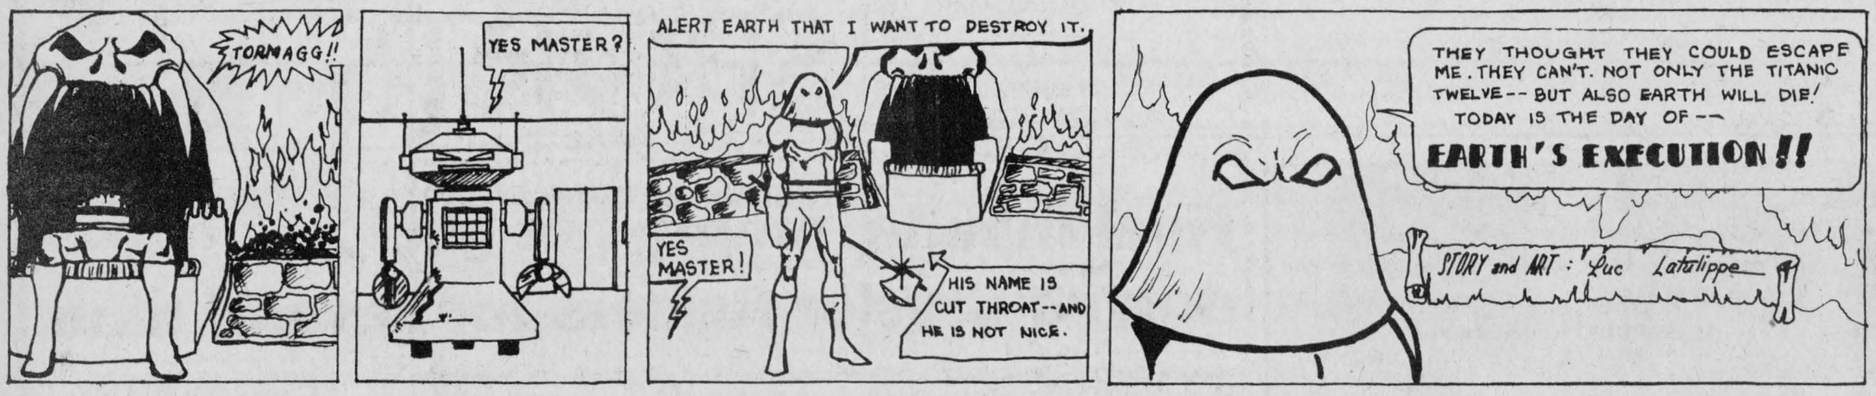
Demand for the name was great enough to force the committee to add the name on the ballot. And on October 25, the students went to the polls, to vote in the Devils with 261 votes, narrowly defeating 241 others who wanted Trojans as the name of their teams.

All of this might sound odd to those who have followed the sports pages of area newspapers. After all, wasn't the school's soccer team already called the Rams and the basketball team known as the Trojans?

Yes and no. Yes, the teams were known by those names in the papers. No, they weren't the names of the teams because the teams didn't actually have any names. Someone, at some time, gave them those names to make it easier to write about the teams, and it just passed from reporter to reporter.

Fran Kelly, a teacher at the school and a member of the committee that went through the submission of names, says the whole purpose of the contest was to pick a name for the teams and use it to "develop school spirit" for the sports program.

Super Herman



Super Herman returns next week

North Glen-Stor opens

MAXVILLE (Staff) - While other minor hockey associations have encountered declining enrolments this year, the North Glen-Stor Minor Hockey Association has remained steady in numbers says league president Ron MacDonnell.

In fact, MacDonnell says, the 169 boys who signed up for the league's Atom, Peewee, Bantam, and Midget divisions is one more than signed up last year.

He made the comments as the Association got its 1982-83 season underway with Atom and Peewee games on October 31. The Bantam and Midget divisions will begin their schedule on November 7 with games at the Finch arena.

MacDonnell admitted that there had been some talk at association meetings about linking up with the new Upper Canada Minor Hockey, which has amalgamated the Carleton-Dundas, Upper St. Lawrence, and Golden Triangle minor hockey leagues, but said the talk concerned house league teams rather than travelling teams.

"We were looking at ways of getting enough players together for a four team house league", he said. "As for travelling teams, it would mean just too considerable an amount of travel to belong to that league."

Finch wins fifth in a row, Toyes Hill sliding

WINCHESTER (Staff) - Finch continued its domination of the Winchester and District Broomball League last week with a 3-2 victory over second place Dunbar Panthers to extend their winning streak to five games.

Finch has now outscored its opposition 25-3 to take sole possession of first place and marked itself as the team to beat within the eight team league.

In other games, Crysler blanked Newington 3-0, Ormond defeated Toyes Hill 3-1, and Morewood tied Osnabruck Centre 1-1.

Finch 3, Dunbar 1

Henry Pynenburg paced the Finch attack with back-to-back goals a period apart and top scorer Rene Dumoulin popped in the insurance goal with 29 seconds left in the game to hand the Dunbar Panthers their first defeat of the five game old season.

Dunbar had emptied their net in the final minute after Lori Blanchard had scored at 2:52 to bring the Panthers within a goal of Finch, trailing 2-1.

Dunbar's record of 3-1-1 keeps them in second place because of Toyes Hill's 3-1 loss to Ormond.

Noel Lalonde continued to sparkle in the Finch net with a league-leading goals-against average of .60.

Wayne Pitt was in net for the Dunbar Panthers.

Ormond 3, Toyes Hill 1

Fifth place Ormond surprised third-place Toyes Hill with the goaltending of Bennie Melenhorst as Ormond held the Roadrunners attack to a near stand still.

Tied 1-1 after two periods of play, Leo Vanderlaan scoring for Ormond and Garth Hansma replaying for the Roadrunners, Ormond went ahead at 6:30 of the third period when Jim McDiarmid beat Toyes Hill netminder Wayne Hunter with an unassisted shot.

The Roadrunners tried to even it in the final minute with Hunter pulled for the extra attacker but Bill Robinson found the open net with 28 seconds left to ensure the victory. Rob Scarth assisted on the play.

The loss was Toyes Hill's second in a row after zooming to the top of the standings with a three game winning streak at the beginning of the season.

Morewood 1, Osnabruck 1

Morewood extended its undefeated streak to three games and Osnabruck continued its trend of adding to its points one at a time as the teams deadlocked at 1-1.

It was Osnabruck's third tie of season, the highest in the league, and Morewood's second.

Both goals were scored in the second period with Morewood's Frank Michaels firing first at 14:03 on a pass from Brent Byers. Marty Fleury completed the scoring action at 5:37 on a pass from Allan Bowman.

If there wasn't much action in the scoring side, there was in the corners and in front of the net. Osnabruck drew eight minor penalties and Morewood had seven.

Crysler 3, Newington 0

It took until the fifth game of the season but Crysler finally got itself on track, and on the points standing list, with its first win of the season.

The game was actually a battle of the basement with last place Crysler trying to switch positions with second last place Newington which had earned a point with a scoreless tie against Osnabruck.

And Stan McBain got Crysler out of the basement with a natural hattrick scored over the first and second periods. John Hopmans, Paul Fournier, and Rick Brunett drew assists on the goals.

Danny St. Pierre picked up the shut out in net in a quiet, one minor penalty game.

Oldtimers win two more

CHESTERVILLE (Staff) - The Chesterville Oldtimers won a double header this past week, coming from behind to defeat Dunbar 6-3 on October 27 and downing Prescott 9-3 in a road game October 31.

Dick Henderson scored the winning goal against Dunbar. Also scoring were Cory Van Delst and Terry Buske with a pair each, and Les Holmes with a single.

Assists went to Rae Imrie, Don Henderson, Dick Henderson, Erik Thompson, Rip Lannin, and Reg Dion.

Rae Imrie, Mike Fyke, and Rick Cormier each scored twice to pace the Chesterville Oldtimers to a 9-3 win over Prescott. Mike Coyle, Don Henderson, and Terry Buske scored singles while assists went to Reg Dion (2), Mike Fyke, Rick Cormier, Mike Coyle, and Terry Buske.

The Oldtimers record now stands at four wins and two losses.

Fun Run set for Winchester

WINCHESTER (Staff) - One mile and five mile "fun" runs will be held in Winchester this Sat., Nov. 6, testing runners not on how fast they can run but how fast they think they can run.

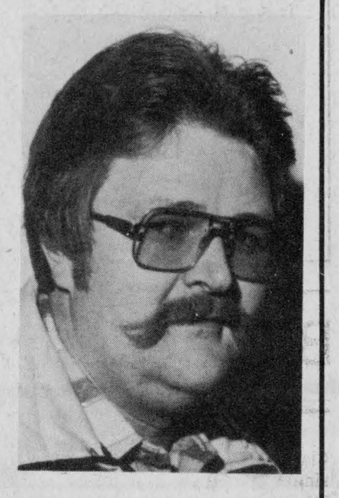
The one mile and two mile runs, starting in front of the Pro Sports Shop at 1pm and 2pm respectively, will be prediction races where winners guess beforehand how long it will take them to complete the course.

Both races are open to everyone, fast or slow, jogger or not. There is no entry fee for the 1pm start but there will be a $2 entry for the later race.

For those wishing to test themselves a little harder, the five mile race will begin at 2pm, and proceed down Ottawa Street and back. Like the other events, this too will include time predictions.

Following the runs there will be hot soup available and prizes awarded to those closest to their times, to the youngest and oldest runners, and those with the best times.

TO THE PEOPLE OF
WILLIAMSBURG TOWNSHIP



I am again asking for your support for the position of Councillor in the Township of Williamsburg.

Having been on Council the past two terms I am offering experience and proven sound judgement in the Townships affairs.

Bowling news

Sunday Night Mixed

Clair McLeod had the ladies' high single and triple with scores of 211 and 581. Heinz Mulitze had 254 for the men's high single while Bob McLeod added 638 for the high triple. Standings: Heinz 1, Mike 2, Hank 2, Bob 3, Rick 4, and Bernie 5.

North Stormont Ladies

Elaine Walsh scored a 276 game for the high single and Lillian Johnstone had 703 for the triple. Standings: Grace Forsythe 29, Rae Kuno 26, Lillian Thatcher 24, Cathy McRae 21, Elaine Walsh 15, and Micheline Cayer 11.

Monday Night Men's

Gary Scott had the best game of the evening with a 294 game and Syd Bird the best combination with 742. Standings: No Names 30, Bombers 28, Farmers 23, Legion 23, Blue Max 22, and Mailmen 21.

Copains

Francois Leclerc was the top bowler on the men's side with a high single and triple of 282 and 727. Florence Racine scored 283 for the ladies high single and Claudette Piche totalled 611 for the high triple. Standings: Rachel Sauve 32, H. Paul Marion 31, Richard Matte 26, Christiane Bouchard 20, Claudette Piche 20, and Paulette Vernier 18.

Busy Matrons

Shirley Munro bowled 277 and 785 for the ladies high single and triple. Standings: Betty Wheeler 32, Pat Monast 30, Shirley Greer 27, Mary Derue 21, Shirley Munro 19, and Edythe Cameron 19.

Community

Chris Van Dongen scored 280 and combined 711 for the men's high single and triple while Cheryl Blacquiere had 325 and 661 for the single and triple on the ladies' side. Standings: Gord McLaughlin 28, Earl Johnston 23, Edythe Cameron 21, Lorne Byers 20, Joyce Armstrong 18, and Russ Sirvage 16.

Berwick Thursday Night

Delia Hopmans and Winston Dingwall were the top bowlers of the week, Hopmans with 262 and 731 and Dingwall with 310 and 759. Standings: Earl Scharf 34, Pin Bazinet 32, Percy Jackson 30, Garnet Rutley 27, John Ouderkirk 23, and Bernard Moran 22.

Junior-Senior YBC

Richard Dingwall bowled 207 for the boy's high single and Peter Masterson scored the high triple with 504. Sandy Price won both the single and triple on the girls side with scores of 233 and 583. Standings: Kim 20369, Sandy 20192, Evelyn 20056, Dan 19911, Peter 19722, and Tracy 19518.

YBC Bantam

John Belanger was the top bowler among the boys with scores of 146 and 263. Dawn Page had the girls' high single with 156 and Tanya Gareau bowled 294 for the high double. Standings: Dianne 12982, David 12921, Allison 12916, Brenda 12763, Arthur 12630, and Trent 12611.

Williamsburg Mixed

Gary Scott and Janice Gillard were Williamsburg's top bowlers of the week, Scott with scores of 338 and 821 and Gillard with 286 and 665. Standings: Gary Scott 20785, Garry Hutt 20721, Jimmy Cooper 20,667, Rita Cooper 20,557, Percy Robertson 29,435, and Jack Hoogeveen 20,137.

Matilda

Bert Smail had a 286 game and Bob Roberts combined for 734 for the men's high single and triple. Doris Tinkler had 254 and 611 for the ladies' high single and triple. Standings: Percy Robertson 11778, Andy Etherington 11598, Marilyn Payne 11535, Walter Patterson 11530, Gabriel Hutten 11523, and Bert Smail 11417. The hidden score of 329 was won by Rick Hansma.

Wednesday Afternoon Ladies

Linda Rader bowled a 256 game and added 613 for the high single and triple. Standings: Liz Brooks 33, Debbie Hess 29, Hilda Hess 29, Lennie Bowman 24, Eileen Sharkey 23, and Penny Arsenault 9.

Avonmore Mixed

Dean McIntyre had the men's high single and triple with scores of 304 and 753 while Carolyn Tinkess topped the ladies' side with a high single of 272 and 697 triple. Standings: Lynden Jackson 21, Glenn McIntyre 19, Irene McIntyre 16, Charlie Rielly 15½, Don Welford 14, and Neil Bush 10½.

Sports Calendar

NOTE: The Chesterville and District Minor Hockey Association is looking for people interested in refereeing. Newcomers are welcome. Anyone interested should phone 448-2721 after 5pm. Ask for Chris.

SKATING — The Chesterville and District Recreation Department has set its schedule for public skating. There will be open skating on Sunday afternoons, from 2pm to 4pm, and family skating on Saturday evenings from 7pm to 8pm. Wednesday mornings, from 10am to 11am, have been reserved for Moms and Tots while the 1:30 to 3pm Tuesday afternoon time slot has been set aside for adult skating.

REFEREE CLINIC — There will be a Level 1 referee clinic at the Finch arena on November 13. All new recruits are welcome. For further information call Doug Workman at 987-5683.

NOVEMBER 3

JUNIOR C — The Finch 76s host the Alexandria Glens in EOJCHL play. The game starts in the Finch arena at 8:30pm.

NOVEMBER 4

JUNIOR C — Cornwall is at Alexandria and Embrun plays Crysler at the Finch arena in EOJCHL play. Both games start at 8:30Pm.
BASKETBALL — The Rothwell-Osnabruck Lancers hosts Hawkesbury and the Tagwi Warriors are at North Dundas in SD and G girls basketball games. Start time is 1:30pm.

NOVEMBER 5

JUNIOR B — Navan is in Winchester, Clarence Creek travels to Morrisburg and the Metcalfe Jets are at Alexandria in Alex English Division action. All games start at 8:30pm.
JUNIOR C — The Cornwall Flyers travel to Embrun for their second game of the season. Game time is 8:30pm.

NOVEMBER 6

FUN RUN — There will be one, two and five mile fun runs starting at 1pm in front of the Pro Sports Shop in Winchester. Open to everyone, the runs will feature prediction prizes for those who can guess beforehand how long it will take them to complete the course. Hot soup will be available after the run.
JUNIOR C — The Chesterville Flyers play host to the Cornwall Flyers for an 8Pm start at the Chesterville arena.
JUNIOR B — The Morrisburg Lions are at Char-Lan for an 8:15pm start.

NOVEMBER 7

JUNIOR B — The Winchester Hawks play the Metcalfe Jets in Metcalfe at 2pm and Clarence Creek is at Navan for a 7:30pm start.
JUNIOR C — The Finch 76's are in Maxville for a 2pm start.
