### School Concert

The pupils of the Chesterville Public School will hold a concert in the Music Hall, Chesterville, on Wednesday evening, Nov. 16th at 8 o'clock. A splendid programme is being provided. Miss Mae Skiling of Toronto, who so delightfully entertained the Teachers and Trustees at the recent Cornwall convention, will be present to demonstrate and provide excellent entertainment with the new School Grafonola. Every person in Chesterville and vicinity is cordially invited. Admission 25c. Come along and help the boys and girls!

### Property Changes Hands

The corner lot opposite W. G. Bolster's drug store and owned by Miss Harrison, has been bought by the Peoples Mfg. and Sales Co., of Ottawa. The price paid was quite large, but the location secured for the company's store overbalances the price, as it is undoubtedly one of the most valuable business properties in town. The deal was closed on Saturday last and already the plans and specifications are in the hands of Mr. F. W. Merkley, under whose management the building will be erected, the material already being put on the grounds and the company expects to have it ready for business by Jan. 1st, next, if the weather is at all favorable, as workmen will be put on to rapidly complete the work.

### Miss Sproule Honored

A miscellanous shower was tendered Miss Margaret Sproule on Friday evening Nov. 4th, at the home of her sister Mrs. John Trueax of Monkland, when a large crowd gathered to do honor on the occasion of her approaching marriage, in which she is about to leave for her future home in Chesterville.

About half past nine the bride to be was carried down and placed under a bower of evergreens, where she received her shower of many beautiful and costly presents. After thanking her friends and extending a strong invitation to all to come and visit her, she was carried around the room while the crowd sang "For she's a Jolly Good Fellow," after which supper was served and an enjoyable evening spent.

### Mrs. Charles Hutchinson, Morewood

On Thursday Oct. 27th, there passed from this life an old and respected person, Mrs. Charles Hutchinson, after a short illness of two weeks although she had been in failing health for over four years. The deceased lady was born in the Township of Elizabethtown, Leeds County. July 3rd, 1846. She was the oldest daughter of the late Lorenzo Thomas. In 1865 she became the wife of Chas. Hutchinson, who preceeded her five years. In 1867 they came to reside near Morewood and near which place they have continually resided.

The late Mrs. Hutchinson was a consistent member of the Methodist Church, in which church she worked in the Sabbath School and all branches of the work as long as she was able to attend, although deprived for some years of attending the church services, she remained a patient sufferer until death called her to her eternal reward.

The interment took place in the Maple Ridge Cemetery on Sat. Oct. 29th, wreaths being placed on the coffin by the family and the Ladies Aid Society and the W M. S. of which she was a member.

She leaves to mourn her loss, two sons Benson of Morewood, and Coleman of Winchester, and two daughters, Nellie, wife of Orrin Dillabough and Minnie, wife of Alex McConnell, Morewood.

Owing to the ill health of her pastor, the Rev. Mr. Curtis of Winchester, assisted by Rev. Mr. Jobb, conducted the funeral service and gave an excellent address on 'I am the the resurrection and the life'' John 11-25.

The pall-bearers were James Moffat, Wesley Reveler, Allen Steven, David Collinson, Henry Smirl and Thos. McGregor.

The bereaved family have the sympathy of the community.

INCORPORATED IN 1855
Capital and Reserve $9,000,000.

Finch and Newington Branches, - G. M. Belfie, Manager.

Sub-Agency at Monkland open Mondays and Fridays.

### Winchester Township Council

Winchester Township Council met at Morewood on Monday, Nov. 7th.

A petition from the parties assessed in the Quart Drain asking that the amounts to be collected under amending report of the Engineer be spread over 7 years, instead of being all levied for this year, was presented, and instructions given that a new By-law be prepared, to comply with their request.

The amending By-laws re the Servage and Parker Drains were finally passed.

A. W. Servage was granted a bonus of $100.00 for excavation Servage Drain to be levied for this year from parties interested.

Next meeting at Winchester, Dec. 5th.

### Thank Offering at Dunbar

Thank Offering Service in the Presbyterian Church Duubar, Sunday evening Nov. 13th at 7.30. Sunday School at 10.00 a. m. No afternoon service.

### Slim Attendance at Rink Meeting.

The response to the call for a meeting of the skating rink shareholders and others interested for Friday night last was not heeded by enough of either to go ahead and do any business. We understand it is the desire of the hockey club to take over the management of the rink for the season. Players for the hockey club are said to be abundant this year in which case it would be too bad not to have the rink in shape early.

With several inches of snow here there is good sleighing to-day.

*Russell Store Has Close Call*

The store of C. F. McArthur, Limited at Russell, had a narrow escape from destruction by fire Tuesday evening of last week. The fire was first discovered in the basement from which a dense smoke was coming through openings in the floor. An attempt to reach it by way of the stairway had to be abandoned and a register removed through which the flames could be seen among empty boxes and oil barrels. A chemical extinguisher was brought into use, operated by Frank Bisley, who lying flat on the floor was able to make good use of it, and whose efforts no doubt saved a heavy loss. The Leader in reporting the fire enumerates about everything that could be carried off from the village fire engine as missing, and which had to be located and replaced before it was in serviceable condition, which was after the fire had been put out with the chemicals.

TELEPHONE SIX

**ARCHER**

Mr. Clarence Loucks of Rowena, spent part of this week with friends here.

A number from here called on S. S. No. 5, on Friday as the teacher, Miss Ethel Willard, had the day for visitors' day. The pupils gave a short program in the afternoon which was enjoyed by all present.

The snowstorm on Friday night made the cattle and horses seek shelter.

Mr. and Mrs. Geo. Weagant were guests at the latter's parental home, Mr. Darwin Weagar's, Hoasic, on Sunday.

Messrs. Herb Gallinger and Wm. Myers were in Morrisburg on Friday.

Mr. and Mrs. Matthew Marcellus of Aultsville, were Sunday guests of Mr. and Mrs. Fred Cunningham.

Mr. and Mrs. Clarence Baker, Miss Clara and Master Hubert were guests of Mr. and Mrs. Isaiah Fetterly, Hedgemont, Aultsville, on Monday.

Miss Hilda Gallinger and Mr. Murray Myers M.C.I., are spending their holidays at their homes here.

Mr. A. W. Weagant spent Sunday with his daughter Mrs. Fred C. Gallinger, Gallingertown.

**A Mysterious Theft**

Robert McGowan, livery proprietor of Renfrew, is minus $1,700, which mysteriously disappeared from a cash box in his home. It was made up of $1,700 insurance money which Frank, a son who was killed in the war, had upon his life, and $500 which Tom, another son killed in the war, had upon his life The balance of over, $200 was added from time to time by Mr. and Mrs. McGowan, who for reasons known to themselves did not deposit it in the bank. A week ago Mr. McGowan concluded to make an investment, and proceeding to the cash box found everything gone. As he had no occasion for some time to touch the money, he cannot even guess when the theft took place.

# Women of Canada

*"I ask from all the people of Canada an earnest review of the real issue before Canada to-day. I ask from men and women a calm, thoughtful consideration of serious public questions; and, so far as I am concerned myself, I ask not favors but fairness."*—ARTHUR MEIGHEN.

WOMEN OF CANADA, the coming General Election will be one of the most momentous in Canadian history, and Arthur Meighen asks YOU to give the issue fair, unbiassed consideration.

Women and men alike are called upon to decide whether political, industrial and economic stability is to be replaced by class rule, political and industrial chaos and possible economic bankruptcy.

The facts are clear, and every Canadian woman will do her own thinking. She will not be misled by others. She will not blindly follow family political precedent, neither will she be carried away by the false theories or empty "isms" of theorists and extremists. Every woman will arrive at a personal decision by the application of practical common sense.

The great issue is the Tariff and here are briefly the facts.

The present Canadian Tariff, so far as it affects the necessaries of life, is a very moderate one. It is simply a tariff maintained to keep Canadian factories in Canada, employing a steadily increasing volume of Canadian labor and developing Canadian resources.

Meighen stands firm for the continuance of a reasonable tariff. It is now even more imperative than in the past. All other important countries are retaining or increasing their tariffs in order that they may hold their home markets for their own people.

Under Crerar's Free Trade policy Canada would be swamped with foreign goods, principally from the United States, Canadian industry would be ruined, thousands of men and women would be out of work with all the hardships to themselves and their children that must result. The farmer's great home market would be seriously affected, taxes would be increased, and Canadian working men would have to go to the United States for employment.

While King's Tariff policy is wobbly it nevertheless tends toward the destruction of the Tariff and would bring with it practically the same results.

MEIGHEN'S POLICY EVERYBODY KNOWS. It is the only means whereby confidence may be maintained and employment given to all classes of the people.

The foregoing is a plain statement of logical conclusions arrived at from the facts. Think the matter over carefully "without favor but with fairness".

Make your own decision, stand by it unmoved and be sure to exercise your vote.

**Children Cry for Fletcher's**

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

## Cut Chore-Time in Half

Do you realize that an average farm uses *one ton of water a day?* How long are you going to handle this tremendous bulk by old-fashioned, wasteful methods?

Modern farmers let the wind pump and distribute their water. They cut chore-time in half. They have running water in the house, the barn and stables, and pasture.

Not with old-fashioned windmills. But with big, sturdy, efficient double-geared Toronto Windmills, constructed throughout of galvanized steel, strong and rust-proof.

A Toronto Pump and a Toronto Water-System, combined with a Toronto Windmill, gives you a real city water service.

Toronto Pumps and Water Systems can also be supplied with a gasoline engine or electric motor.

Our Windmill, Pumps and Water System booklets show you how to cut out waste time and energy on your farm—how to make more money. Write for them. They are sent free.

*MAINLY ABOUT PEOPLE*

Get your pictures framed at Bolster's Drug Store.

Miss Phyllis Merkley is the guest of her sister in Ottawa.

Miss Ethel LaPierre of Ottawa, spent the week-end and holiday with her mother in town.

Miss Jennie McElheran of Ottawa spent Thanksgiving at her home here.

Miss Gladys Robinson of the Normal School Ottawa, spent the week end at her home here.

Mrs. A. B. Brown of Cardinal, is visiting at the home of Mr. and Mrs. J. C. Simser.

The names of all those who have paid their subscription to the Soldiers Memorial will appear in next week's Record.

Mr. and Mrs. D. Anderson of Ottawa, were last week the guests of Mrs. LaGrove in town and of Mrs. Jas. Johnston of Dunbar.

Mrs. E. R. Beattie, who has spent the summer with friends in and around Chesterville left on Friday last for her home at Revelstoke, B. C.

Mr. and Mrs. J. M. Jarvis and Miss Viola Armstrong of Ottawa, were the guests of Mr. and Mrs. J. C. Merkley over the holiday.

Mr. and Mrs. Calvin Munroe and family, and Mrs. John Darling and daughter Madeline spent Sunday with the latter's parents.

Auct. L. Jordan is conducting an auction sale at Mr. John McDougall's. Harrisons Corners, today and was yesterday at Dan McElheran's at Avonmore.

Housewives of Chesterville were almost striken dumb this week when offered beef at their doors for six cents per pound. Note we said "almost."

There will not be service in the Presbyterian church next Sunday evening, owing to that evening being the occasion of the Thankoffering service in the Dunbar church.

C. W. Casselman C. P. R. Ticket Agent. Rail tickets to all points. Rates and train connections cheerfully given. Information furnished as regards Ocean Steamship tickets, Passports necessary.

Mr. R. F. Merkley, Manager of Wells Richardson Co., Ltd, of Montreal spent Thanksgiving with his parents Mr. and Mrs. Phillip Merkley.

Mrs. J. C. Merkley and Mrs. C. F. Robinson of Detriot spent Sunday the 6th, with the former's son, Clifford Merkley at Ste Agathe, P. Q.

After so much fine warm weather during the past month or two, it is proably hard to realize that winter has set in. Last year the freeze up occurred on Armistice day, Nov. 11th, with snow coming on Nov. 18th, and remaining.

Winchester District L. O. L. Church service will be held in Trinity Methodist church, Chesterville, on Sunday, Nov. 13th, at 10.30 a. m., when Rev. J. K. Curtis of Winchester will occnpy the pulpit. Brethren will meet at the Orange Hall at ten o'clock.

That little ads in The Record do thelr work quickly was well demonstrated last week when the bicycle advertised found by Clem McCloskey in Thursday's Record was claimed Friday morning by the owner, a man from Williamsburg.

Mr. Geo. H. Hummel of Smiths Falls, spent several days in town last week renewing acquaintances. Mr. Hummel just recently returned from spending two months with his son Ray of Rosetown, Sask., in which district the crops were better than in many parts of that province. While in Chesterville Mr. Hummel renewed his subscription to the Record which he says he cannot get along without.

Mr. W. J. Elliott of Calgary, after ten years absence from Chesterville, is this week calling on old friends in and near town. He notes the passing away of many faces familiar during his residence here, but sees many improvements in Chesterville. Trade is not very brisk in the western city but is thought to have passed the worst of it. Coming east Mr. Elliot noted machines at work in an endeavour to get the delayed threshing finished.

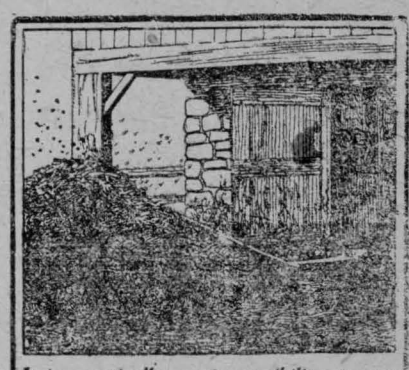
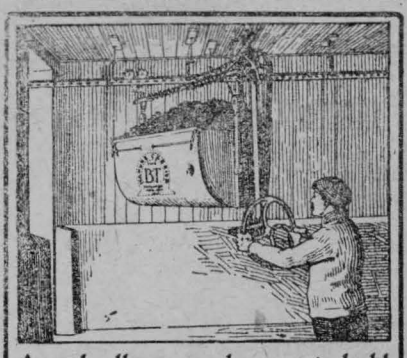
## Cash Prices Mean Lower Prices

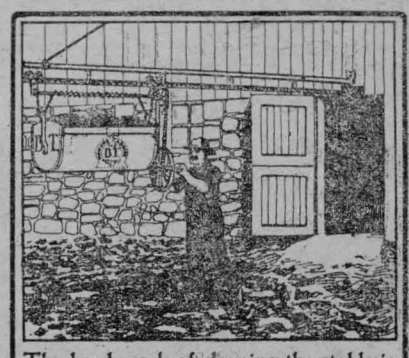
Day in and day out, the hard work of cleaning the stable has to be done. Stable cleaning with a wheelbarrow is a monotonous, hard, disagreeable chore. It is hard to wheel a heavy wheelbarrow load through a muddy yard and up a slippery plank. And the worst of it is, this hard, disagreeable chore has to be done every day.



It is practically an impossibility to get the manure far enough away from the stable. The conditions in the yard make it impossible. Manure piles right up close to the stable give off ammonia fumes that spoil paint and woodwork, rot harness and at the first opportunity breed flies.



A wheelbarrow does not hold much at a load, which means many trips before the work is done. The BT Carrier holds three times as much as a wheelbarrow. It will tackle 800 lbs. in one load.



The hard work of cleaning the stable is cut in two with a manure carrier. It runs on overhead track so it does not matter about the state of the yard. No planks to lay; no snow to shovel; no more pushing to the top of the pile with a wheelbarrow.

### A Train With Pink Roses

Carleton Place C. C.—Every once in a while the city dailies attempt to belittle the country press because they publish an item noting that "John Jones has painted his drive shed," or "Wm. Green has reshingled his house." These items are genuine news to the many readers of the country press because everyone knows the John Jones's and Wm. Green's in their community and consequently every one is interested in the things that concern their welfare. Perhaps the items are homely but they have a real interest to real people. In contrast with these items here is one taken from one o the Ottawa dailies last week: "Mrs. P—— wore a charming French gown of mauve charmeuse embroidered in silver and lavender, the train being finished with a corsage of pink roses." We leave it to you, gentle reader. Have the city dailies anything on us?

### Knew What He'd Do

Friend—If you had a million dollars what would you do?

Pessimist—Wake up and find that it wasn't so.

### Couldn't Help

"Can I be of any assistance?" asked the sympathetic motorist man who was looking unutterable thoughts at a disabled car.

"How's your vocabulary?"

"I'm a minister, sir."

"Drive on."

### Theory Versus Practice

The archbishop had preached a fine sermon on the beauties of married life. Two old Irish women coming out of the church were heard commenting upon his address.

"Tis a fine sermon his reverence would be after given us," said Bridget.

"It is indade," replied Maggie, " and I wish I knew as little about the mattar as he does."

### No Sense To It

"Your dog is a thoroughbred, isn't he Have you had him registered?"

"No I don't see any sense to having him registered. He couldn't vote."

No need to look at the label to know they're Philip Morris. You can tell 'em right away.

—at once.

That smooth smiling taste of sweet southern tobacco—the kind that grows in ol' Virginny.

Can't mistake 'em once you've caught the flavor.

### Protection of Plants For Winter

(Experimental Farms Note)

A little protection will often bring plants safely through the winter, when, if they are left exposed, they may either be killed outright or badly injured and, in the case of fruit, the crop may be much reduced. Plants are also protected from mice in winter. The plants usually protected from the weather are strawberries, raspberries, grapes and roses.

It has been found by experience that, although strawberries will often go safely through the winter without being mulched, there are winters when it pays well to have the plants protected by a light mulch as in such winters if the mulch is not there the plants will be killed. In mulching strawberries the plan is to wait until hard frost or just before winter sets in, and then spread a light covering of loose straw over the plants. All that is necessary in most places is enough to prevent sudden thawing and freezing, or just enough to cover the plants, A thick mulch may do more harm than good. The cleaner the straw the less work there will be in eradicating weeds next summer. Marsh hay, where it can be obtained, is good as it is comparatively free of weed seeds, and it will not lie too compactly over the plants.

Where raspberries are injured in the winter, they will be much protected and will, taking one year with another, comes through much better if the canes are bent over just before winter sets in and the tips held down with soil. The snow will cover them sooner than if they are not bent down. Where there is very little snow and the winters are very cold it has been found desirable entirely to cover the canes with soil.

Except in districts where the grape can be grown commercially, it is necessary to protect the vines to ensure a crop. A few days before the ground is expected to freeze up, the vines, having been previously pruned, are bent down and covered with soil, which is left on until the following May as it is spring frosts which may cause the loss of the crop.

Roses must be protected in most places in Canada to help ensure their coming through the winter alive, and protection is not always successful. The most reliable method of protection is to cover the plant with soil. Where this is not easy or possible, the base of the plant can be mounded up with soil to a height of twelve inches or more, and the top then bent over and held down with soil. Then if boughs or leaves are thrown over the top to help collect the snow and give greater protection it is desirable. In the case of climbing roses, a good plan is to cover them with a box filled with dry leaves, making the top water tight so the leaves will keep dry.

Each winter many trees are injured beyond recovery in Canada by mice. This can be prevented by wrapping the trunks of the trees with building paper just before winter sets in, having the paper come close to the ground and putting a little earth about the lower end of the paper so they will not get at the tree from below. Mice will not usually eat through the paper and, as in most cases they are close to the ground, the paper need not be more than eighteen inches to two feet high. The paper should be tied after wrapping so that it will not come off.

### Extracts a Needle from Baby's Heart

A cambric needle was remove from the heart of Dawson Sandles, two years old, at the Elliot Memorial Hospital, Minneapolis. The child is expected to recover.

Dawson, a son of Mr. and Mrs. John H. Sandles, of St. Paul, stumbled and feel while playing Friday and a needle penetrated his left breast. He complained of a pain in his left side. an x-ray examination revealed the needle ciose to the heart. The chief of the surgical staff at the hospital, decided to operate. the surgeon first opened the boy's breast and then the pericardium, where he expected to find the needle, which however, had entered the heart. At each contraction of that organ, the head of the small needle came into view. With tiny forceps, Dr. Strachauer extracted it, and within a short time the heart, which had been beating 120 ttmes a minute, returned to normal.

### The Dean's Preference

A notorious gossip one day went to Dean W. E. Wilson, burning with indignation. "Oh, doctor have you heard the disgraceful news? The young people of our church are going to have a dance, they say. How shocking! What do you think about it?" To which the saintly scholar responded sweetly: "Madam, I had rather have them shake their legs than their tongnes."

Your Best Investment.

Life insurance offers the best form of saving money, it is an investment for small sums, and affords "protection" for many times the annual deposit or premium. It is the only method of combining savings and protection.

It is also a sure way of leaving an estrte. Fifty per cent. of all estates at death consist of life insurance.

For those reasons the people of Canada are buying twice as much life insurance in these days of retrenchment as they did even two years ago.

Life Insurance is your best investment.

Without obligation on your part let me submit the plan to you.
