Local 100 Club Resumes Meetings

Regular luncheon-meetings of the Winchester 100 Club were resumed Friday night in the Town Hall auditorium, after a two-month recess. A large turnout of forty-five members and one guest attended the meeting, presided over by Centurian Earl Freeland, assisted by the secretary, Centurian Gordon H. LaRose.

The agenda of business was highlighted with a thorough discussion by members of proposed welfare projects the Club might undertake in the coming season. These plans included the holding of a Bingo in aid of the Winchester District Memorial Hospital, financial support for the Winchester Arena, and the promotion of Junior Hockey; the possibility of erecting a building for the storing of property of the Club, and the purchase of a resuscitator for the hospital.

The one guest was Mr. Harold A. Helmer, introduced to the Club by the president. At the July race meet, which was partially rained out, Mr. Helmer acted as race secretary for the club, and only through his genial methods of conducting the meet, and his knowledge and experience in stake races, did the local club come through without going in the red. For his assistance and general activity in community projects, he was presented with a desk lamp, in the form of a miniature bronze horse, as an appreciative gesture of the 100 Club.

A report on the July 9th Race Meet and Field Day by the chairman of the Sports Committee, Centurian George Elliott, showed that the Club had come through with a small profit, despite the inclement weather conditions. Centurian Elliott also paid special tribute to Mr. Helmer and to the president, Centurian Earl Freeland, for their untiring efforts.

Centurian Gordon H. LaRose pointed out that the Club should direct its efforts more particularly towards building character in the youth of the community. He also said that projects for this important welfare work should be considered by the executive.

A letter from Miss Madge Coons, president of the Women's Institute, thanked the Club for their assistance in the conducting of the recent Mobile X-Ray Clinic.

Introduced by Centurian J. Eldon Davidson, the guest speaker was Mr. C. Douglas Allen, of the Department of National Health and Welfare, who spoke on Old Age Pensions. Mr. Allen presented a brief resume of the study made by the Parliamentary Committee of the pension schemes in several countries, and gave his reasons why the Canadian plan, supported by taxation, was preferable to particular needs of Canadian citizens. He pointed out the defects in the contributory plans of other countries, and traced the Pension project from the date in 1907 when it was first introduced to the members in the House of Commons, until consent was finally given by all provinces, for the application to be made for the necessary change in the British North America Act.

Mr. Allen was thanked by the secretary, Centurian G. H. LaRose.

The boost prizes were won by Mr. Harold A. Helmer and Centurian Roy Fawcett, and were donated by Centurians Melvin Scott and William A. Servage. Centurians W. J. L. Boyd and Kenneth Annable boosted the donors. The song leader was Centurian Chester Timmins, with Mrs. William Hitsman as pianist. The Creed was recited by Centurian Chester Robinson. The president, Centurian Earl Freeland, thanked the ladies of the L.O.B.A. who catered to the dinner.

FAREWELL PARTY HELD FOR MR. CLARE CHAMBERLAIN

Mr. Clare Chamberlain, popular manager of the Winchester Theatre for the past eighteen months, and who is now the new manager of the Century Theatre, Ottawa, was the guest of honour at a farewell party held at the residence of Mr. and Mrs. Arnold Reilley last Thursday evening.

Mr. Chamberlain came to "The Winchester" when it was sold by the former proprietor, Mr. W. C. MacDonald, to National Theatre Services. Since that time, in March, 1951, he has been well known in Winchester and district, and because of his likeable personality, he made many friends. He was transferred to Ottawa three weeks ago.

As a token of their friendship, he was presented with a Ronson lighter by Mr. Dalton Kenney on behalf of those present. Mr. Chamberlain thanked his friends for the lovely gift and the party, and said that he had thoroughly enjoyed his stay in Winchester, and was sorry to see it terminated so soon.

An enjoyable evening was concluded with the serving of refreshments by the ladies.

Ault Employees Escape Injuries As Steam-Pipe Bursts

Two employees of Ault Creamery narrowly escaped serious injury here on Sunday morning when a steam pipe at the Creamery burst. Injured were William Jennings and Earl Desjardin, both suffering from minor scalding and bruises.

The explosion occurred early Sunday morning when Jennings attempted to open a valve connected with a boiler carrying 150 lbs. pressure. The impact of the sudden explosion knocked he and Desjardin to the cement floor.

Following the accident, an inspection was made of the pipe, and it disclosed that the explosion may have been the result of a defect in the pipe.

Maintenance men had the break fixed in one hour, in which time twenty truckloads of milk were held up at the plant before making delivery.

Ottawa Team Eliminates Dundas Softball Champions

Representing the Dundas County Softball League of which they are champions, Williamsburg came to the end of the line, last Wednesday night, in the Eastern Ontario playdowns when they were trimmed for the second straight time by R.C.A.F. Sabre Jets of Rockcliffe. The score was 9-5, and the win gave the Airmen a clean sweep in the semi-final best of three series.

Like the first game played in Ottawa, a late inning bid by the Dundas County Champs failed to turn the tide. Just when it seemed as though the Burgs might tie up the game, the umpire called it because of darkness, in the bottom of the ninth. At that time Williamsburg had two men on base and nobody out—the odds were with them, but fate wasn't.

The Jets, held scoreless in the opening inning, got on the scoreboard in their half of the second when three big runs came across. They added another in the third, two in the fourth, one in the fifth, and finished with a pair in the ninth inning.

Williamsburg waited until the fifth inning before getting a run. They added two more in the sixth and another pair in the eighth.

Errors played a major role in the game, with the Airmen taking a big advantage in this department. Williamsburg's persistent miscues in the first four innings were costly.

Sonny Elliott, the losing pitcher, was tagged for eleven hits, two of them doubles, and another pair going for three bases. He struck out two men and walked two. Williamsburg collected seven hits off Werezak, two of them going for triples and one for a double. He struck out four and walked the same number.

Harvey MacIntosh and Stirl. Dawley were the big guns for Williamsburg, McIntosh pounding out two triples, a single, and getting a walk, for a perfect night at the plate. Dawley picked up a long double, and Jack Salmon collected two singles. McNamee led the Jets with a triple and a double.

Letters to the Editor

PRAISES FOR MISS JUNE ROWAT

The Winchester Press,
Winchester, Ont.

Gentlemen:

Citizens of Winchester have good reason to be very proud of Miss June Rowat, one of their outstanding artists.

I had the pleasure of hearing her sing last night at "A Sunday Evening Musicale," presented by the Eastern Ontario Dental Association at the Chateau Laurier in Ottawa, and I marvelled at the sweetness and range of her voice, the perfection of pitch demonstrated, her natural grace, control, and beauty, and her inherent loveliness.

I hadn't heard her sing since she was chosen some four years ago to compete in "Singing Stars of To-Morrow," and I find she has far surpassed the high achievements I foretold for her then.

I feel sure now that she is destined to become one of the world's great singers, and bring glory and renown, not only to Winchester, Ont., but to Canada as a nation. Congratulations to June Rowat on her great natural gifts of loveliness and song.

—John Lyons, Aylmer, Que.

Baptist Church Marks Anniversary

Special services marked the 96th Anniversary of Winchester Baptist Church on Sunday. The building is one of the oldest and best known landmarks in the village.

The guest speaker for both services, which were well attended, was Rev. Dixon A. Burns, Home Missions Superintendent of the Baptist Church, of Toronto. Taking his text, in the morning, from Paul's first letter to the Corinthians, Chapter 13, Mr. Burns emphasized the first importance of love and of faith as a vital co-relative. He deplored the lack of faith among followers of Christ and said he was deeply concerned in this matter, especially on the part of youth. "If one-tenth of the sum now being spent in the re-armament program had been used on building the character of our young people, the world would not be in its present state."

In the evening, Rev. Mr. Burns chose as his subject: "Restricted Years." Taking the text from Joel 2:25, the speaker said that God gives man a second chance, and that lost opportunities could be reclaimed.

The choir for the services was under the direction of Mrs. Percy Cumming. The guest soloist was Miss Wilda Barkley, of Ottawa, who sang at the morning service, "Great Is Thy Faithfulness," and at the evening service, "I Will Pilot Thee" and "What Shall I Give Thee, Master." Miss Winnie Deeks was her accompanist. Other musical selections at the evening service were given by Mr. Elgin Bowman on the Solovox and by Rev. and Mrs. Russell Lamb, of Ormond Baptist Church, who rendered vocal duets.

Pastor Benjamin Richardson was in charge of the services and introduced the guest speaker.

Following the service, a period of fellowship was held at the Baptist parsonage. The guests were welcomed by Pastor and Mrs. B. Richardson. Among those attending were: Canon and Mrs. G. Carryer, Rev. and Mrs. Wm. Reid, Rev. and Mrs. T. N. Mitchell, Rev. Dixon A. Burns and Mrs. E. Slingerland.

Local Stallion Takes First Prize

Mr. Harold Levere, of town, took first prize on his stallion, "Brook Hanover," at Richmond Fair on Saturday. The Stallion was also awarded top honours at Metcalfe Fair. In last week's Press, we reported that Mr. Levere's young Stallion Colt, "Brook Hanover," took first prize at Metcalfe. This was an error. It was his stallion that copped the honours.

Another district winner at Richmond was Mr. Don. Merkley, of Iroquois, who won first prize with his five-months-old Male Colt. This colt was sired by Mr. Levere's "Brook Hanover," which gives evidence of good breeding.

WINCHESTER THEATRE NEWS

The Winchester Theatre presents an enjoyable program on Thursday, Friday and Saturday. The picture, "Tarzan's Savage Fury," is one of the better units of the Tarzan series. Wild life and jungle adventnure are the highlights.

The Bowery Boys in "Crazy Over Horses," will add to your enjoyment in one of their funniest shows, as an added atraction.

In contrast to the week-end pictures, we will present on Monday, Tuesday and Wednesday of next week a picture with good chances of winning this year's Academy Award. "The Blue Veil" is a top quality show with a heart-gripping story. Jane Wyman is its star, playing the part of a woman whose life work was caring for other people's children while she wanted one of her own. For those who like a more serious film with good acting and a good story, this is your picture.

Next Thursday, Friday and Saturday, those who listen to the "Nelsons." or Ozzie and Harriet on the radio, will see this group on the screen for the first time. Good words for this picture come from radio fans everywhere. "Wild Stallion" is shown as an added picture with "Here Come The Nelsons." It is a Western, filmed in color. Outdoor scenery and action to thrill you.

Wih the return of Standard Time, The Winchester Theatre will commence its program at 7.00 p.m. No change in the matinee time of 2.00 p.m. on Saturday.

Found—Saturday afternoon, Sept. 20th—1 Flashlight. Owner please call at the Box Office.

Turn Your Clocks Back One Hour This Week-End

Daylight Saving Time will come to an end this Sunday, September 28th, and local and district citizens are reminded to turn their timepieces back one hour before they retire on Saturday evening.

All church services, radio programs, bus and train schedules will be operated on Standard Time on Sunday.

With the return to Standard Time, there will be some changes in train schedules and mail service.

The above reminder applies only if the return to Standard Time is general. If, for any reason, Ottawa prolongs Daylight Saving Time beyond this week-end, Winchester will do the same, but this is very unlikely.

Watch Saturday's Ottawa papers and listen to accounts over the radio for any extension of Daylight Saving Time, and be governed accordingly.

FEED NEWS

Here is a report on Timothy Seed production just received from the Department of Agriculture at Ottawa:—

"Preliminary Estimate of Timothy Seed Production—1952 Crop

The Timothy seed crop in 1952, on the basis of preliminary reports, is estimated at 11,475,000 pounds of clean seed. This is 25% more than the 1951 crop and 20% more than the long-time average. With a carry-over in dealers' hand of more than 3,000,000 pounds, about twice the 1951 figure, total stocks may amount to more than 14,500,000 pounds, about three and three-quarter million pounds more than a year ago.

The larger crop is entirely due to greatly increased production **in Quebec, Eastern Ontario and Northern Ontario** and, to a lesser extent, in the Maritimes. A good hay crop realized in 1952, with practically no market for surplus quantities, prompted farmers to harvest substantially more than the usual acreage of timothy as a seed crop. **In South Western Ontario,** on the other hand, a short hay crop, due to drought conditions, plus a large livestock population, making necessary the utilization of some fields for pasture, was responsible for a marked decrease in acreage left for seed production. Normally, this area is the source of a substantial proportion of the total timothy seed crop. Less than three million pounds is expected, compared with more than five million pounds last year. **In British Columbia** there was a reduced acreage left for seed because of the good demand and high prices for hay.

The United States Department of Agriculture has forecast timothy seed production in 1952 at 30,470,000 pounds of clean seed, the smallest crop in four years. This is 21% smaller than the 1951 production and a little more than half the 1941-1950 average of 55,344,000 pounds. Total supply, including dealer and Government carry-over, is placed at 46,170,000 pounds, against 62,680,000 pounds last year, and the average of 75,965,800 pounds."

A PLEA TO DRIVERS

While stressing the responsibilities of teachers, pupils and parents with the opening of the new school session, it would be well not to overlook the obligations of the man-in-the-street—and we mean just that, the motorist and the truck driver.

Each year sees an increasing attendance at our schools, while each year brings heavier traffic and increasing hazards to youngsters on our thoroughfares. The St. Lawrence Street crossing opposite the school is protected by the P. S. Safety Patrol during the periods when pupils are going to and returning from school; but on adjacent streets,, there is no protection such as this.

Despite all efforts to instill the safety consciousness in children, their movements cannot be predicted or relied upon. It is, therefore, the responsibility of all drivers to exercise their maturer judgment, and to proceed with utmost caution while in the proximity of children walking, running or playing beside the road.

NOT NEW

So you're fed up on politics? So are we. If it's any consolation, here is somebody else that was, too. Read what he says:

Politicians have strained their ingenuity to discover new sources of public revenue. They have continued the extraordinary taxes of war time into peace time. A man now has to defend himself against being rich as if it were the worst of crimes. Athletics have become professionalized. Philosophy has struggled to find some substitute for divine commandments and the surveillance of God.

Who said it? Nobody but our old friend Socrates, describing the political and economic life of Athens in the year 353 B.C.

If you have read this little magazine very long, you will know that we are generally on the side of believing that the world is slowly getting better. Actually, we do believe it is, and Socrates was often on that side of the fence, too. Now and then, though, like all of us, he had his doubts.

Sometimes it pays to read a little history. Then we learn that others have gone this way before, whether it be a way of joy or of sadness, of hope or despair. And then we conclude, with Solomon, that "there is nothing new under the sun."—The Philosopher.

EDITORIAL NOTES

Among other things September is also the month of melancholy graduates who will not be returning to the gay campus life this year. Instead, a world full of grim challenge awaits them with a final outcome that will be determined by the interpretation given it now.

Clean the stove pipes! Clean the furnace! Have all heating equipment working properly for the long winter ahead. These are valuable tips that may prevent a fire later on. And while we are on the subject of fires, Fire Prevention Week is being observed here from October 5th to October 11th.

New citizens and new industries should not have to feel honoured when they move to our town. On the contrary, we should be the ones who are honoured. These people and these industries could have gone to another centre, but they chose our town—and for that reason we should have the welcome mat out at all times.

Tops in Tops! That's the good word being given the new resurfacing job on Highway 31. But until the middle of the road white lines are marked, driving conditions at night will remain more hazardous than ever. The Department of Highways would be well advised to complete the finishing touches to this road—the white lines—now, not next Spring.

The Winchester Public Library privileges are open to anyone for a small fee. With the evenings getting longer, the days becoming cooler, and with that certain lull that comes between autumn and the start of winter, it would be a better than average time to catch up on one of the best pastimes—reading. What better way is there to broaden one's vocabulary, to widen one's scope on worldly things, or to relax in an easy chair, than with a good book. The Winchester Library, although limited in size, has a wide selection of volumes designed to suit the tastes of every individual. A subscription fee to the Library is one way to help this fine institution, as well as heping yourself to more interesting leisure hours.

The most intensive man hunt in Canadian history resulted last week in the ironic apprehension of Canada's four top criminals. Hiding away in an old vacated barn less than seven miles from Toronto's Don jail where they made their escape, the captives offered no resistance to the two officers who surprised them. Every constable and practically every person in the country was on the alert in a nation-wide search that short-lived the desperadoes bid for freedom, and which strengthened the long arm of the Canadian law. Not enough praise can be given the Canadian authorities, and especially the Toronto and district police, who followed every lead, every clue, every tip, and who literally tracked the wanted men down. But while the bouquets are being rightfully thrown to the various police departments, the average John Doe should not forget the invaluable aid Canadian newspapers, led by the Toronto dailies, offered in the final routing of the dangerous quartette. So, while the orchids are being lavishly spread on the "good work" of the law, it wouldn't hurt to send one or two to the continued high standard of journalism in Canadian newspapers.

Gospel Gleanings....

"Sin, when it is finished, bringeth forth death."—(Jas. 1:15).

Some journeys are hard but end happily; others are delightful but end in disaster. The important matter is not the windings of the way, but how we fare at the finish.

The journey of life has only two roads and two endings: the narrow way leads up to eternal life; the broad way leads down to eternal death. You can't reach heaven by travelling on the broad way, any more than you can get to the north pole by travelling towards the equator.

"Sin, when it is finished, bringeth forth death." There is no mention of great sins or many sins, for the inevitable end of even one unforgiven sin is eternal death. "All have sinned."—(Rom. 3:23). Men are not sinners because they sin, but they sin because they are born in sin and with a sinful nature. Children do not have to be taught to disobey, any more than a dog has to be taught to bark; they do so naturally. Sin, when it is finished, cannot bring forth anything but death; any more than wheat sown in good ground can bring forth hay.

"The blood of Jesus Christ His Son cleanseth us from all sin."—(I John 1:7). Sin has no other remedy. It is not through making a better living, or even through living better; but through receiving a new life and a new nature. You cannot change your old nature, but God can, and will, give you new nature and forgiveness of sin, if you receive His Son as Saviour.

"He that hath the Son hath life; and he that hath not the Son of God hath not life."—(I John 5:12).

"If any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new."—(II Cor. 5:17).

A doctor, broadcasting on Moscow radio, recently, said that anyone could live to be 150 to 200 years of age simply by taking three soda baths a week.

Human beings die at the "early age" of 70 to 80, he said, because the albumen in their cells become clogged, causing the normal signs of age—failing memory, sight and hearing.

But soda baths could stop this. They should contain 2 1-2 to three ounces of soda, and be taken at about 95 degrees Fahrenheit for 15 to 20 minutes three times a week.

The doctor said he had tried it himself with beneficial results, but did not say how old he was.

Something went wrong with the central heating system in a bank and arrangements were made with a local firm to have the boiler put right. Accordingly, when a man wearing overalls came into the bank that morning he was ushered behind the counter, down the cellar steps and left to examine the boiler.

A few minutes later, however, he re-appeared looking somewhat bewildered.

"Is there something you want?" asked one of the clerks.

"Aye," he said plantively, "Can you cash this 'ere cheque?"

Everything was set for the wedding ceremony, but the groom was looking worried.

"What's the matter?" whispered the best man, "Have you lost the ring?"

"No," he answered shakily, "the ring's safe enough, but I've lost my wild enthusiasms."

The first year of life is a baby's most difficult one. He should be given regular examinations either by the family doctor or at the well-baby clinic, in order that his growth and development may be checked and his progress ensured.

IT'S VINTAGE TIME IN NIAGARA

Betty Neden's smile lends a charming background to this vineyard scene as the first sun-ripened grapes of the 1952 harvest leave a Niagara vineyard. This year a bumper crop of 50,000 tons will be sent to the fresh fruit market and Niagara Peninsula wineries. The grape growers are now preparing for their first annual Niagara Grape Festival, which will be climaxed by a huge parade and sports program in St. Catharines on October 4th.

W. H. S. NEWS NOTES

(By Keith Last)

Here we are, back to school once more! Out of the confusion of the first few days comes a welcome calm. But alas, with this calm comes the time of nominations, speeches and elections, and the social activities of a new year.

Speaking of elections, last Thursday the following officers for the Student Council were appointed:

President, Ian Dow, Grade XIII; Vice President, Irene Campbell, Grade XII; Secretary-Treasurer, Mary MacPherson. Grade XIII; Reporter, Keith Last, Grade XIII.

By Monday, September 15th, the list of Form representatives selected looked like this:

Grade IX—Patsy Steele and Bill Sherwood; Grade X—Marilyn Serviss and Larry Justus; Grade XI—Betty Findlay and Peter Crerar; Grade XII—Willow Summers and Jack Taylor; Grade XIII—Hugh Balkwill.

The sports season will commence with the annual Field Day on Wednesday, September 24th. The location will be the 100 Club Park, where a refreshment booth will be sponsored by the new Student Council. All those interested, and those who are not, will be cordially welcomed.

PROMINENT KENMORE FARMER PASSED AWAY ON FRIDAY

A prominent and highly respected farmer of Kenmore and district, Mr. Kenneth M. Dalgleish, died suddenly in an Ottawa hospital on Friday evening. He was in his 78th year.

Born at Lowbanks Farm, Kenmore, the farm on which his Scottish grandparents settled in 1835—Mr. Dalgleish was one of the best liked of the lifelong residents of Carleton County. He was a member of Kenmore Baptist Church and a member of Russell Masonic Lodge No. 479.

Formerly one of Ontario's largest breeders of Holstein cattle, Mr. Dalgleish married Katherine McEwen at Kenmore in 1898.

Funeral was held from Lowbanks Farm, Kenmore, to Kenmore Baptist Church for service at two p.m. on Tuesday. Rev. J. Taylor, of Kenmore, assisted by Rev. Keith Daniel, of Belleville, officiated at the ceremony.

Interment was made in Springhill Cemetery.

Surviving, in addition to his wife, are four daughters, Mrs. Arthur Rieck (Susie), of Chicago; Mrs. F. MacLachlan (Elsie), of Ottawa; Mrs. James D. MacLean (Anne), of Kingston, and Mrs. W. N. Nichol (Flo), of Ottawa; one brother, Charlie, of Detroit; two brothers, Robert J. Dalgleish, of Grandview, Man., and Fred C. Dalgleish, of Vancouver; four sisters, Mrs. J. C. Wilson, Oxford Mills; Mrs. Webster Edgar, Caznovia, N. Y.; Mrs. J. Longmore, Brooklyn, N. Y.; Mrs. H. Robson, Toronto; six grandsons, six granddaughters and four great grandchildren.

MRS. A. B. ALLISON HONOURED ON 75th BIRTHDAY

On the occasion of her 75th birthday, last Thursday, September 16th, Mrs. A. B. Allison, of Winchester, was honoured by her family at a largely attended birthday party, held at the residence of Mr. and Mrs. W. J. Fawcett. The party was planned by her children and grandchildren, who were present, with the program being directed by Mrs. M. Swerdfeger, who also designed the colorful birthday book, which contained the program and the names of the guests present.

Following the arrival of the guests, a lovely corsage of mauve gladioli and baby's breath was pinned on Mrs. Allison by her daughter, Mrs. Archie Coulthart. To get things under way, a spirited sing-song was held, which concluded with the singing of "Happy Birthday To You." Joyce Swerdfeger, granddaughter, was the accompanist.

Following a solo by Mr. Ralph Fawcett, who sang "May The Good Lord Bless and Keep You," Mrs. Archie Coulthart read an address, and two of the grandchildren presented Mrs. Allison with a beautiful Chenille bedspread and a pair of sheets on behalf of her children and grandchildren. Following the presentation, Dale Allison, son of Mr. and Mrs. Ralph Allison, recited "When My Pa Was A Boy."

Other items on the highly entertaining program included: "Let's Go On Memory's Railway," a reading by Mrs. W. J. Fawcett; "I Want a Girl Just Like the Girl who Married My Grandpa," a duet by John and Brian Allison; "Mother's Family Tree," a reading by Harold Allison; a Poem, written for her grandmother, by Enid Swerdfeger; vocal duets by Mrs. A. Coulthart and Mrs. R. S. Allison; "Inventions of Grandmother's Day," a contest conducted by June Allison.

Following the program, a chicken supper was served, and the three-tier birthday cake was cut by Mrs. Allison. The cake was made and decorated by her first grandchild, Mrs. Hugh Coons.

Those assisting in the serving were Mesdames Hugh Coons, Allison Fawcett, Keith Fawcett, Roy Fawcett, Gordon Fawcett and Lloyd Allison.

JUNIOR VS. SOAP AND WATER

A child's hands may pick up various kinds of disease germs during his play. Unless he washes his hands carefully before eating, he may transfer these germs to his mouth. While it isn't advisable for a youngster to become too obsessed with the idea of germs, he should be taught to wash his hands and clean his fingernails before eating, whether at mealtimes or before his between-meal snacks.

Sunday In The Churches

SUNDAY, SEPTEMBER 28th, 1952.

"Godly Parenthood"

"When John Paton, who afterward became the great missionary, was leaving home, there lay before him a walk of about forty miles. His father walked with him for about six milles, and then they parted. The father and son loved each other dearly, and the parting scene was full of sorrow sweetened with deep affection. "God bless you, my son. Your father's God prosper you and keep you from all evil," said the tender-hearted father. After going some distance John climbed a high pic of ground to see if his father was still watching him. At the same moment his father climbed the dyke to see his boy. John watched him climb down. "I watched," he said, "through blinding tears, till his form faded from my gaze; and then hastening on my way, vowed deeply and oft, by the help of God, to live and to act so as never to grieve or dishonour such a father and mother as He had given me."

UNITED CHURCH EXPOSITION

Accompanying the United Church Exposition, which is making a tour of Canada that will bring it to Ottawa from October 23rd to 29th, is a Pictorial Exhibit of the church's work in Canada and in various mission fields.

Throughout the visit of the Exposition this Exhibit will be on display in Parkdale United Church Memorial Hall from October 23rd to October 28th.

The Exhibit has been described as the finest visual presentation of the church's work ever gathered into one place. It will include not only many large photographs, but many activated and lighted models.

The visit of the Exposition will also include the presentation of the Pageant, "Triumphs of the Faith," and several public meetings.

In Glebe Collegiate Auditorium, Rev. D. B. MacDonald is in charge of arrangements for the Exposition.

It is the earnest hope of the United Church Ottawa Presbytery that all members in the Ottawa Valley and surrounding area will take advantage of this dispay and pageant. The Committee desires the full support of all church members.

AMERICAN PAYS FINE OF $200 (PLUS EXCHANGE)

An American in Ottawa found that drinking too much and being in charge of an automobile is a costly occupation.

In Magistrate's Court recently, Aubrey Tucker, of New York City, pleaded guilty to a charge of being impaired and was fined $200 and costs. The fine was all the heavier for him because he paid it in U. S. currency, and it cost him another $15 to cover exchange and the current discount on U. S. money.

"It is unfortunate," commented Deputy Magistrate Joachim Sauve, "with the rate of exchange, that makes a rather heavy fine."

FIRE PREVENTION WEEK, OCTOBER 5th TO 11th

By proclamation of the Governor-General, the week of October 5th to 11th has been designated "Fire Prevention Week," in Canada.

Canada's fire losses in 1950, the most recent year for which complete statistics are available, rose to the unbelievable total of $81,500,000 and 444 lives.

The tragedy of fire losses, both of life and of property, is that most of them need never have occurred. In recognition of this truth and of the need for drastic action to reduce fire losses, The Canadian Chamber of Commerce has wholeheartedly supported Fire Prevention Week in Canada and will continue to do so.

DON'T DELAY HOUSING PULLETS

Putting off housing pullets until most of them are laying is all too common with farm poultry flocks. This is one of the most serious mistakes a flock-owner can make.

It is a real temptation to let pullets stay on the range as long as the weather is good and there is green stuff for them to eat. However, poultrymen will have fewer problems if pullets are moved from range to previously cleaned and disinfected laying houses when they have reached maturity and before they are in 10 per cent. production.

If many pullets start laying on the range, there's a good chance that the flock will false molt and go out of production when the birds are housed. This may happen even though the change is made as easy as possible for the pullets.

Pullets that have been accustomed to nesting in the weeds, or elsewhere on the range, have trouble learning the purpose of the laying house nests. There is often trouble with broken or dirty eggs.

Move pullets into the laying house before they are in 10 per cent. production, and move them carefully, so that they are not frightened. Inspect all birds going into the house for culls and examine them closely for external parasites. If parasites are found, treat birds before placing them in the laying house.

Keep a well-balanced ration before the birds all the time. Stirring the feed occasionally and feeding pellets on top of the mash two or three times daily will help get more feed into birds.

Born in Wyandotte, Mich., in April, 1868, a daughter of the late Robert Ritchie and his wife, Spohie Holt, she came to Forrester's Falls with her parents as a child. She married James Ledgerwood, of Beachburg, and resided there until 1922 when they moved to Western Canada.

Marie, Ont.; and two sons, J. Angus, of West Vancouver, and Robt., D., of Winchester. A daughter, Clara, Mrs. Ronald MacNaughton, and two sons, William H. and Dr. G. A. Ledgerwood, V.S., B.V.Sc., predeceased her. A brother, James Ritchie, of Maryfield, Sask., also survives.

The funeral was held Wednesday afternoon from the West Vancouver Funeral Home, and interment was made in Forest Lawn Memorial Park.

CAR OVERTURNS, DRIVER UNHURT

Clayton Archie Casselman, of R. R. 3, Williamsburg, escaped unhurt when his car turned over in the ditch on Highway 31 early last Thursday morning. Police said Casselman was proceeding south, about a mile north of Winchester Springs, when the lights on his 1942 model car failed. The car ran off the road into the ditch and overturned. There was only slight damage to the car. Provincial Constable H. Meyer, of Morrisburg, investigated the accident.
