Serving In Sicily

TPR. ARNOLD BARKLEY

Son of Mr. George Barkley and the late Mrs. Barkley, of this place, who took part in the Sicilian campaign. In a letter received this week, Arn. tells about sitting under an olive tree and doing a bit of barbering on his comrades during a lull in operations. He says the weather down in Sicily is hot, but so far the water supply has been adequate. He also mentioned about seeing Capt. Harold Beach on the convoy, which carried the Canadian troops to the Mediterranean Island.

McCONNELL BROTHERS NOW IN SICILY

Mr. and Mrs. Wm. McConnell received letters from their sons, L. Cpl. Ross McConnell and L. Cpl. George McConnell, this week, informing them that they were in Sicily with the First Canadian Division, and had been in action against the Germans there. Both boys said they were in good health and reported that they had seen Arnold Barkley in Sicily. Ross and George enlisted shortly after the war broke out and have been overseas for the past three years. They are attached to the 3rd Field Company of Royal Canadian Engineers.

Ration Books Being Issued This Week

Local and district citizens are again reminded that the new Ration Books, No. 3, will be issued this week. The local distributing chief is Mr. C. R. Robinson, who will be assisted by several volunteer workers. The dates of issuing in this district are August 26, 27 and 28. Today the hours are from 8 a.m. to 12 noon; 1.30 to 6 p.m., and from 8 to 10 p.m. On Friday and Saturday the hours will be 8 a.m. to 12 noon and 1.30 to 6 p.m.

In Winchester, applications for the new books will be received at the Council Chambers.

In other sections of the district over which the local Ration Board has jurisdiction, issuing will be done on the above dates at the following places: Chesterville, old Bank of Nova Scotia building; Morewood, Presbyterian Hall; Ormond, Campbell's Store; Hallville, Tinkess' Hall; Inkerman, Community Hall; South Mountain, Robt. Robinson's residence; Mountain, C. P. R. Station.

Consumers are particularly cautioned by the Ration Administration not to surrender, destroy or damage their No. 2 ration books (those now in use) notwithstanding the fact that No. 3 books are about to be issued. The No. 2 books will still be required after No. 3 books have been issued because of the fact that they contain meat coupons that will be valid. Meat coupons in the new book will not begin to fall due until November 25th.

For full particulars on how to make application, we refer you to the Advt. in last week's Press, or read over one of the posters now displayed in public buildings. The secretary of the local Ration Board is Mr. H. L. Flora, if you require additional information.

Ontario's New Ten-Man Cabinet Named Last Week

Premier George Drew is shown above surrounded by his nine cabinet ministers at their first cabinet meeting last Wednesday in the Cabinet Council room in the Parliament Buildings, at Queen's Park, Toronto. Standing, from left to right, are Hon. Dr. R. P. Vivian, Port Hope physician, who is Minister of Health and Public Welfare; Hon. Charles Daley, St. Catharines, mayor and retail grocer, Minister of Labor; Hon. Leslie E. Blackwell, Toronto lawyer, Attorney-General; Hon. G. H. Doucett, Carleton Place, insurance executive and farmer, Minister of Highways and Public Works; Hon. G. H. Challies, Morrisburg business executive, Minister without portfolio and vice-chairman of the Ontario Hydro Commission; Hon. G. H. Dunbar, Ottawa Business College head, Provincial Secretary and Minister of Municipal Affairs; Hon. W. G. Thompson, Blenheim soy-bean grower, Minister of Lands and Forests, and Minister of Game and Fisheries. Flanking Premier Drew are, at left, Hon. T. L. Kennedy, Dixie farmer, Minister of Agriculture, and, right, Hon. Leslie M. Frost, Lindsay lawyer, Provincial Treasurer and Minister of Mines.

Following his announced policy of economy in the provincial government, Premier George Drew has selected a cabinet of only 10 men including himself, as compared with the 14-man Hepburn administration. Rearranging the cabinet positions to make this reduction possible, the Premier himself has taken the portfolio of Education along with his other duties.

The office of Minister of Game and Fisheries, formerly administered by the provincial secretary, goes with Lands and Forests; Municipal Affairs, formerly combined with Welfare, goes to Labor, and the portfolio of Mines, formerly a separate post, is under the Treasury. Public Welfare remains under the Health Department.

Mr. Drew also abolishes the post of Liquor Board chairman as a cabinet portfolio. A speaker for the legislature is yet to be appointed.

The Premier has announced his intention to appoint special committees to make surveys of the legislative needs of agriculture, labor, education, and the mining industry.

As Minister of Education, Mr. Drew is expected to personally direct his program to reduce municipal school taxation by 50 per cent. Social security and rehabilitation will also receive attention, Mr. Drew declaring this problem's solution is "long overdue."

A committee will study the administration of the mines, Mr. Drew has announced, "with the purpose of making adjustments in keeping with the great changes that have taken place in the mining industry in the past few years.

"The first step is to seek adjustment of the present system of taxation on mines and for this reason the portfolio has been placed temporarily under the treasurer," he continued.

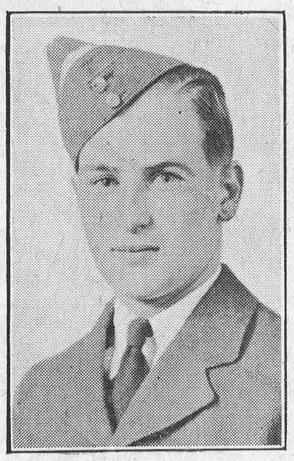

Under the present arrangements, the Dominion collects the heaviest taxes from the mines without regard to municipalities which perform the great service to them. Studies will be made of mines in other countries.

"The mining industry in Ontario is in an extremely serious situation," the Premier said. "Since the war more than half the mines have closed down. Unless steps are taken we may have many ghost towns in the north."

"Mr. Drew forecast a regrouping of departments after study is made on "the broad question of administration and organization."

The Premier reiterated his statement there will be no "wholesale dismissals" from the civil service as arose when the Hepburn government took office in 1934, but examination is likely of various offices, and when changes are made they will be made in a different manner than under the Liberal administration.

Reported Missing

SGT. L. H. THOMPSON

Son of Mr. and Mrs. Clarence Thompson, of Winchester Springs, who has been reported missing, following an R. C. A. F. raid over Germany on August 18th. His parents were notified to this effect over the week-end. Sgt. Thompson was an air-gunner with the R.C.A.F. and went overseas early last year.

Only Four Pages In This Issue of The Press

This issue of the Press contains only four pages, and as a result of the smaller issue, many of our regular features, as well as our editorial page, had to be dispensed with this week. The change is not permanent but we may have to publish a four-page paper next week also. The reason is that our quota of newsprint has caught up with us and we can't get delivery of a new stock until the first of September—then we'll be back to normal. We don't like to cut down to four pages, but there is little we can do about it under the circumstances which are due to war conditions. However, at this time of year, there is always a scarcity of local news, and readers will not suffer much inconvenience in this regard.

We have noticed that a number of our exchanges have suspended publication for one week in order that the editor and staff may take a holiday—in fact that is the regular custom of many weekly newspapers. Extra heavy demands on our job printing department would not permit us to take a holiday at this time, so we decided to turn out a smaller edition to overcome our newsprint shortage—and we may be able to take a day off over the week-end.

TEA AND COFFEE RATION TO BE INCREASED

Beginning with the new ration books, which will come into use on September 2nd, rations of tea and coffee are to be increased by one-third, and the Prices Board says that these rations will be further increased "at any time when the supply position permits and it is felt that if ocean shipping conditions continue to enlarge the supply, another increase in this ration will be made before the end of the year. The increase is to be made effective through ration coupons becoming valid every three weeks instead of every four weeks as at present without any change taking place in the value of the coupons which will continue to be worth two ounces of tea or four ounces of coffee.

Jams, Jellies, Marmalade and Honey To Be Put On Ration List Sept. 2nd

The Prices Board announced on Sunday night that rationing of honey, jams, jellies, and marmalades will go into effect Thursday, September 2nd, and ordered suspension from midnight, Sunday night, until the opening of business September 2 of all sales or deliveries of those commodities to consumers.

The announcement said details of the rationing plan will be announced within a week.

The suspension order means that no further sales of these commodities, or deliveries on orders already accepted, may be made to householders, hotels, restaurants, institutions, industrial users, or others who buy these commodities for consumption. Hotels, restaurants, eating places and institutions which normally serve these commodities to their customers may continue to do so, but may not buy or accept delivery of supplies during the suspension period.

The only sales now permitted are those to wholesalers and retailers, or other persons who buy for resale. In other words, sales to the consuming public are halted, but the normal flow of these commodities to the distributive trades will be permitted, pending the announcement of the new rationing plan which will control all sales.

The announcement said that honey producers are "specially notified" that all sales of honey to consumer customers must cease during the period of suspension, and also that any orders they may have accepted for future delivery of honey may not be completed during that period. After September 2nd these sales will be governed by the new rationing plan.

Local citizens report that vegetables are being stolen from their garden. Watch yours. The local constable is also on the alert these nights.

Ormond Boy Was Drowned In Ottawa River At Britannia

Tragedy marred an outing for nine residents of Ormond, when one of the group, Donald Carkner, aged 14, drowned before the eyes of two of his chums at Britannia Park last Thursday afternoon.

At about four o'clock the youth, son of Mr. and Mrs. Percy Carkner, of Ormond, was swimming towards the pier from a raft anchored some distance away in the Ottawa river. He got into difficulties and began to shout for help.

His companions, Bryce Docksteader and Hugh Stewart, hearing his frantic cries, called two life guards, Thos. Keliher, of 110 Daly avenue, and James O'Leary, of 323 Daly avenue, Ottawa, who immediately plunged into the water. By the time they reached the spot where the lad had been struggling, he had disappeared. After a few minutes, they were able to find the boy.

Use Inhalator.

They carried him to the pier and immediately began to apply artificial respiration. The Nepean fire department rushed its new inhalator to the pier. Deputy Chief Hector Renaud and Firemen Eddie Hill and Alex Hoey tried unsuccessfully to revive the boy.

Dr. L. C. Purvis, 320 Alonzo ave., Westboro, pronounced him dead, and Dr. J. S. Nelson, coroner, decided death was due to accidental drowning and that no inquest would be necessary.

In the party which had gone from Ormond to spend the day at Britannia were Rev. P. D. Augustine, John Aldham, Donald Carkner, Glen Carkner, Jas. Lee, Bryce Docksteader Hugh Stewart, Charles MacLean and Tom MacLean.

The victim was born at Ormond on May 13, 1929. He received his education in Ormond and attended the Baptist church there. Surviving, besides his parents, are a brother, Kenneth, aged 16, and a sister, Isobel, aged 10 years.

Funeral Held on Saturday.

Largely attended, the funeral was held from the family residence, Ormond, on Saturday afternoon, at 2 o'clock. The service was conducted by Rev. L. H. Vail, of Kenmore, assisted by Rev. R. F. Willson, of Winchester, and Rev. Mr. Augustine, of Ormond Baptist Church.

The subject of Mr. Vail's sermon was "He Is Gone," and from the Scriptural passage: "My Beloved is gone down into His Garden to gather Lilies," he spoke words that brought deep consolation to the hearts of the mourners.

Following the service, interment was made at Springhill Cemetery. The pall bearers were six chums of the deceased, namely: Douglas McIntosh, Neil Porteous, Gerald MacLean, Keith Carkner, George Carkner and James Sullivan.

Floral offerings were as follows:—Mr. and Mrs. H. A. Cinnamon and Donald, Nursing Sister Kay McLean, Ormond Soft Ball Team, Mr. and Mrs. Hugh Carkner and family, Mr. ad Mrs. Hubert Carkner and family, Chums of S. S. Class, Ormond Ladies' Aid, S. S. No. 4, Winchester; Misses Mary Cumming and Etta Carson, Mr. and Mrs. A. D. Carkner and family, Mr. and Mrs. D. Campbell and family, Miss Lucy Barkley and Miss Holt, Mrs. Lemoine and family, Mr. and Mrs. L. Carkner and Mrs. N. J. Carkner and Clark family, Revs. Vail and Augustine family, Mr. and Mrs. Kenneth McIntosh and family, Mr. and Mrs. John Aldham, Mr. Ed. Johnston, Mrs. R. M. Carkner.

SCHOOL OPENS SEPTEMBER 7th

Department of Education officials have announced that Ontario schools will open Sept. 7, the statutory day of opening.

Asked whether some students would be allowed to remain away a few weeks to assist in harvest operations or if opening of some schools would be delayed, officials said "that matter will be taken up with the new Minister of Education (Premier Drew) right away to see if some changes are contemplated."

Last year school opening was delayed several weeks to permit students to help in the fields.

Officials said the Lieutenant-Governor in Council has the power to postpone the opening of schools if he desires, but that so far the matter has not been discussed.

As far as is known, the local Public School will open on the official date, September 7th, but there may be a week's delay in opening the local High School. Full particulars regarding the latter will be published in next week's Press.

THREE WAY SUBSIDY FOR EASTERN FARMERS

Western feed grain is subsidized three ways for the eastern farmer who buys it now.

These three cash subsidies are the Freight Assistance Policy, the Feed Wheat Payment Plan, and Plan B. The eastern farmer saves only by placing an order with his feed dealer without delay.

The Dominion Department of Agriculture began its Freight Feed Assistance Policy in January, 1941. Through this policy the cost of transporting feed grain from head of the lakes to farmers in the east is paid. The idea behind the policy was to encourage eastern live-stock production. There was a grain surplus in the west and the department wanted eastern farmers to help relieve it and, at the same time, to benefit by it. Then, to keep the cost of wheat at appropriate levels with other grains, the department introduced the Feed Wheat Payment Plan about a year ago. This is a further cash reduction absorbed by the Department and applies to all provinces in Canada.

The effect of freight assistance and feed wheat payments has been to help step up up live-stock production. But last winter brought with it a new problem. Railways, although hauling more grain eastward than in previous years, were unable to keep up with the increased demand. Other essential freight and passenger traffic had to be moved in increasing volume. But due to bad weather conditions, deliveries were delayed.

Fearing the grain deliveries may be even more irregular next winter, the department asks Eastern farmers to order and store their feed grain now. To stimulate August buying, the department offers a reduction of two and a half cents from every bushel of wheat, oats and barley bought in the month of August; a two-cent-per-bushel bonus in September; one-and-a-half-cent reduction in October, one in November and half a cent in December.

Plan B is in addition to Freight Assistance and Feed Wheat Payments—all are helping to raise more hogs, more cattle, more poultry, on the farms of Eastern Canada.

We still prefer newspapers. They don't trick you into reading an advertisement by starting off with a song.

LOCAL AND GENERAL

Lengthening Siding.

Although it is a long one, the north C. N. R. passing track at Morrisburg is not of sufficient length to accommodate the trains of 125 cars which are now being hauled. Accordingly, a gang is now at work extending it, the work involving a cut into a hill in the Mariatown section.

Church Services.

As our regular church calendar does not appear in this week's issue, we wish to announce that Rev. A. Peebles, of Heckston, will conduct the evening service in the United Church next Sunday. Services will be held in all local churches at the regular times. Rev. Mr. Willson's subject in the Baptist Church on Sunda yevening will be **"Security."** The Anglican services this Sunday will be held as follows: South Mountain, 9 a.m.; Winchester, 11 a.m., and Chesterville, 7.30 p.m.

Attacked By Bull.

When A. B. Smail, more than 70 years old, attempted to capture a two-year-old Holstein bull which had become loose on his farm near Brinston, he was attacked by the animal, which threw him and rolled him on the ground until Smail pushed his fingers in his eyes. He was rescued by members of the household and a cow-dog which drove off the animal. Dr. T. A. Hamilton found five cracked ribs as well as severe abrasions and bruises from head to foot and Smail will be in bed for some time.

Closes Poolroom.

"Closed until September," reads a sign on the only billiard and poolroom of Morrisburg, which ordinarily runs continuously. The owner, Walter Shannette, explains that softball this summer is so all-absorbing that nobody seems to want indoor amusement except at a late hour or when rain is falling. Summer evenings this year would have been slow indeed but for softball, which has attracted to the collegiate grounds both the young and the old, without distinction of sex. Many are looking forward to the finals, especially to the one match which will decide the championship, says a Morrisburg writer.

License Issuer Resigns.

Dr. Kenneth Blancher, of Morrisburg, is a believer in the spoils system; that is, he believes, that it exists, for without waiting to be dismissed, he has resigned his commission as issuer of trappers, hunters and anglers' licenses. For the past nine years he has been issuing such licenses in Morrisburg, much to his inconvenience at times, but he liked the work and was always ready to accommodate the public. He has not been an active partisan in election campaigns or at any other time, and there will be many Conservatives and Liberals alike who are certain to regret his resignation. The move came as a surprise last week, to none more so than to Game Warden Royal Baker, who was in Morrisburg at the time.

Amendments to the Unemployment Insurance Act

Notice to Interested Employers and Employees

AT ITS 1943 Session, the Parliament of Canada amended the Unemployment Insurance Act, 1940. The effect of these amendments is to require that additional workers be covered under unemployment insurance.

On and after September 1st, 1943, employers must make contributions in respect of the following employees:

★ (1) ALL PERSONS engaged in employment hitherto insurable, regardless of the amount of earnings, who may be paid on an hourly rate, on a daily rate, on a weekly rate, or a piece rate (including a mileage rate).

★ (2) ALL EMPLOYEES paid on a monthly or annual salary basis, whose salary, including any cost of living bonus which may be received, does not exceed $2,400 a year.

All employees, as above described, must pay their contributions as required by law.

The combined contribution for each employee earning $26 or more a week will be in Class 7—63c a week.

To Employers: Obtain unemployment insurance books from the nearest local office of the Unemployment Insurance Commission as soon as possible, for employees above described who will become insurable on September 1st, 1943.

To Employees: It is in your interest to see that your employer makes contributions on your behalf from September 1st, 1943, if you become insurable through this Amendment.

Have your DURO Pump expertly serviced by the

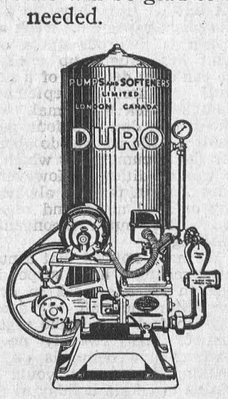

DURO WATER SYSTEMS DEALER

LIKE any other piece of machinery, your DURO PUMP needs attention from time to time to ensure continuous satisfactory performance.

Working parts may wear, requiring adjustment or replacement and regular lubrication is essential.

Until the war is over, it is more necessary than ever that present owners keep their pumps in good running order, because the production of new Duro Pumps is limited.

The Duro Dealer whose name appears below is fully experienced. He will be glad to inspect your pump, adjust it and instal new parts if needed.

Should you be requiring Fixtures or Fittings for Bathroom, Kitchen or Laundry, demand Emco Quality Fixtures and Fittings. Although its range of styles and sizes is limited, due to wartime restrictions, Emco can still supply requirements for the average home.

War Savings Stamps and Certificates should be bought regularly

Beverly joined the American Air Corps in April, 1942, and received his training at Keisler Field, Miss.; Fort Dix, N. J., and Camp Kilmer, N. J.

Injured Overseas.

Mr. and Mrs. H. P. Allison, of Smiths Falls, have received word that their son, Charles, serving with the Canadian Army overseas, is in a dangerous condition as a result of injuries received while on duty. The message stated he suffered severe head lacerations, abdominal injuries and shock. No details were given. A well-known athlete, the young soldier has been overseas for almost two years.

While the production of cheese declined in Leeds, Grenville and Dundas during July, that of creamery butter increased in Grenville, where the make grew from 19,755 pounds a year previously to 29,005 pounds. Leeds butter production decreased from 20,400 to 13,383 pounds. The drop in cheese production was as follows: Leeds, 1,178,784 to 1,133,459 lbs.; Grenville, 422,625 to 378,927 lbs.; Dundas, 975,402 to 950,426 pounds.

Kemptville Man Wounded.

Word that Pte. Derry Joseph Hart had been wounded in action has been received by his wife, Mrs. Freda Hart, Kemptville. Mrs. Hart received one cable from her husband stating he was being given good care in a Canadian hospital; also two from official headquarters, one of which stated that the nature of his wounds was not yet known but that he was dangerously ill. Pe. Hart enlisted in April, 1942, and trained at Ottawa, Prince George, Kingston, Nanaimo, B. C., and Debert Camp. He has been overseas since last February.

Had Eye Removed.

Master Eric Steele, son of Mr. and Mrs. Alvin Steele, of Winchester Springs, was taken to the Ottawa Civic Hospital on Thursday last, where he underwent an operation for the removal of his left eye. It will be recalled that the youngster's eye was injured about six weeks ago, when a rusty nail penetrated it. Since that time every effort had been made by medical practitioners and eye specialists to save the sight, but to no avail. Eric's many young friends will be sorry to learn that it was necessary to have the eye removed.

Youngster Fractures Arm.

Miss Eva Grace Riddell, daughter of Mr. and Mrs. Hubert Riddell, Vancamp, was a patient in the Ottawa Civic, following injuries sustained at her home recently. Her right arm was fractured and the elbow dislocated as the result of a fall. She is progressing favourably, following her return from the hospital last week-end. The accident occurred on Sunday, August 15th. Next morning, the Riddell home was struck by lightning. The bolt entered the house via a telephone wire, setting fire to the window blind and curtain. The blaze was quickly extinguished.

Spoke At Harmony.

Harmony United Church was filled to capacity on Sunday afternoon when Mr. Fred Beurling, of Verdun, Que., father of Canada's War Ace, George "Buzz" Beurling, was guest speaker at the afternoon church service. Mr. Beurling, at the invitation of Rev. T. A. Woods, pastor, was special speaker at the United Church, Morewood, at both services on Sunday. His visit to Harmony was arranged by Mr. Woods as an afterthought. Mr. Beurling's addresses were all interesting and well received by the large congregations present. He told some interesting facts about his son and gave a brief history of his own life—one of the more interesting points being that he was converted over 30 years ago at a service in a Northern Ontario town, which, at that time, was conducted by Rev. Mr. Woods.

One of the largest tomatoes we have ever seen was brought to this office a few days ago by Mr. T. O. Keyes. It was grown in his garden and measured 17 inches in circumference. T. O. was quite proud of this specimen.

WARNING!

There will be a serious shortage of coarse grains in Eastern Ontario this year. Farmers are advised to study the requirements of winter and spring feed for their cattle, pigs and poultry. If you will require grain, order it now, through your regular dealer or the Federation of Agriculture. The governments are paying subsidies on 5 ton lots or more. If you do not require this amount get your neighbor to join with you. If possible make up a carload. The banks are interested and will help finance this project.

Remember, the regular dealers will not have a steady supply this winter. Act now while the provincial bonus is on.
