UNITED CHURCH W. A.

The first meeting of the New Year was held in the S. S. Hall on Tuesday, January 8th, at 2.30 p.m. The President, Mrs. W. A. Rowat, opened the meeting with the theme song. Rev. N. J. Thomas gave a very interesting New Year's message, basing his remarks on Gal. 6:10.

The minutes were read by Mrs. L. Porteous, and the treasurer, Mrs. H. L. Flora, gave her report, which showed a substantial balance.

It was decided that the W. A. be divided into four groups, each group being responsible for raising so much money. In co-operation with the Church Board, the W. A. is giving $120.00 towards the support of the Junior Choir and $100.00 to the Church Board for the support of the organist.

The meeting closed with the Mizpah Benediction. Refreshments were served by Mrs. H. L. Hughes and Mrs. P. Durant. Mrs. F. Scott tendered a vote of thanks, seconded by Mrs. L. Dixon.

Officers for the year 1946 are as follows: Hon. President, Mrs. John Moffat; President, Mrs. W. A. Rowat; 1st Vice, Mrs. K. Carlyle; 2nd Vice, Mrs. P. Durant; 3rd Vice, Mrs. H. Graham; Rec. Sec'y., Mrs. L. Porteous; Treasurer, Mrs. H. Flora; Cor. Sec'y.. Mrs. Wm. Lannin; Pianist, Mrs. E. Steele.

A real friend is one who knows the worst about you yet expects the best.

FAWCETT HOLSTEINS WIN ALL-CANADIAN AWARDS

Willola Daisy Supreme has been chosen as the All-Canadian Holstein Heifer Calf for 1945. She is owned by W. J. Fawcett, Winchester, and was first prize winner at the Eastern Ontario Championship Show held last fall at Kemptville. In addition she stood first in a class of 99 heifer calves at the Central Canada Junior Fair, and was first and Reserve Junior Champion at the Dundas Black and White Show, held in connection with Chesterville Fair. Another member of Mr. Fawcett's herd, Willola Rag Apple Jack, received Honorable Mention in the Bull Calf class. He was first and Reserve Junior Champion Bull at Kemptville and first, Junior and Reserve Grand Champion at Chesterville.

The All-Canadian Contest provides the climax of the show season for Holstein breeders in Canada. Prize winners at the various fairs and exhibitions of Provincial Championship calibre compete for national honours through the medium of photographs, the actual selections in the various classes being made by a committee composed of the judges at these fairs. In each of the regular show classes, an All-Canadian and a Reserve All-Canadian are chosen. In special cases, Honorable Mention is also given. This year 49 breeders in various parts of the Dominion shared the awards, although the majority came to Ontario. The contest is sponsored by the Holstein-Friesian Journal.

Inkerman Rockets Defeat Cardinal

The Inkerman Rockets, who are sitting pretty at the top of the Central Ottawa Valley Junior League, added another victory to their list on Friday evening last, when they defeated the Cardinal Juniors 14-4 at the local arena. Although the ice was on the soft side, both teams turned in a fine performance, which was witnessed by the largest crowd of the season. Among the spectators were Mr. Cecil Duncan, Secretary of the Ontario Amateur Hockey Association, and Mr. Jas. P. McCaffrey, Manager of the Ottawa Senators.

Scoring nine goals in the first period, it looked as though the Rockets were more than a match for the Cardinal team, but the next two periods produced closer competition. In the second frame each team scored once, and in the final session the visitors dented the twine three times to the Rockets' four. This was Cardinal's first loss of the season, while Inkerman has not lost a game.

The teams lined up as follows:

Cardinal—Goal, H. Baldwin; def., E. Byers and J. Dodge; centre, W. Peters; wings, F. Workman and R. Peters; alternates, J. Daoust, E. Clifford, E. Bass, L. Crawford, R. Mason, H. Patrick, C. Toupin.

Referees: F. Lampson and Frank Bailey.

Inkerman—Goal, R. Barkley; def., G. Crowder and B. Locke; centre, R. Ramsbottom; wings, R. Hurley and L. Craig; alternates, Ed. Duncan, Erwin Duncan, P. Armstrong, R. Workman, G. Workman. and J. Lafortune.

The complete scoring summary was as follows:

First Period

Inkerman, Ed. Duncan (Armstrong) 3.00
Inkerman, Ramsbottom (Hurley 5.00
Inkerman, J. Lafortune 7.00
Inkerman, Ed. Duncan (Locke) 8.00
Inkerman, Hurley (Ramsbottom) 10.00
Inkerman, Craig (Ramsbottom) 13.00
Inkerman, Locke (R. Workman) 15.00
Inkerman, Erwin Duncan (Ed. Duncan) 17.00
Inkerman, Armstrong (Hurley, Locke) 18.00

Second Period

Penalties: None.
Cardinal, Dodge (Peters) 5.00
Inkerman, Craig (Hurley)..... 9.00
Penalties: None.

Third Period

Cardinal, R. Peters 2.00
Cardinal, Daoust 4.00
Inkerman, Ed. Duncan (Erwin Duncan) 5.00
Inkerman, Erwin Duncan (Armstrong) 6.00
Cardinal, Daoust 7.00
Inkerman, Erwin Duncan 18.00
Inkerman, Hurley (Locke) 19.00
Penalties: Hurley.

INKERMAN DEFEATED IN EXHIBITION GAME

Inkerman Rockets suffered their first reverse of the season when they were defeated in an exhibition hockey game at the local arena on Monday evening by the Hull Volants, second-place team in the Ottawa Junior League. The score was 10-4.

The visitors were a strong-skating aggregation and a much heavier team than the local boys. They also showed the results of being trained by an experienced hockey coach. Although much lighter, the Rockets gave the Volants plenty of opposition. Under the training of an experienced coach, the Inkerman boys would, no doubt, be more than a match for their city rivals.

The scoring summary was as follows:

First Period

Inkerman, Er. Duncan (Ed. Duncan) 4.00
Hull, Legris (Parent) 11.00
Hull, Viau 15.00
Hull, Viau 17.00
Hull, Martineau 18.00
Inkerman, Craig (Hurley) 19.00
Penalties: None.

Second Period

Hull, Leichnitz (Hibberd) 10.00
Hull, Hibberd (Sabourin) 11.00
Inkerman, Craig (R. Workman) 19.00
Penalties: Locke, Legris, Parent.

Third Period

Hull, Sabourin (Leichnitz, Hibberd) 11.00
Hull, Leichnitz (Hibberd) 12.00
Hull, Hibberd (Leichnitz) 13.00
Hull, Parent 17.00
Inkerman, Lafortune (R. Workman) 19.00
Penalties: Legris 2, Parent, Locke.

The line-ups were:

Hull—Goal, Mayer; def., Legris and Gibeault; centre, Parent; wings, Viau and Cyer; alternates, Leichnitz, Sabourin, Hibberd, R. Limoges, B. Limoges, Martineau and Provost.

Inkerman—Goal, R. Barkley; def., G. Crowder and B. Locke; centre, J. Lafortune; wings, R. Workman and G. Workman; alternates, L. Craig, R. Ramsbottom, R. Hurley, Ed. Duncan, Erwin Duncan, P. Armstrong.

Referees—A. St. Louis, Hull. and Frank Bailey, Inkerman.

Mr. Harold Mellan Fatally Injured

Mr. Harold Mellan, 39, proprietor of the cheese factory at Hulbert, died about 5 a.m. on Thursday last, as a result of a head injury he received on the previous day, when he was thrown from a milk truck.

Mr. Mellan and his hired man, Mr. Bert McQuaig, were engaged in collecting milk and distributing cans to district farmers when the accident occurred. Mr. Mellan was standing up in the back the truck, as it was being driven into a farmer's yard near his home. As the vehicle passed under a clothes line, the wire caught Mr. Mellan, hurling him off the truck. As he fell he struck his head on the hard ground surface. He was carried to the home of Mrs. W. J. Gilmer and Mr. and Mrs. Hilliard Gilmer, Pleasant Valley, on whose farm the accident occurred. A medical examination revealed that he had suffered a concussion. At first it was thought that he would recover from the injury after a few days' rest in bed. However, his condition took a turn for the worse in the early hours of Thursday morning, and it was while he was being taken to the Ottawa Civic Hospital in Wallace's Ambulance that he passed away.

Deceased was a son of Mrs. Chris. Mellan and the late Mr. Mellan, of Hulbert. He was a highly respected citizen of the community and his death came as a shock to a wide circle of friends.

Practically all of his life was spent in this district, having been born near South Mountain on December 13th, 1907. After receiving his early education in the Hulbert School and in South Mountain Continuation School, he attended a course in Electricity in Toronto, and in 1931 graduated as a Cheesemaker from Kingston Dairy School. Since then, he has owned and operated the Hulbert Cheese Factory, one of the largest and best-equipped factories of its kind in Eastern Ontario. His specialized knowledge in these lines also made him a valued traveller for the C. E. Richardson Co. during recent years when he sold and installed dairy equipment throughout the area.

Always keenly interested in improving not only his own property, but also in the advancement of his community, he had served for some years on the Hulbert School Board, as well as on the South Mountain School Board, and had recently been appointed one of the first five trustees of the newly organized Matilda Township School Area. During the past two months, he had given freely of his time in helping to improve and modernize the local school building.

He was an esteemed member of the Hulbert United Church, of its choir, and the Board of Stewards, and was connected with South Mountain I. O. O. F.

The funeral, which was largely attended, was held on Saturday afternoon from his late residence to Hulbert United Church, where an impressive service was conducted by the pastor, Rev. Mr. Taylor, of Brinstons. It was held under the auspices of I.O.O.F. No. 428, South Mountain, and Brinston Oddfellows' Lodge. During the service, one of Mr. Mellan's favorite hymns was sung by a quartette, composed of Rev. and Mrs. Taylor, Mrs. Chas. Strader and Mr. Ogle Workman.

Interment was made at Brinston Cemetery. The pall bearers were Messrs. Victor Barton, Arthur Morrison, Lloyd Gilmer. Floyd Barkley, Elzon Coons and Cecil Barkley.

The many floral tributes, cards, letters and messages of sympathy received by the members of the bereaved family testified to the high esteem and love in which the late Mr. Mellan was held.

Besides his mother and wife, who was the former Miss Flora Knox, he leaves two young sons, Donald and Murray; one sister, Mrs. Mac Ellis, and two brothers, Howard and Lorne Mellan, of Hulbert.

The entire district unites in extending its sympathy to the bereaved family in their great loss.

16 BELOW ZERO

Winchester and district experienced its coldest spell of the season, when the mercury dropped to 16 degrees below zero on Wednesday morning. The change in weather took place on Sunday and since that time sub-zero temperatures have prevailed. Probabilities are for continued cold weather, but with a little higher temperature.

CARDINAL YOUTH BURIED ALIVE UNDER CORN

William Currie, Jr., of Cardinal, a young lad not yet 16 years old, lost his life by suffocation in a peculiar accident at the Cardinal plant of the Canada Starch Company on Friday morning, January 4th, when he was buried beneath a pile of corn.

When a quantity of corn jammed in the bottom of a chute, young Currie was lowered by means of a chair into the hopper to clear the obstruction. It is believed that he left the chair to speed up the process of clearing the hopper when the mass suddenly collapsed, sweeping him to his death. Although rescue operations were immediately begun, more than thirty minutes had elapsed before they could extricate Currie from the pile, due to the fact that the spout first had to be removed.

Dr. W. S. Palmer, who had been called, pronounced the boy dead when removed. The county coroner Dr. C. F. McPherson, was called from Prescott, and he, with Prov. Constable M. F. Armstrong, investigated.

The victim was the only son of Mr. and Mrs. William Currie, and was a popular youth in the community. His father had only recently returned from three years' service overseas. There are also two sisters, Eleanor, of Brockville, and Anna, at home.

The funeral service was held in Cardinal on Monday of last week.

An inquest was held into the boy's death at Cardinal on Friday.

CALL FOR ACTION TO HALT POSSIBLE DIPHTHERIA SPREAD

Recent statement of Maj.-Gen. Brock Chisholm, Deputy Minister of National Health, that any danger from diphtheria is "from ignorance and superstition which prevents parents from giving children the protection of toxoid treatment," has drawn support from prominent officials of the Health League of Canada.

Dr. Nelles Silverthorne, chairman of the League's National Immunization Committee, said the truth of Gen. Chisholm's statement was borne out by the fact that of the seven children who died during the current diphtheria outbreak in Ottawa, not one had been immunized. "This tragic evidence alone proves the value of toxoid," Dr. Silverthorne said. "It is beyond comprehension why parents neglect to have their children given harmless toxoid protection when such protection is so easily obtainable in Canada today.

"It's too bad that it takes an epidemic to make people realize the truth," he said, in commenting on the fact that attendance at Ottawa's clinics for toxoid injections has increased more than 300 per cent. since the outbreak's start.

Dr. Gordon Bates, General Director of the League, said he agrees with Gen. Chisholm that vigorous action is necessary.

"I trust that forthcoming "Health Week"—February 3rd to 9th—will do much to draw to the attention of all Canadians the fact that much disease is needless---preventable. For instance, universal use of toxoid will wipe out diphtheria. National Immunization Week last fall called attention to the known facts, but still there are thousands of parents who have been too indifferent to act.

"If parents, knowing the facts, are still too indifferent and careless to protect their children by having them toxoided, the time may come when such parents may be held responsible. "I suggest a coroner's inquest in the case of diphtheria deaths might serve to awaken the public conscience."

Dr. Bates remarked that Health Minister Jose R. Andreu, of Cuba, recently ordered that protection against diphtheria for all children under eight years of age be made compulsory. "Apparently that is what we need in this country," he said.

STRIKES AND UNIONS

Between strikes and rumours of strikes, there appears to be something wrong between Capital and Labour. There probably needs to be some adjustments made, and a better understanding between employee and employer, but strikes and picket lines don't appear to us to be the right course to take. Not only do the strikers suffer financially by this method, but the whole country is effected by the stoppage of production. Unions are alright up to a certain degree, but some of the big shots at the head of the labour unions are fast becoming powerful dictators, with little respect for law and order, national unity or true democratic principles. In Germany, during the war, if a person didn't belong to the Nazi Party, he was deprived of his freedom and many were even put to death for opposing the Nazi program. Today, labour unions are demanding "closed shops," which means that unless a man belongs to a labour union he cannot be given a job in a plant where a union exists. That, we maintain, is going too far. An employer should be able to hire whoever he wishes, and a man should be able to work wherever he can find employment, whether he is a member of a union or not. Freedom to work is as necessary as any of the other freedoms.

GET IT STRAIGHT

If ever there was a time when the public should read its newspapers carefully, count the blessings of a free press gratefully, this is it. At no other period in Canada's history has intelligent understanding of world events by the common man been more necessary.

World information comes easily to Canadians through daily and weekly newspapers across the land, but all too many of them skim them hurriedly and fail to absorb the full meaning of news stories.

It is not unusual to hear repeated as fact informaiton that has been carefully labelled in news story as rumor or supposition. Perhaps the Paris radio reports a political correspondent's guess that Russia soon will demand the Dardanelles from Turkey. The newspaper story will give the exact source of the report and call it the speculation it is. But by the time it reaches the conversation, of hasty newspaper readers, Russia has taken over the Dardanelles.

Radio offers another pitfall for those who believe everything they think they hear. Speculation becomes fact, dramatization reality for one-ear listeners.

With the prestige born of her war effort, Canada is taking a leading place among the smaller nations in world councils. Her voice was heard with respect at San Francisco, her career diplomats are hard at work furthering Canadian ideals in the United Nations Organization. But this new role of Canada's can be played to its logical conclusion at the peace table only with the support of the Canadian people. And the workman, the professional man, the women of the nation, must understand what is being done if Canada's voice is to be strong.

One avenue to clear thinking is offered by careful reading of newspapers, which are making every effort in their power to bring the world situation before the Canadian people and explain its complexities.

THE NAVY LEAGUE OF CANADA

During the war, Canada came into second place among the exporting nations of the world. This fact undoubtedly accounts in large part for our present day prosperity, but just how long we will maintain that position remains to be seen. In any event, Honourable James A. MacKinnon, Minister of Trade and Commerce, is now en route to Britain to hold a series of talks with members of the British Government relative to the sale and marketing of Canadian products.

It must be obvious to everyone that if we are to continue our present standard of living, or anything approximating it, world markets must be found for our surplus goods. This means ships and ships mean seamen. It also means that Canada must always be prepared to do her share in keeping the sea lanes free.

Possibly the most important work the Navy League of Canada has done during the fifty years of service to the Dominion and the Empire has been to keep us aware of our national responsibilities as a maritime nation and that we belong to a Commonwealth of Nations whose very existence depends upon the sea.

Its most recent achievement, namely its service to merchant seamen and naval ratings during the war, almost staggers the imagination with a record of nearly eleven million in its clubs and hostels. Combined with this has been the development of its youth-training programme that today, has many thousands of boys under its wing and which, when expanded as is now planned, will eventually extend into every community.

Operating under a Federal Charter and wielding its powerful influence at an important source of our national wealth, The Navy League merits the financial support of County Councils and other organized bodies. Its contribution to the war effort is beyond praise. Its contribution to Peace is of equal importance and must not be curtailed for want of the necessary funds.

DRUNKEN PATIENTS

Exasperated by the behaviour of patients admitted to the St. Thomas Memorial Hospital in an intoxicated condition, its board of governors has adopted the following resolution:

"Whereas the increase in drunkenness is appalling, and whereas the increase in drunkenness is causing a great deal of danger to orderlies and nurses, because of the violence of drunk patients, and is also causing mental unrest to the rest of the patients in the hospital,

We, the board of trustees of the Memorial Hospital, feel that all the hospitals in Ontario and the Ontario Hospital Association should urge the Ontario government to provide hospital accommodation for the alcoholics, apart from general hospitals, the cost to be paid out of the profits from the sale of liquor by the Ontario Government."

The hospital in St. Thomas is not the only one which is having trouble with drunken patients nor is it the only one which thinks the time has definitely arrived to do something about this problem.

The drunk is always an infernal nuisance wherever he may be and it is distinctly unfair to the staffs of general hospitals and their other patients that they should be asked to shelter and treat them.

As the government makes it possible for these alcoholics to get that way and even encourage their alcoholism for the sake of its revenues, it is not unreasonable to suggest that it should set up special hospitals for their treatment.

EDITORIAL NOTES

There's less than one job in Canada open for every two persons looking for work. Yet labour is still a bottle-neck in production. Something's wrong.

With the fires quenched, the world, it is hoped, can begin to rebuild in a practical way, unhampered by individual or national selfishness or unproven theory.

You cannot be too emotional—but you can have a lot too much of the wrong emotion at the wrong time. If so, it is because you have not yet used your intelligence to decide what is the right way of dealing with the circumstances that rouse you to action. Do this and right feelings will follow as a matter of course.

Has one of the hospital canvassers contacted you yet? If so, have you signed a pledge card, stating that you would be willing to contribute a certain sum towards the project? It's going to take plenty of cash and moral support to swing this project, so if you can't conscientiousiv support the project, please don't knock it.

No person can say that we didn't have a January thaw this year. The mild spell of the past two weeks has been a record, so the old-timers say. As we write, the sun is shining and there isn't a sign of snow anywhere—the ice on the road is melting and the weather is real spring-like. Here's hoping we don't have to make up for this mild spell by having a late spring.

Other Editors' Opinions

LIQUOR AND ACCIDENTS

(Ottawa Journal)

Dr. Smirle Lawson, of Toronto, supervising coroner of Ontario, believes one-quarter of Ontario's traffic fatalities come from accidents in which liquor is a factor. If this is true, it seems to us that not enough drivers go to jail.

NON-POLITICAL JUDGES

(Vancouver Province)

Politics should be divorced entirely from the appointment of judges. This branch of the administration should be reserved for the best legal minds obtainable. Capacity and character should be the only test. In that way Canada's sound legal prestige can be maintained and increased.

THE KING'S ENGLISH

(Carleton Place Canadian)

Much favorable comment has been read in the press on the King's speech on Christmas Day. Simplicity, together with the discriminating use of words, is an infallible sign of good breeding. Another outstanding feature was its brevity, and the key to brevity is the choice of words.

BIBLICAL WARNING

(Kingston Whig-Standard)

We wouldn't like to spoil anyone's celebration, but we cannot help appreciating the timeliness of the warning contained in Proverbs 23:29-30: "Who hath woe? who hath sorrow? who hath contentions? who hath wounds without cause? who hath redness of the eyes? They that tarry long at wine; they that go to seek mixed wine."

REPATRIATION

(Hamilton Spectator)

Soldiers were to be repatriated on a "first in first out" basis. Yet even when it was so clear that this was impossible, it was not officially admitted, and is not likely to be.

Rehabilitation was to the King's taste, but all kinds and numbers of men have found themselves in difficulties about delays in grants and credits about which they could have been informed.

CANADA'S MINES

(Chatham News)

Canada has many mines in high production, that are turning out millions of dollars in gold and other minerals annually, many others in the stage of development, and prospects that still other valuable mineralized zones will shortly be located, in Ontario, British Columbia, Northern Manitoba and Northern Quebec, where the mining industry has been particularly active of late.

TOO MUCH RED TAPE!

(Smiths Falls Record-News)

Department of Veterans' Affairs, we are reliably informed, requires one hour, exclusive of waiting time, to fill out the forms for purchase of a single item of furniture under a Veteran's Re-establishment grant. It takes five or more forms, six signatures of the applicant, and an oath taken on a Bible before two witnesses. This is for second purchases, where initial files have already been established in the Department. What a lot of time-wasting tommyrot!

BINGO ADDICTS

(Pembroke Standard-Observer)

For many people bingo has a peculiar fascination. For ourselves, we can take it or leave it alone, but there are people in Pembroke who would not miss a bingo come hail or high water and we doubt if they do themselves or anyone else any harm. They like to win a prize—who doesn't? but if they don't win, they feel they have had a good evening's entertainment anyway. We sometimes think there is something in the contention that everyone should be allowed one form of dissipation, and bingo strikes us as one of the most innocuous vices in the calendar.

IT'S A PROBLEM!

(Almonte Gazette)

It is rather astounding to learn that one of the youths who has been arrested in connection with the murder of the Toronto merchant, Tobias, is only 16 years of age. What to do with a lad of such years is a problem that will surely embarrass law officers. In the old days, if a boy of 16 were convicted of murder he would have been hanged, but it is questionable if public opinion would stand for such punishment today. No doubt the older participants, if found guilty, will dangle at the end of a rope. Retribution, swift, sure and adequate, is the only way of dealing with the crime wave that is sweeping over Canada today. The noose is the greatest deterrent to potential murderers that ever was invented.

BUYING FROM BRITAIN

(Brockville Recorder & Times)

If we wish to retain or enlarge our British market, with all that it means to our production and export trade, we must be prepared to do a great deal more in the way of buying British goods than we have been accustomed to do. Britain's present financial position has simply brought to a head a most unsatisfactory trade situation that has existed for years, and if the trade had been in reverse, we might not have been nearly so quiet about it as the British have been. Now we have to buy British goods if we want to sell our own goods to Britain, and few people will be disposed to quarrel with such an arrangement. There are many articles that Britain can sell here without our own domestic interests suffering.

BIBLE QUESTIONS ANSWERED BY THE VOICE of PROPHECY

INTERNATIONAL BIBLE BROADCASTER

Question—I don't like to hear Christians talk as if they were glad that wicked men will be lost. Do you think God wants them to be lost?

Answer—Let us read Ezekiel 18:32: "For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourselves, and live ye."

Q.—Which do you think is better—to be poor and good, or to be rich and bad?

A.—One does not need to be poor in order to be good, nor rich in order to be bad. Turn to Proverbs 28:6: "Better is the poor that walketh in his uprightness, than he that is perverse in his ways, though he be rich."

Q.—Don't you have to admit that the book of Revelation is a sealed book?

A.—No, not when its name is "Revelation"—a revealing, not a concealing. In the closing chapter we read these words: "And he saith unto me, Seal not the sayings of the prophecy of this book: for the time is at hand." Revelation 22:10.

Q.—I say conscience is always a safe guide. What do you say?

A.—Titus 1:15, 16 tells us that the conscience may be defiled. In 1 Timothy 4:2 we read of a seared conscience; 1 Corinthians 8:12, a weak conscience; Hebrews 10:22, an evil conscience. It is safe to follow the conscience only when it is good (1 Peter 3:16) and pure (1 Timothy 3:9) and guided by the Word of God.

Q.—What is the best time of day to study the Bible?

A.—All times are good, but the early morning was especially used by God's prophets as a time to bring His messages to men. God is spoken of as rising up early and giving messages to His prophets who rise early to receive them. "I spake unto you, rising up early and speaking, but ye heard not." Jeremiah 7:13. Read also Isaiah 50:4: "The Lord God hath given me the tongue of the learned, that I should know how to speak a word in season to him that is weary: He wakeneth morning by morning, He wakeneth mine ear to hear as the learned."

WEDDINGS

DRAPER—ROBINSON

A marriage of interest in South Mountain took place in the Presbyterian Manse, Guelph, Ont., on December 27th, 1945, when Miss Shirley Irene, daughter of Mr. and Mrs. T. Wm. Robinson, of South Mountain, and Mr. Frederick E. Draper, of Mount Forest, were united in marriage by Dr. McIvar.

The bride wore a fiesta Blue jersey frock with matching hat and shoulder length veil and shoulder-knot of sweetheart roses.

After the reception, held at the home of Mr. and Mrs. G. McGillivary, the young couple left for Toronto. The bride travelled in an aqua blue tweed coat and navy blue accessories. They will reside near Holstein, Ont.

Barrhead, Alberta.

The Ogilvie Flour Mills Co., Limited,
Edmonton, Alta.

Dear Sirs:

This year I have used your "Miracle" Chick Starter and I want to let you know the results I have had.

I received 430 chicks. They are New Hampshire Reds. I have only lost five, two of which were killed because they were crippled, and the others died from natural causes.

The chicks are strong and healthy, well feathered and growing fast.

They like the feed tremendously and clean it all up.

I am more than pleased with the results.

Yours truly,
M. P.

The Women's Institute held their January meeting on Jan. 9th, at the home of Mrs. J. V. Fetterly. On account of the icy conditions of the roads, not as many as usual were able to be present.

In the absence of the president, Mrs. Jake Steen presided. Roll call was answered with "Something I can do to help the Institute."

It was decided to hold our Annual At Home on Jan. 25th in the Oddfellows' Hall. Different committees were appointed to make the arrangements. A paper on Historical Research was given by Mrs. A. Dillabough. Letters were received from several shut-ins expressing their appreciation for Christmas boxes received. The meeting closed with the National Anthem, after which refreshments were served by the hostess, assisted by Mrs. Allen Thompson and Mrs. W. Thomas.

HINTS FOR THE HOME

Tablecloths

Tablecloths can be kept in a neat condition for a much longer time if they are folded in their creases each time after using.

Cleaning Steel

One of the best ways to clean steel is to rub it with a paste made of emery powder and oil, mixed to the proper consistency.

Dog Hair

To remove dog hair, fuzz, and lint from woollen clothing, wet a rubber sponge, squeeze almost dry and rub over the clothing.

Wrinkles

When tiny wrinkles begin to appear around the eyes, massage oil gently into the skin with the finger tips every night before retiring.

Winter Laundering

Clothes will not freeze to the line on a cold day if the line is gone over with a damp cloth sprinkled with equal parts of soda and salt.

French Dressing.

Do not throw away the vinegar from bottled pickles, but save it and use when making French dressing. It will add a pungent, spicy flavor.

The Rockers

The next time the floor is waxed, give the bottoms of all the rockers a coat. The chairs can be moved without danger of scratching the floors.

Apple Sauce

To improve the flavour of apple sauce, add a few drops of lemon juice. This addition will be a great improvement if the apples have a flat taste.

Cutting Wood

Wood that is to be used for fishing rods, or any such purposes, should be cut during January, when the sap is entirely out of the wood. This insures its elasticity.

Winter Plants

House plants should be placed in the bathtub once in awhile and the shower turned on gently, so that they may get moisture through their leaves as well as their roots.

Suede Shoes

If the suede shoes become spattered with mud, rub the spots with the fine emery board from the manicure set. It will loosen the mud, which can then be brushed off easily.

Stains.

To remove stains from the fingers, use a little powdered pumice mixed with a few drops of olive oil. Use an orange stick wrapped with cotton to apply the paste under the finger nails.

Sprinkling Clothes

The clothes will be more evenly dampened if a small brush or whisk broom is used to sprinkle water on them. Hotter water can be used and the clothes can be ironed much sooner.

Washing Windows

Another easy and quick way to wash windows is to dip a chamois in a vessel containing two quarts of water and one cup of vinegar, wring it dry, and wipe the glass as usual. It will clean and dry at the same time.

The Baby

If the baby's stomach refuses to hold milk while he is teething, beat the white of an egg until stiff, add a few drops of orange juice and a little sugar. and feed it to him with a spoon. It is palatable and will strengthen him.

Protecting the Hands.

It is often annoying to the housewife who must fire the furnace to be compelled to wash the hands every time the coal is handled. This can be avoided if a number of paper bags are filled with small lumps, and these bags thrown on the fire as required.

At the close of the meeting, North Russell No. 39 served lunch.

MOUNTAIN RED CROSS

The annual meeting of the Mountain Township Branch of the Red Cross Society was held in the I.O.O.F. Hall at Mountain with the vice president in charge. Minutes of the last annual meeting were read and approved, also the secretary's report for 1945 was given. 2165 yards of material have been used, 126 lbs. of yarn, 200 lbs. of quilt batts and 600 yds. of quilt linings. A splendid year's work has been accomplished by all units. The treasurer's report showed total receipts to be $3972.84, expenditures $3479.34, leaving a balance of $493.50.

A letter was read from Toronto, stating that present quotas are to be completed and forwarded to Toronto by April 1st. The Women's War Work Committee will cease to function then. Provisions will be made later for peace-time activities. It was decided that all officers remain in their present positions until the end of the term.

The following articles were forwarded to Toronto during 1945:—196 quilts, 1 afghan, 4 crib quilts, 104 pr. boys' shorts, 186 undervests, 205 pr. underpants, 643 diapers, 218 sanitary pads, 3 pr. pyjamas, 50 blouses, 39 coats, 74 pr. bloomers, 107 pr. girls' combinations, 98 pantie dresses, 9 men's shirts, 10 boys' overcoats, 2 pr. child's sleepers, 1 ladies' dress (donated), 2 pr. long pants, 3 children's skirts, 4 bonnets, 2 tams, 154 pr. service socks, 42 sweaters, 100 pr. gloves, 36 scarves, 6 pr. seamen's socks, 23 turtleneck sweaters, 1 helmet, 12 pr. mitts, 52 pr. knee stockings, 17 pr. of infants' leggings.

RUSSELL DISTRICT L.O.L. HOLD ELECTION MEETING

The Russell District L.O.L. No. 2 met at Metcalfe on January 8th with the past director, Brother Eber Robinson, of Russell, presiding. The meeting was well attended, and the members were served refreshments by the Metcalfe members. The election of officers resulted as follows:

Past master, Bro. Eber Robinson; directors W. and WD., Bros. Fred Stoodley, of Vernon, and Fred Scott, of Russell; D. chaplain, Bro. Henry Robinson, Marvelville; D. rec. sec. Bro. Hugh Fader, Marvelville; D. fin. sec., Bro. Percy Graham, Russell; treas., Bro. Herbert James; D. marshal, Bro. Wm. Loney, Kenmore; D. first lect., Bro. E. W. Acres, Ottawa; D. second lect., Bro. A. WELCOME HOME PARTY AT VERNON

On Friday evening last, Vernon and community held their third "Welcome Home" party in the Orange Hall, which was filled to capacity. Reeve George Lewis acted as chairman, and assisted by W. Porteous, presented pins, gifts of Osgoode Township, to seven repats, in appreciation of their services overseas. Mr. H. Ferguson, assisted by Mr. J. Porteous, made presentations on behalf of Vernon and community of a handsome wallet containing a sum of money, to the following:—Capt. A. Acres, L.A.C. S. Cameron, Cpl. D. Kennedy, Pte. O. Kinnaird, Pte. E. Kinnaird, Sgt. D. Donovan and Sgmn. A. Kennedy.

Short speeches were made by Rev. H. Jones and Capt. the Rev. T. Younger Lewis, and music was supplied by C. Wilkes, Pte. E. Kinnaird, Miss A. Hanes and Mrs. D. Crerar.

UNITED CHURCH W. M. S.

The first meeting for 1946 of the W. M. S. was held in the church hall on Thursday, Jan. 10th, at 2.30 p.m., with Rev. N. J. Thomas presiding for the installation service, with all officers and members taking part.

The President, Mrs. E. Fennell, took charge of the balance of the meeting, thanking all the retiring officers for their splendid work during the past year, and to the new officers encouraging words to do greater work for the Master.

The minutes of the December meeting were read by the past secretary, Mrs. O. Wallace, and full reports of the year's work were given by the different secretaries. The treasurer reported sending $516.11 to the Presbyterial treasurer at Prescott. Special mention was made of the Mission Band under the leadership of Mrs. Wm. Servage. There are 24 members in the band and they raised $88.63. Mrs. T. O. Keyes moved the adoption of these splendid reports.

Recommendations which were made at a previous executive meeting were dealt with. Mrs. H. L. Hughes moved that all recommendations be adopted. The meeting closed with the Mizpah Benediction.

The Royal Bank of Canada Annual Meeting

Morris W. Wilson, President, sees no quick and easy solution to reconversion problems. Believes greatest half century in Canada's history just ahead. Dominion fortunately placed to help foster world co-operation. Questions whether Canada making most of trade opportunities in South America.

James Muir, General Manager, reports assets exceeding $2,000,000,000 at new high level for Canadian banking. Bank fully equipped and ready to assist reconversion. Seeks wider field of service in loans to firms and individuals.

Solid confidence in Canada's immediate future and the important part she can play in the promotion of international understanding and well-being were voiced by Morris W. Wilson, President of The Royal Bank of Canada at the Bank's Annual Meeting.

Referring to reconstruction problems, Mr. Wilson said: "The first important task in our post-war reconstruction is the conversion of industry to production of the basic needs of a civilized community, with the minimum of dislocation, unemployment, and friction. For two or three years, since we passed the peak of our war effort, we have been giving thought to the reconstruction period. Now, we are in it. The problem is no longer speculative, but is gradually being met in a practical manner, more or less satisfactorily. If one or more sections of the masterpiece we desire to produce are not filled in at once, let us not worry too much, but look at the whole picture and its good prospects. Many of our people, not realizing the nature of the real problems in reconversion and reconstruction, want a quick answer to all questions, and an immediate completion of all plans. There cannot be such an easy way: changes in nature, people, and life are continuous, not abrupt."

READY TO MOVE FORWARD

Solid ground for optimism was to be found, said Mr. Wilson, in Canada's tremendous record of accomplishment since the turn of the century. "Have our people confidence in themselves?" asked Mr. Wilson. "If they would pause and reflect upon the historic advance of their country, they would find few reasons for depression and many reasons to justify hope of success. The record of what was accomplished is marvellous, the advancement of every year being built upon that of preceding years. Some interruption occurred, but now we are ready again to move forward. A comparison between our material circumstances in 1900 and in 1945 is well worth looking at.

"Here are some figures which should be considered alongside the fact that our population has increased just 123 per cent. in the 45 years under review. The number of acres occupied for farm purposes increased 176 per cent.; the value of farm property, in dollars of the same purchasing power, jumped to 251 per cent. of what it was in 1900; the value of agricultural products exported rose 300 per cent., and the number of bushels of wheat we produced grew by 685 per cent. The increase in our production of minerals was: copper, 2,079 per cent.; gold, 114; lead, 377; nickel, 3,781; silver, 204; asbestos, 1,115. Our output of wood pulp increased 1,892 per cent. Our railways expanded their track mileage 133 per cent., the number of passengers 214 per cent., and tons of freight 302 per cent. The tonnage of sea-borne shipping cleared at Canadian ports rose by 288 per cent. Telephone instruments in use increased by 2,585 per per cent. Electric incandescent lamps, so numerous to-day as to be impracticable to count, numbered only 815,000 in 1900. Radios, automobiles and aeroplanes were not even predicted in the 1900 statistical books. The registrations of radios are not by any means a complete record of instruments in use, but total 1¾ million. Automobiles number 1½ million.

"And now, what should we do to make sure the progress of the past half century is continued and expanded in the next 50 years? I have no doubt that we have made mistakes and will continue to make mistakes in preparation for and conduct of our economic plans, but if we look ahead carefully, make our plans as prudent individuals, corporations and as a nation, and carry them out energetically, I am very sure the greatest half century in Canada's history lies just ahead.

"When we review the past 45 years and reflect on these things which have been accomplished, surely we find it evident that Canada and its people with a record like that, do not need to be fearful of the future just because they cannot pull out of a pigeon-hole the complete answer to every question posed."

Mr. Wilson, however, warned that Canadians could not rest on past achievements. Future progress depended also on a frank appraisal of weaknesses and demanded imaginative leadership. Particularly, he stressed the danger of proposals to make of Canada a self-sufficient nation—a policy which if pursued could be disastrous to employment and national wealth.

One of the greatest needs of the immediate future, he said, was the healthy development of foreign markets.

TRADE OPPORTUNITIES

"While all countries in the world require goods Canada produces, it seems well to look particularly at a continent where many well-versed persons think Canada is not making the most of her opportunity—South America. The total value of imports to the South American Republics in 1940 was one billion, 11 1-2 million dollars. This indicates the extent of the market in general, and it is particularly interesting to take note of the fact that so many commodities required by these countries are products of Canada, including iron and steel, chemicals, paper, wood and manufactures of wood, vehicles, paints, wheat and other foodstuffs, mining machinery, industrial machinery, electrical apparatus, and many minerals. There is still a wide field which Canada may cultivate.

"If we admit that prosperity in Canada is not just local, then the next step is to consider how we can help ourselves by measures designed to raise the purchasing power of other countries so that they can buy our goods.

"The International Monetary Fund and the International Bank of Reconstruction set up under the Bretton Woods agreement are evidence of a good spirit. I believe we have done well so far in making these arrangements; they present an outward and visible sign that nations are conscious of the world outside themselves."

"Our geographical position makes us the link connecting the two great industrialized countries, Great Britain and the United States; our membership in the commonwealth of free peoples gives us a world position much higher than would be warranted if we stood alone; our great industrial technical skill helps us meet the requirements of any market; our rich store of natural resources assures supplies of raw materials indefinitely; and our historical capacity for tolerance wins for us respectful attention in the councils of nations.

"Yet, some people persist in saying: 'Times are going to be hard.' This is no occasion for thoughts of failure.

"I refuse to believe that after so long-continued slow but sure progress mankind will allow itself to be annihilated by atomic bombs, or to be enfeebled by long drawn out decay, or paralyzed by disputes which ruin international trade and co-operation. This country should have no doubt of itself or of the contribution it can make to the world. All we need is faith in Canada, and confidence in our own enterprise and energy to make the second half of this century greater and more abundant than the first which was, in a material sense, as I have shown, great indeed."

GENERAL MANAGER'S ADDRESS

In presenting the financial statement, James Muir, General Manager, reported assets of $2,007,546,978, the highest in the history of the bank. He remarked, however, "that size is not the gauge of the bank's ambitions—but rather that, always mindful of its responsibilities to its depositors, it should fill the role of providing all classes of the public with a high order of prompt, efficient and helpful service."

Mr. Muir stressed the part being played by the Royal Bank in helping clients solve their reconversion problems through loans, an increased number of which "are being made for Capital Expenditure purposes and on more extended terms than used to be customary. Naturally, we endeavor to appraise these risks with care. This policy is not only of benefit to customers in assisting with the expansion and improvoement of their operations, but, in addition, is an important factor in the over-all picture of employment and rehabilitation. Many loans of this character have been made at branches across Canada. Other lending activities might be mentioned: For example, during the year the needs of the personal or casual borrower have been met to the extent that in round figures 127,000 individual loans of $500 and under have been made. In March of last year the Farm Improvement Loans Act came into force. Figures released by the Government disclose that up to the end of last October, all Chartered Banks had made a total of 3,669 loans under the Act for the aggregate sum of $2,911,224. It is satisfactory to learn that our share of this total was the largest—namely, 1,245 in number and $998,570 in amount. We might say that the immediately foregoing figures were largely exceeded, both as to number and amount, in the loans we made during the same period for exactly similar purposes in the ordinary course of business outside the provisions of the Act.

"The details I have given you illustrate the policy and aim of the bank to render banking service and assistance not to any narrow section, either in a business or a a geographical sense, but to all classes of clients in the different comunities served by our branches. We try to render this service and assistance in a spirit of friendly co-operation, and our doors are open to all who need a banking service."

PROUD STAFF RECORD

Referring to the bank's staff which now numbers over 10,000, inclusive of those still in the armed forces, the General Manager said: "Total enlistments during the war were 2,321, of which 2,171 were from Canada. Many obtained high rank, and a generous share of honours and decorations for valour were won. It is my sad duty to place on record that 193 of these splendid young men gave their lives in the great struggle, and I know you will wish me to extend to their families and friends on your behalf and on behalf of their colleagues expressions of our deepest sympathy.

"Seven hundred and ninety-eight of the men formerly in the Armed Services have already returned to the bank, and they are being afforded every opportunity to re-acclimatize themselves quickly. Upon reporting to us, each is interviewed by a senior officer familiar with his previous record and service, and everything is done to make him feel at home. Our set policy is to treat these returning men with fairness and understanding, and to see to it that in no case are they worse off materially than if they had never been away. Their response and attitude are most gratifying, and only makes us all the more proud of them. Their years of service in the forces are allowed to count as years of service in the bank for pension purposes, and if their service-pay was less than their salary at time of enlistment, they were not required to contribute to the Pension Fund. The bank's Group Innsurance plan—plus war risk in their case—was maintained for them, the entire premium being paid by the bank. In addition to these security measures carried on for the staff, hospital and surgical benefits insurance is maintained—a substantial portion of the cost being borne by the bank. Recently a retiring plan was inaugurated whereby women employees and men not members of the Pension Fund are assured of an annual income when the time comes for them to give up their duties. Generally speaking, women employees will retire at 55 years of age. The plan is non-contributary on the part of these employees.

Special reference was made by Mr. Muir to the part played by the bank's branches in foreign lands in promoting trade and understanding. He stated that the Bank's first foreign branch had been opened nearly half a century ago and that to-day branches abroad numbered 61. "We are the only Canadian bank covering such a large field, he said, "and during the years we have in this way directly contributed to Canada's steadily increasing international trade and cultural relations."

Annual Meetings

The annual vestry meeting of St. George's Anglican Church was held on Thursday evening at the home of Mr. and Mrs. Willard Acres. Rev. Robert Shannon presided. The financial statement was presented by the treasurer and showed a small balance on hand. The officers for 1946 were all re-elected and are: Rector's warden, Ernest W. Acres; people's warden, Charles L. Acres; treasurer, Mrs. Willard Acres; lay delegate to Synod, Willard Acres. After the close of the meeting, refreshments were served and a social hour enjoyed.

The officers of the Ladies' Guild for the coming year are: President, Mrs. Chas. L. Acres; vice president, Mrs. Willard Acres; secretary, Eileen Acres; treasurer, Mrs. Leonard Cameron.

The December meeting of the Guild was held at the home of Mrs. Leonard Cameron on Thursday evening, Dec. 27th. A short business session was conducted by the president. A social hour was enjoyed after the close of the meeting, and refreshments were served by Mrs. Cameron.

The annual School Meeting of Belmeade School was held on Dec. 26th. Carman Morrison was elected to the school board, replacing John Kennedy, the retiring trustee. Lloyd McNaughton was elected sec.-treasurer, replacing S. W. Reid, who had held that position for more than 30 years. Other members of the Board are Willard Acres and Cecil Acres.

The annual meeting of Vernon Public School was well attended. The school board is comprised of Charles Acres, Harry Lee and Wilbert Duncan. Arthur Allin is sec'y.-treas.

CANADA YEAR BOOK

The 1945 edition of the Canada Year Book, published by authorization of the Hon. James A. MacKinnon, M.P., Minister of Trade and Commerce, is announced by the Dominion Bureau of Statistics.

The present edition continues the policy of giving such space as can be spared to feature articles of special importance. Such articles give additional meaning and substance to the purely statistical and analytical material that constitutes the basic chapter material. In a very real sense as a perusal of the lists of Special Articles in this and former editions will show, they give to the Year Book Series an encyclopaedic value apart from its function as a statistical abstract.

Special Articles

Among the special articles appearing in the present edition are: Physical Geography of the Canadian Eastern Arctic; Canada's Growth in External Status and Canada's Part in the Relief and Rehabilitation of the Occupied Territories; Canadian Oil Production; Changes in Canadian Manufacturing Production from Peace to War; International Air Conferences; The Wartime Role of the Steam Railways in Canada; Canada's Northern Airfields; the Democratic Functioning of the Press; and the Activities of the Wartime Prices and Trade Board in Controlling Prices and Rents and Supplies.

All these articles are sponsored by responsible authorities of the Dominion or Provincial Government Services with the exception of that of the press, for which material was supplied by Senator the Hon. W. A. Buchanan, President of the Canadian Press.

There are many other features, all of interest to every Canadian, included in the 1945 edition of The Canada Year Book.

The cloth bound volume is held for sale by The King's Printer, Ottawa, at $2.00 a copy, which price includes merely the cost of paper, printing and binding.

By a special concession a limited number of paper bound copies have been set aside for ministers of religion, bona fide students and school teachers, who may obtain such copies at the nominal price of $1.00. Application with remittance for special copies must be forwarded to the Dominion Statistician, Dominion Bureau of Statistics, Ottawa.

All remittances should be made by money order, postal note or accepted cheque made payable to the Receiver General of Canada.

Farmers - Attention

An old established Montreal fruit importer wishes to contact a number of successful farmers in Eastern Ontario who will grow a half acre or acre of Raspberries for shipping to them on consignment. The whole crop or that part not required for your local demand is wanted.

Plants of the best commercial variety will be supplied for spring planting, 1946, by Canada's largest nursery grower of certified planting-out stock at commercial rate. Term payment, if desired.

Yields of 8,000 pints and more per acre under good cultural conditions. While impossible to guarantee market prices, the abnormally small acreage in Ontario would indicate relatively strong prices for some years, thus insuring a very high ratio of profit.

If interested in this high grade, long term sideline, reply to Box 457, Campbellford, Ont., on or before January 21. A raspberry specialist representing the interested parties will shortly call at your home, and explain in detail the cost of planting, care and cultivation, picking, marketing and shipping.

Because of very short plant supply, replies will be considered according to merit and date received.

LOCAL AND GENERAL

Patient In Hospital.

L.A.C. Jack Fader, son of Mr. and Mrs. John Fader, who recently returned from overseas, is a patient in the Rideau Street Military Hospital, Ottawa, where he will undergo an operation this week.

Fractured Right Wrist.

Mr. Chas. Marcell, electrician, of Chesterville, had his right wrist fractured recently when the engine of his car backfired as he was attempting to crank it. He was treated by Dr. H. Justus who reduced the fracture and placed the arm in a cast.

"Steaming" in Dundas.

The illustration on the cover of the current issue of the Canadian National Magazine is that of a C. N. R. train steaming its way between Morrisburg and Iroquois on a frosty winter day. The picture was taken at mileage 96 by K. W. Smith, C. N. R. signal maintainer at Morrisburg.

Hospital Patients Doing Well.

We are pleased to report that Mrs. John O'Neill, who underwent an operation at the Ottawa Civic Hospital, last Thursday, is progressing favourably, also that Mr. Geo. Coons. a patient in the same hospital, suffering from a broken back, is in good spirits. Mr. Coons is in a cast from his chin to his thighs, but has the use of his arms. He may be able to return to his home within a few weeks, but will have to remain in the cast for at least four months.

Couple Found Dead.

Believed to have been dead for several hours, bodies of Mr. and Mrs. Joseph McCleary, elderly residents of the village of Finch, were discovered early Tuesday afternoon of last week in their home. Both had been in poor health for some time, and death was attributed to natural causes. Bodies of the elderly couple were discovered shortly after noon by 12-year-old Douglas Shaver, who found the doors locked when he called at the McCleary home. Looking in a window he saw McCleary lying across the bed and Mrs. McCleary on the floor beside the bed. It is believed that the man died first and that the woman succumbed while attempting to render aid to her husband. The couple were believed to have died from the effects of coal gas from a stove in their home.

Masonic Secretary Retires.

Dr. W. C. Davy has retired after more than 20 years' service as secretary of the Masonic lodge at Morrisburg.

Found Fishworm.

Last week during the spring-like weather, Constable Herbert Helmer discovered a fishworm crawling over the ground, adding to the list of spring signs. If the worm was still out on Monday, we don't think it would do much crawling, with the temperature a 15 below zero. That mild spell was too good to last—we'll have plenty of winter yet.

Overcome By Coal Gas.

Mr. and Mrs. Herman Hayunga, an elderly couple living on the river road east of Morrisburg, were found in bed overcome by coal gas one morning last week, and a physician, who was called, found it difficult to revive them. They had been burning soft coal for heating purposes due to a scarcity of fuelwood. Hayunga is 83 years old and his wife is also of advanced years.

YOUNG COUPLE HONOURED AT BOUCK'S HILL

On Friday evening, January 11th, friends and neighbours gathered at the home of Mr. Walter Garlough to offer their congratulations to his daughter. Ethel, and Pte. Wilfred Reid, of Ottawa, on their recent marriage, also to welcome Wilfred home from four and a half years of overseas service. Euchre and dancing was enjoyed during the evening. At 11.30 Ethel and Wilfred were called to the floor and Mrs. Burl Robinson read an appropriate address. Ethel was presented with a 66-piece set of dishes and many other lovely gifts. Wilfred was presented with a smoker's stand and a purse, by Messrs. Burl Robinson and Wilfred Garlough. Little Jean Garlough presented Ethel with a bride's book.

Wilfred thanked everyone on behalf of his wife and himself, and invited all to visit them in their home at Bouck's Hill. Lunch was served by Mr. and Mrs. Hector Brown, Mr. and Mrs. Wilfred Garlough and Mr. and Mrs. Burl Robinson.
