Tanker Truck Overturns

Icy Road Conditions Blamed For Accidents

Two accidents on Highway 31 over the week-end caused extensive damage to all cars involved, and resulted in serious injury to several occupants.

3-CAR CRASH

Cory Van Dongen of Marvelville suffered a badly fractured leg in a three-car mix-up two miles north of Vernon on Saturday morning. Drivers of the other cars involved were Mrs. Marion Jean Hope of Metcalfe and Donald Kennedy of Cornwall. It is believed a combination of icy roads and fog patches were a contributing factor. Provincial Police are investigating.

HEAD-ON

A head-on collision near Winchester Springs on Sunday at noon sent two Cornwall teenagers to Ottawa Civic Hospital where they are reported in satisfactory condition. Derek Fallon, 19, and Linda Pilgrim, 18, both of Cornwall, were transferred from Winchester Memorial Hospital on Sunday afternoon. The other car was driven by David Hollingshead of Morewood. He and his wife were treated at the Winchester hospital and released. Their three children were uninjured.

B-A TANKER ROLLS

At 7.30 a.m. on Tuesday morning a huge 6600 gal. tanker lost its battle with icy road conditions and rolled over in the ditch, about a half mile west of Hallville.

There was no one injured and the driver informed The Press that he had actually brought the big machine to a stop, but possibly the slant of the road and the ice caused it to slip further down and eventually tip over.

It is believed the tanker was carrying a full load of fuel oil from Ottawa to South Mountain.

Old Press Gift To U.C. Village

In the near future Upper Canada Village will have its own newspaper printed on a press that was built before the days of Confederation.

This ancient press is a gift to the Village by F. L. (Lee) Hutchinson, publisher of the Westport and Rideau Valley Mirror. This fine weekly was formerly the Westport Mirror, and this is believed to be the same press that was installed when the business was established in 1893.

The name plate on the cumbersome mechanism reads, "Joel G. Northrup & James D. Mather, Patented June 12, 1855," and Douglas Hough of the Village staff found the listing in the "Report of Commissioner of Patents" for the year 1855.

350 Expected — 45 Attend

. . . Seaway Travel Council Meeting

350 were expected — only 45 came out! One out of seven! The reference is to the Tourism Workshop for Seaway Valley held in Cornwall on January 24.

One man said, "even one good idea was worth the day," and the excellent, experienced tourist speakers offers hundreds of good ideas concerning advertising, public relations, management and other ways to promote the tourist industry.

Members of the council are reminded that Hon. Robert Stanfield will be the guest speaker at the Seaway Valley Annual Dinner on March 13th at the New Parkway Hotel in Cornwall. Members are also reminded that the seating capacity is 350 and Travel Council members will have first choice of 300 tickets with 50 held for special purposes.

MEETING TO-DAY

The next big meeting for those interested in bringing tourists to this area will be held at the Chateau Laurier Hotel in Ottawa on February 1st at 7.30 p.m.

Hon. James Auld, Minister of Tourism, with Hon. Fern Guindon, Chairman, will present a fast-moving program in the Chateau Ballroom, including:

(1) The result of meetings to produce 200,000 Tourist Booklets on Eastern Ontario as a combined effort of six Travel Councils and EODC.

(2) The complete Ontario Government advertising plan for 1968, including colour TV commercials.

(3) The great film "A Place To Stand" seen at Expo.

(4) The Economic Importance of Tourism (great information to use back home on those apathetic councils).

(5) Tourism — Your Job Too.

With the tourist season only a few short months away, it is expected all valley businessmen who will benefit will want to attend this special educational event.

Walter C. MacDonald Again Heads Chamber

Unfortunately, some 43 members of the Chamber of Commerce were unable to attend the annual meeting and as a result missed out on a delicious flavor crisp chicken dinner at the Country Kitchen, but the enthusiasm and optimism expressed by the faithful seventeen who attended speaks well for the future of this very worthwhile organization.

WALTER C. MacDONALD

Walter C. MacDonald was re-elected President, as well as the entire slate of officers. Mr. MacDonald, who has proven a tireless worker in the past, promised his continued faithful service and expressed the hope that members will take a more active part in making the town a "prosperous and better community."

Basil Dawley reported to the members that the Dairy Princess Competition will be held in Winchester this year, and a committee was set up to assist the Milk Marketing Board with this coming attraction. Those named were B. Dawley, H. Eadie, A. E. Dukelow, L. Acres and C. Anderson.

On the subject of tourism, it was again suggested that Ault Milk Products Ltd. provide guided tours during the months of July and August, and Sam Ault assured the members that arrangements would be made, and complete information on this matter would be made known at a later date. Still on the subject of tourism, it was suggested that signs or some other means of advertisement be made available to attract tourists to visit the village.

Bill Collins of the Planning and Development Committee outlined the activities of this group, pointing out that some of the efforts on their part had come up with results, such as announcement of the By-Pass of Highway 31, as well as action on the town-wide sewage system.

Reeve Elliott addressed the meeting, confirming Mr. Collins' statements, and outlining other town projects, some completed and others proceeding according to schedule. Reeve Elliott was determined in his views that Winchester would have a new Community Centre within the year.

Other officers returned for another year were: 1st vice president, Basil Dawley; 2nd vice president, Arnold Dukelow; Directors: Reg. Workman, Lloyd Dixon, Gord. LaRose and Mel Vice; treasurer, J. O. McConnell; secretary, Walter Shadbolt.

CHAMBER MEETING

Every Tuesday morning the executive meets at the Main Corner Coffee Shop, and all members are invited to attend. In this way they keep abreast of the business activities of the town and are able to recommend or assist in town matters. In short, the Chamber is the "needle" that helps keep the town's business as well as private enterprise moving ahead.

Theres No Tomorrow

Have you purchased your 1968 licence plates yet? Just a reminder that at midnight, four weeks from to-day, "there's no tomorrow."

The Ontario Department of Transport reports that sales are lagging nearly two per cent. behind last year's pace, and if this trend continues, line-ups in the last few days of February could be the heaviest on record.

Plates have been on sale, states the Department, since December 1st at 280 issuing offices across the province for the 1,910,000 passenger vehicles and the 200,000 dual-purpose vehicles (mostly station wagons) and motorcycles.

Plan to visit your nearest issuing office soon, and save standing in that long, tiresome, time-consuming line-up on the last day.

Robber Receives 1 Year Sentence

Less than 48 hours after attempting to rob a Winchester couple, 22-year-old Charles Roy Smith, of no fixed address, was sentenced to one year in reformatory.

About 8 p.m. on the night of Tuesday, January 23rd, Smith entered the home of Mr. and Mrs. Charles Hayes of Winchester an demanded money. Mr. Hayes scared the young man off, armed only with a stick of wood, and by 10.30 p.m. Constables Ray Noble and John Burke had captured the would-be robber.

Smith appeared in Morrisburg magistrate's court on Thursday morning, pleaded guilty, and was sentenced to one year in reformatory.

Ellen Rushton Wins Honours On Television

Winchester and area residents have reason to be proud of Ellen Rushton, daughter of Mr. and Mrs. Elliott Rushton who was a contestant on the weekly ""Take A Bow" program, dancing a tap routine to Bobby Gimby's "Canada," and winning top honours.

For the benefit of those who missed the show, it should be noted that, as a winner, Ellen will be seen again dancing her winning routine on Sunday evening, February 4th, at 10.30 p.m. on Channel 13-8. At this time she will also receive her award, a $50.00 Gift Certificate from A. J. Freiman Ltd.

Ellen has been a pupil of Mrs. Lorraine Sturgeon for eight years, and is presently studying in Ottawa with Marjorie Lyon Bishop.

Dates Set For Metcalfe Fall Fair

Metcalfe Fair will be held on September 18th, 20th and 21st in 1968. This decision was reached at the Annual Meeting which was held in East Osgoode Memorial Community Centre on Saturday afternoon.

Scott Argue was re-elected for his second term as President, while J. Eldon Craig was returned to begin his 34th consecutive year as secretary-treasurer.

Don Black, Carleton County Agricuturlal Representative, addressed the meeting and complimented the members on their continued success, but advised that serious consideration be given a long-range view of the fall fair, keeping in mind that the time is fast approaching when the number of rural fairs will diminish, the very possible eventuality being one fair for each County.

Mr. Black also spoke of the fine accommodations offered the 4-H Clubs at the Metcalfe Fair and briefly touched on the scarcity of rural representation on the Ottawa Winter Fair Board.

President Argue thanked the various committees for their co-operation in making the Centennial Fair so successful, while Mrs. Berta Dowser, President of the aLdies' Division, reported a record year in the ladies' section.

COMMITTEE REPORTS

Committee Chairmen for each class reported, with some noting a slight drop in the number of entries in their respective divisions. Walter Stanley felt that the reduction in the Heavy Horse classes was possibly due to the corn harvest, but Mr. Stanley stressed the importance of increasing the prize money, and recommended that prizes be doubled.

John Crogie of the Beef section urged that an "Open Steer Class" be included in the 1968 prize list and told of a reduction in the number of entries at the last fair, but a marked increase in the quality.

"More accommodations needed," was the theme stressed by Ken Dow who reported on the Sheep classes. Mr. Dow said there was no doubt Metcalfe had the best sheep exhibition in Eastern Ontario, but suggested consideration be given to an "entry fee" which might reduce the number of entries in each section, and assure only the best in each class.

The bicycle given away on the second day of the fair by the Metcalfe and District Lions Club to some lucky boy or girl encouraged more than 600 children to "come to the fair," said Jim Rowan, reporting for the Sports Committee. Mr. Rowan also thanked the district high schools for their help on the sports program, and felt that the Friday night softball game, a new feature, had proved a valuable asset.

DELEGATES

The Society agreed to again join the Ontario Association of Fairs, and delegates were appointed to attend the convention in Toronto in February. Those appointed were Bill Woods, J. M. Tomkins, Scott Argue, Alex Campbell. Alternates were Doug. Stewart and John Whyte.

On the resignation of Mrs. Dowser, Mrs. Gordon Boland was elected President of the Ladies' Division, and Mrs. Stirling Bishop will take over the duties of Secretary.

Complete list of officers follows:

President, Scott Argue; 1st vice president, Gordon Boland; 2nd vice president, Alex Campbell; secretary-treasurer, Eldon Craig; Directors: R. W. Stanley W. R. Wilson, Stewart Fisher, Stewart Whyte, Robin Campbell, John Hughes, Robert Little, A. Carman Blair, Alfred Carson J. M. Tomkins, Stirling Bishop, J. A. Waddell, Edgar Stanley Lloyd Graham, K. R. Dow, D. McRuer, Ormond Craig, James Rowan, William Woods, Doug. Stewart, Don Morris.

Will He, Or Won't He ?

WILL HE, or WON'T HE?—See his shadow that is — the world's most unreliable weather prognosticator is about to make his annual prognostication.

According to American folklore, the groundhog awakens from his long winter sleep on February 2nd. He steps out of his home in the ground, and looks around.

If he sees his shadow, he crawls back into his hole, and this is supposed to mean that there will be six more weeks of winter weather.

If he doesn't see his shadow, he stays out of his hole, and this is supposed to mean that spring weather soon will come.

Well ,what about this?

The World Book Encyclopedia says bluntly: "Only superstitious people believe this story," while World Book's article on "Ground-Hog Day" says more tactfully, "Science has not confirmed this."

So it seems that on the whole the Weather Bureau is more reliable than the average groundhog — or is it?

Famous Last Words

The Highway Safety News published by the Canadian Highway Safety Council, listed these in their January issue. There are many more, but for the first month of 1968 let us give these some serious thought:

(1) There's plenty of time to cross on the amber light.

(2) Let's get past that school bus, they hold you up for hours.

(3) I'm not speeding; the cops always give you a 10 m.p.h. leeway.

(4) I don't have to worry around here, you never see a policeman.

(5) If you signal every time you change lanes, you're at it all day.

Morewood Woman Mrs. Colin McGregor New President Brockville Presbyterial

Fifty-fourth annual meeting of Brockville Presbyterial was held at First Presbyterian Church, Brockville, on January 17th, 1968.

The morning session began with The Sacrament of the Lord's Supper which was conducted by the Moderator, Rev. Wallace Murray, who was assisted by the elders. Both the Presbytery and the Women's Missionary Society received communion, after which they held separate meetings.

The president, Mrs. T. R. Gates, opened the meeting with words of welcome to all present, and constituted the meeting with prayer. A welcome was extended by Mrs. Vera Lawson, President of the Afternoon Auxiliary, Brockville Presbyterian Church. Mrs. W. L. Fredenburg, Westport, replied to the words of welcome.

Mrs. Donald Hyndman, of Kemptville, presented the financial report which showed that the Presbytery was $2,500 below the allocation — but that all auxiliaries have contributed quite well in the past year.

Reports from Sections 2, 3 and 4 were given by Mrs. Spence Perry, Iroquois, Mrs. Chester Bass, Kemptville, and Mrs. Malcolm McGregor, Morewood, respectively.

Mrs. Gates introduced Mrs. C. G. MacOdrum, representative on the Administrative Council. Mrs. MacOdrum explained how and why the council was organized. It was set up to look after the finances of the Presbyterian Churches in Canada. Their new building, "The Walter Gow Memorial Building" is located at 50 Wynford Drive, Don Mills.

Reports from the Departmental Secretaries regarding the work accomplished by the various groups in the Brockville Presbyterial were given. The morning closing prayer was given by Mrs. Cameron, Caintown.

Dinner was served by the Evening Group of First Presbyterian Church, Brockville, who were thanked by Mrs. Carman Brown, Cardinal, and Rev. T. H. Boyd, Morrisburg. Rev. Wm. C. Inglis said Grace.

Greetings from the Presbytery were brought by Rev. Wallace Murray. Greetings from Synodical were brought by Miss Margaret Boyd on behalf of Mrs. Murray.

AFTERNOON SERVICE

The afternoon worship service was conducted by Mrs. Milburn Hyslop, Iroquios.

A most challenging and interesting group discussion was led under the guidance of Miss Margaret Boyd of Montreal-Ottawa Synodical. Questions discused were "How has the Presbytery helped us in 1967 and how can it help us in '68?"

A short "In Memoriam" service was conducted by Mrs. K. M. Stewart, Mrs. Earol Torrence and Mrs. Robt. Henderson, all of Brockville.

A resolution was passed to be sent to Synodical that departmental secretaries should be sent report forms to aid them in compiling their yearly reports.

Nominations for the Montreal Ottawa Synodical were: Evening Groups, Mrs. T. H. Boyd, Morrisburg, and Press Secretary, Mrs. George McIlveen, Cardinal.

OPP WEEKLY REPORT

OPP officers in Dundas County were busy last week, both in traffic and criminal investigations. Two break, enter and thefts, one at Chuck's Esso in Iroquois and one in the Winchester area are presently being investigated. An attempted armed robbery in Winchester (reported elsewhere in this issue) was drawn to a successful conclusion in Magistrate's court.

Investigations into infractions of the Liquor Control Act produced six charges under that statute. All of these charges were for having liquor in a place other than a residence. A note of interest here, and rather encouarging, is that during the month of January only one minor has been charged with consuming or having liquor.

On the highways officers patrolled 14,440 miles in a total of 868 duty hours. This resulted in 57 traffic charges being laid with 95 warnings issued. Two persons were arrested and charged with driving while their ability was impaired by alcohol.

Six property damage and one personal injury accidents were reported and investigated. Emily Jane Crober, age 17, of R. R. 1, Morrisburg, suffered minor injuries in a one car accident south of Williamsburg. She was treated for cuts and released from hospital. Two persons were charged under the Motor Vehicles Accident Claims Act for failing to produce proof that the vehicle they were operating was insured.

Officers answered 17 other calls including such complaints as disturbances, alleged fraud and assistance to the public.

The safety officer for Dundas County visited two schools where 333 students were given instruction on school bus safety.

A total of 18 hours was spent in the courts with 70 convictions

It Snows In Metcalfe Too !

Our Press employee from Metcalfe finds winter hits as severe in Carleton County as anywhere. Snow covers car and driveway, and the snow shovel has to be used to get to work on time. With modern equipment, county roads and highways are kept clear, with employers working around the clock when conditions warrant, but this is small consolation to a motorist who finds his driveway plugged with two feet of snow in the early morning hours.—Press Staff Photo.

Winston Bellinger Heads Club 31 Officers

During the evening cards were enjoyed and refreshments served.

LIONS INQUIRE **COUNCIL RESPONDS**

Question And Answer Time At Metcalfe

Three members of the Osgoode Township Council including the Reeve, Dr. W. A. Taylor, were guests of the Metcalfe and District Lions Club at their regular dinner meeting last Wednesday night. Deputy Reeve Thomas Stanley and Councillor James Lee were unable to be in attendance, but Councillors Stewart James and Maynard McDiarmid ably assisted the Reeve in "fielding" the barrage of questions fired by Lion members.

ZONING

When questioned concerning township zoning, Reeve Taylor assured the gathering that steps had already been taken and it is expected the job will be completed within 18 months. Dr. Taylor indicated that, contrary to popular belief, it is still possible to build on a 15,000 sq.-ft. lot; permission must, however, be obtained from the planning board and the committee of adjustment. "77 such parcels were sold in the Township during 1967," stated the Reeve.

TIME CONSUMING JOB

Councillor Maynard McDiarmid, when asked if being a Councillor required more time than just that spent at monthly meetings, replied that scarcely a day goes by that he is not called on for assistance of some nature, but he assured the Lion members that he had offered his services to the Township and was proud of the trust placed in him.

Councillor Stewart James, in answer to a query regarding expenditures on Township roads, explained that only a limited amount can be spent in any given year, and unfortunately in many cases this is not sufficient.

TO GET NEW LOOK

In answer to a question relating to the County Road through the village of Metcalfe, Dr. Taylor announced that the County has allocated money for such a project to be completed in 1968. Work in the village, said the Reeve, would include grading, sewers, and granular base, with an expenditure of some $80,000. "Furthermore," said Dr. Taylor, "the County planned to spend an additional $130,000 on the county road running east from Metcalfe to the Russell boundary."

The Lion members also learned from the councillors that the Township is hoping, with some provincial help, to have some industry established in the area. The Lions were a bit dismayed, too, to learn that at the present time in the Township there is some $80,000 of back taxes not yet paid.

The guests were welcomed by Programme Director Eric MacDonald, and thanked by Mitch Owens.

In other business matters, President Jim Rowan assured members that plans are nearing completion for the club's annual Curling Bonspiel, and Carnival Committee Chairman Mel Vice reported that the date for the big "Queen of Queens" Winter Carnival has been set for Saturday, March 9th.

Curtis Rink Takes Dairy Bonspiel Honours

They like farmers, and they're good curlers. The combination paid big dividends on Saturday when they out-curled all opposition and won top honours in the annual Ault Dairy Bonspiel Left to right: Clark Curtis, skip; Sybil Curtis, third; Betty Holmes, lead, and Woodrow Holmes second.—Press Staff Photo.

Two Game Winners

Farmers usually smile broadly when they see folks drinking milk, using butter or eating cheese, and agricultural men visiting the Winchester Curling Club last Saturday were, understandably, a happy group.

Eighteen mixed rinks were competing in the Ault Dairy Bonspiel, and thanks to the generosity of Mr. and Mrs. Sam Ault, dairy produce was there for the taking throughout the day.

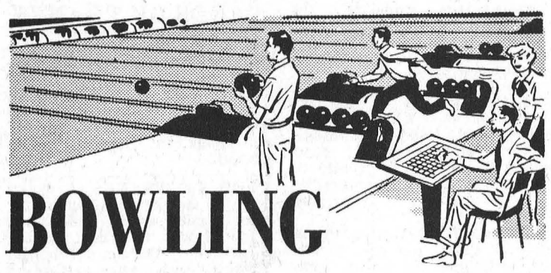
When the last rock had been thrown (and Sam was down to his last hundred pounds of cheese), the statistician studied his complicated score board and declared the winners.

In the two-game high event it was a rink skipped by Clark Curtis with wife Sybil at third, and Betty and Woodrow Holmes making up the quartet. One-game high winners were Doris Folkard, Frank Morgan, Marg Boyd and Skip Ed. Boyd.

The valuable prizes, all manufactured at Ault Milk Products Ltd., were presented to the winners by Sam Ault, and Club President Charles Anderson thanked the Aults for sponsoring the very enjoyable day of curling.

Most sportsmen smile when they win, and Winchester curlers are no exception. This happy foursome has just won the "One Game High" event in the annual Ault Dairy Bonspiel. Left to right: Skip Ed. Boyd, Marg. Boyd, third; Doris Folkard, lead, and Frank Morgan, second. —Press Staff Photo

One Game Winners



BOWLING

To use the term most commonly used by sportscasters Norm Utman was "up" for this one. Rolling in the Fireside league, he put together singles of 188, 222 and 368 for the high cross of 778. (that single of 368 topped all local bowling leagues last week). Other leading Firesiders were Don Bourgeois 706-249, Lloyd Guy 699-250, Wayne LaPorte 652-235, Don Levere 589-227, Percy Armstrong 561-211, B. Hogaboam 561-235.

MAIN CORNER LANES

Arn Stobo led the Community League with a slim margin of one. Arn had singles of 287, 195 and 212 for the high cross of 694. Wesley Clarke rolled the high single of 343 and added other games of 159 and 191 to cross 693. The battle in this league was keen with five other players scoring over 600 and two more over the 550 mark: Dave Thompson 228-642, Bob Levere 622-265, Irene Ouimet 608-257, Leroy Empey 608-256, Willa Potter 600-205, Carol Holmes 562-193, Dale Wise 555-220.

Singles of 184, 258 and 214 for a total of 651 gave Cathy Price the high cross in the Glamour Girls group. Her 258 single also proved the best. Others scoring over the 550 mark were Coral Stel 612-208, Helen Coons 602-214, Ruth Pemberton 577-243.

The Happy Gang was a sad gang last week with only one bowler scoring above the magic for this week includes only the 550 mark. Consequently the list includes only the name of Doris Kennedy who scored the high single of 225 and the high cross of 559.

Twelve Stones Counting But End Called A Draw

Winchester lady curlers have a reputation for being superb draw specialists, and this picture is the "proof of the pudding."

It was the final end of a final game in a recent bonspiel, and even though the pressure was increasing with every second this apparently had no effect whatever on the girls who continued to "find" the rings with consistent accuracy. As shown there are six black "handles" and six white "handles" making a total of 12 granites in the counting area, and despite this, the referee had to rule the end a draw. The two stones marked (X) were tied. — Press Staff Photo.

Changes In The Criminal Code

Changes in the criminal code as proposed by Justice Minister Trudeau recently may not be received too warmly in Ontario. At least the section on legalizing provincial lotteries seems to have met with some opposition from Attorney-General Arthur Wishart. There is much to be said in favour of Ontario staying out of the lottery field. The revenue from the recently introduced New York and New Hampshire state lotteries has proved to be disappointing. The prizes must be large to attract much interest and the administration costs are running well over the projected mark. Commenting on the recent proposed changes in the Criminal Code as they apply to lotteries, the Brockville Recorder and Times states:

"We find it difficult to believe that legalizing lotteries, which have been going on illegally for years, would suddenly infect the wage-earner with the gambling mania to the extent that he would fling the family rent money to the winds. There is more than a tinge of snobbish discrimintion in the assumption that the better-off residents would be immune to gambling fever while the "lower classes" woud not.

"Mr. Wishart, incidentally, expressed no opposition to another proposed change in the lottery act — the legalization of bingos and raffles by church and charitable societies. His department has been giving tacit assent to this type of gambling for years. Police have prosecuted only when "cranks" have laid information forcing them to lay charges, often against quite respectable organizations. The result was simply to make the police look silly and to alienate the public, and Mr. Wishart is probably quite happy to be rid of this source of embarrassment."

A little of the gambling instinct lurks in all of us as the annual rash of Christmas draws would prove. Tickets are sold on everything from a few bottles of Christmas cheer to turkeys and shotguns. Hockey and football pools are doing a thriving business. Odds are regularly quoted on major sports events in Canada and why would anyone bother calculating the odds if people were not betting on such events? It is only logical that lotteries of all types are not being operated unless a profit is being made.

Concluding, The Recorder and Times states:

"One of the reasons advanced for legalizing lotteries in Canada was to keep at home the large sums that leave the country through the Irish sweepstakes. Quebec has had a lottery law on its books since 1934 and has been quietly pressuring Ottawa for several years to enact the enabling legislation. Attorney-General Wishart's stand won't stop the millions of dollars Ontario residents spend on lotteries each year from "travelling" but it may give them a shorter trip — to Quebec's coffers instead of Ireland's."

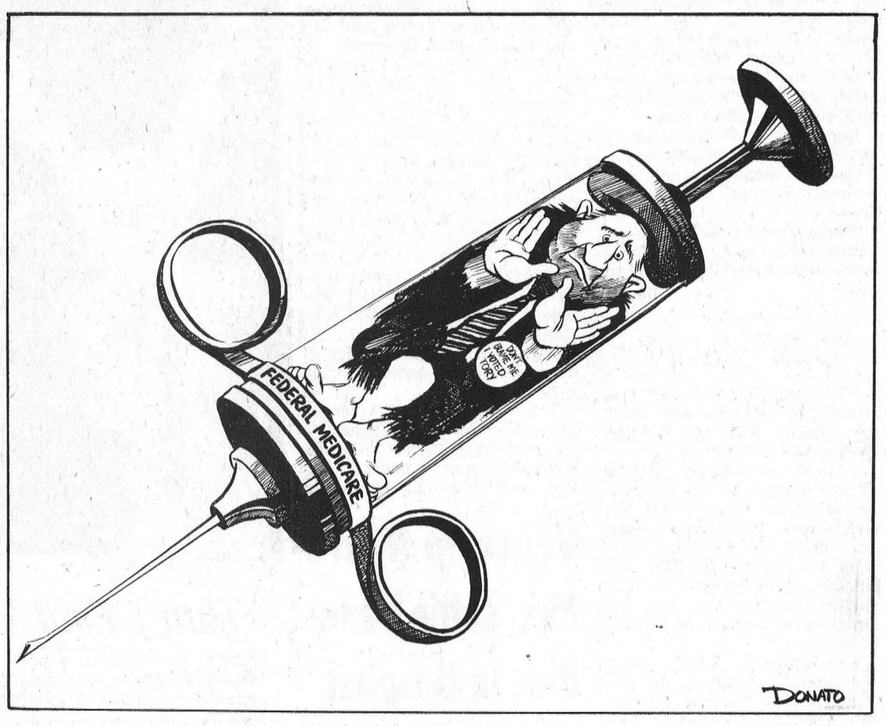
The Cows Like Newspapers

Millions of people like their newspaper for breakfast, but not in order to eat it. They thereby differ from the cows, which, it is learned are thriving on meals made up of newspapers. According to farming scientists at a well known university in United States a mixture of ground-up newsprint and molasses make healthy, wholesome cattlefeed. One herd was fed regular, high quality, traditional feed. Another herd was given newspapers and molasses. And the latter herd of heifers gained just as much weight as did those fed with standard feed.

Consider the following possibilities by stretching the imagination. If the newspapers become a regular ingredient in cattle feed is it possible to think that the cows will eventually become as intelligent as the person who is feeding them? And what about a large feed plant like D. L. Berry and Sons Ltd. who operate out of Winchester. Is the day coming when they will gobble up the entire circulation of The Winchester Press as well as other newspapers? All for feed? We have heard that this and other newspapers have been used in a variety of ways for a variety of things, and not all of them particularly useful. But for feed?

Apparently it is so. Once we remember reading that it took forty acres of Canadian woodland to supply the newsprint for a single Sunday edition of a large American daily. This figure appalled us. But we feel happier, knowing that the time may come when such a Sunday edition is only a way station in the process of feeding trees to cattle.

What next?



Meditations...

by Rev. Cecil W. Tuininga

Acts 26:14—"Saul, Saul, why do you persecute me? It hurts you to kick against the goads."

Of all the apostles, Paul is best known and most highly esteemed. This man lived an unusually eventful life. He was a learned man, trained by the best theologians of his time. He was also a zealous and dedicated leader. He wholeheartedly accepted the teachings of his professors and was ready to die for his faith. Because he thought the Christian faith was not the the true faith he vigorously persecuted the church. But after his conversion he vigorously preached and defended the true Christian faith.

It was on one of his journeys in which he sought to destroy the church, that the Lord met him. At that time the apostle Paul was still called Saul. His name was changed when God met him in the way with a blinding light that caused him to fall to the ground. It was not that light which changed Saul, but the voice of the Lord that spoke to him. The Lord came against the persecuting Saul, to break his resistance against the Gospel, and to call him to the great work of evangelism. Confronted by the Lord, Saul asked two striking questions. The first was, "Who art thou, Lord?" and the second, "What wilt thou have me to do?"—Acts 9:5-6. In that moment the proud Pharisee Saul was changed into the humble obedient missionary Paul.

The Saul who had so bitterly persecuted the Church and tried with all his might to destroy it, now became its outstanding supporter and promoter. But once identified with the Church he also experienced the same persecutions he had himself afflicted on others.

We cannot escape the question: Why this hate and rage against Christ's Church? What is there in the life of God's people or in the message of salvation they believe and proclaim that arouses such bitter opposition? It is that men refuse to become sinners before God, to bow their will to the will of God. This is what the Lord declared to Saul when He said: "It hurts you to kick against the goads." When we set our wills against God's will we kick against the goads. A goad is a pointed stick used to urge on oxen. God's word is likened to such a goad. The Lord urges us in His Word to walk in the way of Life and to make progress in it. It hurts us when, instead of obeying these divine urgings, we rebel and kick against them. This Saul was doing by opposing God's work and seeking to destroy it.

Now we understand why men persecute the Church. It is because they are kicking against God's goads. They hate the voice that speaks to them and the finger that accuses. Rather than yield to the goads they seek to destroy them. God speaks through His Church. It is a light, His light, in the world. It speaks for Him, proclaiming the Gospel, urging all men to repent of sin and believe in the Lord Jesus unto eternal salvation. Are we among those who kick against God's goads? Then we are the losers, for by it we reap eternal wrath and punishment.

Sugar and Spice

by Bill Smiley

All's well at school

There are heartening signs that a revolution, bloodless, but sweeping, is taking place in education.

There are indications that the oppressed people have passed the muttering stage, have attacked the Bastille, will free the prisoners and in the process over-run the Swiss Guards, defenders of the ancien regime. And all will be wine and dancing in the streets. And chaos.

But out of chaos eventually emerges order. Look what God made out of a heap of chaos. And out of the chaos of the French Revolution emerged a completely new concept of freedom and equality that had tremendous impact on the world.

Perhaps the revolution in education will produce a similar freeing of the spirit of man, allowing him to cope with the great and relentless pressures of this age and those to come.

Education in this century, the century of the common man, has been a failure on a grand scale. It has failed entirely to come to grips with a society that has been turned upside down and inside out by two global wars, mass communication, a tremendous spurt of technological advance and a close, hard look at traditions.

Educators, with a few notable exceptions, have been timid, shying from anything that might upset the system. The public at large has ignored education, except to bleat about the cost.

As a result, education has been a generation behind the times. It has become a monolith of repression, rigidity and conformity. It has been an elephant waltzing with a giraffe.

But fresh winds are blowing through the concrete boxes in which young minds are supposed to be exhilarated, excited and liberated. And with many another, I cry a loud, sincere, "Halleluia!"

Go into an elementary school today. You may be shocked to death. Instead of sitting in neat rows, facing a teacher, and putting up their hands so they can spout some meaningless information which has been memorized, you're apt to find the children wandering all about the room, doing things, looking up information, actually talking to each other, which, of course, is pure heresy.

It looks like anarchy, but it isn't. The teacher is teaching, not just telling. The kids are learning, not being taught. No longer are they little sponges, each in his own compartment. There is a flowing of ideas, a joy in finding out for oneself.

Go into a high school. The teacher is supposed to be reading a poem, preferably written at least 100 years ago. Then he is supposed to elicit from the students, with a series of childish questions which bore the bright ones and are ignored by the dumb ones, the meaning of the poem. Then there is supposed to be the search for similes and metaphors. Then he is to put an analysis of the poem on the blackboard, the kids copy it down, and everyone is happy. They have "done" a poem. They are being taught the joy of poetry. They are being educated.

But what's this? They're not even sitting in rows, but in a circle. They're arguing about the poem, which was written three years ago. They relate it to their own lives. The discussion may run from hippies to drugs to broken hearts to religion to joy to beauty. They may still be fighting about it when they leave the classroom. Disorganised. Dreadful.

It's all disgusting and degenerate, but it's happening. And not just in the classroom. There are field trips in geography. Imagine. Going right outside where the geography is. A visit to parliament by a history class. Shocking. History should be in books, where it belongs. A trip to the theatre for an English class. Sheer depravity. That Shakespeare can be pretty filthy stuff, if it isn't carefully censored.

My wife tells me that some of the professors at university are actually teaching these days, instead of just talking at you.

Where will it all end? The iron hand has been removed and one of these days we're going to be faced with a generation of kids who like school so much they'll have to be kicked out at 16.

LETTER TO THE EDITOR

Those who worry about the future of our country falling into the hands of an irresponsible generation might well rest easy. Often grown-up folk underemphasize the importance of a simple "Thank You", and this heartwarming letter received at the District Memorial Hospital tends to strengthen one's faith in humanity.

Crysler, Ontario.

Dear Miss Coons and other Nurses:

I enjoy the copy of my picture with Santa Claus which you sent me, very much. I thank you a lot to bother sending it. I think the picture was real nice and you can say so to the Winchester Press and thanks to them for it. I appreciate what they have done for me. It's not that I don't appreciate what you have done.

As for my health, it is fine and the doctor said I could go out with mother. I wish you all a Merry Christmas and a Happy New Year.

Sincerely, your patient,
MICHELINE DESCHAMPS

Persuading Chief Crowfoot

Father Lacombe persuading Chief Crowfoot of the Blackfoot Indian tribes to allow the Canadian Pacific railway to be built across their land. This was one of the few obstacles encountered by the C.P.R. as it pushed its tracks across the prairies from Winnipeg in 1881 to Calgary in 1883 and the Rocky mountains in 1884. Up to six miles of track was laid in a day. Settlers from eastern Canada thronged into the west via railway to take up homesteads. Towns mushroomed around railway stations.

Father Lacombe was one of the first Catholic missionaries in the northwest. He came to Edmonton in 1852 and started the first school west of Manisoba. In his immense parish he ministered to the scattered Indian and Metis population between the Bow and Peace Rivers and from the foothills to the Saskatchewan forks. His parishioners held him in great respect. He was able to persuade Chief Crowfoot and his tribe to accept other lands to replace those needed by the C. P. R.

Crowfoot as a young brave had been regarded as a fierce warrior. Many victories in tribal wars enhanced his reputation. But he soon came to realize the folly of tribal wars, and with Father Lacombe he was able to influence his people not to join Sitting Bull's hostilities against white men. Later Crowfoot and Lacombe prevented the Blackfoot tribes from joining the Northwest Rebellion of 1885. Crowfoot was eventually given a pension by the C.P.R. for keeping the peace. He died near Calgary in 1890. Lacombe died in 1916 after many years of service to his people, his church and his country.

The Seventh Column

Last week, those who control the activities at the Winchester Curling Club organized a genuine old-fashioned "Friendly." Quite possibly many of the newer members now participating in this great winter sport do not rightly know what is meant by a "friendly," but to those of us who curled a generation ago, it brings back memories of lasting friendships, that had their beginning when curlers met, with curling the game and friendship the prize.

The game of curling has become so competitive over the years that it has almost reached the professional stage (and we certainly see nothing radically wrong with this), but we do believe there must still be time set aside for those curlers who like to play just because they love the game, and have no aspirations for glory, silverware, or headlines.

Seeing the Russell "sweepers" led by the Paul brothers; Lorne Kinkaid with his Morrisburg contingent, and some Metcalfe "old-timers" including veteran Lloyd Graham, was reminiscent of happier days when W. J. Cass welcomed curling stalwarts like Tace Wade, Andy Walker, Fred Broder, Charlie Crober, Dr. J. C. Byers, the Porteous brothers, and many more; some still active, others graduated to the "plate-glass" skip category, and still others having joined the rink of the great "Skip" on high. At that time the only silverware worth mentioning was the Christie Cup, with its "flock" of little ones, and although the beautiful trophy was definitely emblematic of something, the feeling of brotherhood it created was a thing to behold.

In the interests of one of the grandest games on earth, may we humbly suggest that rural clubs give serious consideration to turning back their clocks periodically, and re-create the days of stacked brooms, good-natured banter, bountiful lunches, humourous speeches and brotherly love.

Have you made your contribution to the "March of Dimes?" Possibly you were out when the canvasser called, If so, it is not too late. Call Mrs. Ross McConnell and one of the workers will be pleased to make a second call.

"Minor Hockey Week Is Over!" We trust parents do not feel that making one trip down to the arena with "Number One Son" completed their duties for another year. Admit it, Dad, you enjoyed it too, and we guarantee you'll enjoy it even more next time, and every "next time." Remember, each dramatic phase of your child's life happens only once — miss it and you never get a second chance.

Any parent knows there are two special events each year that stand out in the life of a child—two occasions when for a few hours a boy or girl can become lost in the wonderful world of "make-believe." One, of course, is Halloween, and the other is "Winter Carnival Time," and most Carnival dates throughout the valley have now been set. All children and most parents look forward to these big events, and for very obvious reasons, the young swain has taken a particular liking to winter carnivals in recent years.

It appears from where we're sitting that now would be a very good time to mark the dates on your calendar and plan to attend as many of these rural carnivals as possible. Understandably, we suggest Friday, February 9th be circled in red—this is Carnival time in Winchester, sponsored by the local 100 Club and featuring Pretty Girls, races and costumes; Pretty Girls; skating drills, minto skaters, chuckwagon races, and Pretty Girls, and one of the girls will be crowned "Queen."

Other Carnival dates you should remember include Saturday, February 3rd at South Mountain where the big event is sponsored by the Rink Board; Saturday, February 10th, at Metcalfe, where activities will be directed by the Community Centre Board; Club 31 Carnival at Vernon, Saturday February 17; Saturday, March 9th, when the district selects the "Queen of Queens" at the Annual Winter Carnival sponsored by the Metcalfe and District Lions Club, at the Metcalfe Arena.

Williamsburg, too, will be holding their big night early in February, but at press time no date had yet been set. No doubt there are many more, and we urge all to support these traditional winter sports shows since all profits derived are funnelled back into the community. SEE YOU AT THE CARNIVAL!

Don't Fool With Granny!

It's sure nice to have a hand with the chores --- even if the helpers do get a little surly at times. Fortunately Granny is capable of handling any situation. It's not unusual for escapees from the zoo to turn up at the Clampett house as you probably know if you watch the Beverly Hillbillies Saturdays (in color) on the CBC television network.

Do You Enjoy Smoking ?

Old-timers and some not-so-old-timers will recall when cigarettes were jokingly referred to as "coffin nails."

People laughed at such jesting and puffed on, little realizing that each well-groomed cigarette was indeed shortening their life expectancy.

To-day, thanks to the extensive research of doctors and scientists, startling statistics are revealed that force the most confirmed smoker to pause and take another look.

Dr. E. Cuyler Hammond, American Cancer Society biostatistician, according to the most recent release of the Department of National Health and Welfare, claims that American men, smoking 40 or more cigarettes per day, have at age 25 an average loss of life expectancy of eight years compared to non-smokers of the same age. The doctor bases this conclusion on a survey of 447,196 smoking and non-smoking American males.

Dr. Cuyler estimates that cigarette smoking has halved the increases in life expectancy of American men that could have been achieved in the past half century through advances in standards of living, medicine and public health.

Dr. George Godber, England's Chief Medical Officer, has this to say: "More than 50,000 deaths a year in England and Wales are directly due to cigarette smoking. Of these deaths the number before age of 65 is sufficient to cause the loss of at least 150,000 years of working life."

One more thought-provoking statistic: A total of 77 million work days are lost each year in the United States which would not have been lost if cigarette smokers had the same rate of illness as non-smokers.

Still want a smoke? Well, it's your funeral!

The Press photographer was assigned to capture some pictures of the beautiful ice sculpturing at N.D.D.H.S. Carnival. It's understandable that our cameraman, finding himself surrounded by so much "live" beauty, had difficulty focussing on the cold, grey models. Pictured here is a fine replica of a modern skidoo, with the two pretty girls who designed it, Eleanor Byers and Sue Boyd.

N.D.D.H.S. WINTER ICE CARNIVAL

The 1968 North Dundas Carnival got underway last Wednesday with a terrific bang. Students braved the sub zero weather and piled aboard the hay wagons for a ride through the country. When they returned they had a chance to really thaw themselves out at the swinging WYBG Record Hop featuring Barry Gordon.

Thursday was dress-down day and the students did exactly this. The costumes varied from a pickaninny to a turned-on hippie. Classes were shortened and at 1.45 p.m. all trooped outside to participate in the big event of the day, Snow Sculpturing. Originality was the key here and sculptures ranged from prehistoric dinosaurs to Snoopy on his dog house.

At 3.00 p.m. the men teachers along with the Girls Athletic Association challenged the women on the staff and the Boys Athletic Association in a soccer game amid the ice and snow with the latter coming out on top and a good deal of fun was had by all.

Friday afternoon the senior and junior girls' basketball teams suffered a defeat to Osnabruck after two exciting games. The boys 'teams also failed to capture a victory but put up tough opposition.

It has been said that all good things must come to an end but what an ending for a fabulous week of winter fun, a dance in the school gym with the "Eyes of Dawn." Prizes for the best costumes were awarded to Sue and John Boyd for their humorous contribution.

First prize in the Snow Sculpturing contest went to 5A-10B for their Green Dragon. Honourable mention went to the Thinker and to Snoopy on his dog house.

And so the Carnival came to a close leaving the students of North Dundas with many cherished memories of the winter of '68.

The Press camera was on the spot at the N.D.D.H.S. Winter Carnival and our "shutter-bug" wandered through the ice carvings taking pictures. Fortunately he brought back "One" with no pretty girls — a huge snapping turtle, he says. We believe him — but do you?—Press Staff Photo.

Flyers 2 Points From Top

20 Penalties In Sunday Afternoon Game

Pinkus Flyers are only two points away from top position in the St. Lawrence Intermediate A Hockey League. The Morrisburg-Williamsburg boys won two and lost two in their last four outings. Ironically, they won one over Cornwall and one over Lunenburg, but also lost one to each of these teams.

Last Thursday night in a clean, well played game, Morrisburg outscored the Lunenburg team by a score of 11 to 5, led by the three-goal efforts of Bill Jarvis. Red Lawlor and Garry Fletcher each picked up two, and singles went to Ron Patterson, Ted Taylor, Tom Hay and Fred Harper. Link Dewar scored twice for the losers while Ray Ingram, Tom Morrow and Lynden Wells each picked up one.

Cornwall "invaded" Morrisburg on Sunday and after three periods of 'knock-em-down-drag-em-out" hockey, with referees handing out 14 minor penalties and 6 majors, Cornwall emerged winners by a 6 to 2 score. Gord Grant and Russ Harrington each tallied twice for Cornwall, Bernie Leroux and Bob Carriere got one each. For the Flyers, Ron Patterson and Earl Brown were the marksmen.

Prescott is at Morirsburg tomorrow (Friday) night.

Metcalfe Leading Junior B League With 3-Point Edge

A goal by Wayne Reid at the 15-minute mark of the third period gave Metcalfe a two-all tie with Cardinal at the Metcalfe arena on Sunday afternoon in a St. Lawrence Junior B game.

Cardinal had taken a two-goal lead in the first period, on goals by Bob Baldwin. Allan Duncan netted one for the home team in the second period. Both teams battled furiously in the final five minutes but superb goal tending by both goalies held off the attacks.

The top four teams in the league remain very close with Metcalfe holding a 3-point lead with 21 points. Cardinal and Maxville are tied with 18, and Prescott has 16. Morrisburg is far down in the basement with 3.

Maxville comes to Metcalfe for a game on Friday night, and Metcalfe is back in Maxville next Sunday afternoon.

League officials will meet on February 7th at Winchester to arrange play-off dates.

Winchester Bantams Defeat Cornwall And South Mountain

Winchester Bantams turned back Cornwall Township 5 to 0, and South Mountain 2 to 0, in their last two outings.

Mervin Patterson proved unbeatable in the nets, while his teammates picked up the necessary points to score the wins.

In the game against South Mountain, Barry Gannon and Doug Vasey were the goal getters, while against Cornwall Township Doug Vasey picked up two and singles went to R. Cinnamon, J. LaRose and D. Summers.

Winchester Bantam team is made up of M. Patterson, J. LaRose, B. Byers, R. Armstrong, R. Morin, D. Vasey, C. Carruthers, B. Gannon, R. Elliott, R. Cinnamon, H. Moore and J. Boyd

LEGION TOURNAMENT

Winchester Bantams gave a good account of themselves at the Morrisburg Legion Tournament last Saturday, winning two, and losing to Morrisburg in the final.

Young Robert McClintock was Winchester's big scorer picking up three. Rae Armstrong had two and Doug Vasey and Dan Summers each scored one.

Winchester downed Athens in the first game, and then defeated Canton in their second game. However, the boys began to tire at this stage and were outplayed by the Morrisburg boys who went on to take the final game by a 6 to 3 score.

The Winchester boys will be taking part in another tournament on Saturday, March 16th at Athens.

He Shoots... He Scores

"Where? Oh! Over on that side? So, you can't stop them all!" This might well be the feeling of the Chesterville Midget goalie as he is fooled on another Winchester screen shot. The Winchester boys overpowered the Chesterville team by a 7 to 0 score on this particular occasion. It might be noted from this photo that the boys are playing fine hockey, but there appears to be a few seats in the arena not sold.—Press Staff Photo.
