Winchester Township Will Vote On Hospital Grant

The regular meeting of Winchester Township council was held in the Town Hall, Winchester, on Monday, May 10th, with all the members present. The minutes of the last regular and special meetings were adopted as read and signed by the reeve.

The council decided to advertize for tenders for the crushing of gravel and delivery on the roads in the township during 1948.

A delegation from the hospital board of the Winchester and District Memorial Hospital waited upon council asking for a grant of $20,000.00 to help equip the building to care for suffering humanity. This amount spread over a period of twenty years would mean about 64 cents on every $1,000.00 of assessment which for the good it would accomplish, would be a burden upon any property owner. The council board were all in favour of the grant and decided to submit it to a vote of the property owners. A ballot will be taken as soon as conveniently possible.

The Engineer's report of the Henderson Creek drain was adopted and the Clerk instructed to prepare the necessary by-law.

The following accounts were passed and paid: Roads and Bridges, $1,306.48; Relief and Charity, $40.00; P.V. Morewood, $2.50; Salaries and allowances, $60.00.

Council adjourned to meet in Morewood on Monday, May 31st, 1948, at 10.30 a.m.

Rotary Holds Annual Elections Hears R.C.Dillabough

Chesterville Rotary club held their annual elections last Monday night. Those chosen for the new directorate were: Dr. H. G. Barton, Wm. Barker, H. Brown, Walter Carr, L. A. David, Don Hutton and F. Moriarty. Vice-president F. M. Cass becomes president and L. H. Doering will be member of the new board as immediate past president when the new officers assume their duties on July 1st.

Introduced by L. A. David, R. C. Dillabough gave a classification talk to the club on "Education and the Public Schools of Ontario"

In beginning his talk Mr. Dillabough made the point that the primary method of education was to draw out from the pupil all that he had, not to cram in what he could not assimilate. In general terms the speaker outlined the teaching conditions of today and what he considered some improvements that could be made. Notwithstanding all this, he said that the Ontario Public School System was top of the field in all the world in its methods and organization.

Mr. Dillabough gave a short history of the progress of education in Ontario and Quebec from the passing of the Quebec Act in 1774 to the present day. In passing Mr. Dillabough noted that Iroquois has one of the oldest schools in the province. One hundred years ago when school taxes became law the township of Williamsburg had 804 pupils registered, there were 692 in the township of Matilda and Iroquois. Mountain had 404 and Winchester township had a total of 242 pupils.

Milton Phillips exppressed the thanks of the club to the speaker.

College St. Fire Proves Stubborn Damage $500

Fire broke out in the attic of the home of Ernest Boyle on College street last Friday night and for a while it was touch and go if the house could be saved. Thanks to the efforts of the Chesterville Fire Brigade the flames were controlled and the damage limited to charring and water.

About 8.30 smoke was noticed in the upper rooms of the house and upon investigation it was found that fire was smoldering in the attic beside the kitchen chimney. The Fire Brigade was on hand in jig time but found the blaze difficult to handle because of the quantity of acrid smoke that was filling the upper part of the house. Finally Fire-Chief Morris ordered the roof opened and the water managed to reach the seat of the flames.

A near accident happened when one of the ladders used by the firemen to reach the roof collapsed and left two of the volunteers hanging by their fingertips to the eavestroughing. They finally dropped to the ground and suffered nothing worse than a bad shaking up.

Close watch was kept on the house for the rest of the night to prevent a further outbreak. Damage is estimated to be in the neighbourhood of $500 to $600.

The Boyle residence is the house formerly owned by A. T. David.

Interment was made at Maple Ridge cemetery. The pall bearers were Blake McMillan, Hector Munro, Roy Hodgson, John Bolton, Harold Hess and Otis McMillan.

PLASTICS

A growing scarcity of ivory for use in the manufacture of billiard and bowling balls eighty years ago had much to do with the development of a large section of the plastic industry as we know it today. Seeking to meet the problem arising from the scarcity, the game industry in 1868 offered a substantial cash prize for the development of a substitute for ivory, and with that incentive, a young printer, John Wesley Hyatt, developed a means of producing the first plastic billiard ball.

Actually the history of plastic started 20 years previously in Switzerland when Professor Schombein, a professor at Basle, discovered nitrocellulose. Another type of plastic is casein, discovered by a German, Adolph Spitteler in 1890. Spitteler accidentally produced plastic casein by mixing formaldehyde with sour cow's milk. The third of the plastic discovered was made in 1909 by Dr. Leo Baekeland of Yonkers, N.Y., who, after persistent research and study, developed a synthetic resin.

Plastics means something that can be shaped or moulded. The word "plastics" is indicative of a large group of materials, much as "metals" covers a great number of materials. Today all plastics are not necessarily moulded or formed but are also machined or fabricated.

There are two main classes of plastics, thermoplastics or heat softening, and thermosetting or heat hardening. Thermoplastics may be heated and shaped many times, while thermosetting plastics, after heating and curing, can only be worked once. There are many different varieties of each type; among the thermoplastics are cellulose nitrate, cellulose acetate, cellulose butyrate, acrylic resins, polyethylene, vinyls and styrene, while the thermosetting plastics include phenol formaldehyde. melamine formaldehyde and urea formaldehyde.

The Canadian industry has made great advance from the time the first products were manufactured near Toronto in 1911 from phenol-formaldehyde and there are now many plants in various parts of the country producing the numerous types of plastics. In the secondary or moulding and fabricating section of the industry there had been much activity and many new plants have come into existence.

Hon. Geo. H. Challies Renominated For Grenville-Dundas

Despite heavy rain during the afternoon and evening, upwards of 300 men and women from all parts of the riding attended the convention which was held in the Assembly Hall of Hallville Consolidated School.

Mr. Challies was renominated as official Government candidate and the name of Allan Farlinger, of Morrisburg, president of the Federation of Agriculture of Dundas, was also placed in nomination.

Mr. Farlinger said he thanked his supporters, but had decided to withdraw his name and make the selection of Mr. Challies unanimous.

Speaking of the potential development of power on the St. Lawrence River, Mr. Challies told the gathering of negotiations carried out during the past year between Premier Drew and Governor Thomas Dewey of New York State.

"Development of St. Lawrence power at Barnhart Island will mean two Niagaras at the threshold of Eastern Ontario. Our share of the project would yield us 1,000,000 horsepower of dependable electric energy—twice the amount which is now being developed by us at Niagara Falls.

"When this power is developed it will be the lowest costing dependable power on the North American continent. Moreover, it can be delivered, to mention an example, at Oswego, NY, at half the cost of power produced at the modern steam plant in that city.

"Industry in Ontario", Mr. Challies continued, "had hitherto gravitated to the Toronto and Hamilton area and power is developed on the St. Lawrence, however, it will swing a vast volume of industry to Eastern Ontario.

"The projected power plant near Cornwall will be close beside both the railway lines and the main highway."

Mr. Challies told the crowd that building of the power plant on the St. Lawrence would be the realization of a dream entertained for many years by residents of Eastern Ontario counties. Farmers in the area, he said, would be called upon to produce food in much greater volume to meet the demands of a vastly greater population.

"Eastern Ontario," Mr. Challies said, "will at last get the advantages that are hers."

Speaking of Dominion-Provincial relations, Mr. Challies said the Drew Government had been criticized for failing to accept the proposals made by the Dominion Government in 1946. It should not be forgotten, he said, that while seven of the nine provinces bowed to the will of the Dominion years by residents of Eastern Ontario counties. Farmers in the area, he the Dominion Government's total intake of taxes and Ontario, alone, pays nearly 50 percent.

"If we had signed that agreement," he said, "we would have signed away our financial independence. We have got along very well without signing the agreement and remember, Ontario has no sales tax, no income tax and has levied no new taxes of any kinds.

"Mr. Ilsley, the Minister of Finance offered Ontario $74,438,000. Last year the Government of Ontario received more than 87 million dollars from these same sources of revenue, or 13 million dollars more than the Government at Ottawa offered."

Mr. Challies described Mr. Drew as a man of tremendous capacity and an indefatigable worker. Members of his Cabinet realized perhaps more than anyone else how much he has done to make Ontario financially strong. He pointed out that under the Drew administration, every mile of highway and of rural hydro lines has been paid out of current revenue. The same is true of the large grants made by Ontario for education, he said.

Mr. Challies told the convention that Premier Drew called an election for June 7 in order to get a clear mandate from the people to borrow very large sums of money. The money, he explained, will be used for the all-embracing Hydro changeover plan and will mount into hundreds of millions of dollars.

Will Take Years to Complete

The plan, he added, will take some years to complete and the Government wishes to see its fruition without interruption.

Mr. Challies told of the surveys now being carried out for flood control in the South Nation river valley. An interim report of this Ottawa District project, he said, deals with control, of runoff, relief from flash floods and increased flow of water at Chesterville.

The Minister discussed at length the increased grants made by the Drew Government to municipalities with special reference to those of Grenville-Dundas.

A. C. Casselman

A. C. Casselman, MP for Grenville-Dundas, called the attention of the meeting to the fact that the president, Mrs. Marion Storey, is the only woman in Canada who is president of a Progressive Conservative general constituency association. He said Mrs. Storey, who is a sister of the late Hon. Howard Ferguson, was largely responsible for the success of the party in Grenville-Dundas.

Arthur L. Smith, MP for Calgary West, who was a special guest at the convention, said that Mr. Challies' speech was "one of the finest short summaries I have ever heard of the economic position of a Canadian provinc."

A vote of thanks for Mr. Smith's address was voiced by E. B. McMillan of Chesterville.

NOTICE

Due to a misunderstanding that has arisen since the distribution of the questionaire cards soliciting the opinion of the ratepayers on a grant to the Winchester and District Memorial Hospital. The Council of the Village of Chesterville was not asked for any set sum, and the questionnaire cards did not name any sum. However in view of the uncertainty in the minds of some ratepayers the Council has given the matter further attention and the sum of $2,500.00 was named as the possible grant. Failure to return your card will be considered as a vote in favor.

To The Electors of Grenville-Dundas

The Grenville-Dundas Liberal Association has chosen C. Allison Graham to represent their constituency in the coming Provincial Election.

Allison Graham would be a very active member of the Ontario Legislatire for Grenville-Dundas if elected. Through his efforts he has contributed much to the formation and progress of many farm organizations in Eastern Ontario. He has taken an active part in cattle breeding associations, milk producer associations, the Federation of Agriculture and many other groups working for the betterment of the farmer and farm conditions.

Believing that the prosperity of both town and country depends on the prosperity of the farmer, Allison Graham has done a great deal on the farmer's behalf.

Our candidate is 37 years of age and has always been a resident of this constituency. He is a graduate of McGill University, is married and has a family of one boy and one girl. He is a member and active worker of the Chesterville United Church.

We believe we have chosen the best man possible for this position and solicit the support of the electors of Grenville-Dundas on June 7.

Theme "Peace" Stressed At Brockville Presbyterial

The thirty-fourth annual meeting of Brockville Presbyterial was held in First Church Brockville, Tuesday, May 4th, 1948. Carrying throughout the theme "Peace" and the Peace of God which passeth all understanding shall keep your hearts and minds through Jesus Christ, Phil. 4:7.

The meeting was opened singing psalm 76 and devotional time by Caintown Auxiliary with Mrs. Wm. Fitzsimmons of Cardinal presiding. Words of welcome by Brockville and replied to by Mrs. Dillabough, Dunbar. Minutes of May meeting 1947 at Spencerville were read and adopted also the minutes of January meeting 1948 in Iroquois.

Rev. Henry Cousens expressed a welcome to First Church Brockville also a good-will message from Presbytery meeting the same day in Brockville.

Time was allowed for items of business, we were then introduced to Mrs. J. Muchan, Missionary from Jhansi, India.

The morning session closed by singing hymn 439 and prayer for guidance by Mrs. A. G. Suffel, Winchester.

Mrs. Wm. Fitzsimmons said the response to the call for food, money and clothing for overseas was most gratifying and contained many comfortable garments and boots.

The afternoon Session convened by singing psalm 31 then bible reading by Mrs. A. McRae followed by story of a surgeon of great success who put church life first and known as "a great man walked in the spirit" by Mrs. Larsen, then prayer.

We had the privilege of hearing Mrs. Muchan tell about their work in India, how the native women enjoy W.M.S. meetings, how they pray and give of their little to send the story of Jesus, the Saviour to those who have never heard His name, so they may become nappy too. She said there are four ways to become a missionary, the 4 P's, first by giving in person; secondly by proxy by financing someone else who is willing to go; third by a consecrated purse; fourth follow missionaries with messages and prayers, so they will feel we are interested in them. Closing with these words, "My beloved sisters, be ye steadfast."

Mr. Muchan then talked to us using nearly the last words of Christ Act 1 verse 8, "But ye shall receive power—After that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in Judaea and in Samaria and unto the uttermost parts of the earth." He explained this thus, that we should live so as to witness for Christ first in our own heart, in Jerusalem (our own home) and in Judaea (our own community) and in Samaria (the uttermost parts of the earth).

Miss Stringer, Landsdowne, our missionary in India, in a short message told us how much a visitor from home church to overseas field does for those in overseas duties.

Mrs. Heslip from Madoc expressed her pleasure to be in Brockville for the day and see so many of her old friends.

A letter from Mrs. Harcourt Emra, president of Montreal and Ottawa Synodical Society of W.M.S. expressed her regret due to duty in Council, she was unable to accept our invitation to be present.

A very impressive service of remembrance by Cardinal Auxiliary while naming each auxiliary and Y.W. groups we were asked to have silent prayer in memory of those passed on while one flower was added to a vase and satisfying work for us to carry on, from those who have gone ahead to their eternal home.

To begin the evening meeting we were favoured with special organ and violin music by Brockville. The singing of hymn 282 and bible reading Eph. 3 and prayer by Rev. Henry Cousens.

Rev J. C. Ross, Iroquois, moderator for presbyterial voiced his pleasure to speak to presbyterial in Session.

Mr. Fitzsimmons, Cardinal, introduced a distinguished guest, Rev. Colin Miller, M.A., B.D., Knox church, Ottawa, who brought us a most touching message, which through one incident in Clyde Bank, Scotland, showed us how world war two not only struck the flower of the nation (young men) but the root of nation (the homefolk and home). He left us vividly impressed by the great need of common necessities even potatoes and bread. The people of British Isles who always worked with such a tenacity feel now that neither scientific study or other human efforts alone can save the world but work, sincere prayer will give perfect assurance God will see them through. He phrased it this way on this side of the ocean there is a discontented optimism, while over in Britain it is contented pessimism. He told us how unceasing prayer by Rev. George McLeod and his followers is bringing a new hope to church in Iona and to Scotland. An expression of thanks to all those who in anyway helped during the day or while preparing for this meeting was followed by closing hymn 671 then prayer and benediction by Rev. Harold Heustin, Morewood.

MOREWOOD UNITED CHURCH

The services at Morewood United Church were conducted on Sunday by the minister, Rev. W. J. Copsey. At the morning service the Church and Sunday School united in a Mother's Day service of worship around the theme "Standards of Worth O'er all the World." The primary department rendered the children's hymn "Jesus Loves Me." Miss Rietta Steven and Mrs. Gordon Countryman gave Scripture Readings. The theme was dramatized by Donelda MacLaren, Marie Irven, Muriel Thompson, Joan Allison, Martin Ballantyne, Allen Steven, John Irven and Bruce Carruthers. Mrs. Archie Coulthart told the children's story, "The Broken Tubes." The Sermon was based on Mark 1:29, "When they were come out of the synagogue, they entered into the house of Simon Peter," emphasizing that Christ will come into our home; that he will come into our homes even though there be shadows there; that he will come into our homes to remove the shadows. The anthem rendered by the choir was, "One Who Still Loves His Mother" by R. Kelly. Mrs. Gordon Steinburg taking the solo part.

The evening service featured the last in a series of lantern slide services with the theme "Jesus the Carpenter" Christ the worker in wood becomes the Great Physician who opened the eyes of many who were blind. He still gives light to the eyes of the heart enlightening the understanding of those who believe in him so that they can say "One thing I know whereas I was blind now I see."

The anthem rendered by the choir was "Mother" by Stephen Foster.

Mrs. Sam Barrington presided at the organ for both services.

THE PRESBYTERIAN CHURCHES

The sermon last Sunday was in keeping with the Sunday after Ascension Day and keeping in mind Mary the mother of Jesus.

The New Testament reading was "The Acts of the Apostles" chapter one verses one to fourteen and the sermon text from St. John 20:17, the words of Jesus "I ascend unto my Father and your Father and to my God and your God." Jesus in connection with his ascension to the right hand of the Father where he intercedeth for believers spoke of two facts. "I go" St. John 14:2 and "I ascend". He gave two promises, "I will send him (i.e. the Comforter, the Holy Ghost) unto you". St. John 16:7 and "I will come again". St. John 14:3. He also gave two commands "Love ye." St. John 15:17 and after his resurrection and just before his ascension " Go ye", St. Mark 16:15.

Truthful

The occasion was an amateur musicale. The kind-hearted hostess spied a lonely-looking little man huddled in a corner of the room, and paused to make conversation.

"Tell me," she finally asked, "do you play any musical instruments?"

"Not away from home," the little man replied.

"How peculiar," remarked the hostess. "What instrument do you play at home?"

"Second fiddle," the little man replied.

Grenville-Dundas Presbyterial

The 22nd annual meeting of the Grenville-Dundas Presbyterial of the Woman's Missionary Society, was held in Trinity United Church on May 4th, with 175 women in attendance. Mrs. W. E. Wright, Presbyterial President, presided at the three sessions, assisted by Mrs. D. Hanson, the secretary. Mr. P. Hewitt was organist for the day.

The theme, "His Lamps Are We," was kept to the front in the theme, "I heard the voice of Jesus say: I am this dark world's light," and in all parts of the program.

The morning worship service, "Lamps of God", was conducted by Mrs. A. Casselman and Mrs. Thompson of Winchester Springs.

Mrs. W. O. Dixon brought words of welcome from the Chesterville Church.

"Shining through Community Friendship" was presented in a drama by Mrs H. Adams, Mrs. B. Newman, Mrs. Sexsmith, Mrs. J. Adams, Mrs. J. Gray and Mrs. Miller. The secretary told of feeling blue and discontented, so invited a few friends to tea. All decided friendliness a good way to dispel the blues. Even in our churches there is loneliness, so in our personal contacts both inside and outside the church, we must include all, especially those of other lands. Where one is lonely, one may become bitter.

Mrs. B. Newman in, "Shining through Temperance," said, "the legal standing of alcohol has not changed its terrible effects on men and women." After acquiring the habit of drinking alcohol in any form, who can say, "I am the master of my fate, I am the captain of my soul"? We cannot tell who will be the victim if we ever take one drink, since it is said, three out of every ten become addicts. Who are the three? We cannot know. This age in whiceh we live, challenges us to higher and better living. Can we live better by drinking even moderately?

Mrs. Bernice Barkley and Mrs. Hyndman McMillan, Elma, delighted the audience with a duet.

An In Memoriam service was conducted by Mrs. Arnold Dulmage, assisted by Mrs. O. Wallace, using well chosen Bible portions and a solo, "Sunrise Tomorrow," by Mrs. Black of Heckston. A tall white candle was lighted and each person was led to pray that she might shine as brightly as those who had gone on to higher service.

The theme for the afternoon worship was, "Shining through Christian Stewardship." In a questionaire Mrs. G. Carlyle and Mrs. S. Simms emphasized the stewardship of time.

Mrs. W. A. Tanson and eleven women stressed the use of our abilities, and Mrs. Cecil McIntosh spoke of the use of our material possessions. This was concluded by a stewardship ceremonial, when various colored candles were lighted to represent the stewardship of Time, Abilities and Material Possessions. In this ceremony, solo responses were sung by Mrs. Stanley Shay.

The Treasurer's statement showed that $8925. had been sent to the Branch Treasurer. This is an increase of $550. over last year.

The reports of the various departments showed marked improvement and increased interest. The work of the year, symbolized by lighted candles, was dedicated with prayer by the President.

Mrs. G. W. Irvine, the Conference Branch President gave an address full of inspiration and encouragement. She also conducted the installation service. Mrs. A. B. Allison expressed appreciation of the officer's work.

The Chesterville Mission Band were present and sang two suitable selections. Mission Band awards were presented to those Bands who had fulfilled the requirements. Mrs. O. Wallace, with a candle lighting ceremony welcomed the groups which had been organized during the year.

Mrs. A. Byrd announced a C.G.I.T. Worldfriendship Rally, to be held in South Mountain on Saturday, May 15th.

Mrs. H. VanAllen gave notice of a camp for girls to be held in July at the new Grenville-Dundas camp ground on the Rideau.

Mrs. W. S. L. Merrill announced the School for Leaders to be held at Edgehill September 13-17.

The afternoon session was brought to a close with a message from Mrs. N. Thomas on "Shining through the younger groups."

At the tea hour, greetings were brought from Presbytery by Rev. W. J. Copsey; Anglican Guild by Mrs. Barker; Trinity Woman's Association by Mrs. L. H. Doering and the church by Rev. W. E. Wright. Mrs. W. J. Copsey replied to these greetings.

Mrs. Irvine's address was on "Windows." Through these windows she gave a picture of our missionary work in our own Conference, particularly in Montreal.

Mrs. Gervain, chairman of the Courtsey Committee expressed the thanks of the audience to all who had made this one of the most successful Presbyterials ever held. Rev. Wright closed with prayer.

The following are the officers elected:

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! What a transformation there is throughout the country at this time of year with the houses boasting fresh coats of paint and trees bursting into buds and blossoms. Where can one find greater solace after the arduous winter than in the garden pulling rhubarb in May?

To those who can garner these first edible garden products we say, thank your lucky stars. To those who realize that this food is worth more cooked properly, we give you a tip, cook rhubarb slowly, only until tender.

BUTTERSCOTCH RHUBARB PIE

3 cups diced rhubarb, 1|3 cup sugar, 1|4 cup water, 1 cup milk, 1 (4 oz.) package butterscotch pudding mix, 1½ tsps. lemon juice, ½ tsp. lemon rind.

Wash rhubarb; do not peel. Place in saucepan with sugar and water; cover and simmer 8 minutes. Gradually blend milk with butterscotch pudding. Slowly add pudding to rhubarb, stirring constantly. Add lemon juice and rind. Cool.

Pour into Graham Cracker Crust: Combine 18 crushed graham crackers, ¼ cup sugar and 1|3 cup melted butter. Press mixture firmly into bottom and along the sides of 9 inch pie plate. Bake in electric oven of 325 degs. for 8 minutes. Cool before serving.

BLUSHING BETTY

2 lbs. rhubarb, 1-1|3 cups sugar, 1|3 cup raisins, 2 tbsps. shortening, 1 egg, 1½ tsps. baking powder, ¼ tsp. salt, 1|3 cup milk, ½ tsp. vanilla, 1 cup flour.

Wash rhubarb, do not peel. Cut in 1 inch pieces; mix with 1 cup sugar. Place in greased casserole, add raisins. Cream shortening, vanilla and 1|3 cup sugar. Add beaten egg. Sift together flour, baking powder and salt, and add alternately with milk to creamed mixture. Spread over fruit. Bake in electric oven. 350 degs., for 50 minutes. Serves 5.

TAKE A TIP

1. To bake vegetables: It is not always necessary to leave them whole in the skin. For instance, scrub potatoes, cut in half and place cut side down in an open baking dish.

2. To steam vegetables in the oven: Place peeled firm vegetables in a pan. Salt to taste. Add not more than 4 or 5 tbsps. of water. Cover. If your oven dish has no cover to fit, tie cookery parchment on with a string. This will keep the steam in.

3. To bake desserts with an oven meal: These should be placed on the upper rack and only covered if they contain a small amount of liquid.

4. To obtain even browness of baked foods: The pans must never touch each other or the sides of the oven. Arrange them on the racks so that they do not sit directly over one another.

THE QUESTION BOX

Mrs. J. R. asks: How can I substitute maple syrup for sugar in a butter cake?

Answer: 1 cup maple syrup plus ¼ teaspoon baking soda less ¼ cup of milk for 1 cup sugar.

Mrs. D. M. says: I have tried to make tea biscuits with chicken fat but I taste grease in them. How do you add the fat?

Answer: You only use 2|3 cup chicken fat in place of 1 cup shortening or lard and cut in the chilled fat with a pastry blender.

Mrs. C. T. asks: At what temperature should I bake a soufflé so it will not fall?

Answer: Bake at 325 degrees for about 40 minutes—then serve at once in the custard cups.

Mrs. M. J. asks: Should apples be peeled for a salad?

Answer: Not unless the skin is wrinkled and tough.
