The Rink Progressing

Active operations are beginning to make a fine show at the new skating rink, and it will only be very few days before it will be ready for flooding. The lot is being enclosed by a high board fence and will give a sheet of ice far greater than any used here for a long time and should prove a strong attraction for those wishing to enjoy the finest of out door sport and exercise.

Cab Burned off C. P. R. Engine

A peculiar fire happened in the station yards yesterday morning about five oclock, when all the wood work in the cab of engine No. 24 was destroyed. For the last oouple of weeks the engine which was on a work train has been laid up here at night in charge of a watchman while the crew has slept at the hotel. Yesterday morning apparently after the watchman had put in the first fire to get the engine ready for the road he must have left a hot poker where it set the wood work afire after he had left the engine as he was unable to account fo. it.

Beelher—Devaney

A quiet but pretty marriage was solemnized at St. Mary's Church, Crysler, on Nov. 27th, 1918, by Rev. Father Leahy, when Miss Bridget (Bid) Devaney, second youngest daughter of Mrs. A. Devaney became the bride of Alfred, youngest son of Mr. and Mrs. Felix Beelher of Crysler.

The wedding party motored to Crysler at an early hour arriving at 8 o'clock. The bride looked charming in a tailored suit of navy broadcloth with hat to match, trimmed with mounts of osprey and veil, and wearing fox furs, the gift of the groom. She carried a bouquet of bridal roses and was attended by her cousin Miss Mary Grady, wearing a burgundy suit trimmed with fur, with hat to match. The groom was supported by his brother Charlie. After the marriage the party motored to Finch taking the early train for Hamilton, Buffalo and Niagara. On their return they will reside on their beautiful farm near Crysler.

One Gentleman in the House

Germany is now in a position where she is grateful for a kind word, no matter how gruffly spoken.

In fact, Germany's feelings to-day are very like those of a lady who sang "Juanita" at a concert. She sang so badly that she was interrupted with a volley of catcalls, but in the tumult a man yelled fiercely:

"Order, Order! Give the old geezer a chance!"

"Oh" she said, "I'm so glad to see there's at least one gentleman in the house."

A Fond Recollection

Annual Meeting Good Roads Association

The annual meeting of the Eastern Ontario Good Roads Association will be held in Ottawa on Tuesday and Wednesday, February 4th and 5th, 1919. This was decided at a meeting of the Executive Committee on Monday.

On Tuesday afternoon the directors of the association will meet. On Tuesday evening a dinner will be held at the Chateau at which addresses will be delived by a number of well known good road experts and enthusiasts from various parts of Canada. The general sessions of the association will take place on Wednesday morning and Wednesday afternoon at which the annual reports will be received and the election of officers will take place.

In view of the renewed interest in road building which has been created by the probability of road building being adopted as a reconstruction measure by the Dominion Government, it is expected that the annual meeting of the Eastern Ontario Good Roads Association will be unusually large. Invitations to attend will be sent to all other good roads associations in Canada.

The petition of this association to the Ontario Government with reference to the construction of provincial county roads by the Government rather than the counties has been concurred in by the united counties of Dundas, Stormont and Glengarry. Every county in eastern Ontario with the exception of Carleton and Renfrew has expressed itself favorably on this matter, and the petition of the Eastern Ontario Good Roads Association has been endorsed also by several boards of trade and other public bodies.

Word was received of the death of Mr. Ralph Miller who formerly lived in this vicinity. Sympathy is extended to the bereaved parents.

A Deer Story

From time to time we hear all kinds of queer things, ghost stories, fish tales and even hunters' yarns, but when we know for a fact that the following tale is true it makes it so much more interesting. Last March a young man, not many miles from Pakenham, while attending to his duties on his farm, chanced to see a young deer in the distance leisurely walking around the field. He called to his dog and in the meantime snatched up a cow-bell, gave chase and what is stranger still he cornered the tired animal on a hill; then he fastened the bell around the neck of the deer and let him go. When reproved by his parents for his foolish adventure he replied "Never mind, I'll get your bell". Nine months elapsed and the long wished season arrived; armed with a license and his gun this same young man went out for a days sport, and to make a long story short he brought the selfsame buck which by this time had grown to a perfect beauty, only he was somewhat short of breath from the tension of the bell strap. The bell was as good as ever.—Pakenham cor. to Arnprior Chronicle.

Died At Sea

Smiths Falls Record—William Oran Van Dusen of Syracuse N. Y., and eldest son of Mr. Elmer Van Dusen of Smith Falls, died on Wednesday, November 6th, on board the United States steamship "General Grant". The deceased was a native of Smith's Falls, born here, on April 29th, 1883, and was therefore thirty-five years of age. About twenty years ago he went to Syracuse, and had since made his home there. He was for sixteen years in the service of the U. S. Navy, with the rank of corporal, but eighteen months ago transferred to the U. S. Heavy Artillery, same rank, and in September last was wounded in the shoulder, while on active service. He was invalided home and it was when on board ship enroute, he contracted influenza, and death followed. The remains were brought to Syracuse and the funeral was held on Monday, Dec. 2nd, from Weyburn's undertaking parlors to Woodlawn cemetery, where his mother is buried. In religion the deceased was a Methodist. He was unmarried. He is survived by his father, three brothers and three sisters—Royal E. Salt Lake City, Utah; Howard a returned soldier, now at Ottawa, Robert at home; Mrs. Viola Clement, Tacoma, Wash., Geraldine and Olive at home. The deceased visited Smiths Falls at different times and his many freinds here will learn of his death with sorrow.

January 19th Red Shield Date

Campaign Manager, John M. Linden, for the Salvation Army Red Shield Drive for Eastern Ontario and the Province of Quebec (not including Montreal and Quebec City) announces that the date for the Drive is now definitelly set to begin with the week opening January 19th, when announcements of the Drive will be made from all the pulpits and it is expected that the canvass will be completed by Saturday evening January 25th.

In the meantime large publicity in posters both on bill boards and for store windows and through newspapers such publicity as was made for other Drives in Canada, will be also made for the Red Shield Drive.

Manager Linden announces that his territory in Eastern Ontario and the Province of Quebec is all lined up with Chairmen in the various towns and counties who will assume the responsibility of the Drive for their local community and aim to put the quota assigned over the top. The Headquarters for this Territory are at 24 Canada Life Building, 75 Sparks Street, Ottawa.

Mrs. William Lane, Bouck's Hill

On Thursday, Dec. 12, 1918, about 9.15 a. m., Mrs. W. Lane, a loving and kind mother was removed from her sorrows and joys of this world, after an illness of more than twelve months duration. During this period deceased underwent three serious operations, which were performed at the General Hospital, Cornwall, and although she seemed to regain her physical vigor following her operation, the improvement, unfortunately, proved to be only temporary, and she gradually grew weaker until death removed her from her affectionate little family circle on the above mentioned date.

The deceased whose maiden name was Edith Clark was the daughter of Mr. and Mrs. Chas. B. Clark of this town. She was born in Morrisburg in the year 1887, where she had been a life long resident until June last, when Mr. and Mrs. Lane moved to Boucks Hill. In the year 1909 she was united in marriage to Mr. Wm. Lane, who with a family of three, Evelyn aged 8, Charles aged 5 and Howard aged 3 survive. She is also survived by her parents, 5 brothers, George, Henry, Fred, Harvey and Herbert of Morrisburg; and four sisters, Mrs. Jardin oi Waddington, Mrs. H. Arthur, Winnipeg; Mrs. C. Heart Erie, Pa., and Mrs. P. J. Timmins, of Winnipeg.

The funeral was held on Saturday, Dec. 14, from the family residence, Boucks Hill, at 1.30 p. m. to the Williamsburg Methodist Church, the remains being placed in the vault at Williamsburg, and interment will be made in Fairview cemetery, Morrisburg, in the Spring.

Mrs. Lane and family enjoyed the respect of a host of friends in this community who extend heartfelt sympathy to the relatives in their sad bereavement. —The Leader.

When little Ernest was out walking with his mother one day he suddenly pointed to a lady across the road and said:

"Oh, mamma, I know that lady over there! She often speaks to me."

"Does she, really, darling?" answered the mother. "And what does she say?"

"She—she—well, she usually says, 'Don't you dare to throw stones at my og again, you little wretch!"

An Asset

A minister was assigned to a small parish not long ago, and upon his arrival found his new field of labor all that could be desired, with the exception of old Bill Johnson.

Old Bill was addicted to looking upon the wine when it was red, and the new minister announced his intention of bringing him to see the error of his ways.

"Well, of course, we know you mean right," one of the elders said, "but it would be a mighty bad thing for the place if old Bill stopped drinking."

"Why, what do you mean, brother?" the puzzled minister asked.

"Well, parson, it's like this," the elder explained. "There ain't a more convincing talker nowhere than old Bill. Every time he gets drunk and sobers down he gets somebody to sign the pledge with him, and the other fellow usually keeps it."

Reeve Fraser Not Seeking Re-Election

A week from Monday the township nomination will be held at Morewood, but so far there is very little talk of what is likely to be doing.

Reeve Frank Fraser has expressed his intention of not again seeking the position, in which case it is understood that S. R. Fulton will be a candidate for the reeveship with Ezra Countryman his opponent if there is to be an election. For deputy-reeve Wm. Hamilton, with five years service in the Council to his credit, and last year heading the poll, is the logical man for the position. The only opposition so far suggested is that of Jno. Bogart who has aspiration for the place. In the Council the field seems to be wide open as it is understood neither Gillard nor Cumming have been so impressed this year that they are anxious for a further term.

James K. Fraser of Vegreville, Dead

It was with the very deepest regret that the death of James K. Fraser of Vegreville, Alta., was learned by his many friends and acquaintances throughout Dundas and Russell, on Saturday last. The deceased was a son of Mr. and Mrs. Robert Fraser of Russell, and was born and raised in this township. Pneumonia following influenza was the cause of his death. A week or so ago a letter was received from the family in which they expressed their thankfulness that the influenza had passed from their district, and that they had not been afflicted. On Thursday last a wire was received from Mr. Fraser saying that they had become victims of the epidemic, which was followed by another stating that he had developed pneumonia and on Saturday the final word that Mr. Fraser had passed away. At the time of his death Mr. Fraser was in the employ of the Canadian Northern Railway as its agent at Vegreville. Previous to taking up the station duties he had been a conductor on that road. but having had experience in telegraphy and station work, when men were very hard to secure for that work he was induced to take the position at Vegreville. His parents, wife and little son will have the sympathy of a host of friends throughout this district.

Condensery to Enlarge

It has been stated many times by the Hires Condensed Milk Co. that they intended making the Maple Leaf Condensed Milk plant in Chestervtlle the greatest on the continent. We have been informed this week that plans are well under way for the erection of an addition to the present building of fifty feet at the east end with the installation of equipment to take care of fifty thousand pounds more milk daily than was possible last summer. The capacity of the whole plant will then be in the neighborhood of three hundred thousand pounds daily. With the price for milk any where over the two dollar mark the sum paid out monthly will be a very large one, while the payroll for labor will also be increased very considerably as a larger staff will be necessary to handle the enlarged output. It is hoped to have the new addition and equipment ready by the end of March.

Ottawa Winter Fair

The Ottawa Winter Fair is off to a good start and if the attitude of the Live Stock Exhibitors and Live stock men generally can be taken as an indication of the success of the Show to be held in January next it will undoubtedly be the best ever held in Ottawa. The attitude of Live Stock men throughout Ontario and Quebec would indicate that they will be out in large numbers and with large exhibits of Live Stock at the coming Winter Fair.

The Prize Lists of the Ottawa Wiuter Fair are out and may be obtained from the Secretary, Mr. W. D. Jackson, Carp, Ont. By the revise Prize List over $16,000.00 is offered in cash prize money for exhibits of Live Stock, Seeds and Poultry. New classes have been added to the Prize List in every department and as a result the Prize List is very complete and considerably extended over previous years. In the Cattle Department Bull Calf classes have been added for all breeds and there will undoubteely be a big entry inthese new classes as the exhibitors have been demanding for some time that Bull Calf classes be added to our Prize List.

One of the most important features of the show will be the Harness Horse Classes which will be shown in the large arena judging Ring every night during the Winter Fair. A large number of Harness and Saddle Horse classes have been added and from the enthusiasm shown by Harness Horse men the Board of Directors are confident that the Harness and Saddle Horse Classes at the Winter Fair will equal the best Harness Horse Show ever put on in Eastern Ontario.

The continuation of the Winter Fair in January next, the excellent accomodation offered and the additions to the Prize List should be a big inducement for farmers and breeders in Eastern Ontario and Quebec to exhibit their stock or produce at the Winter Fair and not only share in the large amount of Prize money which will be distributed, but keep abreast with the advancement of the various lines of agriculture which will be represented, and which has such o bright future.

Little Used Meat Cuts.

"The list of meats we commonly buy is being rapidly extended to include all kinds of fancy miscellaneous meats or by-products and sundries as they are sometimes called." it is stated in the introduction to a valnable pamphlet which has been prepared under the Food Board on fancy and miscelianeous meats.

"These portions have long been popular in Europe, where soup and stew making is a fine art, and in the United States they have enjoyed a good market, although in Canada they have been neglected to such an extent that fully 75 per cent went to the grease tank to be rendered down or else was exported to other countries.

In the days when cattle, sheep and hogs were killed and dressed at home, the housewife was in the habit of getting the last half ounce of food value from the carcasses. But gradually the abbatoirs took over this work, and as high-priced roasts, steaks and chops began to get firm grip on the market, people were apt to forget that pigs and cows still had feet legs, livers, backbones tails and tongues. Although these portions were all available, the demand for them fell off.

Ox tails are counted a delicacy in Europe. Yet in a Canadian city with a population of over 100,000, no less than 500 pounds of ox tails are either rendered down each week or exported to the United States where they find a ready market. They could be bought for 15 cents a pound, if women were to ask their butchers for them.

Two men thrown together at a horse-show were discussing their adventures with the equine tribe.

"A horse ran away with me once, and I wasn't out for two months," remarked the man with the Tribly hat.

"That's nothing!" replied the man with the bowler. "I ran away with a horse once, and I wasn't out for two years!"

Undeniable Facts

Rev. Carl Sorensen, Dunbar.

It seems so strange that man who has more than time enough for wordly things, but has so miserable little, if any, left for the most important part in life. Few people blush even when knowing that the eye of God sees the many strange varieties of actions, and his ear hears the equally strange varieties of noises from all corners of the earth and from within every circle of society. Go wherever you may and every living being has according to the lord of providence the right to demand their daily necessaries of life, but wonderful in how many different ways they seek to obtain it. Our thoughts were intended to chiefly draw from one main source, but we know that minds have been digging wells to draw their own supply from. Some are wholly absorbed in making plans, and building houses of artistic beauty; while others eagerly explore for metals. Some strenously strain for laurels in sports; while others are bent on perfection in art, their fame too usually follows them down into the grave. Down the streets and along the high ways vehicles of all descriptions carry the traveller on his way; while all over the world trader, barter and people scheme how to buy cheapest, but sell at highest cost. Would that all men recognize the existence of an infinite God.

The main theme in the programme of life, is to some daily before God imploring for pardon, to plead with a stiffneck people that they forsake their evil ways, and worship God in heaven, rather than to crowd the temples of Baal here on earth, but this point is mostly ignored because it demands honesty and purity in living. The heart plays a wonderful role in keeping in time with truth, and the mouth acts as the sounding piece, "For out of the abundance of the heart the mouth speaketh". The most good men can do in this period of reconstruction is to study their heart's desires (for many desires are impure,) rather than to over emphasize the establishing of mortal virtues, that mean little more than a beautiful catch-phrase unless the heart is within harmony of God. The heart certainly creates many desires, every day, which are detrimental to a nation's progress

The heart is undeniable a powerful instrument for either good or evil desires, for wickedness certainly abound. When once surrendered to evil it clings to you; like a leech sticks to the skin sucking out vitality. Can it be possible that "out of the heart proceed evil thoughts, murders, adultries, fornifactions, theft, false witness, blasphemies", yes and it is also possible that "A good man out of the good treasurer of the heart bringeth forth good things". How sad to know of the heap of wreckage made up of young lives, ruined by surrendering to the evil desires of the heart, and the soul which God claims as His is lost eternally.

Now, when having such a multitude of truths to face, why not then seek the privacy of your own chamber, and rise in thoughts far above earth, flee from its haunts and its turmoil, draw nearer heaven where it is better to be, and there too it is quieter to meditate. Earth's discordant voices try hard to drown the words directed to God. What a great pity society is so absorbed in vanities. its offers are deluisive, wicked devices of satan. Flee from the vociferant echos of pride and hatred, mingled with bitter petitions, and from the frivolous, and the sensualist who seek the fascinating music dethrone virtue, and to blemish innocent lives. Horrid to the pious is anger's quivering threats of revenge, for just some minor offenses, and the gold-thirst so feverishly burning spreading like an epidemic with claims on numberless victims. All these things are as dangerous as the liberty of a ferocious and enraged maniac. Be on your guard constantly for these strange mortals are finding their way even into holy assemblies, they even pray in eloquent language, and largely support the cause of God, but they can never be more than "blind leaders of the blind". Seek Oh Soul! the company of those whose lips speaketh Lord thou art merciful and mighty. Thou art patient and long-suffering help each soul that prays to "eschew evil", and by pure heart desires to outshine the tempters juggling play.

Wide Awake School Idea

Yellow Grass Sask., educationalists are shortly to undertake a new co-operative school farm. The plan, which is now under way, is to purchase one or two acres of land immediately adjoining the present school grounds and cultivate it by raising vegetables of all kinds, which will be sold. Shares will be sold to the pupils of the school or their parents at $1 each, no one person being allowed to purchase more than two shares. In families where there are two or more children, shares may be purchased for each child. Parents may purchase shares ahead for children not yet attending school.

Insurance Co. Wins

Cornwall, Ont , December 12.—A case of particular interest to fire insurance companies throughout the Dominion was concluded in the county court here today, before Judge O'Rilley, wherein Edward A. Rupert, of Northfield, in this county, brought action against the London and Lancashire Fire Insurance Co., to recover $600, the amount of a policy of insurance on a house and barn on a lot south of the village of Northfield, which were destroyed by fire on September 1st, 1916. The copany defended the action on the ground of misrepresentation as to the value of the buildings at the time the policy was taken out.

It was brought out in the evidence that Rupert first purchased the building and lot for about $120 and borrowed $250 with which to pay the first sum, representing to his loaner that he had paid $500 for the property. The latter afterwards learned the true facts and refused to advance a further sum asked for by Rupert. The mortagee then sold the property to a Mr. Werely, a cousin of Rupert, for $160 in Rupert's presence, and Werely in turn sold it back to Rupert for $500. Rupert then went to the local agent of the London and Lancashire and represented the buildings to be worth $900, and on the strength of this representation he secured a policy for $600. Within a few months the buildings were destroyed by fire, and the insurance company refused to pay the claim.

After hearing much evidence the jury returned a verdict in favor of the company and Judge O'Reilly dismissed the action with costs.

It was Bessie's first visit to the dentist. After he had placed her in the chair he said:

"Now, Bessie, which tooth is it that hurts?"

Bessie looked puzzled for a moment, then she said with a beaming face: "I've forgot, but if you'll give me a piece of candy I can tell you."

Restrictions on Use of Sugar Removed

Ottawa. December 13.—The ban on the use of sugar for making pastry, iced cakes or biscuits, for candy for private consumption, as well as in the manufacture of icing sugar, has been removed. The war time restrictions on the method of serving sugar in public eating places are also withdrawn. On and after January 1st white or granulated sugar may be used in making bread, etc., so too the restrictions on the use of sugar in the manufacture of canned goods, biscuits, cake, dough products, candies, chocolate, table syrups and the like, pharmaceutical and medicinal preparations beers and soft drinks, dessert and jelly powders, ice-cream and even on chewing gum, will not be in force. For the manufacturer sugar may be purchased without the regular permit, but it must be noted that the restrictions in public eating places on the use of beef, butter and fats, and for the use of all animal fats by manufacturers still remain in force.

The cancellation of so many rules which war had imposed on Canadian use of sugar has been made possible through unexpected improvement in stocks, but the Food Board desires the public still to be reasonably restrained, and to avoid anything like extravagant use of any of these articles, because it will still be some weeks before supplies and distribution can at all be compared to pre-war conditions.

COUNTIES' COUNCIL PROCEEDINGS

Coutinued From Wednesday Evening

Mr. Kinloch, chairman ot the special committee re incorporation of Martintown as a Police Village, presented the report of that committee, which was adopted without amendment.

The committee recommended that the prayer of the petition be granted and that a by-law be introduced and passed incorporating the described area as a Police Village, and that C. W. Cresswell be appointed returning officer to hold the election of trustees; that the nomination for trustees be held at the Temperance Hall on Monday, Dec. 30th, between 12 and 1 o'clock, noon, and that polling, if such be necessary, take place between 9 a. m. and 5 p. m. on Monday, Jan. 6th, 1919; and that the first meeting of such trustees after election be held at 8 p. m on Monday, Jan. 13th.

Mr. Cameron, of the County Property Committee, presented the report of his committee, which was adopted.

The committee reported that the gaol and surrounding premises had been visited and everything found satisfactory; that there were seven prisoners in the gaol, five of whom were likely to be removed any day to the Provincial Reformatory; there were no complaints from the prisoners as to food or treatment.

By-law No. 1885, to incorporate Martintown as a Police Village and providing for the holding of an election for trustees, was given the necessary readings and passed.

The Council then adjourned until 10 a. m. on Thursday.

Thursday Morning

The report of the Education Committee was presented by the chairman Mr. Davy.

The committee reported that they had dealt with the several applications referred to them for the vacant Public School Inspectorate of Dundas and had heard three of the applicants, Messrs. Fetterly, Rose and T, C. Smith. The committee recommended the appointment by resolution, as required by the Act, of H B. Fetterly M. A., of Cornwall, who was appointed temporarily by the Warden until this session.

The committee also recommended that a grant of $200 be made to Mrs. Rose Forrester, widow of the late Inspector for Dundas, covering services already performed and to be performed by her until the end of the year in connection with the duties of the office of Inspector.

Dr. Munro and Mr. Meikle moved that the report be adopted in Conncil, after being referred to the committee of the whole.

It was moved in amendment by Messrs. McDonald and D. W. Fraser that the report be referred back to the committee with instructions to ascertain the sentiments of the members from Dundas on the question on the appointment of an Inspector, whom it concerned more intimately than it does members from the other counties.

The amentment was first voted on, after a lengthy discussion, and was declared to be negatived by the vote of the Warden. The vote stood.

Yeas—Messrs. Cameron, Casselman, Cooper, Davy, F. Fraser, D. W. Fraser, Fulton, Hamilton, Merkley, McDonald, McIntyre, R. A. McLeod, McMartin, McMillan, Robertson, Sangster and Van Allen—17.

Nays—Messers. Campbell, and Copeland, Duubar, Farlinger, Kennedy, Kinloch, Meikle, Moss, Mulholland, Munro, McKercher, D. D. McLeod, McNaughton, Nicholson, Robinson and Stiles—16.

The Warden then voted no, making the vote a tie, and declared the amendment not carried.

Messrs. Casselman and Van Allen moved as an amendment, that the report be not adopted as presented, but that the name of Mr. Fetterly be struck out and that of R. C. Rose, of Smiths Falls, be substituted therefor as P. S. Inspector for Dundas.

The amendment was first put and was declared to be defeated and the main motion carried and the report adopted without amendment on the following division:—

Yeas—Messrs. Casselman, Cooper, Davy, D. W. Fraser, Fulton, Hamilton, Merkley, McDonald, McIntyre, R. A. McLeod, McMartin, McMillan, Sangster and Van Allen—14.

Nays—Messrs. Cameron, Campbell, Copeland, Dunbar, Farlinger, F. Fraser, Kennedy Kinloch, Meikle, Moss, Mulholland, Munro, McKercher, D. D. McLeod, McNaughton, Nicholson, Robertson, Robinson, and Stiles—19.

Before the first of the above amendments was put or discussed, the Warden was called upon to decide a point of order raised and ruled that the amendment was in order. He explained the appointment of Mr. Fetterly as Inspector, vacating the chair to do so, Mr. McNaughton taking the chair at Warden's request.

It was moved by Dr. Munro, seconded by Mr. Stiles, and resolved.

That Hiram B. Fetterly, M. A., of the town of Cornwall, being a duly qualified person, and holding the requisite Public School Inspector's Certificate, be appointed Inspector of Public Schools for the County of Dundas to fill the vacancy created by the death of the late Mr. Forrester, such appointed to take effect at once at the salary fixed by Statute and on same terms as to travelling expenses, office allowance, etc., as heretofore existed. Carried.

The Council then adjourned until 4. p. m.

Thursday Afternoon

The report of the Committee on communications was presented by Mr. J. W. Kennedy, chairman. The committee recommended that the communication from J. W. Bradshaw, County Clerk, Kingston, asking for an expression, by resolution, on the subject of Mr. Nickle's proposition to abolish titles in Canada, be concurred in, and that such a resolution be introduced and passed endorsing the principle of abolition of all hereditary titles in Canada, and that a copy be forwarded to Sir Robert Borden, urging that the question be definitely settled at the next session of parliament.

The report was adopted.

The report of the committee on Rosolutions and Memorials, presented by Mr. Frank Fraser, chairman, recommended no action in connection with request of Waterloo County Council favoring the combination of offices in various departments of government (Federal, Provincial or Municipal) uniting wherever possible under a single officer, preferring to leave each Municipal Council free to deal with each situation as it arises. The committee also recommended that the Council memoralize the Dominion Government not to apply the provisions of the Daylight Saving Bill during the summer of 1919, it being considered a loss, inconvenience and annoyance to the farming community during the past season. Copies of the memorial were ordered to be sent to the other County Clerks of the Province.

The report was referred to the committee of the whole. The committee rose and recommended the adoption of the report without amendment, after a division on the clause re Daylight Saving.

Messrs. Mulhollond and Robinson moved that the report be adopted in Council without amendment.

It was moved as an amendment by Mr. Stiles, seconded by Dr. Munro, that the report be not adopted, but that it be amended by striking out clause 2 and, as so amended, be adopted in Council.

The amendment was first put and was declared to be defeated, and the main motiou carried and the report accordingly adopted in Council on the following division:—

Yeas—Messrs. Cameron, Casselman, Cooper, Farlinger, D. W. Fraser, Merkley, Munro, McDonald, McIntyre, McNaughton, Nicholson, Robertson and Stiles—13.

Nays—Messrs. Copeland, Davy, Dunbar, F. Fraser, Fulton, Kennedy, Kinloch, Moss, Mulholand, McKercher, D. D. McLeod, R. A. McLeod, McMillan, Meikle, McMartin, Robinson, Sangster, and VanAllen—18.

The Council then adjourned until 10 a. m. on Friday.

Friday Morning

Nearly all day Friday was taken up by the Road Committee in discussing business connected with that department, and it was after 4 o'clock before the committee had its recommendations ready for presentation. The Finance Committee then held a short sitting, and, as it was nearly 5 p. m., and the Clerk had much work to prepare before the Council could convene to deal with it, there was no regular afternoon session. It was announced by the Warden that the Council would meet at 7 p. m.

Friday Evening

The report of the Finance Committee was presented by the chairman Mr. A. H. Robertson. The committee reported that they had passed general Counties' accounts amounting to $2,235.22; House of Refuge accounts amounting to $5,845,55; accounts re County Road System of $138.-772.90.

The committee recommended that free pedlars' licenses be granted the following:—W. O. Markell, Northfield Station; James Roderick, Cornwall; James Evaus, Dominionville.

The committee referred in complimentary terms to the work of both the Navy League and Merchant Marine, and the Salvation Army, and recognized the justice of the claims of both orgauizations but felt that they had no authority to make grants which, of necessity, cannot be paid out of the year's revenue, as no provision was made therefor. The committee recommended that $12,500 be raised upon note, payable one year hence under authority 5 Geo. V. Chapter 37, Sec 2, and paid to the Salvation Army, this step being taken to forestall a drive or campaign of the collection from the public, arranged to take place before the January session; that a by-law be introduced and passed to make provision for the payment of principal and interest a year from date of note, and providing for the approval of the Lieutenant-Govenor in Council to the by-law, if necessary.

The Committee recommended no action on application of tumkey for an increase in salary.

The report was referred to the whole on motion of Messrs. Merkley aud Cooper.

To refund money to counties collected from automobile licenses, to be expended on the main roads of the counties.

The committee recomended that repair work of a high class be performed upon the entire mileage of the road system during next year and that 20 road drags be distributed to assist in this work.

The passing of the necessary by-laws was then carried out

This concluded the business of the session. Mr. Kennedy asked the Warden to kindly vacate the chair, which was taken by Mr. Nicholson.

Mr. Kennedy then moved a hearty vote of thanks to Mr. Fisher for so ably conducting the business of the Council during the year. The motion was seconded by Mr. Kinloch and carried by a hearty clapping of hands.

Mr. Fisher thanked the members for the confidence as expressed by their vote of thanks He had done his best to further the interests of the counties and would always remember his old associates. The Clerk and Treasurer had been of wonderful assistance to him in the performance of his duties, and but for them he felt he could not have got along. He did not expect to return next year, and he hoped the good work accomplished along the line of good roads would be continued and that the members would always talk good roads. He wished the members a safe journey home and expressed the hope that all would return next year.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constant failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

Another Battle Won for Dairymen

FOR months we have been experimenting—investigating—testing—fighting, to find a way to make the Empire Milking Machine, already the unquestioned leader, still more efficient for the dairy farmer.

THE BATTLE IS WON.

We have given the milking machine a new heart—the pulsator is the heart of the milking machine—and the result of our experiment, the new Empire Super-Simple Pulsator, is the most wonderful development since the invention of the Empire—the competent milking machine.

To be successful a milking machine *must* have a perfectly acting pulsator to cause the alternating action of suction and massage on the teats (to imitate the calf's "suck and squeeze") to occur with absolute regularity; and to make the change from suction to massage and back again instantaneous.

The Empire Super-Simple Pulsator, the pulsator without a piston, does that and more. It really is *Super-Simple*—so simple that it can be taken apart and put together again in less than two minutes. *It has but five moving parts; nothing to wear out or "get out of gear." It cannot lose vacuum, so its action is perfect.*

It places the Empire Milking Machine immeasurably in advance of all competition. Your cows should be milked by an Empire Milking Machine with the new Super-Simple Pulsator. It will milk them more rapidly than ever—it will solve your labor problem—it will increase milk production at a decreased cost; it will transform milking from drudgery into a pleasant chore.

Our factory is overtaxed by the increased demand for Empire Milking Machines, so go to your dealer at once, see the new Super-Simple Pulsator and tell him to order your Empire outfit without delay; or write for Catalog.

Next Wednesday being Christmas day, we earnestly ask our correspondents to have their news letters reach us on Monday or not later than Tuesday morning at the latest, to enable us to publish on Thursday as usual. Others having items of news, visitors or visiting, will confer a great favor on The Record giving them to us as early as possible.

The Record had a card from Frank McCloskey this week from St. Petersburg, Florida, which he says is the most beautiful place he ever set foot in. The weather is fine, but as for that, we certainly have had some right here at home since the middle of last week that would be hard to improve upon for this time of year in this latitude and we don't need to begrudge Frank the brand they havn down South. The only thing ne needed to complete his happiness was The Record and that is following him.

Morrisburg Leader—We learned with much regret of the somewhat severe accident which befell Mr. Arthur Brown last Saturday evening. When coming down a narrow stairway without railing in the barn Mr. Brown stepped off the stairs when about a third of the way down and was precipitated to the floor landing on his back which caused several bad bruises, but fortunately no internal injury was done. Mr. Brown has since been confined to the house, but we learn that he is recovering nicely, and will be around again in a few days.
