Average Man's Education Stressed At Rotary

"Troops must have food for the mind as well as the body, to make good soldiers, and the Army command finally recognized that fact," said Wm. Rome of Morewood High School at the regular meeting of the Rotary Club, Monday night. Mr. Rome was telling of his experiences in the Army in the role of NCO educator for the men at the front lines.

President Leon Marcellus welcomed a visiting Rotarian, Bill Roberts of Ottawa, as a guest, along with Royal Baker and Captain Patterson of Kemptville. It was announced that the president-elect will be L. H. Doering, with F. M. Cass as vice-president for the coming year.

Introduced by Wm. McCloskey, Mr. Rome began his talk with an outline of the general values of an education to the average person. He pointed out that education enables a person to become more readily adjusted to his environment, make a better living at a specialized vocation, and train the mind to search for higher truths.

In the army it was found that leisure time could be used to good advantage by those who had the desire, if a system of education was evolved that fitted into army requirements. By 1942, in England, a system was worked out whereby correspondence courses were available to the men interested.

In 1943 Mr. Rome was transferred to the Italian front and here began a new phase of his work that brought the school books into the range of enemy action. Working under difficulties, the team of teachers found that their courses of instruction were just as well received by soldiers fresh from the fighting zone as they were in the comparative quiet of England. The desire for an increased knowledge was universal, no matter what the conditions.

In concluding his address, Mr. Rome stressed the need for an organized education effort among the civilian population here at home. "The results might be surprising," he said.

Grantley Women's Association Entertained At Parsonage

Following a custom of the past few years the ladies of the Grantley Women's Association were entertained at the parsonage, Finch, last Thursday afternoon for their May meeting.

The president, Mrs. M. O. Robinson was in the chair and the program was arranged by Miss Bessie Shaver and Mrs. Jas. Hesson.

The Book of Ruth being the Bible study for this month, the discussion was in charge of Mrs. Kittle, Miss Bessie Shaver and Mrs. Beach.

The secretary, Mrs. Wilburn Robinson, read letters of thanks from Mrs. Donald Carr, Mrs. S. B. Casselman and Mr. Shaver for cards and gifts received while in hospital.

The sum of $52.50 was realized from the concert on May 8th at the church.

Plans were begun for the 25th anniversary of the W. A. late in June. Several members of the first meeting were present. Among them, as a guest, was Mrs. John Shaver, the first president.

Readings were given by Miss Feader, Miss Doris Kittle, Mrs. Donald Gordon, Mrs. Walter Carr and Mrs. Wilburn Robinson.

A contest was won jointly by Mrs. James McMillan and Mrs. M. O. Robinson and the prize, a pound of shortening was shared by the winners. Lunch was served and Mrs. Beach was tendered a vote of thanks by Mrs. Kittle and Mrs. Claude Carr.

Late Mrs. Walter Rae Pioneer of Nation Valley

On Saturday morning, May 3rd, 1947, there passed to the great beyond one of the most highly-respected and oldest residents of this community, the former Cornelia Elizabeth Merkley, widow of the late Walter D. Rae.

The late Mrs. Rae had been in failing health for the past few months, but was confined to her bed for only a week, having suffered a stroke on April 26th.

The deceased was a beloved mother, a good neighbour and a friend to all. During her active years she was always found where she could be of assistance in sickness or trouble.

She was born on August 30, 1862, a daughter of the late Mr. and Mrs. Adam Merkley and was in her 85th year. She had lived her entire life in this district.

The late Mrs. Rae was a faithful member of St. Paul's Presbyterian Church, Winchester. She was a life member of the Women's Missionary Society and also a member of the Ladies Aid.

She was married on January 21, 1885 to Walter David Rae, who predeceased her in December, 1940. She leaves to mourn her loss, four daughters, Mrs. Malcolm F. Smith, Chesterville; Pauline of Brockville, and Mabel and Gertrude at home; five sons, D'Alton of Vancouver; Douglas of Ottawa; Walter P. of Smiths Falls, Donald and David at home. She leaves also two sisters, Mrs. Bertha Carruthers of Waddington, N.Y., and Mrs. John Miller of Morrisburg.

There are eight grandchildren and one great grandchild. Besides her immediate family her loss will be keenly felt by a host of relatives and friends. The funeral was held on Monday, May 5th, from the family residence and was conducted by her pastor, Rev. Wallace MacKinnon of St. Paul's Church, Winchester, who used as his text Heb. 13:14 "For here have we no continuing city, but we seek one to come". In referring to the life of the late Mrs. Rae, he spoke as follows: "In his wisdom and love God has made life exciting and interesting for us; yet he has left life incomplete in his earthly limitations. He has put in us a desire for a fuller and richer experience of life which is satisfied only when we have fellowship with God himself. Amid the joys of a happy home, Mrs. Rae reached out for this satisfying experience and obtained it. The saints of God have here no continuing city but they seek one to come and Death opens for them the gate of the eternal city of God."

A duet, "Beyond the Sunset", was rendered by Mrs. R. J. Empey and Mrs. Colin Hay with Miss Clara Irving presiding at the piano.

The pallbearers were, Messrs. Edgar Summers, Bruce Rae, Kenneth Merkley and Robert Allison.

Testifying to the high esteem in which the late Mrs. Rae was held were floral tributes from the following:

The Family, Mr. and Mrs. D'Alton Rae, St. Paul's Missionary Society and Ladies Aid of Winchester, Frost and Wood No. 2 Plant, Smiths Falls; Customs Check Branch, Dept. of National Revenue, Ottawa; Highland Park Ladies Club, Mr. and Mrs. Wm. T. Rae and Family, Helen and Chas. B. Jamieson; Allan and Judith Rae, Highland Park; Judson and Janet Rae, Smiths Falls; Mr. and Mrs. John Miller, Bessie L. Merkley, RN, Ottawa; Mrs. Geo. A. Merkley and Mr. and Mrs. Ken Merkley and family, Mr. and Mrs. Harold Nottell, Mr. and Mrs. Graham R. Smith and Barbara, Mrs. Bertha Carruthers and sons, Waddington, N.Y.; Mr. and Mrs. Donald F. Hanson and family, Waddington, N.Y.

Interment was made in the family plot at Maple Ridge cemetery.

Elected Fourth Term Crysler Women's Institute

The Annual Meeting of the Crysler Women's Institute was held May 6th, at the home of Mrs. George Johnstone. The meeting opened with the Ode. There were 14 members present and eleven visitors, five of the visitors becoming new members. The secretary gave her report with a balance on hand of $58.52. The auditors gave their report and a very interesting report was received from the district director. A letter of thanks from the Stormont Ward of St. Lawrence Sanitorium was read, in appreciation of treats sent them. A solo was given by Mrs. Smirle, a recitation by Margery Johnstone and musical selections by Mrs. Smirle. Contests were very much enjoyed, prizes being won by Mrs. Miles Johnstone, Mrs. Andrew Ouderkirk, Mrs. Clem Rushford and Mrs. Elwood Ouderkirk.

The election of officers was as follows: President, Mrs. Miles Johnstone (for 4th term); Secretary, Mrs. Wm. Servage; 1st Vice, Mrs. John Fleming; 2nd Vice, Mrs. Jake Smirle; District Director, Mrs. S. L. Begg; Press Reporter, Mrs. Geo. Johnstone; Pianist, Mrs. Wm. Ouderkirk; Flower and Sick Committee: Mrs. T. Armstrong; Directors: Mrs. Andrew Ouderkirk, Mrs. Isobel Young, Mrs. Wm. Boyce; Auditors, Miss Phyllis Brydges, Mrs. Jack Armstrong.

The meeting closed with the National Anthem. A very dainty lunch was served by the hostess, assisted by Mrs. Carl Robertson, Mrs. Clem Rushford, Leanna Carruthers, Betty and Irene Johnstone.

The table was centred with a lovely birthday cake with 7 candles and trimmed in blue and gold, the Institute colors. A vote of thanks was given Mrs. Johnstone for the use of her home. The next meeting will be held at the home of Mrs. Miles Johnstone.

UNDERGOES OPERATION

Mrs. George Raistrick (nee Patty McNaughton), of Winchester, underwent a thyrical operation at the Ottawa Civic Hospital May 12th. She is reported as doing nicely.

Fish and Game Association Formed Locally

Last Monday evening an enthusiastic group of sportsmen met in the auditorium of the Community Hall to form a Fish and Game Association.

In outlining the objects of a Fish and Game organization, Royal Baker, Fish and Wild Life Inspector for the Rideau District showed how, only through organized effort, could much be accomplished. He stressed the need for more and better conservation of game fish and wild life, and pointed out that lack of natural habitat takes a greater toll of our game life than unlicensed hunting and fishing.

Under the acting chairmanship of Gordon "Smitty" Smith, past president of the Morrisburg Fish and Game club, a nominating committee was appointed who chose an executive of ten men. Under the direction of Inspector John A. P. Stewart, Wild Life Overseer of the Cornwall district, the following officers were chosen to head the Association for the year 1947: President, Harry Hummel; 1st Vice President, Dr. D. McLean, Winchester; 2nd Vice President, Wilfred Hutt, Morewood; 3rd Vice President, Harold Munroe; Secretary-Treasurer, Keith Graham. The Committee chairmen are as follows: Legislation and Resolutions, Wm. Barker: Membership, Harold Windsor; Wild Life and Game, Gordon Lannin; Fish, W. O. Dixon; Finance, George Barkley.

President H. Hummel, in thanking the members for his appointment, asked for the full co-operation of everyone in making the Fish and Game Association a successful venture in Sport and Conservation. Nearly 50 memberships have been handed in to the Secretary-Treasurer with many more expected to come.

Death of Mrs. Agnes Coughlar

There passed away, after a lengthy illness, on Friday, May 2nd, at the home of her son, Albert Coughlar, near Williamsburg, Mrs. Agnes Coughlar, wife of the late William Coughlar, in her 86th year.

Mrs. Coughlar is survived by three sons, Albert of Williamsburg, Peter of Mountain Station, and Orlan of Winchester; three daughters, Mrs. George Droppo of Richmond, Que.; Mrs. Emerson St. Pierre and Mrs. Marvin Robinson of Chesterville. Also surviving are twenty grandchildren and several great grand-children.

The funeral was held on Monday afternoon at the home of her son Albert Coughlar, the services being conducted by Rev. Gerald Fee, minister of Williamsburg United church. Interment was made in Maple Ridge cemetery.

The pallbearers, six grandchildren, were: Orville Coughlar, Chas. Fling, Ernest Fling, Darwin Coughlar, Ray and Lloyd Robinson.

The many beautiful floral tributes testified to the high esteem in which the deceased was held.

CELEBRATES BIRTHDAY

Mr. and Mrs. Milton Shaver and Miss Gladys entertained several friends on Monday evening May 12th, in honour of Mrs. J. D. Bailey's birthday. A very pleasant evening of sing song, cards and visiting was brought to a close when delectable refreshments were served. Several gifts and a beautiful birthday cake brought greetings and compliments to the honoured guest.

ONLY NUTRITIOUS FOODS SHOULD BE SENT TO BRITAIN

In appealing for support for the Ontario British Flood Relief Campaign, Dr. Gordon Bates, General Director of the Health League of Canada, today suggested that all donors make sure their gift clothing is clean and in good repair, and that the food they donate is the nutritious type.

"It is important that we do everything in our power to help the British people in their hour of distress," Dr. Bates said. "It also is important that we render this help in a way which will prove most valuable.

"Might I suggest that only the most nutritious foods be included in our gifts. Evaporated or powdered milk, powdered eggs, packaged cheese, dried and dehydrated fruits, packaged whole grain cereals, canned meats and prepared dinners, canned vegetables, canned fruits and fruit juices, canned vegetable juices and tinned cooking oils should get first choice.

"Then don't forget soap. Cleanliness is a necessity if people are to be healthy.

"As for gift clothing, be sure all articles are real clean and dry. Also make sure all articles are mended."

Dr. Bates said he feels sure the condition of the gift articles will be appreciated almost as much as the articles themselves.

This all-important relief campaign, sponsored by the Ontario Government, is under the direction of Health Minister Russell T. Kelley.

BOTTLE MOUSE TRAP

A devastating plague of mice in the Mallee district of Victoria, Australia, has resuscitated an old idea of a mouse trap, with an Australian angle to it. A piece of cheese for bait is plugged into the mouth of the beer bottle which is fixed horizontally above a kerosene can filled with water. Leading to the trap is a board, up which the mouse climbs and runs along the bottle towards the cheese, but slips on the well-greased neck of the bottle. The mouse falls into the water and is drowned. One farmer, says the Australian News, claims to have caught 2,400 mice in this way within 12 hours.

£20 A WEEK TO KEEP ON SAYING NO

A special staff of seven typists has been set up by the Glasgow firm of Hepburn and Ross, whisky blenders and exporters, to send letters of refusal to people all over the world who write for whisky supplies.

They answer an average of 350 letters a day and the postage bill is over £20 a week.

The prospective customers for the short-supply whisky include statesmen, peers, clergymen and almost all classes of people.

News Of The Week

"Children," said the teacher, "I want you to write an essay in which you tell something about every day in the week."

One bright little fellow wrote: since meat has come back we have it every Monday, Tuesday, Wednesday, Thursday, Friday and Saturday."

And after a moment's further thought, he added: "And Sunday, too!"

Mother's Prayer

The vicar asked if the youngster always said his prayers at night.

"Yes," replied the child, "only mummy sometimes says them for me."

"Oh," exclaimed the vicar, "but that isn't quite the same thing, you know. What does mummy say?"

"She often just says: 'Thank heaven you're in bed at last for another night.'"

"LOVE CANADA FIRST"
By
R. J. Deachman

Is there a national point of view—is it ever presented?

What do I mean by a national point of view? One which considers the economy as a whole.

The general interest is the basis of prosperity. Prosperous individuals cannot be numerous unless the national economy is on a sound basis.

Take the case of oleomargarine, it has been under discussion in the last few weeks. The farmers of Canada have been low tariff advocates as long as we have had farmers and tariffs. Yet, here they are in favor, not only of tariffs on imports but prohibition of production of the product which competes against them.

I was in Iowa, a few years ago, when the discussion on the issue was at its sharpest. A college professor had made an investigation of the subject and published a report suggesting abolition of restrictions. He could see no danger to the dairy industry in this program. The farmers had him fired. A bright young chap with whom I discussed the issue told me that the farmers sold their butter at good prices, bought "oleo" for their own consumption. "They were," he said, "stoutly in favour of protecting the butter industry from Saturday night to Saturday noon. On Saturday afternoon they bought their "oleo" and they wanted it at the lowest possible price."

The farmers, of course, are not an exception to the general rule. Labor has precisely the same code. Labor wants controls on everything but wage rates. Only recently one of the leaders came out with the statement that if prices were going up labor would demand higher wage rates, a warning to farmers and others that labor would seek its own interests, nothing else mattered. Yet common sense should tell them that, in Canada, a prosperous agriculture is the surest basis for full employment of labor.

I am making a guess that 98% of those who do not own houses and so must pay rent want the retention of rent control. Why? It means lower rents. They are not in the slightest interested in the landlord, to them he is Shylock, the villain in the piece. How are we going to have more houses if prices of all other products rise while rents are held down? Has anybody asked that question? If so, I have not heard the answer. Some now are suggesting bonused housing. This means that they would rather pay rent to the government in taxes than to the home-builder in rent. That they must pay, in some form is self evident.

When I was a boy we believed that the ostrich when pursued, stuck its head in the sand believing that because it could not see it could not be seen. We know better now, man is the only animal which does that. Of course, like the others, I do not want to pay more rent, but I am quite certain that the continuence of the present system will prove costly and in the end I shall pay dearly for a policy which discriminates against one group while the earnings of others continue to rise.

Writing of housing, isn't it surprising how little we know? How much has the cost of housing risen since 1939? If we had the total we might get a breakdown of the details. Suppose we ask a simple question. Here is a house which could, in 1939, be built for $6000, how much would have to be paid for the building of it today. Strange isn't it how, in those things in which we are so intensely interested, we know so little!

I come back to my question: Is there a national point of view? In making a decision does the average man, or woman consider the effect of his conduct upon the nation as a whole? Would it be better if he did? This is indeed hard to answer. I leave it with you. Still over the years we have made tremendous progress, at least in the material sense—it might be greater if, in considering our own interests, we thought, at times, of the consequences of our actions upon the lives of others.

The Mayor Of The Little Places

Now that the trout season is underway, Andy Clarke's "Neighbourly News" broadcasts are certain to include some weird and wonderful fish stories. And when telling these piscatorial tales Andy will be on a subject dear to his heart, for many of his off-the-air hours are spent with line and reel. He has in fact, become almost as well known for his angling exploits as for his Sunday morning broadcasts at 10.03 when, before a mike in the CBC's Toronto studios, he tells of "homey" happenings of the week before, culled from more than 200 Ontario and Quebec weekly newspapers.

(Andy's current interest centres on perch and trout in Ontario's lakes and streams but in his time, he says, he has fished "almost everywhere it's legal" and has "hauled in just about everything with fins on it."

The now-famous 'Neighborly News' commentator, Andrew David Clarke, born 1882 at Grimsby, Ont., was a newspaperman before becoming a broadcaster. As a youngster, he began on the old Toronto World from which he went to the Toronto Mail and Empire, the London (Ont.) Advertiser and the Toronto Globe. It was in 1926, from the Globe's newsroom, that he made his first broadcast, thus becoming one of Canada's pioneer newscasters. He left the Globe in 1935 and when later the CBC asked him to do a radio program similar in its homey format to "The South-East Corner," a newspaper feature he once handled, it was the beginning of his popular "Neighborly News".

How popular this weekly report has become is indicated by the thousands of enthusiastic "fan" letters sent to Andy since his program began in 1940. But more than that. His friends even "get into print" on his account, as witness the following which appeared recently in the Globe and Mail (Toronto), by George A. Wright.

To Andy Clarke—Far from the city's careless rush, the jostling crowds with unknown faces, far away to the evening hush and the friendly folk of the little places—folks who dwell near mother earth in quiet ways, with time to live and compensate their neighbors' worth in giving all as others give. Each Sabbath morn ere church bells ring a visitor their circle graces; his bulky batch of news to bring of those who dwell in little places. "Good morning, friends;" 'tis Andy's voice, and all the land his news embraces with silent tribute to their choice, "THE MAYOR OF THE LITTLE PLACES."

Out Of The Mouths Of Babes

A small boy was reciting in geography class. The teacher was trying to teach him the points of the compass, and explained: "On your right is the south, your left the north, and in front of you is the east. Now what is behind you?"

The boy studied for a moment, then puckered up his face and bawled:

"I knew it. I told ma you'd see that patch on the seat of my pants."

HANDS AT WORK...

LEARNING TO PRINT

ONTARIO'S **future prosperity depends directly on a sufficient volume of production to satisfy domestic needs and assure for Canada a pre-eminent place in the markets of the world. Every individual product of Ontario's manufacturing plants requires the services of printing at some or many stages of its development . . . order forms . . . production forms . . . invoices . . . shipping bills . . . advertising . . . publishing. The whole printing industry is faced with unprecedented demands . . . and to meet those demands skilled hands are needed. For them great opportunities lie ahead. Higher wages, job security, better working conditions are within easier reach of those who have mastered a skilled occupation.**

Today, through the plan sponsored by the Department of Veterans' Affairs and other agencies, thousands of young workers are being trained to meet the printing and other industrial needs of this Province. Graduates of these rehabilitation courses are now ready to take their places in Ontario's industry. Available to you are veterans, well started on the road to skilled printing trades such as hand composition, linotype and monotype operation, bookbinding, lithography and pressework. Seek them out with confidence. They are your future craftsmen.

PRINTING

The Graphic Arts courses give students a thorough grounding in many aspects of the printing trade. Practical instruction of an individual nature is offered in the course, available at Toronto only, together with education in related work. Previous experience is naturally an asset.

Vocational training courses in the arts, professions and trades are offered at training centres located in the following cities and towns in Ontario: **Toronto, Hamilton, Kitchener, Windsor, Ft. William, Brockville, North Bay, Ottawa.**

GARDEN CHATS

By Mrs. Harry Allison

Hello Neighbours:

Spring has come. I told you it would. Honestly this is the first day I've felt any urge to go outdoors and see what had survived the winter's storms and frosts. Everything seems to be fine too. Remember those bulbs the Horticultural Society gave us last Fall? I think every one of mine came up. The crocuses or croci (or however you spell it) are in bloom in spite of the cold, wet weather. The tulips look quite sturdy and all the perennials are up shouting for attention.

I had bad luck with my forsythia. It was new last Spring but died a natural death sometime during the winter. The red currants are leafing out now though and the spirreas and honey suckle are doing fine. I tried to break a bud on the flowering almond this morning to see if it was a leaf or a flower bud. It has never flowered since that ice storm, a few winters ago, broke it down so badly. We pruned it back and it grew well, but I can't understand why it hasn't flowered. Maybe it will this year—I hope so.

The rhubarb is up too. Have you ever tried the Strawberry variety? It is really something special. It doesn't require peeling and when cooked is a delicious pink color. It's a strange thing why the first rhubarb always tastes so good. It seems to be just what we need to pep up drab Spring meals. Some folks say it is good for Spring fever. I'm sure we haven't had enough Spring this year to get Spring fever. Anyway, the rhubarb just hits the right spot. Try it in pies, puddings, drinks or just plain old-fashioned sauce. Better can some for winter—or freeze it.

The asparagus is coming up too. I noticed. It is always a life saver. The turnips and carrots are usually done or spoiled, and the canned vegetables getting scarce when along comes asparagus. It has that fresh taste too, and is good for lagging appetites. Then there are those who like dandelion greens. You can count me out on them. I hate them on the lawn and I carry that same contempt to the dining table. No, thank you. I'll leave the dandelions and the grass for the cows. But if you like them they've already poked their nasty little yellow heads through the ground. So, happy eating.

Really, you haven't time to read this. You should be getting dressed for the Horticultural meeting tonight. Remember the advertisement in last week's Record? Well, hurry down to the Library. The meeting begins at eight. Don't forget your plants for the exchange either.

I've found from experience that it is remarkable what one can see when one is soben. Otherwise, one can expect to see double. Last summer we were driving through a bushy section of Grenville County when I discovered some pyramidal cedars. There were dozens of them. They were about twenty-five feet high and not more than twenty inches in diameter—perfectly shaped. Actually they looked like a picture in a seed catalogue. I felt sure that somewhere in there, there would be small ones and in my imagination I could see them stand majestically at the corners of our house. Well, last week we went for them. Having gained permission to dig all we wanted, we plunged into the bush—long-legged boots and all.

Well, I had seen double. We located two of these pyramidal cedars, about twenty feet high, and no little ones. We thought as long as we were there we'd get trees, so we brought six and hope they will grow.

Say. I've got to scram.

Sincerely,

TO STEM THE TIDE
M. B. W.

"For God so loved the world that He
gave His only begotten Son, that
whosoever believeth in Him
should not perish, but have ever-
lasting life."
And still another promise rich and
rare
He set in yonder east, in rainbow
there;
That earth no more would He destroy
by flood,
But after warning of fire and earth-
quake, war and storm,
He looks down and seeing man still
sunk
In greed and drunkenness, sin and
strife,
He sends the balmy breeze to melt
the winter snows,
And once more lets loose the watery
tide,
But only for a time;
For God is good; And He still cares;
And so to prove His promise true
Sent the wintry blast and snow to
stem the tide,
To ease the suffering man must un-
dergo,
Shall we this warning heed?
Or must He still a louder, more des-
tructive blast employ?
And the earth to its remotest ends
destroy.

MORE TELEPHONES and fewer people on each line — these are the major objectives of our big rural construction programme on which we are spending $3,500,000 this year alone.

Telephone courtesy is catching. Remember, *everybody* benefits when *everybody* practices these simple rules.

FOR BEST RESULTS FROM YOUR TELEPHONE

1. Keep calls brief.
2. Space your calls.
3. Avoid "listening-in."
4. Give right-of-way to emergency calls.

Brockville Prebyterial W.M.S Met In Spencerville

Brockville Presbyterial W. M. S. of the Presbyterian church in Canada held its meeting May 6th, 1947, in Spencerville with Mrs. W. FitzSimons, Presbyterial President of Cardinal, presiding.

The theme of the Presbyterial was "Christian Awake". Scripture reading and hymns were in keeping with the theme.

The morning session was opened with prayer by the president, Mrs. George Montgomery. Pittston Auxiliary conducted the morning devotions. The Lord's Prayer was repeated in unison.

Mrs. Smirle on behalf of the Spencerville congregation graciously welcomed those assembled. Mrs. George Forrester of the Cardinal Auxiliary replied.

Minutes of the executive meeting, held at Prescott, were read by Mrs. R. J. Davidson. Discussions followed on "What are expenses?", "Should there be an expense fund?". It was the unanimous decision that there should be a Presbyterial expense fund. There was a discussion on the church of Christ in China.

Psiam 120 was sung and Mrs. Geo. Killan, Mountain, closed the session with prayer.

The afternoon session opened with Psalm 77 and devotions conducted by Mrs. Holliday, Morrisburg Auxiliary.

The Auxiliary reports created interest and many ideas were exchanged Mrs. FitzSimons introduced the new members on the Presbyterial executive. A cordial invitation was extended by Mrs. W. A. Campbell to hold next May meeting in Brockville.

Mrs. M. W. Heslip, Prescott, introduced the guest speaker, Mrs. Earl Toombs of India. Mrs. Toombs based her address on John 21; v, 15. "Jesus sayeth Simon son of Jonas, loveth thou Me?" He sayeth unto Him, "Yea Lord, Thou knowest that I love Thee." He sayeth unto him, "Feed My Sheep." Mrs. Toombs stirred the hearts of her audience. She told about her work, citing many individual cases and telling of a blind woman, blinded by a rare disease, and compared her to millions of people of India spiritually blind because they have not the Light, the gospel of Jesus Christ. Mrs. Toombs stressed how prayers were being answered in India and how many natives were becoming Christians and prove to be a great influence among their own people. The speaker reminded us that Jesus had said, "other sheep have I not of this fold" and what a pleasure and joy it was to tell these people how precious they are to Jesus and that he died for them. This missionary so impressed her listeners, that all felt the best we had to give would still be little compared to what we have received in having the saving knowledge of Jesus.

After Roll Call a very fine service of Remembrance was conducted by Miss Helen Jamieson, Chesterville. This service opened with a candlelight service. The candles were lighted by Presbyterial President and the four sectional presidents, while Mrs. Jarrel played organ music softly. Mrs. Drummond favoured the gathering with vocal solo, accompanied by Mrs. Jarrel.

Among the correspondence was one regarding the Synodical Board meeting to be held in October in Brockville.

The Departmental Reports were received and hymn 552 was sung. Prayer by Mrs. Riddell closed the afternoon session.

The evening meeting opened with special music followed by devotions by Kemptville Y. W. A. and special music by five girls, "I came to the Garden alone". Greetings from Presbytery by Rev. H. P. Maitland, moderator.

Mrs. Toombs again addressed the gathering stressing the need for their service in India to bring the story of true Christian life. Music by Spencerville group, "Awake Ye Sleepers", was enjoyed.

Rev. M. W. Heslip introduced Rev. Donald Wade, M.A., Ph.D., of Verdun, Que. He gave a very challenging message to become more devoted to our christian way of life before the opposition overpower us. This good day closed by singing hymn 555 and prayer by Rev. Wm. FitzSimons.

THE JACKAL
By Bailey Millard

The jackal, hiding on the hill,
Watches the lion at his kill,
And when the royal, roaring beast
Is sated and has left the feast,
Behold his furtive satellite
Comes down with gustful appetite
To eat the entrails, gnaw the bones,
Snarling the while in ghoulish tones.

And so a chieftain, crafty, full
Of base designs,, now thinks to cull
Some of the remnants his high lord
May soon be dropping from his board
The hungry jackal joins the fray
When, after many a bloody day,
His master close has pressed his foes
Wading in blood and human woes,
Hyena-like, the vassal slinks
To join his lord. He seems methinks
A lost soul, lost beyond recall—
Ignoblest Roman of them all.

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! One of the most popular salads in men's clubs is asparagus vinaigrette—chefs tell us. They say that this is simply chilled freshly-cooked asparagas stalks served on crisp lettuce with vinegar and oil sauce. A chef, renowned for his sauces, was kind enough to supply the following recipe and pointed out that a small quantity of tarragon vinegar makes a difference. It is also good with hot asparagas.

SAUCE VINAIGRETTE

1tsp salt, ¼ tsp paprika, 1 tbsp. tarragon vinegar, 2 tbsps. cider vinegar, 6 tbsps. olive or salad oil, 1 tbsp. chopped green pepper, 1 tbsp. chopped cucumber pickle, 1 tbsp. chopped parsley, 1 tsp. chopped green onion. Combine ingredients in order given. A little chopped celery or pimento may be added if desired.

To enjoy asparagus to the utmost you should eat it as fresh as possible. Snap off the woody ends as the stalks break above the tough part. Take off lower scales on stems and clean thoroughly.

When cooking asparagus it is a good idea to remember that the stalks take longer to cook than the tips. Use sealer rings in the bottom of saucepan to prop heads out of water. Only an inch of water is necessay, cover and cook for 10 or 15 mins. depending upon the amount prepared.

Someone asked us the other day if asparagas liquor like spinach liquor should be thrown out. We say yes because it is too strong to use except with asparagas.

DRAWN BUTTER SAUCE

3 tbsps. butter, 3 tbsps.flour, ¾ cup hot water, ¾ cup asparagas water, ½ tsp. salt, 1 tsp. lemon juice.

Melt butter, add flour with seasonings. Pour in the liquids and boil 5 mins. Add lemon juice and serve at once over asparagas.

TAKE A TIP

1. A plain or stencilled cork place mat makes an excellent kitchen bulletin board for thumb-tacking recipes, menus or reminders.
2. To keep shirt cuffs from dragging on the floor when ironing, fold back each sleeve and fasten it with a snap clothespin.
3. Wax old brass curtain rods to prevent a discoloration on the curtains.
4. If you cannot put a screw in the end of the brush or dish mop handle, insert a ring near the handle in the brush. Chicken-leg markers are flexible rings obtainable at most feed stores. They are colorful too.

THE QUESTION BOX

Miss H. T. asks: Why do some eggs have a dark ring around the yolk when cooked-in-shell?

Answer: When eggs cooked-in-shell are not cooled quickly, this unappealing tarnish usually forms. The dark ring is not harmful.

Mrs. E. J. asks: Is it harmful to cook asparagus in aluminum ware? Can the stain it causes be removed from the pan?

Answer: No. The stain is easily removed by boiling a few pieces of rhubarb in it.

Mrs. T. M. asks: How to keep watercress?

Answer: Leave a few of the roots on and keep them in waten. Change the water once or twice a day. Do not cover.

Mrs. J. R. asks: How to toast nuts without burning them?

Answer: Blanche in hot water; drain, and put in a slightly greased pie plate. Warm in a moderate oven at 300 degs. for about 15 mins. Stir occasionally.

Village Constable Resigns Post

At a special meeting of the town council, last night, the resignation of Chief Constable Garnet McLean, was regretfully accepted. Constable McLean was commended on the excellent work that he has done for the community in the years that he has held the position and recognition was made of his unstinted efforts.

Discussing a successor for the position of Chief Constable, council recommended that a survey be made with the object of combining other municipal positions with that of constable, in order to make the office a full-time occupation.

$2,500 was provided in by-law to be spent on road construction and mainteance for 1947. The Parking by-law was revised and will be submitted to the Department of Highways for approval.

PIKE SEASON OPENS IN ONTARIO TODAY

Fishing enthusiasts who have been patiently awaiting the opening of the pike and pickerel seasons will have to wait no longer. Wayne Robinson, Fish and Wildlife Overseer, Ottawa, said the opening date had been set for today.
