HENRY'S Shorthand School Ottawa, Ont.

No School in Canada offers a better training, or ensures a more successful future. Henry's leads all others, and ranks among employers as "THE SCHOOL OF HIGHER EFFICIENCY"—a fact borne out by more than 600 pupils who have, since January, 1913, left other Ottawa schools to come to it.

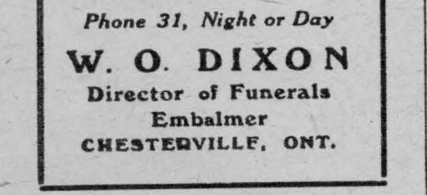

Therefore, it is not surprising that business men, in advertising for stenographers, should specially say, "Graduates of Henry's School preferred."

For particulars about our course, apply to:

D. F. HENRY, Director.

Dr. Margaret O'Hara Addresses St. Andrew's W.M.S.

The community was honoured on Sunday last in having in their midst Dr. Margaret O'Hara who spoke at the evening service in St. Andrew's Presbyterian church on the occasion of the annual Thankoffering of the W. M. S. Dr. O'Hara was one of the first women medical missionaries to go to India where she arrived in December, 1891 . First in Indore and then in Dhar, she gave thirty-six years of unwearied labour for the men, women and children of India. Teaching, and rescuing and caring for orphans supplemented her medical work. The orphanage was a distinguished feature of her service and her work in this realm won recognition from King Edward who bestowed upon her in 1904 the Kaiser-i-Hind medal. Her medical ability was singularly recognized when the aged Maharajah was dying and she was called to the palace in consultation.

But none of this does one hear from Dr. O'Hara's lips. Her message on Sunday evening was a beautifully simple exposition of the nature of her work of the Church in India and an impressive appeal for help by our prayers and for workers for this foreign field where the opportunities for service are so great. When Christ sent forth His disciples, He said, "Heal the sick; cleanse the lepers." When we consider such a field as India and the work of the women medical missionaries such as Dr. O'Hara, we exclaim in the light of this command, "How Christlike the service!"

United Church Ladies' Aid

The annual meeting of Chesterville United church Ladies' Aid was held in the Sunday School Hall yesterday afternoon with a good attendance. This being the last meeing to be held this year, reports were given by the officers and convenors of the several committees. A splendid report was given by the convenor of the flower committee, Mrs. King, reporting flowers sent to 45 sick people of the congregation. The treasurer, Mrs. Cameron, reported about $735 raised during the year.. There were about 250 calls made by the visiting committee, of which Mrs. Davidson is convenor. The corresponding secretary, Miss Harrison, reported 16 letters of condolence. Mrs. Durant, retiring president, thanked all for their loyal support during the year. The election of officers for 1931 was presided over by the pastor, Rev. Mr. Newman, and resulted as follows:

President—Mrs. D. McElheran
1st Vice Pres.—Mrs. M. Durant
2nd Vice Pres.—Mrs. W. O. Dixon
3rd Vice Pres.—Mrs. Tate
Rec. Sec.—Mrs. S. H. Hutt
Treas.—Mrs. Chas. Munro
Cor. Sec.—Miss E Harrison
Press Sec.—Mrs. G. C. Lacey
Parsonage Com.—Mrs. Forward
Membership Com.—Mrs. O. Colquhoun.
Visiting Com.—Mrs. Davidson
Flower Com.—Mrs. F. Smith
Pianists—Mrs. P. Boyd and Mrs. H. Fulton.

Servage---McGee

A very pretty wedding took place at eleven o'clock Saturday morning last at St. John's Episcopal church, Massena, when Miss Ethel Grace McGee, daughter of Mr. Jas. D. McGee, and the late Anna Gertrude Caine McGee, of Cornwall, became the bride of Earl R .Servage, son of Mr. and Mrs. J. T. Servage, of Chesterville, Rev. Louis Van Ess officiating.

Mrs. Thos. Servage, twin sister of the bride, acted as bridesmaid, and Mr. Thos. Servage as best man.

The bride was attired in navy blue georgette with accessories to match. The bridesmaid wore sand georgette with hat to match. The bride carried a bouquet of pink American Beauty roses and maiden hair fern, the bridesmaid carrying white carnations and fern.

The groom is employed by the Aluminum Co. of America.

After the ceremony a wedding dinner was served at the home of Mr. and Mrs. Wm. C. Merkley, after which the young couple motored to various points in Canada, the bride travelling in dark brown crepe with hat, shoes, and stockings to match. On their return they will reside at 163 Main st., Massena, N. Y.

SUNDAY SCHOOL CONCERT

The annual Christmas Concert of Chesterville United Sunday School will be held on Christmas night, December 25th.

SKATING RINK OPEN

There is a good sheet of ice at the skating rink which is now open. Season tickets may be had from E. L. Bronksill, Bank of Nova Scotia, or at the rink. 5

Hockey Boys at Practice

Old Man Winter never catches Chesterville napping when it comes time to take advantage of every bit of frost to form a sheet of ice for hockey practice. Aspirants for this year's team had their first work-out Monday night and have been hard at it every evening since. As usual with the beginning of the season many are desirous of catching a place on one or the other of the teams but when the grind really commences some of the enthusiasm evaporates and the task of selecting players becomes less burdensome.

There will not be many new faces in either Junior or Senior squads here, Oliver and Giroux being the only new comers to the latter, while the Juniors were in a fortunate position last season with their bunch well under the age limit and eligible this season. With the experience of last year's hard-fought campaign behind them, the added weight of the players and the intention to seek higher honours, the Juniors should produce some fine hockey for the spectators at the local arena.

Poultry Prices Disappointing

At Merrickville Turkey Fair last week when buyers were present from Montreal, Ottawa, and Toronto, the prices for poultry sold under the new system of inspection are said to have been quite disappointing. Chickens sold from 13 to 20 cents a pound, turkeys at 23, ducks, 18 to 22, and geese at 15 to 20 cents.

Wins Championship

At the Ottawa Winter Fair this week, Mr. James McAvoy, of this place, won the championship on his standard bred stallion, Pat McGregor, as well as first place in the class for stallions foaled previous to 1928.

Crysler Guild Honours Bride Elect

The ladies of the Guild of St. John's Anglican church, Crysler, were hostesses at a shower last Thursday evening at the home of Mrs. Thos. Fleming in honour of Miss Eva Baker, prior to her marriage the following afternoon.

With about thirty guests assembled, Mrs. H. Armstrong read the following address while Mrs. Thos. Fleming made the presentation of a five-piece Pyrex set:

Dear Eva,-

We, your friends and members of St. John's Guild, have gathered here tihs evening to wish you well on this the eve of your wedding day and to show you in tangible form that we really wish you every happiness, we ask you to accept this gift, hoping that it will in its many uses remind you of your dear friends in Crysler who you are just coming closer to.

Signed on behalf of the members of St. John's Guild and W. A.—Mrs. Henry Armstrong.

Miss Baker thanked her friends in a charming manner for their gift and good wishes, after which refreshments were served.

St. Lawrence Loop Will Have Six Clubs

At a meeting of the St. Lawrence Hockey League held Tuesday night, six clubs were admitted to membership, representing Brockville, Morrisburg, Cardinal, Spencerville, Iroquois and Prescott. Affiliation with the Ottawa and District Hockey Association was formally decided upon and application for admission to that body went forward. A meeting will be held in the near future to draw up the schedule for the season.

"Now," said the college man to his dad at the football game, "You'll see more excitement for two dollars than you ever saw before."

"I don't know," replied the old gent; "that's what my marriage license cost me."

A Colour Scheme

Black bugs in my garden patch,
And speckled bugs and red;
A funny little striped bug
With whiskers on his head;
And green bugs, purple bugs,
And bugs of salmon hue,
And all of them seem happy,
For none of them are blue.

The "Combine Milker"

Farmers in recent years have become well acquainted with the "combine" harvester used extensively in Western Canada for cuttinig and threshing wheat in one operation. Such a machine was required where farming was carried on in a large scale. With the development of dairying and the keeping of very large herds, there has now been developed the "combine milker" to meet the needs of those with exceptionally large herds and engaged in the production of the highest grade of milk. As the name indicates, it does more than milk cows. It automatically weighs the milk and conveys it to a reserve tank or direct to a cooler. All this is done under vacuum, so that the milk does not come in contact with human hands air, or other means of contamination. The milker itself is identical with the standard De Laval machine, but instead of the milk passing into the pail, the milk of each cow passes to a glass receptacle hung from the beam of a clock-type scale. The operator can always, therefore, see when the cow is milked out, can record the weight of the milk, and by turning a cock the milk is conveyed from the glass holder through a sanitary pipe line direct to the dairy room for storage or bottling.

The system, as installed in some of the large dairies in the United States, calls for a special milk room which provides a clean place for the cows to be milked. The cows thus come to a machine, instead of a machine being installed, as at present, right in the dairy stable. One operator can milk from 30 to 40 cows per hour, keeping an accurate record of the production of each. The whole milking system is cleaned by flushing with cold water followed by hot water, and finished with steam, thus keeping it in pratically a sterilized condition at all times. The "combine milker" is a development on to a larger scale to provide an adequate supply of sanitary milk for the large cities.

Crysler

Mr. S. M. Boyce, C.P.R. agent at Cache Bay, Ont., spent the week end in town.

Mrs. M. A. Blair ,of Ottawa, was a caller in town last week.

Miss B. Bancroft, of Newington, was the guest over Sunday of Miss Greta Carruthers.

Mr. and Mrs. Geo. P. Boyce spent Sunday last in Ottawa.

Mrs. E. Kinnard spent a few days the past week with friends at Ormond.

Mr. J. Page spent a few days recently in Casselman and Ottawa.

Mr. and Mrs. J. H. Aube, of Moose Creek, were guests on Sunday of Mr. and Mrs. L. Page in town.

Our Ottawa Letter

OTTAWA, December 3rd.—Announcement of the appointment of Premier Ferguson as Canadian High Commissioner at Lodon caused no surprise. It is known that it was offered to him by Premier Bennett as soon as Major General A. D. McRae, C. B., informed Mr. Bennett that the health of Mrs. McRae would not permit her to undertake the onerous social duties associated with the Commissionership.

Geenral McRae was the organizing genius behind the Winnipeg convention which chose Mr. Bennett leader of the party and later was chief whip and Dominion organizer for the campaign which brought victory to the Bennett standard. His liking, however, was for organization and re-organization rather than for politics and before the campaign closed he announced his withdrawal from politics to take place on polling days.

It is general knowledge that Mr. Bennett offered him his choice of appointments. He would have liked to return to London for a year as High Commissioner, but Mrs. McRae early last spring underwent a very serious operation. Her physicians were opposed to her accepting the strain of Dominion hostess in the capital of the Empire, so General McRae stood aside.

* * * *

The post was then offered to Mr. Ferguson. He, too, had been a loyal ally of Mr. Bennett's and was singularly well qualified to fill the office. Again there were difficulties. Just last year Mr. Ferguson was given the greatest tribute of esteem and confidence by the people of Ontario. There was no reason, other than personal predilection why he should quit as Premier. His followers were most anxious to have him continue in Ontario Public life, for while there were many able men available to succeed him none at present possessed the qualities of leadership which are peculiarly his.

It is probably no exaggeration to say that "Fergy" is the most effective platform speaker in public life in Canada. He has the happy faculty of talking right to his audiences, in terms they can understand about the things they are thinking about. His Scotch ancestry gives him a canniness that is uncanny, while from his Irish mother he inherits a ready and kindly wit that is pleasing to his frends and to neutrals and discomforting to his political opponents.

A couple of years ago Mr. Ferguson said he would quit public life at the age of sixty years. He hoped to spend his life after that in less hectic and toilsome arenas. Few took him seriously. At least, while giving him credit for sincerity they thought the tide of events would carry him along in active politics until the end.

Well, George Howard Ferguson was 60 years of age on June 10th. He is keeping his promise of retirement from party politics, but in so doing he is translating himself to a broader, if less arduous, field.

* * * *

Another shift in Provincial Premierships has, it appears been averted. Two weeks ago it was a practical certainty that Premier Brownlee of Alberta would leave his office to take charge of the Canadian Co-operative Wheat Producers.

The Producers, however, were in such a dilemma financially that they were not entirely free to say who would take charge of the pool. The appointment must meet the approval of the banks which, with the market tobogganing as it was, were holding the pool out of liquidation.

While Mr. Brownlee's capacity as an administrator was not questioned, the banks favoured the appointment of one more thoroughly initiated into the intricacies of grain marketing. It was that attitude which resulted in the announcement that J. I. McFarland, of Calgary, not Mr. Brownlee, would be the man.

Mr. McFarland was, prior to 1926, president of the Alberta Pacific Grain Company, one of the largest grain companies of the West. He is a close personal friend of Premier Bennett's and attended the Imperial conference as advisor on grain matters. It is understood that Mr. Bennett was largely instrumental in getting Mr. McFarland to undertake his new work—work which he will do without remuneration.

His acceptance indicates that the pools need have no fear of being forced into liquidation in the near future. Unless he had secured the assurance of the banks he would never have undertaken the job.

Finch

Wedding Bells are ringing.

Mrs. H. A. McMillan is spending a few days in Massena, N. Y.

Mr. and Mrs. Lorne Merkley, Prescott, spent the week end at the former's home here.

Mr. and Mrs. Findlay Dingwall and Mr. and Mrs. H. E. Bush spent the week end in Massena, N. Y.

Mrs. John Zeran spent a few days in Cornwall.

The Young People's Society, of Chalmer's United church, will present the play "No Account David" at Osnabruck Centre on Tuesday, Dec. 9.

Miss Lida Wereley spent last week in Massena. N. Y.

Messrs. H. and G. Zeran were recent guests of Mr. and Mrs. J. Zeran.

Chesterville, Ont.

Straders Hill

Mr. and Mrs. G. Strader spent a few days with friends at Brockville recently.

Visitors of Mr. and Mrs. B. Hanson were Mr. and Mrs. I. McIntosh and family, Mr. and Mrs. W. Casselman, Mr. and Mrs. B. Merkley, Mr. and Mrs. R. Merkley and Miss Ida, all of Williamsburg.

Mrs. W. Strader spent Wednesday with friends at Toyes Hill.

Mr. and Mrs. R. Hanson and Mr. and Mrs. H. Hanson, accompanied by Mr. and Mrs. A. Casselman, of Winchester, are spending this week attending the Ottawa Winter Fair.

Mr. and Mrs. Arthur Beckstead, of Grantley, were guests of Mr. and Mrs. Henry Hanson this week, also Mr. and Mrs. Will Carr and Messrs. Dwaine and Emerson, of Boucks Hill.

ACKNOWLEDGEMENT

Mr. C. W. Casselman, Chesterville.

Dear Sir:—I beg to acknowledge your cheque for $3500.00 in settlement of Insurance claim with the North British and Mercantile Insurance Co., of loss by fire of the barns on lot 6, Con. 7, Finch township.

I appreciate your prompt settlement of same. Yours trruly—W. K. Farlinger.

Norman: "Wonderful night, a beautiful girl—what a combination."

Cora: "Heavens, is that showing, too?"

Berwick

We are glad to report Mr. Wm. Galvin is recovering after his recent illness.

Miss Lizzie Ruddy, R. N., is spending a few days this week at Ottawa.

Miss Della Meilleur, of Cornwall, is spending some time at her parental home here.

Mrs. W. D. Munroe spent Monday at Winchester.

Mrs. Aggett and two children, of Ottawa, are spending the week with her aunt, Mrs. Christena Ouderkirk.

Mrs. Fleming, of Ottawa, visited her sister, Mrs. Christina Ouderkirk, a few days last week.

Mr. and Mrs. Theophile Lapalmme, of Waddington, N. Y., spent a few days this week the guest of their daughter, Mrs. J. Meilleur.

Miss Flossie Thom, of Winchester, visited her aunt and uncle, Mr. and Mrs. Henry Humes, recently.

Mr. Emmett Norton, of Detroit, is spending a few weeks with his grandparents, Mr. and Mrs. Wm. Galvin.

Mr. and Mrs. John McLaughlin, of Canton, and Mrs. Mae Dupuis, of Potsdam, spent over Sunday with Mr. and Mrs. Wm. Galvin.

The cattle testers are working in this vicinity this week.

The newspaper account of the church wedding stated that "it beggared description." It was nothing compared to the condition of the bride's father, says we.

Producers of Milk Against Measure

Protesting against the proposed provincial law which would provide for compulsory pasteurization of all milk sold in Ontario, a delegation representing the Independent Milk and Cream Producers' Association of Ottawa waited on Hon. Thomas L. Kennedy, Ontario Minister of Agriculture, on Monday. The Minister promised a thorough study of the matter.

After Charles Manson, producer of Ramsayville, had told the Minister raw milk, for certain diets, was more beneficial than pasteurized milk, Dr. D. C. McLaren, homeopathist for the city of Ottawa, declared that, after 50 years of medical experience, his opinion was that the pasteurized product is "harmful rather than beneficial."

Col. Kennedy pointed out that his department at present is studying the problems of dairy farmers. Milk distributors in Toronto are reaping six cents per quart, the same amount as that going to the farmers. "A farmer cannot produce milk at a profit at less than $2 per hundredweight." he added, "and I am having an enquiry made into the business of the large dairies to see why they should claim an amount equal to that paid to the producer."

New Plan of Instruction

Institution of a plan of instruction in rural districts in nutrition, millinery and handicrafts was announced at the 29th annual convention of Women's Institutes of Central Ontario in Toronto last week by the superintendent, Geo. A. Putnam. "It is evident," he said, "that many rural home workers cannot attend classes every afternoon from day to day for two weeks or more, so we are planning to give instruction which meets the convenience of either small or large groups. Instructioin will be given for two, three, four days, or a whole week, as well as the present courses. Up-to-date information will be given on nutrition, how to produce and utilize to the best advantage home-grown products, how to remodel the old house to make it convenient, attractive and healthful; how to make one's own dresses and hats and how to make at a minimum expense many articles which add to the attractiveness, beauty and comfort of the home."

Woman and Boy Have Narrow Escape

When a small coal and wood heater exploded Monday afternoon in the home of Mr. and Mrs. E. Morris, Russell street, Smiths Falls, Mrs. Morris and her 11-year-old grandson, Allan, had narrow escapes from possible serious injury.

The explosion occurred a short time after a fire had been built in the stove. Mrs. Morris and her grandson were alone in the house at the time and had only recently returned from a few days' visit in Merrickville. It is thought that pipes in the rear of the stove had frozen during her absence and that steam caused the explosion.

The stove itself was blown to bits and fragments of metal were tossed about, one piece striking a window and knocking down a shade. The walls and floor of the kitchen suffered considerably from the blast and fire threatened, when glowing embers were spread over the floor. Neighbours rushed in, however, and no damage from fire resulted. Both occupants suffered from shock, but have recovered.

News and Information For the Busy Farmer

Furnished by the Ontario Department of Agriculture.

A Word to Junior Farmers.

"Hats off to the past, coats off to the future," was the slogan given to Junior Famerrs by Mr. J. B. Fairbairn, Deputy Minister of Agriculture, in an address at a banquet tendered this organization in Toronto last week. Mr. Fairbairn impressed upon his youthful hearers the fact that money was not everything. "The greatest force in the world today is intelligence," he said, in urging his audience to develop an ideal. "Honesty and straightforwardness are of greater service to agriculture than monetary returns."

Current Crop Report.

Live stock throughout the province is reported to be in generally good condition. In Brant, the absence of rain has created a difficulty as far as watering stock is concerned, but farm work is well completed. Stock appears healthy in Bruce but some classes appear to have gone back somewhat because of the poor grass. In Essex, a complete clean-up of the sugar beet crop is indicated. Fall wheat in Hastings is in good condition and the report states that live stock will go into winter quarters in fine shape. Cattle are moving briskly in Oxford with many head being shipped to Quebec and the United States. Between 30 and 35 carload of cattle have been shipped out of Temiskaming so far and all live stock is reported in first-class condiition. Farmers in Welland are fearing a water famine this winter as a result of the absence of rain. Many wells and streams are already dry.

Fertilizer Tests on Potatoes.

During the past summer the Department of Chemistry, O. A. C., in co-operation with the Boy's training School at Bowmanville, has conducted an extensive test with fertilizers of varying analyses on the potato crop. In the experiments two sets of plots were used. On the first set, the fertilizers were applied at the rate 1000 pounds per acre and on the second set at the rate of 500 pounds. In each set one plot was left without fertilizer for comparison. In these tests and on this soil, a 2–12–6 fertilizer seems to give materially better results than any other. Where fertilizers were applied at 1000 pounds to the acre, the average yield of potatoes was 241.5 bushels against an average where no fertilizer was used of 162.1 bushels. This figured out a net gain of $56.90 for the crop. Where fertilizers were applied at the rate of 500 pounds to the acre, the average yield was 190.6 as compared with 162.1 where no fertilizer was used, and a net gain of $18.34 per acre was recorded. The experiments will be repeated next year.

Junior Judging Contest.

In connection with the 1932 World's Grain Conference a junior grain judging competition will be held according to a recent announcement. Many enquiries have been received by officials of the exhibition from agricultural societies and junior grain clubs throughout Canada, while many similar organizations in various parts of the United States have signified their desire to become acquainted with the rules and regulations. Copies of the prelimiinary announcement may be obtained upon application from the Secretary, World's Grain Exhibition and Conference, Imperial Bank Chambers, Regina, Canada.

Fattening Poultry.

In crate-feeding poultry particular care should be taken to feed a ration which will produce the white fat and the milk-fed quality. The following ration has been tested and found suitable for crate-feeding: Equal parts of middlings, gound oats and barley; equal parts of middlings, ground oats and ground new potatoes; equal parts of middlings, ground oats and mashed potatoes; equal parts of middlings, ground oats and cornmeal; equal parts of shorts, ground oats and ground barley; equal parts of low-grade flour, ground barley and ground oats; equal parts of ground whole wheat, ground whole oats and ground whole barley; equal parts of ground barley, ground buckwheat and bran.

Recommend Cow Rations.

A committee of leading agriculturists was recently appointed to study rations and suggest mixtures of feeds that would be suitable to Ontario conditions. The committee comprised Prof. J. C. Steckley. Ontario Agriciultural College; R. W. Wade, Director, Ontario Live Stock Branch; W J. Bell, Kemptville Agricultural School, and W. R. Reek. Ridgetown Experimental Station. The following ration was suggested for cows in milk and getting clover or alfalfa hay: 1 pound hay per 100 pounds live weight, 2 pounds silage per 100 lbs. live weight, 2 pounds roots per 100 lbs. live weight, and a grain mixture of 200 pounds ground or rolled oats, 200 pounds bran, 100 pounds barley, 50 pounds oil cake, and 50 pounds cotton seed. Another suggested mixture is 200 pounds oats, 100 pounds gluten, and 25 pounds oil cake. The protein content of the first ration is 18 per cent and the second 17½ per cent. Either is to be fed at the rate of one pound of meal for each four pounds of milk. Wheat may be used in place of barley and, if roots are not available, feed three pounds silage. If silage is not available, feed four pounds roots per 100 pounds live weight.

Miniister Announces Programme.

In an address at the opening of the Royal Winter Fair, Hon. Thomas L. Kennedy, Minister of Agriculture, announced a programme of agriciultural expansion and development on a scale never before attempted in the province. The chief points enumerated by the Miinister were:

1. To build up the live stock industry by use of pure stock.
2. To cut down by 10 per cent the annual field crop production in Ontario.
2. To reduce cost of manufacturing field crops into dairy products and meat by more skilful feeding and balanced rations.
4. Extension of agricultural educational training throughout Ontario and co-operation of county councils in spreading information to farmers.
5. Erection of cold storage plants in various parts of the province for storing rpoduce and fruit and creatstoring produce and fruit and creating an ordely market as well as im-

The Minister stated that legislation of a far-reaching nature affecting agriculture would be introduced at the next session of the Legislature and that a committee would shortly be formed to make a survey of Ontario to investigate every phase of agriculture. County councils throughout Ontario will be asked to help the Department in spreading vocational education to the farmers. Formation of rural clubs will be one of the chief objectives. A committee has been engaged for the past six weeks in making a province-wide survey with a view to extension of the three- and one-month instructional courses in rural counties. At present ten counties have their three-months' course. The Department proposes to extend these courses to embrace the whole province eventually.

Health Service

Prepared by the Canadian Medical Association.

THE EAR

The ear-drum lies at the inner end of the canal which leads into the ear from the outside. This structure is a membrane of considerable strength. It acts as a drumhead, picking up the soundwaves and transmitting them to the ossicles, the three small bones which lie behind it in the middle ear.

In addition to acting as a drumhead the ear-drum serves as a barrier to keep out foreign substances. This is one reason why any break in the drum is serious as it exposes the middle ear to infection from without.

In order to hear, it is not absolutely necessary that the drum be intact. The extent to which any tear or hole in the drum may interfere with hearing depends upon the location and the size of the injury.

Behind the ear-drum is the middle ear or tympanic cavity. There are the oisscles, the three small bones forming a series of levers which pass to the internal ear the vibration received by the ear-drum.

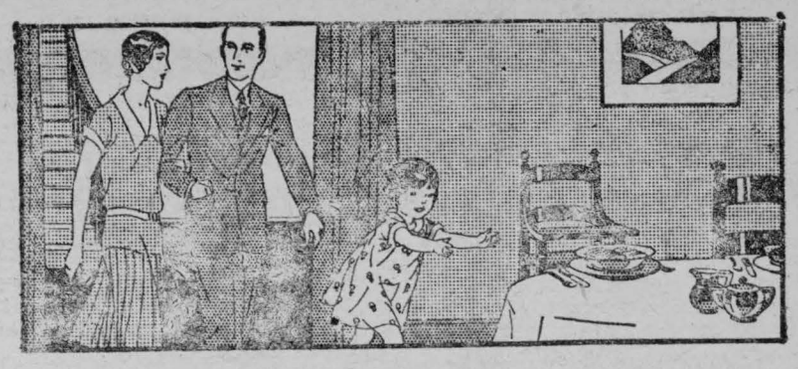

The Eustachian tube, which connects the middle ear with the throat, opens into the middle ear. This tube serves as a passage for air and thus keeps the pressure within the middle ear, or the inside of the drum, the same as the pressure on the outside of the drum. This equality of pressure is important for proper hearing.

If the Eustachian tube becomes blocked through inflammation or other causes, air does not get in and hearing is interfered with. If there is infection of the nose or throat, it may spread to the Eustachian tube, and there is grave danger that if the nose is blown too strenuously some infection will be forced up the tube and will cause disease of the middle ear. The nose should not be blown forcefully at any time, but to do so when the individual is suffering from a cold in the head is to invite trouble of a very serious nature.

The mastoid cells which open into the middle ear have nothing to do with hearing. They are similar to the head sinuses which drain into the nose. They are important because, in so many cases, when there is infection of the middle ear this infection spreads into the hollow cavities of the mastoid, the bony prominence situated behind the ear. When this occurs, we find a condition called mastoiditis, which is serious and requires immediate care.

Prevention of these conditions lies in giving attention to the nose and throat. Trouble in the middle ear usually means infection of the nose or throat. Diseased tonsils and adenoids are often responsible for abnormal ear conditions. Prompt and proper treatment of colds, measles and scarlet fever prevents the complication of middle ear disease. Earache should never be neglected or regarded as merely requiring home remedies; it calls for skillful care if mastoid disease is to be prevented and hearing preserved. Care in blowing the nose, at all times, is fundamental in ear health.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

NO FRIEND LIKE AN OLD FRIEND

For thirty-five years millions have shown preference for Shredded Wheat over all other cereal foods—and it's so easy to understand why. It's the whole wheat in its most digestible form. The crisp, crunchy shreds encourage thorough chewing—and the more you chew it the better you like it. So easy to serve a quick breakfast because it is ready-cooked. Delicious for any meal.

AUTOMOBILE INSURANCE

DRIVE in SAFETY

with an Automobile Insurance Policy to protect you against the hazards of Fire, Theft, Collision, Property Damage and Public Liability.

Every Automobile Owner in Ontario should know about the new Financial Responsibility Law effective since September 1st. The new law makes necessary the abi lity to pay for damage.

In its general application, it requires that the motorist responsible for damage to person or property of others MUST PAY either personally or through insurance OR BE BARRED FROM THE ROAD.

The sensible thing to do is to carry Automobile Liability and Property Damage Insurance. It is better to have this insurance and not need it, than to need it and not have it.

HAIL
LIGHTNING
FIRE
WIND

People who depend upon their crops should not be without some kind of the above insurance.

The loss of crops and barns, sometimes dwellings, is a serious matter to all farmers.

The claims paid through this office, just recently, have been large.

We aim to satisfy our policyholders, and do our utmost on their behalf.

Possibly you believe that you are carrying enough insurance. Think for a moment what a total loss would mean to you. This, as you will admit, is quite possible.

Information regarding various forms of insurance glady given, you are under no obligation whatsoever, just call or write.

Mainly About People

Mr. Ernest McCauley visited his mother, who is ill, at Eddyville yesterday.

Rev. Waddell and Mr. T. A. Scott, of Winchester, were guests of Miss Nellie Tweed last week.

Mr. and Mrs. Burton Beckstead, of Massena, visited their parental homes the past week.

Miss Mabel Robinson spent the week end in Ottawa with Miss Nettie Hill.

Mr. W. L. Carlyle, of High River, Alta., visited his sister, Mrs. W. A. McElroy, and other relatives here the first part of the week.

Mr. and Mrs. M. O. Robinson, Mrs. George Cunningham and Mr. Hugh Robinson motored to Ottawa on Monday.

iMss Kathleen Hornby, of Norwich, is spending some time at her home with her mother who has been laid up with an injured knee for some weeks.

Mr. A. B. McConnell, of Morewood, accompanied by Mr D. Beattie, of Winchester, motored to Riceville on Wednesday of last week to visit the latter's sister, Mrs. Margaret Pickering, and her family.

Mr. Johnny Sorrell, of the Detroit hockey club, wishes the Record to express to his Chesterville friends his appreciation for their wonderful turnout at the game recently in Ottawa, and the honour done him in the presentation of a travelling kit acompanied by the good-luck floral horseshoe.

Orchardside

Miss Hilda Edgerton visited Miss Florence Elliott on Tuesday evening.

Mrs. Ernest Beckstead spent the past week visiting Mrs. John McMillan, Grantley.

Miss Gladys Elliott spent a few days last week with friends at Dunbar.

Miss Vera Merkley spent the week end with friends at Ogdensburg, N.Y.

Mrs. George Cunningham spent Monday in Ottawa.

Mrs. Roy Elliott and daughter, Florence spent Monday evening at Mr. Earl O'Shaughnessy's.

East Winchester

Mrs. S. Anderson and son Robert were visiting her sister, Mrs. C. E. Emerson, of Cameron avenue, recently.

Miss I. McCaulley, of Ottawa, was the week end guest of her home here.

Mr. and Mrs. Bruce Hart and daughter, of Morrisburg, were calling in our burg last week.

Mr. and Mrs. M. Baker and son Arthur spent last Sunday with friends at Morewood.

Miss Ena McMillan, of Winchester Springs, was visiting her sister, Mrs. W. Holmes, of this place, last week.

Hoasic

Mrs. Thomas Black, Mrs. Jas. Gow, and Mrs. Gertrude Alford, Chesterville, visited Mrs. W. H. Swerdfeger one day last week.

Mrs. John McNairn called on Mrs. Durham Wells on Monday.

Married—At the Manse, on Saturday, by the Rev. A. M Russell, Mr. Charlie McNairn, one of our popular young men of this vicinity, and Miss Ella Presley, of Gallingertown. Congratulations.

Miss Hattie Epaugh spent a few days in Cornwall last week.

Mrs. W. H. Swerdfeger spent the week end with friends at Osnabruck Centre.

A number of relatives from here attended the funeral of the late Mrs. Thomas Lane at Williamsburg on Thursday.

The young folks are busy practicing for the entertainment in the church here.

Misses Nellie and Olive Wells have returned home after visiting their sisters, Mrs. Harry Loucks. Rochester, N. Y., and Mrs. Albert Milliner, Kingston.

Mr. and Mrs. A J. Henry, Nudell Bush, were recent guests of Mr. and Mrs. Geo. C. O'Shaughnessy.

MARRIED

Johnston-Baker—At the Presbyterian manse, Finch. by Rev. Dr. Roberts, on Friday, November 28, 1930, Miss Eva Baker, daughter of Mr. and Mrs. Howard Baker, Crysler, and Mr. Miles C. Johnston, son of Mr. and Mrs. C. Johnston, also of Crysler.

IN MEMORIAM

Pelletier—In loving memory of Mrs. L. Pelletier, who passed away Nov. 24th, 1927.

Just a thought of you, dear Sadie,
Just a memory fond and true,
Just a token of affection
While my heart still aches for you.
—Marie Pelletier, Detroit.

IN MEMORIAM

Earle—In loving memory of dear Greta, who died Dec. 8, 1927.

The years may wipe out may things,
But this they wipe out never—
The memory of those happy days
When we were all together.
—Sisters, Adrienne, Minnie, & Emma.

Three years have passed, our hearts still sore,
As time goes on we miss her more,
Her loving smile, her welcome face,
No one on earth can fill her place.
—Father and Mother.

Fire at Winchester Springs

A fire that at one time threatened to destroy a greater portion of the buildings at Winchester Springs, occurred early Monday morning of last week when fire was discovered in a shed in the rear of the home of Mr. Jas. Barrigar. The fire was discovered by Mrs. Merkley, a neighbour, who at once gave the alarm. The flames spread quickly and soon the residence of Mr. Barrigar and adjoining residence occupied by Mrs. Whitteker were in flames and it looked as though all the buildings east and south were likely to fall prey to the flames. But the heroic efforts of the neighbours and those who hastened to the scene in reply to telephone calls confined the fire to the two buildings. Both houses were owned by Mr. B. Barriger. Very little of the contents were saved. Mr. Barrigar's loss will total over $3,000, which is partly covered by insurance.

Archer

Mr. and Mrs. Roy Rupert, of Finch, spent Sunday with Mr. and Mrs. Roy Cunningham.

Mr. Elmer Heagle is spending a while with his aunt, Mrs. Lizzie Dillabough, of Dunbar.

Mr. Delbert Dillabough, of Massena, N. Y., was a business caller here on Thursday.

Mrs. Gertrude Weagant and son Robert and granddaughter Jean Galinger, spent Thursday with Mr. and Mrs. Geo. Weagant.

Mrs. John Wagner, of Gallingertown, spent a few days with her daughter, Mrs. Shaler Heagle.

Mr. and Mrs. Joe Heagle and Miss Belle spent Sunday last with Gallingertown friends.

Mr. and Mrs. Geo. Weagant and daughters Doris. Ruth and Lois spent Tuesday with Mr. and Mrs. Fred Gallinger, of Gallingertown.

Mrs. Bernice Gallinger. Miss Jean and Master Harold were recent guests of her mother, Mrs Gertrude Weagant.

Payne Valley

Mr .and Mrs. Morris Shaver and daughters, Grace and Nelda, of Newington, spent Sunday with Mr. and Mrs. George Eligh.

Mr. Will Ostler, of North Valley, was a business caller in our Valley on Monday.

Mr. and Mrs. Clifford Eligh were visiting the former's home on Sunday.

Mr. and Mrs. George Eligh spent Saturday with friends at Williamsburg.

We were all sorry to hear of the illness of Mrs. Ed. Hanna, Finch, but are pleased to learn her operation was performed successfully.

Mr. and Mrs. George Eligh and Mr. and Mrs. Rupert MacIntyre and son George spent Friday with friends at Cornwall.

Mr. and Mrs. Phil Empey and Mr. and Mrs. Mernie Empey and son Cyril, of Finch, spent Thursday with Mr. and Mrs. George Eligh.

"Now, who remembers the name of the animal we were talking about yesterday?" asked the teacher.

"Please, sir, the warmer."

"The warmer! What nonsense—there's no such animal."

Another little hand shot up.

"Please, sir, he means the otter!"
