## Myles Merkley nears 40 years at Nestlé's

It was a sunny day on June 1st, 1930 when Myles Merkley, then at the vigorous age of 24, joined the Nestle Company as an hourly-paid employee, earning 25c an hour. At that time it was common to work 12 - 14 hours per day, for seven days a week.

Myles went from the Milk Receiving Room to the Creamery, and then on to the Pan Room. He then spent some years in the manufacturing of baby foods, and from there went to Powder Drying Department. Along with Garnet McLean, he was night supervisior of the milk and coffee department for 5 years, and then in 1947 he was made Foreman of the Milk Department, and has remained the supervisor since that time. Myles explained that, during the depression, they received the same pay but worked shorter hours, and vividly remembers his take-home pay of December 1 - 15, 1932, which was $15.65.

At that time Myles was paying $10.00 per month for rent, for a flat on the second floor of the present residence of Doris Hitsman.

In those early days of 1930, the factory consisted of what is presently called the west-end warehouse, plus the stock-room, and the storage area was what is now the new lunchroom and the pudding labelling and packing room.

Myles, who will be retiring in December, 1971, was born on the homestead presently occupied by his brother, Asel Merkley, on the outskirts of Chesterville. On June 26, 1929 he married Rachel Colquhoun. They have three children; Marjorie, who is married and living in Almonte and has two boys and one girl; Una, living in Willowdale, and is mar-

(Continued on Page 10)

*Play ball!-*

## It's that time of year

It's that time of year again, even though the weatherman is not co-operating. Play Ball! will be heard several nights a week as local ball teams vie for honours.

Chesterville has entered a team in the South Grenville Men's League. The other entries come from North Gower, Kemptville, Russell, Stittsville, Osgoode, Leitrim and Metcalfe. Only the top four teams in the league will be in the play-offs.

Chesterville home games will be played on Monday Wednesday or Friday nights. All games go at 8.30 p.m.

Jim Helmer of Winchester, will be the coach. Bob Miltimore and Lloyd Guy will be assistants.

John Cameron of Lunenburg, has been named president of the North Stormont Senior League. Entries in this League are from Long Sault, Newington, Berwick, Avonmore and Ingleside.

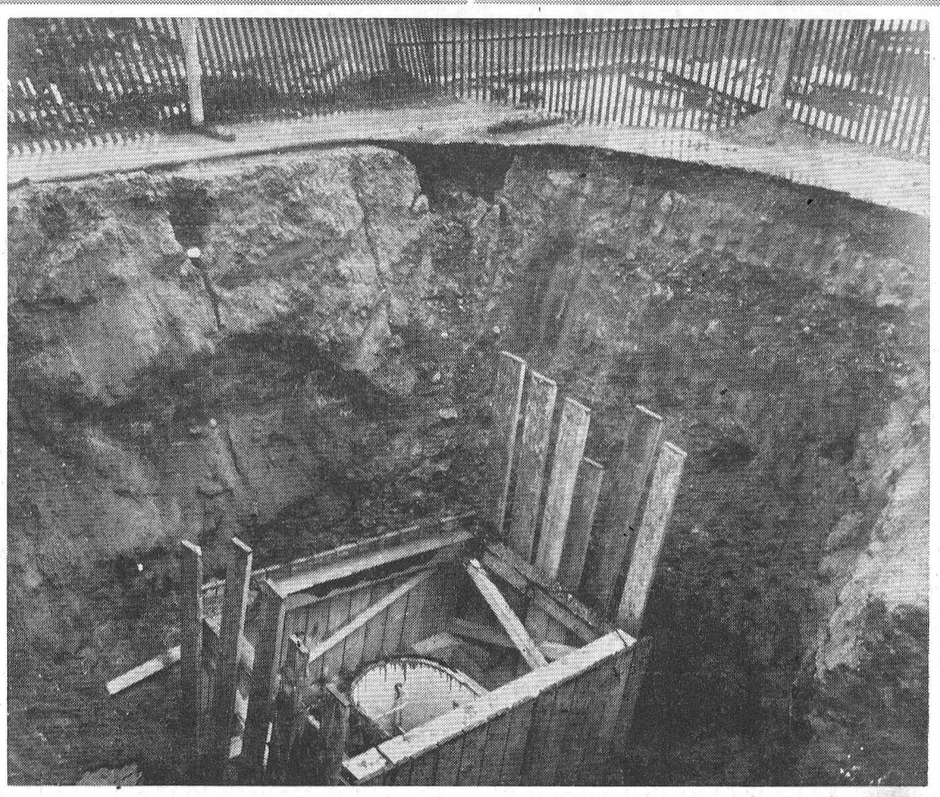
A full report of the organizational meeting and schedule of games appears elsewhere in this issue.

The Chesterville Ladies' team will again provide adequate opposition in the Golden Triangle Ladies League. Other teams in the league are Stittsville, Perth, Kemptville, Metcalfe and C. F. B. Rockcliffe.

The local entry sponsored by Chesterville Legion will be coached by Amos Huneault and manged by Warren Burley of Kemptville.

First game of the current schedule had Chesterville at Stittsville this past Tuesday evening. The first home game will go tonight at the Fair Grounds.

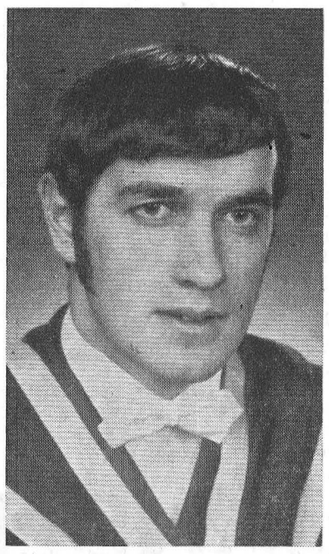
All home games will be played on Tuesday and Thursday nights.



## "Detour, there's a muddy road ahead"

As the picture above shows, the road is not muddy but the hole is plenty deep. Below the Detour sign at the Lannin corner swings traffic up Victoria Street. Suatac workmen inform us the Highway 43 detour will be in for approximately one month. The sewer line and service connections will be completed before the road is re-opened. People living on the detour streets now carrying Highway 43 traffic, have patience. Things sometimes have to be worse, before they are better.—Record Staff Photo.

## Graduates



Terrance T. Smirle

Terrance T. Smirle, son of Mr and Mrs Lloyd Smirle and grandson of Mrs Mary Smirle, R.R. 2, Williamsburg, graduated with honours in Mechanical Engineering from Queen's University, Saturday, May 23, 1970.

Terrance is now employed as an engineer with Bell Canada at Toronto. He attended Dunbar and Chesterville Public Schools and Morrisburg High School.

## Chesterville Community Bowling League holds annual banquet

The Chesterville Community Bowling League held their banquet on Saturday, May 23. President Bob Miltimore welcomed bowling members and guests. The Presbyterian Ladies catered for the banquet held in the Legion hall.

Individual trophy winners were: Gord McLaughlin, men's average 233; Lorne Byers, men's high triple 889; Harold Armstrong, men's high single 343; Marilyn Williams, ladies' high average, 210; Edythe Cameron, ladies' high triple, 725; Ruby Miltimore, ladies' high single, 307.

League winners: Bob Miltimore, D. Hall, M. Williams, E. Ouderkirk, B. Vanden Bosch, R. Servage. Play-off winners — E. Johnston, E. Cameron, L. Masterson, T. Hall, C. Crump, J. Hitchcock.

A new slate of officers was named for the 1970 -71 season and are as follows: president, Ralph Dilliabough; vice-president, Ed Kelly; treasurer, Ruby Miltimore; Stat., Edythe Cameron; Games Committee, D. Hall, S. Vanden Bosch and R. Servage.

Just a spark could make it dark. Only you can prevent forest fires.

Fires burned 1,800,000 acres in Canada during 1969.

**ANNOUNCEMENT**

Mr and Mrs Theodore Van Delst, Chesterville, Ont., are pleased to announce the forthcoming marriage of their daughter, Anne Antonia, to James Joseph Ulicny, son of Mr and Mrs Joseph Ulicny, Windsor, Ont. The wedding will take place on Saturday, June 27, 1970, at 2 p.m. in St. Mary's Church, Chesterville.

37

**CARD OF THANKS**

I wish to extend my sincere thanks to my relatives, friends and neighbours for cards, gifts and treats received while I was a patient in Winchester Memorial Hospital. Special thanks to Drs D. W. and H. W. Justus, nurses and staff on the first floor.

**Marilyn Carruthers.**

## Chesterville to host '70 Cub-O-Ree

This Saturday, May 30, Chesterville Cubs will play host to the 1970 Cub-O-Ree. Some 350 Cubs from throughout the district will attend. Packs will attend from Raymondville, Roebuck, Kemptville, Prescott, Cardinal, Iroquois, Morrisburg, Winchester and Spencerville.

The Cornwall Optimist Pipe Band and Parade Marshall Derek Dickensen will lead the 'Packs' from the Nestle parking lot in the north end of Chesterville, to the Public School grounds on College Street. Representatives of each pack will have set up tents on the school grounds.

On arriving at the school the parade will pass a reviewing stand set up in front of the school. At 10.30 the Grand Howl and welcome will commence. The balance of the morning will include registration and other events with a break for lunch at 12.30.

A full schedule of events has been arranged for the afternoon, with each pack responsible to set up a competitive game. The Cub Packs will be competing for trophies which will be presented in the closing ceremonies.

If the weather is unfit for outdoor activities the new auditorium of Chesterville Public School will be used.

The Chesterville Group Committee, Cub Leaders and Pack extend a cordial invitation to interested people to attend the 1970 Cub-O-Ree in Chesterville this Saturday.

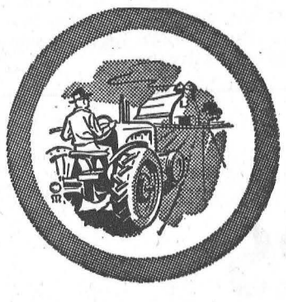
## Mainly About People

Mr and Mrs Grenville Fyke, Chesterville and Mr and Mrs D. Casselman, Williamsburg, returned home last week from a ten-day visit to Florida.

Each new pulp and paper mill in Canada spends from 4 to 5 percent of total capital investment for pollution control.

## Bits and Pieces

### New service to farmers



The Ontario Department of Agriculture and Food, Extension Branch, Winchester, Ontario, will be providing a weekly heat unit and rainfall report relevant to corn growers, which we will carry each week.

The new service is explained in detail on Page 5 in this issue. Below is the first set of statistics. Eric Casselman will be collecting the data for the Chesterville area.

### HEAT UNIT and RAINFALL REPORTS

| | South Mountain | Chesterville | Morrisburg |
|---|---|---|---|
| Rainfall Last Week | .30 | .28 | .48 |
| Accumulation to Date Starting April 1, 1970 | 4.95 | 5.25 | 5.47 |
| Heat Units Last Week | 108 | 112 | 103 |
| Accumulation to Date Starting May 11, 1970 | 190 | 208 | 181 |

### For sport only

No longer is there a ban on sports fishing in certain Ontario waters recently found to be contaminated by Mercury.

All fish caught in these designated areas, should not be eaten but returned to the water, or kept for that "one for the wall" since trophy fishing is not prohibited.

Designated areas pertaining to local fishermen include, the Ottawa River downstream from Ottawa; the St. Lawrence River, Lake St. Francis, downstream from Cornwall.

Offending sources of the contamination have been pinpointed and the discharge has been stemmed to within government requirements.

Some authorities estimate that levels of mercury will drop in fish from 20 to 40 weeks when no longer exposed to the contamination.

### ARDA agreement

The new five-year Federal-Provincial Rural Development Agreement with a potential public investment of 60 million dollars has been signed. Elsewhere in this issue is a complete report of the highlights.

### Water Safety Week

With traffic deaths in Canada increased 2.3% last year compared to 1968, and traffic injuries up 4.1% we would emphasize that May 31 - June 6 is Water Safety Week. Let's practice water safety this week and all summer and not become a Dominion Bureau Statistic.

### Reverend J. J. Collins transferred

It has been announced recently by the Archbishop of Kingston that Reverend J. J. Collins, pastor of St. Mary's, Chesterville, for 13 years, is being transferred to the Parish of the Assumption, Erinsville, Ontario, effective June 4th, 1970. His successor, Reverend J. L. Lamarch, comes from the parish of Railton, near Kingston, where he has been located for the past fourteen years. Father Lamarch was born and raised in Kingston, educated at Regiopolis College, Kingston and St. Augustine's Seminary, Scarborough. He has worked in a number of parishes throughout the Diocese and thus comes to Chesterville with much experience in parochial work and involvement in community affairs.

### Gala evening

The Avonmore Flying Club is sponsoring a semi-formal dance in the auditorium of Roxmore Public School this Friday evening. Music for the occasion will be supplied by "The Gentlemen." A smorgasboard will be an added feature. Tickets are available from members of the Avonmore Club.

### Welcome

A welcome party was held in Nation Valley Memorial Centre for Mr and Mrs Robert LaRose and family last Saturday night.

They were presented with a chair and dresser lamps. A social hour brought a very enjoyable evening to a close.

### Successful canvass

A canvass carried out in Avonmore in support of the Canadian Cancer Society was described as "highly successful" by its organizers. The sum of $184.00 was realized in the campaign.

Mrs E. L. Filion was chairman of the drive. Canvassers were Mrs Angus MacLean, Mrs E. Poapst, Mrs Hubert Delaney, Mrs Alex Armour and Mrs W. M. Campbell.

Mrs Filion at the close of the drive expressed her appreciation to those who contributed to its success.

## Chesterville Fire Dept. hold demonstration

Last Tuesday evening Chesterville Fire Department held a demonstration on extinguishing different types of fires.. The demonstration was performed by Gary Paquette of Levitt-Safety Limited, Cornwall, and was well attended by firemen and the Chesterville Cub Pack.

Paquette displayed the different types of equipment his company manufactures and sells The equipment consisted of multi-purpose dry chemical units for all classes of fires, 2½ to 25 lb. models, both cartridge operated and stored pressure. He also gave a shor t talk to the Cub Pack re the different types of fires and how easily they are started. "Matches and firecrackers are the biggest offender in this age group for causes of fires" stated Paquette.

"Classificiation of fires is important" said Paquette. It determines the way a fire must be put out. Class "A" fires occur in ordinary combustible materals such as wood, cloth and paper. The most commonly used extnguishing agent is water, which cools and quenches. Class "B" fires occur in the vapor-air mixture over the surface of flammable liquids such as greases, gasoline and lubricating oils. A smothering or combustion inhibiting effect is necessary to extinguish these fires. Class "C" 'fires occur in electrical equipment where non-conducting extinguishing agents must be used..

Members of the fire department and Paquette used gasoline soaked tires to set up a demonstration fire. Paquette said, the most commonly-known flammable liquid is gasoline. It has a flash point of about -50 degrees F. The ignition temperature is about 485 degrees F, a comparitively low figure.

Burning gasoline has a temperature above 1500 degrees F, therefore it can heat objects in the fire area above its ignition temperature. To prevent re-ignition after the fire is out, the agent should be applied for sufficient time to allow hot objects in the fire area to cool below the ignition point of the gasoline.

To demonstrate how easily a gasolne fire could be extnguished with the right knowledge and equipment, several members of the fire deaprtment and a cub from the cub pack displayed how this could be accomplished in a few seconds.

Paquette stated, "Knowledge of fires is not enough. Real fire protection means knowledge backed up by dependable fire extinguishing equipment.

Last Tuesday night Chesterville Fire Department held a fire-fighting demonstration. Gary Paquette, Cornwall, exhibited dry chemical extinguishers. From left to right above, seen examining some of the equipment, are Kenneth Burd, Lloyd Fyke, John Hehir, fire chief; Harold Edwards, Gary Paquette, Levitte-Safety Limited, Walter Whittaker, Arie Oosterman, Ross Casselman.—Record Staff Photo.

## In the swim

During 1969, 250 Canadian children under the age of 12 drowned. Lack of parental supervision was too often responsible for these needless deaths. This year's Water Safety Week theme will emphasize that parents are responsible for the safety of their children.

May 31 to June 6 is Red Cross Water Safety Week. Record readers are urged to remind their children —and themselves—that water safety consciousness is essential at the lake, river or village swimming pool.

Water safety involves swimmers, rowers, skin divers, canoeists, yachtsmen, power boat operators and anglers alike. Knowing how to swim is not really enough. This is proved by the fact that every year hundreds of swimmers lose their lives by drowning. One should also know how to exercise care and good sense, and always be fully prepared for emergencies.

The Red Cross Water Safety Service has provided instruction in the field of water safety for 25 years. Its influence has been felt. For one thing, in spite of the big increase in Canada's population and the greater popularity of water sports, the national drowning figures have hardly risen at all over the years. In fact, the 1949 figures are higher than those of 1969.

The Water Safety Service has contributed a lot to this improved state of affairs. Last year, for example, 700,000 Canadians enrolled in its water safety courses.

This year the Service celebrates its silver anniversary by adding two new courses to its pupil training program. This means that it is now able to offer a completely comprehensive service in this field. In addition, it conducts leadership training courses in collaboration with the Royal Life Saving Society.

The efforts of the Water Safety Service apart, one grim fact remains. Statistics show that most drownings continue to result from accidental entry into the water. What happens is this. The victim finds himself gulping for breath and he begins to panic. That puts his life in real danger.

To safeguard against such situations the Red Cross Water Safety Service runs a special survival swimming course for people of all ages. It is well recommended — it's a requirement for all members of Armed Forces. The Red Cross recommends that you take it too. Who knows? It could save the life of someone close to you.

## Ontario Expo 70 film honoured

The Ontario film for Expo 70 has been chosen as the best example of multi-image technique by the makers of the Japan exposition's official documentary film. This honour underlines the strongly favourable response shown by the Japanese Expo visitors and professional critics to the new Christopher Chapman film.

The Expo documentary will include excerpts from the Ontario film. The Japanese documentary on Expo 70 also features Ontario pavilion hostess Cathy Fauquier of Toronto. She is one of 10 hostesses selected for the film from among more than 3,000 hostesses at the fair.

Christopher Chapman's film for Expo 70 is a completely different work from his well-known academy award winner, "A Place to Stand," which was a triumph as the Ontario pavilion film at Montreal's Expo in 1967. Made with the predominantly Japanese Expo audience in mind, it evokes the festival moods of different kinds of Ontario people. The film shows dramatic glimpses of Ontario scenery in the Chapman multi-image technique, culminating with an aerial sequence of Niagara Falls. Made with a helicopter-mounted 70 mm camera, this sequence reveals close-up glimpses of the Canadian falls that even Ontarians have not experienced before.

Mr and Mrs Charlie Flegg and children spent Sunday in Ottawa with Mr and Mrs Thomas Flegg, Mr Flegg returning home with them.

* * * *

Ten valuable cows from the herd of Mr Jas. Robinson, Riverside, were instantly killed when the eastbound local CNR train, travelling about 30 minutes late, ran into the herd as they were crossing the tracks.

# ANN LANDERS

Dear Ann Landers: Our 19-year-old daughter is completely out of hand. She says she will lead her own life and wants no advice or help from anyone. The girl is a fine musician and makes good money playing the guitar with a rock group.

Last night she brought home a young man she plans to marry. He was polite, uncommunicative and uncomfortable in our presence. After they left, my husband and I came to the same conclusions — the boy has some Negro blood. This morning we asked our daughter about his background. She said they have never discussed it and it makes no difference since she is not marrying "his background." I came right out and asked if the boy was part Negro. She replied, "I don't think so."

My question is this: If the mother is white and the father is a light-skinned, straight-haired, even-featured Negro, is there a possibility that a child of this union might be very dark? I promised my daughter I would ask you this question only and not get into morals, sociology or philosophy. Please confine your answer to this one question. Thank you.—Need the Facts.

Dear Need: What you are really asking is if the offspring of a light-skinned Negro male and a Caucasian female might turn out to be much darker than the Negro parent — perhaps resembling one of his father's ancestors. The answer, according to two distinguished geneticists is . . . "almost certainly not. It would be most extraordinary if the child of such a union was darker than the darker parent."

* * * *

Dear Ann Landers: My husband's nickname is "I Can Get It for You Wholesale." Cliff is an executive of a New England manufacturing company. All employees get a 40 per cent discount on the firm's products. Not only does Cliff get the merchandise for anyone who has the nerve to ask, he delivers it to their door like a year-round Santa Claus. What upsets me is that the people who are looking to save a few dollars can well afford to pay the retail price. They live on large estates and travel abroad.

When I tell Cliff his need to be needed is at the bottom of his wild "generosity" and to stop being a jerk he says, "The company isn't losing anything and I enjoy doing favours for friends." Then he tells me, it's none of my business.

There's an old Russian proverb that goes something like this: "Doing favours for people is the best way to spoil a friendship." Please hunt up the correct wording and print it. Maybe you will succeed where I have failed.—The Jerk's Wife.

Dear Wife: The way you talk about your husband gives me a pretty good clue as to why he needs to look to friends for acceptance.

Here's the proverb you asked about: "The burden of gratitude can break the back of a friendship." But wouldn't this be a joyless and dreary world if everyone stopped doing favours for friends?

* * * *

Dear Ann Landers: Our 16-year-old daughter became pregnant by a 22-year-old neighbour boy. His parents hate Marcella and will not allow him to marry her. He is scared to death of them and sneaks over here after they have gone to bed. What can be done? —Pittsburg Plight.

Dear Pit: A 22-year-old is no boy." He's of legal age. Under the circumstances he'd probably make a rotten husband, but he should not be allowed to evade his legal responsibilities. See a lawyer.

* * * *

Do you feel ill at ease . . . out of it? Is everybody having a good time but you? Write for Ann Landers' booklet, "The Key to Popularity," enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

## Mrs James Hesson

Mrs James Hesson died suddenly May 11 at her home in Ingleside. She was the former Winnie Wert, a daughter of the late Edgar Wert and his wife, Maggie Bush. As a child she received her education at the Rutley School.

On September 10, 1919, she married James Hesson in the parsonage at Newington, Ont. Following their marriage they took up residence at Grantley where they farmed until their retirement in 1965, when they moved to Ingleside, Ont.

They celebrated their Golden Wedding September 10, 1969.

Mrs Hesson was a member of Ingleside United Church as well as the U.C.W.

Left to mourn her passing are her husband, James Hesson, a sister-in-law, Mrs William Wert; two nephews, Cecil and Sterling Wert. Mrs Hesson was predeceased by a brother, Mr Wilburn Wert, Newington.

The funeral service was held at Brownlee Funeral Home at Finch, Wednesday, May 13. The service was largely attended by sorrowing relatives, neighbours and friends.

Those attending from a distance included her sisters-in-law, Mrs Cassie Mott. New Denver, B.C.. Mrs Maud Countryman, of Cranbrook, B.C., and a brother-in-law, Herman Hesson, New Denver, B.C. There is also another brother-in-law, John Hesson, Cranbrook, B.C.

The funeral was conducted by Rev H. W. Giffin of Ingleside United Church, with interment in Sandtown Cemetery.

Pall bearers were Ralph Winters, Harmen Witteveen, Mason Robinson, Howard Rutley, Ernie Gillard and Eldon Thompson.

## Stanley G. Nugent

Friends and relatives were saddened to learn of the sudden death of Stanley Gladstone Nugent, following a heart seizure, on May 13. A well-known Berwick farmer, Mr Nugent was 72.

Born at Berwick, February 16, 1898, he was a son of the late Alexander Nugent and his wife, Emma MacIntosh. He married Annis Carruthers at Finch in 1920.

He is survived by his wife; two sons, Kenneth, Berwick, and Carl, at home; two daughters, Mrs Bert Begg (Bethel), Crysler, and Mrs William Wereley (Phyllis), of Lancaster. He is also survived by three brothers, Henry, Finch; Osgoode, Newington, and Orvil, Berwick, as well as eight grandchildren.

Mr Nugent was a member of the United Church.

Rev H. A. Funge conducted the funeral service at 2 p.m., May 15, at Brownlee Funeral Home, Finch. Interment fololwed in Finch Cemetery.

Pall bearers were nephews: Clare Nugent, Robert Nugent, Archie Carruthers, Wallace Carruthers, Delburn Carruthers and Keith Shaver.

---

Few people fully appreciate just how much stopping distance lengthens when speeds increase. The Ontario Safety League points out that when braking from 70 to 50 m.p.h., the distance travelled is greater than the distance it takes to stop from 55 m.p.h.

---

The Ontario Safety League reports this double-sided sign board on a secondary road. On the front it says: "Road closed, do not enter!" The other side reads "Welcome back, Stupid!"

## YOUR LEGISLATURE

# REPORT...

Another week with a holiday at the beginning passed quickly as the House concentrated on Departmental Estimates both in the Standing Committee on Supply and in the House sitting as the Supply Committee. Very little new was debated in either Committee with Opposition Members contenting themselves mainly with tirades on Government inefficiency and complacency and with innumerable speeches on how each Member speaking would deal with his own local problem associated with the Department under investigation.

An announcement of great significance to rural Ontario made by the Ministers of Agriculture in both Federal and Ontario Houses was to the effect that a new ARDA agreement had been signed. This new agreement provides for the expenditure of $30 million by each Government over the next five years and is further evidence that our two senior levels of government do co-operate. Existing programs will be continued and, in addition, allowances and grants may be available to assist in the movement and resettlement of those rural families who wish to take advantage of new employment opportunities.

Another interesting announcement contained in Federal Immigration statistics recently released shows that last year (1969) almost 32,000 people from Great Britain settled in Canada, over 10,000 from Italy and some 22,000 from the United States, and that almost 50% of all immigrants came to us in Ontario.

Although a new $1 million program of loans to aid tourist operators develop their industry has been announced, it would seem that such program will be of small use or advantage to Eastern Ontario unless the prospect of Montreal's Olympic Games later this decade impresses itself on our bureaucrats as an opportunity to develop tourism in our scenic part of Ontario. It would seem that the success of Upper Canada Village should encourage such action.

The problems of pollution and rising unemployment still provide much cause for debate in the House without any easy solution for either being forthcoming. It is true that very stringent measures have been, and are being, taken to control pollution of our air, our water and our soil; it is equally true that the two senior levels of government have not been able to get together on their programs to combat inflation and lower unemployment. However, since there are undoubtedly people of competence and goodwill in government, in industry, and among the general public turning their attention and efforts to these problems, some measure of success is bound to flow from all this although such may indeed be slow to materialize effectively on any significant scale.

---

The red fox normally ranges within a ten mile radius of its den.

"PSST! YANKEE PITCHURES ?"

# ARDA

# New five-year agreement signed for Ontario

Agreement has been reached between the Province of Ontario and the Government of Canada on the terms of a new five-year Federal-Provincial Rural Development Agreement involving shared-cost arrangements for a variety of programs with a potential public investment of $60,000,000 over the five-year period. Signators to the Agreement were Hon. Jean Marchand, Federal Minister of Regional Ecnoomic Expansion for Canada and Hon. Wm. A. Stewart, Minister of Agriculture and Food for Ontario.

Highlights of the Agreement —

The new agreement, the third such cost-sharing arrangement between the Federal and Provincial administration since the ARDA program was initiated in Ontario in 1962 provides for six types of programs aimed at the problems of agricultural adjustment in the province. These programs are as follows:

1. Research on the development of new programs and to determine the impact of existing programs.
2. Farm consolidation and enlargement.
3. Provision of retraining and rehabilitation assistance to rural people who choose to move into non-farm employment.
4. Expansion of rural development field services and public information concerning ARDA programs and opportunities.
5. Development of natural resources to improve the rural economy in slow-growth areas.
6. Development of alternative income and employment opportunities for rural people.

The Agreement recognizes that there are social and economic problems that can result from the continuing adjustment within agriculture, and it sets out to provide means of alleviating the hardships and dislocation that can occur.

Farm Consolidation and Adjustment — Under the new Agreement greater emphasis is being placed on farm consolidation and adjustment programs for the purpose of

(a) assisting in the establishment of viable farm units through the enlargement, consolidation, regrouping and basic improvement of non-viable farms

(b) assisting in the withdrawal from agriculture of land of low agricultural capability;

(c- releasing capital to farmers who desire to sell non-viable farms;

(d) improving and developing land and water resources in low-income rural areas.

Provision is made for the public acquisition of farms of low agricultural capability to permit conversion of land use in such a manner as will benefit the community and contribute to good resource management. Non-viable farms on good quality land may be purchased and developed, then leased to neighbouring farmers who wish to enlarge or consolidate their holdings into viable units but lack the capital for such immediate investment.

Lands may also be acquired and assembled for the purpose of estblishing community pastures, ranchland development projects, forestry, recreation, wildlife management and conservtion reserves.

Assistance is also provided for programs of agricultural drainage, field enlargement, fencerow removal, farm water supplies, rural community water supplies and farm woodlot management programs.

Rehabilitation — In cases where it is clear that rehabilitation and re-establishment of rural people is the only alternative, the new Agreement provides a broad range of possibilities. The full provisions of Federal Manpower programs will be available to those individuals and families. For those low-income rural families who are not eligible for assistance through Manpower or other public programs, ARDA will take the responsibility for their rehabilitation. Special assistance will be available to those persons over 55 who are unable to qualify for or benefit from retraining. When the sale of the farm does not provide enough cash for resettlement or rehabilitation under special conditions allowances and grants of up to $2,500 per family will be available to assist in the moving and resettlement process. Special allowances will also be available to those who are in the process of adjustment out of agriculture, and are participating in counselling or retraining coures.

Field Counselling Staff — Greater emphasis will be placed on the provision of both personal and group counselling by competent Rural Development Officers and Counsellors; for the provision of management advisory services to farm operators who participate in the farm enlargement program; and in the holding of courses and seminars and other group training services.

Alternative Employment Opportunities — A new and important section in this new Agreement is aimed at the provision of alternative employment opportunities for low-income rural people. Public assistance will be made available to establish new, or expand and modernize existing, processing or manufacturing industries, utilizing renewable natural resources and employing local people. Financial aid will be made available for carrying out forest stand improvement operations on Crown or publicly-owned lands, on the condition it generates income for rural persons in the area, and contributes to the development of that resource.

Under the new Agreement Ontario may make ARDA programs available to Indian lands and Indian people. However, the cost-sharing aspect of these programs shall be negotiated separately with the federal government and special cost-sharing arrangements will be determined.

Information Programs — In order that the general public may be better aware of the programs carried out by ARDA, and the opportunities that are available through these programs, provision has been made for the development of a public information program.

The new Agreement became effective April 1, 1970, and expires March 31, 1975 .

## Seaway Valley Presbytery elects officers for coming year

At the regular meeting of the Seaway Valley Presbytery, United Church of Canada, held at Iroquois, the Rev George E. Clifford of St. Paul's United Church, Cornwall, was re-elected as its chairman for a second term. Other officers elected were: Rev S. Oakwell of Spencerville, secretary; Rev Clair Kellogg of Cornwall, treasurer, and Mr A. A. Morrison of Ingleside as statistical secretary.

Rev J. Leslie Dean pastor of the Iroquois United Church, conducted the opening devotions. Guests included the Rev Donald Pipe, field secretary, Stewardship Services, and Rev Don Bardwell, field secretary, Christian Education.

Reports were received from various officers and commissions. Recomendations dealing with the disposal of some church property was adopted. The name of the Cardinal Pastor Charge was changed to "The Cardinal - Johnstown Pastoral Charge" and recommendations approved by the annual meeting of the Depart ment of Pensions, whereby the normal pension retirement age is reduced to age 65, in stages over a three-year period, was received for information.

Licence to preach will be granted by Presbyter y to Mr G. MacFarlane, student supply to Riceville - Pendleton Pastoral Charge, at a ceremony in the Riceville United Church, and to Mr A. McDonald B.A., of the North Augusta Pastoral Charge in the Summerstown United Church. It is expected both these candidates to the ministry will receive ordination during the Montreal - Ottawa Conference meeting that will be held in Macdonald College, St. Ann's, May 25-27. Thirty-three non-ministerial delegates were selected to represent the Presbytery at conference.

Rev L. M. Ferguson, Chesterville; Rev Cecil Dawson, Long Sault; Mr Jens K. Jensen of Oxford, and Mr Harry R. Shaver of Riceville were elected Commissioners to General Council of The United Church of Canada.

A report on the operation of Rideau Hill Camp was presented for study. "Camp Sunday" will be held on June 14, with a special service in the recreation hall at 3 p.m. Rev J. Leslie Dean will conduct the service, assisted by the junior choirs of Iroquois and White Church.

Under Mission and Service it was reported that the "Day's Pay Campaign" objective of $1,750,000 had gone "well over the top." In addition, the 1970 "givings" are well ahead of last year.

The chairman, Rev Clifford, and Rev Kellogg expressed the good wishes of Presbytery to the members who will be leaving it this summer. They are Miss Lottie Franklin, deaconess; Rev E. Barrett, retirement; Rev Cecil Dukelow, retirement; Rev J. L. Dean, transfer to Belleville; Mr G. MacFarlane and Mr A. McDonald who will occupy other charges after ordination. During the expression of good wishes it was noted that Rev Dean has served as secretary of Presbytery for the past nine years.

On the conclusion of business, Presbytery adjourned to meet at the seat of conference in May.

## RECENT BIRTHS

**May 13:**
Mr and Mrs Martin Witteveen, Finch, RR1, a son.

**May 14:**
Mr and Mrs Ralph Barkley, of Williamsburg, a son.

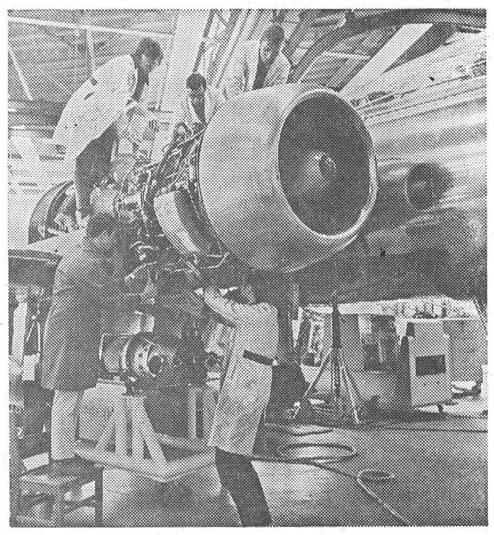
**May 16:**
Mr and Mrs Peter Van Moorsel, Morrisburg, a daughter.

**May 17:**
Mr and Mrs Harry Marchand, Iroquois, a son.

**May 18:**
Mr and Mrs Gerard Provost, of Crysler, a son.
Mr and Mrs Arnold Haystead, Williamsbburg, a daughter.

Here are fourtips that help to reduce the danger of skidding in rain: (1) Remember that the pavement is particularly slippery at the beginning of a downpour; a slick is formed from the accumulated dust and oil on the surface, but this gradually washes away in heavy rain. (2) Drive more slowly. (3) Put more air in your tires. (4) Drive in the "tire wipes" left by cars or trucks ahead.

Aldous Huxley wrote: "Experience is not what happens to a man. It is what a man does with what happens to him."



# Your children aren't going to get the education you got.

Ontario's way of learning has changed, because our way of life has changed. Children today learn mathematics by discovering how numbers behave and what they mean. They don't study grammar for the sake of grammar, nor accept history without examining all view points. And the sciences they are taught are the sciences of the 70's.

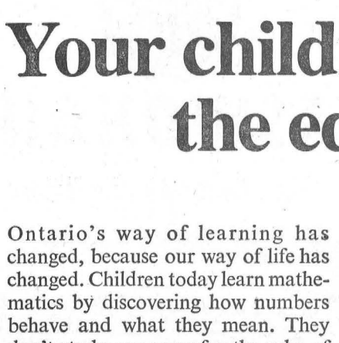
The things your child learns today, will prepare him for the life style he'll face tomorrow. We'd be short changing our young people and our province if we taught them anything less.

Today the province has 16 universities. In the last four years alone enrolment has more than doubled, and the total Ontario Government expenditure for student awards, scholarships and fellowships has risen from $5 million to more than $30 million.

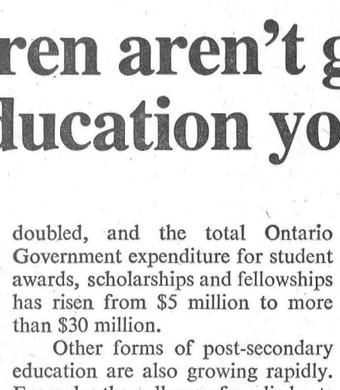
Other forms of post-secondary education are also growing rapidly. Example: the colleges of applied arts and technology are a new style of Ontario education flourishing from Sarnia to Thunder Bay. These community colleges offer diploma courses in everything from biochemistry to naval architecture and from air traffic control to advanced electronics. Starting from zero in 1967 Ontario now has 20 community colleges with 61 locations and some 38,000 full time and 34,000 part time students.

If you don't really believe we need advanced education techniques to face an advanced world, we'll give you a selfish reason. Your future. Ontario's economy has grown from $14.7 billion in 1960 to some $31.5 billion in 1969. Our incomes have doubled in the same decade. Our increase in exports is the second highest in the world. To maintain this kind of development, we need well developed people.

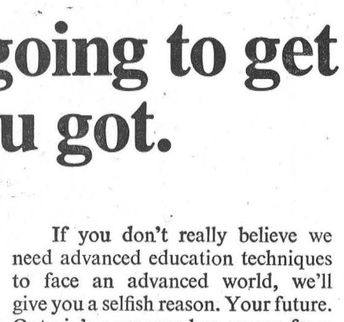
*Our investment in education helps build a better future. But we need a strong economy to support our good intentions. One way you can help: when price and quality compare, shop Canadian.*



Ontario's quest for knowledge continues after the sun goes down, with adults doing most of the studying. In Toronto alone evening courses number in the hundreds and thousands of adults study subjects ranging from carpentry to civics, pottery to poetry.



Ontario Universities now have an estimated 104,000 full time students and 69,000 part time students. Pictured above is one of the newest Ontario campuses, Trent university in Peterborough.



Ontario's labour force which topped 3 million last year for the first time is becoming increasingly skilled and competitive with other leading industrial nations. Our annual investment in manpower education is designed to continue the upgrading of skills through Ontario's program of in-plant training.

**Canada's life style of tomorrow presents many challenges. But it's Ontario's style to meet these challenges today.**

# ARDA

# New five-year agreement signed for Ontario

Agreement has been reached between the Province of Ontario and the Government of Canada on the terms of a new five-year Federal-Provincial Rural Development Agreement involving shared-cost arrangements for a variety of programs with a potential public investment of $60,000,000 over the five-year period. Signators to the Agreement were Hon. Jean Marchand, Federal Minister of Regional Ecnoomic Expansion for Canada and Hon. Wm. A. Stewart, Minister of Agriculture and Food for Ontario.

Highlights of the Agreement —

The new agreement, the third such cost-sharing arrangement between the Federal and Provincial administration since the ARDA program was initiated in Ontario in 1962 provides for six types of programs aimed at the problems of agricultural adjustment in the province. These programs are as follows:

1. Research on the development of new programs and to determine the impact of existing programs.
2. Farm consolidation and enlargement.
3. Provision of retraining and rehabilitation assistance to rural people who choose to move into non-farm employment.
4. Expansion of rural development field services and public information concerning ARDA programs and opportunities.
5. Development of natural resources to improve the rural economy in slow-growth areas.
6. Development of alternative income and employment opportunities for rural people.

The Agreement recognizes that there are social and economic problems that can result from the continuing adjustment within agriculture, and it sets out to provide means of alleviating the hardships and dislocation that can occur.

Farm Consolidation and Adjustment — Under the new Agreement greater emphasis is being placed on farm consolidation and adjustment programs for the purpose of

(a) assisting in the establishment of viable farm units through the enlargement, consolidation, regrouping and basic improvement of non-viable farms

(b) assisting in the withdrawal from agriculture of land of low agricultural capability;

(c- releasing capital to farmers who desire to sell non-viable farms;

(d) improving and developing land and water resources in low-income rural areas.

Provision is made for the public acquisition of farms of low agricultural capability to permit conversion of land use in such a manner as will benefit the community and contribute to good resource management. Non-viable farms on good quality land may be purchased and developed, then leased to neighbouring farmers who wish to enlarge or consolidate their holdings into viable units but lack the capital for such immediate investment.

Lands may also be acquired and assembled for the purpose of estblishing community pastures, ranchland development projects, forestry, recreation, wildlife management and conservtion reserves.

Assistance is also provided for programs of agricultural drainage, field enlargement, fencerow removal, farm water supplies, rural community water supplies and farm woodlot management programs.

Rehabilitation — In cases where it is clear that rehabilitation and re-establishment of rural people is the only alternative, the new Agreement provides a broad range of possibilities. The full provisions of Federal Manpower programs will be available to those individuals and families. For those low-income rural families who are not eligible for assistance through Manpower or other public programs, ARDA will take the responsibility for their rehabilitation. Special assistance will be available to those persons over 55 who are unable to qualify for or benefit from retraining. When the sale of the farm does not provide enough cash for resettlement or rehabilitation under special conditions allowances and grants of up to $2,500 per family will be available to assist in the moving and resettlement process. Special allowances will also be available to those who are in the process of adjustment out of agriculture, and are participating in counselling or retraining coures.

Field Counselling Staff — Greater emphasis will be placed on the provision of both personal and group counselling by competent Rural Development Officers and Counsellors; for the provision of management advisory services to farm operators who participate in the farm enlargement program; and in the holding of courses and seminars and other group training services.

Alternative Employment Opportunities — A new and important section in this new Agreement is aimed at the provision of alternative employment opportunities for low-income rural people. Public assistance will be made available to establish new, or expand and modernize existing, processing or manufacturing industries, utilizing renewable natural resources and employing local people. Financial aid will be made available for carrying out forest stand improvement operations on Crown or publiciy-owned lands, on the condition it generates income for rural persons in the area, and contributes to the development of that resource.

Under the new Agreement Ontario may make ARDA programs available to Indian lands and Indian people. However, the cost-sharing aspect of these programs shall be negotiated separately with the federal government and special cost-sharing arrangements will be determined.

Information Programs — In order that the general public may be better aware of the programs carried out by ARDA, and the opportunities that are available through these programs, provision has been made for the development of a public information program.

The new Agreement became effective April 1, 1970, and expires March 31, 1975 .

## Chesterville Hospital Auxiliary

# Executive discuss activities, plan canvass

Mrs Eric Casselman called a meeting of the executive of the Chesterville Hospital Auxiliary on May 22nd to discuss the winter activities and plan a canvass for the Annual Garden Party. Representatives from the Morewood Auxiliary were also present to help plan a canvass for the Annual Garden Party. Representatives from the Morewood Auxiliary were also present to help plan the Apron and Handicraft, Books and Records booths which the combined units convene.

In October 1969 a lucrative canvass was held in Chesterville and district. Two enjoyable euchre and bridge marathons were held, one before and one after the New Year, and Miss Cora Droppo, treasurer, reported the procedds from the euchre parties amounted to $115 and from the bridge parties $132.35.

Canvass convener, Miss Marion Casselman, will contact canvassers for the Garden Party to be held on the Hospital lawn in Winchester on June 20th. It is hoped that requests for articles for the variols booths will receive the usual favourable response.

A tasty and refreshing lunch was served at the conclusion of business.

Last Tuesday night Gary Paquette, Levitt-Safety Limited, demonstrated some of his company's fire extinguishing equipment for Chesterville Fire Department. Above we see Gary putting a gasoline demonstration fire out in a matter of seconds with a dry chemical extinguisher.—Record Staff Photo.

## Spend Saturday evening at Robinson home

Mr and Mrs Hubert Tupper and Judy, Orchardside, spent Saturday evening with Mr and Mrs Glen Robinson.

Mr and Mrs Harold Merkley and Steven, Chesterville, Mr and Mrs Dwayne Servage and family, Elma, spent Sunday evening with Mr and Mrs Kenneth Merkley.

Mr and Mrs William Coulthart of Ottawa, spent the week-end with Mr and Mrs Lloyd Merkley, Eileen and Douglas.

Mr and Mrs Edwin Forward, Andrew and Allen were Sunday guests of Mr and Mrs Glendon Renwick, Ottawa.

## Mainly About People

"Victoria Day" was the sermon subject of the Reverend E. Earle Eaton, minister, at services in the Presbyterian Churches of Chesterville, Morewood and Dunbar on Sunday. At St. Andrew's in Chesterville the choir sang "God of Our Fathers," by Warren. Morewood choir sang "A Mighty Fortress," by Luther; at Dunbar the choir anthem was "Give to Our God Immortal Praise," by Watts. The Presbyterian Youth Fellowship met in the evening at Chesterville, followed by a meeting of the parish finance committee.

The Rev E. Earle Eaton was a Sunday dinner guest at the home of Mrs Zoe McQuaig and Miss Carolyn Hunter at Morewood.

The Morewood Presbyterian Boys' Club met Tuesday evening at the church under the leadership of Douglas Hunter and Roy Nurse.

Several members of the Morewood Presbyterian W.M.S. attended the May annual conference of Brockville Presbyterial at Brockville on Wednesday. Mrs Donald Carlyle, president of the Morewood Society, conducted one of the devotional periods. The Reverend E. Earle Eaton, Moderator-Elect of Brockville Presbytery, also participated.

The Reverend E. Earle Eaton attended the annual meeting of the Ottawa Branch of the Canadian Red Cross Wednesday evening. Mr Eaton is a member of the Board of Management of the Ottawa Branch.

Several Chesterville men attended a C.B.M.C. Prayer Breakfast at Winchester Saturday.

The Reverend E. Earle Eaton paid hospital calls last week at Winchester, Ottawa and Brockville.

The Reverend E. Earle Eaton was a recent luncheon guest at the Miles Marcellus home in Dunbar.

Of the world's water, 97.5 percent is salt.

## Oratory competition arouses interest at Osnabruck H.S.

The junior and senior winners of Osnabruck District High School's 13th annual oratory competition, held in the school auditorium, were Sharon Hickey and Shirley Presley.

For her speech on baby sitting, Miss Hickey was named junior champion, while the senior championship winner chose "The Younger Generation" as her topic.

Runners up in the junior division were Nancy Townsend and Rita Blais, who were second and third. Other finalists were Linda Michaud, Kevin Waldroff and Susan Bush.

Anne Schultz and Lynda McGill placed second and third in the senior class. Other speakers were Laura Shaver, Susan Aubin and Linda Groves.

Judges were Miss Eileen Runions, head of the English department at North Dundas District High School; Dr Gordon Bennett of the Seaway Valley Toastmaster's Association, and Bernard Warner, principal of St. George's Separate School at Long Sault.

Program chairman was John Schultz, principal of Osnabruck District High Schooi.

For their efforts, described by ODHS staff members as "excellent," championship shields were presented to Miss Hickey and Miss Presley by George Hickey of the school's English department. Miniature trophies were presented by Miss Francoise Laflamme and Gerald Lauzon, also of the English department.

Crests were presented to all the finalists and semi-finalists, including Margaret Fairthorne, Stephanie Collette, Carolyn Gillard, Carol Wylie and Maria Vingerhoeds in the juniors and Dieter Multize, Ype Vander Veen, Maurice Leduc, Kathy Young, Debbie Carbino, and Marlis Presley in the senior category.

Carolyn Gillard entertained the appreciative audience with several piano selections during the intermission.

## Heat units and rainfall in corn production

Relating the amount of rainfall and temperature to the growth of corn is not new — farmers in one way or another have been doing this ever since they started growing corn. The methods used to draw this relationship have changed, however, with the present Heat Unit System being used in Ontario as far as temperature is concerned. This system has been used to divide the Province into regions that have similar temeprature condtions during the growing season and as a basis to recommend corn hybrids. For example, it has been determined that an average growing season in Dundas County will produce 2,600 heat units for corn. Similar conditions exist in Waterloo County. Heat units for corn are calculated from daytime maximum temperature and nightime minimum temperature. If the daytime temperature falls below 50 degrees F or the nighttime temprature falls below 40 degrees F, no heat units are produced. During a 24-hour period when the temperature reached 80 degrees F during the day and rropped to a low of 65 degrees at night, 28.5 heat units would be produced.

What about rainfall? There is no system, such as heat units for temperature, bu tthe importance is evident when we realize that as much as 5,000 gallons of watr per bushel are required to produce a corn crop. One inch of rainfall provides approximately 22,000 gallons of water per acre but of course this is not all available for growth because some runs off the land and some evaporates. Soil has a capability of storing moisture which is used during the growing season. So all this water does not have to come from rainfall during the season.

Although we can do nothing aboiut the weather, we can follow what is hapening during the growing season. With the co-operation of Eric Casselman of Chesterville; Malcolm Graham, South Mountain and Leonard Barkley, Morrisburg, who maintain Department of Transport weather stations, the Ontario Department of Agriculture and Food office plans to release rainfall and heat unit information to this newspayer on a weekly bass. The first report appears in this edition.

## John M. Countryman

John Milton Countryman, 31 Farran Drive, Ingleside, died suddenly on May 21. Mr Countryman, 78, was a retired farmer.

Born at Gallingertown, Ont., April 4, 1892, he was son of the late George Countryman and his wife, Melinda Neville. He married Beatrice Edwards at Aultsvile in 1934.

He leaves to mourn, his wife; a son, George, of Chesterville; two daughters, Mrs Harry Cassel (Marjorie), Oshawa, and Mrs James Martin (Catharine), of Long Sault; a brother, Clarence, Chesterville, and a sister, Mrs Mason Robinson (Edna), Chesterville.

Mr Countryman was a member of Trinity United Church, Ingleside, and, also, a member of Masonic Lodge, Farran-Ault 256.

Rev Harold Giffin conducted the funeral service at 3.30 p.m., May 23, at Trinity United Church, Ingleside, with interment following in Pleasant Valley Cemetery.

Pall bearers were Frank Dafoe, James Hesson and Roy Shaver, Ingleside, and Wm. Brownell, Fred H. Galinger and Lloyd Gallinger, Chesterville.

Strong sunlight on the back of your car may make it difficult for drivers following to see your turn indicators working. Always use a hand signal as well, when there is any doubt about the mechanical signal being noticed.

Canada's forests produce more wood each year than is removed in cutting or lost from fire, insects and disease.

# Royal Doulton display and film highlights Chesterville W.I. meeting

"Royal Doulton, England's Proud Heritage," was the name of the film shown by Lyle Byers of N.D.D.H.S. at the May 25 Chesterville Women's Institute meeting.

In 1815, shortly before the fateful Battle of Waterloo, a young man named John Doulton invested his life savings of £100 in a small one-kiln pottery in Lambeth on the banks of the Thames in London. From this humble beginning have evolved the world-renowned Royal Doulton Potteries, with subsidiary companies in the United States of America, Canada, Australia and South Africa.

A display of figurines arranged by Miss Addie Campderros and Mrs Jack MacMillan included "Autumn Breeze," "The Skater," "The Child from Williamsburg," "The Balloon Man and Lady," "Celeste," "The Love Letter," "Belle of the Ball" and "The Gossipers."

Booklets on "Fine China to Cherish for a Lifetime" and "How a Royal Doulton Figure is Made" were distributed by the conveners, Mrs Allison Graham and Mrs Bert McIntosh, who had planned for the showing of the film and the display.

The business meeting was conducted by Mrs Harold W. Merkley, assisted by Mrs Allison Graham, with reports given by Mrs William Forward and Mrs Geo. Johnston.

The W.I. will sponsor the C.N.I.B. canvass in September and also donate $25 to the Seaway Community Services.

A card was autographed to be forwarded to Mrs E. E. Eaton who is hospitalized.

The June meeting will take the form of a bus trip to Ottawa and a tour of the National Art Centre with a picnic at Vincent Massey Park.

Mrs D. M. McElheran, district director, gave an interesting report of the 56th annual District W.I. meeting held in St. Peters Lutheran Church, Williamsburg, on May 19, which was attended by nine Chesterville W.I. members.

Lunch was served by the conveners, assisted by Mrs Arthur Ball, Mrs Basil Rowe and Mrs Roy Styles, Mrs Gerald Styles and Miss Abbie Bogart (in absentia).

### IN MEMORIAM

HARPER—In fond and loving memory of a dear Husband and Daddy, Bertram Basil, who passed away June 2, 1966.

We are sad within our memory,
Lonely are our hearts today
For the one we loved so dearly
Has forever been called away.
We think of him in silence,
No eye may see us weep,
But many silent tears are shed
When others are asleep.

**Sadly missed by wife Edna and daughter Kathy.**

### ANNOUNCEMENT

Mr and Mrs Robert May, of Newington, wish to announce the forthcoming marriage of their daughter, Barbara Jean, to James William Falconer, son of Mr and the late Mrs James Falconer of Fort Frances, Ont. The marriage will take place in St. Mary's Church, Fort Frances, on July 25, 1970. 37

### CARD OF THANKS

A sincere "Thank you" is extended to the members of Finch and District Lions Club for their thoughtfulness in arranging transportation for the nearly 300 children of the district to see the fireworks display put on by Cornwall Lions Club on Monday evening, May 18. It was a terrific undertaking and we, the parents, wish, through the medium of the press, to express our gratitude. To the co-operative bus drivers, and the members and their wives who acted in a supervisory capacity, it was a job well done.

**The Parents.**
37-1

### CARD OF THANKS

I wish to express a sincere "Thank you" to my friends, relatives and neighbours for their acts of kindness and expressions of sympathy, cards, floral tributes and contributions to Heart Fund received during my recent bereavement of my dear wife, Winnie Hesson. Special thanks to Mr and Mrs Sterling Wert, Rev H. W. Giffin, the pall bearers and Brownlee and Son for their kindness and assistance.

**James Hesson.**
37

### CARD OF THANKS

We would like to thank the many relatives, friends and neighbours for their messages of sympathy and mass cards received during the bereavement of a dear brother and uncle, John Martin. Special thanks to Rev Father Collins, Vice and Craig Funeral Home and to those who called at the funeral home. These kindnesses are deeply appreciated and will long be remembered.

**The Martin Family and Marie Brabant.**

### IN MEMORIAM

DROPPO—In loving memory of a dear husband and father, Harold Francis Droppo, who passed away June 3, 1966.

As we loved you so we miss you,
In our memory you are near,
Loved, remembered, longed for always,
Bringing many a silent tear.

**Ever remembered by Minnie and Earl.**
37-1

### IN MEMORIAM

SMITH—In loving memory of my dear husband, George C. Smith, who passed away May 31, 1956.

The years are quickly passing,
Though still we can't forget,
For in the hearts that loved him
His memory lingers yet.

**Wife Margaret and Family.**

Chief Inspector Jack S. Kay, attached to the C.I.B. since 1964, has been promoted to the rank of Staff Superintendent and will become the new head of the Anti-Rackets Branch.

Detective Sergeants Geoffrey H. R. Cooper, Anti-Rackets Branch; Bruno E. Dorigo, Criminal Intelligence Branch; Alistair K. MacLeod, Auto Theft Branch, and Ronald M. Waddell, Anti-Rackets Branch, have been promoted to the Rank of Inspector and transferred to the Criminal Investigation Branch.

## OPP G.H.Q. appointments and staff promotions

Commissioner E. H. Silk is pleased to announce the following G. H. Q. promotions and Staff Appointments which become effective on June 1, 1970.

Chief Superintendent Donald A. Nicol, second in command of the Special Services Division. Assistant Commissioner Nicol will replace Assistant Commissioner Harold H. Graham who will assume command of the Administration Division following the retirement of Assistant Commissioner Leonard Neil,

Staff Superintendent James L. Erskine who has headed the Anti-Rackets Branch since its formation in 1960 has been promoted to the rank of Chief Superintendent, second in command of the Special Services Division.

## O.P.P. REPORT

Parents, it has become quite noticeable over the past few weeks that some of our children are developing unsafe habits with regards to playing.

Last year in Ontario, 36 percent of the pedestrians killed in traffic accidents were children under 15 years of age.

Your children will be safer in traffic if they know and obey these simple rules: Cross the road only at intersections, look in all directions before starting across and then walk don't run while crossing the street. Never dart out from between parked cars. Where there are no sidewalks, walk on the left side of the road facing traffic.

You can help protect your youngsters by making sure they always play in a safe place.

Children should also be taught the proper procedures for safe bicycle handling. Bicycles should be driven on the right side of the road as close to the curb as possible. When riding in a group, they should ride in single file, one behind the other. Riding double is not only dangerous it is against the law. When being ridden at night, all bicycues must have a white light showing to the front and a red light or reflector showing to the rear.

By following these simple rules our young people will be able to protect themselves while playing.

Ontario Provincial Police in Dundas County patrolled 12,335 miles while working 1,013 hours. During this time, officers laid 58 charges while issuing 64 warnings. Officers from Morrisburg and Winchester Detachments investigated two thefts, three break and enters and 15 miscellaneous complaints. Nine persons were charged under he Liquor Control Act of Ontario while two other persons were charged with theft. Area highways were quiet with officers investigatng six property damage accidents.

Provincial Court was quiet with officers investigating six property Court while registering 43 convictions.

**Be Safe**

Always wear a life jacket when you go water skiing. You can still enjoy yourself while playing safe.

## Morewood Calf Club holds second meeting

The second meeting of Morewood Calf Club Members was held at the home of Mr and Mrs Hugh Porteous, RR 1, Winchester, on May 13, 1970.

Activities for the evening consisted of a quiz on the parts of a cow and on "Status of Dairying in Ontario." An interesting exercise was done which was called "Cow-Heifer Culling." This was to decide which cows or heifers a farmer should keep for good production and which ones he should sell on account of their poorer records. A class of mature Holstein Cows was judged and sire selection was discussed.

Following the meeting a tasty lunch was served. Rod MacGregor on behalf of the Club thanked Mr and Mrs Porteous for their hospitality.

The next meeting will be held at the farm of Nick Beuman in July.

Record ads bring results.

FOR SALE — Pups, German Shepherd and Collie cross. Rabbits, all white.—Apply to Tony Van Gurp, RR3, Chesterville, Phone 448-2551. 37

### CARD OF THANKS

We would like to express our thanks to the community of Finch for their thoughtfulness in remembering us. Special thanks to Mrs Olive Flegg, Mrs Louise St. Pierre, Mrs Edith Waldroff and Mrs Lillian Graham.

**P. T. Lloyd**, Principal, Glengarry District High School, Alexandria, Ontario. 37-1

**GOLD ON TREES**

Vegetation and river water plus a nuclear technique called activation analysis can guide prospectors to gold and other precious minerals, Dr Richard E. Wainerdi, a Texas university scientist, said recently.

Ground waters and roots of plants transfer the minerals to the leaves or bark.

By bombarding samples with neutrons all the molecules in the samples are made radioactive, he explained, and as radioactivity for each mineral is distinctive, it can be identified by sensitive devices.

Prospectors can move systematically toward the mother lode by mapping the mineral traces, "the closer you get to the ore body, the higher the concentrations," he said.

Texas A. and M. scientists used the technique to locate cobalt in the Philippine Islands and as a result mining operations in the area may be expanded.

But the technique is still in its infancy, he said, and may be valuable to prospectors exploring such continents as Australia and Africa.

Crews of the CDA's Plant Protection Division go into action later this month to wipe out gypsy moth infestations in the Kingston, Ont., and Riviere Beaudette, Que., areas. The Ontario outbreak, discovered last year, marks the first time the pest has been found outside of southwestern Quebec.

## Track relays staged at N.D.D.H.S.

The first invitational track relays staged at North Dundas District High School last week proved very successful.

In the final tabulation North Dundas and Perth tied for top honours with 33 points each. Cornwall C.V.S. was a close runner-up with 28 points.

The final standing was as follows: N.D.D.H.S., 33; Perth, 33; Cornwall C.V.S., 28; General Vanier, 20; Glengarry, 18; Osgoode, 17; South Carleton, 14; Osnabruck, 11; South Grenville, 10; Seaway, 9; Thousand Islands, 5.

The point system was set up awarding 5 points for 1st place; 3 points for 2nd place; 2 points for 3rd place and 1 point for 4th.

In the final breakdown North Dundas boys outscored all opposition with 28 points. Perth scored 23; Cornwall 22; General Vanier 16 and Osgoode 5.

Records indicate female runners at the local school are not as proficient as the males.

North Dundas amassed only 5 points in the girls' division and all of these were scored by midget girls.

South Carleton proved to have the fastest female runners with 14 points. Glengarry had 18; Perth 10; Cornwall 6, and Osnabruck 5.

Midget boys at North Dundas were responsible for 8 points, Juniors 12 and Seniors 8.

Mr Taylor of the teaching staff at N.D.D.H.S. had words of congratulations for all athletes competing and expressed sincere thanks to coaches and teachers who assisted in making the meet such a great success.

# N. D. D. H. S. NEWS

A good attendance was noted at the annual Open House of North Dundas District High School held Wednesday evening, May 20. Displays and activities were presented in every room in the school and parents, students and friends spent an enjoyable two hours visiting.

Eighteen students from North Dundas District High School, accompanied by Mr and Mrs Doug Graham, had a four day tour to New York City recently. They joined students from Seaway District High School and travelled by bus.

Students from North Dundas District High School were as follows: Karen Rombough, Lorna Marcellus, Joan Dixon, Marlene Merkley, Sandy Sullivan, Margo Carkner, Mary Weren, Esther McIntosh, Cathy Fulton, Margaret Christie, Brenda Shannon, Betty Anne Smith, Bill Gamble, Bill Byers, Greg McConnell, Brian Swerdfeger, Doug Vasey, Irvin Sunstrum.

The following report of the trip was submitted by Lorna Marcellus, a Level III student.

We left N.D.D.H.S. Wednesday morning at nine o'clock and arrived at the Howard Johnston Restaurant at about nine that evening, where we had supper and met our escort "Uncle Harry." After unpacking at the Royal Manhatten Hotel on 45th St. we walked along Times Square.

We left early Thursday morning for a tour of New York City. The Staten Island Ferry took us to see the Statue of Liberty. Returning to Manhattan we saw St. Paul's Cathedral, Federal Hall and the Stock Exchange. After visiting a Chinese Temple and eating lunch in Chinatown we left for a guided tour of the U.N. We then saw the Merv Griffin Show and had dinner at the Halbrauc.

On Friday we toured Lincoln Memorial Centre and had lunch at the Museum of Natural History. After we visited the Planetarium and the studios of N.B.C., we saw an entertainment program at Radio City Music Hall and had dinner.

On Saturday morning we visited the Aquarium on Coney Island. In the afternoon some attended the Broadway play, "Fiddler on the Roof," while others were free to shop.

After breakfast Sunday morning were boarded the bus at the Royal Manhattan and reached N.D.D.H.S. about 9.15 Sunday evening.

---

Alcohol increases the likelihood that adriver will have a crash, and it also increases the chances of death after the crash. After injury, a sober person has a better chance of escaping fatal shock and bleeding.

# Future needs discussed at 56th annual Presbyterial rally

Regional Secretary Miss Margaret Boyd, Ottawa, spoke at the 56th annual rally of Glengarry Presbyterial, held in Kenyon Presbyterian Church, Dunvegan, on May 14.

Miss Boyd spoke on the needs of the future in a new vision. "There will be changes in administration, but most things will remain as they are," she said. She urged each society to carry on in a positive way. Miss Boyd works with the Women's Missionary Society and the Board of Christian Education.

The theme for the all-day meetin g was "Now Then We Are Ambassadors for Christ." Mrs Frank Stewart of Ingleside presided in the absence of the president, Mrs W. M. Boyd of Cornwall, due to illness. Mrs Allister Campbell was organist.

Receiving at the door were Mrs John MacQueen, Mrs D. H. MacIntosh, Mrs D. D. MacKinnon, Mrs Cecil MacRae and Mrs Stanford MacCrimmon.

The morning devotions were conducted by Kenyon-Skye Auxiliary with Mrs Dan MacLeod reading the Scriptures and Mrs MacCrimmon leading in prayer. Mrs Iver MacIver of Maxville welcomed all present. The minutes of the 1969 rally were read by Mrs W. R. MacEwen.

Mrs M. H. Shaver read thankyou letters from D. E. Robertson, Robert Fourney, Douglas C. MacQuaig and Thomas Rodgers for bursaries received from the W.M.S. of Glengarry Presbyterial. Mrs E. L. Blair presented a resolution regarding the sale and use of drugs by young people. A get-well message is to be sent to the president, Mrs W. M. Boyd.

A motion was passed that Mrs J. A. MacGowan, Mrs Hector Gillies and Mrs Clifford MacRae, adult and children's work secretaries, attend training courses in Guelph August 28 to 30, for departmental secretaries, from the Glengarry Presbyterial.

The treasurer's report was given by Mrs Amy Grant. Miss Boyd spoke briefly on the possible amalgamation of the General Board of Missions, Western and Eastern Divisions, to form the Board of World Missions.

Reports of the Synodical meeting held in April were given by Mrs Alpin MacGregor, of Martintown, and Mrs William Sanderson of Finch.

A Christian Education Workshop will be held in Ewart College, Toronto, from June 22 to 26. This is for church school teachers, lay readers, ministers and deaconesses. Suggestions were given how W.M.S. members can encourage new members, how to help existing organizations and how to do work in the community.

Mrs J. MacGregor of St. Elmo closed the morning session with prayer. Dinner was served by the women of Kenyon Presbyterian Church.

The afternoon devotions were conducted by Mrs George Adams of Cornwall. Tribute was paid to the Rev Hamilton Russell Ferguson, minister of the Kenyon Precbyterian Church, who died suddenly May 11 in London, Eng., while on a holiday. A message of condolence will be sent from the Presbyterial to James Ferguson, brother, and two sisters, Bertha and Olive Ferguson, Dunvegan.

Rev Kenneth MacDonald, Martintown, brought greetings from the Presbytery of Glengarry and also complimented the W.M.S. for the bursaries given to sudent ministers from the area. Mrs P. W. Murray, Kars, brought greetings from the Montreal-Ottawa Synodical.

A memorial service was conducted by Mrs Ernest Naidow, Finch, in tribute to the memory of deceased members.

Miss Margaret Boyd introduced Miss Louise Gamble, missionary from Taiwan, who spoke of George Leslie MacKay going to Taiwan 100 years ago and through his labours several congregations had been established. The gospel seed was sown and at the present time there are 400 Presbyterian congregations in Taiwan, with trained Sunday School teachers. Missionaries also work along with the medical profession. Miss Gamble was thanked by Mrs W. L. MacLellan of Cornwall.

Mrs J. A. MacGowan of the courtesy committee thanked the ladies of the church for their warm hospitality and all who had taken part in the meeting.

Rev Iver MacIver, Maxville, moderator of the Synod of Montreal-Ottawa, brought greetings and commended the W.M.S. members for their good work.

Mrs Stewart Blackadder was in charge of the literature display.

An invitation was extended for the 57th annual rally of the Glengarry Presbyterial to be held in Vankleek Hill, in May, 1971.

Mrs Frank Stewart expressed thanks to all who had assisted her at the rally. Rev MacIver pronounced the benediction. Refreshments were served by the ladies of the church, following the meeting.

In North America mishandled motor vehicles kill three people every 25 minutes.

# KITCHEN CORNER

**Asparagus: Springs First Love**

Asparagus has made its appearance and deserves star billing on May menus. Straight, firm stocks of asparagus are most desirable and need only to be lightly scrubbed, with the woody stem snipped or broken off, before they are cooked in a minimum amount of boiling, salted water until tender.

**Asparagus-Tomato Bake**

1 lb. uncooked asparagus spears
2 - 4 tbsps. butter
4 hothouse tomatoes, diced
2 tbsps. finely chopped onion
2 tbsps. finely chopped celery
1 tbsp. fresh bread crumbs
1 tbsp. Parmesan
Salt and pepper
1 tbsp. sweet basil
1 tbsp. sugar

Melt butter in bottom of a rectangular baking dish. Line bottom with asparagus; sprinkle with diced tomatoes, onion, celery, bread crumbs and cheese. Season to taste with salt, pepper, basil and sugar.

Cover dish and bake in 375° F. oven for 45 minutes, or until tender. Serves 4.

**Jellied Asparagus**

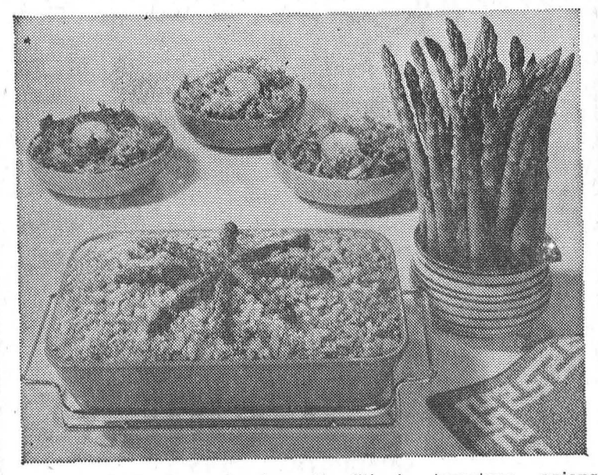
1 enevelope unflavoured gelatin
1½ cups cold water, divided
2 tbsps. sugar
¼ tsp. salt
¼ cup lemon juice
1½ cups cold cooked asparagus cut into bite sized pieces
½ cup diced celery
¼ cup chopped green pepper
2 tbsps. diced pimento
1 tbsp. minced onion
1 tbsp. capers, optional

Sprinkle gelatin over ½ cup water in saucepan. Place over low heat; stir constantly until gelatin is dissolved, about 3 minutes. Remove from heat. Stir in sugar, salt, remaining 1 cup water and lemon uice. Chill, stirring occasionally, until the consistency of unbeaten egg white. Fold in asparagus, celery, green pepper, pimento, onion and capers. Turn into 3-cup mold. Chill until firm. Unmold onto crips lettuce.

**Fresh Asparagus Supper Casserole**

1 bunch fresh asparagus about 2½ lbs.)
1 lb. ground beef chuck
1 tbsp. salad oil
2 medium tomatoes, coarsely chopped
2 tbsps. chopped fresh onion
1½ tsps. salt
⅛ tsp. pepper
2 cups crushed cracker crumbs
1 tbsp. butter or margarine

Break off asparagus stalks as far down as they snap easily. Cook asparagus in a small amount boiling salted water in covered skillet or saucepan until just tender. Drain, if necessary. Brown beef chuck in oil over medium heat stirring occasionally. Stir in tomatoes, onions, salt and pepper. Simmer, uncovered, 5 minutes. Cover bottom of 8 x 12-inch baking dish with ½ cup crumbs. Arrange asparagus and meat mixture evenly over crumbs. Top with remaining crumbs. Dot butter or margarine over ingredients in baking dish. Bake in 425° F. oven 15 minutes, or until thoroughly heated. Garnish with additional cooked asparagus spears, if desired. Makes 4-6 servings.



---

There are two rules to help protect yourself from the invisible murderer, carbon monoxide: First, have your car exhaust system checked regularly. Second: never drive your car, or sit in it with engine running, with windows completely shut.

---

Overmature trees may decrease in useable volume each year because more rot than sound wood is being formed.

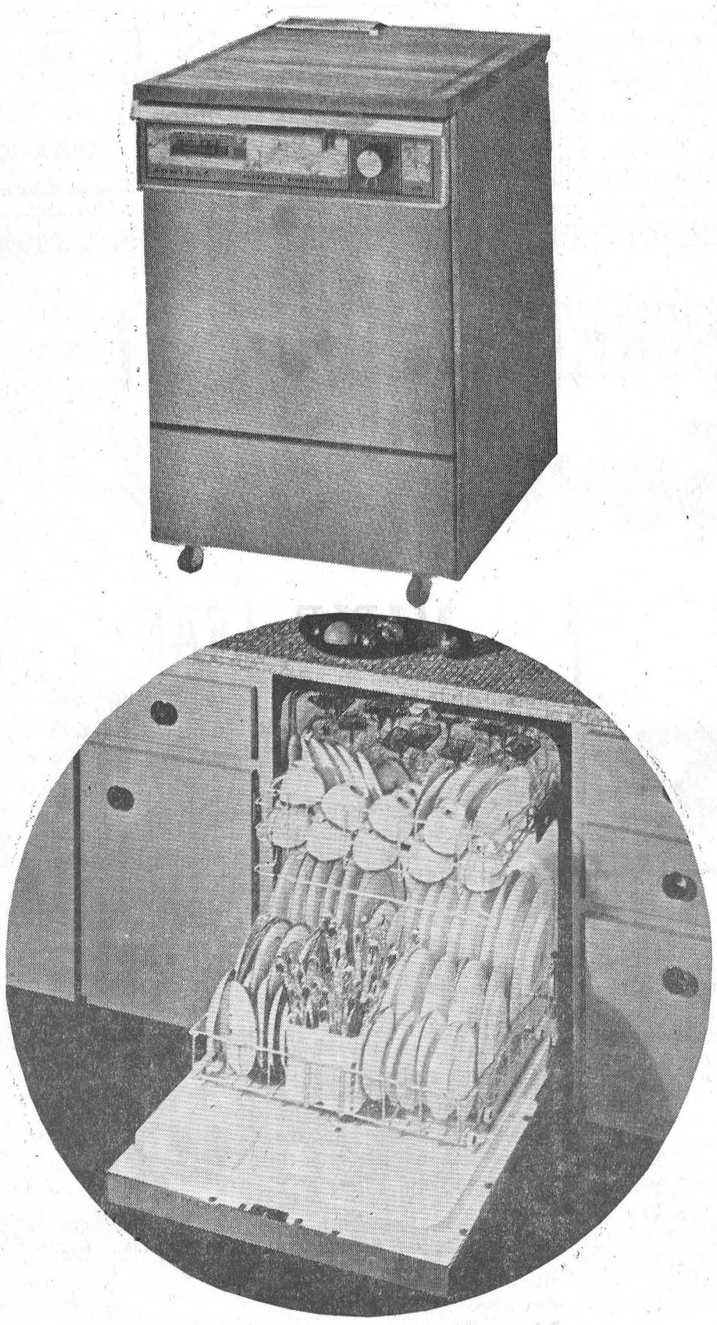
ADMIRAL



AUTOMATIC DISHWASHER-DRYERS

With a 1970 Admiral in your kitchen, the worst of dishwashing is a thing of the past. And the beauty of it is that these Admirals are so remarkably efficient.

For example, there are six pushbuttons so you can choose the most effective washing/rinsing cycle for each load: everything from a gentle "Rinse" for delicate dishes and glassware through to "Super Wash" for the real hard core cleaning jobs. There's even a 150° F. "Sani-Wash" for the most hygenic wash of all. You simply select the cycle and your Admiral does the rest. Its revolving spray arm action gives you the most thorough cleaning system available. Forget about small food particles. A built-in Food Disposer pulverizes them before they flush down the drain. You can even forget about adding detergent and rinse agent. Admiral does it **automatically.**

Now that you've decided on an Admrial dishwasher, there's only one other decision to make. Whiich one?

IMPERIAL CONVERTIBLE DC2408 — Load it at table-side and roll it back to the sink where its snap-on adaptor quickly connect to the faucet. Ideal for apartment dwellers with their own homes in mind since it is designed to be built-in whenever you wish.

$289.00

IMPERIAL BUILT-IN DU2408 — Choose the colour that complements your decor. This handsome Admiral will fit beautifully into your cupboard and counter arrangement, giving the kitchen the contemporary and convenient built-in look.

WARRENTED QUALITY — One year factory warranty on entire dishwasher.

# Mr, Mrs C. E. Blair mark 50th wedding annivesary

Blairmor Farm, Avonmore, was the scene of a happy event on May 12, 1970, when Mr and Mrs Charles E. Blair celebrated their Golden Wedding Anniversary.

Mr Blair is the son of the late William Blair and his wife Isabella Munro and Mrs Blair is the daughter of the late Alexander McPhail and his wife Augusta Vail.

The guests of honour were married 50 years ago at the Presbyterian Manse by the Rev. D. M. MacLeod. They have three children: a daughter, Thelma, Mrs J T. Gibson of Ottawa; and two sons, Orval of Trail, B. C. and Stewart of Chesterville. They have twelve grandchldren.

Mr and Mrs Blair have been lifelong residents of Avonmore and have taken an active part in church and community affairs. Mr Blair has recently retired after 20 years in Roxborough twp. Council, the last ten of them as reeve. He is past Warden of the United Counties.

Part of the observance was a visit by Roxborough councillors and former councillors, who presented the Blair's with a gift in honour of the occasion.

The dining room was decorated with an arrangement of gold and yellow chrysanthemums and candles, the table centre piece being a wedding cake decorated and presented by Mrs Orval Blair of Trail. It was nestled in white tulle and sweetheart roses.

Presiding at the tea table for the afternoon were: Mrs David Robertson, Mrs Basil McPhail, Mrs Gordon Blair, Mrs E. A. MacKillican and Mrs James Blair, and for the evening Mrs E. A. McPhail, Mrs E. L. Blair, Mrs Norman McCuaig, Mrs Kenzie McCuaig, Mrs Archie Buchanan, Mrs Ambrose McElheran, Mrs Archie Dore and Mrs Lionel Quennville.

There was a short program in the evening when Rev. David Robertson acted as master of ceremonies. Duets were sung by Janet and Carol Robertson, an accordian solo by Lyma Robertson and Bagpipe selections by three grand neices, Anne Kennedy, Karen McEwan and Winona McGregor. A grand neice, Nancy Radborne, sang.

The family gave a dinner for their mother and father at the Torch Room in Cornwall, where all members were present.

Among the gifts and cards received were those from John Roberts, Premier of Ontario; and Osie F. Villeneuve, MPP for Glengarry and Northern Stormont. A plaque was presented on behalf of the Government of Ontario.

Guests and relatives attended from Trail, B.C., Toronto, Montreal, Ottawa, Smiths Falls, Cornwall, Ingleside and the local area.

Blairmor Farm, Avonmore, was the scene of a happy event on May 12, 1970, when Mr and Mrs Charles E. Blair celebrated their Golden Wedding Anniversary. ried and has three girls; Doug, who lives in Almonte, is married and has one boy and one girl.

Myles is third in the seniority list, with Garnet McLean and Garland Sharkey both now pensioned, having more years of service than he. We all wish Myles many more years of health.

In the photo we see Myles with his 25-year service certificate presented to him on June 1, 1955.

## Mainly About People

Sunday visitors of Mr and Mrs Chas. Collingridge, Richard, Brenda and Gordon were Mrs Vera Armstrong, Linda, Sharon and Allen, Mr Gerald Wise and Mr and Mrs Lawrence Seguin and Tammy.

Canadians use between 20 and 70 gallons of water per person daily.

# John Cameron-

## President North Stomont Fastball League

At a recent meeting five teams indicated their willingness to participate in a fastball league for this comng season. The renamed League will be known as the North Stormont Senior Fastball League. Elected as new president for the season was John Cameron of Lunenburg.

A new team from Long Sault will be taking over the spot vacated by Finch, who have dropped out for this season. Other teams making up the league hail from Berwick, Newington, Avonmore and Ingleside.

All players living within the immediate area of their towns will be permitted to play whether or not they play in any other league. No outside players will be allowed, unless waived through by the league. All lists must be handed in after the second game played and will be limited to eighteen players. Players fifteen years and younger may play anytime and are not required to be one of the eighteen.

Games that are played at Ingleside, Newington and Berwick will be played under the lights and game time will be eight p.m. Games at Long Sault and Avonmore will start at 7 p.m.

Following is the first half of the schedule —

Sunday, May 31 — Berwick at Newington; Avonmore at Ingleside.

Thursday, June 4 — Long Sault at Berwick; Newington at Avonmore.

Sunday, June 7 — Long Sault at Ingleside; Avonmore at Berwick.

Thursday, June 11 — Newington at Long Sault; Ingleside at Avonmore.

Sunday, June 14 — Berwick at Ingleside; Long Sault at Newington.

Tuesday, June 16 — Long Sault at Avonmore.

Thursday, June 18 — Berwick at Long Sault; Newington at Ingleside.

Sunday, June 21 — Newington at Berwick; Avonmore at Long Sault.

Tuesday, June 23 — Ingleside at Newington.

Thursday, June 25 — Berwick at Avonmore; Ingleside at Long Sault.

Sunday, June 28 — Ingleside at Berwick; Avonmore at Newington.

**CARD OF THANKS**

We wish to thank our friends in the Fifth of Osnabruck and relatives for the good wishes and purse given us when we moved to Ingleside.
