Charter Presentation Chesterville Branch 434 Of Legion Monday Night

Presentation of the charter from Dominion Command to Chesterville Branch 434, Canadian Legion of the British Empire Service League, brought the local organization of veterans into official being Monday evening when Douglas Thompson, Ottawa, Commander of District "F" officiated at the ceremonies before a representative audience in the Community Theatre, assisted by Dr. A. J. Gardner, Cornwall, Commander of Zone 26. The charter was received by the three senior officers of the Branch, President Lyle E. Alford, Vice-president R. H. Fawcett, and J. A. Morris, Secretary-Treasurer. Following the ceremonies, a dance was held in the Community Hall, which was attended by a large crowd.

Lashing out at the Government's housing policy, Mr. Thompson, said rehabilitation of Canada's ex-servicemen and women would be complete only when they were properly housed. Then we could go on to build the Canada we dreamed of in the war years. Had the Government accepted the brief presented by the Canadian Legion 18 months before sessation of hostilities, Canada's veterans today would not have any housing problems, declared the District Commander.

Explaining the Legion's programme, he said the first interest was to look after the interests of the ex-service man or woman, whether they were members of the Legion or not. To that end, service bureaux have been established in Ontario's principal cities where the Department of Veterans' Affairs have offices. Pension adjustment is the principal work of these bureaux, which also offer help with service gratuities and other problems.

"In organizing a branch of the Legion in Chesterville, you have forged another link in the chain that stretched from Halifax to Vancouver," said Mr. Thompson. "Here the veterans are united by that bond of fellowship born in barracks, ships, in the air and on the battlefield. It is important that that spirit be carried into the life of today. Now that you have returned, you owe it to your King, your country and your home." Mr. Thompson lauded the Chesterville Branch on its effort to restore the rink for the recreation of the district's young people.

The programme consisted of the Legion opening ceremony, a singsong, led by J. Frank Casselman, welcome by President Lyle E. Alford, report on the rink campaign by the secretary, introduction of District Commander Thompson by Dr. A. J. Gardner, who was thanked by R. H. Fawcett.

Preliminary Reports Show Splendid Progress Memorial Rink Canvass

Preliminary reports this morning from canvassers in the village for the Legion Memorial Rink fund show well over $1,000 raised in the first three days of the campaign. Members of the National Dairy Union, meeting Tuesday evening, voted $50 to the project, as has the Chesterville Branch of the Women's Institute. Workers report very favourable reaction on the part of the general public, and are confident they will reach the target of $7500, set by Chesterville Branch 434 of the Canadian Legion as the sum required for the restoration and renovation of the structure.

Work of cleaning up the site commenced at the rink Monday morning, with a gang of workmen salvaging as much material as possible. Cam Thompson, contractor, states much of this material can be used in the repairs, and says he hopes to have carpenters on the job within a few days

Plans call for restoring the demolished section this fall and some urgent repairs will be made. Next spring, when it is hoped material will be more readily available, far-reaching improvements will be made in dressing rooms, restaurant, and other portions of the building. A balcony at the west end is contemplated and club rooms for the Legion Branch will be incorporated in the additions.

A meeting of canvassers was held in the Library Friday evening when the campaign was laid out, and R. C. Dillabough urged the workers on to success with an appeal for the children and teen agers of the district who have in the rink their only recreational activity during the winter months.

CANADA SAVINGS LOAN

I have been appointed a sub-agent to take applications for **Canada Savings Bonds**, which I believe are in many respects even more attractive than Victory Bonds. Definite evidence of this, is the fact that $2,000 is the maximum anyone can buy, and everyone in their own interest should make every effort to obtain as large a bond as possible.

As on past Victory Loans, I would appreciate taking your application and trust you will wait for me, or get in touch with me so that I might call at your convenience.

Rotarians Entertain Malone, N.Y., Club International Exchange

An International "inter-city" meeting, with 17 members of Malone, N.Y., Rotary Club attending, was held by the Rotary Club of Chesterville in the Community Hall, Monday evening. Horace Lamberton, Past Governor of Rotary, who has been superintendent of education in Malone for the past 26 years, was guest speaker, his subject stressing education of the masses for the survival of democracy.

Leon Marcellus, president of the Chesterville club, and Floyd Rarbell, visiting president, were joint chairmen of the meeting. The sing-song was led by Ham Mulholland, with Stanley Popek at the piano. Ben Brigham thanked the Chesterville Rotarians for their hospitality. The speaker was introduced by vice-president Bert Davis of the Malone club, and R. C. Dillabough of Chesterville, expressed the thanks of the joint meeting to Mr. Lamberton. Members of both clubs were introduced by their respective presidents.

H. G. Gillies, principal of Chesterville High School, was inducted into Rotary International by immediate past president Walter J. Carr, to become the 32nd member of the local club.

The address was one of the finest and most inspiring that members of the Chesterville Club have had the privilege of hearing. The survival of democracy rests on the education of the masses, said Mr. Lamberton. War demonstrated the power of education; similarly education must eliminate wars by wearing down the age-old vices of racial prejudice, hate, greed and religious intolerance. Education is the only power that will make the dream of the last great conflicts—"the wars to end wars"—come true.

Too little attention is paid to education in the primary and secondary schools, declared Mr. Lamberton. The average citizen and parent do not realize the tremendous responsibility of the teacher to the growing generations. Good teachers require definite qualifications for the proper discharge of their responsibilities. Statistics, based on facts, show the average teacher's salary well below that of government and industrial employees. The speaker said it was the most underpaid profession of today. The spending of billions to prosecute a war is never questioned, but we hesitate to contribute an insignificant fraction of such sums to properly educate the young people—to make worthy citizens of tomorrow.

The Chesterville club will present the programme on the return visit to the Malone club on Thursday, October 24th.

Questions and Answers

GENERAL

Q *What are Canada Savings Bonds?*

A Canada Savings Bonds are the successor to Victory Bonds and War Savings Certificates. They are your country's promise to return your money to you at any time and to pay you interest at an attractive rate.

Q *Why are Canada Savings Bonds being offered?*

A Because during the war, millions of Canadians learned the savings habit by buying Victory Bonds and War Savings Certificates. A recent survey shows that 82% of them want to keep on saving by a similar plan.

Q *Is the Government selling Canada Savings Bonds just to raise money?*

A No. Borrowing needs of the Government can be met by other types of loans. The main purpose of the Canada Savings Bond is to provide Canadians with a convenient way to continue this kind of saving and investment in peacetime.

Q *Is there any limit to the amount of Canada Savings Bonds that one person may hold?? If so, why?*

A Yes. There is a limit of $2,000 for each individual, but each member of a family may hold bonds up to the limit.

Q *What is the price of Canada Savings Bonds?*

A 100%. That is, a $100 bond costs $100. If payment is not completed on or before November 15th, 1946, interest will be added to the purchase price.

Q *In what denominations are Canada Savings Bonds available?*

A $50, $100, $500 and $1,000.

CASHING OF BONDS

Q *Can I cash my bond at any time before November 1, 1956?*

A Yes, any branch in Canada of any chartered bank will cash your bond immediately at full face value, plus interest at 2¾%, upon your identification as the registered holder.

Q *Can Canada Savings Bonds be assigned or transferred?*

A They can be cashed, but not assigned or transferred. This is necessary to prevent any individual from acquiring more than the authorized limit.

INTEREST COUPONS

Q *What interest is paid on Canada Savings Bonds?*

A 2¾%—payable yearly on November 1st from 1947 to 1956, by coupon cashable without charge at any branch in Canada of any bank.

Q *Are interest coupons registered?*

A No. They are payable to bearer.

REGISTRATION PROTECTION

Q *Why is it necessary to register Canada Savings Bonds?*

A Registration gives protection in case your bond is lost, stolen or destroyed. It is also the simplest way to ensure that individuals do not hold more than the $2,000 limit.

Q *In whose name can Canada Savings Bonds be registered?*

A They can be registered only in the name of one individual, adult or minor, up to the amount of the authorized limit.

Q *Can Canada Savings Bonds registered in the name of a child be cashed?*

A Yes. Banks are familiar with the necessary regulations.

Q *Can Canada Savings Bonds be disposed of when registered in the name of a deceased person?*

A Yes, any bank will supply the necessary information.

Q *Can I replace my Canada Savings Bonds, if they are lost, stolen or destroyed?*

A Yes. It is wise, however, to keep Canada Savings Bonds in a safe place, as you would any other valuable documents. In case of loss you should immediately notify the Bank of Canada, Ottawa, of the circumstances.

HOW, WHEN AND WHERE TO BUY

Q *Where can I buy Canada Savings Bonds?*

A At any branch of a bank or from an authorized investment dealer, stock broker, trust or loan company — or through the payroll savings plan if this is in operation at your place of employment.

Q *How do I pay for Canada Savings Bonds?*

A In any of the following 3 ways:

1. By payment in full at time of purchase.
2. By monthly instalments through a bank, trust or loan company.
3. By regular deductions from pay, where employers operate the Payroll Savings Plan.

8 out of 10 will buy again....

THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Hello Homemakers! When we read of the feasting on Thanksgiving Day years ago, we wonder how people could eat so much. Moreover, in those days variety of foods was certainly the "spice of life." The kinds of unfamiliar dishes are too numerous to mention.

Our Thanksgiving menu should be limited to the foods necessary for our health and those foods which are plentiful — it should include very small portions of meat, butter and breadstuffs if we are going to enjoy a true Thanksgiving by conserving these foods for Europe.

Here are some recipes that are simple to do, yet so different in flavour.

ROAST DUCKLING ORANGE SAUCE

1 4-lb duckling, 6 green apples, ½ cup raisins, 2 cups stale bread crumbs, 1 tsp. salt, dash of pepper, ¼ tsp. poultry dressing, 2 tbsps. hot fat.

Wipe, singe and clean the duckling. Pare, core and dice the apples. Cover the raisins with boiling water, drain, chop and add to the apples. Add all remaining ingredients and blend well. Stuff the duckling and sew up. Wrap the bird in heavy brown paper, oiled so that the fat will flow into the pan. Place on a rack in a roasting pan; roast uncovered and without water till tender. Cook 1 hr. 25 mins. at 325 degrees. In the meantime peel an orange, scrape off and discard the white membrane, cut the yellow peel in thin strips and cook in 1 cup of boiling water for 15 mins. Drain and discard the water. Remove all the membrance from the orange sections and break them into a pan. When the duck is tender, add the dripping to the orange, add the cooked peel, ½ tsp. salt, ½ tsp. lemon juice and 2 tbsps. red jam or jelly. Simmer for 10 mins. then pour over the duck and serve.

BAKED CUCUMBERS

12 small cucumbers, 2 tbsps. flour, 1 cup milk, ¼ cup fine breadcrumbs, 2 tbsps. baking fat, ¾ tsp. salt, ¼ cup grated Canadian cheese, ½ tsp. paprika.

Peel the cucumbers and steam until tender. Place in greased casserole. Melt fat, blend in flour and salt and stir until bubbling. Gradually add milk, stirring until smooth, thick and glossy. Turn the sauce over the cucumbers. Mix the cheese, crumbs and paprika and sprinkle over top of dish. Bake in an electric oven (350 degs.) about 25 to 30 mins. or until nicely browned. Serves 6.

SCALLOPED CABBAGE DE LUXE

2 tbsps. baking fat, 2 tbsps. enriched flour, 1 can cream of mushroom soup, 1 tbsps. chopped onion, 2 tbsp. chopped pepper, 1 tsp. chili sauce, ½ cup milk, 1 head of cabbage cut in wedges.

Melt fat; add flour; blend. Gradually add soup and milk. Add onion, pepper and sauce. Cook over low heat until smooth and thick, stirring constantly. Cook shredded cabbage in small amount boiling, salted water until just tender; if in wedges, 15 mins. Drain, add sauce. Mix lightly. Serves 4 to 6.

MELON CUSTARD

3 eggs, ¼ cup sugar, few grains salt, 2 cups milk, scalded, ½ tsp. vanilla, melon cubes.

Beat eggs slightly; beat in sugar and salt. Pour milk over egg and sugar mixture. Return the custard to top of double boiler; stir over hot water until mixture forms a coating on a metal spoon. Pour immediately into a bowl; add vanilla. When cool pour into serving dishes. Cover each portion with a layer of cubed melon. Top with whipped cream and serve. Serves 5.

CHERRY TARTS (using a rolled oat pastry)

1 cup sugar, 2½ tbsps. cornstarch, ¼ tsp. salt, 4 cups tart red cherries, ½ tsp. salt, 1 cup flour, 1 cup rolled oats, 2/3 cup shortening, 3 or 4 tbsps. water.

Sift the flour and salt into a cold bowl. Add the rolled oats and blend in the fat. When the mixture resembles coarse crumbs, sprinkle the water over the pasty to bind it together. Chill the dough thoroughly before rolling it.

Mix the flour, sugar, salt and cherries together. Line muffin tins with pastry. Fill the cherry mixture. Bake 10 mins. in electric oven at 450 degs. A meringue topping may be used if desired.

THE QUESTION BOX

Mrs. M. T. asks: Should I cover the kettle in which I precook vegetables for canning?

Answer: Yes—helps to retain vitamin value and speeds up the boiling.

Mrs. J. Mc asks: Would leaving the skins on canned tomatoes cause spoilage?

Answer: No, but it is desirable to skin them. We might add, however, that we do not skin tomatoes when cooking them for tomato juice.

Mrs. G. B. asks: What will I do with canned cherries that have green mould on the top? What is the cause of green mould?

Answer: The product has not been processed long enough or the jar is not sealed airtight. A light growth of mould may be removed from the surface, the contents of the jar brought to boiling point and used immediately.

Mrs. C. T. asks: What can you do with home canned string beans which are too salty?

Answer: Cook with potatoes or another vegetable. Add a cream sauce, omitting additional salt.

Party For Two Hyndman Boys Recently Married

On Friday evening, October 4th, friends and neighbours of this vicinity held a social evening in the school house in honour of Mr. and Mrs. Tommy Francis, (nee Esther Cornett of Renfrew); and Mr. and Mrs. Bobby Beach (nee Neva Sorenson of Kingston), who were recently married.

The evening was spent in dancing and about eleven o'clock the following address was read by Mrs. Ray Grant.

Dear Tommy and Esther: It gives us much pleasure in assembling here tonight to take this opportunity of expressing our hope for your future happiness, and as you embark upon the sea of matrimony, may your voyage be a pleasant one, full of sunshine, and with just enough clouds to make a glorious sunset.

Although your work has made it impossible Tommy, for you to be with us quite as much as formerly, until now we have always felt that you belong to us and we rejoice that you are not so far away, but that we may see you often as time goes on and these ties of comradeship will not be broken.

To you, Esther, we extend our heartiest congratulations and best wishes for a really happy future and may God's blessing rest upon you and your home. As a token of the friendship that exists in all our hearts we ask you to accept this gift, as a remembrance of your friends and neighbours of Hyndman community.

The following address was read by Mrs. Harold Francis.

Dear Bobby and Neva: It is with a good deal of pleasure that we, your friends and neighbours have met here with you to-night to congratulate you on your recent marriage and to wish you many years of wedded life together.

You, Bobby, with your humorous disposition and cheerful personality have made for you many friends and now that you have been honorably discharged from your country's service we greatly rejoice that you will continue to be among us.

You, Neva, we welcome most heartily as a stranger to our community and we most sincerely hope you will ever find us loyal and worthy friends. We commend you in your choice of a partner and may health, happiness and prosperity be yours till life's journey ends.

As a symbol of these same good wishes we ask you to accept this gift and linked with it is the hope that as you use it you will ever be reminded of your friends and neighbours of the Hyndman Community.

The couples were presented with a five-piece metal bridge set by Ray Grant, Mansel Grant, Lorne Conley and Cecil Sommerville.

After they had spoken their thanks for the gifts and invited all to visit them, all joined in singing, "For They Are Jolly Good Fellows". Lunch was then served and dancing continued.

Hockey Night In Canada Again

Hockey fans from the Atlantic to the Pacific are to have Foster Hewitt back as their regular radio commentator for a play-by-play description of the home games of the Toronto Maple Leafs, when the hockey season gets under way next week. The dynamic sports commentator begins his 11th consecutive year of broadcasting on Saturday, October 19th, at 9.05 p.m. EST, over the CBC Trans-Canada network, with a description of the opening game between the Maple Leafs and the Detroit Red Wings.

Bundled in overcoat and scarf—but hatless because of an old superstition—Hewitt will broadcast his rapid-fire commentary of the play from the special radio gondola located 60 feet above the ice surface of Toronto's Maple Leaf Gardens. The broadcasts will extend to the end of regular playing time, or run overtime if required.

During intermissions, Wes McKnight, Elmer Ferguson, Hal Cotton and Bobby Hewitson, regular members of the "Hot Stove League", will get together with guests to discuss hockey pros and cons and compare events with exciting games of seasons past.

Selection of Foster Hewitt of the three stars of the evening's play will again be a feature of each Saturday's broadcast.

BOTTLE SHORTAGE SERIOUS

MAY CURTAIL BEVERAGE PRODUCTION SAY BOTTLERS

Immediate Return of Empties Urgently Needed

Right now there is a very serious shortage of bottles . . . particularly beverage bottles. Unless this bottle shortage is made up *immediately*, it may be necessary to cut down the production of the beverages you need and which come only in bottles. This is an urgent appeal to *you* to gather up *your* empty bottles and return them *without delay*.

Start a bottle round-up in your home *today*. Gather up the empty bottles in *your* kitchen—*your* pantry—*your* store room—*your* shed—*your* cellar. Sort them out and return them *at once*, or call the regular pick-up service. Your help is important . . . *the need is urgent*. Please gather up and return ALL empty bottles today or tomorrow *at the latest*.

Why a Bottle Shortage?

Canadian glass factories normally produce MILLIONS of bottles *every month*. The vital ingredient in bottle making is soda ash. Since July 12th the only big Canadian soda ash factory has been strike-bound. Since then the stock of soda ash has been used up . . . *bottle factories are closed down . . . bottles are not* being made today. Beverage bottlers and all producers of bottled liquids *must have your bottles back* to keep going. Bottling plants will close down too . . . if your empties are not returned.
