Thinking and doing

One must think. It is better to be intelligent than clairvoyant. It is more intelligent to be guided by one's mind than by distant stars.

Only through thinking can you excavate your talent and put it to use A man who was asked if he could play the piano was quite truthful when he replied: "I don't know: I never tried."

Positive effort and clear thinking can beget results that bear the mark of genius, which is the aptitude for producing excellent thoughts or things.

When thought has generated a reasonable plan, it should be carried into action. Men and women cannot save their humanness or contribute to civilization by existing as non-participating spectators of life. Passivity is negative.

A decision or a plan made and not acted upon is futile. Hesitation is the fatal flaw in the make-up of many men and women. Napoleon said that the reason for failure of otherwise good generals was their inability to seize the right moment for action. Even to make a small start is positively beneficial.

William James, psychologist and philosopher and one of the founders of Pragmatism, said: "If we wish to conquer undesirable emotional tendencies in ourselves we must assiduously, and in the first instance cold-bloodedly, go through the outward movements of those contrary dispositions which we prefer to cultivate."

Being positive means shifting your thoughts from the things that are against you and focusing them on the vast power that is for you. And having made up your mind to do something positive, spare no pains: do it thoroughly and well. It is the use we make of our capacities that determines the success of our efforts.

Give life to your positive ideas. Every person is, regarding his own life, like the leader of an orchestra: inspiring, guiding, restraining, co-ordinating, interpreting the manifold qualities of his being. He has stature. He believes in himself.

Snowmobile Safety Program

"Think snow" and "snow go" are phrases common to everyone who is interested in outdoor activities at this time of year. Snowmobilers are looking over their machines and gear to ensure readiness at the drop of the first white flake.

While you are waiting for the snow the Ontario Safety League suggests the clearance of trails before snow drifts impede the removal of hidden obstructions and the marking of trails for safe operation. Both activities move along more efficiently and with greater effect if done while the ground is dry and fallen tree limbs are visible

Recognizing that to operate a snowmobile safely, a snowmobiler must know where he is going, the Ontario Safety League developed colorful trailmarkers that readily identify the trail. Marked "Trail", "Danger", "Prohibited", along with directional arrows and light-reflective tape for night operating. The trailmarkers are reasonably priced for economical trail marking. This snowmobile safety program is now being used throughout the province by snowmobile clubs, winter resorts and government agencies.

Silence is Golden

Letter To The Editor

109 Eleventh Street, West,
Box 655,
Cornwall, Ontario.

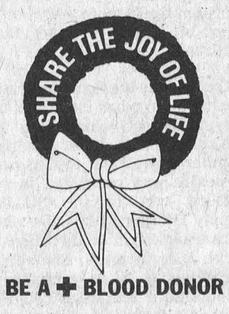
The Editor,
The Chesterville Record Ltd.,
Chesterville, Ontario.
Dear Sir:

On behalf of the Ontario Ministry of Agriculture and Food and the 4-H Club Leaders' Association, I wish to thank you for your continuing support of our 4-H Program for 1974.

Thank you.

Yours truly,
Brian C. Wilson
Ass't Agric. Rep.
Stormont County.



BE A ✚ BLOOD DONOR

Dear Ann Landers: Purse snatching has become so commonplace that it has happened at least once to almost every woman in our office. Please print this letter and let those terrible people know how much it would mean to a victim if they would just keep the money and return the I.D. cards, keys, credit cards, snapshots and other items which have no value whatsoever to anyone except the owner.

If they would only put themselves in the other person's shoes and be a little considerate it would mean a lot. Tell them, please. Thanks, Ann. — Manhatten Ms.

Dear M.M.: Of course it would "mean a lot," but consideration is not a characteristic one generally associates with purse snatchers.

I'm glad you wrote, however, because your letter gives me an opportunity to share with my women readers some practical suggestions on how to protect themselves against purse snatchers.

If possible, always walk with or near a group. Muggers and purse snatchers are always on the lookout for a person alone.

If you walk alone, don't walk close to the buildings. Walk near the street. Muggers and thieves lurk in doorways, small alcoves and alleys.

If you have a large sum of money or valuable jewelry, put it in a coin purse and tuck it in your bra or pantyhose. Don't carry it in your purse.

Never dangle a purse at your side, holding the straps by a couple of fingers. It's an open invitation for someone to come from behind, grab it and run on. Purses should be held close to the chest with both hands.

Finally, if someone approaches you with a gun or a knife and demands your money and your jewelry, don't utter one single word. Hand it over. Better to lose the jewelry and money than your life.

Dear Ann Landers: I always thought dinner time was supposed to be "family time" when everyone sat down to eat and talked about what happened during the day at school, at work, or discussed the current affairs of the world. At least this is the way it is in the homes of some of my friends.

Unfortunately, my parents must have a 'few" cocktails every night before dinner. By the time they make it to the table they are both stinko and in a foul mood. They argue over the most ignorant things, and then end up picking on my brother and me. They tell us to "shut up" when we ask them to please stop yelling and let us enjoy our meal in peace."

This has been going on for at least three years. My brother and I try to finish eating as soon as possible and get away from the table. Last night I gobbled down my food so fast I got indigestion.

Is there any way kids can get their parents to stop drinking? Mom and Dad are great until they get full of booze. Please, Ann — some advice. — J. Barleycorn's Enemy.

Dear J.B.: Join Al-Ateen. This organization is for teenagers whose parents are alcoholics. Al-Ateen has done a terrific job for thousands of kids. Write to the national headquarters and find out where and when they meet in your city. The address is: Al-Ateen Family Group Headquarters, Inc., Box 182, Madison Square Station, New York, New York 10010.

It's not always easy to recognize love, especially the first time around. Acquaint yourself with the guidelines. Read Ann Landers's booklet, "Love or Sex and How To Tell the Difference." For a copy, mail 35 cents in coin and a long, stamped, self-adressed envelope with your request to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

Ann Landers

Herbert Carkner Maple Ridge was elected president of the Association of Milk Producers for the **Montreal** Market for the coming year.

Mr. and Mrs. Eric Barkley, who were recently married were honoured by district friends at the home of the bride's parents Mr. and Mrs. Henry Whittaker, Morewood.

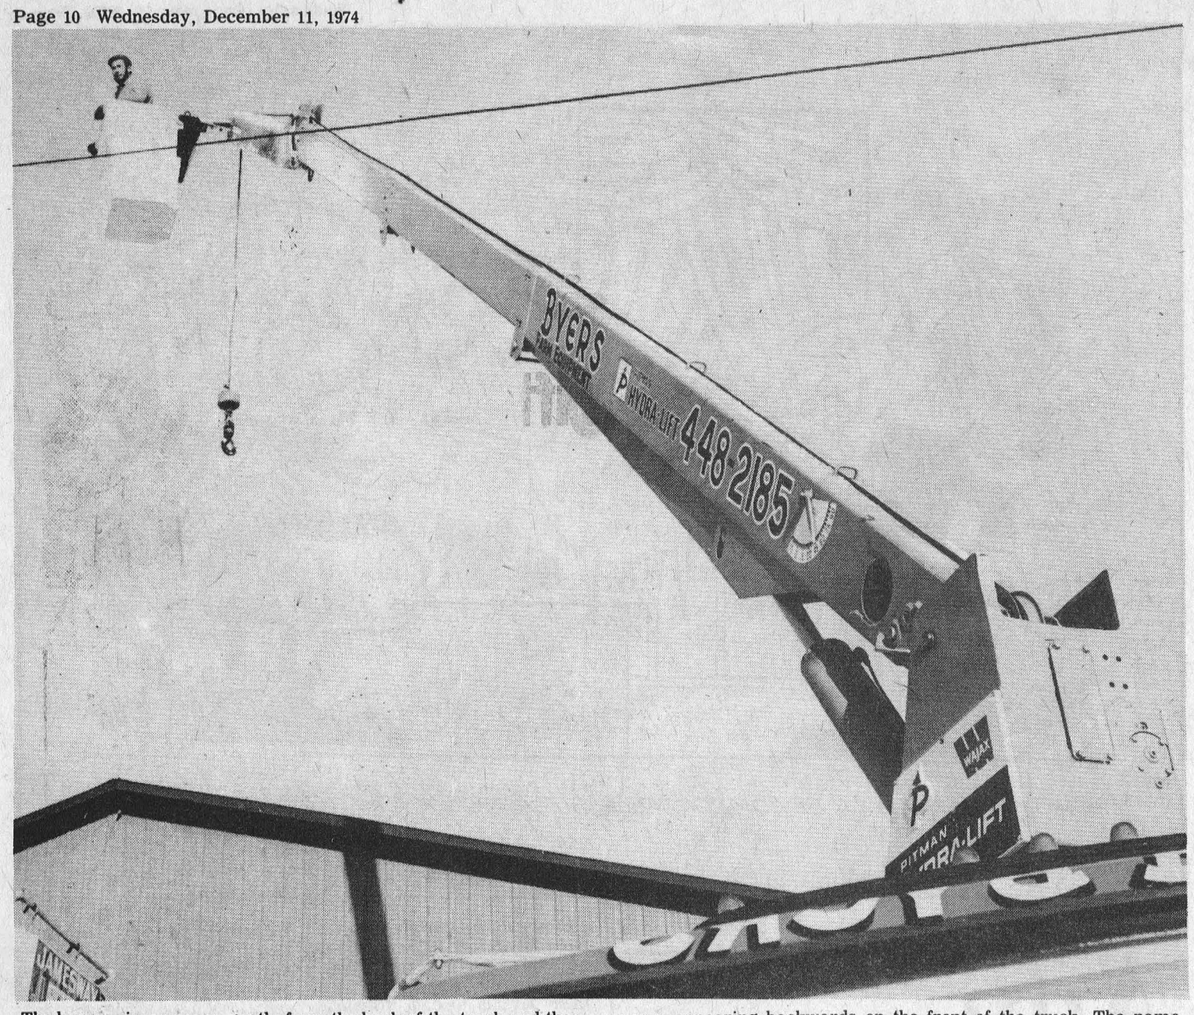
S.S. No. 7, Finch — Sr IV; Vera MacLean, Eleanor Adena MacLean, Betty Foley, Gerald Foley, John Casselman.

FANCY THAT!

"Vaccination"--a word coined in 1798 by Edward Jenner, the man who discovered how a cow disease could be used to prevent smallpox--is really Latin for "en-cowing"!

Today, although there are more vaccines available than ever, the percentage of children properly protected against potentially deadly childhood diseases is actually lower than it was 10 years ago!

In fact, of the nearly 14 million one-to-four-year-olds in this country approximately 5 million are susceptible to polio, measles, rubella, diphtheria, tetanus, whooping cough or mumps. An "Immunization Action Manual," created by Lederle Laboratories and distributed by drugstores, explains what your child should be immunized against, when, and why. Pick up a copy of the booklet, and have your doctor check *your* children's immunization record--for your children's sake.



The boom raises ever so gently from the back of the truck and then the two telescopes of steel start out. When the first one reaches the end the second unit extends. You have probably noticed the Byers name appearing backwards on the front of the truck. The name appears both normal and in reverse — the reverse printing is to be read in your rear view mirror. — Staff Photo.

New piece of equipment used daily . . .

Hydra-Lift added to Byers rolling stock

A few years ago Stuart Byers purchased a piece of property just north of Chesterville, on the property he built a house and a small building, from which he drew supplies for his construction business, plus retailing lumber to the general public.

Any resemblance today to the original beginning would be accidental — the Byers firm has doubled in size and then doubled again. Until today the local firm serves a great number of farmers in Eastern Ontario. And has the sole distribution depot for Jamesway Farm Equipment, which is built in Marshfield, Wis.

Today, December 1974, the Byers name is connected with a hardware store in Chesterville, the lumber yard still flourishes, and several trucks operate out of the Farm Supply Division, making new installations or doing service work. And Stuart Byers pointed out that the firm serves as agents for several other lines of industrial and farm facilities.

O course as the firm has grown, the work force has increased and the number of vehicles that ply the roads have also grown in number. The Byers' rolling stock basically was presented in two colours, red for the Building Supply Division, while the white vans travelled in all directions to serve area farmers. Sometimes there would be a cross-up in colours as a red truck could be seen on a farm job while the big white jobs were hauling in some lumber.

Another colour has been added to the latest piece of Equipment — the new Red Chevrolet C65 Stack body truck came equipped with a bright yellow Pitman HI-135 six-and-a-half ton Hydra-Lift.

A couple of weeks ago the new piece of equipment arived on the scene. At the time the truck had not been lettered and many assumed it was just someone passing through Chesterville, and the interest in the vehicle was not stimulated. When the new truck, with portable crane, kept appearing on the scene it seemed like time for further investigation.

The investigation was a short one, the Byers firm is noted for having the latest in equipment. And a drive north on the County road cleared the whole point. The bright red truck was parked in the yard alongside the several other pieces of equipment.

On a request to take a few pictures of the new piece of equipment we were asked to wait until the vehicle had received the traditional Byers Farm Equipment lettering.

Stuart Byers related that the crane had almost became a necessity for the firm as they make all types of farm equipment installations. He cited the installation of silo unloaders — in days gone by the equipment was pulled up the silo by the 'strong arm' fashion. And the task was strenuous and time consuming. Today the 'heavy Chevy' is rolled onto the site and at least to the 55-foot level the task is effortless. Mr. Byers pointed out that beyond 55' the old method has to be used.

The Hydra-Lift is mounted on a C65 Chevrolet truck and when down and retracted it makes a very mobile unit which is easily and quickly moved from job to job. The boom on the crane is of the 'A' frame type which telescopes at two stages. Just below the platform, where the controls are mounted, are two stools which are dropped and extended until they reach the ground making the unit very stable. The unit comes with dual hydraulic controls which can be operated from either side.

The new 'crane' arrived about the middle of November and it has been used daily since. One day last week the crane was used to unload roof steel from three transports at a local industry.

As was related, the Byers firm is the sole Canadian distributor for the Jamesway Company, which manufactures all types of farm equipment. All equipment coming into Canada is shipped directly from Marshfield, Wis., to Chesterville. The transports are unloaded at the Byers yard and the equipment has to be reloaded for shipment across Canada. The new piece of equipment makes quick work of unloading and loading the many trucks that call at the Chesterville firms.

Stuart has made good use of the 'Lift' for his own work, and he pointed out that raising or lowering the boom on manure stackers used to be quite a task, once more the new piece of equipment has capably filled the bill.

The possible uses for the 55' mobile crane are endless as it even comes equipped with a bucket which can be attached to the end of the boom.

Bev. Carbino, who has been with the Byers Firm for a number of years, in a short couple of weeks has turned into a pro at handling the mobile unit.

How many times have you heard someone say they wished they had a 'sky hook' to handle a difficult job. Byers Farm Equipment may not have a sky hook, but if you need something done at the 55' 'sky level' a call to the firm will probably bring a solution.

Now that's what we call nerve! Fifty-five feet in the air, 8.30 in the morning and still a big wave for the spectators. Last Thursday morning was the first time the basket had been attached to the boom of the crane. And guess who would be the first man to try it out — none other than the regular operator of the piece of equipment, Bev Carbino. When you compare the height of the boom to the roof of the building — you have to figure you could cast quite a line with this reel.

When the Pitman Hydra-Lift is in the down, retracted position, the piece of equipment doesn't look all that cumbersome. Here we show Stuart Byers at the controls as Byers employee Frank Beckstead prepares the end of the boom for the basket, which is about to be attached. — Staff Photo.

Don Irvine addresses Progressive-Conservative Assoc.

Minister of Housing Don Irvine was in rare form Friday night as he delivered a fired up address to a large crowd of supporters at the annual meeting of the Grenville-Dundas Progressive Conservative Association held in Kemptville Legion Hall.

Directing his attack primarily at an opposition that "offers nothing constructive in the way of criticism" the busy member for Grenville-Dundas also took off on the "negative thinkers" in the province. "There is too much negative thinking in Ontario to-day, indeed in Canada, and it's time we changed our tune to something more positive. Criticism just for the sake of criticism is simply not good enough, there must be alternatives" Mr. Irvine said.

Obviously fired up by the growing and in his words "often unfair" criticism of Premier Bill Davis and the Conservative government Mr. Irvine said that "its about time all of us took stock to determine how well off we are in the province of Ontario." Admitting that there have been mistakes (we are trying to correct them) he asked his attentive audience if they were really aware, for example, that the province's health scheme was acknowledged as the best in the world. "So is our educational system", Mr. Irvine pointed out, as he explained that we enjoy one of the best standards of living known anywhere on the universe. "Yet we are criticized because we do not provide more and more . . . but at what price?"

He referred to Premier Bill Davis as a man who is taking the rap for a lot of things he is not responsible for, "and in my opinion he is a great leader and a great premier and I think it is time for the people to get off his back and to appreciate the high calibre man we have in leading our provincial government."

The economy of this province holds a triple A rating and is regarded by financial experts around the world as one of the soundest anywhere. "Yet", and the speaker shakes his head in apparent disgust "we are criticized for our policies on financing." He admitted that inflation is a problem and that there is a very real threat of recession and higher unemployment in the country, but he lambasted the federal government for not meeting the problem head on and for not making the necessary leadership available through sound acts of legislation. "We are doing everything possible at the provincial level to stem the tide of inflation and to correct recession but we are not getting any co-operation from either Mr. Trudeau or Mr. Turner (federal minister).

Referring to Eastern Ontario he said that it is not the forgotten part of the province, that it is indeed coming in for its fair share. "And there will be more as time goes by but we cannot expect the answers to all of our problems to happen over night." He referred to grants which had helped all Ontario Municipalities lower the tax rate and said that "if you think our roads are bad I can take you to many other areas on this North American continent where they are much, much worse."

Commenting on the Civil service demands for a 61 percent increase in one year Mr. Irvine said, "the government of this province will not bow to such ridiculous demands. We simply cannot afford it." And he was roundly applauded by the large crowd for the stand he said his government would take in this matter. Concluding his address he said that communications between Toronto and the rest of the province had to be improved. With this in mind Mr. Irvine introduced to the gathering Miss Polly Butteriss from his Toronto office who from this date on will be his personal secretary to look after all calls for asistance from the riding.

In announcing Miss Butteriss' role in constituency affairs Mr. Irvine explained that "my interest will still be with my people in Grenville-Dundas. Miss Butteriss' appointment to this special post is simply an effort to create better communications between myself and the riding. As a cabinet Minister I can be in Northern Ontario on Tuesday night, Eastern Ontario Wednesday night and Western Ontario Thursday night. And even an 18 hour day for practically every day of the week is still not sufficient. So I ask for your co-operation and your understanding. I will do my best at all times to represent you." He said the next provincial election would be held "sometime" next year. Asked about redistribution in a question and answer period following his address Mr. Irvine said that he had done everything possible to keep the riding together. As well there have been several briefs submitted to the commission on redistribution. He was hopeful that Grenville-Dundas would stay "together" in any redistribution.

He was introduced by retiring president Sam Ault who presided at the meeting. The treasurer's report was given by secretary Doug Grenkie of Morrisburg.

Let's Get Organized This Christmas

New homemakers facing their first Christmas preparations or even more experienced homemakers sometimes welcome suggestions for organizing the Christmas dinner so they can enjoy the day and not be completely exhausted.

1. Write out the menu for all meals for Christmas day.
2. Write out shopping lists early. Make one for the non-perishable staples which may be purchased when shopping well in advance of Christmas week. The second list will contain those items which are perishable and must be bought closer to the holiday.
3. List those things which may be prepared one or two days before Christmas, such as the pudding sauce, mince pies, jellied salads, etc.
4. List jobs which can be done by you or members of the family in advance such as assembling the extra dishes, silver and linen to be used.
5. Start thawing the turkey far enough ahead so it will be thoroughly thawed. Once thawed, the bird may be held for up to two days in the refrigerator before roasting. Remove the freezer bag when turkey is thawed, rinse, dry and wray loosely with waxed paper, plastic film or foil to keep from drying out.
6. Christmas eve, assemble ingredients for the turkey stuffing but do not make and put it in the bird until just before it goes in the oven. Dry ingredients need not be refrigerated.
7. Clean vegetables and get them ready for the last minute preparation. Wash salad greens and store in refrigerator in a plastic bag. If celery and carrot curls are on the menu, prepare them and store in a covered glass sealer or plastic bag, moisture which clings to them will keep them crisp.
8. Fill candy and nut dishes, cover and store out of reach of nibblers.

Recipes for Yuletide Entertaining

Festive Eggnog

10 eggs, separated
¾ cup sugar
2 cups dark rum or rye
4 cups whipping cream, whipped
nutmeg

Beat the egg whites until they form very soft peaks. Beat the egg yolks until they are just mixed, then begin adding the sugar while continuing to beat; add the sugar slowly until it is absorbed, then while beating slowly, pour the rum (or rye) into the yolks. Whip the cream very lightly and stir it into the beaten yolks, then fold the yolk mixture into the whites. Stir with a wire whip to make eggnog nice and smooth. Top each serving from the bowl with a sprinkle of nutmeg on top of the glass. Serves 12 - 16.

Frothy Christmas Sauce

2 eggs, separated
½ cup icing sugar
½ tsp. vanilla
¼ tsp. almond flavouring
1 pkg. topping mix (or whipping cream) whipped

Beat egg yolks thoroughly. Gradually add icing sugar and flavourings and beat until light and creamy. Beat egg whites to soft peaks stage. Fold egg whites and whipped cream into egg yolk mixture. Serve over hot Christmas pudding.

Savory Egg and Ham Dip

2 cans (3 oz. ea.) devilled ham
2 hard-cooked eggs, finely chopped
2 tbsp. mayonnaise
2 tbsp. finely chopped celery
1 tbsp. chili sauce
1 tbsp. drained green relish
salt and pepper

Combine ingredients, mix well. Chill, Serve with crackers, bread or toast rounds.

Miss C. Hunter hosts Morewood W.M.S.

The Morewood Presbyterian Women's Missionary Society held their annual meeting at the home of Miss Carrie Hunter on Thursday, December 5th. After welcoming all to the meeting, the President, Mrs. Doug Hunter, read a most appropriate message for the coming holiday season. The minutes of the last meeting were read and approved and the roll call answered by 10 members. All pertinent business matters were dealt with promptly and reports heard with regard to Literature, Supply and Friendship and Service.

Special mention was made with respect to the presentation of seals to eight of the Explorer girls. The members of the Women's Missionary Society and others interested in mission work, through their offerings and special donations, purchased these eight seals at a cost of $40.00. At a recent Sunday morning service, Mrs. Don Carlyle presented these seals on behalf of the WMS at Morewood. The Explorers, Children of the Church and CGIT are sponsored by the WMS with regard to leadership and assistance in providing mission study.

As this was the Christmas meeting, carols were sung throughout the worship service which was conducted by the President. The worship service taken from the Glad Tidings was entitled "No Richer Gift". Based on the theme of gifts, one candle was lighted to represent Christ — the Light of the World. Four smaller candles represented the four gifts from God — gift of strength — gift of hope — gift of peace — and gift of love. Taking part in this inspiring Christmas service was Mrs. Don Carlyle, Mrs. Hazel Steen, Mrs. Ross Nurse and Mrs. Roger Helmer.

After the meeting was closed with prayer, the new slate of officers for 1975 were installed by Mrs. Zoe McQuaig as follows: President, Mrs. Doug Hunter; Vice-President, Mrs. Ross Nurse; Secretary, Mrs. Don Carlyle; Treasurer, Mrs. Art Koolwine.

BIRTHS

November 30, 1974 — Mr. and Mrs. Donald Griffith, Winchester, Ontario, A Son.

December 1, 1974 — Mr. and Mrs. Richard Bowman, Williamsburg, Ontario, A Daughter.

December 2, 1974 — Mr. and Mrs. John Baldwin, Kenmore, Ontario, A Daughter; Mr. and Mrs. Dwayne Merkley, Chesterville, Ontario, R. R. 3, Twin Sons.

BOOKMOBILE VISITS

Monday, December 16 — Bonville 1:30 - 2:30; Williamstown, 3:00 - 4:00.

Tuesday, December 17 — Dunvegan 3:15 - 4:00.

Wednesday, December 18 — Martintown 10:00 - 12:00; Monkland 2:30 - 3:00; Greenfield 3:15 - 3:30.

Thursday, December 19 — Laggan 10:15 - 12:00; Glen Sandfield 1:45 - 2:15; Dalkeith 2:30 - 4:00.

Friday, December 20 — Williamsburg 11:00 - 11:30; Elma 1:00 - 3:00.

Avonmore Ladies' Aid holds Annual

The annual meeting of the Ladies Aid Society of St. Andrew's Presbyterian Church, Avonmore, was held Tuesday evening, in the Sunday School room.

The meeting was preceeded with a pot luck supper. Several members and guests were present. An exchange of Christmas gifts and a social hour followed the meal.

Mrs. Bush, President, called the meeting to order, assisted by secretary Mrs. James Tinkess. Worship Convener Mrs. O. Kyle presented the meditation based on the Christmas message.

Roll call was answered with the payment of membership fees for 1975. The Treasurer, Mrs. Ferguson, gave a gratifying report on the turkey supper held in November.

Under new business, the Society decided to send a sum of money to the Armagh Home in Toronto and to the Ontario Hospital for Children in Smiths Falls.

The slate of officers for 1975 was presented by Mrs. Clifford MacElheran: Hon. President, Mrs. Neil Bush; President, Mrs. O. Kyle; 1st Vice-President, Mrs. Gordon Campbell; Secretary, Mrs. Sterling Lang; Treasurer, Mrs. John Ferguson; Worship Convener, Mrs. M.F. MacRae; Lunch Convener, Mrs. Willis Grant; Baby Gifts, Mrs. Clifford McElheran; Memorial Bibles, Mrs. Jack Bush; Manse Committee, Mrs. Kyle and Mrs. D.D. Cameron; Cards, Mrs. James Tinkess; Auditors, Mrs. J. A. Cameron and Mrs. Fraser MacRae.

Mrs. D.D. Cameron and Mrs. John Blair agreed to pack Christmas boxes for shut-ins.

The meeting closed with prayer.

Merry Christmas?
Christmas is a season for merriment. Unfortunately it's also open season on fires.
Christmas tree lights, presents wrapped in tissue paper, the Christmas spirit enlivened by alcoholic spirits—they all add up to potential tragedy.
So now is the time to make sure your insurance is in order. That it accurately reflects the ever-increasing value of your home and its contents.
Contact your independent insurance agent or broker. He'll give you unbiased, informed advice about your insurance needs.
He represents many different insurance companies and can recommend one that will serve you well if fire should strike.
Your independent insurance agent and broker serves you first.
At Christmas. And all year round.

Flyers bow to Cardinal, 5-2

On Wednesday, December 4th, Chesterville Flyers hosted Cardinal at the local arena in regular league play.

The first period saw Cardinal roar to the offensive, scoring with only forty seconds gone in the game. R. Patrick drew first blood for Cardinal on a goal-mouth scramble. P. Byers and S. Montpetit were credited with assists.

Flyers' Alternate Captain Lorne Cook assisted by linemates Kevin Blair and Barry Sullivan knotted the count at the 2:13 mark. Both teams then seemed to settle into a defensive shell as neither could muster another tally in this period.

Flyers' veteran goalie Rick Sproule was kept busy as Cardinal poured in relentlessly, trying to get the go-ahead goal. Only two penalties were called as Cardinal's St. Louis was tagged for interference at 1:50 and Flyers' Dave Barkley was penalized for tripping at 5:58.

The second period saw Cardinal's D. Berry notched two and singles went to E. Byers and P. Byers. M. Davy and E. Byers both drew assists. The lone marksman for Chesterville was veteran defenceman Tom Droppo, assisted by defenceman Dave Richards at 14:37.

Again only two penalties were called in this frame — Flyers Wayne Dillabough at 3:41 and Cardinal's S. Moffit at 8:57 were the two penalized players.

The third period saw Flyers' chances of a comeback march out the window, as they seemed to be content to try and intimidate Cardinal, rather than put the puck in the net, resulting in a steady parade to the penalty box. Penalized for Cardinal were — R. Patrick for roughing, D. Berry a ten-minute misconduct, E. St. Louis for high sticking, Mr. Davy for tripping, B. Quinn for roughing and P. Byers a bench minor. Flyers' penalized were — Steven Stewart for high sticking, Tom Droppo for roughing, Greg Casselman for cross checking, Lyle Servage for slashing and Kevin Smith a ten minute misconduct for trying to incite a player into a further penalty.

The final score of 5-2 for Cardinal was not truly indicative of the play, as Flyers' goalie Rick Sproule turned aside many, many Cardinal shots in the first period-and-a-half to keep his team in contention.

Cardinal continually out-hustled and out-played the Flyers, who seemed to be in a daze as they played their worst game of the season.

Chesterville will play three games this week, on Monday night they took on Iroquois in Cardinal, tonight they play at home against Spencerville and Friday night they travel to Athens.

Coach rates Legion Pee Wees 'Inconsistent' although team sports a 16-2-2 record

The thing that upsets players and coaches alike in all Peewee Hockey is inconsistency. Chesterville Legion Peewees are no exception.

Although their record for last week is pretty impressive at first glance, one should have a look at the opposition before drawing conclusions.

Last Tuesday, Legion travelled to Morrisburg to play a team that they had previouly beaten twice. Although Legion posted a 3-1 victory, the score was not indicative of the play. The locals, apparently out for a skate, played their worst game of the young season. And only the outstanding goal tending of Jeff Moore and Eddie Witteveen kept them in the game.

Marque Laflamme led Legion with a pair of goals, with Don Richards adding a goal and an assist. Assists also went to Dave Byers, Garry Beckstead and Curtis McMillan. B. Howard replied from J. Findlay for Morrisburg.

On Wednesday night at Chesterville arena, the North Franklin Minor Hockey Association of Fort Covington, N.Y., sent its Atoms, Peewees and Bantams over and fans were treated to three fine games.

C. of C. Atoms defeated North Franklin 5-3 while the C & M Bantams dropped a close 3-2 game to a super North Franklin Bantam Team.

Legion, however, snapped out of their poor playing and put on a dazzling display in dumping an excellent North Franklin team to the tune of 4-0. The game featured end-to-end rushes and all of Legion's goals were scored in the second period. The contrast was remarkable between this game and the previous one against Morrisburg.

Scoring the first and winning goal for Legion was Marque Laflamme from hard-working Dave Byers. Curtis McMillan then went to work and scored from Glendon Shay. Glen Patterson made it 3-0 from linemate Mike Beckstead and Derrick VanDelst. McMillan closed out the scoring at 4-0 with his second goal from Richards and Rick Grisel.

Goalies Witteveen and Moore were again at their best shutting out their American guests.

Legion was then faced with playing Prescott in Chesterville on Saturday and in Prescott on Sunday. These two games were extremely important to the locals. A pair of victories would keep them within three points of undefeated Cardinal in the nine team Upper St. Lawrence Minor Hockey League's Peewee Division.

But after a great game against North Franklin, the locals couldn't seem to shake Prescott's checking game and needed a Don Richards goal with 1:15 left in the game to post a 3-2 win. Curt McMillan banged in a loose puck with the game only 13 seconds old, only to have C. Lavery tie it up for Prescott. The teams traded second period goals as Derrick VanDelst scored from Mike Beckstead and Glen Patterson. Prescott's J. Lane made it 2-2 shortly before the end of the second frame. Legion had numerous chances in the third but couldn't get the puck by J. Coville, a tower of strength in goal for Prescott.

Richard's last minute goal from Garry Beckstead made it 3-2 for Legion.

On Sunday, Legion realized that another "ho-hum" effort would probably result in not being able to catch up with Cardinal. What they didn't count on was Mr. Coville in nets for Prescott being guilty of theft. The young goalie closed the door on Legion and was bested only once, by Dave Byers. The Prescott gang checked Legion into the ice and their persistence payed off as Prescott's Margison scored from D. Nolan with 8:30 left in the game to make it 1-1.

And so a combination of good checking by Prescott, poor forechecking by Legion wingers and poor ice conditions increased Cardinal's lead to 4 points in league standings.

A look at Chesterville Legion Peewees' record over the first twenty games of the season, however, shows that although the youngsters are sometimes inconsistent, they are a team to be reckoned with. The youngsters have 2 losses, 2 ties, and 16 victories.

Their big game of the season will be tonight, Wednesday, against Cardinal. Future games of interest — this Saturday against Alexandria, Sunday in Cardinal against the Brockville Peewee Warriors "A" team.

Minor Hockey healthier following Mon. meeting conveners volunteer, booster club formed

Monday evening of this week just may have been a big evening for minor hockey for Chesterville and District. On this evening a public meeting was held in the Community hall to work out some of the problems that have cropped up in the system.

Since 'day one', when the arena was opened, the costs of running the show have increased considerably while the adult participation has shown a steady decline, until it had reached the point where coaches of minor teams were called upon to fill several rolls besides coaching. This current season found many of the coaches fed up with the dual-roll system and the resignations started appearing at the recreation meetings.

The cost of minor hockey at the arena had steadily climbed until for this season the registration fees were boosted to help meet expenses.

With the cost climbing, the resignations coming in and general disatisfaction from coaches and parents it was decided to call a general meeting, seeking help and ideas for minor hockey.

Although there was a surplus of donuts following the meeting, about 35 interested persons showed up to offer their services, debate the issues and offer constructive criticism.

Recreation Director Doug Moses set the pattern of the meeting, he explained that minor hockey was not going to badly at the moment. But he expressed concern when the tournaments roll around and he wondered out loud what was going to become of hockey in the next couple of years. Mr. Moses said "Minor Hockey just might fold another year, if we don't get more help."

Nelson LaPrade, who just recently won in the municipal elections for Chesterville Village council, said he was reluctant at this time to offer his services, as he had been declined on several occasions in the past. The Recreation Director pointed out that he was not familiar with things that has happened in the past and he welcomed Mr. LaPrade's offer to assist.

When the Recreation Committee was questioned on how the funds were distributed they had on hand the complete accounting books from the clerk's office, which they offered to throw open for anyone's scrutiny. The fact that the books were on hand and open to the public seemed to be adequate proof that everything was fair and above board.

Bernie Harper spoke on behalf of the Hockey coaches. Mr. Harper pointed out some of the reasons why hockey coaches had given up dual positions as coaches and executive. He felt that coaching and administration were two separate tasks and it was literally impossible for one person to fill the two rolls.

Mr. Harper stated that the Minor Hockey system needed direction and a philosophy. "As it stands at the moment each division is merely doing their own thing" he said.

The hockey coach in closing said "We, the Minor Hockey Association, need help".

Ben Archer related an incident which he had been confronted with on several occasions this current season. According to Archer he supplies and drives a vehicle which carries minor hockey players to and from the arena. Mr. Archer said that on several occasions, when he was picking the lads up early in the morning, he was called upon to not only transport the child but to get him out of bed and wait while he got dressed. Mr. Archer was less than enthusiastic with some of the parental co-operation.

The debate became a bit heated as Nelson LaPrade related that he had been at the arena this past week-end and had witnessed a youth drinking beer in a public building. Mr. LaPrade was emphatic that the people in charge should have dealt directly with the violation of the law. The Recreation Director was not in agreement with LaPrade and he stated that all that could be done at such a time was to call the proper authorities. Mr. Moses was reluctant to agree that arena attendants should take the law into their own hands.

The recreation director put forth the idea that the arena should be split for some of the younger-aged players in the minor system. Harry Craig was spokesman to this suggestion and he quite emphatically stated he disagreed. Mr. Craig used for arguments that the ice time used by his division was from four to six in the afternoon. And Mr. Craig pointed out that these hours would be extremely difficult to rent out. The spokeman went on that the young players needed the full ice surface to adequately learn the fundamentals of the game. The problem was not resolved at the meeting and Mr. Craig in his closing statement said "If that is the way you feel about minor hockey, I suggest you rent the whole thing to outsiders."

Bernie Harper once more took the floor and answered questions on where help was needed for the minor hockey system. He said "We have great co-operation for transportation, very simply we need money."

Nancy LaSalle for the Recreation Committee, asked for a show of hands of those who would be willing to work on a minor hockey booster club. Eleven of the thirty-five at the meeting raised their hands that they would help. The names were quickly recorded, and included — Esther Johnston, Joe Baker, Peter VanKessel, Erik Thompson, Bob Gilroy, John VanDelst, Mike Brannen, James Brannen, Ben Archer, John Witteveen, Rev. E. Earle Eaton. Following the public meeting the 'booster club' held a short session at which James Brannen was named chairman to be aided by assistant R. Eaton. The 'club' hashed over some ideas to get the show on the road.

It was related that there were several positions left vacant through resignations on the Chesterville Minor Hockey Association. Volunteers were asked to come forth to fill the positions, with the following results — Minor Hockey Chairman Nelson LaPrade; Vice-Chairman, Rev. E. Earle Eaton; Bantam Convener, Ben Archer; Midget Convener, Mike Brannen; Peewee Convener, Bob Gilroy.

With many of the problems out in the open and several positions filled on the minor hockey association everyone seemed in agreement that the public meeting had served a very useful purpose.

St. Lawrence Junior B Hockey

Weekend Scores —

December 6 — Alexandria 10, Cardinal 7: Morrisburg 3, Long Sault 2; Metcalfe 9, Winchester 3; Cornwall 8, Prescott 3.

December 7 — Cornwall 9, Cardinal 3.

December 8 — Metcalfe 4, Alexandria 3; Cornwall 5, Morrisburg 2; Prescott 7, Long Sault 3.

Junior 'C'
HOCKEY
League Game
Cornwall Twp.
vs
CHESTERVILLE JETS
Chesterville Arena
TUES., DEC. 17
8 p.m.
Come out and see Chesterville's newest Team in action

Cornwall Twp. close second

Chesterville Jets number 'One'

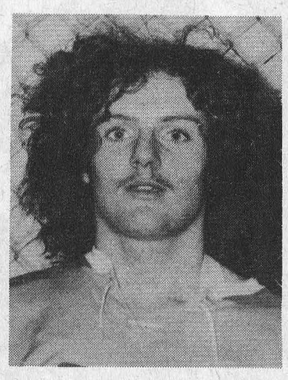
Chesterville Jets, newcomers this year to the Junior 'C' League are making quite a name for themselves. At the local arena, and on the road, they have a keen and enthusiastic following of spectators. The home games at the local arena, each Tuesday night, see even more people out to see the lively Junior action.

There are reasons to follow the young players — the team is comprised almost entirely of local players, the play is rugged and fast; and last but not least, Chesterville holds down the top spot in the six-team league.

Following 11 games played Chesterville has 14 points from five wins, four ties and two losses. And don't let us suggest that Chesterville is running away with the league — only seven points seperate the six teams and some teams have a couple of games at hand over the locals. The standings could change drastically over the next couple of weeks.

Holding down second spot is the Cornwall Township Polaris team which each time out makes the going tough for the competitors. Maxville holds down third spot with eleven points, Avonmore Aces fourth with 9 pts, and the Charlottenburg Rebels and Finch Township are locked in fifth place with seven points each, but Finch has only played seven games, they have at least two at hand over their competitors.

If the present trend continues through the season, by playoff time the 'Juniors' shouldn't have any trouble filling the arenas for the wrap-up.



Tom Feeley

Tom Feeley, following a two-year absence, has returned to the ice to compete at the Junior level. The young defenceman was a bit out of shape at the start of the season but is now settling into his stride and is contributing greatly to the Jets' effort.

Last Tuesday evening Finch was in town to test once again the talents of the Jets. In some of the original encounters between the two teams, Chesterville in the beginning had the upper hand and won easily. In a second meeting, on the road, Chesterville bowed to the Finch lads. So when they met last week it came up as a rubber match. And Chesterville was pressed to win a close 4-3 match.

In the first period Finch came out skating and their passes were clicking. Their aggressiveness resulted in two first period goals. The Jets, at this point in the game, were a bit flat as they missed passes and checks. Towards the end of the period Chesterville started to move and they clicked for a goal with only 12 seconds left in the period. At the end of one it was Finch 2, Chesterville 1.

The marksmen for Finch were — F. Biere, unassisted, at 1:59, a short-handed goal; D. Baker from F. Biere at 10:01. Dave Cross and G. Ziebell assisted on the Chesterville goal scored by Dave Arnold at 19:48. Five penalties were called in the opening period — three to Finch, D. Baker for elbowing, B. Moran for tripping and D. Baker a second call, a 10-minute misconduct, for talking. Chesterville's penalized were — Larry Gallinger for holding and Doug Shay for high sticking.

The second period saw both teams pasing and checking. Penalties were even with two each. Jets scored the only goal of the period. But both teams were hand-cuffed by excellent goal tending by Steve Droppo for Chesterville and Luc Martin for Finch. The second period ended with the teams even at 2-each. The lone Chesterville goal was scored at 12:45 by Gord Ziebell from Doug Shay. Chesterville players took two penalty calls in the middle frame — Gord Ziebell for charging and Larry Kelly for tripping. For Finch — D. Baker for tripping and R. Dingwall for tripping.

In the third period things rolled along at a normal pace, until approximately five minutes remained in the game. Three goals were scored in fifty-five seconds, two by the Jets and one by Finch. Both teams skated and played excellent positional hockey in the last half of the third period. As one faithful fan said "It was a spectator's game." Final score — Chesterville 4, Finch 3.

Chesterville's goals came off the sticks of Greg Casselman and Gord Ziebell. Dave Arnold drew assists on both goals and Dave Crops drew an assist on Ziebell's effort. G. Lefebvre, on a solo effort, was the lone marksman for Finch.

Eight penalties were called in the third period with Finch taking five — G. Lefebvre for tripping, R. Dingwall for tripping, D. Baker for tripping, Dale Swerdfeger for tripping and Luc Martin, the Finch goalie, drew a game misconduct at the 20:00 minute spot. Chesterville's penalized were — Greg Casselman for high sticking, T. Feeley a 10-minute misconduct for talking and Don Crowder for elbowing.

Stormont Oldtimers play 2 games, win 2

The Stormont County Oldtimers Hockey team are having a rough time coming up with opposition to test their talent. To date all opposition but one has fallen to the 'Countymen'.

Last week was no exception and the Stormont Oldtimers saw two more opposing hockey teams fall by the wayside.

On Saturday, with the game in Williamstown, L. and R. Golden Eagle of Cornwall provided the opposition. At the final bell the score stood at 10-6 in favour of the 'Countymen'.

Scoring for Stormont were — Barry Brownlee with three, John Gove with a pair and singles to Bunny Warner, Pat Cooper, Claude Mainville, Willie McDonald and George Leguie. Cornwall marksmen were — Claude Disotell and Barry Fenton, each with two and singles went to Ray Desrocher and Ray Montroy.

STORMONT 5, OSNABRUCK 2

The action moved to Finch arena on Sunday afternoon with Stormont County Oldtimers against the Osnabruck Oldtimers. Once again the Countymen skated to a 5-2 win.

Scoring for Stormont were — Willie McDonald, a pair; with singles by Bunny Warner, Dalton Ouderkirk and Harry Fetterly.

Osnabruck marksmen were — Bruck Grant and Stan Isaac.

The Stormont team will see action this week-end when they take on the Alexandria Oldtimers. The Countymen will be given the opportunity to even the score with Alexandria, who won an original match.

Top Students Honoured At N.D.D.H.S. Achievement Night

Athletes from North Dundas District High School, who had made a mark over the past year, were introduced to the large crowd that attended the Student Achievement Night that was held last week. Pictured above are members of the Junior Girls' Basketball team. Each player received a school plaque to be engraved with name and League Championship, 1974. Front row from the left — Lori Boyce, Kim McIntosh, Leann Rushton, Darlene Summers, Colleen Martin. Back row from left — Kim Boyd, Kathy Workman, Juli Holmes, Kathy Smith, manager; Martha Justus, Vicki Lennox, Hugh Conlin, Physical Education Teacher and Team Coach.—

Student Achievement Night was held at North Dundas District High School last Wednesday evening. The students pictured here were awarded N.D.D.H.S. Pins for attaining the highest academic standing in their respective programs. From the left — Harvey Bowman, Gold in Preparatory-Practical; Linda Holmes, Silver, Level II; Laura Holmes, Gold, Level II; Heather Alguire, Silver, Preparatory-Practical; Martha Justus, Gold, Level I, here accepts her award from Principal D. W. McGahan; Jo-Anne Gibson, Silver, Level I; Megan Justus, Silver, Level III and Janet Graham, Gold, Level III. — Staff Photo.

150 attend Seaway Chemicals Annual Dinner

Seaway Chemicals branch of the Rohm and Haas Company held their annual dinner and dance at the Morrisburg Civic Centre last Saturday night.

The Municipal Hall was decorated for the Christmas season and approximately 150 were in attendance to enjoy a delicious supper served by the ladies of the Women's Institute and I.O.O.F.

A period of socializing followed dinner, with dancing for the rest of the evening.

The door prize was won by Mr. Ron Smith.

South Mountain

Mrs Ab Tallon returned home on Tuesday evening after spending a few days with her sister-in-law Mrs Clara Richardson and son Morris in Ottawa.

Mrs Viola Marchand spent Monday with Mr and Mrs Robert Marchand and family in Winchester.

Miss Janice Weagant of Mariatown called on her sister and brother-in-law, Mr. and Mrs. David Black and daughter Sherri on Sunday.

Mrs. Viola Marchand and sister Miss Muriel Stnaley, and Mrs. John Johnston spent last Thursday in Kemptville.

Mrs. Neil Doyle accompanied by her brother Lorne, called on her sister, Miss Mary Ann Mulloy on Sunday afternoon. She was also accompanied by Mrs. Delbert Fawcett whose husband is a patient in Winchester District Memorial Hospital.

Mr. and Mrs. Robert Marchand and family of Winchester had dinner with the former's mother, Mrs. Viola Marchand and sister, Miss Muriel Stanley on Sunday evening.

Mrs. John Johnston spent last Thursday with Mrs. Arthur Dillabough in Cornwall.

Dwight Feeley

A farmer and life-long resident of Morewood, Ontario, Dwight Douglas Feeley died December 8, 1974 at Winchester District Memorial Hospital. He was 70 years old.

Born at Cannamore February 17, 1904, he was the son of the late Warren Feeley and his wife, the former Loretta Hunter. He received his education in Morewood schools and was a member of Morewood Presbyterian Church.

Surviving are three sisters, Sadie, Lillian (Lil) and Mrs. Harold Faulkner (Clara). He was predeceased by a sister, Mrs. William Fetterly (Gladys).

Funeral services were held at 2 p.m., December 10, 1974 at Vice and Craig Ltd., Chesterville, Rev. George Tattrie officiated. Interment was in Morewood Presbyterian Cemetery.

Pallbearers were Arnold Dillabough, Ralph Dillabough, Walter Carlyle, Harold Hillis, Harry Hutchinson and Milburn McLeod.

O.D.H.S. NEWS

The past week has viewed the beginning of our Boys Basketball season at O.D.H.S. The first game of the season was played on O.D.H.S. ground, on Wednesday, December 4th. The opposing team was C.C.V.S. of Cornwall and considered stiff competition. The Juniors took to the floor first and the visible size and height of the C.C.V.S. juniors was certainly superior to that of our O.D.H.S. team. Our juniors tried and played hard, but C.C.V.S. doubled our score with C.C.V.S. — 98 and O.D.H.S 46. The top scorers for C.C.V.S. were Lory McCormick, 26 pts. and not too far behind was Bob Leger with 21 pts. Top scorers for O.D.H.S. were Kevin Wells with 14 pts. and Dale Helmer with 9 pts.

The Senior game was certainly an exciting one with an unfortunate ending. O.D.H.S. was leading C.C.V.S. 73-66, early in the 4th quarter of the game. At this point, Osnabruck's team captain, Doug Shultz, fouled out and C.C.V.S. took advantage of this and pulled ahead. In the latter part of the 4th quarter, C.C.V.S. scored 38 pts of their total score. As a result, the final score was C.C.V.S. 98 and O.D.H.S. 80. The top scorers for C.C.V.S. were Mike Rousseau with 37 pts. and Kevin Barry with 25 pts. Top scorers for O.D.H.S. were James Moak and Ricky Carbino each capturing 18 pts. Don't be discouraged O.D.H.S., that was only the first game, we're sure the rest will be victories!

On Friday, December 6th, a University Information Conference was held at General Vanier Secondary School in Cornwall. Participating in this conference, were students from the various local high schools. At this conference, one could attend sessions held on different Ontario Universities. A maximum of three sessions could be attended, where information was supplied and questions were answered. Personally, I found it to be a great help in satisfying any doubt I had about the universities of my choice.

A LOOK AT THE BUDGET

by
John N. Turner
Minister of Finance

We in this country are confronted by two major economic challenges — dealing with persistent, deep-seated inflation and at the same time maintaining a good level of production and employment. This will require us to steer a narrow course if we are to avoid more inflation on the one hand and the risk of a recession on the other. And in doing so, we must also do everything we reasonably can to protect Canadians who are least able to protect themselves from the ravages of both. That is what the budget was all about.

The Canadian economy has firm under-pinnings in consumer buying and capital investment. The real incomes of Canadians continue to improve and employment continues to rise. Unemployment now is lower than a year ago.

But signs of slowing down have appeared in the economy since early summer. Weakening economies abroad have affected our exports, housing construction has declined and work stoppages have caused a serious loss of production. Disappointing harvests in many countries high commodity prices, and cost escalation at home, have combined to postpone expected relief from high rates of inflation.

The principal threat to the growth of our production and employment comes to us from abroad. Massive balance of payments deficits and surpluses resulting from a fourfold increase of world oil prices are imposing serious strains on the entire world system.

For many developing countries the shortages and high cost of food and fertilizers and the drastically increased prices of energy have raised the spectre of disaster.

Solutions to these problems depend heavily on international co-operation; by action, good counsel and leadership where opportunities are given to us. Canada will do what it can to help resolve them.

With the benefit of measures in this budget, and with no unforseen deterioration of the economic environment abroad or unforeseen shocks at home, the Canadian economy is expected to grow at a rate of about 4 per cent in 1975.

It is projected that about a quarter of a million new jobs will be created in 1975, on top of some 870,000 jobs created in Canada in the past two years.

A determined effort will be required by all sectors of our society to get inflation down over the next few years. We are striving to get the rate below the two digit level next year.

With these goals in mind, measures were put in the budget to sustain demand by means of tax reductions rather than through an increase in government expenditure. Tax cuts will reduce prices and costs directly or indirectly, and increase the take-home pay of Canadians.

Measures were included to restrain the growth in government expenditure and provide selective help to weak points in the economy.

Provision was also made in the budget to sustain business investment since this sector is expected to be a main driving force in the economy in the period ahead. This will also contribute to increasing the supply of goods — so central to dealing with inflation.

The budget also contained measures to help those in our society most vulnerable to inflation.

Our twin goals are to moderate inflation and to achieve sound growth of production and employment. These are the goals which every Canadian suppoorts. It should be clear that in today's circumstances, the achievement of one depends upon the attainment of the other.

In the budget I tried not to understate the challenges which face us. I have not claimed that we can be sure of success no matter what happens elsewhere. Nor have I pressed any panic buttons, because I am confident that, working together at home and abroad, we can overcome our difficulties.

Kemptville College tops at Royal

For the second straight year the Kemptville College team has walked away with the college livestock evaluation competition at the Royal Winter Fair in Toronto.

Competing against four other colleges and universities, the Kemptville team scored 1,857 points out of a possible score of 2100. Each contestant evaluated three classes of dairy cattle, two of beef and swine, and one of sheep.

The top Kemptville team member, David Fletcher of Foresters Falls, won the C.D. Graham Memorial Trophy for the highest individual score. Fletcher tallied 638 points out of 700.

Commenting on the victory, Fletcher said: "I learned a lot more than ever before." He credited his success to the will to win.

"You ask more questions", he said, "stupid questions maybe. But you wanted to find out."

The ability to reason soundly was an improtant part of the contest. Competitors had to use both oversight appraisal and production records. In many cases, judges awarded more points for reasons than for placement of the animals.

Runner-up on the College team, Lorne McGee of Hastings, says that in competition of the Royal calibre, "You have to be self-confident in your ability."

"Trust your judgments or you're in trouble. That's the only realistic and practical way you can judge."

Other members of the Kemptville College team included Ronald MacMillan of Lombardy and Harold Tomkins of Kemptville.

Kemptville College coach was Dennis McKnight, a lecturer in Livestock Production.

R.N.A.'s hold Christmas meeting

The St. Lawrence Chapter of Registered Nursing Assistants held their Christmas Meeting November 27th, at Winchester District Memorial Hospital.

Mrs. Irene Godard reported on the fall workshop for R.N.A.'s which she attended at the King Edward Sheraton Hotel in Toronto.

A new slate of officers were elected for 1975-76. They are as follows: Miss Linda Collins, President; Mrs. Paulette Leroux, 1st Vice-President; Mrs. Joan Stothart, 2nd Vice-President, Mrs. Gloria Baker, Secretary-Treasurer.

Finance Committee Chairman, Mrs. Kay Barnes, Mrs. Irene Jodoin, and Mrs. Thelma McCallum. Program Committee, Thelma MacDonald, Mrs. Marie Gill, and Mrs. Hazel Winters. Membership Committee, Mrs. Julie Mayville, Mrs. Geraldine Deneault, and Mrs. Irene Godard. Social Economics, Mrs. Jeannette Carbino, Mrs. Agnes Christie, Mrs. Mae Shepherd and Miss Janet Gill. Press Reporter, Mrs. Lucy Grant, Alternate, Mrs. Muriel Levy.

The meeting concluded with an exchange of gifts. Lunch was provided by the R.N.A.'s from the Winchester Hospital.

There is more art, theatre and music in our province than in many nations.

This is what Ontario is doing to help you get involved in it.

An artist residing in your community working with senior citizens and children.

A beautiful low cost print by an award-winning Ontario artist in your living room.

Impossible dreams? Not at all. Through the Ontario Arts Council, all these dreams could come true, no matter where you live in the province. For the Ontario Arts Council's purpose is to make sure that all the people of our province share in Ontario's cultural riches.

Over 500 Ontario arts attractions are ready, willing and able to visit your community. They're described in a colourful Ontario Arts Council catalogue entitled "ONTOUR". And, through the Touring Arts Fund, the Ontario Arts Council can help sponsors with the fees for touring groups in visiting your community.

More than 100 musical, theatrical, dance and crafts groups are available to Ontario elementary and secondary schools. The repertory is presented in the brochure "artslist".

Outstanding creative artists want to visit the classrooms of the province, so that all Ontario youngsters may be exposed to the creating of painting, pottery, composing, photography, playwriting, sculpting, weaving, poetry, puppetry, ceramics and many other art forms. This program is described in a booklet called "Creative Artists in Schools".

Letter to the Editor

Dec 8, 1974
Ingleside, Ontario

The Editor
The Chesterville Record,
Chesterville, Ontario.
Dear Sir;

I am a Volunteer Fireman's wife and have been prompted to write this letter due to a barn fire we had recently. On this particular morning my husband was dressed, windshield cleaned on the car and sliding sideways up the street for as far as I could see within two to three minutes. I said a prayer for the safety of all the Firemen, for I knew how slippery the roads were with the fresh fall of wet snow. My children were awakened by the uproar. It was only five minutes from the time the report of the fire was received and the truck left the Firehall. I would like to state here if anyone thinks they can do better, they should try it.

Your Fireman are only volunteer men giving their services for the betterment of our community. Yes, they are paid from the time they leave for the fire until they are back at the hall, but I assure you no man is in the Department for the pay. This does not include a ruined suit of clothes, a smashed car or a death. Remember they must go anytime of the day or night. Caretaker payments are not paid for. Therefore the men have to take turns cleaning your Firehall on there own time and all the other duties that may come along. This time could be better spent at home with their families.

Now about your Tax Dollar and your firefighting equipment. Your fire truck and equipment are obsolete. The motor is ready to blow up if pushed too hard going to the fire or even at the fire. Your Township Officials have known this for sometime. Your truck carries only 500 gallons of water with no tanker. Do you realize how long it takes to use up this small amount of water? Newington Department was called before the men left the hall that morning for water. They have a newer truck that carries 800 gallons of water, plus a tanker that holds 2,200 gallons. Here's something you should know also, Ingleside had exhausted their water supply which is almost nil, before Newington arrived at the barn fire and a building they had already wetted down had started to blaze again. Do you realize had Newington not been as prompt as they were, Ingleside Fireman could only have stood back with the rest of the people, helpless and watched a horrible sight. What is the Township doing with your tax dollar, you pay towards Fire Protection? Perhaps you should find out. The boys on the Fire Department here, have been bucking the Township for years but can get nothing from them, perhaps you the Tax Payer can. The last Inspection the Fire Marshall made at Ingleside Hall he told the Township Officials the truck and equipment here were outdated and a new truck should be ordered immediately. That was 3 years ago. At the present time, there are hydrants that are not working, here in the town of Ingleside. Instead of telling the firemen these hydrants cannot be used, why not repair them immediately, instead of putting it off for 6 months or more. This is only carelessness or neglect.

Also the Township have taken the liberty of storing snow blowers, lawn mowers in the Fire Hall. When these machines break down, they overhaul them. The grease, oil, gas, dirt and old parts are left on the floor for the fireman to clean up. It is a fire hazard and a hazard to the Firemen when they are rushing to get their boots and coats. Furthermore they are left without keys and when the men get back from the fire and have to clean hoses, they have to drag or lift them out of the way. Is this fair to your Fireman? What have you got, a Firehall or a Storage Barn? Ask your Township Officials, only you can help your Fire Department.

On closing, I will say your Fireman are dedicated human beings and cannot do the impossible. Give them credit and thanks that they deserve and go after your Township Council for better working conditions and better equipment befor it is too late.

SIGNED — A Volunteer Firemans Wife and Concerned Tax Payer.
(Mrs. Murray) Clara Wells
15 Wales Dr.
Ingleside, Ontario.

Editor's Note: The following article, which appeared in the February 7, 1974 issue of the Chesterville Record, is being reprinted in compliance with requests we have received because of its pertinence to the foregoing Letter to the Editor.

AS I SEE IT

Some time ago the Editor of the Record and I came up with the idea of a weekly column of my opinions, on all sorts of matters, in hope of entertaining the public, providing some enlightment and giving some food for thought. Judging from the comments and letters received, we have been successful. The articles usually echoed what a lot of people were thinking and were writen without any great amount of emotion or rancor.

This week, however, my thoughts go quite a bit deeper . . . to a recent fire at the east end of Ingleside. What is now designated as No. 2 Fire Department, Ingleside, was notified of the fire and was on the scene in three or four minutes. For a volunteer fire department, this is not losing any time. On arrival, Chief Ernie Gillard appraised the situation and made the only decison he could — call for additional help from Newington and try to keep the house from burning. With his limited amount of water in the fire truck, this was a wise decision and about all the fire department could do.

After approximately half an hour, No. 1 fire truck, from Newington, arrived in company with a leased milk tanker. And with that amount of water at the scene the fire was virtually extinguished in a matter of minutes — it was an impressive display.

What gripes me, however, is why the Ingleside Fire Department is in the position of having to stand by and watch a building burn to the ground despit their devoted and dedicated efforts — because they are severely hampered by the lack of equipment: namely a decent, functional fire truck.

With high winds, a mere 500 gallon water tank and an under-capacitated pump, at times their best efforts are futile.

The Newington truck holds 800 gallons of water and the leased tank truck, based at Newington, holds 1,800 gallons. Simple arithmetic shows that the one department has five times as much water at their disposal as Ingleside's unit, plus a properly designed unit with a more powerful pump. Under these circumstances it is no small wonder it can make a better showing than an obsolete piece of equipment that should have been scrapped years ago.

Had we a council that was concerned with such matters this deplorable situation might have been remedied long ago. They seem to think, however, that for the town of Ingleside, this is good enough. Maybe it is . . . though I doubt it. Fortunately in the last ten years there were only one or two minor fires, quickly handled before any major damage could be done. What the council tends to forget is that . . . the Ingleside Fire Department is not just responsible for fire protection in Ingleside, but also half the bottom end of the township fire area.

There are supposed to be approximately 3,300-3,400 residents in the whole of Osnabruck Township. Of that number, probably 2,200 live in the area covered by the Ingleside Fire Department. In addition, the 401 Highway runs through this same area and the Fire Department is quite often called out to car fires or accidents where cars are on fire. I don't have the figures for the number of times that Ingleside's Department was called out last year, but I imagine the number was quite a bit higher than that of Newington. Mind you, I'm not trying to take anything away from the Newington "Smoke Eaters". They have a high degree of efficiency and do a tremendous job for the short time they have been organized.

But when another fire department in the same township, reliant upon the same council and the same fire protection mill rate, the same general funds and with the responsibility of protecting an area that generates better than sixty percent of the township's tax revenue is left in a position of inadequacy, futility and frustration for the want of the proper tools to do the job, for which the taxpayer is paying and the Department is volunteering — we have a situation on our hands that demands immediate action.

Ingleside residents do not have to be too concerned: we have paved streets and fire hydrants every few hundred feet, but if you live any more than five or six hundred yards from the nearest fire hydrant and rely on the supply in the Ingleside Fire Truck, you had better keep your water pistols handy and few pails of water.

Chief Gillard reports he can get no definite word as to when his Department may expect a new truck, discussions are being held but no information seems to be forthcoming.

There is some talk about not being able to afford the vehicle and that there is some investigation as to whether it can be paid for over a two-year period. Seems funny . . . with a mill rate of 7 mills for fire protection and a total township assessment in the neighbourhood of $5,000,000, this mill rate should raise something like $35,000 per year. Fire protection expenses are certainly nowhere near that amount per year, so that can hardly be called the answer for such foot-dragging and procrastination.

There never seems to be any question of a money shortage when it comes to the road budget, or enough funds to send members or employees of council to the endless numbers of committee meetings and conventions — or the countless grants doled out by our "Santa Claus playing" council.

I've no doubt the new fire truck may become available this year, about November, just before the election.

The truck will probably come at a 15 percent higher cost than if it was bought in the very near future. Chesterville have ordered a new truck to replace their 20-year-old vehicle at a cost in the neighbourhood of 25-26,000 dollars and delivery is promised in something like a month or two — and that in a community of no more than 1,300 people.

From what I have been able to learn, something like $500,000.00 is generated throughout the township through tax revenues and what have you. And of that amount about $300,000.00 comes from the people below the 5th Concession, and in the Ingleside fire protection area. So all I can say is — if you are a businessman, home owner, farmer, etc., in this area, and don't want this situation to continue any longer, then you had better get behind your fire department — support it, complain to your council representatives and go to a few council meetings and tell them what you need — don't sit back and take what they wish to give you at their convenience. After all, they were elected by us to a position of trust and to carry out our wishes. It's up to you!

The two gentlemen shown here represent a good number of years of knowledge. Edwin Hutt, on the left, and Eric MacMillan, on the right, were honoured at the Nestle Christmas Party held last Saturday night. Mr. Hutt received recognition for being with the plant for 40 years. Eric MacMillan received honours for being an employee for the past 25 years. Red roses were presented to Mrs. Hutt and Mr. MacMillan's daughter, Mrs. Madolyn Curran. — Staff Photo.

Ingleside-Osnabruck . . .

Rotary holds Ladies' Night

The December 4th, meeting of the Ingleside-Osnabruck Rotary Club presented an opportunity for the ladies to see why the meetings have become so popular with their husbands. Many Rotarians and their wives were in attendance, and were treated to an excellent meal served by Rotary host, Jack Alguire. The ladies were presented with a rose corsage.

Guest speaker for the evening was the Rev. J. Black from Parkdale United Church in Ottawa. Rev. Black spoke on the steps to maturity, seven in all, as he named them and expounded on the varying ways that people show whether they are mature or not. A touch of humour added to the interesting discussion.

Rotarian Bruce Grant thanked Rev. Black, and presented him with a piece of Canadiana Pottery in appreciation. The meeting was then adjourned by President Wm. Mullen.

Mainly About People

The Reverend Enos Brubacher of Eganville, National Director of Mariners With Christ was a recent overnite guest of the Reverend E. Earle Eaton.

NOTICE

Village of Finch

At the request of the Council of the Corporation of the Village of Finch, the Ministry of the Environment has investigated the possibility of installing within the Village of Finch a water works project to be owned by the Province of Ontario. The works will consist of treatment, storage and distribution facilities to service a major portion of the Village of Finch. It is now proposed to construct such works at an estimated cost of $1,034,065. of which 75 percent or $775,548. will be provided as a Provincial subsidy. For services provided from these works it is proposed to impose an estimated service rate of 235.5c per 1,000 gallons of water delivered to the Municipality, together with frontage and connection charges.

The project will consist of the following works initially. The installation of distribution mains as follows:

STREET	FROM	TO
Front Street	E. Village Limit	W. Village Limit
William Street	James Street	Front Street
George Street	John Street	Front Street
James Street	William Street	Main Street
John Street	William Street	Main Street
Main Street	450' N. of James St.	Front Street
Nelson Street	Main Street	Front Street
Minto Street	Church Street	Campbell Street
Campbell Street	Minto Street	Nelson Street
Church Street	Main Street	Nelson Street
Casselman Street	Front Street	Manse Street
Manse Street	Casselman Street	Victoria Street
Victoria Street	Front Street	1,700' S. of Front St.

together with connections from the main watermain to the lot lines, a well and pumping station and a 100,000 gallon elevated storage tank.

For the provision of services from these works, it is proposed to raise the necessary annual revenue as follows: a frontage water rate of 30c per foot per annum on all owners or occupants of lands which front on abut on or connect to the water works, described above, a connection charge of $24.11 per annum on owners or occupants of lands for which a water service connection is provided, a mill rate of 4.0 mills on all property assessed in the Village of Finch, a service rate of $120.00 per year against each user in respect of such lands which are used for purposes other than commercial or industrial purposes and a flat rate in accordance with the rates as shown below against each user in respect of such lands which are used for commercial or industrial purposes.

SCHOOLS — a flat rate of $7.05 per person attending or 235.5 cents per 1,000 gallons based on the metered water consumption.
STORES — a flat rate of $60.00 per store or 235.5 cents per 1,000 gallons based on the metered water consumption.
BEAUTY PARLOURS & BARBER SHOPS — a flat rate of of $120.00 per shop or 235.5 cents per 1,000 gallons based on the metered water consumption.
GAS STATIONS — a flat rate of $60.00 per gas station or 235.5 cents per 1,000 gallons based on the metered water consumption.
CHURCHES — a flat rate of $100.00 per church or 235.5 cents per 1,000 gallons based on the metered water consumption.
BANKS — a flat rate of $180.00 per bank or 235.5 cents per 1,000 gallons based on the metered water consumption.
ARENA — a flat charge of $360.00 per arena or 235.5 cents per 1,000 gallons based on the metered water consumption.
COMMUNITY HALL — a flat rate of $180.00 per hall or 235.5 cents per 1,000 gallons based on the metered water consumption.
RESTAURANTS — a flat rate of $240.00 per restaurant or 235.5 cents per 1,000 gallons based on the metered water consumption.
COUNTY BUILDING — a flat rate of $240.00 per group of buildings or 235.5 cents per 1,000 gallons based on the metered water consumption.
FOAM INSULATION CO. — a flat rate of $180.00 per manufacturer or 235.5 cents per 1,000 gallons based on the metered water consumption.

In all cases, the greater of the above alternative charges will be payable.

In computing the frontage charges, provision shall be made for the exemption or partial exemption from a foot frontage rate and for the determination of such exemption or partial exemption in the following manner:

(a) A reduction in the case of corner lots at the junction or intersection of streets of 100 percent of the flankage and a reduction or increase in the case of triangular or irregularly-shaped lots may be made in the foot frontage rate that otherwise would be chargeable thereon, sufficient, having regard to the situation, value and superficial area of such lots as compared with other lots, to adjust its frontage charge on a fair and equitable basis.
(b) Where a lot is for any reason wholly or in part unfit for building purposes, a reduction may also be made in the foot frontage rate that otherwise would be chargeable thereon sufficient to adjust its frontage charge as compared with that of lots fit for building purposes on a fair and equitable basis.
(c) Where a lot, other than a corner lot, has two limits that abut on streets described above and the size and nature of the lot is such that any or all of the works in such streets are not required, a reduction in respect of the works that are not required, so long as they are not required, may also be made in the foot frontage rate that would otherwise be chargeable thereon, sufficient to adjust its frontage charge on a fair and equitable basis.
(d) The reductions shall be made by deducting from the total frontage of the lot liable to the annual foot frontage rate so much thereof as is sufficient to make the proper reduction, but the whole of the lot shall be charged with the annual foot frontage charge as so reduced.

On the basis of these levies, a typical home assessed at $2,500. and having a frontage of 65 feet, would pay the following amounts annually after connection to the proposed water works has been made.

User charge	$ 120.00
65 ft. of frontage at 30c per foot	19.50
Connection	24.11
4.0 mills on a typical assessment of $2,500	10.00
	$173.61

A typical home not connected to the water works system but receiving deferred benefits from the installation of the water works system having an assessment of $2,500. and a frontage of 65 feet would pay the following amounts annually after the installation of the water works system:

65 ft. of frontage at 30c per foot	$ 19.50
Connection	24.11
4.0 mills on a typical assessment of $2,500.	10.00
Total	$53.61

The Connection charge may be prepaid in the calender year in which such water works system is installed at a cost of $280.00.

The frontage charge may also be prepaid in the calender year in which such water works system is installed at a charge of $2.58 per foot.

Any ratepayer may, within twenty-one days after the first publication of this notice, send by prepaid post to the Clerk of the Village at the address given below, a notice in writing stating his objection to such approval or to the imposition of the water rates.

The Ontario Municipal Board may approve the entering into of an agreement between the Village of Finch and the Minister of the Environment, with respect to the provision of the water service and may approve the imposing of water rates, but before doing so, it may appoint a time and place for a public hearing when any objections will be considered, but notice of such hearing will be given only to those persons who have given notice of objection as provided for above.

Plans, reports and estimates may be inspected at the office of the undersigned during business hours.

DATED AT Finch, Ontario and first published this 11th day of December, 1974.

Mr. E. W. Morris,
Clerk-Treasurer,
Village of Finch,
Finch, Ontario.
K0C 1K0.

F.W.I.O. Convention held at Toronto

The 72nd annual convention of the Federated Women's Institutes of Ontario (Central Ontario Area) was held at the Royal York Hotel in Toronto for three days in December.

The FWIO is part of a world-wide organization for country women which has a membership of 8 million in 60 countries. There are 30,000 members in Ontario.

The 1974 theme was: "Man is what he eats and drinks, What he breathes and what he thinks."

The guest speaker for the annual banquet held on the evening of Dec. 3rd, was Lieutenant-Governor Pauline McGibbon.

WHO'S WHO IN OTTAWA

by Bob and Gary Burns

Bleeker Stereo Color TV Ltd.

THE PEOPLE WHO KNOW THEIR STEREO AND VALUE THEIR CUSTOMERS

1396 CLYDE **225-5191**

One of the nice things about BLEEKER STEREO COLOR TV. LTD. is the fact that it has as much fascination for men as women . . . and of course attracts both. But we suspect this business appeals mostly to male stereo buffs who can spend hours talking about various types, plus the pros and cons of their many parts. But after our conversation with the owner Hans Bleeker, which we must admit was a little over our heads technically, one important fact emerged that we think applies in any field. This being that whether you know the subject of your purchase thoroughly or not, it is always wisest to go to a place where they value their customers and want them to return in the future, thereby giving them the best possible equipment and advice, even saving them dollars as well. BLEEKER STEREO COLOR TV. LTD. is Ottawa's largest color TV and Stereo specialty store with Ottawa's largest in-store independent service department.

The management and staff have years of experience in electronics retail sales and can ably assist you with your purchases. And since matching the right speaker systems to components can evidently make or break even the costliest system, it seems sensible to pick people who know how, and offer reasonable prices besides.

We highly recommend BLEEKER STEREO COLOR TV LTD. which is open every night till 9 p.m. and Saturday until 6 p.m., to all our readers.

Keith James Garage

HAS A GOOD REPUTATION THROUGHOUT THE AREA

2701 HIGHWAY 31, BLOSSOM PARK **521-3246**

This business, established in 1968, is capably guided by the popular Keith James.

People from all parts of the area, are assured of being able to choose with great confidence from such great products as Skiroule Snowmobiles — the choice is yours with many models to fit your needs and your budget, plus a full line of Snowmobile Accessories, Apparel, Parts and Services.

This firm's greatest asset is their good reputation which they have upheld through Fair and Honest Policies in all sales conducted. After a demonstration of any of their quality products, you can buy confident that they service what they sell and knowing that with their policy of satisfaction to customers, you have become another of their many completely satisfied customers who already know that KEITH JAMES GARAGE is a good dependable place to do business.

A to Z Rental Centre

A FIRM SERVICING THIS AREA IN TOOL AND EQUIPMENT RENTAL SERVICE

1040 PARISIEN (St. Laurent & Queensway) **746-2903**

This firm, established in 1949 is capably managed by Bob Nicol and is continually expanding to provide even greater service to their customers.

Many people faced with a handyman's job, are confronted with problems of lack of proper tools and equipment. This particular project may be the only time you will ever require them — so Don't Buy — Rent It!

Their complete line of rentals include over 1,001 items to serve the householder, farmer, industry and building trade. They feature everything from a hospital bed to a claw hammer, exercise equipment, construction tools, tillers, scaffolding, cement mixers, and so many other items too numerous to mention.

Why not stop and pay them a visit and see their large selection of rentals, as we feel this firm certainly merits a review in this special edition of outstanding businesses as one of the distinctive factors of the commercial efficiency of this area.

Gazelle Propane Inc.

A SUCCESSFUL FIRM PROVIDING EXCEPTIONALLY GOOD SERVICE TO THIS AREA

1541 STAR TOP ROAD **745-0751**

This is one of the most actively engaged firms in the gas business, whose personnel have extensive technical knowledge of their many appliances which include Clothes Dryers, Ranges, Furnaces, Water Heaters, Space Heaters and Camping Equipment and Swimming Pool Heaters. Their gas service is one of the safest and most efficient methods in modern heating, cooking, etc.

This firm was established in Ottawa on February 23, 1972 and is operated by an efficient staff, all whom have made friends in the area.

LIQUIFIED PROPANE GAS is the portable gas with no long pipe lines and your source of supply is at your door. The managers and staff are fully trained to service your gas requirements efficiently.

For the one who is not familiar with Propane Gas and its many uses, it can be said that it offers efficiency and economy for house heating, water heating or cooking. Aside from home use, it is being widely used by farmers, also it has proven to be a great advantage in tobacco-curing; thermostatically controlled heat provides a better cured tobacco as well as for grain and corn drying. It is also used for other commercial purposes including carburetion conversion for lift trucks. Because Propane Gas has greatly reduced air pollution, it is widely used in business and industry. It is simple to operate and handle. If you are interested in checking with others who now use this service, contact the management as they can refer you to many satisfied customers throughout the area. GAZELLE PROPANE INC. is a firm worthy of high recommendation.

Ladman Tire Service

MAKE DRIVING A REAL PLEASURE

367 CAMBRIDGE ST. NO. **233-3333**

This firm has been established since January 1, 1972, and is capably directed by Joe Ladman, who has been associated with the Tire Industry for many years.

LADMAN TIRE SERVICE is one of the finest firms in the tire business serving Ottawa and surrounding communities with famous Astro Tires for passenger cars, trucks and farm equipment, plus a complete tire service with a very efficient road service as well as retreading, repairing and wheel alignment.

By making a purchase from this most complete tire centre, you are always assured of complete satisfaction backed by this company's great policies in business. This firm offers you tremendous values in tires which includes a tire for every wheel that rolls. Their famous steel belted radial is the safest, best riding tire on the market. Their snow tires offer the greatest traction.

The logical place to purchase tires is from the people who know tires best, LADMAN TIRE SERVICE. To get real joy out of driving, visit LADMAN'S who are not just interested in selling you products such as tires, but give customer guidance in their purchases. They take the time to help you with your selection and give sound advice with your purchases. Something you don't find at many businesses these days. This tire centre has become, over the years, a very popular shopping place for the people of the district. People from the area continue to shop with confidence at LADMAN TIRE SERVICE for the best value.

Carling Electric Inc.

ONE OF THE FINEST FIRMS OF ITS KIND IN THE AREA

887 RICHMOND ROAD **725-2157**

This firm, which has been established since 1971, is under the capable guidance of Jim Davies, who has years of experience in Electrical Contracting.

This firm is one of the popular and successful concerns of this section, rendering a quality of personal service, which is distinctively satisfactory in its line.

The proper wiring of a building at the time of construction is the only way to ensure satisfactory use of the Electrical Equipment. This firm has at its command the very latest ideas and submit only the newest and complete Wiring Plans of individual quality engineering.

The up-to-date standardized plans of this firm take into consideration both immediate and future plans for outlets, so that it is not necessary in later years to tear up walls and go to additional expense and annoyance, when a needed outlet is discovered necessary. The careful planning of the firm gives the patron the satisfaction of knowing that the job is the last word in Electrical Efficiency. This includes wiring of Industrial and Commercial Buildings, and Residential.

Our readers will do well to consult this firm when in need of Electrical Services of all types, including Electrical Heating, as we do not hesitate to recommend their service to you.

People from the entire area and surrounding communities have found AMBASSADOR TRAVEL SERVICES the dependable people to handle all their travel arrangements. This is the travel agency where clients continue to come back again and are pleased to refer their friends.

The reason for the success of AMBASSADOR TRAVEL SERVICES is the very knowledgeable people. They are approved and authorized to handle bookings with all North American and international air lines. As well, they are bonded and approved for all steamship lines and European railroads.

They are one of the most respected firms in handling tours and travel of every description throughout the year. They are widely recognized by major airlines, steamship companies and hotels around the world and are able to secure fast, efficient bookings. Whether it is a 10 mile trip — or 10,000 — AMBASSADOR TRAVEL SERVICES have the qualified personnel to guide and assist you. At AMBASSADOR TRAVEL SERVICES, travel is their only business and they are acknowledged experts.

Richmond Farm Supply

SERVES THE AREA WITH EXCELLENT SALES AND SERVICE

RICHMOND **838-2771**

The success of RICHMOND FARM SUPPLY is due to the fact that it is owned and operated by people who really care about their customers. Although they are a sales and service centre for new and used Farm Equipment, they truly provide excellent service as well. This is why farmers of the area depend on them to supply their requirements for all types of equipment.

Established in June, 1971, the business is successfully guided by Abram Blenk and Jack De Snayer who have been associated with the Farm Equipment business for many years.

This firm is both sales and service for the famous British Leyland Farm Implements, and maintains one of the finest Service Departments. They have stock replacement Parts, and have Qualfied Maintenance men to offer you speedy and reliable repairs, whether on the farm or in the shop. These services will save you time and money when you require it. They also have Used Farm Machinery featured at a great saving to you. They have 24 hour Towing Services and do major and minor repairs on cars, trucks and tractors.

There has been a shortage of new farm equipment because production cannot meet the demands for new equipment. If you are contemplating buying new equipment in 1975, you had better order NOW.

A good place to keep in mind is RICHMOND FARM SUPPLY where honest value in Sales and all service work are completed to customer's satisfaction.

Simpson - Sears Ltd.

A VALUABLE ASSET TO OTTAWA BUSINESS

2165 CARLING AVE. **729-2561**

The Cheese Shop

HAS AN EXCELLENT REPUTATION THROUGHOUT THE AREA

200 BANK **235-8967**
BILLINGS BRIDGE PLAZA **731-3344**
BAYSHORE SHOPPING CENTRE **829-1622**

The name of this business has been outstanding, and will be well remembered by the many people, who have had the pleasure of doing business here.

The excellent reputation of THE CHEESE SHOP, which opened in Ottawa January 19, 1970, is due to the determination of the owner. Danny May insures that his business sells only the finest cheeses from around the world. Their products are blended by means of the most modern equipment under sanitary conditions by skilled personnel. The CHEESE SHOP can help you with your Wine and Cheese Party. They offer a superlative collection of Christmas Gift Boxes, which are artistically packaged and there is a wide variety to suit individual orders or large orders for business and industry.

THE CHEESE SHOP is to be complimented as a business which is a distinct credit to the district, and we feel those of us who have tasted their products have our own recommendations. It is with pleasure that we refer and recommend THE CHEESE SHOP whose products will certainly meet with your good taste.

We regard it an extreme pleasure, and of great value to our readers in referring the services of this fine business to you.

The Mall Gift Shoppe

ONE OF THE AREA'S EXCEPTIONAL DIAMOND, JEWELLERY AND GIFT CENTRES

228 QUEEN **234-8472**

There is no comparison or equal to one of Ottawa's leading merchants THE MALL GIFT SHOPPE, established in 1968. It is one of the area's most respected Jewellery and Gift Centres, which is successfully guided by Mrs Evelyn Rotenberg, who is assisted by a very competent staff.

THE MALL GIFT SHOPPE, the wonderful downtown Gift Store, where everything is chosen with impeccable taste, has chosen a collection of Jewellery to fit every gift budget, and designs to appeal to the broader variety of tastes. This is a business that never substitutes quality.

THE MALL GIFT SHOPPE well known Watch and Sterling Silver Merchants are recognized for Quality watches, an excellent collection of Imported Jewellery. They feature here Waltham watches, gold jewellery, the largest selection of Sterling and Gold charms in Ottawa, earrings, China, and they also do certified watch repair.

You may choose with confidence at THE MALL GIFT SHOPPE, as their excellent reputation warrants your patronage. For Jewellery and Gifts, that you Give with Pride, let THE MALL GIFT SHOPPE be your guide.

A Review of Outstanding Businesses and Professions

Norman Rivington, Auctioneer

ONE OF THE MOST RESPECTED MEN IN THIS SPECIALIZED BUSINESS

NAVAN 835-2747

NORMAN RIVINGTON is one of the foremost auctioneers, in this part of the province. When his name appears on your sale listing, everyone recognizes it will be an auction sale worth attending. Remember, the most essential and responsible person in the preparation of a public sale is the auctioneer. Auction sales of the better type are handled by NORMAN RIVINGTON.

You may have a lot of valuable things to offer for sale, but if you forget the basic requirement and don't get a first class auctioneer, your sale is sure to be a failure. For success with your auction sale we recommend NORMAN RIVINGTON to you. He has proven he can close sales rapidly as well as getting best possible sale prices for your sale offerings. In this review of leading businesses in the area, it is only fitting to present NORMAN RIVINGTON, AUCTIONEER and to congratulate him on his excellent record of service and to highly recommend his services to our readers.

Never before has such a complete Pool Service been available to the area as POOLERAMA featuring everything in Swimming Pool Equipment and Accessories which meet the highest standards.

In 1973, POOLERAMA was awarded the Gold Medal Award for design excellence in the "Pool of the Year", contest which was conducted by the Ontario Swimming Pool Association. They also were awarded the "Silver Medal Award" in 1971 and 1972 and won the Canadian Dealer Award in 1970, 1971, and 1973 of all the Buster Crabb pool dealers in Canada.

We are pleased to review and recommend the service of POOLERAMA where "the Difference in Pools is their Excellent Quality and Service."

Ernie's Auto Body

RECOGNIZED FOR THEIR HONEST POLICIES IN BUSINESS

R.R.2, MANOTICK (Highway 31) Metcalfe 821-2741

From a modest beginning this business has progressed and prospered to become leaders and set an example to other firms in their line of business servicing the motorists of the area.

Very few businesses can point to the record of satisfied customers, that has been compiled by Ernie Crowder, who established this Complete Collision Centre in 1959, and who can take honest pride in the many jobs this shop has completed.

The personnel at this firm are professionals who fully understand body and fender work, are expert painters, capable of matching the new paint with the original. They offer a complete collision service.

They have gained a reputation second to none throughout this entire area. So whether your job is a small crease or a roll-over, we know you will be entirely satisfied with their work.

And, please remember that most insurance companies now permit you to choose the body shop you like best to repair your car, so choose ERNIE'S AUTO BODY, to do all your auto repairs.

Their services offer you recreation, self defence, physical fitness and expert instruction.

Make your appointment as soon as possible and bring the whole family. They will demonstrate why we recommend this reputable Club to any of our readers.

Awards presented at 4-H Achievement Day

The conclusion of the project "A World of Food in Canada", was held November 30, at Chesterville Community Hall. The Achievement Day was very successful with several awards presented.

County Honours were given to three girls who successfully completed six units. The girls, who received a certificate and pin, were, Mary Ann McIntosh, Martha Ostrander and Mary Anne Van Moorsel, all from the Williamsburg Club. Sharon Hutchinson from the Winchester No. 2 Club, received the Provincial Honours Certificate and pin for completion of twelve home-making clubs. A special award was presented to Mrs. Gordon Garlough of the Williamsburg Club. She received a five year leader's certificate, and was commended for the work she has done for the Club.

In the afternoon, a program was presented by the girls. Skits were presented by Morewood, Ormond, Williamsburg and Winchester No. 2. Three exhibits were displayed; one by Chesterville with Darlene Curran and Nancy Fraser as commentators; one by Winchester No. 3 with Eileen Rose as commentator; and one by Riverside Heights with Brenda Henophy as commentator.

Miss Ruth MacIntosh, an A.R.D.A. Counsellor in Renfrew County, assisted during the day's activities and briefly commented on the exhibits and skits.

Miss Mary Michels, the County Home Economist, conducted the Achievement Day. She announced that the Spring Project would be a "A Touch of Stitchery".

Christmas Safety

In the hope that Canadians can enjoy the Christmas holiday season without accident or mishap, the Canada Safety Council draws attention to the twelve safety tips for Christmas trees:

1. Buy a fresh tree, with springy branches and tight green needles.
2. Keep it outdoors in water or snow until ready to set up.
3. Saw off at least two inches of the trunk, diagonally.
4. Use a water-reservoir tree holder, and keep it filled.
5. Keep the tree away from drying and heat sources such as radiators, registers, and fireplaces.
6. Use only UL or Canadian Standards Assn. approved lights in good repair.
7. Use only fire-proof decorations if possible.
8. Do not place electrical toys under tree, except wrapped or in boxes.
9. Secure top of tree with wire or fine string if there are very young children or pets in the home, to avoid tipping.
10. Consider using an artificial flame proof tree.
11. Remove the tree to the outdoors as soon as possible.
12. Never burn a Christmas tree in the fireplace.

The idea of making the Christmas tree flame retardant appeals to all of us, and each year various organizations publicize do-it-yourself treatments. Usually, the solution suggested is the boraxboric acid compound. According to the National Fire Protection Association, this treatment is satisfactory when used for the temporary fire retarding of cellulosic fabrics such as cotton and rayon but it is of little value when used on Christmas trees. The needles of a tree do not soak up the chemical as a fabric does, nor can they be readily coated on all sides.

The only sure method of flame retarding natural trees is to completely immerse them in an Underwriters Laboratories listed tree fire-retardant, and no private individual would be expected to go to such trouble and expense.

The Council therfore suggests the above safety tips should be clipped out and used when needed.

OBITUARIES

Frank J. Skuce

A carpenter and resident of Ormond, Frank James Skuce died November 30, 1974, at Winchester District Memorial Hospital. He was 74.

Born at Mountain Township April 16, 1901, he was the son of the late Frank Skuce and his wife, the former Belle Doran. Mr. Skuce was a member of Ormond Baptist Church.

Surviving are Lena (Mrs. Russell Hay) of Osgoode, Anne (Mrs. Clifford White) of Alexandria Bay, N.Y., Rose (Mrs. John D. Campbell) of Vernon, Dick of Hilton, N.Y. John and Edward of Winchester, and Lorne of Ormond. He was predeceased by a brother Melvin, and a sister Cecile Declare.

Funeral services were held at 1:30 p.m., December 3, at Vice and Craig Ltd., Winchester. Rev. J.L. Mair officiated. Interment was in Reids Mills Cemetery.

Pallbearers were Joseph Marquette, Cecil Harrison, Raymond Porteous, Charles McAuley, Kenneth Carkner, and John McLean.

William B. McKee

A farmer and resident of Inkerman, Ontario, William Bernard McKee died December 3, 1974 at Winchester District Memorial Hospital. He was 74.

Born at Inkerman October 10, 1900, he was the son of the late Patrick McKee and his wife, the former Margaret Cryian. Mr. McKee was a member of St. Daniel's Church, South Mountain.

Left to mourn are three sisters, Annie (Mrs. Patrick Murphy), Mrs. Mae Whitmore and Kathleen McKee, all of Prescott; a cousin John Doyle; and friends Maurice and Christena St. John.

Funeral services were held at 2 p.m., December 6, from Vice and Craig Ltd. to St. Daniel's Church. Father W.L. Cummings officiated. Interment was in St. Daniel's Parish Cemetery.

Pallbearers were Erwin Prunner, Ray Munroe, Allen Baker, Connie Pemberton, Hugh Coons and Ralph Johnston.

William H. Barkley

A former resident of Winchester, William Henry Barkley, 625 Kipps Lane, London, Ontario, died December 2, 1974 at Brockville General Hospital after an illness of two months. He was 87.

Born in Winchester Township January 1, 1887, he was the son of the late Henry I. Barkley, and his wife, the former Irvin Smith. In 1909, he was married to the late Bessie Idella Brown at Winchester. Mrs. Barkley predeceased her husband in 1956.

A farmer and an employee of Fennell's Feeds, Mr. Barkley had been a resident of London since April, 1974. He attended the Wesleyan Methodist Church.

Surviving are two sons, Robert of Winchester and James of Cardinal; and four daughters, Maude (Mrs. Cecil Crowder) of Cardinal, Alice (Mrs. Howard Tupper) of Williamsburg, Edna Blondin of London, and Wilda (Mrs. Arthur Reilly) of Ottawa.

Funeral services were held at 2 p.m., December 5th, at Vice and Craig Ltd., Winchester. Rev. C. Jackson officiated. Interment was in Maple Ridge Cemetery.

Pallbearers were Carroll Levere, Emerson Calhoun, Lyall Uttman, Reg. Farmer, Johnny Walters and Orvil Walters.

William Wyatt

William A. Wyatt, 7 Highland Gardens, Welland, Ontario, died Thursday, October 30, 1974, Riverside Annex. He was 87.

Mr. Wyatt was born and lived in the North Lunenburg area as a younger man. He had lived for many years in Welland and was employed as a security guard with Union Carbide until his retirement in 1953.

Surviving are his wife, the former Laura Peach; one son, Charles (Chuck) Wyatt of Wanbaushene; one daughter Mrs. Gino Girardi (Jean) of Welland. Also surviving are a brother, Lewis Wyatt of Bernie, Manitoba, two sisters, Mrs. Alberta Markell of Ingleside and Mrs. Ethel Gilmore of St. Petersburg, Florida, and six grandchildren.

Funeral services were conducted by Rev. Thomas Meuir of Rosedale Baptist Church at the Cudney Funeral Parlour. Interment was in Pleasantview Memorial Gardens.

Trinity U.C.W. elect 1975 Officers

Oficers for 1975 were presented at a meeting of the Trinity United Church Women, held Thursday, December 5th. They are: Leader, Mrs. Dalton Docksteader; Secretary, Mrs. Eric Casselman; Treasurer, Mrs. Graham Smith; Pianist, Mrs. Dudley Craig; Nominating Committee, Mrs. Edwin Forward and Mrs. Blake Ball; Friendship Secretary, Mrs. Allan Gain.

Members and guests were welcomed by Mrs. Charles McMillan and Mrs. Sadie Droppo. The business was conducted by Mrs. Albert Smith assisted by Mrs. Eric Casselman. Reports were given by Mrs. Dalton Docksteader, Mrs. Allan Gaine and Mrs. Blake Ball.

The Worship Period consisted of carol singing, scripture and reading pertaining to the Christmas theme. A special treat was a Christmas medley played by clarinetists Mrs. C. Allison Graham, Mrs. Eric Casselman, Mrs. Cornelius de Rooy, and Miss Lila Weegar with piano accompanist Mrs. Don Cross.

During the social hour desserts were served by the conveners Mrs. Droppo and Mrs. Docksteader assisted by Mrs. Chas. McMillan, Mrs. Don Cross, Mrs. Graham Smith and Mrs. Hilton Reid.

Mainly About People

Mr. and Mrs. George A. Hay, Russell, flew to Sackville, N.B., and spent the weekend with their son, Rev. Dr. Eldon R. Hay, Mrs. Hay and family. On Sunday, they attended Anniversary Services in the United Church at Oxford, Nova Scotia where Dr. Hay was guest Speaker.
