Another Old Dundas Boy on Top.

The many friends and relatives of Mr. Donald McLean (and he has a host of such residents in this county) now of Webster, S. D., will learn with considerable pleasure that he has very recently been called to the councils of Uncle Sam and is now State Senator of North Dakota. Donald will be remembered as a self-made man, having been thrown on his own resources when but a mere youth. He is a son of the late William McLean who resided in the second concession of Williamsburg, his mother being a daughter of the late Christopher Reddick. He received his early training in the old red brick school house in section No. 10, and later attended the Belleville Seminary. At an early date he cast in his lot with our American cousins and is at present an extensive land owner and prominently identified with the business and political life of his adopted state.

Senator McLean will make good in the halls of legislature as he has done elsewhere, and his entry into the inner council of the Republican party at this time is most timely, and were it not that the chief magistrate of the country must be native born, we might predict for Donald this highest office in the gift of his fellow citizens.

Mr. Donald McLean is a brother of Mr. Christopher McLean of this place.

James Lyle Deceased.

Morrisburg lost one of its oldest and most esteemed residents by the death on Wednesday morning by Mr. James Lyle. For many years Mr. Lyle had been ailing, but was nearly always able to move about, and in the summer time devoted much of his time to angling. He took never-ending pleasure from being near the water, and it was while strolling around the locks on Sunday he was seized with a hemorrhage which resulted in his demise.

The funeral will be held at 2 o'clock to-day, interment to take place in Fairview cemetery, after a service at the home with Rev. Mr. Strike officiating.

The late Mr. Lyle was in his 68th year. He was born at Moulinette, the son of a Presbyterian clergpman. Forty-one years ago he was married at Madrid, N. Y., to a wife now surviving, along with one son, Dr. Herbert J. Lyle of Massena, and one daughter, Mrs. F. A. Potter. Mr. Wm. Gibson of Farran Point is a half-brother. Mr. Lyle was a Presbyterian in religion and in politics a Liberal —Herald.

Is Killed on Track at Perth.

Robert Patterson, a C. P. R. sectionman of Maberley, was killed by a train on his way home from shopping in Perth Saturday night. He had taken his parcels off the jigger on which he was riding and laid them on the bank. While he was endeavoring to remove the hand-car, death evidently came to him instantaneously.

Deceased was unmarried, but leaves a widowed mother and two sisters.

Found Old Coins.

Two men in the vicinity of Smith's Falls have recently found a number of French and American coins. Among them is a five franc piece of the date 1812, bearing the head of Napoleon I. In all 148 coins have been dug up and their total value is a matter of conjecture. The coins have been placed in the charge of the chief of police at Smith's Falls and he and the local magistrate are to decide on the disposition to be made of the treasure pending instructions from Ottawa, whither a report of the find has been transmitted. There is a belief that there are more coins buried.

Jail Prisoner Escapes

Frank Grey aged twenty-three years, a prisoner in the county jail at Brockville made his escape by scaling the walls Thursday afternoon and is still at liberty. Gray was arrested here on about July 1 for a series of bicycle thefts extending over the previous two months and at once acknowledged his guilt. He was given one year and 260 days in Central Prison, and upon being lead from the court-room to the jail after receiving his sentence, made a dash through the main entrance of the court house building, and escaped. An hour later he was found hiding under some carpets in a neighboring coal-bin, and on being brought back was given an additional three months. This afternoon while on exercise parole in the jail yard, with the assistance of some prisoner in the buildlng, he managed to scale the wall by the aid of a sheet from his bed tied into a rope. It was raning at the time. Gray, who claims his home is in Buffalo, made off in jail garb.

Good For Bert

The following is taken from the Rouleau "Enterprise:"

"Last Thursday the Boy Scouts visited Regina fair and while there tried the examinations to become first class scouts. It speaks well for Scoutmaster Shaw that every boy passed the exams., in fact they were highly commended by the examiner and were told that if a competition had been held they would easily have carried off the honors. During the day the boys drilled before an enthusiastic crowd of spectators. The boys were the guests of the Regina boy scouts for the day and were also tendered an invitation to join them at their camp at Long Lake but the offer had to be declined."

The scoutmaster referred to is Bert, son of T. T. Shaw, of the Record.

Mrs. Jas. Smith has returned to Ottawa, after spending a couple of weeks with relatives and friends here.

At the big picnic held at Bevelery Lake a deputation waited on the Minister of Finance, the Hon. Mr. White and Senator Taylor, putting the claims ardently before them and were promised that the member for Leeds would reccommended to his colleagues in the cabinet the construction ot a canal.

Crippled For Life Probable

Mr. Ed. Kidd, of Hazeldean, who had a second paralytic stroke last Thursday is feeling better according to a statement made by Dr. Shannonhouse, of Hazeldean. The doctor says that Mr. Kidd passed the best night yesterday that he had since the second stroke last week.

The doctor says that there is some hope of recovery but that is likely that Mr. Kidd will be crippled for life if he recovers. The hope that is held out for his recovery is slight for it is seldom that a man as old as Mr. Kidd 63 years, ever recovers. Much sympathy is being expressed for Mr. Kidd.

The Late Edwin L. Thom.

As announced in our last issue, a former well know resident of this county in the person of Edwin L. Thom, passed to his reward on Wednesday night last at his home in Toronto. The summons was sudden indeed, as he had worked that day at his vocation, and had made no complaint whatever and retired at his usual time. About 11 o'clock Mrs. Thom heard him moaning, but thought that he was snoaring as she had on former occasions, and on being spoken to would turn over and be all right, but on this occasion he failed to answer. Mrs. Thom at once got up and turned on the light, when she found he was breathing his last. A doctor was immediately summoned, but it was of no avail as the spark of life had flown.

Deceased was the second son of the late Levi and Elizabeth Thom, and was born in Williamsburg township 54 years ago. For some years he followed farming but later took up the mercantile life, building the store at Williamsburg, which is now owned and conducted by W. C. Strader. He carried on business there for five or six years, but moved to Toronto where he entered the services of the street railway, following that business for nearly twenty years, retiring only a couple of years ago. In 1882 he was married to Miss Minnie Holt, daughter of the late George and Mrs. Holt, and to this union there were born three daughters, two of whom, Misses Ruby and Verna, still survive, together with his wife and an only brother, Mr. Alex. Thom, the well known stockman of this town.

The remains were brought here Saturday morning by his brother, Mr. Alex. Thom, and conveyed to the residence of Mrs. Geo Holt from whence the funeral took place to Knox church, at 2 o'clock in the afternoon, where Rev. Mr. Strike, of the Methodist church, conducted service in the absence of Rev. Mr. Cameron Interment was made in Mt. Pleaasnt cemetery—Leader.

Death of Alexander Cameron.

Mr. Alexander Cameron, one of Winchester's oldest and most prominent citzens passed away yesterday morning at 7 o'clock. He had been a sufferer for some months with rheumatism and a few weeks ago went to the Morrisburg Sanitarium for treatment. He appeard for a time to be improving, but the first of last week he took a turn for the worse, jaundice developing and his eyesight which had been defective, left him. He was immediately taken to Montreal, accompained by Dr. Reddick, where, after a consultation by the best physicians, the deceased's case was pronounced cancer of the bowels and hopless. On Tuesday of last week Mr. Cameron was brought home, where he gradually grew weaker until the end came Wednesday morning surrounded by his family. Deceased was born in Aberdeen, Scotland, 58 years ago. He came of military stock, his grandfather having been a regimental sergeant mayor who fought in the Battle of Waterloo. Mr. Cameron came to America in 1872 landing at Portland, Me. After remaining there a short time he came to Montreal where he stayed several years and then went to western Ontario locating at Sarnia. He then went to Winchester during the summer of 1877 and in 1878 was married to Miss Louisa Reddick. During his residence here he was engaged in the tailoring business, in which he was most succesful, only retiring when his health began to fail him some months ago. Mr. Cameron was a man of great strength of character and held strong opinions which he upheld with the utmost zeal. He was warm hearted and generous to a degree, enterprising gladly associating himself with all progreseive movements. He was a charter member of the Masonic lodge here and a Pastmaster of the same. He was also a memder of the A. O. U. W. Order and for two years, 1908-9 he was elected town concillor in which posiition he served the public most efficently. At social functions he was distinguished for his wit, being regarded as the late Mark Twain. He was a pronounced Liberal and a strong Imperialist. In religion he was a Presbyterian and he prided himself on his Scottish descent. As a friend and citizen his passing away will be felt by the whole community.

A widow survives, also five sons, Don. who is on his way home from British Columbia; Hector manager of Bank of Ottawa, at Fort Colounge, Que.; A. G. practising law at Montreal; Norman at home; Colin, in a brokerage office in New York, also two daughters. Misses Helen and Ethel at home. One sister, Mrs. W. E. Kelly of Vancouver, B. C. is on her way here.

The funeral was held at St. Paul's church at 2.30 this afternoon and was under Masonic auspices. Notwithstanding a heavy dowapour of rain the attendance was very large. During the funerel there was a general suspension of business as a mark of respected to the departed. Interment was made at Maple Ridge cemetery.—Press.

A MARTYR TO HAY FEVER

"Fruit-a-tives" Cured After 15 Years' Suffering

CORNWALL CENTRE, ONT.,
NOVEMBER 27th 1911.

"I was a martyr to Hay Fever for probably fifteen years and I suffered terribly at times. I consulted many physicians and took their treatment, and I tried every remedy I heard of as being good for Hay Fever but nothing helped me.

Then I heard of "Fruit-a-tives" and decided to try them, and I am thankful to say that this remedy cured me completely.

To every sufferer from Hay Fever, I wish to say—"Try Fruit-a-tives". This medicine cured me when every other treatment failed, and I believe it is a perfect cure for this dreadful disease—Hay Fever"

MRS. HENRY KEMP.

The real cause of Hay Fever is poisoned blood, due to the faulty action of the bowels, kidneys and skin.

"Fruit-a-tives" cleans the blood by regulating bowels, kidneys and skin—and thus relieves the excessive strain on the nervous system. Try "Fruit-a-tives".

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Laurier To Tour West and Ontarso

Ottawa, Ont., August 15.—Sir Wilfred Laurier, leader of the Liberal Opposition at the Capital has almost completed arrangements for an extensive tour of Western Canada and later Ontario. The Liberal chief will leave on August 27 for the Forester's Convention at Vancouver on September 4. While on the coast province, Sir Wilfrid will visit several of the most important B. C. cities. On his return trip he will visit the principal cities of Alberta and Saskatechewan, where no doubt arrangement will be made by the various Liberal organizations for the chief to speak. The Western trip will take over a month. On his return to Ottawa, Sir Wilfrid will take a short rest and will then yroceed on a speaking tour of New and Old Ontario. While in New Ontario he will visit several of the prominent points and will personally inspect the line of the Transcontinental. He will spend a week in that portion of Ontario.

Many invitations have been extended to Sir Wilfrid from all over the province and the choice of the Ontario itinerary is now occupying the attention of chief Whip Pardee and Hon. Charles Murphy. As Sir Wilfrid will be away during the greater part of September and will start again through Ontario about the middle of October, it woud seem that reports to the effect that he might take part in the Borden naval conference, have been once and for all laid at rest. Despite wild rumours to the contrary the meeting of the Liberal leaders in the Capital yesterday confined its attention to arrangement of the chief's movement. The naval question was not mentioned.

Fireworks Kill Five Italians.

Auburn, N.Y., Aug. 14.—Five are dead as a result of explosion of dangerous fireworks which were being prepared in the Italian colony yesterday morning for a celebration of the Feast of the Assumption by the congregation of the Church of St. Francis di Assissi. The dead are: Cosimo D. Carmelengo, of Fairview, N.J., manager of the fireworks, and Mrs. Mary Cheche and three children, Emma, 11; Armando, 9; and Carmela, 7. Fire Marshall Coneybear is positive that prohibited explosives were used and found a strange bomb in the ruins. The dead were killed outright and fragments of the bodies were found in many places.

Big Harbor Improvements.

Montreal, Aug. 14.—Direct rail and highway communication by a new bridge to the south shore, the establishment of extensive railway terminal facilities on Mackay pier, and the creation of an anchorage ground for vessels between the Old Guard pier and the Alexander pier, and the construction of five new piers for ocean liners between the Victoria and Laurier piers and better ferry connections form part of an immense program of improvements which the Montreal Harbor Commission proposes to carry out within the next three years at an approximate cost of six millions of dollars.

Sentenced to Prison.

Cairo, Egypt, Aug. 14.—The trial of three youths who were arrested on July 2 for being concerned in a plot to assassinate Viscount Kitchener, the British agent and consul-general in Egypt, took place yesterday and resulted in all of them being found guilty.

One was sentenced to 15 years' hard labor, while the other two were sent to prison for 15 years without hard labor.

It was stated during the hearing that the reading of seditious literature had incited them to the conspiracy.

No Change In Ocean Tracks.

London, Aug. 14.—(C.A.P. Cable.)—Referring to the Corsican mishap, the White Star Co wires from Liverpool that in view of the exceptional ice conditions which have prevailed in the Atlantic this season, all the lines party to the track agreement consider it undesirable to revert to the northern tracks on August 15 westbound, and August 24 eastbound.

Therefore, it has been decided that no change will be made in the tracks at present in force before August 31.

Duke at Halifax.

Halifax, Aug. 14.—The steamer Earl Grey, with the Duke of Connaught and party, arrived from St. Ann's, C.B., at three o'clock yesterday afternoon. They were received with a royal salute from H. M. S. Sirius, which is here with Sir Ralph Williams, governor of Newfoundland.

Fort William Dock Strike Over.

Fort William, Aug. 14.—Under an agreement reached yesterday afternoon, the strike of the steel rail handlers ended and it is expected that work at the steel docks will be resumed to-day. The settlement is based on a compromise.

READ ABOUT THE GREAT INVENTION

THE ECCENTRIC SPROCKET WHEEL

Long spokes give greater tying-power. (See arrow A.) Short spokes give swifter bundle discharge. (See arrow B.) When you take hold of a heavy stone, exert all your strength and it refuses to budge, what do you call for? A long crowbar, of course. Why? Because greater power is obtainable with the long lever.

The great Invention—the Eccentric Sprocket Wheel (note arrow C)—is built on the principle of the lever. The long spokes (see arrow A and note how much longer than at arrow B) act as long levers—give greater leverage power.

It works out this way:

On our No. 3 Binder, when the bundle is about to be tied, the chain is pulled over the long spokes, which exert all their great leverage power—fully 16⅔ per cent. more than is obtainable with the ordinary wheel. The grain is compressed far more tightly. You get a neater, more compact bundle and save considerable TWINE. Easier to pick up, Easier to carry, easier to shock.

Immediately after our Knotter ties the bundle, the chain is pulled over the short spokes (see arrow B and note difference in length of spoke as compared with arrow A). The shorter spokes greatly increase the speed of the chain. The bundle is given a swifter discharge than with ordinary wheel, and the needle is speedily brought back, out of the way of the downcoming grain, into position for the next sheaf.

The Eccentric Sprocket does this, too—it prevents that "jar" or "jerk" always noticed on other machines when a bundle is being tied and discharged. You will not feel it on the No. 3; neither will your horses be annoyed by it, nor "the life" of the machine be shortened. Frost & Wood No. 3 runs along and does its work without even a suggestion of that "jerk."

Now, you see why every maker would put the Eccentric Sprocket Wheel on his binder if we did not control the patents for Canada. You see why it's wise to invest a post card and get our Binder Booklet so as to become thoroughly posted on the peer of them all—the Frost & Wood No. 3.

You are on the right track when you start investigating our No. 3—the binder that is built by a purely Canadian Company, who thoroughly understands Canadian conditions. We would like you to read a few of the hundreds of testimonials we have received from Canadian farmers, which back up our claims to the letter.

Miss Mabel Raymond has returned from Morewocd, where she has been visiting friends. That vicinity has its attractions.

Mr. Leslie Foster left on Monday night for a trip through the Canadian North-West, where he intends to spend a couple of months. Mr. Foster has two sons and a daughter in the West and will visit them all before returning.

The Ladies Aid of the Newington Methodist Church met at the home of Mrs. A. S. Raymond on Thursday afternoon. Those present were Mrs. Kobert Feek, Mrs. Howard Wereley, Mrs. L. Thompson, Mrs. Kelly, Miss Mary Secord, Mrs. Geo. Watson, Mrs. Wesley Mattice, Mrs. Wm. Duval, Mrs. Leslie Foster, and Miss Marion Hawn. Besides the regular business, they discussed and decided on using a surplus of cash for redecorating the church, and have engaged Mr. Lang, of Maxville, to do the work.

GOLDFIELD

Johnston Winters, who has been seriously ill, is improving.

Mr. and Mrs. Donald Campbell of Winnipeg, were visiting acquaintances in this village on Monday. They were accompanied by Mrs. William Campbell.

Miss Teresa Foley was ticketed last Wednesday for Winnipeg where she intends to further her education. Her many friends wish her continued success. Miss Foley will be much missed in society in this part.

Mr. and Mrs. Donald Campbell and two daughters left on Thursday last for their home in Winnipeg.

While helping a neighbor finish his haying last week, William Baker found it neressary to go up on one of the poles on the barn, and while on the pole slipped, and fell on the back of a horse which was in the stable. The horse became frightened and Mr. Baker was bounced around considerably, but escaped with a few bruises.

Joseph Nephew passed away on Friday morning last, at his home in Syracuse, N. Y. Mr. Nephew had been in poor health for some time and his death was not unexpected. The remains were brought to his old home here, which is now occupied by his son, John, last Saturday. Deceased was born in 1834 and lived until about eight years ago in Goldfield, when he moved to Syracuse, where a number of his family are living. He was a member of the Methodist church and a Conservative in politics. He is survived by his wife, six sons and four daughters:—Miles and Percy, in Syracuse; Orland in Saskatoon; Donald in Finch and John at Goldfield; Mrs. Alex. Carr of Grantley, Mrs. W. Heaney, Mrs. A. Knowlton, of Syracuse. The late Mr. Nephew was a patriotic Canadian, and it was his request that his remains be brought home for burial. The funeral took place on Sunday to Goldfield cemetery and was very largely attended.

Great excitement prevails in Welland over alleged voting impersonations at the Hydro-electric by-law voting last Tuesday.

The Man Whose Wife is off on a Holiday

He lives in a house where the dust is an inch thick, where the soiled breakfast dishes are stacked halfway up the kitchen wall, where the rubber plant is slowly perishing of thirst, where the canary has been lent to the neighbor, where the Irish terrier has given up hope of his daily handout and forages from garbage cans.

He sleeps in a bed that has not been made for a week. There are several beds in the house and he has slept in all of them. Besides each bed is a litter of old newspapers cigar ashes and tobacco dottels.

He takes his meals where he happens to be. He has tried out everything on every hotel bill of fare. He has sampled the special dishes of every restaurant. In consequence he is sad and does not believe that life is worth living. Even his club room does not please him. He moons about the smoking room and compares notes with his fellow outcasts who, like him, are filled with an unutterable yearning for home cooking. He haunts hotel rotundas, a loneseme note in these animated scenes. He has no joy in his automobile—for man was not made to ride alone. His sole amusement is in writing letters to his wife and family in Muskoka, cheque enclosed, telling her to enjoy herself.

He lets himself into his deserted mansion at midnight. A light burns dimly in the hall. It burns day and night—for he is afraid in the dark. His footsteps echo on the hardwood floor. As an echoer there is nothing like a hardwood floor in an empty house. He hangs up his hat. What is that lurking form behind the piano lamp? Pshaw, nothing at all! Just nerves. Brushing ghosts and concealed assasins aside he hurrys upstairs. Thank Heaven the bed is where he left it! Nobody has been here. He sleeps—and forgets So goes the dismal round and the morning and evening are each another day.

Who is this homeless, friendless, solitary man? Is this gay grass widower, whose surreptious wickedness, when his wife goes to the country, is the food of many columns? If there is a drop or tear for him. Its pity he needs, not reproach.

Prizes Offered By The Canadian Seed Growers' Assoction For Selected Seed.

Official notice is given by the above organization that substantial prizes in the form of Cash and special trophies, are offered for seed grown in the province and exhibited at the next Annual Winter Fair or Provincial Seed Exhibition. The date of this Exhibition will be made public later.

In addition to the regulr prizes offered to member of the Association, special cash prizes are offered to boys and girls between 12 and 18 years of age, for Exhibits of (Spring Wheat) and (White Oats.) A sweepstake prize in the form of a beautiful gold medal donated by Dr. Jas. W. Robertson, is also offered to the boy or girl having the best Exhibit of oats in the maritime Provinces Quebec and Ontario and wheat in each of the Provinces of Manitoba, Saskatechewan and Alberta. Each of these Exhibits is to consist of a sheaf which must be at least 6 inches in diameter at the band and a gallon of threshed grain. The plants for this sheaf should be selected by hand from the field before the crop is cut.

Those proposing to compete for these prizes should arrange at ance to make the necessary selection and should also write to Secretary, Canadian Seed Grower's Association, Ottawa, Ont. and obtain a copy of the prize list rules and special arrangemnts regarding the transportation of exhibits.

Now is your chance boy and girls; Even if you don't happen to win a prize the experience you gain wi ll increase your chances next time.

General Booth Sinking.

London, Aug., 13.—The condition of "General" William Booth the commander in chief of the Salavation Army, who was operated on in May last for the removal of a cataract from his left eye, and who is now totally blind is growing worse.

Bramwell Booth, chief of staff of the Salavation Army, and son of the aged salvationst, prints the following announcement in the "War Cry" the Salavation Army organ.

"I deeply regret to say that our beloved General is not so well. His doctor reports "I regret that the improvement in the General's health has not been maintained.

"The General's heart is not strained, and if only his sleep were restored he would quickly regain much that is now in danger of being lost. The General speaking of his own weakness and pain last Sunday said:

"Ask the people who love me to pray for me."

Baptist Church of Recent Birth To Be Disbanded

Brockville,, August 14.—The members of the Cavalary Baptist Church organized here a year ago last winter by the Rev. S. J. Robins following a clash with the members of the First Bapti t Church, of which he was then factor, have decided to disband at the end of this month.

Last fall Mr. Robins took the hustings in the Conservative interest and has since been provided for at Ottawa. His successor the Rev. Albert H. Parker, brought here from England cannot see the necessity of two Baptist churches in this town and has resigned.

A business meeting of the congregation was held and seeing the fruitlessness of attempting to erect a church, the members decided to worship elsewhere. The services have been taking place in the Town Hall.

Harvester Killed By Train

W. A. Reynolds, of St. John N. B., was almost instantly killed at Franktown, about nine miles from Smith's Falls last night. Reynolds had a ticket for Vancouver on the harvester's excursion train which had the siding at Franktown to wait for the local from Ottawa. The young fellow stepped of the train and presumably failed to see the local which ran into him. The train was slowing down at the time, and rolled him under the cow-catcher.

He was put in the baggage car of the local, and Dr. Anderson notified to meet the train, but Reynolds died almost with the stopping of the train at the station.

His head was badly smashed, one leg off and an arm broken.

The body was taken charge of by Undertaker Marsh, and is now at his establishment.

The C. P. R. officials there notified the authorities at St. John, and inquest will be held. The young fellow was abont 23 years of age.

Crippled Child Cured at Shrine.

Quebec, Aug. 8—A miracle is reported at the famous shrine of Ste. Anne de Beaupre yesterday afternoon by some three thousand pilgrims from Hull, who make a yearly visit to St. Anne's.

A young lad of 8, Paul Savard, of Cumming's Bridge, near Hull, who came on the pilgrimage in a crippled state, able to walk only with the aid of crutches, recovered the use of his limbs and left the crutches at the shrine.

The cure is said to be one of the most complete and self-evident miracles ever witnessed here.

THE BEST EVER

Was the Celebration and Race Meet Held at Chesterville.

Everybody seems satisfied with the result of the two days' celebration held at Chesterville on Wednesday and Thursday of this week. The weather was all that could be desired and the attendance the first day was fair, with a bumper crowd the second.

During the second day and owing to the many attractions, there were many athletic events that the management were unable to run off early in the afternoon, and thus had to be cancelled on account of the lack of entries.

As was advertised, the Hon. Adam, Beck, chairman of the Hydro-Electric Commission, was present and addressed the large assemblage on the benefits to be derived by the public generally by their co-operation with the Ontario Government in installing the Hydro-Electric power in this section of the country. He told of how it was working in the western part of the province and of what special benefit it was proving to be to every one concerned, the farming public included. In a nut shell, he said mostly every kind of work could be operated with it. From what we could grasp of the situation is that it is up to the combining of the different municipalities, if we wish to secure the Hydro-Electric power. The time was limited and the Hon. Mr. Beck could not go into details at all. He was well received and attentively listened to. The races were then continued.

The grounds put on a regular fair air, and merry-go-round, photograph man, and booths of different kinds were in evidence.

The horse racing at this celebration was the best that has been witnessed in this part for a long time, every race being very keenly contested. The result of both days:

Judges—C. S. Smith, Chesterville; S. Hutt, Berwick and M. J. Grady, Crsyler.

Among other athletic events were the following:—

100 yards race—1st A. Legault, Smith's Falls; A. Paul, Smith's Falls.

Boys Race, 100 yards—1st Leo Kearns, 2nd James Masterson.

Quarter Mile—1st A. Legault, 2nd A. Paul, 3rd Leo Kearns.

The concert held in the Music Hall on the evening of the first day drew a fairly good audience and all were delighted with the program.

The assembly held in the Music Hall on the evening of the second day was well patronized and it is needless to say that they all enjoyed themselves, at the close of which an excellent lunch was served.

During the evening the winner of the set of single harness donated by the Sanders, Soule & Casselman was made known, and the man holding the lucky ticket was Mr. Wm. Marselis of Morewood.

NOTES

Everybody says the celebration was a success.

It must be so.

Under the circumstances the track was in very good condition.

Mr. Parks of Gananoque, made an excellent starter, and there was nothing in the race meet to mar the proceedings.

And the Judges performed their duties to a nicety.

BOGART'S

Move On, MOVE ON SALE

Sale Starting Monday, Aug. 19, at 1 p.m.

Having confined our Semi-Annual Sale to Two Weeks we are prepared to make it hummer. We have made a complete re-arrangement in our store, changing every department. All laggards and loiterers given the move on, move on sign.

We must be custodians of our own stock—we must compel tag-ends, oddments and endments to "Move On." No loitering—no delaying—no untimely staying. Goods must "Move On" in this store, stagnation is the death of trade.

No inert, torpid, lazy stocks here. When lines become broken—when pieces dwindle to remnants—when odds and ends crop up, they are NOT allowed to accumulate. We get busy doing police duty.

We get after them with the big stick and prices are radically and effectively lowered

What is the natural result? What happens to the seasonable, desirable, rashionable goods when they are priced far below regular? They "Move On" and they move at a pretty lively gait.

These are the facts of the story we have to tell to-day-- but the figures are the interesting part of it.

Remember—it's time for all Summer Goods to go—fall goods are pushing them from behind. They must "Move On." Remember, all sorts of oddments and endments of staple lines have received "Move On" orders and will leave the store in triple quick time. When a policeman says "Move On" to a crowd on the street, they must move on.

$10,000 WORTH OF GOODS

Must move out of Bogart's store during the remainder of August. Cut prices in every department of the store will move this amount of goods. May Tax Indemnity of Dominion Member.

Vankleek, Hill, Ont. Aug. 8—County Judge Johnston has dismissed the appeal of Edmond Prouix, M. P., for Prescott county, from the decision of the Court of Revision, which upheld the assessment by the assessor of L'Orignal. The effect of the judgment is that the indemnity of a Dominion member is assessable.

Judge Johnston refuses to allow the decision of Judge Widdifield of Durham, who upheld that the indemnity of a Provincial member was non-assessable, and says the point is one which would be settled by a stated case to the Court of Appeal by the Legislature.

The judgment creates a precedent. Mr. Prouix was assessed on an income of $3,000, being $2,500 indemnity and $500 from other sources, less $900 exemption as a householder.

Judge Johnston says the point is whether a Dominion member of Parliament's sessional indemnity is within the definition of income in this section of the Ontario Assessment act.

"I have been forced to come to the conclusion that it does," he finds. "It seems to me that,' within the meaning of the section of the assessment act in question, it is a gain from an office, and in fact, really a salary, differing from the salary paid to a Judge only in the fact that in the latter case the whole time of the official is taken up and in the case of a member only a certain portion."

Junior Matriculation Results.

The lists given below contain the names of the candidates who were successful in whole or in part on the pass ;unior matriculation have been considered in the results.

COMPLETE MATRICULANTS

In group A under each county are given the names of all candidates who have obtained eomplete matriculation by passing on the twelve required examinations papers, which are as follows;—English literature, English composition, British and Canadian history, ancient history, Algebra, geometery, Latin authors, Latin composition, together with the four papers in any of the following subjects:—Experience science (physics and chemistry,) French (authors and compositions) German (authors and composition), Greek (authors and composition).

PARTIAL MATRICULANTS

In group B under each county are given the names of those who have passed on at least nine of the papers required for complete matriculation and have obtained the minimum required on the whole examination. They have therefore failed in not more than three papers. This fact will be shown on their certificates. In order to complete their matriculation they must pass in all the remaining papers at one examination, the standard for pass being 40 per cent of the marks assigned to each paper.

In group C, under each county, are given the names of those candidates who have been granted partial matriculation under the regulation which reads:—

"A candidate who has obtained 40 per cent on each of at least eight papers, with an average of 60 per cent on the same, will be credited with these papers. In order to complete his matriculation he must obtain at one subsequent examination, 40 per cent on the remaining papers, with an average of 60 per cent." Such candidates failed to obtain the minimum required on the whole examination. In order to complete their matriculation they must obtain at one examination 40 per ccnt on each of the remaining papers with an average of 60 per cent on the same. Candidates for matriculation into the faculty of applied science who have obtained 40 per cent on each of at least eight of their pass papers and an average of 60 per cent on the same are reported in this list. The honor standing of such candidates in mathematics has already been published with the honor matriculation results.

OTHER CANDIDATES.

In group D, under each county. are given the names of those who have written upon any number of matriculation papers less than the eight required for partial matriculation, as in the case of those in groups B and C. In this list will be found the names of those candidates who have written only on those papers required for matriculation into the Ontario College of Pharmacy, and who have obtained 40 per cent on each of those papers.

The statements of standing of all candidates will be sent to the Principals of the high schools and collegiate institutes or to the Public School Inspectors in a few days. In the case of those who wrote at the University of Toronto, their statements will be sent to the Registrar of that institution. Candidates will apply to these officials, not to the department, for the reports in detail.

The following are the results for:—

STORMONT, DUNDAS and GLENGARRY.

Group C—W. C. Beckstead, B. Castleman, J. H. Dagenais, E. M. Ferguson, C. M. Fraser, R. Garrow, F. Jamieson, E. S. Kenney, J. A. Macdonell, E. S. McBride, A. E. Riddell, E. E. Rolston, G. D. Wert.

Group D—G. A. Gemeroy, W. R. Gunn, F. B. Leitch, T. Manley, W. W. Shaver.

Clarence McBride, a Kingston boy, was playing about an automatic hay fork while in motion and thoughtlessly put his hand on the rope. His thumb was caught between the rope and the pulley and before anything could be done the thumb was literally torn from the hand.

Young Girl's Bravery Saved Little Brother

Brockille, Aug. 11.—A second brave and successful attempt at rescue from drowning here within two weeks took place yesterday afternoon, Alfred Massey, aged three years, son of Daniel Massey, Water street, was playing on the platform of a launch house. In attempting to reach some brush and pull it from the water the little boy fell in. He was going down the second time when his sister Nellie, aged 14, attracted by his screams ran to the dock, and without waiting plunging into the water, which at this point is fifteen feet deep. The young girl cannot swim, but secured a hold on her brother and managed to keep herself and him affloat until the father, learning of what had happened, rushed to the scene, jumped on the boathouse platform.

No More Guarantees

Kansas City, Aug. 8.—Hereafter the purchasea of a gold-plated watch takes the chances. The old inscriptions "Guaranteed for twenty years," became entirely too common, and, so far as the America National Retail Jeweler's Association is concerned, its virtue now is nothing.

A resolution was adopted at the convention of the association to-day abolishing the time guarrntee on gold-plated watches and jewllery.

LINER NOT GOING O.

Corsican Stays in Vicinity o' Belle Isle.

Latest Report From the Signal Service Is to the Effect That th: Allan Boat Has Not Shifted Her Position and That the Lake Champlain Is Standing by In Case of Need—Marine Men Uneasy.

Montreal, Aug. 14.—The last report issued by the signal service at 11 p.m. last night states that the Allan liner Corsican, which was injured in a collision with a iceberg at 4 o'clock on Monday, is still in the same position, 120 miles east of Belle Isle, and has not proceeded at all since the accident. The Lake Champlain has not continued her journey and is still standing by the injured vessel. The fog is less dense than it has been in the vicinity of the vessels.

No further word from Captain Cook has been announced from the Allan Line offices since his message of the morning which said that the vessel was only slightly injured above the water line and was making no water and that she would proceed to Liverpool as soon as the fog lifted.

The continued presence of the Lake Champlain beside the injured ship, and the fact that the vessel is not proceeding at all, has given rise to some anxiety among shipping experts here.

Look-Out Man Saw Berg.

Montreal, Aug. 14.—The Allan Line office here yesterday morning received a further message from Captain E. Cook of the Corsican, which collided with an iceberg in the Straits of Belle Isle Monday, in which he gives more details of the accident.

Captain Cook says that the look-out man saw the berg and the engines were at once reversed. However, a collision occurred, though the impact was slight, as the Corsican was traveling very slowly when she struck.

The Corcisan, her master said, was slightly damaged above the water line, but would be able to proceed to Liverpool, her destination, without assistance. Information to this effect had been sent to boats making for the Corsican. Nobody was injured in the collision.

Will Resist Says Bonar Law.

London, Aug. 14.—Mr. Bonar Law in a letter to the press has lost no time in replying to Mr. Winston Churchill's onslaught.

After asserting that such a charge as the First Lord of the Admiralty made might with some plausibility have been directed against Mr. Churchill's father, who held that Ulster would be justified in resisting home rule by force, the leader of the Opposition accuses the Government of having, by a course of political trickery, manoeuvred itself into a position in which it thinks it can carry home rule not only without the consent but against the will of the majority of the electors of the United Kingdom.

Mr. Bonar Law concludes by saying that if the Government attempts without first obtaining the sanction of the electors, to drive Ulster out of the union, the attempt will be resisted not only by the loyalists in Ireland, but by an overwhelming majority of the people of Great Britain. But he says the attempt will not be made.

Medical Association Executive.

Edmonton, Alta., Aug. 14.—The postponed election of the executive council of the Canadian Medical Association has at last been held by the special committee empowered to cast a ballot for its election. The council will consist of Drs. Whitland, Edmonton; Findlay, Montreal, Adami, Montreal; Halfpenny, Winnipeg; Reeve, Toronto; McKechnie, Vancouver; Weld, Vancouver; Small, Ottawa; Kennedy, Macleod; Daniels, St. John, N.B.; Mader, Halifax; Archibald, Montreal; Primrose, Toronto; Conroy, Charlottetown, and Young, Saskatoon.

Dr. H. G. Mackid, Calgary, as president of the association, will be a member ex-officio. At a general meeting to be held to-day the next place of meeting will be decided and most probably London, Ont., will be selected.

Ottawa Librarian Dead.

Ottawa, Aug. 14.—Errol Bouchette, F.R.C.S., clerk of the Parliamentary library and one of the best-known of Canadian litterateurs, died yesterday afternoon at a local hospial from typhoid fever. He was in his 49th year and had been ill only a few days. Deceased was a son of the late R. S. M. Bouchette, one-time Canada's commissioner of customs, and was born in Quebec.

The late Mr. Bouchette was for many years actively connected with the Canadian press as editor and correspondent, being in charge of L'Electeur at Quebec for some time. He was a contributor to many papers and magazines and was actively connected with the work of the Royal Society of Canada, being secretary of the French section.

Montreal's Assessment $689,000,000.

Montreal, Aug. 14.—Reaching the enormous total of $689,000,000, the assessed valuation of Montreal property for the current year, shows an increase over the assessment of 1911 of $159,000,000. Deducting from this great total the exemptions of church property, civic and government holdings the taxable property amounts to $495,000,000, while last year the total wa $381,148,206.

GENERAL BOOTH ILL.

Veteran Salvationist Ask Those Who Love Him to Pray For Him.

London, Aug. 4.—The condition of General William Booth, the commander-in-chief of the Salvation Army, who was operated on in May last for the removal of a cataract from his left eye, and who is now totally blind, is growing worse. Bramwell Booth, chief of staff of the Salvation Army, and a son of the aged Salvationist, prints the following announcement in The War Cry, the Salvation Army organ:

"I deeply regret to say that our beloved general is not so well. His doctor reports: 'I regret that the improvement in the general's health has not been maintained.'

"The general's heart is not strained and if only his sleep were restored he would quickly regain much that is now in danger of being lost. The general, speaking of his own weakness and pain last Saturday, said 'Ask the people who love me to pray for me'."

Horse Show Opens.

Cobourg, Aug. 14.—Never before in the eight successful years of the Cobourg Horse Show Association, has the indefatigable labor of its officers and committee been crowned with such success as at the great exposition that opened here yesterday. In number of entries it has nearly doubled, the association prizes are very liberal, there are many cups and special awards, the seating accommodation is improved by the erection of a new grand stand, and the modern horse barn recently erected has been moved from the agricultural grounds to horse show park. For the first time the Royal Canadian Dragoons were present in their full strength. The 48th Highlanders' band is again present and gives a concert every afternoon and evening.

The feature of the opening day was conceded to be the fine riding of Lieut. Clifford Sifton in the jumping events.

Father and Stepmother In Jail.

Stratford, Aug. 14.—William Thos Bugg and Bertha Bugg, respectively father and stepmother of the five-year-old boy who was brought to the Children's Shelter a mere skeleton from alleged starvation, are now in jail here awaiting a hearing on the charge of neglecting their lega duty to provide the necessities of life.

The parents are on the customary eight days' remand, and will probably appear in court in a day or so.

Will Close Brockville Church.

Brockville, Aug. 14.—At a meeting of officers and members of Calvary Baptist Church a resolution was passed disbanding the organization, consequent upon the closing of the ministry at the pastor, Rev. A. H. Barker, two weeks hence. The congregation was an offshoot of the first church, which split two years ago upon the retirement of Rev. S. J. Robin as pastor, his followers going with him and organizing a new church.

VETO IS TRAMPLED ON

U. S. House Rejects President's Action on Bill.

Fight Over Wool Tariff In Congress Results In an Unparallelled Situation—Twenty-One Republican Bolters Vote With the Democrats and Give a Two-Thirds' Majority Against the President.

Washington, Aug. 14.—By the narrow margin of five votes the House yesterday passed the wool tariff revision bill over President Taft's veto. The vote, 174 to 80, was made possible only by the defection of 21 Republicans, who voted with the Democrats. The announcement of Democratic success created a wild scene in the House and amid great confusion the Republican leaders protested that Speaker Clark must count as voting ten members who answered "Present" to their names, a ruling which would have defeated the Democratic program by overcoming the five-vote margin and making impossible the recording of the necessary two-thirds vote of the House. This the Speaker declined to do.

Less than an hour after the wool bill had been repassed in the House, the conferees on the sugar tariff bill met and disagreed. This action is expected to mark the end of sugar tariff consideraion in the present session.

While Democratic and Progressive leaders of the Senate do not believe the wool bill can be passed in that body over the Presidents veto, they will continue to demand for action on the cotton tariff measure. The vote on the wool bill came as a surprise to the Republican leaders of the House, When they discovered that defection from their ranks was to be expected, it was too late to prevent it.

Not in the memory of the oldest members of the House has a tariff measure ever been passed over the President's veto by the lower branch of Congress.

When Speaker Clark announced the vote and declared the bill again had been passed, "the President's veto to the contrary notwithstanding," there was a wild outburst of applause from the Democratic side. The tumult was increased by the demands of a half dozen Republicans that the ruling was unconstitutional. When a semblance of order was restored Representative Gardner of Massachusetts urged that the constitution provided that a two-thirds vote of the House was necessary and that the ten members voting "present" should be counted, for they had recorded their presence in the House, Representative Olmsted of Pennsylvania, one of the foremost Parliamentarians in Congress, supported the contention.

Streets Strewn With Dead.

Mexico City, Aug. 14.—Two hundred dead were lying in the streets of Ixtapa last night after Genefevo de la O's band of Zapatistas halted on its march to Toluca, the capital of the state of Mexico, only 15 miles north. The town was garrisoned by about 100 rurales.

Fighting occurred around Tenancino earlier in the day and the six hundred federals quartered there defeated the rebels. The latter then concentrated their efforts on the smaller garrison of rurales at Ixtapa. At the end of the fight all the rurales were dead and the total of 200 included many of the townspeople as well as Zapatistas. The rurales fought desperately.

The spoils taken include 14,000 rounds of ammunition. The town was looted.

Department Takes Hand.

Welland, Aug. 14.—Yesterday's hearing of the impersonation charges lodged against Samuel B. Morris of Buffalo, in connection with the voting in the Hydro-electric bylaw, marked the first appearance of the forces of the Attorney-General's Department in the case.

Four charges were read and in each case M. Macoomb declined to plead, while in each case Mr. Bayly asked for enlargement until Tuesday, Aug. 20.

Morris broke down as he was being led back to the cells.

A New Bonding Scheme.

Montreal, Aug. 14.—Ald. L. A. Lapointe said yesterday that he would introduce in the City Council to-day the necessary preliminaries preparatory to going to the Legislature for power to increase the city's rate of interest from 4 to 5 per cent. He would then issue loans in ten-dollar negotiable bonds to the public of Montreal and the province. These bonds could be used like bank notes.

Fails to Get Funds.

London, Aug. 14.—Bishop Blair of the Falkland Islands, which is the largest diocese in the world, embracing the major portion of the continent of South America, who attempted to raise $500,000 for church work in those countries, has succeeded in getting only $30,750. He announces that he will resign unless an adequate response appears before next September.

Composer Massenet Dead.

Paris, Aug. 14.—Julien Emile Frederic Massenet, the well-known musical composer, died at his residence yesterday morning at the age of 70. He had been suffering for a long time from cancer, but his death was sudden and unexpected.

BANKS LENDING HELP

Attorney Whitman Has Now a Powerful Weapon.

Process of Uncovering the Bank Deposits of Big Police Officials Gives Startling Results and on the Evidence Thus Secured Four Police Inspectors Will Be Charged With Blackmailing Gamblers.

New York, Aug. 14.—Powerful banking interests, acting through the New York clearing house committee, came to the aid of District Attorney Whitman yesterday in his efforts to lay bare the alleged corrupt alliance between the police and the gambling fraternity, founded on graft and blackmail. A virtual command was given by the committee yesterday to all banks in the clearing house to furnish the district attorney with a record of deposits they have received from any of the high police officials whom the district attorney suspects of having been a collector of blackmail from the disorderly element of the city.

As a result, records showing that within the last eight months Police Lieut. Charles Becker, charged with the murder of Herman Rosenthal and accused of gambling graft, has made bank deposits of $58,845 in his own name or that of his wife, were placed in the hands of the public prosecutor.

These deposits, the records show, were first made in November, 1911, shortly after Becker became head of the strong arm squad of gambling raiders, and continued all during the time that Jack Rose says he was collecting graft for Becker and until after his arrest.

The district attorney has been promised records of Becker's deposits in four other banks, which did not have time to go over their accounts yesterday, and he has also discovered that Becker has an unknown amount of stocks, bonds and other securities locked up in two separate safe deposits vaults. That the total value of the police lieutenant's assets will be found to approximate $200,000 would be no surprise to the district attorney. Becker's salary as a police lieutmenant was only $2,250 a year.

It became known last night that the district attorney is holding for presentation to the grand jury in due time evidence by which he expects to convict four police inspectors on the charge of collecting blackmail from gambling houses and disorderly resorts. Thus far the state's investigators have uncovered bank accounts of two of them totaling $75,000. The prosecutor expects, however, with the aid of the clearing house officers, to unearth the bank accounts of all but four of them, which are expected to disclose some surprisingly large fortunes, in one case an accumulation of nearly a million dollars.

Schepps Spirited Away.

Hot Springs, Ark., Aug. 14.—Sam Schepps held here as a material witness in the Rosenthal murder case has been hid by federal officers to whom he was given into custody last evening. After holding him three day, the time limit of the law, the police turned him over to Fred Johnson, postmaster and deputy United States marshal, and Johnson declines to say where Schepps has been taken.

Will Sail on August 30.

Ottawa, Aug. 14.—Hon. George H. Perley, acting Premier, received a cablegram from Premier Borden yesterday saying that he and his colleagues will sail for Canada on Aug. 30. They are expected here about Sept. 10 at the latest.
It is not thought likely that Premier Borden will visit Germany.

BILLS IN LONDON.

Crop of Stolen Money Is Discovered There.

London, Ont., Aug. 14.—Are members of the gang who are connected with the bank robbery in New Westminster last February working quietly in this city distributing part of the "swag," as is being done in Toronto?
Some of the bankers are inclined to think that such is the case, for since the report in yesterday afternoon's Free Press, to the effect that a $10 bill of the stolen money had been turned into the Bank of Montreal, several other bills have been passed in the receiving teller of the Bank of Toronto, while going through a deposit of one of the bank's regular customers, discovered two five-dollar bills, which were among the stolen money. He immediately notified the Bank of Montreal in this city, which in turn communicated with the Toronto authorities and they were instructed to send the bills to Toronto at once.
London detectives are of the opinion that the ten-dollar Bank of Montreal bill which turned up in London, one of those stolen from the New Westminster branch of the bank, came in from some other place and was not passed here at all.
The bill in question came to the Bank of Montreal here from the Molsons Bank. The Molsons Bank receives all the American money which is taken in by the Michigan Railroad Co. and forwards it to Detroit, while the Canadian money collected in that city is forwarded to the branch here. Therefore it would be quite possible, Detective Egelston thinks, that the bill could have been presented at any place on the Michigan Central line.
It is the opinion of the detectives that no one in London had anything to do with it.

A Warning to Farmers.

Toronto, Aug. 14.—Two imitators of J. Rufus Wallingford are trying to work an out-and-out "skin game" among the farmers of Halton County, so the provincial police have been informed. Supt. Joseph Rogers issued a warning to farmers and descriptions of the two operators to the police of Ontario yesterday.
Oil was recently discovered in Halton County. Last week two men representing themselves as oil magnates called upon several farmers. They offered staggering sums for property and all the owners had to do was to sign an agreement to release the farms at a certain date for, say, $15,000 or $20,000, and probably the land was not worth any more than half the amount offered. These would-be swindlers had drawn up the agreement in such a way that they could make big money out of an unsuspecting farmer. After a farmer had signed the document the operators were able to tear off a corner of the paper and have in their possession a promissory note for any sum they wished, and the farmer's name was attached.

Mayor Gave Life For Fiancee.

Lanigan, Sask., Aug. 14.—Miss Elsie McFarlane is in a critical condition to-day as the result of her narrow escape and the death by drowning in Watrous Lake, near here, of Mayor R. L. Hood of Lanigan, to whom she was to be married to-day.
Mayor Hood dived into the water and succeeded in reaching the girl and supporting her until help arrived. He was so exhausted that he sank when Miss McFarlane was lifted into a boat which came to their rescue.

Aviator Fenwick Killed.

Salisbury, Eng., Aug. 14.—One of the most experienced English airmen, R. C. Fenwick, was killed yesterday while participating in the military aviation speed tests on Salisbury Plain.
He was flying over the aviation camp in his biplane at an altitude of 300 feet when the machine sudderly turned turtle and dashed to the ground, where the airman was found dead.

TROUBLE IN STORE FOR DR. PYNE

Vankleek Hill Opposes Bilinqual Model School.

From Vankleek Hill comes a hue and cry. The Department of Education is opening an English-French Model school in a district where there were previously an English Model school. An advertisement appearing in a local paper makes the announcement that the English-French Model school for the training of third-class teachers is to be opened in September. Vankleek Hill claims that it has suffered an injustice.

Fifteen years ago a Model school was located in the public building of that place. At that time there were some thirty teachers in attendance. In recent years the attendance ranged from eighteen to twenty-five. With the general wiping of Model schools by the Department of Education five years ago, in an effort to make prospective teachers take the Normal School course, this school was closed. An immediate result was a scarcity of teachers for the smaller school sections throughout the district. At the time a determined effort was made to have the school continued, but the mandate of the department was supreme.

Unsuccessful then, two years ago Mayor Paquette and a deputation came to Toronto to try and induce the department to open the school again, but were informed that Cornwall had the Model school for the district.

The bitterness of the situation is now accentuated by the action of the Department of Education in going to open a school, largely supported by English-French teachers. With the exception of $500 received from the Government, the municipality pays the entire expenses of the school.

Hard by is St. Mary's Convent, where the new Model school is to be held. Money for the cost of the necessary alterations is said to be assured by the department. It is only a short distance from the public school where the Model school was formerly held, but what the public school loses the convent gains.

Mr. H. C. Jones, Vankleek Hill, explains the situation thus: "We paid all but $500 of the expenses, we furnished the building free, we supplied the county with teachers. They do away with our Model school where we train teachers to teach in English, and they put in its place an institution to train teachers to teach in French, and they pay the expenses."

"Here's our building with two vacant rooms, why not come to us?" asked Mr. C. S. Northcott, chairman of the Public School Board.

Under the arrangement with the convent, it is said, the Government, instead of accepting the use of the public school rooms is giving $300 to remodel the three rooms required in St. Mary's Convent, $300 for the improvement of the convent gardens and $500 a year rental for the use of the rooms.

The Chairman and Secretary of the Separate School Board had nothing to say about the Government's intention, and were unable to confirm the rumor that $2,000 a year was to be paid to the Principal of the new institution.

Medical Reciprocity Throughout Canada

All the Provinces of Canada having accepted by concurrent legislation the terms of the Canada medical act, medical reciprocity in Canada will now go into effect. Henceforth any physician holding a certificate of the Medical Council may practise in any Province. Owing to the system of separate councils in the past an Ontario physician, for instance, could not practise in Quebec unless he passed the Quebec Council.

Under the new act there will be three members of the council, residing in different Provinces, appointed by the Dominion Government: two more will represent each Province, and each university or medical school connected with a university will have one member. In addition to these there will be three representatives of the homeopathists. The term of office will be four years. Representatives of the various Provincial councils will shortly meet Hon. Dr. Roche to give effect to the legislation.

Gass—McIntosh

The marriage of Miss Agnes Isabel McIntosh, daughter of Mr. and Mrs. George McIntosh of Morrisburg, and Mr. W. J. Mavety Cass, B. A , of Chesterville, was celebrated at the home of the bride's parents on Wednesday, July 23, at high noon; Rev. A. J. H. Strike, pastor of the Methodist church, Morrisburg, officating. The bride was given in marriage by her father, and was attired with touches of lemon, and wore an embroidered net veil with orange blossom and carried a shower bouquet of white roses and lilies of the valley and wore the bridegroom's gift, a drop pendant of pearls and amethysts, Her only attendant was Master James Steinburg of Odgensburg, who looked very attractive in a nice white suit, carrying a basket of roses wherein was laid the wedding ring. The wedding marches were played by Miss Thompson of Winchester. During the singing of the register Mr. McKercher in a splendid voice sang a tenor solo entitled "Because".

The wedding guests sat down to a splendidly prepared weddlng dinuer, the brides table being nicely decorated with streamers of white satin ribbon and smilax, while carnations, white sweet peas and asparagus fern added to the beauty of the centre of the table. The following young ladies who assisted in waiting on the tables did so well that special mention must be made of them: Miss Beaulah Shaver, Miss Jessie Preston, Miss Mabel Cass, Miss Lillian Armstrong, Miss Gladys McCormick, all students of the Winchester continuation school, where the bride has been the very succesful and popular teacher for upward of three years, and Miss Ada Derosiers, Miss Clara Armstrong and Miss Eva Anderson of Morrisburg. The party was afterwards photographed on the lawn.

The bridgroom's gift to the pianist was a real card case and purse combined, to the soloist a set of initialed cuff links and tie pin, to the ring bearer a ring with whole pearl.

Mr. and Mrs. W. J. M. Cass left by the afternoon train and will enjoy a honeymoon at Charleston Lake and other points before returning to their home in Chesterville, where the bridgroom is practising law.

The bride's going-away costume was a suit of navy serge with white pearl trimmings and pipings of cerise round white corded silk collar: she carried a white handbag of Irish crochet, her hat was of Frence felt and sherring of white satin and touches of cerise.

The speeches were short, witty and appreciated.

Many useful and beautiful gifts were received.

The bride was the recipient of several addresses and presentations from the Sunday school and choir of Winchester Methodist church; also from the students of her school.

Both the bride and bridegroom are very popular in Morrisburg and throughout the county, and their host of friends extend heartiest congratulations.–Herald.
