"SHOULD OLD ACQUAINTANCE BE FORGOT"

On Monday evening, Sept. 16th, Mr. and Mrs. J. E. Woods and Billy Mac were taken by surprise when a committee, consisting of Rev. E. G. and Mrs. Warren, Dr. J. C. and Mrs. Byers, and Mrs. R. Boland, on behalf of Metcalfe United Church, called on them and presented them with a beautiful table lamp and a short address from each member present. The evening was spent in reminiscing, with the odd joke. The gesture was greatly appreciated by the Woods' family.

WEDDINGS

HOGABOAM—COONS

An interesting wedding ceremony took place at the local Wesleyan Methodist Church at 3 o'clock yesterday afternoon, when Miss Elsie Ilean Coons, elder daughter of Mr. and Mrs. George Coons, was united in marriage with Mr. Gilbert Arnold Hogaboam, son of Mr. and Mrs. Frank Hogaboam, of Cass Bridge. The ceremony was performed by the pastor, Rev. H. Kielty, while Miss Idena Jones presided at the piano for the wedding music. The soloist was Mrs. Wilburn Coons, who sang: "The Voice That Breathed O'er Eden." The ushers were Mr. Lorne Hogaboam and Mr. Wilburn Coons.

Given in marriage by her father, the bride was charming in a floor-length gown of white silk net over taffeta, fashioned with sweetheart neckline and long sleeves with points falling over the hands, and a fitted shirred bodice. Her finger-tip veil was held in place with a coronet of pink rose-buds, and she carried an arm bouquet of Johanna Hill Roses. Her only ornament was a string of pearls, a gift of the groom.

The bridal attendants were Miss Lottie Carkner, as bridesmaid, and Mr. Ray Cooke, as best man.

Miss Carkner wore a floor-length model of pink net over taffeta and carried an arm bouquet of roses.

Following the ceremony, a reception was held at Hotel Winchester, attended by about 40 guests.

Mrs. Coons, mother of the bride, was wearing a wine triple sheer dress with black hat and accessories and corsage of roses.

Mrs. Hogaboam, mother of the bridegroom, was attired in a black crepe dress, with matching accessories and corsage of autumn flowers.

Later, Mr. and Mrs. Hogaboam left on a motor trip to Niagara Falls and points in the U. S. A. For travelling, the bride wore an Olive Green Valencia crepe dress with coat in same shade of wool gabardine. Her accessories were in black and she wore a corsage of roses.

On their return, the young couple will take up residence near Cass Bridge.

LAING—WORKMAN

Parkdale United Church, Ottawa, was the scene of a pretty wedding ceremony on Saturday afternoon at three o'clock, when Rev. Dr. Norman Coll joined in marriage Miss Lorna Doone Workman, daughter of Mr. and Mrs. Robert Workman, of Winchester, to Mr. John Cranston Laing, son of Mr. and Mrs. David Laing, of Ottawa. The wedding music was played by Mr. C. Templer, with Mrs. J. W. Gilchrist as soloist.

The bride was given in marriage by Mr. A. E. James, and attended by Miss Catherine Laing as bridesmaid. Mr. Robert Laing acted as best man for his brother, and the ushers were Mr. Charles Sharp and Mr. Douglas Munro.

A floor-length gown of blush satin was chosen by the bride, with a long veil arranged from a halo headdress. She carried red roses and bouvardia in shower.

Following a reception held at the home of the bridegroom's parents, the couple left on an extended wedding trip. For going away, Mrs. Laing wore a blue-grey dressmaker suit under a black topcoat, with black accessories. Upon their return they will take up residence in Ottawa.

At the home of the bride's parents, fall flowers, pink and white streamers and bells was the setting for the marriage on Monday, September 2nd, of Phyllis Marjorie, daughter of Mr. and Mrs. Orval Seeley, Iroquois, and Samuel Morton, son of Mr. and Mrs. Wm. Keyes, of South Mountain, on the occasion of the thirty-eighth wedding anniversary of the bride's parents.

At eleven a.m., to the strains of Lohengrin's Wedding March, played by the bride's mother, the bride, charmingly attired in a street-length dress of blue crepe, with a single strand of pearls, wearing a corsage of American Beauty Roses, was given in marriage by her father.

The ceremony was performed by Rev. C. W. Hutton, of Iroquois.

The young couple were unattended. Mr. Carl Seeley, brother of the bride, and Mr. John Keyes, brother of the groom, were the main witnesses of the ceremony.

The bridal dinner, following the ceremony, was held at the Seeley home, the bride's mother receiving in grey flowered jersey, the groom's mother in black crepe. A three-storey wedding cake adorned the centre of the table.

They left by motor amid showers of confetti and good wishes for their honeymoon trip to New York City and Niagara Falls.

For travelling, the bride chose a blue wool dress cut in princess lines, oyster wool top coat with brown accessories and a corsage of red roses. On their return they will reside at the groom's home in South Mountain.

GARLOUGH—CUNNINGHAM

In Williamsburg United Church at three o'clock on Wednesday afternoon, September 11th, the marriage was solemnized of Miss Edna Rose Cunningham, youngest daughter of Mr. James Cunningham, of Williamsburg, and the late Mrs. Cunningham, to Mr. Graham Garlough, youngest son of Mr. and Mrs. Henry Garlough, of Williamsburg.

Rev. Gerald Fee, minister of the church, officiated at the ceremony, and Mrs. Maefred Merkley played the wedding music. The church was decorated with standards of pink and white gladioli.

The bride was given in marriage by her father and attended by her sister, Miss Gladys Cunningham, as bridesmaid. The bridegroom was attended by his brother, Mr. Harry Garlough, of Williamsburg, as best man.

For her wedding, the bride chose a floor-length gown of white sheer fashionned with a lace yoke. Her finger-tip veil was caught by a Queen Elizabeth headdress, and she carried an arm bouquet of Better Time Roses. The bridesmaid wore a midnight blue taffeta floor-length gown. Her arm bouquet was of Briarcliffe Roses.

The groom's mother wore a grey crepe dress, matching hat and a corsage of red roses.

Following a reception at the home of the bride, the couple left on a honeymoon trip to Toronto and Niagara Falls, the bride travelling in a sky blue wool suit with black accessories.

On their return, Mr. and Mrs. Garlough will reside in Williamsburg.

Metcalfe Fair Opens Tomorrow

Metcalfe Fair, scheduled to be held on Friday and Saturday of this week, promises to excell all previous exhibitions. Entries in the various departments are the heaviest they have been in years, according to a statement made by the secretary, Mr. Eldon Craig, this week.

In the Light and Heavy Horse Classes, the entries are unusually heavy, while some of the best cattle, sheep and swine have been entered in the other Live Stock Classes. In the Domestic Classes, Ladies' Department and Children's Exhibits, there are many new exhibitors and competition promises to be keen.

Saturday, the second day of the Fair, will provide many entertaining features. In addition to the many exhibits, there will be a program of Horse Races, Fancy Driving Contests, Midway, Band Music, Boys' and Girls' Clubs exhibits and Industrial Displays.

Judging of Live Stock starts at 10 a.m. on the second day of the Fair, with the Races scheduled for the afternoon. A parade of all prize-winning live stock, which is an annual feature of Metcalfe Fair, will take place about 4.30 on Saturday.

In the evening, a concert will be held in the Town Hall and a Dance in the Drill Hall.

With fair weather prevailing, the Directors of Metcalfe Agricultural Society are anticipating a record attendance at the 1946 Exhibition.

The fact that 10 per cent. of the gate receipts will be donated to The Memorial Hospital Fund, should be an added inducement for citizens of this district to attend Metcalfe Fair.

Prize money offered to the exhibitors at Metcalfe Fair exceeds the amount offered by any other Fair in Eastern Ontario, and for that reason, only Exhibitions in the cities provide keener competition.

During both days of the Fair meals will be served on the grounds and there will be a number of other refreshment booths in operation.

For a day of unusual entertainment, both instructive and educational, plan to attend Metcalfe Fair this Saturday, September 21st.

As we go to press, we learn that Mr. Robert Ledgerwood, of Mountain Station, has been appointed to succeed Mr. Letellier as local C. P. R. Letters to the Editor

WE STAND CORRECTED

September 16th, 1946.

The Editor, Winchester Press,
Winchester, Ont.

Sir:—

It was most surprising to discover in the columns of the last issue of your usually accurate newspaper, the article published with respect to C. P. R. flag stops at Winchester Station.

It had been my pleasure, on behalf of the local Municipal Council, to inform you previous to the issue of The Press of Sept. 5th last, that the flag stops had been restored, and you did in that issue publish a news item to that effect. Unfortunately, due to some slackness, as it appears, the proper instructions were not conveyed to the local C. P. R. Agent nor to certain operating personnel on the railway, with the result that the night trains did not stop on signal. At this point, instead of checking with the source of the original information, your paper printed last week the incorrect information that the flag stops were not being restored until the end of this month.

Actually the C. P. R. had restored the flag stops effective last 6th September and have assured the Council, through our firm, that the trains will stop on signal. However, the local agent has requested that persons intending to take either of the night trains get in touch with him the day before so that he may ensure that the train will be stopped and so that he may advise which section of the train should be flagged. I may say that the C. P. R. have been very courteous throughout the whole flag stop dispute and once the decision to restore the stop was made, have exerted every effort to be of service to the local travelling public.

I trust that you will correct the news item published last week as above mentioned and that the local travelling public will not have been too greatly inconvenienced thereby.

Yours truly
F. M. CASS.

* * * *

Ed. Note—Last week's news item was published on the strength of a statement made by the local C. P. R. Agent to the effect that the above mentioned trains would not stop until Standard Time was resumed. As Mr. Cass' letter states, the agent had not been informed as to the change. However, we are glad to co-operate with the above writer in presenting the true facts to the public.—Editor.

* * * *

P. S.—Since the above item was put in type, Mr. Cass reports that the Station Agent has informed him that it is not necessary to notify him if you wish either the midnight or morning trains to stop. They will stop on being flagged.—Ed.

THE CHILDREN'S AID SOCIETY

Within a short time The Children's Aid Society of the United Counties of Stormont, Dundas and Glengarry will launch a campaign to raise funds, which are badly needed to finance the many necessary duties the Society is called upon to undertake. This campaign will not include the City of Cornwall, because that corporation is no longer linked up with the Counties' Administrative set-up.

The first emphasis of the Children's Aid Society is to help people to help themselves, as the two following stories will show: The first one—the father was serving overseas in the Canadian Army when the mother left the children alone over the week-end. The home was found to be too dirty and dilapidated to leave the children. The family was crowded into two rooms because the rest of the house was unhabitable. Official removal and possibly wardship was avoided by placing the children, boys of 15 and 12; a girl of 7 and one of 4, with relatives until the mother improved the condition sufficiently to reunite the family. The physical conditions are now better than when the father enlisted. The family were kept together, with the mother developing more responsibility and self-respect and the whole situation stabilized by the Society's administration of the Dependent's allowance.

In the next case, five children, 9, 8, 5, 3 and 20 months, were brought into care from the disorderly house and the father's indifferent supervision when the mother was in hospital for confinement. During the temporary three months' wardship granted by the Court, they were re-established with the parents when they moved into a better house. For five months now the family have lived happily, kept the home clean, repaired the children's clothing, and are setting an example to the neighbours. Thus a family, by extensive service, was kept together and longer guardianship averted.

The Children's Aid Society is a private corporation established by the Ontario Statute under the Children's Protection Act, which was passed in 1892.

The Act defines the function of the Children's Aid Society as follows:

(a) Protect children from cruelty and neglect on the part of parents, guardians and others;

(b) To care for and control neglected children;

(c) To improve the home life of children;

(d) To secure foster homes for children who have no homes of their own;

(e) Generally to discharge the functions of a Children's Aid Society under the Children's Protection Act and to co-operate in carrying out the provisions of the said Act and other legislation in the interest of the children.

It will, therefore, be seen that the obligations placed on a Children's Aid Society is very broad, and requires that the society perform many services in addition to actually providing homes for children. Among these are all the services inherent in the investigation of complaints of neglect.

CANADIAN CHARACTERISTICS

Canadians have a distinctive personality, we have been informed by an English friend now on a tour of Canada to write articles for a British newspaper. In comparing Canadian characteristics with those of other nationalities, our friend says we are friendly, well-mannered and basically honest, traits which may well be a source of pride. This visitor explains further that we are not so forward as the people in the United States, nor are we as reserved as the English. It seems we are a happy medium of the two nationalities.

Our friend had this to say about entering Canada after a month's visit in the United States: "From the minute we crossed the border there was a difference. The clean, wholesome look of a Canadian. The manners and polite consideration of the customs officials was so much like one is accustomed to (in England) that it almost unnerved me. The customs officers did not even ask for my bags to be opened. I played fair. I really had nothing to declare, but the point is they believed me."

It is pleasing to know that visitors like us, that they appreciate the courtesies shown by our officials, that the Canadian method of doing things is a pleasant one. However, we must not become satisfied with ourselves, but rather should strive to make ourselves more pleasant to our guests, and to keep Canada the kind of country people will want to visit.

A PRAYER

This is a prayer said to have been found in Lancashire, England, on the wall of an old inn:

Give us, Lord, a bit o' sun,
A bit o' work and a bit o' fun;
Give us all, in the struggle and splutter,
Our daily bread and a bit o' butter;
Give us health, our keep to make,
An' a bit to spare for poor folks' sake.
Give us sense, for we're some of us duffers,
An' a heart to feel for all that suffers.
Give us, too, a bit of song,
An' a tale, and a book to help us along,
An' give us our share o' sorrow's lesson
That we may prove how grief's a blessin'.
Give us, Lord, a chance to be
Our goody best, brave, wise and free.
Our goodly best for ourself and others,
Till all men learn to live as brothers.

Earth-to-moon broadcasts are forecast by scientists, but if the man on the moon knows anything about the troubles which cause so much worry here on earth, it's a safe bet he won't reply to our signals.

Why don't the farmers of Ontario go on strike? If the steel workers in Hamilton suddenly found themselves short of food it might bring about a quick settlement. The farmers have as much right to strike as anyone else. They work harder for less than most factory men.—Almonte Gazette.

People who wonder where their taxes go may be surprised to learn that municipal council has very little to do with the spending of the greatest part of the annual levy. At present, a good proportion is used to pay off past debts; only a small proportion can be spent on civic improvements until debenture debts are reduced.

HARD TO EXPLAIN
(Ottawa Journal)

Mr. Abbott has "explained" the soap shortage to the Commons, but let them try to explain it to a crowd of indignant shoppers!

GREAT DOSES OF MEDICINE
(Toronto Saturday Night)

Prince Edward Islanders not only endure the rigors of prohibition but are prepared to swallow their medicine regardless of cost. Last year $800,000 worth of liquor was sold to its 110,000 people under doctors' certificates.

A SANE CONCLUSION!
(Smiths Falls Record-News)

We have come to the conclusion that the only thing really wrong with our so-called democratic system is poor circulation of the unselfish spirit. Yes, and the "isms" can only ride into power, in our country, on the breakdown of our moral standards.

AT RUSSIA'S PRICE
(Vancouver Province)

Russia wants peace but she wants a peace dictated and controlled by Russia. She is now told she cannot have it that way. This irrevocable decision by the democracies is the gain to be found in the Paris disagreements and it may lead the way to a workable peace, though not the bright unworried peace all hoped for.

TIMELY ADVICE TO SCHOLARS
(The Rotarian)

Fathers who want to send son John off to school with a telling injunction probably would do no better than quote what Woodrow Wilson told the young men and women of Swartmore: "Do not forget as you walk these classic places that you are here to enrich the world: forget that errand and you impoverish yourself."

REALITY IN RELIGION
(Lachute, Que., Watchman)

Is there a way to end fear, hate and greed in the world? We have heard peope say they used to be fearful and are not afraid any more. We have heard them say they used to hate and now are sorry. We have heard them say they were out for all they could get and are living now to see what they can give. And their actions bear out their words. This change is usually the result of finding reality in religion.

TOURIST AMUSEMENT
(Cornwall Standard-Freeholder)

The comparatively small portion of tourist dollar which goes for amusements is rather surprising. It proves we think, the Americans do not come to Canada to be "entertained," but to enjoy the quieter pleasures of the outdoors, those recreations which cost nothing but are beyond price, the soft murmur of waves on the moonlit shore, the rustle of pines, the welcome warmth of the sun reflected from the waters of a quiet lake, the singing reel and the laughter of their children at play far from crowded city streets.

"Whenever I look at you, Maggie, I think of Ginger Rogers."
"Do you, George?"
"But it's no use; a chap like me has to be content."

LASTING ROMANCE OF ELLIN MACKAY AND IRVING BERLIN

Like a modern fairy tale is the romance of Ellin Mackay and the great songwriter, Irving Berlin. Read, in The American Weekly with this Sunday's (September 22) issue of The Detroit Sunday Times, how Berlin's haunting melodies overcame many obstacles, including an ocean interposed by an irate father, to bring them together. BLUE PRINT for a NEST EGG

Let's talk a minute about savings . . . *your* savings. Chances are they are in a healthier state right now than for a long time. All through the war you made it a point of honour to buy — and hold — all the Victory Bonds you could. Now they amount to a surprisingly large sum.

In short, you *proved* you could save. And you discovered, perhaps for the first time, what a nice feeling of extra security and independence could be yours with a "nest egg" of savings safety tucked away.

Now there's no war to serve as a spur are you becoming less particular about putting aside a set sum every month? Are you losing the saving habit? Remember . . . the money you "save for yourself" is the most important part of the money you earn.

So please consider this simply a friendly reminder that savings *do* have to be planned; that sticking to the plan sometimes means doing without an occasional unbudgeted "extra", and that making regular deposits in a Royal Bank Savings Account is still a good way to get somewhere with your personal finances . . . and with your ambitions for yourself and your family.

THE ROYAL BANK OF CANADA

WINCHESTER BRANCH - - O. V. STEVENSON, Manager.

BANK CREDIT BRIDGES THE FINANCIAL GAP

Every day, business firms make use of bank loans to keep men working, machines running, goods flowing. This bank credit may be used to meet continuing expenses while goods are being processed; to build up stocks of raw materials; to purchase component parts. As finished goods reach the market and payment is received, the loan is repaid.

Enterprising farmers, fishermen, merchants—all make similar use of bank credit to meet their short-term financial needs. Thus your bank helps Canadians maintain steady operations—to take advantage of market opportunities both at home and abroad—to grow. And this, in turn means more work, more goods, a higher standard of living for you and for every Canadian.

THE HILL BEYOND

Upon the summit of a holy hill,
Where creeds all merge into the light of love;
The travellers climbing each his separate way,
Converge at length to this high peak above.

Down at the base, each sees but his own path,
The clouds obscure his vision of the rest;
But there are many paths to reach the height,
Where those who nobly climb at length shall rest.

As they ascend, they see the paths converge
Above the clouds, the pure white light reveals
A holy temple where all people meet,
And all humanity in worship kneels.

BOUCHER—LOUGHLIN

A wedding of much interest to this district was solemnized in the presbytery of the Holy Cross Church, at Kemptville, on Tuesday, September 10th, when Margaret Monica, daughter of Mr. and Mrs. Joseph Loughlin, Mountain, was united in marriage to Earl Albert Thomas Boucher, son of Mr. and Mrs. Frank Boucher, of Mountain, R. R. 2. Rev. Quinn officiated at the ceremony.

Given in marriage by her father, the bride looked charming in a brown suit, with white blouse and brown accessories and a white corsage.

Miss Mary Loughlin attended her sister as bridesmaid, wearing a navy suit, with navy accessories and a corsage of red roses.

Mr. Harold Starr, of Ottawa, was groomsman.

Following the ceremony, a reception for about fifty guests was held at the home of the bride's parents. The house was prettily decorated with gladioli and other seasonal flowers.

Mr. and Mrs. Boucher later left for a wedding trip to Northern Ontario. On their return they will reside at Mountain, R. R. 2.

Before leaving on their wedding trip, the young couple received a number of their friends at the home of Mr. and Mrs. Frank Boucher.

Seasoning

Save all the rinds of oranges, tangerines, and lemons. Allow them to dry thoroughly, then keep in a close-covered glass container. When seasoning is needed for a pudding or a custard, grate a little of the rind.

The September meeting of the W. M. Society was held in the Sunday School Hall on Tuesday evening of last week. The meeting opened with a hymn, followed by the Scripture reading by the President, Mrs. Geo. Wilson. The minutes were read and approved, and the treasurer's report read by Mrs. Suffel in the absence of Mrs. C. Robinson. Miss Empey, corresponding secretary, was requested to send cards to bereaved and sick in the congregation. Mrs. Johnston closed this part of the meeting with prayer.

Miss Empey was convenor of the program. The scripture lesson was read by Mrs. Porteous, and Mrs. A. Summers offered prayer. Miss Empey gave Current Events, and Mrs. Hay gave an interesting account of "Africa." A duet by Miss Empey and Mrs. C. Cross, accompanied by Mrs. Hay as pianist, was much appreciated. The president closed the meeting with prayer.

During her visit here she visited the public schools of the district and the local Public and High Schools, where she gave illustrated talks to the pupils. The Young People's Union of the United Church had her as guest speaker on Monday evening, Sept. 9th.

POLISH REFUGEES TO WORK ON FARMS

According to a statement issued this week by B. G. Sullivan, Ontario Regional Superintendent of National Employment Service, many farmers in this region will soon have the opportunity of applying for sorely needed farm help from among the four thousand Polish War Veterans who will arrive in this country during September and October.

It is understood that the Polish Veterans, now in Italy, are being "screened" by representatives of the Dominion Department of Labour as to their suitability for work on Canadian Farms. The statement mentioned that between fifteen hundred and two thousand of these Veterans will be placed in farm employment in Ontaro. It was emphasized in Mr. Sullivan's remarks that only single men are being interviewed, preferably with previous farm experience. In each case the applicant must be under thirty-five years of age.

In further commenting on the recruiting of Polish Veterans to work on the farm, Mr. Sullivan stated: "With the arrival of these men from Europe, Canadian farmers will be in a position to augment their present labour help by applying to any local office of the National Employment Service. In this respect, farmers who undertake to employ a Polish Veteran will be required to contract for at least one year's continuous employment."

"It is planned," continued Mr. Sullivan, "to properly equip each Polish farm applicant with suitable work clothes. This will be completed before arrival at his ultimate destination. Placement will be made by the National Employment Officers in co-operation with the Provincial Department of Agriculture through the Dominion-Provincial Farm Labour Committee."

It has just been announced from Ottawa that 700 Polish War Veterans will arrive in Ontario this month.

MATILDA TOWNSHIP RURAL SCHOOL FAIR

Matilda Township Rural School Fair, sponsored by the Matilda Township School Area School Board, in co-operation with the Public School Teachers of the Township and the Public School Inspector, Mr. W. J. Stewart, was held on Wednesday, Sept. 11th, on Matilda Memorial Park, Brinston. Pupils from all over the Township arrived early to place their exhibits in the hall. Entries were made in grain, corn, vegetables, fruit, flowers, livestock, poultry and school work. The show was considered one of the best in this district for some time, with numerous exhibits in practically all classes.

Races, which were very exciting, were held in the forenoon for both pupils and teachers. In the afternoon, a school parade, followed by Strathcona exercises in which all pupils participated, was one of the highlights of the day. Mouth organ selections, recitations and solos by different pupils gave variety to the day's programme.

Judging was done by Mr. W. J. Stewart, I. P. S., Mr. Hume Grisdale, Mr. W. Fowler and Mrs. Douglas Hanson, who judged the sewing. Mrs. W. J. Stewart and Mrs. Dora Johnstone gave their assistance as secretaries for the day.

Books entitled: "A Book About A Thousand Things," by George Stimpson, were donated by The T. Eaton Co. Ltd. to the boy and the girl winning the highest number of points. These books were won by Knox Thompson, of S. S. No. 11, and by Eileen Anderson, of S. S. No. 18, and June Mullin, of S. S. No. 7. These girls were tied for highest place.

Matilda District Co-operative Co. Ltd. donated a bag of Laying Mash to the pupil exhibiting the best White Leghorn Pullet. This was won by Lila Robinson, of S. S. No. 23; also, a bag of Laying Mash was donated to the pupil showing the best Barred Rock pullet. This was won by Knox Thompson, of S. S. No. 11.

Much credit is given to Mr. W. J. Stewart, to the committee in charge, and to all other teachers of the Township, for the success of this fair. The committee includes: Mr. Clifford Pitt, President; Mr. Stanley Waddell, secretary; Mrs. Dora Johnstone, Mrs. Lucy Barkley and Mr. Lyall Thorpe, directors.

THE PROVINCE OF PROMISE...

ONTARIO'S *growing gold . . . her largest cash crop . . . is tobacco. Its twenty-year development, from nothing to really-something, has been due almost entirely to the phenomenal increase in flue-cured tobacco—the most valuable of the three types grown here. The others are burley and dark-leaf. This year, a fourth type, cigar leaf—one thousand acres of it—opens rich, new Ontario possibilities. Tobacco is a delicate plant and a demanding one, needing utmost watchfulness and even handmade encouragement during its complicated cure. Its cultivation means back-breaking, short-season work with high rewards for all concerned.*

Published by THE BREWING INDUSTRY (ONTARIO)

A CORNER ON TOBACCO

The annual Ontario production of tobacco is about 97,000,000 pounds—its value around $30,000,000. In the southwest corner of the province, some 90,000 acres are planted to it and the Ontario crop represents nine-tenths of the Dominion yield. 85% of this is high-grade flue-cured—the less-carefully-treated burley and dark-leaf making up the rest. It is an industry in which a few experts prepare the scene for a sudden inrush by thousands of workers in the crucial harvest weeks.

HINTS FOR THE HOME

Parsley

Parsley will be much easier to cut if it is washed in hot water instead of cold.

The Coffee Pot

If the coffee pot and the tea kettle are washed with the pots and pans after each meal, no sediment will collect in them.

Castor Oil Stains

The stains of castor oil on washable goods can be removed by dipthe goods in alcohol before washing.

Quilt Patterns

Try using a good ink blotter when making a pattern for cutting quilt blocks. It wil stick to the material much better than paper.

Wax Paper

The wax paper that comes from around bread is excellent for wiping off the gas range after each meal, for it polishes as well as cleans.

Mosquitoes

If bothered by mosquitoes, use insecticide with an insect gun and spray the ceiling and upper walls. They will collect there before biting.

Glass Cork

If the glass cork has broken off in the neck of the bottle, hold the neck in boiling water for a few minutes, then tap it gently with a wood block.

Stockings

When laundering hosiery, avoid extremes of heat. Do not wash in hot water or dry in the hot sun as both treatments will weaken the fibers.

Dirty Pots

Instead of scouring and scraping the dirty pots, boil water in them, to which add a little washing soda. This is a much easier method and just as satisfactory.

Storing Linoleum

Linoleum should not be rolled for storing until it has been placed before a fire for a few hours and is thoroughly warm. If this is not done, it is sure to crack.

A Meat Sandwich

Dice cold roast meat, 2 tablespoons peanut butter, 1-2 cup finely ground raw carrots, salad dressing, salt, and lettuce. Whip the peanut butter with salad dressing until creamy, then add to the salted carrots and meat.

THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

Hello,Homemakers! When the sun sets low over the garden and there is that azure-blue haze—it's September. Summer is making her exit . . . time to garner late fruits. It is also time to prepare for frosty nights. The following hints about fall duties are apt to go unheeded—but the neighbours told me so.

Small quantities of root crops, such as beets, carrots, turnips nad salsify should be stored in a root cellar or dark basement in moist sand, either in piles or in boxes. If you put in alternate layers of vegetables and sand, the roots will not shrivel.

Mending

It is quite often that a rent or tear in a garment can be mended much better on the sewing machine than by hand, and the result will be a much neater repair.

Plants

When watering house plants, use a small funnel. Hold the funnel close to the roots when pouring the water. It prevents the water from splashing over the edges of the pots.

Gelatine

When it is necessary that gelatine harden quickly, add only one-half of the liquid boiling hot, and after dissolving the gelatine add the rest of the liquid as cold as possible.

Scrambled Eggs

An inexpensive way of serving scrambled eggs is to use three crumbled soda crackers and two tablespoons of milk to each egg. Mix thoroughly, then scramble in hot butter.

Table Linen

Always hem the table linen by hand. It will mean a neater job and there will be no streak of dirt under the edge after washing, as so often happens when the linen is machine stitched.

Caution

Do not use a metal tea or coffee pot that has been out of use for a long time until it has been given a good scrubbing with a metal cleaner. A certain amount of corrosion forms, often not visible.

When they are gathered, the tops should be cut off.

Cabbages may be wrapped in newspapers and stored in a dry box. Green tomatoes should be wrapped in two thicknesses of paper and put in shallow boxes.

Proper ventilation of the storage room is essential. A window should be constructed for easy adjustment during very cold weather.

RECIPES

Onions au gratin: Green onions, stems and all, are washed, split and trimmed of bulb skin. Boil them in very little water; serve on toast with a thick white sauce. Sprinkle with grated cheese.

Veal with Green Peppers: Dip veal cutlets in milk then in flour to which salt and pepper has been added. Brown in a little fat in hot frying pan. Remove to casserole; add 2 cups diced tomatoes, 1-2 cup broken spaghetti, cover with trimmed scalded green pepper sections. Bake in electric oven of 350 degs. for 40 mins.

Sauted Summer Squash: Pare summer squash and cut into slices about an inch thick. Dust pieces with salt, pepper and a pinch of mustard, dip in beaten egg, then in fine crumbs, and brown in a greased frying pan. Turn and cover; let cook 12 mins.

Chicken Burger Sauce: Heat together one-half cup fresh catsup, 1 tbsp. vinegar, 1 tbsp. small chives or minced onion, dash of chili powder, few grains cayenne, 2 tbsps. Worcestershire sauce, salt to taste. Serve with diced chicken between split buns.

Plum Whip

1 tbsp. plain gelatine, 3-4 cup of plum juice, 1 cup cooked plum pulp, 2 tbsps. brown sugar, 2 egg whites (beaten stiffly), 2 tbsps. cold water, 1-4 cup sugar, 1-8 tsp. salt, 1-4 tsp. cinnamon, 2 tbsps. lemon juice.

Soak the gelatine in the cold water for five minutes. Add it to the hot plum juice, sugar and salt and stir until dissolved. Add the plums which have been mashed and mixed with the brown sugar, cinnamon and lemon juice. Chill until partly thickened, then fold in the beaten egg whites. Pour into a mould, chill until firm, then unmould and serve with cream. Five to six servings.

Blueberry Upside-Down Cake

1 1-2 cups blueberries, 1-3 cup of brownsugar, 1-4 tsp. cloves, 1 tbsp. butter, 1-4 cup water, 1-4 cup shortening, 1-4 cup milk, 1-2 tsp. vanilla, 1-2 cup sugar, 1 beaten egg, 3-4 cup enriched flour, 1-4 tsp. salt, 1 1-2 tsps. baking powder.

Combine blueberries, 1-3 cup of brown sugar, cloves, butter and water. Simmer 5 mins. Pour into greased 8-inch square cake pan. Thoroughly cream shortening, vanilla, and 1-2 cup granulated sugar. Add egg and beat well. Sift flour, salt and baking powder; add alternately with milk. This is a heavy batter. Spoon over berries; spread evenly. Bake in moderate electric oven (350 deg.) 40 mins.

Peach Parfait

Pudding: Beat 2 egg yolks, 1 whole egg, and 1-4 cup sugar until lemon coloured. Gradually stir in 2 cups scalded milk. Cook in double boiler, stirring constantly until mixture coats spoon. Cool quickly. Add 1 teaspoon vanilla; chill.

Peach Layer: Combine 1 pint of crushed peaches and 1-2 cup sugar. Chill in electric refrigerator.

Meringue: Gradually add 3 tbsps. sugar to 2 beaten egg whites; beat until meringue forms peaks. Alternate pudding and berries. Top each parfait with a meringue swirl and large cherry. Serves 6.
