Winchester Lions Club celebrates 30th anniversary

On the evening of June 20, 1998, the Winchester Lions Club will mark their 30th anniversary with a dinner and dance at the Lions Hall for Senior Citizens, 515 Mill Street, Winchester.

The Winchester Lions Club was formed in 1968, with the charter night meeting being held in the Metcalfe Community Centre on Saturday, May 4, 1968. Special messages of welcome were extended to the new club by the Reeve of Winchester, the late George Elliott; the Reeve of Mountain Township, the late Harry Williams; and from Basil Dawley, 100 Club Past President.

The 30th Anniversary will be a limited event with only 125 tickets being sold. Following the dinner and a short program, there will be dancing to Jim Wicks and Westburg Union. Tickets are available through any Lions member at a cost of $25.00 per person.

Our original charter night meeting.

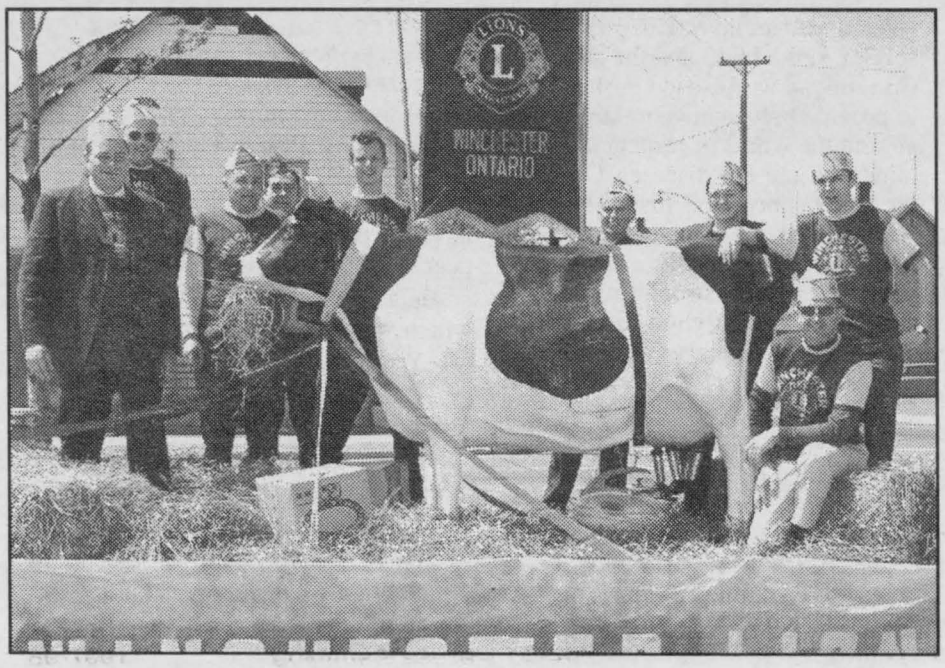
Who becomes a Lion?

Ever wonder what type of an individual becomes a Lion? When you ask some of the Lions why they became Lions, you find somewhat different answers.

For example, some say they have concern for their fellow man and want to help those less fortunate than themselves. Some say they have a real interest in their community and they want to try and improve life in their community for their family and friends. Some say they enjoy the fellowship and friendship of the other members in the club. Some say they enjoy the feeling of contributing and giving something back.

Other members say they want to learn how to handle responsibility by planning and assuming a leading role in a project. Some say they have been the beneficiary of a service club in the past and they realize how valuable and necessary it is to have a source of support in the community. Some say they particularly enjoy the fun times when the membership plays ball, golf or other sports or games.



Our first entry in a Lions' parade, July 1969.

Walkathon April 1968.

How can one become a Lion?

If you are a person who has a sincere interest in doing something for your community, your county or for humanity in general, you may be wondering how you can become a member of a Lions Club.

All you have to do is express that interest to a Lions member. It probably would be a good idea to mention why you would like to be a Lions member.

Membership in a Lions Club is 'by invitation' only. This means that a current member may present your name for membership in the club. Once approved by the club's board of directors, you will be invited to come out to two or three meetings to see what all is involved. During these meetings you should become informed as to what is expected of you should you choose to join the club. Only after you have had the opportunity to understand what the club does and what will be expected of you, will you be invited to join. Should you decide to join, you can expect to be immediately involved in all club projects and activities. You will also be called 'Lion'.

The official opening of the Lions Hall, June 1976.

Reasons to join the club

Most people join a Lions club to try and help those less fortunate themselves. The less fortunate may be their next-door neighbor or may be someone in a far-off country. We all know that there are far too many people in this old world who are suffering from poverty, illness, injury and many other unfortunate circumstances.

What about you? What can you get out of being a Lion? There are several benefits to be gained as a Lions member. Here are a few:

You become part of a team of individuals who, together, can accomplish much more than one can as an individual.

You get the opportunity to develop skills, such as planning, organizing, and analyzing that are of benefit in both family and career aspects of your life.

You get the chance to develop leadership skills as you assume various responsibilities within the club.

You get to develop and enhance your ability to speak in front of others as you participate in the club activities.

You get to develop people skills as you learn to assess people's actions and reactions.

You get to meet and interact with people from all walks of life, often gaining knowledge and insight into careers and information that you may never have been exposed to otherwise.

You get to develop skills in preparing and making reports on projects held or planned.

You get to know your community and many community organizations and their needs and wants.

But best of all, you get to know your fellow members and develop

When Lions Clubs band together

The first Lions Club was formed in 1917. A group of businessmen in Chicago, led by Melvin Jones, banded together to form a club with the objective of helping the less fortunate. The idea proved so successful that today there are over a million Lions in more than 140 countries in the world.

Over the years the Lions have taken a leadership role in providing service to the blind and the deaf. Currently, a world-wide push is on to provide preventative treatment around the world to combat blindness and eye diseases. One of the many concerns is diabetes - because diabetes can cause blindness, the Lions have developed programs and are strong financial supporters in the fight against this disease. Lions are also well known for their support of 'Leader Dogs' for the blind.

It is interesting to note that Lions International has spent almost $67,000,000 combating blindness in the past few years. They have screened more than 6,000,000 people and conducted more than 1,000,000 cataract surgeries in 60 countries on five continents.

Locally, the Winchester club conducts the annual campaign for the Canadian Institute for the Blind, as well as making financial contributions to the other program areas.

The Lions have been instrumental in building or assisting in the building of several 'Homes for the Deaf', where the deaf can learn to communicate and become productive members of society. Several schools have been established in Ontario.

Recently the Lions have taken on a new challenge called 'Planting the Seeds of Peace', which is a push to have the political masters strive for peaceful solutions to problems.

Here are some of the programs which we support in our district:

- Youth Outreach
- Blind Anglers Tournament
- Guide Dogs of Canada
- Cavalcade for Diabetes
- Lions Quest Program
- Operation Go Home

Just as many people together can do more than one person can alone, so can many clubs together do more than one club by itself.
