Mack, of Shawville, Que., as guest speaker for the week meetings as follows: Tuesday, Thursday and Friday evenings at 8 o'clock, and Sunday, April 15th, at 11 a.m. and 7.30 p.m. Special Singing at each service.

WINCHESTER THEATRE NEWS

"The Outriders," this week-end's fine Technicolor, features Joel McCrea and Arlene Dahl. This picture shows Joel McCrae as a runaway from Quantrell's Guerillas during the American Civil War. He is then tricked into taking part in a plot to ambush a wagon train carrying Government gold. It has action and adventure for the men and romance for the ladies.

"Summer Stock" is the feature starting on Monday, featuring Judy Garland and Gene Kelly. It's a laugh-packed Technicolor musical. The story is about a show team which descends upon a Connecticut farm, run by a girl. There is romancing interspersed with rehearsing, and all simmers down to a hit show and wedding bells in the offing.

"Pardon My Sarong," with that top comedy team, Bud Abbott and Lou Costello, is the final picture of the period. This picture is chucked full of laughs and excitement from down the South Sea Islands way. It's a picture that makes for real family entertainment.

Winchester Village Will Adopt Daylight Saving Time April 29

Winchester will adopt Daylight Saving Time from April 29th to September 29th this year, it was decided at the April meeting of the Municipal Council, held in the Council Chambers on Monday evening.

The meeting was presided over by Reeve Walter Moffat, with the following members present: Councillors John Fader, Howard Fetterly, Hugh Wilson and Ed. Boyd; the clerk-treasurer, C. R. Robinson, and Constable Gilbert Raistrick.

Building permits were issued as follows: Arnold Dukelow and Harry Flora for making repairs to the Beaver Block; Jack Rennison for erecting a garage near his home; Fred Hutt for building a porch, and P. Little for erecting a house within the municipality.

Messrs. Robert Vice and Ralph Walker waited on the Board on behalf of the Winchester and District Chamber of Commerce, suggesting to Council that garbage cans be placed on local streets for the deposit of paper, cigarette boxes and other refuse by pedestrians, also that local streets be swept and cleaned once a week during the summer. Council agreed to give the matter every consideration.

Mr. Robert Bronson was present and requested Council to open up the street on which his new residence has been erected, also to erect an electric light pole near his home. Council decided to discuss the matter with the Highways Engineer, who will visit Winchester within the next few days.

It was decided to return the Aluminum fire ladder, recently tried out by the fire department, and purchase a reinforced wooden fire ladder in its stead.

A request was received from Mr. H. Willard, principal of the local High School, asking Council for the use of the Municipal band instruments for starting a boys' band within the school, also to have all necessary repairs made to those instruments in need of same. As the cost of such repairs is almost prohibitive at the present time, no definite action was taken in the matter.

In response to the Council's recent request for application for the position of Town Foreman, five applications were received, viz: Claire Helmer, Henry Lennox, Earl Bowman, Robert Brown and Howard Lascelle.

The applications were dealt with at the adjourned meeting of the Council on Tuesday evening, which resulted in the appointment of Mr. Henry Lennox as Town Foreman.

A building permit was issued to Mr. Stanley Black for building a garage.

The new Dog By-law received its first and second readings and the clerk was instructed to forward it to the Municipal Board for ratification. The new Bylaw calls for all dogs within the municipality of the Village of Winchester to be kept tied up the year round. In other words, dogs will not be allowed to roam throughout the village at any time. The fee for dog licenses remain the same, but an extra 25c will be collected to offset the cost of the license tag.

Accounts passed for payment were as follows: Hydro, $2210.64; Municipal Orders, $2573.52.

MARRIED AT OTTAWA

A wedding of local interest took place at Ottawa on Friday evening last, when Miss Winnifred Anne Jean McKercher, elder daughter of Mr. and Mrs. Willis McKercher, of Winchester, was united in marriage with Mr. Eliott Orland Rushton, son of Mr. and Mrs. Melvin I. Rushton, of Woodroffe, Ont. A reception was held following the ceremony, after which Mr. and Mrs. Rushton left on a motor trip to points in the U. S. A. and Northern Ontario. On their return they will reside in Winchester, where the groom is a member of the Rural Hydro Staff. Miss McKercher was, for several years, a popular member of the local Bell Telephone staff.

Music Festival Plans Nearing Completion

Preparations for staging the Dundas County Music Festival at Chesterville are being rapidly completed and the first county-wide syllabus will be held in the auditorium of the Trinity United Church on May 22nd and 23rd, with Carman Milligan, Mus. Bac., of Ottawa, as adjudicator.

The festival is being sponsored jointly by members of the Chesterville Women's Institute and the music teachers of the county, and will include vocal, verse, chorus and piano classes and also presentations by rhythm bands. It is open to pupils from the 67 public and separate schools in the county. The classes will be of a non-competitive nature with certificates being awarded to all contestants on their performance.

Registration closed on April 4th and the committee in charge of the two-day festival includes Mrs. Allison Graham, Chesterville, Chairman; Mrs. D. Craig, Winchester; Mrs. Roy Graham, South Mountain; Mrs. E. Murdock, Morrisburg; Mrs. P. Gilroy, Mrs. Geo. Merkley, Mrs. Eric Casselman, Mrs. B. W. Campbell, Miss Kathleen MacMillan, Sister Mary Loretta, Mrs. John Sutherland and Mrs. Harry Allison, Chesterville.

BAPTISMAL CEREMONY

At the morning service, held in St. Paul's Presbyterian Church last Sunday, the pastor, Rev. Wm. Reid, baptized the following infants: Mary Jane Elliott, infant daughter of Mr. and Mrs. George Elliott; Betty Anne Christie, infant daughter of Mr. and Mrs. Fred Christie, and Carolyn Marie Steinburg, infant daughter of Mr. and Mrs. Gordon Steinburg.

Walter C. MacDonald Purchases Local Gasoline And Service Station From Nelson Robinson

The Supertest Service Sstation, located on Main Street, West, originally erected and operated by McConnell Brothers, has again changed hands. About a year ago, the property was sold to Mr. Nelson Robinson, of Montreal. Last week, Mr. Robinson disposed of the business and building to Mr. W. C. MacDonald, local Farm Machine Agent and Real Estate Broker. For several years the business has carried the Morris Car Agency with it, and it is expected Mr. MacDonald will continue to act as local distributor for Toledo Motors in Montreal, Canada's distributors of Morris Cars.

We understand it is Mr. MacDonald's intention to continue to operate the business as a service centre for motor vehicles, and will engage a manager to look after the business. An official announcement will be made next week.

EVENING AUXILIARY

The April meeting of the Evening Auxiliary was held on Tuesday evening, April 3rd, at the home of Miss Betty Stewart, with a good attendance.

Miss Evelyn Fennell led the worship service, with Miss Mary Hodgson and Mrs. Robert Holmes assisting. The theme of this service was "Recruiting for full-time service in the Church," and Miss Fennell sketched briefly "Vocations for Young Women in the Church."

Miss Webb, of the local High School staff, gave a very informative and impressive talk on her tour of the Holy Land while she was a Wren in the Royal Navy during her 2½ years in the Middle East.

Mrs. W. J. McVey heard the various reports, after which the meeting closed with the Mizpah Benediction. A dainty lunch was served by Miss Fennell, Miss Hodgson and Mrs. Holmes.

Implement Dealers Met Here On Monday Evening

A highly successful dinner meeting of the Implement Dealers' Association, South-Eastern Ontario Section, was held at the Golden Pheasant on Monday evening. Some twenty-five members, representative of the territory from Kingston to Almonte, with their wives, attended, and Mr. Walter C. MacDonald, President of the Section, was in the chair.

Reports on the work and progress of the organization were given by Messrs. William Pell, Ottawa, who is secretary; Fred McCoy, Ottawa, and R. H. Beckstead, Williamsburg. A stirring talk on organization and fellowship was given by Mr. Doug. Tannebill, of Smiths Falls.

Mr. H. T. Meldrum welcomed the delegates on behalf of the local Chamber of Commerce, and Mrs. Leonard McEwen, of Russell, made an exceptionally effective speech on behalf of the ladies.

An excellent program of entertainment was directed by Mr. Clair Morgan, assisted by Messrs. Ron. Workman, Clarence Morgan and Leslie MacDonald.

This was one of a series of monthly meetings being held at different centres of the territory.

Old Newspapers Will Be Collected This Saturday

Residents of Winchester are reminded that the Winchester Cub-Scouts will resume the "paper pick-up day" this Saturday, April 7th. All persons should have paper tied in bundles or in boxes, ready for pick-up at 8.00 a.m. in the morning. Please do not set papers out the night before. District farmers may bring paper into town on Saturday morning and leave in front of the Jo-Anne Shoppe to be collected by the Cubs.

BITTEN BY DOG

While playing in front of his home, north of Winchester, on Monday, Brent McConnell, four-year-old son of Mr. and Mrs. Ross McConnell, was bitten by a dog, and was rushed to the office of Dr. W. M. Byers. A gash over the left eye of the child required several stitches. The dog was 14 years old and owned by Mr. Lawrence Annable, on whose farm the McConnell family have lived for over a year. Apart from suffering from shock, the child's injuries are not considered serious.

INCREASE IN POSTAL RATES

Effective April 2nd, the Post Office Department announced an increase in the rates of postage on all third class matter.

This will mean that all greeting cards, notices of meetings, returns of printed matter to publishers, etc., will now cost two cents each, and bulk mailings of householder matter will be at the rate of 1½ cents for each two ounces or fraction thereof.

Registration will now be 20 cents for the first rate covering indemnity of $25.00, and Parcel Post has also been increased approximately 5 cents on each pound.

Farmers' Forum To Be Held Here On April 11th

A most interesting and educational evening is planned for the farmers in this area on Wednesday, April 11th, at a meeting to be held in the local Town Hall at 8 p.m. on that evening.

In order to make available the latest information on the treatment of animal and poultry diseases, the Winchester Drug Store is sponsoring this meeting. Mr. A. C. Hiese, Associate Chick-Feeds Division, Dominion Dept. of Agriculture, Ottawa; Mr. J. F. Fraser, Poultry Expert, of Kemptville Agricultural School, and Mr. S. W. Nixon, Vice President of American Animal Health Pharmaceutical Association, will address the meeting.

Two films in sound and colour will be shown, dealing with the treatment of various animal and poultry diseases. These films have been shown throughout the United States. There is no admission charge and three First Aid Kits will be given as door prizes.

It is hoped that as many farmers as possible will attend, in order to benefit by the information to be made available by the speakers and films.

Inkerman Rockets Eliminate Maritime Champs In Six Games

By virtue of their decisive 7-3 win over Halifax St. Marys in the Auditorium on Monday night, the Inkerman Rockets wound up the best of seven series four games to two, and to-day they remain one of four surviving teams looking for Junior A supremacy in Eastern Canada and the right to enter Memorial Cup finals.

The Rockets left this morning from Ottawa for Quebec City and will tangle with the highly touted Quebec Citadels in that city to-night.

Backed by the sensational goaltending of Ron. Diguer, the Rockets had a fairly easy time of it Monday night when they pumped home seven goals against a triple effort reply by the Irish.

The high-flying red shirts opened the scoring at the 1.49 mark of the first period with Moe Savard banging home his first goal of the evening from a scramble around the Halifax net. Except for a few scattered moments, the Rockets dominated the rest of the play, with Savard picking up another counter, Trussell and McFarlane with a pair, and a singleton by Louis Pelino.

Halifax kept pushing all the way and for a while the hard-hitting, hard-checking contest looked as if it would turn into a brawl.

The middle stanza saw Rae, of the Maritime Champs, draw two minors with a misconduct thrown in for good measure.

The Rockets picked up nine of the seventeen penalties handed out during the game.

Series In Review

The series proved to be an on, off affair, with both teams playing hot and cold. The Rockets won the first game 9-7, dropped the second to the tune of 5-2, won the third game 11-4, lost the fourth affair 7-3, and very decisively took the last two games by score of 12-4 and 7-3.

Inkerman's big line in the series was the McFarlane, Savard, Bjorness trio, with Savard playing some of the best hockey of his career. Ron. Trussell was a stand-out in the last game, along with some good defensive work by Rheo Dagenais and Louis Pelino who was playing much better.

Quebec Citadels To-Night

The Rockets left this morning for Quebec City and will meet the Quebec Junior Champions in the first game of a best of five series this evening in that city. Second game of this semi-final round is slated for Saturday night in the Ottawa Auditorium.

When we speak of Quebec we naturally think of their star centre player, Jean Beliveau, who is supposed to be the best Junior hockey player in Canada, not to mention the fact that Quebec Citadels are highly favoured to cop the Memorial Cup this year. It doesn't look as if the Rockets have a chance, but hockey is very unpredictable and favourites are often upset. In any case, the Rockets will be in there trying, and it should be a good series.

SUMMARY:

First Period

Inkerman, Savard (McFarlane, Dagenais) ---------- 1.49

Officials: Aurele Turgeon, Three Rivers, and Bob Barrette, Montreal.

SATURDAY'S GAME

In a complete reversal of form to Thursday night's game, Inkerman Rockets thoroughly trounced Halifax St. Marys Saturday afternoon in the Auditorium 12-4.

The Rockets started the ball rolling at 2.13 of the first period and from there on carried the play for the rest of the game. Only the stout goal-tending of young Cashin in the St. Marys' nets kept the Red Shirts from ramming home several more goals.

It was the Savard-Bjorness-McFarlane line that set the pace, with Savard netting four goals and three assists. Between the three of them they picked up 19 points for the afternoon's activities.

SUMMARY:

First Period

Inkerman, Savard (Bjorness, McFarlane) ---------- 2.13
Halifax, Malcolm (Flynn) ---- 7.46
Inkerman, Savard (Bjorness, McFarlane) ---------- 14.28

Inkerman, Bjorness (Savard) -- 18.50
Penalties: Crowder, Rae, McPherson, Crowder, Morrison, Duncan, McPhee (major), Baldwin (major).

LAST THURSDAY'S GAME

The Ottawa District Champions Junior A squad looked more like a poor Junior B club on Thursday night when they were humbled by a fighting Halifax St. Marys' crew 7-3. The game, which certainly was not typical of Inkerman ability, was fast, with the Irish club having the luck and doing everything right. Inkerman, on the other hand, had tough luck, and were severely outplayed and outskated by the Maritime Junior Champions.

For this contest Coach Marty Barry replaced regular goal-tender Weatherbee with young 16-year-old Cashin who turned in a superb performance.

SUMMARY:

First Period

Halifax, Carver (S. McPherson) 4.02
Halifax, Malcolm (McPherson) 9.33

Bossy Mothers Triplets Twice And Also Twins

A Hereford cow, on a farm in Durham County, near Bowmanville, is an old hand when it comes to bringing twin calves into the world. She has had two sets. The same cow, owned by Melville Bertrim, has also produced a set of triplets in the past. Last week she did it again. In order to match her twin record, the cow delivered her second set of triplets at the Bertrim farm. The calves weighed 51, 53 and 55 pounds, respectively.

With the price of beefsteak soaring, Mr. Bertrim has a veritable gold mine on the hoof in that Hereford cow, says the Bowmanville Statesman.

FEED NEWS

LINSEED OILCAKE MEAL

Oilcake Meal has been in short supply—most Canadian Mills have been shut down for some time.

Last week we brought in a car of American Oilcake Meal—it is a good quality meal with 36% protein—about the same price as Canadian meal.

Pick up a few bags of this Oilcake Meal while it is available.

SEED CORN

Suppliers of Seed Corn advise that open pollinated varieties are scarce this year and prices will be nearer to Hybrids than in other years. Early frosts damaged much of the open pollinated corn last fall and resulted in a scarcity of No. 1 grades.

Hybrids are reported to be in fair supply and well up in grade. Some kinds are limited in quantity.

Early bookings will have preference in supply and grades. We suggest that if you have not booked Seed Corn yet, you call 136 and place an order for your favourite varieties—either open pollinated or hybrid.

Our Seed Corn is coming from the most reliable firms and we will do our best to supply the kind you want.

SEED POTATOES

Book orders now for Irish Cobblers or Green Mountain seed potatoes—to arrive soon.

MEETING ON WEDNESDAY, APRIL 11th

A meeting of special interest to all poultrymen and livestock feeders has been arranged by the Winchester Drug Store, for Wednesday, April 11th, in the Town Hall at 8 p.m.

Well qualified speakers will deal with the use of drugs in connection with the feeding of poultry and livestock. Films will be shown and an opportunity given for questions and discussion of nutrition and diseases.

Here is a chance to get up-to-date information on the subject of medicated feeds, antibiotics, etc.—a subject much discussed by feeding authorities and one of which we will probably hear more in the future.

Be sure to attend this meeting next Wednesday night.

The 7th Column

This is the season of the year when pedestrians should refrain from taking short cuts across their neighbours' lawn and when drivers of delivery trucks and motorists should keep their vehicles off the boulevards along our streets, especially in the residential areas. With the frost coming out of the ground, lawns, boulevards, etc., are very soft and can easily become ruined by car and truck tracks, footprints, etc. Most home-owners would appreciate a little discretion on the part of other citizens in helping to preserve these grass plots. A good policy is to use the sidewalk when walking and stick to the hard road-surface when motoring.

In a recent report of a local Chamber of Commerce meeting, published in this paper, we learned that the Chamber is going to offer prizes for the best improved "residents" this summer. Every municipality has some "bad eggs" within its borders, but we never realized that the situation here had become so bad that it was necessary for an organization to put up prizes to bring about an improvement. We're inclined to think that the reporter meant to say "residences" instead of "residents."

THURSDAY, APRIL 5th, 1951.

ANOTHER EXPLOSIVE HAS BEEN SET OFF

Generally, the custom of setting off fireworks is inspired by the celebrations that take place on the 24th of May, the King's Birthday or the 1st of July—all statutory holidays in the Dominion and all goodly reasons for having a pyrotechnic display.

Although we have not yet reached the first occasion for such an indulgence, Canadian citizens this year, especially in the last month, have been witnessing one of the greatest shows of this kind ever. We are referring to the cost of living in this country, which was ignited some time ago and has since then been skyrocketing all over the place. Unfortunately, this type of rocket does not meet with the approval of Canadians—it is neither exciting nor colourful to watch . The sad part of this display is that the average individual is not having the satisfaction of setting off these fireworks while at the same time he is virtually unable to do anything to stop it.

So stand back in awe, dear citizens, and prepare yourself for another explosion. This time it comes direct from the Federal Government, postal division, who have made it known that commencing April 1st this year, the old one-cent postcard will become a thing of the past, and will now be re-named the "two-cent" postcard. If you should happen to have any of these useless things on hand you will be unable to turn them back in, and before using them another postage stamp will have to be added. That's not all—just to add to the latest resonance, registering of letters will just about make the dime useless in the post office. New fee for registering letters will now be a mere twenty cents plus postage. In other words, you can say good-bye to a twenty-five cent piece every time you register an ordinary letter in the days to come.

To the average individual, the old one-center was of no practical use, but to most business firms and organizations, who habitually use this card for various means, it will just double the cost.

With this sizzling fire-cracker just thrown at them, together with the continually rising cost of consumer goods—butter for example (and what an example), and the proposed amendment of the B. N. A. Act to allow the provinces to impose a hidden 3% tax, Canadians should be almost fed up with this persistent outburst.

Our political igniters should keep in mind and prepare themselves for the "dud" which invariably comes with a case of fire crackers.

MEDDLE MEANS MUDDLE

Under discussion at Ottawa now is a proposal to amend the Canadian Constitution, the British North America Act, so as to permit the provinces to impose indirect taxation. The scheme that the Federal and Provincial Governments have concocted is that the provinces would be allowed to collect a tax of three per cent. on gross retail sales and would apply the amounts so collected to paying their share of old-age pensions.

The Brampton Conservator comments that such a tax would add to the cost of living of everyone in the country, because all taxes that increase the cost of goods must be paid finally by the consumer of those goods, but, to collect the tax the retailers will somehow have to add more than three per cent. to some of their prices.

Take for example the news dealers' price on any daily or weekly newspaper. The present price of most papers is five cents or more, and three per cent. of this amount only works out to a fraction of one cent. Since there are no fraction of one cent coins, the dealer would have to add a full cent to the price, or at least twelve per cent., to recover the Government's share.

"The same reasoning would apply to a multitude of low-priced items, such as soft drinks, chocolate bars, ice cream cones, bobby pins, pipe cleaners, etc. In the case of soft drinks, the province would be collecting a tax on a federal tax already in effect.

But then there enters the question of competition. Some shops, handling a number of higher-priced items. might prefer to absorb the taxes on the cheaper goods and recover their taxes in the prices charged for articles selling at a dollar or more. What then happens to the small dealer, whose stock-in-trade is almost entirely composed of low-priced items? Will his customers pay him an extra cent on every article they buy, when they can buy the same article next door at the old price? It is not likely.

The small dealer would have the choice of trying to get the higher price, losing his customers in the process, or paying the whole three per cent. himself, which he cannot afford to do on his narrow margin.

The time to stop this injustice is now, before Ottawa permits it to get started."

SMALL TOWN EXPORT

The biggest industry in our town is the education of our children. Our schools represent our most costly investment and more of our money is spent in keeping them operating each year than on any other civic enterprise. The product of our schools—our educated young people—is our most important export.

Youth from the small towns and country districts of Canada too often look to the cities for opportunities. Particularly is this so in many sections of the country where industries and hence jobs are concentrated in the large urban centres.

The cities' gain is the small towns' loss. And the small towns need educated young people to give leadership, to aid progress, to prepare themselves to take over in business and industry and civic affairs from the older people when they wish to retire from active life.

Somehow industry—and opportunities—must be decentralized in Canada for the nation's good. Some of our cities are becoming too big with too great a concentration of industry in too small an area. The time may come when, because of imminent threat of air attacks, industries may have to be moved from the cities to the country towns.

It appears to us that such a move would be wise now as part of our defence preparations. Not only would this decentralization be sensible as a defence measure, it would be sensible from the viewpoint of giving industrial workers a chance to live in more pleasant, more healthful surroundings.

With more industries located in small towns, the need for our educated youth to leave home to gain opportunities for making a living would be reduced to a minimum.

EDITORIAL NOTES

The Trans-Canada highway is urgently needed as a part of Canada's defence system. Modern feeder highways supplementing the Trans-Canada are also necessary. Federal aid in building and maintaining these highways must be forthcoming. Highways should have a high priority in the government's defence program.

Ottawa and district fans are in for some fine baseball this year. With the entry of the new Ottawa Giants in the International League, baseball enthusiasts will be flocking to Lansdowne Park to watch their favourite sport. If the pre-season training games mean anything, the Giants from the Capital look as if they are shaping into a contending club. First game in Ottawa is scheduled for April 25th.

Providing Spring is really here and that warm weather is not too far off, Council should make a quick survey of all sidewalks in the village and take special notice of the dirt that has collected on some of them in the last month. In particular, we are referring to that stretch of walk running from the corner of Fred St. to the C. P. R. Station. This walk is used quite a bit during the summer months and it is not too soon to have the entire sidewalk swept or cleared off some way. It will not only make more convenient walking (instead of on the highway) but it will also add much to the appearance of that section of the town.

GAMBLING IN ONTARIO

(Brockville Recorder & Times)

The people of the province of Ontario must find it difficult to understand the moral arguments underlying the position which is taken in this province on gambling, by governmental authority.

Some lotteries or raffles are considered illegal and organizers and participants have been prosecuted for connection with same. In a number of cases the motives behind the lotteries or raffles are openly ignored by governmental authority and police principally because the gambling involved is known to be operated in some excellent cause, perhaps charity or something of that nature.

Arguing from a point of view of morals, the right and wrong of gambling per se, the worthiness of the cause makes no difference as it is just as wrong for a church to gamble as it is for a gangster. We can only conclude then that the authorities in the province are more guided in their stand on gambling by expediency than by principle. This we conclude, and we think correctly,because of different types of gambling.

And of course the province itself is in no position to get up on its high horse morally as far as gambling is concerned as the government is an active profit-taking partner in one of the biggest forms of organized gambling in Ontario, namely the betting machines of the Ontario horse race tracks from which the province takes a sizeable cut. Admittedly this chunk of money helps hold down taxes and therefore can in a way be considered a painless manner of extracting revenue. But does this fact tend to make gambling any more moral, simply because the government participates? Obviously not.

All of which can hardly be said to be helpful in straightening out the thinking of the people of this province in so far as the moral arguments for or against gambling are concerned.

NOTHING STOPS SPRING

(Lachute Watchman)

Once the year turns the corner and the days start lengthening, there's no stopping the onrush of Spring.

Long before the "official" arrival of spring, March 21, there is a general awareness that winter's days are numbered. The first mild Sunday in March when a flood of golden sunshine brings out the strollers, the greeting is, "winter must be nearly over now."

From then on, no matter how frosty the nights or how fierce the occasional March gale, no one has any doubt that spring is on the way. And this realization puts the whistle on the boy's lips, the extra wag into the pup's tail, and gives a lift to the winter-weary spirit of the farmer or townsman.

Watching Spring's advance becomes a pastime for young and old. In the towns, this involves noticing how fast the snowbanks melt and the ice leaves the sidewalks, marking down the date when the river ice breaks up under the bridge, keeping an eye out for the year's first robin and checking closely for the first sign of snowdrops, crocuses and tulips in flower beds.

In the rural areas, keeping track of Spring is a more serious matter, especially for a boy. He must count the crows he sees. He must be prepared to announce the first day the maple sap is running. He must know the day, neither too early nor too late, that the sideroad is bare enough for him to ride his bicycle. It is his responsibility to report the bursting of the first buds on the trees and the sighting of the earliest dandelion.

An early Easter usually seems to bring about an early spring. This year, Easter Sunday fell on March 25. After the women bring out their gay little hats and other brand-new finery for that joyful holiday, Spring is really off to an early start and nothing can hinder its progress.

"When I marry," boasted Edna," a lot of men will feel wretched."

"My goodness," said Preston,"how many are you going to marry?"

Publicity

In nearly every walk of life
Wherever we may be,
There is a wealth of worthiness
In good publicity.

A picture or a story as
Related by the press
Or any oral version of
Our glory and success.

Because we should not try to hide
The lamp that we have lit
As long as there are others who
May learn and benefit.

Our own example may be just
What others need to know
To fill them with confidence
To carry on and grow.

Publicity can help the cause
Of every neighbourhood
If it is handled right and it
Is factual and good.

MEET THE BARBERSHOP QUARTET OF RADIO FAME

Lurking behind those thriving walrus moustaches is the Barbershop Quartet, whose gay nineties songs are featured in the program Leicester Square to Broadway, broadcast from Vancouver Monday nights at 7.00 on the CBC Trans-Canada network. From top to bottom are Hubert Nowell, basso; Tom Wright, baritone; Horace Chapman, first tenor; and Len Hayman, second tenor. Any song less than 25 years old is too modern for these boys, who stick to sturdy relics of the days when Grandpa wore buttoned boots, and Grandma sported a bustle.

MARBLE AND HOPSCOTCH CONTESTS TO BE HELD IN OTTAWA

By virtue of Ottawa boys and girls winning the championships in Cardinal last spring, the Ottawa Valley marble and hopscotch championships will be staged at Lansdowne Park in Ottawa on Saturday afternoon, May 5th. Rules and regulations on these games may be obtained upon request to the Ottawa Playgrounds Department, 130 Chamberlain Ave., Ottawa, Ont.

It is hoped to have a number of the Ottawa Valley towns represented in the finals, and any group, interested in children, under the age of fifteen years, is welcome to have trials, and hold eliminations to determine their winners. The best three boys in marbles and the best three girl hopscotch players can be entered to represent their town in the Ottawa Valley championships.

Valley winners receive the Metropolitan Life Insurance A. A. trophy for marbles, and the M. J. O'Brien trophy for hopscotch.

Hayward, Lundigan Coming In "Climb The Highest Mountain," The Story Of A Fearless Minister

"I'd Climb The Highest Mountain," pictorial drama of the great American outdoors, will be the new film attraction at The Winchester Theatre starting Monday, April 16th. Starred are Susan Hayward and William Lundigan as the central figures of a serious folk tale with comic interludes, filmed by Director Henry King in the screen tradition of such back-to-the-land epics as "Tol'able David," "The Trail of the Lonesome Pine," and "Cimarron," and photographed in Technicolor to capture the natural hues of actual North Georgia locations.

Lundigan, one of the screens' fastest growing and most versatile new stars, assays his deepest assignment as the practical parson of "I'd Climb The Highest Mountain." The portrayal of the city-bred wife of the circuit-rider, unaccustomed to the rigors of backwoods life in the early years of this century, is in the capable trust of Miss Hayward, an Academy Award nominee and another of the screen's most important recently developed stars. The combination of the stars of "Pinky" and "My Foolish Heart" serves the interest of moviegoers looking for fresh and qualified star blood in films.

For Miss Hayward, the key feminine part in "I'd Climb The Highest Mountain," is a fast change-of-pace from the gutty-girl role in "Smash-Up" that caused her to soar to attention. In the Corra Harris novel from which Writer-Producer Lamar Trotti adapted the screen play for "I'd Climb The Highest Mountain," the character enacted by Miss Hayward is drawn along the lines of an American pioneer woman, sparing neither her beauty nor her courage to share her husband's spiritual and physical dedication to the needs and aspirants of the people of his parish.

Other major roles in the grassroots saga are filled by Alexander Knox, a screen immortal by virtue of his "Ilson" and more recently occupied with duties on Broadway, returning to films in the significant role of a club-footed atheist in intellectual competition with Lundigan; young and rocketing leading man Rory Calhoun, a handsome daredevil of the Georgia countryside; and starry-eyed Barbara Bates, a relative newcomer to films who zoomed from "Cheaper By The Dozen" to the vital small role in the Critics Circle Award Film, "All About Eve," in which she single-handed closed the picture with the proverbial bang that won Author-Director Joseph L. Mankiewicz, not to mention star Bette Davis, important prizes.

Also featured in "I'd Climb The Highest Mountain" are Gene Lockhart, Lynn Bari, Ruth Donnelly and Gene's acting wife, Kathleen Lockhart. The Lockharts as an acting team have graced "Mission to Moscow" and "Leave Her To Heaven," and separately they have endowed many a memorable film. Gene Lockhart, additionally, replaced Lee J. Cobb on Broadway in "Death of a Salesman," a season ago. The other woman assignment is the beauteous Miss Bari's and comedienne Ruth Donnelly's lot in the new Twentieth Century-Fox film, is a friendly neighbor role.

"I'd Climb The Highest Mountain" is the tender story of a young minister and his city-bred wife who brought faith and hope to the Blue Ridge Mountain people of Northern Georgia over 40 years ago.

What a scrumptious cake . . . high, moist and delicious. You can tell it's made with butter, for only butter has that creamery-fresh flavour. It's rich in natural vitamins, high in food energy. So if you would be famous for fluffy cakes and feathery pastry, use golden butter in all your baking.

OVERWORKED EYES

If your daily occupation entails much reading or close work, give your eyes a rest in the evenings, particularly if you work in artificial light. Don't read or do fine work at night—give your eyes a rest. For your sight's sake, have a regular examination by a medical eye doctor.

DON'T MISPLAY YOUTH

Many great people of the world have lived to an advanced age in full possession of their faculties. Because you retire from business, there is no need to retire from the world and active interest in current affairs. Keep an alert interest in what is going on. Have your own pet hobbies and keep your mind young.

HOW TO STAY "EX"

After discharge from hospital for treatment of tuberculosis, the new freedom may go to the patient's head somewhat. There's a temptation to catch up on social activities, but the ex-patient must realize that to remain "ex" he must adopt a careful way of living, with plenty of rest, good nourishing food and not too much excitement.

SPRING AROUND THE CORNER

Any day now there'll be an epidemic of "spring fever"—that lazy, dreamy state that comes with the first robin. Your best immunization against this lethargic condition is to get out into the fresh air every day—walk at least part of the way to and from work or school—and eat more fruit and green vegetables; drink plenty of water, fruit juices and milk.

PET ACHES AND PAINS

After middle age, many people worry about such diseases as cancer, heart conditions, high blood pressure and diabetes, translating the most simple aches into symptoms of serious disease. Instead of worrying themselves into ill-health, they would be well advised to see a doctor at the outset. His diagnosis can put a troubled mind at ease or prescribe treatment for whatever illness may exist.

HIDDEN TREASURE

Science finds hidden treasure in most unlikely places. The common cabbage has long been known for its vitamin and mineral content, and now research is being done on one substance found in the cabbage that is beneficial to wounds, and another that may help to ward off the common cold. This cinderella from the vegetable patch has always been a desirable addition to the menu—serve it often, in a variety of ways, cooked or raw.

FOOD FANCIES

When Junior announces that he doesn't like, doesn't want and, moreover, has no intention of eating some certain food, don't try to force him to eat it. If it is a necessary part of his diet, try disguising it in combination with some other food or with different flavoring and colouring. Sometime, when he is particularly hungry, leave a small portion of the rejected food at hand and he'll probably eat it. By not making an issue of the matter you leave the way clear for a change of mind and appetite.

BACKWARD OR HANDICAPPED?

A child who appears dull and backward at school should be given a thorough medical examination, with particular attention to his eyes and ears. Often, that apparent slowness to learn may be due to impaired hearing or sight and, since the child does not know that he is not hearing or seeing normally, he cannot explain his trouble. No child should be unjustly branded slow or retarded—the doctor may find that, apart from his handicap, the youngster is basically bright and intelligent.

St. Lawrence Valley Fruit Growers Hold Annual Meeting

The annual meeting of the St. Lawrence Valley Fruit Growers' Association, held in the Cameo Theatre, Morrisburg, recently, was attended by a large number.

The president, Mr. William Kirkwood, presided and welcomed the growers. Several letters of regret were read from persons unable to attend. These included one from Hon. Geo. H. Challies, recuperating from a recent illness; also one from the secretary, H. W. Graham, absent for the first time in seventeen years on account of illness. A motion of regret was passed at the absence of the secretary and appreciation of his service expressed.

The morning session adjourned to the United Church Hall, where luncheon was served by the ladies of the congregation. The guests were welcomed by George Tindal, town clerk, on behalf of the Reeve who was unable to attend on account of other business. A sing-song was led by Frank Casselman, with J. Paul Gormley, of Ottawa, at the piano.

The afternoon session resumed at the theatre, where a minute's silence was observed for the deceased members. Guests were introduced by the president, after which the first guest speaker, Professor H. W. Goble, Provincial Entomologist, O.A.C., Guelph, addressed the meeting. He dealt with four insect pests common to orchardists and his address was accompanied by slides showing these insects at various stages and the results of their work.

A picture, "The Story of Standards," was shown by J. Paul Gormley and Wm. Ellis. This was from the information service of the Department of Agriculture and showed the nationwide grading and inspection service to provide assurance of high quality and protection to producers.

The second guest speaker was Lionel Cinq-Mars, officer in charge of the Dominion Laboratory of Plant Pathology, St. John's, Que. His address dealt with apple scab which, he said, caused more damage in the orchard than anything else. His address was also accompanied by slides showing the spread and development at various stages.

Information Hour followed, with more than a dozen experts under the chairmanship of E. H. Robertson. Questions on matters of interest to growers were answered by the board. A vote of thanks was extended to all who had assisted in the day's program.

Officers chosen for the year were: Alan Hay, President; E. Fykes, vice president; Charles Harkness, treasurer; H. W. Graham, secretary; Don. Robertson and Hume Grisdale, auditors; representative to Ontario Fruit Growers' Association, Toronto, Cephus Smyth, Alan Hay; representative to Ottawa Winter Fair Board, E. H. Robertson.

Funeral Of The Late Rufus Keyes

Final tribute was paid on March 29th at St. Peter's Anglican Church, South Mountain, to Postmaster Rufus Keyes, who died in the Ottawa Civic Hospital after a lengthy illness. He was in his 72nd year. The service was conducted by the Rector, Rev. W. L. Thomas, who was assisted by Rev. G. O. Davies, of Morrisburg, a personal friend of the deceased. Last rites of the Masonic Order were administered on the church lawn following the funeral. The I.O.O.F. Lodge held a service in his residence the preceding evening.

Mr. Keyes was a member of the Karnak Temple, of Montreal; St. George's No. 44, Montreal; Henderson Lodge, No. 383, A. F. & A. M., Winchester; Royal Arch Masons, of Kemptville, and the I.O.O.F Lodge, South Mountain.

Born in Hulbert on February 13, 1880, he was the eldest son of George Keyes and Mary Jane Brown. He is survived by one sister, Mrs. Lloyd Montgomery, of South Mountain, and two brothers, Adam, of Brinston, and Charles, of South Mountain.

He was educated in Iroquois High School and attended Morrisburg Model School, after which he taught in Toyes Hill and Haddo. He spent a number of years as Wireless Telegrapher in Canada and the United States before he enlisted in 1914 with the 24th Battalion Signallers. He saw service in France, Belgium and Holland before he was wounded in Ypres in 1916. Following his discharge he was attached to the Department of Veterans' Affairs as an instructor in St. Anne de Bellevue. In 1930 he became Postmaster at South Mountain, a position which he held at the time of his death.

Interment was made in the family plot in Brinston Cemetery, with Messrs. Charles Shaver, Gordon Mulholland, Ogle Workman, Gordon Monteith, Ralph Adams and Frank Gilroy as pall-bearers.

Testifying to th, high esteem in which the deceased was held were floral tributes from the following: Mr. and Mrs. Charles Keyes, Beatrice, Hazel and Mary; Mr. and Mrs. Lloyd Montgomery and family; Mr. and Mrs. Adam Keyes and family; the family of the late Robert Sharra; Dr. and Mrs. Roy Foran; Mr. and Mrs. Charles Murdock and family; Mr. and Mrs. Wm. Montgomery and family; Mr. and Mrs. Jim Murdock, Mr. and Mrs. Merrill Foster, Mr. and Mrs. Fred Barrigar, Mr. Wilbert Morrison; Mr. and Mrs. J. S. Tanney and Mr. and Mrs. Eugene Barry; Mr. E. James Lennox Dies At Spencerville

Mr. James Lennox, a prominent cattle buyer and well-known throughout Eastern Ontario, died at his home, near Spencerville, last Wednesday. He had suffered a heart seizure the previous day, and his sudden passing came as a shock to his many friends in the district.

Mr. Lennox was a son of the late Thomas Lennox and his wife, the former Mary McShane, and was born at Brinston 60 years ago. He had lived in Matilda Township until 10 years ago, when he and his brother, Thomas, moved to Spencerville. They were drovers, and widely known throughout the district .

He was a member of the Oddfellows' Lodge at Brinston, and of a Masonic Order at Morrisburg.

Mr. Lennox was unmarried. He is survived by a brother, Thomas, at home; a sister, Mrs. Harry Ferguson (Augusta), of Castleford, Ont., three nieces, Mrs. Clarence Gilmer, of Ottawa; Mrs. Keith Fisher, Iroquois, and Mary Moxley, Reg. N., of the staff of the Royal Victoria Hospital, Montreal; four nephews, Clarence Moxley, of Elmira; John Ellis Moxley, of the staff of Macdonald College, Ste. Anne de Bellevue, Que.; and Harry and Andrew Ferguson, of Castleford.

The funeral was held Saturday afternoon at two o'clock at Spencerville United Church. Rev. A. F. Thrower officiated. Interment was made in St. Andrew's Presbyterian cemetery.

Several friends from Winchester and district attended the funeral.

LATE MRS. ALEX McGRUER

Highly respected and well known in the Williamsburg district, Mrs. Alex E. McGruer passed away at her home on Tuesday of this week. Born 78 years ago in Hanesville, she was the daughter of the late Mr. and Mrs. John Johnstone.

In 1933 she moved to Williamsburg where her husband was an assistant to the late Dr. Mahlon W. Locke, famous foot specialist. Mr. McGruer died last August.

Surviving the deceased are: one daughter, Mrs. M. W. Locke, Williamsburg; one son, Dr. Alex McGruer, Williamsburg, and two sisters, Mrs. Edmund Thompson, of Williamsburg and Mrs. Frank Murray, of Hanesville.

The funeral is being held this afternoon in Williamsburg United Church.

NOTICE TO DEBTORS

As I have recently sold my business in Winchester, I should like to settle all business matters as soon as possible. I would appreciate it if all my debtors settled their accounts with me in Winchester not later than Saturday, April 14th.

Accounts still due after that date will be handed in to my solicitors for collection.

Nelson Robinson, Winchester.

IN MEMORIAM

IN MEMORIAM—In loving memory of a dear husband and father, Thomas Robinson, who died April 6th, 1945

At early morn when all was still
God gave His great command,
And silently and peacefully
You passed into a better land;
God called you without any warning,
Our farewell was never said,
But what a glorious morning
When we say "Hello" instead.

—Ever remembered by Wife and Family. 46p

ST. GEORGE'S ANGLICAN CHURCH, VERNON

On Sunday evening, April 1st, the Rev. Mr. Roberts conducted a very impressive service choosing as his topic: "The Cross and its Symbol."

He reminded his listeners to always keep a vision of the empty cross before them. So many forget our solemn Good Friday Service when we celebrate the Resurrection on Easter Sunday.

At the close of the regular service a new Altar Cross, which had been placed on the altar on Easter Sunday for the first time and presented by the Ladies' Guild, was dedicated to the Glory of God by the rector.

Rev. Mr. Roberts requested Mr. D. R. McDonald to represent the people and Mrs. Geo. Acres to represent the Guild at the dedication ceremony.

THANK-OFFERING SERVICE HELD AT HULBERT

The Hulbert Easter Thank-Offering Service was held in the church at two p.m. on March 23rd, with the president of the W. M. S. in charge. The Scripture lesson and a prayer were given by Mrs. Percy Ellis. Singing by the Mission Band was enjoyed. The offering was taken by Margaret Sullivan and Laura Mellan. Following a piano selection by Margaret Sullivan and a recitation by Mrs. Jas. Burden, an interesting address was given by Mrs. Wm. Johansen.

The meeting closed with the Benediction and lunch was served, followed by a social hour.

MATILDA W. C. T. U. MEETING

The monthly meeting of the Matilda W. C. T. U. was held at the home of Mrs. Gertie Pitt on March 22nd, at two p.m., with the president in charge. The pledge was repeated in unison and prayer offered by Mrs. R. S.Peterson. Following the business part of the meeting, the Scripture lesson was read by Mrs. Peterson and prayer offered by Mrs. Jas. Burden and Mrs. Gertie Pitt. Following a number of readings, given by Mrs Edward Thompson, Mrs. Burden and Mrs. Peterson, the meeting closed with the Mizpah Benediction. Lunch was served and a social hour spent.

KITCHEN TAILOR

When building a new home, tailor the kitchen to fit the housewife. If she is short, don't have table tops, sink and flat surfaces so high that she will have to stand on tiptoe to work. If she is tall, don't have low ironing boards and oven, so that she will get a backache bending over them. If her arms are extra long or short, that should be taken into consideration, too. The woman who spends long hours in her kitchen should, for her health's sake, have her working equipment suited to her nature.

HOW LONG WILL YOU LIVE?

Recent experiments indicate a mother's age may affect the life span of children she may have. Also, your manner of living affects longevity! See a list of favorable and unfavorable factors, told in an article in this Sunday's (April 8) issue of The American Weekly, exclusively with The Detroit Sunday Times.

NEW Purina Research Discovery

NOW ADDED

Formula "1028"

Best of 1028 Tests

You've read and heard a great deal, no doubt, about the so-called "miraculous" growth ingredients—antibiotics, Vitamin B-12, etc. Purina has been investigating the possibilities in these materials, and its final findings are included in Chick Startena and Turkey Startena for 1951. Just to give you some idea of what Purina Research involves, the Chick Startena formula is the result of no less than 1028 careful feeding tests. When you feed Purina, you are not experimenting—the experimenting has been done already.

HINTS FOR THE HOME

Prevent Rust

Rub the under surface of your iron with paraffin wax to keep it smooth and prevent rust.

Burning Feet

When suffering from burning feet, try shaking a little powdered tannin or powdered borax into the stockings. This will prove soothing.

Testing Linen

To test linen rub a sample of it hard between the hands. The material has cotton threads in it as well as linen if a fuzzy nap appers on the surface.

The Pressure Cooker

When removing the lid of the pressure cooker always tilt it towards yourself so that any steam left in the cooker will be directed away from the face.

Ink Stains

Remove the ink stains from fingers by wetting the head of a match and rubbing it on the spots. Then rinse fingers with soap and water, and the ink will disappear.

Baby's Toys

When baby is playing with toys in his high chair, tie the toys by a string in the arms of the chair. He will soon learn to pull them up without the help of his mother.

Hair Tonic

When it is necessary to use a hair tonic try putting it on the scalp with an eye dropper. The tonic will go directly to the roots without getting the hair so oily and greasy looking.

Testing Coffee

The quality of coffee may be tested by pouring about a tablespoon of ground coffee into a cup of cold water. If the coffee floats and the water is colored very slowly, it is good, pure coffee. If the coffee sinks to the bottom, or stains the water quickly, there is some adulterant present.

Curtains

If the curtains refuse to hang evenly after being laundered, run a curtain rod through the bottom hem and allow it to stay for several days. This will straighten them.

Paint Spots

To remove paint spots from cotton clothing soak the stains in a solution made of equal parts of ammonia and turpentine. After the spots have disappeared wash in soapy water.

Fresh Pies

When the pie is removed from the oven place it on a wire rack so that the air can circulate underneath and keep the bottom crust crisp. The wire rack from broiler can be used for this purpose.

Washing Flannel

Flannel should be washed and rinsed in warm water of exactly the same temperature. Rub well in sudsy water and rinse several times. Dry quickly to prevent shrinking, either in a hot sun or near a fire.

The Skin

To keep the skin clear and soft use olive oil and salt. Coat the face with the oil and then rub briskly with salt. Wipe off the oil and salt with cleaning tissue, and the skin will have a clear, smooth texture.

Steel and Iron

Steel can be distinguished from iron by the following processes: Take a clean file and file over the flame of an alcohol lamp. If the filed piece is made of steel, little burning and crackling sparks will be seen. If the piece consists of iron, the sparks will not crackle.

Men's Clothes

To clean men's clothes use a soft cloth, dip in alcohol and press lightly over a cake of pure soap; then apply briskly to the article to be cleaned. After sponging carefully, press it. In cases of obstinate grease spots, rub well with a lather of pure white soap and lukewarm water; then sponge off with alcohol and proceed as above.

Lipstick Stains

Should lipstick stains fail to disappear by ordinary laundering, try sponging the spot with carbontetrachloride. If this does not do the work, rub the stains with white Vaseline then with carbontetrachloride.

THE ROYAL BANK OF CANADA
You can bank on the "Royal"

flat on one's face

"Know-how" is a popular phrase in these times — the western nations' industrial know-how is said to be their greatest hope. But it is not enough to know how to do a job. Doing it is what counts. Between knowing and doing there are usually a surprising number of opportunities for falling flat on one's face.

The textile industry in Canada, of which Dominion Textile is a part, has been practising for over a century to avoid falling flat on its face. While learning its job and doing it, the industry has become the largest employer of manufacturing labor in Canada and the payer of the largest manufacturing wage bill.

THE MIXING BOWL

BY Anne Allan
HYDRO HOME ECONOMIST

Hello Homemakers! Dried fruits now grace the most elegant tables. Previously prunes and dried apples were the poor man's dessert; now they have gained in favour as fruit pie, spiced for meat, chilled for salads, or pureed for frozen desserts.

The three dried fruits which are in abundance on our grocer's shelves are figs, prunes and apples. When you cook one pound of figs you have 3 cups of fruit, one pound of prunes yields about 4 cups cooked, and one pound of dried apples yields 10 cups cooked apples. If you are thinking of your budget compare cost of a 20-ounce tin of fruit which contains 2 1-2 cups.

Fruit Whip

1 cup of fruit whip, 1-8 tsp. salt, 1-2 cup sugar, 2 egg whites, beaten; 1 tbsp. lemon juice.

Heat mashed fruit and salt and sugar together until sugar is dissolved. Pour hot syrup slowly over stiffly beaten egg whites, beating constantly. Add lemon juice and fruit. Pile into parfait glasses and serve immediately. Serves 4.

Fig Turnovers

1 cup sugar, 1 tbsp. flour, 1-2 cup water and fig juice, 1 tbsp. butter, 1 egg, beaten; 1-3 cup lemon juice, 2 tbsps. grated lemon rind, 1 cup figs, chopped; 1 recipe Plain Pastry.

Combine first 8 ingredients and cook slowly until thickened. Cool. Roll pastry 1-8 inch thick and cut into 4-inch circles. Place a tablespoon of fig mixture on half of each circle, moisten edges and fold other half over filling; pinch edges together and prick top. Place on baking sheet and bake in hot electric oven (450 degrees) about 15 minutes. Makes 8 to 10.

Prune Chiffon Pie

1 tbsp. unflavoured gelatin, 1-4 cup cold water, 1 cup chopped cooked prunes, 3-4 cup prune juice, 1-2 cup sugar, 1-4 tsp. salt, 2 tsps. lemon juice, 1 tsp. grated lemon rind, 2 egg whites, stiffy beaten; 1 baked pastry shell.

Soften gelatine in water 5 minutes. Combine prunes, juice, sugar, salt, lemon juice and rind, and heat to boiling. Remove from heat, add gelatin and stir until dissolved. Cool. When slightly thickened, fold in egg whites. Pour into pastry shell and chill. Makes 1 (nine-inch) pie.

TAKE A TIP

1. To clean the waffle iron easily use a small stiff brush.
2. To remove burnt or thick grease from pan pour 1 inch water into pan, add a tablespoon baking soda, heat without a cover. (Do not let it boil over.)
3. Care of flour sifter is necessary to prevent collection of grease and dust. Soak in clear cold water, then brush. Rinse in warm water. Dry in warm oven then store in paper sack.
4. If food chopper is not used frequently rub contact parts with unsalted fat or salad oil.

THE QUESTION BOX

Mrs. J. W. asks: How to prevent pie crust from shrinking.

Answer: To avoid shrinkage without stretching and set aside 5 roll pastry lightly, place in pie pan minutes before fluting the edge. Or place another pie pan on pastry before baking. Remove extra pan after 15 minutes of baking and bake another 5 minutes.

Mrs. R. S. asks: For Date Cream Pie Recipe?

Date Cream Recipe

1-2 recipe Plain Pastry, 1 egg, 1 cup sugar, 1 cup evaporated milk, 2 tbsps. lemon juice, 1 cup chopped dates.

Line pie pan with pastry. Combine remaining ingredients and pour into pastry shell. Bake in electric oven (425 degrees) 10 minutes; reduce temperature to slow (300 degrees) and bake 15 minutes longer until firm. Makes 1 (nine inch) pie.

IRO's Oldest Refugee to Settle in USA

Paulina Wilsdorf, the oldest ward of the International Refugee Organization (IRO)—one of U.N.'s Specialized Agencies—recently celebrated her 105th birthday in a refugee camp near Salzburg, Austria. Her adopted daughter, Elizavita, aged 5, reads the inscription on the cake which says happy birthday in English and Polish. On her anniversary Mrs. Wilsdorf received the most treasured gift she had ever hoped for—the news that she would be resettled in the United States of America, as soon as arrangements can be made.

SEASON OPENS ON APRIL 28th

Inspector Royal Baker, Rideau district fish and wildlife supervisor, has announced some misunderstanding has arisen regarding the opening of the fishing season.

"The pickerel season on the St. Lawrence is made to coincide with that of our neighbours," he said.

Along the international boundary, from Kingston to Cornwall, the season opens April 28, after being closed for the months of March and April.

Along the interprovincial boundary, from Cornwall east, on that section of the river known as Lake St. Francis, the season for pike and pickerel opens May 12, as in all other sections of the Rideau district.

The May opening date includes all inland waters of the counties of Leeds, Grenville, Dundas, Stormont, Glengarry, Prescott, Russell, Carleton and Lanark.

Open season for trout begins April 28, while the black bass and muskellunge season opens July 1st.

"My telephone is worth so much to me!"

"It saves me time and steps; keeps me in touch with my family and friends; is always ready in emergencies."

AND ITS VALUE keeps growing all the time. With more and more families getting telephones, you can reach twice as many people as you could ten years ago. And the traditionally friendly service is being steadily improved.

Yet today your telephone actually takes a smaller part of your family budget than it did some years ago!

Friendly and efficient telephone service, at a reasonable price, is one of today's *big* bargains.

If you haven't yet got service

You can be sure your neighbourhood will be served, and your place on the list protected. Taking care of people without service as quickly as possible is one of our biggest and most important tasks.

ACCEPT TWO TENDERS FOR SCHOOL BUSES

The tenders of Messrs. Sydney Morris and Willis Cross to transport pupils from the township areas to Chesterville High School have been accepted by the North Dundas High School board. Mr. Morris bidded for the Williamsburg township concession and Mr. Cross for the two routes in Winchester township. These men will provide transportation for approximately 60 students.

RAIN CAUSES HIGH WATER ALONG NATION RIVER

The heavy rains, which occurred over the week-end, caused the waters in the Nation River to raise, resulting in the flooding of thousands of acres of land along its banks. Several roads running parallel with the stream in the Cass Bridge district were under water on Sunday and some farmers were forced to use row-boats to travel from their house to their barns. As the snow is practically all gone and the ice has lifted, the high water is not expected to cause a prolonged flood. Since Sunday the waters have been gradually receding and the water in the river is considered below normal height for this time of year.

Passes Away In Vancouver.

The sympathy of the community is extended to Mrs. S. A. Greer who received word on Tuesday of the death of her sister, Mrs. Mary Prior, in a Vancouver hospital. She was in her 93rd year.

Anglican Church Notes.

At 9 a.m. last Sunday morning, Mr. Roberts, Rector of Metcalfe, celebrated Holy Communion at St. Matthias' Anglican Church. Mrs. Sam Rose was organist. On the altar were tall candles and vases of red roses and daffodils. Two vases of yellow daffodils were given to the Glory of God and in loving memory of Emma Bolton by the Bolton family. Prayers for the "Faithful Departed" including the late Rufus Keyes, were offered. Mr. Roberts gave a short address.

Local Store Burglarized.

Sometime around midnight last Tuesday, or early Wednesday morning, someone entered the premises of Mr. H. L. Flora and helped themselves to about $50.00 in cash, a quantity of cigarettes and confectionery, and a revolver. Entrance was made through a window on the west side of the Bowling Alley. Once inside the building, the trespassers had free acess to the lunch-room and living apartments on the second floor. Mr. Flora and members of his staff were out-of-town at the time of the robbery.

Police Chief Gilbert Raistrick, assisted by Provincial Officers, investigated the thefts and the following evening two local youths were apprehended on their return from Ottawa. They were charged with the robbery and placed in the county jail at Cornwall. Next day they were released on $100.00 bail each, and will appear in Magistrate's Court here this afternoon.

Mr. T. E. Wheeler has been appointed superintendent of the Canadian Pacific Railway's Smiths Falls division, succeeding E. C. McKay, 51 years a railroader, who has retired on pension.
