Died While at Prayer

During Tuesday night of last week death came quietly and suddenly to Miss Mary Murphy in her home at Crysler, where she was found dead on Wednesday morning in the attitude of prayer by her bedside. The deceased lady lived alone and was in her home alone at the time of her death. James, John and Gordon Murphy of Connaught and Henry Murphy of Chesterville are brothers who mourn the loss of their sister.

Coons-Furney

A quiet house wedding was solemnized yesterday at the home of Mr. and Mrs. James Furney on North Main street, when their daughter Lily Margaret became the bride of Mr. Clarence Coons of Winchester, the ceremony being performed by Rev. Glassford of Winchester. Only the immediate relatives of the contracting parties were present. After the serving of the wedding dinner Mr. and Mrs. Coons left on the afternoon train for Montreal and points east.

Heavy Wind Storm

Fortunately for this section the windstorm which prevailed with such disastrous effect throughout Western Ontario during Saturday night and Sunday had somewhat abated before reaching here. Very great damage was done all the way from Sarnia, where the roofs of three Methodist Churches were blown off, right down through the whole province, several people being killed by falling signs and wreckage in the cities. Locally a couple of windows were blown in at the High school and throughout country districts many hay stacks had their tops blown off but so far no very great damage is reported.

Thomas McGloskey Loses Part of Arm

A very unfortunate accident happened last Thursday afternoon in Limerick whereby Thomas McCloskey lost his left arm between the wrist and elbow. With his own engine and sawing machine he was sawing wood at Con Barry's when the belt came off the saw pulley. The belt still kept going over the engine pulley when McCloskey went to the engine to release it, making several unsuccessful attempts to get hold of it, when it is thought the belt kinked drawing his hand into the pulley. As soon as the hand was caught, McCloskey, who is a big man, threw his weight back in an endeavor to pull his arm out and to save himself, actually twisted the broken arm off, the cords and sinews being so tightly twisted that it was unnecessary to use a torniquet to prevent bleeding before a surgeon was secured. It was necessary to amputate the arm a couple of inches below the elbow after which Mr. McCloskey was taken to a Smiths Falls hospital.

Skating Rink Meeting

At a meeting of citizens interested in the skating rink in the Town Hall on Tuesday evening, everything was straightened away for another successful season. The committee of management was enlarged to seven members and is made up of H. Hooks, Chairman; J. O. Corner, Secy; W. H. Casselman, Reeve W. Hamilton, J. T. Kearns, Jas. McMillan, G. C. Lacey. Angus Merkley has again been engaged and is already on the job making certain changes as were decided on. The hockey cushion is to be moved five feet to the north on each side, thereby providing more room for spectators to see the hockey games and masquerades in comfort. The lighting arrangements are to be re-arranged so that the whole ice surface will be brilliantly lighted at all times. It is the intention of the management to cater to the pleasure skaters, men, women and children and to provide good ice and good conditions at all times. The hockey clubs will be provided with ice when requested for games and suitable practice hours arranged, but as the rink was in the first place provided by the citizens for the encouragement of general skating that will have the first consideration of the committee.

Dr. James Smythe, will conduct the service in the Douglas Methodist Church.

A Big Moose in Ormond Vicinity

There has been many good stories come home from the woods this fall as the hunters have returned, some bemoaning the scarcity of game others of the abundance of moose to be found in the north country. It is related that a brilliant U.F.O. orator while on his watch one day, was confronted by an audience made up of one moose quietly waiting within about twenty feet of him for the meeting to open. However, the .303 did not speak first, but the owner of it proceeded to demonstrate that the U.F.O. road policy was the only one for the back country. This did not particularly enthuse Mr. Moose and the speaker left to get assistance, but on returning found that the audience could not wait and had left. This story may not sound really convincing but it is somewhat borne out when it is learned that the same moose, perhaps, made a trip to the outside last week looking for the guy that had tried to string him. He came out along by D. W. Porteous' place near Ormond, where on first sight the neighbors thought Geo. Meldrum's horse had run away, but that idea was soon exploded when the animal jumped a fifteen foot ditch clearing a fence on the edge of it. It was noticed by a party going to Ormond who reported at Johnny Campbell's store that he had seen some wonderful animal as he came along, with a lump on its shoulder as big as a cheese box. The mention of the cheese got J. A. going and he wanted to secure it at once. However the moose was not greatly excited and continued its journey down through Ernie Docksteader's corn field and from there struck into the swamp and is believed to have returned whence it came, being enabled to do so because D. W. Porteous could not get his old Snider in time to get a bead on him.

If you break a lens or a frame of your eye glasses Mr. A. E. Bolster can fix it for you—day or night every day—at W. G. Bolster's Drug Store, Chesterville.

BETTER COOLING

(FARMERS CUT THIS OUT.)

At this time of the year when the sun is hot, and the flow of the milk is high, remember that more water is required to cool milk to the desired temperature. The more milk you have the more water is required. Don't try to cool eight cans in water that will only cool four cans. Change the water often. Milk cooled and not kept cool will sour.

Judgment of Interest to Motorists

A case of more than usual interest to automobile owners was decided by Judge Greig recently, when Garner Stanley of Kinloss township brought action against Wesley Boyle for damages for negligence. It appears that Stanley was going east on the swamp road around Hay's Lake with a horse and buggy in which he had a can of cream and a basket of eggs and that Boyle was coming west with an auto in which he had four friends. The road around Hay's Lake is very narrow and in some places covered with water. Stanley could not turn out on the right for fear of upsetting his buggy and so pulled out on his left which was the wrong side for passing, and in doing so upset his cream and eggs. There was no evidence offered by the defendant that he blew his horn when coming onto the swamp road and the Judge thought that it was only reasonable that the driver of a car should blow his horn when entering a road of this nature. Judgment for the plaintiff with costs.—Kincardine Review.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. MAPLE VALLEY

A very pleasant evening was spent at Clover Dale Stock Farm on Nov. 28th, where the many friends of Mr. David Rainey gathered to welcome him and his bride home from their honeymoon. The youths and maidens "tripped the light fantastic" far into the wee sma' hours to the merry strains of the Cousineau Orchestra of Purple Glen. The happy couple were the recipients of many useful and beautiful gifts, the most prized of which being a beautiful parlour suit accompanied by the following address, read by one of the members of the "Maple Valley Bachelor's Club."

Mr. and Mrs. Rainey.

It affords us, your friends, the greatest of pleasure to hail you as man and wife. The consummation of all human happiness is, as a rule, attained when the two contracting parties have signed the marriage contract and two human hearts have been indissolubly fused into one by the inseparable bonds of love, and we trust and hope that it will be no exception to the rule on your part. May your days of happiness and connubial bliss be many in the Maple Valley, the place you have chosen as your future home.

It is an ancient custom that when on any great occasion of this nature, the master of the house has his friends invited in order to make merry and celebrate his good fortune. Therefore for that purpose your friends have assembled here this evening to celebrate with you the most important episode of your life. We, one and all, have known you David, for many years and have learned to admire and respect you for your noble and excellent qualities. Your wife is a stranger to most of us but we feel confident that, after your arduous struggle against cupid's wiles and the captivating smiles of the maidens who have no doubt tried to entangle and win you, you have taken unto yourself, a lady well worthy to be your co-partner during the years that lie before you. Hence it affords us great pleasure to welcome her to our midst

As a mark of our friendship and goodwill towards you and your wife and our best wishes for your safe journey on the sea of matrimonial happiness, we beg of you to accept this parlour suite. It will ever remind you of those who are so deeply interested in your future welfare and serve as an outward and visible reminder of your many friends in this community.

And now, Mr. and Mrs. Rainey, for by that title we may now address you, we wish you, happiness and welcome into that great society of Benedicts of which you have so recently been made numbers and David, on behalf of our beloved Order of Bachelors, we with feelings of joy, tho' perhaps tinged with regret, grant you an honorable and worthy discharge. You have ever been a true and loyal member and we feel that you are well qualified and entitled to all the rights and privileges of that higher Degree.

And forever and forever
As long as the river flows,
As long as the heart has passions,
As long as life has woes.

The gift which you have received shall always remind you and your wife, that our best wishes for your happiness, success, and goodluck go with you, forever and ever.

Mr. Rainey replied in a very appropriate manner, after which the guests led by Mr. Meyers sang—"For He's a Jolly Good Fellow" and "For Shes'a Jolly Good Lady." They then partook of a very sumptuous repast. About the fourth watch of the morning the gathering broke up and many of the more easily influenced of the Bachelors went home with the firm resolve to go and do likewise in the near future.

Chas. B. White of Rome, N.Y., has invented a device which is calculated will revolutionize automobile engine manufacturing. His new invention is an electric vaporizer and he says he can make an average weight auto run from 63 to 90 miles on a gallon of gasoline. The invention does away with the spark plug and also the carburator of the present gasoline engine.

Horse Killed by Train Man Snores Right on

Mr. H. G. Carter, of Detroit, well known to Chesterville people as the man who put the Condensery in Chesterville, when renewing his subscription to The Record last week sent along the following;—"Charles Moan of Carrolton, Mass., belongs in a class with Rip Van Winkle. Moan had been visiting a friend and was driving home when he fell asleep. Just as his horse stepped on the railroad track, near his farm, a train came rushing down on him. The horse was killed instantly and the buggy was wrecked. Neighbors ran to the railroad crossing, expecting to find Moan had been killed. They discovered him, unharmed and snoring uproariously, in the seat of the carriage, which had been thrown 100 feet into a cornfield. He was surprised to learn what had occurred.

Winter Overcoats
For Men and Boys

We are the luckiest folks in the county.

The hardest things in the trade to get to-day are Men's Overcoats in Close-Fitting Models

And we have them.

Our luck is your luck if you want the niftiest coat of the season. If you really do you must step lively or you will be out of luck.

Perhaps a Standard Ulster is more to your liking. If it is you have a good chance yet, but don't play along the road. We have a few of them but when they are gone we don't know where to get any more.

We have these coats for Boys and men.

St. Mary's Pupils Gave Excellent Entertainment

The pupils of St. Mary's Separate School were greeted with an audience that packed the Music Hall on Friday evening, when they staged an entertainment that drew repeated applause from all present. The entire program was excellent and a critical appreciation of the talent displayed is rendered unnecessary. Mrs. Allan Moran and Mr. Pat Flynn assisted ably towards the success of the concert, Miss Alma Hooks and Miss Ella McCloskey being the accompanists. Mr. Jas. Clement presided during the evening. Too much praise cannot be given the sisters for the splendid work they have done in connection with the training of the children and the Ladies Auxiliary under whose anspices the concert was given, take this opportunity of thanking those for their co-operation in making the entertainment such a splendid success.

New Hockey League Proposed

The Chesterville Hockey Club has been asked to place a team in a four club league made up of Merrickville, Kemptville, Winchester and Chesterville, which would give short trips and have the advantage of good train service each way. It is likely the local team will enter this league and it is proposed to put a "home brew" team on the ice, every man of whom must at least live in town and be steadily employed at some regular occupation. There is enough hockey material in town, grown and growing up, to give Chesterville a team that the citizens will support to the limit, win or lose. If the proposed league is formed as suggested it will mean that the Chesterville games at least will be started at a reasonable hour as all the clubs come from the west, the last afternoon train arriving before six o'clock. It was a heartbreaker last year waiting for games to start as much as two hours behind advertised time. Let the slogan be this year "Every game on time".

Good Judge

It would take a good fur judge to distinguish the Siberian fur coat from the genuine plucked beaver: for the reason that they look like it, feel like it and wear like it. About the only difference is the price. Whole-hide Siberian fur well made and rich in colour, I sell for from from $55.00 to $62.00. I have sold the following gentlemen coats and they all are satisfied: J. C. Hummel, Hermon Hummel, William Hummel, J. C. Simser, W. A. MacMillan, Pat Martin, Robert Johnston, Christopher H. Johnston, W. J. Cameron, Micheal S. O'Grady, Joe Siron, Tom Bogart, Roy Elliott, A. W. Hutt, John Ruddy, W. N. Gillard, Vincent Norton, J. D. Barkley, Solomon Kyre and Duncan McKercher.

Those anticipating buying a fur coat would do well to examine any of the above coats and it would be to your interest as well as mine to call and look at my stock.—L. Jordan.

Mrs. E. H. Grafton

The following from an Ottawa paper refers to the death of a former Chesterville girl, daughter of Mr. and Mrs. Will Smith.

"An impressive service was held over the remains of Lela May Smith, beloved wife of Elmore Hill Grafton, the funeral taking place on Saturday afternoon from her late residence, 117 Booth street. Rev. Mr. Fisher conducted the service at the house, and then the cortege proeeeded to Beechwood Cemetery, where interment took place. The deceased was held in high esteem, as is shown by the many beautiful floral tributes received from friends, which included: Wreaths, Headquarters Staff of engineering branch Dept of S. C. R.; employees of H. J. Daly Co.; broken wheel, Mrs. A. Merkley, sr., Mr. A. Merkley, Jr., Father and Mother; sprays Mrs. and Miss A. Wood, employes of H. J. Daly Co., Mrs. Halpenny and family; sheafs, Mr. and Mrs. J. Shetran, Mr. and Mrs. H. B. Hill and Miss Gladys Hill, Mrs. Glasgow and family; cut flowers, Miss Ray, Mrs. F. C. Taggart, Mrs. H. Booth; cross, husband children and sister."

The deceased was twenty-eight years of age and leaves a family of three small children the oldest five and a half years old.

Memorial Crosses for Mothers and Wives

Details of the regulations to govern the distribution of memorial crosses to mothers and wives of Canadian soldiers killed in action are now available. The minister of militia, Hon. S. C. Mewburn, in the house of commons on March 10th last, stated that the issue of a memorial cross was proposed. This proposal has now been given effect to and the regulations extend to soldiers and sailors who served in the Canadian naval and military forces or who, having been ordinarily resident in Canada on August 4th, 1914, served in the naval or military forces of His Majesty or of any of his allies.

The cross will be issued only to the widow of a married soldier or sailor and to the mother of an unmarried soldier or sailor. The preparation and examination of designs and other details have been completed and it is expected that issues will commence to be made within the next two weeks. The cross, which is an inch and a quarter square is of silver, beautifully designed and includes as features the crown and royal cipher, the maple leaf and the laurel. It will be engraved with the number, rank and name of the soldier commemorated. Only one cross will be issued in respect of each soldier or sailor.

If a widow or mother having become entitled to the cross has subsequently died, the cross will be issued to the eldest of her next-of-kin. The cross will be issued in respect of each soldier who was (a) killed in action, (b) died whilst on active service, or (c) died or dies from causes attributed to war service and before Nov. 11th, 1920. Every applicant for the issue of a cross produce such proof of death, service and eligibility as may be required by the department of naval service or militia council.

The regulations make an exception in the case of a widow who is known to be of dissolute character; has been divorced by the soldier or sailor of any country: or was at the time of the soldier or sailor's death separated from him by agreement or legal process.

"Soldier" and "sailor" includes both male and female persons who served in the Canadian Expeditionary Force or the naval or military forces of His Majesty or any of his allies.

In the case of members of the Canadian naval and military forces the crosses will be issued automatically to widows and mothers and in the case of deceased members of any of the allied forces application must be made, and these applications must be accompanied by certificates proving death of the soldier, his service, and the eligibility of the applicant.

The directorate of military estates will supply the last known address in the case of members of the Canadian forces but where there has been a change of address of which that department was not notified, relatives entitled to the cross should make their applications, giving present address with full particulars as to eligibility.

Rebukes Extremists

Farmers' Sun: Some over-ardent Prohibitionists would extend the prohibition of the sale of liquor to include prohibition of the use of tobacco in all forms. A still larger number would apply the principle to certain forms of tobacco, especially cigarettes. For prohibition of the use of intoxicating liquor as a beverage sound argument can be advanced. The use of ardent spirits, in excess at least, is an injury not only to the individual but to the community. The family of the drinker is denied the support to which it is entitled and in a score of ways the safety of the community may be endangered by men in a state of partial or total intoxication. The same is not true of tobacco. Brains are not muddled by smoking in a way that involves danger in driving a motor, a railway engine or even a horse. The excessive use of tobacco is injurious to health but so is the excessive use of tea, unwise eating, lying too long in bed in the morning, staying up too late at night or lack of exercise. Foolishness in dress and the wearing of thin shoes in wet weather are not conducive to health. But no one proposes to regulate, by law, personal conduct in all these things. There is no more reason for legal regulations in regard to the use of tobacco, by adults at least. There is however, a still stronger argument against anything looking to prohibition of the use of tobacco. The battle for a dry Ontario has not yet been won. That battle will not be won until the importation and manufacture of liquor in the Province, as well as the sale of liquor within the Province, have been made illegal. Nothing could well be designed to make more difficult the achievement of final victory in this matter than the inauguration of a campaign to abolish tobacco. That would put real life into the Personal Liberty League, an organization that would otherwise die a natural death.

Protest in Grenville

The election of Hon. G. Howard Ferguson, former Minister of Lands, Forests and Mines of the Province of Ontario, is being protested. A petition to unseat Mr. Ferguson was filed in the Supreme Court on Saturday by Gordon Waldron, acting for the defeated U.F.O. candidate in Grenville, in the last provincial general election, George Arthur Payne.

The petition makes the usual charges, and in addition says that every illegal and corrupt act, short of force, was exerted in the Grenville election, in effect that George Howard Ferguson was, by himself, by his agents and by other persons in his behalf, before, during and after the election, guilty of bribery, treating, personation and undue influence, as defined by the Ontario Election Act, or recognized as such by the common law of parliament. Hon. G. Howard Ferguson's majority is, therefore, alleged to be colorable and fictitious.

A recount after the election gave Mr. Ferguson a majority of 81.

"You used some very rough language to your playmates, Bobbie".

"Yes'm," admitted Bobbie. "We've got a new game. We're playin' politics".

THE NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

You need a phonograph in your home. *Every* home in Canada needs the cheering, soothing, refining influence of good music. But you want the *best* phonograph made—no other is good enough for your home, your family, your friends.

How can you tell which is the best? Easy—if you use common sense. Difficult—if you trust to the claims of numerous manufacturers.

Look for the *man* behind the phonograph—the brain that evolved it and perfected it. If you cannot discover any *personality* behind an instrument you may well doubt its perfection.

The brain of Thomas A. Edison, the greatest inventive genius in the world, is the birthplace of the Amberola! Edison has perfected every detail of this wonder phonograph until in every way it is superior to ordinary phonographs and "talking machines!"

The *tone* has been pronounced superior to that of other well-known phonographs by scores of phonograph experts after striking tests. The genuine *Diamond Point Reproducer* is permanent—no changing of needles. The wonderful *Amberol Records*, in shape and composition, are practically unbreakable and last for years and years!

All the world's best music is recorded on these Amberol Records, from popular songs and dance music to grand opera sung by the world's greatest artists. Every month new Amberol Records are issued with the latest hits and new recordings of famous artists.

Go, listen to other phonographs and "talking machines" if you will—then come here and listen to the wonderful Amberola. Above all remember that the name and fame of the greatest inventor of the age guarantee its superiority.

Last but not least, Edison has succeeded in making this remarkable phonograph to sell at prices considerably lower than inferior "talking machines."

SAVED FROM LIFELONG MISERY

And a Dangerous Operation, by Taking "FRUIT-A-TIVES"

MRS. M. J. GORSE

3928 Union St., Vancouver, B.C.

"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. *I had pains low down in the back and sides of the body.* I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.

Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and *this medicine has completely relieved* me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. *I am free of pain* and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

Winners in Junior Farmers Ploughing Competition

Stubble Class

First prize, being walking Plow donated by the Bateman-Wilkinson Co., Ltd., Toronto, was won by R. F. Jackson, Mountain, Ont.

Second prize, $7 in cash and silver medal, was won by Elias Johnston, Inkerman.

Third prize, $6 in cash, won by Jimmy Deeks, Williamsburg.

Fourth prize, $5 in cash, won by Willard Baker, Chesterville.

Fifth prize, $4 in cash, won by Basil Glover, R.R. No. 2, Iroquois.

Sixth prize, $2 in cash, won by Victor Armstrong, R.R. No. 3, Winchester.

Seventh prize, $1 in cash, won by Cecil Wallace, R.R. No. 2, Iroquois.

Sod Class

First prize, walking plow donated by J. Fleury's Sons, Aurora, Ont., was won by John O. Zeron, Morrisburg.

Second prize, $7 in cash and silver medal, was won by Arnold McIntosh, Berwick.

There was keen competition in the stubble class, which was well filled. The young men performed the work creditably and the fact that a special effort was put forth to do better work means that each boy is more capable of performing good work than he was before entering the competition.

The sod class was not so well filled, only two having completed a sufficient amount of plowing to make a competition.

The competition was open to any young man under 25 years of age in Greater Dundas. Mr. O. D. Casselman, M.P., kindly donated the cash for the cash prizes. The County Board of Agriculture donated the silver medals. The competition was arranged by the Commission of Conservation in co-operation with the Department of Agriculture, through the agricultural representative at Morrisburg.

Money Well Spent

In these days of expensive living the question with most people is to get the best value for one's money. In the case of newspapers or magazines there can be no doubt about The Family Herald and Weekly Star of Montreal giving the greatest value for the money on the continent. The Family Herald and Weekly Star is a wonderful combination of newspaper, magazine and agricultural paper. It costs only $1.25 a year and each subscriber receives a handsome souvenir portrait of the Prince of Wales, 16x22 inches. We learn the subscription price will be $1.50 after December 31st. No better value can be had than a year's trial of the big Montreal Weekly. It consists of 64 pages each week and every page interesting and instructive.

Grey-McLean

A very pretty house wedding was solemnized at the home of Mr. Christopher McLean on Thursday, November 27th, at 3.30 p.m. when his second eldest daughter, Miss Pearl was united in marriage to Mr. J. Edson Gray of Ottawa. The ceremony was performed by the Rev. Mr. Meredith in the presence of a large number of friends and relatives. The bride was given away by her father and Miss Buel h sister of the bride, acted as bridesmaid, while the groom was supported by Mr. R. J. Elliott of Ottawa.

The bride, one of Chesterville's most popular young ladies, has been living in Ottawa for the last few years where she has added many more to her large circle of friends. She was the recipient of a large number of useful and costly presents testifying to the esteem in which she is held by her many friends.

The groom recently returned from overseas where he served his country with distinction, winning the Military Medal for gallant action on the field.

After a sumptuous wedding dinner the happy young couple left on a honeymoon trip to points west, accompanied by the best wishes of a host of friends, bushels of confetti old shoes, etc.

Mr. and Mrs. Grev expect to return about Christmas and will take up residence on Rochester Street, Ottawa.

More Water More Milk

25% More Milk From Cows When Given Enough Water

Why is it that many cows are such poor milkers? Why don't they give enough milk to pay the cost of their feed?

The first reason is that many cows do not get enough water. Milk is 87½% water, and a good milker has to drink 4 gallons of water to produce a gallon of milk. To produce 3 gallons (30 lbs.) she must drink 12 gallons of water per day.

Now, no cow will drink 12 gallons of icy water from a freezing trough.

The BT Water Bowls Increase Milk Yield 25%

The BT Water Bowls increase the milk yield because they provide a constant supply of water at an even temperature. The Cow can drink the water as she needs it and in 24 hours will drink more than 12 gallons. She will drink all she needs for her maximum milk yield.

Water Bowls Pay Back Their Cost in Two Months

The BT Water Bowls will increase the milk yield of your cows enough to pay back the cost of the bowls in two months. They increase the milk yield the first day they are used. Some farmers declare that it is like the cows coming in fresh again.

Drop us a line and we will be glad to send particulars about the BT Water Bowl. Illustrated catalogue is free.
