Victory Loan Canvassers in Williamsburg

Geo. Challies, Capt. Morrisburg; Frank Empey, Williamsburg; James Clement, Dunbar and Edgar Vanallan, Aultsville.

Victory Loan Going Well.

In the first two days and a half of the Victory Loan drive in the United Counties $186,250 had been subscribed. The objective in these counties is $2,200,000. Don't hang back; decide what will be your share and be ready for the canvassers when they ask you.

Victory Loan Campaign

The canvass for subscription to the Victory loan starts next Monday, Oct. 28th. The canvassers for Winchester township, Winchester and Chesterville villages are Messrs. James Tate, James Wier, James Ault and W. J. Fisher. The objective placed for these municipalities is large and a hearty response is expected.

Mrs. Thos. M. Reveler

At her residence, Cannamore, Ont. on Wednesday, Oct. 23rd., Deltra May Eamon beloved wife of Thos. M. Reveler. Deceased was twenty-six years of age and was born at Lunenburg, Ont., a daughter of Mr. and Mrs. John Eamon. She leaves to mourn, besides her husband and father, three sisters;—Mrs. W. J. Wert of Cannamore; Mrs. W. Markel of Northfield; Mrs. W. Miller of Crysler and one brother Harry of Biggar, Sask.

The funeral was held from her late home to Morewood Methodist Cemetery on Friday afternoon.

Charlie McLaughlin, Morewood

Death has again cast a gloom over this community when it was learned that Charlie McLaughlin passed away at his home Friday Oct. 25th, at the age of 28 years, 5 months, a victim of this dreadful disease, influenza. Charlie will be greatly missed at home by his aged parents and by all who knew him as he was a general favorite. A short service was held at the grave, owing to the epidemic, by the Church of England pastor of Crysler. The deceased leaves to mourn his loss an aged father and mother, one sister and six brothers;—Mrs. Mason Beckstead of Grantley, R. J. of Trenton, Will of Finch, James of Grantley, Jake of Cannamore, Henry of Berwick and David of Chesterville to whom is extended the sincere sympathy of the community in their sad bereavement.

Many Victims of the Epidemic

The influenza situation in Chesterville over the week-end has been a particularly distressing one. Up to this time there had not been a death in town from the epidemic and all were hoping against hope almost, that those who were still very ill would be restored to health. Between Saturday and Tuesday two young married women passed away here and another, the wife of Mr. Howard Forbes died at her home in Winchester where she had gone to nurse her mother through the influenza afterwards taking it herself, passing away Monday morning. While she was on her death bed in Winchester her husband was at his home here so ill that he could not go to her. On Saturday night the first death in Chesterville was recorded when Mrs. Chas. McLean passed away leaving a family of four small children, the youngest of whom is less than a month old. On Monday, about noon, Mrs. Frank Clement wife of F. C. Clement of the C.P.R. passed away. At the time Mr. Clement was so ill that he was hardly aware of his great bereavement. A little girl about three months' old loses a mother.

In the country another death has occurred at Wm. Bowman's where his ten year old son passed away on Sunday night, making a terrible total of two sons, a daughter and son-in-law during the month to the epidemic. Around Morewood four deaths were added to the list, being Miles Loughridge, Cliff. Redmond, Charlie McLaughlin and Mrs. Thos. Reveler.

Cure Used Twenty-five Years Ago

Here is another vouched for preventative and cure for the influenza which was found very effective in the epidemic twenty-five years ago. It is sent to The Record by Mr. B. F. Casselman formerly of Finch, and is as follows;—

"I have at last decided it was up to me, to let the public know what I have proven to be a dead-shot for the old fashioned LaGrippe and I understand the new is something similar. This is how I heard of it. About 25 or 27 years ago a disease struck New York City called "Russian influenza" and later on LaGrippe; and on account of the number of deaths the Government or City appointed a committee of their most clever physicans to see if they could not find something to check it, and they decided on asafetida. It was advertised and I got it from one of their papers and have had asafetida in my possession ever since and know by experience it will prevent it and will cure, without a doubt.

"I don't think the doctors will think I am "butting it" by publishing this. The principal thing is will it help out some. It's worth trying. As a preventive one or two 3 gr pills a day. As a cure 2 pills every 4 hours, first 24 hours, no need of so often after that. Your Chesterville druggist has the 3 grain size sugar coated. Of course it goes without saying it is essential to keep in bed for a day or so. Trusting the above may be useful".

Mrs. Charlie McLean, Dead

After an illness of influenza which developed into pneumonia, extending about 12 days. Mrs. Charlie McLean passed away Saturday night, at the early age of 25 years and 10 months. Deceased was well known and was one who bore her suffering without complaint. She leaves to mourn her loss a husband with four children being Francis, Kenneth, Della, and an infant 3 weeks old besides a father, mother and one sister. The remains were taken Sunday to Maple Ridge for interment.

Died

FORBES—In Winchester, on Monday, Oct. 28th, 1918, Lottie Scott, wife of Mr. Howard Forbes of Chesterville.

KEEP MILK COLD.

(FARMERS CUT THIS OUT)

The sooner the milk can be cooled the better. It is almost impossible to produce milk without some bacteria in it, so that the problem now is to prevent these bacteria from increasing in number. At a temperature of seventy degrees, one bacterium may increase to two in twenty minutes while at fifty degrees it requires a very much longer period. One bacterium in milk at fifty degrees may increase in twelve hours to six or seven, while at seventy degrees it may increase to 600 or 700. When, therefore, it is remembered that much apparently good milk contains many thousand of bacteria per cubic centimeter, which is about thirty drops, it is readily seen how soon millions of bacteria will develop when the milk is warm. Milk should be cooled as soon as possible to fifty degrees lower and kept at that temperature.

MOREWOOD.

Many who have been sick are again on the road to recovery—Miss Olive Bogart is back to work again, Mamie Gollan is better; Mr. McDonald, manager of the bank is on the mend and Miss Ina Mackenzie has recovered. Every one is very much cast down by the deaths of Clifford Redmond, William Feely, Charlie McLaughlin, Miles Loughridge and Mrs. Thos. Reveler and babe.

Miss Olive Miller of Melvin, was the guest of Mrs. Wm. Gordon one day this week.

Mrs. H. Steinburg was called to Cannamore to nurse at Mr. Wm. Feely's as they are seriously ill.

Carl Carruthers who has been in the west for some time has returned home ill. His brother Pte. Wm. Carruthers has been here for the week end.

Mr. and Mrs. J. Redmond and son Sparling are visiting at Mr. Hutt's at Cannamore.

Our schools are still closed.

Miss Wingard and Mrs. W. McConnell are the guests of Mrs. Ault.

Mrs. Hunter is spending the week with her daughter Mrs. W. Feely.

Miss Pansy M. Martin is visiting her home.

Messrs. G. Barrington and Emerson Faulkner visited Ottawa on Monday.

Messrs. J. W. Bogart and Walter Carlyle have gone for a two weeks hunting trip.

BETHUNE BUSH.

Our vicinity extend their sympathy to Mr. Thos. Short in the loss of his brother and sister-in-law, Mr. and Mrs. Jas. Short of Thornloe, who were both victims of the Spanish influenza. Mrs. Short came home along the first of September on a visit and passed peacefully away on Oct. 3rd, at her home in Beckstead. Mr. Short coming home to attend the burial of his wife, caught the disease and died at his brothers' here on Oct. 15th. Besides a number of brothers, sisters and friends two small children, Willie 4 and Etta 2 years are left to mourn the great loss.

We are glad to hear that Mrs. S. O. Kenderick is rapidly recovering after a serious operation in Montreal.

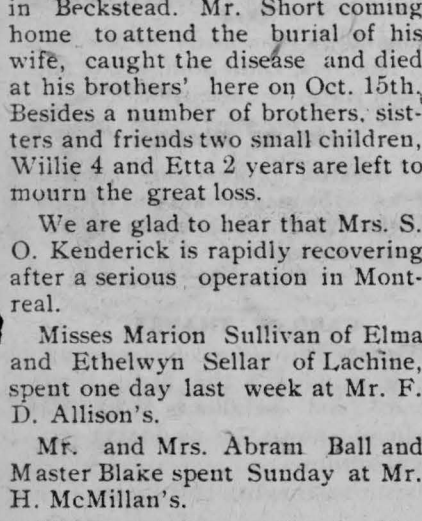
Misses Marion Sullivan of Elma and Ethelwyn Sellar of Lachine, spent one day last week at Mr. F. D. Allison's.

Mr. and Mrs. Abram Ball and Master Blake spent Sunday at Mr. H. McMillan's.

We are glad to see the families of Thos. Short, Albert Servage and Kenneth Wood nearly all able to be out again after serious cases of influenza.

Misses Lola and Mildred Allison with little sister Luva of Morewood. spent Thursday last at Mr. F. D. Allison's.

Mr. and Mrs. M. Dillabough and baby Beatrice spent Sunday at Mr. Ira Dillabough's.



CRYSLER

The many friends of Father McDonald are sorry to hear that he passed away on Sunday night at 10 o'clock.

Misses M. Armstrong and E. McLeod spent Sunday with Miss Lue Ouderkirk.

The many friends of Mr. and Mrs. J. H. Aube are glad to hear they are recovering.

Miss B. Montgomery has returned home after spending the past two weeks with L.L. Montgomery, Gravelhill.

Messrs. H. Braithwaite and E. Lavictoire have returned home after spending the harvest months in the west.

The many friends of W. H. Brownlee are sorry to hear that he passed away on Friday at Renfrew. He was formerly of Crysler.

Mr. Frank Benoit is spending a few days at his parental home here.

Mr. G. Faulkner of Morewood was a caller in town on Tuesday.

Mr. J. Villineuve of Union Bank staff, is spending this week at his home St. Polycarpe.

MELVIN.

Mr. James Shaw who has spent the past five and a half years working for Mr. Geo. Earle has now rented Mr. Matthew Wilson's farm and purchased his stock.

While Mr. Sylvester Cheney was attending the funeral of his son-in-law near Kempville last Wednesday word came to his home here of the death of his son Willie's wife in Ottawa. The body was brought to South Indian for interment.

Mrs. I. Hughes with her daughter Mrs. P. Durant and children of Winchester spent last Thursday with Mrs Arthur Christie.

It is with deep regret that the news of Clifford Redmond's death from pneumonia following influenza on Friday night last. Clifford was a very fine promising young man, having just passed his twentieth birthday. He was the eldest son of Mr. and Mrs. John Redmond of Morewood, but formerly of this section. The parents' hopes were centred in him and the sudden shock of his death has fallen heavily upon them. It will be some time before they recover from this shock.

Clifford was full of life and ambition and a favourite with his companions. He took an active part in the program of our Xmas entertainment last year and his associates here will not forget him. Sympathy is extended to his heart broken parents and brothers and sisters. Interment was made in Maple Ridge on Saturday afternoon.

Mrs. G. Poole of Winchester, has been sick at her father's home here with influenza but is now better. Her brother Richard Scott is also recovering from the same disease.

Mr. J. E. Lanoue and son Alcide motored to Vars on Sunday to see Mrs. Lauoue's brother who was very ill with influenza, and whose wife had died a few days previous.

Sympathy is extended to Mrs. W. J. Rodney whose sister, Mrs. Forbes passed away on Monday morning.

Mr. A. Baxter is able to be out again after an attack of influenza.

Mr. M. R. Black has been suffering with lumbago and rheumatism.

Miss Winnie Greer is at home from her school, sick from the influenza.

Mr. and Mrs. W. T. Holmes also have the "flu" but are recovering.

Mr. Sargent Black was able to drive his mail route on Monday.

One of our milkmen Mr. Vernon Fetterly, was taken sick the first of this week and is unable to draw the milk.

THE HONOR FLAG.

One hundred and fifteen tons of printed matter comprising 35,000, 000 pieces prepared by a staff of some 40,000 workers and sent in small lots to every city, town, hamlet and wayside inn throughout Canada, in a period little longer than three months, is the task accomplised by the Dominion Publicity Committee of the Victory Loan Campaign, 1918.

Posters measuring 24 feet by 10, will speak to Canada's 8,000,000 people from the bill boards of every city and town, and this is but one of innumerable schemes for reaching the purposes of the campaign. There is to be keen competition for honor flags this time. Aside from the sentiment attached to it, a 1918 honor flag is indeed a thing of beauty. It bears five bars, one for each war loan and will be given by the Governor-General the Duke of Devonshire, to the towns, villages, and cities exceeding their quota.

In the business houses and factories of Canada there will be honor emblems when 75 per cent. of the employees have purchased bonds. As that figure is increased stickers showing 85 per cent., 90 per cent. or 100 per cent. will be attached.

On the wind shield of every motor car a sticker, bearing the words "Stick it, Canada!" will be affixed, while for the backs of envelops, small stickers will explain and remind that Canada needs money if Canada is to maintain its place in the firing line.

Winter Apples and Their Care

As winter apples are expensive it is important that the buyer and consumer should, when laying in the winter's supply, obtain varieties that will be in best condition successively through the winter. He should also keep his apples so as to lose as few of them as possible from over ripeness or rooting. As soon as the fruit is received it should be put in the coolest place available without frost. A temperature from 32 to 35 Fahr. is best. If there is a choice in the house, that with the moister atmosphere, such as a celler without a furnace, would be the better for the air is too dry for keeping apples well in many houses.

If the apples are in good condition, they may be left in the barrel or box. If however they show signs of rotting they should be sorted and the unaffected specimens wrapped in tissue or news paper which lessens the danger of any rot spreading. If the room is very dry it will be better to put them back in the barrel or box after wrapping as they will shrivel less than if more exposed to the air. It is important to keep the fruit in clean receptacles, otherwise they may absorb unpleasant flavours.

Save! Remember that the 425,000 men who have gone overseas can't get home for a while, and they must be kept.

Str Thomas White Appeals to all Cnnada

Ottawa, October 27.—On the eve of the opening of Canada's great Victory Loan drive, the Minister of Finance issues the following message to the people of Canada;

The Victory Loan of 1918 is now being offered for public subscription. It is an undertaking of most vital consequence to the nation, and I cannot too earnestly emphasize the duty and responsibility resting upon all citizens of Canada to co-operate to the extent of their available resources in making it an unqualified success. The money to be raised is urgently required to enable us to continue the prosecution of the war, now in its fifth and most crucial year, and for the maintenance of the prosperity of the Dominion in all departments of productive activity.

Apart from patriotic considerations, which should alone suffice, it is the direct, immediate, personal interest of every individual Canadian citizen that the loan should not fail of its objective. The bonds afford absolute security and yield a most attractive rate of interest. Undoubtedly, in the period succeeding the war, they will show a substantial appreciation in value. All citizens are earnestly invited to subscribe. Remember, you are asked not to give, but to lend your money to the state.

Small subscriptions from those of slender means are as welcome as the large. In the last Victory Loan we received subscriptions of over four hundred million dollars from over eight hundred thousand subscribers. This year we expect five hundred million dollars from more than a million subscribers. Let all subscribe to the extent of their means, be they great or small, and once more demonstrate to the world the strength, unity, and determination of the Canadian people in this world struggle.

Even if the war should end at an earlier date than has been anticipated, all the money asked for will be required for the purposes of demobilization, which will extend over many months, and for the continuation of credits for the purchase of Canadian products.

The organization and publicity work in connection with the loan has been completed after many weeks of effort. It now remains for the people of Canada to do their share. That they will do so to the fullest degree I am entirely confident.

Morewood High School.

Prize Essay Competition—Subject—"Victory Bonds why Canadians should buy them".

Prizes—A first and second prize for the Middle School and the Lower School. First prize will consist of a Silver Medal and the second prize a Bronze Medal. Essays should be in the hands of the principal not later than Nov. 18th. Provincial prizes—A first prize of a seventy-five Dollar Dominion war savings certificate and a second prize of a ten dollar Dominion War savings certificate will be awarded for the two best essays in the Upper School and the Lower School.

A copy of the booklet "The Victory Loan and what it means" is being put into the hands of all the pupils of our school. Study it carefully, secure all the help possible from other Victory Loan literature and discuss the subject with parents and friends. Go in for a prize or two.

While school is closed there is little doubt that the majority of our pupils are reviewing carefully the work already covered this term. Much can be done in history, Eng-literature, Latin, French, Spelling, Geometry, Science and in fact where there is natural ambition and gratitude pupils can make progress in all subjects of the courses.

"Yours for Victory Loan 1918"

"Yours for Victory Loan 1918," is the Canadian letter writer's slogan in the Victory Loan campaign. Every one is asked to sign his or her letters in this way. Already some are doing it, and before the campaign is far under way it is hoped the practice will be general. It is an easy and yet most effective way of driving home the appeal for the Loan, and it will reach practically every one. Business men particularly are requested to adopt the idea. As they read their incoming and outgoing letters, during the next five weeks they will confront "Yours for Victory Loan 1918" scores of times each day. Start now signing your letters in this way. Get into the swing! Every little bit is needed if Canada is to "go over the top."

Adam Pemberton, Williamsburg.

On Wednesday morning Oct. 16th, 1918 Adam Pemberton passed away after having been a sufferer from that dread disease gangrene for nearly three years.

He was born Nov. 25th, 1840, in Wiiliamsburg where he lived the greater part of his life.

In 1871 he married Mrs. Jane Robinson who predeceased him three years ago, after which he made his home with his son William.

In all his suffering he was very patient but he longed for the time when his suffering would be over.

Owing to the epidemic of influenza a short service was held at the home by the Lutheran pastor, Rev. Mr. Sorensen of Dunbar. The remains were placed in the family plot at Williamsburg.

He leaves to mourn his loss a large circle of friends and relatives, two sons Role of Waddington, William of Elma; one daughter Mrs. M. Daugherty of Chesterville also four brothers and three sisters. namely Jerry and John of Potsdam, N. Y., David and Samuel of Waddington N. Y., Mrs. J. Price of Moose Jaw, Sask., Mrs. J. Phero of Ogdensburg and Miss Mary Pemberton of Waddington, N. Y.

The sympathy of the community s extended to the bereaved ones. i Those who attended the burial from a distance were—Mrs. J. Phero of Ogdensburg, N. Y., Mr. Role and Sam Pemberton, Mrs. James Pemberton and Mrs. H. Harper of Waddington, N. Y.

Mr. F Dubois was at Anyandia, N. Y., on Tuesday to see his son who was ill with influenza.

Mr. John Robinson was at Cornwall on Frlday.

Miss Violet Ouderkirk of Montreal, is visiting relatives in town.

Miss Bella Legge returned to Ottawa on Tuesday.

Pte. Eddie Blair of Cornwall, is spending a few days in town.

Mr. Will Carr of Grantley, was in town on Tuesday.

This community was greatly shocked on Tuesday when the death was announced of Rev. Father J. A. McDonald of Crysler, who died on Monday at the Hotel Dieu Hospital at Cornwall. He will be greatly missed by all creeds.

Another of our most popular young men was taken away by death on Tuesday by the Spanish influenza in the person of Percy Rupert, eldest son of Mr. and Mrs. Edward Rupert, who live east of town. The deceased young man was 29 years old and leaves besides his parents two brothers to mourn. The funeral took place on Thursday afternoon to the Methodist cemetry in town.

With deep anguish he begged her to consider her answer.

"If you don't marry me, Millie, I'll blow my brains out."

"Oh come now don't do anything as rash as that. But—but", she reflected softly, "that would be a good joke on father, for he thinks you haven't any".

Cannamore Boy Writes From Hospital

The following letter received by Mr. C. Hetherington of Cannamore recently tells how his son Pte. P. Hetherington received his wounds.

Morrington, Eng., Oct. 2nd.

Dear Father;—

I suppose you know by now that I have been wounded. I have been sent to the hospital in England, so you see it's not a little thing. I am wounded in the right leg above the knee by shrapnel, a piece of shell. I don't know yet whether the bone is hurt or not but it is a bad tare. I was operated on and had the iron taken out. After I was hit I got the blood stopped and hobbled out of the line part way to the first advanced dressing station. I could not walk any more so I became a stretcher case. I'm in bed now and doing as good as can be expected I may be up before long, depends how quickly it heals. I was hit in an advance or rather after I got there. We had made the big push, had our objectives and was consolidating. I was thinking how lucky I was and filling my pipe after coming through three miles of machine gun bullets, they whistled between my legs, past my face, hit the edge of my steel hat and cut my coat sleeve, but I escaped them all, some were riddled with them. As I was saying I got there alright, when a big shell came over from the Germans and got a bunch of us, some were silenced forever. I suppose you have read of the battle and how the Canadians distinguished themseives especially the 102nd.

I got your parcel the night before I got hit and it was fine, the tobacco and honey was great. You will not need to send me any while I am in England. The war may be over before I have to return to France. Of course if it hangs on I will have to go back again. Now, I hope this finds you all well and it will be sometime now before I get my mail from France or anyone, so I will close answer this soon, Sincerely yours, Brooks.

Useful War Souvenir

The War Album issued by the Family Herald and Weekly Star of Montreal is to hand and is a credit to the Publishers. A copy is sent free to all who order that paper for 1919. The Album contains a mine of valuable information and the color work could not be improved on.

It is just such a book as one would like to have close by at all times. Every school child in Canada should have it. In after years when the war is over it will be a valuable book of reference. The Family Herald costs only $1.25 a year and with the Album is certainly big value.

Another Battle Won for Dairymen

FOR months we have been experimenting—investigating—testing—fighting, to find a way to make the Empire Milking Machine, already the unquestioned leader, still more efficient for the dairy farmer.

THE BATTLE IS WON.

We have given the milking machine a new heart—the pulsator is the heart of the milking machine—and the result of our experiment, the new Empire Super-Simple Pulsator, is the most wonderful development since the invention of the Empire—the competent milking machine.

To be successful a milking machine *must* have a perfectly acting pulsator to cause the alternating action of suction and massage on the teats (to imitate the calf's "suck and squeeze") to occur with absolute regularity; and to make the change from suction to massage and back again instantaneous.

The Empire Super-Simple Pulsator, the pulsator without a piston, does that and more. It really is *Super-Simple*—so simple that it can be taken apart and put together again in less than two minutes. *It has but five moving parts; nothing to wear out or "get out of gear." It cannot lose vacuum, so its action is perfect.*

It places the Empire Milking Machine immeasurably in advance of all competition. Your cows should be milked by an Empire Milking Machine with the new Super-Simple Pulsator. It will milk them more rapidly than ever—it will solve your labor problem—it will increase milk production at a decreased cost; it will transform milking from drudgery into a pleasant chore.

Our factory is overtaxed by the increased demand for Empire Milking Machines, so go to your dealer at once, see the new Super-Simple Pulsator and tell him to order your Empire outfit without delay; or write for Catalog.

Mr. E. B. Lynch Again Leads.

The following letter has been received by him this morning from the Eastern Ontario Division office.

Ottawa, Ont. Oct. 29, 1918.

E. B. Lynch Esq.,
Chesterville, Ont.

Dear Mr. Lynch:—

Last evening I wired you as follows: "To win the trophy and also make the Macauley Club in the same month is a wonderful achievement and your co-workers at this end offer hearty and sincere congratulations".

By paying for $36,000 in a single month, and thus reaching the $100,000 class so early in the game, you have covered yourself with glory.

The Silver "Medal" as it is now popularly known, ought to be back from Mr. Foster in a few days and when it arrives the October bar will be engraved in your name.

I feel sure that the Agency Department will rejoice with me over your success, especially as you were their Eastern Ontario choice for the special spurt during the month that is just closing.

With kindest regards, I remain,
Yours faithfully,
W. Lyle Reid,
Manager East. Ont.

Points to be Remembered

The war has cost Canada one billion dollars.

The war is not yet ended.

Even if the fighting does end in the near future, the military expenditure will remain high until the soldiers are demobilized,

425,000 Canadians have gone overseas and Lord Shaughnessy says that it will probably take 18 months to bring them back.

If the war were to end to-morrow it would probably cost $250,000,000 to mobilize the Canadian soldiers.

For Canada's Expeditionary Force Pay and Allowances alone amount to $14,000,000 a month, whether the men are fighting or not.

Of the $500,000,000 desired through the Victory Loan, this year's war bill will be equal to four-fifths of it.

Bear in mind that a large portion of the money received through the Victory Loan will go to finance sales of Canada's products to Britain.

Mr. Wesley Hamilton was called to Saskatoon on Monday to visit his son Robbie who is seriously ill.

Two Farmers Fined For Seditious Talk.

Kingston, Ont., Oct. 28.—Byron Rutan was fined $200 and costs and William Reynolds was fined $150 and costs this morning in the Police Court for having made statements which might weaken the cause of the allies in the present war. The defendants are farmers and the remarks were made at a threshing bee. The defendants were alleged to have said, among other things, that the war was a graft, and that the grafters were being backed up by the Union Government, and that the men who went over the top at the front were drunk.

"No true Canadian will be found wanting in his response to the appeal which the next Victory Loan will make to him. He will weigh in his conscience the question of how much he is going to subscribe to that loan to help to victory the highest cause for which men have ever faced the supreme sacrifice. He will not fail to hear the call of duty. He will do his part toward making the loan a success worthy of Canada, whose resources, from ocean to ocean, are all behind it."

The Bonds of Canada

Queer ideas, some people have. One writes in: "Shall I sell Dominion War Bonds and buy Canadian Marconi?" Think of it! Would he exchange his Ostermoor for a pile of straw, his ten thousand-dollar house for a roughcast cottage, or his gold watch for an Ingersoll?

And another man states: "Dominion War Bonds are issued so plentifully, I don't trust them. I don't think I will buy any more." And there are lots of night schools in the community, at that. The man last quoted should have hed a steel scraper put to work on his intelligence, and when thoroughly cleaned, it should have concrete filling inserted. Perhaps, though, it would be better to discard this particular intelligence entirely, and secure a new one. A head which cannot create thought is not of much use, but a head that is unable to contain thought is as useless as a 1908 radiator.

To say that he does not trust the national bonds of his country is another way of stating that there is no proper future for Canada. It is, as a matter of fact, almost a physical impossibility for the Dominion of Canada to default openly on the principal or interest of the bonds it has issued. These bonds represent the combined values in tangible form and in intangible but none the less powerful form, existing throughout this country

Our War Loan Bonds are directly linked up with the great system of chartered banks throughout Canada, so that, diplomatic concealment or reserve set aside entirely all the money in all banks of entire Canada is a reserve which can be made available in any fancied and extreme emergency, to pay either principal or interest

But we don't need a great pile of cash to pay what is due, as and when it becomes due in connection with these securities. This war has not been Ottawa's war. When Canada entered into it, Parliament simply represented the people as a whole. It is the people as a whole who are buying War Loan in loyal and lusty fashion, and gadzooks, it is those very same people who stand behind the War Loan as the most suitable group of assests backing the security.

If the earning power of Canadians falls to zero, then our bonds become waste paper, perhaps. If our millions of acres of fertile lands become exhausted, our mines cease to give up gold, our rivers to yield fish, our great forests be denuded, and when the ordinary man refuses to work and produce, in that event the bonds might become shaky. But so long as Canada stands as a nation, and its people do their share of work in developing the great natural wealth which we have here, there can be no question as to the stability or substantiality of this bond, which, in truth, has already re-created the financial fortunes of many an individual of limited business acumen but gifted with the common desire to get all he may for his money. These bonds have taught him to put his surplus money, and a whole lot he never before looked upon as surplus, into a permanent investment. He is tickled to death at being able to step into any bank and draw his interest. He feels wealthier, and he is wealthier, than in the good old days when he bit time and time again at the red flannel bait of the promoter, and felt his purse getting lighter and lighter upon each occasion.

Before Victory Loan Bonds or any other federal War Bonds put out by the Dominion become defaulted paper, Canada as a nation will be up on the auction block for sale to the highest bidder, and if you can think of any more remote situation than that, it is more than I can do.—Toronto Saturday night.

Greater Wheat Acreage Needed

The Canadian wheat crop for 1918 has proved disappointing, despite the increased efforts to put a larger acreage into crop. This effort must be renewed for 1919. Victory is in the air. Canada must not relax in her task of furnishing supplies. It is important that the greatest possible wheat acreage be plowed this Fall. The United States crop this year was fortunately a big success. Next year it will be Canada's turn. The Allies depend upon us.

Banks Will Help Small Investors

It is announced that, in order to encourage investors to participate in the 1918 Victory Loan, the Banks will lend subscribers, on the probable certainty of repayment within a year, up to 80 per cent. of the amount of the investment in the Loan. The rate of interest charged by the banks is 5½ per cent.

This should have the effect of greatly slimulating the flow of money when the big Drive opens. Many people who were anxious to do their bit towards supporting the boys at the front were unfortunately restricted as to the amount they had available for investment, having immediate or future obligations which called for their ready capital. It is such as these that the Banks are ready to help. On reasonable security these intending investors may receive the cash from the Bank at the same rate of interest the Dominion Government pays for the entire 1918 Victory Loan. They may reduce their obligations to the Banks monthly or quarterly.

The Banks will also accept from small investors for safe keeping without charge the interim securities and later the bonds themselves up to a reasonable amount for the term of one year.

Rural School Fair Medal & Silver Cup Winners, 1918.

In order to encourage the children of Dundas County to do their best in the School Fair work, Mr. I. Hilliard, M. P. P. generously contributed a sterling silver medal to be presented to the pupil scoring the highest number of points in the School Fair work. This medal is keenly contested for and highly valued by the winner. The following pupils carried off the honors:—

Township	Winner	School Section
Williamsburg	Ella Whittaker	12
Matilda	Margaret Flaherty	10
Mountain	Nora Fawcett	18
Winchester	Rose Cross	6

A Silver Cup has been presented by the Dundas Board of Agriculture to be presented to the School Section whose pupils in the aggregate score the highest number of points. The award this year is as follows:—

Township	School Section	Teache
Matilda	10	Miss P. A. Henry
Williamsburg	12	Mr. H. Hamilton
Mountain	18	Miss L. M. Wells
Winchester	6	Miss. I. M. Hamilton

In each of the above Competitions, points were valued on the following basis:—1st prize: 10 points, 2nd.: 8 points 3rd. 6 points, 4th. 4 points, 5th. 3 points 6th. 2 points, 7th. 1 point.

Rev Fr. MacDonell Dead

Rev. John A. MacDonell died Sunday at the Hotel Dieu Hospital, Cornwall. Father MacDonell was taken ill on Sunday, October 20, at Crysler, where he has been curate for the past two years.

Father MacDonell was born at Greenfield, Glengarry county, on October 10, 1883. He was a son of Angus J. MacDonell. After receiving his early education in the schools of his native county he studied at St. Therese, Que., and Buffalo, N. Y., completing the last three years of his studies for the priesthood at the Grand Seminary, Montreal. He was ordained to the priesthood six years ago, last Christmas at St. James Cathedral, Montreal. His first pastoral duties were as curate to Rev. A. J. McMillan, Cornwall, where he remained for about three years. He afterwards assisted at the parishes of Alexandria and Greenfield for a short time, and two years ago went to Crysler.

Rev. Father MacDonell is survived by his parents, Mr. and Mrs. Angus J. MacDonell, of Greenfield, three brothers, and seven sisters.

Distribution of Seed Grain From The Dominion Experimental Farms

By instructions of the Hon. Minister of Agriculture, a free distribution of superior sorts of grain will be made during the coming winter and spring to Canadian farmers.

The samples for distribution will consist of spring wheat (about 5lb.), white oats (about 4lb.), barley (about 5lb.), and field peas (about 5lb.). These will be sent out, free, by mail, from the central Experimental farm, Ottawa, by the Dominion Cerealist, who will furnish the necessary application forms.

Only one sample can be sent to each applicant. As the supply of seed is limited, farmers are advised to apply very early.

Unable Seaman: "When I come round again the surgeon 'e says to me, 'I'm blooming sorry mate, I don't know what I was thinking about,' he says, 'but there's a sponge missin', and I believe it's inside yer'. 'What's the odds?' I says. 'Let it be'. And there it is to this day." Gullible old Gentleman: "Bless my soul!" Unable Seamen: "I don't feel no particular pain from it, but I do get most uncommonly thirsty".

OFFICIAL PROSPECTUS

The proceeds of this Loan will be used for War purposes only, and will be spent wholly in Canada

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

Victory Loan 1918

$300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1918, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1923
15 year Bonds due November 1st, 1933

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold
Denominations: $50, $100, $500 and $1,000

Issue Price: 100 and Accrued Interest

Income Return 5½% per Annum

Free from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The proceeds of the Loan will be used for war purposes only, including the purchase of grain, foodstuffs, munitions and other supplies, and will be spent wholly in Canada.

Payment to be made as follows:

10% on application; 20% January 6th, 1919;
20% December 6th, 1918; 20% February 6th, 1919;
31.16% March 6th, 1919.

The last payment of 31.16% covers 30% balance of principal and 1.16% representing accrued interest at 5½% from November 1st to due dates of the respective instalments.

A full half year's interest will be paid on May 1st, 1919, making the cost of the bonds 100 and interest.

Subscriptions may be paid in full at the time of application at 100 without interest; or on any instalment due date thereafter together with accrued interest at the rate of 5½% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The Amount of this issue is $300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of $300,000,000.

Conversion Privileges

Bonds of this issue will, in the event of future issues of like maturity, or longer, made by the Government, during the remaining period of the War, other than issues made abroad, be accepted at 100 and accrued interest, as the equivalent of cash for the purpose of subscription to such issues.

Payments

All cheques, drafts, etc., covering instalments, are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscription and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest; or on any instalment due date thereafter together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before Nov. 16th, 1918, par without interest, or 100%.
If remaining instalments paid on Dec. 6th, 1918, balance of 90% and interest, ($90.48 per $100.)
If remaining instalments paid on Jan. 6th, 1919, balance of 70% and interest, ($70.80 per $100.)
If remaining instalments paid on Feb. 6th, 1919, balance of 50% and interest, ($51.04 per $100.)
If remaining instalment paid on Mar. 6th, 1919, balance of 30% and interest, ($31.16 per $100.)

Denomination and Registration

Bearer bonds, with coupons, will be issued in denominations of $50., $100., $500., and $1,000., and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1919.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of $50., $100., $500., $1,000., 5,000., $10,000., $25,000., $50.000,, $100,000., or any multiple of $100,000.

Payment of Interest

A full half year's interest at the rate of 5½% per annum will be paid May 1st, 1919.

Form of Bond and Delivery

Subscribers must indicate on their application the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of the subscription in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.

Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds with coupons and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription Lists will close on or before November 16th, 1918

A PATRIOTIC DUTY

Almost as vital as that of protecting the honor of flag and country, is the duty of protecting and safe-guarding health. When strength is well-nigh exhausted and the resistive powers are reduced, then is the time disease germs are the most potent and when

SCOTT'S EMULSION

affords splendid and effectual means of offsetting the tendency toward weakness and protecting strength. The abundant tonic and unique nourishing properties of *Scott's Emulsion* make it a dependable agent that may be used everyday, by anyone, to protect strength.

THE BIGGEST BRITISH ARMY IS NOW UNDER THE SOD.

The following report is printed in full because it constitutes one of the finest descriptions of war and of the part played by Britain that has been published.

One of the finest speeches on the war was delivered at the convention of the Minnesota Bankers' Association in Minneapolis recently by Capt. Frank Edwards of the Royal Fusiliers.

In the course of his speech he alluded to the effect that the entry of the United States had on public opinion and expressed his fear not of the pessimist, but of the optimist, who thought it was all over but the shouting. "There are many days of great slaughter before the day of great shouting, and tens of thousands, perhaps hundreds of thousands of gallant men must go down, down to the Valley of th Shadow ere the day of victory dawns. It is a blood-red pathway that leads to the final triumph", declared Capt. Edwards.

He declaimed also against the man who said he did not care how long this war lasted.

"Oh, men and women it does matter how long this war lasts, and it is the bounden duty of every man here to do his utmost, as a patriot, not only to gain the ultimate victory, which I believe today is inevitable, but to gain that victory at the earliest possible hour.

"During the Cambrai fight I came to England three times in ten days, and once I had to take back 2,000 men to stop the breach. I marched those 2,000 men through one of our southern ports on a Sunday morning. The people were standing along the streets, there were thousands there, but I marched silent men through silent streets, the streets were as silent as you are this morning. There were 2,000 men going over, but they knew they were going to die. Men marching in silence, through spectators in silence, men going to die—we drank the cup of bitterness to the dregs. There is no glamor, no halo, no romance about war for England to-day.

"You know I never sit down to a meal in your country—this is literally true—I never sit down to a meal in your country without a feeling of sadness. Oh, the plenty of the boards pains me when I remember England. I have found on my plate on several occasions more meat for one meal than my wife and three little children at home in England can possibly hope to eat in a whole week. You don't know war yet, America.

"A man asked me the other day, there were a large number of bankers gathered together; 'Have you ever seen so many bankers together before in one room—gentlemen, I have seen many more bankers than this, assembled together. British bankers. Where? I will tell you—on the fields of France, marching into action. . . . I have seen a battalion of a thousand men marching into action to fight and to die, and every man a banker.

"I am not here to glorify war. God forbid: no man in this room longs for peace as I do. I have had four years of this war and that means I have been away from home for four years, and cut off from the life of my home and my little children for four years in the happiest and loveliest years of their lives. I have a little boy at home, four years old, and that little chap has never known peace; he has never known peace in his mother's heart, he has never seen peace in his mother's face. He said the other day, 'Mother, what is peace? A child question, what is peace? His mother tried to tell him in baby language. 'Mother' he said, 'does peace men that daddy will come home?' 'Yes dear', she said. 'Then mother', he said, 'why can't we have peace now?" I tell you there are tens of thousands, hundreds of thousands, millions of men in the line who long for peace now just as that little lad did; but much as I long for peace, there is a price I cannot pay for it Much as I long for peace, I cannot purchase it, nor consent to purchase it, by the betrayal of all that I hold true and right and sacred and good.

"I know that there still is, especially among your young people, something for you about war, something of glamor' something of halo, something of romance and of adventure. Ah, but in England for us that has passed, never to return; we have drunk of the cup of bitterness to the dregs.

"You don't know what it has cost us in man power. A man said to me the other day in America, "You know since we have come into this war we are going to show the world what we can do, and this American nation is going to startle the world in this war? If needs be we are going to put into the fields of France five millions of men. Five million men. You know I could not help looking him in the eyes and asking him if he had forgotten what a colossal campaign this is and whether it was not too late to expect to stagger the world by putting five millon men in the field to-day. I said: 'Look here, my friend, you know that in the first two years of war England by voluntary enlistment without conscription of any kind, had brought five million men to the colors, and at the end of 1916 we had placed in the field in France—in the field an army of six million men.' And I said, 'you understand what that means to England? Six million men out of a population of forty-two millions, that is one man in seven of the whole of our population, old people, women and children.'

"A man said the other day: What is your biggest army, where is the biggest British army? I said: 'Don't you know?' He said: No, I do not.' I said: 'The biggest British army is under the sod. That is where the biggest British army is. In the first few months of the war—these figures are quite authentic, I verified them—in the first few months of the war we lost 550,000 men. We lost 78 per cent. of our entire fighting land forces in the first few months of the war. In the great retreat one division went into action 12,000 strong and 2,000 came out. Out of 4,000 officers in one engagement, 50 returned. You talk about the Somme fight, do you know what it cost us? 25,000 officers, half million men.'

"Keep the home fires burning, but remember it is only possible for you to do so in the shelter and the sacrifice of your lads in the line. . . . Pitiful little fires in the trenches, just a bucket with wood or charcoal. . . . I looked again and said; 'No they are the grandest fires in the world, because they are the advance guard of the fires of freedom the wide world over.

"But, oh, how much has it cost France that line of 400 miles long?"

It is difficult to refrain from quoting at length. He tells stories of Zeppelin raids and what they meant to his own family. Of France and her sufferings and sacrifices; 100,000 French unburied near Souchez in the Summer 1916—all buried now. Of the lack of shells in the early days, and what the women have done in England. Of French billeting at 5c per man, per night, straw included, as contrasted with profiteering here, and all in simple language—the language of the eye-witness who is telling facts in a plain sort of way, but which really constitutes a great prose epic. In the Winter of 1915-16 he took 250 men into the line and came out with 60 staggering couples.

One fine extract which speaks for itself, "I know a man can make profits at this period as honestly as he can at any period of the world's history. But there is one strange and sad quality attached to all the profits you make to-day, and this is it. And your profits made to-day are blood bought. This is the message that I leave with you from the line—all your profits are blood bought. They are bought with the blood of lives Is it right that one man should give his son to die that another man should selfishly grow rich in the shelter of the first man's sacrifice? Is it right America? . . . Put your patriotism before your profits, play the game."

Sister of Hon. C. C. Ballantyne, Dead.

Miss Elizabeth Gordon Watt Ballantyne sister of the Hon. C. C. Ballantyne, Minister of Marine, and Mr. Jas. Ballantyne, mayor of Montreal West, died suddenly of cerebral hemorrhage, at her residence, 123 Ballantyne Ave., Montreal West, Sunday. She had not been in the best of health for some time but her end was unexpected.

Miss Ballantyne was born in the Parish of Evie, Orkney Islands, Scotland 67 years ago, and was brought to Montreal at an early age by her parents, the late Mr. and Mrs. John Ballantyne. She was a school teacher under the Protestant Board of Montreal for 30 years, and took a special interest in the moral welfare of young people all her life. Even up to within the last week or two she had a class of 50 boys and girls in the Sunday School of Montreal West Presbyterian Church, with which church she had been associated since its founding 25 years ago. Her father's name is the first on the roll of the church. She was actively interested in educational affairs in the community, and was a keen worker for the Red Cross up to the last. She resided with a sister, Miss Margaret Ballantyne, in the old family residence at 123 Ballantyne avenue.

Six brothers and a sister survive Miss Ballantyne. They are: Hon. C. C Ballantyne, Montreal: Mr. James Ballantyne, Montreal West; Rev. R. L. Ballantyne, minister of Maisonneuve Presbyterian Church; Mr. William Ballantyne, Montreal; Mr. George Ballantyne, New York; Mr. Hector Ballantyne, Burlington, Iowa, and Miss Margaret Ballantyne, Montreal West.

United Farmers' Proposed Platform.

Toronto, Oct. 28. Absolute freedom of discussion; no-change in Canada's relations to the United Kingdom until after full discussion by the Canadian people; repeal of the War Times Election Act; permanent Dominion wide prohibition of the manufacture, importation and sale of liquor; nationalization of railways, telegraphs, telephones and similiar public utilities; natural resources to be leased for short terms by public auction.

These were the main planks in the proposed platform of the United Farmers of Ontario, tentatively agreed upon at a meeting of executive officers held at the headquarters of the organization in this city today

Planks previously adopted by the Canadian Council of Agriculture were reaffirmed, including sweeping reductions in customs, taxation, and the substitution of a direct tax on unimproved land values a sharply graduated inheritance tax on large estates, and a graduated income tax on the profits of corporations, with a special squeeze on watered stocks.

All these matters will, however, come up for review at the annual convention to be held in December, before final adoption.

Sergt. Hunter, a returned soldier, addressed the meeting, and asked the assistance of the United Farmers in national committee, composed of representatives of employers, labor unions, and the organized farmers, for the purpose of aiding in restoring returned soldiers to civil life, and in setting future disputes as to wages and terms of employment.

Tit for Tat

Mac and Donald were having a great 18-hole golf match. They both drove off in great style, but when it came to the playing of the next stroke Donald was unable to find his ball. Now a lost ball meant a lost hole, and Mac came over to Donald and joined in the search. After a quarter of an hour had been wasted, Mac suggested that they should give it up, to which Donald, who did not intend to throw away a hole if he could help it, would not agree. A few seconds later, however, having secured another ball, he called out: "It's a richt, Mac! Here it is!" "Donald, ye're no' speaking the truth!" retorted Mac. I'm no' leein', McTavish; see here for yersel'!" "Donald," said Mac reprovingly, "I ken fine ye're leein' I've had yer ball in my pocket for 15 minutes!"

A Bright Young Life Passed Away

Shocked beyond measure were the relatives, friends and community on Saturday, October 19th to hear of the death of Ellis Kinniard of Brinston, whose death occurred at Dundela. He was the second son of Mr. and Mrs. George Kinniard of Connaught. The deceased was a very bright young boy just budding into manhood being in his twenty-first year. All that medical skill could do proved of no avail to check the terrible disease, pneumonia and he passed peacefully away into the life beyond after an illness of eight days. He leaves to mourn his loss besides his father and mother, four brothers and one sister—Stephen of Belmeade, Ont., Frank of Hargrave, Man., Thomas, Willis and Alice at home. His remains was brought to Morewood on the following Sunday afternoon.

The golden gates were open,
A gentle voice said, "Come"
And with farewells unspoken,
He calmly entered home

NOTICE

Military Service Act, 1917.

EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"**106.** Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."

"**106A.** Every person who HARBOURS OR CONCEALS OR IN ANY WAY ASSISTS ANY MAN WHO IS A DESERTER OR ABSENT WITHOUT LEAVE FROM THE CANADIAN EXPEDITIONARY FORCE, or who is in default in the performance of any obligation or requirement for reporting or for military service imposed upon him by the Act or Regulations or any proclamation thereunder, shall be guilty of an offence punishable upon summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he was not aware and had no reasonable ground to suspect that the man so harboured, concealed, or assisted was a deserter or absent from the forces without leave or in default in respect of any of the obligations or requirements aforesaid."

UNITE TO HELP

VICTORY LOAN

BY

WAR MEMORIAL

ONE MILLION SCHOLARS! ONE MILLION DOLLARS!

A million Sunday School scholars and members of Young People's Associations of the Anglican, Presbyterian, Baptist, Methodist and Congregational Churches are co-operating on a plan which has the three-fold purpose of helping to boost the Victory Loan Over the Top; assisting the Churches to extend their mission work and commemorating the heroism of church members who have fallen at the Front.

"Every School at least one bond" is the cry that will help to carry the 1918 Victory Loan to Sunday Schools' million dollar objective. Above is a reproduction of the shield to be presented to each Sunday School subscribing a bond.

Letter of Condolence

Howard Forbes, Esq.,
Chesterville, Ont.
Dear Bro. Forbes:—

We, the members of Chesterville Lodge, No. 288, I.O.O.F., desire to express to you our sincerest sympathy in the sad loss you have recently sustained by the death of your wife. We feel our utter helplessness to offer any adequate words of comfort at this time, and can only express the hope that He in whose supreme power and goodness all Oddfellows believe, will comfort and sustain you in your trial, and in His own good times reveal the silver lining of the cloud that now appears so dark.

Yours in F. L. and T.

Herman Hummel, Esq.
Chesterville, Ont.
Dear Bro. Hummel;—

We, the members of Chesterville Lodge, No. 288, I.O.O.F., desire to express to you our sincerest sympathy in the loss of your son Clifford, who gave his life on the battlefield in defence of liberty.

We know that any words of comfort we may utter can do little to lessen your burden of grief, but we can and do commend you to the comforting assurance of Him who taught us that "Greater love hath no man than this, that a man lay down his life for his friends."

Yours in F. L. and T.

"A Mechanic Named Murphy"

—It is dangerous to "rouse the Irish" in an Irishman who goes to fight the Hun. A war correspondent tells of a "mechanic named Murphy," who was mending a tank near the fighting line when a German machine gun began shooting at him and peppered the iron monster under his hands. Murphy resented this, and although he was alone and a tank is supposed to need at least two men to work it. Murphy climbed in and started the engine, headed the thing straight toward that machine gun, and when he got near enough jumped from the chauffeur's seat to the gunner's perch, leaving the tank to guide itself, and turned his gun on the rashly offensive Boche until the enemy was annihilated. Then he hopped back and became chauffeur again.

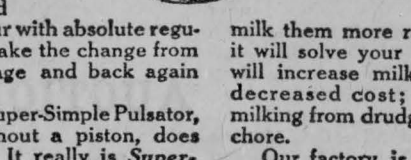
Another Battle Won for Dairymen

FOR months we have been experimenting—investigating—testing—fighting, to find a way to make the Empire Milking Machine, already the unquestioned leader, still more efficient for the dairy farmer.

THE BATTLE IS WON.

We have given the milking machine a new heart—the pulsator is the heart of the milking machine—and the result of our experiment, the new Empire Super-Simple Pulsator, is the most wonderful development since the invention of the Empire—the competent milking machine.



To be successful a milking machine *must* have a perfectly acting pulsator to cause the alternating action of suction and massage on the teats (to imitate the calf's "suck and squeeze") to occur with absolute regularity; and to make the change from suction to massage and back again instantaneous.

The Empire Super-Simple Pulsator, the pulsator without a piston, does that and more. It really is *Super-Simple*—so simple that it can be taken apart and put together again in less than two minutes. *It has but five moving parts; nothing to wear out or "get out of gear." It cannot lose vacuum, so its action is perfect.*

It places the Empire Milking Machine immeasurably in advance of all competition. Your cows should be milked by an Empire Milking Machine with the new Super-Simple Pulsator. It will milk them more rapidly than ever—it will solve your labor problem—it will increase milk production at a decreased cost; it will transform milking from drudgery into a pleasant chore.

Our factory is overtaxed by the increased demand for Empire Milking Machines, so go to your dealer at once, see the new Super-Simple Pulsator and tell him to order your Empire outfit without delay; or write for Catalog.

JAMES CURRIE, Auct.

Mrs. Adam Markle, Williamsburg.

On Wednesday, Oct. 30th, the death occurred at Williamsburg of Mrs. Adam Markle after a short illness of the influenza followed by pneumonia, at the early age of twenty-three years. Besides the husband three young children are left to mourn the death of their mother, being Bruce 5, Audrey 3 and Freddie 2 years. Two sisters and one boother also mourn the deceased, Mrs. Ford Harper of Chesterville, Mrs. Minnie Barrett of Massena and the brother on active service in France.

Myles Loughridge, Morewood

Robert Myles Loughridge, one of the most promising young men of Morewood, son of James Harvey Loughridge and Agnes Marsclis passed away very suddenly on October 26th, and a few hours later was laid to rest in the Methodist Cemetery, south of the village. Myles was born at Morewood on the 27th day of January, 1892, his illness lasting only a few days. He was one of the many victims of that dread disease, Spanish influenza. On May 24th, 1915, he was united in marriage to Mabel Steinburg of Winchester. She and their little son, Myles Alton are left to mourn their loss. His father, four brothers, Walter, Bradford, Iden and Lyle of Morewood and six sisters—Mrs. Mary Ernest, Oregon; Mrs. Bruce McIntosh, Dundela; Mrs. Jno. Summers, Winchester; Mrs. P. C. Wilson, Ottawa; Mrs. Keith Carruthers, North Winchester and Miss Nellie at home still survive. Myles Loughridge was genial in his disposition exemplary and industrious in his habits, obliging as a neighbor, dutiful as a son, devoted as a husband. He has gone early but did not live in vain. He lived in deeds, not in words.

Like a Trip Home

Mr. F. L. Pelletier in writing to The Record from Detroit, says "It sure is a great pleasure to receive The Record, and believe me I drop everything I am at and read the paper through as it always seems like a trip home to me.

I expected to be home long ago, but as I had to register in the September call I could not leave here till examination was over, and just as I thought everything was all set to go home I met with an accident which required an immediate operation, which I had successfully performed on the 8th of October, and am getting along as fast as can be expected. So I expect I will be home in course of a couple of weeks if nothing prevents me.

The weather conditions here are very changeable and I expect our winter will set in any time now, as it is turning quite cold, especially in the evenings. Our city is practically dead on account of so many places closed, including churches, but as the "flu" has been mastered it will not be long till the lid will be off. It has been some great blessing for this city, in a thous and ways that are plain to be seen, since the first of May and I hardly believe this city will ever be wet again. Our elections are very warm at present and it hardly looks as though Henry Ford will be elected for the Senate, as there are a lot of items being printed which I am sure will be a worse knock to Ford than all the grand jury trial had to do against Newberry. I believe that Newberry is backed by the capitalists and as he has been in U. S. service and has two sons in service, that his election seems a real cinch. I don't know whether this will interest you, but as so many people from home seem quite interested in Detriot, I thought perhaps you would like to hear how things are moving in the greatest city in the world, as I term it and I don't think I am wrong. When I was home last year I had the satisfaction of having the laugh on Ed. Flynn and a few more about my predictions of this state going dry and Detroit helping to make it dry. Well I suppose I am taking up too much of your time with uninteresting things. So I will apologize and with you, wish the Allies success, as their success is ours".

The prim and proper young woman sailed into "Makem and Wearem's." "Will you kindly show me," she requested, "the thinnest thing you have in a blouse?" "I'm sorry, madam," answered the assistant, who was leaving at the end of the week, "but she's just gone out to lunch!"

A Chesterville Boy There

At Mudros on the Island of Lemnos in the Aegean Sea, where the armistic between the Allies and Turkey was signed a Chesterville boy is doing his bit. In the middle of the summer Aviator "Robbie" Morrison of the Royal Naval Air service, cabled his mother Mrs. A. S. Morrison from England that he was then leaving for the place which will now go down in history as marking the passing of the Turks in the great war.

Suit Made For Man of 425 lbs.

What is undoubtedly one of the largest suits of clothes for which a tailor in this country has taken an order is now on view and attracting much attention in the window of J. Wichefsky's store in the Balmoral Hotel blk. The suit belongs to Mr. J. H. Brown, of Mattawa, who weighs 425 pounds, has a chest measurement of 66 inches, waist of 63 inches, seat of 78 inches, and measures 27½ inches around the knee. The measure for the suit was taken by Mr. Wichefsky.—Sudbury Star.

"Waiter," he called sniffing the air suspiciously' "never mind that order now; I can never eat when there's a smell of fresh paint around". "If you'll just wait a few minutes, sir", replied the waiter "them two young ladies will be going",

Patrick Lapalme, Crysler

It is with the deepest regret that the news of Pat Lapalme's death from pneumonia following influenza on Tuesday morning, Oct. 22nd became known. Pat was a fine promising young man just past his 25th birthday, the eldest son of Mr. and Mrs. Theophile Lapalme of Cannamore, but his father now resides in Waddington, N. Y. His mother died when he was a mere boy. Casting himself in the ways of the world, he made many friends where ever he went and his sudden death was a great shock to them. Little alarm was felt of his sickness until pneumonia set in. He bore his sufferings without complaint and every thing was done that could be of any benefit but without avail. His funeral took place on Thursday morning to St. Mary's Church, Crysler, where mass was sung by Rev. M. J. Leahy after which his remains was placed in the tomb. He leaves to mourn his loss his father and step-mother, four sisters, one brother and two half brothers; Mrs. Joseph Masse of Cannamore, Mrs. Joseph Meileur of Berwick, Miss Margaret of Dunbar, Miss Mary at Waddington and Pte. Napoleon overseas John and Albert of Waddington. The sympathy of the community is exteuded to the bereaved ones.

The Bridge to the British Market

The Victory Loan is a bridge over which the farmers of Canada drive their hogs, their cattle, their grain and all their surplus crops to the profitable British market.

For, the money raised by the Victory Loan enables Canada to give credit to Great Britain. And only by means of that credit can Great Britain buy the products of Canada's farms.

Therefore, when you come forward at your country's call and loyally lend your money that Canada may continue her vigorous prosecution of the war, you are also benefitting yourself and the whole farming community.

It is the duty of every earnest Canadian not only to invest heavily in Victory Bonds 1918, but to work among his neighbors to make the loan a success.

Before the subscription lists close, every man should realize the sterling character of the investment; the good interest return of 5½%; the undoubted security offered in the Bonds of this wealthy nation; and the vital importance to all classes of people, particularly to the farmers, of the Victory Loan 1918.

113

Billy Sunday on Victory Loan.

Canada's Victory war chest needs filling again. We have the cash to fill it as many times as the lid is lifted.

There are only two horns to this dilemma—you are either a patriot or a traitor.

The men on the firing line and on the battleships have turned from business, home, mother, wife, children, and they stand ready to give their lives and shield with their bodies us who remain at home.

We are unworthy to be thus protected if we do not do our utmost to sustain them.

We must be one in our determination to win this war. We are traitors to the cause for which they are giving their lives if we do things here that make their efforts harder.

Life is not worth living unless there is something to live for. Life would not be worth living if that bunch of Heinies should win. That is why they cannot win. That is why we cannot lose What a mountain of crime God has on his books against that horde of Hellish Huns. What grave is deep enough for this thousand armed, thousand-footed, thousand-headed, thousand horned thousand-fanged pirate of the air, despoiler of the earth and ambassador of Hell. The army and navy will dig the grave but we must furnish the spade.

Our boys will soon hang crape on the door of the Potsdam palace and the bands will play "The Maple Leaf Forever" along the Rhine. Canada is the cactus in the Kaiser's pillow.

Our boys have gone over to clean up on that fool bunch of Huns and it is up to us to supply them with whatever they need to finish the job. It takes money to keep the riveters riveting, the sawyers sawing, the machine guns spitting bullets and the grub wagon always on hand with the eats. There is nothing to good for our brave defenders.

Our vocabulary contains no words adequate to express our approval of the achievements of our armies since we threw our hat in the ring. We are rich on top of the ground; we are rich under the ground, and our rivers creep like silver serpents to the seas, bearing our products.

The children of England, France, Italy and Belgium are laughing once more because they are being fed from Canada's bakeshop. We are in this scrap to the last dollar, the last grain of wheat, the last day.

We will never stop until Germany dips her blood-stained rag to the Union Jack.

It is a whale of a job we tackled but we can and must put it over. But you must help.

Don't whine. Don't knock. You can't saw wood with a hammer. Don't turn the hose on the fire; add fuel.

SPANISH INFLUENZA RAGES IN CANADA

Thousands of Cases Reported With Many Deaths.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Gives the Power To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported; Surgeon-General Blue of the United States Public Health Service having stated that "Spanish Influenza will probably spread all over the country in six weeks".

Practically every ship which touches our shores from abroad, brings those infected with the disease.

Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by care and personal hygiene". Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry, especially those who are "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

What everyone needs now is a general tonic like "Fruit-a-tives". This wonderful fruit medicine is not a germ-killer. It is a body-builder; a strength-maker; a blood-purifier; a power in protecting against the ravages of disease.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and purifies and enriches the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound digestion, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, 6 for $2.50, trial size 25c or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

Embargo on Seed Corn Removed.

The embargo placed on the exportation of seed corn from the counties of Kent, Essex and Elgin was lifted last week according to corn specialist R. L. Fancher who does not anticipate a shortage of seed corn, but growers are being urged to save every available ear to aid in meeting the situation in other districts. From reports coming in from the district round about Chesterville the corn grown this year has proved a dismal failure in so far as providing nourishment for the stock is concerned. Whether that was caused by the heavy early frosts and the almost incessant rains, or whether the seed used last spring was unsuited for the best results here we cannot say, but farmers claim the flow of milk cannot be kept up to what it should be at this time by the feeding of the corn harvested.

Mrs. Binks: "This paper tells of a man who lives on onions alone"

Mrs. Jinks (whose husband eats them) "Well, anyone who lives on onions ought to live alone."

Winchester Township Council

Pursuant to adjournment the Winchester Township Council met at Morewood on Monday, Nov. 5th. members all being present except the Reeve.

On motion of J. H. Cumming seconded by Wm Hamilton the Deputy Reeve was appointed chairman. The minutes of the previous meeting were adopted. Moved by Ed. Gillard seconded by J. H. Cumming—that By-law No. 289 for the appointment of Township Officers be amended by substituting the names of J. O. Corner and O. C. MacDonald instead of J. G. Craig and W. B. Sloan and that a By-law be prepared accordingly.

Owing to the meeting of County Council being called for Monday Dec. 2nd, the next meeting of the Township Council will be held on Saturday, Nov. 30th at Winchester.

Geo. Elliot, Clerk.

Predicts Cold Winter without Much Snow.

Last bulletin gave forecasts of disturbances to cross continent Nov. 8 to 12, warm wave 7 to 11, cool wave 10 to 14. Not much rain; warmer than usual; moderate storms.

Next warm wave will reach Vancouver about Nov. 13, and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of Nov. 14, plains sections 15, meridian 90, great lakes and Ohio-Tennessee valleys 16, eastern sections 17, reaching vicinity of Newfoundland about Nov. 18. Storm wave will follow about one day behind warm wave, cool wave about one day behind storm wave.

This will be a radically severe storm, causing more than usual precipitation and followed by a cold wave and frost going arther south than usual. It is sometimes difficult to determine whether a great storm period will spend most of its force in producing rain, or heat, or destructive land storms, or hurricanes, or severe cold waves, but usually one of these weather events is developed to a greater extent than others. This great storm period will at least develop extremes in some of these features.

I am expecting a hard winter for live stock and winter grain; not much snow but very cold. This will require more feed than usual for live stock and a shortage on 1919 winter grain.

A Paper Umbrella

They tell us that owing to the scarcity of wool and cotton in Germany many of the Huns are now wearing clothes made of paper.

Just how this is hitting the Kaiser personally we do not know beyond this, that already his Imperial robes are so tattered and torn that to the rag-bag they must go—they're not even good enough for a make-over for the smallest of his six "safety-first" sons.

As to the wearing quality of these paper clothes, there seems to be a difference of opinion. Some say "they're no good, too harsh, liable to 'bust,' etc.", whilst others say "they're fine," the paper being scientifically prepared.

Be this as it may, we know for a fact that for umbrella's there's nothing better than paper, provided, of course, it is paper of the right sort—say bond paper, especially Victory Bond Paper.

We hear about "saving up for a rainy day". We will all have our rain days in life's journey; it may be rainy days of sickness, rainy days of out-of-work, or rainy days of old age. Whichever rain blows, there's no protection better than a Victory Bond to cover us.

Unlike the usual everyday variety of umbrella that someone must have borrowed (or stolen,) or perchance that we left when shopping or visiting, which by some fatality or other, always seems to be at the other end of the line when most wanted, your Victory Bond protection is always at hand.

It is better than cash in the pocket, as it is less liable to be frittered away on trifles, and if you ever really do need the cash, any reliable broker or banker will sell it for you at full value any day in the week—Sunday excepted.

When your rainy day comes—sheltered under a Victory Loan 5½% Bond, you'll "be bone-dry", even if others around you are "wet through to the skin".

Two Operators Called

Carleton Place, C. C.—Two exceptionally sad cases have come to the knowledge of the C. C. arising from the epidemic. Of course there are thousands—said to be as many lost to Canada through this malady alone as have been lost to us throughout the war. Mr. Pierce, the operator at Franktown, heard the Renfrew operator calling for relief, stating that he could stay at his key no longer. The next morning the sick man of Renfrew was no more, and only a few days later Mr Pierce himself contracted the disease and became numbered among the slain In Eganville there was a family of six. The father was a merchant and was about to retire to Easy Street. A daughter teaching in Quebec died of the plague and the body was taken home for burial. In one day two of the other girls died, and a son fell. The entire family of four. Their ages from twenty to thirty, were carried off by the dread disease and the father and mother were again childless.

William Dobie Feely, Cannamore

On Saturday, Oct. 26th at 7 o'clock p. m. the community was shocked to learn of the death of William D. Feely at his home here. He had just returned from a business trip to Saskatoon on the 17th and was taken ill that evening with influenza. For a few days he seemed to be doing fairly well but pnenmonia set in and all that medical skill and kind nursing could do seemed of no avail and although quite rational up to Saturday he passed peacefully away at 7 p. m. The deceased was the youngest son of Mr. and Mrs. Alex Feely and was born here on the 8th day of June, 1885, receiving his education at the Cannamore Public School. In August 1901 he left for the west and after remaining a few months in Dakato went to Saskatoon where he homesteaded and made his home until about eighteen months ago when he rented his western lands and came east purchasing a home here where he purposed to live for a time and educate his family. On Feb. 9th, 1910 he was united in marriage to Ethel Gertrude youngest daughter of Mr. and Mrs. Jordan Shaver of Morewood, who with four children are left to mourn the loss of a kind husband and a loving and affectionate father, besides his family and father and mother he leaves four brothers and two sisters to mourn, viz;—Robert and David Feely of Grandora, Sask., Allan and Thos. of Cannamore, Jessie, wife of Duncan McEwan of Macworthe, Sask., and Nellie, wife of Hudson Reveller. The funeral was private and took place Sunday morning the 27th interment being made in the Morewood Presbyterian Cemetery. Rev. K. A. Gollan being in attendance conducted a short burial service. The sympathy of the community goes out to the grief stricken families.

No more for him the blazing hearth shall burn,
Nor noisy housewife ply her evening care
Or children run to climb their Sire's knee,
The envied place and kiss to share.

"I don't know where I'm going to sleep."
"Neither do I".
"But you have a flat".
"Yes; but it's on one of those streets where the automobiles don't quit until its time for the milkmen to start".

Short Notice

A certain Irish sergeant in one of the home regiments of Great Britain was exceedingly wroth when he discovered that one of his men had paid a visit to the regimental barber and was minus his moustache. He immediately went up to him. "Private Jones", he roared, "who on earth gave yez permission to get that moustache off. "Nobody", answered Jones, unconcernedly, "only I thought it would improve my appearance." "Improve your appearance wid a face like yours", bawled the enraged sergeant. "If yez don't hiv it on again at the afternoon parade to-day there'll be trouble!"

Signing of Armistice Will Permit Release of Men in Canada.

Ottawa, Nov. 10.—Conclusion of an armistice between the allies and Germany would quickly turn the attention of officials who have been engaged for four years in the raising, equipping and despatch of troops to the battle-front to the task of demobilization and its attendant problems.

Such are the terms drawn by the Allied War Council and presented by Marshall Foch to the German delegates, it has been stated, that their acceptance would make impossible the resumption of hostilities by Germany. Hence, Canada would likely be able without delay to take the initial steps in her return to a peace footing.

The first phases of the gradual process of demobilization will doubtless take place in Canada. At the outset of operations under the Military Service Act, by which the Dominion has for a year raised recruits for the army, would be stopped. Calls to men liable for military service to report to the depot units were recently suspended, chiefly because of the influenza epidemic. Such calls would be entirely discontinued as a result of the signing of the armistice. The special police, organized for the enforcement of regulations under the Act, would be disbanded. At the same time, there is some quarters a tendency to insist that the men who have failed to comply with the requirements of the Act, who have not come forward for service in the military forces of their country in its time of need and have so become classed as deserters or defaulters, should not escape punishment mereley because peace has been restored Disfranchisement and virtual outlawry for a period of years is the penalty which some officers propose for such men. It will, however, be the duty of the Government to decide whether or not so severe a punishment should be inflicted. Stoppage of work under the Military Service Act will be followed by the demobilization as rapidly as is practicable of the troops doing duty in Canada and its mobilization depots where reinforcing drafts have been prepared for despatch overseas. The very considerable number of men released from mliitary service on farm furloughs would be notified of the termination of their furloughs and ordered to report for discharge from the army.

The transportation of men now overseas back to Canada and their return to civil life will be carried out on a plan which has been prepared by the military authorities. The time which will be occupied in this homeward movement of our soldiers has been variously estimated at from six months to a year. The period will of course largely depend upon the extent to which shipping is available. Canada has an army corps composed of four divisions and corps troops, a cavalry brigade, line of communication and auxiliary troops, including railway construction and forestry units and an advanced reinforcing base in France. The total of soldiers in France early in the present year was almost 150,000. In England the Dominion has a large number of troops comprised in base battalions in the various training camps, medical services, forestry and other units. Withdrawal of troops from the western front could not, of course, begin immediately after the signing of an armistice. The first action taken there would likely be the movement forward of the allied armies to new positions on the German frontier. Later it is possible a force might be established to ensure the performance of the terms imposed upon Germany. Canadians might be given an opportunity by voluntary enlistment, to contribute a quota to this force. Repatriation of Canada's soldiers might, therefore, possibly commence with the movement of men now in England. There is also a suggestion that men formerly engaged in pivotal industries, and urgently needed for the resumption of peace activities at home, such as railwaymen, of whom some 15,000 joined the overseas forces; farmers seamen for the mercantile marine, etc., might be given some priority in the demobilization. General demobilization will bring to the staffs at militia headquarters in Ottawa and at the various district headquarters in the Dominion, a press of business comparable to that which the recruiting and equipping of the expeditionary force caused in the early stages of the war. As it progresses it will impose heavier burdens upon and provide new problems for the Department of Soldiers' Land Settlement Board and other agencies created to care for the repatriated troops and to facilitate their reobsarption into civilian occupations.

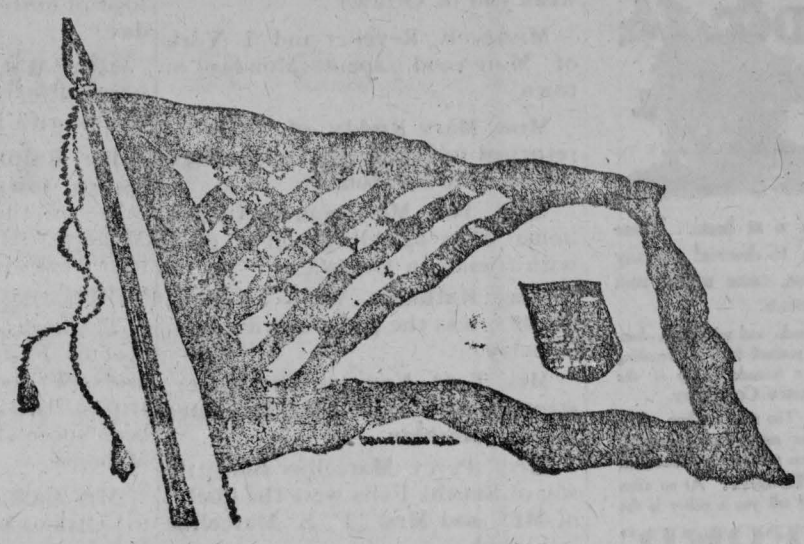
Mrs. Kawler—But how do you know what kind of people the Newcombs are if you hsve never met them?

Mrs. Flatt—I have heard their phonograph selections.

Tramp—Kind lady, would yer please give a poor man a bit to eat?

She lady—What! You here again? I will call my husband immediately.

Tramp—Excuse me, lady, but I ain't no cannibal. I bid yer good-day.



How Many Crowns for Your Honor Flag?

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well—

That it was a real factor in the huge success of CANADA'S VICTORY LOAN 1918.

Last evening at the regular meeting of the Women's Institute the members took the opportunity of honoring one of their number, who is about to leave Chesterville, when they presented Mrs. A. S. Morrison with a handsome brooch. Mrs. Morrison has been a very active member of the W. I. and it is with much regret that the members learned of her intending departure.

From Monday of this week the McCloskey House has been closed to the travelling public, for the first time in over thirty years continuous operation by Mr. Frank McCloskey. During that time it has enjoyed a reputation second to none in Eastern Ontario among the travelling public. Owing to scarcity of help and the fuel problem Mr. and Mrs. McCloskey decided to spend the winter in California, intending to leave about the last of the month.

Dr. T. A. Balfe one of Hamilton's most prominent physicians passed away last week and was laid to rest on Thursday morning in Holy Sepelchre cemetry, after illness of two weeks of influenza contracted when in a worn out condition after very strenous work among his patients during the epidemic. His wife and five children are left to mourn, of whom the eldest son is a medical student at the University of Toronto. Mrs. Willie Devaney of Berwick is sister of the deceased.

The lesson that it has taken the Allies four years to teach Germany, that "might is not right" has evidently been lost on some of those celebrating the great victory. A little girl reports that her flag was snatched from her hands by a man during the afternoon and thrown away, After night fall numerous flags were stolen and torn from where they had been placed by their owners. The only people who do not honour the British flag are supposed to be hurrying to cross to the right side of the Rhine.
