Township sends out BRAND news

WILLIAMSBURG – The South Dundas Fibre/Wireless system expansion is still on line but the connection is slow.

The Township of South Dundas sent out the following news release Monday to update progress on the fibre/wireless BRAND project.

The township and W3 Connex Inc. have completed negotiations with Industry Canada for the BRAND contribution agreement. It is now before Industry Canada's internal review board for review in early November 2004.

Once the proposal and contribution agreement have been reviewed and accepted by the board, Industry Canada will formulate the final contribution agreement to be signed by all parties.

The BRAND project will provide wireless, high-speed telecommunications services to rural South Dundas not currently serviced by high-speed telecommunications.

W3 Connex of Mississauga, Ontario shall be doing the construction of the new system and will be purchasing

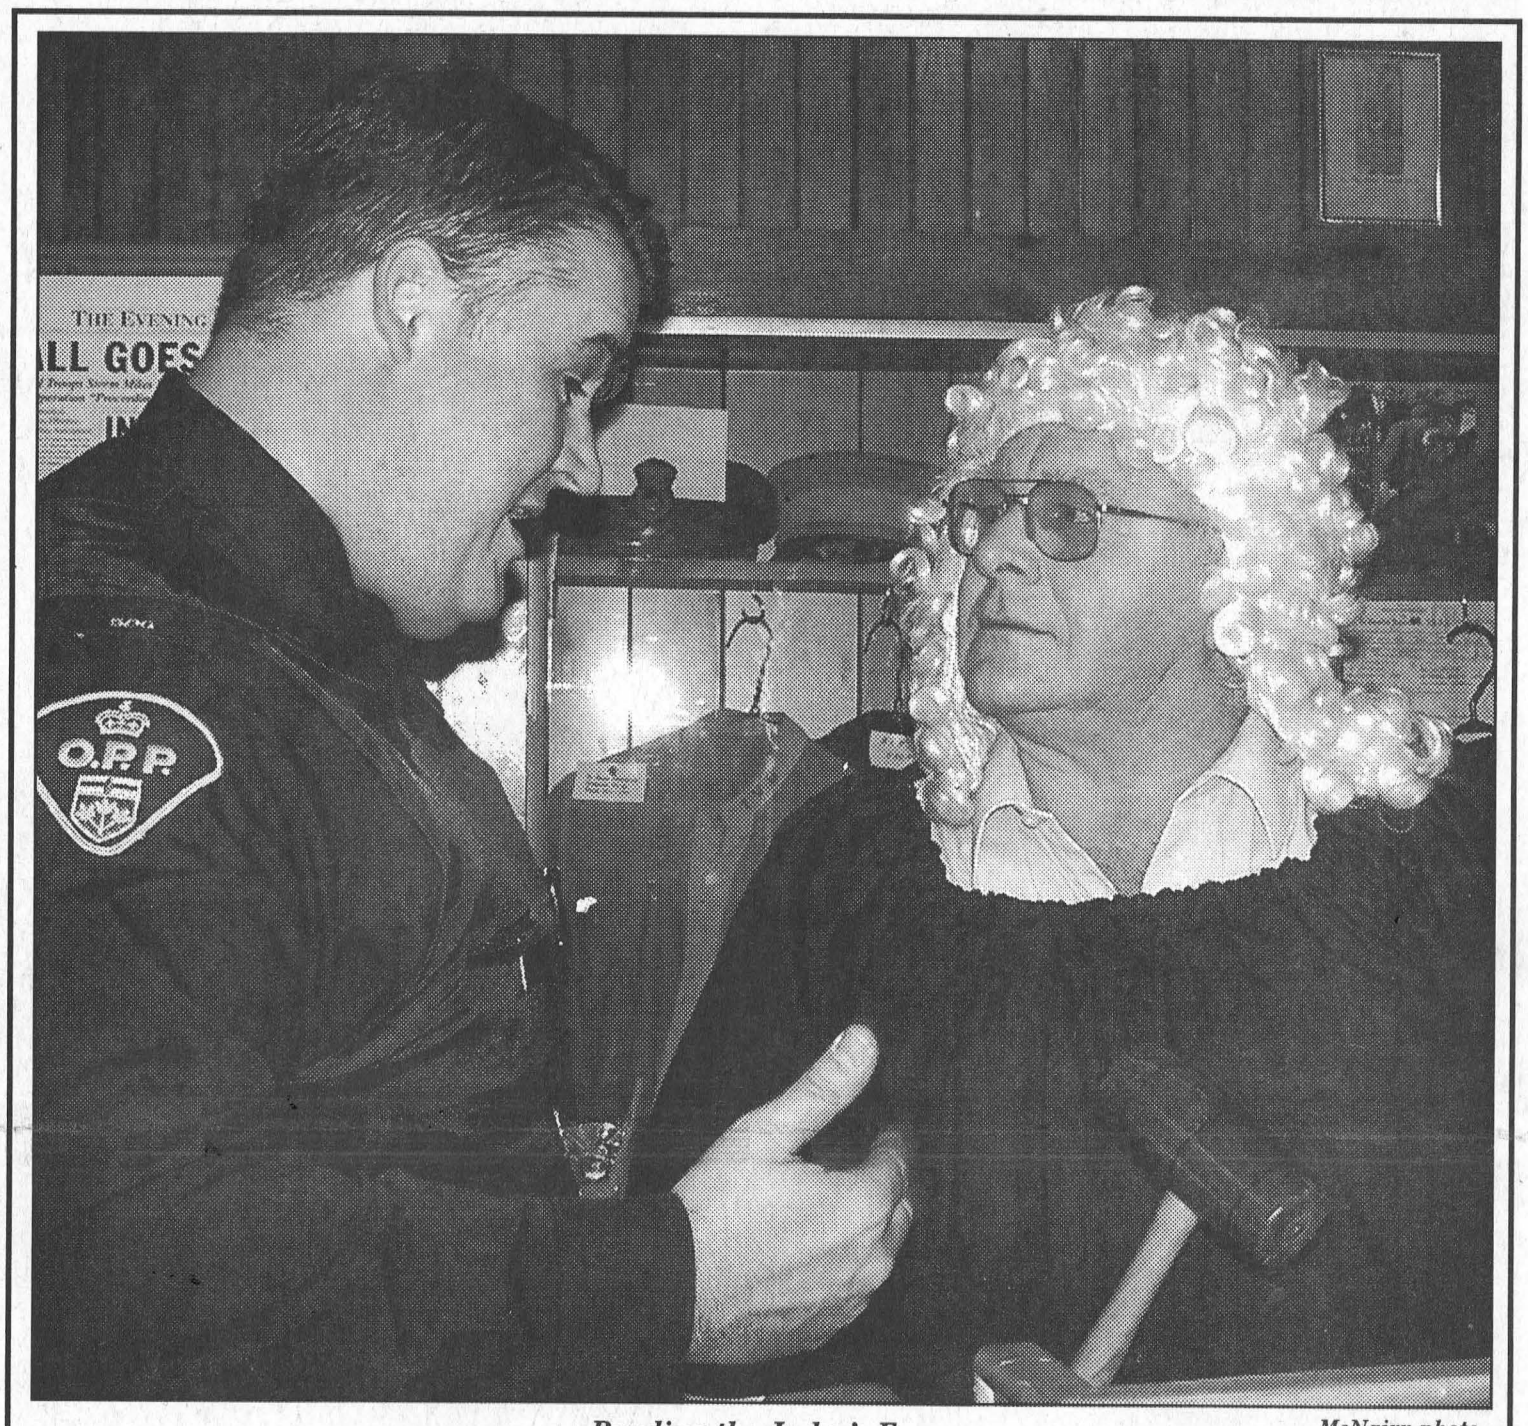
Cedar Glen Golf vandalized twice

WILLIAMSBURG – For the second time this month SD&G OPP are investigating vandalism at the Cedar Glen Golf Course.

The most recent report says police began an investigation October 24, into an overnight incident of vandalism. Damage was sustained to a Yamaha golf cart, and to the green on the 11th hole. Const. J. Moores is investigating.

This incident comes only a couple of weeks after another similar incident. SD&G OPP Community Services Officer, Sr. Constable Al Lummiss confirmed an earlier report.

Lummiss says the previous report, dated October 11, involved the theft of three golf carts from the Cedar Glen Golf Course and damage to three other carts at the course. No charges have been laid, in connection with the incidents which are still under investigation.



Bending the Judge's Ear *McNairn photo*

Ontario Provincial Police constable Todd Quinlan passes on a few particulars to Judge Lyle Van Allen (South Dundas mayor) just prior to Judge Van Allen's sentencing of South Dundas' CAO Andy Brown . Whatever constable Quinlan told the judge had its affect as Brown was found guilty with bail set at $1,200. Of course it was all it fun and in support of the Round Up for Research Kidney Association Fundraiser run last Tuesday in North Dundas and last Wednesday in South Dundas. The event was once again a huge success for the Kidney Association with $8,500 raised in North Dundas and $12,000 in South Dundas.

Construction start expected in spring of 2006

Hospital project swinging into high gear

WINCHESTER – With the Winchester District Hospital 'Renewing the Vision' Campaign now approaching its $15 million goal and a portion of a $4 million provincial Ministry of Health planning and design grant in the bank, it is expected the first shovel for the hospital's expansion and renovation project will go into the ground in the spring of 2006.

At a press conference Friday, Hospital Foundation board chair, Terry MacLellan announced that $14,525,000 has been raised to date. "We are getting very close to that very large number of $15 million," he said.

"The Foundation is committed to reaching that objective by spring of 2005, and we plan to celebrate that success at our third annual spring gala in early June. In the meantime, there remains approximately $500,000 to be raised."

"The challenge has been very big. The fundraising efforts have been very strong. The results–a redeveloped hospital–which will be a lasting legacy to an outstanding community."

Hospital board chair, Bill Smirle, who with Mike McInnis was co-chair of the 'Renewing the Vision' Campaign, outlined the steps that have been taken to date.

"The journey actually began in 1999 when a Functional Program for redevelopment of the hospital was prepared and submitted to the Ministry of Health with a request for capital redevelopment at an estimated cost in 1999 dollars of $24.7 million," he said.

A fundraising feasibility study was completed, and in December of 2001, the quiet phase of the Renewing the Vision Campaign began. In May 2002, the campaign went public with approximately $6 million committed to the goal.

"As the campaign co-chair, I can tell you we were overwhelmed at the response, the generosity and the positive feedback we received wherever we went. We became the talk of the hospital fundraising community."

"Clearly, the need to redevelop our hospital resonated with everyone in our community."

"That is why today, we are very pleased to announced we are reaching the next milestone in making the Vision a bricks and mortar reality with an eye to having a shovel in the ground for spring 2006!"

Attending Friday's event was local MPP Jim Brownell who is parliamentary assistant to the Minister of Health, George Smitherman.

"It is indeed an honour for me to be here, to once again come into your community and celebrate a happening at your facility that you have made the heart of your community," said Brownell.

"It speaks for what this community is all about. This community took the bull by the horns, and look what you have done. That speaks well in Toronto. The $1.2 million, this is the victory today."

Phil Marleau, V.P. of Planning and Support Services outlined the planning and development stages which began with Stage 1: Proposal or Capital Request Phase.

"Our first milestone is to complete a review and update of the 2001 Functional Program and 2002 Master

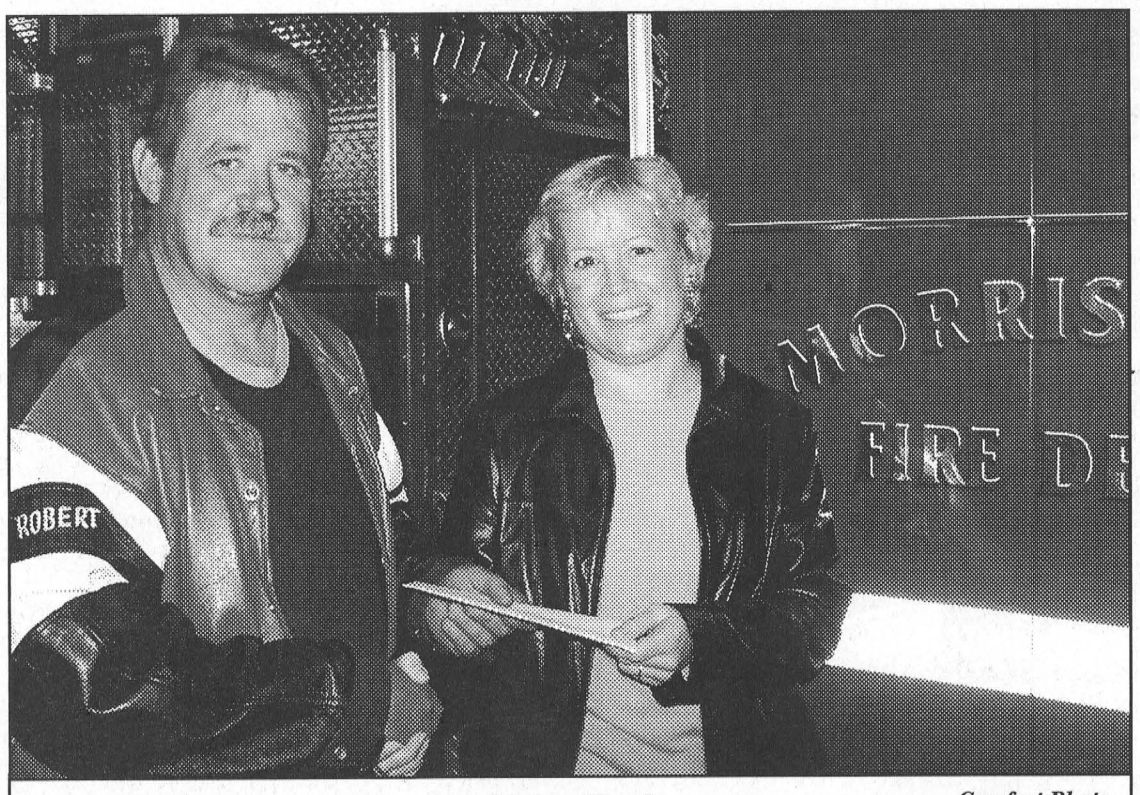
It's Full Steam Ahead for Hospital Expansion

Bill Smirle, chair of the Winchester District Memorial Hospital Board, Phil Marleau V.P. of Planning and Support Services, Terry MacLellan Foundation Board Chair, Trudy Reid Hospital CEO and local MPP Jim Brownell are pictured above with the Renewing the Vision thermometer indicating the campaign is very close to its $15 million goal with $14,525,000 now raised. A press conference was held at the hospital Friday, to announce the hospital has received $1.2 million of a $4 million Planning and Design Grant announced by Health Minister George Smitherman in March of 2004. As the project now swings into gear with the first of several ministry timelines to be met at the end of October, if all goes as planned, it is expected the first shovel will be in the ground in the spring of 2006. It is expected it will take two to five years to complete the expansion and renovation plan.



Giving Back *Comfort Photo*

Noreen Hyatt-Gervais of the Morrisburg Animal Hospital gave the Morrisburg Fire Department a donation of $200 last Thursday afternoon. The annual donation is a thank-you to the department for allowing them the use of the fire hall for their annual rabies clinic, run by the Ministry of Health. "This is really the best place to have the rabies clinic," she said, and often the volunteer firemen help out at the clinic. Morrisburg Fire Chief Robert Hamilton accepted the donation on behalf of the department. Hamilton says the money will be put towards new rescue equipment, and that donation, like this one are always appreciated.

Broken Second residents petition against a second cellular telephone tower

WILLIAMSBURG – A second cellular tower has doubled the concerns of residents of the Broken Second, just outside of Iroquois.

At the October 19, regular meeting, South Dundas Council received a petition signed by about 15 residents of the rural road, asking them to do something.

According to the petition circulated, area residents "became aware of plans of Bell Canada to construct a cellular phone tower in our neighbourhood."

The petition says the tower would be located on Lot 26 concession 1 range 2 of Matilda Township. "The site is immediately adjacent to a similar tower erected some years ago by Rogers Communication."

On receiving the petition, township staff and council decided to defer the petition until manager of planning and enforcement Donald Lewis was in attendance.

"I spoke with them (the petitioners)," said councillor Charles Barkley. "It's worth checking into, but I don't think we should jump the gun."

The residents says their concerns are similar to those found in an Industry Canada questionnaire which outlined appearance, diminished property values and health issues, as key concerns.

The petition says, "In our case, our concerns are magnified immeasurably by the fact that this will be the second tower in our neighbourhood."

The petition requests "that the municipality as a first response to Bell Canada when it applies for a permit, direct them to pursue the shared use option with Rogers."

The petition then says, "Should the shared use option prove impossible for clearly demonstrated technical reasons, we further request that negotiations be undertaken with Bell to find a suitable site which will avoid the tower cluster now envisioned."

Council intends to discuss the matter with Lewis at the November 2, regular council meeting.

Defibrillator demonstration and preview for council

WILLIAMSBURG – South Dundas Council got a first hand look at lifesaving equipment that is on its way to this community.

Bradley Nuttley, coordinator of the public access defibrillation program attended the October 19, council meeting to tell council about the program and to demonstrate the use of automated external defibrillators (AEDs).

Two of the 38 AEDs purchased by Cornwall Stormont Dundas and Glengarry Emergency Medical Services will be located in South Dundas.

AEDs will be placed at the Morrisburg Arena and Municipal Office in Williamsburg. The two target locations were selected through an earlier EMS study.

Nuttley explained that early CPR and defibrillation are key in saving lives, and "this program puts lifesaving technology in public hands."

The AED is basically a computer programmed to deliver a shock if and only if it is needed. Nuttley demonstrated the unit, which also assists the user in performing CPR. "Basically, it's fool proof," said Nuttley. "It's safe, it's simple, and it has a high success rate."

As part of the program, free public CPR and AED courses are being offered throughout the United Counties and Cornwall.

Two courses will be offered in South Dundas on Thursday, November 25, in Morrisburg at the arena from 1-5 p.m., and in Iroquois at the Civic Centre from 6-10 p.m. Those interested in taking the course can call 613-930-2787 x 2214.

Some municipal staff are being trained on the AEDs this week. The AEDs are expected to be in place in early November.

According to Nuttley the units cost about $3,000 each and can be purchased by any private or public organizations interested in having the lifesaving resource.

Hospital project

Continued from page 1

Plan as part of a Stage 2 submission." (October 29 deadline.)

"Working with our functional program consultants and our architects, we met with key stake holders and user groups to review word by word and square foot by square foot, the proposed plans to ensure that our capital plan will address patient and staffing needs."

According to Marleau, the plan details everything from patient rooms to storage space. It reviews traffic flow, seating and waiting areas, the number of washrooms, patients rooms, clinical examination rooms, meeting areas, etc.

"At this time, we are also required to submit our future equipment and furnishing cost estimate. The future operating costs of our redeveloped hospital are being projected and will be submitted as a Post Construction Operating Plan for Ministry approval."

After the submission date, the ministry requires about six weeks to review and approve the plan for Stage 3.

Stage 3 is the Preliminary Design Development stage, during which the block schematic within the master plan is broken down into detailed layout. An updated capital cost estimate is required at this time along with a detailed list of all required equipment and furnishings.

"We are aiming to have these documents to the Ministry by February of 2005," said Marleau.

Stage 4 involves the development of the working drawings and specifications for the construction tendering process. "Once space comparison, pre-tender cost estimates and a construction schedule update are submitted, the hospital must then wait for the green light from the Ministry to tender."

"The actual shovel in the ground (Stage 5) will occur once all budgets and schedules are determined and final approval is obtained from the Ministry of Health."

"As you can imagine, we have a lot of work ahead of us. The hospital has hired an experienced planning and design team. We are moving at a rapid pace. We have the Ministry's support, and we are doing our utmost to work with all stake holders to meet every submission requirement and every milestone."

Hospital CEO, Trudy Reid said, "This is equivalent to building a nuclear plant. You can't imagine the amount of work that has been done and that has to be done."

Counting down to launch of new township web site

MORRISBURG – The world is only a couple of weeks away from having detailed information about our municipality at just the push of a button.

The Township of South Dundas' new official web site is nearly ready for launch, and Chamber of Commerce members attending last week's annual breakfast meeting were given a sneak preview.

The new web site address, southdundas.com will replace the two previous township web sites that South Dundas CAO Brown says were not well maintained, linked or interactive.

According to Brown, the shiny new version will be all of those things. Brown spoke to nearly 50 Chamber members about the new and improved model last Tuesday, October 19, at the McIntosh Inn.

When the township staff got the green light on the new web site they set out to create a site that would be a valuable asset to the community, and had several goals and objectives in mind, that Brown feels have been met with the new web site.

Their goals were to create a site that is user friendly, interactive, easily accessible, e-business capable, and informative. With the company selected to create the site, Baytek of Ottawa, Brown believes they have met those goals.

"We wanted this to be a marketing tool for the township and something that can grow and evolve," said Brown.

The site has features built in that will keep it current and will allow it to be maintained locally, with up to date pictures and text.

Brown showed off some of the wide range of information that will be available on the site such as information on bylaws, policies, and meetings, including council meeting agendas, and contact information.

A list of township services and fees will be provided including landfill site hours and waste management schedules.

Also included on the site will be a business directory, maps, quick stats, utility and tax rates, a community profile, area tourist attractions, and lifestyle photos.

"It will be very informative and very easy to use," says Brown.

He says the official launch of the web site is expected within the next couple of weeks, but a date has not yet been set. "It's up and coming, and we're looking forward to it."

New funding opportunities

CORNWALL – The SD&G Community Futures Development Corporation is pleased to announce new funding opportunities for local businesses and organizations.

Officially announced Monday morning in Coburg, Ontario, by the Honourable Mauril Bélanger, Deputy Leader of the Government in the House of Commons and Minister responsible for Eastern Ontario, and the Honourable Paul Macklin, Member of Parliament for Northumberland - Quinte West, this new funding will be known as the Eastern Ontario Development Fund.

The Eastern Ontario Development Fund (EODF) is a $10 million Government of Canada initiative which seeks to promote socioeconomic development in rural Eastern Ontario, encourage a competitive and diversified regional economy, and contribute to the successful development of business and job opportunities and sustainable, self-reliant communities.

The EODF responds to a commitment made by the Government of Canada in Budget 2004 to assist economic renewal in Eastern Ontario by investing in the local economy.

Administered by the 15 CFDC's that cover Eastern Ontario, the EODF will consist of regional projects as well as a number of common elements that are adapted to serve the specific needs of each CFDC's region.

"This money will be a big help for SD&G, and all of Eastern Ontario," said Charles Sangster, SD&G CFDC's Chair. "There is certainly a need for this type of funding." In the SD&G region funding will be available for activities such as:

Applications will be accepted immediately. Deadlines for submission will be determined at a later date and posted on the SD&G CFDC website. Further information and applications can be obtained on the SD&G CFDC website www.sdgsdc.on.ca or by contacting the CFDC directly at (613)932-4333.

BRAND news

–continued from the front

the township's existing fibre / wireless system.

BRAND funding is a federal funding initiative that assists communities without broadband access.

The township applied for BRAND funding in June 2003 and was approved in October 2003.

In early 2004, South Dundas Council underwent a review of its fibre and wireless system and decided to accept the BRAND funding and sell its existing infrastructure.

In June 2004, W3 Connex Inc.'s proposal was selected and over the past months, ongoing negotiations to finalize the funding have taken place between the township, W3 Connex and Industry Canada.

In addition to the above news release there was some discussion about the project at the October 19, council meeting.

This process has taken much more time and resources than anyone anticipated," said Brown at the meeting.

He said, "Many of the original submissions were not permitted or allowed by the federal government," noting that in kind contributions were very limited.

Once everything is officially finalized, Brown expects that the build will be completed no later than May 31, 2005.

Halloween safety

Halloween is Sunday and OPP are reminding parents to prepare children for the evening, and motorists to be extra cautious. Officers will be out in full force ensuring the safety of Halloweeners and residents of our communities.

Halloween is a cherished tradition but the excitement of the night can cause children to forget to be careful. There is no real "trick" to making Halloween a real treat for the entire family. The major dangers are not from witches or spirits but rather from falls and pedestrian/car crashes. Both children and adults need to think about safety on this annual day of make-believe.

The National Safety Council urges motorists to be especially alert on Halloween by watching for children darting out from between parked cars, and children walking on roadways, medians and curbs. Drivers should enter and exit driveways very carefully, and keep an eye out for children in dark clothing.

Before children start out on their "trick or treat" rounds, parents should make sure that an adult or an older responsible youth will be supervising the outing for children under age 12. The route trick-or-treaters intend to follow should be planned and discussed. Children should be instructed to travel only in familiar areas and along an established route, to stop only at houses or apartment buildings that are well-lit and never to enter a stranger's home. A return time needs to be established. Make sure your youngsters do not to eat any treat until they return home.

Costumes should be loose so warm clothes can be worn underneath, and not be so long that they are a tripping hazard. If children are allowed out after dark, outfits should be made with light colored materials. Strips of retroreflective tape should be used to make children visible. Masks can obstruct a child's vision. Use facial make-up instead. If masks are worn, they should have nose and mouth openings and large eye holes. Carrying flashlights will help children see better and be seen more clearly.

On the way to trick or treating children should understand that they must not enter homes or apartments without adult supervision. Walk, don't run, from house to house. Do not cross yards and lawns where unseen objects or the uneven terrain can present tripping hazards. Walk on sidewalks, not in the street or walk on the left side of the road, facing traffic if there are no sidewalks. Parents are should insist that treats be brought home for inspection before anything is eaten. Wash fruit and slice into small pieces. When in doubt, throw it out.

SD&G OPP/National Safety Council

Seen 'n Heard

Around the Town

We were contacted by the South Dundas municipal office in Williamsburg and asked to inform the community that Halloween will be celebrated as it falls, on Sunday night, October 31. Both the municipal office and our office have received a number of calls inquiring about the celebration of Halloween on Saturday night which is not the case. That's right. This Sunday night, all those ghosts, goblins and witches will hit the streets to collect all those ghostly delights. Anyone driving is reminded to be extra cautious, and all youngsters are encouraged to play it safe. Have fun, but be safe.

•••

Anyone interested in a sneak preview of this year's costume favourites can do so near the Hartford Retirement centre this Friday afternoon. That's when the costumed students of Morrisburg Public School do a walk through in the parking lot at the home for the entertainment of the seniors.

•••

Up Iroquois way, the Iroquois Public School parent committee is hard at work preparing a yearbook for last year's school year. They are asking all students and parents to look around for any photos they may have taken during the 2003/2004 school year. They can be dropped off at the school and will be returned after the yearbook is completed.

•••

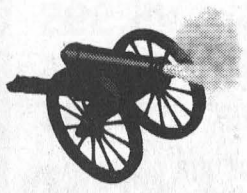
Just a reminder that tonight, Wednesday, October 27, Scotiabank here in Morrisburg is celebrating 100 years of business serving customers in Morrisburg and the Morrisburg area. Customers and staff, past and present, are invited to stop in at the McIntosh Inn tonight between 5-7 p.m. to join in the celebration.

•••

Also tonight, is the "Internet Security" meeting being hosted by the Catholic Women's League at St. Mary/St. Cecilia School in Morrisburg. This informative meeting will begin at 7:30 p.m. and will be presented by Sr. O.P.P. Constable Al Lummiss.

•••

...Have a Happy and Safe Halloween.



The Leader Blast from the Past

Compiled from The Leader's files

1994

Pictured on the front page of the October 26 issue was Odonto manager, Nick Lee as he accepted an Ontario Premier's Council Award which recognized Ontario companies that had adapted to tough economic times and were well positioned for the years ahead.

Iroquois Fire Chief Phillip Thompson was pictured in the issue as he presented a $2,000 cheque to the Foundation of Ottawa General Hospital to be used towards the set up of a hyperbaric facility. The money was raised at a steak and lobster feed. Hyperbaric chambers allow burn or carbon monoxide poisoning victims to take in large amounts of oxygen, often saving their lives.

The issue reported that the two contestants for the position of reeve in the village of Morrisburg, Roger Coligan and Gord McGregor, had a showdown at the all-candidates meeting.

1964

The October 23 issue reported that at last count there were 970 geese distributed throughout the sanctuary from Crysler Farm Battlefield to Nairne Island. About half were migrants that had been in the area for just over a week. The previous year, at the same time, there were about 600 geese in the parks.

The Valedictory of the graduating class of Morrisburg High School was to be delivered by Murray Reilly who was registered in the Faculty of Arts and Science at Queen's University.

Morrisburg clerk Lloyd Barkley informed Ontario Hydro Chairman W.R. Strike, that "Recent action taken by local Ontario Hydro representatives regarding flooding of basements in Morrisburg due to ground water infiltration resulting from elevation of Lake St. Lawrence, was not only inadequate, but was grossly unfair and constituted practically a miscarriage of justice. Problems in the village concerned drainage, pavement settlement, sewer odour and sewer drainage. "I assure you sir, that until this problem is solved to the satisfaction of the Department of Health, the Ontario Water Resources Commission and to us, we will not accept the sewer system."

1984

The October 25 issue reported a plaque commemorating the 25th anniversary of the St. Lawrence Seaway was installed in Iroquois by the Canadian Canal Society. The Iroquois Lock was the first of the new Seaway locks to be opened for navigation in the fall of 1958, and the Seaway was officially opened by Queen Elizabeth and President Dwight Eisenhower in June 1959. The new plaque was located in the visitor area overlooking the Iroquois lock.

Village council accepted an offer by businessmen, Sam Laurin of the Morrisburg Leader and Gord Lane of Seaway Valley Pharmacy to purchase a strip of public highway so they could expand their business premises. The purchase required the closing off of a 10 foot section of the corridor between Lee's Restaurant and the Pharmacy. The throughway measured roughly 20 feet six inches wide by 100 feet deep and was deeded to the village as a public street by Mac Wilson, a former owner of the pharmacy, in the early 1960s.

The winter season officially got rolling October 23 when the first skaters hit the Morrisburg ice.

1954

The October 29 issue reported that councils for six Seaway Valley municipalities voted unanimously to adopt a resolution calling for new legislation which would enforce the principle of replacement value for compensation for those forced by the St. Lawrence project to seek new homes. It was also desired that citizens may, in lieu of compensation, have the choice as nearly as may be, of a similar property in a new planned community, and that sufficient information be available to every person to enable him/her to make an intelligent choice between a cash settlement or new property. At this meeting, there was a noted air of resentment towards the present methods of the Ontario Hydro as regards compensation and /or rehabilitation. Morrisburg Reeve, George Beavers stated "We should not be out of pocket one dollar on a...program which would benefit not only the rest of Ontario, but the whole of Canada and a large part of the United States."

1974

Headlines in the October 25 issue read: Council authorizes immediate purchase of Zamboni for arena. During the previous two years, much volunteer effort had been expended locally to raise funds for an ice-resurfacing machine.

The end of several years of planning and work came to a conclusion with the official opening of Iroquois and District Medical Centre. Donations from the Legion, Lions, the province and individuals made the building, which housed two doctors and a dentist, possible.

At the Dundas Invitation Soccer tournament held in Iroquois, the Riverside Heights senior cheerleaders won the Marian Michalicka Trophy. Members of the winning team were Connie Lacelle, Brenda Barkley, Elizabeth Crober, Pamela Guindon, Penny Hall and Brenda Henophy.

At Heinz' Food Market, locally grown McIntosh apples were 65 cents for a three-pound bag, and Five Roses all-purpose flour was $1.69 a 10-pound bag.

Thompson Dominion Hardware in Morrisburg was selling spring-braced lawn rakes for $3.29.

The United Church annual turkey supper at the Allen Hall could be enjoyed for $2.50 per adult.

1944

Pictured on the front page of the October 29 issue was Pilot Officer T. I. Warner who had returned home on a furlough after spending two years overseas. PO. Warner had enjoyed meeting his little son, Gerry, for the first time.

Knox Presbyterian Church, Morrisburg was among two churches in Nova Scotia and one in Montreal to contribute to a memorial erected in Mount Royal Cemetery in memory of Rev. Charles S. Miller.

A Bank of Montreal ad suggested that anyone who needed money should consult bank manage Mr. Stewart. The Bank was making loans, repayable in 12 monthly installments, at the low cost of $3.15 per $100–equal to six percent interest per annum.

R. Rockley Parker, president of the Music and Dramatic Club, announced the club's opening meeting was set for November 5.

Delivering the Yummies

Meals on Wheels is a valuable service to members of the community who are unable to prepare their own. Hot, nutritious, and delicious meals are delivered Monday to Friday in Morrisburg and Mondays, Wednesdays and Fridays to Iroquois. Last Wednesday's deliveries in Morrisburg were made by Annette Devette (left) and Mary Van Moorsel (centre right). The ladies are serving Donnie and Audrey Prunner. On the menu for the day was roast beef, potatoes and carrots.

Clients/volunteers needed

Meals on Wheels delivers

MORRISBURG–For almost 30 years, Meals on Wheels has been serving the Morrisburg and area community, with hot, nutritious and delicious meals.

"We enjoy them very much," said Donnie Prunner when his and his wife, Audrey's meals were delivered to their home last Wednesday by volunteers Annette Devette and Mary Van Moorsel.

The Prunners have been purchasing their meals from Meals on Wheels for about one year now following Donnie's return home from hospital.

"Audrey doesn't do much cooking anymore," explained Donnie. "I cooked for awhile, but then I had a heart attack."

"Sometimes I don't get time to eat because I go to dialysis three days a week, Mondays, Wednesdays, and Fridays."

To ensure he does have time to eat on these days, he is first on the delivery list.

"They are good meals. We enjoy them very much," says Donnie as he lifts the cover from his roast beef dinner.

Meals on Wheels is a program of the Ontario Ministry of Health and is operated locally by a volunteer board of 10 directors under Glenn Becksted.

"It is not a charity," says vice-chair Joan Brunt explaining that all clients pay for their meals.

The service is available to anyone who is unable to prepare his/her own meals at a cost of $4 per meal or $20 per week.

Regardless of age, the service is available to: Persons who are physically unable to shop for food and safely prepare their meals; persons recovering from an illness or injury; post operative patients needing assistance during recovery period. The service is available over short or long-term.

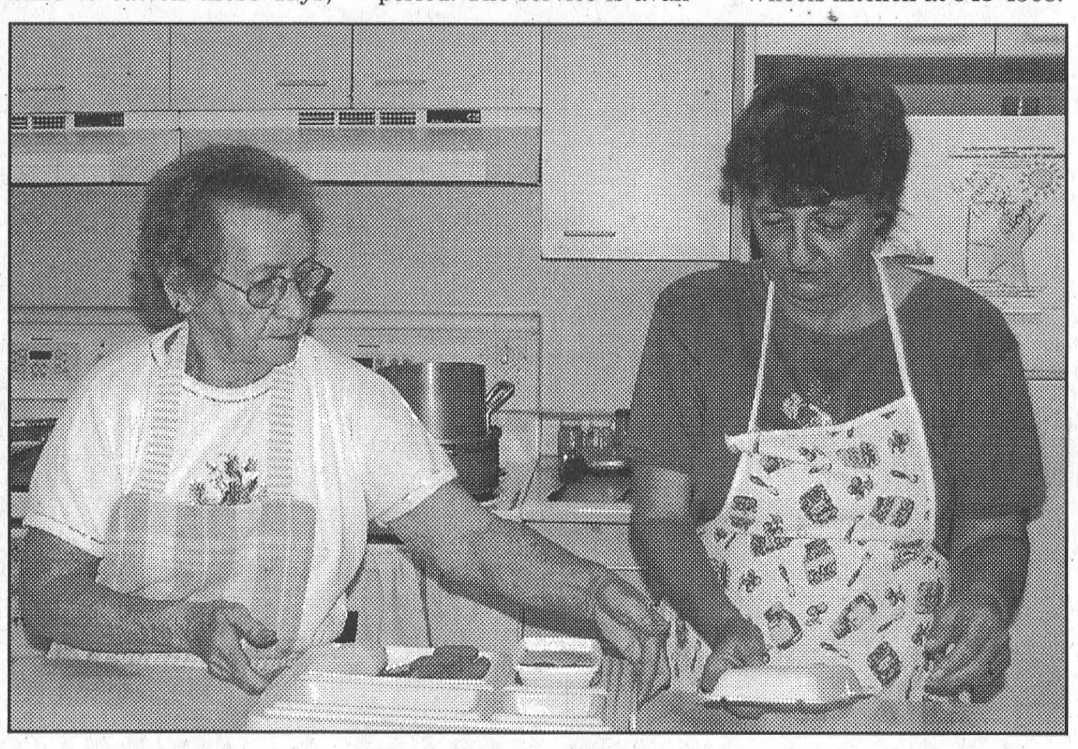
Meals are prepared in the kitchen at the South Dundas Justice Building by Eva Weegar who has been with the organization for 11 years and Ruth Doesburg who came on board last December.

They work in conjunction with a dietitian who outlines menus to provide variety and accommodate special diets.

Some 50 plus volunteers provide delivery service in pairs, which generally works out to volunteer time of about one day per month.

Meals on Wheels is always looking for those in need of meals and individuals who can volunteer as drivers.

For those who would like additional information about the food service or who are interested in becoming a volunteer driver, please call Bob Burgess at 652-2134 or the Meals on Wheels kitchen at 543-4568.

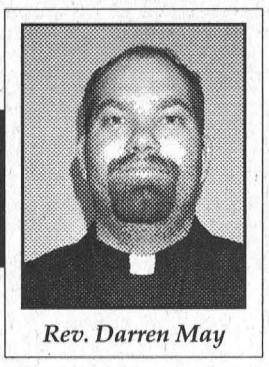


Food to Go

Cooks, Eva Weegar left, and Ruth Doesburg pack the food for last Wednesday's Meals on Wheels deliveries. Meals on Wheels has been available in Morrisburg for close to 30 years.

To God Be The Glory

Perspectives



Rev. Darren May

This coming Sunday, October 31st, within the secular realm, we will be busy celebrating Halloween. Yet, Sunday also marks an incredibly important day in the life of the church. It is of course, Reformation Sunday.

In 1517, a young monk by the name of Martin Luther nailed 95 different theses to the walls of the castle church door at Wittenburg, to protest the visible abuses he saw within the church. Without the courage and conviction of this young man, the church as we know it today, would not look the same. Luther's brave move sparked the Protestant Reformation.

As a result of Luther's work, we now trust and believe five significant truths. These truths are what we might call, the "reformation buzz words": sola fide, sola scriptura, sola gratia, and sola deo gloria. Sola means alone.

Therefore, when we speak of sola fide, we are talking about how we obtain salvation. It is by faith alone. There is no work that we can do on our own to obtain salvation. You cannot pray your Aunt into heaven, you cannot work off your sins by doing good to others, you cannot purchase a ticket to the royal gates, nor fool yourself into believing that you are obedient to the ten commandments. The only way that we can find salvation is through trusting in what Jesus Christ did for us when he died on the cross. His sacrifice was sufficient. It is in having a deep and personal faith in Christ that we come to an understanding of our salvation.

Sola scriptura reminds us that God has fully and completely revealed himself to us through the scriptures. Scripture is the only means we need to understand God. Do you have a question about what God thinks of a certain issue in life? Look to the Bible. Do you ever wonder how God thinks? Read the Bible. As a result of the Reformation, the "commoners", (ie. The every day church goers) were given the opportunity to own, study and read the Bible. People fought for our ability to own Bibles, yet it is still remarkably frightening to see how little people know about scripture today.

Sola gratia, means that it is by grace alone that we are saved. What is grace? There is not enough room in this article to fully understand and explain the implications of God's grace. But, what we can note is that God's grace is the undeserved loved that He has for us. Remember the verse: "while we were still sinners, Christ died for us". None of us deserve to be saved, but in His love, God has bestowed his grace upon us, that we can be saved.

Finally, there is sola deo Gloria. All five of these "reformation buzz words" are Latin in origin, and our final expression means, to God alone be the glory! As human beings, created by a sovereign and almighty God, He deserves all the credit, for our lives, for our salvation, for our days, for every breath that we take, for rising and setting of the sun, for the work of artists and musicians. The source of beauty is God. The source of perfect love is God. The source of all good things is the Lord, the maker of heaven and earth.

As you gather in church this Sunday, take a moment to give God praise and thanksgiving for all that he imparts to us. Ultimately, what is at the heart and soul of the reformation, and all of its buzz words is a reminder to us to remain humble, and to remember that God is the one in control of our life. It is when we learn to submit to Him, and trust Him fully that our hearts are truly able to say, "To God be the Glory" for all things. A-men!

Letter

Iroquois Golf Club thanks OPP

To the editor,

On the evening of Saturday, October 9, there were two golf carts stolen from the Iroquois Golf Club.

Thanks to the hard work of the O.P.P. I am happy to announce that the carts have been recovered (badly damaged however) and that four young men have been arrested.

On behalf of the Iroquois Golf Club I would like to take this opportunity to publicly thank the O.P.P. for their diligent work. The teamwork and efficiency displayed was fantastic.

It is our hope that the young criminals who were apprehended will be charged to the fullest extent of the law, and that restitution will be sought for the damage to the golf carts, either from the offenders or from their parents.

Thanks again to the officers involved in finding the carts and apprehending the offenders.

Stephen Martineau,
Manager,
Iroquois Golf Club

Justice is served in Kidney Roundup for Research fundraiser

MORRISBURG–Last week's Roundup for Research fundraiser for the Kidney Foundation of Canada saw a lot of "good" people go to jail. And those good people, living in both South and North Dundas, raised a whopping $20,500.

The first Roundup for Research, held over two days in Morrisburg in 2002, was organized by Geraldine Fitzsimmons and raised $22,000. Last year the event raised in excess of $10,000 bringing the total raised in the Dundas County community in three years to over $50,000.

This year's event again, "went very well," said Fitzsimmons. "Everyone was happy, even those who were surprise-arrested."

Those who did spend a few hours in the jail cell last week from South Dundas included Laurie Ezard (Curves), John Boals (Ontario Federation of Snowmobile Clubs), Andy Brown (South Dundas CAO), Brigitte Duvall (Herbal Magic), Judy Laurin (Scotiabank), Kathleen Knezevic (Royal Bank, Iroquois), Karen Cook (Craig Packaging), Roy Lalonde (Seaway High principal), Sandra Johnston (Chieftain), Kelly MacDonald (Your Credit Union), Karen Gorrell, (Thom Realty), Victoria Davidson (Canadian Tire), Debbie Blais (Giant Tiger), Debbie Toonders (M & M Meats), Darlene Riddell (SDS Kerr and Iroquois Legion) and Vicki Tetley (McIntosh Country Inn).

In the photo above, South Dundas CAO Andy Brown is pictured behind bars, while below John Boals of the Ontario Federation of Snowmobile Clubs, is led to his cell, by Ontario Provincial Police Constable Ivan Lalonde. The two were sentenced by South Dundas mayor and judge Lyle Van Allen, who imposed some mighty hefty bail.

The jail cells were located at the Legion in Iroquois and the Lions Hall in Winchester.

Employee remembers Scotiabank's early days

TORONTO–When Harold and Rose Bowman left Toronto last week to visit relatives here in Morrisburg (Rose's sister Deanna Cassell), they hadn't yet received last week's issue of The Leader and weren't aware of the upcoming 100th/50th anniversary of the local Scotiabank.

The anniversary has special meaning for the two, both of whom worked for the Bank of Nova Scotia, both in its location in the Merkley Block on Main Street in old Morrisburg, and at the bank's current location in the Shopping Plaza.

Harold had worked in the old bank, which was located on the south side of Main Street across from the Bank of Montreal.

He recalls there were two additional stores in the block but can't remember what they were. Last week's editorial photo in The Leader shows Merrill's and, after asking around we have been told Reddick's was in the same block.

What everyone does agree upon is that above the Bank and stores were a couple of apartments and the large hall where the "old Canadian Club" met.

Harold worked at the bank just a few years prior to the Seaway. "There were three of us on staff in the old building. Ken McLaughlin was the manager and Glen Montgomery...he was everything..accountant etc."

"And then there was me, and I was the Joe boy. I guess you can say, the clerk."

Harold remembers well when all the buildings on Main Street were torn down and businesses moved to the new, and very modern shopping plaza.

"We added employees in the move. I think we were increased to five when we moved."

Harold worked briefly under Mr. McLaughlin at the new location and then recalls Robert Smith becoming manager.

Rose too, worked at the two locations, and after their marriage they transferred to different branches. "We weren't allowed to work in the same branch," says Rose.

Harold recalls that the move to the new bank building was pleasant. "The new premises, at that time were excellent. They were new and they were built specifically for the bank. The vault in the old building wasn't built in, whereas in the new building it was. Everything was new."

Harold points out that the original bank in the new plaza was also one single unit. The bank doubled its size many years later when it bought the neighbouring unit. "From a little branch, it's grown quite well I would say."

Harold made his career with the Bank of Nova Scotia. From Morrisburg he worked in Ottawa, Brockville, Montreal, back to Ottawa and finally to Toronto until his retirement.

In the early 60s when computers were introduced to banking, Harold specialized in their use. "I got in on the ground floor. It was all new."

"I've been out of main stream banking since the early 60s. It was a good move."

It was a good move, that led to a very successful career, but both Harold and Rose enjoy returning to their home town to visit their family and friends.

Although unable to remain in town for tonight's anniversary celebration, Harold took a few minutes Tuesday to drop in at the local Scotiabank and introduce himself to current manager Nancy Lemaire.

Still working on the railroad

MORRISBURG – Sheldon Oglestone has had to leave the Ontario Northland Railroad behind a couple of times, but he always comes back to it.

Oglestone moved to Morrisburg a couple of years ago from Osgoode, but when he made the move he had to leave the model railroad that he had built behind. The model in Osgoode was featured on Regional Contact in 1994.

When Oglestone moved to Morrisburg, it only seemed natural that he start on building a new model in his new home, and that's just what he did.

Oglestone, who was born in Northern Ontario, is a former employee of the Ontario Northland Railway which runs from North Bay to Moosenee on James Bay. The 8x12 foot model under construction in his basement is based on that railway, and it has been under construction for two years.

All of the controls for the scale railway are located in the centre of the action and, "The main control panel operates 22 track switches and contains a stereo sound system."

"The railway operates the same as the real one with industries to switch and freight cars to be picked up and dropped off," says Oglestone.

"There are 40 freight cars to be moved with the help of 12 custom painted locomotives. There is also a first class passenger train that moves the little people around."

The passenger train model was built by Oglestone from scratch because none like it are available commercially.

"I travel north once a year to ride on this railway," he says.

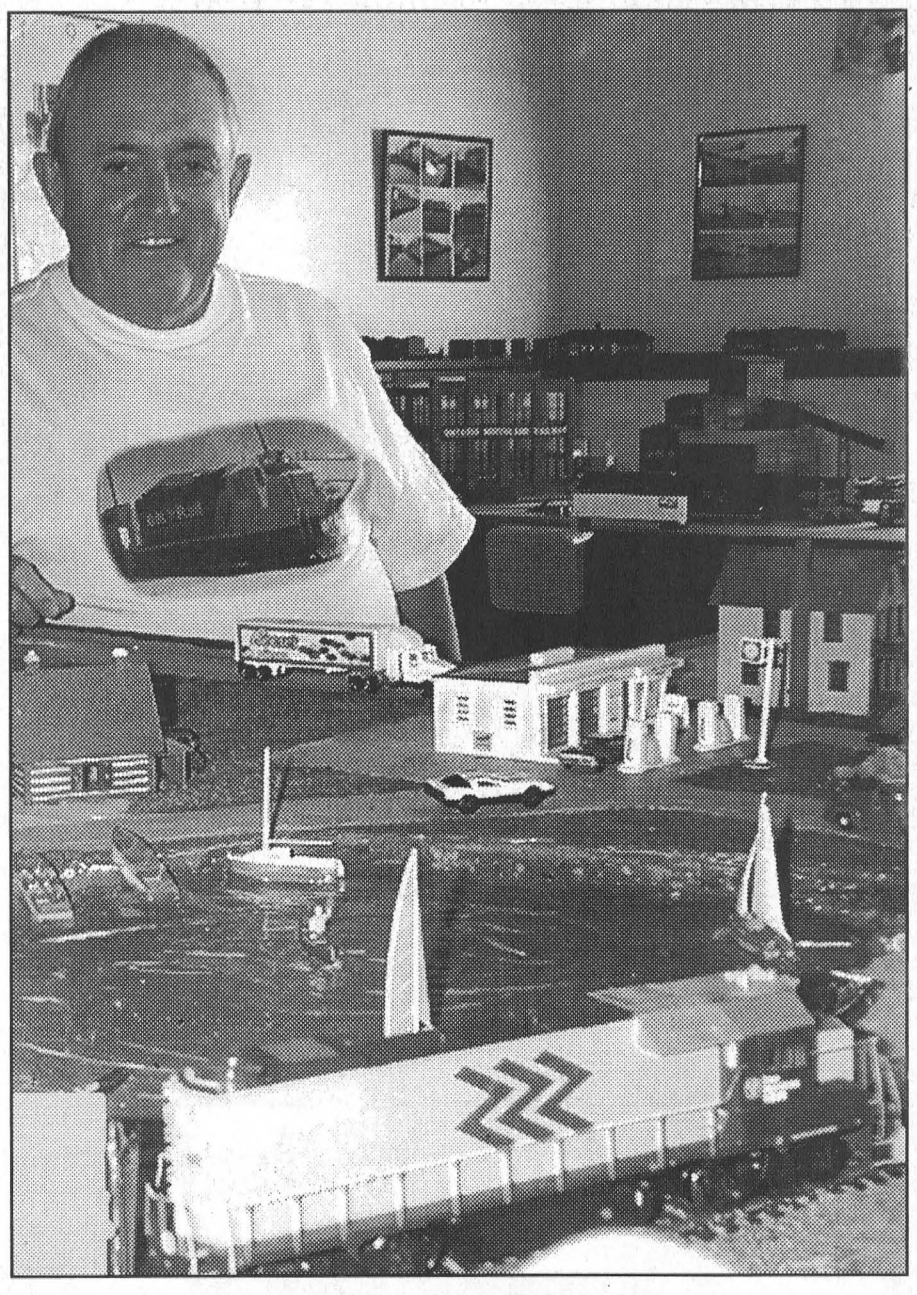
Featured in the model is a small cabin by the lake. "I was born in a cabin like this one," he says pointing it out.

The cabin, like the one where he was born, is located in the model just outside of Temagami, after which the small town is modeled.

The next step in the ongoing project for Oglestone is the placement of about 1,000 miniature trees.

"You never really finish, but that's the fun of it," he says. An expansion of the model is possible, however, he still needs consent from the management (his wife Florence).

Oglestone has been model railroading for a long time, and he is willing to share his experience and ideas with anyone interested in getting started in model railroading. He can be reached at 543-2445.



A little piece of home

Sheldon Oglestone, who now lives in Morrisburg, is a former employee of the Ontario Northland Railway, and, now retired, he keeps himself busy building a railway model. Pictured in front is a custom-built Ontario Northland engine model. Behind that is the lake and cabin, very similar to the one where Oglestone was born, and off to the right is a model of his hometown, Temagami. ***Comfort Photo***

Motorists warned of wildlife danger

SD&G – Motorists are advised to be on the lookout for deer and other wildlife on local highways.

Collisions with wildlife are a hazard throughout the year but they start to peak in the summer and fall.

Today's large deer population poses a year-round hazard. However, deer collisions peak in October and November, which is the mating season and the time for migration to winter areas.

The majority of collisions occur between dusk and dawn when visibility is low.

The OPP offer the following tips for avoiding wildlife collisions:

- Slow down and use caution when you see wildlife on or near a highway. Slowing down will help you to react in case you encounter an animal.
- Vigilance is the first and best defense, especially when driving on unfamiliar rural roads. Watch out for warning signs that indicate high-risk areas. Use eye-lead time and take extra care.
- Use your high beams when no traffic is approaching and never over-drive your headlights. You need to see an animal in time to avoid hitting it.
- When there is one animal, expect others nearby.
- Don't assume the animal will move out of your way. Many animals freeze when in a vehicle's headlights.

Sewage treatment up next

WILLIAMSBURG – While South Dundas councillors are planning to take a tour of the new water treatment plant progressing towards completion, they are already turning their attention towards sewage treatment plants.

"Council needs to set some dates for public meetings for the Environmental Study Report (ESR) for the new or upgrades to the sewage treatment plants in Morrisburg and Iroquois," said South Dundas CAO Andy Brown at the October 19, council meeting.

Brown recommended that the township host two public meetings in early November.

Council agreed that a meeting will be hosted November 9, 7:30 p.m., at Morrisburg Public School and November 15, 7:30 p.m., at the Iroquois Civic Centre.

A newsletter will be circulated, by Thompson Rosemount Group, to all residents and businesses in the villages of Morrisburg and Iroquois.

Suspicious envelope

LONG SAULT – October 21, at approximately 3 p.m., an SD&G OPP officer observed a suspicious envelope found in an office within the OPP building located at 1 Mille Roches Road, Long Sault.

As a precautionary measure and as per force policy, access to the building was secured and all employees within the building quarantined.

Cornwall Fire Department Hazardous Material experts were called upon to seize the envelope, which was transported to the Federal Ministry of Health in Ottawa for examination.

The examination revealed no hazardous material present and subsequently, the building was cleared at approximately 8:45 p.m.

Traffic update

Police were called to investigate 15 motor vehicle collisions in Dundas County this week. Of the 15, six involved collisions with deer. Other investigations resulted in two criminal charges in connection with alcohol related drinking and driving offences, the issuance of two 12-hour drivers licence suspensions and the apprehension of three suspended drivers.

Seniors meet at Williamsburg

WILLIAMSBURG – Sixteen members attended the Williamsburg Seniors regular monthly meeting on October 19, and membership fees were paid for the next year.

A delicious noon buffet pot luck was enjoyed by all.

President Evelyn Whitteker opened the meeting with O Canada, and the usual reports were given. Correspondence consisted of letters from the Eastern Ontario Health Unit, and the Credit Union bank.

The program consisted of readings by Pauline Robertson, Rosemary Rutley's "Good Humour"; Joyce Patterson read "Harmless Halloween Fun"; and Peggy Thompson read a jokey poem.

Following adjournment cards were played for the remainder of the afternoon.

15-year-old faces dangerous driving and theft charges

SOUTH DUNDAS – Police laid charges of dangerous driving and theft against a 15-year-old Morrisburg youth Monday, following an investigation into a motor vehicle collision, along County Road 1 in Iroquois.

The collision, which happened before 9 a.m., October 25 involved a single vehicle, which came to rest in a field along County Road 1. There were minor injuries to the four teenage occupants of the vehicle.

Charges of dangerous driving and theft over $5,000 (motor vehicle) are pending against the 15-year-old Morrisburg boy, who is scheduled to appear in Youth Court in Cornwall November 25.

Scotiabank hands over a cheque

Staff of the Morrisburg Scotiabank branch were in Cornwall for the Celebrity Walk and Breakfast last week in support of the Children's Treatment Centre. Staff raised $3,106.06 for the centre through bake sales, walk sponsorship and other fundraisers. Pictured above Carol Ann Sage presents the cheque to Sean Adams, honourary chair of the Children's Treatment Centre. Guest speaker Senator Frank Mahovolich and Judy Laurin are also pictured. The fundraising event brought in a total of $120,399 for the centre. *Courtesy Photo*

Junior B Lions put it together for two wins

MORRISBURG – The Morrisburg Junior B Lions went to the rink to play hockey this weekend, and when the final whistle blew they were riding on a two win-one loss weekend that saw them double their points in the St. Lawrence Division standings.

In an extremely competitive division this season, the Lions have been hard pressed to claim a win. Friday night they nabbed the third place Akwesasne Wolves for an exciting 5-4 win brought about by back-to-back, power-play goals from Kirk Bolduc who tied the game and Cory Gove who connected for the winner.

Saturday night in Williamstown they were able to put up very little fight against the Char-Lan Rebels, managing only two third period goals in the 6-2 loss.

It was a much different story Sunday, when the high-flying second place Winchester Hawks came to town and ran into a determined Lions squad which claimed a 6-5 win, their second of the weekend and their fourth of the season.

Friday night's game was an exciting one for the fans, with the scored tied 2-2 after the first period and 4-4 after the second.

Justin Elliott and Kirk Bolduc struck for the Lions in the first period, and Cory Gove gave the Lions a 3-2 lead early in the second.

The Wolves came back with a pair of tallies from Derek Lyons and Oliver Bachand for a short-lived 4-3 lead.

The Lions then took over with Kirk Bolduc's power-play goal with 4:52 left in the second period which tied the game 4-4. Just over four minutes into the third period, the Lions power play would again prove successful, this time with Gove scoring (his second of the game) for a 5-4 lead.

Backed by a strong strong performance from goaltender Matt Van Egmond, the Lions held on for the 5-4 win.

The Lions sat out eight minor penalties while the Wolves drew seven.

Saturday night, the Lions just didn't have the stuff when they travelled to Williamstown to take on the Rebels. They trailed 1-0 after the first period and 4-0 after two. Gove scored both Lions goals in the third period of the 6-2 loss.

Goaltender Matt Van Egmond faced 41 Rebels shots, while the Lions managed just 20 shots against Rebels goaltender Brian O'Shaughnesy.

The Lions were assessed three minor penalties, a five minute cross-checking major and game misconduct and a five minute fighting major and game misconduct. The Rebels drew five minors, a five minute fighting major and game misconduct, and a 10 minutes misconduct.

Sunday on home ice against

Iroquois golf clubhouse price still up in the air

WILLIAMSBURG – The price of the Iroquois Golf Clubhouse, and the property it sits on will have to be reduced, but by how much still remains to be seen.

Butch Oldford of Winchester was selected as realtor of the clubhouse originally because of realtors fee, asking price and willingness to market the property as it stands.

The first asking price released was $599,000, but since then a few issues have come to light.

"The fact that no building can happen under the flood plain contour and there is a sewage outfall easement along the entire west side of the property will impact the use of the property," said South Dundas CAO Andy Brown in his October 19, report to council. "Essentially, the building footprint is greatly diminished and these two findings limit any building and the number of lots."

He recommended that council meet with Oldford as soon as possible to discuss the issues, because "he cannot properly market the property until these matters are resolved."

Brown asked, "Does council wish to meet with him?"

"We pretty well have to," said South Dundas Mayor Lyle Van Allen.

"It's up to you," said Brown.

Van Allen suggested that council meet with Oldford at 7 p.m., just prior to the next regular council meeting, November 2. The remainder of council agreed.

Hockey heads to the pond

INGLESIDE – Hockey will return to its roots in Ingleside January 29 and 30, when Farran Park plays host to the South Stormont Can-Am Pond Hockey Tournament. It's a first-time event that will raise funds for the Winchester and District Memorial Hospital and the Cornwall Community Hospital.

Pond hockey – as the name suggests – is a throwback to the style of hockey that millions of Canadian youngsters grew up playing on backyard rinks and patches of ice in parks and fields.

It's four on four hockey, with no goaltender, with games to be played on six open air rinks that will be built on the bay at Farran Park.

There is room for 38 six-member teams to compete in three divisions – Open, 40+ and Ladies. The Open division champions earn a berth in next year's World Pond Hockey Tournament in Plaster Rock, New Brunswick.

Each team is guaranteed five round robin games - three on Saturday, and two on Sunday. Championship games are scheduled for Sunday afternoon. Admission for spectators is a donation to the hospital fund.

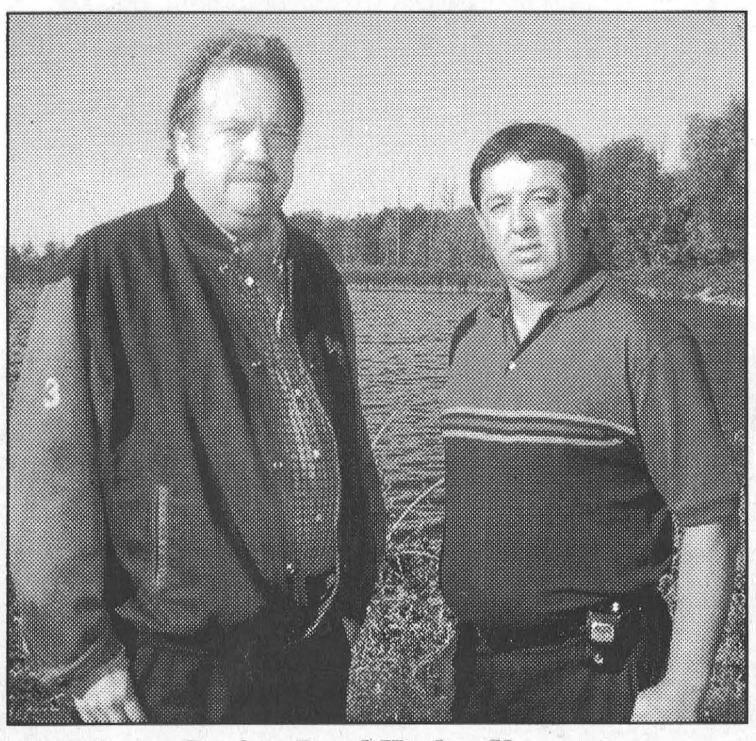
The municipality is enthusiastic about hosting the event. "Not only does it support an important cause," says Mayor Jim Bancroft, "but it gives us an opportunity to get additional use out of the tremendous recreational resources we have in South Stormont."

Besides plenty of hockey, there's a Pond Hockey Bash at the Lancer Community Centre Saturday night, featuring live entertainment, as well as a silent and live auction for hockey memorabilia.

Former Cornwall Royals and Toronto Maple Leafs coach Doug Carpenter is the honorary chair of the event. Former Royal and Winnipeg Jets defenceman Jim Kyte will also be on hand.

Tournament entries are now being accepted. Registration is $400 per team, which includes a commemorative Flarrow wooden hockey stick for each team member, insurance, and dance tickets.

To register, or for more information, contact Loriann Harbers at the South Stormont Municipal Office at 537-2362, Tim Cryderman at 537-8521 or Art Ladouceur at 537-8796. Entry forms can be picked up at the municipal office, at Foodland in the Ingleside Shopping Plaza, and at the Long Sault Arena.



Perfect Pond Hockey Venue

MORRISBURG HOCKEY TEAM - 1893

J. SNYDER F. CHALMERS G. MERKLEY
W. ROSE, CAPTAIN J. PARISEAU K. COUTLER
H. MYERS L. KALLALY

A special delivery from Portage la Prairie, Manitoba to South Dundas

WILLIAMSBURG – A work crew in Portage la Prairie Manitoba found a little piece of Morrisburg hockey history, and asked that it be taken home. It arrived last Friday afternoon.

Clayton Edmonson, a real estate developer in Portage la Prairie, Manitoba had a crew working on fixing an older home, and they found an old photograph in the attic.

The picture, a team photo of Morrisburg's 1893 hockey team, was in too good a condition for the trash, so Edmonson hung on to it so it could be returned to its home.

Edmonson knew very little about Morrisburg, except that it was located somewhere near Ottawa, so he asked his riding's Member of Parliament Brian Pallister, to deliver the photo.

Pallister brought the gift wrapped photo to the township office in Williamsburg last Friday.

South Dundas Mayor Lyle Van Allen was given the honour of opening the gift, in front of Pallister and local MP Guy Lauzon.

"Now that's old time hockey," said Pallister, who along with Van Allen and Lauzon admired the excellent condition of the photograph.

Pallister said that Portage la Prairie is an "old time hockey town," and he was pleased to be able to make the special delivery.

Lauzon said, "this is a hotbed of hockey," and was pleased to be sharing hockey history, between the two ridings.

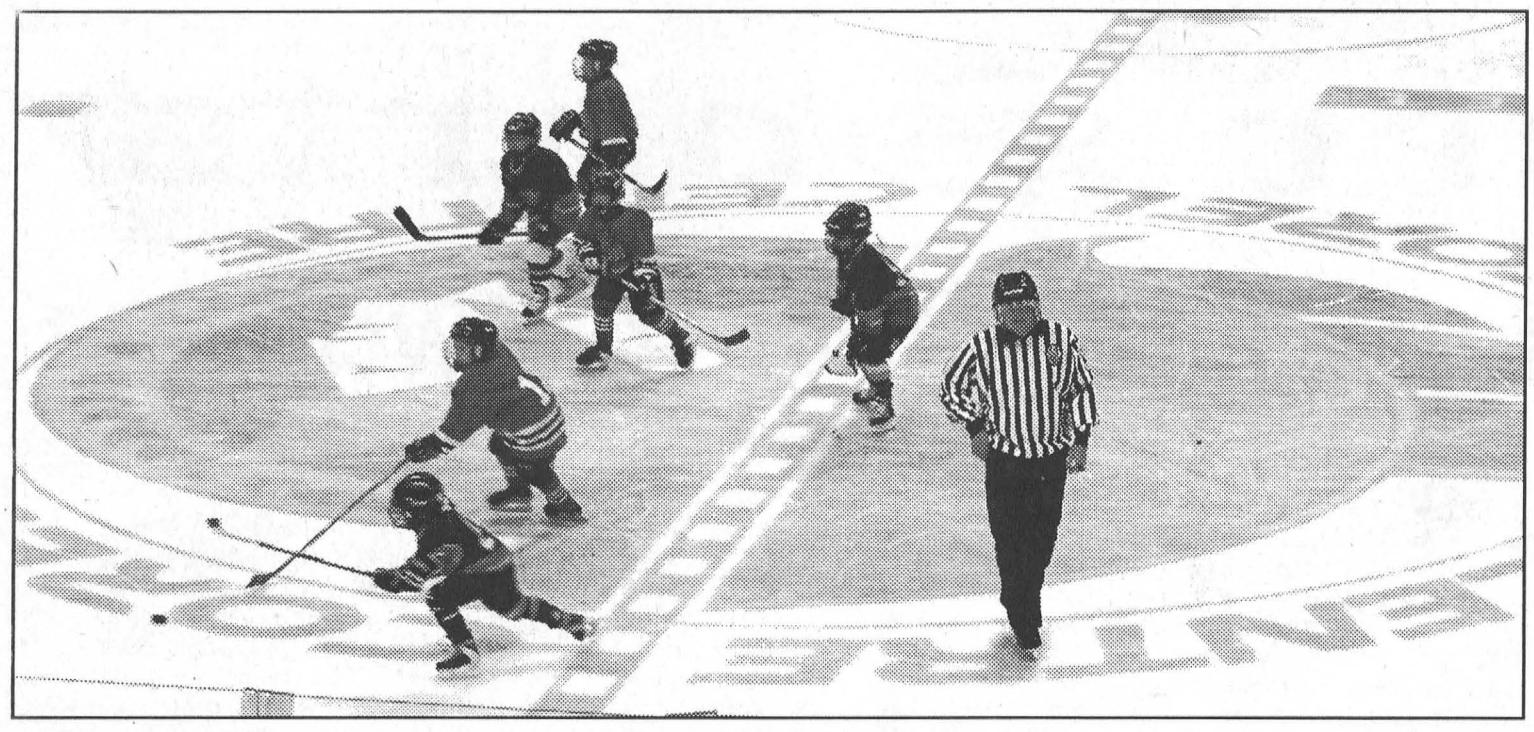
Very little is known about this photograph and the people in it. Lauzon said that he or Van Allen would be very interested in hearing from anyone with information about any of the players or the team.

Pallister is eager to learn about the photo, and the players and would like to take the information back to his constituents who made the discovery and were thoughtful enough to ensure the photograph ended up where it belongs.

The photograph is expected to be put on display by the township at the Morrisburg Arena.

Special Delivery of Hockey Memorabilia

A great piece of old time hockey came home last week. The photograph of an 1893 Morrisburg Hockey team made the journey all the way from Portage la Prairie Manitoba, with Member of Parliament for Portage-Lisgar Brian Pallister (centre). Pallister wrapped the gift from one of his constituents and South Dundas Mayor Lyle Van Allen (left) was given the honour of unwrapping it Friday afternoon at the township office in Williamsburg. Stormont, Dundas and South Glengarry Member of Parliament Guy Lauzon (right) was pleased to be able to bring Pallister and this hockey artifact to his riding. ***Comfort Photo***



Race for the puck on Corel Centre ice

These players may be smaller than those normally seen at center ice at the Corel Centre in Ottawa, but they played with big hearts last Thursday evening against the Brockville Braves. The team got their first win of the season winning 6-3 and had their fans on their feet many times during the game. ***Roberts Photo***

Novice B Lions

Post first win at the Corel Centre

OTTAWA–The South Dundas Novice B Lions were an excited group of hockey players last Thursday night.

Not only did they get their first win of the season, a 6–3 victory over the Brockville Braves, they did it at the Corel Centre in Ottawa, home of the Ottawa Senators.

The Lions opened the scoring on a goal by Tanner Hummel with assists from Nash Nesbitt and Parker Hart.

Brockville responded with two quick goals. Mike Murray scored first from Devon Burns and Owen Gill . Brandon Trophet put the Braves up by one, scoring from Matt Clark and Nicole Robinson.

The Lions answered quickly, with Shane Woolsey taking the puck from Hummel and Nick LaLonde to tie the game 2-2.

With 1:25 remaining in the first, Jordan St. Louis gave the Lions a 3-2 lead, scoring from Eric Swank and Jordan Smail.

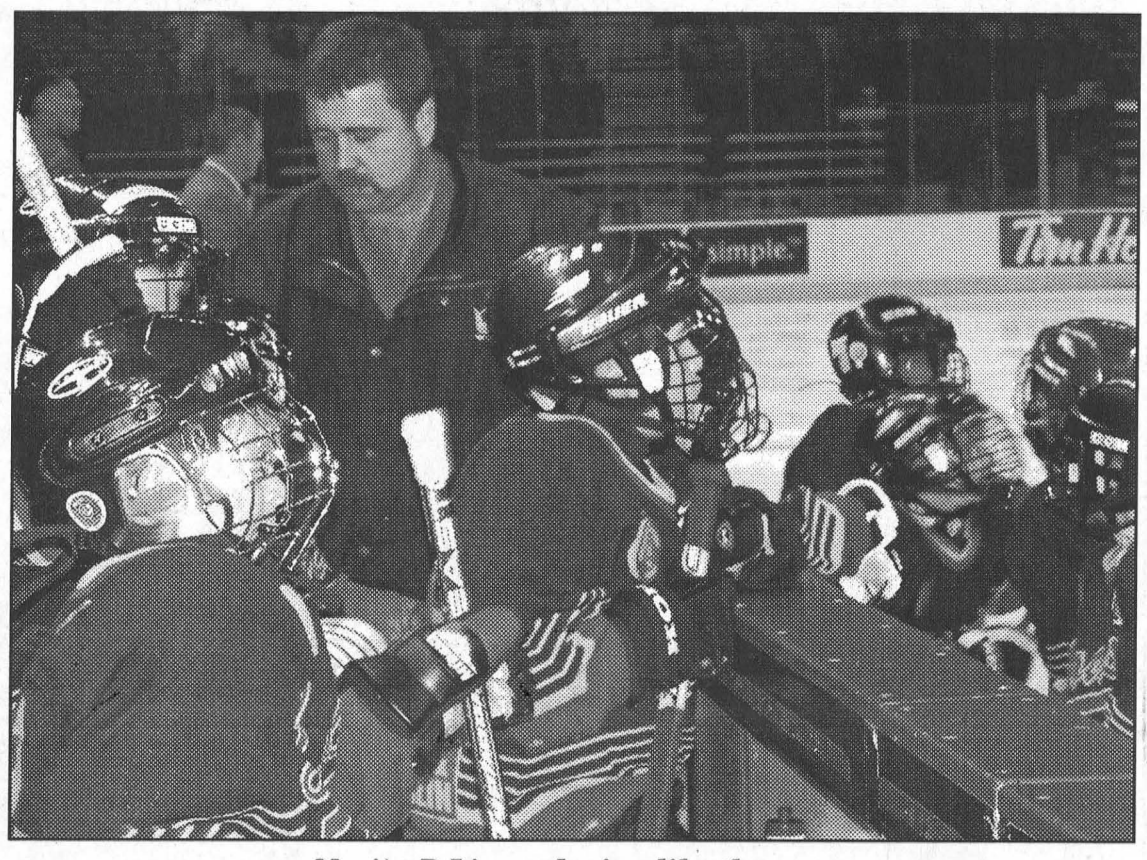
The second period belonged to the goalies who stole the show. Lions goalie Andrew Jarvis made a number of saves, stopping the Braves.

The Lions took over in the third. Cole Merkley scored back-to-back goals, with assists to Tanner Hummel (2), Swank and Woolsey to make the score 5-2.

Devon Burns gave hope to the Braves, scoring with three minutes left, from Mike Murray and Cole MacKinnon.

The Lions put the game out of reach when Jordan Smail took the puck deep in his end and beat the Braves goalie high on the left side to make the final 6–3. Evan Mullin and Jordan St. Louise had the assists on the goal.

The young players were thrilled to get their first win, and even more excited to see the score on the huge Corel Centre scoreboard.



Novice B Lions playing like the pros

The South Dundas Novice B Lions were at Ottawa's Corel Centre for a game against the Brockville Braves. The players were excited to not only be playing on the ice like the Ottawa Senators but using the dressing rooms and the home team bench. Coach Joe Hummel is seen giving the talented team some pointers during a break. It must have been good advice, The Lions came away not only winners but with many memories for a group of young hockey players. ***Roberts Photo***

Getting the flu shot has never been more important. Or easier.
We've all seen what can happen when serious infectious diseases invade our society. Influenza, commonly known as the flu, is an infectious disease that comes with new strains every year, some more deadly than others. But unlike some other infectious diseases, the flu is largely preventable. Just get your free flu shot. It's never been easier. Or more important. See your doctor, local pharmacist, employer or call for a clinic near you.

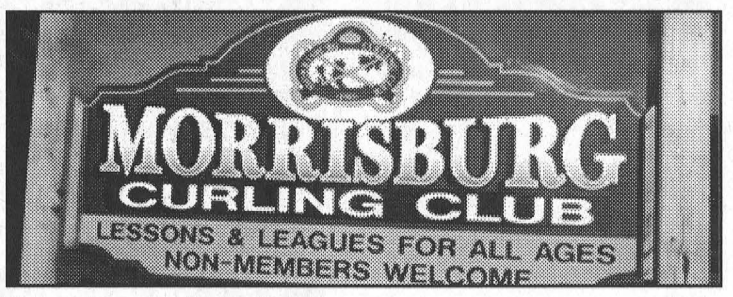
The Week In Curling

MORRISBURG–While curling is underway again at the Morrisburg and District Curling Club, some leagues may still have openings if people wish to register. Prices are reasonable too. Check with President Joe McCooeye, an executive member, or one of the league organizers for details.

Rentals at the club are proving popular as well. Reserve soon if you are planning an event, since there are only a few weekends free. With no league play on Monday nights, perhaps you would like to put a team together for the 7-9 p.m. time slot. Who knows, we might be able to begin another mixed or a competitive league!

It's good to see the ice in use, not to mention hearing the cash register ring after games.

The executive thanks those who assisted in various ways this summer. Once again, the Club earned $2,000 with large print phone book deliveries. As well, Mahlon and Paula Locke and Kathy Norg assisted in refurbishing the women's change room after the damage from our three-foot flood. Our thanks to those who bailed and squeegeed to dry out the basement.



Ice Chair, Bill Magee reports that Gord Wood has done a fine job again in getting the ice ready for us, and Bar Chair Jack Dikland has ample refreshments stocked for post game celebrations.

Under cloudy, but dry, skies and our leak proof roof at the rink, our annual Swing and Sweep event on Saturday was a success again, thanks to the organization and hard work of Paula and Mahlon Locke and their core of volunteers. With 14 teams, many from out of town, in three draws of six-end games and nine holes of golf, competition for the prizes was keen.

The top foursome consisted of Gord Dillabough, Carol Dawley, Ron Hunt and Kent Dawley. The best golfers were Bob Bergland, Maryanne Robertson, and Sam and Josh Laurin, while te leader in the curling point total was the quartet of Don O'Brien, Jack Dikland, Rob Robichaud and Cor Dikland. A number of players also won prizes in the draws that followed. It was an excellent prize table, with a wide variety of selections.

Participants enjoyed the lunch and raved about the catered dinner at the rink. Next year, the Saturday after Thanksgiving, we'll have our meal at the golf club.

Our best wishes to those curlers ill or recovering from operations, and we are glad to hear of those returning to the sport after regaining their health.

Thanks to Ian McGillis, the first of our sponsors for the camera/monitor combination on the ice. Spectators in the lounge, as well as those delivering rocks from the near end, can now confirm the wisdom of the skips' calls. Two other cameras to go! Any takers?

By the way, don't forget the bonspiels. Posters are displayed on the boards in the lounge, and these competitions are a great way to get to know other curlers, other clubs, and have a good time in the process. As always, we welcome visitors to observe play from our comfortable lounge, watch a little television, and perhaps sip a drink or two. Good curling to all!

Junior B Lions win

– Continued from Page 9

the Hawks, it was the Lions that did the talking in the first period taking a 3-0 lead on goals from Chris Sommers, Kent Nugent and Cory Gove (Gove scoring on the power play from Chad Galipeau and Elliott).

That would turn around however, in the second period when the Hawks found their feathers to outscore the Lions 4-2 and close the gap to 5-4 in the Lions favour.

Scoring for the Lions were Chris Sommers (his second of the game) and Justin Elliott.

Midway into the third period Kirk Bolduc stretched the Lions' lead to 6-4, and the Hawks were unable to get anything back until the dying minutes of the game when Nik Paas connected making it 6-5.

Goaltender Trever Heffernan handled this one for the Lions. The game saw a big effort from Chad Galipeau and Justin Elliott who combined to provide the assists on the three consecutive goals from Nugent, Gove and Sommers.

Sommers had two goals for the Lions, while singles came from the sticks of Kent Nugent, gove, Elliott and Bolduc. Answering for the Hawks were Darren Trenholme with two, and Steven Swan, Shawn Smail and Paas all with singles.

Four minor penalties were assessed to each of the teams.

Coming up this weekend the Lions are on the road to take on South Grenville, Saturday night, October 30. Sunday, October 31 they are at home to Westport. Game time is 2:15 p.m.

BIRTHS

BARKLEY–Gary and Sheila (nee Reddick) are pleased to announce the arrival of their third son, Connor Donald, born October 5, 2004, at Winchester District Memorial Hospital. He arrived at 2:45 a.m., weighing 8 lbs. 7 ozs. We would like to thank Dr. Coolican, Dr. Jones and Dr. Rivington. A special thank you to the nurses on duty that night. 43p

CARD OF THANKS

GOW–We wish to thank our friends and relatives for their cards, gift certificates and best wishes we received on the occasion of our 65th anniversary. Special thanks to Glenna, Ray, Dalton and Nelda for the lovely supper and party at McIntosh Inn, also to Donnie, Ellyn and family and server Allison. Thanks to our Mayor Lyle and Elinor for the many plaques we received and for attending our party.
–Doug and Muriel Gow 43p

SMITH–We would like to express our sincere thanks and appreciation to Dr. Su, the nurses of the emergency room at WDMH, the paramedics and the OPP officers for their excellent care given to our Dad, Charles R. Smith. A special thanks to Erika and Neil Beckstead, Darryl and Doug Disotell for their efforts until help arrived at the scene. Thank you to Dr. Domanko for the many years of excellent care given to our father., Thanks to all of those who sent cards, made donations, sent flowers, telephone calls and the food sent to the house during this painful time for our family. A very special thanks to all the wonderful ladies who made the delicious food for everyone after the service. Thanks to Brownlee's Funeral Home (Bill and Dave) for helping us with all the arrangements. Thanks to Pastor Krista Shaver for the heartfelt service and memorial to our Dad. Your kindness is greatly appreciated and will never be forgotten.
–Scott, Penny, Kaitlyn and Kara Campbell, Sherri, Ken and Tyler Lanthier, Violet Lewis 43p

IN MEMORIAM

HILL–In loving memory of our mother and grandmother, Doris, who passed away November 2, 2002.
Your presence is ever near us,
Your love remains with us yet;
You were the kind of Mother and Grandmother,
Your loved ones will never forget.
–Lovingly remembered Lynn, Roger, Janice, Tammy, Shaler and Cindy 43p

NOTICE

LIFE WITHOUT GOD IS DEATH
Paul's Gospel
Romans 16:25

By W. Edward Bedore, Th.D.
Executive Director, Berean Bible Institute

"Now to him that is of power to stablish you according to my gospel, and the preaching of Jesus Christ, according to the revelation of the mystery, which was kept secret since the world began" (Rom. 16:25).

The gospel (good news) that Paul refers to as **"my gospel"** is not a gospel about Paul, but a gospel given to Paul from heaven by the resurrected, ascended, glorified, and highly exalted Lord Jesus Christ Himself (see Galatians 1:11-12; Ephesians 3:1-7). To acknowledge that Paul received special revelation that had never been revealed to anyone before in no way contradicts the Bible or minimizes the person of the Lord Jesus Christ. In fact, just the opposite is true.

To accept the plainly stated fact that Paul was chosen by God for the special purpose of revealing the gospel of the grace of God in Jesus Christ to the whole of lost humanity is to agree with God. With Israel held in unbelief because of her rejection of Christ as God's Anointed King and Redeemer, Paul, the leader of the rebellion against Christ (see I Timothy 1:15-16), was saved by a special act of God's grace and sent to the Gentiles (nations).

Paul's God-given message of hope declared that God's never before revealed program, the Dispensation of Grace, was now in effect. The Kingdom program of Israel as foretold (prophesied) in the Old Testament was at the same time put on hold until God's purpose for the Body of Christ is fulfilled. The blueprint for this present Dispensation of Grace that we live in today is found only in that portion of God-inspired Scripture given to Paul, God's apostle to the Gentiles.

Timothy Christian News

WILLIAMSBURG – Our theme this school year is "Be Wise/Do Right." We try to help our kids work out this theme through our song-of-the-month program, memory work and pointed questions on tests and reports.

Our first monthly song is called, "We Sing the Mighty Power of God" and part of the text/lyric of this song is "We sing the wisdom that ordained the sun to rule the day' the moon shines full at his command, and all the stars obey."

We want our students to learn with a purpose, to know that wisdom has a source (from God) and an outlet (for God). Our senior grades do regular book reports and a question that is asked to them is "does this book help the reader to be wise and do right?" There's really no end to the possibilities of working out our school theme this year.

TCS is part of a larger organization, called the Ontario Alliance of Christian Schools (OACS). Our purpose here is to continually help kids integrate their learning with their faith and the OACS produces a lot of topflight curriculum that helps us do that.

One of the biggest curriculum projects that the OACS has ever taken on is a primary grades series called "Creation Studies." Among the titles in this series that we use here at TCS are All God's Children, Animals, Canadian Symbols and Celebrations, Canadian Citizenship, God Speaks Through Magnetism, God Shows Us How to be Engineers, God Speaks Through Solids, Liquids and Gases and God Shows Us How to Build.

We had a lot of fun, and raised about $9,500 at our biannual Bike/Walk/Roll-a-thon earlier this month. We thank all who supported any of us who participated.

Our teachers will be attending the annual Ontario Christian School Teachers' Association Convention in Hamilton later this week. The theme of the convention is "Celebrating God's Grace" and the two main speakers will be Dr. Anthony Campolo and Dr. Hugh Cook.

Next week our students are busy writing the Canadian Tests of Basic Skills. These CTBS give us a good indication of how kids are learning and how effective our programs and deliveries are.

More information about the happenings at Timothy Christian School next month.

Thanks for reading.

Gary Postma
Principal

Farmer finds marijuana

SOUTH DUNDAS – Police seized 50 mature marijuana plants from a farmer's field in the township October 23. The plants were discovered during harvesting and are valued at approximately $5,000. No charges were laid as a result of this seizure.

Pedestrians arrested

WILLIAMSBURG – A check of two pedestrians along County Road 28, the morning of October 24, resulted in the arrest of the two youths on a number of criminal charges.

Charges of failing to comply with a sentence or disposition (two counts - keep the peace, and non-association conditions), obstruct/resist police, and personation with intent, are pending against a 16-year-old male from Ingleside.

A second 16-year-old male from South Dundas will be facing charges of failing to comply with a sentence or disposition, fail to comply with undertaking (two counts - house rules, and curfew conditions), and obstruct/resist police.

Both boys are scheduled to appear in Cornwall court for the purposes of a show cause hearing.

Seniors euchre at Williamsburg

WILLIAMSBURG – Winners at the Williamsburg Seniors euchre on Wednesday, October 20 were as follows:

White Cards – Jean Sutton, Evelyn Schwerdfeger, Eldon Turner.

Yellow Cards – Hubert La Pierre, Muriel Miller, Gladys Kyle.

Door Prize – Ruth Casselman, Enid Dalrymple.

Draw – Bessie Locke (3), Peggy Thompson, Irene Carr, Jean Sutton.

The next euchre will be held Wednesday, October 27, and everyone is welcome.

Upper Canada Playhouse 2005 lineup

Another summer of comedy promised

MORRISBURG – Upper Canada Playhouse has just announced its upcoming lineup of comedy for 2005.

The Playhouse has just completed the summer portion of its 2004 Season and reports an attendance of 97% representing some 33,000 patrons going through its doors from May through October.

The Playhouse is also pleased to see the local economy benefiting from the thousands of local and visiting audience members.

Artistic Director Donnie Bowes attributes the success to great shows, tremendous local support and a comprehensive marketing campaign.

"This level of success can only be maintained if we continue to see growth in our box office, sponsorship, fundraising and membership revenues. We are doing very well and will continue to do so only if we keep putting our resources back into production values, marketing and infrastructure. It takes a lot to attract the business we've been getting and that challenge must be faced every season if we expect it to continue. We can't drop the ball," says Bowes.

"We are now able to continue to address other very important issues like upgrading the building and maintaining affordable ticket prices. This year we replaced the roof to ensure the comfort and safety of our customers, upgraded our computers to accommodate our box office, administrative and marketing needs and replaced our lighting and sound equipment to maintain the high production values that our patrons have come to expect."

"And the 2004 Season is not over yet," says Bowes. "We still have Norm Foster's hilarious Christmas Family Show *Dear Santa* coming up November 25 through December 19 and tickets are already going fast. By the time this show closes we will have played to 40,000 people in 2004. The school performances as well as some regular dates are already sold out. But there are lots of seats available for evening and matinee performances. But book early!"

Dear Santa really fits the bill as "a show for all ages groups." It has all the hilarious characters and situations that adults love about a good Norm Foster comedy, plus lots of fun things for the children.

The show will also feature local choirs and children from the community playing elves.

The 2005 Season promises to be another blockbuster Season of Comedy and Bowes has also made sure that there's a good variety of comedy to offer entertaining "change-ups" throughout the Season.

Leading off is the hilarious comedy *Funny Money* by Ray Cooney and it centers around a man's life falling apart after he decides to keep a fortune that he finds when he picks up the wrong briefcase on his way home from work.

Next up is the hilarious and heartwarming *Over the River and Through the Woods* by Joe Dipietro. Set in the New York home of an Italian family, it tells the story of two sets of grandparents who try to keep their grandson from moving away by setting him up with a blind date.

Next will be the hysterical farce *Caught in the Net* by Ray Cooney, the brand new sequel to last Season's hit *Run For Your Wife*.

Audience members who didn't see *Run For Your Wife* shouldn't worry. It's a brand new episode all on its own with those same madcap characters involved in new hilarious predicaments.

Cabbie John Smith is still hiding the fact that he has two lives-and two wives. This time he has a daughter with one wife and a son with the other. They meet over the Internet and he desperately tries to keep them from meeting and exposing his big secret.

Rounding out the Summer portion of the 2005 Season is the brand new Norm Foster comedy *Looking*. Foster's comedies are a hit with Playhouse audiences and next summer will mark its first appearance on Ontario stages.

Two middle-aged singles convince their best friends to join them on a blind date for support. The play follows all four through the hilarious roller-coaster ride of their new relationships.

The 2005 Family Show will be *Anne*, Paul Ledoux's non-musical adaptation of Lucy Maude Montgomery's Anne of Green Gables.

A truly Canadian classic, this show will brighten the hearts of young and old as it tells the story of Anne Shirley - the legendary heroine from Prince Edward Island.

Matthew & Marilla Cuthbert send for a young boy to help out with the farm. Instead they get the lively and opinionated Anne who turns the village upside down.

Shows will continue to run for 3 1/2 weeks in 2005 and the new Playhouse Newsletter has just gone out to patrons. It includes all the information about the 2005 Season such as ticket ordering, show descriptions, performance calendar, sponsorships, memberships and more. It also includes information about the 2005 Flex Pass which has proven to be a very popular item with patrons.

ALL 2004s MUST GO.
ALL CUSTOMERS MUST SAVE.
